Terry Claunch

Leslie Holden

BEING FOR QUEEN . . .

MISS LESLIE HOLDEN AND MISS TERRY CLAUNCH are vying for Queen of the Last Frontier Rodeo. One of the young ladies will reign over the three day event in 1972. Leslie, 10-year-old daughter of Mr. and Mrs. John Holden of Morton, is a 5th grader in the Morton Schools. She is a member of the 4-H Saddle Club, Campfire Girls, is 4-H Princess and sponsored by the 4-H Club. Terry is the daughter of Mr. and Mrs. Robert Claunch of Bula. She is 17, a senior at Bula High School where she plays basketball, is a cheerleader and is active in FHA. She is sponsored by the Roping Club.

Beginning date announced for highway construction

The Texas Highway Department has announced the beginning date for a construction project on F.M. Highway 1585 in Cochran County.

The work will extend from State Highway 214, 9.0 Miles South of Lehman, East of F.M. Highway 1780 and is known as the 214 cut-off. The Texas Highway Department and the Contractor's representative, Hugh Daniel of Lubbock, stated that construction will begin about August 22. Mr. Daniel stated that work will begin on the West end of the project at the intersection of State Highway 214, and work Eastward.

William M. Pope, Supervising Resident Engineer of the Texas Highway Department at Brownfield will be in charge of construction inspection. Mr. Pope explained that the roadway would be open to traffic and that the inconvenience to the traveling public will be held to a minimum.

Since heavy trucks and machinery will be working during construction, extreme caution should be used at all times by those traveling through the project, Pope stated. Cooperation of the public is being requested in obeying all traffic signals, warning signs and speed limits, he added. A planning meeting between Cochran County officials and personnel of the state

highway department was held Tuesday morning at the highway department offices here. Safety was the main theme of the meeting in which traffic procedures were worked out and agreement on methods to protect both the construction workers and the general public was made.

Contractor for the work is Western Paving Company of Lubbock, with Hugh Daniel in charge of construction. Time allowed by the contract for construction is 160 days. Cost of the project is \$160,000, half of which will be funded by the federal government and half by the state of Texas, Pope stated at the meeting.

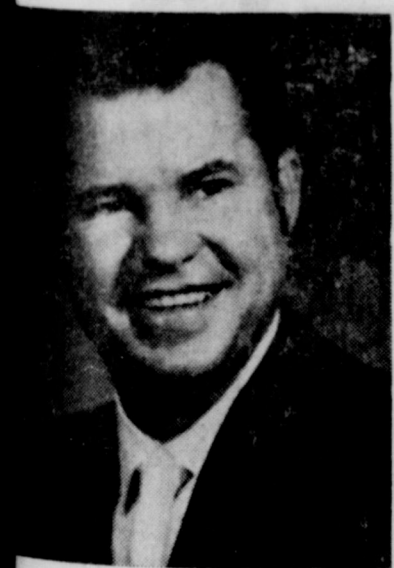

Thompson is chairman for FFAW observance

County Judge Glenn Thompson has been named chairman of the local Texas Food and Fiber Abundance Week observance which will be November 15-21, according to C. C. Scruggs, Dallas, vice president and editor of The Progressive Farmer magazine and chairman of the board of the statewide council promoting the special event.

Judge Thompson is expected to call on agricultural and business leaders in the county to work as a committee in promoting appreciation for the abundance of food and fiber from the state's farms and ranches.

Texas Governor Preston Smith and John C. White, state commissioner of agriculture, are honorary chairmen for the statewide observance. Leon Slaughter, Abilene, projects director for the West Texas Chamber of Commerce, is coordinator for the Texas Food and Fiber Abundance Council, a non-profit organization chartered in May, 1971, "to sponsor public relations programs designed to gain consumer

Dee Bowman

Former city man to preach gospel here August 9-15

Dee Bowman, former Mortonite from Houston, will be in Morton August 9 through 15 for a gospel meeting at the Morton Church of Christ.

Services will be conducted Monday through Saturday at 8 p.m. and Sunday at 10 a.m. and 7 p.m. and will include Bible preaching and congregational singing.

Bowman is the son of Mr. and Mrs. C. Bowman of Lubbock. He attended Morton schools until his family moved to Whitharral where he finished high school and later graduated from Texas Tech University.

