MORTON, TEXAS, THURSDAY, SEPTEMBER 3, 1959

NUMBER TWENTY-EIGHT

INDIANS OPEN GRID SEASON FRIDAY AT SUDAN

The Morton Indians, over their case of first year jitters in Class AA football, appeared ready to get underway for the 1959 season, in a snappy two hour workout, Thursday afternoon on the local practice field, against Portales. The Indians should face a rugged team at Sudan, always a strong Class A team, Friday night in the lid lifter for both schools. Although Francis Smith is no longer in the Coaching saddle, he has been ably replaced and his teaching of a young team of last year will no doubt show. There has been little advance information about the prospective strength of the Hornet team of 1959. The Indians, under the watchful eye of Coach John Paul Jones and others of his staff, showed remarkable fight and energy for the second week of practice. They also showed a considerable overall weight advantage over many recent year Indian teams. They were lacking in overall experience, but made up for that with some 25 boys working out, several over their strength of last season.

Brother Dies; Services Held At Lubbock

Services were held at 3 p. m. Monday in the Central Baptist Church at Lubbock, for Boyd Crooks, 52, brother of Mrs. J. L. Nations and Mrs. R. D. Butts of Morton. Mr. Crooks died Saturday in the Methodist Hospital. Rev. J. W. Duglar, pastor of the church, Rev. Jack Welch of Grand Prairie, former pastor, and Rev. Gerald D. Kellar, of Jacksonville officiated. Burial was in the City of Lubbock Cemetery. Boyd Crooks and wife, who lived in and around Morton for several years, both taught at Morton, Lehman, and Neely Ward schools. He moved to Morton in 1930 to begin teaching and he and his wife moved to Lubbock in 1942. Since 1945 he has made Lubbock his summer residence and held the post of academic dean and instructor in government in Jacksonville College. Crooks held a BS from Texas Tech, and a master of education degree from Stephen F. Austin State College. Crooks later became a deacon in the Central Baptist church here. Survivors include the wife; two sisters, Mrs. R. D. Butts and Mrs. J. L. Nations both of Morton; four brothers, Ira, San Angelo; Elmer, May; Robert, San Angelo; and Homer, Garland. Pallbearers will be Ray Downing, Carl Dean, Vic Billington, Bryce Etheredge, J. Orville Smith and W. A. Stephens.

The Indians surprised a good sized group of onlookers, probably the Coach, and maybe even themselves as they hit hard, their

Brother's Services At Olney, Tex.

Funeral services were held Tuesday, at Olney, for C. J. Taack, 78 year old brother of J. H. Taack, of Morton, who died Sunday morning, August 30th. C. J. Taack, who had visited in Morton several times, is survived by five children, four sisters and three brothers. Burial was also at Olney. J. H. Taack was unable to attend the services.

Urges Students Not to Come Before 8 a.m.

Elementary School Principal Eli Douglas reminded Mortonites this week that there is no supervision at the school grounds until 8:00 a. m. each morning. Students and parents are asked to cooperate by not coming to the school grounds before 8:00. Mr. Douglas also asked that all local youngsters, not waiting for buses, leave the school grounds immediately after school so as not to place any added burden of care on the teachers who must see about the bus students until the buses leave each evening. First and second graders get out of school at 2:30; third graders are out at 3:15 and other elementary grades are over at 3:30 p. m. Your cooperation in these matters will be greatly appreciated, Principal Douglas said.

Local Folks Visiting at Yellowstone National Park Are Awed, Scared By Jolting of Series of Earthquakes

Recall the times you vied wit', another to see who could "buck" who off a see-saw? That was roughly the manner in which Mr. and Mrs. Roy Weekes of Morton experienced the earthquakes which recently rocked were just as he had left Yellowstone National Park. Mr. and Mrs. L. B. Childs and daughter Jeanette, of Morton, who were heading for the Yellowstone area at the time, missed the quakes when they stopped on the eastern side.

Mr. and Mrs. Weekes, who believed they felt the quake first while driving down a highway, were at "Old Faithful" at the time of one of the major shocks Tuesday. The night before they had stopped at a motel and were asleep at the time of the quakes. They learned of them the next morning. But, says Weekes, Tuesday morning while driving into the "Old Faithful" area, "I suddenly noticed the car driving crazy, bumping, weaving as though it had a flat."

Club Pack To Meet On Monday Night

A Cub Scout Pack Meeting will be held next Monday night, in the County Activity Building according to Cub Master, Harold Brennan. The meeting is set for from 7:00 to 8:00 and all Cubs and parents are urged to attend.

Caravan to Roll For First Game; Friday, 6:30 p.m.

In order to get the season off to a rousing start, Morton Jaycees will decorate cars with crepe paper streamers and signs, in preparation for a caravan to Sudan Friday night. The caravan will leave at approximately 6:30, so those wishing their cars decorated should park them in line on the square beginning at 6:15. Gold and black streamers will be furnished by the Jaycees at no cost to the car owners.

Rites Are Held For Father At Crosbyton

Funeral services for M. Odum, 79, resident of Crosby County since 1926, were held at 10:30 a.m. Monday in the First Baptist Church in Crosbyton. He was the father of Mrs. Alton Ainsworth of Bledsoe.

Mr. Odum died at 7:30 p. m. Saturday in Crosbyton Clinic-Hospital after a long illness. Rev. Wayland Boyd, pastor of the church, officiated, assisted by Rev. Virgil Chron, pastor of the Cone Baptist Church. Burial was in the Crosbyton Cemetery. Odum came to Texas at the age of 2, and made his home four miles north of Crosbyton since coming to Crosby County. His first wife, Nora J. Odum had died in 1922 and he remarried, Ida Mae Odum died in 1926. Survivors include four sons, W. C. and Griffin of Crosbyton; Francis of Big Lake and James (Dutch) of Fort Worth; five daughters, Mrs. Allen Mize, Crosbyton; Mrs. Ainsworth, Bledsoe; Mrs. Allie O'Brien, Paris; Mrs. Willard Moses of Dallas; 32 grandchildren and 13 great-grandchildren.

H. T. Golden IS VFW COMMAND'R

H. T. Golden was installed as Post Commander of the Morton VFW at a meeting last Thursday night at the Veteran's Hall in Morton. The following slate of officers has been named to serve with Golden during the coming year: Harold Reynolds, Senior Vice-Commander; Leo Cunningham, Junior Vice-Commander; J. C. Shelton, Quartermaster; Pete Toad, Judge Advocate; Guy Reed, Post Surgeon; Homer Thompson, Post Chaplain; and Bill Banks, Albert Morrow and Ken Coffman, trustees.

Jaycees Sponsor Rabbits Shots for Dogs, Saturday

The Morton Jaycees will sponsor a dog inoculation program Saturday afternoon from 4 p. m. until 6:30 p. m. The inoculation program, sponsored each year by the Jaycees, will be conducted by Dr. Nace, veterinarian from Littlefield. It will be conducted at the City Hall and the price will be \$2.00 per animal. Dog owners will be given tags for their dogs collar. City Secretary Joe Seagler also added, anyone with stray dogs around, if they can bring them in the animals will be put to sleep painlessly. The inoculation campaign is the start of the City's annual drive to have all pets inoculated and to eliminate packs of stray dogs which accumulate each summer.

