Andy's parents moved to Morton from Arkansas in 1950.

Fine Rainfall Is Received

Crop saving rains, which in the majority of instances amounted to around two inches over a three day period, came to Cochran County farmers in all directions, from Thursday of last week through Tuesday of this week.

Coming on the heels of lighter rains received last week, which in some instances farmers planted on, the heavier rains made it possible

for others to get their cotton in the ground, as soon as fields are dry enough.

As is usually the case, the rains came to a scattered few farmers in too heavy proportions necessitating replanting, and hail which accompanied the late Sunday afternoon rain, caused severe damage to some farmers in the northeast and eastern sectors of the county.

Among those suffering severe hail damage according to reports at the Tribune office, were Henry Chessher and Bill Ward. Weldon Newsome also reported some hail loss, and there were others.

The official rain gauge, here in Morton showed .34 last Thursday evening; .84 on Sunday afternoon and night; .18 on Monday night, and just a trace on Tuesday. But, as is often the case, most of the farmers got that much and more. Coupled with .78 received on the 30th and 31st of May, the rains totaled 2.34 inches by official measure in Morton over the two week period. They came just as the cotton situation was getting mighty serious for the dryland farmers, and serious enough for farmers who had pre-watered and were still watering their crop.

HEAVY RAINS AT MAPLE

Muleshoe and Maple reportedly received heavy showers just after noon, Thursday (today). A measurement was not available.

to get a cotton stand.

Sunday's rain, which began in the late afternoon, was probably the most beneficial to most farmers. It also brought the hail and some dangerous looking clouds that sent many a Mortonite scurrying to the storm cellars. But there were no reports of tornados, though Morton was right in the middle of a weather bureau tornado alert for a few hours.

The heaviest Sunday rain total appeared to be north and northwest of the city.

Roy Allsup reported 1.8 inches and adjoining him, J. D. Thomas had 1.6 inches. W. R. Key gauged an inch and J. H. Taack, 4 miles west had an inch.

South, Clayton Stokes had an inch and Ern Polvado had 1.2 inches on his south farm, and an inch average over all his land, he figured. And these are only Sunday night reports for these men.

Though the Monday night rain was rather light in Morton, to the east and south up to 2 inch rains were received.

Reports said that the Enoch's area got as much as 2 to 3 inches in their heavy fall.

Around Maple the rains measured from .3 to .7 and over an inch at Three Way and farther north. In the extreme southwest corner of Bailey County, 7 was gauged.

D. E. Benham had an inch on Monday night and Tuesday's rain — the lightest of all in Morton — brought heavy showers to several places southeast and east.

A conservative estimate had nearly all sectors of the Last Frontier area getting at least 1.5 and many over 2 inches in this week's rains.

The lateness of planting forced a majority of farmers to have to scratch their land, after the rains, but all in all, it would be difficult to imagine just how much the rains may have been worth to the area. Bids are to be opened on June 20 at 10 a. m. in the Courthouse.

SEEK MACHINERY BIDS

Cochran County Commissioners Court has advertised for bids on the purchase of three new road graders, specifications of which may be found in a legal ad published in this edition of the Tribune.

Bids are to be opened on June 20 at 10 a. m. in the Courthouse.

Chamber Meeting Set Tuesday At 8 O'clock

George Boring, head of the Chamber of Commerce Planning Committee announced another meeting will be held, this time on Tuesday night, at 8 o'clock, in an attempt to get the final count of pledged chamber support and get underway the collecting of money to be placed in escrow.

All members of the committee are urged to be on hand for this very important meeting. Thus far, more than \$5,300 has been pledged.

GOOD TURNOUT OF VOTERS ELECTS COLEMAN COMMISSIONER BY SIX VOTE MARGIN

In what must be termed an exceptionally heavy vote for the type of election held, Leonard O. Coleman, edged Elmer Gardner by six votes, Saturday, to become Commissioner of Pct. One, come next January.

Coleman polled a total of 299 votes in Pct. One and the absentee box to squeeze out a narrow win over Gardner who tallied a total of 293 votes.

It was one of two races on the local ballots, the other a state race for Judge of the Court of Criminal Appeals where W. T. McDonald got a majority over incumbent Lloyd Davidson in Cochran County, 333 to 281.

These two names were the only ones on the ballot in Pct. Two, Three and Four, or 5 of the county's seven voting boxes.

Very light votes were recorded, as expected, in these voting boxes. But the 592 votes, representing

around 40 percent of the known eligible votes in the precinct, was considered an excellent vote in view of the fact that only two races were on the Democratic Second Primary ballot, and only one of them was a county race.

