Donna Stone of Big Spring was crowned "Miss Girlstown, USA" in Open House festivities Sunday afternoon in observance of the 20th anniversary of Girlstown, USA. Linda Metcalf, former holder of the title, crowned the new Miss Girlstown, USA.

Other candidates for the title were Patricia Weeks of Midland, Linda White of Beaumont, Beatrice Moody of San An-

tonio, and Billye Nairn of Texas City, formerly of Morton.

The Open House began at 2 p.m. with residents of the home giving guided tours of the facilities. After the coronation of the new "Miss Girlstown, USA," guests and residents were served barbecue.

The L'Allegro Study Club of Morton and Beta Sigma Phi of Lubbock served as hostesses for the occasion. Members

of the study club who were present included Mrs. J. C. Reynolds, Mrs. Bud Thomas, Mrs. R. L. DeBusk, Mrs. E. O. Willingham, and Mrs. Al Mullinax. A number of other persons from Morton were also present.

Mrs. DeBusk estimated that about 2,000 visitors attended the affair. Many former residents of the home were present with their families.

Girlstown, USA was founded in April, 1949, near Abilene. In July, 1949, the late Tom Duggan of Lubbock donated the present site, nine miles south of Whiteface on FM 1780, to the home. Nine girls arrived there on July 13, 1949. Since that time, almost 1,000 girls from throughout the nation have found a home at Girlstown, USA.

## Hospital administrator named

Truman Swinney of Whiteface was named Monday night as the new administrator for Cochran Memorial Hospital, according to Glenn Thompson, secretary of the hospital board. The action came at a called meeting of the hospital's board of directors.

The administrator's post has been vacant since the resignation of Jim McManus on June 10. Sue Cross, bookkeeper, has been serving since that time as acting business manager.

Swinney, 40, is to assume his new duties at the hospital on August 15. His salary will be \$10,000 annually, according to the minutes of the hospital board's called meeting. He will attend a meeting of the Texas Hospital Association in Lubbock today (Thursday), together with Mrs. Cross and Eva Rowden, nursing supervisor.

Since January 1, 1950, Swinney has been serving as city clerk for the City of Whiteface. He is also associated with Beseda Grain Company, and he has engaged in a number of other activities at various times.

A resident of Whiteface since 1938, Swinney graduated from Whiteface High School in 1947. He and his wife, Mary Lou, have two children: James Rick, 18, and Kathy Ann, 15. Rick, an All-State football star for the Whiteface Antelopes, graduated from Whiteface High School this spring. He will play football at Texas Tech in Lubbock this fall, attending the university on a full scholarship. Kathy Ann will be a sophomore at Whiteface High School this fall.

The Swinney family will continue to reside in Whiteface for the time being, and he will commute to the hospital in Morton. Swinney's mother, Mrs. Alene Swinney, lives next-door to her son's family in Whiteface. The Swinneys are members of the First United Methodist Church in Whiteface.

In an interview with the Tribune, Swinney said **HOSPITAL**, Page 7a

### ★ Covered dish supper

There will be a covered dish supper on Thursday, July 14, at the park for Mr. and Mrs. Paul Blackwell and son, Mark, of Fairbanks, Alaska. Blackwell is with the U. S. Post Office there. The family has been gone from the county for approximately ten years.

The Blackwells will be here for only a short time and the supper will begin at 7 p.m.

All former residents of the Familiner community and friends of the Blackwell family are invited to attend. Each family attending is to bring a covered dish of their choice and dishes for their family.

## Capt. Nolan and expedition found county dry in 1877 trip

by ELVIS E. FLEMING

When Captain Nicholas Nolan led an expedition across Cochran County on July 27, 1877, the 40 Negro cavalrymen and 24 buffalo hunters found the area very hot and dry. To add to their misery, they were lost, and their guide, Jose Tafoya, a former Comanchero who had been General Mackenzie's scout at Palo Duro Canyon in 1874, could not remember where the waterholes were.

