as, Wayne Thompson, and Donnie Harvey; back, Rodney Hobson, Byron Willis, Dick Vandlingham, Willie Moore, John St. Clair, and Tommy Davis. (Staff Photo)

Council votes pay raise, slates April 4th election

The Morton City Council Monday night pinpointed a date for the council election, raised the mayor's salary, and were told of a slight rate decrease by Great Plains Natural Gas Co., Inc.

The first item on the agenda concerned the salary of the mayor and councilmen. At the present time they are paid \$10 monthly. There was some discussion of the increase at the last meeting but no action was taken at that time. Donnie Simpson proposed that the mayor receive \$40 monthly and the councilmen \$25. The motion was made by E. C. Seaney that the mayor receive \$50 and the councilmen \$25. It was seconded by W. L. Taylor and approved unanimously.

It was strongly emphasized that the mayor would receive the higher pay. The pay increase would be effective only for those councilmen elected this year and following years. However, the councilmen and the mayor, provided they run for and receive reelection, would be eligible to receive the higher pay.

On a motion by Taylor, seconded by Seaney, the council set the date for the up-coming council election as April 4. To be elected at that time are three aldermen.

Election judge will be W. M. Butler with Roy Hill acting as alternate judge. Deadline for filing to get your name on the ballot is March 4. Absentee balloting will run from March 20-April 1. All balloting will be in the city hall. Expiring this year are the posts held by W. L. Taylor, E. C. Seaney, and Ty Williamson.

Van Greene manager and Blair Cherry, Jr., President of Great Plains Natural Gas Co., Inc., appeared before the board and expressed their intention to renew their option with the city in providing supplemental supply and a back-up gas service to the city. The contract expires in November. Also, they told the city that they were reducing, slightly, the cost of gas to the city. The price decrease is about one cent per thousand cubic feet and will amount to a savings to the city of about

\$400 a year based on the present rate of consumption.

Greene said that while their costs were going up about \$1,000 per year, the city was a good customer of the company's and "it will be in the best interest of the company to pass on the savings to the city."

Mayor Jack Russell asked Cherry if there was any truth in the rumor that the company was going to sell.

Cherry said that while there was

Improvement bonds to be advertised for sale

After two days of meetings this week, the commissioners court decided to advertise for bids on \$495,000 in bonds to be used to finance the hospital and court-house improvements.

The action was taken during a

Post office safe stolen

Burglars broke into the Enochs post office Friday night and made off with the entire safe, which weighed about 500 pounds. The safe contained \$638.10 in stamps, \$27 in bird stamps, \$215.87 in cash, and about \$190 in personal items belonging to the acting postmaster, Zed Robinson.

Robinson told postal officials that the burglary was discovered about 8 a.m. Saturday by C. R. Smelser, pastor of the Enochs Methodist Church. Robinson said that when he drove up, Smelser was frantically waving and saying that the store had been robbed. Entry was gained by breaking the front door lock.

Robinson, who also runs the grocery store, in which the post office is located, said that nothing else was taken from the store except 10-cents from the soft drink machine.

The safe, which had been rolled out of the store onto a truck, was found "peeled" one mile east and one-quarter mile north of Enochs. Robinson said that the burglary was the first time since the post office had been established there in 1927 that anything had been taken from it. He did say that burglars cleaned the grocery store out in 1965, taking about \$1,600 in groceries and electrical appliances.

The theft is being investigated by the Post Office, Bailey County Sheriff's Office, and the FBI.

CHANGES URGED

Doctors reject contract; offer counter-proposal

5 Area Co-op makes advance loan payment

The Five Area Telephone Cooperative, Muleshoe, has made an advance payment of \$70,000 on its loans from the Rural Electrification Administration in response to the agency's request that its borrowers help counter inflation by stepping up payments to the U.S. Treasury.

The advance payment is in addition to regular quarterly principal and interest payments the cooperative makes to REA on funds borrowed to provide telephone service to about 1,400 subscribers. Previously, the cooperative had made advance payments of \$15,398 on its REA loans.

The counter inflation program under which the cooperative acted was announced by REA Administrator Norman M. Clapp on October 25 in response to President Johnson's memorandum of September 9. The President asked that both public and private sectors of the economy practice self-restraint as a means of combatting inflation.

Clapp said "we gave very careful consideration to means by which the REA lending programs could best be carried forward consistent with current national objectives. We believe that the program worked out represents a practical solution which will enable the rural electric and telephone systems to plan intelligently, keep their line of credit intact and yet make a constructive and significant contribution to the effort to reduce inflationary pressures in the economy."

See CO-OP, Page 2

The counter inflation program calls for:

1. Deferring all postponable construction.

2. Reducing the net cash impact of the program on the Treasury during current circumstances by—
a. Getting borrowers to make advance payments on their loans;
b. Getting borrowers to defer as long as possible the withdrawal of loan funds from the treasury; and
c. Encouraging borrowers to invest a maximum number of dollars in U. S. Treasury Bonds — REA Series, paying 2 percent interest.

Borrowers were asked to give substantial priority in their planning for the coming year to set aside some of their developing cash resources toward achieving a two-year cushion of credit, as recommended by REA.

Clapp, emphasizing that the program was temporary in nature, said borrower response has been excellent, and that it was expected to gain momentum as boards of directors meet and determine the extent to which their systems can participate.

The administrator said that the banking with U.S. Treasury helps

See CO-OP, Page 2

Checking the contract . . .

DOCTORS W. B. McSPADDEN and Garnett Bryan check over the hospital lease contract that was presented them by the Cochran County Commissioners Court. The doctors refused to accept the contract and countered with their own which listed three major changes. (Staff Photo)

A lease contract offered two Morton physicians for operation of Morton Memorial Hospital has resulted in a counter-proposal.

Meeting in an unannounced session Friday morning, Cochran County Commissioners approved a proposed contract with Dr. Garnett C. Bryan and Dr. W. B. McSpadden. The vote approving the new lease agreement was 3-0 with Commissioner Leonard Coleman abstaining.

The doctors received copies of the contract by mail Monday morning. That night they announced that they would not accept the proposal and later released a copy of a counter-proposal.

Original lease of the county-owned medical facility to the doctors began June 1, 1962, and was for five years.

At press-time Wednesday, no date or time had been set for the Court to consider the doctors' proposal. In the letter accompanying the county's offer, it was stated, " . . . If this firm offer is not acted upon within ten (10) days, it is considered as having been rejected."

The letter was dated Feb. 10, 1967, and the next regular meeting of the Commissioners' Court is set for March 13. County Judge J. A. Love said that a special meeting would be called if the doctors requested it.

Basic point of contention is the difference in the amount of money which will be authorized by the County to defray operating costs of the hospital.

In the original contract, the county agreed to provide \$20,000 the first year, \$15,000 the second year, \$10,000 the third year, \$5,000 the fourth year and \$5,000 the fifth year, for a total of \$55,000.

The county's new offer would provide \$5,000 per year for the five-year period or \$25,000 total. Also included is a provision that each doctor would pay \$150 per month office rent and the salary of office nurses and the hospital receptionist.

A counter-offer prepared by the See DOCTORS, Page 2

Indians ride the Ponies

Morton overcame early-game gutters and a fourth-period rally to down Denver City 50-46 in the Mustang gym Tuesday night.

The victory closed out the season as the Indians took third place in District 4-AA with a 5-5 record. For the year, the Tribe com-

pleted a 19-13 mark.

Denver City took an early lead in Tuesday's encounter and led 8-3 at one point. Morton rallied and held margins of 5, 9 and 9 points at the quarter marks.

But early in the fourth period, D.C. rallied as Morton went into an early stall. The Mustangs got within one point, 44-43 before Morton pulled itself together and found the range once more.

Denver City broke on top and Gary Hatfield found the range on three quick field goals that were partially offset by a field goal and a free throw by Byron Willis.

Dwayne Young then netted a pair of free throws on two fouls before Willie Davis hit a lay-up for the Indians. Jimmy Streeby hit one of two free throws and D.C. led 9-5 with 3:55 left in the first quarter. That was the last time Denver City had the edge.

Sophomore Willis staged a shooting exhibition that left fans gasping, as he hit jumpers and twisting lay-ups from the baseline behind the basket. He hit three field goals and a pair of free throws to lead a Morton surge. Donnie Harvey added a free throw for the Tribe, while D.C. managed only one field goal and miss three free throws.

Action in that quarter closed with Morton leading 16-11.

Streeby hit a two-pointer for the Mustangs to open the second period, but Willis laid in two more baskets. Russell got a basket that Donnie Harvey matched.

Diminutive Cox came off the bench for D.C. and netted two free throws. But Tommy Davis found the range for a field goal and Willis hit another two-pointer. Cox countered with a field goal, but Freddy Thomas made two free throws and Morton led 28-19 at halftime.

Willis hit two fast baskets and Thomas made a free throw to give Morton an edge of 33-19 early in the third period. Three field goals narrowed the margin for the Ponies to 33-24.

