"CARE ENOUGH TO PAY ATTENTION TO DRIVING," SHERIFF ASKS, IN WAVE OF TRAFFIC FATALITIES

As an aid . . . a very important one . . . to Law Enforcement Appreciation Week, which was observed last week throughout Texas, Sheriff Hazel injected a dour note.

"Since September 25, five wrecks and eight deaths in this District of the Texas Highway Patrol, have been attributed to the disregarding of stop signs," the Sheriff said.

His message hit hard in Cochran County where five persons have been killed in the past few months, and on each occasion, all of the persons killed, were riding in a car in which the driver "ran a stop sign," for one reason or another.

"A situation, which has at many times been bad, is now very serious," the Sheriff continued. "We've got to find a way to make the average citizen care enough to look for stop signs."

The Sheriff doesn't believe the stop signs are being deliberately run. Nor does he think that weather or other physical conditions have caused them to be hard to read, or be unreadable.

Two bold and shameful facts appear to be evident.

First of all, people are driving their cars, pickups, etc., and carrying on conversation with others in the car, with the same non-chalance that they would pay on the TV set with the world Series on it, when a long, lost relative suddenly arrived.

Often times, indications are that the driver was just too busy paying attention to other things,

MAHON TELLS FARM GROUPS TO PULL TOGETHER TO FIND SOLUTION TO PRESENT FARM PROBLEMS

Morton Golfers Face Muleshoe Linksmen, Sunday

All Morton Golfers, whether members of the Cochran County Club or not, are invited to help the Country Club in its attempt to win the intercity golf trophy from Muleshoe Sunday afternoon.

The Muleshoe Club has so many participating golfers, Tom McAllister, local tourney chairman said this week, Morton doesn't have much of a chance in competition with them, without more members.

U. S. Representative George Mahon told members of the Cochran Co. Farm Bureau and the Frontier Farm Labor Association, Thursday, he did not know the solution to the farm problems of today, but urged farm groups to work together to solve the problems.

Emphasizing that the farmers

are a minority group, Cong. Mahon explained that a better press toward the farm problems was needed to let the city folks know the plight of today's farmer.

Rep. Mahon, who with his wife, attended the annual meeting of the two groups, also emphasized that a surplus of crops was a much better picture, than the farm situation in the rest of the world where agriculture cannot raise enough food to feed its people.

He admitted the farm problems are big, and will be hard to solve, but called the farm problem not a serious one, in the sense that it would be, if the nation were unable to produce enough to meet the demands of the people.

Some 300 or more persons were on hand to hear the Representative's speech.

Mahon also warned the farmers about seeking too radical a change of the nation's cotton program.

Deadline Friday To Apply For Reserve Program

Farmers who expect to participate in the 1960 Conservation Reserve of the Soil Bank have another deadline coming up this week. Friday, October 16, is the last date to apply for contracts to begin next year, according to Ruth McGee, Office manager of the Cochran County Agriculture Stabilization and Conservation committee.

Under the Conservation Reserve for 1960 the farmer's first step was to ask the county ASC committee to establish a basic annual payment rate for his farm. The deadline for that request was Oct. 9.

All farmers who made that request have received or are about to receive notification of the basic rates established for the land they propose to place in the reserve. This may be either part or all of the cropland on the farm.

The next step is for the farmer if he still wants to participate, to apply for a contract at any amount below the per acre rate established for his land. After entering this information on the application form, he returns the form to the county ASC office for final approval. This is the step that must be taken before Oct. 16.

After the applications are returned to the county office, contracts that can be accepted under the regulations will be offered to farmers for signature before the 1960 crop season begins.

Inferior speed and weight, plus the misfortune of losing two key men midway in the third period, proved too much of a burden for the Morton Indians to surmount, Friday night, and Sundown rambled to a 30 to 8 victory after the game was played on even terms most of the first half.

Eugene Fleenor was lost with a broken ankle and Butch Nairn was ejected from the game for the Indians. Sundown lost a man on their first offensive play with a broken collarbone.

