

PUBLIC OFTEN TOO QUICK TO CRITICIZE . . .

Senator Preston Smith Explains the Gigantic Task Being Accomplished By State on Texas' Tax Dollar

"It is very easy for the public to ridicule and criticize the Legislature," Senator Preston Smith said today.

Sen. Smith made it clear at the outset, he was not trying to head off criticism. He said that no group was "running" him or had even tried to "run" him for office.

medical students is \$8,000, and students get \$850 worth of education for \$100.

NEED FOR SOUND MANAGEMENT NECESSARY TO MAKE FERTILIZING OF COTTON CROPS PAY DIVIDENDS

Just fertilizing the crop won't get the most out of land. Dr. Ivan Miles, Agronomist for Matieson Fertilizer, told a group of interested Morton County farmers last week.

Proper Use of Land; Good Seed; Use of Good Seed; Proper Fertilization; Control of Insects and Diseases; Proper Irrigation.

You just cannot substitute irrigation or fertilization for good farm management, Dr. Miles told the group. Then he went into an explanation of the millions of tiny organisms that make up the soil, and how they, during weather when the ground is not frozen, tend to eat up the soil, taking with them a percentage of the elements that go to make the soil fertile.

He pointed out that only by planting grasses can we hope to build up the soil. That our period of time when the ground is not frozen is so long that we cannot build up the soil in this climate.

We do good to hold our own or close to it.

The Agronomist pointed out how rain can wash off or carry through our soil the important elements, and how wind erodes the soil by carrying some of these elements away.

To set the record straight, he first began to show what soil needs in order to be able to produce two bales of cotton per acre, and then showed why most soil in this county could not get that degree of chemicals into the soil. He discussed Iowa's fertile soil, and its short growing year. "Here," he said, "we have the temperate and the water, but not the fertility." He said he preferred this area because with the proper temperature and water, you had the tools to work with, in attempts to increase the soil fertility.

Each acre of cotton land needs 7,000 lbs. of nitrogen; 4,000 lbs. of phosphorus; and 35,000 lbs. of potash, he said, before it is two bale cotton soil. Then he went into an explanation how the various chemicals can be imparted to the soil; how they are lost through a process of combination which he likened to people marrying; and the part that each of these chemicals plays in the growth cycle.

He explained that nitrogen is the growth factor and phosphorus is the fruiting and maturing factor. He demonstrated that phosphorus does not leach out, and thus can be placed in the soil, where the farmer wants it . . . if he has the proper tools to do so.

Dr. Miles pointed out the importance of the balance explained previously . . . the 105 parts nitrogen; to 49 parts phosphorus; to 65 parts potash.

Urging soil testing, he told how there are 2,000,000 lbs. of top soil per acre, and thus testing a 20 acre plot, just one test won't do the proper job. He recommended 25 to 35 separate soil samples be taken in a 20 acre plot, and showed how to take them.

He recommended knowing something about the laboratories to which the samples be sent.

Discussing the factor that many farmers think it's too much trouble to sample soil, to leave check plots, etc., Dr. Miles admonished that "any time you make progress, someone has taken time and had trouble." Always, for any kind of a change at all, in regular procedure, you should leave a check strip, he said.

Then he went into the various methods of making fertilizers, of mixing them, and of what kind of results records have proved. He showed slides of result charts, varying types of fertilizer, application date, and ways of putting them in the soil.

Water Resource Development Benefits Will Far Outweigh Cost, Says Johnson

Senate Majority Leader Lyndon B. Johnson said Sunday that water resource development shows a "positive and increasing array of benefits vastly exceeding the dollar costs."

"Such development is a solid investment in America's future. It is the type of investment that pays continuing dividends — by the day, by the month and by the year — to our nation and everyone in it," he said.

Johnson noted that the explosive increase in population, and the ever-increasing per capita consumption of water, presents a "critical problem and inspiring challenge to our economists and our engineers."

He quoted figures showing that while the nation's population doubled between 1900 and 1950, the total consumption of water quadrupled.

Demand for water, he said, continues to rise.

Studies, based on 1950 levels of water consumption, indicate that

rate will be doubled by 1975.

