Snyder announced that there would be no change in policy or personnel in either organization. The papers will continue to offer their communities complete news and picture coverage of local events. Both Denver City and Morton papers have won numerous awards for their excellence in these categories.

Snyder and his late brother, Cal, purchased the Denver City Press in 1955, and added the Morton Tribune to their operation in 1961. He is a third generation newspaperman, having received his start in the business with his father, H. C. Snyder, in the Cherokee (Iowa) Courier. When his father sold the Courier in 1951, the Snyder family moved to Lodi, Calif., where they published the Lodi Times. After the sale of the California newspaper in 1955, the elder Mr. Snyder retired, while the Snyder brothers formed a partnership and moved to Texas to assume ownership of the Denver City paper.

While in Morton, Snyder has served as president of the Morton Area Chamber of Commerce, and was a member of the board of directors of that organization for two years. He had also served as chairman of the Cochran County Service Unit of the Salvation Army since its organization several years ago, until his resignation from the post last week. Snyder also is serving as secretary-treasurer of the Morton Athletic Boosters, an organization in which he has been quite active.

The Snyders are members of the First Methodist Church in Morton, and he is a member of the official board and is president of the Methodist Men.

Mrs. Snyder has been an active member of the L'Allegro Study Club, and is presently serving as second vice-president of the organization.

A native of Dumas, Tuck is a graduate of New Mexico Military Institute and Texas Technological College. He was editor of the prize-winning Moore County News in Hereford, Tex. He also has had experience in college and public service public relations and for the past several months published a newspaper in Fritch, Tex.

Tuck has been active in Boy Scouts, Little League, United Fund and Rotary Club. He also is a past director of the West Texas Press Association and has made numerous speeches for press and civic meetings.

The Tucks are members of the Christian Church.

It is in the best interest of all residents of Cochran County who are now age 65 or who soon will reach 65 to attend this meeting. The question is not one of eligibility for the program but rather what each individual must do to establish his own eligibility for benefits.

Although the meeting is primarily for the age 65 or older age group, all interested parties are urged to attend.

County collects 87% of current tax roll

Approximately 87.7% of Cochran County taxes for 1965 have been collected as of Jan. 17, according to figures from the tax assessor-collector's office.

This would amount to \$240,512. Leonard Groves, tax assessor-collector, reminded those who have not yet paid their county taxes that the penalty of one and one-half per cent will be charged for all county taxes not paid before the end of January.

The penalty increases progressively each month. After Jan. 1, county taxes are considered delinquent.

Three fatalities reported here for 1964-65 year

The Texas Highway Patrol investigated three accidents on rural highways in Cochran County during the month of December, according to Sergeant A. E. Roberts, Highway Patrol supervisor of this area.

The rural traffic accident summary for this county for the calendar year of 1965 shows a total of 40 crashes resulting in three persons killed, 44 injured, and an estimated property damage of \$26,852.00.

Four of the 29 counties in the THP's Lubbock district had no traffic fatalities during 1965. These were Bailey, Kent, Terry, and Throckmorton — but 77 persons were injured and property damage reached \$95,975 in automobile accidents in those four counties during the year.

"It is estimated when the final reports are tabulated, we will find that less people were killed in Texas traffic accidents during 1965 than in 1964," the Sergeant stated. The final count is expected to be about three per cent less than the 1964 all time high of 3,006 traffic deaths.

The patrol supervisor reminded all motorists to think about reducing the deaths even more in 1966 than in 1965. This reduction can be brought about by strict observance of traffic laws and defensive driving practices. Remember, everytime you drive you have a motive, that is, drive to live.

JIMMY CARTWRIGHT and Linda Rose are shown in a planning session for the Cochran County Youth Conference to be held here Saturday. Speakers from all over the state

will be in attendance, as well as local adults and approximately 500 area students. The Youth Conference is being coordinated by Jesse George, and is the first of its kind to be held on a local basis anywhere.

Miss Darlene Lytle wed to C. E. Hinson

Double ring wedding vows were read for Miss Darlene Lytle and Charles Edwin Hinson, Jr., at 10:30 a.m. January 15 in the home of the bride's parents, 603 East Buchanan. The Rev. Charles Gates, minister of the First Methodist Church, officiated.

Parents of the bride are Mr. and Mrs. E. R. Lytle and the bridegroom is the son of Mr. and Mrs. C. E. Hinson of Levelland.

The wedding vows were solemnized before two seven-branched candleholders decorated with yellow pom-pom mums and emerald greenery. A large bouquet of yellow pom-poms and mums were placed in the center.

