Morton, Texas, Thurs., Sept. 28, 1967

Police department transfer is okayed

With one councilman abstaining, the Morton City Council voted approval Monday night to a request from Chief of Police Burtis Cloud to move the police department office from its present location in the sheriff's office to city hall.

The move, which is expected to be completed within a month, will, according to Cloud, provide 24-hour radio dispatching service and increase the efficiency of the police department.

Cost to the city for the move will be \$750 for a base radio transmitter, cable, tower and installation. In addition to this will be the hiring of a full-time city employee to handle the radio operation. This will amount to about \$5,000 per year.

The present operation of the radio, which is located in the sheriff's office, calls for the police to pay for a dispatcher for three nights a week, the sheriff's office for one, and the police relief man to work three nights.

It was brought out during the meeting that there is no radio dispatcher from 5-8 a.m. every morning. The police office move would rectify this situation as well as other problems.

When asked what was the cause of the problem, Cloud said it was differences of opinion between the police department and the sheriff's department.

One councilman said that he was not aware of any problems and that he wanted to hear about them. After a brief explanation of the trouble, another councilman said that the reason the problems were not brought out before was that the police did not want them publicized.

At the present time, the police office

See POLICE, Page 2

Cutting it out . . .

CONSTRUCTION CREWS with H. R. Bundock Co., general contractor for the courthouse and hospital additions and improvements, had to take cutting torches to window bars on the south side of the courthouse. The bars, which looked like they could have been knocked out with a small hammer and crowbar, proved more than a match for those tools. So, with the help of a cutting torch, the bars finally fell out, exposing a basement storage room to the elements. However, the window was quickly sealed up with the use of mortar and concrete blocks. (Staff Photo)

Nominations for farm family being sought

Nominations are being sought for Cochran County Farm Family of the Year. Woody Dickson, chairman of the selection committee, has asked for any residents of the county to make nominations for the honor. The family selected will be honored at the annual Morton Area Chamber of Commerce banquet.

Persons wishing to make nominations may call the Chamber office, 266-7741, or write a card or letter to: Morton Area Chamber of Commerce, 106 SW First, Morton, Texas, 79346.

Criteria used for selecting the Farm Family of the Year includes: citizenship and participation in community affairs; ability as a farmer; family activities; derive at least 75 per cent of annual income from farm sources; contributions to the community and area in the field of farming beyond own farm; and loyalty to area.

County crops maturing late

Not too much grain sorghum is being cut said Homer E. Thompson, Cochran County Agent, Monday. He said that most of the crop is late maturing because of the late planting.

Thompson said that of the grain that has been cut, moisture has been running from 13-17 percent.

The late maturing of crops in Cochran County is due to replanting necessitated by early heavy rains, high winds, and blowing sand. Thompson said that some of the farmers have replanted their crops twice in addition to the original planting.

Soybeans, which were planted when the original cotton was destroyed, are drying out pretty well according to Thompson. He said they should be mostly harvested before frost.

The cotton, which is extra late maturing, is just beginning to open in some places. Maloy Simmacher ginned the first bale of the season just last week. Thompson said the race between the maturing cotton and the first freeze of the year is going to be close.

The first freeze averages coming Oct. 26 with the first frost, or 38-degree reading, coming Oct. 13. Last year's freeze came Oct. 15 and caused a multi-million dollar loss in cotton crops.

Various farmer - prognosticator groups say area crops will produce very well if the freeze does not come until early November.

4-H members saluted . . .

BAILEY COUNTY ELECTRIC CO-OP provided a billboard at the west end of Morton saluting the 4-H movement in Cochran County. In turn, the local 4-H-ers presented a certificate of appreciation to Bailey County Electric Co-op.

The award was presented Tuesday to co-op board member Vernon Blackley by Larry Hale, Marilyn Cade, Jimmy Jones and Deborah Whitehead. (Staff Photo)

National 4-H week significant to 230 members of four county clubs

Week of Sept. 30-Oct. 7 will bear significant importance for 230 Cochran County residents. This will mark the beginning of national 4-H Club week.

The 230 local 4-H Club members belong to four clubs: Morton Community 4-H Club, Senior 4-H Club, Whitehead 4-H Club or 4-H Saddle Club. They consist of more than 76,000 Texas 4-H members and two and one-quarter million national members.

The 4-H movement, which has been in existence for more than 60 years, is open to boys and girls between the ages of 9 and 18. It offers opportunities to develop good character and leadership. Learning to work together and accept responsibility are emphasized.

With exploring career opportunities and learning skills are all a part of the national 4-H Club program. The program is directed in the counties by the extension agents with assistance from adult and junior 4-H leaders. There are 13,000 volunteer adult leaders in the Texas members of more than 130,000 local 4-H Clubs.

Cochran County over 40 leaders work with clothing, home, recreation, livestock, electricity and rifle groups. Other projects are done individually with help from parents and agents. These include home improvement and dog care and other projects.

Don Borland, county demonstration agent and Homer Thompson, county agricultural agent, said the 4-H motto, "To

Make the Best Better," expresses the desire of 4-Hers to better themselves and to help others. The attitude fostered by 4-H Clubs is "I'll be glad to."

The four "H's" stand for head, heart, hands and health. 4-Hers believe in the use of all four of these to develop responsibility and skills through project work and learning by doing.

In 4-H everyone gets to participate, lead and follow. It can be a combination of many things: fun, hard work, recognition and rewards.

FIRST BALE

The first bale of cotton for the 1967 season was ginned Saturday at the County Line Gin. The bale, which was owned by Maloy Simmacher, weighed 436 lbs. and was stripped about five miles southwest of Morton. The Morton Area Chamber of Commerce, which usually pays a premium for the first bale ginned in the county, did not pay a premium this year, but chose to pay the money to the outstanding conservation farmer as chosen by the soil conservation district.

All 4-H meetings have four parts: inspiration, business, educational program, and recreation.

Club projects often help members decide upon a career to follow with projects for country and city dwellers alike.

A 4-H Fair-Exhibit for Cochran County members will be held Oct. 3 in the County Activity Building and will be open to the public beginning at 7:30 p.m. Exhibitors will set up their displays from 4-7 p.m. Oct. 2 in the banquet room. The displays will be judged from 7-9 p.m. with blue, red and white ribbons given to top winners. A gold award will be given for special merit.

The exhibits will be judged on effective message (caption or title), attention, attraction and interest, pleasing appearance, sells 4-H and originality.

Master of ceremonies for the fair will be Larry Hale. Games and skits will be given by the 4-H Clubs. The Saddle Club will present, "Romance at the 4-H"; Morton Club, "The Lion and the Lamb"; and "The Bored King"; Senior Club, "Julius Caesar - Revised Standard Version" and Adults, "No, No, A Thousand Times No."

On exhibit night, door prizes will be given to several people: one to a 4-H alumni, boy and girl 4-H members, parents, leaders, and for guests or brand new members.

Morton to begin four-game home stand at Indian Field

Morton opens a four-game home stand Friday night at 7:30 p.m. The Indians will start District 4-AA action as it hosts to the newest team in the area, the Midland Carver Hornets.

Coach Williams has scouted the Hornets twice to determine what the fledgling team will be showing in conference play. "They have size and quickness with a backfield and an experienced line," Williams concurred.

Midland Carver coach Johnny Williams has 18th year at the helm of the team and his charges will be out to prove they deserve to be in the loop. After enrollment of 500-plus in high school should have them playing in AAA football.

The offensive starting team for the Indians includes: Thomas Burton, left

end, 155 senior; Eddie Bailey, left tackle, 214 sophomore; Kenneth Robinson, left guard, 155 senior; Harvey Clay, center, 215 senior; John Smith, right guard, 170 senior; Edward Booker, right tackle, 202 junior; John Nathan, right end, 155 junior.

Allen Wilson, quarterback, 160 sophomore; Charles Mason, halfback, 155 junior; John Perkins, wingback, 140 sophomore; and Oscar Howard, fullback, 150 senior; or Leonard Johnson, 140 sophomore.

Defensive alignment will see Nathan, Clay, Smith, Bailey, Booker and Carl Nelson, 142, senior, on the line. Line backers are Ontee Johnson, 155 junior, and Robinson, with halfbacks of Leonard Johnson, 140 sophomore, Howard, and Robert Morris, 140 sophomore.

It is possible that Morton will be at full strength for the first time this year. Fullback Donnie Harvey suited up last week, for the first time, but was held out of action to make sure his injured knee would be fully healed. Quarterback Wayne Thompson received a bruised elbow against Abernathy and his return is questionable. If he is unable to go, sophomore signal-caller Ralph Soltz will direct the attack. Other injuries in the Abernathy contest were minor, except for junior halfback Charles Joyce, who received a bruised rib. Joyce is expected to be ready for Friday's contest.

"Our boys played their best game of the season against Abernathy," coach Fred Weaver commented. "Our offense

Wall construction begun at hospital . . .

WITH FOUNDATIONS POURED AND scaffolds in place, brick layers wasted no time in getting the initial concrete block walls laid. The construction, which is part of a \$195,000 addition and improvement program to the hospital, will include

additions to the hospital ward, improvements to the kitchen, boiler room, laboratory, and construction of a new entrance hall and waiting room. Completion of the project is expected next summer. (Staff Photo)

Pancake supper

Tickets are on sale for a pancake supper that will be served Monday, Sept. 2, sponsored by the Morton Athletic Boosters. Price is only \$1 for the pancakes and sausage you eat, according to Booster Club president Budd Fountain. The meal begins at 6 p.m. in the Morton Cafeteria. A film of the Morton-Midland Carver game will be shown during the evening. Tickets also will be sold at the door.

President's Breakfast for Mrs. J. Gipson on Saturday

The 1968 Study Club opened the new year with a breakfast honoring Mrs. Joe Gipson on Saturday morning, Sept. 23, in the home of Mrs. H. B. King. Also assisting in hostess duties were Mrs. James St. Clair, Mrs. Paul Davis, Mrs. Cyrus Fields, and Mrs. Harold Reynolds.

Following the President's message of welcome and inspiration the yearbook committee chairman, Mrs. Reynolds, explained that due to delay at the printers, the books were not ready for distribution. Mrs. John Crowder acting for Mrs. J. D. Hawthorne, Program chairman, gave a resume of the theme "Impact" chosen for the year's study. She explained the next regular meeting of the club would be a joint meeting with other clubs of the Area Council on Oct. 5 at 8 p.m. in the Fellow-

ship Hall of the Methodist Church. The meeting following that will be October 18 in the home of Mrs. Lloyd Miller, where members will answer roll call with "The country I prefer to visit and why" and Mrs. D. E. Benham will review a visit to Columbia, S.A.

During the business meeting reports were given from Area Council, the Student Loan Fund; an invitation to attend the Cochran County Garden Club Flower Show on Oct. 7 was read and the resignation of Mrs. Bob Ramp accepted with regret. Mrs. M. C. Ledbetter was appointed to fill the vacancy in the office of Reporter.

Members present were Mesdames: Gipson, Davis, King, Reynolds, Fields, St. Clair, Crowder, Ledbetter, Rose, Lloyd Miller, Gage Knox, Hume Russell, J. B. Nicewarner, Kenneth Thompson, Lessye Silvers, and Glen Thompson and two guests, Mrs. W. W. Smith, and Mrs. Ken Nevitt.

Police

from page one

has no regular room in the three-room sheriff's office. One office is for the highway patrolman, one for the sheriff and one for the veterans service officer.

