Shot in belt, suspect escapes

Morton city patrolman may have been shot in his belt. The man, R. B. Cunningham, was shot in the belt after he had stopped his car on state highway 116, about 3:05 a.m. on Tuesday morning.

Cunningham was shot late Wednesday afternoon. Cunningham had stopped his late model white car and was approached by one of the occupants of the car. The man fired possibly from a .22 or .25 automatic pistol, struck Cunningham in his Sam Browne belt at the buckle. His only injury, when having his breath knocked away, was a small blister on his chest.

When he got up, Cunningham called the police dispatcher, which was to be his wife, and summoned Sheriff Hazel Hancock and Deputy Chester Miller, but neither was able to locate the suspect's car.

The enforcement officers said the car had dealer plates taped to the rear window and was believed to be a Buick. The couple thought to be a white man and a woman. It was believed the woman did the shooting. Road blocks were set up following the incident but apparently the car had already gone through the area.

Clinic

An animal clinic will be held Thursday, Sept. 22, from 10 a.m. to 12 p.m. at the Agriculture Building of the Three Way schools. A veterinarian from out of town will be in charge. This clinic is sponsored by the agriculture boys and the Aldogon Study Club.

Voters face tax, bond issues

FHA tour slated 2 p.m. Sept. 15

Marvin Elliott, FHA county supervisor, reminds the public that a short tour will be held today (Thursday) starting at 2 p.m. from the county activity building.

The tour will include stops at the Bert Darland farm where the High Plains system of farming will be shown, the Roy Brown farm where the use and results of chemical weed control on cotton will be shown, and stops at two housing loan areas.

Elliott said that following the tour there will be coffee and a discussion at the Wig Wam Restaurant. FHA activities in the county will be the center of the discussion.

Hamburgers, info on Sept. 22 tour

A local farm tour will begin Thurs., Sept. 22, with a free hamburger lunch at the Morton Country Club, said Homer E. Thompson, Cochran County Agricultural Agent.

The purpose of the tour is to study practices on disease control in cotton, variety tests on grain sorghums and cotton, irrigation systems, cotton seedling disease, and wilt and nematode control measures.

Points to be visited include Sam Kelly's new one-acre tomato greenhouse; the Earl Polvado farm, two miles east of Morton, cotton tests on variety, disease, nematode and wilt control off-station work; the Gene Benham farm, irrigation system layout.

Other stops will be at the J. W. McDermitt farm, one-half mile north of Morton, cotton seedling disease control demonstration, Lanstan and Terraclor Super X, plus nematode control; Curtis Sealy Farm, one mile north of Morton, cotton variety demonstrations (five new cotton varieties), and grain sorghum variety demonstration; and the E. C. Hale farm, four miles northwest of Morton, five cotton variety demonstrations and several grain sorghum result.

3 for 20 . . .

THIS IS ONE of three bathrooms for 20 beds in Morton Memorial Hospital. "Because of the number of patients using them, they are almost impossible to keep clean," said Rich-

ard Biggs, hospital administrator. Biggs said that this is only one area to be improved if the voters approve hospital bond issue Sept. 20. (See other pictures pertaining to the bond issue in this issue.)

TRIBPIX

Cochran County property tax payers will get a chance to decide on the success or failure of four major issues when they go to the polls Tuesday, Sept. 20. Issues to be voted on are the special road tax, and bonds for the hospital, courthouse and airport.

The polling places and election judges are as follows: Precinct 1, Morton - county activity building, Sidney Saverance; Precinct 2, Whiteface - school gym, Truman Swinney; Precinct 3, Bledsoe, schoolhouse, M. C. Hall; Precinct 4, Neely Ward, county barn, M. A. Tanner; Precinct 5, Lehman, Ralph Burt residence, Ralph Burt; and Precinct 6, Townsend Gin, gin office, G. D. Lewis.

Two separate ballots will be used; one for the road tax and the other for the three bond issues. The road tax ballot will read, "for the tax. Against the tax."

The bond issue ballot will read, "Proposition Number 1. For the issuance of Hospital Bonds and the levy of taxes in payment thereof. Against the issuance of Hospital Bonds and the levy of taxes in payment thereof." "Proposition Number 2. For the issuance of Courthouse and Jail Building Bonds and the levy of taxes thereof. Against the issuance of Courthouse and Jail Building Bonds and the levy of taxes thereof." "Proposition Number 3. For the issuance of Airport Bonds and the levy of taxes in payment thereof. Against the issuance of Airport Bonds and the levy of taxes in payment thereof."

Commissioners Court records show that the interest on the bonds is not to exceed 5% per year and that the bonds may mature serially within any given number of years, not to exceed 25 years. The Court has the power to levy ad valorem taxes, sufficient to pay interest and to create a sinking fund sufficient to pay the principal of the bonds.

The \$195,000 Hospital Bond provides funds for the enlargement of the present county hospital and for all other necessary permanent improvements in connection with the hospital.

The \$300,000 courthouse bond will provide funds for the construction of improvements, repairs and

See VOTERS, Page 2

Commissioners court buys truck, pays bills and pays hospital's bad debts

There was a lot of talking done at the regularly scheduled Commissioners Court meeting last Monday at 10 a.m. but relatively little was actually done.

Actual proposals passed included

buying a \$950 truck for precinct 3, and transferring \$6,000 of county funds into the hospital fund, and paying the county's August bills.

Present were Judge J. A. Love, county judge, presiding; Leonard O. Coleman, precinct 1; Leland Scifres, precinct 2; Harrah Rawls, precinct 3; and U. F. Wells, precinct 4.

The first item on the agenda was a presentation by Ralph Douglas, a consulting engineer from Muleshoe, on a proposed area wide comprehensive plan. The plan is necessary by Jan. 1, 1968, if Cochran County, or any county in the nation, is to receive FHA or HUD funds or grants for community or area improvements.

Douglas explained that two legal bodies are necessary to set into motion the county wide survey necessary to come up with an area wide comprehensive plan. In most Texas counties the legal bo-

odies are the commissioners court and the city council.

He further explained that this survey would have to be in some stage of development if the county or city requested federal funds for any number of improvements after Jan. 1968.

The cost of the survey before 1968, would be paid by the government on the basis of 50 cents per capita in the county. If this survey is undertaken after the deadline, the city-county government would pay the entire cost of the survey.

Douglas explained that he was associated with B. L. Nelson — Associates Inc., of Dallas, a firm that would undertake the survey strictly for the money they could get from the federal government (50 cents per capita in the county).

See COURT, Page 2

★ Encephalitis

One possible case of encephalitis was reported in Morton this week. Confirmation of the "sleeping sickness" was expected this week, said Richard Biggs, hospital administrator. Samples have been sent to the Texas State Health Dept., which will make a confirmation or denial of the disease. The victim, a 45 yr. old man who lives north of Morton, is reported in good condition.

Council convenes with crowded session, ceases with same thing

The city council was crowded Tuesday night, both with people and items to be considered. The nearly three hour meeting convened in City Hall about 7 p.m.

The first person to appear before the council was Police Chief Cliff Cloud who asked, on behalf of Cochran Power and Light, an ordinance against firing BB pellet guns inside the city limits.

Cloud explained that the reason for this was to help prevent more damage to street lights, whose repair, allegedly by BB or pellet gun users, had cost Cochran Power and Light \$400. When asked if all of the damage was done by pellets, Cloud replied, "I don't know so, but the light company says so." To which mayor Jack Rus-

sell said, "I don't believe it either."

Cloud preferred a broader ordinance against discharging firearms inside the city limits. This would include BB and pellet guns and is to be presented at the next council meeting.

Ralph Douglas, a consulting engineer from Muleshoe, presented the same plan to the council that he presented to the Commissioners Court earlier that day. A decision was made to postpone action on the proposal pending a meeting with the Commissioners Court.

Seven members of the Morton School Board were present to ask the council for a reduction in water rates. They also asked what was the city's ruling on using city water for drinking purposes and

drilling a well to water with. Mayor Russell said the city was providing free water with which

★ United fund

A meeting of officers and directors of the Morton Area United Fund has been called for Friday, Sept. 16, at 1 p.m. in the Morton Chamber of Commerce office. Plans will be outlined for the first annual. United Fund drive leaders of interested agencies also are asked to be present.

Real George banquet Saturday, 7:30 p.m.

Plans are all set for Saturday night's Jessie T. George Appreciation Banquet. The banquet, spon-

sored by the Morton Junior Chamber of Commerce, will be at 7:30 p.m. in the school cafeteria.

Ticket sales are going nicely according to Buddy McGehee, ticket sale chairman. Three hundred-fifty invitations have been sent out with 200-250 expected to attend. Tickets, priced at \$2 will also be sold at the door.

Speaker for the banquet will be the Hon. M. C. Ledbetter while Dean Weatherly will be the master of ceremony.

Don Appling, Austin, will present George before the entertainment, furnished by the Darkroom Three-O, Brownfield. Presentations will be made to George by Joe Seagler, president of the Morton Area Chamber of Commerce, and Cleve Bland, president of the Morton Jaycees.

The invocation will be led by Rev. Don Murry, pastor of the Assembly of God Church and the benediction will be led by Rev. Kenneth Wyatt, pastor of the First Methodist Church. Dinner music will be furnished by Mrs. L. S. McCarty.

Enrollment in 3 area schools up, down, unknown

Enrollment is up in one area school, down in another while still another will not divulge any information. Three-Way schools are up 13 in enrollment with a total of 281 against a total of 268 last year. Whiteface is down 43 with a total of 375 against a total of 418 last year. Bula schools will not divulge any information.

To The Citizens of Morton, Texas:

WHEREAS, it was voted at the Regular City Council Meeting, September 12, 1966 that the Mayor of the City of Morton be authorized and instructed to prepare a suitable proclamation, proclaiming September 17, 1966 as "Jessie T. George Day" in Morton.

WHEREAS, The Citizens of Morton would like to express their commendations and appreciation for the untiring and valuable service rendered to the City by

The Honorable Jessie T. George

as a member of the Jaycees, Manager of the Chamber of Commerce, Adult Chairman of the Area Youth Council and State Representative and that the Mayor of the City of Morton be further authorized and instructed to insert a copy of such proclamation in the City Records and to transmit a copy thereof to Mr. George, and

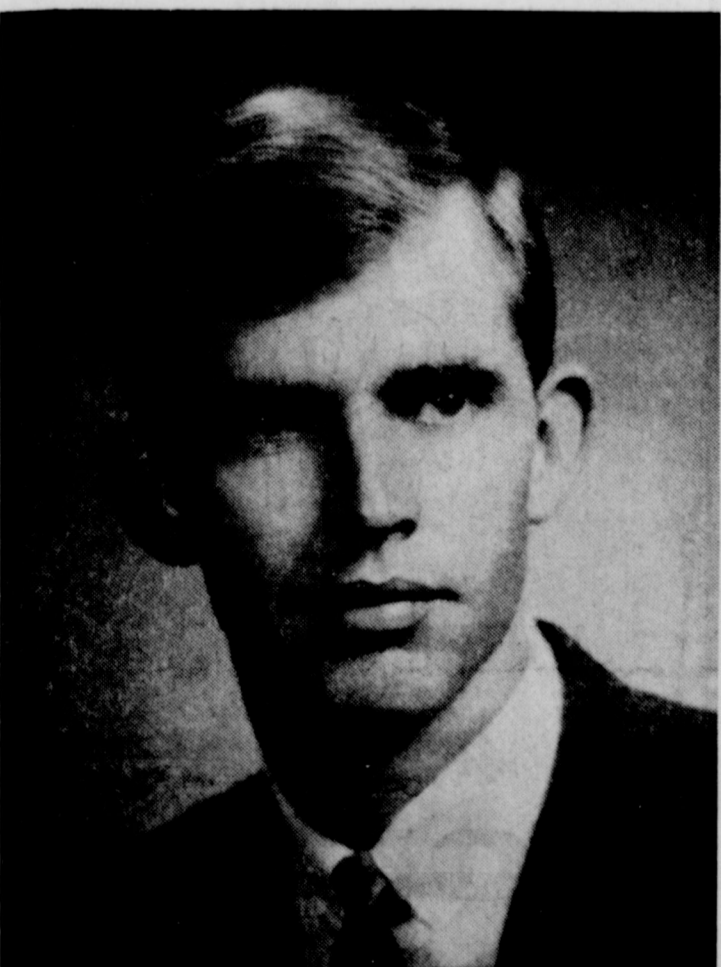

WHEREAS, The City of Morton extends to The Honorable Jessie T. George its humble expression of appreciation for his dedicated service to the citizens of Morton, and its best wishes for good health, success, and prosperity for many years to come

NOW, THEREFORE, I, Jack D. Russell, Mayor of the City of Morton, do hereby proclaim September 17, 1966 as

"JESSIE T. GEORGE DAY"

IN WITNESS WHEREOF, I have hereunto set my hand and caused to be affixed the seal of the City of Morton, Texas this 12th day of September, 1966.