The buffalo hunters had been searching the South Plains all spring and summer for Chief Black Horse, or "Nigger Horse," as they called him, and his Quahadi Comanche renegades who had escaped from Fort Sill in December, 1876, and had been stealing horses from the hunters. The soldiers were Company "A," 10th U.S. Cavalry, from Fort Concho. They were commanded by Nolan and Lt. Charles Cooper. As the two groups were looking for the same Indians, they decided to join forces.

Tafoya sighted Indians leaving Rich-

Lake, Terry County, on the 26th, and the expedition set out after the party, believed to be about 40 in number. The Comanches carefully led their pursuers on a zig-zag trail away from the waterholes. The first night, the soldiers and hunters camped near Meadow.

On July 27, they continued across Hockley and Cochran counties on a northwestern course, following along the north side of the sand hills and Sulphur Draw. After going into New Mexico about 20 miles, they turned northeast and camped on a small hill which is located just east of Lingo and just west of the state line. The 55-mile march in the hot July sun was too much for some of the horses and men. Two dozen men were prostrated and several horses were dying. When the horses died, the men cut their throats and tried to drink the blood, but it made them sick.

Many of the soldiers deserted from the camp at the hill. The hill is known to

Tri-City had four. Pitching the no-hit, no-run contest for Frontier was Keith Embry of Morton, sophomore at Morton High School.

Action Tuesday evening saw Lamesa blank Lynn County 2-0. The victors had two errors and Lynn County had one. Robert Hardberger was credited with the win.

Tuesday's second stanza was the second game for Levelland and Frontier. Levelland stomped Frontier 7-1, with Darrell Weaver being the winning pitcher. Levelland had one error and the losers had four. Bryant Lewis pitched for Frontier.

Games to be played Wednesday night were Lubbock and Tri-City at 6:00 and Lamesa against Levelland at 8:00.

The Frontier All-Stars will be up against Lynn County in the first game Thursday night.

Maurice Lewallen, Frontier League official, stated that the attendance at the first two nights was excellent. The tournament continues through Saturday night. (Picture Page 7a)

## Babe Ruth tournament action continues at Hofman Park

South Plains baseball fans are seeing plenty of action this week in Morton as the Frontier Babe Ruth League hosts the Division Five Babe Ruth All-Star Tournament at Charles Hofman Park. Two games are being played each night in the ten-game tournament, featuring six All-Star teams from across the South Plains.

In the first game Monday evening, Levelland leveled Lubbock 6-2, with two errors for the winners and four for the losers. Grant Duke was the winning pitcher.

Monday night's second game, the Frontier League All-Stars, made up of players from Morton, Whiteface, and Sundown, got the drop on the Tri-City All-Stars, from Denver City, Plains, and Seagraves, in a 10-0 shut-out. Frontier had one error while

TEMPERATURES in the high 90's was very little deterrent to the large number of eager anglers that turned out to participate in the Fishing Rodeo held at Strickland Park lake Saturday. Many fish were caught, too, and some of respect-

able size. The morning hours were the most productive with one fish of 17 1/2 inches reported taken. The entire shoreline of the lake was populated as shown above as kids of all ages tested their angling skill.

ARTIST EDWARD YORK'S CONCEPTION of the lost expedition of Capt. Nicholas Nolan is pictured here. The 40 troopers of Company "A" of the 10th U.S. Cavalry, together with 24 buffalo hunters, were lost in the Cochran County area in July, 1877, and were without water for 86 hours. **IF FOOD WERE WHISKEY,** a lot of us would be alcoholics.

**A TRIBUNE AD,** from a local emporium, declares "Ladies ready to wear dresses." It's about time they were getting ready to wear something.

**SENATOR MCGOVERN'S** trip to Paris and the cozy little chat he had with the Commies would have been considered treason not too many moons ago. And, we notice he swallowed their line, hammer, sickle, and all.

**THE POPULATION EXPLOSION** could be controlled by declaring a legal holiday every-other weekend, judging from the casualty reports over the July 4th weekend.

**SPEAKING OF THE FOURTH OF JULY** reminds us of an attempt by some local junior-high students to write the Pledge of Allegiance from memory. A composite of their boo-boos reads like this: "I pledge a legion to the flag of the United State of American, and to the Republican for witch it stand, one brotherhood, invisible, under god, with library and just bust it all. Amen."