The council talked about various problems connected with the move: radio dispatching during the day, placement of the radio, fixtures, etc.

On a motion by Wiley Hodge, seconded by Herman Bedwell, councilmen Hodge, Bedwell, Simpson and Stowe voted in favor of moving the police department to the city hall and buying either a new or rebuilt transmitter. Abstaining was George Hargrove.

The police department will be housed in the northeast corner of the city hall, in the city council room. The city council will move its meeting place into the fire hall.

In other city business, city secretary Elra Oden reported that taxes will amount to \$36,616.42 on a total valuation of \$4,044,030. Of that \$372,940 is on personal property. Last year's taxes were estimated to be about \$38,000. The tax notices will be sent out about Oct. 1.

Hargrove read several ordinances that in the council's opinion needed to be removed. These included permits for domino parlors, a fine for dancing in cafes and taverns, traffic regulations, an ordinance against letting chickens and turkeys run loose, and occupational taxes. No action was taken on these ordinances.

Morton begins

from page one

moved the ball better and we didn't make as many defensive mistakes. Our sophomores are coming along now and are learning to carry out their assignments."

The Hornets will bring a 1-1-1 record into Friday's game. They opened with an 18-6 win over El Paso Jesuit, lost to Lubbock Dunbar 41-0 and tied Terrell Burnett 14-14 Saturday night.

Denver City was the only District 4-AA team to win last week, as the Mustangs edged Levelland 13-8. Morton lost to Abernathy, 6-36; Post fell to Floydada, 7-22; Crosbyton edged Slaton, 29-21; Seagraves ripped Stanton, 42-14; and New Deal blanked Frenship, 9-27. Carver was tied by Terrell Burnett, 14-14.

Three district 4-AA tilts are on Friday's schedule. While Morton hosts Midland Carver, Denver City plays Slaton, and Frenship plays Post. Stanton will play a non-loop game with McCamey on Saturday.

Younger Morton squads also will see action this week as the seventh, eighth and freshman teams go to Farwell for games Thursday, Sept. 28. First tilt is set for 5 p.m. The B team is slated to host Springlake-Earth in Morton at 6:30 p.m.

Phone your NEWS to 266-2861

Through the telescope by Luck

Milo is being cut all over the county now, although some of it still needs a couple of weeks of drying before it will be ready. This is a good year for grain sorghum and we are expecting yields to be near record levels. Maloy Sinnacher brought the first bale of cotton in last Saturday. It was ginned at County Line Gin and now is being displayed at the northwest corner of the courthouse square in Morton. The sidewalk cotton experts tell us that the crop needs another four to eight weeks of warm weather, but the way that cold front came roaring in Wednesday, it's going to be touch-and-go whether the first freeze waits that long or not.

We really hate to see Elmo Seaney closing out his grocery store here. The Seaneys are moving to Friona, where they have bought a 7-11 store. Elmo has been a real help to Morton, always ready to do his part. And any person who is willing to take the time to serve in public office deserves the best.

Texas Tech rooters have had little to cheer about the past year or so. Since last November, they have been recalling the Raiders' upset victory over Arkansas and hoping that it wasn't a fluke. The Raiders displayed their 1967 material at Lubbock Saturday night in a strong 52-0 win over Iowa State. The offense moved the ball on the ground and in the air; the kicking was most impressive. But it was the defense that drew the most applause. For years Tech hasn't had a defense that could be depended on to stop even a high school attack. The Raiders just had the idea they could score one more point than their opponents. But this year, they seem to have a strong defense that will give the offense better field position and fewer points to overcome. Tech will get a real test Saturday night at Austin, as it tries to down Texas for only the second time in 18 meetings. Regardless of the outcome of that game, Tech seems to have a good team this year . . . certainly an exciting one to watch.

On the high school scene, Morton hosts Midland Carver, the newest member of 4-AA, with the game starting at 7:30 p.m. This will be the first conference game of the year and first of four straight home games. The last three tilts are on the road. Morton managed to score a touchdown last week at Abernathy, but fell 6-36. Whiteface and Three Way both won their first of the season, while Bula fell for the third straight time. This week, Bula hosts Lubbock Christian High School, Three Way is at home for Southland and Whiteface hosts Cooper, to put all the local teams at home on the same night.

This week might be the first time that Morton has had all of its first team on the field at the same time. Fullback Donnie Harvey is ready to go after missing the first three contests, Charles Joyce is expected to be recovered from rib bruises received last week, and quarterback Wayne Thompson probably will start if an injured elbow keeps improving. Only casualty on the sidelines will be sophomore Bob Hobson, who had been seeing a lot of action until he got an injured knee.

All members of the Morton Area Chamber of Commerce are urged to be present at 8 p.m. Tuesday, Oct. 3, for the annual meeting and election of officers. The meeting will be in the County Activity Building auditorium.

This week only, there will not be a Booster Club meeting Monday morning. Instead, the Boosters will host a pancake supper on Monday evening, Oct. 2, starting at 6 p.m. in the school cafeteria. Tickets are on sale for \$1 each. A film of the Morton-Midland Carver game will be shown.

It's been hard for some of us to get much work done for observing and supervising construction work at the County Courthouse. The steps and pillars have been removed on both the north and south sides, excavation is almost completed on the added sub-basement, and some tile-work has begun. Meanwhile, walls are up on the hospital addition and the roof is ready to be installed. H. R. Bundock Construction crews are rushing to get everything closed in so bad weather this winter won't halt their work.

We were pleased when banker Gene Benham reported that an ad the Tribune ran for the First State Bank of Morton had been reprinted. It was "A Tribute to the Forgotten Man" that was published in the Dallas Morning News on Sept. 6, by a motor company. The ad also had a few nice comments about Morton and Cochran County. With just a little urging, Gene probably could be induced to show you the ad.

Autumn came in with a blow. But we hope the year's much older before we see the first snow. And it gets freezing and colder!

Mr. and Mrs. Elbert Haggard, and Shelley visited in the home of her parents, Mr. and Mrs. Bill Smith, over the weekend. They live at Carlsbad, N.M.

Enochs News

Enochs GAs sponsor pounding for Rev. and Mrs. Harrison

By MRS. J. D. BAYLESS

The G.A.'s of the Enochs Baptist Church sponsored a pounding for Rev. and Mrs. Preston Harrison Sunday night in the fellowship hall at the church. They received many useful gifts and food. Refreshments were cake, coffee and Kool-ade.

Mr. and Mrs. Clinton Edwards from Roswell, N.M., were guests in the home of her parents, Mr. and Mrs. E. F. Campbell Sunday. They also attended church at the Enochs Baptist.

Steve Cox spent three days in the Medical Arts Hospital in Littlefield, last week.

Guests in the home of Mr. and Mrs. Arnold Archer Sunday were her sister, Mrs. Bertha Roberts of Morton, a nephew, Mr. and Mrs. Norvil Roberts and son Randy from Plainview. Also friends from Andrews, Mr. and Mrs. Buster Latham.

Mr. and Mrs. Robert George and children Brent and Martha Ann were guests in the home of her parents, Mr. and Mrs. E. N. McCall Sunday and also attended church at the Enochs Baptist Church.

Mrs. W. B. Peterson spent from Friday till Sunday in the University Hospital in Lubbock, after surgery.

Busy Fingers Sewing Club holds meeting

The Busy Fingers Sewing Club met in the home of Mrs. C. C. Benham on Thursday, Sept. 21. Mrs. W. L. Miller opened the meeting with a short business session.

Minutes were read and approved. Plans were made for the new year. New officers were elected for the coming year.

Refreshments of German chocolate cake, angel food cake, punch and coffee were served to the following: Mesdames W. L. Miller, W. E. Childs, G. F. Cooper, Rolly Hill, A. R. Lindsey, Clayton Stokes, Herman Bedwell, Jack Baker.

Morton school menu listed for the week

Monday, Oct. 2: Barbecue, pinto beans, salad, fruit, hot rolls, butter and milk.

Tuesday, Oct. 3: Roast beef, buttered green beans, tomato salad, pineapple cobbler, cornbread, butter and milk.

Wednesday, Oct. 4: Salisbury steak, potatoes in cheese sauce, cabbage and apple slaw, wheat rolls, butter and milk.

Thursday, Oct. 5: Corn dogs, mustard, pickles, potato chips, cookies and chocolate milk.

Friday, Oct. 6: Ham and cheese sandwiches, pork and beans, sliced bread, baked apple and milk.

★ Election set

A supervisor's election for zone 4 of the Cochran Soil and Water Conservation District will be held Oct. 3 at 1:30 p.m. in the Star Route Office. Current supervisor of zone 4 is Gorge Burkett. Boundaries of zone 4, which is located in the northern portion of the county, include the Maple highway on the east and about four miles north of Bledsoe on south. To qualify for the supervisor position, a person must own land in zone 4 and live in the Cochran and Water Conservation District.

Morton Ex-students tell homecoming plans

The Morton Ex-Students Assn. has leased plans for homecoming as well as committees for the event it was announced by George Hargrove, first vice president.

Plans call for a reception and homecoming meeting to follow the Oct. 13 homecoming game with Muleshoe. The reception will be in the Morton school cafeteria.

Preceding the game will be a chess tournament sponsored by the Morton Area Boosters. This will be held in the cafeteria from 5 p.m. until game time.

Hargrove emphasized that the new current mailing addresses for out of town ex-students. Hargrove's telephone is 7536.

Committees include: Decorations, Williams and Kay Polvado, co-chairmen; Refreshments, Janie Willingham and Faust, co-chairmen; Linda Griffith, DeBord, Lavelle Hawkins and Carrie Tyson.

Membership: Richard Houston, chairman; Tommy Hawkins, Jack Rouse, Rodney Fralin.

Awards: Pat Hodge, Nominating; Hodge, chairman; Bill Crone, Wanda Neils, Katie Vanlandingham and Betty Dy.

Clean-up: Ann Linsyng, chairman; Lamb, Barbara Cooper, Eugene Boy, Bill Gray and Lyndall Burless. Phone: Glenna Merritt, chairman; Goodman and Lillian Silvers.

Officers of the ex-students association include president, Royce Hanna; second president, Pat Hodge; third vice president, June Kennedy; and secretary-treasurer, Jackie Tankersley.

Morton Lions Club and the Morton Chamber of Commerce. It was held in the Morton high school cafeteria Tuesday night.

The fifth grade through the twelfth the Bula school were in Lubbock Monday to attend the Fair.

Mr. and Mrs. J. W. Layton, Enochs, his sister, Mrs. Betty Long and sons, Possom Kingdom, returned to town Thursday after a five day trip to Idaho, where they visited Mrs. Long's son, Bert Newman.

Miss Sharon Davis became bride of Randall Robertson

Sharon Lynn Davis, daughter of Mrs. L. M. Davis, Rt. 2 Morton, the bride of Randel Royce Robertson of Mr. and Mrs. Bradley Robertson, St. Rt. Enochs, Sept. 15, at 8 p.m. at the Enochs Church of Christ. Rev. W. H. Winters, officiating clergyman, performed the ceremony.

Mrs. Randall Robertson
... nee Sharon Davis

The bride wore a street length, fitted, pink gown with lace bell sleeves. She carried a white corsage of gladioli. She carried a white corsage of gladioli. She carried a white corsage of gladioli.

The bride of honor was Miss Linda McCammond of the bride, while Karen Darnell of the bride served as bridesmaid. They wore pink and white knit length dresses, with white carnation beaded pearls.