The situation, he said, calls for far-sighted planning and added, "There is much to be done. Time is short. The need is great. As responsible Americans, we need to get on with the job."

Scout Week Is Being Observed
The nation marks the 50th anniversary of the Boy Scouts of America starting with Boy Scout Week, February 7 to 13.

Impressed with the helpfulness of an unidentified British Boy Scout in 1909 who declined a gratuity for his "Good Turn", the late Wm. D. Boyce, Chicago publisher lost his way in a London fog, learned about Scouting from its founder, Sir (later Lord) Robert Baden-Powell and incorporated the organization in Washington, D. C. on Feb. 8, 1910.

From the modest beginning in 1910 the Boy Scouts of America has grown in 50 years to an active enrollment today of more than five million boys and leaders and an alumni of 28,500,000 others who have been influenced by the Scout Oath and Law.

Some of the Early leaders in the Scouting movement included Colin Livingstone, James E. West, W. D. Boyce, Dan Beard, Ernest Thompson Seton, Theodore Roosevelt, Mortimer Schiff, E. M. Robinson, and a host of others.

Churches, schools, civic clubs and other institutions have served as sponsoring institutions for the Scout units.

Scouting has served America in many ways through war efforts, Jamborees, Safety Good Turns, Get out the Vote Campaigns and with their motto of "Be Prepared."

May we also add - our salute - to the Boy Scouts of the George White District.

Raise a college education in a sorghum field?

It's not fantastic! And here is why:

One leading farmer with 250 acres of maize reported a yield increase of 1625 pounds per acre after application of Phillips 66 Ammonia. He cut a total of 7250 extra bushels of grain and netted \$4050 in increased profits after deducting the cost of ammonia. This extra income for only two years—a total of \$8100—will more than send a boy or girl through college.

Ask your Phillips 66 Distributor to show you how Phillips 66 Ammonia can help you and your family live better through higher profits per acre.

	*Using Phillips Ammonia	Without Ammonia
Fixed Cost Per Acre	\$39	\$39
Ammonia Cost Per Acre	\$7	—
Yield Per Acre	97 bu.	68 bu.
Net Profit Per Acre	\$31.60	\$15.40
INCREASED PROFIT PER ACRE \$16.20		

*Example only. Grain sorghum 80¢ bu. Results vary, according to soil fertility, available moisture and cultural practices.

LOOK AT THE LOWER PRICES

List prices as much as \$76.05 lower on popular models with popular equipment

The '60 Chevrolet models most people buy, equipped the way most people want them, are actually priced lower than last year's models. This two-tone Bel Air V8 sedan, for example—with Turboglide, push-button radio and deluxe heater—lists for a whole \$76.05 less! Prices are lower for all comparable V8 models throughout the line. Also for all comparable 6-cylinder models with Powerglide. Yet Chevy's loaded with more of the things that put pleasure into owning a car. (Just look at the list!) It's the greatest year yet to get into a Chevy!

Big brakes for quicker, surer stops. Rivetless bonded linings mean they last longer, too.

More room to relax in. Chevy sedans offer roomier seating than any car in their class. Lower, narrower transmission tunnel means more foot room.

Only full wraparound windshield among the leading low-priced cars.

Electric windshield wipers keep sweeping even when you speed up to pass.

Vent windows crank open and closed. So much simpler than fighting those tricky little catches.

Keyless locking of all doors. Quick and easy. The same key opens door, glovebox, trunk and starts the car.

Economy Turbo-Fire V6. Or how to get up to 10% more miles per gallon of regular and still have lots of "git."

Thriftest 6 in any full-size car. It's the '60 version of the engine that got 22.38 miles per gallon in the 1959 Mobilgas Economy Run.

Widest choice of power teams. 24 engine-transmission teams in all, with output up to 335 h.p.

A trunk that's made for long trips with up to 22.5% more actual luggage space. Sill's lower for easier loading.

Fisher Body craftsmanship. Look at the finish, the fabrics, the detail work. You'll see the difference.

Drive it—it's fun-tastic! See your local authorized Chevrolet dealer for fast delivery, favorable deals.