In Haskell Davis and David McInturff, halfbacks, Bob Foster, quarterback, and Lewis (Bo) Sessums, fullback, the Indians ran into the most explosive backfield they have met this season. But the Sundown line wasn't quite as tough and rugged as Morton had seen at Plains earlier this year.

Wing-footed Davis probably hurt Morton as much as anybody, though Foster was best rambling quarter back the Indians have seen. Sundown roared 81 yards to a touchdown march the first time they controlled the ball. Davis tallied the 6 pointer and also grabbed a jump pass from Foster for the two point try as the Roughnecks led 8 to 0, midway in the first period.

Morton came back to halt two Sundown tries, playing desperate, hard-nosed defensive ball themselves and took over the possession of the pigskin late in the second quarter at the tailend of a Sundown punt on their own 11 yard line. The Indians took 13 plays to ramble the 89 yards for a score, with the last 10 yards and six plays being the ruggedest as Sundown tried a gallant goal-line stand. The pattern for the scoring drive was converted fullback Charlie Silhon up the middle for a few, then Nairn around end for a few, and Willingman slanting off tackle for a few. Butch Nairn got loose on two occasions, one taking on 17 yards through tackle, the other the most brilliant run of the night as Morton's fans filled the stands with remarks as to what halfback Nairn would do if he were only a little faster.

The play drawing the remarks found Nairn cutting out to the right, slipping through the Sundown line, plowing through four or five Sundown defenders, cutting sharply back across the field and running over two more before he was finally flagged. Three times during the beautiful run, Nairn saw complete daylight, but each time he was caught up with by Sundown defenders.

With a first down on the 15 yard line, Silhon carried the ball to the 10 and Morton had three plays to get a first down on the five and four more to execute the last five for a touchdown. Silhon went to the 9, Brown's quarterback sneak wasn't enough, but Nairn got the first down on the three. Silhon carried to the one yard line and it was Jackie Neal Brown who went over for the score. Brown jump passed to end Bob Pyburn for the extra points and with 2:25 remaining in the first half Morton had tied the score.

Fired up Sundown went to work in the remaining time and penetrated deep into Morton territory before time ran out in the half.

Actually it was a mistake Morton made in the second half kickoff that sealed their doom... but it was a good gamble they made. They tried an offside kickoff, but Gathright's boot rolled to Morton's 49 and wouldn't get over the 50 yard line. Morton couldn't cover the pigskin and it was Sundown's ball on Morton's 48 1/2.

Sundown rolled for the touchdown in six plays and at 8:25 had a 14 to 0 lead. Foster passed to end Ronny Strader for the 9 yard touchdown play. Sessums tried to ram up the middle for the PAT but was halted on the one yard line and Morton was still very much in the game.

The Indians took the kickoff and rolled up three straight first downs before Gary Willingham fumbled on the 45, and Sundown took over to halt the drive. The Roughnecks began another drive through the Indian ranks and deep into Morton territory, with blocking the roughest it had been during the night. Morton's Butch Nairn was told to take a seat by an official who spotted him "getting even" on defense.

The loss of Nairn and Eugene Fleenor, lineman, took out Morton's most potent offensive punch, and also took a lot of spirit away from the defensive team, for which Butch has always been a standout. Fleenor, the biggest man in the line, had been one of the top defensive men. McInturff rammed the necessary three yards for the touchdown and the point after was added by Davis as the Roughnecks led 22 to 8 with only about a minute to play in the third stanza.

They added their last score midway in the fourth quarter on a fine 18 yard run right over Morton's defenders by 205 lb. Sessums. Foster scored the points after on a keeper through the center of the line.

By the end of the third period, Morton's line, which did a valiant job against the superior weight of the Roughnecks' hard charging backs, was worn down. However, they still gave a tremendous account of themselves and the final statistics show a much closer game than the score indicates.

Bula Trounces Cotton Center By 46 to 19 Count

The winner's scoring was evenly divided as the Bula Bulldogs put up a good team effort Friday night on the home field to bury Cotton Center by a 46 to 19 count.

Coach Melvins Howard's charges tallied seven touchdowns and four extra points. Danny Hall romped for two of the touchdowns, Donnie McCall scooted for two, and Norvell Roberts added two. Jerry Cox bulled over for the other TD.

