Construction begins on feed lot

The ink was hardly dry on the purchase contract for the Owen Brothers feed lot here before the construction crews moved in and started their work.

Construction work was begun Wednesday, March 19 on the huge feed grain mill that will be used to prepare the feed for the cattle to fatten on. By mid-week the work was progressing rapidly with part of the foundation laid and giant grain and mixing bins taking shape.

Plans call for the construction of a mill measuring 190 feet long by 100 feet wide and reaching to a total height of approximately 135 feet when completed. The foundation has been completed for a 500,000 bushel steel grain storage bin which will tower approximately 60 feet into the air.

When completed, the feed will have the capacity to prepare the required feed for the 48,000 cattle for which the feed lot is designed.

D. L. Coker, supervisor of construction at the site, advised the Tribune Tuesday that the mill is expected to be in operation by Aug. 1. Brown & McKee Construction Company of Lubbock is contractor for construction of the mill.

Metered trucks, specifically designed for feed lot operation will be used to deliver the final feed product from the mill to the cattle in the large number of lots expected to be ready for occupancy by about July 1.

Steel fencing with specially designed feeding stalls are expected to be used with the stalls lining the outer edges of the lots where they will be easily accessible to refilling by the trucks.

The feed will be metered into the troughs through side openings in the truck as it slowly drives down the row of feed stalls. This is how the operation was described by workers at the lot Tuesday.

There were 12 workers actively engaged at the construction site with more expected as the work progresses, Coker said. He

added that three of the construction workers were from the Morton area with the rest coming from the Lubbock and Post areas.

As the work force grows, there will be more workers from this area employed, he said. The reason most of the early crew are not from here is because they are specialists and regular employees of the construction company, Coker explained.

When completed, the feed mill will have is expected to cover almost the entire expanse of the 525 acres of the former Bob Ramp farm located approximately six miles east and one mile north on the Levelland highway. The farm contained existing facilities and lots to feed approximately 2,000 cattle at the time of purchase.

The vanguard of 111 feeder calves arrived at the site Tuesday.

Morton girl is named SPC 'Caprock Beauty'

Janette Cooper, daughter of Mr. and Mrs. W. S. Cooper of Morton, has been chosen as a Caprock Beauty at South Plains College in Levelland.

Miss Cooper was chosen as one of five out of a large number of entrants at a pageant staged at the college last week. Each of the five will receive a full page color spread in the college yearbook, The Caprock, which sponsored the pageant.

In addition to the yearbook honor, each was presented with a charm bracelet as a memento of the occasion.

Miss Cooper is a Business Administration major at the school. She is a lieutenant in the Tex-Anns and a member of the college singing group, The Tuxettes. She was 1st runner-up in last year's Homecoming Queen contest, one of last year's Caprock Beauties, a member of Koshare Club, the college choir, and the Baptist Student Union.

While in high school, she was a member of the Student Council, FTA, a cheerleader two years and played volleyball.

She will graduate in May and plans to marry June 28. She and her husband will reside in Denton where he will be in North Texas State and she will be employed as a reservationist for one of the major airlines. See photo inside.

★ School Makeup Day

Oh, unhappy day for Morton school children! April 3 will be makeup day for the day of school lost due to the snow last week, superintendent Bob Travis has announced.

Normally school would dismiss for the Easter holidays Wednesday, April 2, but because of the makeup day it will let out at 2:30 p.m. April 3. Classes will resume at the regular time Tuesday morning, April 8.

This will preclude extension of the school year, Travis said.

Tops in food show . . .

THE GROUP OF HAPPY GIRLS shown above are the winners in the various categories of the Cochran 4-H Food Show held Friday in the County Activities Building. Winning in their division in this show makes them eligible to enter the District Two Show which will be held at Texas Tech Saturday. They are, left to right, front row, Phyllis Ray, Joan Whitehead and Vickie Hall. Second row, left to right, Deborah Whitehead, Peggy Steed, Sherrita Fluitt and Penny Wooley.

Winners announced in 4-H foods show here March 21

A first-hand knowledge of the culinary art was exhibited by the members of the Cochran County 4-H Club at the annual food show held in Morton Friday.

Winners in various categories of food preparation in both the senior and junior divisions were named and contestants picked to enter the District Two show to be held at Texas Tech Saturday. Those that place high in the district meet will

be eligible for the state contest to be held later in the spring.

Judges for the contest were Mrs. H. E. Sanders, Mrs. Murry Crone, Mrs. Owen Young, Mrs. Gene Benham, Mrs. W. C. Benham and Mrs. Tommy Hawkins. All are either Home Economics teachers or have a college degree in Home Economics.

Winners in the senior division and their alternates for the district contest included:

Meat — Peggy Steed, alternate Treva Jackson.

Fruit and Vegetables — Deborah Whitehead, no alternate named.

Bread and Cereal — Penny Wooley, no alternate named.

