MORTON, TEXAS, THURSDAY, OCTOBER 29, 1959

NUMBER THIRTY - SIX

MORTON SCHOOL HOMECOMING SET FOR FRIDAY; PARADE, PEP RALLY BANQUET, BALL GAME PLANNED

SEED HOUSE DESTROYED

Local Volunteer Firemen Make Runs To Pair of Area Gin Fires, Friday

The Morton Volunteer Fire Department had two runs Friday to gin fires, and both of them could have developed into major fires, without some assistance.

At 4:50 p. m. the boys were called to Enochs to the Garner-Hankins Gin, which had been struck by fire about 20 minutes earlier. They had no more than returned to Morton when they were called again, this time to the Country Club Gin, northeast of Morton.

E. N. McCall, manager of the gin at Enochs, theorized the flames started from sparks from the burr pit. The seed house on the gin, located just east of the gin, and between the Garner-Hankins gin and the Farmer's Cooperative Gin, of Enochs, was completely destroyed by the fire but the rear of the area was cleared in time to keep the blaze from spreading.

McCall estimated that he had about \$400 worth of seed in the

Conservation Reserve Payments Being Made

Payments to farmers who had Conservation Reserve contracts in effect during 1959 are now being made, according to Ruth McGee, Office Manager, Cochran County ASC.

All farms with Conservation Reserve contracts have been checked to determine that the contract provisions have been complied with during the past year. Farmers signing contracts agreed not to harvest a crop; to control noxious weeds, and not to graze livestock on the designated acreage. In most cases the contracts also require a reduction in the total acreage of crops produced on the farm.

Mrs. McGee also reminded farmers that the requirements of contracts remain in effect for the duration of the contracts. The end of the growing season does not relieve the Conservation Reserve contract holder of the obligation under this contract.

There are 93 contracts in effect during 1959 in Cochran County covering 21,881 acres of cropland. This land is out of production and it is to be devoted to an approved conservation use.

Trick or Treat Set Saturday For UNICEF

After more than 1,000 years the Halloween festival of make believe and mischief is still essentially young. As a night of fantasy expressing eternal wonder at the mysteries of nature, life and the hereafter; it is also, at last, learning good manners.

In 1952 school children began giving their Halloween trick or treat pennies to the United Nations Children's Fund. They raised \$32,000.

Last year over two million children in 9,500 communities collected about \$1,250,000 to help UNICEF send milk and medicines to children and mothers abroad.

This Halloween children of this community will play trick or treat for their young friends around the world.

The young people will meet Saturday, Oct. 31, at 5:30, at the Morton First Methodist Church to receive instructions and UNICEF emblems.

The children will be carrying milk cartons, symbol of the needs of those aided by UNICEF.

Mortonites are asked to gather up their pennies, dimes and quarters for those Trick or Treaters as they gather up candies and goodies for other funsters.

Gary Middleton Record Release Is Due Soon

Gary Middleton, son of Mr. and Mrs. Jim Middleton of Morton, who recently took a recording contract with Warrior Records of San Antonio, will have his first release out within a week.

The release is on the Harlem label, a branch of Warrior. The record is "Pretty Please" backed with "Don't Be Shy".

ON EMERGENCY ERRAND

Two Escape Serious Injuries Friday As Auto Crashes Into Tractor Here

The superintendent of nurses at the Cochran County Hospital, Cooter Barnett, and the driver of the car rushing her back to Morton for emergency surgery, William Zuber, both escaped serious injuries Friday night when the brakes on their car locked as they entered the north city limits of Morton on Highway 214.

The car plummeted into a tractor on the south side of the Morton Welding Shop, and was nearly demolished in the freak mishap. Brakes locked on Zuber's 1959 Ford Galaxie, and it hit the tractor knocking it some 20 to 30 feet.

Mrs. Barnett was paged at the Morton - Olton game, just as the game got underway, and told to report to the Cochran County Hospital for emergency surgery. She had gone to the game with the Zubers. So Bill drove her back to Morton.

Zuber's injuries were very slight and he was treated and released Friday night. After x-rays Mrs. Barnett was hospitalized overnight. Saturday, her condition was reported as fine. It was said she was just stiff and sore.

The emergency, for which Mrs. Barnett was called back to Morton, was a ginning mishap which occurred at the Cochran County Gin, Friday night.

Dugan Priddy of Morton was being treated for a severe hand laceration suffered in the ginning accident. Parts of his fingers were severed in the mishap.

Dr. Morrison Is Moving to San Antonio

Dr. L. J. Morrison, local chiropractor for the past 30 months, is moving back to San Antonio, Saturday he announced this week.

Dr. Morrison and wife, have enjoyed their stay here the doctor said, but emphasized that all of his family and all of his wife's family live in the San Antonio area, and his home which he has been renting out, has become available, making it a good time to make the move he has been contemplating.

The Morrison's said they appreciated all the friendships gained in this area, and regret that the move is necessary. They will reside at 428 Hearne, in San Antonio.

Installs Equipment In Local Gin

Willingham Gin shut down operations this past week to install a conversion unit on cleaning equipment. It was announced this week by E. O. (Red) Willingham, local ginner.

The gin was back in operation after a 24 hour shutdown.

Journalism Class To Publish Paper For Homecoming

Members of the Morton High school journalism class will gather in the Morton Tribune office, to right (Thursday), to publish a Homecoming Edition of the War Whoop, student school newspaper.

The laboratory class will offer the students the opportunity to see the publication printed and to participate in this phase of the work.

Cubs to Meet Monday Night

There will be a Cub Scout meeting of Troop 101 Monday night, November 2, in the Cochran County Activity Building.

Harold Drennan, Cubmaster, urged all Cubs and parents to attend the 7 p. m. meeting.

COUNTY COTTON GINNING GOES OVER 8,000 BALE MARK LAST WEEK

Cotton ginning in Cochran County, as well as ginning all over the South Plains is well underway.

With 8,000 bales of an estimated 60,000 bale crop already ginned and the remainder of the crop nearly 50 per cent open, Cochran County's cotton harvest

ATTEND MARKET
Woody Combs of Cobb's Department Store was in Dallas the first of this week attending market.

HOSPITALIZED
Mrs. O. L. Castle was admitted to the West Plains Hospital in Muleshoe, Saturday morning for medical treatment and was dismissed on Wednesday, October 28th, and is reported to be doing well.

St. Clair Winners Are Named

It was a lucky day twice last week for two ladies at St. Clair's Stores.

In observation of the firm's 25th anniversary, St. Clair's Department Store and St. Clair's Variety Store each offered \$25 in merchandise to two persons.

The lucky folks were Mrs. Herb Hillman and Mrs. Connie Baker. The firm's managers, Lloyd Hiner and H. M. Christian, this week expressed their appreciation to area folks for the wonderful manner in which the anniversary was accepted.

Homecoming at Bula Saturday

Bula will hold its annual school homecoming, Saturday, October 31st, as Bula exes and former teachers join the present Bulaites in Whooping for a Bulldog victory in the game against the Spade Longhorns.

The schedule calls for registration of all former teachers and students at 3 p. m. at the auditorium, a pep rally at 3:30 p. m., and a business meeting at 4 p. m.

Supper will be served from 5 p. m. to 7 p. m. in the school cafeteria.

The Bulldog - Longhorn game follows at 8 p. m. Immediately afterwards, coffee and doughnuts will be served exes in the cafeteria.

