## FELL SHORT OF PROMISE... ATHLETIC BOOSTERS RENEW EFFORTS TO SELL SEASON SEAT OPTIONS

The Morton Athletic Boosters sent out an appeal after their weekly meeting Monday, for sales on more season seat options. The Boosters, who had previously committed that they could sell the necessary seats each year, for five years, to pay for the installation of new stadium bleachers, were able to peddle only about 215 through last Friday's game, and still needed to sell around 200 more to live up to their bargain.

Admitting that several things had been against the sale, the late arrival of the stadium, the lack of having a master seating plan to get started immediately, and the failure to get tickets ready in time, the Boosters still felt they should try to sell some more.

Duffing their hats to wives of members who helped sell some 50 to 70 seat options Wednesday and Thursday of last week, the group agreed that they should still try to sell some more. The remainder of the seat options are on sale now for \$4.00 through the next two home games, that would be per home game per seat, which would maintain the same ratio of expense the options originally sold for.

## Bledsoe Enrolls 94 In Schools

After the first complete week of school at Bledsoe, the enrollment was pegged at 94.

Supt. Otis Parr, said in a letter to the Tribune this week, the attendance of 21 in the high school and 73 in the elementary school compares favorably with enrollment for last year.

Supt. Parr said the school got off to a fine start with a special assembly the first day, and then the teachers got off to a fine start at their initial meeting, joining the state organization, the Texas State Teacher's Association, 100 percent.

The students also buckled down to business the very first week by getting started on the publishing of the school annual to be distributed next spring, and also publishing a school paper, which, hereafter, will be published weekly at Bledsoe.

Supt. Parr said, if everything went as planned, he and Board President M. C. Hall, will be on their way to Georgia when this edition of the Tribune comes out, to return later this week with two new school buses.

## SAFETY MEETING IS HELD... State Moves to Reduce Accidents On All Roads Under Construction

A group of 15 men interested in traffic safety in areas where roads are under construction, met in Morton Friday morning to lay out plans that are hoped, may avert costly and deadly accidents on Farm to Market Road 769, between Whiteface and Lehman, which will be under repair and widening, within the month.

## Whiteface Will Face Cooper

WHITEFACE (SpL) — The Whiteface Antelopes hope to get back on the winning road, Friday, as they return home to face the Class B Cooper Pirates.

## S. A. Williams Services Set At Bula, Friday

Funeral services will be held Friday, Sept. 18, at 3 p.m. from the Bula Baptist Church for S. A. (Sam) Williams of Bula, who died Wednesday at 1:50 p.m. in the West Plains Hospital, Muleshoe.

Mr. Williams, 76, had suffered a heart attack several weeks ago. Later he returned to his home, Thursday he was carried to the hospital for abdominal surgery.

The Williams family have resided in the Bula area since 1934. He was engaged in farming.

Survivors include the wife; three daughters, Mrs. Christine Kalhanek of Monterey Park, Calif.; Mrs. W. C. (Ruth) Hendrick of Alamogordo, N. M.; and Mrs. Velma Smith of Barleson; and two sons, Sammie of near Morton, and Clemmon of Sudan.

Hammonds Funeral Home of Littlefield is in charge of arrangements.

## Last Rites for Area Resident At Levelland

Funeral services were held at 10 a.m. Wednesday at the First Methodist Church in Levelland for Percy Gainer Cole, 55, long time Levelland resident, and brother of Cecil Cole of Goodland and Luke Cole, formerly of Morton.

The Texaco Consignee for Levelland, died of a heart attack Monday afternoon, suffered while at work. He died enroute to the Phillips-Dupre Hospital.

Past master of the Masonic Lodge at Levelland and last surviving charter member of the Levelland Rotary Club. He had lived in Levelland since 1925.

Survivors include the wife, two daughters who are area teachers; twin sons attending Texas Tech; six brothers and three sisters.

Burial was in the City of Levelland Cemetery.

## Heads City Elec. Radio - TV Dept.

Russell Green, who has been employed in the electronics field in Lubbock, has been named manager of the radio and TV department at City Electric, it was announced by Walter G. Sandfer, owner of the firm, this week.

## Legion to Meet

The local American Legion Post meets tonight, (Thursday) at 8 p.m. in Veteran's Hall.

## FIVE NO-BILLED, FOUR PASSED... Grand Jury Brings Five Indictments

The first 121st District Court Grand Jury closed its initial session Tuesday, about 5 p.m., after two days of deliberation in which it returned five true bills, no billed five others and passed 4 cases.

Indictments were returned for rape, drunk driving 2nd offense, burglary and theft, and forgery and passing.

The rape charge was lodged against W. C. Hawkins, Morton, a Negro.

Billed for DWI 2nd offense was another Morton man Eusebio Menehaca, a Latin American.

Indicted on counts of burglary and theft were two O'Donnell men Don Sealy and Kenneth Mires, on theft of two saddles from a ranch just south of Whiteface, five weeks ago.

Charged with forgery and passing of a forged instrument was Billy Martin of Morton.

The Grand Jury no billed a man who had been arrested on a charge of rape, another who had been hailed into custody for fondling a minor, a man charged with checking law violation, a-

nother arrested for indecent exposure before a minor, and one on a count of DWI 2nd offense.

Evidence could not substantiate the one rape charge. The man charged with checking law violation had made amends on the forged instrument. The Grand Jury recommended confinement in a mental institution for the man connected with the fondling charge, and the "exposure" charge was reduced for lack of substantiating evidence for the original count.

In the 2nd DWI offense case the charge was reduced to DWI, a County Court offense, when it was determined the previous arrest of the man charged was on DWI (driving under the influence of drugs) rather than DWI.