Given in marriage by her father, the bride was attired in a two-piece off-white wool suit accented with a rounded neckline and sleeveless bodice. Her nose-length veil of illusion was attached to a circle of white stain. She carried a bouquet of white feathered carnations centered with a white orchid atop a white Bible and accented with white satin streamers tied with lover's knots.

For something old, the bride attached her mother's wedding ring to her bouquet, borrowed was a string of pearls from her aunt, Mrs. Lola Stephens of Silverton, and blue, her garter.

Attending her cousin as maid of honor was Miss Nancy Brown of Suedoe. She wore a yellow wool bonded shift with three quarter length sleeves and high neckline and carried a colonial arrange-

ment of yellow pom pom mums surrounded with white lace.

Tim Conaster of Levelland served as best man.

White linen and lace covered the bride's table which was centered with an anniversary candle placed atop a base covered with white satin and net. The three tiered tall white wedding confection was topped with a miniature bride and groom and served with coffee and hot spiced tea to about 45 guests.

For traveling to Ruidoso, New Mexico, the bride added a three-quarter length jacket with long sleeves to her bridal suit and wore an orchid corsage.

The couple will reside at 1815-10th Street in Levelland. Mrs. Hinson is completing her senior year at Morton High School by correspondence. The groom is a 1961 graduate of Levelland High School and attended South Plains College, Levelland for two years. He is a member of the National Guard.

Mrs. Matthews gives program to Y-M group

Mrs. Bill Matthews presented the program, "Radio Free Europe" to members of the Y-M Study Club at their regular meeting January 17 in the home of Mrs. Robbie Key.

Mrs. Matthews told the group that Radio Free Europe was organized in 1950 and has since grown to 29 million regular listeners behind the Iron Curtain. It is a non-profit, non-governmental agency. Main purpose is to reach people in the Iron Curtain countries with news of events, medicine, farming practices, music, children's programs, drama and the way of life of free countries.

She explained that the staff of RFE consists of about 400 exiles from the Iron Curtain countries as well as experts in many fields. The Russians make a great effort to jam the RFE stations but still the news gets through and is a source of hope to many.

The business meeting was called to order by the president, Mrs. George Hargrove. A report was given on the last Area Federation

meeting by Mrs. Dexter Nebhut. A letter of resignation was read and accepted from Mrs. Cullen Dansby.

Mrs. Nebhut was appointed to help serve at the Area Youth Conference lunch. Two constitutional amendments were voted upon and accepted.

Plans were discussed and made for the Area Federation Tea sponsored annually by the Y-M Study Club. The tea will be February 6 and is in honor of the Mother, Teacher, Students and Club Women of the year. The tea will be held in the Production Credit Association meeting room.

Meeting was closed with the club collect. Members present were Mrs. Garnett Bryan, Mrs. James Cogburn, Mrs. Hargrove, Mrs. Key, Mrs. Matthews, Mrs. Kenneth McMaster, Mrs. Nebhut, Mrs. Pete Pierce, Mrs. Francis Shifflet, Mrs. Fred Weaver, Mrs. Lowell Webb, Mrs. Jerry Winder, and Mrs. Weldon Wyan.

Emlea Smith Club meets in the home of Mrs. Hawkins

Members of Emlea Smith Junior Study Club met January 13 in the home of Mrs. Tommy Hawkins. Assisting Mrs. Hawkins was Mrs. James Dewbre. Program of "Keeping Fit" was introduced by Mrs. Bob Polvado who read the poem "The Shape I'm In".

Quotation for the program was, "If you want to know if your brain is flabby, feel of your legs," by Bruce Barton. Mrs. Elvis Fleming gave characteristics of a mentally healthy person as being well adjusted and productive, one who makes use of his talent, has plenty of energy and works hard, enthusiasm and gets things done. She told the group that a good prevention for mental illness is a strong faith in God.

Fad dieting was discussed by Mrs. Sidney Saverance. A person who goes on this kind of diet should always consult their doctor. Social surroundings effect dieting, a person loses weight faster by not eating, but gains it back as fast when diet is stopped. Telling those attending that the best guides for weight watching are your mirror, bathroom scales and doctor's concluded her talk.

Mrs. Loy Kern's subject was the proper diet. A person who goes on this type of diet needs an accepted diet, will power and exercise. He needs to weigh once a week the same time of day with the same amount of clothing on. It is unwise to go on an under-1200 calorie diet unless you are under a doctor's care. Diet should be well balanced, vitamins should be taken, eat breakfast but go without supper and never eat anything after 6 p.m.

