VOLUME VII "Covers Texas' Last Frontier Like the Dust" MORTON, TEXAS, SUNDAY, OCTOBER 4, 1959 NUMBER EIGHT

WEDNESDAY COLLISION CLAIMS THIRD LIFE

SERVICES SET FOR 3 VICTIMS

Orion A. Rowinsky, third victim of the two pickup collision west of Morton Wednesday night, died Friday at 11:25 a. m. in the Cochran County Hospital.

Mr. Rowinsky, 39, who is believed to have been the driver of one of the pickups, had emergency surgery until Thursday morning but was never taken off the critical list. He was suffering internal injuries.

The other two men in the pickup with him, a brother Donald Garner Rowinsky, 26, and Jim Harhad Cooley, 43, were dead.

INDIANS HANG ON TO SQUEEZE OUT 6-TO-0 TRIUMPH OVER IDALOU CATS

The Morton Indians found their way back into the winner's circle Friday night with a hard fought team effort against a strong Idalou eleven, 6 to 0.

One break-away run was the difference in an otherwise close game.

The first three quarters of the game were played in a driving rain which caused a great deal of fumbling. Alert Morton pounced on the majority of these and kept out of danger.

Whiteface Is Clobbered by Plains 42 to 0; In Game Played on Muddy Field

The Whiteface Antelopes were no match for the Class A Plains Cowboy's, Friday night, in a game played in rainy weather on a muddy field. The Antelopes gave it all they had, but the final score was Plains 42, Whiteface 0.

Plains' rugged defensive line held the Antelopes at bay as Joe Dan Marrow, Ray Faught and Walt Coffman turned in the big yardage for the winners.

Marrow tallied Plains' only first quarter score on a wide end run, and quarterback Mike Sink tallied the two points after on a keeper play.

The Cowboys pushed across two more scores in the second quarter. Joe Bob Oats caught a jump pass from Sink and traveled 15 yards to score. Marrow bulled over from the two yard line before the half and Faught added the two points to give Plains a 22-0 halftime lead.

SOME HAIL DAMAGE REPORTED IN BAD WEATHER FRIDAY MORN.

Thursday's mist and the late Thursday and early Friday morning rains in Cochran County produced readings on the gauges of more than one inch in several places, but the heaviest damage wrought during the storm was due to hail.

Several farmers west, and some slightly southwest reported heavy hail damage to cotton, including Cortie Coffman, who farms 10 miles west, and reported an inch of rain along with serious damaging hail.

Though the Soil Conservation office gauge, the official rearing for the county, measured only .79 of an inch, most gauges on area farms hovered around the one inch mark. Roy Brown's farm, just southwest of the city, received more than an inch of moisture at the gauge.

M. E. Casey, proprietor of Casey Gin, at Maple, said they received about 1.7 inches of rain there, and hail which caused some crop damage, but he didn't feel it would be too heavy.

West of Maple, the shingle roof on the home of Bob Sanders was pelted heavily with hail and will have to be replaced, Casey said Friday.

WHITEFACE BAND WINS 1ST PLACE

The Whiteface School band, under the direction of Ray Showalter, was announced as winner of first place among the Class B school bands, in the Panhandle South Plains Fair parade last week.

Out of Service

Jackie Holleyman, who has been serving in the U. S. Navy for the past four years, returned home last week, after final separation from the Armed Services. He is the son of Mr. and Mrs. Fred Holleyman of Morton.

RESOLUTIONS TO BE SUBMITTED . . .

Cong. George Mahon to Speak in Morton Thursday At Labor Association — Farm Bureau Annual Meeting

Congressman George Mahon, who has spoken in Cochran County several times in the past few years since he has been serving in the U. S. Congress, will be the principal speaker Thursday night, October 8, at the annual meeting of the Cochran Countyso tended to. The resolutions committee of the Farm Bureau, will submit their resolutions to the membership for approval or disapproval at this time. The resolutions will be drafted at a meeting today (October 1st) in the County Agent's office. Serving on the Resolutions Committee are Henry Chessher, Roy Hickman, Gene Benham, J. R. Kuykendall, Syl Greener, LeRoy Johnson and Willard Cox.

The Farm Bureau will also hold its election of Directors at the meeting.

If time permits, County Agent Homer Thompson will briefly discuss cotton defoliation.

Olen Smith Buys Interest In Jeter Hardware

Olen C. Smith, a former area resident, has recently become co-owner and assistant manager of Jeter's Hardware, located on the southside of the square in Morton, it was announced last week by N. D. Jeter of Morton.

Smith is from S'reveport, La., where he was a field production foreman for an oil company.

Mrs. Smith is the former Miss Imogene Jeter, daughter of Mr. and Mrs. N. D. Jeter.

Mr. and Mrs. Smith were wed in 1953. They have two children, Terry, 4; and Patricia, 2.

Glen Flanagan Purchases Service Station

Glen Flanagan has announced the purchase of Chancy's 66 Service, north on the Enoch Highway and just in front of Windom Oil and Butane warehouse.

Flanagan has been in the service station business for the past one and one-half years.

Mr. and Mrs. Flanagan, members of the First Baptist Church, have one child, Glenda, 6 months old. Glen Flanagan is the son of Mr. and Mrs. Henry Flanagan of Morton.

The service station, to be renamed Flanagan's 66 Service, will continue to offer a complete line of Phillips products — including Flight Fuel, Phillips motor oil, and Phillips ethylene glycol base anti-freeze.

Conoco Offers Get Acquainted Gift Items

A "beautiful" 3-piece stainless tableware setting is being offered for only 69 cents with each fill-up of Conoco gasoline at Reynolds Tire Company, north on the Enoch highway.

The offer is a nation-wide "get acquainted" project by Conoco. Regular value of the set is placed at \$1.39.

Bedwell Impl. Is Morton's New M - F Dealer

Area farmers will have an opportunity to see the full line of Massey-Ferguson farm equipment in action Tuesday evening, Oct. 13, beginning at 7 o'clock.

The night demonstration will be held east of Morton, just east of the Silver's Butane Company on the Whiteface Highway.

The demonstration is being sponsored by the Bedwell Implement Company of Morton, newly appointed dealer for the Massey-Ferguson line.

The line includes the only tractor with the Ferguson System and the "world-renowned" Massey-Harris combines, it was pointed out.

In making this announcement, Henry Bedwell extends to area farmers a special invitation to drop by and see the Massey-Ferguson farm equipment now on display at Bedwell Implement Company, Morton.

(The company is also retaining the Minneapolis-Moline line of farm equipment which it has handled in this area for a number of years.)

Details of the appointment will be found on page three of this publication of the Dollar Day Special.

Cub Pack Sets Monday Meeting

There will be a Cub Pack meeting, Monday night, October 5th, at 7:00 o'clock at the Banquet Room of the County Activities Building. It was announced this week. All Cubs and their parents and leaders are urged to be there.