**GEORGIA'S GOVERNOR** Lester Maddox, responding to the Justice Department's demand for "complete desegregation" of the dual school systems for the black and white children in that state, said, "Phooey on the whole crowd." In other words, he is ag'in desegregation. Les ought to know by now that a feller can't hardly practice antidesegregationism in this country any more.

**PEOPLE WHO THOUGHT** that federal aid to schools would not mean federal control need to take a gander at the problems of Lubbock, Austin, and others. It's not that we're opposed to the programs. They could accomplish much good if they had somebody in the Department of Health, Education, and Coddling Kooks (HECK) to administer the programs with a little horse sense.

**BEING RELATED** or being neighbors are poor excuses for bringing people together for socializing.

**LITTLE LEAGUE** is a fine thing. You've never seen a prouder bunch of people than the Little League managers, coaches, and parents. Especially Cousin Buckley Tyson and his champ Colt 45's. One thing about Little League that we could never savy, however, is why the season starts and ends so early. It starts about the middle of May, right when those kids need to be getting ready for the end of school. And it ends about the first of July, with two-thirds of the sum-

mer left. How come it couldn't start the first of June and end about the middle of July? That would be plenty of time for tournaments and vacations before school starts.

**A PENNY** for the thoughts of a lot of people would be a waste of money.

**HAVE YOU EVER** tried to make any sense out of the way the avenues in Morton are named? If you've figured out that they're named after Presidents, chalk up one point. But, are they in alphabetical order, in the order they served, in the order they were born, or what? Well, it's more-or-less in the order they served. Starting at Highway 116, we have Washington. That's OK. Going north, we have Wilson, instead of Adams. Then they are in order from Jefferson through Polk with the exception of a street of John Quincy Adams. What do Mortonites have against the Adamses? Now, come back to Washington and proceed south. We have Taylor through Garfield in the order they served, with the exception of a street for Andrew Johnson. For some reason, we skip Arthur, Cleveland, Benjamin Harrison, McKinley, Roosevelt, and Taft. Wilson is out of order. Then our last street going south is Harding.

**A DISAPPOINTING FEATURE** of these street names is that our first residential street, coming in from the south, is named for the sorriest President we ever had, Warren G. Harding. One of our main drags, Grant, is named for the second sorriest President. Another, Buchanan, is named for an unknown. Reckon we'll ever get up to Kennedy, or Nixon?

**OUR UNCLE GEORGE** claims that he caught a fish that was so big that the PICTURE of it weighed 80 pounds.

**WELL, TILL NEXT WEEK,** remember to be good to your friends, because if it weren't for them, you'd be a total stranger.

Rowden, an auto mechanics instructor at Morton High School, had to complete two summer schools at Texas A&M University to earn the certification.

Instructor E. C. Fisher said that most vocational industrial teachers come direct from industry. A&M's role is one of "preparing teachers to better instruct their pupils," Fisher said.

**The Farmer's Wife**

By Libby Mudgett

LIKE MOST EVERYBODY else, I long ago learned to accept the fact that news coverage was going to be consciously or unconsciously slanted. (Seeing Walter Cronkite so blatantly slant, though, was a little like having my own grandpa lie to me.)

It's hard not to slant. Cold facts can be slanted by omitting some and including others. True statistics can be slanted, merely by arrangement and rearrangement.

There's a piece of reportage in Newsweek, though, that was slanted so far it was lying down — also up and sideways — but still laced with enough truth it was frustrating.

I'd like to take it apart, sentence by sentence, but will satisfy myself with mere fragments.

"... THE FARM SUBSIDY program has been one of Capitol Hill's most sacred of sacred cows..."

Now hey there! We farmers can name a lot more than that. Railroads, airlines, labor unions, welfare programs, all of Foggy Bottom, oh forget it.

"... protected and sustained by poignant memories of widespread farm foreclosures during the Depression."

I hate to disillusion that reporter, whoever he is, but I've seen more people leave the farm from necessity in the last few years than I did during the Depression.

"... the program's principal function is to insulate the economically vulnerable — and nostalgically cherished — small farmer from ruinous fluctuations in harvest and crop prices."

