## Morton school to name new grid coach May 19

Announcement of a new head football coach to replace Lane Tannehill at Morton High School will be announced immediately after the May 19 meeting of the board of education, Superintendent Bob Travis stated Tuesday.

Whether the new coach will come from promotion within the ranks of the present staff or from outside sources has not been decided as yet, Travis said. As of the time of the interview there had been no solicitation for outside applications, he added.

Tannehill submitted his resignation which was accepted by the Board of Education without comment at its regular meeting April 21. His wife Margie, a fourth grade teacher in the Morton system, resigned at the same time.

Tannehill gave no specific reason for his resigning except for the statement that there were differences in his and the administration's methods and philosophies that could not be reconciled.

"My resignation, coming as it did after a bad season record, might give the wrong impression in some quarters, but I want it understood that I have no hard feelings against Morton, the school or

any of the coaching staff," he emphasized, and added "I have greatly enjoyed my three years here and looking back upon them gives me considerable personal satisfaction.

"I further want to express my deep appreciation to all the students, parents and members of the community for the fine support they gave me and their team. Those boys played their hearts out and I wish them only the very best in the future," the coach stated.

"I have the highest respect for Coach Tannehill, both as a teacher and as a person, and regret that we are losing him," Travis stated. "He was offered a contract in the teaching department next year, but he evidently felt that he would be happier in a coaching position in some other location," he added.

Tannehill's resignation came after one year in the head football coaching position in which his team compiled a record of one win, eight losses and one tie. Prior to the 1968 season he had served two years as first assistant coach to Fred Weaver, who has since become principal of the high school.

Steadfastly refusing to alibi, Tannehill says that regardless of the won-lost record, both the players and their coaches accomplished a great deal and learned a great deal during the season, and "not one of the boys on the football squad has a thing to be ashamed of by his performance. They worked hard and I am proud of every one of them."

The coach has not made any definite plans as yet but has high hopes of remaining in the South Plains area in a coaching position. He is presently studying toward a Masters degree in education with certification in counselling and guidance. He hopes to continue through summer school and become connected with an area high school in the fall.

He is a 1963 graduate of West Texas State University with a Bachelor of Science degree in Physical Education. At Morton he has taught mathematics and history in addition to his coaching duties.

Prior to his coming to Morton in 1966, Tannehill taught school at Petersburg and was first assistant football coach two years at Ralls. While at Petersburg he assisted the coach with the high school team that won the state Class A championship in 1963.

## Chest X-ray equipment slates Morton visit

An X-Ray unit operated by the West Texas Tuberculosis and Respiratory Disease Association will be in Morton May 8 for the benefit of all those wishing to use its services.

The large van, equipped to x-ray a large number of persons per hour, will be parked on the Doss Thriftway Supermarket parking lot and will be open for business from 8:30 a.m. to 1 p.m. and from 2-6 p.m. on Thursday, May 8.

The visit of the unit is sponsored by the Morton Lions Club. There will be a charge of \$1 per x-ray picture and all persons in the area are urged by the Lions to take advantage of this opportunity to obtain this important service at such a low price.

During a similar visit here last year there were 518 x-ray pictures made. Out of these there were eight cardio vascular abnormalities (Tuberculosis suspects) discovered and 13 other chest problem cases pinpointed.

Showing progress . . .

CONSTRUCTION OF THE FEED MILL at the Owens Brothers feed lot site east of Morton is showing good progress with the steel framework for the building in place and most of the vast underground facilities nearing com-

pletion. The underground installations are beneath the large concrete pad shown above, which will form the floor of the mill. Completion of the 190 foot by 90 foot installation is expected, and milling operations begun, by early August.

Calendar Girl . . .

PRETTY MISS Beverly Evans here finds time from her busy schedule for a moment of silent thought and relaxation. Beverly, daughter of Rev. and Mrs. Bob Evans, is a sophomore at Morton High School this year and is the Tribune's May Calendar Girl. She has been enjoying and taking advantage of the warm summer-like days and is eagerly looking forward to more days like them during the spring and summer.

## City Council discusses possible gas rate increase at meeting

A light agenda was disposed of in short order at a somewhat curtailed meeting of the Morton City Council Monday night.

Discussion of a possible raise in gas rates was held at some length then tabled

for further consideration at a later date. The discussion followed a report on the gas department by supervisor Maurice Lewallen.

City Secretary Elra Oden outlined plans for the seal coating of the city streets which he stated will get underway at an early date.

The present project calls for 32 blocks of those streets in the greatest need of repair being seal coated first. Other areas will be considered for seal coating in the future on a priority basis.

The seal coating will extend from curb to curb and the 32 blocks included in the first project are expected to cost from \$4,200 to \$4,500. The project should be completed soon in order to avoid the hot weather that is due here soon which would vastly complicate the operation, Oden said.

Sandy Asbill and Budd Fountain appeared before the council to discuss location of a Boy Scout hut. They presented plans and recommendations to be considered by the council.

## ★ Freshman meeting

A meeting of all incoming Morton High School freshmen and their parents will be held in the school cafeteria at 7:30 p.m. Monday, May 5.

The purposes of this meeting are to plan these students' schedules for the coming year, to discuss the various opportunities provided by the high school program, and to further familiarize these students and their parents with Morton High School.

Other students of Morton High School and their parents are also welcome to attend the meeting. Mr. Taylor, the counselor, will be present to discuss the schedule with the group and to work with individual students and their parents. Also, several members of the faculty will be present to discuss the many aspect of the program.

Parents of freshmen are urged to attend this meeting.

Speaks at banquet . . .

BILL ACREE, assistant football coach at Texas Tech, speaks to a large turnout of students, parents and honored guests at the All-Sports banquet at Morton High School Friday night. Acree's talk was a highlight of the festivities that honored award winners in the various categories of the school sports program.

## Rep. Clayton to receive award for soil, water conservation

Representative Bill Clayton of the 72nd legislative district, which includes Cochran county, has been selected to receive an award for soil and water conservation.

Clayton, who is considered by many to be the State Legislature's leading water authority, has been named a state winner of the Texas Soil and Water Conservation

Awards Program sponsored by the Fort Worth Press.

Rep. Clayton has been author, co-author, chairman of sub-committee, or on the conference committee of every major piece of water legislation that has been considered by the Legislature since he became a member of the House in 1963.

Rep. Clayton will be presented a plaque for his unselfish service in water conservation at the state awards dinner in Fort Worth's Hotel Texas, May 3 at 7 p.m.

Texas is at the crossroads in its need for more water and conservation of the water it has. Rep. Clayton is pointing the way and leading the charge in this effort.

Water conservation begins at home with Bill. His farms have had soil and water conservation plans with the local district for 18 years.

He has installed many conservation practices to utilize rainfall and irrigation water. These include waterways, irrigation pipeline, land leveling, tailwater return systems and diversions. A recharge well and pasture planting are planned for the near future.

Rep. Clayton is a member of the West Texas Advisory Committee to the Water Development Board and to the West Texas Chamber of Commerce Water Resources Committee. Clayton gives freely of his time and effort to the local district, the High Plains Underground Water Conservation District.

## Auto crash Saturday injures Mrs. Petersen

Mrs. Mary A. Petersen, 82, is recovering in Lubbock Methodist Hospital following injury in an automobile accident Saturday night while en route to Wellington.