IN ROTAN HOSPITAL
E. L. Cox of Morton is reported to be seriously ill at the Rotan Hospital.

Local Parade Is Set for 3:30 P.M., Friday; Banquet Will Follow at 5:30 P.M. In the Local School Cafeteria

Mortonites and ex-Mortonites were making big plans for the school's annual Homecoming observance, beginning tonight, at 7:00 p. m. with a pep rally and bon fire on the vacant lot, one block west of Willis Trailer Courts.

The school's weekly pep rally in the gymnasium will be held Friday morning, and local folks and all exes are, as always, invited to attend.

Friday afternoon at 3:30 p. m. the Homecoming Parade, featuring the Morton High School Band, will wind its way from the school downtown to the square where a pep rally will be held. The parade will include floats, and carloads of exes.

The next event, following the afternoon pep rally, will be the dinner served at the school cafeteria which commences at 5:30 p. m. and will include a program, speakers, election of officers of the exes, selection of the exes, and will adjourn in time for the 8:00 o'clock game with the Muleshoe Mules, District 2-AA foes.

The Homecoming Committee

has sent out approximately 250 invitations to out of town folks, and they expect a total of from 300 to 350 persons at the banquet.

Supt. John Barnes is slated to give the welcoming speech to the exes and Mayor Roy Tarver, Jr. is to be the speaker for the evening.

All exes are urged to attend and all those who know of any exes who might not be aware of Homecoming, or who might be persuaded to attend, are urged to appoint themselves ambassadors for the Homecoming Committee and bring out as many persons as possible.

CONFERENCE BATTLE

MULESHOE MULES WILL BE FOES IN INDIANS' HOMECOMING GAME

The Morton Indians, stunned by the force of the 26 to 0 whitewashing they took from a strong Olton team last Friday night, will be trying to rebound against the Muleshoe Mules, Friday night.

A victory would insure for Morton that they won't finish in the District cellar and many local supporters think they still would have a good chance of finishing in at least a tie for the District 2-AA title.

The team is expected to be in good shape for the game against the Mules who have trod a rocky

road all season, and who fell 49 to 8 victims to Olton, in their only conference outing.

However, though Morton could be slight favorites going into the game, the coaches warn against over-confidence against a team that has traditionally been "up" against Morton, an annual foe for many, many years.

Date Set for Farm and Ranch Credit School

The ninth annual Texas Farm and Ranch Credit School for Commercial Bankers will be held in Texas A & M's Memorial Student Center, November 29, through December 1. The school is sponsored jointly by Texas A & M College, Texas Agricultural Experiment Station and Texas Agricultural Extension Service. The Department of Agricultural Economics and Sociology headed by Tyrus R. Timm is conducting the school.

Purposes of the school is to give the bankers who provide most of the operating credit for the State's farmers and ranchers the latest information on changes taking place in Texas Agriculture and how these changes may affect their future credit and other business policies.

One of the features of this year's school will be a panel discussion of what is an economic size farm or ranch? How large does a farm need to be and what are the capital requirements needed to produce a desired income for the various types of farms and ranches in Texas.

New research developments in livestock and crops will be presented by leaders in those fields. Live animals demonstrations will feature the newest findings in animal and poultry husbandry. If any local credit people wish to go, contact Homer E. Thompson, County Agent, for reservations.

SCOUT FUND DRIVE IS LAGGING; WORKERS WILL CONTINUE CALLS

The Cochran County portion of the South Plains Council Boy Scout Fund Drive got underway here Tuesday Morning with a breakfast in the County Activity Building.

By Wednesday night, after the second day of collections, the group had not nearly reached their goal, according to James McClure, chairman of the drive, and his three fund drive majors.

McClure said he hoped to conclude the drive as quickly as possible, but many persons had not yet been contacted. He urged all workers to make their contacts as soon as possible so a total can be compiled, and any subsequent necessary steps taken. Anyone

not yet contacted, can make their donation to any of the workers or at the Tribune Office.

Funds collected are to go to the South Plains Council to pay organizational costs of the area council. The County quota of the Council's \$107,000 budget, is approximately \$1,100.

Goodland Gin Loses 40 Bales In Tuesday Fire

A third gin fire within a week for the Morton Volunteer Fire Department, destroyed an estimated 40 or more bales of cotton at a Goodland Gin, shortly after noon, Tuesday.

The fire, which broke out in bales of cotton being loaded on truck backed up to the loading dock, found the truck nearly loaded. The tractor was quickly hooked onto the truck and it was hauled off to prevent fire in the gin.

TO ATTEND MARKET

Two buyers from Cobb's Department Store, Morton, will attend the National Fashion Exhibits at Dallas the first of next month. They will be Mrs. Irene Reed of the women's ready to wear department, and Woody Combs, manager of the store here.

VISITED PARENTS

Mrs. R. J. Pemberton and girls of Clovis, spent last week in the home of her parents, Mr. and Mrs. J. W. Pond and family.

SHOP MORTON'S DOLLAR DAY MONDAY

Will Speak to Bible Class

Mrs. John White of the Christian Children's Home of Lubbock will speak to the Ladies Bible class at the East Side Church of Christ Tuesday, morning, Nov. 3, at 9 o'clock. Her subject will be the Care of Children in the Home and Foster care. Everyone interested is invited to attend.

RAYMOND ROSS RESIGNS AS SCOUTMASTER

Raymond Ross, who has been Scoutmaster of Troop 101 in Morton, this week announced he has resigned that job to serve in the capacity of local Scouting Chairman and on the District Training Committee.

Ross has been assisted by Sharon Hawthorne in taking care of the local Troop. No new Scoutmaster had been named by Tuesday night.

Ross had been contemplating the resignation for along time after having been asked to serve in the district Scouting program,

MARTHA MEETS CHIEF
John McKee of Dallas, re-elected president of the Texas Scottish Rite Hospital for Crippled Children at the annual trustee meeting recently, meets Martha Gonzales of San Angelo, a polio patient. Other officers elected at the meeting in the hospital were R. L. Thornton, Dallas, first vice-president; Lee Lockwood, Waco, second vice-president; George R. Jordan, Dallas, treasurer, and Clarke Petet of Dallas, secretary.

Thirty-five years ago, Texas Scottish Rite Masons founded the hospital dedicated to an effort to provide a chance at a normal life for the handicapped child. The hospital, which is supported by public contributions and bequests, has accepted more than 100,000 children for treatment since 1925. An exceptional staff, plus unique physical facilities and sincere interest in the welfare of the individual, make the Scottish Rite Hospital an outstanding treatment center which serves the entire state.

THAT'S A FACT

fulfill the position of Texas' liberal wing Democrats who have been cool toward the senator since the convention hassles of '56.

In 1952, Rayburn championed the liberals in their battle against a conservative party leadership working for Eisenhower. But the same group, now the Democrats of Texas club members, will have to fly in the face of their old friend, Rayburn, if they decide on open opposition to Senator Johnson this year.

Some DOTERS have pledged Johnson support. But Mrs. R. D. Randolph, leader, refused to commit herself on the grounds the senator has not declared himself a candidate.

Candidate or not, Senator Johnson is whizzing around Texas for personal appearances, scheduled at the rate of more than one a day in the months ahead.

FAREWELL TO BENCH — Judge John E. Hickman has announced he will retire in 1960 from his post as chief justice of the State Supreme Court.

Judge Hickman, who became a commissioner on the high court in 1935, has served there longer than any other man in Texas history.

