Directed at post office window services, Postmaster General Lawrence F. O'Brien has ordered the Customer's Bill of Rights imple mented by two immediate steps at Morton, Texas. 1. Posters will be displayed in

the post office lobby and service counters containing 10 points which specify the kind of treatment customers have a right to expect 2. Instructions from Mr. O'Brien call for careful observance of all points in the "Postal Customers Post's potshots down Bill of Rights." The instructions also provide directions for the most efficient management of win-

dow services. The posters tell customers they are entitled to:

1. A neat, clean counter on which to transact business. 2. Service by a well-groomed, first period put Post ahead to neat window employee.

3. A friendly greeting that expresses a desire to assist. 4. Knowledgeable, well - informed, interested window personnel to help with postal needs.

5. Prompt, alert and efficient

6. Competent and correct information on inquiries. 7. An attitude that reflects help-

to give the appropriate service.

"I don't know where the money ill come from, but after the last few months I wouldn't be surprised," he said. Just a few months ago, Girlstown, U.S.A., was in debt \$28,000. Now the only pressing financial need they have is the note.

Girlstown, U.S.A., which provides a home for otherwise homeless girls, is now seeing better times. At the time the financial plight was made known to the public, Cooper said the home would either have to release some of the girls, operate on a tighter budget, or

Thanks to the near \$20,000 in donations the home has received, Girlstown has a new lease on life. All of the back bills have been paid off and all bills are current,

"I am extremely pleased with and material; Levelland Jaycees the way the people in this area have painted the home's living faith in people grows everyday be-cause of the way they have helped us out of the hole we were in," Cooper said.

Just because they are in better short time before is no sign that Girlstown doesn't have other needs. Cooper said that they need four central heaters and water heaters. Both of these units are about 18 years old,

"We've got them holding together with baling wire and bubble gum and I don't know how much longer they can hold out," he said. Also, they need paint and curtains as well as "a list of things that would give you three columns on just our needs," he said,

Morton Lions Club, which initiated the idea of Lions Clubs giving 25-cents per month per member to Girlstown, have seen their idea grow into a district project.

The Hereford Lions Club gave Girlstown a check for \$1,000 and will give \$50 per month; Whitharrel Lions gave a check for \$96; Levelland Lions will give \$50 monthly for the next six months and then will re-evaluate both their and the home's situations: Whiteface and Three Way Lions have given generous donations. Ford and a Hockley Co. deputy sheriff soon arrived on the scene followed by Smith Ambulance from Levelland.

Initial investigation led the Hockley Co. officials to believe that death had been caused by asphyxiation, because the house was tightly sealed and a heater was on. A window was forced open by Drake when he arrived, but no one entered the house until the body was taken out by the Levelland funeral home.

Only upon entry of the house, after the law enforcement officers had left, could it be seen that Billasano had not only been shot but that a wire had been tied around his neck to the door knob.

Hockley Co. officers were then sent back to the scene to make an investigation. Ford said that Billasano had been dead since Saturday. A .32 automatic was near Billasano, who was found in a crouched position.

"They are urging teachers to discuss these diseases in their proper context in the curriculum, And they are asking civic and professional organizations to devote a meeting to finding out more about the venereal disease problem and its solution."

Also cooperating in the program are the Texas Health Department, the Texas Medical Assn., the Texas PTA, and a number of other key state organizations.

Of the total amount, \$24,500,000

is budgeted for 1967 construction and is broken down as follows \$895,000 for land and buildings, \$6,500,000 for central office equipment utilized in switching and long distance calls; \$6,619,000 for telephone instruments and other customer facilities, \$8,936,000 for additional facilities outside of central offices; and \$1,550,000 for general equipment. These expenditures will permit

continued rural service improvements throughout the company. The five-year budget for the rural program calls for spending approximately \$12,000,000. As a result 43 percent more rural customers will have four party service or better, Danner said.

CITY COUNCIL

An error in last week's story about the city council meeting stated that Mayor Jack Russell, Earl Stowe and Donnie Simpson would run for re-election this year. Their terms will not be up until next year. Terms expiring this year include Ty Williamson, W. L. Taylor, and E. C. Seaney. None have announced for re-election.

Do you still have questions about preparing your income tax return after reading the income tax instructions you received in the mail? You may want to buy a copy of "Your Federal Income Tax." This booklet costs 50 cents at any Internal Revenue Service office. It gives the answer to most questions on your individual income tax return in clear, easily understood language. A 50 cent investment and a little reading time can save you a lot of tax dollars, or a lot of headaches.