/s/ Jack D. Russell
Mayor

Jessie T. George

Court

from Page One

This, he said, could only be economically feasible to his firm if several counties utilized his services.

Marvin Elliott, FHA administrator in Morton, was quick to point out that the FHA did not and would not recommend anyone for the job of planner (the position Douglas was seeking), which could only be granted by a planning commission.

It came out that the comprehensive plan would be concerned primarily with water and sewer development but that the plan would be necessary even if the city or county wanted to build a park, make low-cost housing units, or various improvements using federal funds.

The Commissioners Court was told that to implement this plan would take two resolutions: a separate resolution by the court and the other by the city.

The planning commission would then hire a planner to make the survey. This commission may be disbanded after the comprehensive plan is finished or it may continue to function.

Action on this proposal was tabled until a meeting with the city could be arranged.

Elliott asked the court if they would say that there is a need for emergency FHA loans to farmers for crop financing. He asked for this because his authority to make emergency loans had expired on June 30.

Bank president Gene Benham said he could testify that he had no money available to finance a farmer's crops. He said he knew of 35 farmers who would have had to stop farming had they not received loans from FHA last year.

The court agreed on the necessity of the FHA loans and passed out to other business.

Benham then told the court that the hospital was overdrawn \$1,500 and that the bank would not pass another hospital check unless the money was in the account.

A very lengthy discussion followed as hospital administrator Richard Biggs explained the necessity of the overdraft and why the hospital wasn't making as much money as the commissioners, and some of the court spectators, expected.

Biggs explained that of a hospital bill, the doctors get their share first, the hospital second. Commissioner Harrah Rawls replied, "Don't the doctors care enough for the place they work to carry a little of it (bad debts)?"

Biggs replied that the doctors had done over \$3,000 of charity work for which they received nothing.

The discussion then switched from bad debts to the proposed hospital improvements. Commissioner Leland Scifres asked, "How can you increase the size of the hospital and increase the business?"

The main point made by Riggs for the hospital concerned Medicare, "Effective 1970, Medicare is compulsory," he said, "After that there will be no charity cases. If they don't pay, then Uncle Sam does."

Also if a hospital doesn't meet Medicare requirements, then commercial insurance companies will begin to refuse to pay claims there, Biggs said.

Commissioners and spectators suggested selling the hospital for \$1 (the minimum figure for a legal property sale in Texas) or even giving it away. Some suggested advertising the hospital for sale and taking whatever was offered.

However, the commissioners agreed to give the hospital \$6,000 to cover current indebtedness. On the voting for this all approved except Scifres, who voted no.

The court was in agreement about paying the August bills which amounted to \$28,265.48.

Following a recess for lunch, the commissioners agreed to buy a 1960 Chevrolet truck for precinct 3. Cost of the truck was \$950. Papers for the truck were already drawn up even before the vote was formally taken.

The last item at the meeting concerned a proposed survey to be done by the school board and the county on some property in question about taxes. The proposal, made by Leonard Groves, was that the school board and the county share in the cost of the survey,

Council

from Page One

to water two football fields.

Frances Shiflett, president of the school board, asked if they couldn't get a commercial rate for the volume of water they use. Elra Oden, city secretary, said the school was on the same rate as everyone else, with rate breaks coming in proportion with the amount used.

Shiflett pointed out that the school was on 12 different water meters and that they paid the minimum amount on some and got the maximum rate break on other meters.

After several trips back and forth to the calculator, it was decided that the school was paying about 32 cents per 1,000 gallons on their present water rate and that by combining the total of all the meters to get the maximum break, they would be paying about 26.4 cents per 1,000 gallons.

Shiflett said he and the school board members would leave while the council reached a decision. After he ushered his fold out, the council decided to combine the total of all the meters and give the school the resultant volume discount.

Oden proposed that the city council build a machinery barn no smaller than 40x80 for storage and repair area. Councilman Donnie Simpson said he was in favor of it being built before the sandstorm and cold weather period hit. The council postponed action pending submission of drawings and specifications by Oden.

Raises were voted and approved for Bill Mapes, street superintendent and Doyle Butler, assistant street superintendent. Mapes salary was raised \$25 to a total of \$400 and \$15 for Butler to a total of \$345.

The council also discussed hiring part-time help to run the shredder, because of the necessity of preventing mosquitoes through the control of weeds, but postponed action.

Russell also told Oden to urge street department employees to take a little more pride in their work. The mayor mentioned several things that needed to be done by the street department, such as straightening street signs, filling chuck-holes and grading dirt streets and alleys.

Purchase of a truck for the city dog catcher was tabled pending further investigation by the council as to the need for the truck.

Oden told the council about a request by Leonard Groves through County Judge J. A. Love, that the city join with the county and school board in having a disputed area of land platted for tax purposes. Oden said the city couldn't do it. The matter was dropped.

A billing machine was offered to the city by the county for approximately \$2,500. The machine is supposed to economize and streamline the present city billing operation. The machine is four years old and was only used one year by the county. The council decided that the machine would pay for itself in a year. Action was postponed while councilmen observe the operation of a similar machine in a local business and to see if the machine would actually be feasible for city use.

Next was the paying of the city's August bills, at \$5,944.09. The action passed.

Final item on the agenda was a proclamation by Mayor Jack Russell setting Sept. 17, 1966 as Jessie T. George day.

Other members present beside Russell, Simpson, and Oden were Earl Stowe and E. C. Seanev. Meeting was adjourned about 10:15 p.m.

Voters

demonstrations, already harvested.

"Please spend 3 1/2 hours Thursday afternoon with us, as I believe this tour, sponsored jointly by the Soil Conservation District Board and Extension Service, can serve many of our problem needs," Thompson said.

Cost was estimated to run about \$150-300.

Judge Love suggested that the city might pay part of the survey since part of the area to be surveyed was on city property. Action was tabled pending a conference with city officials and possible city-county school board survey effort.

Court adjourned about 3:30 p.m.

Storage area . . .

BECAUSE OF A LACK of storage area, hospital equipment has to be stored in this room, designated for patients. Richard Biggs, hospital administrator, says this is necessary just to keep the equipment out of the halls. TR13P1x

Reprieve granted West Texas in water hearing

Cochran County farmers and businessmen can take credit this week for helping to gain a reprieve from a Texas water plan for the next 50 years that would have left West Texas "high and dry."

Joe G. Moore, Jr., executive director of the Texas Water Development Committee, announced in Lubbock Friday that the group had decided not to submit its original plan to the state Legislature when it convenes in January. Instead, it probably will ask for an emergency appropriation to finance a more detailed study of water supply and needs for West Texas.

Among those present for the hearing in Lubbock were Rusty Reeder, Glenda Yancey, Roy Gentry and H. A. Tuck, from the Morton Area Chamber of Commerce; Roy Hickman, county director of Plains Cotton Growers; J. A. Love, county judge; and Weldon Newsom.

Statements, all of them protesting the proposed water plan, came from many sources. But the fight was led by the West Texas Chamber of Commerce. Opposition also was organized by the Plains Cotton Growers, Farm Bureau, Farmers Union, the 2020 Water Study Committee, area water districts, cities, towns and counties.

The plan, as originally proposed, would have diverted water from East Texas to the south and ultimately to the Rio Grande Valley. Planners said the water would be used for increased municipal and industrial needs and would also provide irrigation water for some 800,000 to 900,000 thousand acres of land in south Texas, much of which is not now in cultivation.

The plan stated that the Plains, Trans-Pecos and El Paso areas would not receive any surplus water due to the cost. The area which would have been left out is roughly from El Paso east to San Angelo and northeast to Wichita Falls.

Serious opposition developed when the plan was first explained at a public meeting in Lubbock during the summer.

Opponents gained a new study in answer to their allegation that insufficient study had been made originally on the cost of importing water to West Texas from East

accept the Bar appointment. He formerly practiced law at Morton and served there as corporation court judge and city attorney. He is a former president of the Brownfield Bar Association and was secretary of the Hockley-Cochran County Bar Association in 1961-62.

He is married to the former Janet Lain of Austin. They have two daughters.

Grand jury indicts three, 2 of Morton

Three men, two of them from Morton, were indicted by a Cochran County grand jury last Monday.

Charles L. Hilger of Lubbock was indicted for the June 5, 1964, check swindling of a Brownfield auto supply house.

Charlie Lavender of Morton was billed for second offense DWI, involving a July 16 offense.

Francis Holleyman, also of Morton was indicted for forgery and passing a forged instrument on Aug. 23, 1966.

Grand jury foreman was Vernon Blackley.

Kenny Coats, son of Mr. and Mrs. Kenneth Coats, will be playing football at West Texas State University this fall instead of Morton High School. Kenny will be a Freshman this fall.

HOSPITAL IMPROVEMENT IS VITAL!

VOTE "YES" SEPT. 20 FOR HOSPITAL IMPROVEMENT

WE NEED BETTER HOSPITAL FACILITIES

The proposed \$195,000 bond issue for hospital expansion and improvement would accomplish these things: First, it would provide for 24 new patient rooms with semi-private baths, bringing the total bed capacity to 40. It would provide a new kitchen, staff dining room and mechanical area. It would also provide more room for business office, lobby and records room. Much of the existing building would be modernized and renovated to bring it up to Medicare and American Hospital Association standards. Two existing patient rooms would be converted into physicians' examining rooms.

WE CAN
AFFORD
BETTER
HOSPITAL
FACILITIES

THIS IS ALL IT WOULD COST YOU:

Hospital improvement bond plans call for 20-year bonds, with an option to pay or recall the bonds after ten years. It is possible that the bonds could be issued for less than 20 years. Cochran County will be out of debt when it pays off its last bonds next April. The 12-year bonds for the county activity building, county park and livestock show buildings will be paid off. It took 40 years to retire the courthouse construction bonds. One of the largest new homes in Morton is valued at no more than \$3,000 for county tax purposes. Based on 20-year bonds, the tax for hospital improvement would cost that homeowner only SIX CENTS per \$100 of valuation, or \$1.80 per year. One of the larger business in Morton is valued at \$7,000. Its tax for hospital improvement would be only \$4.20 per year. The best labor of land in the county is valued at no more than \$4,350, not including buildings. The hospital bond improvement would cost that landowner only \$2.61 annually on that labor of land.