New Law Applies In Cases of Crop Underplanting

The law providing for automatic preservation of allotment when the allotment is underplanted expires with the 1959 crop. The following information with reference to 1960 wheat has been received: "Beginning with the 1960 crop, the current farm acreage allotment established for a

HAIL RIPS COTTON CROP

A viscous hail storm which raked a path of crop destruction 10 to 12 miles long and three to four miles wide in eastern Cochran County and western Hockley County, cut sharply into the estimated cotton crop, Sunday night. The storm began to brew just before dark and brought with it heavy wind & rain from a half inch to three quarters of an inch. A few reports of light hail were received west and southwest of Morton and Three Way reported about a quarter inch of rain. Morton got only about .05 of an inch of moisture. The hail damage began only about three miles east of Morton and wreaked heavy damage on a lot of cotton acreage including that of Wayne Mitchell, Weldon Newsome, and Max Bowers, Game Benham, on his slaughter land, reported hail heavy enough to knock off full grown cotton bolls.

A partial list of those who reported hail damage includes, in addition to those already mentioned, Earl Polivado, J. O. Cooper, H. B. King, Short Lemons, W. L. Foust, Henry Chessner, J. C. O'Brien (light), W. C. Millsap, Bill Ward, H. Y. Christian, E. J. French, Sr., E. J. French, Jr. (light), Jack French, Melvin Bierman, Ray Griffith, Roland Mears, Willie Taylor (east place), H. H. Gibson, Hump Barker, G. O. Cooper, George Smith, Ernest Fields, L. L. McBee, C. R. Melton, Ruel Kelly, Carl Kootz, O. D. Tyler, T. K. Williamson, Leonard Gainer, James Betts, R. M. Walker, M. R. Phillips, Ollie Smith, Pas Hatcher, J. R. Spencer, J. L. Sullivan, Andy Dunlap, L. G. Fred, A. P. Fred and H. L. Kessler. In addition a great many farmers on the western edge of Hockley suffered damages to cotton estimated up to 75 percent.

REVIVAL SERIES TO OPEN SUNDAY AT MORTON FIRST BAPTIST CHURCH

Evangelist Larry Walker, who has been in evangelistic work for the past six years, will begin a revival meeting Sunday at the First Baptist Church, Morton. The song service will be under the direction of Rev. Ken Saunier of Ft. Worth, who has conducted many revival meetings throughout West Texas over the past years. Both men are at present attending Southwestern Baptist Seminary in Ft. Worth. Services will be held at 10 a. m. and 8 p. m. A program of (See REV. WALKER, Page 6)

Beck Sells Out To Buck Tyson

Dave Beck of Beck's 66 Service, Morton, announced this week the sale of his station to Buck Tyson of Maple. In announcing the sale, Beck expressed his appreciation to area residents for their continued patronage (See BUCK'S '66', PAGE 6)

Whiteface Is Host To Tatum Eleven Friday Night

The 1959 Whiteface Antelopes will open their season at home Friday night against a perennial tough opponent, Tatum, N. M. And, if the complications that usually plague this traditional opening game materialize, anything can happen. In recent years the game was postponed because of a veritable flood at Whiteface; and once the teams played to a scoreless tie. The game will be the first of three consecutive home games for

Rites Held for G. W. Nalley, World War I Vet

Funeral services were held at the Singleton Funeral Home Chapel at 3:00 p.m. Friday, for G. W. Nalley, retired farmer and World War I veteran, who died at 6:09 a. m. Thursday in the Veteran's Hospital in Amarillo. Rev. Houston Walker conducted the services and burial was in the Morton Memorial Cemetery for the 72 year old widower. George Washington Nalley was born, May 7, 1887 in Denton County. He served overseas in World War I, being discharged in France. After his return to this country he spent most of his life farming. On June 25, 1922, at Childress, he married Miss Willie Mae Allgood. The couple had no children. In 1935 they moved to Morton, after having previously farmed near Lubbock. They were members of the Baptist Church. Mrs. Nalley preceded her husband in death, April 1, 1953. About a month ago Nalley underwent surgery at the Veteran's Hospital in Amarillo and Wednesday evening, County Service Officer Albert Morrow took him back to the hospital. Survivors include a niece, Mrs. John D. Brown of Muleshoe, and three grandnieces; Mrs. Letress Gibson, Prineas; Mrs. Lucille Baird, Wellington; and Mrs. Doris Corbett, Dalhart.

Spanish Home Is Destroyed In Sat. Night Fire

Another "freight car" and the home of the Jobeta Lopez family in Morton, were destroyed in early morning fires over the weekend. Perhaps the only thing more unusual than a freight car fire in a town 8 miles from a railroad track, is two such fires. And that's what happened in this case. A boxcar being towed by a truck was destroyed last week in a fire, on the highway, west of Morton. Saturday, at about 3 a. m. a fire was discovered in a box car on the McDermott Feed Lot, which was being used for grain storage. Men had been welding on the door frames during the day and it was theorized this may have been when the blaze started smoldering. The Lopez home fire started at about midnight, Saturday. The

Most Area Schools Show Increase in Enrollment

School enrollment at Morton shows a slight increase after the first two days of school, it was announced this week by the local principals. Morton High School had a total of 161 registrations, an increase of six over a year ago and the Junior High figures show 185 enrolled, also an increase. Both of these figures are for three grades; high school counting only sophomores, juniors and seniors. The Elementary school shows an increase of about 20 over a year ago. The total enrollment was 524 in the Morton Elementary and 54 in the East Elementary. (See ENROLLMENT, Page 6)

Wire Tapping Film Tonight at First Baptist

A film of the story of James (Jim) Vaus, one-time electronics expert for the underworld of syndicated crime, will be shown tonight (Thursday) at 7:30 o'clock at the First Baptist Church, Morton. Rev. Houston Walker, pastor, says the public is cordially invited to attend. The film is high-lighted by a chance attendance by Vaus at a Billy Graham Crusade meeting in Los Angeles. Vaus is now an evangelist himself, frequently making use of electronics equipment to illustrate spiritual truth in what has become a Christian ministry. On the program also is "Caribbean Crusade," a documentary film of the Billy Graham itinerary in Latin America. (See BLAZE, Page 7)

RESERVE PROGRAM IS CHANGED

There has been a change in the 1960 Conservation Reserve Program, according to Ruth McGee, Office Manager Cochran County ASC. The following quoted wire has just been received: "Paragraph 181 of 1-5B is amended to provide that a 1960 CR contract may be entered into covering a farm operated or partially operated by a tenant or sharecropper during 1958 or 1959, providing the tenant or sharecropper left the farm voluntarily of his own free will and accord, and this fact is substantiated by (1) A statement signed by the tenant or sharecropper that (See RESERVE, Page 6)

Bula Tackles Roaring Springs In 8-Man Tilt

With four lettermen returning, three of them starters from last year's team, Bula Coach Melvin Howard expects to take his share of bumps in the rugged, swift-moving game of six-man football. The Bulldogs, who lost out last year after a long reign of success in grid warfare, expect neighboring Three Way to be the team to beat. The "Dogs" will open up with a pair of games at Roaring Springs and Pettit, playing eight-man football. Then they swing into their six-man conference play for the final eight games of the season. Three (See BULA, Page 7)

Opens Office for Contracting Nat'l's

Troy Hanson announced this week the opening of an office for contracting Mexican National farm laborers. Hanson said he will provide transportation and insurance facilities also. His office will be located across the street from the funeral home, north.