### Indians to host Slaton Friday in final home game

ton's Buffaloes here Friday night in their last home game of the season. Game time is 6:15 p.m. for the B team clash and 8 p.m. for the varsity tilt.

Stanton currently is 7-1 in district action and tied with Post for first place. A Morton upset would put Post in the driver's seat, while a loss would likely leave the two leaders tied and force a play-off to determine the district representative.

While the varsity will go into the game with a 4-4 district mark, the Morton B team will be trying to avenge its only loss of the season. Only the Stanton B team has been able to defeat the "Magnificant Seven' that comprise the Morton

Final cage action of the season will see the Indians playing at Denver City. And that tilt promises to be a dandy as Morton will try to toppled the Mustangs. In their first meeting, Morton took a four-point decision in a tournament at Plains. In conference play, Morton lost by a single point in an overtime thriller. Game time is 6:15 p.m. for the B game and 8 p.m. for the main event.

Four seniors will be suiting up for the final time in Morton's black and gold. They include regulars Freddy Thomas and John Clair, plus reserves Rodney Hobson and Rory Kuehler,

In other cage action, Morton will send three teams to a meeting with Levelland Thursday, Feb. 9. The seventh grade game will begin at :30 p.m., with eighth graders and freshmen playing after that. On Saturday, Feb. 11, the three

teams will play in a one-day tour-ney at Plains. The seventh grade will face Plains at 8 a.m. with Tatum and Denver City playing at 9 a.m. Finals are slated at 5:45 p.m. and consolation finals begin at 2:30 p.m.

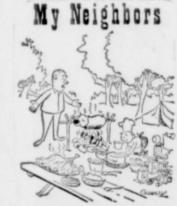

The eighth grade will face Denver City at 11 a.m. Plains plays l'atum at 10 a.m. Consolation begins at 3:30 p.m. and the finals

t 6:45 p.m. Morton's frosh will face Dener City at 12 noon, Plains and Tatum play at 1 p.m. the consolafinals will begin at 8 p.m. and the finals at 9 p.m.

In game s played at Brown-field Monday, the Morton squads won one and lost two. The seventh graders trimmed the little Cubs 42-22 as Keith Embry got 21 and Willie Holland added 10. The eighth grade had a narrow 13-12 lead at halftime, but sputtered in the second half as Brownfield came back for a 26-20 victory. M. C. Collins had 15 for the little

The freshmen took their worst loss of the season, 31-60. Ralph Soliz led Morton with 16 points.

face High School were initiated into the National Honor Society Thursday in the Whiteface school auditorium. The Whiteface chapter then installed the charter Bledsoe National Honor Society composed of five members.

The 1 p.m. ceremony was begun with a processional played by Mike Teer. The initiation ceremony for Whiteface was conducted by Anita Salas, Hubert Deavours, and Shir-

ley Pond. The four qualities of the NHS were extolled by Pat Lasater, Character; Sue Lewis, Scholar-ship; Mack Ashmore, Leadership; and Alvin Nock, Service. Hubert Deavours, president of the Whiteface chapter, presented his chapter to Charlie Booz, principal of Whiteface High School.

Pond, include Mack Ashmore, Mike ner, Ann Jennings, Pat Lasater, Sue Lewis, Linda Lumpkins, Alvin Nock, and Manda Rush.

In accepting the chapter, Booz told the members to be serious in their work, but never take themselves too seriously. Following the acceptance, the chapter sang the school song.

After the Bledsoe chapter was initiated, they were presented to Bledsoe High School principal A. A. Chandler by Hubert Deavours. In accepting the chapter, Chand-ler said that the Bledsoe chapter was granted charter number 12,with a gavel from the Whiteface

to Deavours and Misses Salas and ton Funk, president; Stevan Dunn, vice president; Linda Brown, sec-Box, Randy Brownlow, Belva Gai- retary; Karen King, treasurer; and Benny Rawls.

James Cunningham, tendent of the Whiteface Public Schools, in making the address, urged the NHS members to make the most of the opportunities they had. He also used the parable of the talents to emphasize that people need to use their talents for the betterment of their selves and the world as a whole.

members about where they were going since they had achieved academic excellence. He said that people never go far unless they realize who they are, what they have and where they are going.

regular meeting Feb. 1 in the home of Mrs. L. F. Hargrove.

The business session was presided over by the president, Mrs. Glenn Thompson. Mrs. Joe Gipson, program chairman, proudly announced that three members of the 1936 Study Club have been recognized as outstanding, by the District Federation. The honors

Mrs. Neal Rose, Outstanding Clubwoman of the Year with ten years or over of service. Mrs. Glenn Thompson, Out-standing Teacher of the Year.