Mission'y Baptist Is Scene of Tyler Services

Funeral services were held Saturday (yesterday), at 3:00 p. m. at the First Missionary Baptist Church, in Morton for Mrs. O. B. Tyler, 66, mother of three Mortonites, who died at the home of a daughter, Mrs. Maurice Lewallen at 1:45 a. m. Friday.

Rev. Roy McCoy of Ropesville was to conduct the services assisted by Rev. Austin Steadman, pastor of the church. Mrs. Tyler was a member of the First Nazarene Church of Levelland.

Burial was to be in Rest Haven Memorial Park, Lubbock, under the direction of Singleton Funeral Home of Morton.

Mrs. Ethel Georgia (Garrison) Tyler as born Dec. 29, 1892, in Garza, Denton County. On the 10th of this month, she and Oscar B. Tyler would have observed their 50th wedding anniversary, having been married in Lewisville, October 10, 1909. They moved to Morton from Dodson.

Survivors include the husband; one son, Cecil Tyler, of Morton; three daughters, Mrs. Maurice Lewallen, Morton; Mrs. Cecil Lawson, Oklahoma City; and Mrs. W. L. Faust Jr., Morton; four sisters, Mrs. Nellie Parker, Grand Prairie; Mrs. Lula Perry, Lake Dallas; Mrs. Eula Luck, Hollis, Okla.; and Mrs. Sally Evans of Rockville, Md. She also has six grandchildren and one great-grandchild. One daughter was lost at birth.

Full bearers were to be Ray Denny, Hayes Denny, Raymon Yoakum, Thomas Beachamp, H. T. Golden, and J. C. Lewallen.

Homecoming Set For Whiteface

Whiteface Homecoming is set for Fri. Oct. 16, with Ropes as Friday, October 16, with Ropes as their opponent. There will be a supper for the exes served at 6:30 p.m. at the school cafeteria.

Wage Findings Are Announced

Wage findings effective September 30 Cochran County cotton first pulling irrigated \$1.50 per hundredweight. Rates less than \$1.55 per hundredweight for pulling are not applicable to Mexican contract workers.

The above information was received by the County Agent from Ed McDonald, Regional Director, Texas Employment Commission, Lubbock, Texas.

National Flower To Be Selected

A nation wide election to choose a possible national flower begins this month.

Area residents may vote for their favorite flower during October at Morton Floral and Greenhouse, a member of the Florist's Telegraph Delivery International.

Results of the voting will be submitted to Congress during the next session as a basis for legislation.

Following the election, ballots will be counted at a central clearing house and audited by an independent accounting firm. These results will go to the appropriate Congressional committees.

Resolutions favoring the following flowers have been submitted to Congress: Black Eyed Susan, Corn Tassel, Carnation, Daffodil, Grass, Marigold, Mountain Laurel, Rose, and Shasta Daisy.

The following popular American flowers complete the official ballot: Camelia, Chrysanthemum, Geranium, Gladiolus, Goldenrod, Lily-of-the-Valley, Magnolia, Orchid, Peony, Rhododendron, and Tulip.

A blank space permits the voter to "write-in" the name of any flower which suits his floral fancy.

Pay Your POLL TAX early, this year

Morton students are scheduled to get their first six-weeks tests of the school year this week.

School was dismissed Monday at 2:30 p. m. in order that students might attend the South Plains Fair.

Ginning Slow Because of Weather; Hands Are Going to Be Hard to Get

The latest report received from the TEC office, dated Sept. 28, gives the number of bales of cotton ginned in Cochran County at 160 and the crop condition as "good."

About 10 per cent of the cotton is open but harvesting has been delayed by three major factors. The weather has been a factor, with three days of damp and cold weather blanketing the county.

Another factor has been the unavailability of crews to pull cotton. This is caused by two other factors, according to a county ginner: (1) experiences in the past have caused fewer and fewer pickers to want to come to this county to pick cotton, because farmers here have a tendency to machine pick their better cotton. (2) the average price for picking, of \$1.50 per hundredweight, is from a nickel to 50 cents less than in some parts of this district.

BOND SALES IN SLIGHT INCREASE

Despite a very slow month of August, "saving bond sales through August 1959 totaled \$30,658", W. W. Williamson, Chairman of the Cochran County Savings Bond Committee reported this week.

"Our county has now reached 38.6 per cent of its 1959 goal of \$52,600," he said. August sales were \$416.

Sales in Texas for the first 8 months of 1959 were \$104,463,536, which is 57.2 per cent of the state goal.

"Never before have United States Savings Bonds been so attractive to investors and small savers alike," Williamson said today in commenting on the one-half per cent increase in interest rates on old and new Series E and W Savings Bonds.

Mexican Dinner Set For Today

A Mexican style dinner will be served Sunday evening, Oct. 4, at 6 o'clock in the County Activities Building by members of the Guadalupanas Society of St. Anne's Catholic Church, Morton.

The announcement came this week from Mrs. Trinidad G. Guajardo, president of the society.

The public is invited to attend. Tickets for adults will be \$1 and for children 75 cents.

Area Ministers Meet Wednesday

Cochran County area ministers will meet Wednesday for their regular monthly meeting at the Methodist Church, Maple.

The meeting, which in the past has been on Tuesday, will begin at 10:15 a.m. The host pastor will bring the devotional.

All ministers in the area are invited to attend.

Bake Sale Tuesday Announced By WMC Ladies

Doss Food Store will be the scene, Tuesday, of a bake sale sponsored by the WMC Ladies of the Morton Assembly of God Church, it was announced this week.

Cakes, pies and cookies will be for sale and, if enough baked goods are turned in, the sale may be carried on in two different locations.

Jury Dismissed Without A Case In Dist. Court

121st District Jury was summoned last Monday to try Civil cases set on the docket, but the jury was dismissed without a case being tried.

The first civil case on the docket was settled out of court, and a case set for Thursday was postponed when one of the ladies involved took sick.

No cases are set for next week in Cochran County, according to Court Reporter Robert George.

Deadline For Reserve Program Is Extended

The date for offering land for Conservation Reserve in 1960 has been extended to Oct. 9, 1959.

Anyone interested in putting land in the Soil Bank should contact the County ASC Office prior to that date for full details, and to sign their request.

Jaycees Cancel Family Night

Cold damp weather forced postponement of the Jaycee family outing at Cunningham Draw, in South Bailey County, last Thursday night.

No new date has been set for the barbecue steak dinner for all Jaycees and their families.

Mahon says Legislature Did Reasonable Job

Representative George Mahon, following the adjournment of Congress, has returned to Texas and opened his office in Lubbock.

In commenting on the session recently adjourned, said Mahon, "I believe we have done a reasonably good job in view of the fact that we have a divided government with the Democrats in control of the executive branch, the Republicans in control of the legislative branch. Generally speaking, I believe the Democrats and Republicans have shown a willingness to work together for the welfare of the country as they saw it."