Here's how the voting went by boxes:

Absentee Box: Coleman 17, Gardner 14, Davidson 15, McDonald 11

Pct. One Box: Coleman 282, Gardner 278, Davidson 245, McDonald 281

Pct. Two (Whiteface): Davidson 9, McDonald 11

Pct. Two (Lehman): Davidson 2, McDonald 3

Pct. Three (Townsend Gin): Davidson 1, McDonald 5

Pct. Three (Bledsoe): Davidson 4, McDonald 15

Pct. Four (Neely Ward): Davidson 6, McDonald 8

Mother Dies In Auto Mishap; Services Monday

Services for Mrs. Vesta Juanita Cooper, 63, were conducted at Littlefield Drive Church of Christ in Littlefield, Monday, at 3:30 p. m., by Dewayne Davis, minister.

She was the mother of Mrs. Sylvia Masten of Morton. Mrs. Cooper died at 7:30 p. m. Friday in Littlefield Hospital an hour after the car she was driving overturned on a dirt road a mile southwest of Littlefield.

Burial was in Littlefield Cemetery. Survivors include four daughters, three sisters, and 11 grandchildren.

Brother's Rites Held at Jacksboro

Funeral services were held in Jacksboro, Friday, June 3rd, for Clarence Cokerham, brother of Mrs. Cora King Baker.

Burial was at Jacksboro. Mr. Cokerham died last Wednesday in a Wichita Falls Hospital. Attending the services from Morton were Mrs. Baker, Mrs. C. E. Luper, and H. B. King.

Sister - in - law Dies In Oklahoma

Funeral services will be held in Oklahoma City, Friday, at 4:00 p. m., for Mrs. Jerry (Mildred) Lackey, who died early Wednesday at her home in Oklahoma City, after an illness of several months with cancer.

She is a sister-in-law of Mrs. Ran Holloman, Mrs. Jack Burkes, Wes Lackey and Mrs. Jack Wallace, all of Morton.

All of those from here left to attend the services, except Wes, who was in Illinois at the time of her death.

Assembly of God Revival Continues

Rev. J. A. Wilkenson, Lubbock evangelist, is conducting the revival which began on June 6, at the First Assembly of God Church.

Rev. H. T. Clarke announced this week the revival is drawing good attendance and invites the public to attend the services each evening at 8 o'clock.

V.A.C. BIBLE SCHOOL COMMENCEMENT SET FOR FRIDAY NIGHT

Vacation Bible school commencement for the First Baptist church will be held at 8 p. m., Friday.

Parents will be given a chance to view the handbook and other projects for half an hour from 7:30 until 8 p. m. and for fifteen minutes at the close of commencement.

The enrollment of the school is 253, to date.

Summer Band Camp to Open On Monday

The summer band camp under the direction of Morton Band Director Bill Hulse will get underway Monday morning at 8:00 o'clock.

Registration can be made at that time at the band hall and plans are to run the classes from 8:00 to 8:30 to 11:30 or 12:00, whatever plan seems to work out best for the majority.

Special instruction in band instruments, marching, and special twirling training will be offered at \$10.00 per student, whichever course they select.

Hulse has the batons for those who need them, and he said considerable interest is being shown in the baton twirling classes for young ladies from 6 years old up.

Students from neighboring schools are also invited to take part in this camp.

FOUR INDICTMENTS BROUGHT BY 121ST DISTRICT GRAND JURY

The 121st District Court Grand Jury brought four indictments after a one day session Monday, at Cochran County Courthouse.

Two of the indictments were against Feliciano Aguilar Ortiz, for passing of forged instruments to George Farhat, local businessman. A third indictment was against

JIMMY JOHNSON AGAIN WINS GOLF TOURNEY

Jimmy Johnson, smooth striking, long driving youthful member of Texas Tech's golf team, from Levelland, won his second Morton Invitational golf championship, Sunday as he came from three holes down on the first nine, to win six consecutive holes and blast out a 5 and 4 victory over Lubbock postman, Jimmy Stewart.

It was Stewart's erraticness rather than Johnson's great golf that turned the tide of the final match, but Johnson did manage one real great hole when he blasted out of a sand trap on the 12th green, hit the pin, and dropped into the cup for a birdie three. That seemed to break Stewart's back.

In the consolation round, D. L. Craig made a gallant comeback from five holes down to even the match against Charles Hopkins and then saw the steady young golfer from Post, who had pro low score, win the match by gaining a one hole lead and keeping it on the last two holes.

Sawyer Graham of Brownfield defeated Art Hall of Levelland for the first flight title, and Bob Travis of Morton won the consolation.

Jimmy St. Clair of Morton beat Hub Cadenhead of Morton for the second flight crown. Lloyd Evans of Morton edged Buck Fox of Denver City for the consolation.

