Hickman named 'Top Citizen'

Roy Hickman, long-time citizen of Cochran county who is known for his service to the people of the area, was named Morton's Outstanding Citizen of 1969 at the annual Chamber of Commerce banquet held here Thursday night.

Several additional awards were presented for outstanding service to the community at the well-attended event which traditionally marks the ending of the old Chamber year and the beginning of the new one.

The Ronald Coleman family was named the Outstanding Farm Family of the Year and Harvey Zuber was named the Outstanding Conservation Farmer. Mrs. E. C. Hale was named Outstanding Conservation Homemaker and the Morton Area Chamber of Commerce was recipient of an award for outstanding service to the Conservation District.

In introducing Hickman, incoming Chamber president Roy McClung said "It is indeed a pleasure for me tonight to present the 1969 Citizen of the Year Award on behalf of the Morton Area Chamber of Commerce. The 1969 recipient is a man who has lived here and been an outstanding individual for a great number of years.

He is a businessman as well as a farmer. In the past he has been one of the men that has always been asked when local organizations needed help, financial support, advise, etc.

He is especially a true friend and supporter of youth organizations such as the local boy scouts, 4-H and FFA. I cannot with true justice, give you a detailed list of all the accomplishments this man has made, either in the past year or years because he helps many people and does many things that most of us never know about and continues to do these things without the recognition he deserves. To mention just a few things he personally did this past year that took many, many hours of his time was his never-ending faithful support of our 4-H and FFA Stock Show in which he not only bought stock from the sale himself but helped raise a large portion of the money needed to carry on the show. He also was very active in his church, Chamber of Commerce work, Morton Industrial Foundation, Lions Club, and probably did as much work as anyone in helping locate the Owen Brothers Feedlot here in the county."

Name Leonard Groves general chairman for Boy Scout fund drive

Leonard Groves of Morton has been appointed local chairman for the Boy Scout annual Sustaining Membership Enrollment campaign to be launched on March 4, according to Warren Green of Lubbock, finance campaign coordinator for the South Plains Council, BSA.

Others named to aid in the local fund drive include Robert Taylor, vice-chairman and general membership chairman; James Dewbre, audit and control chairman and Bill Sayers, promotion and publicity chairman.

The chairman pointed out that this campaign will represent the second year of a new method of securing funds for the operation of the Scout Council. Previously an annual finance campaign was held in the fall of the year. Under the current plan, the financial supporters of the council are enrolled as annual Sustaining Members, and support Scouting in a financial way much the same as others give of their time and effort on behalf of the Scouting program.

Funds raised through the membership effort will be used to underwrite the budget of the South Plains Council, Boy Scouts of America, a 20 county area in West Texas.

The South Plains Council uses the funds secured to provide essential services to local Scout groups. Included in the services are the organization of new Cub Packs, Boy Scout Troops, and Explorer Posts; the operation of Camps Post and Tres Ritos; training courses for Scout leaders; area wide activities including camporees, courts of honor, Boy Scout Week celebrations; operation of the Scout office as a service center for the 20 county area; and a staff of trained executives who work with local Scout and community leaders as advisors in the operation of the Scouting program.

The local chairman will soon appoint members of a steering committee for the campaign. These people will be responsible for the membership enrollments, publicity, audit, and special memberships.

★ Pack the house

Tuesday night has been designated by the MHS Student Council as "Pack-the-House" night and Morton students will be trying to get a big turnout for the Indian-Frenship district basketball game. A Coke party will be given for the high school class having the highest number of students in attendance. All of Morton is invited to turn out and back the Indians!

Morton School Board sets date for election; gives Travis extension

The setting of April 4 as the date for the 1970 school board election and the extension of the contract of MISD Superintendent Bob E. Travis were the main orders of business of the school board meeting Monday night.

The April 4 election will be held to elect two persons to serve on the board of education. There will be two terms expire this year under the system of staggered elections which sees two board members chosen one year and three the following year, so that all terms do not expire at the same time and lending stability to the panel.

Travis' contract which had previously been due to expire in July 1972, was extended one year to July 1973.

