Levelland Man Died Friday In Rig Mishap

A Levelland oil field worker 44 years old Norman Edward (Skinny) Reid, was fatally injured at about 5:30 Friday morning in an oil field mishap on a Gulf Oil Company lease in Lea County New Mexico.

The mishap occurred about 20 miles southwest of Bledsoe, according to the ambulance driver from Singleton Funeral Home, who brought Reid to the Cochran County Hospital, where he was pronounced dead on arrival.

Working on the floor of the derrick, Reid was fatally injured when the tongs came loose and hit him in the back of the head.

The body was taken to Singleton Funeral Home where it was prepared and later transferred to Levelland by George Price Funeral Home.

Services were held at 2 p. m. Sunday at the Fifth Street Baptist Church in Levelland with the Rev. John Mullins, pastor, officiating. Burial was in the City of Levelland Cemetery under the direction of George Price Funeral Home of Levelland.

Survivors include, one son, Rex Warren, and one daughter, Norma Don, both of Corsicana; his father, J. E. Levelland; four brothers, Glenn, Dale, Warren, and Dr. Raymond A. Reid, all of Levelland; three sisters, Mrs. Irene Houston and Mrs. Maude Davidson, both of Levelland; and Mrs. C. J. Bartlett, Burbank, Calif.

Full bearers were John Conner, John Key, Steve Brunson, A. H. Perkins, John Breeden and Fred Spruill.

Indians Seek Share of 2-AA Title In Game at Lockney Friday Night

The Morton Indians go after their first District Football championship title since nearly any Mortonite can remember, Friday night, as they travel to Lockney to do battle with the Lockney Longhorns.

The incentive for either team to win has been considerably minimized because of happenings last Friday night. Lockney, in losing to Muleshoe, lost chance of tying for the title and of being the district representative. They are the only District team that defeated Olton.

Morton, saw its chances of representing the district go a glimmer when Olton roundly trounced Abernathy to clinch a title tie.

Thus Olton will represent District 2-AA in the playoffs, regardless of what ever else happens.

But Morton, which hasn't won a district football title since 1936 could end these long years of drought with a victory over Lockney Friday night. It would be a title tie, something of which all Morton, and certainly Coach J. F. Jones and his boys could be

S. A. Ribble, Grapho - Analyst, Will Be Speaker at Parent - Teacher Meeting Here Next Tuesday Night

An interesting program on handwriting analysis, featuring as guest speaker, S. A. Ribble, Grapho Analyst, of Lubbock, will be on tap Tuesday night for the regular meeting of the Morton P.T.A.

Ribble, a former school teacher, who became interested in handwriting analysis some 20 years ago, will be fulfilling a wish made last spring in a story published in the Avalanche - Journal. He said at that time he hoped to be able to get his message over to Parent - Teacher groups. Ribble feels accurate handwriting analysis is a definite key to the understanding of students, their capabilities, their personalities, and their possible futures.

HOSPITAL MANAGER RESIGNS; MRS. HOMER THOMPSON NAMED ACTING ADMINISTRATOR IN MONDAY MEETING

The resignation of Dewitt Allsup, Cochran County Hospital administrator, was accepted at the regular meeting of the board of managers Monday night.

Also, the board had an oral report from Jack Sisk, accountant, regarding the cost of operation. Following the acceptance of Allsup's resignation, the board voted to name Mrs. Homer Thompson, hospital office employee, as acting administrator.

Present at the meeting were J. C. O'Brien, president of the board; L. W. Barrett, vice president of the board; L. E. McDonald, J. C. King, and Bill Glass-

Area Residents Invited to Attend Community Service

Residents of the area are reminded of the Community Thanksgiving service scheduled at the Assembly of God Church in Morton at 7:30 p. m. Tuesday, November 24.

Sponsored by the area Ministerial Alliance, all of the pastors of the association have banded together to promote and work out the program for the service and it is hoped that persons from all churches in the area attend. The program for the evening service is under the direction of Rev. J. E. Herrell of the Morton First Methodist Church and Rev. Austin Steadman, of the First Missionary Baptist Church of Morton is scheduled to bring the message.

STATE OF TEXAS FIREWORKS LAW HAS CHANGES

Some innovations to the selling and distributing of fireworks will go into effect this year, Sheriff Hazel Hancock reminded the Tribune this week.

Additions to the law affecting the sale of fireworks in the state, the Sheriff said, include two major points of consideration. Dealers will have to purchase an annual license in order to be eligible to sell fireworks and dealers will have to show proof of liability insurance before they can sell.

Registration Fee on Cotton Trailers Is Old Law — Only Now Enforced

Titles and serial numbers on cotton trailers? No. But registration, yes.

J. B. Johnson, of the Department of Motor Vehicles, State Highway Department, was in Morton Thursday explaining a confusing aspect of the state law regarding the registration of trailers with a gross weight (loaded) of over 4,000 lbs.

Farmers in the county had been notified cotton trailers would not be included under the new law for titles and serial numbers. And this was true. But an old law, which is to be enforced in the immediate future, makes it a fineable offense to pull a loaded cotton trailer weighing more than 4,000 lbs. on any road under the jurisdiction of the State Highway Department, without registering the trailer.

The one exception to this rule would come if a farmer owned and farmed land on both sides of this road and crossed the road to work in his own field, but did not transport this cotton up the road to sell it, or gin it, or otherwise dispose of it.

How does the law work? It's rather simple.

The farmer pays an annual registration fee for the trailer.

Then he pays a seasonal fee to use the trailer for the remain-

Whiteface Baptist Meeting Will End Sunday Night

The meeting which began Wednesday night at the Whiteface Baptist Church will continue through Sunday, it was announced this week.

Rev. Leroy Burris of Bledsoe opened the meeting, and will preach again Sunday morning.

Bro. Harold Drennan of Morton is to preach tonight and again Sunday night.

Rev. James Kelley of the County Line Baptist Church will preach Friday and Saturday nights.

The public is cordially invited to attend any and all of the services.

Graveside Rites For Negro Infant

Graveside rites were held Sunday afternoon at 2 p. m. at the Morton Memorial Cemetery for Keith McDaniel, less than one month old, son of Margie Goodwin of Morton.

The Negro infant, born October 12th, died Thursday morning at 4:00 a. m. at the West Plains Hospital in Muleshoe, after being confined there overnight.

Elder Kirkland of the Levelland Holiness Church conducted the graveside rites at Morton.

Parents who know nothing about this comparatively modern science (and most of us fall in that category) should find the

ford, secretary to the board.

Others attending were Allsup, Dr. Bill Lee, Dr. J. Walker Davis, County Judge Glenn Thompson, and Sisk.

Visitors during the evening included Mrs. Mickey Harbison and V. H. Trawick.

Hobo Supper Is Planned Tonight

Tonight's the night for the Rebekah Lodge of Morton's Hobo Supper at the Activities Building.

The supper will be served beginning at 5:30 p. m. and continuing until folks quit coming, and the price will be \$1.00 per adult plate and 50c per student plate.