Miss at Plainview ... Posse to Ride At Big Spring

The Cochran County Sheriff's Posse went after another trophy today at the Big Spring Rodeo, their last scheduled ride before the Crosbyton Rodeo, in July.

The local riders failed to place at the Plainview show last week, but reported a fine rodeo witnessed there.

The posse is also planning an outing at Palo Duro Canyon soon.

W. B. McLendon Captures \$122.00 In Last Week's Who's Who Venture

W. B. McLendon, long-time Morton resident, walked off with the \$122.00 Who's Who money Tuesday.

McLendon, who operates a cabinet shop here, said his previous awards included \$5 and a peanut patty.

As to what he will do with the \$122.00, awarded by 44 Morton merchants, McLendon said, "I'll pay my debts."

His entry correctly identified Mrs. Willard Cox of Morton as the mystery Who's Who person, correctly listed 19 clues, and bore his name and address at the bottom of the page.

McLendon's entry was one of 798 entered in the June 2 mystery Who's Who.

Entries came from Amarillo, Causey, N.M., Bledsoe, Maple, Enoch's, Pep, Morton, and routes.

The entry was drawn from the cage by Robert Proctor, 5, son of Mr. and Mrs. Billy Proctor of Morton.

And, as we promised earlier, the Who's Who was a "bit tougher" to identify — as one person said, "The clues weren't too enlightening."

The Who's Who awarding was conducted at the Morton Malt Shop, and clues were gathered from Who's Who boxes at Derwood Texaco Service Station, Cobb's, Allsup Chevrolet Co., and the Malt Shop.

This week the boxes move to Jackson Farm and Ranch Store, Nu-Way Cleaners, Luper Tire Service, and Raines Cash Food.

Here are the clues to the identity of Mrs. Willard B. (Fannie Belle) Cox:

Wed in neighboring state, (Portales, N. M.); Back door faces north; Mate grows cotton; Relative was former city official, (father-in-law, Mr. Henry Cox, was first mayor of Morton); Blue grass, (refers to Willard, a native of Kentucky); Feathers in the drain, (when she was doing so-

REEDER NAMED TO ELECTRICIAN BOARD

E. L. Reeder has been appointed by the City Council to the place of Bud Nairn as a member of the electrician's board for the city.

The appointment was announced at the city Monday, at a regular meeting of the City Council.

Nairn recently moved to Levelland.

Pool Opened; Plan Swimming Classes

The Cochran County Swimming Pool opened for the Summer Saturday afternoon with a fine crowd reported by Pool Manager Bill Burkett, both Saturday and Sunday.

Burkett hastened to correct some misinformation on the price of 30-swim season tickets. The cost for a student's ticket (from 7 to 14 years old) will be \$6.00 for the swims.

An adult ticket will be \$12.00. Burkett said there are plenty competent lifeguards on duty at all times, and Sunday, they made their first emergency trip into the pool to pull out a lad who was accidentally bumped, in the deep water, and was having a little difficulty getting to the poolside on his own.

The pool is open everyday from 1 p. m. until 8:00 p. m., except on Sundays when the hours are 2:00 p. m. until 6:00 p. m.

Swimming lessons at the pool will start on June 13, and will run 5 days per week for two weeks, closing on June 24th.

There will be two groups, ages 9 through 14, coming from 9 a. m. until 10 a. m. each morning during the week, and ages 6, 7, 8, from 10 until 11 a. m. each day.

GAME POSTPONED BY WET GROUNDS

Wet grounds forced the postponement Monday of the scheduled Babe Ruth League opener at Sundown, between Sundown and Whiteface teams.

Former Morton Lad Injured By 22 Cal. Bullet Fragments

A letter to the Tribune office received this week tells the details of a shooting accident in which Larry Sehon, 17-year-old son of Mr. and Mrs. Parnell Sehon, narrowly escaped serious and possible fatal injury.

The Sehons, who formerly lived in Morton for several years, are now in business at Tulsa, Oklahoma.

Larry was going squirrel hunting with a friend, 15-year-old Kenneth Ecker, of Tulsa. The friend fired a 22 calibre rifle shot at a fence post and the bullet evidently hit a nail and splintered into pieces.

According to the letter, seven of the splintering pieces hit Larry: one in the chest, one in the right arm, one in the shoulder, one in the ribs and three in the stomach. It knocked him down and he fainted. He was taken to the hospital for emergency treatment and then released.

Only two of the pieces of the slug imbedded in the skin, one was taken from the right arm and another penetrated the muscle of the lower part of the stomach, requiring a few stitches.

Larry is doing fine, the letter stated, but is still sore.

The mishap occurred Tuesday, May 31st.