FARMERS ARE nostalgically cherished? By whom?

"... the main beneficiaries are the new breed of large, highly mechanized enterprises that dominate U.S. agriculture.

Maybe so, maybe so. But let's talk over the reasons mechanized farming came into being. For one, farm laborers could make more by going to the city and getting on government welfare.

And then there was the bracero program

that the government put a stop to.

What was there left to do but mechanize? The cost of which put (and is still putting) many a farmer off the farm.

"Some 16,430... farmers... receive more than \$20,000 a year in subsidy payments; five farms get more than \$1 million apiece."

See, I told you statistics could be slanted. Just how representative do you think those five farms are? Or for that matter, those 16,430?

Well, the whole point of the article was to tell us that the House of Representatives had passed a measure that would keep federal subsidies to any one farm under \$20,000 and to inform us that the Senate just might do likewise. Well, okay.

But here's the way it was worded: "... no farm could claim more than \$20,000 a year in Federal handouts."

FEDERAL HANDOUTS!

"... the House's leadership... attempted to defeat it by bringing the measure to an initial vote on a Monday, when many city-based congressmen are customarily found back home."

Now right there, uh oh. Ah ha! City-based congressmen have the custom of being home on Monday? While Congress is meeting? Do I detect an unintentional compliment to country-based congressmen?

"(quoting Rep. Conte of Mass.) It is high time that congressmen and senators who have their faces in the public trough stop collecting subsidies or do not vote on these bills."

PUBLIC TROUGH!

"(Rep. Findley of Ill.) also pointed out that many of the countries... that refuse to participate in Federal food programs for the poor were the very ones that benefit most from farm subsidies... Lynn County, Texas."

I must have missed something. Where's the connection?

"Findley politely refrained from noting that Lynn County is also the home of George Mahon, chairman of the House

**Peace Corps test to be given on July 19**

Morton area residents who are interested in putting their skills to use in developing nations around the world are invited to take the Peace Corps Placement Test at 1:30 P.M. on Saturday, July 19 at Room 206, New Post Office, 1515 Avenue G, Lubbock.

The Peace Corps uses the placement test to determine how an applicant can best be utilized overseas. The test measures general aptitude and the ability to learn a language, not education or achievement. The test requires no preparation and is non-competitive; an applicant can neither pass nor fail.

Persons interested in serving with the Peace Corps must fill out an application, if they have not already done so, and present it to the tester before the test. Application forms are available from post offices.

Appropriations Committee...  
Aw see, I told you it was so slanted it was lying in all directions.

**Former Cochran Countian runs Vietnamese orphanage**

Capt. Verdell C. Masten, formerly of Morton, was assigned to South Vietnam earlier this year and has been placed in charge of an orphanage at An Khe. The son of Mr. and Mrs. Cecil Masten of Wellington, Masten spent much of his childhood in Cochran County. The family formerly lived 12 miles west of Morton on Highway 116; they moved from the county in 1955.

Masten, 30, has charge of an orphanage, a church, a school, and about 18 square miles of Vietnamese territory. In a letter to his family, Masten wrote, "It is my job to mix with the people, learn how they think and live, try my best to improve their ways of living, help and provide materials for a better life, etc."

Operating on a shoestring, Masten has asked clubs, Sunday School classes, Camp Fire Girls, or any other organization to take on the project of sending children's clothing to him for the Vietnamese orphans. "If anybody would like to send something, have them to send it to me and I will make pictures and send letters to them."

In addition to clothing, Masten stated that gardening tools and seeds, especially squash and watermelon seeds, are badly needed. In explaining the plight of his charges to his family, Masten wrote, "A lot of these kids don't even know or remember either of their parents. Some remember their mother, but only remember the night that the VC came into their village, took everything they had in the house to eat, raped their mother, and then she refused to go out and fight, she was killed."

"Everybody in the United States needs to get down on his knees and pray to God and give thanks to God that he was born in the United States."

Masten attended Neely Ward School in the elementary grades and started his high school education in Morton. He later graduated from Wellington High School. His parents, his wife, and his infant

daughter live in Wellington. Mrs. Bill Wood, Donald Mac Masten, and a number of other Cochran County residents are related to Masten.