To add a little fun and humor to the occasion, three prizes are to be awarded at the supper (around 8 p. m.) for the most typical hobo; for the hobo coming the furthest distance from the dinner; and for the youngest hobo to appear.

Everyone is invited to attend the annual affair which features home cooked food, prepared by women of the organization.

That's tonight (Thursday), Nov. 12, beginning at 5:30 p. m.

BUSTER BETTS IS ELECTED PRESIDENT OF COCHRAN COUNTY SHERIFF POSSE

Buster Betts has been elected president of the Cochran County Sheriff Posse.

The election took place Thursday night at the season ending banquet attended by some 40 members of the posse and families, at the Banquet Room of the County Activities Building.

The gathering named Herb Hillman as vice president and also named him the Posse's Rodeo Director for the next year. Hillman served as Rodeo Director for the posse this past year.

Mrs. Buster Betts was named

Pep Rally Set for 12:30, Friday

The final football pep rally of the season is scheduled for the football stadium, weather permitting, at 12:30 p. m. Friday, just prior to that time the boys will leave by bus for Lockney and the final game of the season.

Everybody is cordially invited to attend this rally as Morton heads into the game that could give them the first share of a district football championship since the '30's.

The fact that Olton will automatically represent the district in post-season play if of little consequence . . . if our boys can gear themselves to the task of defeating Lockney. The boys will leave at 1:00 p. m. and school will be dismissed at 2:30.

Average trailers used for cotton hauling in this area, would cost about \$8.50 to \$9.00 to register until April of next year.

Some curious farmers and ginners, suddenly notified that this was ticketed to be pushed, began to wonder at the reasoning behind it. Some had the mistaken idea it was a safety measure. Actually it should be termed a

ONE - FOURTH OF COTTON CROP SAID GINNED

The most recent weekly report of cotton ginnings from the Texas Employment Commission for Cochran County, shows 15, 619 bales of an estimated 60,000 bale crop ginned.

With the ginning just over one-fourth completed, the crop outlook is good, gins have cut down to an average of 12 hours per day, and the crop is 60 per cent open, all according to the TEC report.

Cochran County remains one of the few counties on the Plains that, according to the report, is holding the ginning price to \$1.50 per hundred with 25c for hauling. Hockley, Garza and Lubbock Counties are also paying \$1.50 and 25c.

He said a written report would be prepared for presentation to the board at a later date.

Loss Is Slight In Gin Fire, Tues.

The Morton Volunteer Fire Department made a gin run Tuesday at about 7 p. m. to Willingham's Gin, and a fire that fortunately was killed before extensive damage.

The fire, which evidently started in the dryer, spread to a pile of loose cotton estimated at 50 or so pounds, by the press. It flared high but was soon put out before it spread too far.

New Cub Pack Started at Maple

A new Cub Scout Pack has recently been organized at Maple, Texas according to Alf Groves, District Scout executive of the George White District, Boy Scouts of America.

The Maple Co-operative Gin will be the chartered institution. John Shepard is the manager.

L. E. Warren will serve as the Pack Institutional representative on the George White District Committee.

A. G. Taylor is the chairman of the Pack Committee. Members of the committee are Leon Jones, Howard Parker and Charles Bowen.

Perry Lynskey will serve as the commissioned Cubmaster. Dave Poindexter will serve as the commissioned assistant Cubmaster.

Mrs. Albert Gish and Mrs. Dave Poindexter will be Den Mothers.

Chartered Cub Scouts are: Gus Taylor, Lynn Jones, Albert Chapman, Randy Holley, Covey Wall, Wendall Williams, Lynn Parker, James Kindee, Tommy Perry Lynskey, Lee Sinclair, Charles Abbe, and Dave Poindexter.

Ray Ware is Scoutmaster of the Maple Scout Troop which now numbers 28 members and is co-sponsored by the Casey Gin and the Maple Co-op Gin.

BOARD REMAINS ONE MEMBER SHORT

School Board Approves Audit; New Janitorial Code Is Adopted

The Morton School Board, in its regular monthly meeting Tuesday night, approved by vote three items of business and by consent a fourth item, but were not able to solve a fifth problem

that has plagued them for two months.

The Board still has not named a new school board trustee to replace Truett McCulston, who resigned when a relative of his was hired on the local school faculty.

Instead they tabled the plans for naming a board member until such time they are able to find someone who will consent to serve.

The Trustees did approve unanimously the audit report of W. G. Hearn, Lubbock CPA, who has audited the school's books for the past several years. Hearn told the Board that his auditing firm was "very proud" of the Morton schools and their book-keeping system and said the business activities of the Morton

Henry Flanagan Rites Are Held At First Baptist

Funeral services were held Monday at 2:30 p. m. at the First Baptist Church in Morton for Henry Flanagan, 63, retired Mortonite, who died at 12:20 a. m. Sunday in the Cochran County Hospital, after suffering a heart attack, Saturday morning. He is the father of three Morton residents.

Rev. J. E. Moore, acting pastor of the church, conducted the service and burial was in the Morton Memorial Cemetery under the direction of Singleton Funeral Home of Morton.

Mr. Flanagan had been under a physician's care for some time. He was admitted to the hospital at 10 a. m. Saturday morning. However, his children knew of no previous heart attacks.

He had retired earlier this year after serving as custodian of the Cochran County hospital for some time. He moved his family to this city 15 years ago from Walters, Okla. He had worked in the oil fields and a few years ago suffered an accident which kept him from doing any heavy work.

Born at Franklin, Texas, he had done construction work and road-building work in Oklahoma prior to coming to Morton. He married Miss Ethel Skaggs in 1915 at Saltville, Miss.

Survivors include the wife; four daughters, Mrs. Thelma Willard, Walters, Okla.; Mrs. Margaret White, Andrews; Mrs. Betty Vandlingham, Plainview; and Miss Norma Flanagan, Morton; five sons, Rayburn, Comanche, Okla.; Charles, Marietta, Okla.; Glen, Plainview; Curtis, Morton; and Clayton, Morton.

Clayton is a student at Texas A&M College and Norma remains in school at Morton, a senior student.

Fullbearers were Elma Seunty, Truett McCulston, M. A. Silvers, Glenn Thompson, Roy Mings, and Jimmy Hill.

Rev. A. Richard To Speak Tonite At First Baptist

A fellowship period, from 7:15 to 8:00 o'clock will precede the Thursday night services at the First Baptist Church in Morton at which Rev. Alfred Richard, pastor of the First Baptist at Farmington, N. M., will preach. The fellowship period will include the serving of refreshments, cake and coffee, and everyone is invited to attend and meet Rev. Richard, who is a former area pastor. A native of the area, Rev. Richard pastored the Maple Baptist Church, his first pastorate, some 12 or more years ago. He has been pastor at Farmington for several years.

His appearance in Morton tonight (Thursday) was set to avoid conflict with meetings he is now conducting elsewhere. He consented to speak at Morton in response to an invitation from the pulpit committee.