There was no word immediately as to when any of the cases would be set for trial. The original 121st District Criminal Court was to be in session September 28, but that may be changed due to the accident suffered by District Judge M. C. Ledbetter, and the subsequent need to get other details "squared away"

## Commodities List Dips to 330 Persons

Continuing a trend that has seen the total dip continually downward since January 1 of this year, the latest report filed on the Commodity Surplus program in Cochran County shows 67 families were issued surplus goods this past month, a total of 330 individuals.

On January 1, 1959, more than 100 families in this County were receiving the surplus commodities.

## AT ACTIVITY BUILDING... LIONS, LADIES WELCOME TEACHERS WITH DINNER NEXT TUESDAY NIGHT

The Morton Lions Club laid plans for the Ladies Night - Teacher welcome banquet, at their regular meeting Wednesday noon.

The Ladies' Night, at which Lions and their wives, and all members of the Morton High School faculty and their husbands and wives are invited, will be held next Tuesday night at the Activity Building, it was announced by Lion Boss J. C. Reynolds.

Around 30 Lions and wives are expected to attend in addition to a majority of the school faculty.

The Ladies' Night dinner promises to be an entertaining and humorous evening of fun. Chairman Van Greene passed out parts on the program to a number of Lions for the "package party night" program of games and fun.

The affair is an annual Lions' sponsored dinner.

The program for Wednesday's luncheon included a tribute to the "Lion", international Lion's magazine for Lion members. Dr. Crume gave a report on the publication of the magazine and a recording about the magazine from Lions' International was played.

It was also announced that a director's meeting will be held next Tuesday morning at 6:30 a. m., at the Steak House.

## Jones Services Held Sunday At Hereford

Last Rites were held at 4 p.m. Sunday in the First Methodist Church of Hereford for Mrs. L. J. Jones, 28, former Enochs and Morton resident who died Saturday.

Rev. Herschel Thurston, pastor of the church officiated the services and burial was in the West Park Cemetery.

Born Doris Loraine Alford, at Enochs, Sept. 25, 1930, she attended school in this area, at Bula and Morton. Her mother taught school at Morton for a time.

In June of 1948 she married L. J. Jones at Morton and the couple farmed just south of Enochs. They moved to Hereford in 1955.

Survivors include the husband, three sons, Steve, 8, and Danny and David, twins, 3, and a daughter, Nancy, 5; her parents, Mr. and Mrs. J. W. Alford, Lubbock; and three sisters, Mrs. Johnny Green of Logan, N. M.; Mrs. Johnny Wadlington and Miss Jimmie Alford, both of Lubbock.

Mrs. Jones died apparently of self-inflicted gunshot wounds sometime Saturday morning. Her body was found at 11:50 a.m. Saturday by her husband and children. She had been shot under the chin. A 12-gauge shotgun was beside her.

## Injures Arm In Gin Mishap, Mon.

Although the ginning season has just gotten underway, Jack Hodnett, employee of the Casey Gin at Maple, is a casualty.

Hodnett suffered a badly mangled and broken arm which he caught in the rollers near the condensers at the gin, Monday afternoon. The roller stopped when his arm was in it up to the bicep muscles. The arm was broken above the elbow.

Hodnett was reported "doing alright" at the Cochran County Hospital, Wednesday.

## County Will Lease Barn for Use In Grain Storage

Farmers in need of more grain of the year should turn to the classroom space until after the first sifting page of the Tribune this week and read the legal ad placed by Cochran County.

The County barn will be leased to a high bidder for use to store grain until after the first of the year.

The barn is not scheduled for use, after Saturday, until the Fat Stock Show, the last week in February.

## School Enrollment Tops 1,000 Mark

The enrollment in the Morton schools went over the 1,000 mark on Tuesday of this week, Supt. John Barnes said.

Emphasizing the fact that Morton is growing, the Superintendent pointed out that in previous years the 1,000 was not reached until into the harvest season when crews have arrived in town.

## Eight Boys Seek Honors Saturday With Sears' Donated Hampshire Hogs

This is a contest show for the eight 4 - H boys who received free registered Hampshire gilts. These boys won these gilts in an essay writing contest last spring.

The purpose of this program is to produce meaty type hogs, and to raise the heaviest litter by weaning age. To do this, will depend on the number of pigs raised, and increase the average weight of each pig.

The public is invited to see the show and judging Saturday morning at 9:00 a. m. Panels will be put up for this exhibit in the city park just north of City Hall, Morton, Texas.

The judge will be Billy Joe Lewis, Brownfield, Texas. Billy Joe was on the Texas Tech International Livestock Judging Team a few years ago. Remember to come around to see these fine Hampshire pigs and boar, and to give your encouragement to these fine young boys who are doing an outstanding job.

These meaty type hogs should be the salvation for the farmers grain sorghum surplus problem. It has been stated that 14 cent hogs could produce a sale price for grain sorghum at \$1.50 per hundred. In these days that would be a good price for grain sorghum to bring, advises the County Agent.

## MORTON TESTS RUGGED PLAINS COWBOYS FRIDAY

The Morton Indians will face what pre-season dope figures to be their toughest opponent of the season, Friday when they travel to Plains to meet the potent Class A Cowboys.

Plains rolled over Morton last year and in the process dealt a number of injuries from which the Indians never quite recovered. It was Morton's first loss of the year, after two wins, and they never were able to get in shape to win another game.

Gene are several of the stars of the Plains team, including big six - footer plus, Jim Williams, and quarterback Cordell Huddleston. But they have a total of eleven lettermen returning including a jarring fullback, Joe Dan Morrow, who made most of the yardage against Morton, and fleet Bob Fught, Meixner, Cooke, and Coffman are other names that Morton fans will recognize.