**Red Cross meeting flops; chapter may fold**

Cochran County residents stand dangerously close to losing the services of the Red Cross, following a second attempt Monday night to revitalize the local chapter. Mrs. Bill Sayers, an experienced Red Cross worker, was the only interested citizen who appeared at the downstairs meeting room at the courthouse for the public meeting.

Charles Fodor of Lubbock, Red Cross field representative, explained that the local chapter must get organized, elect officers, and conduct a fund-raising campaign before September 1. Otherwise, the county chapter will be removed from active status and be designated as a reserve chapter. This means that Red Cross materials will not be sent to the county and the field representative will call only once a year, instead of once a month, unless requested to do so.

Fodor emphasized that it is not the desire of the national organization to remove the Cochran County chapter from active status, but that it is the lack of interest and activity on the local level that has led to the present situation. Bill Crone, county treasurer, has carried the load of service to military families alone for several years. No fund-raising campaign has been held for seven years. Mrs. Sayers, not willing to see the benefits of the Red Cross taken away from the people of this area, volunteered to do contact clubs and other organizations in a last-ditch effort to reorganize the chapter. Plans for such a future meeting will be announced later, Mrs. Sayers stated.

God Bless...

God bless Mommie, Daddie, and all my friends at church...

*"Hearken unto the voice of my cry, my King, and my God."*

God's word has a great deal to say about prayer, for prayer is our means to communicate with God. Through prayer we can give thanks, petition for our friends, and seek God's wisdom for our daily living.

Make prayer a daily practice in your life.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

### Museum work slated for next Tuesday

A work-day was scheduled for next Tuesday at the museum in a noon meeting of the Cochran County Historical Museum Association's board of directors. The museum board and the Historical Survey Committee met in a session in the dining room of the Wam restaurant.

Plans for the workday call for establishing a filing system for proper identification of objects placed in the museum. Members of the museum board and the Survey Committee will work at the museum throughout the day at their convenience. Other interested persons are invited to be present to help bring items to the museum display. The board plans to keep the museum open during the days of the scheduled rodeo the weekend in August.

Mrs. Willard Henry, vice-president of the board, presided in the absence of president Murray Crone.

In the Survey Committee's portion of the session, reports were made on the historical marker applications which are being secured by the committee; and Mrs. Russell, treasurer, reported that the "Cochran County Sketchbook" sales have now brought in enough funds to pay for the cost of publishing and distributing the folios. Elvis E. Fleming, chairman, reported that the sketchbooks

are now available at the Tribune offices. Fleming informed the committee that the August meeting will be his last as chairman of the committee. His resignation is necessary because he is moving to Roswell, N. M., to teach in the college there.

Nine persons attended the luncheon meeting.

### Lions share wins in benefit ball games

It was a toss-up between the Morton and Whiteface Lions clubs last weekend, as they each took one softball game in the two-game benefit series. The games were played at Charles Hofman Park in Morton Thursday and Saturday nights. Proceeds from the games are to go toward providing local Boy Scouts with a meeting-place.

The Whiteface Lions stomped the Morton club in the opener Thursday night by a score of 31-16. Oren Peden was the winning pitcher. Deryl Bennett was blamed with losing for Morton.

Morton edged Whiteface 14-13 in a squeaker Saturday night. Owen Young took credit for the win, and several Whiteface pitchers contributed their parts to the loss.

According to Tommy Hawkins, president of the Morton Lions Club, about \$73 was netted by the two benefit games.

this day as "Nigger Hill" as a tribute to the "buffalo soldiers" of the 10th.

On the morning of the 28th, they decided that they needed water much more than they needed the Indians, so they turned back to Double Lakes. The buffalo hunters parted from the soldiers and tried to find Silver Lake. They missed Silver Lake, but found Yellow House Springs. The hunters had gone without water for 76 hours.

The soldiers were forced by exhaustion to make camp, probably about where Morton presently is located. At 11:00 the night of the 28th, they started packing the horses and mules. After three hours, the weary group proceeded toward Double Lakes. They made 25 miles, then stopped to rest in the shade of their saddle blankets. Finally, they arrived at Double Lakes on July 30 at 4:00 a.m. The troops had been without water for 86 hours.