Cut, Bruised As Auto Overtakes

Sammy Leverett, local funeral home director was injured painfully but not seriously, early Saturday morning when a car he was driving rolled.

Sammy suffered cuts and bruises, but apparently no broken bones in the mishap which occurred around 7 a. m. A rear tire, of the tubless type, went down on the car and Leverett said the car swerved toward the bar ditch. He said it could have stayed up-right in the bar ditch if it hadn't headed toward two mail boxes and a telephone pole. Then he whipped the steering wheel and the car rolled, threw him out into a cotton field, and then rolled over him.

Willie Taylor, area farmer living right near the field, picked Leverett up and took him to the hospital.

Pettit Man Given First S. P. College Honorary Degree

Charles Sanders of Pettit, a long-time Hockley County resident, received the South Plains College first honorary degree at graduation exercises, May 26.

The honorary associate of laws degree was conferred on Sanders for having rendered outstanding service to his community, county, and state as a civic worker, school official, public servant, and churchman.

Sanders has lived in the Pettit community for most of the 32 years he has lived in Hockley County.

He has been an official of the Pettit school board for fifteen years. He was business manager and tax assessor and collector of the school from 1934 to 1942. He has been Democratic Precinct chairman of the community for several years.

He has served on the board of directors of the REA for 16 years, serving as president one year. He was president of the Farm Bureau one year.

He was a member of the planning committee of the Ropesville farm project of the 1930's. He served in the occupation army after World War I and received a civilian citation from the World War II.

Sanders is a member of the Pettit Lions Club and Masonic Lodge. He is a Shriner and has completed both the Scottish Rite and York route.

4-H MEETING

Slide pictures of girls who were in the county 4-H Dress Revue in 1958 and 1959 were shown at the 4-H Club meeting in Morton last Thursday. Also shown were slide pictures of the 51 district winners who competed in the state Dress Revue held during the State Fair at Dallas last October. These pictures were shown in preparation for the County Revue to be held here the last of June. Suggested materials and patterns for the girls' dresses were discussed.

Songs were led by Sharon Clayton and Jane Luper. The 4-H

pledge was led by Linda Faye House, and Laquita Masten led the 4-H prayer. Attending were Sharon Clayton, Priscilla Massey, Linda House, Janette Cooper, Jill Banks, Jeanette Childs, Judy White, Gail Rowland, Nancy Lynch, Judy Strickland, Jane Luper, Clayton, and Leila Petty.

JUNE IS DAIRY MONTH

Evaporated milk is extremely versatile in milk cookery. In addition it has the advantage of keeping without refrigeration and is less expensive than milk. Assembly of God District Campsite Work Progresses

Rev. and Mrs. H. T. Clarke of the First Assembly of God Church, Morton, brought to the Tribune office last week, the following article written by Douglas Mendor, publisher of the Matador Tribune and former publisher of the Morton Tribune.

The article describes work on the Assemblies of God new district camp site near Roaring Springs. When completed, the site will be employed by churches of the district for adult and youth summer camps. The camp site was given the district by the Ben Dillard family of Roaring Springs.

This is Mendor's article: God's highway has been completed through the rough mesquite covered hills to a 41 acre scenic area the North bank of Tongue River about ten miles east of Roaring Springs. The land is a gift from Mr. and Rev. Ben Dillard of Roaring Springs, to the West Texas District Council of the Assemblies of God. The rich, almost level acreage, is covered with heavy mesquite, but the land will be cleared and a District Camp Site will be erected on the property.

Five pieces of heavy road-grading equipment idled on a hill overlooking the winding scenic road Tuesday afternoon, grimy, dust-covered "cat" drivers, County Commissioner Chas. Long, Assembly of God Officials from Lubbock, and others stood bare-headed in the cold wind as Presbyter S. E. Elderidge of Big Spring offered thanks to God for the road and the gift of land. He also asked blessings for the men who had worked on the road those who had made the project possible.

BLACKWOOD BROS., STATESMEN TO SING AT LUBBOCK, SAT.

The Blackwood Brothers and the Statesmen quartets will appear Saturday, June 11, at 8 p. m. in the Lubbock City Auditorium, it was announced.

The Blackwood Brothers, who appeared in Morton several years ago under the sponsorship of the Jaycees, have been popular with area residents for many years.

PHOTO FEATURED IN STORY ABOUT COLLEGE MOTHERS

A former Mortontite made the front page of the Lubbock Avalanche Journal recently.

The picture showed four mothers lined up for graduation at Wayland Baptist College, Plainview.

One of the mothers was Mrs. Vernon Stokes of Floydada, and daughter, Shelley. Mrs. Stokes is the daughter of Mr. and Mrs. S. A. Ramsey of Morton.