Service Officers Clinic Open Today

AUSTIN, Tex. (sp.) — A Regional Rehabilitation Clinic for Veterans Service Officers is to be held at the Hotel Cortez in El Paso, on Feb. 11 - 12. This announcement was made today by Charles L. Morris, Director of the Texas Veterans Affairs Commission in Austin. The Clinic is to be conducted by the Texas Veteran's Affairs Commission in cooperation with the various veteran organizations and the Veterans County Service Officers Association of Texas.

Albert Morrow, Cochran County Service Officer plans to attend the clinic.

This Clinic will serve as a refresher training course for County Service Officers and Post, Chapter, and Barracks Service Officers within the 79 counties in the West Texas area which is served by the Veterans Administration Regional Office in Lubbock.

A team of experts from the Veterans Administration Lubbock Office will be on hand Feb. 12, to discuss the provisions of the new Veteran's Pension Law which will become effective on July 1, 1960.

All sessions of the two day meeting will be open to the public. Those persons who are interested in the new pension law are especially invited and urged to attend the session on Feb. 12, when the law in its entirety will be discussed, and the questions of those in attendance can be answered at that time.

VISITORS FROM MORTON

Mr. and Mrs. Wilson Hodge and Debbie of Morton, spent Sunday visiting her parents, the B. M. Shorts.

REVIVAL TO BE HELD
The revival at the Enochs Baptist Church is to be held Feb. 14 through the 21.
Evangelist is to be Bro. I. A. Leonard of Portales, N. M. Song leader is to be Ivan Wozencraft of Oton. The pianist will be Mrs. Maude Speck.
Everyone is invited to attend services at 10 a. m. and 6:45 p. m.

VISITS SUNDAY
Mrs. John Vandeventer of Morton spent Sunday evening visiting John's parents, Mr. and Mrs. C. S. Vandeventer.

VISITORS FROM MULESHOE
Mr. and Mrs. Ronnie Etheridge of Muleshoe spent Sunday evening visiting her parents, Mr. and Mrs. Jerome Cash.

MOTHER DIES
Mrs. T. A. Thomas received word Monday morning her mother passed away at Slaton. Mrs. Tucker had been in failing health for sometime.

MRS. J. WALKER DAVIS IS NAMED PRESIDENT OF L'ALLEGRO STUDY CLUB, AT RECENT MEETING

The L'Allegro Study Club met Thursday night in the home of Mrs. W. C. Vanlandingham with Mrs. Dewayne Knott as hostess.
Arrangements were made to complete the cook book which the club has been working on as a fund raising project this year.
The club report for the current year was read by the president, Mrs. Vanlandingham.
The club members brought articles of clothing and jewelry to be sent to the State Hospital in Big Spring.

Mrs. J. Walker Davis read the minutes which included a list of officers elected at the previous meeting. Officers for the coming year will be Mrs. Davis, president; Mrs. Jack Wallace, first vice-president; Mrs. Harold Drennan second vice-president; Mrs. Dwayne Knott, Secretary; Mrs. Button Silvers, Treasurer; Mrs. Tommye Hans, corresponding secretary; Mrs. James McClure, parliamentarian; Mrs. Eddie Irwin, reporter and Mrs. Tom Pate, Historian.

Mrs. Tom Rowden was in charge of the program for the evening. She showed a film on the need for more nurses. The film was about the lives of four nurses and the different fields of nursing they chose.
Following the meeting, a delicious refreshment plate was served to the following members: Mesdames W. B. Merritt, J. C. Reynolds, James Grenner, Truman Deas, E. O. Willingham.

WCS CIRCLES HOLD JOINT MEETING IN FELLOWSHIP HALL, METHODIST CHURCH
The Myrna Knox and Maggie John Crowder assisting her in the presentation of a playlet.
Others attending were Mesdames: J. E. Harrell, C. C. Benham, Ed Lytle, E. L. Cox and Willard Henry.

Engagement Is Announced At Pep, Texas
Mrs. Bob Mayon spoke on the work of the deaconesses in the Woman's Society of Christian Service, with Mesdames Edward Thomas, Peunes Houston, Bobby Adams, J. N. Burnett and

Van Green, Davis, Wallace, Kn, Vanlandingham, Rowden and Merritt, Silvers, Hans, McClure, Pate, Irwin.