The victory kept Bula in contention for the six man conference title. If they can come back in their second game with Nazareth this season and upend them, Nazareth owns the only conference win over Bula, and appears to be headed for the title.

Opponents Raise Won - Lost Record Last Weekend

Morton Grid opponents did right well in competition Friday night in various parts of the South Plains.

Here are the scores: Abernathy 21, Tahoka 8 Lockney 24, Slaton 14 Otton 12, Dimmitt 38 Muleshoe 14, Friona 24 Plains 24, Farwell 14 Frenship 30, Sudan 14

Nazareth Beats Bula, Three Way To Move Ahead in Six Man Play

Nazareth took a strangled hold lead on the District 6-man football conference the last two weeks when they defeated both Bula and Three Way.

Two weeks ago, Nazareth bottled up speedster Norvel Roberts and defeated Bula, 32 to 0. Although Roberts tallied twice, both were called back for penalties, and Lee Pearson scored the only TD for the Bulldogs in the game. Nazareth's defense for Roberts was, not to rush him, just cover him and give him plenty of time to pass, if he wanted to. By throwing a tight blanket over him, they kept him unable to shake loose for the big play.

Last Saturday, the Nazareth team really put the stranglehold on as they trounced Three Way by a

ven will face Kapesville in the first conference game of the season.

The Lopes have high hopes for the outcome of their game. They will be favored to win and should field a strong team with no injuries hanging over from their last game, two weeks ago, against Plains.

At halftime, the Whiteface Band will have a specially prepared program of music and the Homecoming Queen will be named from a field of five entrants. The football team will select the queen. Candidates are: Harodine Reynolds, Junior; Ann Hunt and Sandra Powell, Seniors; Oprelia Rowe, Freshman and Darla Baldwin, Sophomore.

Jerry Bob Baldrige, president of the Exes, has issued an invitation to all Exes to be sure to attend the gala festivities. Other officers of the Whiteface Exes are vice-president, Gladys Haskins, Secretary, Peggy McHam.

Heads of the two committees who are helping the Homecoming festivities are Barbara Parsons, Chairman of the Decorations Committee and Richard Dickerson, Chairman of the program committee.

The Antelope Football team has won three games and lost two in pre-conference play and are among the favorites to cop the Class B title.

\$50 PRIZE -

(continued from page 4)

With each draw it became increasingly more amusing and embarrassing. "Things evidently are a lot better in Cochran County, economically," Mahon said, referring to the 13 who didn't bother to attend the meeting.

J. W. Marshall was the first absent member who missed an award. Next came Syd Coffman, R. Z. Boren, H. T. Clark, J. W. Jeffcoat, Slim Rogers, and J. P. Cunningham in that order. By this time the audience was highly amused and Mahon began to wonder what was going on.

Karl Griffith was in attendance but it was his brother's name, Ray, that was drawn.

Willard Cox, always a highly interested Farm Bureau supporter, went to Plains to see his son play football and arrived a little late... a few minutes after his name was drawn.

Then came the names of J. J. Baker, J. C. O'Brien and Don Slaughter.

When the name of George Williams, a director in the local Farm Bureau was drawn, and he wasn't in attendance the embarrassed Farm Bureau spokesmen were ready to give up.

Then it happened. G. O. Cooper's name was drawn and he booted it up to the front of the auditorium, only to be told by the office manager, he should contact Bill Zube, secretary, treasurer, to get a check.

FARM SAFETY WEEK
 October 4 - 10 was National Farm Safety Week.

Unnecessary fire hazards around the farm annually account for a loss of 800 lives and over 156 million dollars in property damage. National Fire Prevention Week provides a splendid opportunity to begin a year with fire safety program, by locating every potential fire hazard on your farm and correcting it now. This is your No. 1 job. Coming into the winter months there is always a natural upsurge of home fires during the heating season. Cleaning, inspection, and adjustments of all kinds of heating apparatus, flues and chimneys should be done now.

Too, the ability of the family to do effective fire fighting before the fire trucks arrive is most effective, and is of extreme importance to minimize the blaze. Quick action is essential. This means that every farm should be equipped with simple practical hand fire extinguishers. This means have them available, located where needed, and properly maintained.