Everyone is invited to attend the 8:00 services.

3-Way School Homecoming Is Saturday Evening

It'll be "homecoming" Saturday at Three Way, and Dave Beck, president of the school's exes, is urging former students and teachers to turn out in a big way.

Latest word is that the supper will begin for exes at 6 p. m., rather than 8:30 p. m. in order that the football game between Three Way and Nuzareth may begin at 7:30 p. m. rather than 8 p. m.

Exes are to meet following the game in the gymnasium.

Wesleyan Guild Votes to Sponsor County's Muscular Dystrophy Drive

Members of the Wesleyan Guild this week voted to undertake sponsorship of the "muscular dystrophy" drive for Cochran County this year.

It's a repeat sponsorship for the women's group. They sponsored the drive last year. They are now making plans to conduct the drive on Monday, Nov. 23.

The drive is to get underway at 6:30 p. m., preceding the regular meeting. Canisters will be placed in business houses in Morton to give persons who would not

LIONS, JAYCEES GIVE BACKING TO SHOPPING NIGHT

Not only will Santa Clause come to Morton this year, but if present plans mature, he will be ushered in on the wings of a parade that will herald a Christmas Shopping night.

In one of the most concentrated community efforts at a real seasonal get together in many a year, the Morton Lions club and the Morton Jaycees this week endorsed a plan to have a night parade and a Christmas Shopping night.

The plan was presented to both service clubs at their meeting this week and both groups voted in favor of it. The clubs will name committees to work on the plans which will be announced soon.

The basis of the plan was explained to the clubs by Bill Hulise, Morton Band director, who has seen the idea put into operation in other towns with great success.

One of the major reasons for the Shopper's night is simply the fact that often, in a small town, the Christmas Shopping, which has such attraction in larger towns is dulled by lack of crowds. Crowds have a habit of imparting spirit to Christmas buying . . . and one of the reasons so many people leave town to do their Christmas shopping, is the lure of the crowd.

Hulise's plan would enroll as many organizations, clubs and schools and school groups as possible. The plan would not be sponsored by any one or two organizations. Instead it would be a community affair, and not just a handful, but all merchants and customers would be asked to cooperate. There would be plenty of work for all in preparing the event, but the culmination of it all, instead of being an effort to stimulate business, would be the imparting of Christmas spirit during the Christmas season.

Former Resident Passes Away

Funeral services were held Monday, November 9, at the First Methodist Church in Lovington, N. M., at 10 a. m. for Mrs. Weldon Hale, of Almagordo, N. M., formerly of Morton. She is a cousin of Mrs. J. D. Hawthorne.

Mrs. Hale, the former Jueldine Alexander, attended school in Morton in the 20's. She died Saturday at Almagordo.

Burial was in the City of Lubbock Cemetery.

Born, Aug. 3, 1924, the daughter of Mr. and Mrs. Carl Alexander, she moved here with her family in the 40's and finished high school at Weatherford, Texas, and college at Eastern New Mexico University.

Survivors include the husband, one son, Gary, age 2, the father, Carl Alexander, and one brother, Carl Alexander, Jr., all of Almagordo. Her mother died about 14 months ago.

Also surviving is a grandmother, Mrs. Lula McCauley of O'Donnell.

Mr. and Mrs. Hawthorne, Jan and Don Sharon, and Mr. and Mrs. Henry Bedwell, attended the services.

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

A widely used soil and water conserving practice that is well adapted to the High Plains area is that of contour farming. This cropping method is mentioned in various conservation articles, yet because of its effectiveness, it cannot be over-emphasized. Contour farming, simply stated, is planting crops following the slope of the land so that each row is as near level as possible, as opposed to planting up and down hill. The main benefit obtained from this method is that of slowing down rainfall runoff. Each bed and furrow forms a small dam which holds water to soak in that would otherwise be lost. Soil erosion is also reduced as a result of the decreased runoff. In experiments with cotton cur-

of writing and give an actual demonstration of grapho-analysis. Ribble, a retired Church of Christ minister and school teacher began the study of grapho analysis (handwriting analysis) more than 20 years ago while he was still teaching school. The fascinating hobby turned into intense study and eventually a channel of extra money for him. After completing a 12 month course in handwriting analysis, in 10 months, Ribble received a certificate classifying him as an associate member of International Grapho Analysis Society, Inc. This society is located in Arkansas.

Ribble now lectures and demonstrates the art of reading one's character through handwriting to various clubs. "I hope I have the opportunities to speak to parent-teacher associations later," said Ribble last Spring, who visited patients in hospitals four times a week. He also teaches a Sunday school class at Pioneer Park Church of Christ.

Learns Through Handwriting

"Our actions are controlled by our mind, and our emotions are expressed in our handwriting," said Ribble, "and through grapho analysis, we are able to learn more about ourselves and about the people we meet."

Ribble said that we can detect the weakness in our personalities and thus learn to overcome them.

"The teacher, the parent and the minister should become acquainted with grapho analysis," said this man who has had experience in all three professions. "The teacher and the parent can, through this medium, learn to understand the child. They can mold tendencies into useful characteristics, which if left to develop in the wrong way can be dangerous. A desire for possessions may lead on to become a thief or to become a collector. The key is in discovering the tendency and then directing it properly. This can be done through grapho analysis."

Truth Vs. Imagination

"You can also recognize the tendency to imagine things and then tell them from the truth. For the most part, a child does not intend to lie; he imagines a thing and then files it in his mind along side the things that have actually occurred. Later, when he begins to tell of an incident, he cannot separate the truth from the imaginary," said Ribble.

"If this wonderful imagination is directed into the right channel the child can become a great writer of fiction rather than a braggart."

Important To Minister

Grapho analysis is important to the minister because it helps him understand his congregation. Thus, he is more capable of counselling them and aiding them with their problems.

"The businessman can also use handwriting analysis to his advantage," said Ribble. "Through an applicant's handwriting, he can tell whether the person will keep his head in an emergency. He can learn if the person is able to take criticism, if he is honest if he can be taken into confidence, whether he will be loyal and whether or not he will weigh the facts carefully before making a decision."

He noted that subject matter, spelling and legibility had no bearing on the analysis. "We depend on the strokes made in the writing for our analysis," said Ribble. "A student of grapho analysis can read personality traits from a foreign language as well as from English."

PARADE OPENS FESTIVITIES

BLED SOE SCHOOL HAD NICE HOMECOMING TURNOUT, SATURDAY

Approximately 75 to 100 persons turned out Saturday afternoon to make the Bledsoe Homecoming celebration a happy occasion, one the Bledsoe likes who attended will long remember.

ich the queen and her attendants rode, made up the parade which started at the school, went down Main Street, out the Lehman Road three blocks and then retraced the route.

Activities started off with a parade at 4:00 Saturday afternoon in which five floats, some mounted riders, students dressed as Indians and a convertible in which

Flaots prepared by the combined classes of '45 and '46, and by the Bledsoe P-TA took top honors in the parade, in a tie for first place. The Class of '55

copped 3rd place. The winning flaots depicted progress in school teaching and a Frosty Snowman made of cotton.