Winners and their alternates in the junior division included:

Milk — Joan Whitehead, alternate Michelle Ray.

Meat — Vickie Hall, alternate Mary Jo Hudson.

Bread — Phyllis Ray, no alternate named.

Fruit and Vegetables — Cherrita Fluitt, no alternate named.

The contestants were judged on a number of factors in addition to the taste of the dish they produced. These included the appearance of their exhibits, originality of the recipe used, table setting and appearance and others.

Following the judging, the public was invited to a tasting party to sample the various entries.

★ Loan date change

John Hall, ASCS office manager in Morton, has made a correction on the deadline for area farmers to put their cotton into loan. Last week it was announced in the Tribune that the deadline was March 31.

Hall states that this was a mistake of approximately 60 days and that the true deadline is May 31.

Vanguard of thousands . . .

THE YOUNG FEEDER CALVES above were photographed as they came down the chute to the new Owen Brothers Feed Lot near Morton Saturday. They are the vanguard of thousands more that will arrive at the huge installation in the days to come. The first 111 calves were shipped by truck from Texarkana and are being fed in lots already existing at the new feed lot location where construction is underway to build the feeding capacity to 48,000.

'Trades Day' is set for April 7

Plans by the Retail Committee of the Morton Area Chamber of Commerce have been completed and a "Trades Day" will be launched here the first Monday in April. The exact date will be April 7.

Trades Day will be bargain day for Morton trade area shoppers as each merchant participating in the promotion will be offering a wide variety of special items at substantially reduced prices. In addition to the bargain prices, there will be a free drawing for a prize of \$100 at each of the places of business participating in the event.

A registration box will be available during the entire month at each business where the shopper can register at no time with no obligation to purchase anything. Registration slips listing home address and telephone number entries will be available at the box.

Winners in the drawings need not be present to collect their prize but will be notified by the merchant at the telephone number listed on their slip.

From a rather lethargic beginning when the bargain day was originally proposed

by the Retail Committee, enthusiasm gradually built until a majority of the merchants in Morton have expressed intentions of participating in the promotion.

At press time Wednesday there had been 23 merchants signed up to participate, with many more expected to enter before the first Trades Day arrives in April.

That means there will be at least 33 drawings for prizes, making it a super bargain for Morton shoppers.

In sponsoring the day, the Chamber of Commerce emphasized that in order for a merchant to participate he must offer a variety of authentic bargains at substantially reduced prices. The aim of the project is to stimulate trade by offering genuine bargains and not to depend upon the free drawings to attract the customer, Chamber spokesmen stated.

In cases where a business firm doesn't handle merchandise that lends itself to the free drawing prizes, the possibility has been discussed by Chamber members of giving gift certificates redeemable at any store in Morton. No firm conclusion has been made on the proposal but it

is being looked at in a favorable light at this date.

Those places of business having indicated they will participate in Trades Day include:

Rays Hardware & Furniture, Rose Auto & Appliance, St. Clairs Department Store, Ben Franklin Variety Store, New York Store, Childs Men's Shop, Minnie's Shop, and New Way Cleaners.

Also Norgas, Doss Thriftway Super Market, Truitt Food Store, Griffith Implement, Kates Kitchen, Hawkins Oldsmobile, Wig Wam, Ramby Pharmacy and City Florist.

Also Durwood Texaco, Luper Tire & Supply, Byron's Auto Supply, Morton Floral, Reynolds-Hamilton Ford, Strickland Cleaners, Ike's Farm Store and Forrest Lumber Company.

Also Chappareal, Lackey's Food Store, Farm Equipment Company, Bedwell Implement Company, Carter Auto Supply, Higgenbotham-Bartlett Lumber Company and The Morton Tribune.

Seal coating of streets top agenda item for city council

The seal coating of a large number of streets in Morton was the main topic discussed at the regular city council meeting Monday night.

Breakfast meeting

The Morton Industrial Foundation will hold breakfast at 7 a.m. Friday, March 28 at the County Activities Building. Purpose of the breakfast and meeting is to increase the membership.

Featured on the program will be a progress report on the new cattle feed mill that has recently moved to the site. Wayne Owen, of Owen Brothers Livestock Commission Company, manager of the feed lot, will report on the progress and future plans for the installation.

All interested persons are cordially invited to attend the breakfast and meeting.

A report to the council by Street Department head A. M. Mapes indicates that the streets are in a bad state of repair and should be seal coated at the earliest possible time.

A later interview with City Secretary Elra Oden revealed that the seal coating project will get underway soon so that it may be completed prior to the hot summer months.

Paving contractor H. E. Squires met with the council and discussed the seal coating project. Squires is presently paving the runway and taxiways at the local airport.

No contract has been let on the seal coating as yet, but Oden assured the Tribune that one will be issued soon.

In other business, the council approved the budget for 1969 in the amount of \$330,142 to become effective April 1. The budget includes \$133,345 in the General Fund, \$124,219 in the Gas Fund and \$81,578 in the Water and Sewer Fund.