In other business, the board voted to add Mrs. Winnie D. Whittenberg to the teaching staff to complete the 1969-70 school year in the vacancy created by the resignation of Mrs. Phyllis Reed.

A motion was approved to use college students to help with maintenance work around the schools during summer vacation at a wage of \$1.45 per hour. The federal government would assume 80 percent of the cost and the school district 20 percent under the college work study program, Travis explained. Three students will probably be used in this manner, he added.

Approval for payment of bills in the amount of \$50,784.06 for the month of December was given by the board.

Elementary Principal Harold Drennan presented to the board a detailed briefing on the programs and objectives being carried on in the elementary schools.

Morton Industrial Foundation sets annual membership meet

The Morton Industrial Foundation has announced that the annual meeting of the organization will be held January 29.

The annual membership meeting will be held in the auditorium of the County Activities Building beginning at 7:30 p.m. Foundation officials have announced that among the items of business to be conducted at the meeting will be the election of a board of directors and the appointment of an accountant to audit the books of the corporation.

Also on the agenda will be the submission of a proposition to amend the articles of incorporation of the corporation. This item is in accordance with a resolution to do so previously passed by the present board of directors, the spokesmen said.

In connection with the amendment of the Articles of Incorporation, it is the intention of the Board to recommend that the Articles be amended so as to conform with the requirements of the Small Business Administration to qualify the corporation to obtain loans under the Small Business Investment Act of 1958, Section 502.

This amendment will allow the corporation to borrow funds from the Small Business Administration and in turn loan those funds to business enterprises needing such funds in Morton and the surrounding area for the promotion of increased employment, payroll, business volume, and for benefit of the community.

The amendment will allow the corporation to pledge notes, mortgages, and other evidence of debt which it receives for security on the notes that it may sign to S.B.A.

All members of the foundation are urged to attend this meeting, and if unable to attend, they are asked to fill out a proxy being mailed each member and return it to the foundation officers, the spokesmen concluded.

Post Antelopes derail Tribe's championship express, 59-47

The Morton Indians' district championship express got sidetracked Tuesday night, at least for the time being. The Post Antelopes romped up and down the Tribe's home court and took home an important 59-47 district victory.

The evening was one of frustration for Morton fans and players, broken only by a brief respite during the second quarter as the Indians overcame a 14-2 first quarter deficit to take a short-lived 21-18 lead with three minutes remaining in the half. But three straight 30-foot shots by Post's Ray Altman put the visitors ahead to stay as time ran out in the first half with the Antelopes holding a 25-23 lead.

The loss left Morton 1-1 in district play while the Antelopes took a firm 2-0 lead. The Indians' loss was only the sixth of the year against 16 victories. Post's win was their fourteenth of the year. The

Antelopes have dropped six games.

Post hit the court Tuesday night with shooting hotter than a warm day in August. The Antelopes clipped in 54 per cent of their shots in the first half and never cooled off as Altman and 6-10 Boyd Noble kept the pressure on the Tribe from outside and inside shooting. Noble was high for the game with 25 points, 17 coming during the second half.

In spite of a cold start, the Indians mounted a rally late in the first quarter as Keith Embry broke a seven-minute drought and connected from 15 feet. Thirty seconds later, Terry Harvey made it 14-6 as time ran out in the first period.

During the first four and a half minutes of the second quarter, Morton outscored the visitors 15-4 as the Indians took a

GIN OFFICE RAZED BY FIRE...

A BLAZE THAT CAUSED a large amount of damage and took several hours to control gutted the offices and weighing station of the Morton Gin Company during the early morning hours Monday. The fire was discovered by a city police patrolman who had heard an explosion at approximately 5:30 a.m. and was seeking the source of the blast. Both fire fighting units and an estimated 20 volunteer fire-

men arrived on the scene following the 6 a.m. alarm and fought the blaze for several hours in getting and keeping it under control. No damage figure was available, but it is known to have mounted into many thousands of dollars. The gin is owned and managed by Donald N. Whittenburg of Morton.

Antelopes derail . . .

from page one

21-18 lead after Harvey had picked up seven crucial points and Collins and Pritchett had picked up a field goal apiece.