She was injured when the car in which she was riding with Mr. and Mrs. Neal Rose, her son and daughter-in-law, scraped against a pole beside the highway.

Mrs. Petersen was put under a doctor's care in Wellington and was returned to Lubbock by ambulance Sunday. She is reported to have suffered no broken bones and is recovering satisfactorily.

The party was traveling to Wellington to visit with the Rose's daughter and son-in-law, Mr. and Mrs. Don VanPelt.

## Community Center project meeting scheduled tonight

An Office of Economic Opportunity representative will be in Morton tonight to discuss with all interested persons the organization of a community center project.

Mr. Howard Maddera, of Lubbock, coordinator for a 15-county OEO area, will meet at the Eastside Elementary School at 7 p.m. to aid members of the local community to organize the project and set up a governing board.

A third of the governing board members will be drawn from those eligible for the services offered by the center. The board members then will be responsible for selecting the type and number of services to be carried on by the center. Emphasis will be placed upon the project belonging to those persons using its services and upon their running it for their own benefit.

All area residents are urged to attend the meeting by Mr. Maddera, who states that local enthusiasm and interest will determine the success of the community project.

## Dads to meet

All Dads of prospective Minor League baseball players are asked to meet tonight at 8:30 p.m. in the Chamber of Commerce office.

Organization of the league, scheduling and other problems will be discussed and all Dads are urged to attend. Minor League officials stated.

tion District, and Water, Inc. Recently Clayton was named executive director of Water, Inc., an organization promoting importation of surplus water from the lower Mississippi to the High Plains of Texas.

At the present time, Clayton is chairman of the House Interim Water Study Committee, and holds posts and chairmanships of several key house committees. In addition, he is a member of the executive committee of the Interstate Conference of Water Problems, chairman of the Texas Water Conservation Association, and represents Texas at the Southern Water Resources Conference annually.

Rep. Clayton has been a member of the State Legislature since 1963. He has served on a number of committees important to Texas water, carrying all of the bills for the Soil and Water Conservation board.

He has fought hard to secure an increase in funds for Water Shed Planning Party and SWC districts. He is chairman of the 160-Acre Limitation Committee of Texas Water Conservation Association.

Bill Clayton knows the water problems of Texas from the farm to the city. He is a man of action in all fields of water management, serving nationally on the Executive Committee of Interstate Conference on Water Problems.

The award program, for which the board of supervisors of the Lamb County SWCD nominated Rep. Clayton without reservation, is sponsored by 20 co-sponsoring businesses and the Fort Worth Press.

This awards program, now in its 24th year, is the forerunner of all conservation awards programs. Each year it brings to Fort Worth the leaders in soil and water conservation field. People from all across Texas will be present to honor the winners.

Asked to remark on MHS football, past and present as he knew it, coach Tannehill said the one thing that hurt the football program the most in the past has been lack of participation by boys who should go out for the team.

He pointed out that there were only 41 boys out for football last fall. The squad consisted of only 28 boys in the upper three grades, who were eligible to play varsity ball, and 13 freshmen.

He sees improvement ahead, however, with 42 in the eighth grade and 47 in the seventh, participating in a good, aggressive junior high program during the past season.

We will leave Morton with fond memories of the many fine friends we made here, Tannehill concluded.

# COUNTY AGENT NEWS

From the Office of Roy L. McClung, Jr.

Texas landowners, in their constant battle against range-choking brush, are getting new support with the establishment of the Brush Control and Range Improvement Association.

The BCRIA was organized last November by a group of prominent Texas ranchers to provide funds for more basic research and education on brush control and range improvement.

John Matthews, Abilene area rancher and association chairman, said the immediate goal is to obtain one cent per acre from each cooperating landowner each year for five years.

Other BCRIA officials are Bill Donnell of Marathon, vice chairman, and Robb Brown of Throckmorton, secretary.

Brush control is a complex problem, surveys show that nearly 82 percent of Texas rangelands have been invaded by brush, reducing the animal carrying capacity by 50 percent or more. Our universities and the U.S. Department of Agriculture have done much, but it's clear that greater financial support is needed for a crash research program if we are to solve the problem.

Brush also hinders the prosperity of many Texas communities that depend on agricultural income, as well as adversely affecting water supplies from brush invasion.

More and more ranchers are aware that they must help solve the brush problem, and the association offers a way to get at the problem.

The BCRIA is a non-profit organization not associated with any university, company or agency. A board of directors with 18 members, representing different areas of the state, is directing activities and approving research and education projects for funding.

A chairman in every county is responsible for conducting the drive and collecting funds. The Chairman for Cochran County is J. L. Schooler.

Money collected will support research and educational projects on brush control and range improvement, and money collected in Cochran County will be pooled to support the state-wide effort. Grants will be made to universities and other agencies for this work. Some of the funds may be used to match legislative appropriations or industry grants for an overall campaign against brush.

Schooler points out the successful screw-worm campaign as an example of what joint effort can do.

Support from every Texas rancher or landowner and other interested individuals or groups is vital to success of the BCRIA program.

All funds collected will be strictly accounted for. Information from research sponsored by the Association will be available to each landowner.

Contributions (income tax deductible) can be made to county chairmen or directly to Matthews, P. O. Box 176, Abilene, Texas 79664. Checks should be made payable to the BCRIA.

Judge and Mrs. M. C. Ledbetter, Margaret and Zodie were visitors over the weekend at the ranch home of Mrs. Lee O. Gowdy of Jacksboro. They were joined there by their married children, the Clyde Browns of Amherst, the Loy Kerns of Morton, the Charles Ledbetters from Waco, and forty other members representing four generations of the Gowdy family.

Talks on leadership . . .

HIGHLIGHT OF the Morton chapter of the Future Farmers of America Parent-Son Banquet Thursday night was a talk on FFA leadership by former area FFA vice-president Kenneth Carr of Levelland. Approximately 135 turned out for the annual affair who witnessed the conferring of awards for outstanding performers in the various FFA activities.

## Two local men conferred honorary FFA degrees

An address by a past area vice-president and the conferring of various awards highlighted the annual Parent-Son banquet of the Morton chapter of Future Farmers of America Thursday night. Kenneth Carr, of Levelland, past area vice-president spoke to the approximately 135 persons assembled in the school cafeteria on FFA leadership and what it can mean to the individual member.

Awards conferred during the evening included: Deryl Bennett and E. L. (Rusty) Reeder were awarded honorary Chapter Farmer degrees.

Len Gandy was awarded the Star of the Green Hand as the outstanding student in the Vocational Agriculture I class.

Joe Coker was awarded the Star Chapter Farmer award.

Dan Barker received the Crop Farming Award.

Ronny Reeder received the Livestock Award.

Ricky Lemons received the Farm Mechanic Award.

The "Orange Cloud," a local musical group, entertained during the banquet with Edna Lee Dewbre, noted western singer, giving several selections.

## Farmers have few days left to fumigate for nematodes

Farmers have only a few more days to fumigate their cotton land to control nematodes this year — and there's more evidence than ever that they should do it.

Dr. Calvin Orr, nematologist at the South Plains Research and Extension Center said the center has analyzed soil samples from more than 2,000 farms across the plains in the last year to determine whether damaging populations of nematodes exist on these farms.