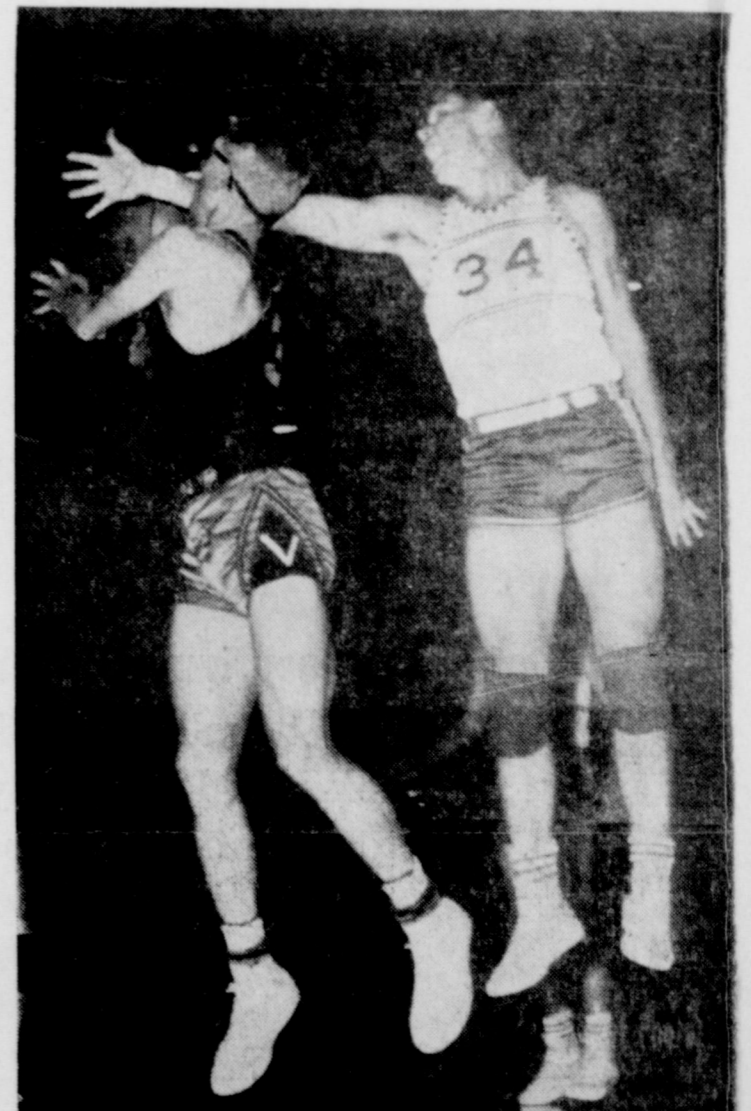

Willis hit a pair of charity tosses, matched at Hatfield hit a field goal. Jimmy McKee fouled out for Denver City with 4:45 left in the third stanza. Willis and Thomas traded field goals with Doug Young. Then Hatfield hit again to make it 39-31.

Sophomore Rusty Rowden made one of two free throws, grabbed the rebound and shoved it in.

Young hit for the Ponies as Morton took a 42-33 lead into the last eight minutes.

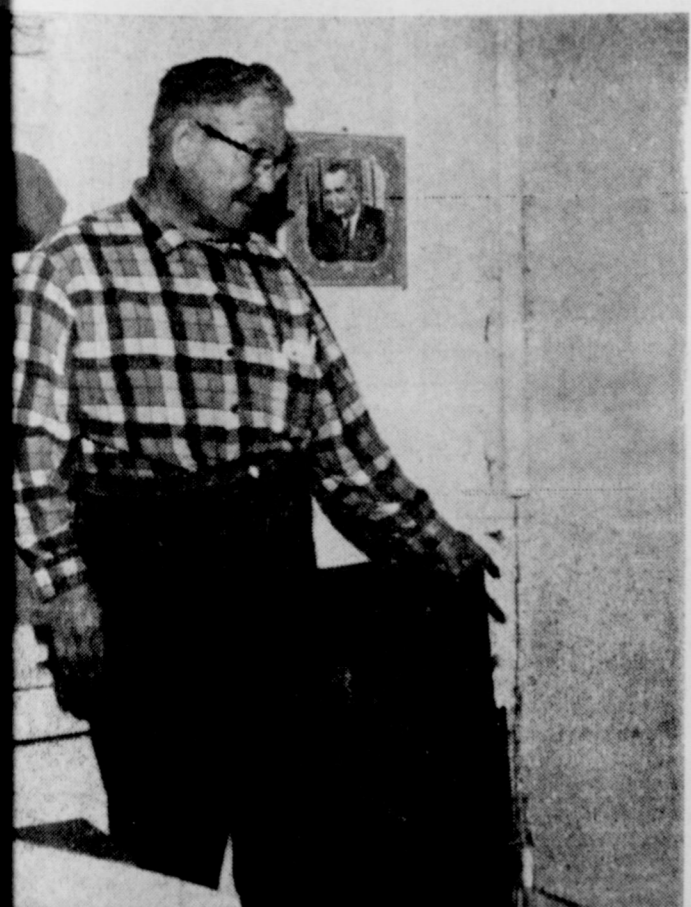

And that lead didn't look sufficient as Morton went into an early stall, but failed to make its shots. Young hit two field goals

See INDIANS, Page 2

Around and in . . .

SHOWING NEW MOVES near the basket, sophomore Byron Willis puts in two more points for the Indians. Willis also drew a foul from Denver City's Jimmy McKee on the play. Willis led the Tribe to a 50-46 win over the Ponies as he hit for 31 points. (Staff Photo)

That's where it was . . .

ZED ROBINSON, acting postmaster at Enochs, points out where the post office safe was stolen. Burglars broke into his grocery store Friday night and wheeled out the safe, which was in an adjoining room. The "peeled" safe was found about a mile from the store the next day. (Staff Photo)

Bonds

from Page One

springs and two speed rear axle. The motion to accept the bid was made by T. A. Washington and was seconded by U. F. Wells. Robert George, district court reporter requested that the court give him \$100 with which to purchase a tape recorder for use in district court. County Judge Johnny Love said that all the counties in the district had to approve it before it could be purchased. Motion to appropriate the money was made by Leonard Coleman and seconded by Wells.

Election judges and officials for county elections were approved by the court on a motion by Coleman, seconded by Wells.

Also the court terms for 1967 were approved by the court on a motion by Harrah Rawls. Gene Berham, president of the First State Bank of Morton, appeared before the court to submit a bid for the county's public funds. His bid was accepted by the county, said that no interest would be payable on demand deposits. Interest payable on time deposits will be the following: 30 days, 2%; 90 days to six months 3%; and one year, 4%.

Also the bid said that funds borrowed by the county from the bank would carry a 3% interest rate for the first \$50,000 and 4% for all monies over \$50,000. He also said that all time and demand deposits would be secured by the bank with proper security.

Coleman made the motion to accept First State Bank's bid, the only one submitted to the court, and Rawls seconded.

Representatives of Stiles, Roberts & Messersmith, architects from Lubbock, met with commissioners and discussed various aspects of the upcoming hospital and courthouse improvements. They said they would be ready with final plans as soon as the money from the bond sales came in, which should be about 45-60 days.

On Tuesday, Mrs. Kenneth Thompson, hospital administrator, appeared before the court to request \$2,500 for hospital operating expenses. She said that this was necessary because about \$14,000 in insurance - paid accounts receivable was not.

Wells made a motion that \$2,500 be transferred from the general fund into the hospital fund. This was seconded by Coleman. Judge Love called for discussion, followed by silence, and then he called for question and two hands went

Doctors

from Page One

doctors offers three major changes from the original agreement. First is that the term of the lease would be two years. Second point is that the county would provide \$1,200 per month, a total of \$13,900 per year, for operation of the hospital. Third difference is that the hospital would be allowed to accumulate any surplus to carry it through months when hospital occupancy and receipts are down.

Another point of difference is the fees and charges for indigent patients. The county's lease offer calls for drugs and X-rays to be furnished at cost, with no compensation for the doctors.

The original agreement called for billing on charity cases to be "submitted at regular cost commonly charged to the public at large."

The doctors' proposal calls for the physicians to be paid for professional services at 50 per cent of their regular fee basis and for all hospital services, drugs, etc. to be paid at regular charges.

Copies of the lease agreement in effect now, the new proposal offered by the county, and the county-offer drawn up by the physicians are available in the Tribune office for any interested person to read and/or compare.

up as well as Rawls' voice saying "What's this money for?"

Mrs. Thompson explained that most of the money was for drugs and that she would prepare an itemized list if they preferred. Coleman said, "Judge, it boils down to the fact that we have a hospital and they need money to operate."

Rawls said to Coleman, "Do you know where the money is going?" Mrs. Thompson then explained about the amount of insurance money still out. Rawls asked the judge how much money this would make the hospital over the original contract. No definite answer was given.

The judge once more called for questions and all the commissioners approved the transfer.

Monday the commissioners voted to pay the month's bills. The motion was made by Wells and seconded by Rawls.

Mr. and Mrs. Grady Burson of Amarillo visited in the home of their daughter and family Dr. and Mrs. Garnett Bryan over the weekend.

Indians

from Page One

and Kassel had one to make it 42-39. Both teams missed free throws.

Willis came off the bench and got a basket with 4:48 left in the game. Then came D.C.'s best rush as Mike Mead got a basket and Cox made two free throws. That left Morton in front 44-43 with 2:43 left.

Willis hit a basket, Hatfield missed a free throw and Moore rebounded for the Tribe. Willis hit again, but Russell matched that. Willis missed a free throw, but Moore got the rebound and finally put it in. That made it 50-46 with 40 seconds left. Cox hit one of two free throws with 30 seconds remaining. Thomas was fouled almost in the lobby, but failed to hit the charity toss.

A strong press kept D.C. off-balance and Morton got possession during the final five seconds. Willis led the Morton onslaught with 31 points on 13 field goals and five free tosses.

Freddy Thomas, the much-battered senior who is slated for a knee operation next week, hit for five points. However, his value Tuesday night was in his hustle, as he spoiled passes and harassed the young Ponies all over the court. It was the final game for Thomas, and for senior John St. Clair, who made just two points but played an outstanding game on defense.

Hatfield hit 13 and Young 11 for the Ponies.

And the exciting Morton B team took another scalp Tuesday night, dropping their forces 58-35 with a

reduce the cost of Government by lowering the amount of money the Treasury must borrow at this time and, simultaneously, reduces inflationary pressures by taking money out of circulation. He said the program serves to "demonstrate to the Nation that the REA loan programs are a source of cash receipts to the Government as well as objects of cash disbursements."

Clapp pointed out that the \$70,000 advance payment from Five Area Telephone Cooperative comes from depreciation reserve paid in by the cooperative's subscriber-members as a part of their telephone bills. The money had been held by the cooperative as a portion of its reserve funds for replacement of plant and to meet emergency and other operating needs. Now it will be held by the Treasury, and may be used by the cooperative, if needed. In effect, it remains a part of the cooperative's reserves.

REA has financed about 1,900 rural electric and telephone systems. In Texas there are 99 electric and 66 telephone borrowers.

