Three Way News . . .

By Mrs. Frank Griffith
 Three Way defeated Bula 45 to 12 in the football game Saturday evening to climax the Homecoming celebration.

Sandra Lemons and Larry Dupler were presented at the half time as football Sweetheart and Hero.
 Miss Lemons, a junior, is the daughter of Mr. and Mrs. Thurl Lemons. Larry is a sophomore and the son of Mr. and Mrs. Leon Dupler of Maple.

Gate receipts at the ball game Saturday totaled \$331. Ex-students and teachers from points in Texas and New Mexico returned to Three Way for the celebration.

Following the game a meeting was held in the gym to elect officers for the coming year. Joe Wheeler was elected president and Homer Richardson recording secretary and treasurer. The group voted to have a supper next year before the game. A per cent of the proceeds will go into the alumni treasury to help pay for cards and printing. Over 200 cards were mailed to ex-students and teachers this year.

The Three Way Eagles play at Nazereth Saturday, Oct. 29.

Guests in the Jack Furguson home last week were Mr. and Mrs. Ray Furguson of Becton.
 Jack and Ray are cousins.

Mr. and Mrs. George Reaves of Abilene visited last week-end with his parents, Mr. and Mrs. Oran Reaves, and attended the Three Way Homecoming celebration.

Visiting in the Cass Stegall home were Mr. and Mrs. Ira Merchants of Amarillo. Mrs. Merchant is a sister to Cass.

Mr. and Mrs. T. G. Gaddy of Portales visited over the week-end in

the home of Mr. and Mrs. Tommy Galt. Mrs. Galt is the daughter of the Gaddys.

Nan Johnson of Texas Tech was home for the week-end to attend the Homecoming events. She had as her house guest, Miss Mary Jane Aldridge of Midland. Miss Aldridge is a student at Tech also.

Grady Shuman of Lubbock and George Shuman of Needmore visited Sunday in the home of their sister and husband, Mr. and Mrs. L. W. Chapman of Goodland.

Mr. and Mrs. Garry (Tiny) Johnson of Vega, Texas, visited relatives and friends in the community over the week-end, and attended the Three Way Homecoming. Johnson is a nephew of Mrs. L. W. Chapman and a cousin to Mrs. Cass Stegall and Mrs. Tommy Galt.

The father of Mrs. Smeltser was buried at Vernon Tuesday. He had been ill several weeks and Mrs. Smeltser had been at his bedside.
 After helping her mother settle affairs at Vernon, Mrs. Smeltser will return home the last of this week.

Mr. and Mrs. Kenneth Paul visited Saturday with Mr. and Mrs. Griffith and attended the Homecoming.

The Pauls and Griffiths and Mrs. Florence Bailey took Sunday dinner with Mr. and Mrs. Jimmie Batteas and girls at West Camp. Mrs. Batteas and Mrs. Paul are daughters of the Griffiths.

Mrs. Buck Ragsdale shopped in Littlefield Monday.

Pete Tarlton and Buck Ragsdale were at San Angelo several days last week on business.

A baby shower honoring Mrs. Jimmie Batteas was given Tuesday in the home of Mrs. Donnie Carpenter. Appropriate games were played and refreshments of cake, punch and nuts were served. The cake was white, decorated with pink and blue.

Bonnie Batteas, a student at Wayland College, Plainview, was home for the week-end and attended the football game and Homecoming events at Three Way.

The Three Way Methodist W. S. C. S. met Monday with Mrs. Tommy Galt for the week of self denial and prayer program. Seven members were present for the program.

Mr. and Mrs. John Hodnett are the parents of a girl born Saturday, Oct. 22, at West Plains Hospital in Muleshoe. The baby weighed 8 lbs., 4 ozs. and was named Susan Diana. She is the first granddaughter for the Brock Hodnetts and the Bud Warrens.

The mother is the former Sue Warren, youngest daughter of Mr. and Mrs. Bud Warren.

Mr. and Mrs. Kirk Holt are the parents of a son born October 24 at West Plains Hospital in Muleshoe. The boy weighed 6 lbs., 12 ozs. and was named Brian Stephen. This is the second son for the Kirk Holts. The grandparents are Mr. and Mrs. Marvin Holt of Goodland and Mr. and Mrs. Arthur Shafer of Needmore.