Noting that he is 76, the judge said he felt the time had come "to surrender the duties and responsibilities of my office to someone younger."

Two other Supreme Court Justices, Joe Greenhill and Clyde E. Smith, will be up for re-election next year.

COMMITTEES FORMING — In a surge of appointive activity, Speaker Waggoner Carr named House members to serve on three of the study groups authorized for between sessions activity.

Named to the Legislative Council, a permanent organization usually assigned a lengthy list of studies, are Reps. W. T. Oliver of Fort Neche, Eligio de la Garza of Mission, H. L. Strickland of San Antonio, R. H. Cory of Victoria, R. A. Bartram of New Braunfels, Tony Koriath of Sherman, Tommy Shannon of Fort Worth, Will Eyle of Childress, W. W. Glass of Jacksonville and Richard C. Slack of Pecos.

House members on the Texas Commission on State and Local Tax Policy will be Reps. Frates Seeligson of San Antonio, V. L. Ramsey of Boekville and J. Gordon Hixtow of Big Spring.

This group will further the study of the state's fiscal structure begun in 1957-58 by the State Tax Study Commission. Specifically, the new group will consider such problems as whether the property tax should be abandoned or overhauled.

To the Texas Coordinated Commission for State Health and Welfare Services, Carr named Reps. W. N. Shaw of Forney and Max C. Smith of San Marcos.

PROTECTION FOR FIRE ARMS IN STORING

Corrosion of sporting fire arms can be virtually eliminated through a new procedure for between season gun storage, without the mess of heavy grease and periodic re-oiling. The new method involves a polyethylene storage bag and rust inhibitor discs after conventional oil and solvent cleanup. The container of "Alathon" polyethylene resin not only seals firearms in a column of moisture free air, but permits inspection without unwrapping. The rust inhibitor discs release a chemical vapor to protect the gun.

TWO NEW LAWS ON COTTON ACREAGE

There are two new laws which affect farmers on their cotton acreage beginning next year. They are: (1) The farmer must plant his allotment of cotton acres, or release them to the county ASC office; so they can be re-allotted or be penalized the next year.

The penalty is that the next year's allotment in cotton acres will be the sum of the sum of the allotment in the previous year and the acreage actually planted. If no cotton was planted, the farmer's allotment would be cut in half the second year.

The second law permits the leasing of allotments of 10 acres or less. These laws are aimed at retaining the production history of cotton within the counties and states. This may be one way to move the cotton from East Texas to West Texas where it will be planted, or from east to west nationally.

Whiteface Boys Get Scout Honors

Howard Schmidt, South Plains Council advancement chairman, Boy Scouts of America has announced that the fall Court of Honor was held at the Second Baptist Church, 54th and Elgin at 8:00 p. m., Saturday October 24.

Among this young men recognized with the eagle award, were two Whiteface youths: James S. Rankin and James De Smet. Dr. Bob Arnold and Carl Moore, members of the advancement committee planned a full afternoon of activities for the Eagle candidates.

They toured the engineering school at Texas Tech College, and KCBQ - TV, as well as other points of interest.

Prior to the Eagle ceremony the candidates, their leaders and parents enjoyed a turkey dinner at the Ming Tree Restaurant.

BUS KEEPS PERMIT — In another case the Supreme Court ruled the Railroad Commission could grant a bus line a permit to use a certain route even though the road was not finished.

Southwestern Greyhound lines received a permit to use Highway 73 between Port Arthur and Houston before that road was complete. Sabine - Neches Trailways sued to have that certificate canceled.

Court held the Railroad Commission was required only to "know in a general way" about the traffic potentials of a route.

GAS TAX CHALLENGED — First of what will probably be many suits attacking the constitutionality of the new severance beneficiary tax on natural gas has been filed in an Austin district court.

Pipeline companies promised to fight the tax in court when it was passed by the Legislature this year.

A tax of 1.5 per cent of the value of the gas is levied on the purchaser, such as a pipeline that contracts to buy it from the producer.

A similar sort of law, the gas gathering tax passed in 1951, was knocked down by the courts.

Governor Daniel worked persistently for the new gas tax, an issue that helped keep lawmakers at loggerheads for months. He promised to help fight the suits. "Long line gas companies fought hard against accepting an tax load," said the Governor. "Now," he added, "some want to escape 'scot free'."

INDIANS WHITEWASHED . . . Olton Mustangs Rip Morton to Take District 2-AA Grid Leadership

A jarring - ground - eating fullback and a shifty halfback with deceptive speed, drove Morton's visions of a 2-AA grid title far back in their minds, Friday, as the Olton Mustangs racked up a 26 to 0 victory.

The Indians held their own with the Mustangs throughout the first half of play, but were over on the defensive. Late in the half, with less than three minutes to play, fullback Robert Priest sneaked over from one yard out for the touchdown and halfback John Wayne Hair booted the extra point. That sent the two teams to the dressing rooms with Olton boasting a 7 to 0 lead.

The second Olton score, coming late in the third quarter, was on an identical play, Priest over the center of the line, from one yard out. The try for points on a run by Randy Buchaneau, failed, and the score was 13 to 0.

A fourth down and 14 yards to go, from Priest to Buchaneau, gave Olton its third tally in the fourth period. The speedster was wide open in the right flank and all he had to do was catch the ball and step over into the end zone.

Morton's only near-scoring drive came midway in the fourth period when they drove to the Olton 5 yard line and then fumbled the ball. Olton took over and they rolled for 95 yards against the Indians. The scoring play was a 34 yard sweep around left end by Buchaneau, who got away for his only long run of the night. Again Hair booted the PAT, to post the final point in the game.

Olton rang up a topheavy margin in both yards gained and in first downs. The Indians played defensive ball most of the night, and in the first half did a creditable job, with an assist from the Mustangs. Olton's Buchaneau dropped one touchdown pass in the end zone early in the game, and the Mustangs had two long runs called back because of rule infractions.

But Morton was certainly not in the shape to capitalize on any

STRICKLANDS

"We Appreciate Your Business"
220 West Washington Morton

Week, October 25 - 31, to remind Texans of the importance of the air they breathe. During one day says the Department's October bulletin, a person must breathe 30 to 35 pounds — or a whole tonful — of fresh air.

Texas by no means has the problems of cities like London where in 1952 several thousand died during a period of excessive air pollution. But, says the Department, "the problem is already present and growing in areas where no action is being taken."

Every citizen can help, says the bulletin. Improper heating appliances in homes give off tons of uncombusted material and burning of leaves and trash in the back yard adds irritating agents to the air.

If you are especially interested in the problem, the bulletin suggests you contact your local Health Dept. which will advise you where the air pollution abatement group in your area meets.

HOW MUCH TIDE LANDS? — Texans now await a decision by the U. S. Supreme Court on how much of its tidelands the state owns.

U. S. attorney general claims the state owns a strip only three miles out from the coast. Texas officials say it is three leagues, or 10 1/2 miles.

That Texas owns come tidelands was established by a 1953 act of Congress giving states control of their submerged lands to their "historic boundaries."

Gov. Price Daniel and Texas Atty. Gen. Will Wilson argued before the high court that a historic boundary of three leagues had been established in the days of the Texas Republic and was agreed to by the U. S.

Opposing federal argument is that the U. S. has insisted on a three mile limit for all countries for many years as a matter of "national policy."

Texas' oil bearing tidelands, particularly those further out, are believed to be worth many millions in revenue for the state public school fund.