4-H foods show slated for Feb. 25

The Cochran County 4-H Food Show will be held Saturday, Feb. 25, at the County Activities Building in Morton. Approximately 30 to 40 4-H'ers are expected to participate.
Girls and boys entering will prepare their favorite food and exhibit in one of the fair food divisions — meat, milk, bread-cereal or fruit vegetable. 4-H'ers will be judged on their nutritional knowledge about the food exhibited, the taste and appearance of the food, table setting used, recipe, day's menu and their 4-H foods record.
All who enter will receive blue, red or white awards. Judges for the show will be Norma Cates, assistant home demonstration agent, Hockley Co.; Carolyn Cates, county home demonstration agent, Terry Co.; and junior leaders for those counties. Jo Anne Bray, assistant educational director, Bailey County Electric Co-op, will also be a judge.
Judging will begin at 9:30 a.m. on Saturday. Following the judging, there will be a tasting party for parents, leaders, 4-H'ers and guests. The public is invited to attend and see the food exhibit.
Boys and girls who are eligible to participate in the food show are those who are taking foods as a 4-H Club project.
Ten women have helped as leaders during 1966 and 1967. They are Mrs. Bobby Adam, Mrs. Bartis Cloud, Mrs. Jessie Clayton, Mrs. E. C. Hale, Mrs. C. D. Hill, Mrs. A. E. Cade, Mrs. Curtis Sealy, Mrs. J. D. Thomas, Mrs. George Tuck, and Mrs. James Whitehead.

Survey Committee holds meeting

The Cochran County Historical Museum Association met recently. The meeting was called to order by Elvis Fleming, and it was voted that the officers of the Cochran County Survey Committee would serve as officers of the museum for the year 1967.
The museum plans to have a show of objects of historical interest in the near future. If anyone in the county has such objects or knows of anyone who would, please contact Mr. Fleming, Mrs. Hume Russell or Mrs. H. B. Barker.
The museum association will sell memberships in order to raise funds to begin the work on the museum.

★ Concert

The Levelland Community Concert, scheduled for Sunday, Feb. 19, will feature soprano Doris Yarick of New York City. Miss Yarick will perform songs in both English and foreign languages at the 2:30 p.m. concert in the auditorium of South Plains College. She has performed for several years with the Santa Fe Opera. Her accompanist will be Marshall Williamson. The concert is open to Community Concert members only, however a few seats may be available to the general public.

Only two more weeks left in this selling event! Take advantage of the biggest possible savings we are offering our friends and customers!

It is with great sadness that we have to move, leaving the friends we have made and cherished during the past few years. We are going to miss you. But conditions that exist in West Texas forced us to make this decision, as much as we hate it. We are moving to Eagle Pass, Texas, where we have leased a building that is being readied for us. It will be ready in two weeks.

We are sacrificing almost every item of merchandise to sell, rather than pack and move it. My wife and I want to thank each one of you for your friendship and the wonderful business you have given us in the past.

Rep. Jesse T. George is named to five committees

House Speaker Ben Barnes has named State Representative Jesse T. George, Cochran County legislator, to five house committees for the 66th Session. George will serve on the Constitutional Amendments Committee, considered one of the more important and powerful of the 44 House standing committees. A strong advocate of educational improvements in Texas, George was named Vice-Chairman of the School Districts Committee and was re-appointed to the important Education Committee. He will also serve on the Motor Traffic and Agriculture Committees, having been re-appointed to the latter.

Included among the already 25 proposals referred to the Constitutional Amendments Committee are measures to ratify an amendment to the Constitution of the United States which provides for succession to the Presidency and Vice-Presidency and to cases where the President is unable to discharge the powers and duties of his office. George stated, "Ratification by 38 of the state legislatures is necessary on this joint resolution of the Congress. Thirty-six states have already acted favorably on this."

Other important and highly pub-

licized issues to be considered by the Constitutional Amendments Committee include a proposal to provide a method for submitting and adopting a revision of all or part of the complex and complicated Constitution of the State of Texas. The proposal to lower the minimum age required for voting in Texas to 18 years is also among those measures to be considered by the committee.

The Education Committee will view measures calling for certain exemptions to Viet Nam veterans, sick leave policy for all Texas teachers in the public free schools, an act to increase the supply of qualified teachers in the public schools, and supplemental retirement benefits to teachers who retired under the system prior to this time.

In making the appointments to Representative George, Speaker Barnes commented, "This representative is well-qualified to meet the challenges and problems facing our State in these areas."

Historical

The Cochran County Historical Museum and the LALegro Study Club are holding a Texas Day program March 2, at 8 p.m. in the banquet room of the county activity building. Speaker for the occasion will be Jesse T. George, Cochran County's State Representative. March 2 begins Texas Historical Appreciation month by proclamation of Governor John Connally.

Local families attend convention

Ten local families are attending the 15th (our annual) convention of the Texas Federation of Cooperatives being held in Austin.

Attending are Mr. and Mrs. W. T. Zuber, Mr. and Mrs. Jessie Clayton, Mr. and Mrs. D. A. Ramsey, Mr. and Mrs. Vic Jackson, Mr. and Mrs. L. T. Lomax, Mr. and Mrs. D. L. Linder, Jr., Mr. and Mrs. E. C. Nieman, Jr. and Mrs. C. W. Palmer, Mr. and Mrs. J. Ray Spence, and Mr. and Mrs. W. J. Wood.

During its 25 years as the conference body of agricultural cooperatives of all types, the Texas Federation of Cooperatives has grown to represent 7,000 families through various cooperative associations.

The agricultural leaders of the three groups, which include the Houston Bank for Cooperatives and the Texas Cooperatives General Assn., will convene to elect officers for each group and honor award winners for 1966.

Outstanding national speakers, including Congressman Graham Purnell of Wichita Falls, will highlight the program.

to Alto, Calif., and Mary, of the home; two brothers, two sisters and 22 grandchildren.

New John Deere tractor

THE NEW 132-horsepower 5020 Row-Crop Tractor easily handles an 8-row bedder to bring big-power farming to the cotton belt. The 5020 is the world's largest row-crop tractor and will be shown at the county activity building Feb. 23 at 1 p.m., sponsored by John Deere and McAlister-Huggins.

Betty Salyer wins homemaking award

Betty Salyer, by finishing first in a written homemaking knowledge and attitude examination for senior girls December 6, became Buia high school's 1967 Betty

Services held for Herman Greener

Herman Greener, 72, a resident of Hockley County for 44 years died Tuesday, Feb. 7, of an apparent heart attack at his home.

Greener was a resident of the Pop Community for 24 years. His family was the third one to move to the small community.

Mr. Greener was the father of three Morton men: Herbert, Robert and Herman J. Jr.

Services were held in the St. Michael's Catholic Church in Loveland on Thursday, Feb. 9, at 10 a.m. with the Rev. R. H. MacLellan, pastor, officiating. Bural was in the Ruthven Memorial Park in Lubbock.

Mr. Greener established the first school in Pop by traveling over dirt trails to purchase books in Loveland. He was a member of the Hockley County School Board for 20 years. He was also a member of St. Michael's Catholic Church in Loveland, the Knights of Columbus and the Toastmaster's Club.

Survivors include five sons, Ben, Amherst, James, Lubbock, Herbert, Robert and Herman J. Jr., of Morton; five daughters, Mrs. Walter Lupton, Shallowater; Mrs. Gertrude Spencer, Loveland; Mrs. Marcel Mooney and Miss Roberta Greener, both of Pa-

DPS investigates one wreck in Jan.

The Texas Highway Patrol investigated one accident on rural highways in Cochran County during the month of January, according to Sergeant A. E. Roberts, Highway Patrol Supervisor of this area.

These crashes resulted in one person injured, and an estimated property damage of \$250.

April 15 is the deadline to have your motor vehicle inspected. During the past five and one-half months 220,000 or 37% of the approximately 700,000 registered vehicles in this region have been inspected. This leaves 48,000 vehicles to be inspected between now and the April 15 deadline. If this number of uninspected vehicles were divided evenly among the 700 official inspection stations in this region, each would have approximately 67 vehicles to inspect in about 40 working days, or about 17 vehicles per day.

The inspection stations in heavily populated areas will have more than this average to inspect, in areas where there are only a few inspection stations you may have many miles to travel to get your

vehicle inspected. The Sergeant urges motorists to have their vehicles inspected without delay to avoid the inconvenience of waiting lines.

NOTICE FOR BIDS

Notice is hereby given to all interested persons that the City of Morton will accept bids for ethyl gasoline for a period of one year. Successful bidder will supply the City of Morton with said gasoline from March 1, 1967, through Feb. 28, 1968. Bids will be accepted at Morton City Hall until 5 p.m. Monday, Feb. 27, at which time the City Council will accept the bid deemed best and most advantageous to the City. The City reserves the right to accept or reject any or all bids.

Revival services slated for Assembly of God

Revival services will be held at the Morton Assembly of God Church, beginning Feb. 19 and continuing through Feb. 26, according to the pastor, Rev. Roy F. George.

The evangelist will be Rev. A. D. Bates of Pleasant Plains, Ark., who is a former Morton resident. He lived here from 1940 until 1944, when he left to begin full-time ministry. He pastored in Anton before moving to Arkansas where he has held pastorates in Green Forest, Batavia, and Winslow. He has pastored in Pleasant Plains for seven years and is the Sectional Presbyter of that area. Rev. Bates has a wide knowledge of church conditions, and his ministry is both instructive and inspiring.

The pastor and congregation extend a hearty welcome to the public to attend these services which will begin at 7:30 p.m. each evening, with no service on Saturday night.

Rev. A. D. Bates

Morton Public School menu

Monday, Feb. 20: Meat balls and spaghetti, buttered sweet peas, salad, fruit, hot rolls and butter, one half pint milk.

Tuesday, Feb. 21: Ground beef, Spanish rice, pinto beans, pudding, wheat rolls and butter, one half pint milk.

Wednesday, Feb. 22: Roast beef, black eyed peas, sliced tomatoes, applesauce cake, corn bread and butter, one half pint milk.

FUMAZONE 36

TREAT YOUR NEMATODES WRONG.