The program was concluded by exercises done by those attending and the handing out of the book, "Club 15".

During the business meeting the members voted and accepted three new members who include Mrs. Dwight Guber, Mrs. Lewis Harris and Mrs. Richard Houston. Mrs. Clyde Brownlow was elected as parliamentarian to fill in for Mrs. Hershel Tanner who had resigned.

Thank you notes were received by the club from the Special Education Class for the World globe, colored chalk, water colors, books and Play Dough, given to them.

It was announced that the Emlea Smith Mrs. would have a bake sale February 23 for the Heart Fund and that articles would be sent in the near future to Big Spring Mental Hospital.

Members attending were Mrs. Jim Walker, Mrs. Don Lyskey, Mrs. Kern, Mrs. Polvado, Mrs. Saverance, Mrs. Danny Tankersley, Mrs. Don Workman, Mrs. Bill Foust, Mrs. Gary Willingham, Mrs. Clyde Brownlow, Mrs. Fleming, Mrs. Jessie Wynn Tyson and Mrs. Owen Houston who closed the meeting with the Club Collect.

Plans were completed for a coffee to be held Saturday, January 22, from 9:30 to 11:00 in the home of Mrs. W. B. McSpadden. Proceeds will go to the March of Dimes fund drive. Mrs. C. B. Jones, Civic Beautification Chairman, gave a progress report of recent plantings and activities at the Morton Memorial Hospital project.

Arbor Day will be observed by the Club on Friday, January 21, by the planting of a tree on the grounds of Morton High School.

Mrs. Jones, program leader for the evening, was introduced by Mrs. McSpadden. Program title was "Prepare for Gems of Spring" with "Woodland in winter, a Landscape sublime - By the touch of His hand, Your Master and Mine," as the quotation. This program was a comprehensive study on perennials - the Iris. Mrs. Jones told members that the word Iris comes from a Greek word meaning Rainbow, and that the Iris with its varied colors surely could produce a rainbow in your garden.

Mrs. Willie Taylor gave members information on soil conditioning, planting and dividing Iris. She said that the soil needs to be worked to a depth of 18 inches regardless of type of soil. The depth of planting, she said, is determined

by the type of soil. Medium soil requires Iris to be planted one inch below the surface, and heavy soil just barely below the surface. She said that bonemeal should be placed in the hole before planting and worked into the soil, and again fertilized after the blooming ceases. She said, "Remember the best friends of the Iris are sunshine and air." Mrs. Jones presented information on diseases in Iris and pest control. She said that Iris thrip and aphids are common and if found should be sprayed with DDT and Malithon. She added that it is better to prevent diseases and pests by giving the plants plenty of space when planting and to clean up dead leaves and stalk regularly.

Mrs. H. B. Spotts told of favorite local varieties of Iris. She said, "the tall bearded iris is like the fashions in clothing - some colors in style one year and out the next." She mentioned such named varieties which do well in our area as Blue Rhythm, Sky Ranger in the blue family, Pink Cameo, Mary Randall in the pinks, Prairie Sunset and Grand Canyon in the Blends. She said that the best white Iris is called Tranquility. She listed her favorite Iris as Truly Yours, a large ruffled yellow and white Iris. She noted that there had been 553 new Iris registered with the American Iris Society this year. Of special interest was the entry of six Iris named "Hello Dolly."

Mrs. W. E. Hovey gave tips on cutting and conditioning Iris for flower arranging. She said, "I have learned to respect the Iris - It is the poor man's Orchid." She said

that Louis the Seventh adopted a form of wild Iris as the emblem of the French Royal House. She told members to cut the Iris when the first bud appears ready to unfold and it will be fully open by morning. She said that the Iris cannot stand a sudden change of temperature and should not be put in the refrigerator when first cut. Mrs. Jones closed the program by reading a poem titled "To the Irises" which ended, "I think I know their secret of charm and grandeur, too - they meet God in the morning and smile the whole day through."

Those present were Mesdames Charles Jones, Hessie B. Spotts, Murray Crone, Roy Hill, Hovey, Bobby Travis, Willie Taylor, Clyde Brownlow, Kenneth Thompson, Jones, McSpadden, Truett McCusition, and Don Workman.

LeFleur Club meets in home of Mrs. Baker

The Le Fleur Garden Club met Thursday January 13, in the home of Mrs. Jack Baker with Mrs. Roy Hill as hostess.