Mr. Fred, served as best man, and Hamilton served as groomsmen. A cousin of the bride, Ringbearer Robertson, brother of the groom, followed in the home of Mrs. Davis, grandmother of the bride.

All guests were present. The table was covered with a pink linen cloth. A miniature bride and groom surrounded by pink and white carnations, and gladioli.

The ceremony took place under an archway with white carnations, pink gladioli and white gladioli. The kneeling was of white satin with pink and white bows.

The bride attended Morton High School. She is a 1967 graduate of Bula High School. He is now employed by Bailey Electric.

Guests were Mr. and Mrs. Wright Winters, grandparents of

the bride:

Mr. and Mrs. Dan Bennett, Abilene, sister of the groom, Mr. and Mrs. Curtis Chapman, Lubbock, aunt and uncle of the bride, Mr. and Mrs. Wayne Lee Davis, Bronco, aunt and uncle of the bride.

A dinner honoring the bride and groom and their families, September 14 by the bride's grandmother, Mrs. W. L. Davis was given. Mrs. Bradley Robertson, Patricia and Lynn, Mr. and Mrs. Leonard Davis, Karen and LaNeta, LaNelda Romans and Lonnie Hamilton, attended. Mrs. Leon Hamilton and Mrs. Wayne Davis served.

Emlea Smith Club meets in Griffith home

Emlea Smith Jr. Study Club held its annual meeting of the year in the form of a President's Dinner honor Mrs. Dale DeBord on Thursday September 14th. The dinner was held in the home of Ray Griffith with the social, program and yearbook committees in charge.

The meeting was held in Spanish flair. The decorations were of the dinner consist of Mexican dishes enjoyed by all.

A welcome was given by Mrs. Sheri Griffith and this was followed by the dinner given by Mrs. Dale DeBord. Mrs. Garry Willingham introduced the president and Mrs. Kern gave her president's address.

James Walker brought up the subject of women in the area to be submitted for consideration as Outstanding Women of America. Since because of conditions beyond our control we had

missed deadlines it was decided that we would not submit any names.

Mrs. Kern mentioned that the club's second radio program had been on the radio that afternoon. The program was presented by the program and yearbook committees consisted of Mesdames Sheri Griffith, Dale DeBord, and Thelbert Asbill giving the programs, club projects, and other items of interest for the coming year. Mrs. Kern told clubmembers of the annual Board meeting to be held in Austin on October 24. She informed clubmembers that the By-Laws and Constitution had been revised and that our club now had a copy of the revisions.

Mrs. Kern also told of the Victory Tea held August 20 honoring recipients of awards. Mrs. Clyde Brownlow attended from our club and accepted a 1st place award for Operation Healthy Babies. Mesdames Garry Willingham and Tommy Hawkins reported on the Golf Tournament Concession stand. They reported that a few

financial settlements were still to be made but that the club had done fairly well.

Mrs. Kern reminded clubmembers of the Federation Day Program to be held October 12. This is to take the place of one of our meetings so all clubmembers were urged to attend. Mrs. Kern told of a letter received from Mrs. Newsom asking each club if possible to donate about \$9.00 to Girlstown. This money was needed so that each of the 61 girls of Girlstown could see the show "The Restless Ones." Our club voted to send \$10.00 to Girlstown for this purpose.

Next came the discussion of the Halloween Carnival. Mrs. Rodney Fralin volunteered to be chairman of this year's Halloween Carnival, and Mrs. Dale DeBord volunteered to write letters to all Morton Clubs and other interested organizations, informing them of the carnival, offering spaces for booths. It was noted that a few of the clubs had already spoken for particular booths. The club is to have the admission desk and the cake walk with each clubmember bringing a cake as last year.

Three resignations submitted last club meeting. Those of Mrs. Charles Borland, Mrs. DeWight Gober, and Mrs. Jim Johnson were voted on and accepted.

Following the presidents address, Mrs. Thelbert Asbill presented the Clubs 1967-68 yearbooks. As a special honor to Mrs. Clyde Brownlow, the yearbook was dedicated to her for all her outstanding club work and in special honor of her being selected as The Outstanding Clubwomen of the Morton Area Federation and Junior Director of Caprock District.

Guests present at the meeting were Mesdames Ted Whillock, Glen Price, M. C. Ledbetter, Ray Griffith and Miss Rayla Griffith.

The next regular meeting will be held Thursday Sept. 28 in the home of Mrs. J. W. Tyson with Mrs. Rodney Fralin, serving as co-hostess. The program will be an educational panel consisting of Mrs. Thelbert Asbill, moderator; Mrs. Garry Willingham, the High-Plains Training Center; Mrs. Bill Foust, Head Start; and Mrs. James Dewbre, Special Education.

Future Farmers elect sweetheart, officers

The officers of district 6, Future Farmers of America, met Wednesday afternoon, Sept. 20, at Amherst to elect new officers for the coming year.

Elected were: president, Rodney Bowling, Sudan; vice president, Dean Black, Muleshoe; secretary, Charlie Abbe, Three Way; treasurer, Gordon Graves, Littlefield; reporter, Larry Mitchell, Bovina; sentinel, Steve Jackson, Spring Lake; and parliamentarian, Ronny L. Reeder, Morton.

The Morton FFA chapter elected their chapter sweetheart Wednesday morning. She is Carol Ann Freeland, the 16-year-old daughter of Mr. and Mrs. W. G.

★ Flower show

The Cochran County Garden Club will hold their 21st annual fall flower show on Saturday, Oct. 7. This year's show entitled "Music in the Air" will be open to the public from 1 to 6:30 p.m. in the County Activity Building. Admission is free.

Council officers . . .
OFFICERS OF THE AREA Council of Women's Clubs include, seated, Mrs. Hargrove, librarian, Y-M Study Club; Mrs. W. B. McSpadden, president, L. Allegro Study Club; standing, Mrs. Leonard Coleman, treasurer, pro Emma Slaughter; and Mrs. Kenneth Thompon, secretary, 1936 Study Club. Town Mrs. Garry Willingham, Emlea Smith Study Club; and Mrs. Connie Town and Country Study Club. (Staff Photo)

Midland picked over Morton 19-8

By ROY McQUEEN

What well could be the most important grid skirmish in Slaton High School history reels off Friday night when always-powerful Denver City invades Tiger Stadium.

For the first time in nine years, the tilt between the 4-AA rivals is rated a toss-up. Denver City, the perennial league champion, has never been defeated by Slaton.

The two teams go into the tilt with identical 2-1 won-loss ledgers and the tussle is considered one of the top games on Friday's South Plains grid menu. In fact, general consensus has it that the 4-AA championship will be decided Friday night.

League competition gets underway for all teams except Stanton who tries non-conference foe, McCamey. District teams made another poor showing last week, 1-5-1, with Denver City taking the only victory.

COACH ERNIE DAVIS' Tigers lost their first game of the season, a 21-20 squeaker, to the Crosbyton Chiefs. Crosbyton scored with two minutes remaining to hand Slaton the defeat.

"We weren't ready to play," Davis said.

"I guess we were thinking ahead. We were flat and they were high. We should have beat them, even as badly as we played."

The 21 points by the Chiefs represented the first time in three games that the Tigers have been scored upon.

Davis said scouting reports showed the Mustangs to be tough. "However, they can be taken," Davis said.

POST, THE DEFENDING 4-AA king, lost its game by one point the week before district play started last year. "Maybe a one-point loss is a good omen," Davis added.

The Mustangs' victory came over the Levelland Lobos who have yet to win a game this season. The Ponies did have trouble, however, in taking a 13-8 win.

The Lobos played their best game of the season and Denver City scored the winning TD on a goal line play that brought loud protests from the Levelland bench.

League newcomer Midland Carver battled to a 14-14 tie with Terrell Burnett. The Hornets are now 1-1-1 for the season.

Midland takes on winless Morton Friday night in another 4-AA encounter. Mor-

ton, who has been hit by injuries all season, bowed to Abernathy, 36-6, last week.

Two other winless ball clubs clash when hapless Frenship travels to Post. Last week, Frenship was whitewashed by New Deal, 27-0. The Post Antelopes lost to Floydada, 22-7. It was the first win of the year for the Whirlwinds.

The Stanton Buffaloes, 1-2 for the year, 27-14. Stanton was felled by Irran two weeks ago, 27-8.

WITH THE HELP of a tie last week, predictions improved by one game and our batting percentage is now .797 for the year. Prospects for a better showing this week is far from insured but . . .

SLATON 14, Denver City 8 — This is the big one and the Tigers may be slightly more hungry than the Mustangs. The tide could turn any way, probably depending on which team makes the fewer mistakes. Tiger Stadium should rock.

MIDLAND CARVER 19, Morton 8 — The Hornets have benefit of a win and a tie while the Indians have been able to score only one touchdown this year. Morton is due, so who knows for sure. Coach Fred Weaver's crew can't be counted out and they do have the home field advantage.

POST 22, Frenship 6 — The Antelopes will walk away with the long-awaited victory. Post has little material but the Frenship Tigers have even less.

McCamey 28, STANTON 12 — Judging from past performances, McCamey has too much offensive strength for the Buffs to contain.

Eagles coast to easy 35-6 win over Loop Longhorns

By DAVID MURRAH
Tribune Sports Writer

The Three Way Eagles posted an early 29-0 lead and then coasted to an easy 35-6 win over the Loop Longhorns at Three Way Friday night in eight man non-conference action. Powered by the sharp running of Monte Toombs and accurate passing of Bruce Pruitt, coach Lester Driver's Eagles amassed 292 yards running and passing in picking up their first win of the 1967 season.

Three Way will go after their second victory Friday night as they host Southland. Game time is 8 p.m.

Against the visiting Longhorns the Eagles' passing attack put together scoring plays of 35, 45, and 65 yards to provide the home fans with thrills aplenty. Three Way's defense, led by hard tackling sophomore guard Mike Roberts, held Loop's outwheeled offense to 92 yards.

The Eagles wasted no time in getting on the scoreboard. After Loop failed to move the ball after the opening kickoff, Three Way took only two plays to score. Monte Toombs broke away for 27 yards the first play Three Way ran, and on the second, Jackie Dupler slashed over right guard from the ten for the touchdown. Toombs circled right end to add the extra points.

Bruce Pruitt's passing and running bolstered the Eagles' scoring punch. Pruitt set up the second Three Way TD with a 23 yard gallop to the Loop eight, and Toombs carried over from the five two plays later. The Eagles third touchdown came on a Pruitt-to-Dupler pass that was good for 35 yards and six points. In the second quarter the big junior back hit Toombs on a pass and run play that scored from 45 yards out. Pruitt teamed up with Johnny Ferguson early in the third period to provide the highlight of the game as

he caught Ferguson in the open for 65 yards and the Eagles' final TD.

Pruitt fired to Wendell Williams for a two-point conversion after the Eagles' third touchdown to give the hosts a 22-0 first quarter lead. Monte Toombs split the uprights after the second quarter touchdown to make it 29-0 at intermission.

The Longhorns were unable to make a first down in the first half, but finally put a scoring drive together late in the game. Loop quarterback Barry McConal circled left end from the 12 to score the Longhorns' first touchdown of the 1967 season.

Coach Lester Driver expects tougher competition as the Southland Eagles visit Three Way Friday for another non-conference game. Southland blasted Cotton Center 14-12 in eighth-man action last Friday.

LeFleur Garden Club starts 1967-1968 club activities

Le Fleur Garden Club started the year's activities with the September 14 meeting in the home of Mrs. Olin Darland. The president, Mrs. S. E. Williams presided over the business meeting during which time reports of officers and committees were heard. Roll call was answered by members giving the name of a plant material suitable for drying.