Once nematodes get at your cotton, yields go down and so do profits. But with FUMAZONE 36 soil fumigant applied at only 1 to 2 gallons over-all an acre, you can take care of root-knot, sting, meadow and other nematodes—those tiny soil pests that attack plant roots, suck away profits. FUMAZONE 36 soil fumigant increases yields up to \$200 an acre. Many High Plains ranchers just like yourself tell us that's exactly what happened to their yields after their soils were treated with FUMAZONE 36. It can be applied right from the drum. No

mixing, no diluting, no nozzles clogged with foreign material. You can use the chisel method, the plowshare method or inject FUMAZONE 36 into your irrigation water. Could you ask for greater flexibility? Sure you could. So here it is. Apply FUMAZONE 36 before planting, at planting or after planting. It's the only type of soil fumigant that can be used on living plants. Ask your Dow Farm Chemicals supplier about it. The Dow Chemical Company, Agricultural & Industrial Bioproducts Sales, Midland, Michigan.

Historical Museum Association meets

The Cochran County Historical Survey Committee met Feb. 11, at 1:30 p.m. in the high school library.

This was an organizational meeting and a new chairman, Elvis Fleming, presided. The following sub-committees were appointed: Historical Preservation Committee: Mrs. H. B. Barker, chairman; Elvis Fleming and Mrs. Don Holman, Historical Marker Committee: Murray Cross, chairman; Jerry Winder and Mrs. J. C. Reynolds, History Appreciation Committee: Mrs. Neal Rose, chairman; Dean Weatherly, Mrs. Roy Hill and Truman Doss, Advisory Committee: Mrs. Alvie Harris, chairman; Richard Houston and Lenore Jackson, Finance and Budget Committee: Mrs. Hume Russell, chairman; Joe Niewarner and Walter Taylor.

The following members of the Survey Committee were present for the meeting: Mrs. Roy Hill, Mrs. Neal Rose, Mrs. J. C. Reynolds, Mrs. Leonard Coleman, Mrs. Don Holman, Walter Taylor and Mr. Fleming.

Consolation honors as 7th, 8th cagers finish

Morton's seventh and eighth grade basketball teams concluded their seasons Saturday at Plains by winning the consolation championship of the Plains Invitational Tournament.

The seventh grade started slowly, but finished up with a rush. The team posted a record of seven wins and six losses, while winning seven of its last nine games. En route to its record, the team won the championship at Seagraves and consolation honors at Plains.

Last weekend, the team fell 14-34 to Plains, then downed Tatum 37-24 for the consolation trophy.

During the season, the team had two losses to Class AAA teams, and three wins over AAA teams. They also had four wins and four losses against Class A opponents. The players did not face a Class AA school during the year.

The eighth grade posted a record of ten wins and seven losses. The team won the Friona tournament and took consolation honors at Seagraves and Plains.

In their last outing last Saturday, the players fell to Denver City 24-29, then dropped Tatum 36-26 for consolation honors.

The eighth grade had five losses to AAA teams, two of them by one point and one by four points in overtime. They posted three wins over AAA foes, split with one win and one loss to AA teams and had six wins and only one loss to Class A teams.

The team avenged all losses, except to Levelland and Denver City, whom they faced only once.

Jaycees to hold installation Sat.

Morton Jaycees will hold their installation banquet Saturday, Feb. 18, at 7:30 p.m., in the school cafeteria said Cleve Bland, outgoing president. Speaker for the occasion will be Jesse T. George, Cochran County's state representative.

Master of ceremony for the program will be Dean Weatherly. The invocation will be given by T. A. Grice, pastor of the Eastside Church of Christ. Cleve Bland will present the activities of the past year and the outstanding Jaycee award.

Presenting the club's special awards will be Gary Stacy, Jaycee state director of district 1E. Chauncey Hommel, area 1 vice president from Clarendon, will install the new officers. Harold Ogle will give the acceptance speech as the incoming president.

Tickets for the banquet are priced at \$2 each, and may be purchased from any Jaycee member.

Jaycee-Ettes hear Cooper's Angels

The Morton Jaycee-Ettes met Monday night, Feb. 13 at 7:30 in the WigWam.

They decided to decorate for the Jaycee banquet which will be held Feb. 18.

They will have a bake sale Feb. 28 and April 1 to help sell stadium cushions for the Jaycees. These cushions are being sold to help finance a bus given to Girlstown by the Jaycees.

The nomination committee presented nominations for officers for the coming year.

Mrs. Marshall Cooper, wife of the director of Girlstown, showed slides about the origin of Girlstown and the home as it is now. She also expressed thanks for all the food, clothes, and money which was raised for Girlstown by the Jaycee-Ettes in January.

They were entertained by a Girlstown quintet. They are called Cooper's Angels. They are called this because Mr. Cooper says they are always up in the air about something, they are always harping on something, and they never have an earthly thing to wear. The girls in this quintet are: Dojori Cobb, guitarist, Elaine McCord, speaker for the group, Debra McCullough, Linda Neal, and Patsy Archer.

They voted to help pay for hair-styling for each girl in the quintet at the Colonial Beauty Salon, Saturday, Feb. 18.

They also voted on whether or not to have a club prayer. This was outvoted, so they will not have one.

Those present were Mesdames: Jerrell Sharp, Alton Lamb, Lewis Hodge, Wiley Hodge, Cleve Bland, Wayne Brackin, Harold Ogle, Buck Tyson, Ed Pruitt, Doyle Webb, and Royce Hanna.

Thru the telescope by Luck

weekend we attended the mid-winter convention of the Texas Press Association. At the first meeting in Big Bend National Park it marked the first time that ever visited that great wilderness area. We urge everyone enough to see the area as soon as possible.

Friday morning and afternoon in the afternoon. By the time we had driven 352 miles, we were much more tired and occupied by miles and miles of road through Odessa, Monahans, Fort Stockton and Marathon to the park entrance, it was a long drive. The miles to the Park Headquarters in those 30 miles the drive begins to see a teasing glimpse of the wonders of the Big Bend area. There are unusual hill country, some tall mountains and many types of vegetation.

of the folks arriving later in the evening saw huge herds of antelope (I guess the pronghorn) and some wildflowers. Wildlife viewing was limited to chuparrais (which are "Beep Beep") and birds.

Saturday morning was devoted to business sessions and concluded with a luncheon and most interesting talk by the Park naturalist. The Big Bend National Park is 23 miles long and covers more than 100 square miles. He said that of the 200,000 visitors last year only the Colima warblers are the only natural area in the States. He also said that the Park had its greatest number of visitors for Easter, Thanksgiving and Christmas. The ideal time to visit the park include February through April and then again in September.

The Basin area is ten miles up the mountains from the Park Headquarters and is surrounded by tall hills. However, a notch in the mountains provides "The Window" through which visitors can look for hundreds of miles on a clear day. Minimum summer temperatures in the Basin aren't over 85, and get above 100 at the Headquarters and as much as 115 along the Grande River.

Features in the Park include many camping areas, a new center in the Basin, with lovely dining room, about 20-25 units and a number of

London bridge is falling down . . .

stone cottages and primitive cabins.

We saw literally hundreds of trailer houses and pickup-camper units in the Park while we were there. We got to visit with folks from Washington state, Michigan, Ohio, New Jersey, New York and Kentucky and saw license plates from many other places.

In fact, we were told that more out-of-state visitors come to Big Bend than Texans.

Saturday afternoon we drove down the mountains, through what I think is the only highway tunnel in Texas (about 100 yards long) and down to Bouquillas Crossing. As we arrived, Mexicans from the village of Bouquillas flocked across to greet us. They brought every horse and burro available to ferry us across the river. And they know how to get every cent. They charge 25 cents to ride across the river, then another 25 cents to ride up the hill to the village in a gasping, wheezing, wobbling pickup. The same charges are made on the return trip.

The village includes two bars, a general store, a school, a customs office and about two dozen houses. All of the buildings are adobe, many of them with thatched roofs.

On the return, our group made a short detour and then hiked a short distance up to Bouquillas canyon. This is a steep gorge that has been carved during past centuries by the usually sluggish Rio Grande. The river bed is about 100 yards wide at the base of cliffs 400 feet tall.

Sunday morning, we left early and drove around the Basin and to Santa Elena Canyon. This is no other huge notch in the tall mountains, with the river only about 50 yards wide and overlooked by cliffs 700 to 800 feet high. Then came to a stop at Castolon village, which formerly was an Army outpost. Now it includes little more than a general store and customs office.

★ Meeting

The Cochran County Program Building Committee will meet Thursday, Feb. 16, at 7:30 p.m. in the County ASCS office, according to Roy Hickman, chairman. The committee will discuss Cochran County problems and possible ways to solve them. Any resident who has ideas for community action is asked to attend and present the problems to the committee.

Funeral Thursday for James Lackey

Funeral for James Alexander Lackey, 60, will be at 2 p.m. Thursday in the First Baptist Church here with Rev. Dennis Heard officiating, assisted by Rev. Fred Thomas.

Burial will be in Morton Cemetery under the direction of Singleton Funeral Home.

Lackey died at 1:50 a.m. Tuesday in the Veteran's Hospital in Amarillo. He had been a resident of Bailey County since 1952 and was a veteran of World War II.

Survivors include his mother, Mrs. Melissa Lackey of Maple; three sisters, Miss Dolly Lackey of Media, Calif., Mrs. Iva Williams of Morton and Mrs. J. T. Nicholson of Ft. Worth; three brothers, Lee of Media, Calif., E. R. of Morton and Jack Maple.

Mr. and Mrs. Gene Newberry of Clovis, spent the weekend with the John Dukes.

★ Stamps

The Swingin' Teens Square Dance Club is collecting Gold Bond stamps for the purpose of getting a sewing machine for Girlstown, U. S. A. The club would appreciate any loose stamps or books. A collection box has been set up at Doss Thriftway.

Patrolman Wanted!
City of Morton
is taking applications from men seeking a career in law enforcement. Men interested may obtain application blanks from City Hall or the Cochran County Sheriff's Office.

To the wonderful people of Morton:
We want to say
THANK YOU
for your patronage and friendship during the 41 years we lived in Morton.
Come to see us!

Emlea Smith Club has meeting

The Emlea Smith Junior Study Club met in the home of Mrs. Clyde Brownlow with Mrs. Sher-Griffith serving as co-hostess at its regular meeting Thursday, Feb. 9.