Theme of the program, "Finding Miracles with Wings", concerned Wildlife Conservation. Mrs. Hill introduced Mel Evans, refuge manager of the Muleshoe National Wildlife Refuge, who gave the program.

Efforts of the United States Department of the Interior to preserve and protect wildlife were outlined briefly. Game ranges have been established for the larger types of wildlife such as bison and bighorn sheep, while refuges are established for birds and small animals, and are of smaller areas.

Four types of refuges are: 1. General Wildlife. 2. Waterfowl. 3. Big Game. 4. Colonial Nesting birds. The Refuge at Muleshoe, the oldest in Texas, was established in 1935 as a wintering area for migratory waterfowl. It consists of 5,800 acres, of which 588 acres are in lakes and ponds. During the fall, winter and spring, this refuge attracts many species of waterfowl. As many as 179 species of birds have been identified there since its establishment.

At the conclusion of the program, Mr. Evans answered questions from members.

At a brief business meeting presided over by Mrs. Don Samford; Mrs. W. A. Woods, Mrs. Roy Hill, and Mrs. Eugene Bedwell were appointed to serve as the nominating committee. The decision as to date of re-opening of the Thrift Shop

Approximately \$100,000 was spent on new residential structures alone. Some of the most costly homes included the brick home of Jack Russell, built for about \$15,000 and having approximately 2,000 square feet.

The B. D. Elliott home of Brick Veneer cost about \$18,000 and is 74 x 35. A brick house and garage built by the Forrest Lumber Co., cost \$29,000.

Many area residents have made improvements on their homes by adding rooms, car ports, and garages, and by painting. All these various projects sum up to about \$8,825.

Several commercial buildings also were constructed in Morton this last year. Producers Warehouse was probably the largest and most expensive. It is 120 x 420 and cost approximately \$54,000 to build. The total cost of commercial construction in Morton was about \$73,000 in 1965.

Soiled ceilings
When you wash ceilings be systematic about the job. Start in one corner and scrub a small area, working your way across the room without streaks. Use warm detergent suds, then rinse — using the same method on each section before you proceed to another. A washed ceiling will make the entire room look larger and brighter.

Sewing
You've been reading and hearing a lot about permanent press garments that need no ironing. The no-iron feature is actually a finish. If care instructions are followed, the garments come out of the dryer ready to be worn.

Since ready made garments are permanently cured, alterations are not easily made in hems or other areas where sharp creases are essential. If lengthened, the permanently pressed hemlines of trousers cannot be removed. A reasonably sharp edge can be pressed into garments that have been shortened, but it may need to be repressed after laundering.

Permanent press is now available

able for home sewing. Because this finish is cured before the fabric is cut and sewn, the same principles of no-ironing in ready made garments is not possible for home made garments. There is no way to set in sharp creases. This means it is almost impossible to achieve flat pressed seams, hemlines and other creases. Patterns selected should be simple with few seams and details. Unmounted sleeves and straight skirts are recommended because fabric fullness cannot be steamed out. Pleats and creases will need to be pressed in after each washing. Slight touching up in seam and zipper areas may also be necessary.

To the People of Cochran County...

I want to take this means of saying "Thank You" to the many, many people who have asked me to run for County Judge and Ex-Officio School Superintendent of Cochran County.

I feel honored and very grateful to each of you that has taken the trouble and time to tell me how you feel about my running.

I feel it is only just and right that I tell you publicly that I am not a candidate for the office and will not be in 1966.

I am not financially able to make the sacrifice that is necessary to serve you in this office.

I am farming on a large scale and it is impossible for me to do both jobs right, and I feel it is to my very best interest and I hope with all sincerity that it will be to yours also.

Thanking you, I shall always be grateful and humble for the support you have given me. I tried always to work for your interest.

Yours truly,
Glenn W. Thompson

Werkreation head Roland Ponce is meeting speaker

Roland Ponce, Vice-President in charge of Public Relations and Promotion for Lubbock Werkreation, Incorporated, will conduct four seminars during Saturday's Cochran County Area Youth Conference on Crime. Werkreation, Incorporated is a Lubbock community project designed to give our youth work experience as well as a chance to earn their own money. It enables students who have completed junior, but not senior high school, to work four hours a day, for pay, five days per week, for six summer vacation weeks. They are also required to attend occasional lecture periods on work related topics. Werkreation is a non-profit organization designed to fulfill a need — the need for work experience for high school boys.