But the rally did not carry over into the third period and the Indians saw a 25-23 halftime deficit spread to 37-25 in four minutes as the Antelopes continued to find the range. Morton trailed 43-32 going into the final eight minutes.

Harvey kept the Tribe within striking distance with four straight free throws midway in the final period, but after another minute had elapsed, the Indians had little chance as the Antelopes put on a slow stall and watched the time elapse.

The game presented a reverse picture from the ties on the same premises played last week against Denver City. The Antelopes broke up the Morton press with long passes and ran the fast break against the Tribe's defenses. Morton also had trouble hitting the basket as the Indians were forced to take desperation shots over the towering Noble.

Morton took the B game over Post, 68-51, as Eddie Lewis hit 19. The B team never trailed as they moved to a 30-22 halftime lead in picking up win number 12.

DOOR OPENERS

Keys and churches are door openers. In both cases, each require you to put forth some effort. The key you must insert in the lock and turn. Our Lord made the way to heaven even easier, for all that you have to do is present yourself and believe.

"For by grace are ye saved through faith; and that not of yourselves: it is the gift of God: Not of works lest any man should boast: For we are his workmanship, created in Christ Jesus unto good works, which God hath before ordained that we should walk in them."

EVERYONE IN THE CHURCH
 THE CHURCH IN EVERYONE

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Week's junior high play nets ten wins, tournament trophies

Morton junior high teams put together their most successful week ever as the three teams rolled up ten wins against no losses and brought home two championship trophies from the Littlefield Junior High Tournament.

The Indian freshmen and eighth grade team both captured first place in games played Saturday at Littlefield. The freshmen stopped Muleshoe and Abernathy and the eighth grade defeated the same schools in reverse in taking the championship.

Morton teams swept triple headers on Thursday and Monday nights. Against Plains the Morton seventh grade rolled to a 32-22 win as Jimmy Hargis hit 20 points. Monday night, the seventh graders took a 41-29 win over the Muleshoe

eighth grade B team and ran their season record to five wins and six losses. Hargis had 18 in the Muleshoe game and Denny Williams added 10.

The eighth grade bopped Plains 48-31 on a 17-point output by Larry Thompson in Thursday's game. Thompson scored 20 in the tourney opener Saturday morning against Abernathy as the eighth graders took a 62-31 victory. In the finals, Morton slipped by Muleshoe 27-24, as Thompson hit 13.

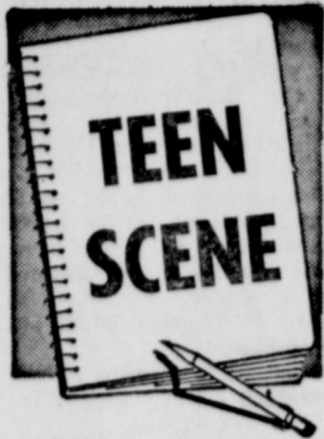

Monday night the eighth grade faced Muleshoe again for the fifth time this season and took a 37-27 win as Thompson scored 14. The win was the fourteenth for Coach Tommy Thompson's squad.

The freshmen stretched their season record to 11-3 on wins over Plains, Muleshoe and Abernathy. The frosh stopped Plains 50-47 as four boys hit in double figures. Willie Harrison had 12 points, Jimmy Harvey, Tony Bramblett, and Phil Graves had 11 each.

The Frosh stopped Muleshoe 68-62 Saturday morning as Ted Thomas hit 15 points. Bramblett had 14, Harvey, 13, and Graves added 12. In the final against Abernathy Ted Thomas hit 23 as Morton took a 68-54

Monday the freshmen tripped Muleshoe for the second time in three days, this time by a 53-45 margin. Thomas hit 11 points, Harrison had 12 and Harvey connected for 13.

The eighth grade will take on Muleshoe at 3:45 today in the opening game of the Springlake eighth grade tournament. All three teams will be in action against Littlefield at Littlefield Monday in games beginning at 5 p.m.

Hi, Gang! It's time for another "Guess the Name Game." I hope everyone likes this part of the column. Well, here goes! M. C., D. H., B. G., T. L., E. A.W. What kind of play is "Physical Science? I hear it is rated "X".