ROOT KNOT OF ORNAMENTALS
Root knot disease occurs in all Texas areas, but is more common in sandy or loam type soils. It is caused by several different kinds of microscopic nematodes or eelworms that live in the soil.
Many people discover the disease on old plants at this time of year when replacing shrubs or plants that have died. Half rotten knots about the size of marbles or smaller may be found on smaller roots of diseased shrubs or trees. Affected shrubs or trees may lack vigor and die slowly over a period of several months or years. A die-back condition of limbs may also be present.
Root knot nematodes are commonly found on many ornamental plants including boxwood, begonia, clematis, colous, dahlia, European Elm, fig, hollyhock, peach.
Total water dept. business billed for the City of Morton for the month of Jan. was \$4,332.65, according to the report before the City Commission last week.
The billing included \$1,094 for trash hauling; \$1,113 for sewers and \$2,725.15 for water. A total of 903 meter cards were mailed out.
In the gas dept., the total billing was \$19,109.61 with a total of 207,457 cubic feet of gas used and 944 cards mailed out.
The police dept. produced a total of \$55 in fines collected.
The city's status as far as bank balances are concerned, as of the end of January is as follows: General Fund, \$20,984.25; Water Fund, \$27,935.19; Gas Fund, \$23,101.31.
peony, rose, sweet pea, violet and weeping mulberry.
Resistant or immune ornamental plants are cosmos, evening primrose, gullardia, geranium, lantana, marigold, narcissus, nasturtium, zinnia.

RESISTANT OR IMMUNE VEGETABLE TO ROOT KNOT are Forthook 242, Nemagreen, and Bixby lima bean, Alabama No. 1 and 2 pole bean, California Blackeye 5, Dixie Lee and Texas Cream 12 southern pea, Nemagold sweet potato, Manacuit tomatato.

PLANT NEMATODES, their identification and control (MP-356) can be obtained from the Extension office.
Generally soil fumigants will kill any green plants if applied too near the roots. They should be used well in advance of any planting. Care in handling or application is extremely important.

SETTING OR RESETTNG SHRUBS
This is a good time to organize shrubs into screen or foundation plantings around the home. Any shrubs that dot the lawn and complicate moving may be reset at any time during the next few months.
To save work later, consider the potential size of the tree or shrub, when choosing a location for setting or resetting. Large growing plants are not suited for planting around the walls or foundation of the average home. They do make excellent screen plantings to give privacy to the work or recreation area of the landscape. Some large plants that require very little water are the althea, ligustrums, Arizona Cypress, cherry laurel, crape myrtle, evergreen sarrac and others. Nearly all of the hollies should be used in screen planting rather than placing them around the house.
Keep the size of your house in mind when you choose foundation plantings. For the low ranch type house, which is popular

in some areas of the state, true shrubs, that is shrubs that will not grow over 8 to 10 feet, are best suited. There are many that are drought and insect resistant. Among these are rosemary, lavender, dwarf junipers, spirea, dwarf pyracantha, nandina, abelia, native agarita and others.
"A selected list of Woody Plants for Texas" by A. F. DeWorth of the Department of Floriculture and Landscape Architecture of Texas A & M is available from this office.

MAKE YOUR OWN KITCHEN STORAGE DEVICES
Need extra storage space in your kitchen? If so, you will like the ideas presented in a bulletin by Charlotte Tompkins, Extension Home Management Specialist.
The bulletin entitled, "Kitchen Storage Devices You Can Make," illustrates ideas in clean cut sketches so even an inexperienced home carpenter can follow through. Only simple tools are needed, and many of the cupboard accessories can be made from wood boxes, scrap pieces of lumber, or inexpensive softwood.
Ideas for narrow shelves that fit between the counter top and upper cupboards are illustrated. Removeable step shelves, and hanging shelves are also shown. Different types of cutlery racks, files for pans, sliding trays, towel racks, and drawer dividers also are pictured.
Get a copy of this new bulletin from this office and make plans for improving your kitchen storage.

