## Encephalitis

Another increase in encephalitis has been reported by Richard Biggs, Morton Memorial Hospital administrator. Three new possible cases bring this week's total to six confirmed and three possible. Last week there were five confirmed and one possible. Biggs said this number of cases was nothing higher than usual. He said that Corpus Christi had 10 cases which is ten times more than Morton's cases, but that Morton is far less than one-tenth the size of Corpus.

## all of car-live lock wreck: 2 orses and 1 car

Another car-livestock accident ended the lives of two horses and severely damaged a car late Monday night about two miles west of highway 116 on FM 2195. Driver of the 1963 Chevrolet station wagon, Lindy L. Chancey, 26, 204 S.E. 2nd, was not injured. Chancey was driving west on highway 116 when several horses ran into her car. However, he was able to stop in time and his car struck and killed two of them. The horse, an Appolusa stud belonging to Curtis Petree, was valued at more than \$750. The other, a 18-month old mare, belonged to Mrs. Mullinax and was valued at \$125.

After the collision, Chancey was driving to a nearby farm house when the car exploded in flames. "It was when I started laying tracks getting out of there," she said. Morton volunteer firemen were called to extinguish the blazing station wagon about 10:50 p.m. but not before flames had considerably added to the damage of the wreck. Investigating officer T. A. Rowland, Department of Public Safety, said the \$1400 car received \$1200 in damage in the wreck and fire. No charges would be filed.

## Acquainted

Morton Lions are hosting all teachers and their spouses at an annual get acquainted party, tonight, Thursday, Sept. 29, at 8 p.m. in the activity building. Rev. Fred Thomas urged all teachers and their spouses to be present if possible.

## Site selected for new post office building

Right there . . .

POSTMASTER MURRY CRONE happily points to the site that has been selected for the proposed new hospital. The site is located behind Allsup-Reynolds and is just across the

street from the present post office. The new building will have 3,300 square feet as compared to the present 2,200 square feet. TRIBPIX

A site for the proposed new post office building was selected at a meeting of 14 business and civic leaders in the Chamber of Commerce office Tuesday afternoon.

The site, selected from a total of two proposed sites, is located near the present post office building. It is block 152, lots 1, 2, and 3. It is north of Allsup-Reynolds Chevrolet and south of the present post office.

The other site was directly east of the present post office and west of the fire station. It is block 136, 6, 7, and 8.

Postmaster Murray Crone told the business people present that several other sites had been located but either the people didn't want to sell or their selling price was too high.

Crone also said that the Post Office Department set up certain regulations for the building of the new post office. One of these requires the site to be located on a corner containing three lots and to be located within a two block radius of the center of town, and off the highway.

He said, "There aren't too many possible sites that are within the two block radius."

"However, if you people so desire, we can write back that the proposed sites have been rejected and another request for sites can be issued," he said.

He also added that he was a little disappointed in the number of sites offered. "I hoped we could have at least four or five."

Another of the Post Office Department's requirements is that the proposed sites have an option on them. When the contract is let, the contractor picks up the option on the sites and builds the required building.

The rental of the building is also bid on at the time the contract is let. The present building has a total of 2,200 square feet of space while the proposed building would contain 3,300 square feet.

Crone stated that the options on the present land would have to be exercised within 120 days from the time the option was taken. He said that the option on one of the sites would have to be exercised in October.

One of the businessmen asked what would happen if the sites were rejected by the Mortonites. Crone replied that the Post Office would either try to secure other possible sites or that they would refuse to build a new post office at all.

A motion was made by Mayor Jack Russell that the site behind Allsup-Reynolds be the first-choice site. A second was made by Carl Ray, and a unanimous vote in favor resulted.

## INJURED ARE READY

# Muleshoe hosts Indians on Friday

Still trying to break into the win column, Morton will journey north to tangle with the Muleshoe Mules Friday. Muleshoe, a member of District 1-AAA, has a record of one win, one loss and one tie after its three outings.

The Mules opened with a 6-6 tie with Dimmitt, lost to Littlefield and then edged past Olton 7-0.

All of Morton's starters are expected to be ready for the 8 p.m. kickoff, according to coach Fred Weaver. Five of the Indian regulars were hobbled during the first half of last week's game with Abernathy. Quarterback John St. Clair received an ankle injury, guard Billy Smart received a slight concussion, tackle Dick Vandlingham was nursing a pulled ligament in his knee, end La-Mell Abbe had an injured hand and ankle and halfback Dornie Harvey had a slight ankle injury.

Smart was retained overnight in Morton Memorial Hospital, but got a go-ahead nod from doctors this week.

During a meeting of the Morton Athletic Boosters Monday night, Weaver wryly commented, "Abernathy did what we had said they were capable of doing, they just ran right past us with their speed."

But I was proud of our kids. They didn't let down. Grades on the game film showed they were generally doing a good job."

Weaver named Donnie Harvey as outstanding back during the game, both on offense and defense. Larry Smith earned defensive lineman honors. Three boys — Larry Shaw, Jerry Luper and Ray King — received identical scores on offense and were honored jointly.

The scouting report indicates that Muleshoe will be the best defensive team to go against the Indians this season. They also will

## Dust, lint, paving, spraying discussed in Council meet

Ginners attending the Morton City Council meeting last Monday night had a dirty question put before them by six residents of Morton: "Why don't you do something about the dirt and lint the gins produce?"

The Mortonites, all colored and headed by H. Y. (Chris) Christian said they had tried last year to have something done by the ginners about the dust and lint problem but that not much was done. One ginners replied that he had put over \$4,000 in equipment in his gin to help eliminate the problem but that it hadn't done a whole lot of good.

The only lady present, Mrs. Ira Miller, asked, "Well, what about the lint?"

"We gin the lowest quality cotton on the Plains and that's the problem. If the farmer would take a little more care in his planting and picking, it wouldn't happen. There wouldn't be all that dirt and trash in the lint," replied one ginners, Mark Kennedy.

To which the lady said, "You can't even hang up clothes when you're ginning."

"I work down there every day and I know what it's like," Kennedy said.

Another colored residents said, "You come down there when you're ginning and spend the night there. No, you don't even have to

Summer's gone . . .

DREAMING OF SUMMER past is our Oct. Calendar Girl, Charlotte Smart. Charlotte, an 18 year old Morton High senior, chews thoughtfully on a leaf as she thinks of all the things

she wanted to do but didn't quite get around to doing. Now that fall is officially here, she will have to think of Halloween, falling leaves and cool weather. Oh well, there's always next year. TRIBPIX by George Tuck

## Seagler resigns, Hargrove is new CofC president; Leon Kessler hired

A new manager and a new president were named for the Morton Area Chamber of Commerce in a special board meeting Tuesday.

Leon Kessler of Morton was named manager of the Chamber, effective Nov. 1. George Hargrove was elected to serve as president of the group until January, filling an unexpired term. Hargrove replaces Joe Seagler, who submitted a letter of resignation to join the staff of the Seminole Chamber of Commerce.

Hargrove now becomes the third Chamber president of the current year. Don Workman was installed as president, but resigned when he moved to Lubbock. Seagler was elevated from vice president to president to fill that vacancy.

Kessler was one of three applicants considered during Tuesday's meeting. Others were Mrs. Ann England of Hereford, formerly of Morton; and Gary Miller of Levelland. Mrs. Glenda Yancey, who became acting manager upon the resignation of Jesse T. George

on Sept. 1, will remain as manager until Nov. 1 and then will serve as secretary to Kessler for two weeks before leaving for a job in San Antonio.

In other action, the board was told that arrangements had been made to locate Lone Star Amusement rides on a vacant lot east of Higginbotham - Barlett Lumber Company Oct. 10-15. At least three concession booths have been applied for by local groups. Any local club or organization may ap-

ply for a concession or amusement booth through the Chamber office. The rides will come to Morton sponsored by the Retail Committee, headed by Carl Ray.

The board also approved payment of \$21.22 penalty to the Internal Revenue Service.

In his letter to the Chamber board, Seagler said: "Dear Gentlemen: "It is with deepest regret that my personal affairs require me

See C of C, Page 2

## Road tax issue fails, tax increase is likely

In a called meeting Tuesday morning, Cochran County Commissioners Court certified the votes of the recent bond issue and road tax election. The votes were the same as before, but the possibility of a contested election

still exists. The hospital passed 609-407, the courthouse-jail passed 518-480, the airport failed 386-603, and the road tax failed with a tie vote 507-507.

County Attorney Jim Walker ruled that the road tax failed because Texas Statutes say that an issue must be passed with a majority vote. He explained that as far as he could determine, Texas Statutes make no provision for a tie vote.

County Judge Johnny Love said that unless the election is contested within 30 days from the date of certification of votes, the results of the election would stand. The figure of 30 days was also verified by Walker.