Ponce, who attended Lubbock High School and Texas Technological College, began working with the youth of the area when he was a Boy Scout. The youngest Scout Master in Lubbock's history, Ponce took over Troop 44 at the age of 15. As a member of Alpha Phi Omega, honorary service fraternity at Texas Tech, he set up the first scout troop for the mentally retarded and physically handicapped youth in the South Plains Area.

In a letter to State Rep. Jesse T. George, Ponce stated that his work with youth "has been both a heart-breaking and a rewarding experience."

FBI's Shanklin will talk about federal activities

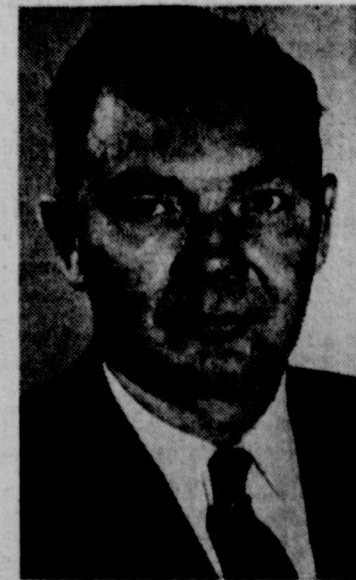

J. Gordon Shanklin, Special Agent in Charge, United States Department of Justice, will discuss the FBI's investigative responsibilities, jurisdiction, and qualifications of the various positions in the FBI, Saturday, at the First Cochran County Area Youth Conference on Crime, Morton, announced the office of State Representative Jesse T. George, Program co-ordinator.

Mr. Shanklin was born in Elkton, Kentucky and received his B.A. and LL. B. degrees from Vanderbilt University, Nashville, Tennessee.

He practiced law in Nashville for eight years prior to entering on duty as a Special Agent of the FBI.

He has been assigned to West Virginia and New York City during the war years, and from 1947 to 1951, was assigned to FBI Headquarters in Washington, D.C. in a supervisory capacity. He was then transferred to Mobile, Alabama, and was Special Agent in Charge of the Mobile and Pittsburgh, Pennsylvania Offices prior to reassignment to FBI Headquarters in 1956 as an Inspector.

Shanklin served as Agent in Charge of the El Paso, Texas Division during the year 1958, and was in charge of the Honolulu Division from February, 1959 until his assignment as Agent in Charge of the Dallas Division April 22, 1963.

A. J. CARRUBI, JR.

Texas Jaycees president will talk Saturday

A. J. Carrubi, Jr., President of the Texas Jaycees, will conduct a seminar entitled Youth's Role as a Citizen, Saturday, at the Cochran County Area Youth Conference on Crime, at 11:05 in the Morton High School.

Carrubi, 32, of Pampa, was elected to this office for the 1965-66 year at the State Convention which was held in El Paso, Texas, on April 24, 1965. As President, he supervises the State Jaycee Headquarters located in Grand Prairie, Texas, and is responsible for the administration of the approved programs of the Jaycees in Texas. A. J. also serves as a member of the 1965-66 Board of Directors of the United States Junior Chamber of Commerce.

A. J. is self-employed as the senior partner of the law firm of Carrubi & Warner in Pampa, Texas. He received his Ph.D. degree in Commerce from the University of Notre Dame in 1952. He then served two years in the Finance Office of the First Armored Division of the U.S. Army. After his discharge from the service, he entered the Law School of the University of Texas, and received his Bachelor of Laws Degree in February of 1958.

An active Jaycee for seven years, he has attended two National Conventions, five State Conventions, and numerous State Meetings. In his local club, A.J. has served as Chairman of all major projects, Director, Vice President, and President. On the State level, he has served on several committees, was State Chairman of Records and Recognition for 1962-63, State Director of Region 1B for 1963-64, and served as Programing Vice President with the Portfolio of Records & Recognition-Chapter and Individual Development for the 1964-65 year.

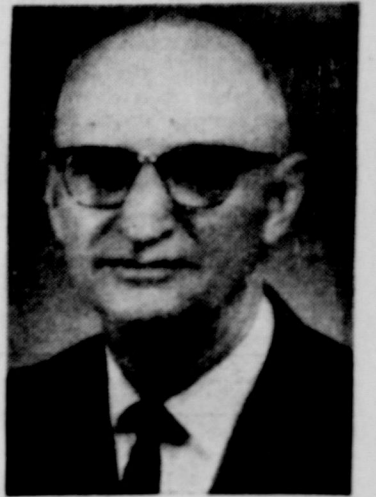

Carrubi will be accompanied to Morton by Bob Watson, Executive Vice-President of the Texas Jaycees.