Plains is again off to a good start this year having blanked both opponents thus far. They are favored to be one of the state's top Class A teams when playoff time comes around.

Morton's main worry going into the game, was the fact that a few of the local boys were battling the flu bug earlier this week. Butch Nairn is expected to be recovered from a painfully bruised leg he suffered last Friday. Willingham is one of the starters who was having flu trouble.

pullers when in agreement would be taken as a survey figure. About a third of the crews contacted would be a fair representative sample to set the wage scale, reports are turned in to the Labor Department for declaring wage determination, which will be done by that Department.

Remember to keep the names, addresses, and social security number of all laborers paid and certificates of ages of minors when employed.

Bourland of the TEC said he could get the laborers when needed and applied for. That a survey would be made periodically to determine wage scale He also said that the farmer and wage earners statement to wages being paid cotton

## LUBBOCK FAIR BOOSTERS DUE IN MORTON TODAY

Boosters of the Panhandle - South Plains Fair of Lubbock, Sept. 28 through October 3rd, are to be in Morton this morning, arriving by chartered bus to distribute publicity gimmicks advertising the show.

# EXPLOSIVE RUNS CARRY INDIANS TO 27-6 WIN OVER WHITEFACE

Most of their scoring came on explosive offense, after driving to the first touchdown with the ball. Morton's 2-A Indians proved a little too fast for the 3-B Whiteface

Antelopes Friday night. Morton handed the Lopes a 27-6 defeat in a game hard fought on both sides. Actually Whiteface cut - first dived Morton 13 to 12 but the Indians held a fairly com-

fortable lead in all other statistics. Morton's defense was tight enough to keep dandy Jimmy Collins from escaping around end, although the rugged Antelope did nearly get away twice. On the other hand, Morton's Gary Willingham had himself a real banner night. He picked his holes, cutting and dodging exceptionally well, and scoring three of the Indians touchdowns.

In the second half Whiteface drove to two first downs before having to punt. Collins booted over to Morton on the finest punt of the night that nearly roared dead before going over the goal. However, Nairn picked this moment to get off his finest run of the night from scrimmage, getting 18 yards over right guard. Two plays later Willingham exploded for the most beautiful run of the night. He went wide left, when hemmed, suddenly swung right and slid past three men before finding an opening, scooted through and then went wide right around end for a 61 yard scoring play. The time 6:02 as Steve Middleton passed to James Davis for the two extra points and the score stood 27-0.

Here Morton began to substitute freely, and those four plays already mentioned, was the only time Morton held the ball in the second quarter. The Antelopes put together four first downs on a 62 yard touchdown march that almost was halted in the shadow of the Indian goal. With Collins doing most of the carrying, the Lopes posted a first down on the Morton 8 yard line. Odell Scribener was thrown for two losses and it was third and 11, from the 11. Then Collins pulled the surprise play of the night, passing to Joe Henderson up the middle for the score. Nairn halted Collins on a run around end for the points after, and with 39 seconds left to play in the third period, it was 27 to 6.

The Antelopes made another strong bid to score in the fourth period when they drove to the yard line of Morton before the Indians inserted the first team hopin' to halt the drive. Whiteface lost 5 yards on a penalty. Eldon Maye picked up six yards through the middle, but Coffman drove through to nail Collins for a six yard loss; he tumbled and Morton took over.

Penalties prevailed the rest of the way as Morton drove to the Whiteface 48 before the game ended. The Antelopes racked up 10 first downs as they held the ball throughout most of the second half and racked up ten first downs to three for Morton, but the Indians had the edge in yards gained.

Playing defensive ball most of the second half, Coach John Paul Jones saw several of his defensive linemen turn in great games. Gary Coffman, Marvin Gathright, Tommy Morrison and Eugene Fleener sparkled on defense for Morton. Charlie Silhan also looked fine late in the game. Here's how the statistics showed up:

## Three Way Opens Quest for 6-man Title With 14-0 Victory Over Cotton Center

Two short runs, plus a superlative defensive effort throughout the entire football game, set Three Way up as the team to beat in the District 6 - man grid conference, Friday, as they nipped Cotton Center, 14-0.

The Eagles, with a fast, aggressive team, scored both touchdowns after sustained drives. Carter Williams, one of their fastest backs, scooted four yards for the first score and Bailey Griffith added the two points after on a run.

Butch Tucker's six yard drive ended the second scoring drive of 50 yards. The Pat failed.

The Elks of Cotton Center are figured to give the Eagles their toughest competition in the conference. Each team plays the opposing team twice, so the Eagles will meet Cotton Center one more

time. They play Bula at home this week.

## Roberts Leads Bula In Win Over Pettit, 66 to 0

BULA (Spl.) - With speedster Norvell Roberts running wild, getting good backing and utilizing his speed to the best advantage, Bula romped over Pettit, 66 to 0, Thursday in an 8-man grid game.

Roberts tallied 7 touchdowns, including runs of 72, 70, 64, 57, and 50 yards, passed for an 8th score, and carried four extra point conversions himself, to account for 50 of the 66 points.

However the victory wasn't a one man show. With three more added to the team, 12 boys will be in the lineup Friday when Bula tackles Three Way. Donnie McCall took the Roberts pass for a TD and Larry Archer intercepted a pass for the other score. Archer and McCall each managed to run over one conversion attempt.

The Bula Bulldogs didn't score in the opening period, but cut loose for three tallies in the second quarter for 20 points; two in the third stanza for 16 points, and a whopping four TD's in the final quarter for 30 points.

Lee Pearson and Danny Hall were also outstanding for the charges of Coach Melvin Howard.