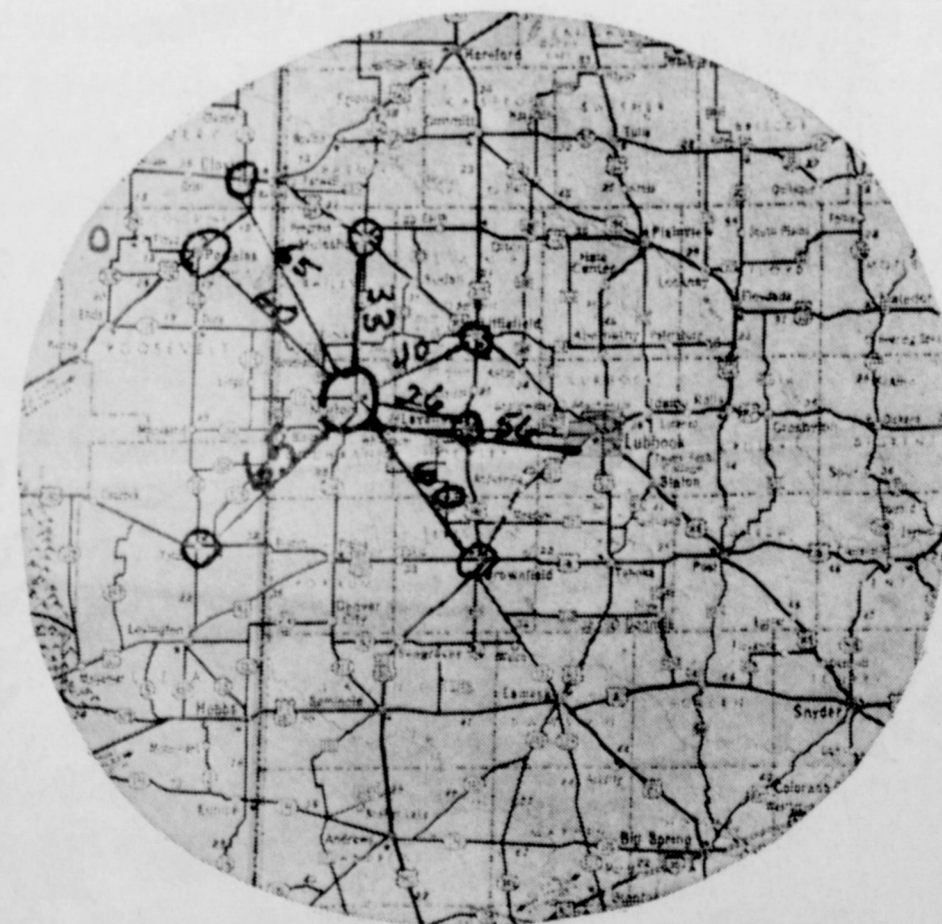

VOTE FOR PROGRESS SEPTEMBER 20! INVEST IN A BETTER FUTURE!

Remember these doctors? Nineteen doctors have registered their licenses in Cochran County since 1944; several others didn't stay long enough to register. It's time we made the effort to keep good doctors, to attract good doctors, to assure proper medical care for ourselves, our families, our children, and our grand-children.

		Garnett C. Bryan, M. D.	1962

IT'S A BIG COUNTRY!

Yes, this is a big country. But if our hospital loses its temporary medicare approval (granted only until July, 1967) or its doctors, then the distances loom even larger. You would be forced to drive long distances to other medical facilities . . . and probably pay higher rates for hospital care than are charged locally. And the county still would have to pay the bill on charity cases. The American Hospital Association says that a hospital with 65% average capacity cannot take care of a drastic emergency. Our hospital averages 71% occupancy. The AHA also says that a hospital needs 4½ beds for every thousand and people served. Our hospital serves approximately 10,000 people, yet has only 18 beds!

VOTE "FOR" YOUR HOSPITAL SEPT. 20

Officers shown . . .

TOWN AND COUNTRY officers are shown at their first meeting last Saturday. Seated are Mrs. Keith Kennedy, 2nd vice president, Mrs. Joe Seagler, president, Mrs. Willard Henry, 1st vice president, and Mrs. A. E.

The Morton (Tex) Tribune, Thursday, Sept. 15, 1966

Page 4

Mike Egger has returned to Colorado College for the fall term. Mike is the son of Mr. and Mrs. Owen Egger of Morton. Think the Symphonette Orchestra can learn a new song?? Be at the First Baptist Fellowship on Friday night and find out.

English Cox of Lubbock was released from Methodist Hospital Saturday, Sept. 10. He is a former resident of Morton and is the brother of Mrs. L. B. Childs.

Elliott Elliott, son of Mr. and Mrs. Buford Elliott, will be heading for the north country soon to attend West Texas State University.

Thru telescope by luck

How about this temperature up in the 90's? It couldn't be better for the cotton and it's drying out the maize. In a few spot checks Tuesday, I found that the moisture content was ranging all the way from 10 to 20 per cent. A few more days like we've had, and it will all be low in moisture.

If you are going to be out of town next week, don't forget to cast your absentee vote by Friday afternoon. There should be a large turnout of voters Tuesday, as they decide on a 15c special road tax, \$195,000 proposed bond issue for hospital improvement, \$300,000 bond issue for courthouse and jail improvement and \$30,000 for airport improvement.

If you think a few determined people can't get something changed, you should have been at Friday's hearing on the Texas Water Development Plan in Lubbock. Members of the statewide water development group changed their original plan and agreed to try to find some solution to the water problem in West Texas. This is probably one of the most crucial battles West Texans have ever had, and they at least got a rehearing.

despite cries of gloom from some quarters. The one thing that really bothered me, however, was the small number of farmers who took the time to attend either of the meetings or express their views. Our students can find jobs after high school or college in other areas, even other states. Businessmen and teachers and other town-based folks can always leave if they have to. But a farmer or rancher is pretty well tied to this area. And without water, he doesn't stand much chance of finding a buyer for his land. Why, then, didn't the farmer with the big investment in irrigation equipment and land take the time to attend the hearings and make himself heard? The Plains Cotton Growers, the Farm Bureau and the Farmers Union made themselves heard, but the big fight was carried out by the West Texas Chamber of Commerce, local Chambers and businessmen.

Dove hunters have been reporting good results the last few days. And one of the most ardent now is George Farhat, who manages to get in a few shots almost every day. This is particularly surprising to his wife, who predicted when he bought a shotgun a few months ago that he wouldn't use it over a couple of times. Now she's protesting about the number of birds he's bringing home for her to cook.

Morton's Indians will make their first home appearance Friday when they host the Friona Chiefs at 8 p.m. Both teams lost their openers last week and will be fighting hard to get their record evened-up. We hope to see you among the crowd rooting for the Indians.

Friday night also will mark the first home appearance for the Morton High band. The musicians played at Olton last week and looked quite good on the field during their brief marching exhibition. Directors John Stockdale and Bob Letherman are doing a good job with the youngsters and will have a top-flight band again this year when contest time rolls around.

Back to the water plan hearing for a moment. One of the largest laughs came when one speaker urged the planning board to take another look at importing East Texas water over here and particularly investigating the possibilities of recharging our underground supplies from imported water and playa lakes. "After all," he said, "We have the world's largest underground storage facility and we've been pumping it dry for 40 years so you would have a place to put this water."

A number of Cochran County residents were at Halfway on Thursday for the 10th annual Hi Plains Research Foundation Field Day. We saw Roy Hickman and Lloyd Miller, but there were probably others that we missed in the crowd of 8,000. Secretary of Agriculture Orville Freeman made a hit with the crowd for his fact-filled speech. The strongest applause came when he said that the USDA is seeking full income parity for farmers by 1970. We also enjoyed the 40-minute field tour and the excellent presentations during the stops on various findings by the Foundation.

Morton freshmen footballers will get their first test at 8 p.m. Thursday, Sept. 15, at Levelland. They will go to Seagraves for a 7 p.m. tilt on Sept. 22, the same day the eighth graders host Levelland at 6 p.m.

Parents of college-age students need to make one more small investment before the youngsters leave. That's a \$2.75 student subscription that will keep the student informed about the activities in his home town. The Tribune will include a lot of information for parents likely might forget to include in their letters. Just call 266-2361 or come by the Tribune office.

Which group can do more, Chiefs or Indians, Friday? We'll bet that, in days of yore, The Indians have it go their way.

H. D. Club begins 1966-67 activities

The Happy Homemakers Home Demonstration Club met Sept. 8, at 9:15 a.m. for their first meeting after vacationing June thru August. Mrs. C. W. Wiggins was hostess.

Roll call was answered with "My Favorite Flower" by Mesdames Roy Davis, Jesse Clayton, M. L. Abbe, Eugene Bedwell, Buford Elliott, Max Clark, E. C. Hale and C. W. Wiggins. Miss Jennie Allen was also present.

The program on dried flower arrangement was given by Mrs. W. B. McSpadden. She showed how, with a lot of thought and ingenuity, anyone can have inexpensive and attractive arrangements the year around. By using the proper preservatives one can have colorful flowers and foliage even for winter arranging, from their own and neighbors' gardens. When on vacation beautiful flowers and foliage may be kept for future use by storing properly in a dark cool place.

Internationally famous trio to present "Friend" at after-meal fellowship, Friday night after football game, First Baptist Church.

Deana Jackson wed to Gary Lee McMullen

Miss Deana Rae Jackson became the bride of Gary Lee McMullen in a double-ring ceremony read at 2 p.m. Sunday, Sept. 11, at the First Baptist Church. The Rev. Fred Thomas, pastor, officiated at the wedding.

The bride is the daughter of Mr. and Mrs. Lovell Jackson, 207 E. Buchanan Ave. Parents of the groom are Mr. and Mrs. Verr McMullen, Imperial, Neb. Traditional wedding music was played by Cheryl McDaniel, organist, Barbara Kennedy, soloist, sang "Because," and "The Lord's Prayer."

Escorted by her father, the bride wore a gown of peau-de-soie, pearl embroidered over lay-down front, straight skirt, fitted bodice, long petal-point sleeves, and chapel train. For something old and borrowed the bride wore a pearl necklace belonging to her grandmother Barrett; a blue garter, and the dress was new. She carried a white rosebud Bible corsage over a white Bible.

Miss Frankie Jackson, sister of the bride, was maid of honor. Bridesmaids were Misses Joyce McMullen, sister of the groom, and Jeanetta Rowden. They wore floor length, empire-waist gowns of cotton coupoirs and carried long stem red carnations.

Arlen McMullen, brother of the groom, was best man. Freddy Turney and Mike Eno, were groomsmen and ushers. Candlelighters were Pamela Hise and Susan Baker. Ringbearer was Glen Hise and flower girl was Robin Houston.

A reception was given in the home of Mr. and Mrs. R. H. Baker, 218 N.E. 8th. The table centerpiece was a wedding candle with red and white carnations around the base. A three-tiered cake with red rose buds on top was served by Miss Jeanette Childs and Miss Sharon Graves served the punch. Guests were registered at the wedding and the reception by Miss Vivian McDaniel.

Mrs. Gary Lee McMullen
Design Studio photo

Mrs. Tommy Lynch and Helen, and Lelan have returned from a very enjoyable trip to Ranch in Tascosa, Texas. They were among the few privileged enough to witness the Boy's Ranch's 100th anniversary. After Boy's Ranch's continued their trip to Colorado they visited the points of interest there.

Mrs. H. B. Spotts, County Librarian attended a three day workshop in Lubbock last week on Young People's Literature. The workshop was co-sponsored by Texas State Library, Field Services Division and Lubbock Public Library. Dr. Hanna Pilgram of the University of Texas and Mrs. Rosalyn Shambelin of Amarillo conducted the workshop.

FWC area council holds meeting

The Area Council of Federated Women's Clubs met Monday, Sept. 12, at 5 p.m. in the home of Mrs. W. B. McSpadden. Mrs. McSpadden, president, presided at the meeting. Clubs were reminded that their dues were payable to Mrs. Willie Taylor.

The Federation Day Observance Workshop was discussed and various committees were appointed. The workshop will be Oct. 15 in the County Activity Building beginning at 10 a.m.

Mrs. McSpadden reported that the \$180 had been sent to headquarters for the Federated Club's of Morton's page in the October issue of the "Texas Clubwoman."

Members present were: L'Allegro Study Club; Mrs. W. B. McSpadden, Mrs. E. O. Willingham, Mrs. Harrold Drennan; Y-M Study Club; Mrs. Kenny McMaster; Emile Smith Junior Study Club; Mrs. James Walker; Mrs. Gary Willingham; Town and Country Study Club; Mrs. Connie Gray; Mrs. Joe Seagler; 1936 Study Club; Mrs. Glenn Thompson; Mrs. Kenneth Thompson; Elma L. Slaughter Study Club; Mrs. Leonard Coleman; Mrs. Iva Williams; Whiteface Study Club; Mrs. James Allen.

Wesleyan Service Guild met Monday

"Called to Be" is the theme for the Wesleyan Service Guild which met in Fellowship Hall of the First Methodist Church Monday night. Hostesses for a salad supper prior to the meeting were Mesdames P. B. Ramby, Hattie B. Spotts, John L. McGee, W. O. Willingham, C. H. Silvers and Kenneth Wyatt.

Table Decorations were in fall colors featuring cornucopias filled with fruits, nuts and vegetables, and accented by bronze candles. The buffet featured an arrangement of bronze roses and praying hands.

Mrs. Joe Seagler was presented a Life Membership by Mrs. W. J. Wood in behalf of the Guild Members.