Roy Akin Heads Local Legion Post

Roy Akin was elected Commander of the Jesse E. Bond American Legion post at a regular meeting of the post recently. Other officers are to be elected and named at tonight's regular meeting at 8 o'clock in the Veterans Hall. Akin, a veteran of the Korean War, is employed at Gardner-Ross, local International dealers. All veterans are invited to attend tonight and take part in the selection of the other officers.

Hospital Board Orders Inventory

At a called meeting Monday night the Cochran County Hospital Board of Managers voted to have a complete physical inventory made of hospital equipment, drugs, surgical supplies, office supplies, and anything else owned by the hospital. It was pointed out the move was being made to better determine the needs of the hospital in the years ahead. Other business included a report from the committee which met with the Commissioner's Court regarding the hospital budget for another year. A secretary to the Morton City secretary stating the resolution (See HOSPITAL, Page 6)

Spanish Home Is Destroyed In Sat. Night Fire

Conservationist Joins Staff at Local SCS Office

Ed Thomas of Jayton has been named the work until conservationist of the Soil Conservation Service here assisting the County Soil Conservation District. Mr. and Mrs. Thomas, who have moved to 508 Lincoln, Morton, have two boys, Eddie, 2, and Bill, 10 months of age. They are members of the Methodist Church. Born near Plainview, Thomas grew up in the Vernon area. He took his college work at Texas A and M College Station. He has been associated with the Soil Conservation Service (See SCS OFFICE, Page 7)

J. W. Johnson Services Held At Borger, Tex.

Funeral services were held at the Keefer Heights Baptist Church in Borger, at 10:30 a. m. Thursday, August 27th, for J. W. Johnson, Sr., 75, father of Leroy Johnson of Morton. The Rev. Marvin Knox conducted the services and interment was in Highland Park Cemetery at Borger, under the direction of Minton Funeral Home. Mr. Johnson, born, November 18, 1884, was a retired employee of the Gibson Oil Company and had maintained his home in Borger for 33 years. He had, however, lived most of last winter with the Leroy Johnsons and had his membership with the First Baptist Church in Morton until a couple of months ago. He had divided his time just visiting with his children, two sons and two daughters, and died Tuesday, in his automobile, shortly after having undergone a check-up. Death was unexpected, probably due to a heart attack or a stroke. Survivors include two sons, Leroy, Morton; and Joe W., Jr., of Borger; two daughters, Mrs. Bea Chittum, Dallas; and Mrs. B. T. Pleasant, Baytown; 10 grandchildren and five great-grandchildren.

Don Ketchum Is Elevator Manager

Goodpasture Grain and Milling Company, Inc. of Brownfield officially announced this week the appointment of Don Ketchum as manager of the company's elevators at Lehman. Recently the Goodpasture Co. leased the Lehman elevators and equipment from Charles Bucy who has operated the grain plant for a number of years in association with Ralph Bart under the name of B & B Grain Company. Ketchum has been associated with the Robinson-Gentry Grain Company of Levelland. A native of Conway, near Amarillo, Ketchum has had a number of years experience in the grain business. Mr. and Mrs. Ketchum have four daughters, three of whom are in school. They are members of the Baptist Church. Ketchum extends a cordial invitation to area farmers to drop by the elevators for conversation at any time.

Beck Sells Out To Buck Tyson

Dave Beck of Beck's 66 Service, Morton, announced this week the sale of his station to Buck Tyson of Maple. In announcing the sale, Beck expressed his appreciation to area residents for their continued patronage (See BUCK'S '66', PAGE 6)

Nephew Dies As Crop Duster Crashes, Burns

Funeral services were held at Altus, Oklahoma, Thursday, August 27, for Richard Balinta, 42, nephew of Mrs. R. W. Hill of Morton. Mr. Balinta, a crop duster, was killed when his plane crashed and burned near Altus, while spraying cotton, August 24. Burial was at Altus. Mrs. Hill was unable to attend the services.

Bible Sermons In Spanish Set at East Side Church

Evangelist Robert H. Sanchez of Albuquerque, N. M., will conduct a series of Bible Sermons for Spanish speaking peoples at the East Side Church of Christ, beginning Saturday night, Sept. 5, and continuing through the following Saturday. The first sermon will be in English, Saturday night and everyone is invited. Thereafter, the sermons presented at 8:00 p.m. nightly will be in Spanish. They will pertain to the "Plan of Salvation of Jesus."

Cover Cropping Increases As Area SCS Practice

Cover cropping is rapidly becoming one of the most widely used practices in soil and water conservation in this area. The following cooperators have established cover crops by broadcast seeding...

Start of an Historic Event . . .

IN THE BEGINNING — And this is how th' Big Event started. Murray Crone, local postmaster, shoved them their mail bags to Jake Wylie, local posseman, and Jake jus' started a 'tearin' up pavement. For a progress report on the pony express mail run, turn the pages.

be the biggest move of state agencies since horse-drawn dray wagons moved the government into the present Capitol Building in 1888. First to move will be a host of which have been in rented quarters scattered over Austin. Later, probably October or November, another big move will take the Supreme Court, Court General's Department and Supreme Court Library out of the Capitol into the new State Courts Building . . . third state building to be completed this year.

U. S. Department of Agriculture. Good winter feed prospects for cattle are predicted . . . Texas construction activity for the first half of 1959 totaled \$1,123,332,900 an increase of 11 per cent over last year . . . A 1959 pecan crop of 27,000,000 pounds is forecast for Texas by the U. S. Department of Agriculture. This would be slightly better than the 26,000,000 pound crop of 1958. Governor Price Daniel has appointed Otha F. Dent of Littlefield to a new six year term on the Board of Water Engineers. Dent is a former Lamb County Judge. J. T. Ellis Jr., former administrative assistant to Governor Daniel, has been appointed to the top non-medical administrator for the State Department of Health. Ellis is one-time state representative from Weslaco.

Takes Part In Sea Fair Parade

Seattle, Wash. (FHTNC) — Myron C. Cook, aviation structural mechanic second class, USN son of Mr. and Mrs. Robert H. Cook of Morton, Tex., serving with Patrol Squadron 50, participating in the West Coast's annual Sea Fair Parade August 6, in which ships of the U. S. First Fleet entered Elliott Bay, at Seattle, Washington, in formation. The parade of ships was followed by a two-day recreational visit to the Sea Fair's exhibits and displays along with witnessing the small boat races. The vessels left the bay August 9, for two days of anti-submarine warfare exercises off the coast of California.

Highlights and Sidelights FROM YOUR State CAPITOL By VERN SANFORD

Austin, Tex.—Texas will have a virtual "government on wheels" for the last part of this month as 11 state agencies pick up their filing cabinets and move into the new State Office Building.

This is the second new Texas headquarters building to be completed this year. First to be occupied was the new Texas Employment Commission building, completed only a few weeks ago. Transferring into the new State Office Building undoubtedly will . . . It is not true to say — Everything is being done — unless Chi-ris-ptic is being included. Dr. L. J. Morrison, D. C., Fortales Ed. Morton.