Local Woman is Member of E.N.M.U. Choir

PORTALES (Spl.) - Seven concerts will be presented by the choir of Eastern New Mexico University on its annual tour of New Mexico, G. Walter Scott, tour director and director of admissions, has announced.

After a campus concert on Sunday, Oct. 30, the choir of 50 selected voices was in Tucumcari and Melrose on Monday, Oct. 31. On Tuesday, Nov. 1, the students of Valley and Sandia high schools in Albuquerque will hear the organization. A television program was also scheduled for Tuesday over KOB-TV.

On Wednesday, Nov. 2, the students of Eastern sang for high school students in Santa Fe and Los Alamos.

Sara Jo Wallace, daughter of Mr. and Mrs. L. J. Wallace of Morton, is the only Morton student in the choir.

HONORED WITH BIRTHDAY PARTY

Miss Linda Pond and Miss Helen Howard were honored with a birthday party in the home of Mr. and Mrs. J. W. Pond, Linda's parents, on Thursday night.

They enjoyed the evening with a weiner roast and games. A big birthday cake was served with Cokes, before the honorees opened their gifts.

NEIGHBORS QUILT AT PAST MEETING

The Friendly Neighbor Club met in the home of Mrs. Tolbert Blackstock on Thursday, Oct. 27.

They made a quilt for Mrs. Tracy Enos.

Several members were present for the occasion.
 The next meeting will be in the home of Mrs. Burl McCasland on Thursday, Nov. 19.

Near Goal in Bond Sales

W. W. Williamson, chairman of the Cochran County Savings Bonds Committee announced today that Savings Bonds sales for September totaled \$2,126. "Sales for the first nine months of 1960 were \$41,934 or 83.9% of the yearly goal," Williamson said.

E and H Bond sales in Texas amounted to \$12,081,059 during September. This represents an increase of 12.8% over September 1959.

"Series E and H Saving Bonds now earn 3 1/2% when held to maturity and your old Savings Bonds now earn 1/2% more," Chairman Williamson concluded.

The totals left Cochran County in third place in percentage of goal reached in the 12-county District 4, of the Amarillo Area.

Crosby County, with 120 percent of its goal reached and Youakum County with 118 percent of its goal reached are the only counties ahead of Cochran.

FARMERS THINK BEFORE YOU VOTE

HERES WHAT KENNEDY'S PLAN WILL DO FOR YOU

The United States Department of Agriculture was requested to make an analysis of the parity of income farm plan proposed by Senator John Kennedy at Sioux Falls, South Dakota, September 22. The analysis was made by career employees of the USDA and evaluates supply management as a means for securing "full parity of income" which Senator Kennedy said "could be calculated by the U. S. Department of Agriculture without difficulty." The U. S. Department of Agriculture has done this. Here are the results as published in their report of October 3, 1960:

AVAILABLE ON REQUEST FROM THE UNITED STATES DEPARTMENT OF AGRICULTURE

1. The three-fifth, 60%, of American agriculture which has hitherto been relatively free (livestock, poultry, fruits, vegetables, and other products with controls) would be brought under government control.
2. Numbers of government inspectors needed to see that the farmers complied with the regulations would be increased about four times. Increased administrative costs alone would be more than \$250 million per year. It would mean hiring about 50,000 new government employees with tremendous new powers of enforcement.
3. The farm plant would be shrunk by about one-fifth. The size of the farm production task would be reduced by the equivalent of more than a million jobs.
4. People would be forced off farms at a record rate.
5. The impact on rural towns would be especially severe.
6. Approximately a million people, now engaged in servicing our farms and handling farm products, may be added to the unemployed.
7. The per capita supply of beef and pork available to the American people would be shrunk to a level that was experienced during the rationing of World War II.
8. Virtually no farm product could move into export without a large subsidy. For example: The subsidy needed to export a bushel of wheat would be increased from the present figure of about 50c to at least \$1.75.
9. Import restrictions would have to be imposed against almost all foreign farm products which would be drawn to our shores as if by a magnet, due to our high prices and their low production costs.
10. Output of products competitive with farm-grown crops, such as synthetic fibers, nylon, rayon, dacron, etc., would be greatly encouraged. (This would be particularly harmful to cotton, wool, mohair, etc.)
11. If government price support programs were used to raise farm prices to full parity of income levels, the effect on our foreign trade and our entire foreign policy could be disastrous. Practically all our export outlets for farm products would presumably be lost. (What would this do to the rice production? 40% of the 1959 crop went in export markets.)
12. Over all, to achieve the price levels contemplated would necessitate a reduction of about 40% of U. S. Agricultural Marketings. For some major crops the reduction in marketings (and therefore production) would have to be approximately as follows:

FEED GRAINS	30%-35% REDUCTION	WHEAT	38%-46% REDUCTION
CATTLE	14%-17% REDUCTION	COTTON	35%-40% REDUCTION

And what about Farm Labor ?