M. H. Do you list the ratings for all girls or only R. W.?

S. C. I hear the roads are getting—pretty crowded. Maybe we should give you a Flying Fiddle Finger of Fate Award.

R. G. Who's this you were with Sunday night?

R. S. — What happened to you?

M. M. How's your arm, you dumb-bunny? I guess S. C. did it some good.

How do all you boys like the new girl in school? How about it, C. S., are they friendly enough for you?

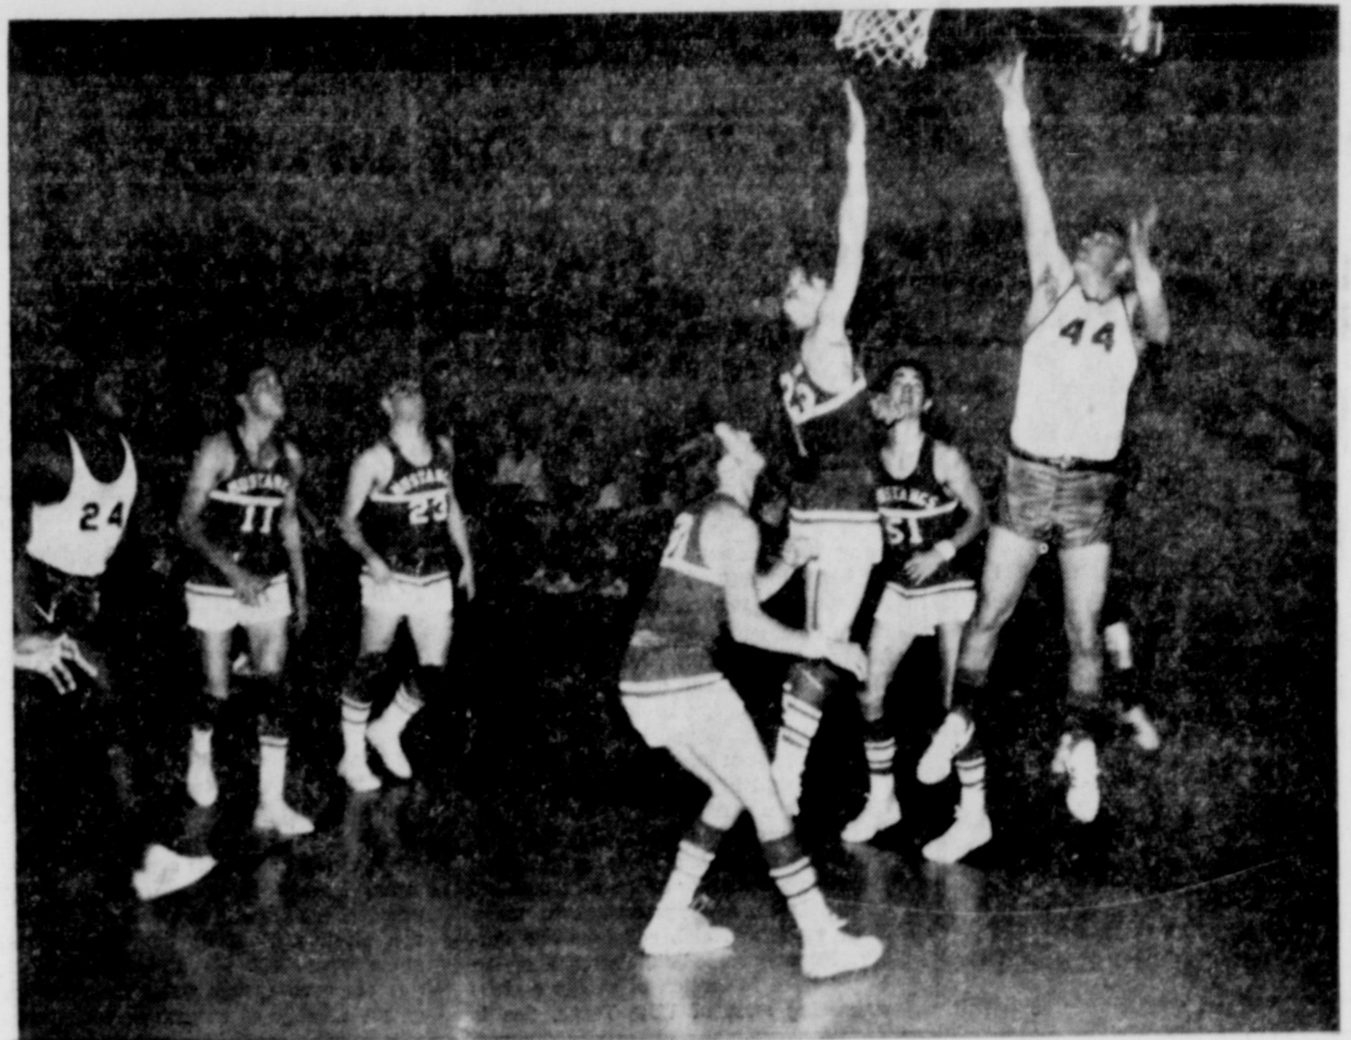

Semester tests are finally over and we students are back into the normal schedule of school life. Lots of students are changing their schedules this semester, so the administration has been kept busy.

The Seniors of Morton High are one semester closer to their final day of high school and their graduation night. This semester will be a happy one, but also a sad one. Graduation is a happy and a sad occasion. I wish all the Seniors luck in their futures. This year has been the best year for me so far. I still have one more year, but I will always remember this year. I think we have the best teachers in the whole state of Texas teaching in Morton High. We have a tremendously great administration. They are all there when anyone needs their help. They are ready and willing to help. They're the greatest around and I hope they never change. Stay like you are, teachers, and your students will appreciate you a lot.

Morton High has a couple of new students. They are David and Connie Smith, from California. David is 17 years old and is classified as a Senior. He has a great personality and is very good looking. Connie is 16 years old and is a Junior. She is a blonde and very pretty. We hope you will feel welcome in our school. Everyone get acquainted with David and Connie, as they are really fun to be with.

It's time to close for this week. See you all next time.

HOT BASKETBALL ACTION . . .

M. C. COLLINS, 44, goes up for the rebound under the Morton basket in a hard-fought tilt with the Denver City Mustangs in Morton last Friday night. The game, the first in District competition for both teams, was won by the Indians to the tune of 85-61 and afforded them a measure of revenge for two defeats by the Ponies last year which

