Morton High School Band

## Morton High School marching band wins 1st rating at contest

Morton High School Band won a division rating in University Inter-School League marching competition held in Lubbock. The band's was only four first divisions earned a Class AA bands in the competi-

Forty bands from Region 16 competed in the event, which was held at Lowrey Field.

The marching contest is the first of a three-phase step for a sweepstakes trophy. The concert and sight reading divisions of the contest will be held next spring, and a first in each of these divisions will mean another sweepstakes trophy for the Morton band.

Judges for the marching contest in Lubbock were Bill Bradley of Big Springs High School; G. T. Gilligan of Kermit High School, and Phil Hewett of the University of Kansas.

## Rev. Moore to pastor Missionary Baptist

Rev. Mearl Moore has assumed the pastorate of the First Missionary Baptist Church in Morton.

Rev. Moore comes from Elk City, Okla. where his family resided for the past two and a half years, and is a native of Cherokee, N.M.

Rev. Moore pastored churches in New Mexico, Texas and Oklahoma and for the past two and a half years his ministry has been spent in full time evangelism. He has held over 100 youth camps and spoke at youth camps, clubs, schools and youth rallies. He has also held several sermons in chalk.

Rev. Moore is also a professional artist and studied art in New Mexico, Oklahoma and California where he studied under the famous artist, Peter Schmidt. Rev.

## Russell resigns

# Council names D. Simpson as Morton mayor

Mayor Jack Russell submitted his resignation, effective immediately, at a Monday night meeting of Morton City Council. Russell, who was serving his second term as mayor, gave business responsibilities as the reason for his resignation.

Donnie Simpson, owner of Cochran Electric Service and Supply, was appointed to fill out Russell's term as mayor. Simpson has been serving as mayor pro tem. Walter L. Taylor, present councilman, was appointed as Morton's new mayor pro tem.

At the same council meeting, councilman Earl Stowe also resigned, giving business reasons as an explanation. Bill R. Wells, partner in Gwatney-Wells Chevrolet, was named as councilman to fill Stowe's unexpired term.

## Post office after Christmas depressing—postmaster says

"Don't take a chance on disappointing someone you love, send your gift parcels and cards early enough to insure their delivery before Christmas, not after," Morton Postmaster Murry Crone advised today.

"On the day after Christmas a post office building can be the most depressing place in the world," Crone added, "if it still contains a mountain of messages of love and cheer that didn't make it because they were mailed too late."

Such disappointments can be avoided if Christmas mailers will observe the following schedule.

Gift parcels going to distant states should be mailed by December 1. Parcels going to local and nearby areas should be mailed not later than December 13.

The name and address of both the sender and addressee should be enclosed in each parcel to permit identity in case of damage or loss of the outside label. The outside label should be placed on only one side of the parcel.

Greeting cards going to distant states should be mailed not later than December 10. Cards going to local and nearby areas should be in the mail by December 15.

Postmaster Crone also emphasized the importance of using ZIP Codes and adding a return address to all Christmas mail. It only takes a couple extra seconds, but

## Gwatney-Wells winner of sheriff's car bids

Gwatney-Wells Chevrolet was the winner of the low bid to furnish the Cochran county sheriff's office with two new patrol cars, it was announced at the regular meeting of the county commissioners court here.

The company bid a total of \$8,421.20 for the two vehicles, which are to be equipped according to law enforcement specifications.

The trade difference totalled \$5,245.64 with the trade-in of a 1966 and a 1967 Chevrolet now possessed by the sheriff's department.

Purchase of the 1970 Biscayne model cars, built to the proper specifications, was approved unanimously by the commissioners court.

SEVERAL THOUSAND DOLLAR LOSS . . .

A BARN on the H. B. King farm, 6 miles east of Morton, near Owen Bros. Feed Lot, was destroyed by fire Friday afternoon. Lost, in addition to the structure, were approxi-

mately \$1,000 worth of cotton seed; four to five tons of milo seed; several hundred bales of hay; and a feed grinder and mixer. It was reported the loss was not covered by insurance.

## Chamber names five new directors

Five new members of the Morton Area Chamber of Commerce Board of Governors were announced at the Chamber-held its annual meeting last week.

