Morton, Texas, Thursday, June 1, 1972

Runoff voting set Saturday

THRILLING MOMENT . . .

HERE ARE A FEW MOMENTS IN LIFE more thrilling than that one when the graduating senior receives a firm handshake and a diploma all at the same time. Shown above receiving the first of 49 diplomas awarded to graduating seniors by Morton High School Tuesday night, is David Rice, Valedictorian of the Class of 1972. Con-

fering the diploma is MISD Board of Education President Dexter Nebhut. The presentations climaxed the graduation ceremonies that included the main address by J. Wayne McDermott, presently a student in Dallas and himself a graduate of MHS in the class of 1970.

Cochran Countian, joining with voters throughout the State of Texas, will go to the polls Saturday in a crucial second primary, or run-off, election to nominate Democratic candidates for one federal office, three state offices and, at the local level, two Cochran County offices.

Absentee balloting in the run-off election ended at 5 p.m. Tuesday. By that time, 101 absentee votes had been cast — 86 in Precinct 1, 8 in Precinct 2, 5 in Precinct 3 and 2 in Precinct 4 — with 9 mailed out ballots, all from Precinct 1, still unaccounted for.

The run-off election was decreed as a result of May 6 first Democratic Primary Election balloting.

At stake Saturday will be the Democratic Party nominations for United States senator, Texas governor, lieutenant governor, Texas state comptroller, Cochran County Sheriff and County commissioner of Precinct 1.

Squared off in battle for Democratic nomination for United States Senator are Barefoot Sanders, a Dallas attorney, and Ralph Yarborough, an Austin attorney and former U.S. Senator.

Dolph Briscoe, a Uvalde rancher, and a distaff candidate from South Texas, Frances Farenthold, are battling for the gubernatorial nomination.

Embroidered in the lieutenant governor's battle for party nomination are Wayne Connally, brother of recently retired Treasury Secretary John Connally, and Bill Hobby of Houston.

Incumbent Robert S. Calvert, long-time state comptroller of public accounts, is opposed by James Wilson.

On the local level, in a county-wide race, C. G. Richards and Charley Ellis are opposing each other for the Cochran county Sheriff's post. They won the right to compete in the runoff by polling the highest and second highest number of votes respectively in the May 6 Primary in which Walter Sandefer and Arthur Mason were eliminated.

In the Cochran County Commissioner for Precinct 1 race, Joe Beseda and Mike Walden survived a seven-man battle royal for the right to oppose each other in the runoff by capturing the most and second most votes respectively in the First Primary.

If the absentee voting is any indicator of what the 2,300 plus voters registered in the county will do, the turnout for the runoff should approximate the 71 percent that participated in the May 6 Primary. They are favored with an exceptionally interesting gubernatorial contest with Mrs. Farenthold, a Vassar educated state representative pitted against millionaire rancher-farmer Briscoe of Uvalde. Probably the biggest issue in this one for local voters is "Who will bring water to

JACK FROST IN PERSON . . .

HAROLD (JACK) FROST, chief forecaster at the U.S. Weather Bureau Station at Lubbock, presented a combination film, slide and lecture on the formation of tornadoes and methods to be used in detecting and reporting weather conditions that are conducive to their buildup. Frost, second from left, displays some of the government provided literature on thunderstorm and tornado formation that is available to the public. With him, left to right, are Maurice Lewallen, Bill Smith, Civil Defense Director; Rex Crawford and Tracy Enos. All the local men are officers in the Citizens Band Radio Club and members of the Civil Defense Force who regularly participate in tornado watches in the county.

High screwworm count causing cattlemen concern

A "red alert" is being sounded throughout the state as screwworms continue to assault livestock and other animals.

Cochran County has not recorded any cases to date, but it's most important that all animals be checked closely and regularly for infestations," says County Agricultural Agent Roy McClung.

Weather conditions were favorable for heavy screwworm buildups last winter in northern Mexico as well as in parts of the Southwest, explains the agent. Some infestations were also spread by transporting infested livestock last fall, and the

insect pest spent the mild winter in new quarters. This spring overall conditions were "ripe" for a massive screwworm invasion.

According to McClung, more than 2,300 cases have been confirmed in Texas this spring, the earliest and heaviest outbreak in the history of the Screwworm Eradication Program.

Although sterile fly production at the Mission Lab is running at its peak-200 million a week — treatment with these flies is not enough to stop the destructive, flesh-eating livestock pest, McClung urges all livestock producers and owners of other animals (dogs, cats) to follow certain precautions:

1. Carry out all approved preventive practices to help eliminate screwworms.
2. Inspect animals regularly and carefully and treat all wounds whether they are wormy or not.
3. Delay all surgery until cool weather this fall. Shearing, docking, castrating and dehorning only profice additional wounds

See SCREWORM, Page 2a

Eight local area men expected to be drafted during July

The July Draft Call has been announced by Colonel Melvin N. Glantz, the State Director of Selective Service for Texas.

Men in the 1972 First Priority Selection Group with lottery number 50 or lower will be issued induction orders with reporting dates in July. This Priority Selection Group is made up of men born in Calendar Year 1952 and of men who lose a deferment during Calendar Year 1972.

During April and May, induction orders went up to lottery number 015; during June to 035; and now for July, to 050.

Men with lottery numbers of 90 or lower will be ordered for pre-induction physical examinations during July if they have not yet been examined. The physical examinations are administered to men in the 1972 First Priority Selection Group, also.