Mahon said that he hopes the reform law will prove to the rank and file workers and to the general public that the approval of the program provided by Congress is a more efficient operation. Mounting cost make this a more urgent matter. The reorganization law which we enacted last session was characterized as a battle over spending. Claims and counter-claims have been made," Mahon said, "I feel any impartial judge would agree that Congress not only did not go on a wild spending spree but on the contrary, provided more money than had been provided by the Budget."

Mahon added, "Members of Congress generally, as well as the President and the people are being misled by high government officials. It is true Congress did raise the postage rate but we did, upon the urgent request of the President, raise the gasoline tax rate by 1 cent per gallon in order to continue the rapid construction of the Interstate Highway System. It did not prove possible to pass significant farm legislation at the recent session, Mahon said. Two farm bills were introduced by the Secretary of Agriculture but they are continuing to try to find a better way to a better solution in agriculture to survive with other segments of the economy and in the face of rising costs."

Mahon said he would not have the exchange of visits between the President and the Soviet Union, but that this decision was for the President to make in the light of facts known to him and that he earnestly hoped that good would come of the experiment. "Khrushchev," Mahon said, "is a tough foe. This time for softness of attitude is not our part." Mahon continued, "We have got to be strong militarily and otherwise if we are to meet successfully the increasing threat of the Communist to U. S. security."

Mahon's office in Washington will remain open through the fall. His district office, in the Post Office Building Lubbock, will likewise be open. Mahon explained that he plans to spend most of his time among the people and in his office, but his staff will be available.

7th Grade Ties; 8th Grade Loses At Muleshoe

Morton seventh and eighth graders met the Muleshoe Colts at Muleshoe last Monday.

The Morton eighth graders dropped their game 20 to 0, while the Morton seventh graders held their opponents to a 20 to 20 tie.

SHOP MORTON'S DOLLAR DAY MONDAY

First State Bank Contributes To National 4-H Club Program

The First State Bank, Morton, has joined with other Texas banks in national support of 4-H Club work, according to W. W. Williamson, president.

The contribution was made, Williamson said, to the National 4-H Club Foundation near Washington, D. C., as a part of a nationwide fund raising program.

Dr. D. M. Wiggins, Executive Vice President of the Citizens National Bank in Lubbock is providing leadership for this program in Texas.

The First State Bank, Morton, has supported local 4-H programs for several years, Williamson stated. The bank felt the National 4-H Foundation provided an excellent opportunity to broaden their support of the 4-H movement.

This local support of the National program has been acknowledged by a letter to Williamson from Jesse W. Tapp, Los Angeles, Chairman of the Board of

the Bank of America, who heads the 4-H program by contributing to the 4-H Foundation, and Grant A. Shrum, Executive Director of the Foundation. They indicated that the First State Bank Morton, one of "more than 2,200 public-spirited representatives of private enterprise that are helping to extend and improve the 4-H program by contributing to our work."

The National 4-H Club Foundation, a privately financed arm of the Cooperative Extension Service, is currently responsible for three major programs: (1) the International Farm Youth Exchange in which over 200 rural young people are exchanged each year between this country and 40 foreign nations of the free world so they may live and work with farm families and promote better understanding; (2) the National 4-H Club Center in the Nation's Capital, which was formally opened in June by President Eisenhower as a working demonstration of the philosophy of the 4-H movement; and (3) a broad program in human development - human relations for training youth leaders in how to work more effectively with young people.

Several Schools Open to WAC S. Graduates

The Department of the Army has released the following list of schools currently available for school graduates desiring to enlist in the Women's Army Corps for technical training:

1. Laboratory Procedures; 2. Stenography; 3. Cryptography; 4. Finance Procedures; and 5. Clerical Procedures and Typing.

Prerequisites for qualifying a woman for assignment to one of these schools include a series of aptitude tests administered by the Army Recruiting Main Office at Amarillo, Texas before enlistment.

After scoring the tests, the woman's name is submitted to the Department of the Army, and enlistment is granted to her. A guaranteed assignment to a technical school of her choice is provided upon completion of basic training.

Young women interested in enlisting for technical training in the Women's Army Corps may contact M/Sgt. D. Pesch, the local Army Recruiting Officer, at the Army Recruiting Station, 1110 Texas Avenue, Lubbock, Texas.

For the benefit of our nearby rural readers, who receive the Dollar Day Special on Saturday morning in the mail, we are reprinting on this page a group of stories of events of interest which are occurring today (Saturday).

Band Boosters Set Rummage Sale For Saturday

The Morton Band Boosters are sponsoring their annual Rummage Sale, to be held Saturday, October 2nd, on the North side of the square, Morton.

The group is in need of used clothing, especially men's and children's, and also a special need of children's shoes. All donations will be appreciated. Those with donations are urged to bring their clothes to the band hall this week, or contact a member of the rummage sale committee, or a member of the band who will pick them up.

Members of the rummage sale committee are Mrs. Henry Ladd, Route Two, Morton, Mrs. J. N. Burnett, Route One, Morton, and Mrs. L. E. Higgins, Morton.

Proceeds from the sale are used to further the band program for the Morton Schools.

WALKERS COMPLETE MOVE TO COLORADO

Rev. and Mrs. Houston Walker left Friday morning to move to Durango, Colo.

The Walker's offered their sincere thanks to everyone for the many friendships they have made while in Morton and said they were sorry not to have had the opportunity to tell everyone goodbye. However, their urgency in leaving was partially due to the sudden availability of a truck in which to move their belongings.

Their mailing address will be 154 Main St., Durango, Colo.

FLOWER SHOW SET HERE SATURDAY

Mrs. Charles Jones, general chairman of the Cochran County Garden Club's Flower Show, which will be held Saturday, at the County Activity Building, reminded all those interested in flowers and floral arrangements, that the show is open to all.

There are no limits to eligibility, except in the classifications and specimens to be exhibited.

Garden Club members are required to enter at least one arrangement and at least one horticultural specimen, which, in itself, will insure a good show, well worth the time local enthusiasts spend in viewing the show.

Admission is free to attend or enter, with the list of 14 rules governing the show.

complete list of rules. Basic rules of the show include the following:

Entries, to be judged, must be received from 8 to 10:30 a.m. Saturday. Those received later will be shown, but not entered in the judging.

Judging will be done from 11:00 through 12:30 p.m. and the show will be open to the public from 1:00 p.m. to 8:00 p.m. Flowers, arrangements and containers should be removed from 8:00 to 9:00 p.m.

Each person is limited to one entry in each class, the entry must be correctly labeled, & judging is to be by the scale in the National Council Handbook. Judges' decisions are final.

First, second and third place ribbons will be awarded with a special award for the most blue (1st) place ribbons.