The Democrats have demanded the repeal of authorization for right-to-work laws (a basic law in Texas.)

They would extend the minimum - wage law to farm workers.

They also have attacked the "Republican" Taft-Hartley Act and various provisions of the anti-racketeering Landrum - Griffin Act.

They would maintain a theory of government intervention in labor disputes as the best possible course, rather than rely on "free collective bargaining" between labor and management.

IS THIS THE FARM PLAN YOU WANT?

IF YOU WANT A SANE SENSIBLE FARM PLAN

HOME FROM SCHOOL OVER WEEK-END

Miss Barbara Sanders of Midland was home over the week-end. Her guests for Sunday were Linda Cotten and Carla Burton, of Whiteface, also Sandra O'Connor of Levelland. All of these girls are students at South Plains College in Levelland. Barbara is still employed in Midland. Nancy Sanders had Cathy Cotten over the week-end for her birthday supper in the Charles Sanders home.

Hi-Plains Hi-Lights

NEWS from the High Plains Research Foundation

Seven varieties of safflower were tested at the High Plains Research Foundation during 1960 in cooperation with the U. S. Department of Agriculture and the Texas Agricultural Experiment Station. The yields

ranged from 285.12 to 589.19 pounds of seed per acre. The high yield was produced by the N-4051 variety. These varieties were planted on March 19. Each received two irrigations of 2 inches on April 6 and May 20. There were 20.42 inches of rainfall during the growing period. A fertilizer application at the rate of 300 pounds of 16-20-0 per acre was

topressed on May 20. The safflower plants withstood two light freezes during the early seedling stage of growth. A light hail on May 17 caused some damage to the top of the plants. All plots were sprayed with Endrin and Chlorodane on May 27 and June 25. There was considerable variation in the yields of the 7 varieties with

all seed yields low. The plants received continuous heavy rainfall during the seed development period. This situation was probably responsible for the immature seed found in all varieties. Leaf rust caused considerable damage to all varieties. Insect damage was very slight. Early planting was probably responsible for less insect damage.

The N-4051 variety was superior to all other varieties in the test from the standpoint of yield ability. This variety also ranked high in height, stand, number of heads, and number of seeds per head. The lowest yielding variety, U. S. 10, was superior to all others in seed size. Safflower is considered to have possibilities in the High Plains agri-

culture, and research will be continued over a period of years at Halfway. VISITED DAUGHTER: C. H. Stalcup of Irving visited in the home of his daughter and family, Mr. and Mrs. S. B. Sims, and granddaughter, Mrs. Wendell Holman, all of Morton.

Legion Plans Memorial Day Breakfast Here: The local American Legion Post will observe Memorial Day, Nov. 11, with its annual breakfast. It was announced this week by Dec. Jackson, post commander.

WHY WE'RE... DEMOCRATS!

AS TOLD BY RESIDENTS OF COCHRAN COUNTY

GOP FARM PRICE DECLINES TELL THE STORY..

Republican PROMISES may sound GOOD Ike promised 100 per cent parity in 1952 but the figures don't lie! President Eisenhower on three occasions VETOED FARM LEGISLATION PASSED by a DEMOCRATIC CONGRESS to aid the farmer

Can YOU Stand Four More Years Of This?

It now takes 520,000 pounds of grain sorghum, or 25,750 pounds of lint cotton, or 200 hogs, or 85 calves, or 50 cows to buy a modern farm tractor. Just eight (8) years ago it took less than 40 per cent of any one of these items to purchase a comparable tractor.