During the meeting it was announced that Mrs. Dorothy Harris, Executive Director of the Lubbock County Association of Mental Health, is to speak March at the County Activity Building. She has spoken before on problems encountered by young married couples in raising a family which would be of great interest to club members. A letter was read from an official of Sears and Roebuck thanking us for entering into the Community Improvement Committee programs. It was announced that the World Book Encyclopedias for first and second grades had been ordered. A nominating committee was elected to propose a new slate of officers

for the coming year to be presented at the next meeting. Mentioned during the meeting were the letters received by club members from Representative George expressing his thanks for our interest in the upcoming Traffic Safety Legislation and assuring us he would lend his support to the program.

The program for the evening, entitled "Project HOPE", was presented by Mrs. Don Don Lynskey. She reviewed the condensation of the book Yaqui Come Back written by the founder and president of Project HOPE, William B. Walsh, M.D. The book concerns the trip of the S. S. HOPE to Peru, the many hardships and eventual triumph of the voyage. It told of the greeting extended by "twelve people and one sickly looking cow", the many ungrounded rumors circulated by the communists, the diseased people, the

unsanitary living conditions, the eventual winning over of the people, and the final send off by a group of 40,000 well-wishers.

The next meeting, Thursday, Feb. 23, will be held in the home of Mrs. James Walker with Mrs. T. C. Asbill presenting the program entitled "Interest of Interference: Parent Teacher Relations".

Happy Hours Sewing Club had a Valentine party for their husbands at Mrs. W. C. Key, Tuesday night, Feb. 14. Guests present were: Mrs. Clyde Reynolds, Mrs. E. Greer, Mr. and Mrs. Gene Huggins and Mr. and Mrs. Elwood Harris. Members present were: Mr. and Mrs. Tom McAlister, Mr. and Mrs. H. O. Rogers, Mr. and Mrs. F. F. Roberts, Mr. and Mrs. H. S. Hawkins, Mr. and Mrs. S. E. Leverett, and the hostess, Mr. and Mrs. W. C. Key.

4-H Group holds party for parents

Project II 4-H Foods Group planned, prepared and served a meal Thursday evening in the home of their leader, Mrs. A. E. Cade. After the meal, they played games and discussed plans for the Favorite Food Show to be held Feb. 25.

Christy Cade exhibited a sample for the Favorite Food Table.

Parents attending were: Mr. and Mrs. Hub Cadenhead, Mr. and Mrs. Calvin Dawson and Mr. and Mrs. Cade.

Members present were: Nan Ray, Sherry Cadenhead, Barbara

Dawson, Christy Cade and Marilyn Cade, junior leader.

These same girls met after school Monday, Feb. 13, in Mrs. Cade's home. They discussed plans for the Favorite Food Show. They then went on an informative field trip to Collins Packing Co.

Mr. and Mrs. Roy Lewis just returned from a week's visit to Lead Hill, Ark., to visit her sister and family. Mr. and Mrs. Howard Campbell, while there they also visited other relatives.

Girlstown entertainers . . .

MORTON JAYCEE-ETTES were entertained by a quintet from Girlstown U.S.A. on Monday evening. Standing from left are Linda Neal,

Debbie McCullough, Patsy Archer and Elaine McCord, with Joni Cobb seated. Mrs. Marshall Cooper, wife of the home's director, also spoke. (Staff Photo)

Honor roll list for MHS semester is revealed

Names of students named to the semester honor rolls and second nine-weeks honor rolls at Morton High School have been released this week by Bobby Travis, principal.

Named to the gilt edge semester honor roll were seniors, Joyce Stevens, John St. Clair, and Gail Rowland; juniors, Donna Hofman, Cheryl Fincannon, and Alice Black; sophomores, Wayne Thompson, Curtis Griffith, Rheda Brown, Janelle Nebbit, and Karen Rozell; and freshman, Rosalinda Reyes.

Seniors named to the semester A and B honor roll were LaVoy Thompson, David Gentry, Rodney Hobson, Shonie Sullivan, Curtis Jennings, Billie Proctor, Sandra Gandy, Jan Thomas, Mike O'Brien, Donna Allsup, Judy Bassett, C. E. Jones, and Cheryl McDaniell.

Juniors included Layna Dolle,

Dana Webb, Jean Raindi, LaNelda Romans, Margaret Ledbetter, Loy Daniels, Ronald Hale, Lamell Abbe, Clara Richards, and Randy Kelly.

Sophomores named to the list were Sandy Gandy, Vivian McDaniell, Deborah Miller, Beverly Brown, Karen Fred, Carol Freeland, and Patsy Collins.

Freshmen were Deletta Nebbit, Sheila Corder, Vicki Goodman, Helen Lynch, Mike Bryan, Debbie Keuhler, Celest Cross, Kay Davis, Zoelien Ledbetter, Lynda Romans, Melba Townsend, Peggy Thomas, Sandy Sheard, Sharon Hall, Diane Avery, Ruthie Smith, Terry Shiflett, Sandra Courtney, and Dennis Clayton.

Named to the second nine-weeks gilt edge honor roll were Dick Vanlandingham, Melba Townsend, Karen Fred, and Beverly Browne. Included in the second nine-weeks A and B honor roll were Gioretta Gray, Greg Meeks, Rayla Griffith, Linda Nettles, and Shonie Sullivan.

★ Meeting

L'Allegro Study Club members will present their regular program to residents of Girlstown U.S.A. at Whiteface on Thursday, Feb. 16. Members will meet at 6:30 p.m. at the home of Mrs. John McClure and travel together to the meeting.

Miss Simmacher is home ec winner

Mary Simmacher, daughter of Mr. and Mrs. Frank Simmacher, Jr., of Pep, has earned the highest rating in the Pep schools in the 1967 Search for the Betty

Mary Simmacher

Crocker American Homemaker of Tomorrow. Her examination paper will automatically be entered in judging for the State Homemaker of Tomorrow.

The test was sponsored by General Mills.

Mary is a member of the 1967 senior class and was recently chosen Pep Homecoming Queen.

Don Hill is fishing at Falcon Lake. He left Saturday morning and plans to spend the week there fishing and visiting friends in that area.

Campfire girls have meeting

The Ta-Wan-Ka Campfire girls met Friday, Feb. 3, in the home of their leader, Mrs. E. L. Reeder.

They had a guest for the afternoon, Mrs. Katie Turner, who prepared a Japanese dish, of fried rice, which was served to the girls during refreshment time which included cookies and tea.

Mrs. Turner then held a question and answer session on her native land of Japan.

Those present were: Cassandra Reeder, Carolyn Gray, Renee Anglin, Emlea Smith, Debra Williams, Judy Steed, and one guest, Jeanie Coker. Mrs. E. L. Reeder, Mrs. Morton J. Smith and Mary, Mrs. Turner, and Mrs. H. C. Williams.

The next meeting will be Friday, Feb. 17, at 3:30.

John Deere show set February 23

McAlister-Huggins announced today they will hold their annual John Deere Day show Feb. 23, 1 p.m. at the County Auditorium. Tom and Gene say all farmers, their families and other interested persons are invited. Lunch and refreshments are free.

McAlister-Huggins said there's something of interest for each and every farmer in this year's John Deere Day movie — "Opportunity '67." The film, produced in color especially for John Deere Day, takes a look at the future of farming and what's in store for farmers. It was filmed throughout the United States.

As an added attraction this year, there's a new color movie — "European Agriculture." This spectacular film was made against the beautiful landscapes of Germany, France, Holland, Spain and England.

Phone your NEWS to 266-2361.

SPC Homecoming activities begin

South Plains College "Homecoming A-Go-Go 1967" plans are underway with the date set for Feb. 25. Events leading up to that time include:

Feb. 21 at half-time during the game between the South Plains College Texans and LCC, the queen candidates and their escorts will be presented;

Feb. 22, 9:30 a.m. to 3:30 p.m., the election of the top five queen candidates will be held in the Student Union Building;

Feb. 23 will be Color Day. Students will be requested to wear school colors all during the day.

Feb. 24 at activity period the top five queen candidates will be presented; at 7 p.m. a snake dance and pep rally will be held east of Lamar Hall. Competition will be between the freshmen and the sophomores.

Feb. 25 at 2 p.m. the Homecoming parade will begin in downtown Levelland. Formation will be in front of the Chamber of Commerce Building; Registration and an Ex-student Tea will be held in the Student Union Building from 4 to 6 p.m. The Queen's Coronation will be at 7 p.m. prior to the game between the Texans and Clarendon Junior College, which will culminate Homecoming events.

Foy Myers, vice-president of the college Student Council, is heading the homecoming committee.

MORTON, TEXAS, THURSDAY, FEBRUARY 16, 1967

— Editorial — No time for bickering

"Is the hospital really closing?" . . . "Are the doctors really leaving?" . . . "We're back where we were 20 years ago!"

These are only some of the questions and statements we have heard during the past few weeks. There is a growing concern that Morton and Cochran County might be facing a medical shortage.

The only two doctors now practicing in Cochran County came here almost five years ago under a lease agreement with the County for operation of a clinic and hospital. It is time for the lease to be renewed and the County Commissioners met last Friday and three-fourths of them approved a new lease contract. Copies of the contract were mailed to the doctors and were received Monday.

Here we will digress for a moment to point out that the meeting was termed as "open", although it took place on other than a regular meeting day and no local news media were informed of the meeting . . . either before it took place or afterward. Yet, there were leaks from that meeting and the terms of the new contracts proposal were discussed all over town by Saturday.

We don't deny that the money spent by the county on assisting with the financial burden of the hospital has been considerable. Nor would we minimize the extra financial burden which has often been assumed by the doctors themselves.

What does concern us is the possible loss of qualified medical personnel in Cochran County, the difficulty that would be endured to replace any medical vacancies, the possibility of closing the county hospital and the loss of revenue in salaries, other normal purchases by the hospital in the county and, most of all, the hardships that might face us by having to go to other towns for medical treatment.

As of Jan. 3, 1966, there were only 8,391 physicians in private practice in the entire state of Texas. That is hardly enough to supply the growing needs for better medical care by a rapidly-growing state population.

County commissioners are under a mandate from the people to build an addition to the hospital and renovate the present structure. This is the result of a petition and subsequent approval by the voters of this county last October. According to discussion at this week's two Commission meetings, bonds probably will be sold in March and construction should begin sometime after that date.

But these new facilities will be of little value if there are no doctors to use them. And the records show that more than 20 different doctors have registered to practice in Cochran County in the past 20 years. Cochran County could be expected to be shunned by most doctors, if the present physicians are not given a suitable contract.