Supreme Court jurists feel a touch of sadness at leaving behind the historic Walnut bench, inscribed with the Latin phrase "As God was to our Forefathers, so may He be unto us." It has been in use practically since the memory of man. Replacement is a handsome marble piece which the judges compare to a soda fountain. PROGRESS AND PROPERTY — A tangle of excitement, fear and hope runs through landowners and business people when they learn that a new super-highway is to come through their area. Some residents fret over the prospect of losing the old home place. Others dream of wild profits. Businessmen worry whether the motorists will be able to get to their places. As more and more expressways pierce the countryside, the State Highway Department is making every effort to explain the procedures for acquiring highway right-of-way. Samples from recent official Department statements: 1. Although its first responsibility is to the public . . . the taxpayers . . . million of highway users . . . the Highway Department tries to create a minimum of private injury or inconvenience. 2. When private lands are needed for public roads, the law guarantees "adequate compensation" to the owner. Independent professional appraisers are hired and an "approved value" figure determined. 3. Once the "approved value" is settled on, the Department negotiates "horse trade" with the landowner. This might reward the greedy and tough-minded at the expense of the timid or public spirited person. But a dissatisfied owner can have the matter settled in court. 4. When part of a piece of property is taken and the rest left isolated or of little value, the state will make payment for the loss of value. 5. Owners will be given ample time to move buildings to another site or find new buildings. 6. If an owner with a GI mortgage has to sell, the Veterans Administration will restore his GI loan privileges for getting a new piece of property. 7. An owner who sells property for more than he paid for it will not have to pay income tax on the profit, providing he uses the money to buy similar property within a year. 8. Controlled access highways cannot have an entrance and exit for every piece of property along the way. Real estate developers are urged by the Department to contact the local planning engineer before making any commitments based on access to the through lanes of a controlled access road. WATER FIGHT DUE — State Board of Water Engineers has scheduled a hearing for Aug. 31 on the City of Houston's controversial bid for Trinity River Water. Houston seeks permission to build two reservoirs near the mouth of the Trinity, one near Livingston and one near Wallisville, and divert more than a billion gallons daily. Trinity River Authority and a number of upstream cities - Dallas, Fort Worth, Huntsville, etc. - are protesting that Houston is trying to grab the water supply from the whole river. SLOW UP FOR HOLIDAY - With Texas' 1959 traffic deaths running six per cent higher than last year, Gov. Price Daniel issued an urgent safety plea to Labor Day motorists. He called on law enforcement agencies, civic organizations, safety councils and "most important of all, drivers to help in this most important of all Texas efforts, the saving of human lives." The Department of Public Safety reported traffic deaths for the first half of 1959 at 1,097, compared to 1,032 for the same period in '58. SHORT SNORTS - Texas range and pasture land is in the best condition since 1941 reports the

Vega, Texas, Man Reports — Profitable Yield on Wheat Using Phillips 66 Ammonia

Don W. Berger, prominent Oldham County farmer, says: "On 235 acres of wheat, I averaged 47 bushels per acre. This was the first year I used ammonia on wheat. After seeing what could be done with that application, I decided to inject 100 pounds of Phillips 66 Ammonia pre-plant on my wheat this year. The ammonia sold on the use of Ammonia." Successful Southwestern farmers have discovered that they make more profit per acre, using Phillips 66 Ammonia. They get more cotton that classes higher at the gin . . . yields of sorghum grain or ensilage are increased . . . profits on wheat and small grains are increased through higher grain yields and improved forage . . . more marketable vegetables are harvested. Phillips 66 Ammonia can be easily applied either by you or your distributor. See us today about Phillips 66 Agricultural Ammonia . . . it gives you more nitrogen per dollar than any other form of fertilizer—a full 82%.

Forrest Lumber Leads the Parade In Home Building

The "Home Builder" in Morton, one might say, is the Forrest Lumber Company located just off the northeast corner of the Cochran County square.

In fact, Forrest Lumber Company has at this time five houses in the process of building.

Forrest Lumber Company, proving itself over the years, has yards, similar to the one here in Morton, located in towns all over West Texas - Whiteface, Seminole, Anton, and Lubbock, to name a few.

But we are primarily interested in the one located in Morton to serve the area with the experience and know how of skilled carpenters, homeplanners, and homebuilders, plus quality building materials.

Roy Gentry is manager of the Forrest Lumber Company here and, in speaking of experience, Roy has been in the lumber business for 19 years.

He took the reins of Forrest Lumber Company here in July, 1952. At that time he and his family moved to Morton from Lamesa where he had been associated with the Forrest Lumber Company.

But Roy was no stranger to Morton when he moved here. Since 1942, when he moved to the South Plains, Roy has lived in Sudan, Littlefield, Levelland, Morton, Lamesa, and in 1952 it was Morton again.

Roy and his wife, Margaret, were wed in Sudan on a happy Christmas Day in 1938. David, their only child, is 11 years of age.

Roy is a member of the Morton Lions Club, and is the immediate past president of that organization. He is also a member of the Cochran County Sheriff Posse, a past president of the posse, and at present secretary of the group.

Always active in all civic work, Roy is also serving on the City Council.

The Gentrys are members of the Church of Christ and attend church regularly.

Roy's favorite past times are hunting and fishing, and, of course, he enjoys any celebration associated with horses.

Returning to the company, at Forrest Lumber Company you can be certain of receiving the best in qualified experience, and the best in building materials.

And the Forrest Lumber Company employees... W. B. "Preacher" Childs, Roy Turney, Elmer Aikin, Charles Sanders, and Mrs. Carolyn Baldrige are "old hands" at this lumber business. They can show you the best way to do any repair job around the house from laying linoleum to adding a room plus offering good advice for what to do with it.

In fact, Forrest Lumber Company offers a complete line of home building materials... lumber, paints, hardware supplies, barbecue grills, water hoses, light fixtures, and Rangaire stove hoods to cut down smoke and cooking odors in the kitchen.

They also offer water heaters, water basins, bath tubs, and other bathroom equipment.

Forrest Lumber Company keeps water well supplies for you farmers.

In short, Forrest Lumber Company has everything for the home owners, builders, and for you who repair.

Roy Weekes Is Specialist in All Types Insurance

Roy Weekes is a man who believes that every individual, firm, company, or corporation should carry all the insurance possible to see them through sudden emergencies or unexpected accidents.

Back of Roy's belief is ten years of experience in the insurance field right here in Cochran County.

Roy is the owner of the Roy Weekes Agency, the Morton insurance firm which offers the public "All Forms of Insurance".

And by "All Forms," he means fire, automobile, inland marine, workmen's compensation, hospitalization, health and accident, dread disease, life, hail on growing crops, and bonds. Also, the firm provides automobile loans through the Allied Finance Company.

Incidentally, the Roy Weekes Agency is located at 215 South Main, Morton just two blocks south of the signal light. The agency may be reached by dialing 3601.

Insurance, as the laymen express it, is something appreciated most by the individual who had it when he needed it.

With the growing complexities of every day life, today the average householder needs more insurance than ever before, and time has proven the value of a well balanced insurance plan.

For the average householder fire and extended coverage, life, auto, hospitalization, health and accident, and personal liability insurance is a start.

If the householder is operating a farm, he may need growing crop insurance to offset his investment in case the elements harvest his crops.

If in business, the average householder may need workman's compensation insurance to protect himself, his employees, and the business in case an employee suffers an accident.

All this, of course, in addition to life, auto, hospitalization, health and accident, and personal liability insurance.

Roy says that farmers "absolutely" need liability insurance, particularly farmers compensation personal liability insurance - which covers almost all liability of a personal nature and includes farm operations. Many is the farmer who wished for such, only too late.

At first glance, such a program may sound expensive, but Roy is always ready to sit down with you and work out an insurance plan that is suitable to your needs and budget.

But something about the man who opened the Roy Weekes Agency here in 1949, incidentally, at the very same location now occupied by the firm.