STRAWS IN THE WIND — Indications keep piling up that a special Legislative session to raise teacher pay and a third term race by Governor Daniel are strong possibilities.

Letters favoring the teacher pay session are greatly increasing according to the governors' office. A representative of the Texas State Teachers Association said teachers are not cooling off in their drive and are not planning to wait until 1961. Several union labor groups have endorsed teacher raises and offered to help in the drive.

A recent State Democratic Ex-

ecutive Committee newsletter notes Daniel's popularity in polls and quoted him as planning to keep the door open.

Which probably means the governor will keep the political pot in simmering suspense until very near Feb. 1 filing deadline.

FIRST WATER LOAN — Texas Water Development Board has made its first loan under the \$200,000,000 program passed by the Legislature in 1957.

Lower Nueces River Water Supply District received \$3,000,000 which will be used to complete the \$21,900,000 Wesley Seale Dam.

Under the problem, the Department Board sells bonds and loans money to local governments to pay part of the cost of the water conservation projects. Program is self liquidating. Board is presently paying 3.56 per cent interest on the bonds and charging 4.66 per cent on loans.

White River Municipal Water District in West Texas is expected to receive the next loan. It is seeking aid for \$4,000,000 project to supply water to Crosbyton, Post, Ralls and Spur.

SCHOOL SUPPORT PROBLEM Gaining public support for school will hinge on how well schools adapt to new demands, State Commissioner of Education J. W. Edgar warned school leaders.

Dr. Edgar told the Texas Association of School Boards of new curriculum changes, including beefed up high school mathematics courses, now being tested in Texas schools.

School board members noted that, despite the hue and cry for better schools, a winning football team still gets more support than any thing else.

EDUCATION EXPANSION STUDIED — Whether the University of Houston should be brought into the University of Texas system is under state study.

Texas' Commissioner of Higher Education ordered staff study of the question directed to it by a resolution passed this year by the Legislature. At present the University of Houston is a private institution that receives state aid only for the first two years of its four year program.

Houston proponents of the plan claim there is an increasing need for making college education available in Houston for that city's ever growing numbers of high school graduates. It is estimated Houston high schools will be graduating 15,000 students a year by 1975.

Commission Director Ralph Green has noted, however, that there is some "public alarm" over the expansion of the public education

and the shrinking of private education. He said the staff study would be completed by the latter part of 1960.

San Angelo citizens, meanwhile, have started activity toward getting San Angelo College admitted into the state's circle of fully supported state institutions. A visit to the institution has been scheduled for Green and Sen. Dorsey Hardeman, in whose district the college is located, for next month.

COLLEGES PAYING MORE — Texas' 18 state supported colleges are paying an average of \$433 a year more to its teachers this year than last. Their salaries for teachers now average \$6,320 according to the Commission on Higher Education.

Commission Director Ralph Green said the pay levels are now 30.5 per cent higher than the average five years ago.

Widest range of salaries is at the University of Texas. Top pay there is \$16,000 for nine months, \$10,397 average for full professors, \$4,551 average instructors.

SAUNDERS ASKS RE-TRIAL — Former Insurance Commissioner J. Byron Saunders is asking for a new trial of the perjury charges against him.

Saunders was convicted in an Austin District court and sentenced to two years in prison. He was accused of having lied to a legislative investigating committee as to why the now bankrupt ICT Insurance Co. paid him \$7,000 while he was insurance commissioner. Saunders contended the money was payment for his interest in oil royalties on a piece of property he sold the Company.

It is the first time in the history of the state that a person has been charged with perjury as a result of statements to a legislative committee. Saunders' attorneys have vowed to take it all the way to the U. S. Supreme Court if necessary.

PANEL ON AGING — Senator Crawford Martin of Hillsboro has been named to head the Governor's Conference on aging.

This group will study problems of elderly people and take the states report to the 1961 White House Conference on Aging.

Also named by Governor to the panel are State Welfare Commissioner John Winters; State Health Commissioner J. E. Feavory; State Employment Commissioner Perry Brown; Dr. C. J. Ruilmann, state director of mental health and hospitals; and Jess Irwin, the governor's budget director. Also, Mrs. William B. Ruggles, Herbert Shore and Eldred Thomas all of Dallas.

GIBBS RE-CALLED — Joe P. Gibbs has, for the third time, been tapped to join the high command of the State Board of Insurance.

Gibbs was appointed by Gov. Daniel to succeed Board Member David B. Irms who will leave Nov. 1 to join a Dallas law firm. Irms said his resignation was not triggered by the Departments recent difficulties with Legislature which cut salaries of top officials.

Gibbs served as an insurance commissioner from 1941 to 1952 as an appointee of Govs. W. Lee O'Daniel and Beauford Jester. He served again from 1957 through February, 1958, after Gov. Daniel made appointments to an entirely new, reorganized board.

MORE APPOINTMENTS — Other new appointees announced by Gov. Daniel are:

To the State Finance Commission: Lacy Ruggess of Fort Worth, W. B. Russell of De Kalb and Walter Taylor of Tuscola.

To the board of Texas Southern University: Dr. W. R. Eubanks of Prairie View.

To the Seed and Plant Board: Owen Gilbreath and Arthur Young of Lubbock, Emmett Harper of Martindale, Heino Staffel Jr. of Austin and C. B. Godbey of College Station.

As chief justice of the Seventh Court of Civil Appeals, Amarillo: James G. Denton of Lubbock. Howard Davison of Lubbock was named to serve Denton's unexpired term as judge of the 98th district court at Lubbock.

HOSPITAL, COLLEGES ARE BUILDING — With a new fiscal year begun, state boards and agencies are busy making plans for building programs.

State Board for Hospitals and Special Schools announced that a 1,000 bed nursing hospital for mentally retarded patients will be built at Denton. Construction of new cottages to house mental patients at Denton is already underway.

University of Texas Board of Regents is beginning a \$17,895,000 building program spread over the various branches of the huge system. Most recently approved by the regents are three buildings for Texas Western University at El Paso. They will include a class room office building, a war-renton building and gymnasium field house. Other UT projects, either begun or being planned, include improvements at the medical branch at Galveston and at McDonald Observatory, a new headquarters at the Institute of Marine Science, Port Aransas, and five buildings for the main campus at Austin.

Junior High Teams Win, Tie Games With Sundown

Morton's up and coming junior high gridders gave a fine accounting of themselves in two games played on the local field Thursday, Oct. 15, handing Sundown one defeat and posting a tie in the other game.

Coch Pat Hughes 7th graders controlled the game and the ball most of the way in posting a 28 to 0 win over Sundown, with a good variety of offense and an exceptionally strong defense.

The 8th graders battled hard to post a 14 to 14 tie with what looked like a strong group of Sundown 8th graders.

With Charlie Ledbetter quarterbacking most of the first half, and Benny Turney taking over where he left off, the local 7th grade did a very good job offensively against Sundown. An early first quarter touchdown run by Solas was called back because of a penalty, but the local boys pulled ahead with a little over a minute to play in the first quarter on a touchdown set up by two long runs.

Passes, Ledbetter to Turney and Ruthardt, and Turney's running set up the second score and the point after was good. The locals then scored a third time on the final play of the first half on a yard sneak over the middle.

They posted the final six points on a run down the sidelines after a fake pass, just before the game ended. Two more points were earned as the second half opened as Morton downed a Sundown back in his own end zone.