The marriage rites will be read at the St. Phillips Catholic Church in Pep, on Saturday, February 20th.

PINK, BLUE SHOWER HONORS MRS. DAVIS
Mrs. Roy Davis was honored with a pink and blue shower Thursday, Feb. 4th, in the Fellowship Hall of the Methodist Church. Mrs. Davis was presented with a pink carnation corsage. The gifts were displayed around a stork which was placed on a lace cloth.
Cookies, diaper mint favors, and nuts were served with coffee and punch to twenty-six guests.
The lace covering the serving table was centered with a crystal punch bowl which was surrounded by ceramic baby dolls.
Hostesses for the shower were Mesdames Bill Glasford, Bobby Adams, Bob Mayon, Erwin Merritt, Weldon Wynn, Ed Thomas, Tommy Gattis, Max Clark, Hadley Kern, Ray Bridges and Ernest Whitecotton. Mrs. Karl Griffith also helped with the shower.

DAME HEADS - Frank ol of Wichita Falls has elected chairman of the and Fish Commission to Herb Frenaley of Hous-

living habits and high insurance premiums. ANTI - NARCOTICS AID PROMISED - Governor Daniel has promised El Paso every possible help in combatting its problem of being "a major distribution joint of an international narcotics ring."

In response to a telegram in which El Paso Judge Woodrow Bean cited the city's "major" problem, the governor conferred with state and federal authorities. Daniel said he was assured af-ter talking with Col. Homer Gar-ison Jr., director of the Depart-ment of Public Safety, that DPS men were and would continue to work with local law enforcement officials in El Paso in fighting narcotics traffic.

Also, said the governor, he has been told by the Federal Narcotics Commission that eight federal custom agents in El Paso also do anti-narcotics work.

Federal Commissioner H. J. Anslinger promised the governor to survey and consider the re-quest for a special federal nar-cotics agent in El Paso. LOWER TRAIN FARES SOUGHT Railroad Commissioner has set a hearing Feb. 9 on a request by Texas railroads to reduce pas-senger fares between Houston and Dallas and Ft. Worth.

Railways want to reduce the round trip fare from Houston to Dallas from \$13.05 to \$9 and the fare from Houston to Ft. Worth from \$14.80 to \$10.

A spokesman for the Railroad Commission said that no oppo-sition was expected from rail com-panies not making these runs.

O - AUSTIN, Tex. - Here we go again.

It seems as if a segment of Texas history is repeating itself as the state and numerous gas companies go to court to decide the constitutionality of a new gas tax.

Some 80 gas companies have filed suit asking the court to de-clare invalid the natural gas sever-ance beneficiary tax passed by the Legislature last summer. Six of the suits are set for trial be-ginning Feb. 15.

They will be tried in the same Austin District court in which the contest over the old gas gather-ing tax was begun. This tax law was passed by the Legislature in 1951 and eventually declared unconsti-tutional by the U. S. Supreme Court.

Gas companies are attacking the new severance beneficiary tax on much the same grounds they did the gathering tax. They contend it is in violation of in-terstate commerce laws.

Passage of the severance tax came after one of the hardest battles of the stormy six month session. It places a 1.5 percent levy on the pipelines on the grounds that they benefit from the taking of gas.

Revenue wise, the gas tax re-presents a rather modest portion of the overall tax program passed in 1959. It was estimated it would bring in about \$15,000,000 of an overall \$185,000,000.

SHORT BALLOT - In the 12 years for state-wide office this year, there will be only 22 candi-dates.

Six state officials are seeking re-election unopposed.

Some years ago, there were almost as many candidates in the governor's race alone as there are now for all the statewide of-fices. In those days the filing fee was only \$100. Today's price is killing off the competition.

Filing fees today are 5 percent of the annual salary, which runs \$1,250 for the governor, \$1,125 for U. S. Senator, \$600 for lieut-enant governor, etc.

WATCH THAT FLU - If you're one of those lucky Texans who hasn't yet been hit by influenza, State Health Commissioner J. E. Peavy has advice for you:

"Don't take any chances." In several cities the flu has re-ached epidemic proportions. Dal-las reported the highest flu-cau-sed death toll since the 1918 seige.