A minor administrative reorganization was approved placing the dog catcher activity under the police department and

Digging in . . .

THESE GIANT MACHINES were working at a feverish pitch Tuesday in the construction of a feed grain mill on the site of the Owen Brothers feed lot that was established six miles east of Morton last week. In less than a week the work had progressed substantially, with foundations being

laid and the excavations dug for the huge mixing and storage bins that will be used to make the large amounts of feed necessary to support the thousands of cattle that will be fattened for market at the installation. The feed lot is expected to provide a substantial boost to the economy of Morton and Cochran County.

New Texas State SCS Conservationist named

Appointment of Clyde W. Graham to head the work of the United States Department of Agriculture Soil Conservation Service, Texas, was announced today by Administrator Kenneth E. Grant.

Graham, a career employee currently Director of its Watershed Planning Division, succeeds H. N. Smith as State Conservationist of the Agency at Temple, April 20. Smith died March 13.

From 1964 to 1966, Graham, 49, served under Smith at Temple as Deputy State Conservationist.

He will transfer from Washington, D.C. to Temple April 20. Graham, a 1943 Texas A&M graduate in Agricultural Engineering, was in the U. S. Army Air Force from January 1943 to September 1946 when he joined the SCS as a field engineer in Rotan, Texas. He holds a Masters Degree in Public Administration from Harvard University awarded in 1950. He is a native of Knox City.

He held Texas field jobs in Brady, San Saba, and Brownwood before coming to Washington in 1954, where he was an SCS Budget Analyst until he received a Littauer Fellowship for graduate study at Harvard. He returned to Texas after completing his work at Harvard. He was Assistant State Conservationist for Watersheds until his promotion to Deputy State Conservationist in 1964.

ed at the farm Saturday and are presently being fed in these lots.

Layout of the entire plant as described by Coker places the feed mill to the west of the existing dairy barns with the office building to be placed close-by to the south of the mill. The feed lots will be situated to the north and west of the mill.

The farm has been described as excellent for a feed lot operation and superior to the many others that were surveyed during the long search for a location. Its main assets are its sloping and drainage characteristics and the excellent facilities already in place.

The Farmer's Wife

By Libby Mudgett

SO RICHARD NIXON has settled for baby oil.

If he'll stick with it, we'll be happier and not quite so broke.

I thought for a while there he was going to either buy out the whole store or go home empty handed, one or the other.

NOW IN CASE you don't understand the Sentinel defense system, you should get acquainted with it. How can you advise the President intelligently if you don't know the facts?

See, we have six different possible anti-missile missiles.

FIRST IS SPARTAN. Now it's job is to attack enemy warheads while they are still hundreds of miles in the atmosphere far from their target.

Then there is SPRINT, which intercepts enemy warheads that have some-thing or other gotten past SPARTAN. It's all very complicated, but it keeps going on this way six times.

NOW YOU MAY wonder what these missiles are supposed to defend, since they're called defensive missiles.

Well, silly, they're supposed to defend our attack missiles, of which we have MIRV., MINUTEMAN, POLARIS, and WS120.

You ask why aren't the anti-ballistic missiles going to protect people? That's sort of an embarrassing question, but our scientists explained it some way. It all added up to impossible.

YOU WANNA KNOW what kind of missiles our anti-ballistic-missiles are supposed to attack before they can attack our attack missiles? Well, the Soviets have the SCRAG, SAVAGE, FOBS, etc. etc. However, don't worry about them. See, our eminent scientists have also said the Soviets have plenty of missiles that we're unable to defend against.

So howcum we're even talking about an ABM system?

OH, THAT'S for to defend our missiles against Red China's attack missiles. See, they haven't gotten such sophisticated missiles but what we can stop them. And if we'll hurry up, we may can throw up an ABM system to protect our missiles from Red China's missiles just before she gets some missiles as good as Russia's that we can't defend against.

But our President, instead of buying the whole kit and kaboodle of available ABM's, has wisely (so far) settled for just two.

Why do I call them baby oil?

ONCE UPON A TIME, I decided I, too, could be beautiful if I just heeded the advice of a beauty counselor.

She eyed me like a pedigreed dog show judge would eye a mutt, concentrated for a long time, and handed me a jar of goo that contained queen bee extract or the honey or something, with instructions to use it religiously every night.

Then she handed me a bottle of a clear looking liquid and said to take the queen bee's honey off with it.

I WAS WONDERING why not just skip the first, thereby eliminating the need for the second, when she handed me another jar with oily cream and instructions to stroke upward, ever upward, and leave on all night.

I was mentally questioning if that stuff would ever come off of a pillow case even with my strongest bleach when she handed me another, tiny jar.

THE TINY JAR was for the eye area. I asked if what was good for the rest of my face wasn't good for my eye area.