Identification under the picture read in part: These four 1960 graduates of Wayland Baptist College at Plainview line up to prove that having a baby during their senior year didn't keep them from completing their studies and getting their degrees... all managed to make good grades.

Mrs. Stokes was a member of the Wayland Flying Queens basketball team for a number of years. Her husband taught last year at Floydada.

SON FOR THE LAMBS

Mr. and Mrs. Alton Lamb of Morton announce the birth of a son, David Wayne Lamb, weighing eight pounds and six ounces, born May 18 at the Memorial Hospital here. The grandparents are Mr. and Mrs. Guy Gattis and Mr. and Mrs. Alton Lamb, Sr., of Morton.

ATTEND REUNION

Last Sunday, Mr. and Mrs. Roy Shields went to the Shields' family reunion at Jacksboro. They are planning to visit friends in Jacksboro and in Midland for a few days.

IN SUMMER SCHOOL

Ronald Lindsey, a former student of Morton High School, is going to summer school at North Texas State at Denton.

icy cold Beat egg yolks slightly in top of double boiler. Add sugar and lemon juice. Cook over hot grated rind and coconut. Fold in egg whites which have been beaten stiff but not dry. Sprinkle half the vanilla wafer crumbs evenly over bottom of two pint (or 1 quart) freezing trays. Whip milk very stiff. Fold in lemon mixture lightly but thoroughly. Pour at once into freezing trays, sprinkle with remaining crumbs, and freeze. Makes 1 quart.

THANKS

I would like to take this opportunity to say thanks to the voters of Precinct One. I would also like to express my appreciation for all the support that I received in my campaign. I will try to do the best job possible for all concerned.

Sincerely,
Leonard O. Coleman

Indians Nip Tigers In Babe Ruth Season's Opener

Pushing across two runs in the bottom of the 5th inning, and then standing off a 6th inning comeback attempt by the Tigers, the Morton Indians won the first Babe Ruth League game of the season here Monday night, a 3 to 2 thriller.

The Indians took a 1-0 lead at the bottom of the first inning on an error and Powers triple. The Tigers tied it up in the second inning as Lester Dupler hustled all the way from second to score on Mike Holland's sacrifice bunt.

A walk and successive singles by Decker and Powers brought home the two runs in the fifth frame.

In the final canto, Archer sing-

led and Charlie Ledbetter brought him home with a single. But Charlie was erased trying to steal second base and the rally died.

In games this week, the Whiteface Cardinals meet the Morton Tigers, Thursday and the Indians meet the Sundown Red Sox, Friday.

The Indians meet the Cardinals on Monday and the Tigers face the Red Sox on Tuesday, at Sundown.

Cards Continue To Pile Up Large Lead In Morton Little League Competition

GIANTS, CUBS GET WASHED OUT

In a game rained out at the end of three and one-half innings, one half inning short of an official game, the Giants lost a chance to pick up ground on the Cards . . . Thursday afternoon.

The Giants, in what promised to be a real thriller, had taken a 5 to 3 lead in the top of the third frame, after the Cubs had taken a 3-2 lead at the end of three innings.

But rains and lightning, followed by winds and sand forced postponement after the ump's halted the game and waited 15 minutes for it to clear up.

The game will have to be replayed from the start at a later date.

CARDS LARRUP SOX, BY 20-2 COUNT

The Little League Cards, reasserted their authority as "the team to beat" in the Morton Little League Friday as they battered their way to a 20 to 2 victory over the Sox, with four pitchers limiting the Sox to just one base hit.

The lone Sox hit came in the 6th inning as Willie Martinez tripled down the right field line and scored the second run.

The Cards lashed out eight hits in the game but 13 Sox errors, six bases on balls and good Card baserunning aided the cause.

The Cards pushed across 7 runs in the first inning, using only two base hits, as six Sox errors sealed their fate before the game was very much underway.

The win elevated the Cards to a position where it will take two Card losses to bring any team back into contention for the title.

CUBS SQUEEZE PAST PIRATES, 7 TO 4

The Cubs got even with the Pirates on the season in a game played here Saturday by rolling to a 7 to 4 triumph over the Buccos.

Ruel Kelly's Cubs took the lead early and stayed in the van most of the way.

Both teams found themselves crippled by the loss of several players via "mumps" which have been going the rounds, and vacations which are now underway.

The victory moved the Cubs back out of the league cellar into a contending position, while the Pirates were dropping back into contention for the basement position in the Morton Little League.

CARDS ROLL OVER CUBS, 13 TO 8

Rolling to an early lead, the Cards won their 5th game of the season against only one loss, Monday, as they got by the Cubs, 13 to 8.