Thirty days notice will be given on all induction orders. There is no quota for Texas; however, Colonel Glantz said he expects 400 men to be inducted in Texas.

W. M. Pool, II, Chairman of Local Board No. 4, said 8 induction orders will be issued by his local board. There will be 19 pre-induction Physical Examination orders issued, also.

Thomson is appointed Hughes Springs coach

Thomas Thomson, coach at Morton High School, will assume the duties of head basketball coach at Hughes Springs High School in East Texas for the 1972-73 school year.

Hughes Springs won the 1971 AA State Basketball championship.

Thomson has been with the Morton Schools three years and was assistant basketball coach. He also coached the tennis team.

Mrs. Thomson will teach in the elementary schools in Hughes Springs.

Thomson is a graduate of Southern State College in Arkansas and Mrs. Thomson is a graduate of East Texas State University in Commerce. The couple have two children, Timothy, 4, and Stephnia, 2.

Pirates, Sox set hot LL pace

Race for the top spot in Little League continued to be hot and heavy last week's leaders, the Pirates and Sox, each won their only game of the week to stay tied for first place. Each has a 3-2 record. The Cubs rebounded in third position with a 4-3 record over the Colts in fourth at 4-4.

The Cards continue their tumble and stand 2-5, and the Giants are still cellar dwellers with a 2-6 ledger.

The Pirates game this week was with the Giants, and they remembered that the Giants had upset them in their first game. To be sure that it did not happen again, the Pirates called in their ace Rusty Lamar to put out a Giant

and preserve the victory 10-6. Danny Dobson took the loss.

Richard Kuehler served up a home run ball to the Cards, Carlos Carases in the 2nd inning of their game, but came back in the bottom half of the inning to hit a homer of his own and lead the Sox to a 6-1 win over the Cards. Benny Jones was the loser.

The Giants used a grand slam home run by Jimmy Green and a 3 run rally in the bottom of the 6th inning to score a 12-11 triumph over the Cubs. Alex hurred the win while Cecil Amallo was tagged with the loss.

The Cubs took on the Colts in a rematch of a game won by the Colts 4-3 in 7 inn-

ings, and gained revenge as the Cubs came out on the long end of a 4-3 margin. Tino Saballo hit his 3rd home run of the season to aid his own winning cause. Larry Moore also hit a round-tripper for the Cubs. Bobby Patton absorbed the loss for the Colts.

The Colts gained their two victories at the expense of the Cards 10-9, and the Giants 6-3. In the Cards game, the Colts scored 7 runs in the 5th to get back in the ballgame and then pushed over two runs in the bottom of the 7th to take the win. John Barker was the winning pitcher.

Former Morton district conservationist promoted

With, dedication, experience, professionalism — these are some of the traits of Edward E. Thomas, newly appointed

state conservationist for the U. S. Soil Conservation Service in Texas.

Thomas returns to his native state from Nashville, Tennessee where he was deputy state conservationist for SCS. He succeeds Clyde W. Graham who has been named director of the South regional technical service center in Fort Worth.

A career conservationist since 1954, Thomas was an assistant to Graham at the Temple state office until he went to Nashville in January 1971.

"Having the chance to return to Texas as state conservationist exceeds my fondest dreams," Thomas admits matter-of-factly. "My family and I learned to love Tennessee, but it was always second to Texas." Thomas served as District Conservationist in Morton in the early sixties.

After starting his conservation career at Lubbock in 1954, Thomas worked at Wellington, Wheeler, Jayton, and Morton. Then he became area conservationist at Pecos in 1963. After holding a similar position at Harlingen, he moved to Temple as assistant state conservationist in 1968.

Thomas is a 1954 graduate of Texas A&M University where he was a member of the track team. He is also a graduate of Vernon High School and served as an Army officer in Korea from 1954 to 1956. He is a member of the T Association of Texas A&M, the Soil Conservation Society of America, and the American Society of Range Management.

He and his wife Mary have three children: Eddie, 15; Bill, 13; and Susan, 11.

Edward E. Thomas

SCHOOL CELEBRATES MEXICAN DAY . . .

MRS. W. C. BENHAM is pictured above with her 5th grade students as they celebrate "Mexican Day". All three Fifth grade rooms have been studying Mexico in

social studies and climaxed the study with a Mexican luncheon at the school last week.

Accent on health

State of Texas has begun a massive attack against venereal disease. Dr. E. Peavy, Texas Commissioner of Health, announced today the State Health Department has launched a gonorrhea and syphilis control program aimed at halting the increasing incidence of VD in this state which is said to be of epidemic proportions throughout the United States.

The State Health Department has received an initial grant of \$1.17 million in federal money that will be used to bolster the state's VD control effort and to assist local communities in carrying out community VD control programs of their own. A supplemental grant will become available in July.

"Texas has made great strides in VD control by significantly decreasing the incidence of early infectious syphilis," said Dr. Peavy, "but lack of funds has prevented the launching of a really effective attack against gonorrhea. Texas is only one of many states receiving federal funds as part of a massive, nationwide VD control effort, aimed heavily at bringing gonorrhea under control."

Incidence of gonorrhea has been rising in Texas since 1957. The past five years have seen a 75 per cent jump in reported occurrence of this disease, and a 31 per cent rise has occurred over the past two years. Health officials estimate that only one of every five cases of the disease is actually reported. Gonorrhea is currently the number one problem among all communicable diseases in Texas.

