

# Morton to host Little League meet July 15-17

Morton has been selected as the site for the Area B Little League baseball tournament to be held Monday, Tuesday and Wednesday, July 15-17, it was announced this week by Al Gardner of Levelland, district Little League director.

Little League teams from Levelland, Seagraves, Denver City, Brownfield, Sundown, Ropesville, and Plains will be competing in the tournament, along with the Morton squad.

First round contests on Monday, July 15 will pit Levelland vs. Seagraves at 2 p.m., Denver City vs. Brownfield, 4 p.m.; Sundown vs. Ropesville, 6 p.m., and Morton vs. Plains at 8 p.m.

The winner of the Levelland-Seagraves game takes on the victory of the Denver City-Brownfield contest in the first semi-final tilt, scheduled for 6 p.m., Tuesday, July 16. The second semi-final contest at 8 p.m., that same night will see the

Ropesville-Sundown winner tangling with the Plains-Morton victor.

Finals of the tournament are scheduled for 8:30 p.m., Wednesday, July 17. Officials pointed out that the late starting time for the final game, on Wednesday, was in cooperation with the churches, who hold mid-week services on Wednesday night.

Little League tournaments are single-

elimination affairs, with officials of the meets chosen by the host league.

The play-off game between the champions of Area B and the champs of Area A will be held on Friday, July 19 at 8 p.m., with the contest site to be determined by a flip of a coin.

July 22-24 will see the sub-sectional Little League tourney being staged at Levelland. Big Lake will host the Section I

tournament on July 25-27, and the Division I tourney, including teams from Texas and Louisiana will be in San Antonio July 30-August 3.

Further details on the Morton tournament will be forthcoming in the near future. This is the first time that the city has been fortunate enough to host a Little League tournament, and it is hoped that everyone will cooperate in making the endeavor a success.

### Candidate in Morton

Frank Ford, candidate for state representative for this district, will be in Morton Friday, July 5, at 10:00 a.m. The public is cordially invited to visit with him and coffee at the Commercial Building, 106 SW 1st Ste., in Morton.

### City council, CofC hold joint meeting

A joint meeting of Morton City Council and Morton Area Chamber of Commerce directors was held Tuesday evening in the Chamber of Commerce building.

The meeting was called to discuss mutual problems. Main discussion was on drainage of Morton streets, but no action was taken on the matter.

A request by radio station KLAN to co-sponsor Little League baseball radio broadcasts was turned down by the Chamber of Commerce directors.

Attending from the council were Donnie Simpson, Earle Stowe, and Herman Bedwell. Those present from the C of C were Orville Tilger, Ray Griffith, George Burkett, Kate Hargrove, Lois St. Clair, Loma Richard, Harold Ogle, Wiley Hodge, and Tommy Hawkins.

### Baptist youth return from week's retreat at Glorieta

Nine adults and twenty-seven vigorous young people departed Thursday morning, June 20th to spend a week at Glorieta Baptist Assembly in Glorieta, New Mexico. We attended the Training Union Leadership Youth Conference. We left the church about 8:15 and arrived about 2:30 in the camp. Fortunately, we were able to stay in the Thunderbird Plaza with the conveniences of home; soft beds, carpet, warm water, electricity; but no telephone in the room.

By the time 6:00 rolled around everyone was ready to eat a hardy meal and at 7:00 the first evening worship began. Dr. Perry R. Sanders, pastor of the First Baptist Church, Lafayette, Louisiana was the speaker for each evening worship; he shared with us many messages that made us all stop and think. Each morning we attended separate Bible groups which were all enjoyed, and then as a group we would meet at the beautiful prayer garden, right before lunch, to talk over any problem that we might have.

We always had the afternoon free, so we took some side trips as a group. Our trips included a trip to: Holy Ghost Can-

yon, the Monastery, and Old Santa Fe. Freddy Thomas and Danny Williams played on the West Texas basketball and volleyball team and they came out the champions of the tournament. C. E. Jones played on the West Texas baseball team, but they were defeated. A girls ensemble including Karen Rozell, Diane Avery, Glorieta Gray, Charlotte Jones, Lana Smith, Vikki Cunningham, Terry Shiflett, Jeana Thomas, and Marilyn Cade, entered the talent show, we felt ourselves very fortunate to be chosen out of the top nine out of forty-two contestants. We sang "Wonderful Marvellous Yet True" and "Jesus is Coming Again."