Following the parade, the guests were served a chicken and dressing dinner and a basketball game between the Bledsoe boys and the Feb boys teams followed. During the halftime the con-

nation of the Homecoming game was held.

The game itself was a close one all the way with the Bledsoe maintaining the narrow lead for most of the game but in the closing minutes Pep pulled out to a 35 to 28 triumph to put a slight damper on the entire evening's entertainment.

CHAPTER

By Jerry Cogburn

The Morton FFA Chapter met November 2, at 7:30 p. m. Nominations were made for Chapter Sweetheart. The ones nominated were Ruby Daniels and Ginger Stovall. They will attend the next meeting and each member will vote for his choice. Escort for Ginger Stovall will be Billy Stovall, and Stevie Middleton will escort Ruby Daniels.

Each boy gave donations to buy flowers to send to Charles Cogburn.

The program of work was discussed and will be worked on at the next meeting.

The president appointed two committees, with three in each committee. The two committees

are Refreshment and Entertainment committees. Lee Oden is Refreshment chairman with Sammy Edwards and Harvey Ray as committeemen. Steve Middleton is Entertainment chairman with Charles Palmer, David Haralson and Steve Green as committeemen.

The Chapter plans to have a party of ice cream and cake in the near future, inviting their girl friends and parents. Mothers of the boys will be asked to furnish any food or refreshments needed for the party.

The F. F. A. boys were invited to a Christmas party which is sponsored by the F. H. A. The group accepted the invitation.

Supervised farm projects were also discussed at the meeting. Nearly every boy has his project started.

The meeting adjourned at 8 p. m. and refreshments were served. There were two guests present.

Whiteface in Second Half Comeback Over Meadow; Stays in 3-B Title Race

The Whiteface Antelopes kept in the fight for the district football championship Friday night as they rolled over the Meadow Broncos' 24 to 12, to put their District 3-B record at 2 - 1.

The Antelopes got behind in the first half but came back strong to hold Meadow scoreless in the final two periods and tacked on two touchdowns of their own for the victory.

Whiteface grabbed an early lead by playing heads up ball and taking full advantage of the break. That was their offensive for the first half. When Eldon May blocked a Brone punt on the five yard line, Whiteface took possession and quarterback Odis Summers scored on the first play from scrimmage and then bootlegged for the points and an 8 to 0 lead.

Meadow came back to drive all the way down the field and score on a one yarder by Don Warren but failed to add the points. Later in the second quarter the Brones engineered another drive a few yards at a time, and James Bartlett scored from three yards out. The point attempt carried over the goal but Meadow fumbled and the half time margin was 12 to 8 in favor of Meadow.

Meadow had their chance to wrap up the game in the third quarter as they drove to the Whiteface 12. But, within the shadow of the goal, they fumbled and Whiteface took over. It took just four plays to move for the score that put the Lopes ahead to stay. Summers tallied to TD and a pass to Achmore netted the points, Whiteface taking a 16 to 12 lead.

The final score of the game came as Ashmore bulled for a TD and Jimmy Collins added the points in the fourth period. The win gave Whiteface a season record of 5 - 3 as they journey to Amherst for their final district game next week.

Lt. Col. Tucker Gets A New Army Appointment

POITERS, France (AHTNC) — Army Lt. Col. Guy L. Tucker, 42, son of Mrs. Emma Tucker, Star Route 1, Morton, recently was named inspector general of the 5th Logistical Command in Poitiers, France.

Colonel Tucker entered the Army in 1941 and has been in Europe since September 1957.

He is a graduate of Bula High School and attended Austin College. His wife, Dorothy, is with him in France.

Company To Try To Hold Price Line

Deere and Company announced it has decided to hold the line on prices of John Deere tractors and equipment despite cost increasing in the past year. McAlister - Huggins is the local John Deere dealer.

"Although costs have gone up

appreciably, the Company has decided, for the time being, to absorb these additional costs in an effort to hold the line against further inflation," President William A. Hewitt said.

Hewitt said, however, that "no assumption can be made at this time concerning the future level of our prices. If costs continue to rise, it will become necessary later on to make some price adjustments."

Reserves, Freshmen End Season With Victory, Tie Over Littlefield Grid Team

Morton's "B" graders and the Freshmen ended their season on a fine note here Tuesday afternoon, as their younger relations, the 7th and 8th graders had a week earlier, with victories.

The reserves pleased Coach John Paul Jones with a 12 to 0 triumph over Littlefield, scoring single touchdowns in each half, although failing both tries for the extra point.

The Freshmen closed a highly successful season in much the same manner, scoring in each half and adding both tries for the extra points to come out 16 to 0 victors over Littlefield.

The Frosh wasted little time in going ahead, scoring the first time they had the pigskin early in the first quarter as Lester Dupler carried for the TD and also added the points after.

Local Folks Attend Dallas Fashion Market

Woodie Combs and Mrs. Irene Reed of Cobb's Department Store, James St. Clair of St. Clair's Department Store, and Mrs. H. T. Clarke of Clarke's Dry Goods, all were among some 5,000 buyers and merchants attending the American Fashion Association's Early Spring and Resort Market held in Dallas November 1 through November 6. The showings held in the Adolphus and Baker hotels, featured "New Shapes, New Faces" as depicted in the AFA Fashion Merchandising Clinic, held in the Crystal Ballroom of the Baker Hotel on the evenings of November 2 and 3.

From the four hundred exhibitors of women's apparel and accessories, buyers learned that the approaching Spring season will take on an appearance of femininity and quality. The femininity is expressed often in the easy draping that reveals the natural body line. Other items of new fashion interest include bloused and hatwing sleeves, cowl and cape collars, three-quarter length coats, the frog blouson and the taut midriff. The new fabrics used by designers in their spring lines are interesting for their "new faces" surface interest, new weaves, and new fiber blends. The sportswear collections, for which our American manufacturers are famed, are colorful and exciting.

The freshmen had control of their game all the way, and missed scoring chances twice fumbling inside the opposing five yard line.

Last week, after the 7th graders had ended their season undefeated, the 8th graders ended their season in a 0 to 0 tie with a good scrapping Whiteface team.

Army Announces Holiday Season Leave Schedule

The holiday leave schedule for men enlisting in the Regular Army between the dates of 25 October, 1959, and 1 January 1960 was announced today by M/Sgt. Forrest D. Pasch of the Lubbock Recruiting Station.

Those enlisting now and up to the 10th of December will receive two weeks leave and travel time during the holiday period instead of leave normally provided at completion of Basic Training.

Personnel enlisting or reenlisting in the regular Army through the Recruiting Service during the period 7 December 1959 through 1 January 1960 who specifically request leave may be granted a delay enroute, not to exceed 15 days, except for those individuals whose leave starts 18 December 1959. Personnel whose leave starts on 18 December 1959 may be granted 16 days delay enroute to avoid their traveling or reporting on New Year's Day.