Roy and his wife, Dortha, who operates the Dortha Beauty Salon next door to the agency, were wed in Fort Worth on Dec. 9, 1940.

In Fort Worth Roy was associated with his brother as a partner in two drug stores owned by the team.

Mr. and Mrs. Weekes moved to Morton in 1944, and have found themselves busily engaged in the community ever since. They are members of the Church of Christ.

When you call the agency, if Roy is out, Mrs. Glynna Merritt, who has been associated with the firm most of the time since 1949, is ready to advise you regarding insurance problems.

(Glynna was away from the office for three years while her husband, B., was serving in the Army.)

So, when you think of insurance think of Roy Weekes Agency, Morton, the firm that offers "All Forms of Insurance".

Or, better yet, drop by the agency and present your insurance problems to Roy, he'll be glad to advise you.

COMMISSIONS FOR COLLEGE WOMEN ARE AVAILABLE

Direct commissions in the United States Air Force are available for young women college graduates according to M/Sgt. William J. Harl, United States Air Force Recruiter who is located at the Post Office Building, room 202, Lubbock, Texas.

All young women who are between 20 1/2 and 27 1/2 years of age, possess a Baccalaureate Degree or higher from an accredited college or university, are single and have no dependents, and are in good physical condition are eligible to apply.

Our country needs young women of executive ability. Excellent career opportunities exist in the United States Air Force for such young women. And an appointment to the grade of Second Lieutenant offers an annual salary of \$4,000 of which less than half is taxable income. This does not include many other benefits that are not to be found in many other positions.

Train for only 3 months, earn a commission and become a leader. Travel, adventure and romance, as well as the satisfaction of a job well done await you as a commissioned officer of the United States Air Force.

Don't delay, be sure to act to day! Be sure to contact M/Sgt. William J. Harl, United States Air Force Recruiter, who is located at Post Office Building Lubbock, Texas, for further information today!

The Gentrys are members of the Church of Christ and attend church regularly.

Roy's favorite past times are hunting and fishing, and, of course, he enjoys any celebration associated with horses.

Returning to the company, at Forrest Lumber Company you can be certain of receiving the best in qualified experience, and the best in building materials.

FINDS 'ALL' BUSINESSES SUBSIDIZED . . .

Local Ag Teacher Pens Letter to the Editor Explaining Subsidy Situation

FARM SUBSIDIES

by Duane Knott

Teacher of Vocational Agriculture, Morton High School

The government is going broke subsidizing farmers. This is a statement frequently made by non-farmers.

This article comes from authorities that know - and it is hoped that those who have made the above statement or similar ones will have a better understanding after reading this article.

It's true that farmers are subsidized, but a less emphasized fact is that airlines, the petroleum industry, housing, shipping, and many others are also subsidized by the government.

Subsidies may come either directly or indirectly. Many companies receive indirect subsidies by tax write-off plans. Just try to name a large business that doesn't receive some type of government aid.

For every \$1000 this country has spent for subsidies during the past 30 years only \$5.00 has gone to the American farmer. Its no wonder that farmers get awfully tired of the criticism directed at them. (This figure obtained from Texas A. & M. College publication.) Its discouraging to farmers to have to defend half-truths about the \$5 billion the government takes from the tax payer to run the national agricultural budget when in reality food and fiber have been at bargain prices compared to other cost-of-living items.

What comprises the agricultural budget? And how much of the budget is for farmers?

Many of the items in the agriculture budget have nothing to do with supporting farm prices but are primarily a public service. For example, meat inspection has been a \$17 million item

and this service is to assume the public a safe supply of meat. Other public services include the government school lunch program, victims of national disaster, the needy abroad, and many others. Farmers feel that the costs of these should not be charged to agriculture alone.

The fact remains that sooner or later the government must collect from taxpayers every dollar that it spends. The money lost on tax supports must be made up in taxes. Neither the rural taxpayer nor the city taxpayer is satisfied with a situation such as this.

When the government spends money on farm subsidies, it must be collected from tax payers. Why then, isn't something done about the problem of subsidies?

A farmer works with an uncontrollable business partner - nature. Sun, wind, and rain control his crop's register.

No single farmer can do much about changing the supply of food and fiber coming to the market. Farmers, collectively, can't produce just exactly what our nation demands. Agriculture is a biological process which cannot be greatly speeded up or slowed down in any short time.

Another problem in controlling subsidies is the fact that 90 percent of our production is accomplished by 24 million farmers. Some 24 million farmers struggle to produce the remaining 10 percent.

What farm programs have been tried so far to control surpluses? Two broad approaches have been taken by Congress. One approach was to build floors under prices to assume farmers minimum guarantees for his basic crops. Another approach was designed to cut down acreages of crops on the assumption that if less is planted, surpluses will melt and prices will go up on their own.

These programs have been successful in that they have caused farmers to become more efficient in their production of farm commodities. If farmers today farmed as they did 20 years ago, the consumer's food bill would be at least \$13 billion a year higher than it currently is. So the question is: Is it better to have a surplus costing the consumer \$3-4 billion a year in taxes, or to save him \$13 billion a year on food.

What about the future of agriculture? We can't hope to immediately eat our way out of our surpluses, but while we are working our way out of them, let's understand just what the situation really is.

1. Consumers should continue to benefit from agriculture research and marketing research which is now emphasized as it never has been before.

2. You may feel that food prices are higher than formerly, but remember that you are getting much more for your money than you did.

3. Most of our increased prices are due to inflation and marketing of food.

4. In 1947 the average factory employee had to work 30 minutes to earn enough to buy one pound of choice steak. In 1957 he had to work only 18 minutes.

5. Consumers have demanded many conveniences in their food, all of which costs money. Little, if any, of this money for "extras" gets to the farmer.

This is the real story about agriculture. This is the story that city people should know and understand about farmers.

VISITED IN ALLSUP HOME

Visiting in the Don Allsup home last week, was an "old Navy buddy", Chuck Bagley, a Navy career man, and his family from San Diego, California. They both were in the Navy. Bagley and his wife, Shirley, and children, Allen, Guy, and Kathy, left Friday to return to San Diego.

Labor Day Rush Brings Urgent Plea: 'Make Safety Your Holiday By-word'

In one more day, on Friday, September 2, at 6 p. m., the dash will start - a frantic race to have fun during summer's final long weekend holiday. Normally won't return before midnight Monday, September 5.

During these 78 hours, a large percentage of Texas' three-and-a-quarter million passenger cars will flood the state's streets and highways. Accidents, according to the Texas Safety Association, will inflict heavy losses in life, limb and property if history continues to repeat itself in traffic.

Drawings, too, will take their share of lives, as well as plane crashes, boats and other holiday activities.

What will people do wrong? They will drive too great a distance in too little time, get impatient with other motorists, and make things tough for themselves by combining drinking and driving.

Many who miss the traffic snafus will drop their guards when taking part in other pastimes that go to make a holiday pleasant (if it is safe).

Swimmers, for example, too many will go in water alone, some will swim after dark, and some will take chances in waters that are unfamiliar to them.

To help few Texans avoid many of these mishaps, the Texas Safety Association has prepared a list of do's and don'ts that are designed to increase the degree of safety for everyone - they are:

IN TRAFFIC

1. Don't try to drive too far - 400 miles a day should be the limit, and a lot less than that after working an 8-hour day.
2. Do cut your speed at least 10 miles an hour after dark. You'll be surprised how much more relaxed you'll be.
3. Don't drink if you drink.
4. Don't get burned up at other drivers. Good drivers keep cool behind the wheel.
5. Don't exceed the speed limit.