Honor Students Feted at Party

The Morton High school honor students were entertained at a party in their honor on Oct. 19, in the Homemaking Lab. Mary Ledbetter, president of the National Honor Society, explained the wearing of the honor pins. Gary Coffman, president of the Student Council, passed out the honor pins. Refreshments were served by the first year homemaking class.

Freshmen Win Reserves In Tie

The Morton freshmen and reserve gridders gave Muleshoe's Mules a full evening of competition, Thursday, as they copped the 9th grade game by a 20 to 12 count and fought hard for a 6 to 6 tie in the afterpiece.

Earl Cox paced their victory after a scoreless first half in which the play ended with Morton boys knocking at paydirt on the Muleshoe 3 yard line.

With the second half kickoff a fleetfooted Muleshoe halfback raced 88 yards down the left sideline to score and give the Muleshoe ninth graders a 6 to 0 lead. The extra point failed and Morton which had held the upper hand previously, but just couldn't make a score, found themselves suddenly behind.

The local boys, however, powered a drive which carried to the 10 yard line and finally Lester Dupler capped their drive by

going over for the score. Earl Cox bulled up the middle but was stopped short and it was 6 to 6. Late in the third quarter Cox capped a drive by going over from a short distance out and also ran the point after for a 14 to 6 lead.

Muleshoe roared back late in the game to drive to the Indian 9 yard line before Johnny Samford recovered a Muleshoe fumble with only two minutes left to play and it looked like this was the factor which had stopped the Muleshoe. But the fireworks weren't over yet.

Earl Cox burst through the line and romped 70 yards for a clinching touchdown and the points after failed. Muleshoe made a desperation bid to get back in the game as the same fleet half back got loose for a 30 yard romp

with about a minute to play and it was 20 to 12. They then attempted an onside kick in hopes of getting one more chance at the football but this failed and two plays at the rest of the time up.

Morton allowed Muleshoe's 11 only one first down in the entire game and Coach Bob Vanoy's lads took charge of the game, yardage wise, early, and dominated throughout.

In the second game, both teams scored on a long pass, the Morton tally coming on a heave from Steve Middleton to Mike Houston to tie the score, after Muleshoe had taken the lead.

The game in the form of a scrimmage, with no kickoffs, but a timing clock used, was exceptionally evenly fought throughout. Nearly all of the major yardage was made on passes.

Employment Tax Forms Are Mailed

Employment tax forms have been mailed to 98,213 North Texas employers according to Ellis Campbell, Jr., District Director of Internal Revenue.

This is the third year Internal Revenue Service has mailed the employment tax forms, Form W-2, Form W-4, Form 7018, and Form 941-A in the package, Publication No. 393. Form W-13 is not contained in the package this year but will be mailed to employers with the fourth quarter mailing of Forms 941.

The package also contains a form for large employers to use in ordering extra forms.

Three Parts Of Hale - Aikin Bill Will Immediately Improve Our Schools

In answer to questions asked many times during the week, as to just what is in the Hale-Aikin program which school teachers are trying to get passed in a general session of the Texas Legislature, the Tribune provides the following information.

The minimum Foundation Program consists of three main items of help needed, according to information circulated here by the Texas State Teachers Association. An immediate increase of minimum salary of \$45 is sought and a \$12 per month increment for each year of teaching service.

The second item sought is an increase of \$50 per teacher for maintenance and operation (teaching supplies, custodial care, utilities, insurance, repairs, etc.)

No. 3 on the list is an increase of \$190 per bus in transportation reimbursement. These steps came out of the Hale-Aikin program recommended by 254 County Committees in their study undertaken last year, and recommended by the Hale - Aikin State Committee.

What teachers and school administrators want the general public to do, to lend support to

WASHINGTON AND "SMALL BUSINESS" BY C. WILSON HARDER

As investigations by Rep. Kowalski have pointed up, a large segment of the enlisted men in the armed forces are being hardened for combat by such chores as rinsing out the colonel's lady's girdle, gardening, driving limousines for the brass, and other household and serving tasks.

Thus the armed forces are developing a great striking force of Kitchen Kommandos. Sen. Paul Douglas now finds there is also a considerable force of Greecy Grenadiers.

In fact, Sen. Douglas finds that of the 8,831 workers in the armed forces 209 commissary stores are 37, or less than average cost of rental by private stores. Thus, Sen. Douglas computes, the armed forces are being subsidized by the nation's grocers somewhere between \$48 and \$58 million per year.

On the basis of Sen. Douglas's disclosures, it looks very much now a special sub committee of the House Small Business Committee, Rep. Muller, will make a searching probe of this matter.

As a matter of fact, the figures on these commissary operations don't look too wholesome, or at least, are quite confusing.

It is undoubtedly high time that the facts, all of them, are dragged out into the light.

It very much appears that a full scale investigation of the situation could be quite shocking. In the meantime, 5,000 service men are preparing to resist the enemy by weighing out sugar.

But a check on the locations of the commissary stores shows for the most part they are located in pretty thriving business centers, where there hasn't been traces of hostile Indians for years.

For example, it has perhaps been quite a small since heretofore. National Federation of Independent Business.

7. Texas schools enroll 100,000 additional students each year. More than 56,000 teachers must be recruited in the next five year period. The quality of those teachers will be materially affected by the salary provided them.

8. In 1959 Legislatures in 27 states have substantially increased financial support of their public schools and provided better salaries for their teachers.

9. "The First Step" can be accomplished and made effective during the 1959 - 60 school year.

10. The Fourth United States Army has won national recognition in the field of Army Recruiting and will receive the first Department of the Army award of its kind in ceremonies at Washington D. C. on October 20.

Secretary of the Army Wilber M. Brucker will present a plaque created last year to honor the Zone of Interior Army with the best recruiting record. The first award is for results achieved during the last half of Fiscal Year 1959. Future awards will be made for the entire fiscal year.

Lieutenant General Edward T. Williams, Commanding General, Fourth United States Army, will accept the award in the Secretary's office. He will be accompanied by Colonel Garlen R. Bryant, a native of Temple, Tex., who commands the Fourth U. S. Army Recruiting District.

Personnel of the Fourth U. S. Army Recruiting District achieved 97.7 per cent of their objective to better the achievements of the Continental United States.

From January 1 to June 30, 1959, which is the last half of the Army's fiscal year, district personnel enlisted 6,909 recruits against an objective of 7,075. This was the period for which the plaque was awarded. In addition, the district achieved 107.3 per cent of its objective during the entire fiscal year.

Colonel Brent explained that successful recruiting in the Fourth U. S. Army is due in great part to the high caliber personnel assigned to the district. The Fourth U. S. Army Recruiting District is the only one in the United States whose enlisted recruiters are all volunteers.

Outstanding examples of the volunteers are six enlisted men who achieved individual records of better than 150 per cent of their assigned objectives for the six month period. The recruiters, with duty station and percentages, are: Sergeant First Class Ira J. Breaux, Hammond, La., 196; Master Sergeant Arthur W. Martin, New Orleans, La., 167; SFC Jake Carnes, Gretna, La., 164; M/Sgt. Gudmundur J. Johnson, Dallas, Tex., 156; SFC Jack L. Henderson, Dallas, 152; and SFC Miguel Vergara, Laredo, Tex., 150.