The election of board members was held, as is customary, by mail ballot. The ballot listed 10 nominees, five of whom the members were to select as their choices for new board members.

New members elected and announced at the meeting included Elick Cox, Deryl Bennett, Bill Wells, Jackie Randolph and L. T. Lemons. Cox is a local auto parts and equipment dealer, Bennett is vice-president of the First State Bank in Morton, Bill Wells is a partner in the Gwatney-Wells Chevrolet agency, Jackie Randolph is the manager of the Morton Coop Gin and L. T. Lemons is a prominent local farmer.

The five newly-elected directors will take over from five who are finishing their terms and will serve for a period of two years.

Those five who are retiring, all of whom expressed regret at leaving their posts, include Kate Hargrove, Chamber secretary and long-time restaurant operator in Morton; O. L. Tilger, associated with the First State Bank; George Burkett, operator of a local trade lot; Lois St. Clair, of St. Clair's Department Store and Woody Combs of Ikes Farm Store.

Bud Fountain, acting in the absence of Chamber board president Ray Griffith who was absent from the meeting, thanked the outgoing members of the board and welcomed the newcomers. He outlined the challenge facing the new board members and admonished them to give as much of themselves to the job as those before them gave to it.

A financial statement was informally presented to the Chamber membership by the newly appointed secretary, Mrs. Tennie Wall, who has taken over the Chamber management since the resignation of Chamber manager Leon Kessler on October 31. Kessler was present to assist and explain any questions that were not clear to the membership.

Mrs. Wall's briefing indicated that present expenditures are exceeding income by a substantial amount, and if this trend cannot be reversed within a reasonable amount of time that the Chamber will be in serious financial trouble.

The balance sheet presented at the meeting by the secretary reflected total receipts and project income of \$6,271 and operating expenses of \$6,390, leaving a deficit of \$119.

There was a total of 17 persons attending the annual meeting, representing only a small percentage of the total Chamber membership. The meeting was marked by rather spirited discussions of past Chamber actions and policies and many suggestions were brought forward concerning future actions and what can be done to revitalize the Chamber and stimulate more interest in its activities and objectives.

Fountain concluded the discussion with the hope that the new board members would bring new ideas and new leadership into the organization and do everything possible to bring new life and new hope which is badly needed by the Chamber.

## LITTLE TRUCK PREDICAMENT . . .

COCHRAN COUNTY Sheriff Hazel Hancock inspects a GMC cattle truck, which overturned last week near the Owen Bros. Feed Lot on the Whiteface Highway. The truck driver, had loaded 43 head of

cattle at Whiteface, and was on his way to Pampa when the accident occurred. The truck was owned by C&G Livestock Buyers at Shellytown, Texas. Three head of cattle were killed in the accident, but the truck driver was not injured.

## Indians capture third cage victory Tuesday

The Morton Indians stretched their win streak to two games as they downed the Plains Cowboys, 50-41, at Plains Tuesday night. The victory, coming on the heels of the Monday night win over Olton, left the Tribe with a 3-1 record as they take a short break for the holidays.

The B team picked up their fourth win of the year with a 42-41 squeaker over the Cowboy B squad. Bryant Lewis hit 11 points for the Indians.

In the varsity game, M. C. Collins' 16 points led Indian scoring. Elton Patton got ten for the Tribe.

Morton took an 11-8 first quarter lead, and widened that margin to five points, 25-20, at half time. During the third period, the Cowboys nearly matched the Indians' point production, but the Tribe hung on to their narrow lead for the win.

The Indians hit 44 per cent from the field against the Cowboys.

The Indian freshmen picked up their second win of the week with a 57-28 victory over the Whiteface freshmen Tuesday.

# The Farmer's Wife

By Libby Mudgett

THIS HINT is for housewives only, so everybody else don't look. Believe me, you wouldn't like it anyway.

Housewives, no doubt you have already started thinking of Christmas giving and discovered, as you usually do along about this time every year, that you don't have any moolah for aforementioned purpose. WELL, I can't help you any for this year, but if you'll mark my words and follow my advice, you won't be in this same shape this time next year.