Also at the meeting, the Commissioners met with and retained an architect and an investment consultant. They are Roberts Stiles & Messersmith and First Southwest Co., respectively. The architect is to draw up plans for the hospital and courthouse-jail, while the investment company will handle the bonds.

Judge Love said that the commissioners will meet with the architect at the next regular meeting and look over some of his work. He also said that the sale of the bonds would probably take place after the first of the year.

The court has requested meetings with the commissioners court of Roberts and Chavez counties to see what can be done about the improvement and extension of state highway 116. No time for the meetings has been announced.

In regard to the defeat of the road tax issue, Judge Love said that oil companies, who pay nearly 80 per cent of the taxes in Cochran County, will probably demand that local property tax evaluation be increased.

The oil companies pay at nearly twice the tax rate as do county residents, with one company alone paying more than one-fourth of the county's total tax income.

It is therefore possible that Cochran County residents can expect an increase in tax evaluation by June or July of next year.

Horse and fire damage . . .

THIS 1963 CHEVROLET station wagon was involved in a collision with two horses late Monday night on FM 2195. As a result of

the collision, the car burned and two horses were killed. The driver of the car, Lindy L. Chancey, 26, escaped injury. TRIBPIX

Adds to collection . . .

DEBORAH WHITEHEAD, 13-year-old daughter of Mr. and Mrs. James Whitehead, Star Route, added another saddle to her rapidly-growing collection of honors last weekend. She won two go-arounds in barrel racing at the Boise City (Okla.) Fair. That made her top money winner in barrel racing for all of producer Glenn Green's shows this summer and earned her this saddle. It was the third she had won this summer in widespread competition across the Southwest. TRIBPIX

Mr. and Mrs. C. G. Coffman were visited Saturday, Sept. 24, by his sister, Mrs. George Henderson from Amarillo.

Recently Mrs. Roy Allsup and daughter, Glenda, and children made a trip to Big Spring to visit their daughter and sister, Tressie Mitchell.

Mr. and Mrs. Harvey Blackstone of Friona visited the Mitchell Abbes and the T. G. Browns over the weekend.

Mr. and Mrs. Ira Brown and family took a trip to Lubbock Monday, Sept. 26, to visit the South Plains Fair and to see the Tennessee Ernie Ford Show.

Mr. and Mrs. T. G. Brown went to the Fair and to see Tennessee Ernie Ford Show Monday, Sept. 26.

Mr. and Mrs. Tom Coffman and daughter, Corrie, from Plainview spent the weekend with relatives here.

C of C

from Page One

to submit this resignation as President of the Morton Area Chamber of Commerce. It has been a pleasure working with you, as members of the Board, and as citizens of this community.

"I have accepted a position with the Seminole Chamber of Commerce, effective October 1st. Thus, we will still be working together for the future development of our West Texas Area.

"Let me urge you, as individuals, to continue working together for a better Morton area. I wish you the greatest of success and it has been my pleasure. I'm not saying goodbye . . . just so long until I see you again.

Sincerely,  
Joe Seagler

G. W. (Joe) Seagler was manager-secretary for the City of Morton from 1953 to 1963. In 1960 he was awarded a plaque for outstanding service as President of the South Plains City Secretaries and Clerks Association.

In 1963, he resigned from the City to purchase an interest in Farm Equipment Company of Morton which he operated until May of this year.

Seagler has been an active member of Lions for many years, serving as President in 1962-1963. He is also a member of the Masonic Lodge, Khiva Shrine, Volunteer Fire Department, and Chamber of Commerce, serving as president of the Chamber until accepting the position of Chamber Manager in Seminole.

He has served as Area Coordinator for the Texas Attorney General Youth Conference since its beginning four years ago, and was instrumental in sending over fifty students from this area. He helped to organize the Morton Area Youth Conference in 1965, the first area Youth Conference held in the State of Texas.

He has been Director of the Texas Last Frontier Rodeo for ten years, serving as President of the Rodeo Association several times.

He is a member of the Church of Christ. His wife, Evelyn, teaches art in the Morton schools. Their son, Martin, is a sophomore at Texas University, and their daughter, Linda, is a senior in Morton High School.

Kessler was born near Savannah, Ga., and will be 41 on Oct. 8. He received his education in Savannah and later studied Bible in Kerrville, Tex., where he was married in 1951. He and his wife have four children. Kessler worked in the oil fields and preached in Texon, Tex., until 1956 when they moved to this area. Kessler

Dust

from Page One

had available. A proposal was made that a 1962 pickup be bought for the dogcatcher, but that it be given either to the gas or water department and one of theirs be given instead. No voting was required because city secretary Elra Oden had already received permission from the council to buy the pickup.

Next item on the agenda concerned the paving of three alleys, but Simpson opposed it because he said there were public streets that needed paving more than three alleys. The proposal was rejected without benefit of vote.

Paving liens were then discussed and it was decided that delinquent property owners be given a chance to sign a 10 year extension on their liens. If they didn't do this or pay, they would be filed upon. Oden is to bring a report at the next meeting about persons signing, paying or being filed upon.

An offer was made by Sam Kelly to do one free aerial spraying of the city if the city furnished the chemicals. The chemical cost would be about \$400, Oden said.

Further discussion centered around the effectiveness of aerial spraying. It was noted that Dallas liked it while Lubbock didn't. A question of the chemical's effect upon metal was brought up, but no answers were given. It was finally decided that the spraying not be done unless there is another big rain.

The tax roll of \$5,732,771 was approved but not signed because one of the typists had forgotten to type the signature page. It will be signed at the next meeting. Last year's tax roll was \$56,425.74.

The final item on the agenda was the approval of the Firearms Ordinance. Since it is classed as an emergency measure, it will be put into effect immediately upon its publication, instead of following the usual three readings.

Oden told the council that an Oct. 10 meeting with the Cochran County Commissioners Court would be held to discuss the possibility of forming an area wide planning commission.

Present at the meeting were Russell, Simpson, Earl Stowe, E. C. Seany, and Walter Taylor. Also there were Christian, Mrs. Miller, John Creddie, W. B. Holland, L. W. King, E. O. Williamson, Bill Wood, Kennedy, Mr. Barton, and George Tuck.

formed for eight years and for the past two and one-half years has been an insurance salesman.

Mules

from Page One

be the largest teams yet faced by the Tribe. However, they are not expected to show as much speed as did Friona and Abernathy.

Muleshoe runs from a basic T formation with the backs set very close to the line for quick-hitting plays. One back also may be set out behind an end as a wing, with this formation used on both passing situations and wide sweeps.

Offensively, the Mules are expected to line up like this: Paul Swint, right end, 160; Stan Johnson, right tackle, 185; Steve Oliver, right guard, 175; Terry Kendall, center, 185; Bruce Purdy, left guard, 150; Ronnie Kemp, left tackle, 170; Billy Darnell, left end, 175; Andy Stovall, quarterback, 170; Ransom Jones, right half, 170; Myron Young, left half, 170; and Larry Calvert, fullback, 185.

On defense, the Mules go with a six-man line with two linebackers and three deep men. Five of their defensive regulars seldom see action on offense. Expected defensive starters for the Mules include: Swint, Johnson, Kendall, Young, and Darnell, plus David Alsap, 160; Jerry Lumpkin, 200; Phillip Barron, 185; Larry Gulley, 170; and Bobby Julian, 150.

Helpful Bluebirds select leaders

The third grade "Helpful Bluebirds," were organized Thursday, Sept. 22. Mrs. Ira Brown was elected leader. Mrs. Elick Cox was elected assistant leader, with Mrs. Wayne Kuehler as secretary reporter.

The mother sponsors are Mesdames: W. C. Benham, Don Lynskey, Bobby Adams, Bobby McGee and Johnny Scoggins.

The Bluebirds played games and enjoyed refreshments served by Mrs. Bobby Adams to: Julie Brown, Vicki Kuehler, Cathy McGee, Wyn Crone, Jeanna Key, Schelle Key, Donna Cox, Linda Adams, Earlene Evans, Sherrell Rasco, Gay Waters, Sheila Davis, Tona Coker, Esther Padilla, Debra Jones, Rita Scoggins, Donna Lynskey, Donna Brown, Sherrie Dobson, Deborah Hedge, Sherrill Taylor, Brenda Harvey, Nancy Benham, Barbara Garver, Elizabeth Grice, Gail Lasseter, and Venita Sandefer.

# Mrs. Lewis Hodge likes dishwashing

BEVERLY CRISWELL

When asked if she had a favorite household task Mrs. Hodge's 5-year-old daughter, Lisa, chimed in and said "She likes to wash."