Roberts Leads Touchdown Romp

Cops, excuse us, please! We slipped one point. The score on the Bula - Spade football game, a week ago Saturday night, was carried in the Tribune as 87 - 7. It should have read 88 - 7.

In the touchdown rambles put on by the Bula Sextet, Roberts rolled for seven touchdowns, Lee Pearson added four touchdowns, Larry Pollard crossed the white stripe twice and Donnie McCall scooted for the 14th TD.

Exposed Drive Shaft on Irrigation Well Meant Horror, Agony to One Area Woman; Farmers Urged to Not Let This Situation Happen Again

The High Plains Underground Water Conservation District, says it is one of the most dangerous situations that an irrigation farmer can be guilty of is that leaving the drive shaft between his irrigation pump and the well exposed.

We all remember the recent tragedy that appeared in our national newspapers which told of a

12 year old girl whose pony tail became entangled in the moving parts of a potato digging machine. As a result of this tragic accident, she lost her ears, eyebrows and scalp. Death ultimately claimed this 12 year old.

This is a terrible thing, and we found ourselves asking how such an accident could happen and why the moving parts on the digger

were not covered to prevent such an occurrence.

Well, the answer as to "why" may never be evident; however, one thing is certain — the potentially dangerous gears, etc. of that particular potato digger are no doubt adequately guarded today. The regrettable thing is that the safeguards came too late and the cost of delay was too expensive.

Parallel this incident with the picture here in our own backyard. We have literally thousands of irrigation wells in the southern High Plains of Texas that do not have any form of cover or guard that offers protection from contact with the high speed drive shaft that transmits power to the pump from the engine.

If any model, of the many guards that are manufactured to cover exposed drive shafts, were expensive, an irrigator would perhaps be excused for not having one on each well that he operates, but all are probably priced under \$10. Therefore, the expense involved is not valid excuse.

What then is the reason for these many drive shafts remaining exposed?

Probably the principal reason can be traced back to our old friend "complacency". He can be a bitter foe. We simply cannot feature tragic things happening to us. Oh, sure, these things occur every day, but always to someone else.

That's probably what a lady who lives in Lubbock today thought, until her hair became accidentally entangled in an irrigation pump drive shaft back in

1948. This particular woman was observing a pumping well on her husband's farm near Anton in Hockley County at the time of the accident. She leaned in to get a better view of the water being pumped from the well. The next thing she remembered was regaining consciousness in a Lubbock Hospital. The agonizing pain she felt was caused by the fact that one of her eyebrows and her entire scalp had been ripped from her head by the irrigation well's treacherous drive shaft. For weeks she lay at the brink of death. When finally the ordeal of facing death itself had passed, the months of expensive and painful plastic surgery began.

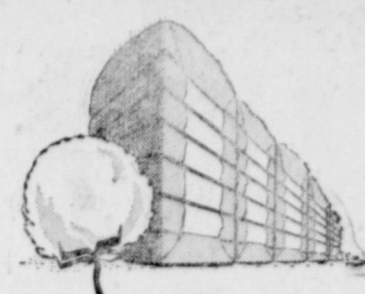

This is not a fictitious story. It actually happened, and it happened here in the High Plains.

Don't shrug your shoulders and say to yourself that this is a one chance in a million occurrence. You have children who are looking to you for the proper action in this matter. Consider them — their very lives may well depend on your decision. Consider also the adult friends who come by your well to watch and visit. Their safety too may depend upon the decision you make.

Today, put a protecting guard on every irrigation well drive shaft that is exposed on your farm. This might well be one of the wisest things that you will ever have an opportunity to do.

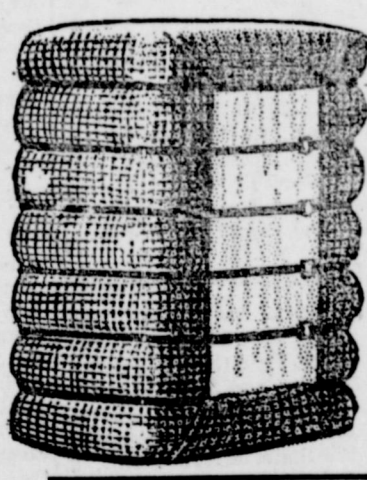

The Water District asks you to think carefully about this matter — then act.

BALANCED DIETS HELP GUARD AGAINST COLDS

Changing temperature, fatigue, too much food or not the right kind, tension and excitement, all are factors in lowering body resistance to the common cold.

Food makes a difference, reminded our Extension Food and Nutrition Specialists. It is important to start family members with a good, wholesome breakfast everyday. Then follow through with wholesome, balanced meals at noon and night. Plan to eat at regular times as much as possible and reserve the sweet or rich foods for mealtime dessert. Keep in between refreshment snacks light and nutritious. Fruits, fruit juices, crisp, colorful vegetables served with special dips can be just as tasty and appealing as rich, heavy foods.

"GOOD MEALS EVERYDAY," a bulletin written by extension foods and nutrition specialists, give suggestions for planning daily meals and buying, preparing and serving food. Copies are available from this office.

TEXAS CORNUCOPIA IS BRIMFUL WITH NOVEMBER PLENTIFULS

A wide variety of plentiful foods will be available in Texas markets this month, as turkeys,

pork and cranberries head the parade, reports the Texas Agricultural Extension Service.

These three items have been selected as foods to feature because available supplies are larger than normal.

Other November plentifuls for Texas are broilers - fryers, lard, apple & potatoes, sweetpotatoes, onions, almonds, filberts, rice, lamb and dried beans.

With such a variety of abundance, all of November should be filled with hearty eating and a thankfulness for the bountiful cornucopia provided by America's farmers and food industry.

Other foods also are in good supply — some others may be locally plentiful — but these 14 have been selected for special promotion in store ads, by press, radio, special displays, prices and events, in an effort to balance supply and consumption.

Shoppers usually find that the price is "right" on plentiful and in-season foods. Wider selection also is possible when supplies are large.

The list of plentifuls is determined each month by the area food distribution office of USDA Agricultural Marketing Service that works closely with farmers and the food trade in determining available food stocks.

PLENTIFUL PUMPKINS

Pumpkins keep quite well if stored in a cool dry place. If such storage is lacking pumpkin may be canned or frozen.

Pumpkin pies freeze quite successfully. Use your favorite recipe, but use spices lightly, especially clove, because they may become bitter and discolor frozen filling.

Do not freeze lattice top pies. Do not cut steam vents in top crust of unbaked pies until pies are removed from freezer. Cut steam vents just before baking.

When freezing baked pies, prepare as usual and cool thoroughly before wrapping. Wrap pies in moisture - vapor proof material and seal. Cover with a paper plate and place in stockinette of paper box for added protection.

Aluminum foil plates are excellent for freezing pies.