Dr. Peavy said flu ordinarily lasts only three to five days but must be taken seriously because of the possibility of complications such as pneumonia.

He advised against self treat-ment and urged victims to go to bed and call a doctor at the out-set.

P-TA ENDORSES SESSION - Some 85 percent of local P-TA leaders in Texas favor a special session to raise teachers' salaries according to a report made to Gov. Price Daniel.

Mrs. T. W. Whaley of Koss, president of the Texas Cong-ress of Parents and Teachers, told the governor that executive com-mittee members of 563 local P-TA units were polled.

She said 8,155 favored a special session, 847 were undecided and 563 were against it. There were no suggestions as to how to pay the bill.

Governor Daniel has held off calling a special session pending the development of enough pub-lic and legislative support to carry it through to success.

POLL TAX ASSAILED - Next Texas Legislature may be called upon to vote on whether the U. S. Constitution should be amended to outlaw the poll tax.

U. S. Senate has voted out a proposed amendment to void the tax. It goes next to the House, which has passed such a measure five times before.

If the House passes it, it will then have to be ratified within seven years by the Legislature of three fourths of the states. Texas is one of five states which

still have a poll tax. Others are Virginia, Mississippi, Alabama, and Arkansas. LICENSE PLATES ON SALE - Texas drivers have from now un-

til midnight, April 1, to get new license plates for their cars. State Highway Engineer Dewitt C. Greer predicts that nearly 5,000,000 cars will be registered

this year. This adds up to some long lines April 1 unless a lot of people buy early. Greer emphasized the impor-tance of each vehicle owner's re-

gistering his car or truck in his home county. When he goes to register, each owner should take his certificate of title and latest year registration receipt.

WIN CASH... WHO'S WHO in MORTON and the MORTON AREA

Copyright 1959 by B. Reinhardt. All Rights Reserved. Clues may be hidden in ANY ad in this group ad. When a "Star" appears in any of these ads, it means that additional advertising for that merchant appears elsewhere in this issue of the Morton Tribune, and additional clues may be hidden in any of those ads, also!

TOTAL PRIZE MONEY \$726.00 THIS WEEK \$ 66.00

Grid of 40 business advertisements including: STRICKLANDS, DOSS SUPER MARKET, BUTLER MOTOR CO., MORTON FLORAL and GREENHOUSE, LINDSEY FEED and SEED, CLARKE'S DRY GOODS, HAWKINS OLDSMOBILE CO., BYRON'S AUTO SUPPLY, WILLIS FOOD, MORTON LAUNDRY, FIRST STATE BANK, ST. CLAIR'S DEPARTMENT STORE, McMASTER TRACTOR CO., PIGGLY WIGGLY, BEDWELL IMPLEMENT CO., ST. CLAIR'S VARIETY, FLASH - O - GAS, IDEAL GIFT SHOP, DERWOOD TEXACO SERVICE STATION, MORTON MALT SHOP, COBB'S DEPARTMENT STORE, ALLSUP CHEVROLET CO., WILLINGHAM FARM and RANCH STORE, NU-WAY CLEANERS, LUPER TIRE SERVICE, RAINES CASH FOOD, MERRITT L. P. GAS CO., SMITH FURNITURE and APPLIANCE, SEANEY FOOD STORE, LORAN-TATHAM CO., TRUETT'S FOOD STORE, HIGGINBOTHAM - BARTLETT CO., DANEZ BEAUTY SALON, WINDOW OIL and BUTANE CO., MORTON DRUG, STANDARD ABSTRACT CO., GARDNER - ROSS, REYNOLDS TIRE COMPANY, WOOLAM IMPLEMENT COMPANY, RCA VICTOR, HERB'S GULF SERVICE STATION, MORTON TRIBUNE.

RULES 1. This is a family fun contest. Entries welcome from every member of the family old enough to fill out his or her own. You may submit one entry per person at any or all of the Sponsoring Merchants whose ads are in the row that is heavily bordered this week... but only one entry per person at any one store (more than one will disqualify all entries of that person for that week). Anyone can enter unless a member of your family is employed by the MORTON TRIBUNE. Sponsoring merchants, their families, (and their employees and families) are most welcome to enter EXCEPT during weeks that entries are brought into the Sponsor's place of business.