When asked what this really meant and if it were true, Mrs. Hodge said that she really did like to wash dishes and that it gave her time to collect her wits.

When she gets through with the dishes, Ms. Hodge said that sewing, reading, and playing volleyball were things that she enjoys doing to relax. She does quite a bit of sewing, when she has time.

"Also I enjoy having a few friends over for coffee and cake in the mornings," Mrs. Hodge said.

This fall Mrs. Hodge will take time out from her schedule as a busy homemaker and become a member of the "work-a-day world" by working as bookkeeper at the Morton Co-op Gin.

Church and club work fills much of this busy homemaker's time. Mrs. Hodge is secretary of the whole Sunday School at the First Missionary Baptist Church, president of a W.M.A. circle, B. T.S. teacher, treasurer of the Jaycettes, and president of the Doharty Auxiliary at the plant where her husband works.

Mrs. Hodge's husband works at the Cities Service Gasoline plant, south of Morton. The couple has two children, Sandye, 8, a second grader at Morton Elementary School, and Lisa, 5. The family belongs to First Missionary Baptist Church.

Below is one of Mrs. Hodge's favorite recipes to serve her friends when she has "coffee klatches" at her house.

**VANILLA WAFFER CAKE**  
1/2 cup Crisco  
1 cup sugar  
2 1/2 packages of vanilla wafers  
1 small package coconut  
3 beaten eggs  
1/2 or 1 cup pecans  
1/3 cup milk  
1/2 tsp. baking powder

Cream sugar and shortening — add beaten eggs and stir. Add vanilla wafers and baking powder alternating with milk. Add coconut and pecans and mix thoroughly. Bake in oven at 350 degrees until a golden brown. It then may be iced with a caramel icing or left plain. It is best served warm with a dab of butter and a cup of coffee.

After the dishwashing . . .

MRS. LEWIS HODGE and daughter Lisa take a breather after doing the dishes. Mrs. Hodge and Lisa seem to be doing lots of things together recently, especially since the boys of the family are gone all day. TRIBPIX

## Theo Spence is Queen for week

Lighter Later Tops Club met Sept. 23. Ruby Davis presided during the business meeting. Berta Abbe, secretary, called the roll and read the minutes. The club voted to change their meeting date to Wednesday at 9 a.m.

The club received a thank you note from Mildred Oden, who had been crowned Queen of Lighter-

Later Tops. She had been presented with a charm bracelet and Spence lost two and 3/4 pounds to become queen for the week.

An interesting program was presented by Nell Matthews and Berta. They demonstrated both the proper and improper way for a lady to walk, sit and kneel.

Attending the meeting were: Berta Abbe, Ruby Davis, Vi Henry, Vivian Sanders, Nellie Fincher, Jean Bridges, Yvonne Egger, Joan Watts, La Von Sullivan, Theo Spence, Marie Adams, Mildred Oden and Maudie Gardner. The guests were Mary Ruth Murner and sons.

## Three-Way FFA attends meeting

Three Way FFA attended the Littlefield District FFA at the Springlake - Earth School Wednesday, Sept. 21 at 4 p.m.

Perry Lynskey, son of Mr. and Mrs. Perry Lynskey, Maple, was elected district parliamentarian. The district officers are responsible for the operation of the district organization for the coming year.

Charlotte Smart and several other girls took off to see the sights at the big South Plains Panhandle Fair in Lubbock, Monday, Sept. 26.

## Mrs. Cogburn speaks to Club

"Beauty Wins" was the program title for the Sept. 22 meeting of the Le Fleur Garden Club. Mrs. Roy Hill, president, was hostess for the meeting in her home.

Mrs. Foy L. Cogburn, of Plains, a Flower Show Judge, presented the program on "How to Have Winning Arrangements". She introduced her program with a definition of flower arrangement as "the art of organizing the elements used according to principles used according to principles of design to obtain beauty, simplicity, harmony and personal expression or interpretation." Containers, cutting and conditioning of plant material, mechanics for holding and shaping materials used in an arrangement and the importance of the use of bases were explained in introductory remarks.

She created four arrangements further explaining basic principles as she worked. Several arrangements of artificial materials were used to explain certain points, but it was pointed out that artificial material was not used in a Flower Show. Mrs. Mary Lou Parks, of Plains also displayed arrangements.

Club members brought several arrangements for constructive criticism, as a help in preparing for entries in the Cochran County Flower Show on Oct. 8.

Members present were Mesdames: Hill, Herman Bedwell, W. A. Woods, Olin Darland, Owen Egger, E. R. Fincher, Don Samford, L. Z. Scoggins, Eugene Bedwell and one guest, Mrs. Nell Outlaw and the two guest speakers, Mrs. Cogburn and Mrs. Parks of Plains.

Next meeting will be on Oct. 13.

Way, Pamela Ann Roberts, Pam Partlow, Jerry Roberts, Kenneth Meyers and Rickie Myers; Whiteface, Jeanetha Wenken, Elden Trent Miller, Gloria Beth Purcell, La Vanna Lee Purcell, Francis Purcell, Aletta Jean Miller and Bonnie Lou Purcell.

Lorene Sooter, Librarian for the Bookmobile said that they have just recently received 41 new books from the state.

Queen Regent . . .

CROWNED QUEEN REGENT at First Baptist Church last Sunday night was Terry Shifflett, 15, a freshman at Morton High School. The Queen Regent is the next to the highest award that a Girl's Auxiliary member can earn. Highest award is the Queen Regent in Service. Terry, the first GA in the First Baptist Church of Morton to earn the award, earned it by memorizing scriptures and then writing them, writing book reviews, writing an original poem, working in racial Vacation Bible School, cooking foreign foods, and many other things. She is the daughter of Mr. and Mrs. Francis Shifflett. TRIBPIX

# Abernathy Antelopes speed past Indians, 55-8

The Morton (Tex) Tribune, Thursday, Sept. 29, 1966 Page 4

On foot, antelopes are much swifter than Indians. And Abernathy again proved that biological fact to Morton here Friday night by racing to a convincing 55-8 victory. It was the third straight win for Abernathy and the third straight loss for the Indians.

The game started calmly enough as Abernathy returned the opening kick-off from its own 13 to the 36. Halfbacks Roland Murray and Harry Mathis did most of the ball carrying, aided by quarterback Darrell Johnson and fullback James Byers.

A solid ground gain ate up yardage and not even a five-yard penalty bothered Abernathy. Johnson took to the air once for a 12-yard toss to Byers. Byers later turned in a nifty 17-yard scamper.

With the ball on the Morton nine, Murray got only two and John St. Clair and Jimmy Waters hit Mathis for a five-yard loss. Johnson took to the air, but failed to connect.

With fourth and goal from the 12, Johnson dropped back to pass, couldn't find a receiver and turned to his right. A block by tackle Richard Montgomery shook him loose and he hurdled into the end zone with 6:57 left in the first period.

Murray was stopped short on his run for points by Billy Smart, Jerry Luper and Larry Smith. Morton lost the services of end LaMell Abbe during that drive with an injured hand.

The Indians took the kick-off and started their own drive. Quarterback John St. Clair returned the kick from his own 17 to the Indian 29.

Tailback Donnie Harvey hit for five, fullback Jimmy Waters got four and Abernathy drew a five-yard penalty. Harvey and Waters each got two and Harvey added four more. With four and two on the Abernathy 48, Harvey hit for

six, then added nine more. Waters got eight, Harvey three. Waters three, Harvey four, Waters four and Harvey three as the quarter ended.

Harvey hit for four and Waters went the last four over left tackle with 11:21 left in the second quarter. St. Clair kept over left tackle for the two points that put Morton ahead 8-6.

Mathis returned the kickoff 16 yards to the Antelope 38. Abernathy lost little time in regaining the lead. Murray got two, Byers three, Mathis 14 on the option around right end. Murray blasted for three. Then Byers showed his speed around left end, dodging Morton's two deep men on fifty steps after tackle Gary Lovelace laid a key block. Byers went 44 yards for the TD. Murray added two points on a run around right end with 9:09 left in the second stanza and Abernathy led 14-8.

Mathis gave Morton no chance for a kick-off return as he hit the goal post on the first bounce and caused the ball to be brought to the 20.

Morton again cranked up its ground game as Harvey got four, halfback Randall Tanner added two, Harvey got three and then three more on a fourth-and-one situation. Waters gained three. St. Clair two and Harvey two. With fourth and two on their own 39, Morton again gambled, but Waters picked up only one. Waters was shaken up on the play.

The Antelopes lost no time striking again. Johnson kept for 15, Mathis added nine, Murray five and Byers five. Murray went over left guard for the last three yards, with 3:14 left in the half. St. Clair received an ankle injury on the play and did not return to action after the half.