He has been in the ministry for approximately 12 years and has been pastor of the Arburn Street Church of Christ in Lubbock for the past three years. Dee and his wife, Norma Jean, have two children, Russ, 8, and Denise 5. He is manager and part owner of radio station KCAS in Lubbock.

Van Cash host pastor, has issued a special invitation for everyone to attend any or all of the week long services.

HIGHWAY WHEELS . . .

COCHRAN COUNTY and State Highway officials got together for a planning session at the highway department offices here Tuesday to work out the preliminary details on a 12.4 mile construction project for FM1585 which is due to begin August 22. Traffic safety during the construction period was the main theme of the meeting. Attending the

meeting were: G. W. Nall, Mel Pope, John P. McKernan, J. J. Morgenson, Roy G. Wallace and Elzie Browne, all of the Texas Highway Department; Hugh Daniel, contractor; T. A. Rowland and John S. Salter, DPS; County Judge Glenn W. Thompson and Commissioners Leonard O. Coleman, E. J. McKissack, U. F. Wells and Harral Rawls.

It's rodeo time in Morton!

A host of admirers of all things western are expected to assemble in downtown Morton this afternoon as the 21st Last Frontier Rodeo gets off to a rousing start with a giant rodeo parade.

The festivities will begin with the parade and follow with the colorful "Grand Entry" at the county rodeo grounds prior to the kickoff performance tonight of the three-day celebration, Friday and Saturday's performances will also begin at 8 p.m.

There are two contestants for the title of rodeo queen this year. They are Leslie Holden, 10, of Morton and Sherry Claunch, 17, of Bula. The winner of the contest will be the one that sells the most \$1 tickets for a chance on a \$350 shop-made saddle that will be drawn for just prior to the last rodeo performance on Saturday.