With a recruiting area which includes the states of Arkansas, Louisiana, New Mexico, Oklahoma and Texas, the district employs approximately 218 recruiters or career counselors at 100 recruiting stations. Another outstanding achievement during the award period was a low frequency rate of accidents in the district. Based on the United States Army frequency rate of each 100,000 miles

Scout Fund Drive Is Underway . . . Council Program Highly Important

Each year, when it becomes time to solicit funds for the South Plains Council of the Boy Scouts of America, there are a number of Mortonites and Cochran Countians who express the belief that we shouldn't send any money to Lubbock in behalf of this movement.

These good intentioned people theorize the situation this way. The local Scout troops have local sponsors who pay for their local needs. The local troops receive no money from the Council headquarters. Therefore, they say why contribute to them.

Unthinkingly, these persons, many times the most ardent supporters of Scouting on the local level, have omitted one of the most important functions that has made the national and international Scouting movement a great one, throughout the years . . . the organization of Scouting.

For it is this core of organization that enables the Scouting movement to get so much out of each Scouting dollar, and yet, to still maintain a professional staff.

It should be obvious to anyone who takes the time to consider, that professional help must be maintained and paid for. You must have professional Scouters, not only to administer the tremendous clerical needs, but also to teach and push Scouting in practice.

True, the large majority of help in the Scouting movement comes from men and women who donate their services and who impart to scouting something that could not be bought. But, on the administrative level, it costs \$14 per boy to maintain Scouting nationally, and about \$10 per boy in the South Plains Council.

Does this mean that the South Plains Council is doing a better job. Not necessarily. It means simply the South Plains Council's 20 counties of Scouting are getting \$10 worth of program per boy. The \$107,000 which is the South Plains Council goal for this year, sends only one and one-third per cent of this money, less

to the national. The rest is kept to administer the costs of the South Plains Council. About \$45,000 of this money goes for salaries to pay for the professional workers. The rest goes for supplies, record keeping, building, supporting and constructing three Council summer camps, and hundreds of other Scout needs.

This just skims the surface of the Scout Council story. It would be hard to explain, to a non-interested person, just how much is provided on the Council level. It would be hard to picture the portions of the Scouting program that could not be provided by local funds.

Men like Raymond Ross, Fred Morrison, Elra Oden and many others who are leaders, none of whose names have been intentionally omitted, can certainly tell you what Council provides.

While tremendously proud of the Morton's Lions Club, local American Legion Post, Volunteer Fire Department and others who are supporting local troops and have supported them in the past, and while doffing our hat to the hundreds of mothers who have served as Den Mothers for Cub Scouts — here we are paying tribute to what the Council provides. These den mothers and others can also tell you.

True and complete Scouting, as Morton has been privileged to know it, could not have existed without Council help. When you come from men and women who are contacted for a donation, don't say "No. I've already given all I can afford to give this year." Don't say, "I don't like sending money to Lubbock."

Give \$5 or \$10 or what you can. Give with the certain knowledge that your \$10 can support one Scout on the Plains for a year but that if the Council had \$14 per Scout, it could provide a better program.

Give with the knowledge our boys are getting your full measure of money back from the Council in the form of Scouting aid . . . aid which is an investment in the future.

Give with the knowledge our boys are getting your full measure of money back from the Council in the form of Scouting aid . . . aid which is an investment in the future.

Another outstanding achievement during the award period was a low frequency rate of accidents in the district. Based on the United States Army frequency rate of each 100,000 miles

driven, recruiting personnel driven approximately 2,247,342 miles with a low rate of 0.06 accidents

Jail Easy to Break Out of . . . That Goes for Us Too, Mr. Editor

A squib from the "National County's Jail." "For a number of years," the article reads, "citizens have known that any ambitious prisoner could escape from jail by simply pushing out the brick walls, from which the mortar is crumbling."

Cochran County's jail, also condemned as unsanitary and unsafe, could also be easily escaped by digging out the mortar between bricks, it has been said by officers.

And local officers, for a number of years, have been crossing their fingers and knocking on wood . . . hoping someone does not get seriously hurt while occupying their jail. In fact, prisoners are kept here only on short terms . . . persons to be jailed for more than a couple of days, and women are all taken to Levelland and kept in the Hockey County jail.

The state health department had condemned the building as unsafe for occupancy by the Sheriff and his family, a year ago and no new action had been taken. Prisoners are now kept in jails in neighboring counties.

Of course there is no jailor and family lodged in the Court House, but the same reasons that the Collingsworth jail was found unsafe, apply to Cochran County's jail.

Plenty of cotton . . . despite the fact that the cotton crop this year is one of plenty, cotton merchants are finding raw cotton in short available supply to fill their commitments to textile mills in this country and abroad because cotton brought from CCC has not been delivered in time to meet contracts because of red tape . . . this is another example of the disruption of normal patterns of private trading which has cost cotton merchants millions of dollars.

Cottonseed Plan If the cottonseed market price drops below the support price (and the market price is now about equal to the average support rate of \$38 per ton) the government has a plan to turn the seed into oil . . . the government-owned seed would be sold to crushers at support rate . . . the oil would be sold back to the government with the crusher keeping the meal and other by-products.

New Estimate Estimate of the new crop issued by the USDA was up by 14,000 bales . . . this was the third USDA estimate of the season and was based on October 1 conditions . . . total crop set at 14.7 million bales.

Plenty Bale Ties Despite the steel strike there seems to be plenty of bale ties available . . . a survey indicates that there are enough ties now to last through that makes the steel company that makes the steel isn't on strike . . . with a 14.7 million bale crop, more than 120 million pounds of steel will be consumed for ties.

Travelogue About Alaska and Hawaii Features Portion of 1936 Study Club's Program at Recent Meeting

Sixteen members and one guest, Mrs. B. H. Lee, attended the October 7 meeting of the 1936 Study Club in the home of Mrs. Hume Russell. Mrs. Gene Evans, president, conducted a brief business meeting. Mrs. W. C. Benham and Mrs. Jesse Burns were accepted into membership. A travelogue introducing our newest states was given with Mrs. Luke Hargrove presenting "Alaska". Mrs. B. H. Lee reviewed the highlights of her recent visit to Hawaii and color movies of the trip were shown.

On Oct. 21, Mrs. Joe Gipson hosted the 1936 Study Club in her home. President, Mrs. Gene Evans, presided. Program Chairman, Mrs. Bob Ramp, introduced a program on the American Home with a discussion led by Mrs. H. B. King on "Christianity in the Home".

looms of Mrs. Joe Gipson was a pottery pig used to keep butter during the voyage to America from Germany. The next meeting of the 1936 Study Club will be on November 1 with Mrs. Bob Ramp as guest. One particular interesting item from the family heir-

RESEARCH SHEDS NEW LIGHT ON CATTLE BLOAT
 One of the causes of chronic bloat in cattle is believed to have been found by researchers in Oregon State College. According to their research, bloat runs in the family or is inherited. The researchers kept records on 250 beef calves in the course of the study. Chronic bloat showed up in 7 out of the 13 offspring of "bloater" bulls mated to "diater" cows or to cows closely related to the bulls. Of the regular breeding herd, less than 4 per cent bloated occasionally. Bloat is caused by a buildup of gas during feed digestion in the large storage reservoir in a network of four stomachs in cattle. Chronic bloating stunts growth and is a major cause of death losses in both beef and dairy cattle. Bloat occurs most often when animals are on high quality feed such as good alfalfa hay supplemented with barley. Test animals received a pelleted ration of two parts half inch cut alfalfa hay to one part grain mix. Since the tendency to bloat was increased in the tests through selective breeding, specialists believe it may be possible to pinpoint chronic bloating families and thus help cattle breeders select against this abnormality. **FARROWING INTENTIONS DOWN**
 This quarterly hog report received recently from John G. McHoney:
 Farrowing intentions of hog producers in 10 corn belt states for December 1959 - February 1960 are down 4 per cent from last year. If intention are followed this will be the first reduction in two years. Farrowing intentions for the period March 1960 - May 1960 will be reported in December and if the number of pigs born in this quarter show a decline, then we can assume that hog numbers have turned the corner and headed down.