Nematode populations great enough to substantially reduce cotton yields were found in more than 50 per cent of the samples, he said, indicating that nematodes are a problem in virtually every Plains cotton-growing county, particularly irrigated sandy or light soil areas.

Moreover, he said, there's evidence that the microscopic underground pest — which hurts both yield and quality of cotton by attacking cotton roots — continues to spread.

For the first time this spring, Dr. Orr and other researchers proved that nematodes are spread by blowing dust as well as by water and travel through the soil. Dust traps were set up in Terry County at a height approximately six feet above the surface, he said.

When dust collected in these traps was placed in incubators, nematodes hatched at a rate of one for each two grams of dust caught by the traps.

"This leads us to think that no farm can be considered safe from nematode infestation," he said. "Presumably, nematode eggs could be carried great distances on a windy day."

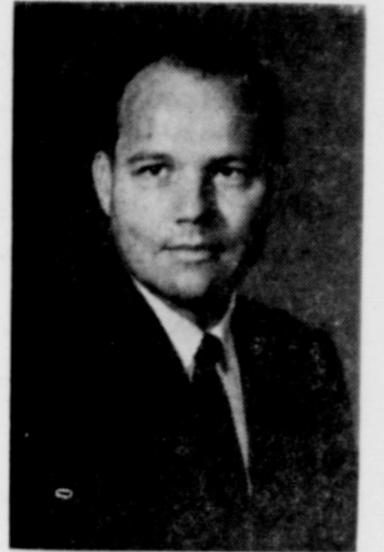

Dr. Orr said the best method to control nematodes still is annual treatment of the seedbed with DBCP soil fumigants either before planting or at time of planting. This usually is done by use of knife-type applicators that deposit the chemical into the seed bed through hollow tubes at the trailing edge of knives running 10" to 12" deep. This can be done with knives mounted on a tool bar anytime before

planting up to the same day of planting. Some farmers fumigate and plant in a single operation by mounting knives on the planter tool bar.

Dr. Orr said that, in four years of research, "we never have failed to produce a profit fumigating land where trouble some buildups of nematodes were known to exist."

"This year, when we have good moisture and a good chance to start good crops, it seems more important than ever to treat land where nematodes are a problem. Nematodes can ruin a good crop if they are not controlled."

Last year, he said, farmers who fumigated reported net profit — over and above the cost of fumigating — ranging from about \$2.00 for every \$1.00 invested up to as much as \$17 for each \$1.00 invested.

Edwin Bruce Keller

## Husband of former Morton resident will receive degree

Edwin B. Keller, whose wife is the former Helen Gathright of Morton, will receive the diploma in theology during the spring commencement services at Southwestern Baptist Theological Seminary, May 9.

Rheubin L. South, pastor of Park Hill Baptist Church, North Little Rock, Arkansas since 1952, will deliver the main address. The program will begin at 9:30 a.m. in Truett Auditorium on the main campus in Fort Worth.

Pre-commencement activities include a reception for graduates at the president's home on Thursday night, May 8 and a breakfast on Friday morning.

Mrs. P. B. Ramby and Mrs. W. J. Wood attended a Methodist Spiritual Retreat at Ceta Canyon last week.

## Speech class planning own Cinderella version

The story of Cinderella has been told and retold many times, but never quite the way that the Morton High School Speech class will tell it.

The ageless story "Cinderella" will be presented Wednesday morning, May 7, at 9 a.m. and again at 10:15 at the County Auditorium. The public is invited, and parents are encouraged to bring their preschool children to see the play. Admission will be ten cents for elementary students and 25 cents for non-students and parents.

The play is unique in that the audience gets to take part in working the magic spells of the fairy godmother, mainly because she is out of practice and not at all certain anything is going to work properly. Cinderella's slipper is tried on youngsters in the audience, and they are consulted as to whether the wicked stepmother and step sisters should be turned earlier in the year.

The cast of the play is composed of the entire speech class. The play is the spring project of the speech department. Plays for high school students were presented earlier in the year.

## tee chairmen, led by president

president-elect, F. V. Wallace, Amarillo; vice-presidents Harlan Bridwell of Bridgeport, W. Lee Watson of Brownwood, Jack Freeman of Fort Worth; treasurer Richard Moore of Abilene; executive vice-president Jack G. Springer of Abilene.

The new officers will meet within a short time to outline the fiscal year's program for 1969-70. Dates will be set for three board of directors meetings, tourist conference, industrial development conference, leaders workshops and other special events.

It was announced by Godfrey and Senterfitt that the WTCC would honor all members of the Texas Legislature with a reception in Austin at the Sheraton-Crest Inn on May 6 from 6:30 to 8:30 p.m. All WTCC members are invited to the function.

## Rita McMinn given pre-graduation dinner

Mrs. Ruth Bass was hostess for a dinner Saturday, April 26, at the Johnston House in Lubbock. The dinner was to honor her daughter, Rita Jean McMinn, who will be a May graduate of Morton High School.

Other guests for the dinner were: Misses Karen Rozell, Karen Fred, and Janice Crocker, who are also graduating seniors.

## ★ Band salad supper

There will be a salad supper Tuesday, May 6, in the banquet room of the Activity Building. The supper will begin at 6:30 p.m. and is sponsored by the Morton High School band parents.

Price for the meal will be \$1.50 per person and the band will provide the entertainment at 7:30 p.m. with several musical selections.

Mr. and Mrs. R. C. Weed spent the weekend in Wolforth with their daughter and family, Mr. and Mrs. Burt Whitson.

The United Methodist Children Fellowship held their annual picnic Sunday at Levelland Park.

There was a surprise birthday party for Mrs. T. D. Marshall in the home of Mrs. Herman Bedwell recently. Those in attendance for the party were: Mesdames Earl Outlaw, Roy Hill, Olin Darland, Fred Thomas, Lillian Williamson, F. G. Kenned Glenn Thompson, C. B. Jones, W. L. Miller, W. C. Childs, J. A. Mullinax, and E. Nichols.

Looking it over . . .

A PANEL OF JUDGES representing the Texas Community Improvement Program made an inspection tour of Whiteface Friday to gather material for judging it against other towns in a community improvement contest presently underway. Those taking part in the tour, left to right, are Judges

Billy G. Gunter, Jewel Robinson, and James Rogers; County Agent Roy McClung; Judge Aubrey Russel; and Whiteface community leaders Truman Swinney, Floyd Taylor, George Martin and R. K. McCoz. Taking part but not pictured were Wendell Dunlap and Ed Jennings.

## Community improvement panel tours Whiteface in competition

A panel of judges representing the Texas Community Improvement program made a tour of Whiteface Friday to observe the community efforts toward beautifying and improving the town.

The judges were complimentary on what they saw and recorded for use in judging the community for awards in the state-wide competition to come.

The Texas Community Improvement Program is co-sponsored by several of the major electric utility companies operating in Texas and the Texas Agricultural Extension Service. The program has been set up to stimulate individual family and community effort toward farm, home and community improvement.

The objectives are to make farm and rural life more desirable and satisfying as well as more profitable and stable for rural neighborhoods or communities throughout the State. Cash prizes are awarded after winners have been determined on the basis of progress within the community during the year.

In judging, credit is given for all efforts to make the community a better place

in which to live.