"During the next five years, the State Health Department will conduct an intensified statewide campaign designed to reverse this upward trend and to reduce the prevalence of infectious gonorrhea to a controllable level," said Dr. Peavy. "Many of the efforts will be centered in the five major metropolitan areas where 72 per cent of all VD-infected individuals live. Control efforts will be initiated in all 24 standard metropolitan areas, which account for 91 per cent of all venereal diseases."

During 1971, 50,193 cases of gonorrhea were officially reported to the State Health Department. However, health officials believe the actual incidence of gonorrhea in Texas may well have been in excess of 180,000 cases last year.

At the present time, the brunt of the state's gonorrhea epidemic is striking the young. Although gonorrhea knows no racial or economic boundaries, the heaviest concentration is among the economically disadvantaged. Of those Texans reported as infected with gonorrhea last year, 23 per cent were in age group 15-19, 65 per cent in group 15-24, and 81 per cent in the 15-29 year age group.

The gonorrhea culture screening program will attempt to reach 500,000 females in the prime incidence areas to test for possible VD. Some 40,000 male patients will be interviewed for their sex contacts to reach and treat all victims of the disease.

State health officials plan to seek the support of the state's 11,000 licensed physicians, and will advise all 1500 licensed laboratories throughout the state to report all positive tests for VD — now a requirement of state law.

In addition, a massive statewide education and public awareness campaign will elaborate on the dangers of VD, the need for accurate information at an early age, and the need to seek early treatment for the disease. The campaign will include newspaper, radio and TV public service spots, informational and training workshops for health professionals, and community seminars aimed at community officials and the public.

There's a sense of urgency in contact with females. They can have gonorrhea and not know it — thereby becoming "asymptomatic carriers."

Gonorrhea is a disease which incubates rapidly after contact — some three days — and therefore is spread rapidly. But by finding and eliminating the disease in asymptomatic women, it is hoped that the gonorrhea epidemic can be brought under control.

Cochran county life expectancy steadily rising, survey shows

Today, for the average Cochran County resident, the chances of living to a ripe old age are better than ever.

A child born in the local area at the present time may look forward to a life span of 70.5 years, according to national statistics. It is somewhat more than that for females and somewhat less for males.

This life expectancy at birth is much greater than it was a generation or two ago. In 1950, the records show, it was 68.2 years and, in 1930, only 59.7.

The improved outlook is attributed to the dramatic progress that has been made in the fields of medicine and public health and in the care of older people.

As a result, there has been a 63 per cent increase in the nation's over-65 population since 1950, compared with an increase of only 34 percent in the total population.

In Cochran County, there are now some 298 men and 245 women in that age bracket.

Because of the great gains in longevity, more married couples are now reaching the age of retirement together, according to insurance company statisticians.

Furthermore the odds are better than ever that both husband and wife, after reaching that point, will live at least 13 years more. That is what the latest figures on life expectancy show.

For a man, the period of maximum family responsibility begins when he gets married. It continues for about 30 years thereafter. His survival through this period, when there are likely to be dependent children, is of great social and economic importance.

Based upon the current statistics, the 30 or so men in Cochran County who are now at the average marrying age of 23 have 88 chances out of 100 of surviving to their 54th birthday. By that time, the children may be expected to be off and on their own. Back in 1940, his chances of reaching that point would have been no more than 83 out of 100.

Despite the longevity achieved in the United States, this country lags behind 17 other industrialized nations in that respect, the figures show. The leader is Sweden, where the expectancy at birth is 71.9 years for males and 76.5 for females.

ETRAVAGANCE

Most of us could feel much better about this machine age if we didn't have to worry along with last year's model.

Alteration tailor course set by the Labor Department

Announcement has been made of the approval by the Labor Department, and Department of Health Education and Welfare, of a training project under the Manpower Development Training Act (MDTA) in alteration tailor.

Training will be given in Lubbock for

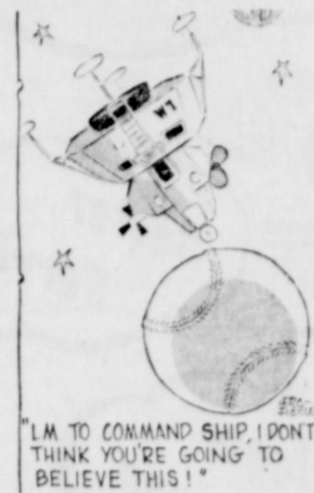

16 weeks, beginning June 19 and ending October 6. Interested persons are asked to apply at the Texas Employment Commission, 1602 16th Street in Lubbock Monday through Friday between the hours of 8 a.m. and 5 p.m.

Any person unemployed or underemployed, 18 years of age or older, who has the desire to do alteration tailor work and is able to read, write, speak and understand English is eligible to attend. Veterans will be given preference.

Trainees may be paid \$42. per week, plus \$5. per week for each dependent up to six dependents. Travel allowances are paid to trainees who commute to the training facility.