Murray hit right guard for two more points and Abernathy led 22-8.

Tanner returned the kick-off 20 yards to the Morton 30. Quarterback Wayne Thompson failed to handle the snap from center and Abernathy recovered on the Morton 29.

Mathis covered that distance in one play as he burst through right tackle and turned on speed to race past the secondary untouched. Halfback Darrell Selke went around left end for two extra points. That put Abernathy in front 30-8 with 2:27 left in the disastrous second period.

Abernathy committed a foul after the two-point conversion and was penalized back to its 25 on

the kick-off. But Mathis didn't let that bother him as he kicked into the Morton end zone.

Harvey picked up three and then took a swing pass from St. Clair. But he was hit at the line, fumbled and Steve Guerrant recovered for Abernathy. Harvey was injured on the play and sat out the second half.

Johnson took advantage of the break and kept around right end for 22 yards and a TD with 1:26 left in the half. Selke's run for points was short, but Abernathy led 36-8.

Thompson returned the kickoff 23 yards to the Morton 37. He passed incomplete. Charles Joyce picked up five and one on two tries as the first half ended.

Thompson returned the kickoff 22 yards to the Indian 26. Waters and Joyce each got three yards, but Morton was penalized five and Thompson was dropped for a six-yard loss. Danny Culepper punted 40 yards.

Morton was penalized five which gave Abernathy the ball on its own 44. Byers raced 52 yards before being dragged down on the Morton four. Murray covered that distance over left guard with 9:01 left in the third quarter. Reserve quarterback Burl Fuller kicked the extra point and Abernathy led 43-8.

Joyce returned the kickoff 18 yards to the Morton 27 and the Indians began to move. Waters got one, Thompson four, Waters 10, Joyce two, Waters three, Thompson five, Joyce two and Abernathy was penalized five.

Joyce got two, Tanner was held for no gain, Waters got loose around left end for 15. Thompson kept for three and Waters and Joyce added three more each to the Abernathy 15. But, with fourth and one, Waters was dropped for a seven-yard loss and Abernathy got possession on its own 22.

The Antelope reserves wanted to show what they could do. Dana Moore was held for no gain, but Fuller kept around left end for 15. Moore got two and Fuller missed on a pass try.

Fuller went back to pass again, couldn't locate a receiver and tore out around right end. He wasn't stopped and raced 61 yards to a TD with seven seconds left in the third quarter. Moore's run for points was short. Abernathy 49-Morton 8.

Joyce returned the kick 14 yards to the Morton 28. Joyce made six. Tommy Waters got one and Eddie Bedwell picked up two. But Thompson lost four on the fourth-and-one attempt and Abernathy took over on the Indians 33.

Bennie Pope got three, Fuller 10, Pope six and Fuller 11. Halfbacks Andy Oliver went the last three yards with 8:44 left in the game. Oliver's run for points was short, but Abernathy led 55-8.

For the remainder of the game, the two teams ran a few plays and punted.

The statistics pretty well reflected the outcome of the game.

	Morton	Abernathy
11	First downs	18
157	Yards rushing	347
0	Yards passing	12
1-2	Passes completed	1-3
1 of 2	Fumbles lost	0
3/33.6	Punts, average	1/25
3/15	Penalties, yards	6/60

## Bobby C. Dupler Rites Monday

Bobby Clay Dupler, 24, a resident of Earth since 1961, died in South Plains Saturday, Sept. 24, in South Plains Hospital where he had been a patient since Wednesday, Sept. 7.

Dupler was born at Morton and moved to Earth five years ago from Maple, Tex. He was a member of the First Baptist Church of Springlake.

The funeral was held Monday, Sept. 26, at 3 p.m. in the First Baptist Church with the Rev. M. B. Baldwin, pastor of the church, and the Rev. Don Larkin, pastor of the First Baptist Church of Springlake, officiating. Burial was in the Muleshoe Cemetery, arranged by Parsons, Ellis and Singleton Funeral Home of Earth.

Survivors include his wife, Nancy, a daughter, Diane, of the home; his mother, Mrs. Minnie Dupler, Maple; six brothers, High and Clifford of Morton; Gilbert, Leon, and Billy, all of Maple; and Carl, Pettit; and two sisters, Mrs. Bertha Jayes, Wichita Falls; and Mrs. Frances Griffin, Pueblo, Colo.

Jimmy Fullenwinder, Larry Weaver, Joe Clark, Clint Williams, and Jimmy Baldwin.

Palbearers are Marvin Been.

## ★ Membership

The Swingin' Teens Square Dance Club will open a membership drive Saturday, Oct. 1. All teenagers, 12-18, from Morton and the surrounding area are urged to attend this meeting at 8:30 p.m. in the County Activity Building.

Refreshments will be served and a hayride slated to begin at 10 p.m., with the club returning to the building at 11 p.m. All dances are adult sponsored and all parents of interested teenagers are urged to be present.

Mr. and Mrs. James Butler and family attended the drag races in Amarillo the weekend of Sept. 24.

Students from the Bledsoe High School were in Town Tuesday, Sept. 27, trying their best to sell ads for this year's annual.

Jimmy Fullenwinder, Larry Weaver, Joe Clark, Clint Williams, and Jimmy Baldwin.

Going down . . .

DONNIE HARVEY came to an abrupt halt here Friday night when Abernathy halfback Robert Brown (70) with Oscar Ramos (65) and James Byers (40) backing the play.

Coming in for the clincher is tackle Robert Brown (70) with Oscar Ramos (65) and James Byers (40) backing the play.

# New cars offer you safety, styling, song

emphasis is on safety and for the young at heart in the new cars and trucks. Many will get a chance to see themselves at Allsup-Reynolds and Hawkins Oldsmobile Thursday, Sept. 29, at Jones Friday, Sept. 30.

and in the standard variety of models, Fords, and Oldsmobile's new Camaro, and Oldsmobile's new Delmont series.

latest innovation in family cars will be the four-door Thunderbird. Donald N. Frey, Ford's vice president and Ford's general manager, said the new design is the Thunderbird unique and offer the convenience of four doors in addition to other models.

Ford has ordered the four-door model Thunderbird, and it probably will not be shown for the formal showing. Another new model will be there for the Fairlane Ranchero, which has the styling of the Falcon.

Ford has styling that copied by the Ranchero. The Falcon will copy the styling of the Mustang. However, it will be obvious to the eye which is which.

the fourth time in eight years, Chevrolet will introduce a new car to the public, the Camaro. The product is designed to challenge the popularity of the Mustang.

the this momentous undertaking Chevrolet uses the popular "short-deck" concept instead of American cars by Chevrolet then adds concealed headlights with an oval shaped grille, and all sorts of new features, including a new 350 cubic inch V-8.

other models, including the regular Chevrolet, Corvair, Chevelle, and Chevrolet also updated themselves of the smaller cars use tricks that help them appear larger than they really are.

to be left out of the new Oldsmobile is introducing the Delmont 88 into the medium class. The Delmont 88, the Jetstar 88 and the Star have been dropped.

most of Oldsmobile's lines have been dressed up with outward styling changes in the relatively minor. The styling of the body changes have the shortening the rear deck to make the hood to make them look more like the Toronado.

But, the main emphasis by all car manufacturers is safety. Since the government furor about dangerous cars, automotive companies have bent over backwards trying to emphasize the safety features of their cars.

The most used safety feature among the new cars is the dual braking systems; that is, two separate brake units; one set for the front wheels and one for the back. In the event that one unit failed to work, the other one would take over.

Also, most cars feature high energy absorbing steering wheels, emergency flasher units, shoulder harness anchorages, and padded window cranks. Coupled with these are seat belts, recessed instrument panels, padded dash, improved door locks and padded visors.

Ford has even designed arm rests that collapse upon lateral impact. Also included are steering wheels that collapse progressively on impact.

Also this year, most manufacturers are offering larger-than-ever engines, all the way from 90 hp 4's to 435 hp V-8's.

But if all this talk about safety and big engines and new body styling is getting to you, it's nice to know that the car makers have provided (optional, at extra cost) four-speaker stereo tape players which can provide up to 770 minutes of uninterrupted music. And, there's an extremely large selection of music available on tapes, all the way from Tchaikovsky to Chet Atkins. The Sound of Music to the Beatles.

So regardless of what you're looking for in a new car: safety, styling or songs, then drop by Jones Ford, Allsup-Reynolds Chevrolet and Hawkins Oldsmobile to see for yourself what the car makers have dished up for your pleasure.

## 78 students get reading awards

One hundred - five children were enrolled in the summer reading program at the Cochran County Library, according to Mrs. H. B. Spotts, librarian.

Of these, 78 received a required 12 books and the Texas State Library Summer Reading Program. Forty-six then went on to read 20 books or more.