You ask why didn't I tell you earlier? My answer is that you wouldn't have paid one bit of attention to me last January because Christmas was the furtherest thing from your mind right then and January is when you need to start doing this.

BUT IT TAKES a resolution made by you anytime between now and Christmas to force yourself to begin in January.

First, a few warnings about this method. Your banker won't agree with it, so don't tell him.

BUSINESS PEOPLE, of both sexes, never understand it but you know how THEY are.

Husbands are driven out of their mind by it, so you'll have to have your own household checking account and tell your husband he'd bloody well better keep his signature out of the whole business except the depositing end.

Perfectionists go into hysterics over the very mention of it, but never mind THEM they never get into this pre-Christmas fix anyway.

THE CPA that makes out your income tax return will have the beginnings of a nervous breakdown if you try to explain it to him, so just keep your check stubs to yourself and let him have the bank's statements, which are beautiful poetry to him.

Well, enough of these nervous cynics and on to instructions.

Next January when your husband deposits your first household account money, make sure that it is in round figures, even if you have to take a loss.

FOR EXAMPLE, if he wants to deposit \$100.50, coo to him that he can keep the 50 cents for cigarettes, all you want is the \$100.

THIS IS VERY IMPORTANT!  
Put the amount of the deposit down on your check stub on the line marked Balance and make up your mind that this is the last time all year that your figures and the bank's figures are going to jibe.

Because from now on out your check stub's arithmetic is going to be one whopping lie.

HAVE YOU EVER noticed when you give a check how seldom it is for a nice round figure? It's usually more like \$17.49.

So here's what you do the first time you write out a check. Make the check out honest. Also write on your stub honest. Like so: TO Mister Fixit. FOR TV repair. Amount \$17.49.

BUT WHEN YOU go to subtract to get your balance, do not subtract \$17.49 from the nice round \$100 your husband deposited.

NO, NO, NO!  
Now a word of caution here. Be sure you ADD TO the true amount of your check instead of subtract from it to get the figure you're going to use to obtain your own personal balance. Otherwise, things get a little sticky.

OKAY. So you've given one check for \$17.49 and already you've got a 51 cents headstart on next Christmas and it's still the first of January!

Keep this up until next December when it's time to buy gifts, go have a bank teller look up the amount the bank says you have in your account, take the amount your own personal balance says you have from the bank's, and there's your Christmas shopping money.

ACTUALLY, if you really want to take some of the sting out of bill paying, look at it this way: Each time you write a check, you're adding to your Christmas fund.

## Program for 1936 club on 'Great Americans'

A program on "Great Americans" was given at the meeting of the 1936 Study Club in the home of Mrs. D. E. Benham, Wednesday, November 19.

Mrs. Joe Nicewarner presented the program on past great Americans and Mrs. Neil Rose gave the program based on present great Americans.

Mrs. John Crowder, president, conducted the business meeting. The Club voted to donate \$5.00 toward the purchase of shoes for girls at Girlstown USA.

Members present were: Mesdames Rose Nicewarner, J. L. McGee, C. W. Fields, Gage Knox, Glenn Thompson, C. H. Silvers, L. F. Hargrove, Hume Russell, Joe Gipson, M. C. Ledbetter, James St. Clair and Crowder.

The next meeting will be in the home of Mrs. St. Clair December 3.

Every 43 minutes fire claims a life, says the Insurance Information Institute. Of the 12,200 persons who died in fires in 1968, about one-third were children.

pays big dividends.

ZIP Codes enable postal employees to sort and handle the mail faster. A return address insures that mail that can't be delivered because of an illegible or incomplete mailing address will be returned to the sender.

"A return address might not seem very important," Postmaster Crone noted, "but last year over 32 billion pieces of mail went to postal dead letter branches because the mailing address couldn't be read and there was no return address on the envelope.

If you estimate the worth of each of these pieces at twenty-five cents, including postage, postal customers lost over \$7.5 million last year to dead letter offices.

## Indian basketballers win two, lose one in first week's action

Morton's Indians put together two big wins, in their first three outings of the 1969-70 basketball season and kicked off what appears to be a promising year for head coach Ted Whillock and their fans. After stopping Levelland, 77-70, in the season opener, the Tribe bowed to seasoned Lubbock Christian, 68-50, Friday night, but bounced back to hand Olton a 73-33 loss. The Indian B team racked up three big wins against the same opponents.