WELCOME TO THE CONFERENCE, SPEAKERS AND DELEGATES.

Dawson County Judge will lead youth panels

County Judge Leslie C. Pratt of Lamesa has announced that the Dawson County Youth Council will conduct a series of seminars at the Cochran County Area Youth Conference in Morton, January 22.

The Dawson County Youth Council was organized in October, 1964, by asking each of the five high schools in the county to select two students from each of the four grades, preferably a boy and a girl, to compose the Council. At the first meeting a president, vice-president and secretary were elected. Each school selected a permanent executive member with the other seven members rotating at each meeting thereafter. These ten members meet each month and the entire group meets three times during the year. The only adult supervision is the three members of the Juvenile Board and the Juvenile Officer, who serve as counselors when called upon by the Youth Council.

JUDGE LESLIE C. PRATT

The Youth Council initiated an anti-litter campaign, and according to the Lamesa City Marshall, this project reduced the amount of litter in the city by 50% or more. The group put on a series of radio programs discussing various community and area subjects, using time donated by Radio Station KPET.

An area wide program for the youth from 10 surrounding counties has been sponsored with the future hope of an area organization being formulated.

Eight members of the Dawson County Youth Council attended the Attorney General's Youth Conference on Crime in Austin this past year, as did Judge Pratt. The Council was presented a certificate for Outstanding Service to Texas Youth.

Four DPS men slated to take part in program

Four representatives of the Texas Department of Public Safety will attend and participate in seminar discussions at the First Cochran County Area Youth Conference on Crime, Saturday, in Morton. They are Sgt. A. E. Roberts, Brownfield; Sgt. Fred D. Marshall, Lubbock; Patrolman Ralph W. Briscoe, Wichita Falls; and Major Harry Hutchison, Lubbock.

Sgt. Roberts, Texas Highway Patrolman, started to work for the Department in 1952, and served for 9 years in Dayton, Corrigan,

SGT. A. E. ROBERTS

and Richmond. He was promoted to sergeant in 1961 and moved to Brownfield. Presently he is the Area Supervisor for Cochran, Hockley, Terry, Yoakum, Lynn, and Garza Counties. Roberts will conduct seminars on Traffic Safety.

Sgt. Marshall served in the United States Air Force and County Intelligence Corps from 1942 to 1948. Sergeant Marshall joined the Texas Department of Public Safety in 1951 and was stationed in Odessa as a Highway Patrolman. In 1957 he was transferred from Highway Patrol to Safety Education Service and promoted to Sergeant.

Patrolman Ralph W. Briscoe was born in Electra and served in the United States Navy from 1945 to

Common sense and law topic

The Law and Common Sense will be the topic for seminar discussion at the Cochran County Area Youth Conference on Crime by Van McVay, General Manager of the Lubbock Citizens' Traffic Council, Sat., Jan. 22.

McVay, who has had 11 years with the Lubbock Avalanche-Journal, is a native of Wichita, Kansas. The Citizens' Traffic Council has as its general objective the reduction of traffic accident, injuries and deaths by creating, in the minds of the citizens, an awareness and understanding of the problems and responsibilities of making our city a safe place to live. The Council works closely and cooperatively with all official agencies having legal responsibility for traffic.

The topic, The Law and Common Sense, will be an explanation of the basic traffic laws and common sense practices to avoid accidents.

Major Harry Hutchison, Regional Commander of the Department, Lubbock; Sgt. Marshall, and Patrolman Briscoe will conduct seminars on Laws Pertaining to Juveniles and safety education services.

A lot of work...

HOURS OF TYPING letters, addressing envelopes, and contacting seminar speakers have been a major portion of the planning necessary for Texas' first local Youth Conference on Crime. Student leaders spent Saturday afternoon in diligent efforts working toward the January 22 Conference. Pic-

tured is (L to R): Janette Cooper, member of Seminar Committee Ronald Hale, member of Seminar and Entertainment Committees; Cheryl McDaniel, member of Seminar Committee and Chairman of Mailing Committee; and Susie Blackley, Co-chairman of Seminar and Entertainment Committees.

Discussion slated about Texas child labor rules

The Texas Bureau of Labor Statistics will send A. V. Fletcher, Administrative Assistant, to Morton, Sat., Jan. 22, for the Cochran County Area Youth Conference on Crime.