Mrs. W. J. Wood spoke about the trip she and Mrs. P. B. Ramby

made to Mt. Sequoia. Mrs. Ramby gave a short talk on the Wesleyan Service Guild week-end which she had attended at Ceta Canyon.

Mrs. H. B. Spotts introduced the speaker, Mrs. Fred Stockdale, who will give the study on "Christian Being and Doing". Guests of the Guild were Mesdames: Deryl Bennett, W. B. McSpadden, Jessie Clayton, W. C. Benham and Bro. Kenneth Wyatt.

Members attending were Mesdames F. E. Bladridge, R. L. DeBusk, Jr., W. G. Freeland, Don Hoffman, Lonora Jackson, John L. McGee, Bob Mayon, Kenneth Wyatt, W. J. Wood, E. O. Willingham, J. H. Ryan, P. B. Ramby, Joe Seagler, C. H. Silvers, H. B. Spotts, and Fred Stockdale.

Robbie Key and W. R. Key returned Wednesday, Sept. 7, from a fishing trip to Stanford Lake.

Peggy Cheek is back at Wayland Baptist College this year. Peggy is the daughter of Mr. and Mrs. W. A. Cheek and will be classified as a Junior.

Engagement

Mr. and Mrs. L. W. House, 301 West Washington, Morton, announce the engagement of their daughter, Linda, to Robert (Bob) Harold Gray, son of Mr. and Mrs. C. D. Gray of Honey Grove, Texas.

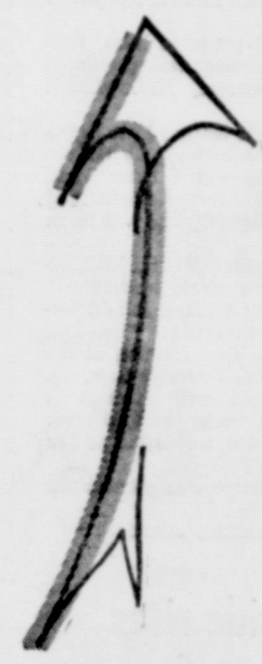

WE NEED A BETTER AIRPORT

Flying Is Not A Passing Fad!

Travel by air is here to stay! More and more people are turning to flying for fast, safe, convenient travel. There are more folks learning to fly every day (17 persons have soloed in Morton this year alone) and more are buying airplanes.

Air travel has become an accepted way of life and it is increasingly true that towns without adequate airport facilities are losing out in their bids for new business and industry.

Look at this list of Texas towns which have been approved for airport projects and supplementary grants by the Texas Aeronautics Commission: Abernathy, Crystal City, Hearne, Caldwell, Cameron, Carthage, Clarksville, Clifton, Comanche, Floydada, Gatesville, Hallettsville, Jacksboro, Kountze, Lampasas, Marlin, Navasota, Pineland, Post, Weslaco and Woodville. All of them realize the need for new or improved airport facilities.

Cochran County Needs A Better Airport To Attract New Business !!

Many companies which are expanding will not even visit a town without an airport. They realize the benefits of an airport in dollars and cents. Either they use a company plane, or they have suppliers and salesmen who fly between appointments. Here are two examples from Wing Tips, published by the Texas Aeronautics Commission: A Houston - based company president said "airplane travel has allowed us to cut a four-day sales trip to less than two days and do more business. Supplying dealers in seven states, the president flies two salesmen to distant points and lets them work back in rented cars. The president says he covers more territory than the two salesmen in autos. The chairman of Ritzcraft, Inc. of Indiana says, "A town without an airport doesn't have much chance of getting a major industry." Morton and Cochran County must keep pace with progress . . . and airports are marks of progress.

Diane Linder wed to Everett Jones

The First Missionary Baptist Church in Morton was the setting for the wedding of Miss Brenda Diane Linder, daughter of Mr. and Mrs. D. L. Linder, Jr., Route 1, Morton, and Everett Roma Jones, Jr., son of Mr. and Mrs. Everett R. Jones, 704 E. Buchanan, Morton, Friday, Sept. 9 at 8:00 p.m. Rev. William S. Hobson officiated at the double ring ceremony.

The church was decorated with baskets of white stocks, tied with white ribbons flanking two pair of candelabra, which formed the background for small altar and kneeling bench.

Traditional wedding music was played by the organist, Mrs. L. S. McCarty. Mrs. William S. Hobson, soloist, sang "More," "All My Love," and "The Lord's Prayer".

The bride, given in marriage by her father, wore a formal length gown of white peau de soie exquisitely sculptured in a graceful empire-A-line silhouette and fashioned with scrop neckline, v-neck back and long petal-point sleeves. The lace overlaid train was secured at the back of the empire-waist with two small bows. Her pearl-edged lace petal headpiece held a

shoulder-length veil of imported silk illusion. She carried a white orchid atop a white Bible.

For something old the bride carried a handkerchief belonging to her great-grandmother, the late Mrs. J. P. Cunningham. Something new was a set of pearls, gift of the groom. Something borrowed and blue was the blue garter; with a 1946 and 1948 penny in each shoe for the year each was born.

Mrs. Kenneth Powell was matron of honor. Bridesmaids were Connie Cumpston and Nancy Lynch, both of Morton. Junior bridesmaids were Debra Linder and Pamela Linder, sisters of the bride. They all wore floor-length, empire-waist-line gowns of antique gold peau de soie featuring bell sleeves, scoop neckline, and oboe sashes. They wore gold peau de soie pill box hats with large bows in the back, which held a veil of illusion. They wore satin shoes dyed to match the gowns. They carried bouquets of contrasting bronze mums.

Everett R. Jones, father of the groom, was best man. Jimmy Collins and Kenny Coats were groomsmen. Junior groomsmen were Randy Linder, brother of the bride, and Forrest Baker.

Candlelighters were Marilyn Linder, sister of the bride, and Cheryl Taylor of Seagraves, niece of the groom. Flower girl was Cindy Taylor of Seagraves, niece of the groom, and she wore a floor-length gown of gold peau de soie and bow-band. Ringbearer was Barry Dean Wickson of Seminole. He carried a white satin pillow made by the grandmother of the bride.

Ushers were Bill Huckabee and Jimmy Gunnels.

A reception was given in the County Activity Building of Morton immediately following the ceremony. Registering guests was Vikie Shaw, niece of the groom. There were 175 guests served by Rita Linder, sister of the bride, and Nancy Lewis. Crystal cambridge urns filled with gold mums and candles centered the extra maddera cloth that covered the bride's table. Guests were served from a four-tiered wedding cake, topped with white wedding bells. Silver and crystal appointments complimented the table. Serving in the houseparty were: Mesdames W. I. Wood, Eugene Bedwell, Lewis Hodges, Johnny Howton, Donnye Baker, Olin Lewis, Johnny Crockett, Wilson Hodge, Thomas Lynch, B. D. Elliott, Ralph Gardner, and Roy Tilley.

The couple left for a trip to Ruidoso, N.M. The bride wore an olive green wool dress, double breasted with hip-hugger skirt and a green smoke-ring with gold accessories.

Mr. and Mrs. Jones will reside at 2313 13th St., Lubbock. She is a 1966 graduate of Whiteface High School. He is a 1964 graduate of Morton High School and attended Texas Tech. The bridegroom is employed as butcher at the Quaker Square Meat Market.

Parties for the bride included a shower in the home of Mrs. Buford Elliott. Other hostesses were Mesdames Eugene Bedwell, Lewis Hodge, Johnny Howton, C. W. Wiggins, Wade Taylor, Charles Cumpston, Olin Lewis, Amos Taylor, Maurice Lewalden, Jack Baker, R. H. Baker, Bud Skaggs, C. F. Winder, Truett McCuiston, W. A. Woods, and Gilbert Lynch.

Hostesses for a recipe coffee in the home of Mrs. R. H. Baker were: Mesdames Lewis Hodge, Eugene Bedwell, Kenneth Coats, and Donnye Baker.

The rehearsal dinner was given at the Wig Wam. Hosted by Mr. and Mrs. Everett R. Jones.

Mrs. Everett Jones
... nee Diane Linder

Woman's Society holds meeting

The general meeting of the Woman's Society of Christian Service was held Tuesday, Sept. 13, at 12:30 p.m. in the Fellowship Hall of the Methodist Church.

Following the luncheon, Mrs. H. R. Ramp presented the devotional, "Love of God and Love of Our Fellowmen" — the two commandments on which to base the year's work.

The 1966-67 program book, Dialogues and Design, was presented by vice president, Mrs. Willard Henry.

Spiritual Life leader, Mrs. Ramp introduced the Bible Study for the year, "James and I Peter" and presented Mrs. Bobby Adams and Mrs. J. M. Burnett, who will teach the study.

President, Mrs. W. B. McSpadden, presented circle leaders:

Morning circle - Mrs. John Crowder; Afternoon circle - Mrs. Don Lynskey. The first meeting of the circles will be Tuesday, Sept. 20. Morning circle will meet with Mrs. John Crowder at 9:30 a.m. Afternoon circle will meet at the parsonage at 3:45 p.m.

The benediction was pronounced by Mrs. Henry.

Fifteen members attended.

Graveside rites held for infant

Graveside services were held Sunday afternoon, Sept. 11, at 3:00 p.m. in the Morton Memorial Cemetery for James Edward Bertram.

James Edward was born Thursday, Sept. 8, and died Saturday, Sept. 10, in Roosevelt County General Hospital in Portales, N.M.

Brother Dale Ward, minister of the Bledsoe Baptist Church, preached the service.

He is survived by his parents Mr. and Mrs. W. E. Bertram and brother, Charles Albert; paternal grandmother, Mrs. Ruth Bertram; maternal grandparents, Mr. and Mrs. H. O. Goff, Elida.

R. L. Corder, Lingo, visited his aunt, Mrs. W. A. Corder, Friday, Sept. 9.

Study club officers . . .

EMLEA SMITH JUNIOR STUDY CLUB officers shown are, standing, Mrs. Loy Kern, historian, and Mrs. Earl Polvado, recording secretary. Seated are Mrs. James Dewbre, auditor, Mrs. Clyde Brownlow, treasurer, Mrs.

Don Lynskey, reporter, Mrs. James Walker, president, Mrs. Gary Willingham, 2nd vice president, and Mrs. Bill Foust, corresponding secretary. Not shown are Mrs. Tommy Hawkins, 1st vice president and Mrs. Rodney Fraulin, parliamentarian.

TRIBUNE

Grooming for beauty is given at LeFleur

Mrs. Carl W. Ray was hostess to the Le Fleur Garden Club members on Sept. 8 for the initial meeting of this year.

Mrs. Roy Hill, president, presided over the business session. Progress on the Civic Beautification Project at the local bank, was reported by project chairman, Mrs. Bedwell, program chairman, distributed the new yearbooks, which is based on the theme, "Beauty is Everybody's Business".

Announcements were made concerning coming events of interest to members. On Sept. 20th, at the Garden and Arts Center in Lubbock, Rev. Hubert Foust will present a program on "Driftwood Arrangements". At the same location, on Sept. 17 and 18, the Dahlia Show will be held. Tech Horticulture Show will be held on the Tech campus on Sept. 29 and 30. The third Course for the Flower Show School for preparatory Flower Show judges will be held on Oct. 11, 12 and 13 at the Garden and Arts Center. On Nov. 2, there will be a workshop at the Center for garden clubs entering competition for Sears Grants for Civic Beautification projects.

Mrs. Eugene Bedwell introduced the program for the day, "Grooming for Beauty", which was presented by Mrs. J. L. Schooler, a member of the Cochran County Garden Club. She distributed copies of the Flower Show Schedule for Cochran County Garden Club to be held on October 8 in the County Activity Building. Members were urged to participate in this show. In preparation, she urged that now was the time to spray for insects and to disbud for more beautiful specimens.

Other preparations and good practices were given: Water very thoroughly the day before the show. Cut flowers late in the afternoon or early in the morning, using a sharp knife and cutting on a slant. Strip the bottom 1/3 foliage on most plants. Carry a bucket of water to the garden and plunger lowers into water as soon as cut. All flowers cut should be in prime condition, that is in the bud or partially open. Wash off any insects, dust and spray residue. Condition in deep water up to the neck of the flower for at least three hours, in a dark cool place, keeping out of sun and draft. The use of clean mechanics and con-

tainers will prolong the life of cut flowers. Mrs. Shooler, who is a preparatory judge and enthusiastic arranger and grower, concluded her program by "daring members to be creative, never being fearful of trying new ideas and materials, offer only by practice and study do we learn".