WHILE SWIMMING

1. Never swim alone, even at a public beach. When children swim, an adult should be present.
2. Don't swim till exhausted - rest often.
3. Do enter water gradually, and wait an hour after eating.

ANYWHERE

Do use courtesy and common sense. The more YOU think about safety, the less YOU will read about accidents.

1960 STICKERS AVAILABLE

The Texas Department of Public Safety announced last week the new 1960 motor vehicle inspection stickers are available to Texas motorists after Tuesday September 1.

Col. Homer Garrison, Jr., Director, recommended that Texans have their vehicles inspected early in the inspection period which extends from September 1 to April 15, 1960. Vehicles displaying the new sticker after April 15 will be operated in violation of the law.

"In the vast majority of cases become a very minor inconvenience and expense to the motor vehicle owner - provided he complies early to comply with the law."

IF YOU LIKE MONEY, YOU'LL LIKE BUYING A CHEVY NOW!

IT'S BEST-BUY SEASON ON NEW CHEVROLETS RIGHT NOW . . . AND YOU'LL NEVER DO BETTER BY YOUR DOLLARS Stop by your Chevrolet dealer's and see the season's most wonderful money's worth. Better make it soon!

IF YOU LIKE GETTING YOUR MONEY'S WORTH, YOU'LL LIKE CHEVY'S 7 BIG BESTS!

BEST BRAKES . . . STOP ON A DIME AND GIVE YOU MORE STOPS PER DOLLAR They're bigger too. With 'em, Chevy out-stopped all competitors in its field in a NASCAR* conducted test of repeated stops from highway speeds.

BEST RIDE . . . CARRIES YOU AS CAREFULLY AS IT PAMPERS YOUR DOLLARS "The smoothest, most quiet, softest riding car in its price class." That's the way MOTOR TREND magazine describes Chevy's cream-smooth ride. It's way more fun to sample than to read about though. Get out in a Chevy and see what Full Coil springs do.

BEST ENGINE . . . YOU COULD SPEND JARFULS OF JACK AND NOT GET A V8 LIKE CHEVY'S Talking about our standard as well as Corvette V8's, SPORTS CARS ILLUSTRATED says, "Indeed, this device is and said that . . . in its price class, Chevy establishes a new high in daring styling." Chevy's leadership in sales for '59 says a lot for its looks too!

BEST STYLE . . . BEAUTY THAT DOESN'T DEMAND A BIG BANK ROLL The experts at POPULAR SCIENCE magazine looked them all over

BEST ROOM . . . NO CRAMPED QUARTERS Let's take the official figures filed with the Automobile Manufacturers Association. They show Chevrolet's front seat hip room up to 59 inches wider than in comparable cars. Count on real comfort.

BEST TRADE-IN . . . YOU GET MORE DOLLARS BACK FOR YOUR CHEVY Last year, for example, Chevrolet used car prices averaged up to \$128 higher than comparable models of other makes. Just check the NADA* Guide Book.

BEST ECONOMY . . . SOCK AWAY YOUR CHEVY SAVINGS As sure as two Chevy Sixes won their class as this year's Mobilgas Economy Run, getting the best mileage of any full-size car

surely the most wonderfully responsive engine available today at any price."

*National Automobile Dealers Association

Now there's an Impala Sport Sedan . . . one of Chevy's full series of Impalas for '59

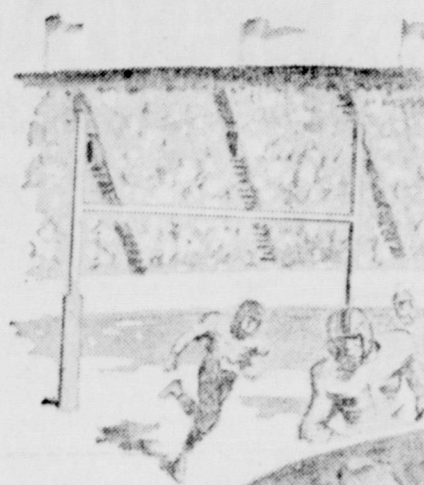

See your local authorized Chevrolet dealer—you might as well get the most!

MAILWOMEN? — Yep!!! Even h' gals got in on th' totin' of th' mail sack. These here gals cud really ride. (Them's the Tucker gals — Mrs. Billie T. is th' one takin' th' bags and Mrs. Peggy T. is a'handin' them to her.) — photo by Mrs. Bill Harris

ENROLLMENT —

(Continued from Page One)
Other area schools reported the following enrollment at the end of the second day of schooling:
Three Way (8 - Elementary grades and 4 High School Grades) High School, 70; Elementary, 170. Whiteface High, 151; Elementary School, 165.
Bula (8 Elementary Grades and 4 High School Grades) High School, 37; Grade School, 92.
Whiteface had 10 more in high school than a year ago; six more in their junior high and 7 less in the elementary school.

HOSPITAL —

(Continued from Page One)
passed by the managers regarding emergency area at the rear of the hospital was signed by the president and the secretary.
The managers have requested the city make it a fine for those parking in the area who are not employed at the hospital or on emergency business.
Present at the meeting were J. C. O'Brien, president; L. W. Barrett, vice-president; and L. E. McDonald, Arvel Snodgrass, Bill Glassford, secretary; and Dr. Bill Lee and Dr. J. Walker Davis.
One visitor, Mrs. Ken Coffman, was present at the request of the managers.
Members of the board and Mrs. Coffman checked time records available at the last meeting of the managers.
The president appointed a committee to bring the hospital's surgical records to the next regular meeting of the board.
He also appointed a committee to contact a qualified accountant to meet with the board on Monday night, Sept. 7.

BUCK'S "66" —

(Continued from Page One)
ran over the two years he operated the station on South Main here.
Also, he expressed an invitation to his customers to continue trading with the station which has been re-named Buck's 66 Service.
Tyson is the son of Mr. and Mrs. George Tyson of Maple, where Bock was engaged in the operation of a service station which he had sold to his father.
Carl Fleming, who has been employed at the Maple station for the past one and one-half years, will join the crew here.
Joe Encinas who has five years experience in the station field and has been working for Beck, will remain with the station.
Tyson says, "We will do our best to please." And, he invites area residents to drop by at their first opportunity.
The station will be open from 6 a. m. until 12 midnight.
In making this announcement Beck did not say what his immediate plans would be.

RESERVE —

(Continued from Page One)
he left the farm voluntarily of his own free will and accord, and willingly relinquished any further interest he might have in the farm as a tenant or shareholder, or (2) If the tenant or shareholder cannot be located or is unavailable statements signed by at least three people not related by blood or marriage to the landlord and having no interest in the farm, stating that they have knowledge that the tenant or shareholder left the farm voluntarily of his own free will and accord, without duress or any action by the landlord.
In addition to the above provisions, a contract may be disapproved if the State Committee for any other reasons determine that such action is necessary in order to protect the interest of tenants and shareholders."