With a pained expression, she explained that horrors, no, the eye area was MUCH more sensitive and needed more correction and handed me a medium sized jar.

IT WAS FOR the throat and neck area, which turned out to be different from either my face or my eye area. All of this required another bottle of liquid to remove come morning, since the first liquid remover would simply NEVER do for both jobs of removing.

Well, I used all that junk until it was gone and I, too, was no closer to being beautiful than when I, too, had first started. Just a lot broker.

SO I SETTLED for my same old face and some baby oil and have been a lot happier ever since. No more queen bee or turtle oil race for me and my pocket-book!

Stick to your baby oil, Richard!

W. M. Phillips rites held in Whiteface

Services for William M. Phillips, 71, a resident of Whiteface, were held at 2 p.m. Saturday in the First Baptist Church in Whiteface. Officiating were Rev. Harold Harrison, pastor, and Rev. Herb Rowe of Bledsoe.

Burial was in Whiteface Cemetery under the direction of Smith Funeral Home of Levelland.

Phillips died Wednesday at his home. Justice of the Peace H. J. Knox said death was caused by an apparent heart attack.

He was a native of Ravenna, Oklahoma and was a member of the Whiteface Baptist Church.

Survivors include his wife, Lela; three sons, Bill of Mancos, Colo., Robert of Flint, Mich., and Boyd of Kingsville; four daughters, Mrs. Christine Gibson of Spring, Mrs. Nadine Moreland of Bridgeport, Mrs. Evelyn Barlett of San Angelo and Mrs. Ann West of Fleming, Colo.; two half-brothers, Alanzo Braybo of Lebanon, Mo., and Glenn Braybo of Bowlegs, Okla.; two sisters, Mrs. Agnes Kiker of Wolf, Okla., and Mrs. Doris Wright of Seminole; and a step-father J. R. Braybo of Wolf.

Peggy Ann Cheek

Cheek-Silhan will exchange nuptial vows

Mr. and Mrs. W. A. Cheek of 507 S. E. 8th, proudly announce the engagement and approaching marriage of their daughter, Peggy Ann, to Charley Silhan, son of Mrs. Francis Hilbers of Slaton.

Miss Cheek is a 1964 graduate of Morton High School and is now employed by the Morton Independent School District.

The groom-elect is a 1960 graduate of Morton High School and is engaged in farming in the Morton area.

Morton students to join league meet

A large group of Morton High School students will travel to Tahoka Saturday, March 28, for the Annual District Interscholastic League Meet. Other schools represented will be Post, Tahoka, Idalou, Frenship, and Denver City.

For the first time in the history of Morton High School, representatives in every event will be sent to the league meet. Last year, for the first time, Morton developed an active interest in Interscholastic League Contests.

The main purpose of the league is to provide students with a competitive area other than on the football field and the basketball court. Interscholastic League gives the academic student a chance to excel in a competitive event.

The events and students entering them from Morton are: Ready Writing, Patsy Collins and Becky Harris; Spelling, Becky Harris and Karen Willis; Debate, Donna Williams, Janella Nebhut, Danny Williams, and Curtis Griffith; Informative Speeches, Karen Fred and J. Wayne McDermott; Persuasive Speaking, Carol Freeland and Jerry Steed; Poetry Interpretation, Dorothy Spence and Mike Bryan; Typing, Sue Winder, Jeana Thomas, Karen Willis, and Alternate — Wayne Thompson; Short-hand, Vicki Goodman and Dorothy Spence; Number Sense, Debra Wilson, Terri Harris, and Barbara Brown; Science, Curtis Griffith, Gerald Grusendorf, Grady Courtney Sanders, and Alternate Dennis Clayton; and Slide Rule, Grady Courtney Sanders, Gerald Grusendorf, Curtis Griffith, and Alternate Dennis Clayton.

by PATSY
Hi people! How's it gone this week? I hope this finds you all well and prosperous!

Graduation is just around the corner — two months, in fact. This can be evidenced around MHS now. For one thing, the third nine-weeks tests were last week and report cards went out Wednesday. The seniors especially crammed, since they're all working toward those final exemptions, to be given to seniors with an average of 85 or above.

Also, the junior class has been hard at work in their preparations for the junior-senior banquet, which is this Saturday night at 8 in the school cafeteria. The juniors' responsibility is to make money to finance the banquet, then decorate and plan a program and menu. Some of the juniors' parents sponsor a prom afterwards.

All of the seniors and faculty received engraved invitations last week to formally request their presence at the banquet.

Oh, by the way, the senior class received an answer from former President Lyndon Johnson as to the possibility of his speaking at graduation. The President politely declined, stating that it would be an honor, but that he and Mrs. Johnson had full schedules for May.

The high school girls' volleyball team won second place at the Pep tournament last weekend. They plan to play at Denver City this weekend. The boys track team will be going to Plains to their track meet Friday.