The treasurer reported on the bake and rummage sales which were held during the summer. Mrs. E. R. Fincher, projects chairman, reported that all trees planted at the Cochran County Historical Museum

grounds had been kept watered and were doing well. A work day on the grounds will be held as soon as the lot can be shredded and plowed again.

Mrs. L. Z. Scoggins, program chairman, gave a brief resume of the year's outlined programs based on the theme, "Responsible for Nature's Natural Nuggets".

The program for the day, "Preserving Nature's Nuggets", was given by Mrs. S. E. Williams. Many plant materials for winter arrangements may be preserved by simply drying in the air in a dry, cool and dark place such as a basement or closet. Some that dry well in the air are: salvia, Bells of Ireland, lunaria, globe amaranth, pansies, straw flowers, carnations, celosia, pampas grass, yarrow and various seed pods.

Other flowers may be dried by covering in silica gel (a commercial preparation) a mixture of borax and sand or borax and cornmeal in equal parts of clean, dry sand. Silica gel will dry flowers in two or three days while the other drying agents may take two or three weeks and sand alone may take 3-4 weeks.

In using all of the drying agents, the container in which the flowers are placed and covered, should be sealed and put in a dark place.

Other plant materials such as foliage, may be preserved by putting the stems in a mixture of two parts water to one of glycerine for a few days. If the stems are hard and woody, they should be crushed or split in order to hasten absorption of the mixture. The color changes vary from olive to almost brown.

Members present were: Mrs. Roy Hill, Mrs. S. E. Williams, Mrs. W. W. Williamson, Mrs. Owen Egger, Mrs. Jack Baker, Mrs. W. A. Woods, Mrs. L. Z. Scoggins, Mrs. E. R. Fincher, Mrs. Don Samford and the hostess.

The next program will be September 28 in the home of Mrs. S. E. Williams. Members are to bring seeds for exchange.

he qualified at the District 4-H Horse Show to compete at State in the Western Pleasure Class. Jimmy says "my projects help me at home because we live far out in the country and need something to do. My project also give me a feeling of responsibility to make sure my horses have plenty of feed and water, and to make sure they have a warm bed to protect them from all kinds of weather."

As president of the Morton 4-H Club and through his recreation project Jimmy says he has "learned how to speak before a crowd and help other members to participate."

In 4-H Jimmy has won the county swine award, 4th place District Horse Show, second place Junior District Horse Record and yearpins. His leaders have been his parents, J. N. Burnett and Dale Hill.

FULLBACK CHARLES JOYCE grimaces with pain after receiving a severe rib bruise while playing at Abernathy

Friday night. Showing their concern for the hard-running junior are manager Danny Wisely and coaches Doug Reed and Fred Weaver. (Staff Photo)

James Joy announces for Civil Court post

James A. Joy, Plainview will be a candidate for Judge of the 7th Court of Civil Appeals. Joy, 64th District Court Judge since 1961, said last Wednesday he would seek the bench serving the 46-county Texas Panhandle region.

Joy, 50, practiced law in San Antonio before moving with his family to Abernathy, Hale County, in 1959. At Abernathy he practiced law, served as city attorney and later city judge before being appointed Hale County Judge in 1961 when the incumbent resigned.

He served in that post six months until appointed by then Gov. Price Daniel

The Morton (Tex.) Tribune, Thursday, Sept. 28, 1967

to finish an unexpired term as 64th Dist. Judge. He was elected to a full term in a contested race in 1962, and in 1966 without opposition to his second regular term.

During his more than six years as a Judge of the 64th District, Joy has handled one of the heaviest court loads in the State of Texas, disposing of more cases to final jury verdicts than most of the district courts in the State.

Born and reared at Crowell, he attended A&M pre-law school and finished law school at St. Mary's School of Law in San Antonio.

A veteran of four years in the Air Force in World War II, Judge Joy is a member of the Plainview American Leg-

ion Post, Lions Club, Chamber of Commerce, 64th Judicial District Bar Association, American Bar, Judicial Society of the American Bar Association and 1966 attended the American College State Trial Judges at the University of Nevada.

Judge Joy was a B-26 pilot with 15 missions to his credit when he was down May 10, 1944, over Germany taken prisoner. He was imprisoned at lag Luft I, Barth, for about a year liberated by the Russians. He was charged with the rank of Captain.

He and his wife, Ruth, are parents three daughters and a son and reside in Plainview.

Elma Slaughter Club met in the home of Mrs. Butler

The Elma L. Slaughter Study Club met September 21, at 7:30 p.m. in the home of Mrs. W. M. Butler.

The meeting was opened with the Pledge to the American Flag led by Mrs. Iva Williams.

Mrs. Leonard Coleman, President, presided during the business meeting. Mrs. Ruth McGee presented the new yearbooks to members present, using "A Hand in Progress" as the theme for the new year.

The Club voted to contribute \$7.00 toward the purchase of tickets for Girlstown residents to see the "Restless Ones."

Discussion was held on the field trip sponsored by the Area Council which provides 25 cents for each Head Start student. The Student Loan Fund was also discussed.

Mrs. Lorena Cadenhead was presented for membership in the Club. Members worked on Gold Bond certificates which will be used to purchase a lift for the Nursing Home.

The Americanism program was presented using "My Role as an American" as the title with Mrs. Roy Brown giving Our Voting Privileges. Mrs. Brown told the purpose of having public elections and the voters qualifications, also the purpose of having two political parties and stated that we use a Modified Secret Australian Ballot. She said the success of our Government is determined by interested citizens.

Mrs. Earl Browlow spoke on Our Freedom Compared to Other Nations. She told of the Religion in Russia and said that only 21% of the adults there will admit their belief in God because they are afraid of the political, social and economic effect that their belief would have on them as individuals. She also mentioned the fact that the United States is the only country that has trials by jury.

Refreshments were served from a patriotic table covered in red with an arrange-

4-H Column

National Week begins Sept. 30 with fair

National 4-H Club Week begins Saturday September 30. The theme "4-H . . . A World of Opportunity" will be carried out at the 4-H Fair-Exhibit Night on October 3. Everyone is urged to come and see the exhibits and join in the fun. Each club is preparing a play or skit for entertainment. The Fair will open at 7:30 p.m. on October 3. Densie Alderidge, Deborah Whitehead and Marilyn Cade have been busy making posters for National 4-H Club Week.

About 70 boys and girls and parents attended the Morton 4-H meeting last week. New members enrolled were Becky Melton and Mark Roberts. Deborah Whitehead, Terry Donathan and Sherita Fluit led games following the meeting.

Jimmy Jones is this week's featured 4-H club member. He is the son of Mr. and Mrs. James Jones, Star Route 2. Jimmy is an active member of both the Morton Club and the Saddle Club. This is Jimmy's 4th year in 4-H. His main projects have been Horse and Pony and Recreation. He also was entered in the Sears Swine Program one year.

In his horse project he has participated in over 35 rodeos and playdays. This year

Indians drop third of season

Morton finally got on the scoreboard Friday night, but that was the only consolation. Abernathy displayed too much speed and power in taking a 36-6 decision. It was the third straight win for the Antelopes and the third loss of the year for the Indians.

Abernathy made enough mistakes to lose six games, giving away four fumbles. It had to be enough to overcome the Antelopes.

Quarterback Burl Fuller, a 160-pound senior, didn't sell programs before the game or march with the band at half-time. He did almost everything else as he ran for three touchdowns, one an 85-yard kick that won the game. Fuller also kicked two extra points, ran for two extra points and passed for another TD. His teammates provided all sorts of assistance both on offense and defense.

Morton receiving the opening kick with Bryan returning it 16 yards to the end zone. Fullback Charles Joyce hit for 4, 5, and 6 yards. Billy Baker added four. Then Joyce lost three and quarterback Wayne Thompson lost seven trying to pass. Rusty Steed punted 23 yards.

Whiteface slips past New Home 16-12 Fri.

The Whiteface Antelopes slipped past New Home in New Home Friday night in a 16-12 scoring edge. Coach Dale's charges drew first blood in the opening stanza of the Class B game with a 10-0 lead in the six yard line.

From that point Wayne Legan went the yards off tackle needed for the score. Steve Skinner ran a sweep off right end for the extra points.

The Antelopes made it eight more in the second quarter with Legan making three yards off tackle for the score and Dale's charges with the right sweep for the points.

New Home picked up six points with a 21-yard pass from quarterback Armes and Fillingim. The kick for extra points was blocked.

Neither team scored in the third. New Home added a little excitement to the game by making another TD in the last quarter. This came on a six yard run by Steve Gill. The try for extra points failed when the run was short.

Defensive standouts for Whiteface were Steve Moore, Ike Flores, and Ricky Steed. For New Home it was Stanley Talley and defensive tackle Talley.

The victory for Whiteface was its first of the season, giving them a 1-2 season record. New Home has yet to win its first game.

Band calendar

Parents selling the band calendar for the band boosters are reminded to turn in their orders by Saturday, Sept. 30, as this is the compiling day. The boosters would like to thank the people of Morton for their help and co-operation.

Phone your NEWS to 286-2361

yard loss. Fuller tried to pass again and was swamped by Ray King and Tommy Waters for a ten-yard loss. That made it fourth and 31 from the Morton 35.

Fuller hit halfback Darrell Selke on a cross-over pattern with the pass-run play going 35 yards for the TD. Byers ran right end for two points and Abernathy led 8-0 with 7:07 left in the first period.

Thompson received the kickoff and returned 15 yards. He fumbled when hit and Abernathy recovered on the Morton 25.

Byers went over right tackle for nine and Fuller swept left end for 13, to the Morton three. Fuller burst over the middle to score but Abernathy was penalized five yards to wipe out the TD. Byers got two over right guard. Morton was penalized three yards, to its own three.

Indian fans were heartened by the rugged defense displayed on the goal. Byers hit for one, Selke tried and got only one. With fourth and one, Byers found a hole over right tackle and leaned in for six points. Byers tried to run for two points, but was hit five yards behind the line. Abernathy led 14-0 with 3:52 left in the first period.

Joyce returned the kickoff 15 yards to the Morton 20. Joyce got two and four and Thompson got the first down with six yards on his own. Joyce got two and one. Thompson kept for five. Rowden punted 30 yards, but Fuller returned it 21 yards to the Morton 49.

Byers burst over right tackle for 23 yards. Then he tried right guard for three more as the first period ended. Fuller passed incomplete. He tried the airways again and found end Clark Riley for 12 yards. Byers got only one as Jerry Steed and Billy Smart cracked the runner.

With nothing going up the middle, Fuller dashed around right end for the touchdown from ten yards out. Fuller kicked the extra point to give Abernathy a 21-0 lead with 10:49 left in the second period.

Joyce returned the kickoff 18 yards to the Morton 28. Three runs gained only four yards. Rowden punted a 48-yard beauty. But junior Mike Williams gathered it in and scampered 51 yards on the return, to the Morton 29.

But the Indians held with a strong defensive effort. Fuller ran for three. A pitch-out to Byers got two yards. Fuller tried two passes, but both of them were incomplete.

Thompson's pitch-out to Bryan was fumbled for a loss of 11 yards. Thompson was smeared for a six-yard loss trying to pass. Thompson's pass was intercepted by Abernathy's Mike Williams.