Journalism Class Plans Special H-Coming Paper

The Morton High School Journalism Class this week was planning and discussing the possibility of having printed, one issue of the Morton War Whoop, a Homecoming edition, for distribution through the school and to the exes.

The group and their instructor discussed possibilities of printing the paper with a representative of the Tribune staff.

If the plan materializes, the class will have one laboratory session at the Tribune office, during the actual makeup and publication of the edition.

By VERN SANFORD

AUSTIN, Tex. — Rural and small town residents will have an advantage over their city cousins when the new auto insurance rating plan goes into effect January 1.

Under the new system worked out by the State Board of Insurance, a driver's auto insurance premiums will be raised or lowered according to his driving record. Each accident or ticket for a moving traffic violation puts a black mark on the driver's record and moves his insurance premiums up a notch.

In the congested streets of the larger cities, one wrong move even if unintentional, often brings a ticket or a crumpled fender or both. In most small towns, the local lawman is not usually too exercised if one of his friends and neighbors makes a U-turn on the main street.

Purpose of the plan is to put the biggest part of the burden for insurance payments on the people who bring in the most damage and expense. People who have a history of numerous traffic violations, according to Department of Public Safety statistics, are the ones who have the most accidents.

It is also hoped, of course, that the plan will encourage careful driving with its cash incentive. Drivers with no record of an accident or violation for the past three years will get a 20 per cent reduction in their insurance rates. Drivers with one point against them will pay current rates.

Those with from one to five points against them will pay increased rates on a sliding scale, and those with six or more points will pay through the nose — double rates.

Some activities will be very expensive pointwise. Drunken driving, hit and run driving and negligence homicide will cost four points. An accident with over \$25 damage brings two points; running a red light, only one point. violation on insurance premiums will hurt the pocketbook worse than the usual fines.

Saturday Is High School Day At W. Tex. State

Former President Will Be Speaker To Democrat Gathering at Dallas

Senate Majority Leader Lyndon Johnson will introduce Harry S. Truman when the former president appears at the Dallas Memorial Auditorium October 17 for a political address. Approximately 10,000 persons from throughout the state are expected to pay \$2.50 each to hear the former Democratic President in a speech being co-sponsored by over 200 leading Texans, including State Democratic Chairman J. Ed Connally, National Committeewoman Mrs. R. D. Randolph and National Committeeman Byron Skelton.

Speaker of the U. S. House of Representatives Sam Rayburn will introduce Senator Johnson, and Senator Ralph Yarborough will also make a brief talk. Rally Chairman Dan R. Patterson, Jr., loyalist spokesman of the Dallas County Democratic Executive Committee will serve as toastmaster.

"We are delighted," Mr. Patton declared, "that Senators Johnson and Yarborough along with Speaker Rayburn, could all arrange their schedules to take part in this tribute to a man destined to be remembered by history as one of the world's great leaders in the free world's fight against totalitarianism.

"The Truman Rally," he continued, "gives Democrats of all

persuasion — liberals and conservatives alike — an opportunity to close ranks against the frantic efforts of Republicans to make "white collar McCarthyism" or the 'Standard Oil Company' the American Chief or State."

Mr. Patton revealed that a public reception would be given for Mr. Truman by the Democratic Women of Dallas County from 4:00 to 6:00 p. m. on October 17 in the Terrace Room of the Adolphus Hotel. The general public has been invited to attend the reception and meet Mr. Truman.

"It is obvious," Mr. Patton stated, "that Mr. Truman's visit has captured the hearts of all Texans. A majority of the Dallas County 17 Democratic Executive Committee is serving as co-sponsors for the event, Mayor Thornton has already issued a glowing proclamation naming October 17 as Harry S. Truman Day in Dallas, and even oft-fueled Democrats are joining ranks for the occasion."

Mr. Patton said the tickets would likely be sold out before the event, but some are still available now. They may be obtained from precinct chairman, from Mr. Patton's office at 651 Merchandise Mart Building, or from Ticket Chairman Allan Maley, Jr., 1727 Young Street, Dallas.