The Indians will take a well-deserved break after playing four games in six days and will not play during the Thanksgiving holidays. Next Tuesday the Tribe will host Farwell, and then will defend their championship title in the Friona tournament next Thursday.

One of the best opening season crowds in recent years watched the Indians run up a 21-point lead over Levelland Thursday night and then saw the Tribe fight off a desperate Lobo rally that trimmed the Indian lead to the 77-70 final margin. The Indians, hitting 45 per cent of their field goals, were hot through the first three quarters, but cooled off as both teams continued to run the ball.

M. C. Collins banged in 29 points to lead Morton scoring. George Pritchett scored 14 and Elton Patton had 11. For Levelland, Charlie Flowers bucketed 20.

The Indians managed another 45 per cent performance Monday night as a sparse crowd watched the late-scheduled game between the visiting Olton Mustangs and the Tribe. Morton doubled Olton scoring in each quarter, forcing many turnovers with an aggressive defense. However, the Tribe led by only 35-19 at halftime as they hit 33 per cent the first two periods.

Paced by Terry Harvey's 13-point output in the final quarter, the Indians outscored Olton, 23-7, the last period to run up the 73-33 win. Harvey was high man for the game with 21 points. M. C. Collins and Keith Embry had 13 each. Mike Parsons scored 10 for the visitors.

The win, the second for the Indians, sent Morton into the Tuesday night game

with Plains with a 2-1 record. Olton is 0-2 for the year.

The Indians couldn't quite match their first game performance as they fell five points behind Lubbock Christian after one quarter and saw that margin spread to 12 at halftime. The 18 points the Indians managed during the first half was the lowest offensive output the Tribe has experienced in several basketball contests. The Indians hit only 28 per cent from the field for the game.

Morton trailed 52-30 after three periods, but narrowed the gap as they outscored the hosting Trojans, 29-16, during the final quarter. The 68-50 win was the fourth in a row for LCHS. The Indians will probably get another crack at the Trojans during one of the upcoming tournaments.

Stan Coffman took high honors for the Indians with 15 points. M. C. Collins had 13. Three LCHS players scored in the double figures. Doug Perrin was high point man for the game with 18 points. George Pritchett managed six points for the Indians on three field goals.

The Indians connected on only 10 of 28 free throws against LCHS.

Morton's B team has amazed Indian fans with its aggressiveness and offensive output as the junior varsity has averaged 65 points per game through the first three contests. Bryant Lewis pumped in 18 points as the B squad romped over Levelland, 73-47 in the season opener. Keith Embry paced B team scoring against Lubbock Christian as the Indians took a 58-23 win.

Against the Olton B squad, Eddie Lewis racked up 28 points in leading the Tribe B to a 65-45 victory and the third win of the young season. Bryant Lewis bucketed 14.

Morton's freshmen, playing a divided schedule, racked up a win over Olton in the first of three Monday night games. Ted Thomas's 24 points led the frosh to a lopsided 64-22 win. Jimmy Hargis scored 18, and Phillip Graves dumped in 17.

## Mrs. Walthall receives high honors from CSW

Among six seniors attending College of the South West in Hobbs, N. M. chosen for Who's Who in American Universities and Colleges was Mrs. Beverly Walthall, formerly of Morton.

The seniors were chosen on the basis of academic and extra curricular activities, scholarship, citizenship and leadership by a committee composed of faculty members, administrators and students.

Mrs. Walthall is a transfer student from New Mexico Junior College. While attending school there she was chosen for Who's Who in American Junior Colleges.

She is the wife of Wayne Walthall; they have two sons, Gary 17 and Mike 15. She is a 1950 graduate of Morton High School and the daughter of Mr. and Mrs. Vernon Blackley of Route 1, Morton.

## SC award presented Robert G. Houghton

The U. S. Department of Agriculture Soil Conservation Service. Certificate of Merit was presented to Robert G. Houghton, soil conservation technician of Morton.

Houghton received the award for commendable achievement in the design and installation of a large number of quality parallel terrace systems in the Morton Work Unit Area.