SPOKE HERE - Rev. and Mrs. Byron L. Mock, recently appointed missionaries in Bolivia, South America, by the Assembly of God Churches, were featured speakers at the local church here last Friday night.

Engagement Is Announced

Mr. and Mrs. J. N. Burnett of Route One, Morton, announce the engagement of their daughter, Donna Sue to Lyndall Jay Burleson, son of Mr. and Mrs. Alton Burleson, Morton. Wedding vows will be read at the First Methodist Church, November 21, at 7 p.m. Rev. J. E. Harrell, pastor of the church will officiate.

By Leila Petty
STORE SUMMER CLOTHES PROPERLY
 Right storage will increase the life of your summer clothing, and make garments more wearable next season. Take time to sort and store garments carefully as you take them out of circulation for a season. Here are some suggestions that will help protect your wardrobe.
 Mend any ripped seams, tears, loose buttons or other damages. A few stitches can lengthen the life of a garment.
 Wash or dry clean all clothing before storing.
 Store cottons and linens un-ironed. Make certain that all starch is removed. It can cause fabric to deteriorate and may attract silverfish.
 Dry garments thoroughly and store them in a dry place to prevent mildew.
 Store clothing in large boxes or trunks to make room in closets for fall and winter things.
TRY SOME NEW CORN MEAL DISHES
 Need some variety in your daily meals? Special dishes made from corn meal can give a "new look" to the main course, the bread course and even dessert course, according to Frances Reasonover, extension Food and Nutrition Specialist of Texas A&M College.
 "Sausage Corn Bread Supper" is one example. Add a tossed green salad, milk and fresh fruit, and you have a quick easy meal ready to serve.
 To make this tasty dish, follow these directions: Brown a pound of sausage links in a skillet over low heat... drain the drippings. Arrange 10 sausage links over 6 apple rings in a casserole or in the bottom of a skillet. Cut the extra sausage links and save into pieces to blend in with the batter.
 For the cornbread, sift together 1 cup corn meal, 1 cup flour, 1/2 teaspoon salt and 4 teaspoons baking powder. Add 1 egg, 1 cup milk and 2 tablespoons sausage drippings. Beat with a rotary beater until smooth, about 1 minute. Blend in the chopped sausage links. Pour batter over

Bula Again Finishes Strong To Nip 3-Way

The Three Way Eagles just about accomplished the job they have been trying to do for these many years... beat Bula on the football field, Friday night, when somebody told Bula what was about to happen. Trailing 26 to 12 at the half, the Bulldogs did an about face, applied the whitewash brush to Three Way, and came out with a 37 to 26 triumph. Once again it was Norvell Roberts whom the Eagles let get them down the most. He romped for three touchdowns and an extra point and passed for six pointers to Donnie McCall and Lee Pearson. McCall also ran another touchdown. The game was played on the Bula field, and Three Way by past record should have been a slight favorite. But, as they did in another meeting earlier this year, the Bula crew pulled the big upset and seemed to clinch second place in the Six man conference.

To Teach Class On Marriage

Beginning Nov. 11, Dr. Fain and Mrs. Fain of Littlefield will teach a course each Wednesday night for six weeks to young people on love, courtship and preparing for marriage. All young people of the community are invited to attend. Dr. Fain will teach the young men and Mrs. Fain will teach the young women.

Camp Fire Group Holds Party

The Keema Camp Fire group met at the American Legion Hall Tuesday, Oct. 27. They had a Halloween party. Games and refreshments were served. The girls welcomed two new members to their group. They are Jan Thomas and Carolyn Marina. The next meeting will be Nov. 3.

Plan For Over 50,000 Boy Scout Campers At Colorado Springs National Jamboree

Official Poster of the Fifth National Jamboree
 More than 50,000 Boy Scouts, Explorers and leaders from all parts of the nation and some from other lands will camp together at the Fifth National Jamboree, July 22-28, 1960. A 2,000-acre site at Reverse J Diamond Ranch in Colorado Springs, Colorado, is being prepared for the jamboree. It will have its own water supply, electricity, telephone service, post offices and other services for the largest gathering of boys in the Western Hemisphere. Jamboree campers, all of them twelve years old or older, will share daily camp chores, cook their own meals, take part in displays, campfires, demonstrations, skill contests, and inter-camp visits during the seven day event. Outstanding Americans will take part in the principal events.

Opportunities In Research Are Available

Opportunities in research in the fields of Chemistry, Mathematics, Metallurgy, and Physics now exist in various Federal agencies in the Washington, D. C., area, the United States Civil Service Commission announces. The salaries range from \$4,490 to \$12,770 a year.

To qualify, applicants must have completed appropriate college study leading to a bachelor's degree. In addition, for positions paying \$5,430 and above, graduate study or professional experience is required. College graduates may also qualify for positions paying a beginning salary of \$5,430 a year if they have a superior scholastic record or through passing an appropriate written test.

Further information regarding these positions is contained in Announcements 209B and 201B. The announcements and application forms may be obtained from Jerry Winder, located at the Morton Post Office.

Red Cross Fund Drive Worker Named for Four County Area

Mrs. Bonnie Harberer has been selected to work with four counties in the western part of the South Plains on their Red Cross Fund Campaign.

Mrs. Harberer lives in Lamb County where she has been active in Red Cross work for a number of years. She has served as a member of the Lamb County Chapter Board, has been fund chairman for the Chapter and has been a regional fund chairman. She is again serving as a regional fund chairman and will assist on fund drives in Bailey, Cochran, Yeakum, and Terry Counties.

As a regional fund chairman

WASHINGTON AND "SMALL BUSINESS"

By C. WILSON HARDER

As this is written, the steel strike is still in force. By publication time, the strike may, or may not, be ended.

But regardless of the status of the strike at press time, this is the first major labor dispute in which United States foreign policy, long dominated by a few big-headed internationalists, has been an issue, whether spoken out loud or not.

The fact remains that in 1945, 1949, 1952, C. W. Harder 1955 and 1956, Big Steel settled fairly quickly meeting all, or most of labor's demands.

Altogether, in these five strikes labor won over 50 cents per hour cumulative wages increases, plus pensions, plus overtime, plus holidays, plus vacations, and many other benefits.

And as always, Big Steel boosted the price of their product so that in the end the American consumer paid for whatever Big Steel gave Big Labor. There does not appear to have been any serious consideration in these past strikes of public interest. With 65% of nation's steel production in hands of only four giants, and with another four lesser lights bringing the total up to 85%, there was little chance for consumer to shop.

But now the picture has changed. While Big Steel was hitherto giving away the consumer's dollars at the labor bargaining table, the internationalist do-gooder clique was busy giving away the protection the industry had with tariffs.

So today, American steel in-

dustry faces low cost, competition from Japanese, German and Belgian steel mills.