Abernathy was penalized 15 yards, then made no yards on two tries. The second run was by Byers, who fumbled. Jerry Steed fell on the ball for a Morton recovery on the Lopes' 45.

Their first scoring drive of the year took nine plays. Thompson pitched out to Bryan for three yards, Joyce carried for three. Thompson kept for six and Joyce hit for six more.

Thompson hit a swing pass to Billy Baker for ten yards. Joyce blasted for two yards and Baker took a pitch out for two more. Thompson kept for one yard to the 12. Joyce hit left tackle and sped for the corner ahead of Abernathy's defensive secondary. The pass for extra points was no good. Abernathy led 21-6 with 2:54 left in the first half.

Bryan's kickoff was returned six yards to the Lopes 29. Byers broke loose for 22 yards over right tackle. Fuller fumbled on the next play and tackle J. D. Wiseley recovered for the Indians on the Antelope 46.

One pass try was no good and Morton

was penalized 15 yards. Baker picked up one and Joyce cut loose for 12. Rowden's kick was only 28 yards. As it rolled to a stop, Royce Walker picked it up and almost got loose before he was hauled down.

Abernathy ran two plays and picked up ten yards before the half ended. Morton kicked off and held as Byers got only six yards on two tries and a pass was incomplete. Fuller punted 35 yards with Thompson returning for ten.

The Indians took a 15-yard penalty back to their own 20. Baker got four yards on a run. Thompson's pass was intercepted by Mike Williams, his second theft of the night. He scooted like a water bug for 40 yards before Bryan caught him on the Morton three.

Abernathy was penalized five yards. Byers was held to nothing as Steed and Waters piled up the play. So Fuller just kept around left end for eight yards and another score. Fuller faked the kick for extra points, took the snap and went around left end for two more points. Abernathy led 29-6 with 8:58 left in the third period.

Morton received with Thompson returning 23 yards to the 35. Three plays got only seven and Rowden punted for only 14 yards.

Fuller passed incomplete, then ran for three. Waters smothered Fuller for a one-yard loss. Fuller punted 31 yards with Joyce returning seven yards to the Morton 30.

Bryan made one yard on a pitch-out. Joyce carried for three, but received a badly bruised rib on the play. He went to the sidelines for the rest of the game. Dee Merritt came in and carried for five. With fourth and one, Thompson carried for three. On the next play, the pitch-out was fumbled with Williams recovering for the Antelopes. Tackle Herschel Lamar came to the sidelines after being shaken up.

Abernathy absorbed a five-yard penalty. Billy Elkins fumbled and recovered for a one-yard loss. Tackle Robert Kemp moved to fullback for Abernathy and gained three yards. Byers made four yards, but fumbled. Wiseley recovered for Morton on the Indian 40.

Wayne Thompson went to the sidelines with a bruised elbow and sophomore Ralph Soliz came in to run the offense. Baker picked up eight yards and Alex Soliz got five more. Ralph Soliz fumbled and recovered for a three-yard loss. Baker hit for three as the third quarter ended.

Alex Soliz was held for no gain and Rowden punted 44 yards to the Abernathy three.

Byers gained five and three. Abernathy was penalized five. Selke gained eight for the first down. Selke fumbled on the next play. Morton tackles Dick Van and Wiseley both covered the ball to give Morton possession on the Abernathy 14.

Baker made three and Bryan added three more. Ralph Soliz was dropped for a six-yard loss. Thompson returned to pass on fourth down. The ball was tipped at the line, batted around and Billy Baker finally caught it for a two-yard advance.

Abernathy took over on its own 12. Byers made six. Fuller was dropped for a six-yard loss by end Roger Sandefer. Fuller passed 17 yards to Riley. Abernathy was penalized 15 yards as Dick Van was sidelined with an injured leg.

From his own 15, Fuller passed incomplete. He dropped back to try another but found no open receivers. He ran straight up the middle, found daylight, then zig-zagged up the field for an 85-yard touchdown run. Fuller kicked the extra point

to set the final score at 36-6.

Morton gained five yards in three runs and punted. Abernathy put its second unit on the field, gained four yards, passed incomplete and punted 10 yards as the game ended.

Frosh drop 14-12 tilt to Muleshoe Thursday

An extra-point run gave Muleshoe a narrow 14-12 win over the Morton frosh in a game played here Thursday.

Muleshoe scored early in the first period after recovering a fumble. With fourth down and 23 yards to go, a halfback option pass was complete for the TD. The Mules used a fullback sweep around left end for two points and an 8-0 lead.

Morton came roaring back in the second period to tally twice. Fullback M. C. Collins hit up the middle, pulled free of Mule defenders and galloped 68 yards to score. The run for extra points was short.

The young Indians went in front just before the end of the first half. Quarterback Stan Coffman kept through left tackle for the final six yards with only 40 seconds left. Again the run was short,

but Morton led 12-8.

In the third period, Muleshoe mounted a 40-yard drive. Mule quarterback Terry Gunter kept for the final three yards. The run for points was no good, but Muleshoe had a 14-12 edge.

There was no scoring in the fourth period, although both teams threatened. A pass interception finally killed Morton's last scoring attempt.

Morton's frosh, along with the seventh and eighth grade teams, will play in Farwell Thursday, Sept. 28.

Visiting in the home of Mr. and Mrs. T. G. Shaw, were their son and family from Rye, Colo., Mr. and Mrs. Tommy Shaw and four children of South Gate, Calif.

Pitch-out . . .
HALFBACK MIKE BRYAN takes a last-second pitch-out from quarterback Wayne Thompson, who is wrapped in the arms of an Abernathy defender. Sophomore Bryan picked up four yards on this play. (Staff Photo)

121 E. Washington in Morton

Do you bring home everything you've paid for?

It's a good question.

Which you can answer "yes" — if you always buy from the business people right here at home. Where you live.

Wherever you buy, part of your money goes to build and to keep up the community in which you spend. To support schools, churches, civic projects, to pay the people who work in that community, and to provide better business and job opportunities for those who live there.

When you buy in YOUR OWN town, you get about the same merchandise you'd get anywhere else — PLUS the enjoyment of these other things that your money pays for.

When you buy anywhere else, you get merchandise ONLY. And your home community is a little poorer because you carried off part of its resources. And the many things other than goods that your money pays for are left for somebody else to enjoy, while they wait for you to return and give them some more.

MORTON, TEXAS, THURSDAY, SEPTEMBER 28, 1967

Team needs support

This Friday night, the Morton Indians begin the first of four straight football games at home. These will be followed by three straight games on the road. A strange schedule indeed.

The Indians will be host to a new team in District 4-AA, the Hornets from Midland Carver, followed by Slaton, non-conference Muleshoe, and Denver City.

Morton has had a rough pre-district schedule this year, playing teams that are highly-rated for conference honors. Now the Indians begin playing for district standings... and they need your help.

It's easy to sit in the stands and criticize the players. It's not even hard to sit over a cup of coffee and criticize the coaches. But what the Indians, and their coaches, need right now is your support and attendance.

Morton has a lack of experience and depth, but the youngsters that are getting their baptism of varsity competition are learning rapidly. They have been playing to the limits of their ability each week. What they need from you is encouragement.

This is best accomplished by attending these next four home games. Only an athlete can tell how discouraging it is to come out on a field and find only a scattering of fans on his side of the field. He can get a pep talk from his coaches and try to work up his own enthusiasm. But there is a psychological effect that's hard to overcome if he knows that his home team isn't behind him. The cheerleaders, the band and a few parents will always go to the game.

When the Indians take the field, they represent each of us. It's easy enough to back a winner; then everyone wants to be on hand. But when things aren't going well, support is even more important.

We are going to play host to four towns that have a lot of pride in their teams. You can bet they'll pretty well cover the east side of the field. It would be a shame if the visitors outnumbered the home town rooters.

We hope to see you in the west stands each Friday night for the next four weeks. And, despite the distance we hope to see you at Frenship, Stanton and Post for the last three games.

Eyes in the sky will help us in many ways

From a child's view, the adult world is mammoth. To a child, with an eye-level view only two to three feet, the world of the grown-up is distorted. This is because the adult habitually sees from a height of five to six feet.

Those of you who have flown realize how the world changes perspective from a distance of 500 or 5,000 feet. But even this "bird's eye" view is going to become obsolete.

At least, that what we have been able to gather from reading about some of America's proposed satellites.

Senator John Tower, a member of the Armed Service Committee, says, "There is strong reason for believing that observation from space is the most significant development in man's space experience. Historians may look back and agree that observation satellites are among the most important machines ever created by man.

"Not only can these satellites help us watch crop and forest growth, to forecast weather, to improve our maps, and to assist navigation; but they can also tell us how many missiles an enemy has. They can 'see' from orbital altitudes of some 200 miles, objects as small as garbage-can lids. By 1970 we can expect to be able to literally 'look into' the ocean, obviously a big advantage to the fishing industry — and to the detection of enemy submarines. In fact, it is difficult to imagine a technical development with more military importance than the ability to see into the oceans.

"One of the more significant space surprises of recent years is that a comparison of 'photographs' made in several different parts of the electro-magnetic spectrum yields far more information about the situation on the ground than any single camera ever would. The ordinary camera shows small objects, but other sensors, such as infrared, complement our knowledge by showing temperature, reflectivity, and colors of the objects. Altogether these 'photos' reveal a truly astounding amount of information: the type of construction material in buildings and water contents of soils, location of missile silos with grass growing over the top, the health of plants, the porosity of rock, and the contamination of water."

Just this week, we have seen the results of satellites that watch the weather over the United States. These weather-watchers gave us ample warning of building hurricane and plenty of time to warn residents along the Gulf Coast. As a result, only seven people in South Texas were killed, and less than 40 more in Southeastern Mexico. Had we not know of Hurricane Beulah in plenty of time, the death toll might have been in the thousands.

It's possible that satellites may someday provide us with information about plant disease, a scientific reason for watering plants at a specific time, even help us find underground water.

"NOW DON'T LET HIM BRAINWASH YOU"

Views of other editors

DST creates problems

Daylight Saving Time, one of the most widely discussed measures enacted by the recent Texas legislative session, is once again coming in for its share of "pros" and "cons". This time, the noise seems to be coming from mothers, primarily those with youngsters in the grade school. We would also guess, for the same reasons, that it is also an occasional topic among school bus drivers.

The big trouble faced by numerous mothers stems from the fact that their small fry usually protest going to bed before sunset, and with equal vigor protest leaving for school before day light.

This particular area, being located so close to the time change zone at Texico, naturally finds itself faced with greater problems along this line than do those areas on the other extremes of Texas. In a nutshell, you might even say that it is one of the penalties which occurs from having such a large state.

Meanwhile, there does not seem to be any reasonable answer to the problem which, as the weeks pass, is bound to get worse as the days get shorter between now and time for the switch back to standard schedules October 31.

Hereford Brand

Insurance ripe for reform

New York's Governor Rockefeller has taken one of the first major steps toward what could become a sweeping overhaul of automobile accident insurance, currently a source of dissatisfaction to just about everyone involved with it.

The Governor recently announced plans for a commission to study the possibilities of replacing the present liability system, which compensates accident victims by assigning fault to one driver or the other. The obvious alternative would be an insurance system which would, as workmen's compensation and fire insurance already do, pay victims for losses regardless of blame.

The case for such a change was documented by an Automobile Claims Study of the Harvard Law School, and has been expounded by Professors Robert E. Keeton of Harvard and Jeffrey O'Connell of University of Illinois. The non-technical version of their argument appears in the book, "After Cars Crash," published by Dow Jones-Irwin Inc., Homewood, Ill.