R. Neil Scott, area conservationist of Lubbock, presented the award.

## ASCS Farm News

By John W. Hall

Basic program choices will be made by cotton producers voting in the Dec. 1-5 mail referendum on upland cotton marketing quotas, said Danny Key, Chairman of the Cochran County Agricultural Stabilization and Conservation Committee.

A "yes" vote by two-thirds or more of the producers voting in the national referendum means:

Marketing quotas will be in effect for the 1970 crop. Producers who plant within their farm allotment will be eligible for a price-support loan of 20.25 cents a pound (for Middling 1-inch cotton at average location) on cotton they produce. They also will be eligible for a price-support payment of 16.80 cents a pound for the projected yield of cotton planted within the domestic allotment which is 65 percent of the total farm allotment.

Farms with allotments of 10 acres or less or farms with projected production (allotment times projected yield) of 3,600 pounds or less may receive a payment of 11.95 cents a pound on the projected yield of 35 percent of the farm allotment. They also will receive the price-support payment on the domestic allotment and will be eligible for price-support loans.

Growers who choose not to participate in the price-support program may apply for a share of the export market acreage reserve and produce for export only, without Government assistance or marketing quota penalties. Application for export acreage must be made on or before Dec. 31, 1969 at the County ASCS Office.

A "no" vote by more than one-third of the producers voting in the national referendum on upland cotton for 1970 means:

No marketing quotas and no penalties will apply to the 1970 upland cotton crop.

## Local girl participates in Dallas fashion show

Claudette Lewis, daughter of Mr. and Mrs. Eddie Lewis, of Morton, was one of thirty students to model garments of their own creation at the Dallas Textile Club meeting in the Apparel Mart.

Manufacturers, designers, press and other fashion personnel were luncheon guests.

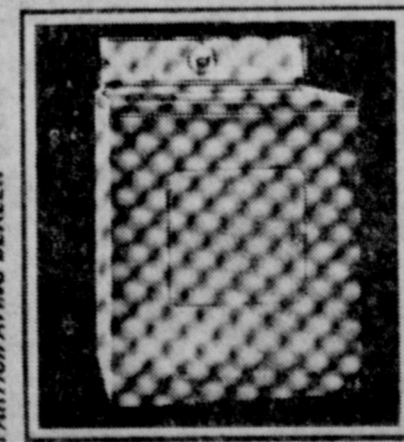

Fabric from 10 different textile manufacturing houses were used. The garments ranged from trousers to bathing suits and from casual to formal dresses.

The show is an annual presentation by advanced students in a clothing sequence since 1956 by Texas Women's University. Claudette is a senior student there.

## CC unit of Cancer Society hear report on cyclamates

The Cochran County Unit of the American Cancer Society met in regular bi-monthly session on November 18 for a noon meeting at the Wig-wam Cafe. Mr. Don Lowe of the District Office was in attendance.

Mrs. Willard Henry presided over the business session.

The group voted to designate all memorial funds to be used in the field of research. Memorials can be made to the Cochran County Unit of the American Society anytime during the year as persons may desire.

Mr. Lowe announced there was a new film available named "Journey Into Darkness." This film deals with QUACKERY CURES for cancer and points out the need to be aware that such quackery is being practiced. This film has been ordered to be shown on December 9 to the Staff Meeting of the local hospital. It will also be shown to other clubs and organizations.

Mrs. Henry read a Fact Sheet on Cyclamates as prepared by the Cancer Society. It said in part that cyclamates have been used for about 17 years. A recent research reported that rats which had been given approximately 50 times the recommended maximum dosage for their body weight developed cancer of the bladder. It must be noted, however, that to exceed in humans the recommended maximum intake as it was exceeded in the rat experiment, an adult or child would have to consume enormous amounts of soft drinks daily. This is not to belittle the danger, but hopefully to put it in proper perspective. It should also be emphasized that the data of the Epidemiological and Statistical Research Department of the American

can Cancer Society does not show any increase in mortality from cancer of the bladder in males for the last 17 years and a slight decrease in mortality in females.