## Indian Foes Still Taking Lumps In Early Grid Games

Here's how Morton Indian opponents for 1959 fared in their games played last Friday night. Districtwise, Morton was the only winner, though all teams in conference 2AA played out of district foes. Abernathy didn't play and Olton and Lockney were clobbered. Muleshoe was nipped by Sudan.

- Plains 50, Wilson 0
- Farwell 35, Bovina 12
- Sundown 49, Hale Center 8
- Olton 6, Floydada 43
- Lockney 6, Dimmitt 24
- Sudan 14, Muleshoe 7
- Idalou 22, Springlake 0

## Fresh Lose Opening Game

The Morton Freshman graders made their first start of the season on the local turf, Thursday afternoon, dropping a narrow 14-6 decision to the Plains freshmen.

Willard Cox tallied the only Morton touchdown on a dash around end.

Dear Friend:  
 Long-range legislation aimed at finding new markets . . . industrial markets . . . for America's agricultural products recently received overwhelming approval by the Senate.

The thinking behind this program could mark a major attack on the problem of a \$9 billion agricultural commodity surplus that now plagues our national economy.

Rather than relying on artificial controls and continued Government subsidies, this program proposes a positive approach of finding new uses for these commodities.

The ultimate objective would look to the day when the American farmer would enjoy full production from all his acreage . . . and receive for his products a fair price under a free economy.

This would be a crash program in which the best talent available would be employed.

Imagine a truck ride so smooth and cushioned that fragile loads can travel the worst "wash-board" roads with ease. Imagine a truck ride that virtually eliminates shimmy and wheel fight, cuts side sway on curves, makes steering far steadier and easier, keeps drivers far fresher. Imagine a truck ride that permits higher safe cruising speeds, more trips per day with all kinds of cargo over every type of road surface. Imagine a ride that keeps up to 78% of all objectionable road shock and vibration from ever reaching the driver and cargo, a design that sharply reduces twisting and fatigue forces on chassis, cabs and bodies, that keeps trucks young for extra thousands of miles. / Soon you won't have to just imagine such a ride. You can try it for yourself in the trucks that do the next best thing to paving every road in America—new Chevrolet trucks for 1960. You'll see what happens when Chevy's truck engineers design a whole new line of trucks around a whole new kind of torsion-spring suspension. These trucks are new from the ride on up—with wonderfully roomier cabs, brawnier frames, style that's fresh as sixty and more! Don't decide on any new truck till you see the newest of all.

Leading Southwestern Farmers Say—

**Plow Down Ammonia in the Fall**

One High Plains farmer said: "I prefer to plow down Phillips 66 Ammonia in the fall on my maize land. The ammonia helps rot down residues, makes the soil easier to work. And I get high, profitable yields."

Other successful Southwestern farmers prefer to apply Phillips 66 Ammonia early on crop residues. Its 82% nitrogen stimulates soil bacteria, the bacteria rot down the residue, and return extra plant food to the soil. Phillips 66 Ammonia resists leaching . . . any unused nitrogen remains in the soil to

boost yields and profits for your oncoming crops. Another benefit of fall plow down of ammonia is getting this important task out of the way ahead of the big spring work load. If you haven't plowed down ammonia before in the fall, talk to your Phillips 66 Ammonia distributor. He can give you names of farmers in your area who have profited through fall application of Phillips 66 Ammonia. And he'll be glad to work out the right amounts and the best time to apply the ammonia.

Allegros Opened Study Club Year, Thursday, Sept 3, with Dinner at Barker Home, Honoring their President

The Allegro Study Club honored their new president, Mrs. S. W. C. Vanlandingham, with a dinner at the Barker home on Thursday, September 3. Mrs. Vanlandingham was the guest of honor at the dinner. Other hostesses were Messrs. T. K. Williamson, Truman Harold Drennan, Tom Row-

The Steps We Take Today Determine How Far We Can Go Tomorrow.

The Club Motto for 1959 - 60 is "Better Mothers, Better Children, Better Citizens and a Better Nation."

The course of business for the evening included the electing of Mrs. Bobby Travis and Mrs. James McClure to serve on the executive board.

The Chairman's suggestion for the year, "Coming Together is Beginning, Keeping Together is Progress; Working Together is Success", seems to be the key for all clubs to observe.

The study for the new year is centered around the home with very interesting topics. The first of which "The Home of Today", includes basic principles of decoration and selecting ornaments and accessories for the home. The next meeting will be in the home of Mrs. James McClure on Sept. 17, 1959.

CAPROCK COUNCIL OF GIRL SCOUTS SETS WORKSHOP TODAY

The Caprock Girl Scout Council will hold a Program Workshop on Thursday, Sept. 17th, at the Westminster Presbyterian Church, 53rd and Indiana Streets in Lubbock from 9:30 A. M. until 2:30 P. M.

Each person attending is requested to bring her sack lunch. Coffee and soft drinks will be available. A nursery will be provided at a small fee.

The Workshop is designed to help all leaders in the Council plan good Troop programs. There will be age level groups for Brownies, Fly-ups, Intermediates, and Seniors. A specialist in each of the Girl Scout program fields will meet with every age level group. This system of rotation will give each group the opportunity to learn how the Girl Scout program can work at various troop levels.

During the lunch hour a film, "You Are It," will be shown. This is a clever public relations film. This workshop is designed to bring program opportunities closer to the troop. All troop leaders in this area are urged to attend and bring someone with them.

CAMP FIRE GROUP ELECTS OFFICERS

Keema Camp Fire Girls met and elected officers for the quarter. They are president, Sue Lewis; vice-president, Janette Cooper; secretary, Charlotte Smart; scribe, Patricia McClure; song leader, Nancy Lynch.

Plans were made for the year and girls were given a craft to do by the next meeting. Discussions were held on the selection of an Indian name for each girl.