The show, entitled "Typically Texas," is in three divisions with appropriate mottoes: Conservation, "To Preserve What Is Good;" Horticulture, "To Grow What Is Good;"

Artistic Arrangements, "To Display What Is Good." Committee chairmen for the show are: Properties and Staging, Mrs. R. J. Hill; Entries, Mrs. A. E. Sanders

TWO FIELD TOURS ARRANGED BY SOIL CON. DIST.

Two field tours will be conducted this week by Extension Service and SCD.

The first one will begin at 1:00 p. m. Mon. at the Whiteface school Auditorium, according to County Agent Homer Thompson. Following the election of an SCD Supervisor, the tour will begin by proceeding to two farms and a

ranch.

Hubert Taylor's farm, Tarver Development, managed by Mr. Henderson, and the J. Frank Bennett ranch in the southern part of the county will be visited. Ranchers and farmers should both be interested in this particular tour, it was said, because of the well planned irrigation layout that will be visited; and a fertilized grain sorghum and variety test cotton which was 70 percent damaged by hail and defoliated with a true defoliant; grain sorghum production with 20 inch row spacings, and control of shinnery oak by the use of chemicals and range reseeding.

On Tuesday, October 6, at 10:30 a.m., another tour will be held in the northeastern portion of the county. A free hamburger barbecue will be given at the Country Club at noon on Oct. 6th, courtesy of the First State Bank, for those making the tour.

The tour will be assembled at the Hub Cadenhead farm on the north edge of Morton on the Muldshoe Highway and will witness cotton fertilizer tests, cotton varieties, effects of fertilizer on maturity of cotton, grass seed production and cotton grown in 4 rows alternated with black-eyed peas.

Saturday Is Hobo Day for Girls of FHA

The Morton High School Future Homemakers of America are holding their annual "Hobo Day", Oct. 3, from 8 a.m. until 4:30 p.m.

They will start their day with a breakfast at the high school at 7:30 a.m. Then from 8:00 a.m. until 4:30 p.m., they will be available for work at 50¢ an hour. The girls will end their day with a party at Miss Linda Benham's home.

This money is to be used for the girls' FHA projects.

Anyone who knows of work the girls can do are asked to call Mrs. A. E. Sanders at 5991 or Linda Benham at 5556 after 3:30 p.m.

Nursery Facilities Established at Missionary Baptist

Nursery facilities have been established at the Morton First Missionary Baptist Church for all services, it was announced this week by Rev. Austin Steadman, pastor.

Babies may be taken to the nursery during Sunday school, morning worship, training services, and the evening worship.

With the announcement came word that a young adult class will be organized Sunday with the pastor as teacher temporarily.

All young adults not attending another Sunday school are invited to be present. Times of service include Sunday school at 10 a.m., worship at 11 a.m., training service at 6 p.m., and worship at 7 p.m.

DOUBLE DEALING IN TEXTILES

Last year Red China shipped 114,000,000 yards of cotton cloth to Hong Kong, a British crown colony. During the first three months of 1959, Hong Kong shipped the United States more than 1,400,000 yards of cotton cloth, plus garments valued at more than \$8,000,000 in Hong Kong. At this rate, by the end of the year we will have imported the 114,000,000 yards of cloth Hong Kong bought from Red China.

The United States has never recognized Red China. But we permit Hong Kong to buy 114,000,000 yards of cloth in Red China and ship a large part of it into this country in the form of textiles or garments. Hong Kong tells our State Department it doesn't do this, but figures speak for themselves.

Even if the identical cloth Hong Kong buys in Red China doesn't reach this country, the end result is the same. Wage rates are so low in Hong Kong that even the Japanese complain competition is unfair. In Red China there is no wage rate. Coolie slaves live in compounds, labor under the whips of Red commissars, and are doled a meager ration of rice.

Now a foreign country can buy American cotton for 25 per cent less than U. S. textile manufacturers must pay. Those who look to the textile industry for a livelihood are being taxed to provide this subsidy to its competitors.

Traditionally a free trade country, Britain now limits this policy to her colonies and dominions but she has a quota on imports from Hong Kong. She is willing to protect Lancashire mills from a British colony, but the U. S. State Department won't protect American industry from Hong Kong or Red China.

CHANGEABLE—These three pieces are designed to go together or to be mixed with other separates. The skirt and vest are of gray washable cotton corduroy and the blouse of black and white paisley printed cotton. The ensemble is by Turner Toys.

WASHINGTON AND "SMALL BUSINESS" By C. WILSON HARDER

In the days of Kipling's British Empire whenever some colonial galloped up to report "Sahib, sahib, the natives are restless," a battalion of the Right Royal Foot Fusiliers, or some such outfit would be rushed to the scene where it would be handled with no nonsense.

But the Empire has a much better way these days. If the colonial natives are not happy, the United States Treasury, supplied with dollars from taxes on American free enterprise, rush into the breach to save colonialism and its profits for the Empire.

At least this is all indicated in the report for 1958 just published by the International Cooperation Administration, or ICA, the current name for Washington's huge foreign give away operation.

It is interesting to note that at the end of 1958, ICA listed over 11,000 employees of which more than 9,000 were overseas somewhere, and 143, classified as "unassigned complement" were presumably sitting around waiting for somebody to dream up a nice new boondoggle for them.

But this is not really the great paradox when U. S. public seems to have accepted, at least by default, the fact that billions are being thrown around the world.

But what really throws the chicken feathers in the fan is the reported fact that ICA has people on duty in British Guiana, British Honduras, Jamaica, Surinam, and Trinidad. ICA also has some people in British East Africa. In addition, there are a sizeable number in some of the French colonies.

Now there may be some excuse for American give away experts to be in Trinidad. Not many years ago it was understood the favorite song down there was rum and Coca Cola. Now apparently there is no shortage of rum down there, but perhaps they need some free Coca Cola.

Thus, the nation comes face to face with one of the wierdest facts of all about the entire world wide give away programs.

There is perhaps some excuse for helping out in a small, undeveloped independent nation that could use a friendly hand right now. But to go into other nation's colonies with ICA "fast buck" boys seems quite absurd.

The whole colonial system was based on the colonizing nation making a little profit out of the natives. If there was no profit, either the world power pulled out, or else sold to some other nation that figured it could do with the extra land.

In fact, the United States picked up considerable choice real estate this way such as the lands in the Louisiana Purchase, Alaska, the Virgin Islands to mention some.

It is perhaps unfortunate this give away gimmick wasn't thought of many years ago, because if it had, Texas might still be a Mexican colony, Davy Crockett would have lived to kill more bears, and the Alamo would have been ICA headquarters to pass out fresh new U. S. tax money every time the native got restless. It would almost seem the early leaders who made this nation great were either short of vision, or short of cash.

Corner on Cotton BY BOB COLLINS

There's more and more talk about new uses for cotton... new developments in spinning and weaving... and with all this talk and all these developments it's very easy to lose sight of the need for cost cutting research in the production stage... now we are not advocating that any phase of research be slighted to benefit another phase... certainly cotton needs all the help it can get from any angle... but the cost of growing cotton must be reduced to keep farmers interested in producing cotton... no matter how cheaply cotton can be processed into consumer goods, the basic cost is determined in the fields... the raw material sets the pace.