BAKED PUMPKIN

One small pumpkin, 1 cup sugar, 1 t. salt. Remove seed from pumpkin. Cut into 2 inch squares, leaving shell on. Place pieces in baking dish; sprinkle with sugar and salt. Bake until pulp is soft. Serve in shell.

Cushaw may be baked the same way.

PEAR PICKLES
1 gallon pears
2 quarts sugar
1 pint water
1 quart cider vinegar
2 1/4 sticks cinnamon
2 T. whole allspice

Kieffer pears or firm juicy pears are good pickling pears. Wash pears, peel, cut in half or quarter and core. Boil the pears for 10 minutes, in water to cover. Boil water, sugar, vinegar, and spices tied loosely in cheese cloth. Add the drained pears and let stand over night in the syrup. Next morning drain off syrup and boil down until thick. Add pears and cook until tender. Do not stir but keep under syrup. Pack hot into sterilized jars. Cover with syrup, seal, and store in a cool dry place.

Nazareth Wins 6-Man Title
The Nazareth 6-man gridlers wrapped up the district championship in their game with Bala last Saturday night, though the Bala Bulldogs gave them the toughest fight they have had in some time, and camp slightly closer to pulling the "upper" than they had in their previous meeting this season.

Bala dropped a 41 to 24 verdict to the Nazareth crew, tallying four touchdowns enroute, but failing to add any of the tries for extra points. Nazareth had taken a 32 to 8 verdict in the other game played by the two teams.

Norvell Roberts tallied three times for Bala in the losing cause in the game played at Hart, and Lee Poyson added the other Bulldog tally.

CRIMSON HORIZONS INSTALL OFFICERS
The Crimson Horizon Club's annual installation of officers was held Tuesday evening, Nov. 8, following a business meeting in the home of Mrs. Jim Grantham, club leader.

Officers installed by Mrs. Grantham were Sherry Grantham, president; Daria Brotherton, vice president; Janie Thomas, treasurer; Linda Benham, historian and parliamentary; and Betty Igo, secretary - reporter. Refreshments were served following the installation.

LUBBOCK WOMAN TO SPEAK AT METHODIST CHURCH
Mrs. Cecil R. Matthews of Lubbock, vice-president of the Woman's Society of Christian Service, Northwest Texas Conference, will speak at the First Methodist Church here Tuesday, Nov. 17, at 3 p.m.

Austin, Tex. — Should all Texas public school teachers receive a raise, or should higher pay be a reward for being a better teacher?

This is one of the questions being debated as teachers flood Gov. Price Daniel's office with letters asking for a special session of the Legislature next year to hike their salaries.

Other points of controversy: (1) How would you decide which are "better" teachers? (2) How do teachers salaries compare with those of other college graduates? Texas State Teachers Association is asking for a \$405 per year raise in the present \$3,294 minimum annual salary.

R. W. Byram, State Board of Education member, has suggested giving teachers examinations to determine which should receive raises on the basis of merit. A bachelor's degree, Byram noted, is not a mark of exceptional learning in these days.

Choice, in Byram's view, is either better pay for the more competent teachers or a uniform scale pegged at lower level. Byram declared that teachers' salaries in the larger Texas cities which pay more than state wide minimum already compare well with those of other professions.

He said a beginning teacher in Houston gets \$444 a month while a new geologist or petroleum engineer may start from \$375 to \$425 with the necessity of living "where the job is."

A University of Texas job placement official challenged Byram's figures. Joe L. Bruins contended the Houston school pay is tops, not typical, for the state and reminded that teacher pay is for only nine months a year. On a 12 month basis, said Bruins, most Texas teachers average \$267 a month. He said UT's engineering graduates last year started at an average of \$490 per month.

In Austin, he said, the average starting teacher has about \$220 a month take home pay — not enough "to lure an able young man — particularly a married man."

SENATE COMMITTEES — Lt. Gov. Ben Ramsey has passed out between business sessions, study bills to 29 of the Senate's 31 members.

Key posts went to members who have made up the Senate's conservation leadership for a decade or more. Omitted from committees were Sens. Henry B. Gonzales of San Antonio and Andy Rogers of Childress, both regarded as liberals.

Southern Canal Company, which long has sought irrigation rights downstream, is opposed to the plan as are various landowners whose property would be flooded by the new reservoir.

Testimony is complex, often heated and expected to be quite lengthy. Some of the data presented on future water needs provides a glimpse of the possible Texas of tomorrow. An engineer, appearing for Houston, predicted the nine county area around the city will have a population of 6,750,000 by the year 2010 — more people than the whole state had in 1940.

Water needs will be a staggering 2,682,000 gallons a day, he said. CIVIL PROMOTION STUDIED — House Investigating Committee has been looking into the money-raising methods of a man who claims to have a device to upgrade uranium ore.

John Milton Addison faces charges in state and federal courts of using illegal financing methods. He has purportedly borrowed \$1,000,000 at 10 per cent interest in unsecured loans.

But lenders appearing before the house committee said they had faith in Addison and felt he had been "persecuted" by law enforcement officers.

Rep. H. J. Blanchard of Lubbock heads the investigating panel. Other members are Reps. Joe Burkett of Kerrville, Tom James of Dallas, Carl Conley of Raymondville and John Allen of Longview.

COURT TO MOVE — Texas Supreme Court holds its last session in the 71 year old State Capitol building this week.

But it may be a month before the high court gets all its records and huge library moved and gets settled into the splendid new quarters in the just completed Courts Building.

On Nov. 18, however, the judges are to sit at the new marble bench. Furthermore, they will add a new tradition to Texas judicial history by wearing black robes.

Court of Criminal Appeals and Third Court of Civil Appeals are to move into the new building at a later date.

UNION MAY BE SUED — State supreme Court has ruled that a labor union may be sued for damages by one of its members.

It reversed the holding of a lower court that the union could not be held responsible. This clears the way for a plumber to seek \$19,039 in damages.

H. J. Borden, the plumber, charges that an agent for the United Association of Journeymen and Apprentices of the Plumbing and Pipefitting industry barred him from work.

ASLEEP! — Texas Conservatives heard a familiar voice tell them they "have become lazy."

Speaking to a Chamber of Commerce audience, former Gov. Allen Shivers said, "In Austin, the conservative element has little or no leadership... has lost its initiative... its incentive."

Shivers, long a Conservative standard bearer, recommended development of a program for the general welfare rather than fighting isolated battles for business interests alone.

He urged a coordinated Conservative program. Opposing forces, he said, have the "perfect set up" — generating fervor for their causes through a tax-free organization, the AFL - CIO Committee on Political Education.

MOTORISTS SPEED UP — Texas drivers are bearing down on the accelerator more this year. A State Highway Department survey shows.

Study showed average highway speed at 54.8 miles per hour in 1958 compared to 53.4 for 1958. Passenger cars are traveling at an average 56.2 miles per hour; trucks, 50.3; buses, 60.7. Legal rate of speed for buses is 55 mile per hour.

According to the sampling, 21.9 per cent of passenger cars are exceeding the legal rate of 60 miles per hour. Last year, only 15.2 per cent were above the legal speed.