H.D. COUNCIL MAKES PLANS FOR OBSERVING COUNTY WIDE ACHIEVEMENT DAY, OCT. 13

A busy schedule of information and coming events was revealed at the regular meeting of the Cochran County Home Demonstration Council on Sept. 8 at 2:00 p. m. in the County Activity Building.

The THDA Creed and Prayer were read by members. Mrs. G. C. Keith, chairman of the Council, was in charge and Mrs. Woodrow Self was acting secretary.

It was announced that County Wide Achievement day will be observed on October 13, from 10 a. m. to 5 p. m., which is the date of the next Council meeting, also.

LAVERNE CORDER LOCAL GRADUATE IS FACULTY MEMBER AT HARDIN SIMMONS

One of the newcomers on the staff at Hardin Simmons University this fall is a Morton high school graduate, Laverne Corder, brother of Mrs. Wilburn House and nephew of W. A. Corder, both of Morton.

Corder, who has been studying education ever since graduating from Morton, got his degree from Eastern New Mexico University in 1954, and began teaching that fall. In the interim he worked in the office of Wapples Platter Co. in Lubbock and as a stenographer for the Santa Fe Railroad.

Soon after starting teaching at Abilene, he was called to the service in November of the same year, and took his basic training in the U. S. Army at Fort Chaffee, Ark. Serving as a company clerk in Erlangen, Germany for about 19 months, Corder also continued his chosen profession. He taught in the American Education Center for American soldiers on the base, and it was his good fortune to tour Germany, France, Italy, Saar, Switzerland, Monaco, Austria, England, Belgium, Holland, Denmark, Turkey, Lebanon, Israel, Jordan, Syria, Egypt and Greece.

In '56, Corder returned to Abilene and became Secretary to the Superintendent of the Schools while teaching some business subjects. In 1957 he taught full time in the business department.

AUSTIN, TEX. — People who have been writing Gov. Price Daniel in the past few weeks say "no more taxes, please."

In mid-August the governor announced he would call a special session to raise money for higher teacher pay only if people demanded it. He said he also wanted to find out how legislators felt after they had had a chance to be home a while and talk with the folks in their districts.

In the weeks that have transpired, there has been a heavy volume of mail running strongly against the special session idea. Lawmakers also are taking a dim view of being called for a fifth round of money hunting.

Whether this means that projects for a teacher pay session are out remains to be seen. It could mean only that the teachers, their families, friends and other school-minded people have been too busy with "back to school" work to get their letters off to the governor.

On the other hand, it could mean that the people are getting tired of taxes, and sparingly wage scales. PINCH ALREADY FELT

Perhaps the reason many Texans weren't eager to have another tax session was that they were beginning to feel the bite of new taxes already passed this year.

State Treasurer Jesse James' report shows that many stocked up on cigarettes and liquor during August, before higher taxes on these items became effective in September.

Sales of liquor and cigarette tax stamps soared to \$5,227,642 in August. This is \$1,098,496 higher than sales for August 1958. No statistics are available for the pre-tax selling of items which got hit for the first time.

Governor Price Daniel's office has suggested that the State Hospital Board tap its \$1,200,000 emergency fund to eliminate any fire hazard to the 800 oldsters housed in the Confederate Home in Austin.

Governor Daniel vetoed a legislative appropriation to build new quarters for the patients. His action brought some reactions of surprise and criticism. State Hospital system's safety officer was quoted as labeling the 50-year-old frame buildings as "definite fire hazards."

A spokesman for the governor reported that the appropriation the governor scratched would not have emptied the Confederate Home. He said it would have provided quarters for about 300. He suggested the State Hospital Board use its emergency fund to re-double safety precautions for the old folks.

LONG TIME, NO PAL — Legislative employes will have to wait until Nov. 4 to get their next pay check.

In its last special session the Legislature approved a \$330,000 fund transfer for these between-sessions expenses by voice vote. But all bills not passed by a two-thirds record vote cannot take effect until 90 days after the session ends. Hence, the November date for this action.

Legislature also appropriated \$1,000,000 for legislative expenses, but this was vetoed by the governor. He said he felt they could get along on the \$330,000.

Arrangements were being made for some 20 House and Senate employes, who've missed two pay days now, to get low interest loans from loan companies.

ATTENTION ALL BOAT OWNERS
State Highway Department has announced that registration and licensing of boats under the new water safety act will begin next month.

Boat owners will have until March 1, 1960, to get their certificates and identification numbers.

Forms are now being printed and will be distributed to boat dealers, county officers, Highway Department officers and other public offices.

Cost of the licenses will vary with the size of the craft. Here is the scale: Boats under 16 feet in length, \$1; 16 to 26 feet, \$5; 26 to 40 feet, \$10; 40 feet or more, \$12.50.

Boats, regardless of length, if equipped with a 10 hp motor or less, will be exempt from the tax

By — Vern Sanford

AUSTIN, Tex. — "Dogwood time in Texas" could come around Thanksgiving this year.

In years past, the deadline for candidates to file for a place on the Democratic primary ballot was the first Monday in May. Would-be candidates frequently followed an old East Texas tradition of holding off formal announcements "until the dogwood is out." Depending on the season, to early March, some 2 to 2 1/2 dogwood blooms in late February to early March, some 2 to 2 and one-half months before the old May filing deadline.

Election law changes passed this year move the filing date up to Feb. 1. If the whole schedule is moved up accordingly, "dogwood time" would be from late November to early December.

Probably, for the first time at least, long habit will cause most candidates to feel this is too early.

Also for the first time in 1960, county officials will face a new fact of life. A constitutional amendment adopted last year bars them from running for another office while holding their present office, if it has more than one year to run.

This means that district judges, district attorneys, county judges, etc., are: whom have four-year terms, can't run for some state office in their "off year." They will have to resign first.