Increased costs of tools, labor and a couple of other items have increased the costs of growing cotton, and these, together with mandatory acreage reduction, have driven many farmers to other crops... as inflation grows the costs will increase and more farmers—especially farmers with small acreage—will be driven away from the crop, we're afraid... this certainly points to the need for increased research efforts to reduce costs to the farmer... we are, of course, talking about "per-pound" cost and the increased yields per acre that have been mounting are steps in the right direction.

NCC Leaflet A new leaflet on protecting cotton's quality is just off the press of the National Cotton Council... the leaflet is part of an industry-wide educational program to reduce damage caused by excess heating and machining of the fiber before it gets to the mills... this leaflet can put money in your pockets... it's free... just drop a card asking for the "Quality Leaflet" to the National Cotton Council, P. O. Box 9905, Memphis 12, Tennessee.

Prices Down Over-all farm prices were down to 239 per cent of the 1910-14 average in mid-August... that figure is lower by one point than the one of the month before... this makes the third straight month that over-all farm prices have fallen... costs were down too, but not so much.

Red Cotton Cut Red China says it is reducing its annual cotton goal from 4.5 million tons to 2.5 million... announcement came at the same time the Reds admitted that the recent estimates of record production weren't accurate.

EFFICIENT FEEDING AND LIVESTOCK MANAGEMENT Illustration of a cow and a pig.

By Dr. Gustav Bohstedt Emeritus Professor of Animal Husbandry University of Wisconsin

Pasture Now Less Important For Swine

European swine growers have successfully raised hogs for many generations on brick or concrete floors. Through selection during successive generations hogs have seemingly reduced their necessary requirements for high-quality protein and for vitamins and minerals in a way that would short-change their pasture-raised cousins in this country.

Dr. Bohstedt

We have for many years looked upon pasture as a protective feed, filling in the gaps of missing amino acids, vitamins and minerals that characterize ordinary grain or concentrate rations.

Thus, some 40 years ago at the Wisconsin Experiment Station it was shown that an acre of good hog pasture such as alfalfa or rape saved as much as 1800 pounds of corn and 500 pounds of tankage. At recent prices this would make an acre of hog pasture worth \$60 to \$70—not a bad figure considering that much less labor is expended on pasture than on, say, a corn or soybean crop.

What is the situation today? Well, we have much better information on the nutritional needs of swine, both growing and breeding stock, and our modern supplements pack so many nutrients in excess of pasture nutrients as to practically eliminate the need for pasture, at least for growing and fattening pigs. But we still like to manage sows on pasture during part of the year.

At the University of Illinois during four successive years growing pigs fed complete rations as we now recognize them, gained slightly better in dry lot, 1.41 vs. 1.39 pounds daily per head; required about the same amount of feed, 3.04 vs. 2.99 pounds per pound of gain; and at only slightly greater cost per 100 pounds gain, \$9.66 in dry lot as against \$8.89 on pasture.

Instead of an acre of good pasture, in this case alfalfa-Ladino clover, being worth from \$60-70, it was here worth only from \$4.50 to \$9.00, or a little better, depending on the rate of stocking an acre with pigs.

No wonder concrete feeding floors with their many labor-saving automatic devices are gaining rapidly in popularity. But basic to all this is the improvement in the efficiency of our dry-lot rations.

Question: The new dispenser of salt, mounted on hay balers, raise the question of whether the application of salt to hay is a good practice, and what useful purpose it may serve?

Answer: Salt added to hay at the rate of from 10 to 15 pounds per ton adds to its palatability. To a certain extent it also reduces its dustiness and retains the green color somewhat better than if salt is not added. Helpful though it is, when added to excessively moist hay at the time of storage, salt cannot be depended upon to prevent undue heating or spontaneous combustion.

THAT'S A FACT HORNING IN! SUGAR 'N' SPICE—WATCH YOUR STEP! LITTLE BY LITTLE Illustration of a horse and a soldier.

MIDGET TRACTOR FOR FAIR EXHIBIT

You would puzzle over this Lilliputian object too, if you found it in your cornfield. "Typhoon II" is its name and it's a tractor—a 4-hp tractor model. A product of Ford Motor Company's advanced styling, it is part of the company's "Design for Living" show which will be a feature of the 1959 State Fair of Texas in Dallas, Oct. 9-25.

INFORMAL—Jumper made of rose-printed quilted cotton can be worn with leotard top for daytime activities or without a blouse to an informal Christmas party. It's easy to sew by Vogue Printed Pattern E-17.

Corner on Cotton BY BOB COLLINS What about cotton acreage allotments next year?... about all that we can say for certain is that there'll be some changes... the House of Representatives has passed a bill that would cause the farmer to plant his allotment or release it (or that part he doesn't plant) to someone else or lose part of it... the Senate has also passed a bill about allotments... this one would allow a farmer to lease his allotment to someone who wished more acreage... there will be some kind of law along these lines, but we don't dare predict what kind.

PONCHO PAJAMAS—Mexican dolls dance in vivid colors on the poncho-style top of these unusual cotton flannel pajamas by M. C. Schrank. The poncho, edged at neck and hem with fringe, covers red torcador trousers.

PRISON RODEO STAR—Steve McQueen, one of the nation's fastest rising television stars, will make a personal appearance at the 25th Annual Texas Prison Rodeo as an added attraction for the world's best known entertainment feature. McQueen presently stars in "Wanted—Dead or Alive." He will be one of the stars at the Sunday, Oct. 18 performance of the rodeo. As usual, there will be a host of convict riders fighting prison-produced rodeo stock. Net proceeds from ticket sales aid 12,000 inmates of the Texas Department of Corrections.

PRISON RODEO STAR—Dale Robertson, whose recording of "The Battle of New Orleans" skyrocketed his fame all over the nation, will make a personal benefit appearance at the Texas Prison Rodeo in Huntsville on Sunday, Oct. 18. Robertson was one of the stars of the 1958 rodeo series which attracted upwards of 100,000 persons for the four Sunday performances. In addition to top TV and recording stars, the rodeo features convict riders who match wits with prison rodeo stock. The prison rodeo earns funds which are earmarked to give inmates recreational services not supplied by the State Legislature.

PRISON RODEO STAR—Johnny Horton, whose recording of "The Battle of New Orleans" skyrocketed his fame all over the nation, will make a personal benefit appearance at the Texas Prison Rodeo in Huntsville on Sunday, Oct. 18. Horton, along with convict riders and entertainers are just part of the bill of fare offered during the thrilling two-hour show. The rodeo is held each Sunday in October in the prison's \$1 million stadium. Because of the penal system receive a number of services—such as education, recreation, spiritual guidance and other important services.