Fletcher, a native of Louisiana, will conduct 3 seminars on the Child Labor Law. The Child Labor Law was enacted in 1923 for the purpose of protecting the health and welfare of Texas children who are compelled to go to work at a young age because of family economic necessity or other personal reasons.

Packets on labor laws, as administered by the Bureau, will be made available to delegates attending the Morton Area Conference. Identical packets have been distributed to Boys' State and the Attorney General's Youth Conference.

means whereby both isometrics, muscular contraction without motion, and isotonic, muscular contraction with motion, have been combined into one continuous motion, thus providing the astronauts a means of acquiring a complete physical workout in only 6 minutes. According to McMillan, this new means of exercise has swept the Nation. In approximately 18 months, 2200 high schools, 560 colleges, and 45 of the Nation's top professional teams will be using this means of exercise instead of calisthenics or weights.

Sec. of State to be a guest for local coffee

Secretary of State Crawford C. Martin, Democratic candidate for Texas' Attorney General, will be guest of honor at a coffee, Sat., from 2:30 to 3:30 p.m. in the office of the Morton Area Chamber of Commerce, announced State Representative Jesse T. George.

George stated that the public reception is being sponsored by the Democratic Women of Cochran County Area and urges citizens in the area to come by and get acquainted with Martin.

The state-wide candidate is scheduled to conduct three seminars on State Government during Saturday's Cochran County Area Youth Conference on Crime.

Martin, born in Hillsboro, Texas, 1916, was elected to the Texas Senate in 1948. He served continually from 1949 until 1963 when he was appointed Secretary of State by Governor John Connally. The Secretary of State was reappointed by the Governor in 1965.

During Crawford Martin's 14 years in the Texas Senate, he was sponsor of some of the state's most significant legislation and held major committee positions. He headed the Senate committee handling appropriations in 1955-56, the only session in 13 years in which there were no revenue-raising measures

required to cover state expenditures.

Martin received the Distinguished Service Award of the Dallas Council of Social Agencies in recognition of his outstanding leadership for the state's aged citizens in May, 1958.

Martin is married to the former Margaret Ann Mash of Brandon in Hill County. They have three children, Sherry, 22, a student at the University of Texas, Jim, 19, a student at Southwest State College, San Marcos; and Nancy, 12, a student in Austin's public schools.

Campfire girls meet, elect new officers

The Shan-Nah Campfire Girls met Tuesday, January 11, at Beverly Dolle's home. The girls elected officers for the new year. They were Terri Harris, president; Debbie Cooper, secretary; and Beverly Dolle, reporter.

Treva Jackson served refreshments to Marilyn Stroud, Roxanne Clarke, Sherri Cadenhead, Debbie Cooper, Beverly Dolle, Terri Harris, Karen Grice and Mrs. C. E. Dolle.

Co. Building Committee hears Medicare speech

The Cochran County Program Building Committee met in the County Agricultural Building at noon Tuesday, January 18th, for the first meeting for 1966.

Glenn Thompson, Chairman, presided at the meeting. Don Workman was elected vice-chairman. Jay Wigley, representative from the Lubbock Social Security Office attended and gave an interesting discussion of the Medicare Program as it may effect those people who are 65 years of age or older, and especially as to those things they should do by March 31, 1966 to receive certain benefits from the program.

He stated that a representative from the Social Security Office would be in the Auditorium of the County Agricultural Building, in Morton, on Feb. 1st at 2:30 p.m. to explain Medicare and enroll interested persons.

Glenn Thompson, Chairman, discussed the Citizens Band Radio Association in Cochran County, and how and when it may be used, and is available, to the citizens in this area in cases of emergency; this organization is going to help in the March of Dimes Program in Cochran County this

year in the rural areas. The PBC decided that some members from all races have representation on this committee, and that some of them be invited to participate in future meetings. This committee wants to know the problems county wide and to assist in improving them.

It was decided that future meetings should be held in the evening instead of noon, so that more time could be available for the discussions of the problems and programs brought up at the meetings.

Roy Hickman discussed the recent elections in the High Plains Water District, and the approved extensions of the District in Cochran County.

Rites held for former resident Clyde Reed, 52

Services were held at 2:30 p.m. January 14 in the First Baptist Church for Clyde Reed, 52, former Morton resident. Reed died at 5 p.m. January 11, on his farm near Ozark, Arkansas, where he had resided for about two years.

The Rev. Fred Thomas, pastor, officiated. Burial was in the Morton Memorial Cemetery under direction of Singleton Funeral Home.