Kenneth Thompson returned recently from a medical technicians meeting in Dallas.

### High steppers . . .

MORTON INDIAN MARCHING BAND, 68 strong and blowing a powerful sound, steps out during a colorful halftime show here Friday night. Directed

by John Stockdale and Bob Letherman, the MHS band displayed its marching precision in a fast-moving show. TRIBPIX

## News from Three-way

### ★ SCS election

An election for supervisors of zone 3 of the Cochran Soil and Water Conservation District will be held Oct. 6 at 1:30 p.m. in the Kirk Dean Gin office. To qualify for the supervisor position, a person must own land in zone 3, live in Cochran County, and be actively engaged in farming. Zone 3 is in the southwest portion of Cochran County, the north boundary being about four miles south of Lehman and Biedloe and the east boundary being Highway 214. All zone 3 landowners and their wives are urged to vote.

### Husband of local woman AF pilot instructor grad

Captain Hubert D. Boyd, son of Mrs. H. D. Boyd, Sr., of 3509 57th St., Lubbock, Texas, has been graduated from the U. S. Air Force pilot instructor course at Randolph AFB, Tex.

Captain Boyd is now qualified to teach student pilots to fly jets. He is being assigned to Laughlin AFB, Tex., as a member of the Air Training Command which operates the world's largest technical school system to train personnel for Air Force duty.

He is a 1952 graduate of Lubbock High School and received his B.B.A. degree from Texas Technological College.

His wife, Barbara, is the daughter of Mr. and Mrs. W. J. Waltrip of Morton.

Mr. and Mrs. Roy Tarver, Sr., have just returned from a trip to Tyler to visit with their son and family, the Roy Tarver, Jr.'s. Later they visited relatives in Lufkin and Nacogdoches, Tex.

## Club has program on origin of club collect

The Emlea Smith Junior Study Club met on Thursday, Sept. 2, in the home of Mrs. Bill Foust with Mrs. Richard Houston serving as co-hostess.

Mrs. Jim Johnson opened the meeting by leading the Club Collect. The theme used was "Growing In Federation". Each member answered roll call by: How can I become a better member of Federation?"

Mrs. James Walker, president, presided over the short business meeting. Mrs. Ray Tucker's resignation was read and accepted with regret. Mrs. Rodney Fralin reported on Halloween Carnival plans.

Mrs. Jim Johnson introduced the program. Mrs. Earl Polvado gave the origin of the Club Collect. She reported that the collect was written as a personal prayer by Mary Stewart in Longmont, Colo., in 1904. Mrs. Polvado also gave a Litany for clubwomen using "A Collect for Clubwomen" by Mary Stewart with corresponding verses from the Bible.

Mrs. Clyde Brownlow sang "A Prayer", which is the Club Collect set to music.

Mrs. Rodney Fralin concluded the program with points on parliamentary law. She stated that parliamentary law is common sense used in a gracious manner. All parliamentary laws will be found to embody the following principles:

1. Justice to all.

2. Courtesy to all.
3. One thing at a time.
4. Rule of the majority.
5. Rights of the minority.

Those attending the meeting included one guest, Mrs. Tom Box of Bledsoe and members Mesdames: Theibert Ashill, Tommy Hawkins, Gary Willingham, Loy Kern, Clyde Brownlow, Jim Johnson, Earl Polvado, Rodney Fralin, Dwight Gober, James Walker, Don Lynskey, Richard Houston, Bill Foust, and Miss Jennie Allen.

### Plains homecoming Friday, Sept. 30

Plains High School Homecoming will be Friday, Sept. 30. Homecoming activities begin with a pep rally at 3:00 p.m. in the high school gym.

The school building will be open for tours following the pep rally, according to Don Lackey, ex-student's assc. president.

Immediately following the football game you are invited to attend an ex-students' social and business meeting in the school cafeteria. Coffee, Cokes, cookies, and doughnuts will be served and entertainment provided.

Mums may be purchased at the Plains Floral. Plain mums are priced at \$2.00 each and those with a letter are \$2.50.

## Through telescope by Muleshoe

Friday night's football game took on the aspects of a battlefield before the half with casualties mounting rapidly around the Indians' bench. Monday night, coach Fred Weaver reported that all the injuries were minor and that all the wounds would be healed by Friday. But senior halfback Randall Tanner discovered he had a broken hand Tuesday and will likely miss two weeks. It is believed he received the injury a couple of weeks ago. Tanner's blocking from his backfield post will be missed Friday at Muleshoe.

We enjoyed watching the two football games at Jones Stadium in Lubbock Saturday night, Texas University won the first game, played during the first 30 minutes; Texas Tech took honors the second half but couldn't make up the deficit. Our youngest son was excited when a young couple in front of us crashed the gate, hotly pursued by the gatekeeper. However, he proudly reported the law had prevailed when he returned from a trip to the concession stand and saw that a policeman had collared the young man. That's a pretty good job of detective work among a crowd of more than 48,000 frenzied football fans.

When does a football team need support? When it is losing. That's the reason that you should plan to be in Muleshoe Friday night when the Indians tangle with the big Mules. Muleshoe is favored after downing Olton last week, 7-0, but the Indians would like to get in the win column for a change. Your support could help them pull an upset this week.

This is New Car Week in Morton and across the country. In alphabetical order: Allsup-Reynolds Chevrolet will be showing GM's new sports family car, the Camaro, plus the other Chevrolet; Hawkins Oldsmobile will be showing the 1967 Olds line, with the Toronado influence showing in the other models. Olds also has a new line, the lower-priced Delmont; Jones Ford Sales will be displaying the new Fords, with some interesting styling changes, a new, bigger Mustang and a four-door Thunderbird. All of the local showings will begin Thursday, so visit all three and enjoy the coffee, doughnuts and door prizes that are offered.

While the sun has been playing peek-a-boo this week, great amounts of milo have been harvested and grain cutting is getting close to the end. And cotton is beginning to pop out of some of the bolls, so it shouldn't be too long before the gins fire up and the trailers start to roll up and down the roads.

We extend our best wishes to Joe Seagler in his new job with the Seminole Chamber of Commerce. Joe has been a good worker in the community and he will be missed. Good wishes also go out to Leon Kessler, who will become Chamber manager here on Nov. 1. By the way, for those who are interested, Chamber vice president Rusty Reeder couldn't as-

2050-17

sum the presidency at this time because of a change in by-laws. The president must be a second-year director and Rusty is still in his first year.

Remodeling is underway at the First State Bank, with both workers and material going in and out through a couple of windows to avoid cluttering up the lobby. It looks rather strange, but seems to keep the work going efficiently. There has been a lot of speculation about the interesting landscaping at the southwest corner of the bank. It consists primarily of gravel, with a few large slabs of stone s'uck in the ground and pointing skyward. I opined that those rocks probably were tombstones for customers who were delinquent in repaying their notes, but a cynical customer nearby said, "Couldn't be; there's not that much room out there!"

The Federal government is often accused of being autocratic. But that's not always the case. We were pleased that Murray C. Morton Postmaster, called in a group of local businessmen to make the final decision on where to locate the new post office building. The new site probably won't please everyone, but at least Murray tried to get it located where it would be suitable for most of us and we appreciate his consideration.

It was disappointing to learn that the Country Club building and membership expansion is off, at least for the present. However, the debt on the Country Club is being paid off now and it is hoped that some arrangements can be made to expand the membership and offer more facilities at the Country Club. Refunds are being made to those who put up escrow checks as prospective members.

It's an annual American thrill to visit auto showrooms and fill our eyes with the exciting changes that put older models in lower, more obsolete price ranges!

### 4 Morton students enrolled in LCC

Four Morton students are enrolled for the fall semester at Lubbock Christian College and are now attending classes.

They are Ernie Chesshir, son of Mr. and Mrs. O. D. Chesshir, Route 1; Roger Grice, son of Mr. and Mrs. T. A. Grice, 703 E. Taylor; Jimmy Joyce, son of Mr. and Mrs. James E. Joyce, Route 1, Box 63A; and Larry Seigler, son of Mr. and Mrs. Wayne Seigler, Star Route 2.

LCC is celebrating its tenth anniversary this year. All campus events will be directed toward highlighting this decade of development.

An evening college has been initiated this year allowing students to earn up to 6 hours credit at night.

### One for all . . .

LOOKING LIKE the Three Musketeers are these three Morton High bandmen. While the public sees them during halftime at foot-

ball games, they have to work with the band during the week. Drum major is Byron White and majorettes are Sharon Irwin and Margaret Ledbetter.

### List Bookmobile tours for week

The High Plains Bookmobile will be in the following areas this week:

Thursday, Sept. 29: Amherst No. 1, 9:15-9:45; Amherst No. II, 9:45-10:15; Springlake No. 1, 11:00-11:45; Springlake No. II, 12:00-1:00; Earth, 1:15-3:45.