In conducting a community tour during the judging last Friday the Whiteface leaders displayed to the visiting judges points of interest such as the work being done on the old hotel building and remodeling it for Gristown, U.S.A., offices and a community center, the community park, school improvements and city wide clean-up.

Before leaving Whiteface, the visiting judges commented on the fine progress made within the community and commended the community for its efforts. Final judging results of the Program will be released during the Month of May after all the communities in the state have been judged.

Mr. and Mrs. Gary Willingham, Mr. and Mrs. Connie Gray, Mr. and Mrs. Hume Russell, Mr. and Mrs. T. K. Williamson, Mr. and Mrs. Jack Gunnels, Mr. and Mrs. Roy Brown, Tommy Hawkins and Roy Gentry attended the funeral of Mr. W. L. Foust, Sr. in Sudan Monday.

## Morton man to receive divinity degree May 9

Burlie W. Taylor, son of Mrs. Lee Taylor, 208 Southwest 4th, Morton, will receive the master of divinity degree during the spring commencement services at Southwestern Baptist Theological Seminary, May 9.

Over 200 students will receive degrees and diplomas from President Robert E. Naylor.

Pre-commencement activities include a reception for graduates at the president's home on Thursday night, May 8 and a breakfast on Friday morning.

### ★ Flower Show

"Spring Fairyland" is the theme of the Annual Placement Flower Show to be presented by the LeFleur Garden Club on May 3. The home of Mrs. Jack Baker, 605 E. Lincoln in Morton will be the location of the show.

Each arrangement is based on a Fairy Story. After the judging is completed, the show is open to the public from 2:00 until 5:00 p.m. There is no admission and everyone is cordially invited.

## New soybean variety passed by state seed and plant board

A new soybean variety developed and proven by the High Plains Research Foundation at Hallway was approved for certification by the Texas State Seed and Plant Board last week.

According to Dr. Tom Longnecker, Foundation director, the new variety known as HP-963 was selected from soybean seed stocks donated to the Foundation in 1958.

This is the third variety released by the Foundation. First released in 1963 was Hinn, a late maturing group VI variety. Patterson, an early maturing group

IV variety, was released in 1965. The new HP-963 variety is about 10 days later maturing than the Patterson variety, 7 to 10 days earlier than Hinn and Hood varieties.

Dr. Douglas Owen, Plant Breeder, said the variety had been in strains tests at the Foundation as PAS-963 since 1961 and has proved successful in numerous area tests since 1965.

The variety seems to be better adapted to an area 50 miles north and south of Plainview and is not as well adapted

to the North Plains as the Patterson or Clark 63 varieties. Dr. Owen described the variety as having the genetic yield potential of 60 bushels per acre or better under optimum conditions. This includes favorable weather, proper planting dates, irrigation timing and harvesting conditions.

"Experienced soybean producers should average 40 to 50 bushel per acre yield from HP-963," Dr. Owen stated. He noted that in Foundation tests the variety has consistently out yielded Hill and Hinn varieties three to five bushels per acre.

As observed during testing at the Foundation, the new variety is a vigorous, erect indeterminate plant type developing fairly high off the ground for easier harvesting. Dr. Owen pointed out that the new variety usually formed two and three bean pods but under favorable conditions many 4 bean pods developed.

Dr. Owen also emphasized the fact that in foundation tests the oil and protein content of HP-963 was comparable to other currently grown varieties.

## Inez Swicegood is hostess to L'Allegro Study Club

The L'Allegro Study Club met for a regular meeting April 17 in the C. E. Dolle home with Mrs. Inez Swicegood as hostess.

The meeting was called to order by the President, Mrs. L. J. Wallace. Mrs. Bud Thomas gave an inspirational thought.

The following club projects were approved for the following year. Gristown, USA; Community Christmas Projects; residents of Roberts Memorial Nursing Home; Support the Salvation Army, March of Dimes, Tuberculosis, Heart and Cancer Funds and State School For Mental Retarded; Game Night, Community Improvement and Beautification; Bridge Marathon; Project Headstart; Friends of the Library; Advertising in Clubwoman for Caprock District Issue; Community Action Center; and Strickland Park, Museum and Hospital Auxiliary.

Mrs. E. O. Willingham gave a very interesting program on George Washington Carver.

Mr. and Mrs. Roy Fitzgerald of Plains were recent dinner guests of Mr. and Mrs. L. W. Barrett. Also visiting in the Barrett home were her sisters, Mrs. Luler Simpson and Miss Ada Odell of Tatum, N.M.

Following the program, refreshments were served to the following members: Mesdames H. B. Barker, R. L. DeBusk, Van Greene, H. D. Griffith, Elwood Harris, James McClure, Inez Swicegood, Bud Thomas, L. J. Wallace, E. O. Willingham and George Mundhenke.

## Postman vs. property owner can call for legal decision

More often than not, the relationship between postman and home owner is a warm and friendly one. But even into this warm climate a little rain must fall. Such is the case when the postman gets hurt and sues the home owner for damages.

As a general rule, the home owner is not liable if he is not guilty of any negligence. For example:

A home owner was sued by a postman who suffered a bad fall when a rotting porch step suddenly caved in. But a court held that, since the rot was visible only from underneath, there was no reasonable way for the home owner to have discovered the danger.

By contrast, take the following case: A postman slipped and fell in the outer hallway of a home, because an excessive amount of wax had been applied to the floor. This time, there being negligence on the part of the home owner, the court ordered him to pay the postman's claim.

In terms of sheer frequency, the Number One hazard that the postman faces is a bite by the home owner's dog. Many

thousands of on-the-job bites are suffered each year by mail carriers.

In such circumstances, the home owner is usually liable if the state has a "dog bite law." Under this law, a dog's master may be held responsible for a bite even when he was not negligent in any way.

If the state has no dog bite law, the home owner might still be liable — but only if he was somehow to blame for the bite.

In one case, the owner of a vicious dog did take the trouble to post a "BEWARE OF DOG" sign on his front door. However, when a postman rang the bell to deliver a package, the man opened the door and permitted the dog to dash outside and bite the postman in the leg.

A court duly imposed legal liability on the householder. The judge said posting the warning sign did not end his responsibility toward those visitors who, like the postman, had a perfect right to come onto the premises.

### Jack Bakers observe Fortieth Anniversary

Mr. and Mrs. Jack Baker celebrated their Fortieth Wedding Anniversary Sunday, April 27 in their home at 605 East Lincoln.

Approximately 150 guests visited with the couple and were served cake, punch, and coffee from 2 until 5 p.m.

The Open House celebration was given for Mr. and Mrs. Baker by their three children, R. H. Baker of Morton, Mrs. Tommy Tanner of Levelland, and Mrs. Gwen Simpson also of Levelland.

Out of town guests who helped to celebrate the couple's anniversary were: Elder and Mrs. W. R. Dale and Mr. and Mrs. Floyd Lebow of Lubbock; Mr. and Mrs. Tom Williams of Bledsoe; Mr. and Mrs. Gary Baker and boys and Mrs. Christine Baker of Pampa; Dess Stafford of Muleshoe; and Mr. and Mrs. Paul Powell and Mr. and Mrs. H. W. Garvin of Maple.

## Conservation District News

From the Office of BUDD FOUNTAIN

Robert N. Terry of Morton, received 10 pounds of two new types of lovegrass, 603 and 604 Lovegrass. This grass seed was furnished by the Soil Conservation Service Plant Material Center located in San City.