Bill Sokora absorbed the defeat for the Cubs who were held in control by three Card hurlers.

The loss dropped the Cubs into a temporary tie for the cellar with the Pirates and the Sox.

GIANTS RAP SOX BY 12 - 10 SCORE

The Little League Giants kept a quest for the league championship in tact and stayed within one game of the league leaders, Tuesday, as they defeated the Sox, 12 to 10, in a wild game.

The Giants took advantage of six Sox errors, four walks, and just 2 hits to run up a 5 to 0 lead in the

Falcon is having the best first year any car ever had . . . over 250,000 already sold since introduction . . . going at the record rate of 10,000 every week. What makes Falcon the world's most successful new car?

Economy!
To begin with, Falcon is America's very lowest-priced 6-passenger car . . . \$64 to \$154 less than the other compacts.
"Falcon delivers the best fuel economy of the three new compact cars," says *Motor Trend* magazine. Owner reports and fleet operator logs consistently show Falcon mileage figures of up to 30 miles per gallon with regular gas.
Falcon goes 4,000 miles between oil changes, costs less to service, less to license and in most places, less to insure.
Falcon saves you more and still gives you full room for 6 big people and all their luggage. Small wonder Falcon has become first so fast!

With Your ... COUNTY AGENT

By Homer E. Thompson

Bacterial Blight of cotton causes more damage than any other plant disease in Texas. It generally is more severe on high plains or in the sprinkler irrigated areas of the rolling plains.

Bacterial Blight or angular leaf spot causes more than one-fourth of the total cotton disease yield lost in Texas.

During each of the last two years it has caused about \$37,500,000 damage in lower yields and grades.

Small angular, brownish or blackish spots occur on the lower leaves. Later the disease spreads upward to the higher leaves. Only a few spots are necessary for the leaves to drop. Small, circular dark green spots occur on bolls. These spots, enlarge, dry up stain lint and prevent normal opening of the boll.

The disease causing bacteria enter into the breathing pores of the leaves, bolls, and stems and also through wounds. The blight organism is carried over winter in the soil, plant trash, and in the seed-wind and water spread the disease from plant to plant in the fields.

The only known practical remedies is the growing of tolerant or resistant varieties. These varieties are, Bightmaster, Gregg, Austin, Rex and Acala 1517 BR-1. New resistant varieties are being developed, acid delinted seed, plus a treatment of stalks of cotton with lower leaves shed, then you probably have a bad infection of blight.

BAG WORM CONTROL TIME IS HERE. Bagworms are active in all parts of the state. You notice them on ornamental plants or evergreens is when they are young, as pests is when they are young, as chemicals applied after worms are grown give no control.

After hatching, the young worm immediately starts to feed on the foliage. The young worms spin a silken bag about themselves as they feed, attach bits of foliage to the bag. The worms carry this bag with them as they move about.

When grown the bag is 1 and one half to two inches long and affords the worm almost complete protection.

In September, the female deposits her eggs in the bag and then dies. The bags should be picked up and burned, because the eggs for the next season's worms go through the winter inside the bags.

Control - use 10 percent toxaphene or 4 percent malathion dust on the young worms. Lead arsenate, toxaphene, or malathion spray can be used.

RABID ANIMALS Many reports of rabid animals are coming in over the state - chiefly foxes and skunks.

Rabid animals, contrary to belief do not have "running fits," nor "froth at the mouth."

A rabid animal is usually characterized by symptoms of paralysis, and loss of fear of humans or enemies. If an animal acts strangely, avoid him. Foxes, strange dogs, or skunks are especially to be avoided. Domestic animals, bats, squirrels and several other animals carry rabies.

A "deodorized" pet skunk, for example, may be a dangerous creature to have around in spite of the novelty and interest it may afford. If bitten, see your doctor, and capture and pen the animal if possible.

LAWN MOWERS Did you know a rotary power lawn mower blade travels at speeds up to 150 miles per hour and is capable of throwing rocks, and sticks at comable speeds.

Imagine what would happen if you or a by-stander were hit by one of these fast flying objects, involving both the operator and increase the rate of accidents.

Increased use of these mowers, by-standers. This is due to carelessness, or the operators lack of knowledge.

To operate more safely do the following:

- 1. Disconnect spark plug before working on blade.
- 2. Keep blade sharp requires less power and does a better job.
- 3. Never operate mower when safety shields are removed.
- 4. Remove all rocks and debris before mowing area.
- 5. Do not fill the gas tank when mower is hot or running.
- 6. Keep children and pets away from mower.
- 7. Never leave mower running when unattended. Don't get caught napping.