### The American Way

There are still a few people around who feel a real sense of pride in the achievements of our country. Certainly we have a lot more accomplishments to be proud of than all of our critics put together have. The thing that has made our country great is the willingness of the American people to do their share in working for their community or their country, in working for better laws, better health, and better social conditions, and in being willing to die for their country or to pay their fair share of the taxes required to support their government. Of course there is a small percentage that may want to place limitations on fighting or dying for their country, but fortunately there appears to be a very large percentage that have no reservations.

Finally, every American can feel a real sense of pride that the Internal Revenue Service collects 97% of our federal taxes through voluntary compliance. No other Nation can. As long as we have Americans who are willing to lay their hard-earned dollars on the line for their fair share of operating our government, we have not lost the "Spirit of 1776".

### Girl Scouts from Houston overnight guests in Morton

Twenty-two members of Girl Scout Troop 1514, and four scout leaders from Houston, were overnight guests in Morton last Wednesday in the home of Mr. and Mrs. Joe Gipson.

Sheriff Hazel Hancock and Mr. and Mrs. Joe Gipson, grandparents of one of the girls, and scout Marcy Neavitt, met the chartered bus and escorted the scouts into town.

Upon their arrival, the scouts had a quick swim followed by a patio picnic at which time Mayor Jack Russell, presented the girl scouts and their leaders a proclamation making the members of Girl Scout Troop 1514 honorary citizens of the city of Morton. After the presentations Mr. and Mrs. Buck Tyson hosted a swim party for the girls. Music for the party was furnished by a local group, the Treas.

After breakfast Thursday morning, the scouts left on the last leg of an extensive tour.

The group left from their Westbury Me-

thodist Church Scouthouse on June 8. Their tour has taken them to Juarez, Mexico, Balboa Park Girl Scout Camp in San Diego, where they had lunch in the mess hall at the Marine base. Then they had a cook-out on Laguna Beach. The girls spent three days in Los Angeles where they visited the Wax Museum, Knott's Berry Farm, and a movie studio, and then on to Disneyland.

On their return trip they visited the

SYMBOL OF FREEDOM the world over is the American Flag, for which the Minute Men of the Revolution fought and died so bravely. Morton's citizens observed the anniversary of that freedom on July 4, each in his own way, but with a prayer of thanks in his heart.

## What people think . . . About the future of the Morton area

The Opinion of Leon Kessler

According to the experts there are 114 towns in West Texas under 10,000 population that will disappear before the year 2000. The question is "will Morton be one of these towns?" The answer is not as simple as we might think. Many factors are involved, and they can also change almost overnight. In today's economy much is dependent on government.

In our case the cotton and grain programs have a great bearing on the economy of Morton. Assuming that these programs remain down we must look to other things to sustain our economy. This does not necessarily mean that we can no longer depend on agriculture, but that agriculture itself will probably have to diversify.

However it has been said that towns that depend entirely on agriculture, have outlived their reason to exist. If this is true, then it is obvious we must look for other means of income.

In view of the above picture, we might wonder just when we will be looking for Morton to go out of existence, with the 113 other towns. I personally don't believe that we will, but rather will be, by the year 2000 a town or over 5,000 as has recently been stated by the engineer making a study of Cochran County.

It takes people to make a town. Part of these people must be leaders. Others willing to follow the lead. We have been told that a leader, is one willing to spend a dollar today in order to make two dollars tomorrow. In the last several months I believe we have seen more work done toward getting people to work together, and to organize to accomplish common goals than we have at any time in the history of Morton. I believe we have people that realize that things don't just happen, unless we make them happen.

We have the resources to make Morton a growing town. We have good land to grow most anything that we decide we want to grow. For this reason we can diversify our farming, and can establish plants to process the crops. To the south of us we have oil. We should be making more use of this and we probably will. We have potential income from recreation, and a study of this potential is underway at this time. We need a through highway east and west. Work is being done on this and I believe will eventually be accomplished.

We have a large trade territory, and, I believe, have the businessmen with the vision and ability to make these people enjoy doing business in Morton.

Everything is here to make Morton not only exist, but grow. We the people will make the decision. Not only by wanting something better but by working together to see that things are done.

# STATE Capital NEWS

By VERN SANFORD

AUSTIN, Tex. — "Heads up" driving can save many lives in Texas during this long July 4 holiday weekend, Texas Department of Public Safety advises.