The literary Interscholastic League contest will be held Saturday in Tahoka. Several students from MHS will be attending in such categories as extemporaneous speaking, debate, poetry interpretation, ready writing, shorthand, and typing. We hope that Morton will come home with the most points in the district!

The debate teams, still hard at work, again debated against David Murrah (speech teacher) and Mr. Cecil Williams minister at the East Side Church of Christ) Monday. These debates get quite interesting as each team sees who can make the most cutting remarks about the other's speech delivery. Sometimes it's really funny to listen to them.

I might add that the annual Campfire Dad-Daughter Banquet was held last Saturday night. The senior Horizon Club, the only high school group, was all there for their last time. Their leader, Mrs. Daniel ("Mud") Rozell, decorated their table with a graduation theme. For entertainment the girls put on a skit, "We're glad we are the Campfire Girls." I just thought I'd throw this in, since I am a member of this group and it means an awful lot to me, as well as to the rest of the girls.

Ok — my rambling has ceased! Come back next week and I'll be here again!

SOME OF THE first arrivals at the Owen Brothers feed lot east of Morton are shown feeding after they were unloaded from a truck that brought them from Texarkana Saturday. The 111 calves were the first to arrive of what is expected to be hundreds of thousands of cattle that will be fattened in the lot. Construction of a huge grain mill and additional lots to accommodate 48,000 head at a time got underway last week.

Morton FHA chapter experiences busy weekend

The members of the Morton Future Homemakers of America were involved in two of their annual activities this weekend.

First of all the Morton FHA'ers held a style show for the Star Route Co-Op Gin. The second event was to attend the Area I FHA Meeting in Lubbock.

The Morton FHA girls and homemaking girls made and modeled their 100% cotton garments for the farmers and directors of the Gin. The directors of the gin are active contributors to the FHA and asked the girls to model after the gin supper which was underway at 6 p.m. March 21.

After the style show the farmers received their cotton checks and door prizes were awarded. Entertainment for the supper was the Orange Cloud.

The following morning a Morton bus was loaded by twelve of the FHA members and their two advisors. The girls attended the Area I GHA Meeting in Lubbock. Those in attendance for the trip were: Barbara Brown, Anna Faye Ellington, Evelyn Newman, Deloria Brown, Debra Robinson, Darlene Joyce, Gwen Green, Geneva Turney, Sandra Courtney, Sheila Corder, Cheryl Kernell, Sherri Cadenhead, and the sponsors, Mrs. Murray Crone, and Mrs. A. E. Sanders.

When the girls arrived at the Municipal Auditorium, the Clarendon Stage Band was performing.

The first general session started at 9:30 a.m. The presiding officer for the meeting was Vicki Davis, the Area I President. The guests were then introduced and a welcome was extended to all those in attendance.

tendance. Rev. Frank Pollard, pastor of the First Baptist Church in Tuha, gave a talk on "Ride the Wild Horses!"

A very touching devotional entitled, "A Message to All" was given by Mary Rasmussen of Friona. The officer reports followed the three numbers given by the Sharon singers.

The new officers were introduced and the delegates report from the night before was read.

The State Degree Presentation Ceremony was next on the agenda. Miss Sara Courtney, president of the Morton FHA, received her State Degree.

After dining at Furr's Cafeteria and joining in some relaxers led by Loy Sinclair, the second general session was held with Sharon Flynt of Dimmitt, giving a devotional "I saw the Hands."

Awarding the Area and State Honorary Memberships and Installation of new officers ended the days events. The president led the closing ceremony and the Benediction.

Area members were back on Morton by 4:30 p.m. that afternoon.

Morton High School Choir enters contest

The Morton High School Choir on Saturday, March 22, traveled to Monterey High School in Lubbock to participate in the 1969 Interscholastic League Choir Contest for Region I South Zone. The Morton High School Choir is a class 2A choir with approximately fifty students who participated in the contest. The judges gave the choir a II in concert and a III in sight reading.

The Choir was judged on their performance in concert and their ability to sight read music. The choir performed three concert numbers which were "Alma Redemptoris Mater" by Palistrina, "The White Dove" by Brahms, and "Somewhere My Love" by Jarre. The judges commented the choir on their appearance. They also said that the choir had many fine voices and had great potential.

The Choir will now begin to prepare for their annual spring production, Indian Capers, which will be presented May 9. Also, some members of the choir will begin to prepare for Interscholastic League Solo and Ensemble contest which will be held in Lubbock April 19.

ASCS Farm News

By John W. Hall

The last day to sign up for the cotton and feed grain program was March 21. Cochran county had 537 cotton farms sign up for the program. These 537 farms have a total of 74,581.2 acres of allotment. 470 farms signed up to participate in the feed grain program. These 470 farms have a total grain base of 143,731.0 acres and these farms will divert 65,782.4 acres of these farms signed up to participate in the feed program. These farms have 2456.9 acres of wheat and they will divert 1275.8 acres of their allotment.