Members present were: Mrs. Eugene Bedwell, Mrs. Herman Bed-

Plans for new CC to be presented

Country club members will get their first look at proposed plans for new country club facilities at 8 p.m., Tues. Sept. 20.

The meeting, to be held at the country club, will feature a report by the building committee which will include blue prints and cost estimates for improvements to the club which include an enclosed swimming pool, ballroom, extensive remodeling of present facilities.

The plans, if approved by the board of directors which will implement the plans as soon as possible.

Present plans are to include \$43,000 improvements to be made by early spring.

All country club members are urged to attend by the Directors.

Bobby Dobson is attending College in Taft, California

well, Mrs. Olin Darland, Mrs. E. R. Fincher, Mrs. Roy Hill, Mrs. Don Samford, Mrs. L. Z. Scoggin and the hostess.

Next meeting will be Sept. 22 in the home of Mrs. Roy Hill.

Emlea Smith Club has opening dinner

The Emlea Smith Junior Study Club held its President Dinner in the Truman Doss home on Thursday, Sept. 8. Serving as hostesses were the program and yearbook committees.

The invocation was given by Mrs. Ronald Coleman. After the dinner Mrs. Danny Tankersley welcomed the club members and three guests.

Mrs. Jim Johnson introduced the president, Mrs. James Walker, who was presented a red rose corsage by the club. Mrs. Walker named her theme "To Think Is To Grow To Grow Is To Live." She thanked members for their cooperation during the summer months in preparing for the club year. Mrs. Walker commended the hard work done by the yearbook and cookbook committees. She said she was looking forward to a good club year working together for the betterment of the community.

Mrs. Bob Polvado presented the yearbooks. She surprised members by the revelation that the club's cookbooks were in. It was decided that the cookbooks would sell for \$2.50 each. Each member will have ten copies to sell.

Those present were: Mesdames James Walker, James Dewbre, Don Lynskey, Ronald Coleman, Bob Polvado, Danny Tankersley, Jim Johnson, Clyde Brownlow, Bill Foust, Gary Willingham, Loy Kern, Richard Houston, J. W. Tyson, Thelbert Asbill, Earl Polvado and Miss Jennie Allen. Guests present

were: Mrs. Deryl Bennett, Mrs. Don Gandy and Mrs. Truman Doss.

Mrs. W. A. Corder is home again after a stay in the Highland Hospital, Lubbock. Mrs. Corder was there for surgery.

Mr. and Mrs. J. O. Gathright returned Saturday morning, Sept. 10, after an eight day tour of six states. They were accompanied by their son-in-law and daughter, Mr. and Mrs. Bruce Keller and three children of Amarillo. They viewed interesting points in all six states, including the Yellow Stone National Park in Wyoming and the Grand Canyons in Arizona. They reported an enjoyable sight-seeing trip as they traveled and camped along the way.

Charles Ledbetter will be leaving soon to take over his post as President of the Student Council at South Plains College. Charlie will be classified as a Sophomore.

Cochran County Garden Club talks about color

The Cochran County Garden Club met in the home of Mrs. Kenneth Thompson on Monday, Sept. 5 with the first vice-president, Mrs. W. B. McSpadden presiding. Mrs. J. L. Schooler, Flower Show Chairman, asked for additional names for various committees in connection with the annual Flower Show sponsored by the Cochran County Garden Club each year in October. Final announcements and plans will be made at the next meeting. Mrs. Arvel Snodgrass, Mrs. Earl Brownlow and Mrs. H. A. Tuck were welcomed by the group as new members. A most informative program was given by Mrs. McSpadden on the "Use of Color". She stated that according to Faber Birren, a color theory established in 1937 is adopted by the National Council of State Garden Clubs. "This theory," quoted Mrs. McSpadden, "is not necessarily the best but is the accepted Garden Club theory". She told members that the primary colors, red, blue, and yellow blended together form the secondary ones, orange, green, and purple. All colors or hues in between are called intermediate colors. Mrs. McSpadden said that the neutral scale is of great importance — ranging from black to grey to white. Tints are formed when white is added to colors; shades are formed by adding black; and tones by adding gray. These are the elements of color. Color has three dimensions — "Hue" is color; "Value" refers to the quality of lightness or darkness; and "Chroma" is the intensity. Mrs. McSpadden listed the three classes of color as 1. Related colors, as Monochromatic or Analogous. 2. Contrasting, as direct and split complimentary. 3. Blended colors — using equal amounts of color within the spectrum. Those with eyes live in this wonderful world of color, she told the group. In everyday life we think of tints as spring colors, full color as summer, shades as autumn, and tones as winter. Those present were Mesdames: Hattie B. Spotts, Clyde Brownlow, Wayne Porter, J. L. Schooler, Roy Hill, Arvel Snodgrass, R. L. DeBusk, C. B. Jones, Truett McCuisition, W. B. McSpadden, Earl Brownlow, H. A. Tuck and Kenneth Thompson.

Teachers hired; enrollment down

Morton Superintendent of Schools Ray Lanier, said last Monday that classes began with a full teaching staff. Lanier also said that enrollment at the end of the first week of classes was down 81 as opposed to the same period last year. Filling the teaching positions are Mr. and Mrs. J. L. Cox, elementary; Miss Vanice Lovett, special education; and Haskell Grant, industrial education. Miss Lovett comes from Clovis, N.M., and Grant from Levelland while the Coxes taught here last year. Enrollment figures for this year are listed first and last year's are, of course, listed last: high school, 277-287; junior high, 270-276; elementary, 485-535; Eastside, 39-54. Totals are 1071 for this year and 1132 for last year.

Terry Bickett, son of Mr. and Mrs. Bill Bickett, left Sunday, Sept. 10, for Arizona, where he is going to work.

Bad night in Bula; Southland wins 60-0

It was a bad night in Bula last Friday as Southland stomped Bula 60-0. In the process, Southland gained 316 yards rushing and passing while Bula managed only 74 yards.

In the first quarter, Southland's Jackie Alshire first drew blood with a 35 yard touchdown run around left end. Dennis McGehee ran through the middle for the extra point. Alshire again scored with a 20 yard run off right guard to make the score 14-0. David Dabbs, quarterback, made the extra points with a sneak.

The last scores, in the first quarter came when Dabbs used a quarterback keeper around right end to make the score 22-0. Bill Beavers then received a pass from Dabbs to make the first quarter's score Southland 24, Bula 0.

The second quarter saw an 8 yard scoring run by Dabbs and a 25 yard scoring dash by Havier Salinas. In both cases the extra points never materialized, which made it 36-0.

The only thing that kept the score from being higher was that Southland only scored 8 points in the 3rd canto. Roal Alshire caught a 10 yard pass from Dabbs to make it 42-0. Jackie Alshire ran around right end to end the third quarter with the score 44-0.

Southland cranked up a little in the last period to earn two TD's and extra points. Stanley Alshire made a 20 yard scoring run around right end. Joe Basinger made the extra points with a pass from quarterback David Dabbs. Dennis McGehee made the last TD with a 50 yard run around left end, while Havier Salinas made the last points of the game with a run off right guard. That last run finished off a night

Bula football fans would probably rather forget. The final score again, Southland 60, Bula 0.

Boosters see game film, slate supper

Future meetings of the Morton Athletic Booster Association will be held in the school cafeteria, it was decided during the group's Monday night meeting. Time is 8 p.m. and coffee will be served during each meeting.

During the last session, members voted to sponsor a chili supper on Friday, Oct. 14, from 5-7 p.m. This will be prior to the Homecoming football game with Post.

A pancake supper was set for Sept. 26, but this has been postponed due to a conflict with School Dya at the Parhandle-South Plains Fair in Lubbock. Another date will be chosen Monday night.

Members also voted to put pictures of varsity basketball players in downtown store windows during the cage season.

Those present heard a scouting report on Friona, Morton's next opponent. Robert Taylor and Ted Whillock made the report.

Head coach Fred Weaver showed the game film on Morton-Olton tilt and reported that most of the boys were graded high for their efforts. Weaver named Larry Smith as the best offensive lineman of the week and Randall Tanner as the best offensive back. Defensive honors went to LaMell Abbe for his line play and Donnie Harvey for his work in the defensive secondary.

Banquet, decorate committee to meet

A called meeting of the banquet and decoration committee for the annual Chamber of Commerce banquet has been set for 2 p.m. Tuesday, Sept. 20. Chamber manager Glenda Yanney said preparations are still in progress for the banquet to be held Oct. 25.

Charles Ledbetter, son of Mr. and Mrs. M. C. Ledbetter, has returned home from Washington, D.C., where he has been working for George Mahon this summer.

Bobby Nieman left Tuesday, Sept. 13, to sail the oceans blue with the United States Navy for a spell.

STUDY is EASIER

Now that your youngsters are back in school, they deserve the best lighting possible. Their progress in school . . . and their attitude toward study . . . depend on good study lighting.

FOR PROPER STUDY LIGHTING:

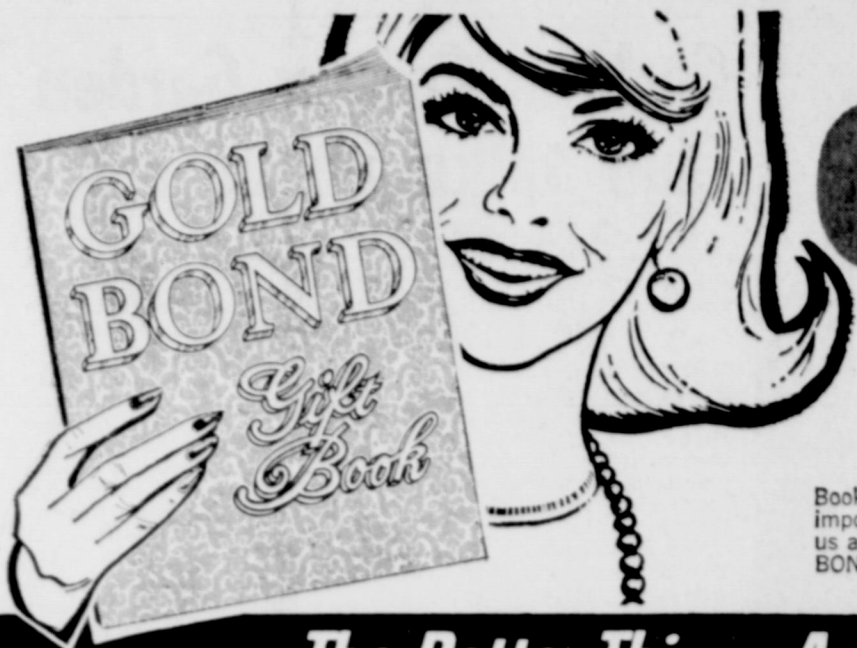

1. Eliminate dark shadows by having general room lighting.
2. Use at least 150-watt lamp of the diffused type.
3. Eliminate glare by making sure no unshielded bulbs are in sight.

MORTON TRIBUNE, THURSDAY, SEPTEMBER 15, 1966

Vote for progress Tuesday by approving bond issue

Next Tuesday, Sept. 20, Cochran County's voters will face four important questions and some of the most controversial issues brought into an election in several years.

So far, the absentee voting has been light but county officials say that this is common this time of year, since most residents plan to be in town and will vote in person. If you are planning to be out of town next week, we urge that you cast your vote before Friday's deadline.

Speculation on the issue has been high. This is good. It would be unfortunate if no one cared one way or the other about so many important questions.

Much has been said about the ballots, and their lack of specific information about the amounts which are sought in the bond elections.

County Commissioners have made their position clear about the special road and bridge tax. This proposal is for 15c per \$100 valuation and is authorized by law. Commissioners had planned to drop a 30c R&B tax completely, but now find that such funds are needed to operate the county. The residents of Cochran County hired the Commissioners' Court members to represent you. In that manner, they are recommending that you vote in favor of the 15c tax.

A separate ballot lists three bond issue proposals, each to stand on its own merits. That is, you can vote for or against each of the proposal without affecting any of the others.