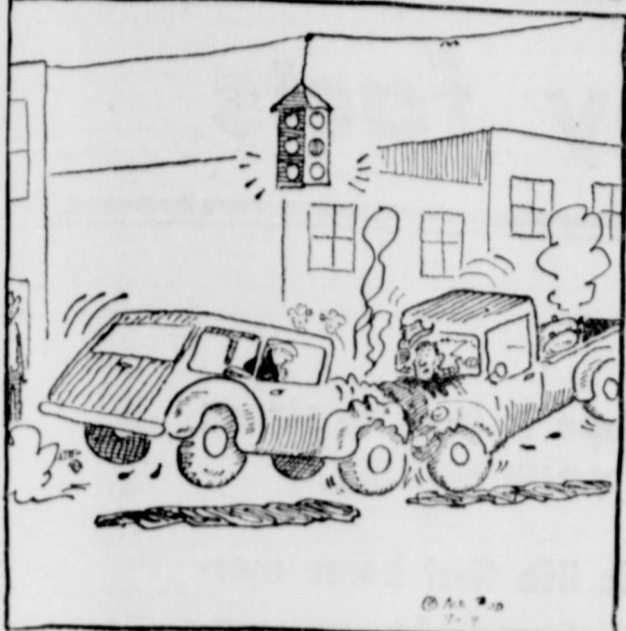

Trainees must attend classes 8 hours daily from 8 a.m. until 4:30 p.m. Monday through Friday of each week, except on holidays. Training will be given in skills and knowledge that will enable them to enter the occupation of alteration tailor at the entry level and progress efficiently.

The Texas Employment Commission will give job placement service to trainees completing the course.

ASCS Farm News

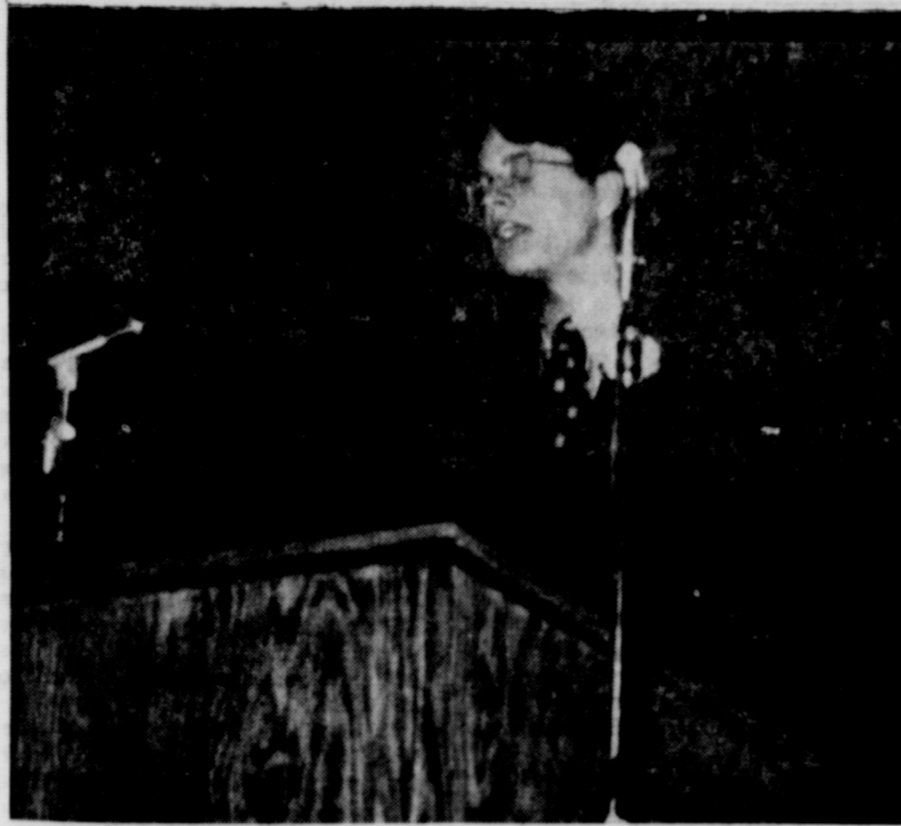

JOHN W. HALL, CED

Farmer certification is the essential step preceding set-aside payments to producers participating in the U. S. Department of Agriculture 1972 set-aside programs for corn, grain sorghum, barley, wheat, and cotton, according to Danny Hall, local farm program official. He urged farmers who have questions to call or come in to the county office of the Agricultural Station and Conservation Service. It's important that a farmer know exactly what he is certifying before he signs his name," said John W. Hall, County ASCS Executive Director. Final certification date this year is August 1, but certification may be made as early as a farmer has his program crops planted and knows he is in compliance with the programs.

As soon as a producer certifies, the County ASCS Office begins processing the data for payment which will be made soon after July 1.

"While it speeds payments to get certifications in early, producers should also remember that mistakes can be costly. Once certification is made, no acreage adjustments can be made. A farmer has to be in compliance with program regulations when he certifies. That's why we're urging producers to call or come in now if they're not sure about what is required for certification."

When a producer certifies, he reports exactly what acreage he has in set-aside land and what acreage he has in the program crops he signed up for. He also certifies he has complied with all program regulations and will continue to comply throughout the year.

GIVES COMMENCEMENT ADDRESS . . .

THE MORTON HIGH SCHOOL GRADUATING CLASS was admonished in an address by J. Wayne McDermott during commencement exercises Tuesday night to "Set your goals, dream your dreams and then set out to make them come true." He stressed that graduation was not the end, but only the beginning of their lives if they continue to strive toward their full potential. McDermott is presently attending Mortuary Science school in Dallas and is himself a 1970 graduate of Morton High School.

Pvt. Steed completes Army basic training

Army Private Jerry C. Steed, 20, son of Mr. and Mrs. N. H. Steed Jr., 808 E. Buchanan, Morton, has completed eight weeks of basic training at the U. S. Army Training Center, Infantry, Ft. Polk, La. He received instruction in drill and ceremonies, weapons, map reading, combat tactics, military courtesy, military justice, first aid, and Army history and traditions. Pvt. Steed received his training with

Company D of the 1st Brigades 4th Battalion.