REV. WALKER —

(Continued from Page One)
"Training in Prayer" will be conducted each evening at 7:30 o'clock.
The public is cordially invited to attend any and all of the services.
Rev. Walker is a nephew of Rev. Houston Walker, pastor of the church here. He is the son of the late Rev. L. M. Walker of the First Avenue Baptist Church of Albuquerque, N. M.
The evangelist was named to attend New Mexico's Boys State his junior high school year, later he was elected governor of the organization. He served as president of the student body at Albuquerque one year.
He was concert master of the high school symphony, and the youngest member of the Albuquerque City symphony.
He has been honored with the highest rank in the Royal Ambassadors, that of ambassador extraordinary and plenipotentiary. In the summers of 1961 and 1962, while still in high school, he did evangelistic work in Alaska.
In 1953 the evangelist was named first in New Mexico's oratorical contest, and second in the regional contest at Denver, Colo.
He was active in basketball at Albuquerque and later was on the starting five of Baylor Cubs freshmen team.
While at Baylor, he was also active in chapel choir. He founded an evangelistic team there.
Rev. Walker has traveled throughout the United States, North America, and Europe doing evangelistic work.
Last summer he conducted meetings in the Scandinavian countries of Europe.
At present he is pastor of the First Baptist Church at Lewisville.
Rev. Saunier, who was graduated from NMSU in 1957 with a BA in English literature and speech, served as president of the State Baptist student union there.
In the summer of 1954 he was a student missionary to Jamaica, and at present, in addition to attending the seminary, he is Baptist student junior director at Weatherford Junior College.
He is married and has one son, Jon Paul.
Rev. Saunier has served as pastor of a number of churches in New Mexico and Texas.

ALLOTMENT —

(Continued from Page One)
commodity shall not be preserved as history acreage pursuant to the provisions of this section unless for the current year, or either of the two preceding years, an acreage equal to 75 per cent or more of the farm acreage allotment for such year was actually planted or devoted to the commodity on the farm (or was regarded as planted under provisions of the Soil Bank Act or the Great Plains Program).
The following examples will illustrate the way this law applies to a wheat farm with a 30 acre base and a 20 acre allotment:
(1) If there has been as much as 75 per cent of the 1958 or 1959 allotment planted to wheat or regarded as planted to wheat under the Soil Bank Act or the Great Plains Program, it will be unnecessary to seed any wheat for 1960 to preserve the 30 acres of wheat history for 1960.
(2) In the event the farm had less than 75 per cent of the wheat allotment planted to wheat in 1958 and 1959 and only 10 acres was planted in 1960, the history credit for 1960 would be 10 acres.

BOOK LOVERS TO HAVE FIRST MEETING SEPT. 10
Book lovers first meeting of the new season will be hosted Thursday night, Sept. 10, at 8:00 p. m. in the home of Mrs. Bill Harris. Mrs. Bill Glassford will give the review.

Grain Building Nears Completion
The Mar-Ket grain storage, now under construction in north Morton, will have some 11,600 square feet of floor space, it was announced this week.
Jake Wylie, manager here, said the building was roughly 40X290 feet with 12 and 1/2 feet high walls.
FATHER SERIOUSLY ILL
Rev. J. R. Wood, pastor of the Oklahoma Lane Methodist Church, is seriously ill at the Methodist Hospital, Lubbock, suffering from an attack of encephalitis.
Rev. Wood is the father of Bill Wood, west of Morton, and Mrs. Bob Mayon, south of Morton.

DIXIE LOVELACE, WAYNE PORTER EXCHANGED VOWS, AUGUST 21ST

When Miss Dixie Dean Lovelace and Wayne Charles Porter exchanged wedding vows at 6:30 p. m. Friday in the garden at the home of the bride's mother, Mrs. N. H. Lovelace, the bride carried a white Bible borrowed from Mrs. Bob Polvado that had been carried in over fifty weddings.
Mrs. Jess Marks is mother of the bridegroom.
Mrs. Beryl Lovelace, Brownfield, was at the piano and Beryl Lovelace, cousin of the bride, sang. The Rev. Houston Walker read a double-ring ceremony.
The bride's uncle, O. D. Lovelace, escorted her down an aisle formed by hurricane lamps to

an altar of English Ivy. She wore a gown of white peau de soie, fashioned with fitted bodice and bateau neckline. Re-embroidered medallions were scattered across the bouffant skirt, worn over pella and net, and also across the neckline and short cap sleeves. The bride wore short white gloves caught by tiny pearl buttons. Her circular shoulder-length veil of illusion was attached to a half hat of re-embroidered medallions with seed pearls and a pearl drop in the center of the sweetheart brim.
The Bible was topped with white gladiola and red rosebud center. Miss Donna Burnett, maid of honor, wore a pastel green chiffon dress designed with scoop neckline, Gibson sleeves, velvet tailored belt and bouffant skirt. She wore a picture hat of shirred organza and carried white gladioli in a wicker basket with green streamers tied on the handle.
Lyndall Burleson was best man. At the subsequent reception, Mrs. Bill Garret, Lubbock, sister of the bride, registered guests, Miss Ann Shaver, Odessa, and Miss Barbara Lovelace, Albuquerque, served. Miss Paula Burnett provided musical numbers.
For a trip to New Mexico the bride wore a navy blue cotton sheath with empire jacket and navy and white accessories.
Mrs. Porter, a former student at Texas Woman's University, Denton, and South Plains College is employed at the Cochran County ASC office. Her husband farms south of Morton.
The couple will be at home in Morton.

Ask Care When Driving Near Local Schools

Morton Police Chief Bill Burkett asked the Tribune to remind readers this week that it is school time again.
Burkett said that it is time for us to drive more careful and watch for the youngsters going to and coming from school.
These youngsters, he says are often thinking about school and are not watching out for drivers, so it is the driver's responsibility to be extra careful.
Burkett says drivers should be extra careful to slow down at crosswalks, and if there is a pedestrian in the crosswalk, stop until the pedestrian clears the road.
The speed limit in school zones is 20 mph and 15 mp's in and around school grounds, he said.

HARVEST TIME NEARS
It won't be long now . . . is the way a number of farmers put it this week in regard to the cotton crop.
Reports are that some fields are beginning to show holes that are cracking open.
A number of counties to the east and south have already reported first bales.

VISITING POLLARDS
Mrs. R. W. Johnston and three daughters of Austin are visiting in the home of her parents, Mr. and Mrs. H. G. Pollard, this week. Johnston is teaching in the University of Texas. The Pollard grandchildren are Diane, Phyllis, and Pamela.

Staff of
Furn. Co.

Tarver, Jr., owner of Tarver Furniture in Morton, announced last week the association of Barker with the firm. Barker, who until recently was in the local FHA office, had considerable experience in keeping and salesmanship. Formerly was operator of a furniture store in Morton, on the side of the square.

BLAZE —

(Continued From Page One)
dougout-type structure was enveloped in flames on the south wall and the south portion of the roof when the fire truck arrived to douse the flames.
The building in which Mrs. Lopez and three children lived, was destroyed.
It was the fourth fire run in five days for the local volunteer group.

Nothin' Stops the U. S. Mail . . .

"GET GOIN'," yells Nelda Faye Fincher as she takes the mail from "Scooter" Bill Snicker, "we ain't long from Levelland."

— photo by Mrs. Bill Harris

BULA —

(Continued From Page One)
Way, Spade, Nazareth, and Cotton Center are the district opponents.
Speedster Norvell Roberts will be back along with Lee Pearson, Donnie McCall, Cox and Hall. However, the Bula team is well aware that over at Three Way almost the entire team of really fast, heavy, and hard-hitting group of Eagles will be back this season.
Bula gets "away" against the strongest possible area opposition on Friday of this week when they journey to Roaring Springs for their 8-man opener. Although 8-man football requires a little more depth, it is hardly as swift-moving as six man play.
Next week's game will be on Thursday, instead of Friday, at Pettit, and the remainder of the games will be on Fridays except for the Homecoming game, against Spade, Saturday, October 31.
For the remainder of the schedule, turn to the Football Promotion page in this edition of the Tribune.