knocked them out of a possible District championship. The Tribe's drive for the title was at least temporarily sidetracked Tuesday night by a 47-59 loss to the Post Antelopes. Indian Elton Patton, 24, is coming in on the left to assist Collins on the play.

Banquet . . .

from page one

Hickman first came to Cochran county in 1936 and served as county agent here for 11 years, from 1936 until 1947. He claims, modestly, that his present occupation is farming, though he takes such a large part in civic activities that it is hard to determine what he will be occupied with next.

Over the years he has served as secretary of the Chamber of Commerce and president of the Morton Lions Club. He is presently vice-president and a director on the executive board of the Morton Industrial Foundation. He is a member of and has been very active in the First United Methodist Church in which he has held a number of church offices.

Hickman's wife Cricket, to whom he gives a large amount of credit for his many accomplishments, is widely-known for her painting and for her participation in civic and service projects.

The Coleman family which consists of father, Ronald; mother, Judy; sons Randy, 11, and Sandy, 7 and daughters Rusty, 10 and Stephanie, 4, are highly active in community affairs and have won the unqualified respect of all who know them for their skill in the field of agriculture. Coleman has carried out his various conservation programs in cooperation with the District and has made his farming operation a model for others to emulate.

Mrs. Coleman is prominent in many civic, youth and club activities and during 1969 was named "Clubwoman of the Year" by a federation of women's clubs embracing most of West Texas. She is

an adult leader for the local chapter of Campfire Girls, is active in 4-H club work and is an active member of the Emlea Smith Study Club.

Coleman is also prominent in community activities, being a member of the Band Boosters and Athletic Boosters and takes an active part in the youth baseball programs and 4-H activities. Both parents teach Sunday school in the First Baptist Church in Morton.