One proposal is for or against the issuance of bonds for expansion and renovation of the county hospital. The Tribune previously has discussed why it favors issuance of such a tax.

As we pointed out, amounts of such bond proposals are not listed on the ballot. However, they are clearly set out in legal notices which were published Aug. 25 and Sept. 1. The maximum amount of bonds sought for hospital improvement is \$195,000.

Proposition No. 2 is for or against issuance of bonds for courthouse and jail improvement. The legal notice specifies that the maximum amount of bonds issued for this purpose would be \$300,000.

Third proposal is for or against issuance of bonds for airport improvement. The legal notice on this question calls for a maximum of \$30,000.

The amounts are clearly set out, so there should be no question of how much money would be involved on any of the proposals.

Previously, the Tribune urged approval of all four questions, the road tax because our duly-elected county officials feel it is necessary; the improvement bonds for just that reason: improvement of present facilities owned by the citizens of Cochran County and needed to keep pace with increased use and need and to protect the present investments.

Cochran County is going to be out of debt in April. There could be no better time to vote for much-needed improvements and expansion of facilities. If this county is to grow and expand, it must keep pace in many areas. The future of this county will be greatly enhanced by approval of the bond issue by you on Tuesday. We urge that you vote for progress on Sept. 20.

Let's declare war on the cause of poverty

American industrial companies once were satisfied to hire their workers, produce some needed goods and keep their own counsel about "outside" affairs. This is changing, as American businessmen realize that social and economic developments affect them. One company which has taken a lead with institutional advertising is Warner & Swasey, manufacturers of precision machinery since 1880. This Cleveland-based company has been running a series of advertisements in national magazines pointing out basic economic facts. We would like to pass along their latest:

There will always be some people mentally, morally, physically unable to earn a living. They should be under expert care or in institutions.

Others don't want to work — living off the working taxpayer is too easy. If "relief" were reduced to necessities, we'd be surprised at how many of these would sprout ambition.

But by far most of the poor don't know how to win their war — and they are the only ones who can win it. They need skill more than money.

The inexorable rule [which all the laws in the world can never change] is that you are paid out of what you produce, so to earn more, produce more. Therefore let's stop telling people we can give them something for nothing. No one can. Let's help them

Meetings to make

Groups are gathering these days to talk about Beeville and Bee County. Each group of ten persons is made up of business men and women, professional people, government employees, and other segments of our business economy. They have been asked to coffee by the Beeville and Bee County Chamber of Commerce.

The reason for these meetings is to determine a program of work for the chamber which deals with the most vital problems of our community. Chamber Executive Secretary Bill Davis begins the meetings by telling those present that to develop an industrial climate the first step the community should take is a critical look at itself. He stresses that industry will come to the community which best fits its needs, has the most attractive facilities for the employees, and really wants the industry in its area.

There is a discussion of the general needs in this area and then those present are asked to answer a few questions. The first deals with Beeville as a trade area and asks what is our greatest need in order to improve trade with our outlying communities. The answer most often suggested in one group meeting was the traffic conditions on Washington Street.

It was pointed out that one cannot enter or leave a parking spot on this street during peak traffic hours, almost all day on Saturdays or during seasonal buying, such as "back-to-school." Another reason for trading out of town was given: Even though Beeville is closer, as long as you are driving anyway, why not go to Corpus Christi or San Antonio, where you can find ample parking in shopping centers, have a better chance of finding what you want, and you don't have to fight traffic.

The answer agreed upon by those present was that business men should do all they can to aid in getting relief from trucking and other through traffic, make entry into the downtown area easily accessible to the shopper, and improve merchandise and make it competitive. The beautification of the downtown area was discussed and the consensus was that owners of the buildings should begin now to improve their places before the merchants move out to more convenient and modern buildings in a shopping center.

Kingsville, Victoria and Seguin were cited as good examples of cities where property owners did not keep pace and were soon left with empty shells in the downtown areas. Recreation facilities were discussed. A public park and swimming pool, surface water for water sports, and a public camping grounds were among the ideas put forward.

Beeville has possibilities and can grow as a trade center, but we must be aware of the danger of being too complacent, not keeping our downtown area up-to-date, or failing to take a personal interest in our trade. The past twenty years have not been kind to urban areas; only leadership among our business men can keep downtown Beeville booming.

Beeville Bee-Picayune

Efforts to organize farm workers, lowest paid of all groups of American hired labor, have now received a powerful boost. Agreement of the Di Giorgio Corporation in central California to bargain

understand they must produce more, and then help them do it. Not by cutting the work week "to spread the work". [All that does is spread poverty by raising costs and prices.] Not by emphasizing minimum wages but by emphasizing maximum productive earnings. Not by teaching hatred of the prosperous but by stimulating ambition to join them.

With this information it spits out a ration which will do the best job at the cheapest cost.

Different rations are figured for different size and weight cattle,

with a new AFL-CIO union as spokesman for its grape pickers can have national effect.

It indicates that farm labor can be organized for collective bargaining. Until this year, there had been widespread belief that field workers were too scattered, too transient to be enrolled in unions as industrial or craft workers are. Their substandard conditions were accepted by many as beyond remedy.

But there have been many changes. Agriculture is becoming more like industry all the time. Large-scale farming now includes processing, packing, and distribution. It produces working conditions more like those of factories. Workers seek the need for group representation and are willing to be organized. They make long protest marches. At the same time, publicity given the substandard wage and living conditions of migratory and other seasonal workers has aroused the public conscience.

The pending extension of the minimum wage law to these workers is one outcome of these changes. Another is the recognition of two unions (AFL-CIO for grape pickers, Teamsters for a smaller group of workers) by California's largest grower of table grapes. A third is the unionization of the field workers of Schenley Corporation in California last April.

What happens in one state may not seem of national significance, but in this case it is. Seven years ago the AFL-CIO chose California as the "target state" for unionization of farmers because of its large-scale corporation farming. It has won a victory here. Other states, with family-type farming predominating may not follow the pattern for a long time. But the California experience indicates that when and if farming becomes more widely industrialized, workers will seek and get organization. In such circumstances they need it.

Christian Science Monitor

Computer feeding begins

A computer-programmed feeding operation began this week on a limited, test scale at Wheatheart Feeders, the new feed lot located south-east of Perryton.

By Thursday, the operators had 300-head of cattle in the pens, where eventually 22,500 head will be on feed.

Chief purpose for the early small number was to test the effectiveness of the feed mill which has now been virtually completed and is ready to begin functioning.

The ration which is being fed to these test cattle is determined by a computer, just as will the ration which will be fed to all cattle when the feed lots get into regular operation.

Wheatheart Feeders has employed the services of a California nutritionist to determine the rations, and this nutritionist uses the computer to make decisions.

He leases time on a computer and rations for the lot here, as well as other lots, is determined at these periods.

The computer, in order to make its decisions, must know the nutritive value of certain available feeds, and the current market cost, as well as the needs of the cattle on feed.

With this information it spits out a ration which will do the best job at the cheapest cost.

Different rations are figured for different size and weight cattle,

With some four rations to be fed regularly by Wheatheart Feeders when the operation gets in full-scale use.

This computer may also tell the nutritionist, and he in turn will relay the information to the people here, that if a certain feed gets down to a certain price, that a ration change is advisable.

The mill which has just been completed is capable of handling a much larger volume of cattle than the present feeding pens will allow.

Should the need ever arise, addition of some more rollers would permit feeding of many more cattle.

From the mill, the feed for the cattle will go to trucks, equipped with electronic scales and electronic printing devices.

This equipment will automatically record the amount of feed going into each pen, and thus will permit efficient billing to the various cattle owners.

Despite the computer use with the ration, the human factor still will be present and men will regularly check to insure that the cattle are responding properly to their ration.

The cattle owner will pay for the feed, with a bill every 15 days, at invoice cost plus \$7.50 per ton charge by Wheatheart Feeders.

The feeding operation at the new feed lot is just one of the many facets of this new Ochiltree county enterprise.

Ochiltree County Herald

Inflation threat

President Johnson at last has shown recognition that inflation is a real threat to the well-being of the nation and its people, and not just a minor flaw in our prosperity. More important, he has vowed to take whatever steps are necessary to put an end to it and to "maintain stable growth and prosperity."

In recent speeches on the campaign trail he has tried to minimize the inflation, which has become a matter of increasing public concern, by telling his hearers, in effect, that they never had it so good. While there may have been an element of truth in this, it didn't work. Price rises on every side drowned out his words.

In openly facing up to the issue, the President made it a major confrontation. He viewed it frankly in all its aspects. He spoke of the exaggerated boom in business investments in recent months, of the growing tightness of money, of the declining trade surplus that worsens our international balance of payment, of the sustained price increases in food, services and industrial products that make inflation "a cruel and unjust tax on all the people."

Though his specific recommendation affected only the business sector and was an attempt to slow its demand for money, he promised to buttress this measure with other actions to cool off the economy. These longer range actions included the classic remedies for inflation — higher taxes for the general public as well as for business and a tight rein on government spending.

These would help to relieve the reliance upon high interest rates, which so far has been the single and hard-pressed defender against the rising inflationary pressure.

Whether the proposed suspension of investment tax credits and accelerated depreciation will have the desired effect, or will merely add to inflationary pressures later, remains to be seen. But they represent a start, and one that may be considered late but hopeful. In putting out a fire, next best to getting there with its incipency is getting there with what it takes to do the job.

Highlights and Sidelights —

Master water plan delayed

AUSTIN, Tex. — While most of the state welcomed the touch of cool rains last week, Texas Water Development Board lost all hopes of completing the Texas Water Plan by the time the Legislature opens January 10.

Board will take from four months to a year before it acts on adoption of the preliminary Texas Water Plan due to the scores of suggestions received from a series of river basin hearings.

All suggestions must be screened even before the Board can refer the plan to Texas Water Rights Commission for a public hearing on Water Rights involved.

A panel of five consultants, headed by Joe M. Kilgore, has gone over a list of proposed studies prepared by the Board's planning staff. The panel will present their suggestions to the Board at meeting on September 19. Mainly, these will cover which studies can be made within the money available to the agency during the fiscal year.

Another water study by the Development Board, to determine the occurrence and quality of underground in Shackelford County, will begin in mid-September, Executive Director Joe G. Moore announced.

Richard Preston, a water development board geologist, will conduct the study, which will begin with an inventory and sampling of all domestic, municipal, livestock, irrigation and industrial wells in the county.

Study will then move to the collection and compilation of data regarding depth, distribution and quality of underground water. Surface and shallow subsurface rock formations will also be examined as an aid in determining the depth and mode of occurrence of ground water requiring surface casing protection in oil and gas drilling operations.

Texas Water Rights Commission has approved an amendment to the permit held by Trinity River Authority and the City of Houston which would nearly triple the storage capacity of the proposed Wallisville Reservoir. But another public hearing will be called to reconsider the application, if the federal government does not confirm its participation within a year.

AG OPINIONS — Atty. Gen. Waggoner Carr has held that when the county attorney in a county of 20,000 or more population wins a suit and collects delinquent personal property taxes, he may deduct a commission from the taxes. County attorney, however, must pay that commission into the county treasury for the officers' salary fund, Carr held in the opinion requested by Harris County Attorney Joe Resweber.

In another official opinion, Carr held that names of contributors and amounts of their donations to buy land for Lyndon B. Johnson State Park in Gillespie County do not have to be made public. Opinion affirmed the position of State Parks and Wildlife Commission Chairman Will E. Odom who has declined to disclose sources of the park fund. Odom is fund trustee and receives donations for purchase of park land.

Attorney General concluded that park fund administration is not an operation of the PWC, and that it's up to private administrators to decide whether to announce the names of various donors.

HEAD START — Approximately 60 Head Start programs are being held up in five Southwestern states because of Congressional delay in approving appropriations for the Office of Economic Opportunity, Regional OEO Director Bill Crook reports.

Delay, said Crook, is proving costly in both time and money to the agencies which had expected to correlate the pre-school readiness programs with the regular school term. In some cases, he stated, administrators are serving without pay, rather than hurt the continuity of the program.

First priority on funds allocated to Southwest regional office is being given to those projects which are already in operation in the five states.

Crook's office is writing letters to local community action agencies and school districts, explaining that final action cannot be taken on their applications until Congress comes through.