Sixteen men were sent to retrace the route to rescue stragglers and bury any dead. They arrived back in Cochran County and in the Nigger Hill area on August 2. They found 107 horses and mules in the sandhills along the stateline south of the present town of Griffith. They also found the camp of the Indians in the sandhills, seven miles south of Nigger Hill.

They found out later that the Indians, who by then were led by the great Comanche chief Quannah Parker, had watched the plight of the Nolan expedition through binoculars from the sandhills. Quannah Parker had been sent from Fort Sill by General Mackenzie to find the renegades. After the soldiers and hunters were gone, Quannah Parker led the Indians back to Indian Territory.

Two of the Negro soldiers had died, and two others were missing and presumed dead. Two private horses, 23 government horses, and four pack mules had died on the excursion.

Although Capt. Nolan considered his outing a failure, the Indians did return to the reservations. This was the last attempt of the Texas Indians to live free on the High Plains. The Nolan expedition was instrumental in removing the Comanche barrier to the settlement of the South Plains.

According to Courtney Sanders of Morton, a skeleton and a rifle were found in the sandhills of Cochran County in the summer of 1967. Authorities of the West Texas Museum at Texas Tech believe that the remains could possibly be those of one of Nolan's troopers.

### Former local pastor-painter has art show

Kenneth Wyatt of Tulia, former pastor of the First United Methodist Church in Morton, is having 37 of his western paintings exhibited before the financial and art elite of Pittsburgh, Pa., this week. Special invitations were sent to 325 persons for a preview Monday afternoon in the offices of Butcher and Sherrerd.

John L. McCarty, owner of High Plains Galleries, Wyatt's agent, will handle sales at the show. Wyatt's brother, Gerald, is manager of the office where the show is being held.

The rise of Wyatt as a celebrated western artist has been phenomenal. Ken Curtis, "Festus" of television's "Gunsmoke," purchased a number of Wyatt's paintings in Amarillo early this year. One of Wyatt's paintings was featured on the January cover of "Quarter Horse Journal." He has also done a cover and story illustrations for "Southwest Heritage Magazine," and he has been commissioned to do additional magazine covers.

### Local couple robbed

Marshall Leitzell, Morton photographer, has informed the Tribune that he was the victim of a robbery in Denver, Colorado, on July 4. Leitzell and his wife left Morton on July 2 for a combination vacation and hospital trip to Denver. They were in an ice cream parlor with Henry J. Zielinski, also of Morton, when the robbery occurred at about 8:30 p.m. on the 4th.

A Negro man, estimated to be in his mid-twenties, entered the ice cream parlor brandishing a gun and robbed the cash register as well as the customers. Leitzell reported the loss of \$140 in cash along with his driver's license and other important documents in his wallet. Zielinski was relieved of \$7.00 and the ice cream parlor's loss was estimated at \$50. Mrs. Leitzell's quick thinking saved her money from the robber. She saw him enter with the gun, so she pitched her billfold, containing several hundred dollars, onto the floor under the table and placed her foot on it. The gunman did not see her billfold.

Leitzell stated that he believed that they have identified the suspect from police mug-shots shown them, but no arrests had been made at last report.

### Hospital . .

ney stated that he was "flattered" that the hospital board had chosen him for the position and that he felt the job was a challenge. "I'll do my best for the people of the hospital district," Swinney concluded.

Swinney will be the second administrator for the hospital since the Cochran Memorial Hospital District was created by a special election on July 22, 1967. Jim McManus of San Angelo held the position from April 1, 1968, until his resignation last month. McManus quit the post in a dispute with the board over McManus' policies. The board felt that the policies. The board felt that McManus did not have the age and experience needed to operate the hospital in the manner that the board desire.

Since the resignation of McManus, the hospital board has interviewed a number of applicants for the position.

Swinney's experience as administrator for the City of Whiteface and the fact that he has lived in the county for over 30 years will be great assets to him and to the hospital district, a board spokesman stated.