The Private attended Morton High School and Eastern New Mexico University, Portales.

His wife, Risa, lives at 404 E. Maple, Drumright, Okla.

Modern times are unpredictable — the only thing you can count on is your tingers.

News from Threeway

Mr. and Mrs. R. G. Benton from Prescott, Arizona are visiting his sister and family, the Rayford Mastens.

Several from the community spent the weekend camping out in the mountains of N.M.

Mr. and Mrs. Johnnie Wheeler were in Lubbock Thursday.

Several farms east of Maple were hauled out Saturday. Other parts of the community only received showers.

The Wotley elevator at Goodland received a load of wheat Friday afternoon.

Mr. and Mrs. Albert Ellis of Tatum, N.M. and Mrs. Lillie Wittner from Lubbock visited the Ed Neutzler and Adolph Wittners Friday afternoon.

Mr. and Mrs. R. G. Benton and Mr. and Mrs. Rayford Masten were in Lubbock Saturday.

The youth of the Three Way Baptist Church had a car wash at Maple Saturday.

Mr. and Mrs. Troy Tyson spent the weekend with his parents the George Tysons.

Three Way held their graduation Friday night in the school auditorium.

Mr. and Mrs. George Wheeler and boys from West Camp were supper guests in the Johnnie Wheeler home Sunday evening.

Mr. and Mrs. H. W. Garvin visited a cousin in Amherst Hospital Sunday afternoon.

Mr. and Mrs. Lamar Pollard and son from Levelland spent the weekend with her parents, the Rayford Mastens.

Mr. and Mrs. Fred Kelley returned Tuesday from Wilcox, Arizona where they visited their daughter and family, the Jimmy Emersons.

Mr. and Mrs. Kenneth Cunningham and boys from Lovington, N.M. spent the weekend with her parents, the E. B. Julians.

Bible club meets in Klutts home

The Goodland Bible Study Club met May 23 in the home of Mrs. Cloe Klutts. Nine members attended the meeting.

President's thought of the day was "The happiness of your life depends on the quality of your thoughts."

Mrs. Opal McCelvey was presented the White Elephant gift.

The club will meet June 6 in the home of Mrs. Lyndell Galt for a study of Chapter 2 and 3 of Daniel.

Present for the meeting were: Mmes Allene Chapman, Lyndell Galt, Drucilla Hutton, Opal McCelvey, Betty Parkman, Maxine Ragsdale, Frances Stegall, Chloris Tarlton and the hostess.

SPC registration for summer terms will begin today

Registration for the Summer Term of 1972 at South Plains College will begin at 9:00 a.m. on Thursday, June 1 in the Administration Building on the college campus.

Students may register for either or both summer sessions at that time. Registration for the Second Summer Session will be July 10 for those students who do not register for the session in June.

Summer School at SPC this summer will be very similar to the regular fall and spring terms. A full complement of courses will be offered, and the college will also have both men's and women's dormitories open as well as a student activity program.

Gillespie Hall will be open for women students, and men students will have Forrest Hall open for their residency.

Students who are interested in reserving a room in one of the college's residence halls for the summer months should contact the Housing Office at the college. Costs for room and board for the summer will be \$150.00 per five week term. This price includes meals to be served in the college cafeteria.

Late registration for the first summer session at SPC continues through June 5 while classes are slated to begin on Friday, June 2.

Students interested in attending summer classes at South Plains College should contact the Office of the Registrar for an application for admission.

SOLID FOOTING

Sound ideas and planning are the real dynamos of individual and social advancement.

People who know it all get just as much love as anybody else, but most of it home-made.

This life would be one of contentment if it were possible to limit one's wants to his needs.

MIKE WALDEN

I would like to take this opportunity to express my appreciation to all of you who supported me in the Democratic Primary. I ask that you be sure to vote in the runoff June 3.

I want to be the next commissioner of Precinct One because, I am aware of the needs of the county, having spent fifteen years working for the county. I realize farm to market roads are needed, and this has been sadly neglected. I will work hard to make these needed roads a reality. My special training in diesel engines and heavy equipment will be an asset to you, the tax payer. I will see to the improvement of our present roads, and do so without favoritism.

I feel that my background in business and road construction qualifies me to best serve the tax payers of this county. I will be on the job because, I have no other interest to take me away from it. I feel that the commissioners job should not be a sideline, and it will not be if I am your commissioner. I have no other business to dispose of in order to devote full time to my work as commissioner.

I have lived in Cochran County 41 years, and my one great desire is to be of service to you, my friends, citizens of Cochran County.

The race has not been won, but with your efforts on my behalf, it will be, and I will exert my every effort toward being the best commissioner you have ever had for Precinct One. Thank You.

(Pol. adv. paid for by Mike Walden)

News from Bula-Enochs area

Those on the Ranger's team are Steve Pollard, John Snitker and Timothy Roberts. The Indians played the Rangers and the Indians won with a score of 20-6.

Mr. and Mrs. W. R. Adams and granddaughter, Linda Adams, drove to Sun Ray Saturday to spend the weekend with a niece, Mr. and Mrs. Howard Greer.

Local 4-H horsemen invited to enter Terry county playday

The Terry County 4-H Invitational Playday will be June 3, 1972 in the Brownfield Rodeo Arena beginning at 9:00 a.m. Entry fee will be \$1.00 per class per horse or \$5.00 for all performances.