The Highway Department's survey was made with camouflaged radar equipment at 24 representative locations on rural state highways.

STOP FOR SCHOOL BUS — Texas motorists are being urged to observe the letter when they encounter a school bus on the streets or highways.

Ten children have been killed and 86 injured in school bus accidents since Sept. 1, the Department of Public Safety reports.

Texas law requires that a car must come to a full stop when approaching from either direction a school bus that is taking in or letting off passengers. After a complete stop, the motorist may pass the bus at not more than 10 miles per hour.

Penalties for violation range up to a \$200 fine. "But the real penalty," said Highway Patrol Captain E. K. Browning, "is the possibility of killing or hurting a child."

GUESTS OF HOFFMANS
Mr. and Mrs. S. D. Moore of Lamesa spent Tuesday visiting the Raymond Hoffmans. Mrs. Moore and Mrs. Hoffmans are sisters.

NEW DWI TESTS URGED — It's so hard under the present law to prosecute a driving-while-intoxicated charge that most law officers settle for a lesser charge, says the head of the Governor's Highway Safety Commission.

Speaking to the Texas Safety Association, Brad H. Smith urged passage of laws allowing for chemical tests to determine drunkenness.

GIV. DANIEL RAPS LAWMAKERS — Private research agencies have done a good job of fact finding, but the Legislature has been slow to carry out recommendations, Gov. Price Daniel said at the Texas Research League's annual meeting.

He cited law enforcement and traffic safety as areas of legislative foot dragging and implied there had been an effort to undo Insurance Department reorgan-

WESLEYAN GUILD CONTINUES STUDY ON AFRICA; THREE REPORTS ARE GIVEN

The Wesleyan Guild met in Fellowship Hall with Hessie B. Spotts as hostess. Leila Petty, president, presided over the meeting, and Ruth McGee was requested to act as secretary in the absence of the secretary, Ann England.

Roll call was answered by 14 members. Minutes of the previous meeting were read and approved. Thank You cards from Hesse B. Spotts and Evelyn Seagler were read, and a letter of thanks from Mrs. Carl Arnold, secretary of the Littlefield Guild for the hospitality of the Morton Guild at the District Meeting.

The Treasurer reported the proceeds from the Week of Prayer to be \$38.00, and that the balance on hand was \$184.88.

The president advised that she had received material for the Muscular Dystrophy Drive, and requested the members to discuss the project and decide if they wanted to conduct the drive. A motion was made by Dugan Luper and seconded by Ola Rhynes that the Guild support the drive. The motion carried. It was decided to conduct the drive on Nov. 23, beginning at 6:30 p. m. prior to the Guild meeting.

A Devotional on Africa, in two parts, was given by Ruth McGee, "A Visit to Lodia" and Dugan Luper, "A Visit to Southern Rhodesia".

The program was turned over to Katie Lee Ross who is conducting the study; her theme was "The Movement to the Cities" in which the Africans were comp-

ared to the American Indians.

Three reports were given as follows: "Door Step, Hearth and Home" by Mary Cross, "Industrial Worker and Life in the City" by Ola Rhynes, "Medical Missions in Africa", Mrs. Johnnie Green.

The meeting was closed with

a prayer. The hostess served pumpkin pie and coffee to the members. Members present were Mesdames Bob Cross, J. W. Cunningham, W. G. Fredland, Johnnie Green, James Harrell, Lessey Silvers, J. R. Kuykendall, Carlson Luper, John L. McGee, Hardy Rhynes, Raymond Ross, Hesse B. Spotts, Ben Yarbrough, and Miss Leila Petty.

H.D. COUNCIL PLANS CHRISTMAS PARTY; NEW CLUB OFFICERS ARE ANNOUNCED

The Home Demonstration Council held its regular meeting here this week and began making plans for a Christmas party, sponsored by the Council, and inviting club members as guests.

The party, to be held December 8th, at 2 p. m., will require each person attending to bring a gift, costing not more than \$2. Committees in charge of the various portions of the party, are the various HD Clubs.

Whiteface will be in charge of gifts; the FOR and Lehman Clubs will handle refreshments; the Friendly Circle will bring the program; the Halfway Club will do the decorating and the installation of new club officers will be handled by the Whiteface Club.

The meeting opened with the reading of the THDA Creed. An-

ERIGHT SPOT NOTED IN HOG SITUATION

Better days may be ahead for hog producers. Farrowing intentions for December 1959 - February 1960 are down four per cent from last year in the 10 Corn Belt States. If intentions are followed this will be the first reduction in two years and may stimulate a price increase.

Farrowing intentions for the period March 1960 - May 1960 will be reported in December and if the number of pigs born in this quarter show a decline, then we can assume hog numbers have turned the corner and headed down.

In the 10 corn belt States, which accounted for 75 per cent of the total U. S. production in 1958, the number of sows farrowed or intended to farrow this fall (June through November) is five per cent larger than during the same months of 1958. This is 23 per cent larger than the 1948 - 57 average.

The hog - corn ratio has reached a level which would normally promote a reduction in hog numbers. The current ratio of about 11.5 is the lowest during a fall breeding season since 1955 when the fall hog - corn ratio normally has on farrowing intentions and hog numbers may be partially modified by the huge supply of feed grains and lower level of feed grain prices.

Hog slaughter during the first nine months of 1959 has been 14 per cent greater than in 1958. Slaughter for the last quarter of 1959 will come largely from the March - May pig crop which was up 9 per cent from last year.

COTTON ACREAGE INFORMATION

Texas' share of the 1960 upland cotton acreage allotment of 16 million acres will be 6,761,512 acres. It was announced by Secretary of Agriculture Ezra Taft Benson that alternate - Choice B - farm allotments for the 1960 upland cotton crop will be 40 per cent larger than the regular choice A allotments for the same farms.

An acreage allotment of 22,243 acres will be in effect for the extra long staple cotton grown in Texas in 1960. The national marketing quota will be 66,500 bales with a 64,776 acre allotment of course there will be no B farm cotton acreage allotments if marketing quotas are voted down December 15.

MRS. S. W. HAWTHORNE RETURNS FROM VISIT

Mrs. S. W. Hawthorne returned recently from a three week visit with a daughter and family at Rosewell, N. M., and a one day visit with her daughter's mother-in-law, who is hospitalized at Lubbock.

Mrs. Hawthorne was with Mr. and Mrs. W. R. Hatcher to Roswell on Oct. 24th, as they went to visit their son at New Mexico Military Institute. She stayed with the daughter, Mrs. Virginia Crouch and family and returned Sunday. She spent that day at Taylor Clinic in Lubbock visiting with Mrs. E. D. Crouch, mother-in-law of Virginia, who has been hospitalized there since an auto accident recently. Mrs. Crouch was reported "doing fine." Mrs. Hawthorne returned to Morton Sunday night.

ATTEND CHURCH MEETING

Rev. and Mrs. J. A. Kelley of the County Line Baptist Church returned last week from Corpus Christi where they attended the Texas Baptist Convention.