CLUB MET THURSDAY, JUNE 2

Where to LOOK for CLUES ...
RULES

Clues may be hidden in ANY ad in this group ad. When a "Star" appears in any of these ads, it means that additional advertising for that merchant appears elsewhere in this issue of the Morton Tribune, and additional clues may be hidden in any of those

ads, also!

Clues will be scattered ... there may be from one to five clues in any ad ... or none. This is a contest of skill ... and we intend to do our best to outwit you. We invite you to do your best to outwit us!

Grid of advertisements for various businesses including Jackson Farm and Ranch Store, Nu-Way Cleaners, Luper Tire Service, Raines Cash Food, Merritt L.P. Gas Co., Bracken Furniture and Appliance, Seaney Food Store, Loran-Tatham Co., Truett's Food Store, Higginbotham-Bartlett Co., Danez Beauty Salon, Windom Oil and Butane Co., Gardner-Ross Farmall Tractors, Reynolds Tire Company, Woolam Implement Company, RCA Victor, Herb's Gulf Service Station, Morton Tribune, Stricklands, Dos's Super Market, Butler Motor Co., Morton Floral and Greenhouse, Lindsey Feed and Seed, Clarke's Dry Goods, Hawkins Oldsmobile Co., Byron's Auto Supply, Ray Hudson Texaco Distributor, Willis Food, Morton Laundry, First State Bank, St. Clair's Department Store, McMaster Tractor Co., Bedwell Implement Co., St. Clair's Variety, Flash-O-Gas, Ideal Gift Shop, Derwood Texaco Service Station, Morton Malt Shop, Cobb's, and Allsup Chevrolet Co.

RULES

1. This is a family fun contest. Entries welcome from every member of the family old enough to fill out his or her own. You may submit one entry per person at any or all of the Sponsoring Merchants whose ads are in the row that is heavily bordered this week ... but only one entry per person at any one store (more than one will disqualify all entries of that person for that week).

2. Nothing to buy. Use any slip of paper for entry blank. DO NOT put your entry in an envelope. Not necessary to be present at the drawing to win.

3. WHO'S WHO may be anyone in the Morton trade area. Clues to his or her identity will be hidden ONLY in ads of Sponsoring Merchants (this means any ad in this section or any ad of the same merchant elsewhere in the paper). When star (s) appear in any ad in this section, it is your warning that other ad (s) of the same merchant (in which there may be clues) appear elsewhere in the paper.

4. If, by coincidence, the name of WHO'S WHO (or other facts about him or her) happen to appear in news items, editorial matter, or other places in this newspaper, these will not count as clues.

5. To enter, write down the name you think is WHO'S WHO. List all the clues you can find in all the ads of the Sponsoring Merchants in this issue. Don't forget your own name and address! Then drop your entry at the business location of any Sponsoring Merchant WHOSE AD IS BETWEEN THE HEAVY BORDERS IN THIS SECTION.

6. This week's contest starts when you receive this issue, and closes at 4:30 p. m. Tuesday of the following week. At that time (4:30 p. m., Tuesday) a drawing will be held. The first entry drawn that correctly identifies the WHO'S WHO will win \$10.00. If THAT entry also lists every correct clue, (and no false clues) hidden in all ads of Sponsoring Merchants, the Bonus Jackpot of \$56.00 will be given.

Got any detective blood in you? Think you can outwit us? Remember you can't win if you don't enter ... Fix up your entry NOW!

have never had much of this world's goods. Others have had good livings during some periods of life, but time and circumstances, inflation, sickness, and many other factors have left them penniless and almost hopeless.

One of the great social challenges of America today is learning how to meet the complex problems of proper care of the aged and aging. As people, we have learned to prolong life through advances in medical science before we have learned how to make that longer life fully enjoyable and productive.

The problem generally falls into two major categories: (1) Senior citizens who still are able and would like to work at least part time to supplement Social Security benefits or old age assistance checks.

(2) Those who are ill or so advanced in years that they require special help for medical treatment and nursing home care.

For those still able and wanting to work, I have introduced bills which would allow them to earn money without being penalized through loss of either Social Security or Old Age Assistance checks. Those drawing Social Security could earn up to \$2,400 per year, twice the present \$1,200 limitation without having their Social Security checks cut. All those on Old Age Assistance could earn up to an additional \$50 monthly without their checks being cut.

At the same time, I'm favoring legislation to raise both Social Security and Old Age Assistance payments more in line with the all time high cost of living. Also I'm pressing for legislation to build additional low income public housing units for the aged.

A number of proposals are now under study to help elderly people have the medical treatment they need. None of these plans seem entirely satisfactory to me and it seems likely that a combination of the various medical care proposals will be the answer.