This rule does not apply to state officials holding four or six-year offices.

BATTLE LINES FORMING — However lively state politics, they probably will be eclipsed in the coming months by the tremendous interest building up in national party politics.

Focal point of most of the suspense and activity is U. S. Sen. Lyndon B. Johnson, first Texan since John Nance Garner to be

regarded seriously as a potential presidential nominee. Clubs to support Johnson are already being formed, and Democratic Executive Committee Chairman J. Ed Connally of Abilene has predicted strong unity behind the senator.

But a complete unity is not likely. Liberals are forming a Texas Democrats for Stevenson organization.

First showdown will be at the precinct conventions. They'll be May 7 since the new law moves the date from the last Saturday in July to the first Saturday in May.

REPORT TO TAXPAYERS — Texas government cost more last year than ever before and will cost even more in the fiscal year that began this month.

But there was a bright spot in State Comptroller Robert Calvert's report. Because of a new bookkeeping system enacted by the Legislature, the General Revenue Fund deficit is only \$26,571,150 instead of the \$67,000,000 that was predicted.

Calvert reported the state spent \$1,163,883,080 in the year just ended. This is \$140,000,000 more than in the previous year. In the present year spending will be some \$50,000,000 higher than in the year just ended.

Biggest expenditures, in the order of their cost, were for highways, schools, public welfare, state hospitals and penal institutions.

STUDY FOR SURVIVAL — A new adult education program, aimed at the person who wants to live to a ripe old age regardless of what happens, will be launched in Texas this fall.

Texas Education Agency, in conjunction with several other state and federal agencies, is setting up the civil defense study program. It will be offered initially through public schools and junior colleges.

TEA's team of civil defense consultants will begin by holding workshops in various Texas cities and towns to train teachers. Teachers in turn will set up free classes for the public.

A 12-hour course in six two-hour sessions is planned. It will cover the potential perils from both natural and man-made disasters, and how to survive them.

Texas is one of five pilot states which will pioneer this program this year. Next year 29 states will participate.

DAMP HARVEST — Too much rain at the wrong time has caused Texas crop projects in some areas to sag.

U. S. Department of Agriculture has estimated the state's 1959 cotton crop at 4,525,000 bales. This is 225,000 bales less than was predicted earlier.

Wet weather, causing insect damage and root rot, particularly in East Texas, was blamed. Quality, as well as quantity, of cotton has been hurt by the rains.

In some parts of the state August was the wettest month this year.

Rice, grain sorghum and vegetables also have been damaged in sections near the coast.

HATCHET BURIED — A long and sometimes bitter controversy over Trinity River water apparently has ended in compromise.

Conflict had developed between the City of Houston and the Trinity River Authority, for which Dallas and other upriver residents were spokesmen. Each group wanted a permit from the State Board of Water Engineers to build a reservoir on the Trinity.

Charges and counter-charges were exchanged with a strong undercurrent of regional rivalry. A shouting contest before the Water Board seemed inevitable.

Now TRA and Houston have agreed on a plan by which the reservoir would be built, owned and operated jointly by the two. Houston would pay 70 percent of the cost and get 70 percent of the water.

SENATOR YARBOROUGH'S REPORT

Our state has gone through seven years of drought followed by two years of floods. That is why we can realize the first and

tragedy of the veto of the Public Works Appropriations Bill. As was shown in the 274 to 138 vote in the House of Representatives - just one short vote of over riding the veto - the overwhelming majority of the Congress favored the measure, which would build vitally needed flood prevention measures, river and harbor channels, city reservoirs and other projects to help our people in Texas.

The veto of the public works bill could mean stopping work on projects in Texas such as the Trinity River Survey, McGee Bend Dam, Gulf Intracoastal waterway, Houston and Matagorda ship channels, Saline - Neches Waterway, San Antonio Channel, Port Arkansas - Corpus Christi Waterway, Red River Projects, Galveston Harbor and Sea Wall, Brazos Island, Buffalo Bayou, Waco Reservoir, Canyon, Cooper and Lampasas Reservoirs, Moorings Port and Navarro Mills and Proctor Reservoirs, Texas City and other programs.

The bill to create this National Seashore on Padre Island is the first one I introduced in this session of Congress. It was the fourth bill introduced in the Senate; it is Number 4. If a representative of your group or organization cannot attend the hearings personally, please send the resolution, petition, letter or statement to me at my office in Austin and I will be glad to present them to the committee members.

If we do not act soon to preserve the greater part of this island in the Gulf of Mex. between Corpus Christi and Brownsville, private exploitation will have ruined its natural beauty and its value as a wildlife refuge. Padre Island and the waters which wash its shores abound in fish and other wild life. The historic past of this strip of sand and grass has been explored, pirates, Indians, cowboys and many others pass that way.

Its chief drawing card is the wealth of recreational activities which it offers. Looking at the rest of our coastline, we can see the tremendous popularity of a National Seashore like Camp Hatteras, and we can see how private development ruins public enjoyment of the seaside. This nation's population is increasing rapidly. We must keep our recreational facilities agile.

With the support of Texans and others, Padre Island can become a new winter playground for the present and future generations.

Department officials have studied several cases in which rabies was apparently transmitted to people by bats. Two of the cases involved women who were trying to help bats that seemed to be hurt. Death resulted in each instance.

Bats serve a useful purpose, the bulletin points out, consuming as much as twice their weight in insects each night. A healthy bat, it continues, won't be near people. And if people exercise reasonable caution, says the article, there is little danger.

The Highway Department will deal only with the registration phase of the new law and not with safety enforcement.

SENATE INVESTIGATORS Sen. Wardlow Lane of Center has been appointed chairman of the Senate General Investigating Committee.