DPS hopes to help bring about a reduction in the estimated toll of 38 expected to die in traffic tragedies during the four-day, 102-hour period.

"Operation Motorcade," is designed to place special emphasis on dangers of holiday travel, began at 6 p.m. Wednesday and will continue through 11:59 p.m. Sunday.

DPS will tabulate traffic fatalities during this period and release totals three times daily to news media in order to keep dangers prominently in minds of drivers.

"It is a known fact that the unusually crowded conditions of the highways on Independence Day holidays makes driving more hazardous than usual," Acting DPS director Wilson E. (Pat) Speir reminded.

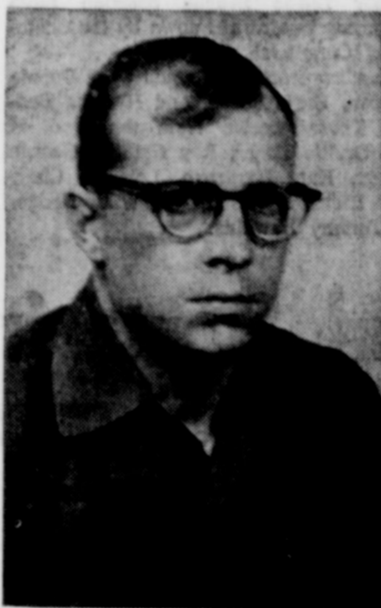

On the average, said Speir, one person will be killed in traffic every two and a half hours on Texas highways, streets and roads.

As part of its overall effort to lower the anticipated toll, DPS is utilizing additional personnel from other uniformed services to augment the regular Highway Patrol force during the entire weekend.

But drivers themselves must make the most important effort, cautioned Speir. Despite mechanical defects, inadequate highways and other accident causing factors, the vast majority of all wrecks and fatalities are traced directly to misbehavior, misjudgment, recklessness, negligence and drinking while driving.

**LCB RAPPED** — Former Liquor Control Board Administrator Coke Stevenson Jr. took the brunt of the blow from the report on the investigation of the LCB by Atty. Gen. Crawford Martin and the Department of Public Safety.

Attorney general found that Stevenson had not been watching the shop, had accepted expensive gifts from persons in the liquor and beer industries and had failed to see that the liquor laws were uniformly enforced.

### LEGAL NOTICE

The Tax Equalization Board of Three Way ISD will meet at 6:00 p.m., Friday, July 26, in the tax office of the Three Way School, Maple, Texas. Anyone who wishes to appear before the board may do so at this time.  
Published in Morton Tribune July 4, 11, 18, 1968.

Report refused to condemn the practice of legislators practicing law before the LCB and failed to condemn the three-man liquor board for not staying atop the shoddy operations of the agency.

Investigators said that most of the difficulties of the Stevenson administration now have been overcome under acting administrator O. N. Humphreys Jr.

**LEGISLATURE WINDING-UP** — Bitter debate in the Senate slowed the pace of special session. Senate finally passed a sales-franchise tax increase and sent the revenue bill back to the House, which in turn sent it to conference committee to write a final version.

While Senate mulled taxes and mini-bottled liquor-by-the-drink bill, the House passed bills to extend drinking curfew in large cities to 2 a.m. (local-optional in smaller towns); authorize semi-mandatory breath tests for drunk drivers; and triple out-of-state tuitions (to about \$600 a semester) at state-supported colleges and universities. Resident student tuitions remain the same.

**APPOINTMENTS** — Gov. John Connally named Garrett Morris of Fort Worth to the State Highway Commission to succeed Hal Woodward of Coleman, a new federal district judge.

Connally selected Marion T. Key of Lubbock to replace Morris on the Public Safety Commission and name Jack Kultgen of Waco to Woodward's chairmanship on the Highway Commission.

Other appointments by Connally include:

Ford Albritton Jr. of Bryan to Texas A&M University Board of Directors; William H. Atkinson of Kenedy to Texas A&I University Board at Kingsville, reappointments to Lewis W. Maples of Kingsville and Leo J. Welder of Victoria; and Robert E. Davis of Waco to Texas Library and Historical Commission with reappointment of Fred Hartman of Baytown.

**ATTY. GEN. RULES** — Pinball or marble machines which show number of free games won are illegal, Attorney General Martin has ruled.

In other recent opinions, Martin concluded that:

—Cities under civil service police systems have no authority to create a police reserve of amateur friends of the force, but special officers can be summoned in time of emergency.