What is suitable? We don't presume to know that much about the operation of the hospital. We do know that under the terms of the expiring lease, the county obligated itself to invest \$55,000 during the five-year period to aid in the finances. This did not prove to be enough, as the county was asked at other times to spend still more.

It doesn't seem logical that the \$25,000 offered in the new lease agreement, spread over five years, would be enough for the next five years.

While the new lease agreement that was sent to the doctors was signed by the County Judge and four County Commissioners, one of the Commissioners did not vote in favor of the new proposal. He chose to abstain.

Personalities have gotten into what should have been a matter of community concern. Personal bitterness and animosity seems to have weighed heavier than public responsibility.

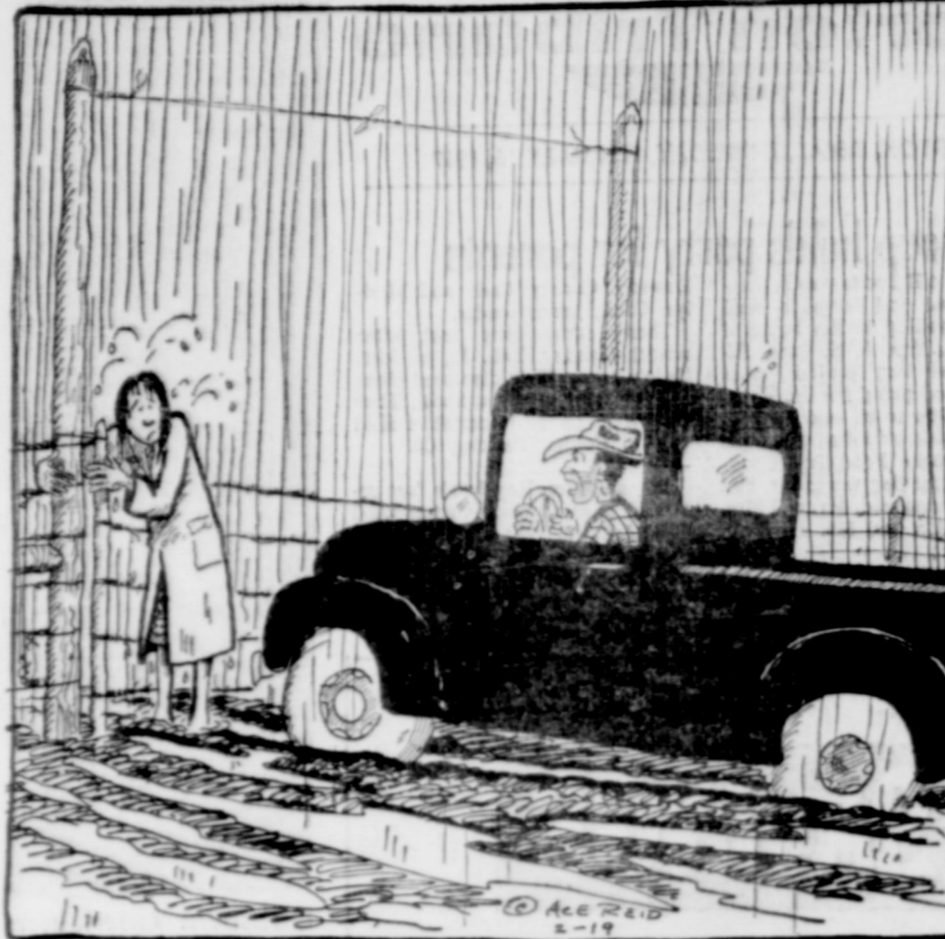

Now the matter has been aired in every home, in every store, over every cup of coffee. Although few people have read either lease agreement, everyone has definite opinions about what should be done.

Our own suggestion is that the time has come for personal conflicts to cease and some sort of agreement be worked out between the two parties.

When human lives are at stake, there is no room for the petty bickerings and jealousies. The voters of this county have indicated that they want a hospital, a modern medical facility with sufficient room to care for the people of this area. It would seem reasonable to assume that they also want qualified, capable, dedicated physicians available to care for them . . . both in and out of the hospital.

COW POKES

By Ace Reid

"Ma, I know you jist spent \$3 gittin' yore hair fixed, but you don't want me to qit my \$25 hat wet!"

VIEWS . . . of other editors

Live Long For What?

A great deal of advice from various sources these days concerns the admonition for people to slow down and live longer.

People approaching retirement age are urged to take it easy, to figure out ways to keep active with hobbies to use up the leisure time that will otherwise hang heavy on their hands.

The question might be: Live longer for what?

The experts don't give much advice on that. Just living longer to collect more old age pensions seems to be the ultimate goal of some of the longevity experts.

Some old people slow down so much they get stiff just sitting in their rocking chair. They are afraid to go outside for fear of catching cold. They quit taking trips because it might be too wearing. They are reluctant to take up new interests because there just might not be time to pursue them.

Getting old doesn't have the fear it once had because old people have the facilities and capacity for being active and useful and enjoy life. If they will go ahead and be sensible, that is.

Old age is a matter of degree. There was a time when a person in the 50's was considered over the hill, but now this is considered a prime time of life. Men in their 60's and 70's are in Congress making decisions that affect the welfare of the nation and are not thought of as old.

In fact, Carl Hayden, now 92, has served in Congress for 37 years, and has been the Senator from Arizona since that state came into the union in 1912. Senator Hayden is old, but not senile. Perhaps his very activity has been the secret of his longevity.

And for people who are getting older, but will never reach this ripe old age of 92, perhaps it is better to live sensibly with courage and interest in doing constructive things in these later years even though there might not be as many of them.

For better a shorter and happier life than a longer half-dead life finally ending in little senseless terminal years of senility. Some people pack a lot more living into their Biblical three score

and ten than their friends do. Age is a matter of degree and the old saying that a person is only as old as he feels is perhaps more true now than it ever has been.

Ochiltree County Herald

Production May Solve Diversification

It may not be the answer to many farm problems, but it could prove to be one.

The weaknesses of an economy based mainly on two crops was driven home to the Olton area specifically and the South Plains in general by a short cotton crop this past year.

Government payments which paid for acres not in use helped blunt what could have been a disastrous year financially for the Olton area.

But the next time we may not be so lucky.

One of the answers could prove to be vegetable production.

Vegetables as a major money crop are already becoming more and more of a reality in many areas.

But vegetable - raising on a large scale needs to become a reality in the next few years in this area.

One of the main arguments against vegetable raising in the area is the shortage of labor. But this argument is becoming less and less valid as research on mechanical harvesting increases.

Two agronomists from Texas A&M last year discussed machinery already being tested in Arizona and California to harvest tomatoes. No doubt research on machinery for other food crops is going on all over the United States presently.

Another argument is fear of a water shortage in the new few years. Since vegetable production generally requires a large amount of water, this argument carries a lot of weight.

But figures recently released by the High Plains Underground Water District showed Lamb County with less fall in the underground water table than only two other counties, Hockley and Lynn, both largely dryland counties.

Thus, while water will perhaps become a problem in this area someday, we're in good shape now.

Many farmers are already investigating the vegetable production field, but heavy consideration should be given to the idea now by many more.

Before another short cotton crop. The Olton Enterprise

Feminine 'pros'

Many can remember the time when the appointment of a woman to a high government office was occasion for a burst of publicity. Not so today.

Little known to the public are the names of six feminine professionals honored in the 1967 Federal Woman's Award. Although each has broken paths for women to a degree that would have been newsworthy in earlier days, their accomplishments are now being considered normal. They don't make headlines. This is an indication of progress.

Society now accepts the idea that a woman should counsel the State Department on international conferences, as one of the winners has done. And that a woman should lead an attack on deception of consumers for the Federal Trade Commission, and thus win an award. It is perhaps more striking that a feminine name should appear to designate the one responsible for the development of new explosives that aided re-entry of space vehicles. But the organic chemist who accomplished this takes her place in the list of winners without causing comment.

Each of these women has found her place in government as a "pro". Basic changes in society have made it possible for women to prove their wide range of abilities. Some of the credit must go to the universities which have encouraged them to train for high posts. Whatever the cause, the nation benefits by fuller use of its talent.

Christian Science Monitor

Examine the driver

After Ralph Nader's book, "Unsafe at Any Speed," was published, there was an immediate hue and cry for safer automobiles, which prompted Congress to pass laws requiring autos to have such things as dual braking systems, padded dashes and seat belts. The thinking of various critics as well as Congress was that these safety devices would drastically reduce accidents and therefore, deaths.

It is our thinking that all the safety devices in the world can not compensate for the driver himself. These safety devices, coupled with the proposed driver re-examination tests, would help reduce but not eliminate accidents. The driver re-examination tests would put the emphasis more on the driver and his abilities rather than on safety devices.

In Texas, Governor Connally has proposed that medical examinations be used to determine the fitness of each driver; new tests be given all drivers every four years; 12 months suspension for those convicted of major traffic offenses; and mandatory suspensions for those convicted of driving while intoxicated.

Medical examination will be particularly helpful in spotting drivers with changes in vision, loss of limbs that had not been reported, and eliminating from the driving force those drivers who are physically or mentally unfit.

Written tests would be required every four years and would serve to keep the driver informed about the changes in traffic laws as well as helping to weed out the bad drivers. Testing would probably be required following most wrecks in the hopes of educating the driver even further.

But with all this comes the same old problem: enforcement. If these proposed laws, as well as those now on the book pertaining to driving safety, are not enforced stringently, they are worth no more than all the unbuckled seat belts in the world.

Highlights and Sidelights —

Study emergency funds

AUSTIN, Tex. — Gov. John Connally's emergency appropriation recommendations to the Legislature held the spotlight at his weekly press conference.

Connally noted that the Senate "apparently wants to study very carefully" the emergency appropriations for which he has asked. He said that plans for San Antonio's HemisFair '68 may have to be "seriously altered" if the Senate takes much longer. Governor asks \$5,500,000 in emergency funds for the state's exhibit, the Institute of Texan Cultures.

Legislature could pass an emergency appropriation to finance immediate pay raises for state employees only if Connally asked them to. However, he declined and stood by his original recommendations for increases, effective September 1.