- Farm prices down 17 per cent . . .
- Farm income down 24 per cent . . .
- Farm parity ratio down 21 per cent . . .
- Farm purchasing power down 29 per cent . . . the lowest since 1940 . . .
- Public ridicule of farm programs . . .
- Packer, processor domination of the U. S. Department of Agriculture . . .

WHAT MEMBERS OF THE DEMOCRATIC PARTY DID FOR COCHRAN COUNTY . . .

- They built homes and barns on all the farms on the 18,000 acres of the C. C. Slaughter land south of Morton, farms which are all paid for with interest.
- They divided up about 13,000 acres of sod land south of Lehman and sold it to about 29 young men with homes and improvements placed on them by laws enacted under the Roosevelt Democratic administration, this is all paid for, with interest.
- They did the same thing with the Famuliner Ranch west of Morton, 7,000 acres, and practically every acre of that land has been paid for, with interest.
- This represents about 80 farm families supporting Morton, its schools, its churches, and its business firms.
- Approximately 350 irrigation wells have been drilled with loan funds furnished by the Farm Home Administration, enacted under Roosevelt, which would not have been drilled otherwise. It would not have been done with private capital.
- figures may be substantiated by authentic records, Congressional Records, Department of Agriculture reports, and Department of Commerce records.

How Farm Prices Have Gone Since 1952 for Cochran County Farmers:

Before 1954 many stores in Morton required guards to prevent transient cotton choppers and cotton pullers from lifting merchandise . . . that was when the local farmers were paying out on an average of \$800,000.00 per year for this labor. Since prices on good cotton have dropped about \$30.00 per bale . . . farmers are stripping their cotton with machines to save money . . . no guards are needed in local stores now . . . they are needing customers . . . HOW MUCH OF THIS \$800,000.00 was spent in MORTON?

COTTON:		GRAIN SORGHUM:	
Amount per bale		Price per 100 pounds	
1953	\$160.00	1953	\$2.10
1954	162.00	1954	2.05
1955	162.00	1955	1.50
1956	160.00	1956	2.00
1957	150.00	1957	1.55
1958	150.00	1958	1.65
1959	150.00	1959	1.50
1960	140.00	1960	1.38

Now . . . Republicans plan to increase the Soil Bank to 80 or 90 million acres . . . this would cost the taxpayer approximately \$3 billion . . . and think what it would do to small towns on the South Plains?

WHO'S going to HELP the FARMERS?

America's farmers are having a rough time in the midst of Republican "prosperity." Low prices—high costs. Big overhead—small profit. Costly investment—staggering bills and debts.

Who's to blame? It isn't Ezra Taft Benson. The Republican administration that appointed Benson and for eight years praised his policies is equally to blame. The "experienced" Mr. Nixon has called Benson "one of the greatest Secretaries of Agriculture in our history."

The best way to get sympathetic action for farmers' problems is to elect Democratic leadership to the White House.

FIVE GOOD REASONS WHY COCHRAN COUNTY RESIDENTS SHOULD VOTE DEMOCRATIC, TUESDAY, NOVEMBER 8

1. Texas will maintain its powerful influence within the National Congress by supporting our Texas-elected Democratic representatives.
2. A divided government (executive—Republican; legislative—Democratic) would mean stalemate government.
3. Every progressive legislative proposal which has become law during the past 45 years was either introduced or enacted into law by Democrats, e.g.
 - a. Social Security—passed in 1936 in spite of Republican opposition which now provides many senior citizens with a livelihood.
 - b. REA
 - c. School—hot lunch program
 - d. Expanded rural highways
 - e. Soil and water conservation
 - f. F. H. A. (Today a 30-year home loan of \$10,000 will cost a borrower \$3,300 more in interest payments alone than it cost eight years ago.
 - g. Farm price supports (If it were not for farm price supports enacted by Democrats, 90 per cent of West Texas farmers would be bankrupt today . . . and, those who supply the farmer would soon follow.
4. For the first time since the establishment of the Department of Agriculture, almost 100 years ago, farmers have been without a spokesman within the executive branch of the government during the last eight years. By public ridicule of farmers and farm programs the present Secretary of Agriculture, as a spokesman for the consumer, has helped to deprive the farmers of respectability in the eyes of city and industrial friends.
5. Texas citizens who are actively supporting the Republican Party and Mr. Nixon are not depending upon a teacher's salary, a laborer's wage, or a farmer's income as their primary source of livelihood.