—A commissioner's court does not have to advertise for electronic services to prepare tax rolls when the annual charge is less than \$2,500 paid out of current funds.

A person cannot serve as director of Texas Turnpike Authority and political party precinct chairman (acceptance of Turnpike post would automatically vacate precinct chairmanship).

—A motor carrier may not transport gravel from gravel pits to processing plant under specialized motor carrier permit.

—Company which delivers metal belonging to its customers for galvanization without additional charge is not transporting property for compensation or hire in violation of law.

**COURTS SPEAK** — City of Midland cannot collect from the surety company of its contractor for defects in a swimming pool, but it may sue the contractor directly, Supreme Court held.

High court held four Houston attorneys and a society of lawyers can seek a court order against a Houston organization which aims to provide legal services to poor. Lawyers said they objected to Houston Legal Foundation's attorney referrals, advertising and interviewing of prisoners in jail.

Attorneys for an Austin bootblack will ask U. S. Supreme Court to review its ruling that a man can be jailed for repeated drunkenness. They argue alcoholism is a disease demanding treatment.

**TORNADO DEFENSE** — US Weather Bureau and Texas Department of Public Safety have initiated a program for improved public preparedness against tornadoes.

### 25V cotton should be watered soon

25V holds up longer than any other cotton after the last water — on most soils from 2 to 3 weeks longer.

The important thing to watch is the take-off date, which we recommend generally between July 15th and August 1st. Start watering as early as you wish, but the first irrigation should be finished before the first bloom.

43% of our cotton this year is May cotton, the remainder was replanted June 5, of which we lost 13 acres, and this was again replanted June 15. We will start watering our 25V about July 5. Considering the year with its set-backs and replants we will irrigate only once, and will finish our 25V by July 25.

It is a known fact that with all crops, whether grain sorghum, soybeans, small grains, or others, that the early maturing varieties need irrigation in the growing season sooner than the long-season varieties. Gregg 25V is a very early maturing variety, hence the need for irrigation before the first bloom. Gregg Seed Farms, Plainview, Texas. Adv.

**WINNERS OF THE championship flight of the Morton Golf Tournament held last week-end were Jimmy Johnson and Gene Rush. The partnership tourney is an annual affair that attracts golfers from a wide area of West Texas and Eastern New Mexico.**

Program involves a "distant early-warning system" by the bureau, then communication of the alert by the DPS and action by trained local officials to prepare the endangered communities.

"Meetings with city and community officials, state and local law officers, disaster agencies and others will be held throughout the state in the future to work out the details necessary for the best possible protection of life and property," a DPS spokesman promised.

**GRANT APPROVED** — A \$42,900 Federal grant has been approved for Valley View Park in the City of Dallas to provide additional outdoor recreation land for use of the general public, according to Will Odom, chairman of the Texas Parks and Wildlife Department.

These funds will be matched by the City of Dallas in an \$85,800 project to acquire 17.4 acres of land adjacent to the 8.7-acre existing park. The city park is located in the community of North-

wood within the City of Dallas. Odom said this project marks the 27th approval of funds for local, city, county and river authority parks in Texas since the Land and Water Conservation Act was passed in 1965.

**SHORT SNORTS** — Rep. DeWitt Hale of Corpus Christi has called for a 12-member committee to study the Court of Conciliation of Los Angeles County, to see if such a plan can help keep Texas families together and the divorce rate down.

Ambassador Ed Clark of Austin and Sen. John Tower of Wichita Falls have been elected board of trustee members at Southwestern University, Georgetown.

Republican state representatives designated Rep. Charles R. Scoggins of Corpus Christi their floor leader.

Lt. Gov. Preston Smith appointed Sen. Tom Crighton of Mineral Wells to Senate finance sub-committee.

### Troop 601 enjoys week of camping at Lake Brownwood

The Morton Boy Scouts, Troop 601, traveled to Lake Brownwood June 9 for a week of fishing, swimming, and a lot of fun. After setting up camp for the week, the boys engaged in fishing and had very good luck. By Wednesday several of the boys caught fish that weighed 5 lbs. 4 oz. They are told it was very exciting to watch the boys bring them in.