2. Nothing to buy. Use any slip of paper for entry blank. DO NOT put your entry in an envelope. Not necessary to be present at the drawing to win.

3. WHO'S WHO may be anyone in the Morton trade area. Clues to his or her identity will be hidden ONLY in ads of Sponsoring Merchants (this means any ad in this section or any ad of the same merchant elsewhere in the paper). When star(s) appear in any ad in this section, it is your warning that other ad(s) of the same merchant (in which there may be clues) appear elsewhere in the paper. Clues will be scattered... many ads will have no clues while others may have as many as five. Beware of false clues; there may be some! This is a contest of skill and we intend to do our best to outwit you. We'll be delighted if you succeed in outguessing us, in spite of our best efforts.

4. If, by coincidence, the name of WHO'S WHO (or other facts about him or her) happen to appear in news items, editorial matter, or other places in this newspaper, these will not count as clues.

5. To enter, write down the name you think is WHO'S WHO. List all the clues you can find in all the ads of the Sponsoring Merchants in this issue. Don't forget your own name and address!! Then drop your entry at the business location of any Sponsoring Merchant WHOSE AD IS BETWEEN THE HEAVY BORDERS IN THIS SECTION. You may enter at all four if you wish. There are no other places where entries will be accepted... and MAIL ENTRIES WILL NOT BE ACCEPTED.

6. This week's contest starts when you receive this issue, and closes at 4:30 p. m. Tuesday of the following week. At that time (4:30 p. m., Tuesday) a drawing will be held. The first entry drawn that correctly identifies the WHO'S WHO will win \$100. If THAT entry also lists every correct clue, (and no false clues) hidden in all ads of Sponsoring Merchants, the Bonus Jackpot of \$56.00 will be given. Whenever this bonus is not won, it will be added to next week's BONUS... which will continue to grow until it is won! Winning the BONUS requires a PERFECT list of correct clues... the exact number and all copied correctly. Family participation gives you a better chance to win the jackpot. Your wife, husband, or some bright-eyed youngster MAY spot a clue that you miss! Got any detective blood in you? Think you can outwit us? Remember you can't win if you don't enter... Fix up your entry NOW!

Three Way News . . .

By Mrs. Frank Griffith

ON SICK LIST

Mr. and Mrs. D. P. Brinker and Mrs. Dodd, mother of Mr. Brinker were all on the sick list the first of the week.

ATTEND FAT STOCK SHOW

Mr. and Mrs. Thurl Lemons attended the Fat Stock Show at Fort Worth last week. They drove down Friday and returned home Sunday.

THREE WAY LOSES

The high school boys basketball

team played Bala at Pep Tuesday evening to break the tie for 2nd place in the conference games of the District. Three Way was defeated. The District tournament begins this week and it will be played on the Pep court.

THREE WAY HD CLUB MEETS

Committee women to represent the Three Way Home Demonstration for the Bailey County Council Year Books were appointed at a meeting last week. Mrs. Bill Eubanks, president of the local club, presided over the business meeting held in the home of Mrs. W. G. McCravy. Named to serve on the Committee were Mrs. Morris Gant and Mrs. Raymond Milligan on EEE. Mrs. Thurl Lemons on the recreation, Mrs. Louis Henderson reporter and 4-H Club and Mrs. McCravy is on finance.

A demonstration of refinishing

furniture was given by Mrs. Harriet Jackson, county home demonstration agent.

Members present were Mesdames: Bob Klutts, Eubanks, Gant, Milligan, and the hostess.

Wednesday, Feb. 9, in the home of Mrs. Jackson at Muleshoe a training workshop on oven cooked meals was held. Attending were Mesdames Klutts and McCravy. They will repeat the demonstration to the Three Way club at the meeting Feb. 18 in the home of Mrs. Raymond Milligan.

DOING FINE

Florence Bailey, an accident patient at the Medical Arts hospital in Littlefield, is reported to be doing fine. She hopes to be sitting up in a wheel chair soon. Mrs. Bailey fell and shattered her hip and has been in traction the past 4 weeks.