Friday, Sept. 30: Pleasant Valley, 10:00-11:00; Sudan No. 1, 12:00-1:00; Sudan No. II, 1:00-4:00.

Saturday, Oct. 1: Morton, 9:30-12:00.

Texas motorists are served by 15,069 service stations.

Linda Lynch, daughter of Mr. and Mrs. Tommy Lynch, returned home recently, but just for enough to pack up and move again! Linda is residing in Hall this semester.

The week of Sept. 19, Mr. Mrs. J. W. Arnett had a guest in the person of Mrs. Stinson from Lubbock.

## Command Performance Camaro By Chevrolet

Camaro Sport Coupe with style trim group you can add.

You've been waiting for a Chevrolet like this. Now it's here.

Camaro! Long, low hood. Short rear deck. Big-car stance for stability. Strato-bucket seats. A 140-hp Six or 210-hp V8, depending on model. Camaro gives you a car full of comforts from carpeting on the floor to vinyl upholstery all around. There's a lot of security, too, with new safety features like the GM-developed energy-absorbing steering column. Camaro! Sport coupe or convertible. You can order a Rally Sport with hideaway headlights or an SS 350 with Camaro's biggest V8. See your Chevrolet dealer now!

Everything New That Could Happen . . . Happened! Now, at Your Chevrolet Dealer's!

Page 8

**TB test to be given Oct. 4**

All children in the first and seventh grades in the county schools will have the opportunity to take the tuberculin test on Tuesday, Oct. 4.

Section 4 of article 4477-12, Vernon's Civil Statutes, suggests that all public, private and parochial schools be examined for evidence of tuberculosis infection.

Testing may be done by school health nurse under the direction of a physician or local county health officer.

Type of testing to be done in local schools is the Heaf test. This test is used by all schools in the West Texas Tuberculosis Association. It is a simple painless test consisting of placing a test solution in the layers of the skin to show whether a person is infected with the germs that cause tuberculosis. Positive reaction to this test does not mean you have active disease, but means the presence of the tubercle bacilli in the body. Positive reaction would indicate the need for further examination by your family doctor.

Request forms will be sent out to all parents on Friday, Sept. 30. These forms are to be returned on Monday, Oct. 3. These forms will be filed with the students' permanent health record.

Visiting recently in the home of the O. F. Barnetts were Donald Barnett from Austin; Mr. and Mrs. Othel Barnett and children, Penny and David, from Plains; Mr. and Mrs. Berdine Broyles and children, Becky, Larry and Shawn, from Friona. All of the guests were children of Mr. and Mrs. L. F. Barnett.

Mr. W. C. Benham from Oklahoma is visiting relatives this week.

**Veterans officer attend conference**

Walter G. Sandefer, Veterans County Service Officer for Cochran County attended the 19th Annual Statewide Rehabilitation Conference for Veterans Service Officers, held at the Rice Hotel in Houston, Sept. 12-15.

This Conference was conducted by the Veterans Affairs Commission of Texas, in cooperation with the American Legion, Disabled American Veterans, Veterans of Foreign Wars, Veterans of World War I, and the Veterans County Service Officers Association of Texas. The purpose of the meeting was to offer Service Officers from the entire State of Texas an opportunity to gain first-hand knowledge of recently enacted legislation dealing with benefits to veterans and their dependents and survivors. Topics discussed during the four-day Conference include disability compensation and pension, Government insurance, GI loans, Education and training for veterans and children, hospitalization and medical treatment, and veterans employment and reemployment rights.

Conducted annually, this Conference serves as an in-service course of training for all National, State, County, Post and Chapter Veterans Service Officers.

**More rain means armyworm crop**

Homer E. Thompson, Cochran County Agricultural Agent cautions that with the cool, wet weather we've had, farmers should be on the alert for fall armyworm build-up's.

Fall armyworms attack corn, small grains, native and some lawn grasses, and some legumes. Cold weather is unfavorable to the production of many insect enemies of the worm and the abundant moisture provides conditions for luxuriant plant growth, upon which the larvae thrive.

The main problem in control is detection. If detection is early when the larvae are small, control is easier and less expensive than when the larvae become mature.

Cultural controls include a small cultivation of the soil after the larvae have entered it, and keeping the fields free of grass.

Since residue problems may be encountered, control recommendations should be obtained from the local county agent's office.

**Weekly school menu listed**

Monday, Oct. 3, Vegetable, beef ste, sliced tomatoes, peach halves, cornbread and milk.

Tuesday, Oct. 4, Cream chicken with cheese sauce, candied yams, slaw, plain cake, hot rolls, butter and milk.

Wednesday, Oct. 5, Beef tips in natural gravy, potatoe balls in cheese sauce, sliced tomatoes, apricot cobbler, rolled wheat rolls, butter and milk.

Thursday, Oct. 6, Corn dogs and mustard, potato chips, pickles and relish, crackers, drop cookies and milk.

Friday, Oct. 7, Pimento cheese sandwich, lime jello, peach cobbler and milk.

Mrs. Le Roy (Juanita) Johnson of Morton has been named chairman to direct ladies activities in behalf of Waggoner Carr in Cochran County, it was announced today.

Mr. and Mrs. F. L. Corder and his mother visited in the home of his brother, W. A. Corder Saturday, Sept. 24.

Two dolls . . .

LOOKING LIKE a little doll is Vicki D'Ann Hammonds, daughter of Mr. and Mrs. Ted Hammond, 403 E. Buchanan, as she celebrates her sixth birthday. The cake built around a toy doll has frosting designed to look like a formal. The party was held last week.

MORTON TRIBUNE, THURSDAY, SEPTEMBER 29, 1966

## Beautification, clean-up critical community needs

For more than a month, small groups of citizens have been meeting with directors of the Morton Area Chamber of Commerce to discuss needed improvements and suggested projects for Morton and Cochran County.

Final report of all these sessions hasn't been compiled yet, but one single theme ran through virtually every meeting and often occupied the entire hour allotted for each meeting. The single item had to do with beautification and clean-up of neglected areas, most of them in Morton.

This concurs with the findings of a community survey which was conducted earlier in the year by the Morton Junior Chamber of Commerce and noted that beautification and general improvement was needed badly.

Too many of us, this comes as a shock, since we try to keep our homes and yards looking neat and clean. But we all are guilty of overlooking or looking with unseeing eyes at parts of our community which need improvement badly.

Therefore, this issue of the Tribune carries the first of a series of photographs which look at parts of our community as they are seen by a newcomer or a visitor or a potential resident or a possible new industry. These photographs will not be published to bring embarrassment to any individual, organization or business, but, rather, to awaken in us all a spirit of community need and a determination to make this the best possible town in which to live.

## Let George do it

We don't know who gets credit for the original, but this letter was read recently by Dr. Winfred Moore, pastor of the First Baptist Church in Amarillo during a Sunday morning service. We wanted to share it with you:

My name is George.

I'm an all-round handyman, and I'd like for you to feel free to use my services for any and all chores, errands, duties which you may be too busy to perform.

Anytime there's something that needs doing and you'd rather not, you just let old George do it.

I'll write to your Congressman for you; I'll write your newspaper editor; I'll serve on the school board in your place; I'll do anything you're too tired or too preoccupied to do.

With me around, you can be as lazy as you like. Or you can just have fun. The more the merrier, I always say.

My services are available to you for all the tedious, time-consuming things which you'd rather duck doing.

You haven't time to vote, let George do it.

You haven't time for jury duty, I have.

There is certainly no need for you to concern yourself with attending meetings. You don't want to accept committee assignments and extra responsibilities anyway. You let old George attend to those things.

Now, you ask, why should you leave important jobs to somebody you've never met?

Well, there's a reasonable question, so let me put your mind at ease.

I'm no beginner.

Maybe I'm not as famous as Khrushchev is, but if it hadn't been for me—you'd never have heard of him.

And that goes for Mussolini and Stalin and Hitler, too.

I made those guys!

And the big time racketeers in the United States.

You name 'em; without me, those guys would be nothin'!

Why do I want to run errands for you? When I'm the guy who runs all those "big wheels", why do I want to run errands for you? Don't you see, I get a kick out of electing presidents for school boards and unions and countries.

All those things you used to do before you took up chasing dollars and golf balls and things.

Don't feel like you're imposing. I'm glad to be of service. Helping you, I'm really helping myself.

How do you think I was able to take over and run a third of the world already? Because nobody else wanted to bother. They said, "Let George do it."

So I did it.

Now I'm taking over in lots of cities and counties in the United States, and I figure it's just a matter of time until I'll take over this country, too. I want to thank you for making it possible.