Mr. Bud Thomas and Mr. Kenny McMasters arrived late Wednesday night. They didn't get much sleep as they had to sleep in the car with their feet hanging out of the window. Thursday morning trout lines were set and Mr. and Mrs. Rusty Reeder and family were there fishing and between them and the boys there was enough fish to have a fish fry that night. Thursday night the boys also had their B.A. Ceremonial which was very impressive. Friday everyone played hard because it was the last day of camp. Saturday

### Tornado warning will be improved

AUSTIN —C. O. Layne, State Coordinator of Defense and Disaster Relief for the Texas Department of Public Safety, announced today that the Weather Bureau and the State of Texas have jointly initiated a program of improved public preparedness against tornadoes. The action is part of a major national program designed to reduce the toll taken by tornadoes, considered by the Weather Bureau to be the most vicious of all natural hazards. Last year was the worst in recorded history for tornadoes incidence in the United States. There were 912 tornadoes reported, causing 116 deaths, approximately 2,000 injuries, and untold millions of dollars in damage. A new tornado preparedness plan for community protection has been developed by the Weather Bureau, and is expected to be placed in operation during the next few years at all locations subject to tornadoes and severe thunderstorms. "Vigorous programs of community action have shown to increase substantially

# Independence Day

## And the Bell of Freedom Rings . . .

With the Liberty Bell as symbol, the sound of freedom rings anew throughout our land, as we observe Independence Day. On this day, we commemorate the courage and determination of our forefathers, and rededicate ourselves to their principles.

"Let Freedom Ring." This is our prayer and our pledge, the heart and spirit of our American way of life. On July 4th, we celebrate with joy, in a holiday mood of happiness, and with solemnity, in affirmation of the message of freedom.

... Mrs. Billy Dwaine Hyatt  
(nee Jacqueline Marie Huston)

## Huston-Hyatt wedding vows read on June 22

Miss Jacqueline Marie Huston and Billy Dwaine Hyatt were married in a double ring ceremony on the evening of June 22 at the First Baptist Church of Portales with the Rev. David Rauppius officiating.

Mrs. Hyatt's colors were pink and white and her flowers were pink roses and gladioli. She is the daughter of Mr. and Mrs. Earl Huston, Portales. She was dressed in a formal-length cage gown of antique silk. A wide border of seed pearls and brilliants framed the length of the sleeves and encircled the neckline. The bride's shoulder-length veil of silk illusion cascaded from an organly bow accented with beaded lace appliques. Her bouquet of white Crystal Roses, lilies-of-the-valley and stephanotis, was interspersed with sprays of seed pearls, satin leaves and ribbons.

Bridesmaids were Mrs. Mike Huston, sister-in-law of the bride; Mrs. Janet Occhialini, Mrs. Pam Phillips, Mrs. Susie Crockett, Miss Debbie Huston was flower girl. Mrs. Judy Schnaubert attended her sister as matron of honor.

The bridegroom is the son of Mrs. S. W. Grimes, Morton, and Tommy Hyatt, Portales. He chose as best man Chuck Rosenberry, Las Vegas, Nev., Joel Ho-

ward and Gary Morton, of Lovington were ushers.

The couple both graduated from ENMU and will make their home at 5225 Harris Avenue in Las Vegas.

### STILL ILLEGAL

"The problem is that no matter how you label it — civil disobedience, social protest, moral duty or conscience obligation,—it is still a form of law breaking and the conscientious law breaker has high moral burdens to foresee the potential consequences of his act. In a democratic society, we cannot condone law violation even for ends recognized as laudable. Society cannot condone an end run around the field of representative government. It cannot condone the circumvention of democracy. Encouragement to such actions is an invitation to anarchy and the permissive arbitrariness of tyranny. Indeed, too often the license of liberty is followed by the loss of liberty, because into the desert of anarchy steps the Hitler or the Mussolini."

### LETTERS TO THE EDITOR

Morton Tribune  
Morton, Texas

Dear Sir:

Your readers may be wondering about the background of the statement by Mr. Bill Clayton in last week's Tribune relating to a debate.

The Muleshoe Chamber of Commerce contacted both Mr. Clayton and me offering us the opportunity to discuss the issues that concern the people of this area before the crowd at their 50 Year Anniversary and 4th of July Celebration.

This was an honor for both of us, and an opportunity for the people of the area to hear our views. I accepted this offer, and through an honest misunderstanding, a paper in another county carried the story that a debate had been set.

It was my hope that Mr. Clayton would be able to attend, as the voters have a right to know our stands on taxation, daylight savings time, education, and other state issues. However there was no effort to pressure Mr. Clayton into accepting such a debate.