Even that standby customer of steel, Detroit is feeling the pinch as the U. S. now imports almost four times as many automobiles as it exports.

Frank Higgins, former assistant Secretary of the Army, in a recent speech on his observations traveling the world since his retirement last March, termed himself a "modern day industrial Paul Revere" and expressed frank alarm over the inroads that foreign manufacturers are making into the American economy.

He reports that under the U. S. foreign aid program, two and a half ton trucks that cost \$7100 to build in Detroit are being built in Japan for \$3268.

It is known in field of nails, pipe, concrete reinforcing steel, American steel mills are practically out of business as they cannot compete with foreign goods.

Mr. Higgins recommends that a committee from industry, labor, and government be sent abroad to study perils to American industry in the foreign plans and operations. He further believes this committee should report to Congress.

It would probably be well, for a delegation of labor leaders to dip into their treasuries to make such a trip, and broaden their viewpoint of true economic conditions existing with U. S. protective barriers practically eliminated these past few years.

If this were to be done, it would not be unlikely that pickets would be assigned to patrol the U. S. State Dept., carrying cards, "State Dept. unfair to American workers."

Broutherin Appointed Crew Leader For 1959 Area Agricultural Census

Appointment of Mr. Raymond P. Broutherin of Levelland, Tex., as a crew leader for the 1959 Census of Agriculture was announced today by Field Director James W. Stroud of the Census Bureau's regional office at Dallas.

Mr. Broutherin will direct a force of census takers who will canvass all farms in Cochran, Hockley and Terry Counties. Before assuming his post, he will go to Lubbock, Texas where he will receive five days of training by a member of the Census Bureau's staff. Topics to be covered include procedures for recruiting of census takers, census taker training, canvassing methods, preparation and submission of reports, and the supervision of census takers to insure a complete and accurate count.

The crew leader is one of the key people in the field operations of the Census of Agriculture. It is his responsibility to recruit and train the census takers and super-

vised their work; plan and allocate work assignments; review the work of the census takers and take remedial action where necessary, and to conduct difficult interviews.

After completing his training, Mr. Broutherin will return to his district where he will spend several weeks recruiting census takers, and training them in preparation for the start of the field canvass on November 18.

Lightening Was Cause of TV Picture Trouble

Folks in the area who have been wondering the past several weeks about a sudden difficulty in receiving the picture from one of Lubbock's TV stations were afforded an explanation this week by the president of the TV station, W. D. (Dub) Rogers, of Station KDUB.

To quote Rogers, in a letter received by Ray's Hardware, local appliance dealer: "As you know, for the past several years, KDUB-TV, Channel 13, has given TV viewers in your area the strongest, brightest TV picture because it is the only Lubbock station operating at maximum power (316,000 watts).

About two and one half months ago our tower was struck by lightning during a terrific electrical storm, and much of our transmission line and antenna were badly damaged. A new antenna and some of the other transmitting equipment had to be specially built before we could start re- placement.

Two weeks ago we started transmitting from a standby antenna already installed in our tower for emergencies. But, we did not contact you at that time because we felt the change over could be effected in a short time.

Generally, the hoisting of a new 8 ton antenna to the top of an 857 foot tower (that's taller than the Chrysler building in New York City) is not a major problem, but because of high winds and inclement weather, the special tower crews we've had on the job three weeks have been able to work only five of 21 days.

I'm glad I can tell you that the antenna itself is now in place and by October 25 we hope to have all the line from the transmitter to the antenna installed and operating again at 316,000 watts maximum power.

Though we cannot control acts of God, we regret any inconveniences that our misfortune with the elements may have caused your customers and your service personnel during this change-over period.

HERE FROM DALLAS
Mr. and Mrs. Don Morgan and son of Dallas visited her parents over the weekend, Mr. and Mrs. D. S. Fowler.

Personnel Editor Of Yearbook

Plainview, (spl.) — Miss Judy McCuiston, daughter of Mr. and Mrs. Truett A. McCuiston, Morton, will serve as Personnel Editor of the Yearbook, the yearbook of Wayland Baptist College, according to Miss Allese Partin, adviser of the Traveler.

A graduate of Morton High School, Miss McCuiston is seeking a Bachelor of Arts degree with a major in elementary education from Wayland Baptist College, a four year, degree granting institution in its 51st year on the plains of Texas.

Miss McCuiston is also a freshman class Senator in the Student Government Association. In high school, she was a member of the National Honor Society, president of the Future Homemakers of America, a band officer for two years and an officer in the Future Teachers of America organization.

Troop Assistants Of Boy Scouts Are Named

John Thomas, chairman of the 1960 Jamboree committee of the South Plains Council, Boy Scouts of America has announced the following men will serve as scoutmasters and assistants for the seven troops of the South Plains contingent.

Bill Mayes, Ralls, scoutmaster. Mark Geeslin, Jayton and T. J. Thompson, Ralls, assistants.

Ike White, Lubbock, scoutmaster. Claude Brown, Lubbock, assistant.

Sam Henry, Lubbock, scoutmaster. Billy Foster and M. L. Stiles assistants. Both of Lubbock. Jim Halsey, Lubbock, scoutmaster. Frank McNeil and Gary Melbourne, assistants. Both of Lubbock.

R. T. Wilson, Brownfield, scoutmaster. Allyn Cox, Tohoka

and John Schoolfield, Brownfield, assistants.

J. R. Arnold, Levelland, scoutmaster. Raymond Ross, Morton, assistant.

Jim Ward, Floydada, scoutmaster and Jimmy Willson, Floydada, assistant.

Jamboree rallies have been planned to acquaint the scouts and parents with the Colorado Springs Jamboree details, itinerary and cost at the following places and dates.

Santa Fe Freight Schedule Is Revised

The Santa Fe Trail Transportation Company, effective schedules has revised its freight schedule so as to provide overnight service from Dallas and Fort Worth to Levelland, Littlefield, Muleshoe, and Morton, Texas.

This expedited service replaces second morning service previously

in effect. It is brought about by revision of schedules to provide for a morning departure out of Lubbock, making connection with the freight schedules arriving from Dallas and Fort Worth. One schedule operates from Lubbock to Muleshoe via Littlefield and another schedule operates from Lubbock to Levelland to provide over night service at these points. The Lubbock to Muleshoe schedule will return to Lubbock via Morton which will also provide first day services from Dallas and Fort Worth into Morton.

The Santa Fe trucking operation will continue overnight service to these points from Amarillo and Lubbock as they have in the past. Also second day arrival moving via Santa Fe Trails all the way from Houston has been in effect in the past.

SINGING TO BE SUNDAY

There will be a singing at 2:30 Sunday afternoon at the East Side Church of Christ. Everyone is invited to attend.

Pep - Shallowater Split Two Games

PEP (spl.) — The Pep High School girls and boys basketball teams got their season off to a start last Thursday (a week ago) by splitting even in two games with Shallowater.

The games were played in the Pep gym, and this week (Tuesday), the two schools met in a set of games at Shallowater.

Ron Kuehler paced Pep to victory in the boys game with a 20 point effort as they posted a 39 to 23 win.

The Shallowater girls won, 42 to 20. Rose Demel had 14 points for Pep.

Coach Curtis Catham, in his first year at the helm of the Pep team, lacks height, but has lots of potential in the squad. Catham, a Baird, Texas product who attended Hardin Simmons, came to Pep after being discharged from the service.

Henry Young, is coach of the Pep girl's team.