Remember now, if there is ever any way in which I can be of help, I'm at your service. You must have fun and don't worry about a thing. I'll do your worrying, too.

I'll bill you later.

Sincerely,

George

## COW POKES

"Maw, you wanted to have a picnic under shade trees on the bank of a creek... wal, here we are!"

## VIEWS . . . of other editors

### Sharing agriculture know-how

While in attendance, along with D. M. McKinney, C of C manager, at the Cotlin County dedication of the 1,000th flood control structure last week, our mind kept wandering back to a trip we took this past summer through old Old Mexico.

All through our journey through Mexico we kept missing something. We couldn't quite put our finger on it. But while at the dedication last week, it hit with sparkling suddenness.

We had, without fully realizing it, missed in Mexico the soil conservation practices that we take pretty much for granted in the United States.

In Mexico we saw no terracing, sodding, channeling, retention dams or ponds. Instead we saw acre after valuable acre being washed away as unruly streams and washes put gaping pathways through the land. After every rain the streams and rivers were rich red or solid black, according to the type of soil in the area, which was telltale proof that valuable top soil was being gradually carried away.

The sad part of this waste is that the major portion of the population of Mexico is without adequate diet. Many, of course, don't know this. The peons of Mexico know no other way of life so feel they are no worse off than the average person in other lands.

And why? Is Mexico like Japan or Holland where tillable soil is so

very limited that it is precious as gold?

No, Mexico has enough fertile land lying idle that, if properly cared for and cultivated, could feed all their own people as well as half the people of the world. Proper soil conservation and cultivation of crops as practiced in the United States could bring these happy results.

The skinny, undernourished peons of that country continue year after year barely existing on a skimpy diet, yet all around is rich, virgin land going to waste. It is washing away down gullies and streams, for lying idle due to lack of know-how, equipment, fertilizer, insecticides and wise government action.

Many other countries in Central and South America have the same conditions concerning their soil and cultivation.

What a pity it is that our country can't contribute as generously in aiding others in soil saving and production, as it does in less practical programs.

People with full stomachs are much easier to deal with than those who are lean and hungry.

The Lewisville Leader

**Officers crack down**  
This newspaper commends the city police department as well as the Highway Patrol for the way they are cracking down on traffic violators, especially in school zones.

City officers can handle the situation very well inside the city limits of Canyon but what about the safety of children riding school buses?

Every so often we hear of a child being killed by a passing motorist as he or she is getting on or off a school bus.

How many of us know the law on overtaking or meeting a school bus?

The school bus law is as follows: "The driver of a vehicle upon the highway outside the limits of any incorporated city or town upon meeting or overtaking from either direction any bus which has stopped on the roadway for the purpose of receiving or discharging any school children shall stop his vehicle immediately before passing the school bus, but may then proceed past such school bus at a speed which is prudent, not exceeding ten (10) miles per hour, and with due caution for the safety of such children."

"The driver of a vehicle upon a highway with separate roadways need not stop upon meeting or passing a school bus which is on a different roadway or when upon a controlled-access highway and the school bus is stopped in loading zone which is a part of or adjacent to such highway and where pedestrians are not permitted to cross the roadway."

"Failure to comply with the above requirements is a misdemeanor and every person convicted shall be punished by a fine of not less than one (\$1) dollar nor

## Highlights and Sidelights —

# Constitution needs revision

AUSTIN, Tex. — A complete revision of the Texas Constitution, proposed by Gov. John Connally and endorsed by the state Democratic convention, looks like the big state capitol news of the coming years.

Republicans likewise gave approval at their state convention to the idea of modernizing the 1876 constitution. But a long row lies ahead. Already many are expressing doubt as to the wisdom of a complete revision.

It would be a long process. First the Legislature would ask the voters to approve the calling of a constitutional convention. Then, presumably, delegates to the convention would be elected. The final product would go to the Legislature for submission to the voters for approval or rejection.

Governor Connally's suggested route would be to set up a cabinet system like the federal government. This would give the governor responsibility for all phases of state government. Now he appoints only one major state department head—the secretary of state.

**DEADLINE EXTENDED** — Agriculture Commissioner John White granted a 10-day cotton harvest and plow-up extension (to October 5) for farmers in 13 South Texas counties under the pink bollworm control law.

Counties affected by the extension are Aransas, Brooks, Duval, Jim Hogg, Jim Wells, Kenedy, Kleberg, Nueces, San Patricio, Zapata and portions of Hidalgo and Starr.

White urged fast field clean-up to prevent a "seriously threatening" buildup of pink bollworm.

**WATER PLAN** — Texas Water Development Board pulled back its massive \$3,700,000,000 proposed statewide water plan for re-evaluation in view of strong criticism during its series of 30 public hearings.

Board announced 16 additional studies to determine reworkable "alternates" which may be put into the plan in case populations grow and water needs are higher than those originally predicted.

Among subjects scheduled for new looks are:  
Alternative sources of irrigation water for West Texas, including possible diversions from surplus East Texas basins.

Reduction of water quantities from San Antonio's surface water supply, originally tagged for delivery to lower Rio Grande Valley for new irrigation.

Importing water into or above Highland Lakes in the Colorado River basin.

New sources of industrial and municipal water for Abilene, San Angelo, Odessa, Lubbock and the Trans Pecos-EI Paso areas.

Board also will cooperate with the U. S. Bureau of Reclamation in determining costs of delivering water to West Texas, utilizing a pump-back system up the Colorado River basin.

More than two hundred (\$200.00 dollars).  
Please be careful in passing school buses and be extra careful around our schools.

Canyon News

BOMBS AWAY!

do River channel.

**COMMITTEE SYSTEM** — A study panel has agreed to principle on far-reaching recommendations to modernize antiquated procedures by which committees of the House of Representatives process legislation.

House Rules Study Committee, headed by Rep. L. DeWitt Hale of Corpus Christi, concluded that the number of standing committees should be cut from 43 to 25; that membership should be based on a modified seniority system; and that committees should return detailed reports and analysis of bills with aid of professional staffs.

**COLLEGE GRANTS** — Coordinating Board of the Texas College and University System recommended 48 projects totalling \$23,000,000 for federal grants under Title I of the Higher Education Facilities Act of 1963.

Money has not yet been allocated by Congress, but the applications were recommended early to speed their processing through the U.S. Office of Education. Federal money will be matched with state and local funds for new buildings.

**SHORT SNORTS** — Thurman Dobbins of Austin and Mrs. Mary Margaret Perry of Houston were named to the State Commission for the Blind.

Governor Connally has approved Neighborhood Youth Corps projects in El Paso and Mount Vernon, for grants of \$194,350 and \$134,080, respectively.

Application blanks for the November 18-19 Selective Service Qualification Test for college students, to be used by local boards in considering deferments, now are available to students.

Sabine River Authority will receive \$120,440 from the federal government under the Land Water Conservation Fund which they will match locally to develop Wind Point Park at Tawakoni.

The Texas Water Development Board approved Franklin County water district applications for 700,000 in state aid for the El Com Cypress Basin dam.

Texas Highway Commission proved the plan to purchase Dallas County right-of-way for Interstate Highway 20 between Dallas and Fort Worth.

State of Texas spent \$1,808,769 during the fiscal year ended August 31, 1966, for its non-governmental functions, according to State Treasurer Jesse Jar-

roll.

Street scene . . .

THE FACT THAT Morton seems to suffer from a severe lack of civic pride has even carried over to downtown streets. These pictures were made on Main street and show the dirty condition of Morton streets that greet residents and visitors alike. At a time when Morton and Cochran County are struggling

to maintain their present population, much less trying to attract business, it seems futile when we present everyone a dirty street. Never underestimate the power of a clean, attractive city to attract and keep people. It would be nice if the people and the city fathers did something about it.

## Homemakers of Whiteface met

The Young Homemakers of Whiteface met Monday, Sept. 19. Mayor Quentin Rhodes proclaimed that week as Young Homemakers Week in Whiteface. They gave a Tea for the F.H.A. Girls, their mothers and the prospective members.

Officers of the club are: Mrs. Floyd Taylor, president; Mrs. Don Price, vice president; Mrs. Bob-

## Morton airman to prop school

Airman Bernard D. Nebhut, whose mother, Mrs. Floyd C. Jonas, lives at Morton, has been selected for training at Sheppard AFB, Tex., as an Air Force aircraft propeller repairman.

The meetings are held on the 3rd Monday of each month. Their next program will be a talk by Mrs. Iva Williams of Morton concerning the Headstart Program and our contribution to it.

The airman, who attended Plains High School, recently completed basic training at Amarillo AFB, Tex.  
His wife is the former Jaquita Jonas of Morton.