Robert has planted the 603 and 604 along with Ermelo and Common Lovegrass in 10 acre blocks totaling 40 acres. The pasture will be fenced so cattle will have free choice as to which grass they prefer. A close check will be made along with clippings so the grass can be evaluated for palatability.

The question as to which grass to plant

has faced many ranchers and farmers. With people like Robert, who are willing to let the S.C.S. perform such test on their land are helping the Soil Conservation Service to make progress toward answering the question of which grass is best to plant.

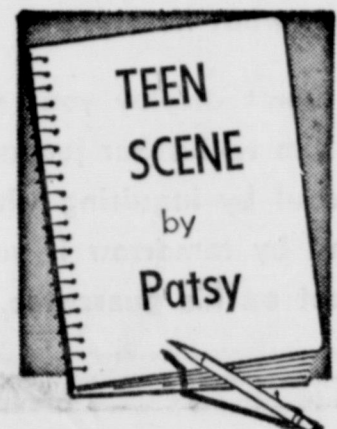

Robert N. Terry's farm is located about 20 miles South of Morton.

Mrs. Lloyd Coffman of Seminole visited her brother, Van Greene and family on Tuesday.

The United Methodist Youth held a rummage sale last Saturday.

Hi gang! Well, here I am with more news around the ol' Teen Scene! How have you all been the past week? I'm feeling pretty good, seeing as how it's only 19 more days until we seniors get out of school, provided we're exempt from finals!

The MHS band went to contest at Levelland last Wednesday, as they do every year around this time. However, the band decided that the whole day was rather a black one. The band made a second division on its concert and a third division on its sightreading. This was quite a let-down from last year's Sweepstakes with all first divisions.

Most of you may be wondering why the band didn't do better this year. Well, I'll tell you my opinion, since I'm in the band and pretty well know what's going on. We just didn't make it, that's all. We didn't practice enough individually, and as a result we didn't play the songs as well as we should have.

The band does still plan on going to

## ASCS Farm News

By John W. Hall

Cotton farmers in Cochran County will vote next month to decide whether, in 1970, they want to be able to sell or lease their cotton allotments outside the county, Danny Key, Chairman, Agricultural Stabilization and Conservation County Committee, has announced. The referendum applies only to 1970 and will be conducted by mail during the period May 5 through May 9. Ballots may also be delivered by hand to the ASCS county office.

The only question to be decided by the balloting is whether upland cotton allotments may be transferred during the next year to other farms by sale or lease. Such transfers may be made by sale or lease for a period of time agreed on by the parties involved. In no case may transfers be made outside the State. An affirmative vote by at least two-thirds of the county's cotton farmers who vote will permit such transfers for the upland cotton crop during 1970.

Cotton allotment transfers were provided by the 1965 Food and Agriculture Act, and past referenda on this question have applied to growing seasons through 1969. The Congress voted to extend the Act to cover the 1970 crop year, and the current referendum will decide the question of transfers for the single year 1970.

Key said, "We hope all producers will vote. The vote should be fully representa-

tive of the wishes of cotton farmers in our county."

The chairman said that copies of the ballot are being sent to all cotton producers of record in the county, together with information describing the program's purpose and operation. Any cotton producer who has a question about the referendum or about who is eligible to vote, is urged to get in touch with the ASCS county office.

All wheat producers that have signed up to participate in the wheat program must certify their wheat acreage by April 30. If a producer signed up to divert all of his wheat, he must certify that he has no wheat planted for harvest.

Producers who wish to draw ACP assistance to plant a cover crop on diverted acres for the summer has until April 30 to sign a request.

## Swindlers Sell Fabrics Marked "All Wool"

SALT LAKE CITY—A smoothly operating band of door-to-door salesmen who sell cheap substitute fabrics as "all-wool" are cheating the nation's housewives out of hundreds of thousands of dollars each year, the American Wool Council has warned here.

The swiftly spreading racket, which fools local authorities in most communities, has reached as far West as Southern California and as far East as Hartford, Conn., according to the Better Business Bureau in New York.

In most cases, victims are persons who can ill afford to be swindled.

Fast-talking and fast-moving members of the organization hit with greatest frequency in rural America. Here, in smaller towns with few stores, these slickly polished gyps can reach the heart of the nation's budget-conscious, home-sewing market.

Telling a story of personal hard luck, the itinerant salesman offers what are described as luxury wool fabrics at sacrifice prices. Authentic-looking labels identifying the fabrics as "all-wool" play a big part in clinching most sales, they add.

Only after the salesman has sped away in his high powered car do both the salesman's story and fabric prove to be synthetic.

"These operations, which constitute a nationwide swindle of gigantic proportions, are cleverly devised to escape effective prosecution and are geographically planned to victimize widely scattered segments of the population," says W. H. Steiner, the American Wool Council's president.

"For every one of the hundreds of local incidents reported each year," he adds, "thousands of sales unquestionably go unreported."

# How to Be a Sucker in 3 Easy Lessons

### LESSON ONE — Things to Avoid

1. Don't read stories like this clipping from the newspaper. To do so may undermine your confidence in hit-and-run salesmen to such an extent that you will never be able to achieve Grade A Suckership.
2. Keep away from your local, taxpaying, community-supporting stores. To shop them carefully may interfere with your free acceptance of the salesman's pitch about offering values that the stores can't beat.

### LESSON TWO — Have Faith

1. Swallow whatever line the nice man hands you, because he and his company (which you probably never heard of) guarantees what he says.
2. Don't display your rudeness by asking him to further jeopardize his immortal soul by inquiring where he could be found by tomorrow if you had to try to collect on his guarantee.

### LESSON THREE — Forget

1. Forget that you may want the people you do business with to help out with local money-raising projects. And where will the peddler be then?
2. Forget that about one-third of the money you spend with local business establishments finds its way into community upkeep and progress, while the peddler puts this part down in his sock.

Farm labor legislation again this year is being pushed in both Austin and Washington by labor-minded lawmakers with little or no regard for the adverse effects such legislation would have on the agricultural economy.

Under the National Labor Relations Act has started early this year. Hearings already are underway before the Senate Labor Subcommittee on the perennial proposal by Senator Harrison Williams (D-NJ) to bring farm workers into the fold of labor unions. The bill is numbered S.S.

to strike at harvest time is capable of destroying a crop. . . He later pointed out that "Food is a vital necessity of life. Food is our existence. To give any one group of persons or organizations control over the flow of this basic ingredient of life would be unthinkable. And to give to any persons or groups complete control over the existence of an independent businessman, the farmer, is unjust."

SPC summer session dates, registration details revealed

First semester summer session at South Plains College will be held June 2 to July 12, inclusive, a six weeks term. Registration will be held June 2 in Room 116 of the Biological Science Building and classes will begin June 4 and meet daily, Monday through Friday.

of the committee's opening attack is sharp and determined, and that employers who constitute the opposition to S-S can well prepare for fast and aggressive action to get the bill before the full Senate as soon as possible.

## Emlea Smith Jr. Study Club has dinner and installation

The Emlea Smith Junior Study Club met in the home of Mrs. Earl Polvado

Phyllis Ann Letbetter

## Letbetter-Freeland set August 22 wedding

Mr. and Mrs. Alva Q. Letbetter, 2101 1/2th Palm Court, Pasadena, announce the engagement and approaching marriage of their daughter, Phyllis Ann, to Bob Freeland, son of Mr. and Mrs. G. Freeland, 302 East Taylor, Morton. An August 22 wedding is planned by the couple.