The county committee has made a few changes on diverted acres for 1969. The county committee eliminated the

policy that all farms must have a cover crop on diverted acres. The farm operator shall use timely needed control measures, for erosion, insects, weeds and rodents on designated diverted acreage. The county committee shall prescribe and require additional control measures upon determination that those carried out are inadequate.

2. The committee has lowered the size of plots on diverted acres from 4 acres down to 2 acres and you will be able to have 6 plots to one labor of land. Strips of less than four normal rows will not be eligible for diverted acres. Four row strips in a skip row planting pattern will be eligible to be used as diverted acres,

Welcoming committee chairman is appointed

Establishment of a welcoming committee by the Morton Area Chamber of Commerce was completed this week with the appointment of Mrs. W. J. Wood as chairman.

For the present time the committee will operate only in the city of Morton but strong consideration will be given to its expansion to every community in the county, Ray Griffith, Chamber President, said.

Purpose of the committee will be to contact all newcomers arriving in Morton and furnish them with all necessary information on the town, its people, churches, schools, business firms and all other facets of community life here.

Each newcomer will be presented a packet containing the above information and a number of free gift certificates from the various business firms participating in the welcoming program.

All business firms desiring to participate in this program are urged to contact Chamber manager Leon Kessler.

Caprock beauties . . .

A MORTON GIRL, Janette Cooper, far right, was one of five South Plains College coeds recently named as Caprock Beauties in a pageant sponsored by the college yearbook, The Caprock. Each of them will receive a full-page spread in color in the yearbook as the cream of coed beauties. Janette is the daughter of Mr. and Mrs. W. S. Cooper of Morton.

LeFleur Garden Club meets in Mrs. Don Samford home

The LeFleur Garden Club met on March 13 in the home of Mrs. Don Stamford. Mrs. Roy Hill presided in the absence of the president.

"New Developments in Plants," from the Lone Star Gardener was the topic of the program.

Mrs. Olin Darland discussed the new roses. Three of the 1969 All-America selections are: "Gene Boener"—a pink floribunda; "Comanche" an orange-red grandiflora; and "Angel Face" a floribunda in a new color of lavender petals edged with ruby.

Mrs. E. G. Gardener presented some of the new annuals. Some named were: "Gay Ladies," a marigold; "Irish Eyes," a gloriosa daisy; "Cherry Buttons," a small zinnia; and "Torch and Rosy Future," cactus flowered zinnias. There are many new petunias as well as other annuals. Seed catalogues and seed and plant dealers can furnish information.

Mrs. E. R. Fincher told of the new vegetables. Of particular interest were the new midget vegetables for small gardens. Watermelons, tomatoes, corn, lettuce,

squash, carrots and cabbage are available from Burpee seeds in these midget sizes.

Mrs. Sammie Williams, who collected slides of wild flowers growing in this area last summer, was a special guest. She projected the slides and explained where they were taken and identified the plants. Conservation of our native wild flowers is of special interest to all garden clubs.

The roll call was answered with the name of a wild flower which is found locally. The exhibit was of seed and plant catalogues.

Members present were: Mesdames Olin Darland, Owen Egger, Buford Elliot, E. R. Fincher, E. G. Gardener, Roy Hill, Clayton Stokes, W. A. Woods, the hostess, and one guest, Mrs. Sammie Williams.

Planting for girls . . .

MORTON TOWN AND COUNTRY CLUB members are shown in the ceremonial planting of 83 Honey Locust trees to line the entranceway to Girlstown as a project of the Caprock District of the Texas Federation of Women's Clubs. The project, under the leadership of District President Mrs. Lane Decker, far right, is part of an over-all district program to beautify and enhance the future of the girls' home. Left to right are Mesdames Willard Henry, Cherylone Inglis, Roy Hill, Ray Spence, Le Roy Johnson and Mrs. Decker.

1936 Study Club holds meeting in Gipson home

The 1936 Study Club met Wednesday, March 19 in the home of Mrs. Joe Gipson.

Mrs. John Crowder presided in the absence of Mrs. Lloyd Miller, president, over a short business meeting.

New officers for the 1969-70 club year were elected. They are: Mrs. John Crowder, president; Mrs. Gage Knox, first vice-president; Mrs. C. H. Silvers, second vice-president; Mrs. Cyrus Fields, secretary; Mrs. Joe Nicewarner, corresponding secretary; Mrs. W. C. Benham, parliamentarian; Mrs. Glenn Thompson, historian; and Mrs. M. C. Ledbetter, reporter.

Mrs. W. W. Smith made a report on the planting of trees in the Avenue of Opportunity at Girlstown, which she, Mrs. Neal Rose, and Mrs. Lloyd Miller attended.

Members were urged to attend the District Convention in Plainview on March 31 and April 1 if possible, and to take any example of Arts and Crafts to be used in an exhibit. The objects will not be judged in any way.