In introducing Zuber as the Conservation Farmer of the Year, Bentley said this about his operation:

"Harvey Zuber has done an outstanding job of planning and applying a conservation plan on his farm. He has been living on this farm since birth. He took over operation of the farm from his father, in 1959. Since 1962 he has been operating a total of 1450 acres in partnership with his father. Harvey has been a cooperater with the Cochran SWCD since 1959 when he took over the farm.

Zuber is married and has 3 children, a son, Marlin 12 and two daughters, Sonya 10, and Lisa 9. Harvey and his wife Marshall Ann, both attended Morton Schools and are members of the First Baptist church in Morton.

During his school days Harvey served as president of his local FFA chapter. He is now a member of the Morton Co-op Gin. He is active in community activities such as Little League Baseball, Athletic Boosters and Band Boosters.

When asked about his conservation program, Harvey said he was extremely proud of his parallel terraces and irrigation pipeline. He feels the pipeline has already paid off. He said, the parallel terraces save enough water to cut down on the number of irrigations each year.

All the permanent conservation practices applied on the Zuber farm were cost-shared under the Great Plains Conservation Program."

A highlight of the evening's program was a talk, illustrated with slides, by Reagan Brown, professor of Sociology at Texas A&M University. He is Rural Sociologist for the University's Extension program and describes his duties as "working with and motivating people."

He is recognized as an outstanding expert on community improvement and his talk on that subject was received by his audience with a great deal of interest and enthusiasm.

An attendance in excess of 200 persons was estimated for the banquet.

**Emlea Smith Club
Marches for Dimes**

The Emlea Smith Junior Study Club members "Marched for Dimes" Monday, January 19, from 6-9 p.m.

According to Mrs. Rodney Fralin, President of the Club, the March was one of the most successful held in recent years. The Club collected donations totaling over \$300.

Members met at the home of Mrs. Maurice Lewallen and returned at 9 p.m. for coffee and to tabulate receipts.

Margie Ann Fitts, Morton's own March of Dimes recipient, was among those marching.

"The Emlea Smith Junior Study Club would like to thank the people of Morton who so generously gave to make our march a success," Mrs. Fraline stated in summing up the drive.

OUTSTANDING HOMEMAKER . . .

MRS. E. C. HALE, of Morton, is shown receiving the Outstanding Conservator Homemaker award at the Morton Area Chamber of Commerce banquet Tuesday night. The award is presented annually to the person who is judged to be using the best conservation methods and procedures in their homemaking activities. Presenting the award is Eugene Bentley, Conservation District board governors member and looking on is her husband, E. C. Hale.

Morton takes impressive win over DC to open district play

Morton's Indians served notice that they were wanting a share of the 1970 district championship as the Tribe roared to an 85-61 victory over the Denver City Mustangs in the conference opener Friday night. Morton joined Frenship and Post as district leaders after the first round of

play. The varsity's big win over the Mustangs gave Morton teams a sweep of Friday's home doubleheader. The Indian B team trimmed Denver City, 61-53 as Eddie Lewis clipped in 21 points for the winners. The B squad had to overcome a 32-30 deficit at halftime and the game remained close until the final seconds of the fourth quarter. The win was the eleventh of the year against only two losses for Coach Doug Reed's quintet. Terry Harvey and Big George Pritchett teamed up for a 51-point output and paced the Tribe to the big district win. Harvey hit on 10 of 19 attempts from the field and added seven more from the charity line to take top scoring honors with 27 points. Pritchett connected on 12 of 23 attempts for 24 tallies. As a team Morton clipped in 50 per cent from the field during the first half to take a 43-28 intermission lead. The Mustangs closed the gap to nine immediately after the half, but Pritchett's 12point output during the waning minutes of the third period gave the tribe a 65-46 spread going into the fourth quarter. Doug Hubbard hit 17 for the Mustangs as they dropped their eleventh game of the year against six wins. M. C. Collins and Elton Patton led Indian rebounding. Collins snared 13 cars while Patton hauled down 10. The win was the sixteenth of the year against only five losses and marked only the second time in three years the Tribe has triumphed over the Ponies. Last season Morton went 8-2 in conference play, the two losses coming at the hands of the Mustangs.