Upon learning of the mistaken story, I sent the newspaper involved a letter expressing my regret that it happened. But as Mr. Clayton sent his press release to all news media, including a dozen or so which were in no way involved, and whose readers and listeners knew nothing of the original story, perhaps this letter will help in clarification.

It is my intention to try to make my campaign an asset to all the people of this district, with emphasis on ideas which might help our towns to grow and our people to prosper, so I hope that no further questions of honesty or motivation will arise in the discussion of issues which are proper and necessary if we are going to begin to find answers to the many problems which now beset our Country.

Sincerely,  
Frank Ford  
Republican Candidate

## 4-H news

The 4-H Saddle Club camped out Friday and Saturday at Yellow House Ranch Camp ground. About 30 members attended. They made several trail rides and had barbecue Friday night.

**Cook of the week**

COOK OF THE WEEK is Mrs. Raymond (Katie) Ross. Mrs. Ross is a member of the First Methodist Church. She teaches the fifth grade in the Morton Schools. She has returned this past year after 3½ years residing in Sterling, Colorado, and Dimmitt, Texas. Her husband, Raymond, has the Farm Equipment in Morton.

The Rosses have two children: David, recently returned after his senior year at the University of Kansas; and Ray Ann Stockert of Denver. Katie has two grandchildren, five and six.

Katie's hobbies consist of working in the yard and she finds each "new" home a challenge to work with, and she is an avid collector of antiques.

Mrs. Ross loves to cook and her favorite recipe is Browned Rice.

**BROWNED RICE**

This recipe may be varied to go with beef, pork chops, or chicken breasts.

Cook rice until done in broth from beef or chicken, adding enough water, if necessary, to broth to make 2½ cups liquid.

Chop and cook one small onion in 1/3 stick butter (must be butter) until tender. If the rice is to be used with chops or beef, add 1 small can tomato paste. Omit this for use with chicken.

Just before serving, brown 2/3 stick butter until golden brown. Place rice on platter and pour browned butter over it. Arrange slices of beef, chops, or chicken on top. Sprinkle lightly with Parmesan cheese if desired.

**Boy Scouts at Camp Tres Ritos**

At a campfire-court of honor on June 28, the 2nd week of the summer camping season for Boy Scouts of the South Plains Council was closed at Camp Tres Ritos. According to Camp Director Warren Green more than 170 Scouts, leaders, parents and friends participated in this final event of the week.

The Scouting awards presented included 30 Second Class Ranks, seven First Class Ranks, two Star Scout Ranks, one Life Scout Rank and 56 merit badges. The most popular merit badge this week was first aid, which was earned by 12 different Scouts.

Other recognitions made included 44 Camp Tres Ritos Hiker Awards, and the Camp Staff Conservation Award to Troop 774 of Brownfield.

Sixteen candidates for membership in the Order of the Arrow were tapped out during the week. They will be initiated into the local lodge early in September.

The 15 volunteer leaders who were in camp with their own troops, supported by the central staff of 16 men and older scouts, made this fine record possible Green said.

Troop 606 of Three Way participated in camp this week.

**Cook of week . . .**

MRS. KATIE ROSS is the Tribune's Cook of the Week. Her recipe for Browned Rice is a treat for everyone's table.

**TURNROW TUNKEL**

Did you know that according to safety experts, women are more careful drivers than men?

If that's true, newspapers are probably responsible for women driving so carefully. They usually publish the ages of drivers involved in accidents.

I read where an insurance executive said smokers are considered more dangerous risks than non-smokers. Don't you think all smokers will eventually have to pay higher premiums?

Probably. It might help a little if those Tareyton smokers would keep out of fights, and Marlboro smokers would stay off of horses.

I understand that due to the fear of riots and crime, fewer vacationers will visit large cities this summer.

You can't blame them. New York, for instance, is a nice place to visit, but I wouldn't want to die there.

Did you know that when Columbus discovered the New World, the entire cost

of his expedition was \$14,000? Yes, but the round trip took 8 months. Chris was probably like a farmer — he didn't figure anything for his time.

## HIS FAVORITE...

Ah! Just smell that... This is his favorite... prepared just the way he likes it. He's in for a real treat. Everyone has certain foods that they prefer over others and this is his. Many people have favorite scriptures... these words can excite and satisfy the soul as certain foods satisfy the taste palates. The soul needs nourishment too. The church offers the best opportunities to satisfy your spiritual needs.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.