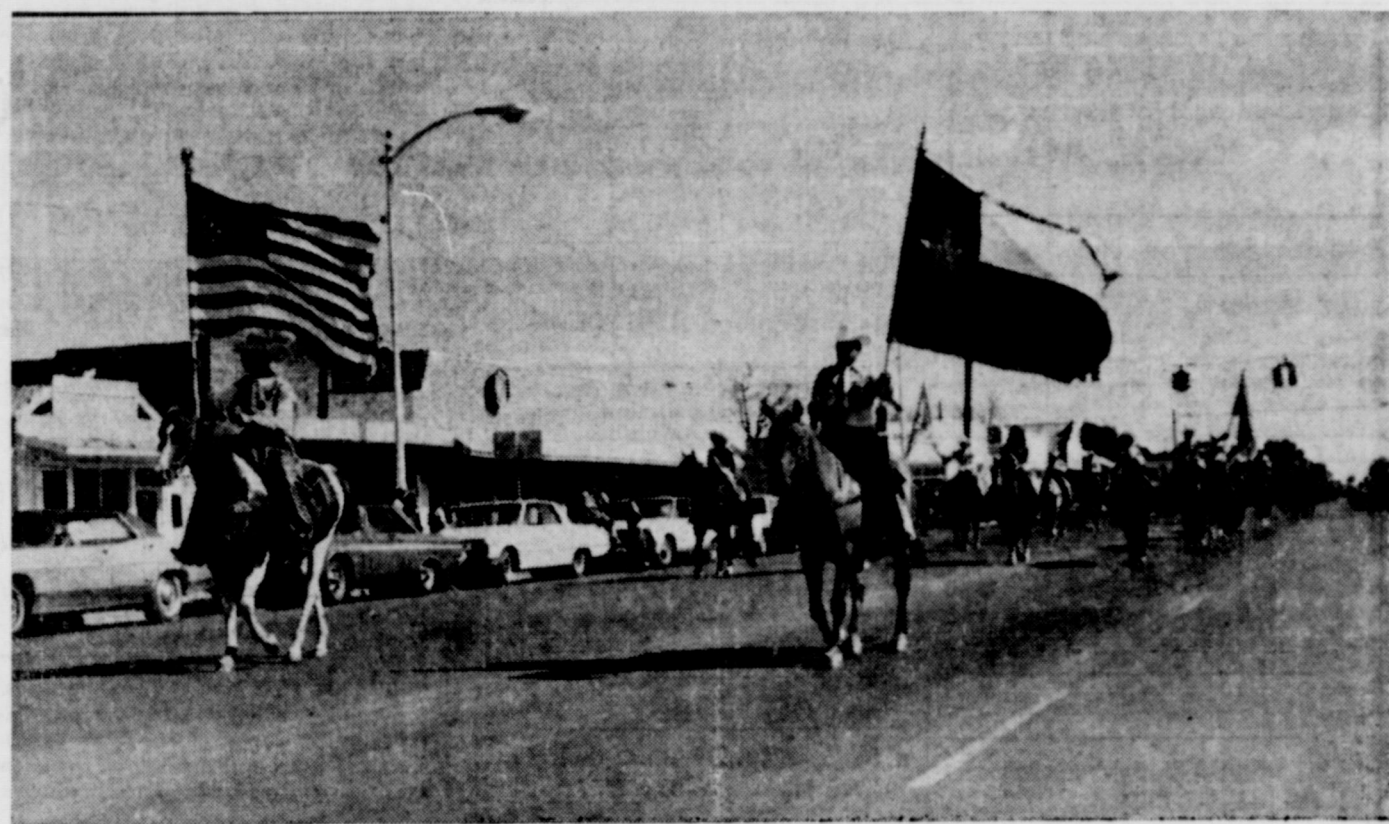

The new queen will be announced during the last performance and will reign over the 22nd Last Frontier Rodeo to be held in 1972. Each year the queen is selected for the following year's rodeo rather than for the year in which she competes.

Mary Cadenhead, daughter of Mr. and Mrs. Hub Cadenhead of Morton is the present reigning queen. Both queen candidates and Miss Cadenhead are expected to take part in the parade.

A large number of sheriff's posses, riding clubs, roping clubs and many other types of colorful western groups from throughout the South Plains have indicated that they will participate in the giant parade.

An added attraction to the rodeo parade this year will be the performance for 30 minutes before the parade and 30 minutes following it of the Brownlow family with their country and western band the

OPENING THE FESTIVITIES . . .

THE ABOVE TRADITIONAL SCENE will once again be reenacted this afternoon as the 21st Annual Last Frontier Rodeo gets underway for its three-day run. The rodeo parade, beginning at 4:30 p.m., will open the festivities in downtown Morton, after which the scene will shift to the

rodeo grounds where the grand entry will take place at 8 p.m. and will be followed by the rodeo performance. The Friday and Saturday night performances will begin at 8 p.m.

Bank observes 30th anniversary

The First State Bank of Morton this week is celebrating the thirtieth anniversary of its founding.

The bank, whose thirty years of operation has seen it climb from a very modest beginning on August 2, 1941 to a major financial institution with total assets of close to \$8 million, is gratefully blaming its success entirely upon its loyal customers over the years, states bank president Gene Benham.

The original state bank charter was delivered to its charterer W. W. Williamson at the county courthouse in 1941, its total assets were \$69,628.35. At the close of business on August 2, 1971, the assets totaled \$7,974,478.15.

Other comparable figures for the two dates that gives an insight into the growth of the institution include:

Loans made 1941; 130.66. Loans made August 2, 1971, \$25,978.45.

Loans collected August 2, 1941, \$0. Loans collected August 2, 1971, \$163,520.51.

Interest collected 1941, \$5.06. Interest collected 1971, \$5,007.58.

Capitol stock 1941, \$25,000. Capitol stock 1971, \$200,000.

Total deposits 1941 \$37,119.44. Total deposits 1971, \$6,964,819.32.

Following its early beginning at the courthouse the bank moved into a building constructed for it where Cochran Power and Light is now located. The new brick and steel building where the bank is now located was occupied in May, 1957, with the grand opening ceremonies held

Physical examination dates are announced

The schedule for physical examinations for all Morton students in the eighth grade or higher was released this week by head football coach Doug Reed.

All scheduled physicals will be given in the old school gym.

All athletes in the 8,9,10,11, and 12 grades in football, basketball or track will be given blood pressure physicals by a nurse Friday, August 6, beginning at 5 p.m.

Doctors will complete the examinations beginning at 6 p.m. Monday, August 9. On Thursday, August 12, the doctors will give physicals to those who missed the exams on Monday.

All those who miss both the above examination periods will have to make appointments with a doctor and have the examination at their own expense, Reed emphasized.

on May 18 which included banking and financial officials from throughout the state and the Southwest.