Miss Letbetter graduated from Sam Houston High School in Pasadena and is presently a junior at Texas Technological College.

Freeland is a graduate from Morton High School and is also a junior at Tech.

for dinner and installation of new officers on Thursday, April 24. Hostesses for the occasion were the social committee and Mrs. Earl Polvado. Mrs. Ted Whillock served as Toastmistress.

Before the dinner, Mrs. Earl Polvado gave the invocation.

Mrs. Tommy Hawkins, Past President, was presented with a corsage and the President's Pin for her excellent work as president this year. Mrs. Sherrill Griffith and Mrs. Gary Willingham also received corsages congratulating them for their awards received at the district meeting.

Mrs. D. E. Benham, using the theme "Mirrors," installed the new officers for the next year. They are: President, Mrs. Rodney Fralin; First Vice-President, Mrs. Sherrill Griffith; Second Vice President, Mrs. Jimmy Harris; Recording Secretary, Mrs. Don Lynskey; Reporter, Mrs. Doug Reed; Treasurer, Mrs. Ronald Coleman; Historian, Mrs. Mike Doss; Auditor, Mrs. Tom Davey; Corresponding Secretary, Mrs. Glynn Price; and Parliamentarian, Mrs. Roy McClung.

During the business meeting standing committee members and department chairmen were named for the following year. Mrs. Robert Terry was elected to membership in the club.

Those present for the installation were: Mesdames, Rodney Fralin, Jimmy Harris, Don Lynskey, Sherrill Griffith, Mike Doss, Ronald Coleman, Tom Davey, Roy McClung, Glynn Price, Tommy Hawkins, James Dewbre, Jim Walker, Gary Willingham, Ray O'Brien, Richard Houston, Mike Holland, Sandy Asbill, Bill Foust, Jim Pat Claunch, Earl Polvado, Loy Kern, Bob Polvado, Keith Price, Doug Reed, Robert Terry, Ted Whillock, and J. W. Tyson. Guests for the evening were Mrs. Katherine Miller, Mrs. Bobby Atkinson, and Mrs. Ronnie Johnson.

Tops in their field . . .

THREE WHITEFACE STUDENTS shown above with head football coach Dale Read are bringing honors to their school in three different categories this year. From left they are Ricky Bennett, who qualified last week to compete in the 120 yard high hurdles in the State Interscholastic Track Meet in Austin May 2, 3, and 4; Mike Teer, who qualified

to compete in the Numbers Sense division of the Interscholastic Meet Academic Division; and Rick Swinney, all-state football player who has been invited to play in the all-star football game at the Texas High School Coaches Convention in Dallas August 7. Teer won first place in the state meet last year in the Numbers Sense Division.

## Sp-4 Dennis Lemons home on leave before transfer to Vietnam

Sp/4 Dennis Lemons, son of Mr. and Mrs. L. T. (Short) Lemons, is home on leave after he has been stationed at Ft. Rucker, Alabama. Dennis is a distinguished graduate in

two classes at Ft. Rucker. In Maintenance Apprentice, an aircraft course, he was first in his class of 23 with an overall grade average of 98.

In a Helicopter Dearthgunner qualification course his grade was 94. After completing his training at Ft. Rucker, Lemons was promoted to specialist 4.

Dennis is to leave here May 5 for Ft. Lewis, Washington where he will await transferring for overseas duty in Vietnam.

On his way home he flew to Ft. Belvoir where he spent some time with his brother, Private Dale Lemons. Dale has also recently graduated as a Power Generator Specialist in Engineering. However, Dale has remained at Ft. Belvoir awaiting orders.

Mrs. Stella Garrett of Memphis was a guest in the home of Mr. & Mrs. James Walker last week. Mrs. Garrett is Mary's mother.

## Piano hobbyists to take part in Annual Piano Auditions soon

Piano hobbyists from Morton and local areas will participate in the Annual National Piano Playing Auditions in Lubbock May 5 and 6. The Morton group will go to Lubbock Garden and Arts Center, 4215 University Avenue and will be heard by Dr. Doreen Grimes, professor of music at Eastern New Mexico University, who will serve as their adjudicator. The students will be graded on may fine points of musicianship, performing all selections from memory.

The auditions are not competitions — the pupils do not compete against one another since the Guild Program is intended to encourage the slow and average pupils as well as the gifted.

The National Guild Program was begun at Hardin-Simmons University, Abilene, in 1929, and the headquarters are still maintained in Texas.

Students who play three selections enter Local Division. They are: Tonya Hodge, Patti Groves, Sherrill Taylor, Phil Clayton, Jaye Linn Greer, Rusti Coleman, Belinda Hunter, Donna Lynskey, Melanie Polvado, Carla Sealy, Vicki Procter, Mary Smith, James Johnson, Donna Cox, Scot Youngblood, Mitzi Scoggins, Rene Lowe, Kirk Mayon, Rhonda Abbe, Rene Beasley, Lisa Bennett, Micki Dewbre, Kelly Denedey, and Prescilla Minor. After entering one year each student may choose the number of pieces and set a higher goal each year as they strive for better musicianship and greater repertoire.

Candidates for District Pins and Certificates who will perform four to six numbers are: Allen Steed, Teresa Crow, Patti Bowers, Debbie Polvado, Robin Polvado, Eddie Turney, Morris Baldrige, Julie Brown, Gail Lasseter, Skip Vogel, Arelene Crow, Lisa Gerik, Sue Winder, Jo Lamb, Carolyn Gray, Judy Steed, and Ann Winder.

Candidates for State Level who play seven to nine pieces are Cindy Hutcheson, Lanita Combs, Melody Crone, Karen Clark, Rayma Hall, Debbie Williams, and Farley Inglis.

Playing ten pieces in National Division are Karen Rozell, Jeana Thomas, and Rheda Jane Brown.

International candidates who will play fifteen to twenty selections are Giorietta Gray and Tomie Johnson.

The pupils are from the class of Mrs. Norma McCarty who has been a Guild Teacher more than twenty years.

## The Farmer's Wife

By Libby Mudgett

HAVE YOU WRITTEN your fan and fan mail today?

You can rest assured that other people have and if you want to get in your two cents worth of say about what you see, hear and read, you'd better get busy. If your favorite program is taken off the air, do you just wonder but never write and ask how come?

If your local TV or radio station does not carry something you'd like to see or hear, do you complain to your friend or to the station?

IF YOU READ something you particularly like, do you tell the person responsible or merely mutter to yourself that thank heavens, at least somebody's still left that agrees with you?

Here's a list of events that happened in 1968 that, had TV stations paid strict attention to the complaints of their viewers, would not have been shown on your TV screens:

The President's State of the Union message.

The UN hearings on the Pueblo. Secretary of State Rusk's testimony before the Senate Foreign Relations Committee on the war in Vietnam.

Coverage of the assassination and funeral of Martin Luther King.

Coverage of the assassination and funeral of Robert Kennedy.

The national conventions.

Apollo 8's flight to the moon.

WELL, THIS SHOOK ME UP, and I hereby am starting to write my mail, both fan and pan.