The State 4-H Horse Show rules will apply except as follows — One 4-H'er may show more than one horse, but he cannot show but one horse per class. One horse can enter one class one time. One 4-H'er can enter one class one time. One horse may show in the same event in different age groups by brothers or sisters.

All participants over 9 years of age must be bona fide 4-H club members. Those under 9 years of age must be honorary 4-H club members. Horses must be mares or geldings, no stallions. Books on a class will close immediately after first call for that class.

There will be four age groups — Pee Wee, Young Junior, Junior, and Senior; Six performance classes — Western Pleasure, Reining, Barrel Racing, Flag Racing, Showmanship and Pole Bending and four Halter classes — registered, grade, mare and gelding.

The high point county will be presented a trophy.

Hi Duncan spoke on radio and it's importance to a community at the Wednesday, May 24, meeting of the Lighter Later Tops Club meeting.

Thought for the day was "To entertain some people, all you have to do is listen." Adala Alaquiner was named for the best weight loss of the week.

Bookmobile

The High Plains Bookmobile will be in your area on the following dates:

Tuesday June 6, Morton — 9:30-12:00
Wednesday June 7, Circleback — 8:45-9:45; Bula No. 1 — 10:15-11:15; Bula No. 2 — 12:00-1:00.

Pvt. House completes advanced Army course

Private Lessel E. House, 18, son of Mr. and Mrs. L. W. House, Morton, has completed nine weeks of advanced individual

training at the U. S. Army Infantry Training Center, Ft. Polk, La.

He received general training as a weapons infantryman and as a mortar and recoilless rifle crewman, in addition to specialized weapons instruction.

He also was taught the proper use of high explosives and the placement, detonation and disarming of mines.

Teamwork was emphasized while learned to work as a member of a squad, mortar squad or direct fire squad. Each team member completed the training well qualified to perform other cases of casualties.

Pvt. House entered the Army leadership center and completed basic training at the Fort.

He was graduated from Morton High School in 1971.

Local man listed on ASU honor roll

John Francis Furgeson, Jr. of Morton, a student at Angelo State University in San Angelo, is listed on the Dean's Honor Roll for the spring semester at the University.

The student is listed on the 3.00 to 3.49 honor roll.

Hoing a garden in mid-summer heat is probably what is meant by "growing pains."

Patio party honors MHS graduates

Dale Tilger, Ricky McMaster and Jackie Richards, graduating seniors of Morton High School, were honored Friday with a patio party in the home of Mr. and Mrs. Orville Tilger.

Special guests were Terry Harris, Susan Layton, Sandra Akin, Nick Barnard of Lubbock and LaVerne McMaster, grandmother of Ricky McMaster.

A centerpiece featuring MHS class colors, black and gold, were used in streamers from pictures of each of the honorees to a learning tree consisting of reading, writing and arithmetic "taught to the tune of a hickory stick."

Guests enjoyed games and music.

SPC announces two scholarships by API

The American Petroleum Institute has granted two \$250 scholarships to South Plains College for the 1972-73 school year. Applications will be accepted through July 31, 1972. Scholarships will be awarded the first week in August.

Eligibility requirements, as stipulated by the American Petroleum Institute, are as follows:

Parents must be connected in some way with the oil industry.

Student will major in some area beneficial to the petroleum industry.

Interested individuals may request an application form from Dean Frank Hunt, South Plains College.

Hi Duncan speaks at Tops meeting

Speaking of Politics

J. WAYNE McDERMETT

This Saturday Cochran County voters will elect a Sheriff and voters in Precinct One will elect a County Commissioner. Burley Ellis and C. G. Richards are running for the sheriff's post, left by Hazel Hancock. Vying for the commissioner's post are Mike Walden and Joe Beseda.

Others will also select the nominees for the sheriff and county commissioner from the two parties. Republicans will elect either Albert Fay or Henry Brisco. Democrats will choose between Brisco and Mrs. Frances Faren.

Other candidates for state office were also forced into a run-off position. Barefoot Sanders and Ralph Yarbo-

rough are both fighting for the U. S. Senate seat now held by Republican John Tower. Wayne Connally and Bill Hobby are engaged in mud-slinging campaign for the Lt. Governor's chair.

There are liberals, moderates, and conservatives running for the various offices and Cochran County voters can more or less have their choice.

This year, as never before, it is vitally important that we all take an active part in our Government, from the local level all the way to the White House.

Decide for yourself who you feel is the best qualified for each office and make your voice heard at the polls this Saturday.

I have heard several people say, "I don't vote in the primaries, only in the

general election." Those who do this are passing by one of the greatest rights and privileges we have in this country . . . the right to choose our leaders.

I've never asked, but I'm sure any Russian would dearly love to be able to vote in a primary and really help choose his leaders.

You may feel because you're "way out in West Texas" that your vote really doesn't matter. It does matter! Many candidates have won or lost by only one vote.

Take advantage of your rights as Citizens of the U. S. and Texas and vote this Saturday in the June 3rd run-off election!

Letter To The Editor

Lubbock, Texas
May 30, 1972

Dear Editor:

The letter which appeared in last week's paper criticizing Indian Capers was a very serious indictment and slur against the Morton High School choir and its program. No doubt many might jump to conclusions about the program if they did not see it staged.

Just because the choir presented selections from a controversial rock opera does not mean that the songs or the program was in bad taste. In my opinion, none of the program was distasteful; the songs performed represented difficult and beautiful music and nothing else. Only in one instance did a technical error (which was my fault) perhaps distort the meaning of one of the skits.