BUDGET MAKERS — Before the State Legislature convenes, members of the House of Representatives' side of the Legislative Budget Board are personally inspecting state institutions, acquainting themselves with operations and needs throughout the state.

Group began surveys in the Dallas and Denton areas last week. Next they plan to go to Huntsville, Texas A&M University and Waco.

DEAN'S OPINION — Page Keeton, dean of the University of Texas School of Law, strongly urged a complete recodification of Texas' 110-year-old penal code.

Keeton said the penal code had undergone "intermittent patching" during the years "without reference to the problem of maintaining a consistent system. . . . The plan fact," he continued, "is that we have been 'getting along' with our present law. But I believe our administrators are doing a good job, not because of, but in spite of, our present system of substantive criminal law."

Keeton recommends complete re-

vision of the laws, rather than "piecemeal" revision.

SHORT SNORTS — After their Labor Day rally in Austin, most of the Rio Grande Valley "heulga" marchers and their backers — supporters of the state minimum wage legislation — returned to their homes leaving two sentinels stationed on the Capitol steps.

Austin will play host Sept. 16 to approximately 2,000 Texans for a one-day symposium on the correction of language disabilities among the state's school children — officially named the Speaker's Symposium on Language Disabilities.

Texas share of U.S. defense contract work increased during last fiscal year by \$844,685 — only California and New York had a bigger share.

Cigarette taxes went up again in Austin, to \$12,800,000 as compared

to \$11,500,000 in July.

A House committee on juvenile crime (headed by Rep. Vern Stewart of Wichita Falls) to make recommendations next January will hold its next-to-last hearing in San Antonio Sept. 21 and has invited professional youth workers any citizen to express their views on needed legislation.

Registration of securities public sale in Texas topped a billion dollars for an all-time high during the fiscal year ending August 31. State Securities Board announced (permits were for \$339,941,650).

State draft boards will be called upon to furnish 2,328 men for armed forces in November. October quota — largest monthly since 1953 near the end of the Korean conflict — has been increased from 2,61 to 2,845.

SPC registration set Sept. 15; new high enrollment expected

LEVELLAND (Special) South Plains College will begin registration at 7:30 p.m. September 15 in the college library, announced Director Frank Hunt.

Additional courses have been added for this year and college credit courses which lead to an Associate degree at SPC and will transfer to a senior college are always offered in the Evening Program. Other credit and non-credit courses are designed to improve vocational competency; to provide a community service; and to serve business industry; and the recreational and cultural interests of the individual.

Special provision has been made in the Evening College schedule to satisfy needs of the individuals participating in the new GI benefits program. It is now possible for a student to take a total of seven semester hours on two nights. A one-hour Freshman Orientation (111-21) class has been added on Monday evening meeting from 6 to 7 p.m. Engineering or Math majors may take a two-semester hour slide-rule class (eng-212) meeting on Wednesday evenings from 7 to 9 p.m.

A beginning Welding section has been added on Saturday mornings from 9 a.m. to 12 a.m. and another section of EDP 233 (Introduction to Programming) has been added on Monday and Wednesday evenings meeting from 5:30 to 7 p.m.

Brochures were mailed out this week and every family in the area should receive one of the attractive folders.

Evening classes will be held 77 to 10 p.m. Monday through Thursday of each week.

All students are encouraged to register Sept. 15. Late registration will close on Sept. 23. Registration for non-credit short courses is at the time of the first class meeting.

South Plains College will begin its ninth year of operation with classes beginning Sept. 19. All indications point toward another record year. Administrators are reluctant to quote an estimate in enrollment but it could go to the 1500 mark. A total of 1122 were enrolled during the 1965-66 fall term.

Pre-registration during the summer recorded 777 who will be ready for classes without the usual scheduling of classes, registration and scheduling of classes. This number compares with 562 pre-registering last year.

According to Registrar Charles Sylvester, registration will continue for a period of only one week this fall, coming to a close on Sept. 23. It will begin at 9 a.m. Friday, Sept. 16 in the college

library for Sophomores. At same time all freshmen, including those who have pre-registered, will report to the college auditorium for orientation.

Freshman registration will begin in the library at 1:30 p.m. Sept. 16. Sophomore registration will continue at that time. Freshmen may also register on Sept. 16 and on through the week of Sept. 23.

The ACT examination will be given in the Science - Engineering Building on Monday, Sept. 12, beginning at 8 a.m. This test is for all students who have not taken the SAT or ACT college entrance examination.

Administrative Dean W. L. Walker has announced that only a few spaces remain in the women's dormitory and that all spaces have been filled in the men's dorms, including the two-story structure being completed. There is also a waiting list of some 30 young men wanting to enroll at SPC.

Academic Dean Nathan Taylor met with the new instructors the first time in a group Tuesday morning. Eighteen new instructors have been employed for this year. They are additions and some replacements.

All dormitories will open at 2 p.m. September 15.

Acreage survey cards distributed

Postmaster Murray L. Crane announced today that Rural Mail Carriers will begin distributing Acreage Survey Cards to patrons on their routes about September 14.

The Post Office Department assists U.S.D.A. in making this survey each year. These reports, directly from farmers, are the basis for official estimates for Texas acreage of all crops harvested in 1966.

To be sure this community is well represented in the survey, Postmaster Crane urges each patron receiving a card to fill it out and return it to his mailbox.

Rural mail carriers working on this project are: C. F. Winder, Route One; Jerry Winder, Route Two; E. O. Outlaw, St. Rt. 2.

RODS IN COMBO

Ads often offer "combination" casting and spinning rods. Such a rod, if of high quality, can be used as a makeshift, or an emergency. But for best results use casting rods for casting and spin rods for spin fishing.

'Face, Three-Way football schedule

Football schedules for Whiteface and Three-Way include the following games.

The Whiteface game schedule includes: Sept. 16, Lazbuddie, T; Sept. 23, New Home, H; Sept. 20, Cooper, T; Oct. 14, Anton, T; Oct. 21, Ropes, T; Oct. 28, Amherst, H; Nov. 4, Sundown, T; Nov. 11, Wilson, H; and Nov. 18, Meadow, H.

The Three-Way game schedule includes: Sept. 16, Dawson, H; Sept. 23, Loop, T; Sept. 30, Southland, T; Oct. 9, Anton B, H; Oct. 15, Flower Grove, H; Oct. 21, Smyer, T; Nov. 4, Cotton Center, T; Nov. 11, Bula, H; and Nov. 18, Whitharral, H.

Betty Lou Ledbetter is attending the University of Texas School of Nursing in Galveston, Tex. this fall.

Officers at meeting . . .

ELMA L. SLAUGHTER officers include Mrs. Lovell Jackson, historian, Mrs. John L. McGee, treasurer, Mrs. H. B. Spotts, parliamentarian, Mrs. Roy Brown, secretary, Mrs. Jack

Gunnels, reporter, Mrs. Iva Williams, 2nd vice president, Mrs. Leonard Coleman, president, Mrs. Elra Oden, 1st vice president, and Mrs. Elzie Browne, auditor. TRIBPix

Slaughter Club has President's Dinner

The Elma L. Slaughter Study Club met in the home of Mrs. Willie Taylor for the President's Dinner on Thursday, Sept. 1.

Mrs. Elra Oden led in the invocation and Mrs. Roy Gunnels acted as toastmistress, introducing Mrs. Leonard Coleman, the new president.

Mrs. Coleman led in a short business session and outlined the plans for the coming club year.

Mrs. W. M. Butler, Jr., yearbook chairman, presented the year books to the Club and asked that each woman put forth her best for the coming year.

After the year book presentation the members of the Club revealed their secret pal's with a gift.

The next meeting will be on Thursday, Sept. 15, 7:30 p.m. with Mrs. E. D. Jackson.

The following club members were present: Mesdames Roy Brown, Horace Gardner, Lovell Jackson, C. E. Dolle, Iva Williams, John L. McGee, Earl Brownlow, W. M. Butler, Jr., Leonard Coleman, Elra Oden, Roy Gunnels, Elzie Browne, E. D. Jackson and the hostess, Mrs. Taylor.

Muleshoe pastor to hold revival

Whiteface Methodist Church will hold a revival September 18 thru September 25. Services will be held twice daily except Saturday, with coffee and rolls being served at the 7 a.m. services. Nightly services will begin at 7:30.

Evangelist will be Rev. J. Frank Peery, pastor of First Methodist Church in Muleshoe. A native of Fort Worth, Rev. Peery began preaching in 1941. Since that time his positions have included that of Associate Pastor at Polk Street Methodist Church in Amarillo and Pastor of Trinity Methodist Church also in Amarillo. Rev. Peery authors a weekly column, "Frankly Speaking," for the Bailey County Journal.

A reception will be held in Fellowship Hall of Whiteface Methodist Church following services Sunday night, September 18. Everyone is invited.

To meet the changing needs of youth, 4-H has increased its educational projects and opportunities. Among the new offerings are: automotive care and safety, home management, personality development, conservation, horse, dog care and obedience, and community beautification. These are being supplemented with intensified activities of career exploration, science, health, nutrition, recreation, public speaking, and safety.

For the young person with suitable facilities, the proven standard projects are highly recommended.

Agents Homer Thompson and Jennie Allen invite all young people 9-19 years of age living in Cochran County to learn of the opportunities offered by 4-H. They are invited to call their office at the County Activity Building. Now is a particularly good time to inquire about 4-H with new groups forming and established clubs being reorganized, they point out.

Adult volunteer leaders interested in working with youth are needed. Men and women willing to assist boys and girls develop to the fullest their citizenship and leadership abilities, are encouraged to contact County Extension Agent Homer E. Thompson.

Mr. and Mrs. S. A. Ramsey took a business or pleasure (no one is sure which it was) trip to Plainview Tues., Sept. 6, to take their daughter, Peggy, back to Wayland Baptist College. Peggy will be classified as a Sophomore this fall.

Highway group to stop in Clovis, Portales, Santa Fe

The Morton Area Chamber of Commerce Highway Committee left yesterday to make stops in Clovis, Portales and Santa Fe, N. M., to promote the improvement of State highway 116.

In Portales they spoke to Chamber manager Ray France and Os-

car C. Essary, chairman of the Roosevelt County Commissioners Court.

Members making the trip from the highway committee included Van Greene, Jack Russell, Tip Windham, and Glenda Thompson. Also going were Glenda Yancey, Morton Area Chamber of Commerce manager, and Jesse T. George, former manager.

Several Jaycees were scheduled to attend the meetings also.

Several from Morton attended a wedding shower held for Mrs. Ronald Golden in Plainview Friday, Sept. 9.

Doug Corey, son of Mrs. Robert Cross, left for the campus of Texas A&M recently.

Linda Lynch has been working in the Texas Tech Library this summer and will continue her quest for knowledge there this fall. Miss Lynch is classified as a Junior.

Olton Mustangs blast tribe 28-0 in season's first game

Olton gave Morton a lesson in basic football Friday night, both offensively and defensively, as the Mustangs downed the Indians 28-0. New head coach Don Beck was expected to have trouble filling the quarterback slot, as Olton was playing without a Priest calling signals for the first time in many years.

But Beck alternated Charles McClain and Bobby Turner with great success and had little to choose between the two.

Morton opened the game with a powerful surge, but finally lost momentum. Randall Tanner took the opening kickoff back from his 14 to the 22. Tailback Donnie Harvey struck for nine yards on a dive play, quarterback John St. Clair kept for two. Tanner added three and fullback Jimmy Waters burst loose for 17.

Harvey got three, Olton was penalized five yards. Waters got three, then the drive sputtered as the handoff was fumbled and Waters recovered for an eight-yard loss. St. Clair passed to Harvey for seven, but his next pass was incomplete.

St. Clair punted beautifully, putting the ball out of bounds on the Olton one.

But the Mustangs showed they were ready to move the ball. Fullback Ricky Smith blasted for two yards, then Turner kept for 45 yards before Harvey chased him down. Smith got four and Turner passed to Steve Spain for 10 more. McClain then showed he could run with the ball, as he kept on a reverse for 16 more. R. L. Copeland circled right end for five. Spain hit for eight. Turner kept for two and Dale DeBerry went the last seven yards of the 99-yard drive on a delay over right tackle. Turner passed to end Kenneth Moss for two extra points and Olton led 8-0 with 3:21 left in the first period.