PARTY GOER—Polonetta and zig-zag border of cotton satin turn white cotton felt skirt into a party goer. Sew skirt for the holidays by Vogue Printed Pattern 9736. Belt ideas, including one shown, are offered by Vogue Printed Pattern 9646.

This 1960 Ford Galaxie Town Victoria shares the all-new styling characteristics of the other Ford models, yet bears unmistakable resemblance to the elegant Thunderbird profile. The new Galaxie is one inch lower than the 1959 model, but has more interior room for six big persons than ever before. The Galaxie also is available as a two- or four-door sedan. All Fords for 1960 have the slim-line, forward sloping front roof pillar that eliminates the "dog leg" for easier entry.

HIGH PLAINS WATER DISTRICT IS ENLARGED

Lubbock, Tex. — The High Plains Underground Water Conservation District is larger by 1,002 acres of land.

M. C. Street of Littlefield in Lamb County is the first landowner to have land annexed to the District that was not originally included.

He owns six labors of land in southern Bailey County. The land adjoins the original Water District boundary.

Mr. Street asked the Board of the Water District, by petition, to include his land in the District and to levy the maintenance tax of 5 cents on each \$100 evaluation.

Because there were no other landowners involved in this transaction, the District Board at their regular meeting September 4, 1959, did, on their own motion, pass a resolution which brought Mr. Street's land into the District.

Mr. Street has two small irrigation wells that were drilled on the land prior to its being annexed to the District. The wells were drilled in accordance with the well spacing rules of the High Plains Water District.

Mr. Street states that he believes in conserving water and that the benefits of the High Plains Water District are evident, and that he wants to become a part of the organization to help foster water conservation and actively support efforts designed to maintain control of ground water in Texas on the local level.

LOCAL ANGLER IS WINNER IN FISHING DERBY

Tokie Doty, local proprietor of Doty's Battery and Electric, one of Morton's more ardent anglers, received notification recently that two fish he caught at Conchas Lake had won prizes.

Each week, the Conchas Development Committee, offers prizes for the largest of several species of fish weighed in and recorded with them, as caught Conchas Lake during the week. The weekly winners are then entered in a Grand Prize Fishing Derby. The Grand Prize is awarded at the end of the season. Doty's 5 lb. 10 oz. catfish captured a first prize in that division and a 1 lb. 1 oz. Bass tied with others for top award. The weekly

award is a cash award. Notification of the awards came by way of a letter sent out by Elmer Wells, Chairman of the Committee.

VISIT DAUGHTERS
Mr. and Mrs. Earleton Wall and Jimmy visited Sunday with Mr. and Mrs. Lonnie Woolam and boys of Portales, N. Mexico, then

journeyed on with the Woolams, to visit their other daughter, Mr. and Mrs. Monroe Oglesby and children at Adrian, Texas.

Admiral Rickover, of Atomic Fame, To Speak at Texas Tech

ROCK (sp.) — Vice Admiral G. Rickover, the acknowledged "father of the atomic age," will speak before a convocation of the Texas faculty and student body 10 a. m. Wednesday, Dec. 9.

Admiral Rickover will be introduced by Representative George Johnson of Lubbock who was instrumental in arranging his visit.

The colorful Navy Hero, long known as "a man apart" because of his outspoken manner and contempt for barnacled tradition, is credited with being largely responsible for the construction of the Nautilus, the world's first atomic submarine. Another epochal achievement for the non-conformist Admiral was the building of the first all-civilian atomic power plant, located at Shippingport, Pa.

He is one of only three U. S. Navy Admirals to have been awarded a special Congressional Gold Medal. The other two were Adm. Richard Byrd, the polar explorer, and Adm. Ernest J. King, the Navy's top officer in World War II.

Rickover has become America's foremost advocate of an educational system that meets the challenge of an atomic era. In various speeches he has maintained that nothing short of complete reorganization of our existing system of education can equip us for winning the educational race with Russia.

Born January 27, 1900 in Russia, the son of a tailor, Rickover came to this country in 1904 and was reared in New York and Chicago. He was graduated from the Naval Academy at Annapolis in the top quarter of his class.

In announcing plans for the Admiral's visit, Bill Pfluger, president of the Tech student body, said: "We hope to place Tech in the ranks of the great universities by affording its students and faculty the opportunity to meet and hear one of the truly great men of our time." Pfluger made the announcement at an All-College convocation Wednesday morning. The Student Council worked with Representative Mahon in arranging the Admiral's appearance.

My Friends and Fellow Texans:

A short time ago I went through an experience which I would like to share with all of you. It was the opportunity to question the communist boss, Nikita Khrushchev, at the White House and at the Capitol, and to hear him questioned by others directly and fortuitously.

Nikita Khrushchev is a man that Americans should understand thoroughly. If we do not, we will be only half-armed against communism. And the struggle between communism and freedom will not be won by the side which is "half-armed."

THE COMMUNIST DICTATOR

I do not believe that the full picture of the communist dictator has been presented to the American public. He has been depicted variously as a bungler, as a clown, as a man whose mind has no flexibility and is encased in Marxist concrete.

The man whom I saw and questioned had none of these characteristics. He was able; he was skillful; he was adroit. He parried questions with the ease of a man who has spent a lifetime in rough-and-tumble politics. And every once in a while, the ruthlessness flashed across his face that must have been there when the Soviet troops were sent into Hungary to crush Hungarian patriots.

Nikita Khrushchev is not a man for half-way measures. There can be no question of his strength - or his readiness to use that strength whenever he thinks he can get away with it. **KHRUSHCHEV'S SWEEPING GENERALITIES**

As a debater, Nikita Khrushchev is the master of the sweeping generality which conceals rather than unveils a thought. He can present a disarmament proposal which is so attractive on the surface that only people who patiently read the fine print can find the gimmicks. And he attempts to turn aside a pointed question with a deft phrase so rapidly hot the listener does not have time to point out that the question was not answered.

OUTER SPACE AND PEACE

I asked him whether his government was willing to join in a common effort to explore outer space - one of the most important steps that could be taken to

mobilized the forces that are determined to bury freedom. And we will be making a sad mistake if we assume that the communist do not have the skill to do it - if we give them half a chance.

We will be making an even sadder mistake if we think the communists do not intend to bury us.

In one respect, Khrushchev's tour of the United States has been disappointing. Many of us had hoped that he would have an opportunity to really talk to the American people and to learn something about our moral and spiritual strength.

But he has spent too much of his time with public officials at public receptions. He also has spent too much time propagandizing instead of listening.

There was something else, however, of value to us out of this trip. We had known the evil purposes of communism. Now we've had an opportunity to take the measure of the man who heads communism.

We have found that he is skillful, that he is able, that he is alert. And I hope there will be rekindled in the breast of every American a determination to keep our powder dry and our defense strong against communistic aggression.

We must be as dedicated to freedom as this man is to communism.

FHA Officers Are Elected At Morton High

Linda Benham has been named president of the Morton Future Homemakers of America.