The program for the day, "A Time for Empathy for the Handicapped" was presented by Mrs. Neal Rose and Mrs. Gage Knox following the reading of scripture given by Mrs. M. C. Ledbetter.

Mrs. Rose gave an interesting presentation of "How the Deaf Learn" — reviewing the history of the education of the deaf and explaining the general practices by which the more than eight million deaf currently learn and compete in a world dependent upon oral communication.

Mrs. Rose spoke of the importance of placing a deaf child at an early age where he can be properly taught because language acquisition reaches its peak at 2 to 4 years of age and declines steadily after that. She outlined the possibilities available for such teaching — emphasizing the importance of different techniques and the resourcefulness required on the part of the teacher.

Mrs. Knox spoke of the factors that may cause a hearing loss and the types of tests used to bring about the very earliest detection of this type problem;

United Methodist to conduct revival

A revival will be held at the First United Methodist Church of Morton beginning Sunday March 30 and extending through Wednesday April 2.

Dr. Jordan Grooms, Brownfield District Superintendent of the United Methodist Church, will be the preacher. Budd Fountain of Morton will be the song leader.

Dr. Grooms has served many of the churches of this conference. He was pastor of the Polk Street Methodist Church of Amarillo at the time of his appointment to the Brownfield District.

Dr. Grooms will bring his first message on Sunday evening at 6 p.m. He will begin his sermon at 7:15 a.m. and again at 7:30 p.m. on Monday, Tuesday, and Wednesday. Prayer services for all age groups will be held at 5:30 p.m. on Sunday evening and at 7 p.m. on Monday, Tuesday and Wednesday evenings.

Doughnuts and coffee and milk will be served at the morning service.

The public is extended a cordial invitation to attend all services by the pastor and congregation.

one that can be performed as early as the first hour of life to determine ability to hear.

She concluded with the happy thought, current today, that if parents and doctors are alert to hearing difficulties early enough, much can be done to help the children.

Others present for the meeting were Mesdames: H. B. King, Hume Russell, W. C. Benham, Joe Nicewarner, C. H. Silvers, Cyrus Fields, and James St. Clair.

Slaughter Study Club hears book review

The highlight of the Elma L. Slaughter Study Club meeting held March 20 was a book review given by Mrs. Elzie Browne. The book was titled, "Against the Moon" and was written by Jane Gilmore Rushing.

The club began their meeting at 7:30 p.m. in the home of Mrs. Elra Oden. Mrs. Hessie B. Spotts read the club collect, and Mrs. C. E. Dolle, president, presided over the business meeting. All old and new business was discussed by the members.

Refreshments were served to the following members: Mesdames, Roy Brown, Elzie Browne, Earl Cadenhead, Leonard Coleman, C. E. Dolle, Horace Gardner, Dean Jackson, Hessie B. Spotts, Willie Taylor, Iva Williams, and the hostess, Mrs. Elra Oden.

The next meeting for the club has been scheduled for April 3 in the Wig Wam Cafe.

Dad-Daughter Banquet given by Campfire

The Annual Campfire Girls Dad and Daughter Dinner was held at the Morton schools cafeteria March 22. The dinner was to climax Campfire Girls Week which was March 16 through March 23.

Approximately 75 girls proudly presented their "Daddys" and treated them to a feast consisting of baked ham with all the trimmings. They then entertained their fathers with songs and skits.

The program began with a presentation of the flag and a flag ceremonial presented by the seventh grade campfire girls. The leaders for this group are Mrs. E. L. Reeder and Mrs. Bobby Adams.

Miss Deborah Miller, president of the Senior Horizon Club, served as mistress of ceremony and introduced each leader as their group presented a song or a skit for the program.

Miss Miller closed the program with a farewell from the Horizon Club as this was to be their last Dad and Daughter Dinner and expressed the hope of the Horizon Club, that every Bluebird and Campfire Girl would follow the footsteps of the girls in the Senior Horizon Club as they climbed the Campfire Trail. The goal for the girls should be the Wofelo Medallion, the highest award available to Campfire Girls.

A monthly average of 121,317 volunteers worked at Veterans Administration hospitals during 1968. More are needed.

God's Purposes

If you were having a picnic at the lake at approximately this spot, you might say, "Well, why did the engineers leave those trees in the water when they made this lake? They create such an eyesore. I can see no purpose in it." Yet, fishermen tell us that the fish love those old tree stumps and roots and that you can almost always find fish swimming in the dark recesses around and between these trees.

So many times we question God's wisdom in allowing some things to be and other things to come to pass. But God is good and his purposes are wise. The very thing that seems useless to us, might make us marvel if we could see with Heaven's eyes.

As Isaiah reminds us, "For my thoughts are not your thoughts, neither are your ways my ways, saith the Lord. For as the heavens are higher than the earth, so are my ways higher than your ways, and my thoughts than your thoughts."

But he also wants us to know that his thoughts are many toward us and that everything works toward our good and our salvation. If we had no conflicts, and no questions, we would never have the opportunity to step out on faith.