If hours and hours of hard work by the choir students is going to be rewarded with such criticism, then it certainly wasn't worth their efforts. The choir's work is a part of a constructive learning process — it is only right that the criticism of their efforts be the same.

David Murrain

ODD BUT TRUE

Never in history have people lived so well before — or so many so far behind.

TIGHT RACE

Golf is next to religion, and on Sundays it seems to run a little ahead of it.

YM CLUB OFFICERS . . .

MRS. BOB TRAVIS INSTALLED the YM Study Club officers at a dinner May 4. Those installed were: seated, Mrs. John Hall, Mrs. Weldon Wynn, Mrs. Robert Yeary, standing, Mrs. Jim Bell, Mrs. Truman Murdock, Mrs. Dexter Nebhut, Mrs. Donald Masten, Mrs. Robbie Key and Mrs. Max Clark.

About local folks . . .

BY DUTCH GIPSON

Mr. and Mrs. Arlee Barnard, uncle and aunt of Dale Tilger, graduating senior of Morton, are honoring him with a weeks trip to the mountains in New Mexico. He will be joined by Nick Barnard and Rick Mosley of Lubbock. They will leave May 31 and return June 7. Dale has been employed by Luper Tire Company for the summer and will enroll at South Plains College in Levelland for the fall semester.

Mr. and Mrs. Hazel Hancock attended funeral services for Hazel's uncle, Perry N. Best, in Fort Sumner, N.M. Friday. Mac Wesley Hancock III of Farwell graduated from School of Law, Tulane University in New Orleans, La. Saturday. He is the nephew of Hazel Hancock and a former resident of Cochran County.

Mr. and Mrs. Boyd Willis left Friday for Grover, Calif. in response to a call that his father, Burley Willis, was gravely ill. Boyd was joined by his sister, Mrs. Gene Winder, in Amarillo and the three made the trip together. Other members of the Willis family from Stanton and Lubbock had previously left on Thursday.

Mr. and Mrs. Joe Gipson enjoyed as their houseguests over the weekend her niece and husband, Mr. and Mrs. Buck Autry, of Sherman.

Visiting with her mother during the Memorial weekend was Mrs. E. L. Willis of Lubbock. Snoball was at the bedside of his father in California.

Mrs. Lanita Woolam and son have arrived in Morton for an extended visit. Her husband, Danny, has been assigned for overseas duty in Vietnam. They have been living in Jacksonville, Ark. for several months.

Little Folks School closed Thursday with a trip to Owens Bros. Custom Feeding Company to see the cattle. From there they went to the County Park for fun and frolic and later enjoyed a sack lunch and birthday party. At 1 p.m. they enjoyed a movie at the local theatre.

Mrs. Lois St. Clair and her children, Mr. and Mrs. Jimmy St. Clair and James, Mr. and Mrs. Mayland Abbe and Mr. and Mrs. John St. Clair were guests of Mr. and Mrs. Frank Jones in Odessa over Memorial Day weekend. The Jones' are the parents of Mrs. Jimmy St. Clair. The group enjoyed fishing and boating. They returned to Morton Monday afternoon.

Mr. and Mrs. Wilbur Morgan, McAllen and former residents of Morton, are expected guests of Mrs. Charles Taylor for the weekend. Morgan is a former teacher in the Morton public schools.

Former Morton man to receive medical degree in Galveston

Don R. Barnett, son of Mrs. and the late Mr. O. F. Barnett of Houston, and formerly of Morton, is among 24 candidates scheduled to receive MA or PhD degrees from the Graduate School at the University of Texas Medical School's Galveston Branch June 7. Barnett is a 1952 graduate of Morton High School.

UTMB, eighth largest medical school in the nation — and one of the oldest medical schools in the U.S. — has approximately 283 full-time faculty members and facilities for more than 1,200 patients in its seven hospitals and two outpatient clinics.

Those completing graduate school studies are prepared to enter a teaching and research career at this or other medical schools, or to conduct full-time research leading to scientific advances in the medical sciences.

Course work and related research programs conducted at the UTMB Graduate School lead toward Master of Arts and Doctor of Philosophy degrees in anatomy, biochemistry, human genetics, microbiology, pharmacology, physiology and preventive medicine and community health. An MA is also available in pathology. Mr. Barnett received his PhD degree in Human Genetics.

It is so much easier to stand one's own poverty than to stand another's prosperity.

Letter to the Editor

Editor
Morton Tribune

I am very sorry that the time consuming effort and goodwill of the "Indian Capers," their sponsors and instructors, has not rated but a degrading set of subjective impressions, that, no matter how many insulting words are used, proves nothing, since no facts are submitted to substantiate one single statement.

Uplifting, music or otherwise, is how we react to this stimulus, and it does not depend on the object seen, or heard, but on the love and beauty we carry inside.

Music, according to Webster, or anyone else, relays on techniques of harmony and orchestration, and, anyone versed in this art, will speak of this play as a classic. Not all of us like the same type of sound, it is a matter of taste. But, whether we talk of "The foundry," or "Beethoven's fifth," if we really are honest evaluators of music, we cannot detract of their merits. Jazz was mocked at in its time; when Mendelssohn brought Bach's religious music back to life and saved it from oblivion, he created such an onrush of opinionism, that it even caused a murder, because of other's prejudiced thinking.