Dissatisfaction with auto insurance is widespread and growing, and indeed threatens to become a political issue in Congress. Consumers have found their premiums soaring, and have been subject to policy terminations which at times seem arbitrary. Even so, insurance companies find it terribly difficult to show a profit on automobile underwriting.

The liability system poses even more severe problems for the accident victim, especially if he has a major claim. He usually must show the other party was at fault. The expenses involved in resulting investigations and litigation mean, studies have found, that something less than half of all money paid in premiums ever reaches the victims.

Too much claim money apparently goes, moreover, to buy quick settlement of minor claims; and too little goes to pay expenses for major claims where insured parties are under financial pressure to settle rather than postpone reimbursement pending litigation in courts clogged with accident claims. If fault is even slightly mixed, or if a jury turns unfavorable, the victim may receive no compensation at all.

Under the Keeton-O'Connell and similar proposals, by contrast, a victim would be promptly paid by his own insurance company for any losses up to \$10,000. Liability suits would be eliminated for amounts less than this figure but permitted for more important cases. This would protect drivers from accident expenses without creating the uncertainty and anxiety in the current system. It seems more just in insuring even-handed compensation without removing the element of personal responsibility in aggravated cases.

Actual studies indicate that application of this plan in New York State would reduce liability insurance premiums by 15% to 25%. The principal savings would accrue from eliminating "pain and suffering" payments unless the injured party carried optional additional coverage, and from ending current duplicate payments when expenses are already covered by medical

insurance. Further savings seem likely since the actuaries cautiously assumed a change to the new plan would increase attorney's fees arising from auto claims.

Such a plan would be a drastic reform, of course, and Governor Rockefeller is wise to start with a thorough study to explore possible pitfalls and make refinements. Aspects of the Keeton-O'Connell proposals need careful examinations. But the results of the Governor's study should be watched carefully not only in New York but in all states.

For if the current dissatisfaction and obvious inequities are any sort of measure, auto accident insurance is a field ripe for fundamental reform.

Wall Street Journal

What's your vote worth?

If the Senate Finance Committee has its way the 1968 election campaign is going to be an affluent happening worthy of a Great Society. On September 14, by a vote of 10 to 7, it approved a bill which would require the taxpayer, and not the candidate, to pick up the tab for campaign expenses. No newspaper account that we saw spelled out the provisions of the bill in detail. We'll do so, briefly.

First off, there would be a permanent congressional appropriation of \$14 million for each presidential candidate of the two major parties, Democratic and Republican. In case you wonder how the Senate Finance Committee arrived at that figure, it's very simple. A total of 70 million votes was cast in the 1964 presidential election. The Committee concluded that your vote was worth 20 cents. And 70 million votes at 20 cents each is \$14 million. Try to fault that for arithmetic.

However, the members of the Committee (all Senators, of course) put a higher price on votes for a Senator. Taking the 1964 figures as a measuring stick, they concluded that a vote for Senator was worth 50 cents. But that premium price applies only to the first 200,000 votes cast. The next 400,000 would be worth only 35 cents. Any votes over 400,000 would be worth the Presidential price: 20 cents. If you have thought from time to time that Senators show signs of an inflated opinion of their importance you are free to employ that 50-cent price tag in justification of your opinion. What the President will think when and if the bill comes up to him for signature will be interesting. His 20-cent vote allowance may look thin. Indeed, he may reflect that moving from the Senate to the White House was quite a comedown.

In any event, it's estimated that something like \$26 million out of the public treasury will be needed to finance the 100 candidates of the two major parties for the Senate. But the Committee's bill doesn't provide for taking care of candidates running for either the presidency or the senate on minor party tickets such as the Communist Party, the Socialist Party, the Wallace ticket, the Martin Luther King ticket, the Prohibition Party, and so on. Those funds will be agreed upon in the floor debate.

What about funds for candidates for the House of Representatives, you ask? Well, Senator Gore, who helped draft the Committee's bill, said it would be up to the House "to write its own ticket," when the bill arrives on that side of the Capitol. Try to fault that for logic.

U.S. Press Association.

Right back where it started

History repeats itself, they say, and we are frequently amazed at the process. Take the current "boom" in cattle feeding, for instance.

Two large packing plants, one at Hereford and one in Friona, are currently in the process of being established. Already Hereford, Friona and Bovina are becoming recognized nationally as cattle feeding centers, which brings us back to our starting point.

Hereford, shortly after 1900, was named for the world famous breed of cattle when Santa Fe officials observed the fine herds in the area. Bovina got its name from the word "bovine", or cow, primarily because the engineers encountered so many animals on the track that they often had to stop at this point which loaded more cattle than Merton, now a switch a few miles on west, is recalled by old timers as the point which loaded more cattle than any other place in the United States

AUSTIN HIGHLIGHTS, SIDELIGHTS

Commission rewriting or revising old Constitution

AUSTIN, Tex. — Constitutional Revision Commission is busy revising or re-writing the basic document which has governed Texas since 1876.

Before it could start, it rounded out its membership by naming five senators. Lt. Gov. Preston Smith refused to name the Senators. He says the Commission was not legally authorized. It was created by a simple House resolution and the Senate did not concur.

Senators chosen by the Commission itself were A. M. Aikin of Paris, Grady Hazlewood of Amarillo, J. P. Word of Meridian, Don Kennard of Ft. Worth and Henry Grover of Houston.

Gov. John Connally opened the Commission's meeting by urging its members "to make some very profound recommendations about the structure of Texas government without removing fundamental safeguards."

CONNALLY SAID the commission should "eliminate those portions (of the Constitution) which are outmoded and no longer applicable."

Commission Chairman Robert Storey, a Dallas attorney, said the 25-member commission, which will report to the 61st Legislature in 1969, should try to write a brand new constitution.

Recommendations of the Commission must go first to the Legislature. If two-thirds of the lawmakers agree that the proposed revision is worth submitting to voters, a statewide election will be required before any changes can go into effect.

Larry Temple, executive assistant to Governor Connally, was designated secretary and chairman of the drafting committee. San Antonio Mayor W. W. McAllister was named vice-chairman.

Legal or not, the group will devote 14 months to the project. Eight committees were named to study various parts of the Constitution — executive, legislative, judicial, political subdivisions, bill of rights, education, revenue and taxation, and drafting.

HURRICANE ACTION — All available federal aid will be sought by Governor Connally for Rio Grande Valley and Texas coastal areas ravaged by Hurricane Beulah.

Small Business Administration early declared SBA relief loans were available to firms in the hurricane-devastated sections.

State Insurance Board dispatched experts to the Valley to help interpret the fine print of policies. Insurance companies, which paid out \$120,000,000 in Hurricane Carla losses six years ago, moved to implement "catastrophe plans" for speeding claims handling.

Board officials advised that Texas insurance policies do not cover losses due solely to flood waters or wave damage, although some do provide coverage against wind-driven rains, as well as wind damage.

Source of controversy surrounding Carla policies mainly involved losses caused by both wind and water and assessment of that portion attributable to hurricane winds.

Railroad Commission delayed setting oil allowable for October pending a survey of how Hurricane Beulah affected Gulf Coast refining capacity.

GOOD WATER FOR BAD — A new federal government policy demanding commitment of water in order to control state stream pollution may leave Texas no water for its cities, industry and agriculture.

Governor Connally told a conference on regional planning and development that the U.S. Army Corps of Engineers wants the state to guarantee release of 1,400,000 acre feet of water per year into the Red River for the next century so as to upgrade quality.

A head-on clash between the state and federal government arose over a contract for the Cooper Dam and Reservoir in

at the turn of the century. And to top it off, both counties were carved from the famous XII Ranch which provided the money to build our state capitol in Austin.

The reason: This has always been an ideal cattle country! It is still an ideal cattle country and this, coupled with production of a major portion of the world's grain sorghum, leaves us in the position of becoming a tremendous cattle feeding ground.

Because both cattle and grain sorghum are so closely adapted to the economy of the area, the situation is a natural one. It requires very little adjustment on the part of the communities concerned, and gives us a "green light" for growth in directions where we have already become experts. Any industry is good for a community and one of this type has thousands of advantages over those types with which we are not familiar.

These things, plus ever-widening markets in the Southwest, put the Golden Triangle in a most enviable position, based on the fact that we can turn out prime beef at a cost probably lower than any other area in the nation.

Nevertheless, we do find ourselves back where we started — in the cattle business — and we are bound to admit that the old timers were acute indeed, when they chose this country as a natural climate for cattle.

Hereford Brand

The Golden Anniversary of the Texas Highway Department highlights National Highway Week, September 24-30.

Northeast Texas. Corps of Engineers mandated that the state allocate 63,370 acre feet of water a year from Lake Texarkana to control Red River pollution.

At the time the contract was signed, Texas Water Development Board informed President Johnson that the state faced potential permanent loss of 182,000 acre feet from the Red River area below Lake Texoma and possible ultimate loss of 500,000 to 2,000,000 acre feet from Texas waters to federal jurisdiction if Corps policy stands. Board claimed its policy would further invalidate any planned major redistribution of the state surface water supply proposed in its 600,000,000 water plan.

"If that policy stands," Connally said, "There will be no water left for cities, industries or agriculture. If the water quality controls that Texas is asked to guarantee are put into effect, all present and prospective dams on the San Antonio River would not meet these requirements, alone needs of the San Antonio area."

Atty. Gen. Crawford Martin has been asked to rule on validity of the Corps Reservoir contract because of the provision giving federal agencies the right to release Sulphur River water for water quality control. He is expected to rule that the Water Development Board has no authority to sign it. Nobody is quite sure what will happen after that.

Executive Director of the WDB, Joe Moore Jr., says conflict over the stream flushing requirement will have to be settled at top state-national levels.

MUNICIPAL RIGHTS — Texas Water Rights Commission, in effect, reversed district court decision when it approved 18 applications for Rio Grande Valley water rights.

In bypassing the decision of Judge H. Starley of Pecos (in Edinburg's 5th District Court), the Commission assured water supplies for most Rio Grande Valley cities for populations double those of Edinburg.

Starley had allocated water on the basis of acreage. Commission allocated it on the basis of population.

Even with the Board's decision, irrigation rights still are unsettled in the famous Rio Grande Valley water dispute.

"Only when the suit is final," says Commission Executive Director Frank Bost, "will irrigation rights be established. Municipalities, however, always will get water first, and irrigation will be subordinate to that."

WELFARE BENEFITS — More than 240,000 needy Texans will get small raises in their welfare checks effective October 1. Burton G. Hackney, Commissioner of State Department of Public Welfare, said old age assistance recipients will receive \$4 a month more and those eligible for the permanently and totally disabled \$5 more.

New maximum OAA grants will be \$4 a month and disability top grants, \$4 a month. Increases will benefit 228,500 OAA rolls and 11,450 on disabled rolls. Legislature this year made raises possible by increasing appropriations for OAA by \$6,500,000 and aid to the disabled \$1,000,000.

ATTORNEY RULES — House Bill 266, the 60th Legislature, which would require certain fees for attorneys and physicians under court appointment, is unconstitutional, says Attorney General Martin.

It is void, he says, because the bill of the bill did not conform to the body of the bill, and the Constitution requires that both say essentially the same thing.

In other opinions Martin held that State Water Quality Board has authority to enforce water control standards adopted last June by its predecessor agency, the State Water Pollution Control Board.

Law setting fees for county clerk recorders did not repeal provisions of state apportionments of funds to county officers salary funds for services rendered.