Others appointed to the committee by Lt. Gov. Ben Ramsey are Sens. A. M. Aikin Jr. of Paris (reappointed), Dorsey B. Hardman of San Angelo, Bruce Reagan of Corpus Christi and R. A. Weinert of Seguin.

This committee succeeds a panel headed by Sen. Charles Herring of Austin which collected reams of material on the ICT Insurance Company, the state insurance liquidation division and tax collecting procedures in the State comptroller's office.

COST OF CITIZENING... In the past ten years Texas prison population has rocketed from 5,000 to 11,000.

Some might wonder if the state is reverting to the lawless ways of the Old West. Not so, according to O. B. Ellis, general manager of the Department of Corrections. Seemly, it's "progress" . . . or at least a parting with old ways . . . that's causing the trouble.

In citing what he feels are the reasons more Texans are getting behind bars, Ellis put "urban movement" at the top of the list. "A good old country boy moves to the city," Ellis explained, "has a 40-hour work week and does not know how to use his time."

Ellis also blamed no jobs for youngsters and misplaced values. "Too much emphasis on the big home, the big auto."

Getting a beneficial law passed is a step-by-step procedure. A very important step has just been taken toward making a National Seashore Area on Padre Island in Texas. And the people of our state have a chance to help.

The Senate Interior and Insular Affairs Committee will hold hearings in Texas later this year on my bill to create such a Seashore.

MR. and MRS. JAMES LEE HARRIS

### Mr. and Mrs. J. L. Harris Will Observe 50th Wedding Anniversary, Saturday

Mr. and Mrs. James Lee Harris, residents of Cochran County since 1936, will quietly celebrate their 50th wedding anniversary, Saturday, September 19, at their home 10 miles northwest of Morton.

The Harris', who were married at Crandall, in Kaufman County, Texas, on September 19, 1909, have farmed most of their lives. Harris, who enjoys farming, may enjoy it just a little more this year, if everything goes well from here on in. He says he has the best feed crop ever, which he began cutting this week and he also says the cotton is

looking pretty good. Mrs. Harris, the former Melissa Jane Haney, hails originally from Atlanta, Georgia. Her father was a railroad man, and in 1904 he moved his family to Forney, Texas.

James Lee Harris was born at Knox City, Texas. At a very early age the family moved to Forney where he was reared and where he was attending school when he married Melissa.

The couple began farming and in 1926 they began their move northwest when they moved to Childress. They spent 10 years there before coming to Morton in 1936.

The couple have three daughters: Mrs. Jessie Lee Conwell of Dallas, a widow; Mrs. Pete (Viola) Davis of Estellene and Mrs. Jake (Virgie Dell) Reid. They also have five grandchildren and one great-grandchild. A sister of Mrs. Harris, Mrs. Walter Holt, also lives in Morton.

Just a quiet day, that's the way they've planned it. But, in typical West Texas fashion, they added, "we always like to have friends visit. You come on out and see us if you'd like."

### JAYCEES PLAN TWO OUTINGS

The Morton Jaycees planned two organization outings for the near future at their meeting Monday noon.

They planned a members and guests night for the first Saturday night in November and a Jaycee and family barbecue outing set for next Thursday night (September 24).

One guest was on hand, Robert George, Court Reporter of the new Judicial District, who spoke to the group for a few minutes on the duties of the Court Reporter.

President John Barnes was in charge of the meeting.

### MOTHER OBSERVES 85TH BIRTHDAY WHILE STAYING HERE

Mrs. W. A. Wilson, who is a guest in the home of her daughter and husband, Mr. and Mrs. R. C.

Strickland, Morton, observed her 85th birthday Thursday, Sept. 10. Another of her daughters, and her husband, Mr. and Mrs. E. L. Smith from Houston were here from Monday until Friday, to celebrate the occasion.

Two sons and their wives, Mr. and Mrs. Marvin Wilson and Mr. and Mrs. Burton Wilson of Hamilton Texas and a nephew and his wife, Mr. and Mrs. Earl Whitten from Hobbs, N. M. were dinner guests for the occasion, also.

Guests from Morton were, Mr. and Mrs. Al Mullinax and daughter Carrie Ann.

Mrs. Wilson has 11 grandchildren and 16 great grandchildren.

### VISITED WITH PARENTS

### FAIR TIME

Most of the county fairs are being held this month. I have been asked to judge at the Hale County Fair at Plainview on Wednesday, and the Hockley County Fair at Levelland on Thursday.

Exhibits for the women's and girl's division at the Panhandle South Plains Fair, Lubbock, should be entered before noon Friday September 25. The exceptions are breads, cakes, candies and flowers which are to be entered Monday morning, September 28.

### FREEZING SWEET POTATOES

Preparation: Use medium to large mature potatoes that have been cured. Wash and cook until almost tender in water, pressure cooker or oven. Cool. Peel, cut in halves, slice or mash. To prevent potatoes from darkening, dip for 5 seconds in a solution containing 1 tablespoon citric acid or 1/2 cup lemon juice to 1 quart of water. To keep mashed sweet potatoes from darkening, mix 2 tablespoons orange or lemon juice with each quart of mashed potatoes. Package and freeze immediately.

## Allsup Chevrolet Has Many Years Of Experience

The 1960 Chevrolet cars and trucks are on the way... in fact, the 1960 pickups are now on display at Allsup Chevrolet Company, Morton.

Allsup Chevrolet Company, located just east of the Signal light on East Washington, has been the area's headquarters for new Chevy autos, pickups, and trucks since 1941.

That was the year the firm was founded here by Roy Allsup in a building one block south of the square. In 1941 the Allsups erected the building which is now known as headquarters for the authorized area Chevrolet dealer.