Connally also answered some of the opposition which has lived up since he asked the Legislature to legalize the sale of liquor by the drink. "Opponents on an issue like this always write, and proponents never do," he said, after the flood of letters began arriving. His bill initially contemplated automatically legalizing over-the-bar sales in wet areas without necessity for additional local option elections. However, there is strong pressure to require separate elections. Connally acknowledged the entire proposal faces "tough sledding."

Governor also revealed that A. W. Moursund of Johnson City, close friend and business associate of President Johnson, has asked not to be re-appointed to the Texas Parks and Wildlife Commission. His term expired last week, but he will serve until Connally appoints a successor.

Connally also hinted that he is considering running for a fourth term. He said, "My future action may be determined by what we accomplish during this session."

He declined to say where he stands on pari-mutuel horse race betting legislation or daylight saving time for Texas.

RACE ON — The horses bounded out of the legislative starting gate with record speed in the Senate. Senate Committee on Counties, Cities and Towns approved the measure to legalize horse race gambling in Texas by a six to five vote.

However, newsmen's polls indicate the bill lacks majority support in either house. Proponents virtually acknowledge that — but feel that their prospects are brighter than ever before.

Bill is sponsored by Sen. Jim Bates of Edinburg and Rep. Maurice Pipkin of Brownsville. House bill was referred to the Counties Committee.

Senate committee hearing featured arguments on tourist attraction and tax revenue value vs. moral and economic objections to legalized gambling regardless of its visitor appeal and tax potential.

APPOINTMENTS — Ned Price of Tyler, former Smith County judge, was re-appointed by the governor to a new six-year term on the State Board of Insurance.

Connally picked Corpus Christi oilman Laurence A. McNeil as new board member of Texas College of Arts and Industries, Kingsville. He succeeds John Lynch of Houston, who resigned.

Bob G. Allen of Hamilton, a staff member for two years, was named acting director of the Texas Office of Economic Opportunity, replacing Walter Richter, who re-

AT THE POST IN AUSTIN

signed to join the federal War on Poverty.

Miss Bernice R. Johnson of Austin, secretary-treasurer of the Board of Nurse Examiners, was selected to serve on the 34-member U. S. Defense Department Advisory Committee on Women in the Services.

CREDIT CODE — A hard crackdown on certain firms offering credit is the recommendation by a governor's study committee on consumer finance.

Committee found that the public is being defrauded by such organizations as home-improvement firms and small-loan businesses. Governor's recommendation is that the state set up strict regulation of these businesses — all the way from banks and savings and loan associations down to retail merchants giving credit.

Code would set maximum credit charges, limit insurance required for credit transactions, make clear to consumers amount of credit or cash advances and all charges or pertinent data and prohibit deceptive advertising in the field.

Also included in the recommendations was altering the state statutory ceiling on interest rates which the various types of business may charge for credit.

PARK MONEY — Governor Connally's proposed constitutional amendment to authorize the sale of \$75,000,000 in bonds for state park development was unopposed at its hearing before the House Committee on Constitutional Amendments.

Measure would provide that the bonds be paid off from entrance fees at the parks. Interest rate would not exceed six per cent per year.

When no one appeared to testify against the measure, Rep. Rayford Price, committee chairman, referred it to a subcommittee composed of Reps. A. C. Atwood of Edinburg, Bill Bass of Ben Wheeler and Gerhardt Schule of San Marcos.

REVISION — Three bills are in the Legislature aimed at forming a Texas Constitutional Revision

Committee to investigate whether and how to either revise or rewrite the Texas Constitution.

Governor Connally's bill, sponsored by Rep. Randy Pendleton of Andrews, would set up the commission and provide for a state Constitutional Convention in Austin in June, 1968. It also would give Connally authority to appoint 11 of the 25 members of the commission and call for a November election of 450 delegates.

Rep. Carl A. Parker of Beaumont also introduced a bill setting up the commission. But his would give the governor no more appointments than the speaker, the lieutenant governor and the chief justice of the supreme court.

Sen. A. R. Schwartz of Galveston introduced a Senate bill to create the commission with 4 members. The governor, speaker and lieutenant governor each would appoint 15 members under the measure.

FEED LOT — Disagreement in a bill to regulate and license cattle feed lots marked a hearing before the House Committee on Livestock and Stock Raising. Disagreement is among cattlemen concerning its merits and among committee members on whether to immediately approve it.

Bill, sponsored by Rep. Tom Holmes of Garbans, would require cattle feed lots with a capacity of more than 1,000 head of cattle to be licensed by the state and to meet state standards.

Motion to approve the bill without submitting it to a subcommittee came out with an 88 vote and was thus defeated.

Lloyd Bergsma, representing the Texas and Southwest Cattle Raisers Association, testified on behalf of the bill. Three witnesses appeared to oppose it, asking for evidence that feed lots are a public nuisance.

STUDY — In its final report to the Legislature, an interim pollution study committee recommended control of wastes from leaking oil wells, boats and septic tanks.

Proposals included more funds for the Railroad Commission to plug abandoned and leaking well-salt water controls; state control of air and water pollution from commercial livestock feed lots; authority for river authorities to operate local and basinwide sewerage and waste disposal facilities; and creation of another study group with power to look into air and noise pollution and land use.

BILL — Legislation to clear the way for establishing the \$135,000,000 Guadalupe Mountain National Park was approved by the Senate Committee on Counties, Cities and Towns.

Same measure was heard by the House Parks and Wildlife Committee.

Bill would deed certain state-owned lands in Culberson and Hubbard Counties to the federal government with restrictions guaranteeing the state benefits from future mineral development in the area.

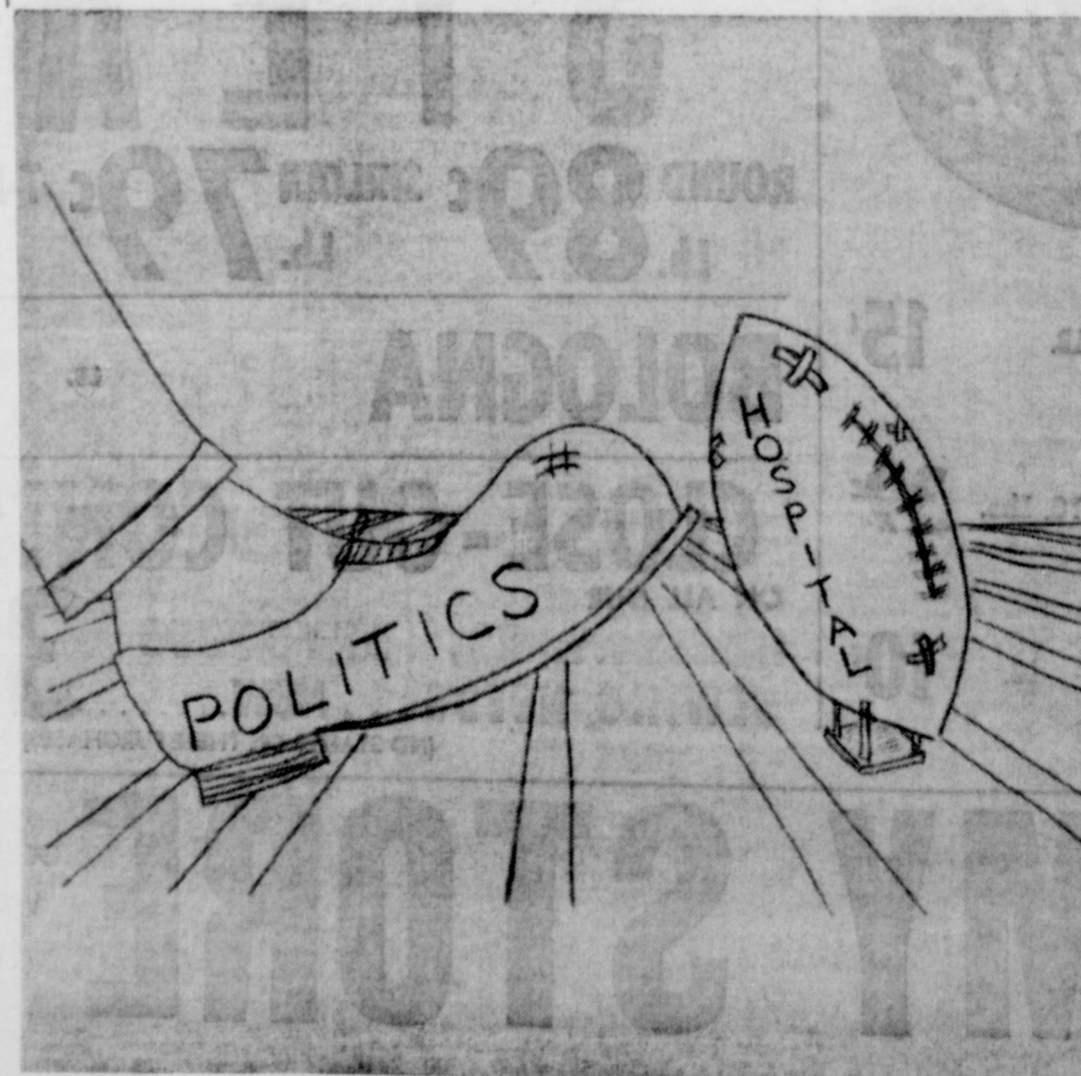

TAX IMPACT — Impact of optional city sales taxes would vary widely from town to town, according to a study made by the Committee on State and Local Tax Policy.

Committee said Baytown residents, for example, would pay \$12.10 a year — while San Benito citizens would pay only \$3.45. Other examples: Garland and Grand Prairie, \$5.50; Pasadena, \$8.45; Odessa, \$7.55; Tyler, \$11; and Temple, \$8.25.

SHORT SNORTS — Six new public lakes, 819 miles of new highways and 18 new safety rest areas are making their debut on the 1967 Official Saate Highway Map published by the Texas Highway Department.

Texas Federation of Cooperatives, representing 75,000 farm families in Texas through various cooperative associations, held their 15th annual meeting in Austin with the Houston Bank for Cooperatives and the Texas Cooperatives Growers Association.

Same old game!