Four years is the limit for defective determination and suit to collect state tax.

State is required to pay filing and recording fees on tax liens.

BOARD APPROVES — Texas State Land Board has approved several tracts for sealed bid oil and gas leasing. November 7 with the standard one-quarter royalty and annual rental requirements. Oil and gas lease sale will include 146,000 acres in the Gulf of Mexico, 222 bay tracts of 119,000 acres, upland tracts of 30,000 acres in West Texas and 42 riverbed tracts of 3,500 acres.

Board also will offer for sulphur lease one 50-acre tract in Brazoria County and 23 upland tracts in Reeves and Culbertson counties.

APPOINTMENTS — Reps. Bill Ray, Raymondville, Charles Fennell of Holbrook, Gerhardt Schulle of San Marcos, Tom Dramberger of San Antonio and Bill Kett of Karnes City were named by Speaker Ben Barnes to House Interim Committee on Importation and Grading Eggs.

Dr. H. R. Byers of Texas A&M University, Plainview farmer F. F. Calton, Southern Methodist University Law Professor Dr. Howard J. Taubendorf, State Sen. J. F. Christi of El Paso and Dallas Engineer George M. Parker were appointed to the Water Development Board's Interim Modification Advisory Committee.

Reps. Carl Parker of Port Arthur, Orr of DeSoto and David Crews of Houston are new members of House Interim Committee on Uninsured Motorists.

CARD OF THANKS —

CARD OF THANKS

We wish to express our thanks and deep gratitude to all who helped in any way during the illness and passing of our mother, Mrs. Verna Mae Houghton, for the floral offerings and cards, May God bless you all.

Houghton Family

CARD OF THANKS

We want to express our deep appreciation for the many cards, flowers and many deeds of kindness shown us during the illness and death of our beloved husband and father. For the food that was fixed and so nicely served. Special thanks to doctors and nurses for their concern and tender care. To the Odd Fellow Lodge for their help and for the different classes and groups that were honorary pallbearers. For all that helped in the choir, and Bro. Vogel for the beautiful solo. Also to Mr. Bud Fountain for the "Lord's Prayer". It was perfect. There aren't words to express our love and deep gratitude.

May God richly bless and keep each of you as He has us through the dark hours.

Mrs. L. C. Buchanan
Mrs. J. C. Buchanan
Mr. and Mrs. F. H. Gable and family
Mr. and Mrs. J. C. Buchanan Jr. and family
Mr. Luther Buchanan
Mr. and Mrs. Fred Newman and family
Mr. and Mrs. Billy Joe Kirby and family
and his brothers and sisters

Hi! My student of the week this week is Ray King ('52 — senior center), son of Mr. and Mrs. M. L. King of Morton. This is Ray's third year of varsity football.

The courses Ray is taking this year are: biology II, government, choir, typing I, English IV, and sports. He pleaded the fifth when asked what his favorite subject was.

Ray is not sure about his post-graduate plans. I'm sorry I didn't have my usual three students of the week, but most of the boys were at the fair when I was writing my column.

Our Morton Indians were outrun last Friday night by the Abertnathy Antelopes by a score of 36 to 6. Our boys made a considerably better showing than in their first two games. Charles Joyce, junior fullback, was able to cross the goal line for Morton's first TD of the season.

Out of the seven schools in our district, only Denver City and Midland Carver won last week's contests.

The Indians will meet with the Midland Carver Hornets on our home field Friday night. Our team has improved with each game they've played, so we're expecting them to really come up to the challenge and put the whomp on the Hornets this week!

The MHS band elected its officers Monday. They are: president, Wayne Thompson; vice president, Todd Fields; secretary, Patsy Collins; and reporter-historian, Margaret Ledbetter. Representatives to the band council are: senior, Bobby Combs; junior, Rusty Rowden; sophomore, Dennis Clayton; and freshman, Bobby Ruthardt. All officers are automatically members of the council.

The band is still selling subscriptions to magazines. They would appreciate it if anyone wanting to renew or subscribe to any magazine would contact some band member. The organization is also selling subscriptions to the Morton Tribune, so please call on some band member to renew your subscription.

The money from both projects is to be used for the band's trip to the Tri State Music Festival in Enid, Okla. They attended the festival last year and earned the coveted title of outstanding band in their class. They plan to return in the spring to defend their title.

Miss Carol Freeland, sixteen-year-old daughter of Mr. and Mrs. W. G. Freeland, was elected by the Morton Future Farmers of America as their sweetheart for 1967-68. Carol will represent the Morton chapter at the area sweetheart's contest and at several fat stock shows during the year. She has had experience the past two years in showing animals at fat stock shows, so she won't be at all out of place at these functions. Carol is also a MHS cheerleader this year.

My new English III teacher, David Murrain, has been "grading" my columns since he came here. He always has some critical statements to make; one of these days I'm going to turn out a perfect specimen just for him! But until then, he'll just have to put up with me like I am.

Mr. and Mrs. Lillard Thomas of La-mesa visited in the home of their daughter and family, Mr. and Mrs. Ray Griffith, last weekend.

Mrs. Leonard Groves and son, Jeff, shown by antique ice box

WHITEFACE NEWS

Spirit Supper to be held Friday night at High School

By MRS TRUMAN SWINNEY

The Whiteface F.H.A. Girls are sponsoring a Spirit Supper Friday night Sept. 29, from 6 to 8 p.m., in the Whiteface School Cafeteria. This will be a pancake supper and you can have all you want to eat for \$1.00. Everyone is invited to come and bring someone with them and help these girls make some money. This will give you plenty of time to eat and attend the Whiteface-Cooper Football game, which will start at 8 p.m.

Mr. and Mrs. Neal Allen became the proud parents of a baby boy, born at 12:40 a.m. Sunday morning at the Levelland Clinic and Hospital in Levelland. Little "Joe Nick" weighed in at 7 lbs. and 12 oz. Neal and Bea are from a little of everywhere, since Neal works for Southwestern Public Service and travels quite a bit. They are at Dimmitt, Texas for now. Mr. and Mrs. J. W. Allen are also the proud grandparents of their first grandson.

The Whiteface Band took part in the parade at Lubbock Monday, and the students that wanted to attend the Fair could get out of school at 3 p.m. Monday.

Mrs. Alice Rankin, third grade teacher, tripped on a mat outside her room Thursday during school, and suffered a bad sprain of her ankle, but was able to be back in school Monday morning.

Mr. and Mrs. J. J. Stocks and two sons, Tom and Richard went to Ackerly, Texas over the weekend for the consecration of a new education building and the remodeling of the Sanctuary of the church where they were once members. They had a very nice time and saw many old friends.

Mr. and Mrs. Curtis Cafey, Mr. and Mrs. Wade Taylor, Mr. W. D. Ashmore and Superintendent James Cunningham were in Austin over the weekend for a Texas School Board and Texas Administrators Assoc. Conference. They returned home Monday night.

Bro. Bill Shackleford's mother is still in the Levelland Clinic and Hospital, where she has been for over a week following a car accident she was in with a sister near Fort Worth three weeks ago. She stayed in a hospital in Fort Worth for a week. She is feeling some better at this time.

James Lumber Company has bought the City Drug Building and will soon be moving stock and equipment into it. The James Lumber Yard has been located for the past two years in the old Martin Grocery building. The new location will include the two lots adjoining the building north, and will permit building of lumber bins, cement storage and other fixtures necessary to the lumber business.

The area will also permit easier access by trucks unloading and loading. Fencing of the outbuildings and yard is planned by Mr. James. Sonny James, their son, will be working as bookkeeper while attending South Plains College.

Whiteface Alumni Association has set Saturday, Oct. 14th as the date for this year's Homecoming.

Activities for the day include the following:

- 10:30 a.m. — Homecoming parade
 - 12:00 noon — Barbecue lunch at Little League Park (proceeds will go to the Community Park)
 - 1:30 p.m. — Football game with Anton
 - 4:30 p.m. — Ex-student meeting high school auditorium.
 - 6:00 p.m. — Ex-student banquet high school cafe.
- Anyone wishing to enter a float in the parade please contact Floyd Taylor, Rt. 1, Morton, Tex. (525-4425 on Lehman exchange). Or Quentin Rhodes at Whiteface, Texas (3002).

Strawberry Salad favorite of Leonard Groves family

The Tribune's Homemaker for this week is Mrs. Leonard Groves. They reside at 407 E. Garfield. They have two children, Patsy, 7, and Jeff 6. They are members of the First Methodist Church. Patsy, as she is known to all of her friends is secretary of the church and teaches the first grade Sunday School class.

Mrs. Groves has many interesting hobbies, such as antiquing old furniture. She spent most of the summer antiquing her kitchen cabinets. She enjoys playing the piano, cooking, but most of all she likes to sew. She is a member of the local Y.M. Study Club.

Patsy has shared two of her family's favorite recipes with us.

HERSHEY CAKE

8 almond Hershey's
1 10 cent can of chocolate syrup, dissolve
Cream:
1 c. oleo
2 c. sugar
4 eggs
2 3/4 c. sifted flour
1/2 tsp. soda
1 c. buttermilk
1/2 tsp. salt - Mix together
1 tsp. vanilla
Add chocolate mix and bake 1 hour at 350 degrees.

STRAWBERRY SALAD

2 pkgs. Strawberry jello
1 1/2 cups boiling water
2 pkgs. frozen strawberries
1 flat can pineapple, drained
1/2 cup chopped pecans
1 cup sour cream
Dissolve the jello in water, stir in

partially thawed strawberries, pineapple and peans. Chill until slightly chilled. Put 1/2 mixture in lightly oiled mold or pan. Chill until set.

Morton FHA chapter holds first meeting

The Morton Chapter of Future Homemakers of America held its first meeting Sept. 20 during the activity period.

Sharon Hall, president of the chapter, welcomed the new members to the chapter and urged them to tell other girls about the program and invite them to become active members. Any person enrolled in homemaking or who has had one semester of homemaking in junior high school or high school level is eligible to become a member of the organization. Meetings will be on the first and third Wednesday.

The president introduced the officers for the 1967-68 year. They are as follows: Sharon Hall, president; LaNelda Romans, 1st vice president; Edith Davidson, 2nd vice president; Debbie Kuhler, 3rd vice president; Cindy Kuehler, 4th vice president; Judy Smith, 5th vice president; Sandra Courtney, secretary; Janice Crockett, treasurer; Geneva Turney, historian; Sheila Corder, parliamentarian.

After each office was introduced she explained her duties and her experiences at the Future Homemaker of America Officer's Workshop held at Texas Tech this past summer.

Installation of officers and initiation of new members will be held Monday, Oct. 16 at 7:30 p.m. in the school cafeteria. The public is cordially invited to attend.

Women Democrats' first meeting of year

The Women Democrats have begun their year's monthly meetings. On Wednesday Oct. 3, Ted Weaver, candidate to fill the unexpired term of Jesse T. George, will speak to the group concerning his candidacy and will also be prepared to discuss some of the amendments to be voted on in November.

Any other candidate seeking this office is welcome to meet with the group on this date to present his candidacy.

The meeting will be a noon luncheon at the Wig Wam Restaurant.