## PAINT . . . Protects wood and metal GOD'S WORD . . . Protects the soul

As paint protects wood and metal from decay, rust, and corrosion, so the promises found in God's word protect the soul from the evils of sin, anxiety and despair. Hear God's wonderful promises proclaimed from the pulpit in the church of your choice this Sunday. These promises so heard will accomplish wonderful things in your soul and heart, for God says of His Word, "It shall not return unto me void, but it shall accomplish that which I please, and it shall prosper in the thing whereto I sent it." Isaiah 55:11.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Coleman Adv. Ser.

**Merritt Hosts President's Dinner for L'Allegro Study Club Members**

The L'Allegro Study Club opened its 1966-67 year with the president's dinner in the home of Mrs. W. B. Merritt at 8 p.m. Thursday, Sept. 22.

The theme for the year "The Art of Living and Learning" was carried out by the hostesses being dressed as artists and the table decorations depicted the various phases of Madame President, honoring Mrs. Harold Drennan, the club's president. Barbie dolls in special attire holding miniature signs indicating the president at club meetings, at home, working on the annual Christmas float, at the convention, and a tired, disheveled one at "the end" of the year. Each was candlelighted. Tables were laid with colored cloths and featured place cards mounted on small paint brushes in the shape of an artist's palette.

The welcome was given by the social committee and Mrs. Bud Thomas, who in turn, gave the invocation.

After the dinner was served by Mesdames W. B. Merritt, James McClure, W. B. McSpadden, J. C. Reynolds, and Bud Thomas the evening's entertainment featured a delightful program given by the Simplephonies.

Mrs. Eddie Irwin introduced the president, Mrs. Drennan, who gave her challenge to the club: Mrs. Jack Russell revealed and distributed the club's yearbooks, after which Mrs. Eddie Irwin briefly reviewed the year's programs.

The Oct. 15 meeting, involving all clubs, is a workshop for Federation Day observance. The L'Allegros are in charge of the decorations with Mrs. Harold Drennan appointed Mrs. Merritt as chairman and Mesdames W. B. McSpadden and Bobby Travis, the committee.

As outgoing president, Mrs. McSpadden left the club the gift of five engraved loose-leaf-indexed notebooks. She gave Mrs. Drennan one, and left the other four to be given to active members for club work, at Mrs. Drennan's discretion.

Discussion was held whether or not to have a booth at the Emlea Smith Study Club Halloween carnival and the club voted to do so.

The club litany was led by Mrs. H. B. Barker.

The finance committee headed by Mrs. Barker met briefly before the club adjourned for the evening.

The dinner was served to the following members Mesdames: H.G. B. Barker, R. L. DeBusk, Truman Doss, Harold Drennan, Van Greene, Elwood Harris, Eddie Irwin B. R. McGehee, Al Mullinax, Jack Russell, M. A. Silvers, Inez Swicegood, Bobby Travis, Jack Wallace, and E. O. Wittingham.

The next meeting will be Oct. 6.

Mr. and Mrs. S. E. Bratton have returned home from attending the funeral of his sister, Mrs. Maudell Grigsky of Lake Charles, La.

Officers shown include: standing, Mrs. E. O. Wittingham, treasurer, and Mrs. Travis, secretary, Mrs. Harold Drennan, president, Mrs. Eddie Irwin, 1st vice president, and Mrs. Jack Russell, 2nd vice president.

**Rainbows to hold installations Sat.**

Installation of Rainbows will be held Oct. 1, in the banquet hall of the county activity building, according to Mrs. T. A. Rowland, advisor.

Seventy-five new members are expected to be installed as worthy advisors at the Morton Rainbow Assembly at 4 p.m. at Kay King.

Mrs. Rowland said that the public is invited to attend.

Judge and Mrs. M. C. Ledbetter left Tuesday, Sept. 27, for Corpus Christi, where they spent the week attending a Judge's Conference.

**W. S. C. S. Circle in Crowder home**

The Maggie Jackson Circle of the Woman's Society of Christian Service of the Methodist Church met Tuesday morning, Sept. 22, in the home of Mrs. John Crowder, beginning a series of six lessons on "Christian Being and Doing" — a study of James and 1 Peter.

The teacher for the series is Mrs. Bobby Adams. Mrs. H. S. Hawkins will be hostess to the circle at the next meeting, Oct. 4, at 9:30. Mrs. Elizabeth Greer will discuss "The Call to Mature Discipleship".

Present for the first lesson were Mesdames: George Hargrove, James Walker, Kenneth Wyatt, D. A. Ramsey, Willard Henry, C. E. Neimn, E. Greer, Bobby Adams, Jill Wyatt and Mrs. Crowder.

Mr. and Mrs. Jim Swanner of Levelland visited Mr. and Mrs. C. G. Coffman Saturday, Sept. 24.

**DEPARTMENT STORE**

# Guilty of Self-Embezzlement?

It's a serious charge. But lots of us are guilty . . . although very few people cheat themselves intentionally. Yet that's just what we're doing when we fail to shop our home stores before we buy.

Often enough the deals are better at home, dollar for dollar. Always they're better when you consider that Trade Builds Communities . . . and that Trade is the sole source of prosperity for an area and for those who live within it. Even great natural resources bene-

fit only a few people if that wealth gets away from the community's regular trade channels.

When we buy from those who buy from us . . . either our labor or our products . . . when we trade with the neighbors who help us to support our local social facilities . . . when we spend our money where Trade creates opportunities for us and our children . . . then we're getting full value for the money we work to earn.

\* Buy . . . where you get to enjoy everything your money pays for

# College registration: or, How Susie Blackley got through

Tedious instructions . . .

Baffling questions . . .

Long lines . . .

Just fine . . .

## Once an Indian, now a Cowboy

ENE — "I really like it at Hardin-Simmons University. It's a friendly campus with an atmosphere so different from the colleges I've visited. It's not so personal as the larger schools."

The endorsement is from Susie Blackley, a 1966 graduate of Morton High School. Although Susie is currently being exposed to the trials and tribulations of Freshman

Orientation, she is apparently taking to her changover to college life in stride.

But she seems to take quite a few things in stride. For example, in high school she was president of the Future Teachers of America, vice president of the National Honor Society, layout editor of the Morton War Whoop, the school newspaper, and secretary of the first Cochran County Area Youth Conference, the first such rural conference ever held in Texas. Susie was chosen Senior Class Favorite, Miss MHS, Head Cheerleader, and 1965 Homecoming Queen while at Morton.

She has also been active as a member of the First Baptist Church in Morton, the Young Women's Auxiliary, the Cochran County Youth Council, and the MHS choir for three years, and has served as choreographer for the Indian Capers variety show sponsored by the choir.

The daughter of Mr. and Mrs. Vernon Blackley of Morton, Susie plans to graduate with a Bachelor of Science degree in Elementary Education and a minor in music. Susie hopes to run for the office of freshman cheerleader in H-SU's October elections, and she is considering applying for a job either on the Brand, the university newspaper, or the Bronco, the yearbook.

There is one problem, however, that has plagued the ex-Morton cheerleader. "I've always been rooting for the Indians, and now—all of a sudden — I'm an H-SU Cowboy."

## Critical intern speaks to women

Spending three months in our capital as an intern in George Mahan's office helped to appreciate our American way," was a statement made by Charles Ledbetter when he spoke to the Town and Country Club, Young Ledbetter apartment on the Club's program on Wednesday, September 21 in the home of Mrs. W. L. Foust.

Charles is the son of Judge and Mrs. W. L. Foust and was one of the college students serving as representatives of their representatives in Washington, D.C., this past year. The program was set up to help students learn first hand about the government. Their duties were to assist the representatives in many ways. Charles worked in the department of district relations. He told the study club that one of his most enjoyable responsibilities was to meet with the guests about the capital and through some of the buildings.

Charles was elected President of the South Plains Club body. He also plays basketball.

ketball with the South Plains College varsity squad. Mrs. Foust served refreshments to twelve members, the guest speaker and his mother, Mrs. M. C. Ledbetter.

## Services held for Rodriguez child

Miguel Angel Rodriguez, infant son of Mr. and Mrs. Andres Rodriguez, Star Route 2 of Morton, died Wednesday morning, Sept. 21, at Morton Memorial Hospital.

Graveside rites were held Wednesday afternoon, Sept. 21, at 3:30 p.m. at the Morton Memorial Cemetery with Father Lawrence Bobsein officiating. Bural was in the Morton Memorial Cemetery under the direction of the Singleton Funeral Home, Morton.

Survivors include the child's parents and nine brothers and sisters.

Mrs. Roy Allsup made a trip to Lubbock Tuesday, Sept. 27, to see the Fair just one more time.

Morton (Tex) Tribune, Thursday, Sept. 29, 1966