In an election held in mid-September by the members of the chapter, the following girls were elected to serve with Miss Benham:

Jean Wells, vice-president; Mary Ledbetter, second vice-president; Dorothy Smith, third vice-president; Sue Ramsey, fourth vice-president; Glenda Ches-shir, fifth vice-president; Betty Kuebler, secretary; Phyllis Gardner, treasurer; Viola Smith, historian; and Judy Huckabee, parliamentarian.

Mrs. Mabel Sanders is chapter advisor.

VISITING IN MORTON

Mr. and Mrs. J. R. Rush of Stephenville are spending this week in Morton with their daughter, Mrs. Olen Ray and family.

Here . . .

THURSDAY, OCT. 8

Heralding a new "breakthrough" in automotive design, the Ford Falcon—shown here with three views of the Fordor model—is all-new from the ground up. Functionally styled, the Falcon has a full length sculptured side panel that adds grace to its lines and provides greater strength for doors and side panels. The Falcon's all-new 90-horsepower six-cylinder engine is designed to give up to 50 per cent better gasoline mileage than standard cars.

FIRE PREVENTION — EVERYONE'S JOB

If people everywhere will observe the simple rules of safety we can practically erase the present sorry record of 11,500 lives lost to fire each year and a billion and a quarter dollars worth of property gone up in smoke, according to the National Fire Protection Association.

Fire Prevention Week - October 4 - 10, has been proclaimed by President Eisenhower.

Farm fire losses have increased by nearly one-fifth since 1950 and by 2½ per cent over last year. One sixth of all fire losses in this nation occur on farms. Generally a total loss occurs when there is a farm fire.

It would be well for each farm family to practice every safety measure possible to keep fires from starting. Here is a partial check list for every home:

1. Have electric wiring system inspected
2. Discard frayed cords and faulty equipment.
3. Check all heating equipment. In farm homes, faulty heating and cooking equipment start more fires than any other cause.
4. Have a safe trash burner.
5. Burn accumulations of trash and paper.
6. Clean around house and barn so weeds and grass will not be a fire hazard.
7. Be sure matches are stored safely and away from the reach of children.
8. Never leave children alone.

WEB WORMS IN TREES

Web worms and tent caterpillars are busy chewing the leaves on many trees. Some web together several branches and feed within, or build web tents in crotches of limbs, or feed together in large groups without making a web.

If webbing of branches are present, small scale infestations may be destroyed by cutting out and burning. "Web-tents" in crotches of limbs may be destroyed mechanically. It is difficult for a spray to penetrate these webs.

Sprays recommended for destroying the worms or caterpillars are: DDT, Lead Arsenate, or Toxaphene.

4-H EXHIBITS

Lois Courtney, Sandra Courtney, Laquita Masten and Kay King entered exhibits in the Lub-

bock Fair this week.

Sandra Courtney's apron won first place in the Junior Division, and her blackeyed peas won third. The plums entered by Lois is won third place.

CHILI SAUCE

1 gal. chopped ripe tomatoes (peeled); 2 cups chopped onion; 2 cups chopped sweet red pepper; 3 tablespoons salt; 1 cup brown

sugar; 3 cups vinegar; 1 red hot pepper (if desired); 1 teaspoon whole cloves; 1 teaspoon allspice; 2 teaspoons cinnamon; 1 clove of garlic.

Combine chopped vegetables. Tie spices in a bag and add to vegetables. Cook vegetables rapidly, stirring often to keep from sticking. When the vegetables have cooked to about half the original amount, add the sugar, 5 minutes, stirring constantly. vinegar and salt. Boil rapidly for 10 minutes. Pour into hot sterilized jars, seal and store.

PRESIDENT SIGNS DECLARATION OF FIRE PREVENTION WEEK

BY THE PRESIDENT OF THE UNITED STATES OF AMERICA

WHEREAS experience has shown that effective community fire prevention programs can save thousands of lives each year and millions of dollars in property values; and

WHEREAS increased fire losses during the past year emphasize the need for increased care, responsibility and community action on the part of all of the American People;

NOW, THEREFORE, I, DWIGHT D. EISENHOWER, Presi-

dent of the United States of America, do hereby designate the week beginning October 4, 1959, as Fire Prevention Week.

I call upon our people to promote programs for the prevention of fires; and I urge the State and local governments, the American National Red Cross, the Chamber of Commerce of the United States, and business, labor and farm organizations, as well as schools, civic groups, and public-information agencies, to share actively in observing Fire Prevention Week. I also direct the appropriate agencies of the Federal Government to assist in this national effort to reduce the

loss of life and property resulting from fires.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Seal of the United States of America to be affixed. DONE at the City of Washington this 21st day of July in the year of our Lord nineteen hundred and fifty-nine, and of the Independence of the United States of America the one hundred and eighty-fourth.

DWIGHT D. EISENHOWER

SEA EXPLORERS PLAN EMERGENCY VEHICLE

The exploring, oldest branch of the Exploring program of the Boy Scouts of America, has attracted thousands of older Scouts and young men. Seaman, sea lore and scouting ideals combine to make Sea Exploring popular on the coast, the waterways and even the prairie.

The Exploring programs offer young men opportunities in leadership and in these four broad activity fields:

1. Advancing in the out-of-door.
2. Living socially with others.
3. Being of service to others.
4. Expanding vocational possibilities.

The Sea Explorers Troop of Morton has grown since the first days of its existence here. The troop now has twenty members. The troop uniforms are white sailor suits with the Exploring emblem on the collar and cuff. Members now serving in the troop are: Bobby Neuman, Lee Myers, Lee Oden, Dickey Walker, Eugene Carlson, and Paul Belcher. There is a number of boys from out-of-town who attend the meetings.

The Morton troop has been working on a project, during meeting nights, for the past few months. The project is a 1954 Chevrolet station wagon, which is being converted into an emergency ambulance to be used in case of a crash land, tornado or an auto wreck. The project is to be finished by October 15, in order to be available to enter a statewide contest.

The Morton Troop welcomes any young man between the ages of 14 and 21 to join, and help the

progress of the troop. The meetings are on Tuesday nights so won't you come and bring a friend?

Elra Oden is "Skipper" of the group.

WATCH OUT FOR SCHOOL CHILDREN

Their Appearance Reflects Your Own Good Taste!

They will always look their best in their Freshly

SANITONE Dry-Cleaned School Clothes!

You can be proud of the way your youngsters look, and still economize on new clothes. Just sort out and let us have all their wearable school clothes NOW. BILLY WALL SERVES IN JAPAN WITH THE NAVY

Billy Wall, Seaman, USN, son of Mr. and Mrs. Earlon Wall of Route One, Morton, and husband of the former Miss Ardy Huff of Muleshoe, recently arrived in Yokosuka, Japan, for a 2 1/2 years stay. He is stationed with a supply squadron and works in communications. His wife and son Riekey will join him later this year.