SIX WEEKS TESTS AGAIN

The second six week's tests of the current school year are scheduled to be administered at Morton Schools next week.

Whiteface Girls Deal Maids Their First Loss

The Morton Maids were handed their first defeat of the season in High School basketball Friday afternoon in a tight game at Whiteface.

Paced by Sandra Powell's 22 point performance and backed up by a 16 point effort by Zada Snodgrass, Whiteface won a 43 to 39 verdict. Only two points (15 to 13) separated the two teams at halftime as they had a cold first half and then poured it on in the final two quarters. Norma Flanagan's 14 point effort was tops for Morton and Patsy Amix contributed 13 and Doris Fleenor 11.

Morton cashed in on 14 of 19 free throw attempts to stay in contention all the way while the host team was able to convert only three of eight gift tosses but made up for it by outscoring Morton from the field.

Graham Crusade Is Basis of Film Set for Levelland

All Mortons are invited to attend a showing at the Levelland First Baptist Church, Monday night, November 16, at 8 p. m., of "The Heart is a Rebel", a picture evolved around the Billy Graham New York Crusade.

The story is based on a conflict in the life of a modern young couple when the husband, an advertising executive, can't find a place in his scheme of things for his wife's sudden acceptance of a Christian faith.

In a completely down to earth setting, the situation provides a dimension of reality seldom afforded in a religious motion picture. It stars Ethel Waters, Georgia Lee and John Milford.

"The Heart" also provides a front row perspective of the Graham team in crusade setting of Madison Square Garden, New York City. The dynamic preaching of the evangelist is augmented by the singing of Georgia Beverly Shea and the music of a 1500 voice Crusade Choir under the direction of Cliff Barrows.

The film will be shown as part of a Youth Meeting at the Levelland church, but everyone is invited to attend.

SCHOOLS —

(Continued from Page One)

Schools was among the best of schools in the area which they had done work for.

The Board also okayed \$13,732.39 worth of monthly bills, unanimously after an item by item reading of the bills and what they represented.

The group okayed after a few amendments, a new janitorial policy for Morton schools which will more accurately define the

HOSPITAL —

(continued from page 1)

October showed the hospital with a cash - credit business of \$3,078.00, receipts of \$7,561.00, and disbursements of \$9,679.00.

Totals for the year, including the month of October, showed a cash credit business of \$77,778.00 receipts of \$68,680.00, and disbursements of \$91,041.00.

This deficit, \$22,263.00, includes the cost of two metal back doors, a glass front door, an ice machine, and a machine for use in the operating room.

Members of the board received the names of three applications for the position of manager, but indicated they would be in "no hurry" to select an individual to fill the post.

TRAILORS —

(Continued from Page One)

tax revenue measure. Just where the pressure came for this law to be suddenly "pushed" in regards to cotton trailers, no one seemed to know.

Are there any dodges to this law? Yes, probably so. Most laws have loopholes or ways in which a person can "get around" it. This is probably no exception. The only "hitch" is, farmers and ginners will have to quiz someone in the enforcement end of the business before they can actually come up with something concrete.

Mr. Johnston is in the public relations end of this business, not in the enforcement end. Just what methods will be used to enforce the law are not certain.

It's a pretty good bet the methods will be about like any other function of the Texas Highway Patrol. They don't, as a rule, hide behind trees, or go out in search of any individual offender. Chances are farmers caught will be warned that the law is being enforced, then on the second time, ticketed and fined.

Is anything being done about this? Yes, there is something being started.

By the time you read this the Plains cotton growers will have been alerted about the matter and the Farm Bureau will have registered its kicks. Just what effect this will have is not known.

Two facts stand out uppermost. The law says: the trailer shall have a registration tag on them when driving on a road under the jurisdiction of the Department of Public Safety. This is not a new law, but a suddenly enforced law.

With anywhere from three to five weeks of harvest left, farmers and ginners might do well to consider carefully before deciding to try to "get away with it" this fall.

Attending the meeting in the office of the Tax Assessor - Collector, Mrs. Otha Denny, Thursday were a group of area ginners: J. R. Kaykendall, Morton Co-op Gin; E. O. Willingham, Willingham's Gin; Curtis Willoughby, Cochran County Gin; Roy Greer, Star Route Cooperative Gin; Mr. Rowland, Rowland's Gin, Whiteface; and J. D. Hawthorne, area farmer.

Rural Carriers Aid in County's Livestock Survey

Postmaster Murry Crone, at Morton, announced this week that rural carriers will begin distributing Livestock survey cards November 19.

C. F. Windsor Route 1; W. L. Taylor, Route 2; Mrs. Jackson, Star Route 1; and Earl Outlaw, Star Route 2, will be leaving cards with farmers and stockmen along their routes.

Patrons receiving livestock cards are requested to complete and return them to their mailbox. Cards will then be returned to the Texas Crop and Livestock Reporting Service in Austin. Information from this survey is used in estimating numbers of cattle, hogs, sheep and chickens on the Texas farms and ranches.

Many farmers and ranchers are glad to take a few minutes time to answer the questions asked on livestock numbers in order to have information available for making business decisions. Information obtained from this survey is returned to farmers and ranchers through Texas Crop and Livestock Reporting Service releases, newspapers, radio and television.

This annual survey has been a joint undertaking of the Post Office and the Department of Agriculture since 1924, concluded the Postmaster.

duties of custodians, and which carries with it a slightly pay raise for the custodial staff. The raise had been proposed in the budget two months ago.

The other item passed by agreement was that School Assessor - Collector, Dub Hodge, sit in on Board meetings from now on, as recording secretary.

Several other items were discussed, many of them pertaining to the general school progress. Supt. Barnes was asked about a recent published item concerning County teacher's being in favor of a walkout and told the group that the vote to favor the walkout "if it were deemed necessary to get the state legislature to take action on needed school legislation" was meant as a memo to the state, that if such action were taken statewide, the teachers here favored it, by a 2 to 1 majority. He said he didn't think any such walk out was being planned and regretted the fact that the story tended to misconstrue the issue, or paint an untrue picture.

The Supt. also informed the board of the resignation of one local teacher Miss Claudia Harp, whom he said was doing excellent work, but asked to be released from her contract because of pressing family problems that needed her help, away from Morton.

MD DRIVE —

(Continued from Page One)

portunity to make a dramatic drive is sponsored on a local basis by the Farmers' and Merchants' Association of Lubbock.

The MDA, national organization, supports more than 2000 projects in the U.S. and abroad. The \$5,000,000 MDA, endorsed Institute for Medical Research, has just begun operation. Here, scientists are studying and related neuromuscular diseases which afflict millions.

MDA has established a network of clinics throughout the country. They provide diagnostic facilities, medical supervision, personal exams.

MDA also provides patient services in this manner: by defraying the cost of wheelchairs, braces and other orthopedic devices, set up special reading and education programs for children and provide transportation between home, school, and clinic.