Dear ABC, NBC, and CBS.

Interrupt any and all programs whenever something affecting my country is happening. You can finish up the programs interrupted during those stupid late night talk shows.

DEAR LOCAL TV stations, Whenever extraordinary news or just an ordinary special is available to you,

PLEASE CARRY IT! You can let the world finish turning during your slot for fascinating local personalities or something.

DEAR CBS, Thanks for dropping the Smothers Brothers. Why didn't you do it after about the fifth show?

DEAR ABC, NBC, and CBS, Don't quit showing our boys in the Vietnam war getting wounded and killed. So it's violence, but it's also war. If they can fight, it, we can bloody well watch it. Prime time, please.

DEAR LOCAL TV stations, Why don't you carry more editorializing, if it's frankly stated as such? You know, like Paul Harvey, Eric Sevareid, and the farm report?

DEAR ABC, NBC, and CBS, Please get together and quit showing all of your best programs at the same time and all of your stinkeroos likewise. I've already worn out two station changers because of your inconsideration.

DEAR LOCAL TV stations, Please show your early morning news later in the day. Anybody that gets up that early doesn't deserve to know what all happened while they slept.

Mr. and Mrs. Barry Winn, Texas Tech students of Lubbock, visited in the homes of their grandparents, Mr. and Mrs. C. B. Jones and Mr. and Mrs. George Igo last week.

Mr. and Mrs. R. C. Strickland and Mrs. Pat Mullinax attended the 50th Wedding Anniversary of Mr. and Mrs. Hershel Jones in Meridian. They returned home Sunday.

# STATE Capital NEWS

By VERN SANFORD

AUSTIN, Tex. — After a slow Monday-Wednesday, legislators wound up last week in a blaze of speed, turning out more than 100 bills on climactic Thursday.

Senate passage of a much-amended \$1.25 an hour minimum wage bill, with a push from Lt. Gov. Ben Barnes, highlighted the action. Bill survived Senate filibusters. Now it goes to the House where Speaker Gus Mutscher reports its fate will be decided in a floor battle.

Also triumphant over filibusters was the bill to set up Texas State Technical Institute under a separate governing board with authority to operate facilities in Waco, Harlingen and Amarillo areas. It now is known as James Connally Technical Institute and is under the Texas A & M University System. Only those courses which area junior colleges can't or won't offer could be taught in this job preparation field. Bill goes to Gov. Preston Smith for signature.

HOUSE, EARLIER, voted to split the Parks and Wildlife Department into separate agencies regulating parks and game and fish. Senate apparently is cool to the "divorce" plan.

House also voted to create University of Texas of Permian Basin near the present Odessa College campus and agreed the name of the Liquor Control Board should be changed to Texas Alcoholic Beverage Commission.

Both houses agreed on bills to provide for misdemeanor action against corporations charged with air and water pollution.

A Senate-passed bill would permit admission of oral confessions as evidence in criminal trials.

WATER PLAN ADOPTED — Nine billion dollar Texas Water Plan has been formally adopted by Texas Water Development Board, and implementing legislation is moving fast.

Water Development Board accepted the plan, which includes a proposal to import some 12 to 13 million acre feet of surplus water annually from the lower Mississippi River to meet state requirements to the year 2020.

Water Rights Commission set the stage by entering an official finding that the plan "gives adequate consideration to protection of existing water rights and takes into account modes and procedures for equitable adjustment of water rights to be affected."

BOTTLE CLUB RULES — Texas Liquor Control Board has set May 9 for a public hearing on a new proposal for private-club rules and regulations, drawn up after a previous hearing.

New draft includes major changes to allow the use of computers in record-keeping; more detailed regulations on record-keeping for tax collection purposes; definitions of "guest," "member" and "member's family"; a definition of food service required at clubs and more detailed rules on the locker system.

LCB also agreed to ask the Legislature for an additional \$834,523 in appropriations — over what the Senate-passed money bill would give the LCB.

That extra money is needed, Board says, because of passage of a bill revising the Liquor Control Act, recent increases in licenses and permits and "the further fact that there are now three ports of entry on the Mexico border which are presently not manned with . . . tax collectors."

COURTS SPEAK — State Supreme Court has held that Orange-Bridge City retired machinists cannot collect unemployment compensation unless they actively seek work.

High Court also found an Amarillo couple entitled to damages from Ford Motor Company as a result of an accident caused when a truck with faulty brakes hit their car.

Court of Criminal Appeals sustained a new law directing motorcycle riders and passengers to wear prescribed helmets. Same Court upheld death sentence for a Houston man charged with beating a baby to death.

AG OPINIONS — Although the Legislature intended ballots may be prepared so as to be compatible for use in automatic tabulating equipment, those used with electronic devices must be similar to ordinary paper ballot, Atty. Gen. Crawford find they are an essential part of the Martin has concluded.

Martin also held that Baptist hospital parking lots can be exempt from taxes if local tax authorities find they are an essential part of the hospital operation.

There is no authority to use county funds for purchasing volumes of a county history.

SCREWORM CASES FEW — Texas had only eight cases of screwworms confirmed in March, which — with the nine cases found in February — marks the end of the serious screwworm outbreaks last summer and fall.

Spring is about here, however, and the Texas Animal Health Commission foresees "more problems." Rain and warm weather hurt the control program.

A joint report of the Commission and the Animal Health Division of the US Department of Agriculture says that 200,

272,000 sterile flies were dropped in Texas during March to fight the expected increase.

Report also shows that 184 Texas counties now are modified certified brucellosis counties, 30 other counties are being tested and 32 others are under modified certified testing.

VISTA PROGRAM SIGNED — Governor Smith announced signing of a VISTA (Volunteers in Service to America) project to benefit aged in a 16-county Central Texas area.

Counties which have highest percentage over-65 population in the state include Coleman, Callahan, Concho, McCulloch, Runnels, Brown, Blanco, San Saba, Mason, Mills, Llano, Hamilton, Eastland, Erath, Bosque and Comanche. Community Council of Blanco and Comal counties and

Central Texas Opportunities Inc. will serve as delegate sponsors, and Hill County Action Association as prime sponsor or grantee. Twenty VISTA volunteers will assist in the area.

TEACHER-SHORTAGE GRANTS — US Office of Education has awarded the Texas Education Agency six grants totalling more than \$600,000 to attract and qualify teachers to meet the critical teacher shortage.

A TEA spokesman said the projects represent a cooperative effort among six regional education service centers — at Amarillo, Austin, Corpus Christi, El Paso, Houston and Richardson — with local education agencies and colleges and universities.

SHORT SNORTS — State Welfare Commissioner Burton G. Hackney said that the plight of Texas' dependent children will worsen steadily unless a Constitutional amendment on welfare programs is approved in a special election August 5.

U.S. Supreme Court knocked out state residency requirements for welfare assistance, but decision will not have "tremendous effect" on Texas finances, welfare authorities report.

Land Commissioner Jerry Sadler banned

mini-skirts and long sideburns for General Land Office employees.

Governor Smith has signed into law the bill to set up a procedure for handling development of the state's sulphur royalties interests in the West Texas sulphur fields much as the state's oil interests are handled.

Vernon M. Arrell is new director of Program on Alcoholism for Texas Department of Mental Health and Mental Retardation.