EARTHQUAKE —

(Continued From Page One)
ful" incident, Weekes says "he was in the coffee shop near "Old Faithful", engaged in writing a card. Mrs. Weekes was outside the shop waiting to see "Old Faithful" in action.
Weekes estimated that 200 persons were in the coffee shop at the time.
Suddenly, he says, the floor began to "bounce." People rushed for the doors. The accompanying noise was terrific. Weekes joined the crowd outside.
Later, noticing he had left his pen and card inside the coffee shop, Weekes returned to complete his writing. The pen and card were just as he had left them.
A second time he began to write, and a second time the floor began to "whump, whump, WHUMP."
The third time he reports he was able to complete the card.
The Mortonites remained at the site, not sure of which way to turn, until after "Old Faithful" completed its action. It was reported to have been approximately 17 minutes late.
After driving some ten miles out of the basin, they discovered the road blocked by a rock slide, and had to detour.
That night they stayed in a motel in Livingston, Montana, and reported being awakened several times by quakes during the night.
Weekes said reports were that 32 shocks were felt in the area in less than 42 hours.
They continued on their way before returning home.

STRICKLANDS

"WE APPRECIATE YOUR BUSINESS"

220 West Washington

Morton

SCS OFFICE —

(Continued From Page One)
since Feb., 1954.
Mrs. Thomas, Mary, is a native of the Ft. Worth area.
Others associated with the office here are Sam Murrah, range soil conservationist; Ansell Out-conservationist; Jesse J. Jackson, law soil scientist; and Gordon Houghton, soil conservationist aid.
Thomas said what of particular interest to him in this area is the Great Plains Conservation program.

INDIANS —

(Continued From Page One)
backs ran well, and the blocking was exceptionally sharp for such an early date.
With no time outs, no whistle stops, and no first downs, just each team running the ball for about 20 or so plays and then the other team taking the offensive, Morton managed to shake loose for six "touchdowns" while Portales, a very young team, was able to muster only one first down.
The coach quickly cautioned against over-optimism pointing out that Portales' boys were young and inexperienced.
Good blocking shook Butch Nairn loose three times, Gary Willingham got away twice, and a Nairn to Willingham pass connected for the other.
The Indians also alternated Ward, Fleenor and Morrison in the backfield with Jackie Brown quarterbacking.
In the Indian line Duke, Tarlton, and Galbright looked fine along with a host of men who alternated at the ends, Morrison, Pyburn, and Coffman were mainstays on defense, along with some backfield help. Charlie Silhan, who hasn't played since junior high days adds considerable weight and strength to the defense and a freshman, Earl Cox was outstanding.
The Indian defense was perhaps the strongest appearance of the first scrimmage, and the Indian passing attack probably was the weakest point.

ANTELOPES —

(Continued From Page One)
Whiteface, Morton and Cooper being the next opponents on successive weekends. The "Lopes" will be trying hard to "point for" the Morton game, remembering a hard fought game last year in which Morton racked up the victory.
Whiteface's losses in manpower have been great. Not only did they lose jarring back Neil Allen, but Wayland McClellan finished his high school work by correspondence and has graduated.
But these, and other graduation losses, haven't dimmed the spirit of the Horned Bucks. Once again they'll be competing in Class 3-B under Emmett Broderick's coaching.
For the complete Whiteface schedule, turn to the Football Promotion page, in this issue of the Tribune.

With Your... COUNTY AGENT

By E. K. Thompson

At a meeting of the Johnsons-grain demonstration were held in Morton, Texas, on August 20 and 21.

These same mixtures were used at each demonstration. One, Dowson 445, 2 1/2 of the chemical to 1 gallon of water, the other 1 gallon of water to 35 gallons kerosene. These materials were applied with a pump sprayer on a 1/2-acre tract, a hand jet gun sprayer, and a 400-gallon sprayer.

Results later the results show that Dowson 445 is favorable for Dowson.

It was agreed on the south side of the highway No. 116 about 3 miles south of Morton, and Dowson 445 on the north side

of the road in the bar ditch and spots in the feed and cotton.

These same mixtures were used on the Whiteface highway about 6 miles south east of Morton in Gene Gerck's cotton field. Signs were erected on the spot which show the kind of chemicals applied.

Mr. Woody Dickson remarked that many people stop there every day to observe these spots. He said it was a most worthwhile demonstration.

4-H SWINE COMMITTEE

The 4-H Swine Committee met in the County Agent's office August 31st. Those attending were Ed Nieman, J. C. O'Brien, Erwin Merritt, and Homer E. Thompson. The County Sears Show date

was set for Saturday morning Sept. 19th. It will be held from 8:00 to 10:00 a. m. at the City Park just north of the City Hall Building, Morton, Texas. Panels will be set up for the showing of the eight Hampshire gilts and one Hampshire boar. Sears will furnish \$30.00 for premium money on the 8 gilts. The committee decided to divide the money as follows - \$8.00 for the top gilt; \$6.00 and \$4.00 respectively on the 2nd and 3rd place gilts. Two dollars each for the remaining 5 gilts and \$2.00 for the boar.

The Committee has done a fine job in selecting the registered gilts and the public is especially invited out to see them on September 19th.

The top Hampshire gilt and boar will be shown in the District Sears Show at Texas Tech on September 26. There are 13 counties in the Sears 4-H Program and these will be competing against 12 other top gilts and boars.

GRAIN SORGHUM DEMONSTRATIONS

There are eight grain sorghum varieties planned on the Karl Griffith's farm 13 miles west of Morton. These are dryland tests. There are 16 rows of each variety. These are located between the highway and Karl's home, or on the south side of the road. On the west end of the rows, there are 8 markers designating each variety.

From north to south the varieties are designated in this order: PFEISTER 435S; PFEISTER 465 S; PFEISTER 515 S; Texas Hybrid 610; Texas Hybrid 620; Texas Hybrid 608; 7078 and Martin.

The above varieties were planted with certified seed. When you are passing this field you are encouraged to take a look and observe this demonstration.

Lions Hold First Meeting of Year

The Morton Lions Club kicked off its new year (after the customary summer layoff) Wednesday with a noon meeting that drew a large attendance.

Neal Rose, who was named Zone Chairman last spring, announced hopes that the first of three zone meetings this year could be held in Morton. The meeting is set for sometime in September and the local club voted unanimously to sponsor the meeting here.

Lion Boss J. C. Reynolds told the group plans are being made for the teacher's banquet.

The president also announced a director's meeting for next Tuesday morning at 7:30 a. m. at the Steak House and urged all directors to be there.

Neal Rose, who was chairman of the concession stand operated by the Lions' Club during the rodeo, offered his thanks to all Lions for their help in making the project a success. It was announced the Lions Club's share of the proceeds from the concessions was \$153.

Rodeo Director Roy Gentry said the show was a success but he didn't think he should quote financial figures yet, with some bills not yet turned in.

Thirty-one members and three guests were on hand for the meeting.

VISITED LAST WEEK

Misses Sue and Peggy Ramsey spent last week with their sister and husband Mr. and Mrs. Vernon Stokes of Plainview, Mr. and Mrs. S. A. Ramsey went to Plainview Sunday to pick up the girls and to visit.