Present for the meeting were: Mrs. Leonard Coleman, Mrs. Ralph Yeary, Mrs. John L. McGee, Mrs. Daryl Bennett, Mrs. Dexter Nebbut, Miss Faye Fincher, Mr. Lowe and Mrs. Henry. The next meeting will be held January 20, 1970.

## Sen. Blanchard tabbed for utility commission

Lt. Governor Ben Barnes last week announced the remaining members of the Senate Interim Committee on Public Utility Commissions. The Lt. Governor previously had named Senator Charles Wilson of Lufkin as chairman.

Named to the Committee by Barnes were Senators H. J. "Doc" Blanchard of Lubbock; Criss Cole of Houston; William T. Moore of Bryan; and J. P. Word of Meridian.

Authorized by S. R. 960, the study group will review the make-up and procedures of public utility commissions in other states, looking toward the feasibility of establishing a public utility regulatory agency in Texas.

The members will report recommendations to the 62nd Legislature meeting in January, 1971.

## Holloway-Hyatt marriage announced

Mr. and Mrs. Gehrome Holloway have announced the marriage of their daughter, Mary Ann, to Glen Hyatt of Lubbock, November 14.

The bride is a graduate of Morton High School and attended South Plains College of Levelland and College of Computer Programming in Lubbock, where she is presently employed.

Mr. Hyatt is a graduate of Coronado High in Lubbock and is employed by AI Glass Company there. He is the son of Mr. and Mrs. C. E. Hyatt of 5010 14 St., Lubbock.

The couple are at home at 3102, 4th St., Lubbock.

## COUNTY AGENT NEWS

From the Office of Roy L. McClung, Jr.

The observance of Farm-City Week, November 21-28, in Cochran County calls special attention to the need for better understanding between farm and city residents and how each depends upon the other for the economic well-being of all.

President Nixon in his official proclamation pointed out that as our society becomes more complex, it also grows more interdependent. For example, agriculture serves as a \$50 billion customer to our economy. The marketing and processing of food and fiber provide almost 5 million non-farm jobs and \$25 billion annual payroll.

At the same time, technological changes on the farm have so increased agricultural efficiency that record production has

been achieved by fewer people. Many rural residents have therefore migrated to the cities. While some have become productive contributors to urban society, many others have been unable to find new economic roles.

"The urgency of providing opportunities for disadvantaged people in both rural and urban areas to participate more fully in the economic life of the Nation should be emphasized during the week," President Nixon said.

In our Cochran County 4-H Clubs, FFA, farm organizations, commodity groups, civic and service clubs, women's organizations, business and professional leaders, chambers of commerce, church and educational leaders are participating in different ways in observance.

It's a time when we can all lead our support and backing to an effort which helps us all. Understanding and appreciation of the problems of our complex society will add materially to our economic well-being and perhaps to the solution of some of the problems.

# Where to...?

Did you ever look down railroad tracks and wonder where they went... or put your ear to the track, listen to the hum, and try to guess when the train would reach you? These questions we may have asked when we were children, but as adults it is time to ask... Are we headed in the right direction? Are we prepared for things in the future regardless of when they will arrive? Choose now the path you will take. Let the church help guide you.  
 "Oh that my ways were directed to keep thy statutes!"

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

This last school week was fairly short since the holidays caused an interruption. I don't think the students complained too much about it. I know the teachers didn't.

Last week some members of the Morton High F.T.A. had their first experience in the teaching field. Thursday the students observed their selected classes and Friday they had it on their own. Though everyone agreed it was a lot of fun, some have decided that they weren't cut out to be teachers. One good thing about the teaching days, is that the students realized that teachers are more than their title implies, they are also friends to their pupils.

I understand that two teachers are looking for new jobs after last Saturday night. You can never tell a horse by its color, right? Cheer up, the gang doesn't blame it on you!

D. M. What are your plans for the holidays? ? ?

Congratulations to the M.H.S. band on a job well done. Of course, everyone knew they had it in the bag, (a first, that is)!

The M.H.S. choir and speech class took a pleasure trip last Saturday. First stop, to see "Carouse!" presented by the Leveland High School Choir; second stop, the eats in Lubbock; third stop, ice cream parlor; fourth stop, to see "Mister Roberts" on the Tech Campus; and fifth stop, "home again, home again, jiggy jig!" Everyone had a swell time.