T&C Study Club Hears Reports On Madam Chiang, Mrs. Roosevelt

The Town and Country Study Club met Wednesday, Feb. 3, in the home of Mrs. LeRoy Johnson. Club business included the plans for a husband's dinner at the home of Mrs. Charles Jones. The date for this dinner was changed to Friday, Feb. 12, 1960. The club members were asked to regret by Thursday, Feb. 11, 1960, if they cannot attend.

The program for the day, was entitled, "Today's Women of the World". Mrs. Roy Hill talked on the life of Madame Chiang Kai-Shek.

Mei-Ling, meaning "beautiful life", is the given name of Madame Chiang Kai-Shek. After attending Wesleyan College, in this country, she returned to China, as that nation was rocked by re-

volution. At this time she met her future husband, of whom her family disapproved. Ten years later, when he was one of the four most outstanding men in Asia, General Chiang Kai-Shek, married Mei-Ling. Madame Chiang believed the hope of China lay in the training of the young people. She encouraged the women to social consciousness. This great woman stood for freedom, liberty and equality. She is a dedicated Christian, and the author of "The Power of Prayer". Madame Chiang believes our only hope against the communists, is faith in God: "Faith is our Victory".

Mrs. R. E. Knowlton, spoke of Eleanor Roosevelt, Mrs. Roosevelt, was for 12 years first lady of the land. She traveled far and wide, reporting to her crippled husband, lecturing, observing conditions, and furthering causes. Among those causes important to her, were, Women's organizations, Youth groups, promotion of consumer welfare, guaranteeing rights of minorities, and in combating bad housing, and unemployment. Mrs. Roosevelt has served as Assistant director of the office of Civil Defense, delegate to the U. N., and Chairman of Human Rights. Her best known literary works, are, "This I Remember", and "This is My Story".

SCHOOL —

(Continued from page one) Designated headquarters will be either Dallas or Houston with job assignments throughout the state as and when necessary. Seminars and lecture courses are planned which will be held at Austin. Field training will be conducted under the direct supervision of trained examiners of broad educational and experience backgrounds.

After setting the date of the Trustee election for April 2, 1960, and the filing deadline at 5 p. m., March 1, the group discussed who would serve as election judges and clerks. They named six people for the Superintendent to contact, out of which he is to obtain one election judge and two clerks.

After discussion of the principals and their work, and the running of the school in general, upon the recommendation by Supt. Barnes that all principals be rehired at their same salaries, the motion was made by Huckabee and seconded by Houston. All voted "aye" for rehiring.

Supt. Barnes told the group that other teacher contract renewals would be on the agenda for next month and that he would have the principals at the meeting.

Bids were opened regarding the purchase of a tractor, blade, and plow, but one bid had not been received and was expected the next day. Since there was no official date of bid opening, the Trustees voted to accept the lesser bid of the lowest bid opened at the meeting and the one expected the following day, for a tractor only; and gave Supt. Barnes and President Van the authority to open the bids together. The purchase will be on next year's budget.

After a discussion on the proposed school board reaffirming its willingness to go to their part on the paving project. Supt. Barnes was instructed to find out about the possibility of placing funds in excess of \$10,000 in any one bank fund, into bonds, for protection.

Several other phases of school business were discussed for possible future action but no definite action was taken.

The above scene was taken from the motion picture, "They Came to Cordura" showing at Van Hefflin, Rita Hayworth, Hunter and a host of others.

Insurance Board Positions Open

The Texas State Board of Insurance has positions available for Examiners. Capable, qualified college graduates will be considered on a selective basis for these important appointments for effective employment at the close of the current semester.

Applicants should be accounting majors, preferably with some basic insurance courses, who are interested in a career in some phase of accounting, auditing, or insurance. Insurance majors with outstanding records in accounting courses sufficient to establish their aptitude and probable proficiency will also be considered.

Interested individuals should make letter applications, therein full personal data and experience background will be necessary to obtain college transcript for consideration; if possible, a transcript with your letter. Kindly direct your letter to Mr. Donald M. Cornett, Examiner.