Jack Revill, chief of Department of Public Safety Criminal Law Enforcement Division, will serve on National Organized Crime Advisory Committee of Law Enforcement Assistance Administration.

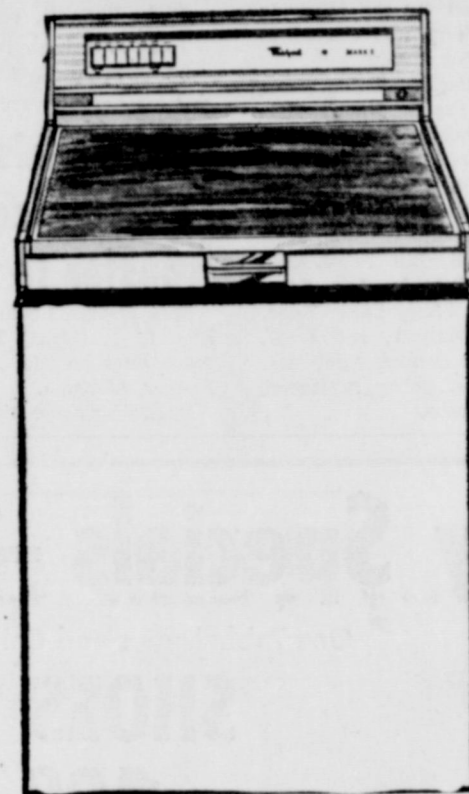

Love B. Johnson of Dallas is director of Negro Voter Division of Republican Party of Texas and Harry D. Pittman of College Station is director of Office of Field Operations and Candidate Support.

John E. Chapoton, a Houston GOP, will serve as staff attorney in Office of the Legislative Council, U.S. Department of Treasury.

Mr. and Mrs. Hansford Tunnell, Mrs. and Tim of Brownfield spent the weekend in the home of Mr. and Mrs. Gary Williams.

### Three Way ISD

The Three Way ISD is taking bids for Butane for the 1969-70 School Year. All bids must be returned to the Superintendent's Office, Box 87, Maple, Texas by June 1, 1969.

### Tops in basketball ..

FREDDY THOMAS presented the outstanding basketball player award to two Indians who wound up in a tie for the honor. Byron Willis and Wayne Thompson were judged by their squad members as the two outstanding players of the year. The all-around play of Thompson and the high scoring and exciting play of Willis made the choice so difficult that they had to be chosen as a team.

Mr. and Mrs. Bob Mayon and Tresa left Sunday for Houston. Tresa entered M. D. Anderson Hospital Monday morning. Lane and Kirk Mayon are staying with Mr. and Mrs. W. J. Word.

Mrs. James Walker and Mrs. Gary Willingham spent Wednesday in Lubbock purchasing recreational equipment for Girlstown for the Emma Smith Junior Study Club.

Vikki Cunningham, Marilyn Cade, and Mrs. Verne Beebe

### Whiteface has three important FHA'ers

Three outstanding FHA members at Whiteface High School are Vikki Cunningham, Marilyn Cade, and Mrs. Vern Beebe. Vikki and Marilyn received the State Degree of Achievement at the Area FHA meeting in Lubbock. They will also be honored at the State Convention in Dallas May 1, 2, and 3. Mrs. Beebe was awarded Honorary Area membership at the Lubbock Convention.

Marilyn Cade, daughter of Mr. and Mrs. A. E. Cade, is a senior at Whiteface. Some of her honors and activities other than her State Degree include: Outstanding student in Homemaking II, FHA President, National Honor Society member, Outstanding student of Whiteface High School, Young Homemaker's Little Sister,

and Honorable mention All-District guard in Basketball this year.

Vikki Cunningham, who is a Junior, is the daughter of Mr. and Mrs. Leo Cunningham. Along with her work on the degree, she was the 2nd vice president of the FHA, Class favorite, scholastic favorite, and Girl of the Semester this year. Her hands will be busy filling the job of incoming President of the chapter next year.

Mrs. Beebe is an English teacher in the Whiteface Public School system. She is sponsor of the Senior class, Annual staff, and National Honor Society. In February, Mrs. Beebe was initiated into the Whiteface FHA Chapter. Honorary Area membership was awarded based on her service to the Whiteface Chapter. She has sponsored FHA pleasure trips, trips to State and Area Conventions, directed FHA choirs, written and narrated style shows, presented programs, and aided girls working on state degrees.

## 1936 Study Club met in Glenn Thompson home here April 16

The 1936 Study Club met April 16 in the home of Mrs. Glenn Thompson.

At a short business meeting, Mrs. Bill K. Sayers was elected to membership in the club. Members were asked to sign up for work with the Headstart program of the school this summer. An installation of officers was also set at the meeting for May 7 at 4 p.m. in the home of Mrs. H. B. King.

Mrs. John Crowder was in charge of a Safety Program for the day. She presented a Revised Digest of Texas Motor Vehicle Laws and conducted a quiz of the members on their understanding and knowledge of these laws. She emphasized the fact that laws are

merely guides for human conduct and that by learning them each driver removes himself from the nuisance class — the man who can read and doesn't is no better than one who can't.

Mrs. Crowder also spoke of the tremendous financial loss from traffic accidents and the fact that there are more traffic deaths than in all the wars since 1775.

Other members enjoying the program were: Mesdames W. C. Benham, Hume Russell, Lloyd Miller, Joe Nicewarmer, Joe Gipson, Neal Rose, L. F. Hargrove, D. E. Benham, Gage Knox, W. W. Smith, H. B. King, James St. Clair, B. H. Tucker, and M. C. Ledbetter.

## LeFleur Garden Club meets in Mrs. Roy Hill home April 24

The Le Fleur Garden Club met on April 24, in the home of Mrs. Roy Hill for a program on "Period Arrangements."

During the business session, Mrs. J. L. Thomas was accepted as a new member. Mrs. L. Z. Scoggins, president, reported on the District 1 Garden Clubs Convention which was held recently. The annual Garden Club Pilgrimage will be on May 12 to Burdgett's Flowerland near Cloudcroft, New Mexico.

Mrs. Darland, treasurer, reported that \$19.00 was paid by the club for hoeing of weeds on the Museum grounds project.

Final arrangements for the Placemeit Flower Show on May 3, in the home of Mrs. Jack Baker were made. Members will meet on the evening of May 2 to work on arrangements.

For the program, Mrs. Hill discussed the history of Flower Arrangements, stating that each period of history evolved its own styles according to the general economy, personal tastes of the leaders, art trends and other standards of that particular era. One of the most beautiful, airy graceful type was the "French" period. Mrs. Hill created a "French in feeling" arrangement, meaning it was not authentic period as to container, flowers used background, etc.; but was similar. She used purple iris, Scotch Broom, Lilacs, Wisteria and blue Cornflowers.

After the meeting, members worked at the Museum Project laying out borders and flower beds.

Members present were: Mesdames Olin

Darland, Owen Egger, Buford Elliot, E. R. Fincher, L. Z. Scoggins, Clayton Stokes, W. A. Woods and the hostess.

**GOD'S  
 WILL**

The greatest  
 commandment is  
 that we should love our God.

This is a free choice  
 that man has, but it is  
 God's desire that all  
 would seek Him. He is our  
 heavenly Father, and desires  
 only the best for us.

**ATTEND CHURCH**

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.