Come to church Sunday and learn of God, his purposes, and the unsearchable riches of his love.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

College scholarships for 4-H'ers announced

High school June graduates who plan to study forestry, plant or biological sciences in college may have a chance for a scholarship if they are or were 4-H Club members.

Four \$1,600 scholarships will be awarded to students majoring or minoring in forestry. The grants will be provided by Humelite, A Division of Textron Inc. Candidates must have completed at least three years of 4-H work and be enrolled in their freshman year at an accredited college in the Fall of 1969.

Two \$800 crop protection-crop production scholarships will be offered by Chevron Chemical Company — Ortho Division, to students with a major or minor in the plant or biological sciences.

Applicants for the \$800 scholarships must have completed one year of 4-H work and be a college freshman this Fall. Scholarship applications should be submitted to the State 4-H Office. High school grade transcripts must accompany the application.

Final judging of scholastic and 4-H records will be done by a committee of extension personnel meeting in Chicago early in November. Winners will be announced during the National 4-H Congress held there November 30 — December 4. For further details, contact the State 4-H Leader or the 4-H Office of the County Extension Service.

Marine Michael Smith posthumously awarded

Mr. and Mrs. Jack McNeill, parents of the late Michael Smith, a 20-year-old Marine, received two posthumous military awards in behalf of their son on Thursday, March 6, in Sunray.

Smith was a long-time resident of Whiteface where he made his home with his sister and her husband, Mr. and Mrs. Kenneth Sanders. At the age of 16 he began working for the Dick Lowe Ranch. While living in Cochran County he took an intent interest in the 4-H Riding Club of which he was a member.

Mrs. McNeill received the Military Merit Medal and the Vietnamese Cross of Gallantry with Palm in a presentation at the family home.

The late Marine Lance Corporal Smith was killed in Vietnam on Armistice Day, November 11, 1967, approximately one

month after his return for his second tour of duty in Southeast Asia.

The presentation of the two medals was made by Marine 1/Sgt. Del Taft, inspector — instructor from Amarillo.

Also present for the presentation of the awards was retired Marine Corps Major Rick Shaw of Sunray.

Awarded by the president of the Republic of Vietnam, the recognition given to the late soldier cited him as a courageous combatant, well known for sacrifice, spirit of good will and cooperation, who died in the performance of his missions.

These men know cotton... and they know what Paymaster's Certified Lint Block Program means to all High Plains Cotton Growers.

Dr. L. L. Ray
Associate Professor, Texas A & M University
South Plains Research and Extension Center, Lubbock

"The Texas High Plains has made tremendous progress in upgrading the quality of cotton fiber. This was accomplished by planting better varieties, using better quality seed and marketing through lint blocks or similar programs. The image of this area is greatly improved and it has meant millions of dollars to growers. I am concerned that we do not lose ground. We must (1) plant varieties that will produce fiber the mills want and can use; (2) plant the best quality seed; (3) do a good marketing job."

Harry E. Arthur
Assistant Director, Textile Research Center
Texas Technological College, Lubbock

"A planting program wherein Certified seed is used is certainly a great step toward production of a more uniform fiber. A Certified lint program would help to assure the mills of a reliable supply of quality cotton from which they could choose to produce a given fabric."

Orville Bailey
Roundup Gin
Anton, Texas

"We've been in the Paymaster Certified Lint Block Program since the start," says Orville Bailey. "I recommend Paymaster Certified lint to growers . . . particularly this year. In my opinion, it's the leading cotton in this country — makes more per acre, semi-stormproof, stays in better, has good spinning qualities. Mills like it, so Paymaster Certified lint beats the market and brings a premium price. Believe me, Paymaster's Certified Lint Block Program is a good 'calling card' for a ginner."

C. R. Hedges
Grower
Shallowater

C. R. Hedges plans to plant practically all Paymaster Certified 111 this year. "We had bad weather last year," he says, "but even at that I got enough premium for my cotton to make it worth while to be in the Paymaster Certified Lint Block Program. The mills like Paymaster 111 because of its good spinning qualities. But even if there wasn't a premium price for Paymaster 111, I'd still plant it because of its dependable performance."

Keep More of Your Marbles In the Home Game

*After all . . . here's where you get to
take your turn at shooting*

Our big-city neighbors offer invitations to us every day to put our marbles in their bigger and fancier rings . . . so they can take out more for themselves.

But the game that OUR winnings have to come out of . . . is the HOME game. And . . . the more of our marbles we put into THIS game, the more WE get a chance to take out.

Maybe you've noticed the city folks bragging

about how much trade volume they take away from the small towns like ours in their "trade area" . . . getting our marbles into their pockets for keeps.

Trading at home . . . and making it more attractive for our neighbors to trade here . . . is the direct and positive route to better jobs, better property values . . . better schools, better living . . . a better community for US to live in.