**FOR EVERY
PROBLEM,
THERE IS
A SOLUTION**

Such a predicament! Stuck in mud a foot deep!
What to do? Just sit in despair? Wring your hands?
Of course not! There is a solution. Obviously, this
is a simple predicament. But what about the enorm-
ity of some of life's problems? There is an answer.
There is help. God is "a very present help in time
of trouble," the scriptures say. Try Him—try
Jesus. Feel His presence and let Him speak to you
in church.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

L'Allegro honors president at annual dinner Thursday

The L'Allegro Study Club honored its president with the annual President's Dinner on Thursday evening, Sept. 21, in the home of Mrs. Van Greene. The invocation was given by Mrs. Harold Drennan.

Mrs. Jack Wallace, 1st vice president and program chairman, gave the welcome. Mrs. Wallace told the club of the theme for the year which will be Texas our Texas. She said that the club would li-

terally tour Texas through the year's programs. She added that since the president is not a native of Texas this year it is especially dedicated to her to better acquaint her with her adopted state.

Mrs. Wallace then gave a short biography on the life of the president, Mrs. Jack Russell. Mrs. Russell in her address, expressed appreciation to the club for the lovely dinner and also for dedicating the year's study on Texas to her.

In a short business session members voted to help send the girls of Girlstown, U.S.A., to see the Billy Graham movie, "The Restless Ones." The group also decided to have a hot dog and coffee booth at the Halloween Carnival. The president reminded the group of the Fall Board Meeting to be held in Austin Oct. 2, 3, 4.

A delicious buffet dinner was served from a table decorated with Texas Bluebonnets, the bonnets were made from blue material and arranged attractively on a beautiful piece of driftwood.

Hostesses for the occasion were: Mrs. E. O. Willingham, Mrs. M. A. Silvers, Mrs. Harold Drennan and Mrs. Van Greene.

Members present were Mrs. Tom Rowden, Mrs. R. L. DeBusk, Mrs. Pat Mullinax, Mrs. Eddie Irwin, Mrs. Bob Travis, Mrs. Jack Wallace, Mrs. Jack Russell, Mrs. Bud Thomas, Mrs. Elwood Harris, Mrs. Inez Swicegood, Mrs. Elwood Harris, Mrs. J. C. Reynolds, and Mrs. H. B. Barker. One guest was present, Mrs. E. C. Fernandez.

L'Allegro Study Club officers . . .

OFFICERS FOR L'Allegro Study Club for the 1967-68 club year include, front row, Mrs. Jack Russell, president; Mrs. Jack Wallace, first vice president; and Mrs. Bobby

Travis, historian. Standing are Mrs. R. L. DeBusk, treasurer; Mrs. H. B. Barker, reporter; Mrs. Bud Thomas, second vice president; and Mrs. Inez Swicegood, parliamentarian. Not pictured is Mrs. W. B. McSpadden, secretary. (Staff Photo)

Garden Club has workshop in Mrs. C. Jones' garage

The Cochran County Garden Club met Sept. 18, in the garage at the Charles Jones home with 14 members and four guests present. Guests were Mrs. Phillip Vogel, Mrs. Doug Ayers, Mrs. Pat DeVore and Mrs. Barton. The business meeting was conducted by Mrs. Wayne Porter, first vice-president, in the absence of the president.

Members were instructed that advance entries must be made for the Flower Show

which is to be held Saturday, Oct. 7. Entries must be in writing and turned in to Mrs. Elwood Harris by Oct. 4.

Mrs. Bobby Travis and Mrs. Jones attended the City Council meeting recently to show the drawing of proposed landscaping for Strickland Park. They, with Mrs. W. B. McSpadden, attended the Lions Club meeting on Wednesday to show drawings of the plantings to be used in the park and where playground equipment and picnic tables would be located.

Mrs. J. L. Schooler reported there are 12 members in the Junior Garden Club and they need four or five inch pots to use in potting geraniums.

Mrs. Travis, Mrs. McSpadden, and Mrs. E. C. Fernandez were in Lubbock Sept. 15 to attend a program "Gardens of the World". Mrs. Travis reported this was a most interesting program with beautiful flowers grown all over the world.

On Sept. 14, Mrs. McSpadden and Mrs. Jones traveled to Idalou to give a flower arranging workshop to their garden club.

A report from the National Gardener concerning "Mass Arrangements" was given by Mrs. Kenneth Thompson, who said that mass arrangements can be made to compliment almost any period such as Early American, Traditional, French, etc. A report from the Lone Star Gardener on "Capsule Tables" was given by Mrs. Travis. She reported that a capsule table is a small version of a larger table with one place setting and the arrangement over-emphasized. There will be some capsule tables at the flower show this year.

The meeting was adjourned for members to make an arrangement out of the flowers brought to the meeting.

Morton man's brother collapses during game

Funeral services were held at 2 p.m. Monday in Franklin-Bartley Chapel for Bernie Fralin, 64, 1914 Dixie Dr.; who was dead on arrival at Methodist Hospital Saturday night after collapsing in the stands at Jones Stadium. Officiating at the service was the Rev. Don Murray pastor of the First Baptist Church in Muleshoe.

Burial was in the City of Lubbock Cemetery under the direction of Franklin-Bartley Funeral Home.

Fralin, a registered pharmacist, was seated in the north end of the east side of the stadium at the time of his collapse.

A Lubbock resident since 1934, Fralin had been a pharmacist for 35 years. He was employed by West Plains Hospital, Muleshoe.

Survivors include his wife, one son, two daughters, one brother, A. A. Fralin of Morton, one sister, and five grandchildren.

List Bookmobile tours for week

The High Plains Bookmobile will be in this area on the following dates:

Thursday, September 28: West Camp, 9:15-10:15; Lariat, 10:30-11:30; Hart Camp, 1:45-2:30; Fieldton, 2:45-3:30.

Saturday, Sept. 30: Olton, 9:15-11:45; Littlefield 1:15-4:00.

Y-M Study Club officers . . .

NEWLY ELECTED OFFICERS of the Y-M Study Club include, back row, Mrs. Fred Weaver, auditor; Mrs. Max Clark, parliamentarian; Mrs. George Hargrove, first vice president; Mrs. Dexter Nebhut, corresponding secretary.

Front row, Mrs. Jerry Winder, secretary-treasurer; Mrs. Deryl Bennett, historian; Mrs. Ray Lanier, treasurer; Mrs. Weldon Wynn, president; and Mrs. Leonard Groves, second vice president. (Staff Photo by Byron Willis)

Y.M. Study Club has dinner for president, Mrs. Wynn

The Y.M. Study Club met for their annual President's dinner, honoring Mrs. Weldon Wynn, in the home of Mrs. Laverne McMasters last Thursday night, Sept. 21. With a fall theme being used throughout the program, various fall arrangements of bronze dahlias and gold chrysanthemums were used.

The invocation was given by Mrs. Jerry Winder. A ham plate was served to sixteen members and three guests.

Yearbook chairman, Mrs. Leonard Groves, presented the yearbooks for this term and gave a brief resume of the year's program. Mrs. Wynn thanked Mrs. Groves and program chairman, Mrs.

George Hargrove and their committees for the outstanding job done.

A short business meeting was held. Various people were nominated to represent the Y.M.'s in the selection of the Area Council's outstanding clubwomen, mother, and teacher, with these being kept a secret until selection is made by the Council.

The club voted to have Tag Day for the Area Scholarship Fund in conjunction with the area Council's decision to continue with the project.

Mrs. Groves will serve as club representative on the refreshments committee for the area Federation Day observance. Hostesses for the evening were Mesdames: Kenneth McMasters, Ray Lanier, George Hargrove, and Jerry Winder.

Other members present were Mesdames: Deryl Bennett, Max Clark, Don Davies, Robbie Key, Dexter Nebhut, L. G. Pierce, Robert Robinson, Francis Shifflet, Fred Weaver, and Billy Weems.

Guests present were Mesdames: Laverne McMasters, Doug Reed, and Doug Ayers.

Whiteface Study Club has first meeting

The Whiteface Study Club met at the Elementary Auditorium Sept. 21, starting their new year off with the Presidents dinner. Mrs. J. W. Allen, past president presented the following officers to the club, Mrs. Dewayne Smith, President, Mrs. John Feitz First Vice-president, Mrs. Darwood Marshall 2nd. Vice-president, Mrs. Elmer Evans, Recording Secretary, Mrs. Glen Lucas, Treasurer, Mrs. Carl Ward, Corresponding Secretary, Mrs. Billy Wall, Parliamentarian, Mrs. Ed Jennings, Reporter, Mrs. Max Dickerson, Historian.

Mrs. Smith addressed the club using as her theme the club motto "Forever Learning". Mrs. Darwood Marshall presented each member with a year book and gave an amusing account of the trials of putting a yearbook together. Mrs. Don Price led the members in singing the Federation Song.

Hostesses were Mrs. Jack French, Mrs. Royce Elam and Mrs. Don Price. Members present were: Mrs. Dewayne Smith, Mrs. Billy Wall, Mrs. Wendell Dunlap, Mrs. Louise Lucas, Mrs. Marvin Kuhler, Mrs. James Cunningham, Mrs. Max Dickerson, Mrs. Marvin Lasater, Mrs. John Feitz, Mrs. Darwood Marshall, Mrs. Carl Ward, Mrs. Vern Beebe, Mrs. J. W. Allen, Mrs. Elmer Evans, Mrs. S. J. Bills, and Mrs. Ed Jennings. Our special guests were Miss Donnie Gillis and Miss Fredda Bourland.

Area TSTA officers go to district workshop

Officers of Cochran County Teachers Assn. and the Bailey County unit attended the District TSTA workshop in Lubbock Sept. 20. After a general session, the teachers attended a banquet in Coronado High School Cafeteria. The workshop followed the banquet.

At the closing general session, reports from the discussion groups were given.

Attending from Morton were Ray Lanier, Jim Middleton, Miss Lenora Jackson, Bob Travis, Harold Drennan, Mrs. T. C. Ashill, Mrs. Cy Fields, Mrs. Joe Seagler and Mrs. George Tuck.

L. S. Salser from Whiteface, Darrell Corkery and Bobby Lusk from Three Way, and Mrs. Owen Young from the Pepula schools also attended.

Revival held at the New Trinity Baptist

Rev. and Mrs. W. D. Culpepper of Dallas had an enjoyable two weeks stay in the home of Mr. and Mrs. James Moore of Morton, sister of Mrs. Culpepper.

Rev. Culpepper, evangelist, held a two week revival at the New Trinity Baptist Church. The revival was reported to be a huge success.

Rev. and Mrs. Culpepper want to thank the pastor and the members of the New Trinity Baptist Church for their kindness and co-operation. They left here for Hugo, Okla.

While in the city they visited in the home of Mrs. Culpepper's sister and brother, Mr. and Mrs. Marshall Hawkins and Mr. and Mrs. Calvin Daniels.

Dr. and Mrs. W. B. McSpadden were in Dallas last week where Dr. McSpadden attended the American Academy of General Practice Convention, The Scientific Assembly was given by many outstanding medical men throughout the country. Many of these sessions were telecast to the hotels. Approximately 5,000 attended.

Emlea Smith to hold meeting Thursday

The Emlea Smith Junior Study Club will hold its next regular meeting Thursday, Sept. 28 at 7:45 p.m. in the home of Mrs. J. W. Tyson, 718 E. Grant, with Mrs. Rodney Fralin serving as co-hostess.

The program for the evening will be in the form of a panel on education. The moderator will be Mrs. Theibert Asbill, with Mrs. Gary Willingham speaking on the High Plains Training Center, Mrs. Bill Foust speaking on Operation Head Start and Mrs. James Dewbre speaking on Special Education.

The roll call for the meeting will be "Way I can help underprivileged children."