Studies show that the number one problem of those over 65 years of age is how to meet the high cost of medical treatment and drug bills at a time in life when they are most likely to be sick and least likely to be able to work.

We must work out a prepay plan where folks can put money aside in their productive and healthier years to pay for these heavy medical expenses, almost sure to come later.

Ammonia produces more cotton per acre

Leading West Texas farmers like **FRED POPEJOY** use 100 lbs. of **Phillips 66 Ammonia** on cotton

Fred Popejoy of Hart, who has 800 acres under cultivation, has used Phillips 66 Ammonia successfully on a variety of crops. "With cotton following cotton I put down 50 pounds of ammonia per acre. On cotton following maize I apply 100 pounds of ammonia. This gives me about 1/2 bale per acre increase," he says.
 "Maize land receives about 100 pounds of ammonia per acre. Yields have been up to 7000 pounds per acre . . . increases average about 2000 pounds per acre. Wheat is where you see the big difference with ammonia. It just about doubles the yields. I use about 80 pounds of ammonia per acre on wheat land," he reports.
 Thousands of Texas farmers are using Phillips 66 Ammonia to help assure top net profits per acre. Actual field reports prove that Phillips 66 Ammonia (1) produces more high grade lint (2) increases maize yields (3) boosts wheat and small grain yields (4) stimulates forage production.
 See your local Phillips 66 Ammonia Distributor now. You can depend on better ammonia service.

Mrs. Ted King Is Whiteface H. D. Meeting Hostess

On May 31 the Whiteface Home Demonstration club met in the home of Mrs. Ted King for a demonstration on "One-dish meals" given by Mrs. King, assisted by Mrs. G. C. Keith. A casserole dish of "Talerina" was prepared and served with a tossed salad, Danish Wedding cookies, coffee and bottled soft drinks.
 During the business meeting, the hostess gave the meditation from Proverbs 22:6, "Train up a child in the way he should go, and when he is old he will not depart from it." Roll call was answered with "The funniest gift I ever received." Plans were made for several members to attend the straw bag workshop to be held in Morton, Friday, June 3.

Members attending were Mesdames F. Z. Payne, L. U. Thompson, H. J. Knox, C. W. Word, Maude Lisenbee, Homer Clark, G. C. Keith, and the hostess. Visitors were Misses Marilyn Lumpkin, Kay King, and Lynn Rowland of Stamford; Keith and Richard Rowland, also of Stamford.

The next meeting is to be June 9 at Mrs. Payne's home. The subject is "Quick Breads", the roll call is a "New product I've tried" and it is to be brought to the meeting and shown to the club members. Visitors are always welcomed.

Hale Center Gets Area Interest on Its Cucumbers

Cucumbers are holding the attention of farmers in the Olton and Hale Center areas this year. Approximately 600 acres are under contract for growing by farmers in the Hale Center area. In the Olton area some 350 acres are under under contract this year.
 This will mark the fourth year that cucumbers have been produced in the Hale Center area on a commercial basis.
 Some growers reported earnings of more than \$200 per acre last year.

Say Thanks for Vac. Bible School Cooperation

Members of the Eastside Church of Christ this week expressed their "thanks" to "each and every one who helped to make the Bible school such a wonderful success."
 They continued by saying "we enjoyed the wonderful fellowship with Bula and Whiteface in this effort."
 Average attendance was reported at 110 with 72 in perfect attendance.

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

Plan To Increase Native Wildlife

Are you interested in having more wildlife on your farm? J. B. Nicewarner, who farms southwest of Morton, Texas, includes in his soil and water conservation plans a program for increasing native quail which in times past were abundant by providing the three essential needs of quail - cover of piled

brush, native food supplemented by weed seed from a local seed cleaning plant, and water from troughs made of old automobile tires cut into halves.

The wildlife area consists of twelve acres of native rangeland that has been set aside to be de-area is surrounded by 54 acres of newly seeded irrigated pastures which will provide runways to 219 acres of irrigated cropland.

Last year one covey of quail was present on the farm due to inadequate cover. Last fall, Nicewarner, a cooperar with the Cochran Soil Conservation District, requested assistance from Soil Conservation Service technicians. He planned and constructed the wildlife cover of brush piled on and around posts. Split tires were placed at the edge of the cover to provide water, particularly necessary for young quail survival. During the winter, weed seed was provided to insure an adequate food supply for wintering. Early this spring, about 60 grown quail could be counted, milling around in their accepted habitat.

Nicewarner said that "the wildlife cover will provide protection for the quail from their natural enemies and other hazards." Narrow strips of native sod will be seeded to tall grasses to provide runways to the irrigated pasture where the quail are expected to nest and feed during the warm months. Additional quail food will be obtained from crop-ums, and scattered seed from other crops.