The smell of basketball is once again in the air. M.H.S. is looking forward to a successful season since there are a lot of promising boys on the teams. Sniff, sniff, do I depict a whiff of district champions?

Boy's show 'em you invented basketball!

P. T. Duh, what's made your hair red? Y. W. A. How was the party? What did the new guys think about your invitation process?

Thought for the holidays: "Wherever you go — there you are!"

Since it is Thanksgiving time again, too often referred to as "Turkey Time," don't you think it is appropriate that we do as the holiday implies, give thanks? After

**Tuberculin skin tests  
December 2 in schools**

Cammie Jackson, Morton school nurse, has announced that tuberculin skin tests will be given December 2 in Morton, Bledsoe and Whiteface schools.

This is a state requirement for students of 1st and 7th grades.

The testing material and medications will be furnished by the West Texas Tuberculosis Association and is paid for by Christmas Seal donations.

Nurses of each school will do the testing.

**Deadline extended  
for Navy ROTC**

The United States Navy has announced it is extending the deadline for submitting applications for its Naval Reserve Officer Training Corps program.

This program is open to high school seniors and college freshman who are interested in becoming a career officer in either the Navy or Marine Corp through the NROTC units at one of 53 colleges or universities across the nation. The program pays for four years of college and leads to a commission upon graduation.

S. M. Clayton, U.S. Navy Recruitor from Lubbock, will be in Morton Tuesdays from 9:30 till 12 noon in the Sheriff's office to counsel interested persons.

**Attention, Cotton Producers:**

Morton Co-op's Two Modern Gins Are Completely Repaired and

**Ready To Process Your Cotton**

Morton Co-op is a farmer-owned business which means less overhead for you and more profit on each bale.

We are always seeking new members—drop in and talk it over.

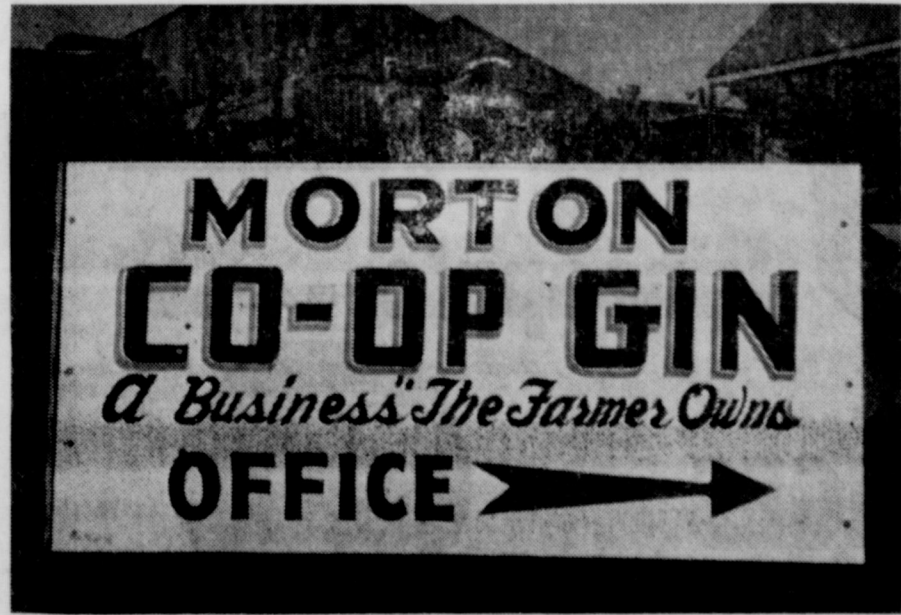

Our gins are now debt-free with no encumbrances, which lowers production costs and the savings are passed on to our farmer members.

Our ginners have many years of experi-

ence and have been with us for a long time.

We will not sacrifice quality for speed. We hold production to 8-10 bales per hour in each unit to assure the highest quality ginning—even though our maximum capacity is over twice that rate.

Consider all the advantages of being a part of your own farmer-owned business and bring your cotton to us for top quality processing.

For any clarification or information, call Jackie Randolph at 266-5343