Mrs. M. C. Ledbetter, Outstanding Mother of the Year.

Other business included appointing a special Scholarship and Maintenance Commission Committee composed of Mrs. C. H. Silvers, Mrs. Joe Nicewarner, and Mrs. James St. Clair. Mrs. St. Clair is to act as chairman of this committee to study a new money raising plan of the State Federation. The 1936 Study Club was very

honored to have as guest speaker for the program, Mrs. Vern Beebee, a teacher in Whiteface District High School She spoke on the subject "Shak-

She expressed the thought that although we have been able to identify ourselves with the great poets and writers of the centuries. we have not been able to properly identify with William Shakespeare. The reason was that Shakespeare was a man lost in the inadequacies of his age - lost in a world that did not recognize his great-

talk about Shakespeare without using superlatives. Critics never tire saying that he is the greatest of English writers, the greatest poet in all world literature, or the greatest playwright of all times. He is, as men with knowledge claim, a man for all time. For all his glory and despite

the effort of several generations of scholars, Shakespeare's life is shrouded in mystery and it may never be clarified. We do know that he was born in a little English town, Stratford-On-Avon. The year was 1564 but we are not positive of the day. The house assumed to be his birthplace still stands and has been converted into a museum filled with momentos and first editions of his works. Neaby stands the grammar school he probably attended as a boy and the guild hall where, in all liklihood, he enjoyed the plays presented by traveling actors during his boyhood. Shakespeare's mother was a member of the gentry, his father was prominent in Stratford, a high bailiff, alderman and justice of the peace. And with the passage of time a squire with his own coat of

Whether he and his were estranged or whether he saw his family at intervals has been a good subject for conjecture, but there is no actual proof of either theory. After about 20 years as an actor and playwright in London, he returned to Stratford and apparently took up the life of a wealthy squire. At 52, and on his birthday, he died, leaving provisions in his will that he be buried in the chancel of Trinity Church in Stratford. Wishing to avert the practice of that day, whereby the bones of those long interred were often removed from burial places, Shakespeare had this last poem placed on his

After his death, his friends and co-workers collected and published his plays in what is known as "The First Folio". This was a difficult taks, for Shakespeare had taken no steps to preserve his writing. Fortunately most of them could be

ably represent the periods in his life from youth to an approaching The plays of the first period are marked by youthful dreams and

exuberant spirits. Paramount among them are "A Midsummer Night's Dream", loveliest of poe-tic fantasies. "The Merchant of with its dramatic trial scene; "The Taming of the Shrew" his most popular farce; "Romeo and Juliet", a romantic tragedy of ageless beauty and world re-

The second period is that of the great chronicles and romantic comedies. The fat tollicking Falstaff rolls through two plays of King Henry IV and recurs in the "Merry Wives of Windsor". Also during this period Shakespeare wrote 3 comedies for the Globe Theater: 'Much Ado about Nothing", "As Your Like It", and "Twelfth Night'

Depression and tragedy mark the third period. Among several plays laid in ancient Greec and Rome the best known is "Julius Caesar", analyzing man's relation to the state. The four tragedies he wrote during this period are Hamlet, Othello, King Lear, and Mac-

With the fourth period the storm and stress of Shakespeare's inner spirit seems to have passed away. "A Winter's Tale", and "The Tempest", are plays of warmth and reconciliation. Old wrongs are righted and forgiven in the end. In these works he returns to the spirited fantasy and tender romance of the earlier comedies, suffused with a mellow philosophy.

Speaking on the impact of Shakespeare's works on literature, Mrs. Beebee stated that he was the first dramatist of nature, meaning, of course, that he held up a faithmirror of manners and life. His characters are not modified by the customs of particular places, unpracticed by the rest of the world, by the pecularities of studies or professions, or by the accidents of transient fashions or temporary opinions. His persons act and speak by influence of those general passions and principles by which all persons act and speak. As a result, his people are real people; we remember them because they do the thing and speak the words which we might have done and said under the same circumstances.

# Labeled for PROTECTION

Some medicines may be taken internally; others are for external use only; therefore labels caution us as to their proper use. These precautions are for our own protection and good.

All things in life are not so clearly marked as to their proper use. The Bible is our source and guide, our label.

Thy word is a lamp unto my feet, and a light unto my path.

Psalm 119, 105

ATTEND CHURCH, STUDY GOD'S WORD

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of