Same song, second verse. Only
 this time not so loud.
 That's what Morton folks were
 saying Friday night after watch-
 ing Stanton tromp the Indians 62-
 49 in Indian Gym after the In-
 dians led at halftime 29-25. This
 was comparable to their first
 meeting of the year which Stan-
 ton also took, 52-42.

In a little over a minute of the
 first quarter, John St. Clair fouled
 Stanton's David Jones twice, but
 Jones missed his first free throw
 and only managed to get two points
 for Stanton.

Buddy Shanks made it 4-0, Stan-
 ton, on a drive with 6:25 remain-
 ing in the first quarter. Jones foul-
 ed the Indian's Byron Willis but
 Willis couldn't connect from the
 charity line. With 5:40 left Willis
 got the Indians on the scoreboard.
 Allen Springer countered with
 two to make it 6-2, Stanton, with
 5 minutes remaining. Willis fouled
 Jones, but Jones missed his charity
 tosses. Tommy Davis narrowed
 the spread by dropping one in to
 make it 6-4.

Carl Holloway was fouled with
 about 4 minutes remaining and he
 made it 7-4 on his free toss. Jones
 fouled Willis and again Willis missed
 his toss with about 3:46 re-
 maining in the first quarter, but
 made two on a layup.

Jones was fouled again, this
 time by Davis. Jones made the
 free throw and Springer added two
 more points to make it 10-7, Stan-
 ton. Freddy Thomas missed a free
 throw, Jones hit a jump shot, Wil-
 lis hit one. Larry White hit for
 Stanton and Davis for Morton to
 make it 14-11. Stanton at the
 end of the quarter.

Stanton started the second quar-
 ter off with two points by Hollo-
 way. Willis countered by hitting
 two field goals and Wayne Thomp-
 son hit one to make it 17-16 Mor-
 ton with 5:20 left in the first half.

Willie Moore fouled Springer who
 then hit his charity toss to tie it
 up 17-17. Willis then hit for two
 points to put the Tribe out in front
 once more. Springer made two
 points but fouled Freddy Thomas
 in the process. Thomas made two
 points on a one and one situation.

Willis hit for two with 3:20 left
 in the half and Stanton's Jimmy
 Jones and David Avery both hit
 then Davis again with nine seconds
 remaining to make it 29-23, Mor-
 ton. Thomas fouled Jones, who
 missed his free throw with six
 seconds remaining. Holloway got
 off a last-second jump shot that
 slid through the net as the buzzer
 went off to give Morton a 29-25
 half time lead.

Stanton opened the second half
 by getting three consecutive field
 goals, by Avery, Shanks, and Av-
 ery, to make it 31-29 Stanton. Wil-
 lis made it 31 all by sinking one
 with 6:15 left in the third quarter.
 Shanks, less than 10 seconds lat-
 er, made it 33-31, Stanton. Freddy
 Thomas tied it up again, but
 Springer made it 35-33 with 5:32
 left. Shanks then fouled Willis, who
 picked up two points for Morton,
 to tie it up for the last time in
 the game.

Stanton pulled ahead to stay
 with nifty shooting by Holloway,
 Shanks, and Avery, who made it
 41-35 with 3:16 remaining. Spring-
 er fouled Tommy Davis with 3:16
 remaining, but Davis missed his
 charity shots. Avery made it 43-35
 with his jump shot with 3 minutes
 left. Willis committed his third
 personal by fouling Avery, who
 picked up nothing for Stanton on
 his free throws.

Carl Holloway closed out the
 third quarter by hitting a lay-up
 with 15 seconds left. That made
 the score 47-35, Stanton.

Holloway kept his name on the
 scoreboard for about two minutes
 of the final period by driving in
 for a lay-up with 7:35 remaining,
 but he was fouled in the process
 by Tommy Davis. Holloway made
 his free toss to bring Stanton's 50
 points 15 points over the Tribe.

Holloway then hit a jumper with
 6:58 left and was then fouled by
 Byron Willis with 6:11 left. How-
 ever, Holloway missed both of his
 charity tosses. That made it 52-35,
 Stanton.

Stanton's Allen Springer fouled
 out after blocking John St. Clair
 with 5:53 showing on the clock.
 St. Clair made his free toss to
 make it 52-36.

Avery added two points and
 Jerry Cox added four to Stanton's
 score to make it 58-36 and the
 widest spread of the game.

St. Clair and Donnie Harvey
 both hit to make it 58-40 before
 Jerry Cox popped one through the
 nets. Stanton 60, Morton 40.

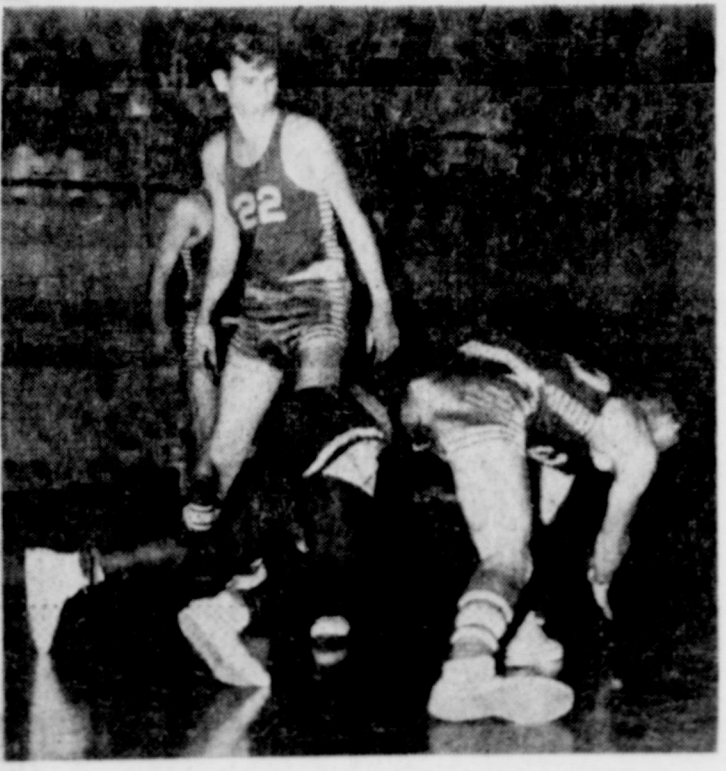

Randy Huckaby fouled St. Clair
 with 3:20 left on the clock. St.
 Clair added one point to the In-
 dian's side, followed by a jumper
 by Tommy Davis, making it 60-43.

Willie Moore then fouled David
 Jones who added two to Stanton's
 score on a one and one situation,
 62-43.

Davis shot two through the nets,
 the last one from the top of the
 key with two minutes remaining.
 Harvey made his second personal
 foul of the game by blocking
 Huckaby. Huckaby missed his char-
 ity tosses to close out Stanton's
 scoring chances.

Rodney Hobson came off the
 bench and hit Morton's final bas-
 ket of the game with 1:00 left. The
 final score was Stanton 62, Morton
 49.

Mrs. Mavis Bybee of Hereford,
 daughter of the R. L. Harrisons,
 visited in their home this week-
 end. The Russell-Hudsons also
 visited with them along with their
 grandson and wife of Lubbock,
 Mr. and Mrs. Bobby Bybee, the
 Harrisons' grandson.

Hit the deck . . .
 GLEN EVANS, number 22 of Stanton, gives the command for
 everyone to hit the deck. Complying with the order are Morton's
 Jimmy Joyce and Stanton's Larry Louder. In the final score
 Morton 49, Stanton 62. (Staff Photo)

Miss Salser named to WTSU honor roll
 Cindy Salser of Whiteface has
 been listed on the fall semester
 honor roll by Dr. Walter H. Jun-
 ger, academic vice president at
 West Texas State University.
 The honor list is composed of
 undergraduates enrolled for at
 least 15 semester hours who com-
 pile academic records of at least
 2.5 of the possible 3.0.
 Miss Salser, daughter of Mr. and
 Mrs. L. S. Salser of Whiteface, is
 a junior majoring in math.
 Only 144 undergraduates were
 included on the list, with 14 stu-
 dents making perfect "A", or 3.0
 records for work during the fall
 semester.

Frank Hamilton and family of
 Dallas visited with this brother
 and family Mr. and Mrs. Leon
 Hamilton this past weekend. Lon-
 nie Hamilton, a student at South
 Plains College was home for the
 weekend.

What's it . . .
 THESE FOUR B team players really give the roundball the eye
 as it does some strange antics during the Morton-Stanton game
 Friday night. Watching what the ball does is one unidentified
 player from Stanton, Tommy Glynn (55), and Morton's Bob
 Hawkins and Ray King. Stanton won the contest 72-56.

Lighter later tops club with songfest

The Lighter Later Tops Club met in its regular session on Wednesday, Feb. 8.

Wilma Dolle won the crown and fruit basket for the best weight loss.

A dummy, Obesity was introduced, and will visit with the biggest gainer on Team No. 1 for a week.

A song fest was enjoyed by Ber-
 ta Abbe, Marie Adams, Pat Clayton,
 Ruby Davis, Wilma Dolle,
 Nellie Fincher, Maudie Gardner,
 Vi Henry, Vivian Saunders, Mildred
 Oden, Maxine Yearry, Rita Thomas,
 and Gene Bridges.

The Levelland Deaconry Council of Catholic Women's Board Meeting will be held Tuesday, Feb. 21, in St. Philip's Parish Hall in Levelland.

Deaconry officers, deaconry chairman and parish presidents are invited to help plan the Levelland DCCW spring meeting to be held in Denver City on April 6.

Ladies of St. Philip's Altar Society will serve lunch.

Mrs. Hubert Banta of Sisseton, Miss Caroline Banta and Miss Barbara Holland of Plainview, all visited in the home of Mr. and Mrs. W. A. Woods this past weekend.

The Lord is my shepherd

PSALMS

The 23rd Psalm is one of the most familiar chapters in the Bible. Early in life, most of us have committed it to memory. Every once in a while we should go back to these verses and think of the wonderful message of faith and trust in God that they reveal to us. They show us that we have a loving Father; one who will show us the right paths; one who will protect and provide for us. These scriptures end with a note of thanksgiving and a promise.

"Surely goodness and mercy shall follow me all the days of my life: and I will dwell in the house of the Lord forever."

Plan to start a regular worship in the Lord's house this Sunday.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Coleman Adv. Ser.