Williamson's interests in the bank were purchased by Benham and his associates in August 1962 at which time he assumed the presidency.

"There have been some lean years and some really good years," president Benham stated, "but the point that gratifies me the most is the fact that through thick and thin, the bank has continued to progress and has remained on a solid footing throughout the years."

Benham went on to express his gratitude to the many friends and customers of the bank who remained steadfast throughout those thirty years and extended an invitation to all of them to drop by for a chat and help the bank's personnel to celebrate its anniversary.

Kevin Russell has open heart surgery

Kevin Russell, 7, received open heart surgery Friday in Children's Hospital in Houston, according to word received by telephone at the Tribune Tuesday.

Kevin's operation, performed by the noted heart surgeon, Dr. Denton Cooley, appears to have been successful and he will remain several days in the post-operative recovery area, according to informed sources.

The youngster is the son of Mr. and Mrs. L. F. Russell, former residents of Morton.

Know the drug threat

(Eighth in series)

Today's Subject: More Mind-Affecting Drugs Now in Use

To classify any one group of drugs as "mind-affecting" would be a truth, but only half true, because this would lead one to believe that some drugs in use do NOT affect the mind. The hallucinogenics, (those which cause "trips" of the mind), are generally referred to as mind-affecting, but in reality all drugs have their effect on the mind whether direct or indirectly.

Some of the other drugs we have not mentioned thus far are Mescaline, PEYOTE, PSILOCYBIN, DMT, STP and MORNING GLORY SEEDS.

Mescaline is hallucinogenic in nature, a chemical found in the buttons of certain small cactus plants — peyote or mesquite

— and these are also available illegally in powder and liquid form. The effects, for the most part, are milder than from LSD, often last 10 to 12 hours. Being bitter to the taste it is often mixed with a drink to make it go down easier. American Indians have used this drug in religious rites for hundreds of years, so its use is not what could be termed new.

Peyote itself, coming from cactus, is a milder form of Mescaline. Sometimes it is referred to as "the button," "cactus," or just the letter "P." To this day it is still used in sacrament rites by the Native American Indian Church.

Psilocybin is from the Mexican mushroom and usually comes in crystal, powder or liquid form. Influence of the mind lasts from 2 to 6 hours generally and

Mike Bryan, Linda Romans recite double ring vows

Miss Lynda Romans and Mike Bryan exchanged double ring vows at 10 a.m. Saturday, July 24, in the Missionary Baptist Church. David Murrah of Lubbock officiated.

Parents of the couple are Mr. and Mrs. James P. Romans and Mr. and Mrs. Steve Bryan both of Morton.

Given in marriage by her father, the bride wore a lace bordered, princess style gown featuring accordion pleated sleeves with lace insertions. She carried a cascade of white feathered carnations atop a white Bible. Following tradition, she wore a set of diamond earrings for some-

thing old, her wedding dress represented something new, white Bible, belonging to Karen Stevens for something borrowed and a blue garter.

Miss LaVerne Romans, sister of the bride, was a maid of honor. She wore an empire orchid dotted swiss gown and carried a nosegay of white carnations with orchid streamers.

Mike Stevens served as best man.

Mrs. Norma McCarty was organist. Following a wedding trip to New Mexico, Mr. and Mrs. Bryan will reside in Levelland.

WE ARE CELEBRATING ...

And we would like for all our friends, neighbors and customers in the Morton Trade Area to join us ...

Yes, it's our 30th Anniversary and we are just so proud to be here. (We are not as old as Jack Benney yet, but we're gaining on him.)

We would like to take the opportunity on this important milestone in our business life to express our deep appreciation to all of you who have made our 30th anniversary possible. We would be nothing without all of our fine customers.

In the course of those thirty short years — from August 2,

1941, to August 2, 1971 — we have grown in total assets from a modest \$69,628.35 to \$7,974,478.15, and we blame it all on you, our loyal customers ... and we thank you.

We hope each of you will take this as a personal invitation to drop in for a chat and help us celebrate.

We hope also that you will give us the opportunity in the future to use our 30 years of experience in serving you better.

"Country Classics." Their music will be broadcast live over Morton Radio Station KRAN.