Following the kickoff, Morton and Olton exchanged punts to close out the first quarter.

Morton ran three plays at the start of the second period, then punted. Olton drew a five-yard penalty as the receiver signaled a fair catch and then tried to run. LaMell Abbe nailed him to stop any possible runback.

Olton picked up a first down, then Albert Key fumbled and Jimmy Waters recovered for Morton on the Mustang 37. Waters picked up 8 and Waters slashed over left tackle for 11 more. Waters got one more, then was nailed for a five-yard loss. Tanner was dropped for another five-yard loss and a pass attempt was no good as Olton took over on its own 27.

After moving for a first down on two running plays, Turner hit Jim Huckabee for 15 yards. That gain was nullified on the next play as Olton was penalized 15 steps. On an incomplete pass play, Morton's Larry Smith, a tough tackle, received a hand injury and sat out the rest of the game. Turner hit Jim Smith on a screen pass, but Hershel Lamar smelled out the deception and dropped Smith for a four-yard loss.

McClain came right back and hit Smith on a 40-yard aerial, to move the ball to Morton's 27. But his next pass was intercepted by John St. Clair on Morton's 13.

Harvey carried for 4, 15 and 13, but two aerials fell incomplete and St. Clair ate the ball for a six-yard loss as the half ended.

Olton lost little time in the third quarter as Johnson returned the kickoff from the 20 to the 40. Key carried for nine and three, then McClain kept for four before bursting loose up the middle. He cut to his left and scampered 44 yards to the end zone with 10:04 left in the period. Turner kept on an option around right end for two points to make it 16-0.

A short kick-off put Mor-

ton in action from their own 45. St. Clair kept for 14 over left guard. Waters got eight and Harvey carried for three and eight. St. Clair carried again for 12 to the Olton 18. Harvey picked up two, Waters got four hard yards, then went off tackle for three more. But he was jarred loose from the ball

1-B 8-man football schedule set

District 1-B's 8-man football schedule was released recently by Archie Sims, the district's chairman.

The high school games include: Oct. 21, 3-Way at Smyer, Bula at Whitharral, Cotton Center open; Oct. 28, Cotton Center at Whitharral, Smyer at Bula, 3-Way open; Nov. 4, 3-Way at Cotton Center, Whitharral at Smyer, Bula open; Nov. 11, Bula at 3-Way, Cotton Center at Smyer, Whitharral open; Nov. 18, Whitharral at 3-Way, Cotton Center at Bula, and Smyer open.

The grade school games all starting at 6 p.m., include: Sept. 15, Smyer at 3-Way, Whitharral at Bula, Cotton Center open; Sept. 22, Cotton Center at Whitharral, Bula at Smyer, 3-Way open; Sept. 29, 3-Way at Bula, Smyer at Cotton Center, Whitharral open; Oct. 6, Whitharral at 3-Way, Bula at Cotton Center, Smyer open; Oct. 13, Cotton Center at 3-Way, Smyer at Whitharral, Bula open.

Oct. 20, 3-Way at Smyer, Bula at Whitharral, Cotton Center open; Oct. 27, Whitharral at Cotton Center, Smyer at Bula, 3-Way open; Nov. 3, Bula at 3-Way, Cotton Center at Smyer, Whitharral open; Nov. 10, 3-Way at Whitharral, Cotton Center at Bula, Smyer open; Nov. 17, 3-Way at Cotton Center, Whitharral at Smyer, and Bula open.

and Key recovered in the end zone for a touchback to thwart the Mustangs' best efforts.

Olton moved from their own 20 to the Morton 39, thanks in part to McClain's 31-yard keeper. But Turner's pass attempt was intercepted by St. Clair, his second interception of the night.

Morton moved well on the ground, but a five-yard penalty slowed their momentum and the Indian needed to punt.

Staying on the ground, Olton moved from their own 27. In ten plays, they had scored again. Key went the last eight yards, over left guard. A pass attempt was no good, but Olton led 22-0 with 7:34 left in the game.

Morton's reserves tried to move the ball, but got only nine yards on four tries as the ball went to Olton on their own 47. Benny Akin got five and speedster Dale DeBerry found an opening and went 48 yards for the last score of the night. The kick attempt hit the post and was no good. Olton had a 25-0 edge with 5:15 left.

Harvey led the Morton ball carriers with 74 yards, in 12 attempts for a 6.2 average. St. Clair gained 42 yards in nine carries, to average 4.8, despite some losses, while trying to pass. Waters averaged 4.3 with 43 yards in 10 carries.

Captain Fred Weisner went almost exclusively with his starting 11. Following are game statistics:

Morton	Olton	
10	First downs	18
181	Rushing	250
7	Passing	77
1-9	Completed	6-11
2	Intercepted by	0
1-2	Fumbles lost	1-2
5-30	Punts, average	1-32
1-5	Penalties	4-30

Hankering for good entertainment? Attend the after-game fellowship at First Baptist immediately after we beat the Friona Flycatchers.

Sept. 19 to kick-off 4-H week

National 4-H Club Week is Sept. 24 through Oct. 1. To celebrate, Cochran County 4-H Council, with delegates from each club, have planned a 4-H Fair Night for Sept. 19 at the County Activity Building at 7:30 p.m.

Exhibits will be prepared by local 4-Hers on their projects and demonstrations for 1966. Boys and girls who are interested in finding out more about 4-H are urged to attend with their parents. The event will be a family affair with all clubs co-sponsoring the event. The Morton Club is planning recreation and refreshments for the evening.

Mr. and Mrs. B. W. McLendon are off on a pleasure jaunt to visit their daughter and family, Mr. and Mrs. Troy Brazier and boys, David and Robbie, of Co-chise, Ariz.

If you need a library book from South Plains College Library, just ask Jeanetta Rowden, daughter of Mr. and Mrs. Wayne Rowden. Jeanette will be classified as a Freshman at South Plains this year.

team! Go!

ALTHOUGH Morton didn't fare too well in their battle on Olton last Friday night, you'd never know it to look at cheerleader Sharon Graves, senior. This young lady, and the other Morton students, really tried to yell the Indians on to victory. But it didn't work, as the Indians fell to the Mustangs 28-0.

P Fair features sweetheart, twirling

BOOK - Thirty-eight girls from West Texas and eastern New Mexico are competing for honors in the 13th annual Texas Twirling Festival, one of several attractions of the annual Panhandle South Fair, set here Sept. 26-Oct. 2.

Contestants, ranging in age from 17 to 17, are competing for prizes by photograph only. A short and four runners-up will be selected.

Photographs have been mailed to the contest. Winners will be selected prior to the opening of the fair, which will feature the Young American in two-daily appearances at Fair Park Coliseum.

Although the entry deadline for the sweetheart contest has passed, officials are still accepting entries for the twirling competition. Entry fees are \$2.50 for 300 anticipated contestants.

Contestants in more than two divisions in all age brackets boys and girls. Trophies and prizes will be awarded in addition to the sweetheart, team and teacher prizes. Entry blanks may be secured from Mrs. Benni Dunn Evans, 3019 38th St., Lubbock.

Contestants include Debbie Ben-Lisa Craig, Kay Evans, Mercedes, Penny Jones, Terri McDonald, Sherry Pennington, Robin Pierce, Margie Porter, Nola Ann Bagley, Penny Baker, Sydney McDonald and Ann Banay. Other contestants include Nelda Smith, Plainview; Carolyn Byrnes Wofford, both of Lock-

ney; Candie Copeland, Levelland; Maryanna Foster, Amarillo; Kelly Guest, Sweetwater; Scarlett Hatley and Carolyn Lumsden, both of Littlefield; Kyla Hicks and Peggy Roddy, both of Hale Center; Diana Lyn Hopson, Brownfield; Darlene Johnson, Sandra Lynn Lavender, Marjorie Phillips, Becky Sawyer, all of El Paso; Robin Renee Kerr, Felicia Kay Little, Patti Jo Little and Vicki Deane Little, all of Slaton; Daria Kay Lewis of Abilene; Suzette Samuel, Dallas; Lisa Townsely, Lorenzo; Melinda Walker, Fort Worth; Sharon Williams, Farwell; and Debbie Wright, Tahoka.

Meanwhile, entries are being received for the Our Little Miss Fair contest, also a fair feature. The contest is an official preliminary pageant to the World's Our Little Miss contest. Winners will be named in two categories, Miss La Petite, for ages three to six; and Our Little Miss Fair, for ages seven through 12.

Contestants will be judged Sept. 30-Oct. 1 in formal and sports wear, and a talent division has been added for the older group. Entry deadline is Sept. 18, according to Mrs. Evans, who also heads this competition.

Ford and company will be appearing at 3 and 7:30 p.m. daily with tickets priced at \$2, \$2.50, \$3 and \$3.50. Children 12 years and under are admitted for one-half price at all matinees. Tickets may be obtained at the fair office, PO Box 208, at Dunlap's in Caprock Center, the Pioneer Hotel, or at Hester's, 14th St. and Texas Ave. Those purchased prior to the fair opening are accompanied by free gate admissions passes.

Have You Really Given The Hospital Election A Thought? Do You know the status of the hospital situation Now?

LET US SHOW YOU FIGURES ABOUT THE HOSPITAL NOW!

The following figures are reflected in the records of Cochran County

COCHRAN COUNTY HOSPITAL AND MEDICAL EXPENSES

	1962	1963	1964	1965	7 mos. of 1966	Total
Contracted May, 1962.	20,000.00	15,000.00	10,000.00	5,000.00	5,000.00	55,000.00
Direct Payments						
Building Improvements			4,000.00	3,000.00		7,000.00
Payments above Contract				4,000.00	7,000.00	11,000.00
Indigent Medical Care						
Drugs (all)	500.42	323.48	1,011.34	1,690.95	2,069.74	5,595.93
Hosp. Exp. (all)	6,538.16	8,807.13	8,576.36	18,790.34	3,382.10	46,094.09
Anesthetic Fee			45.00	80.00		125.00
Dr. Fees (all)		29.00	233.00	371.00	26.00	659.00
Ambulance	770.00	75.00	556.44	250.00		1,651.44
Indigent Care Total	7,808.58	9,234.61	10,422.14	21,182.29	5,477.84	54,125.46
Total Expenses to Taxpayers	27,808.58	24,341.61	24,422.14	33,182.29	17,477.84	127,125.46

It was generally understood that the hospital would be operated for a period of five years at a cost to the County of \$55,000.00. The County, to date, has paid more than \$127,125.00 for health services and there are some five months yet to go on the five years. The County Commissioners were called upon for \$6000.00 more funds in a meeting Monday Morning, September 12, 1966.

	Daily Average	% of Occupancy	Clinic Patients	
Hospital Occupancy	June, 1965	6.4	June, 1966	1599
Hospital Occupancy	July, 1966	9.2	Average per day	53
		41.0%	July, 1966	1489
			Average per day	48

From figures furnished by the Hospital Administrator

Did you know that the Commissioners Court has been advised by the Tax Council of the Oil Companies (who pay approximately 75% of the County taxes) that if taxes are raised, the Oil Companies will demand that local properties' values be increased?

CAN WE AFFORD TO DOUBLE THIS? VOTE NO SEPTEMBER 20!!

Adv. pd. by Committee Against Higher County Taxes

Wednesdays—
Midweek Service — 7:30 p.m.

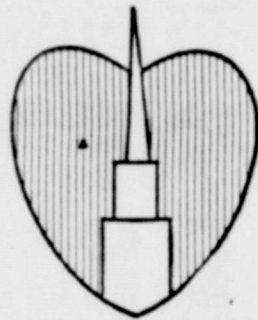

Be ever mindful and thankful
to GOD for ...

HEALTH and FOOD

In our nation today, the majority of us have so much to be thankful for. Sure we lose a tooth or two in growing up, as the one pictured here, but these will soon be replaced. Health and Happiness are generally ours, and through our abundance we should share with others who are less fortunate. God's word and the church encourage sharing with others. There are many areas of service to others within the churches, and these we should not neglect, but God has said that we should take advantage, as we are able, of all opportunities to give aid.

"As we have therefore opportunity, let us do good unto all men."

GALATIANS 6:10

THE CHURCH ENCOURAGES
LOVE AND COMPASSION
FOR OTHERS

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Coleman Adv. Serv.