In 1949, after serving a hitch in the Navy, Mr. and Mrs. Allsup's son, Don, returned to Morton and purchased an interest in the firm.

Today, Roy keeps busy running his farm west of Morton while Don manages the firm.

In 1935 the Allsups moved to Cochran County from a farm in Lubbock County. Until 1938 they operated a farm here. That year they moved into Morton and Roy opened a general repair shop which he operated until opening the Chevrolet house here in 1941.

Believing in service first to the customers, the mechanical department at Allsup Chevrolet has successfully grown until today you'll find seven trained mechanics on the job to give you faster service and quality workmanship.

And it makes no difference whether your job is large or small, Allsup Chevrolet Company is the place to go for skilled repair work at reasonable prices.

Turning again to Don and his wife, Peggy, they were wed here in October, 1947. They have two children, Donna Jo, 10, and Ronny, 7. They are members of the First Missionary Baptist Church.

Peggy, Mrs. Don Allsup, is the daughter of Mr. and Mrs. W. C. Key who farm south of Morton.

Don, who has always been active in civic work, is now a member of the Morton Lions Club and the Morton Volunteer Fire Department. And, like a lot of other folks hereabouts, he loves fishing, and a little golf when he can find time.

And, as Don says, whether you're interested in a new car, pickup, or truck, drop by the Chevy house first, you may find a bargain you can't pass up... lots of folks have.

## Buck's Service Is One of Morton's Newer Stations

"It's time for you to let us 'weatherize' your auto, pickup, & truck," says Buck Tyson, owner-operator of Buck's 66 Service located three blocks south of the signal light on South Main, Morton.

Fall is fast approaching, and winter is just one step behind, and part of your being prepared for winter is having your car, pickup, and truck "weatherized."

Buck and his experienced attendants, Joe Encinas, Carroll Fleming, and Richard Coleman, have the know how and the quality products to do the best possible "weatherizing" job on your vehicle.

Besides a complete line of Phillips 66 gasoline, oils, and greases, Buck's 66 Service offers top wash and grease jobs, and polish jobs.

You can also look to Buck's 66 Service for Phillips tires, tubes, and batteries.

Buck stocks a complete line of accessories, motor addiments, floor mats, seat cushions, reflectors for vehicles, and a good line of auto cleaners and wax, if you want to shine your own auto.

Incidentally, Buck's 66 Service is open from 6 a. m. to 12 midnight daily.

For road service just phone 4011, Buck will send you aid immediately.

But something about Buck. A graduate of Three Way High School in 1956, Buck is the son of Mr. and Mrs. George Tyson of Maple.

While in high school he played football and basketball four years. Prior to moving to Morton, he operated a service station at Maple.

(It was on August 31 that Buck purchased Dave Beck's service station here.)

So, the next time you're in need of gasoline, or any other service offered by a progressive station drop by Buck's 66 Service, you'll receive a cordial welcome, and service that can't be equaled.

"As Buck puts it, 'We appreciate all patronage.'"

But don't take our word for it. Drop by Buck's 66 Service, seein' is believin'...

### MORTON P-TA GETS OFF TO FLYING START WITH 200 ATTENDANCE AT DINNER MEETING TUESDAY NIGHT

More than 200 persons turned out for the P-TA dinner meeting at the Morton School cafeteria Tuesday night. The meeting was held before school adjourns in the spring.

The 200 persons were served a chicken dinner with plenty of trimmings and treated to a program which included music and talks of P-TA Activities.

Willis acted as master of ceremonies for the meeting and Rev. Houston Walker gave the invocation.

Mrs. J. C. Reynolds gave a short talk on "The Purpose of the P-TA" in which she pictured those engaged in P-TA work as investing in the future, "for," she reminded, "the children of today are our future."

Mrs. Lloyd Miller, one of two ladies serving on the committee to plan the programs for the year, gave an outline of the meetings to come and thanked Mrs. Murray Crane, who is the other committee member, for her help in planning the meetings.

All officers of the P-TA were introduced and President Willis called on everyone to join the P-TA by paying dues at the meeting.

Charles Hill offered three solo vocal renditions and a trio composed of Jim Middleton and son, Gary, and Harold Drennan played and sang several songs.

Minister Cecil Williams gave the benediction.

The P-TA meets on the third Thursday of each month, with the exception of the next meeting, which is to be held on the 4th Thursday in October.

On October 27th, the program will consist of what the program committee calls "buzz sessions" in which parents will be grouped with those in the school teaching their children, for an impromptu program of information, questions, and answers, about the school program and policies.

Other programs planned for later include the appearance of a handwriting analyst; a forum conducted by members of the Cochran County Ministerial Alliance; a safety meeting; a student program; an open house; and a program on school legislation in which Texas Speaker of the House Waggoner Carr is tentatively scheduled to speak.

Charles McDermott was using a cane this week following injury to his right leg when he slipped from a truck.

**CO-OPS QUEEN** - June Johnson, 17 year old beauty and honor student in Slaton high school (Lubbock County) is the new Miss Texas Rural Electrification. She was selected over six other finalists from throughout the state at the Nineteenth Annual Meeting of Texas Electric Cooperatives, Inc., in Houston August 27 - 28. The pretty blue-eyed blonde entered the state contest as Miss South Plains Electric Co. op. She was named "Teenager of the Year" recently by the Slaton Junior Chamber of Commerce. And she has earned many other honors in public speaking, as a soloist, and in style shows where she modeled clothes of her own creation. She also has the highest achievement award of the Future Homemaker of America. Miss Johnson will represent Texas co-ops in the national Miss Rural Electrification Contest in St. Louis in February, 1960. She is 5' - 4" tall, weighs 117, measures 35-24 - 35.