There is a little something for everyone in just about any age group in this year's rodeo — if you are a spectator and not a performer, that is. There are activities to suit the small fry, the juniors and the seniors and a large variety of events to be entered.

- Events and prizes include: Junior Cal Roping, breakaway, 15 years old and under, \$10.
- Open Cal Roping, two head, \$30.
- Junior Barrel Race, 15 years old and under, \$10.
- Open Barrel Race, \$20.
- Bare Back Bronc Riding, one head, \$20.
- Bull Riding, one head \$20.
- Team Roping, facing, two head, \$30.
- Cal Scramble, 10 years old and under \$5.
- Pony Express Race.
- Wild Mare Race.

The rodeo livestock is again being furnished by Red Whitley of Idalou. This group of bucking horses, Brahma bulls, roping calves, etc. is well known for giving good performances. They have an excellent account of themselves in the 1970 rodeo.

The Tribune joins other businessmen and residents in welcoming both visitors and contestants to Morton for the big rodeo weekend.

★ Cotton contest

Entry forms are now available for the Last Frontier Sew It With Cotton Contest.

Drug threat . . .

effects are similar to those of Mescaline. DMT, (dimethyltryptamine), causes effects similar to LSD, when taken in large doses. Reaction comes quickly and the effects last an hour or two. It is made synthetically and is a natural component of seeds from plants growing in the West Indies and South America. For hundreds of years natives have used this drug by sniffing a powder from the seeds.

STP, (also known as DOM), is relatively new on the drug scene. It is a synthetic chemical related to Mescaline and the Amphetamines. Reportedly it is very mind-distorting, but not nearly so powerful as LSD.

Morning Glory Seeds of some varieties have an active principle closely related to LSD, but much less potent. The seeds are most usually chewed or made into a tea.

Then there is the "thing" called "68"; like banana peel, "68" or, as it is sometimes called "sex juice," may be a hoax so say the specialists of the American Pharmaceutical Association. Users have reported that it produces wild, short trips as compared to LSD or STP. There are conflicting reports on the chemical make-up and over all effects. Our Food and Drug Administration says that "68" is simply oil of peppermint.

So, in summary today, you may ask yourself why it is important to know all of these minute details about all of the drugs we have discussed. Much of the information you may never have an occasion, it is much better to know facts than fiction, hearsay and the like.

The major point of this entire series is to better understand the drug misuse problem and to do this we must know basic knowledge and basic facts. Only through truth about the drug problem can we hope to combat it. Only through open-mindedness can we save our children from the horrors of drug misuse. WE are the adults — the solution to the problem is up to US — this is OUR responsibility! Be with me next week, won't you?

appreciating for the abundance, quality and value of food and fiber."

In addition to Slaughter and Scruggs, the other charter directors of the Council include Dr. H. O. Kunkel, dean of agriculture, Texas A&M University; Dr. Wayland Bennett, vice president for academic affairs, Texas Tech University; and Don Blacketer, Home Grove farmer. The latter three serve as vice chairmen. James L. (Curly) Hays, Abilene, West Texas Utilities Co., is treasurer of the Council.

A large number of professional people in agriculture-related businesses, organizations, state and federal agencies, news media, and educational institutions are working in the Council.

The first organizational meetings of the council were held in February in Fort Worth and Austin. Task force committees met in April in Austin, and the finance committee held its first meeting June 29 in Houston. Money to finance news releases, films for television and tapes for radio will come from voluntary contributions.

In the letter naming Judge Thompson as chairman of the county Food and Fiber observance, Scruggs pointed out that agriculture is today — and has been for many years — the number one industry in the State of Texas.

"In this day and age of confusion and confrontation, drugs, pollution, etc., all of us tend to forget that through the unparalleled efficiency of agriculture, America is the best-fed — and at the least cost — of any nation in the world," Scruggs said.

The council state chairman said that even though a large part of Texas' population is now found in urban areas, the food and fiber industry of Texas figures strongly in the daily economic life of every Texan.

"Over and above that," Scruggs added, "the bountiful array of food and natural fibers available to all is a blessing which no other nation enjoys."

Over 40 percent of the nation's wine are now produced in states officially free of hog cholera. Officials of the eradication program are making plans for the achievement of the program's objective, a nation free of hog cholera by the end of 1972.