Wall entered the Navy in March, 1955 and received his basic training at San Diego, California and then went to Alameda Calif. for further training. He flew to Japan on September 14, making stops on the Hawaiian Islands, Wake Island, and the Phillipian Islands.

Billy attended Morton and Tazee Way Schools.

VISITING IN CARLISLE HOME

COLLISION —

(Continued from Page One) right hand door. North and South traffic has a stop sign at that intersection.

The injured were brought to the Cochran County Hospital by Singleton funeral home ambulance.

Both vehicles were badly demolished, but neither overturned. The Buick vehicle veered off to the right and plummeted about 200 yards into a field, a highway patrolman estimated. The other pickup turned around and went off to the left, some 100 yards off the pavement.

Officers theorized that the trio in the Chevrolet pickup evidently hadn't realized they were coming upon the highway, until it was too late to stop. Feed acreage on the right hand side of the road, as they traveled North, had been cut, officers said, and shouldn't have hindered the view. But the mist and fog was thick, and roads were slick by the time the officers arrived on the scene.

Donald Rowinsky, thought to have been riding on the right hand side of the green pickup, took the brunt of the blow, and his body had multiple fractures and facial and head injuries. Cooley had suffered head wounds apparently caused by hitting a window or windshield.

The three deaths brought to a total five the number of traffic deaths in Cochran County this year. In a tragically similar mishap also on SH 116, earlier this year, the other two persons died when their car, traveling north on a Farm-to-Market Road about 6 miles west of Morton, entered the highway and was plowed into by a car going east. On this occasion, also, stop signs indicated North and South traffic should stop.

Born in Bear, County, Texas, December 11, 1919, Orion Arlington Rowinsky, Jr., had lived at Penrill for 31 years. He was a

Rural Census of Crops, Stock To Be Taken

Rural postmen from the Morton Post Office will again, this month take part in the annual agricultural acreage and livestock survey, in cooperation with the United States Department of Agriculture.

Rural mail carriers are delivering 30,000 cards to Texas farmers and ranchers. The cards list questions on crop acreages and livestock. Carriers pick up the completed cards and forward them to Cary Palmer, Agricultural Statistician for Texas, in Austin.

Mr. Palmer urges farmers to answer and return these cards to the carriers. "This survey," he points out, "serves as a basis for estimating the State's farm production. Every report helps to make the estimate more accurate."

Bledsoe May Get Water, Nat. Gas

BLEDSE (sp.) — At a Community meeting held last week in the high school auditorium, plans were laid for the formation of a Bledsoe P.T.A. and a discussion was probed as to the possibilities of providing water and natural gas for Bledsoe.

More than 125 persons from the community attended the program while the children engaged in supervised athletics in the school gym.

M. Mallory, of Murchinson - Mallory Co., explained to the group the possibilities of getting the water and natural gas. M. C. Hall, president of the school board moderated.

A committee of Mesdames B. E. Sutton, Clide McCormack, Lloyd Brown, C. O. Bryant and Otis Parr was named to nominate officers for the P.T.A. The next meeting will be held in the near future.

TO FILL PULPIT AT FIRST BAPTIST 'TIL PASTOR CALLED

Rev. J. E. Moore, now retired area Baptist minister, now living in Bailey County, near Muleshoe, has consented to fill the pulpit at the First Baptist Church in Morton until the Pulpit Committee names a new pastor, it was announced this past weekend. A. R. Coleman preached last Sunday.

Newest Fords To Be Displayed Next Thursday

As announced earlier in the Tribune, the 1960 Fords will go in to Mahan Motor Company showroom Thursday, Oct. 8.

Of special interest this year will be the new Ford economy car, the Falcon.

Scheduled for showing will be a Falcon, a four-door Fairlane 500, a four-door Galaxie sedan, a V-8 Ford pickup, and a 6-cylinder pickup. Showtime will be from 7:30 a.m. until 6:30 p.m. Free coffee and doughnuts will be served.

ON SICK LIST Frankie D. Fine is on the sick list. He has been in the hospital at Muleshoe since last Thursday.

Southern Baptist. The body was taken overland to Pearsall for services and burial there. Salmon Funeral Home was in charge of the arrangements.

Survivors include the wife, the former June Tinsmeyer, six children, Bob, 13; Sue, 11; Billy, 10; Donnie, 6; Johnny, 4; and Pat, 2; his parents, Mr. and Mrs. Orion A. Rowinsky, Sr., of San Antonio; four sisters, Mrs. Clarence Valier, San Antonio; Mrs. Truet Rankin, San Antonio; Mrs. Jack Rankin, Pleasanton; and Mrs. Clinton Tinsley, San Antonio; and two brothers, Frank and Fred (no address).

His brother, Donald Garner Rowinsky was unmarried. He listed his residence as Pearsall, but his parents live at San Antonio and services were being held at San Antonio, with Alamo Funeral Home in charge of the arrangements.

Born March 23, 1932, he had served in the Marine Corps. He was a custom combine operator, also.

MAPLE WMS MEETS

The WMS of the Maple Baptist Church met in the home of Mrs. George Fint with eight ladies present. Bible study was given by Mrs. Tucker. A gift was presented to Mrs. Davis, the outgoing president.

SOCIAL GIVEN

A social was given Wednesday night honoring Mrs. Mike West who is soon to move from the Maple area. The Maple Baptist Church presented them with a bedspread and a throw rug. Refreshments were served by the ladies.

Services for Jim Harland Cooley, a native of McCauley, Texas, were at Abilene, Thursday, and burial was in the Midway Cemetery.

Born April 26, 1916, he had lived in Frio County for the past five years, and had been in Morton for about 14 days, combine operating.

Services were held yesterday (Saturday) October 3, at 2:30 p.m. at the Hodges Baptist Church. A Baptist since childhood, he was a member of State Masonic Lodge 907. He was married in Abilene in 1939, to Abene Mashburn.

Survivors include two daughters, Karen Kay and Donna Har-

Lemley Home Is Scene of H.D. Meeting

The Half Way Home Demonstration Club met Thursday Oct. 1 at the home of Mrs. Leonard Lemley.

Seven members answered roll call with "A Way To Use Left Overs".

The discussion at the meeting was "Legal Rights", in which everyone took part.

Officers were elected for the coming year and they are: president, Mrs. Walter Dye; vice-president, Mrs. Floyd Ruthardt; secretary, Mrs. Leo Brooks; and council delegates were Mrs. Leona Langrill and Mrs. Ross Reeves. Reporter is to be Mrs. Bob Hamilton.

Refreshments were served by the hostess.

The next meeting will be on October 15th at 2 p. m.

Cotton Seed Delinting

Here are some advantages of DELINTING your COTTON SEED early this fall:

1. We can saw your cotton seed satisfactorily.
2. Wet Acid process will NOT damage wet or green cotton seed.
3. Why handle your seed twice? Bring them by and have them delinted now.