Survivors include the wife, Ida; a daughter, Mrs. Joyce Errick, Roswell, New Mexico; three sons, Hubert and Kenny, of the home, and Ray, Roswell, New Mexico; his mother, Mrs. J. F. Reed, Morton; seven sisters, Mrs. Bertha Butler, Brownfield; Mrs. Bertha Calamesa, California; Mrs. Paul Thomas, Santee, California; Mrs. B. W. McLendon and Mrs. Everell Spencer, both of Morton; Mrs. Floyd Jennings, Hale Center and Mrs. V. E. Sparks, Lubbock; and four grandchildren.

HOOK PERIL

When the day's fishing is done most cane pole anglers wrap their lines around the poles and dump them in the car for the trip home.

This is a bad practice, since the hooks are usually exposed and can ruin upholstery and even human flesh. Guard these hooks by wrapping them in tin foil.

CARP FUN

Since the carp is considered a rough fish it is scorned by many fishermen. But the lowly carp can provide a great fun during off seasons.

They are dainty biters. So fish them with small sinkers, or none at all. If a cork is used, be sure it is as inconspicuous as possible. A quill is best, for not only is it almost invisible, but it bobs under at the slightest pull on the line.

Parole Director to be at Youth Conference

Raymond E. Towns, Assistant Director of Parole, Texas Youth Council, Austin, will conduct four seminars on the Role of the Parole Supervisor during the Cochran County Area Youth Conference on Crime, announced State Rep. Jesse T. George, Youth Conference Co-Ordinator.

Towns taught school and coached in the Tyler Public School System from 1953 through 1957, and was one of the first of 14 Adult Parole Officers to set up the Texas Division of Adult Supervision in 1957. He became Assistant Director of Parole, Texas Youth Council in 1963.

The Texas Youth Council is charged with the administration of the State's training facilities and supervision of the Corsicana and Waco State Homes. During the fiscal year which ended August 31, 1963, 2,557 children were committed to the custody of the Texas Youth Council by the counties of Texas. One-hundred and fifty-one were committed to the State Homes.

The Juvenile Parole Supervision Division began operation, Sept. 1, 1961, with 5 parole officers. At this

date there are 18 officers in the field with three more to be employed in March 1966.

In correspondence with George, Towns commented, "The revocation rate has been reduced from 46% in 1961 to 26% in 1964. With the help of community organizations such as these County Youth Conferences, the Texas Youth Council hopes to further reduce the number of admissions and revocations."

BOTTOMS UP

Can't get a worm out of your bait box? Well, keep the box top-side down when not in use. Then turn it over when you need one to bait a hook. These little rascals always work their way to the bottom of the container.

PROTECT CAMERA

Now-a-days most sportsmen carry cameras with them to record their trip. In freezing weather the operation of such cameras often is impeded.

To prevent such shutter freezing — and also keep your hands warm — tape a handwarmer to the camera bottom, or side.

The Simplephonics, an entertainment group consisting of faculty members Elvis Fleming, John Coffman, and Harold Drennan, will be on hand to display some very unusual and entertaining talent.

Other groups which may participate include the Morton High School Tripe Trio and the Abbe Brothers from Three Way.

The Hootenany has been arranged by members of the Entertainment and Inter-School Committees of the Cochran County Area Youth Conference.

SPARE HAWKS

Most hawks serve a useful purpose. So . . . to be on the safe side, never shoot a hawk.

All but three varieties of hawks live almost entirely on small rodents that eat birds' eggs. Harmful hawks are the Cooper's, sharp-shin, and goshawk. But even these three have some good points. The outlaws can be identified by their short wings and short tails.

Morton Area Youth Conference on Crime

A Reality . . .

Cochran County and the Morton area should be extremely proud of the fact that Morton is the site of the first county-level Youth Conference on crime ever to be held in the state of Texas. We hope that the success of this years venture will enable this Conference to become an annual affair, not only in the Morton area, but in other counties of the state as well. Once again, we offer heartiest congratulations to all those connected with the conference.

SCIENCE and GOD

Not too long ago, a man determined from accounts in the bible that oil could be found in certain areas of bible lands . . . now this country is rich in oil wells. In the past, vigorous arguments arose between some scientists and bible scholars, however with the passing of time, new discoveries in science have helped us to have a better understanding of God's word and now most scientists and bible scholars are in accord. God's word has not needed to be proved, for it will stand forever. "For the earth shall be filled with the knowledge of the glory of the LORD, as the waters cover the sea." ATTEND CHURCH AND STUDY GOD'S WORD.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.