Community action association receives large federal grant

Governor Preston Smith today announced his approval during the past week of a community action grant of \$50,000 in new federal funds to South Plains Community Action Association, Inc. in Levelland for CAA Administration.

The grant is funded under Title II of the Economic Opportunity Act, and is effective July 1, 1971, through Feb. 29, 1972.

This program will focus on the development of manpower programs for rural areas in West Texas, including five state planning regions — Panhandle, South Plains, North Texas, Permian Basin and Upper Rio Grande. The agency will work with local governments and resources, state government and agencies and federal agencies to improve coordination of manpower planning.

The immediate activities to be handled

under this program are dealing objectively with those unable to accommodate manpower training because of low or no formal educational achievement, especially in the matter of literacy, and working toward resolving the problem of geographic dispersion of those needing manpower training. Also, introducing nonacademically oriented vocational training to the rural areas whereby the unemployed labor force being created by agricultural technology can be trained to become productive members of the newly mechanized rural community, as well as working toward providing manpower components which will provide intensive counseling, job orientation, assessment, placement and other supportive services to the hard-core unemployed.

Mrs. Thomas A. Kroupa II

Kroupa-Poor pledge vows in double ring ceremony

Miss Patricia Alice Poor and Thomas A. Kroupa II were married at 2 p.m. Saturday, July 31, in the First Missionary Baptist Church. The Rev. Mearl Moore, pastor, officiated the double ring ceremony.

The bride is the daughter of Mrs. Ruth Warren of Morton and Jack Poor of Slocum, N.M. Kroupa is the son of Mr. and Mrs. Thomas Kroupa of El Paso.

Given in marriage by her grandfather, W. G. Baker, the bride wore a white satin floor-length gown with bell sleeves featuring a front panel overlay and sleeves of Gallean lace. Her finger tip veil was attached to a white covered pillbox hat and she carried a corsage of daisies with white satin streamers.

Jackie Poor, sister of the bride, was maid of honor. Vicki Von Deventer, Eugene, Oregon, was bridesmaid. They wore at each end's crowns of yellow dotted swiss trimmed in moss green and carried bouquets of daisies.

Gene Sherron, cousin of the groom from El Paso, served as best man. Gerald Baker, uncle of the bride, and Martin Baker, cousin of the bride, were ushers. Traditional wedding music was played by Miss Karen Willie and Miss Rita Brown. J. Wayne McDermitt was roofer.

A reception honoring the couple was held after the ceremony. The bride and groom are both serving with the United States Army and following a wedding trip, will make their home at East Hood.

Telephone negotiations entering ninth week

Negotiations between General Telephone Company of the Southwest and the Communications Workers of America were continuing at the end of the eighth week of negotiations in San Angelo.

The contract which expired June 27 has remained in effect under an "ever-green" clause while the company and union seek to reach accord on a new contract.

The company has indicated it is willing to modify its proposal in both wages and benefits. The company offered a proposal July 13 but the union rejected the offer the following day. The company said the modification of the proposal would include additional wages, additional benefit improvements and upgrading several towns where living expenses have risen above normal inflationary figures.

The union has refused to change its demands and has stated it must have vacation improvement above the offer of three weeks after eight years service, another holiday in addition to the eighth holiday proposed by the company, double time after 48 hours, time and a half on a holiday, improvements in sick benefits and 10 percent night differential.

Another union demand is for an agency shop where all employees except management level employees have to pay dues to the union. The demand would only be effective in Louisiana, Oklahoma and New Mexico as right-to-work laws in Texas and Arkansas prohibit required membership in unions.

Lighter Later Tops Club holds weekly meeting at church

The Lighter Later Tops Club met July 28 at 8:45 a.m. in Fellowship Hall of the First United Methodist Church.

Rita Thomas, leader, opened the meeting with a prayer.

Odessa Daniel and Ruby Davis, as partners, lost the most combined weight for a six-week period to win the grab bag contest.

Danielle Chessir's name was drawn for the weekly gift, and a new telephone chair relay contest is now underway. The member breaking the relay chair will pay a penalty.

Ludie Taylor and Danielle Chessir were the best losers for the week.

Members present for the meeting were: Rita Thomas, Mildred Oden, Ruby Davis, Danielle Chessir, Gene Bridges, Ludie Taylor and one guest.

Visitors and new members are welcome. For information regarding the club call Rita Thomas 937-2976.