Sacrilegious—a word that means "injury to what is sacred" is, just like uplifting, only a state of mind. The words of Jesus Christ Superstar, are mostly textual quotations, and, occasionally, freelance dialogue lines that are common in historical plays. Shakespeare's: "Thou too, Brutus, my son" is, for instance, not historically factual, but I have never heard of anyone casting contempt at it. In life we see in other's and the world around us, only the reflection of our own thinking. Sometimes fear and prejudice deprive us of the beauty that is in knowledge and understanding. Reason and facts are only a threat to those thoughts that are not based on truth and logic. We honestly appreciate all efforts for art and progress. What is classic to-day, was nothing but contemptuous some time ago, because false conservatism believes there should be nothing done for the first time. Three cheers for "Indian Capers," their assistants and anyone that honestly explores new roads!

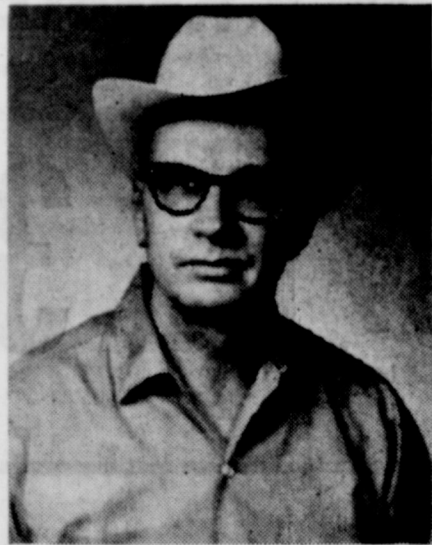

P.S. — There is no better cure for "getting off the track," than prevention. If we teach love and joy in life, if our life is proof that these qualities can be everpresent, the young will strive to follow our steps. If all we can do is "see evil every where," why wonder about escapism? WHY?

NIGHTMARES

Drive carefully, motorists — you'll never quit regretting if you run down a child.

DID YOU KNOW:

- THAT THE COMMISSIONERS COURT sets all tax values and rates on all properties in the County?
- THAT THE COMMISSIONERS COURT must see that all bills against the County are examined and approved for payment, and that they must account for all money spent?
- THAT THE COMMISSIONERS COURT sets all salaries for the County?
- THAT THE COMMISSIONERS COURT must plan and attend to the construction of all new or additional roads?
- THAT THE COMMISSIONERS COURT is responsible for the hiring and contracting of all work to be done for the County in any way?
- THAT A COMMISSIONER must deal with many concerns and individuals outside his precinct, such as the Highway Department personnel, Tax and Valuation Engineers, Contracting Concerns, etc?
- THAT A COMMISSIONER IS, above all else, a servant to the people within his precinct and his County and that he be available to be of assistance when needed? And that he must do so with no favoritism or partiality?

Cochran County. This was a very good visit and also a most informative one, and it was somewhat encouraging for Cochran County. If elected, I will no longer be active in the grain business, therefore, my time will be devoted to this office and to making any needed improvements that are to the best interests of you, the people. I wish to thank you again for your support in the primary election and I am asking for your continued support and your vote on June 3. If elected your Commissioner, I will conduct the duties of this office with dignity and fairness to all. Thanking you in advance for your interest and consideration, I am

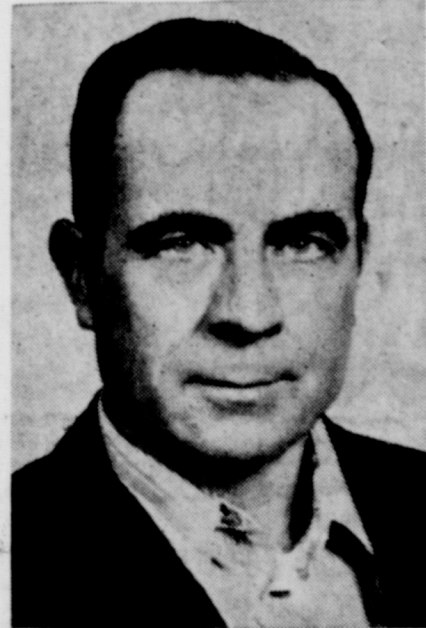

sincerely want to be your next Commissioner for Precinct One and I will try to execute the duties of this office with the honest effort that it deserves. Since I began campaigning for this position, I have acquainted myself with the various aspects expected of a Commissioner and I feel that I am qualified to serve you in a way that will satisfy and please you. Regarding our Farm Roads, I have recently gone to Lubbock and there I visited with Mr. Oscar L. Crane, who is the State Highway Engineer for Cochran County. Mr. Crane discussed future Farm to Market Roads for

JOE BESEDA

Candidate for Commissioner, Precinct 1

(Pol. adv. paid for by Joe Beseda)

To My Friends:

The fine support I received in the May 6 Primary was deeply appreciated and I thank you for that support. Now, the June 3 Run-Off Election is upcoming and I again ask for your support and influence.

I have been a lifelong resident of Cochran County and therefore I have a knowledge of the problems in our County.

If I am elected to the Sheriff's Office, I will do my very best to fulfill the duties of that office to the best of my ability.

I realize the narcotics situation in Cochran County is a serious one and must be stopped. If elected I will do my best to fight this problem and to stop the pusher.

I regret not being able to contact each of you in Cochran County and speak to you.

Also let me say that anything you may do or have done to help in my campaign has been and will be appreciated.

Please VOTE in the June 3 Run-Off. Thank You.

Sincerely,

C. G. Richards

Candidate for Cochran Co. Sheriff

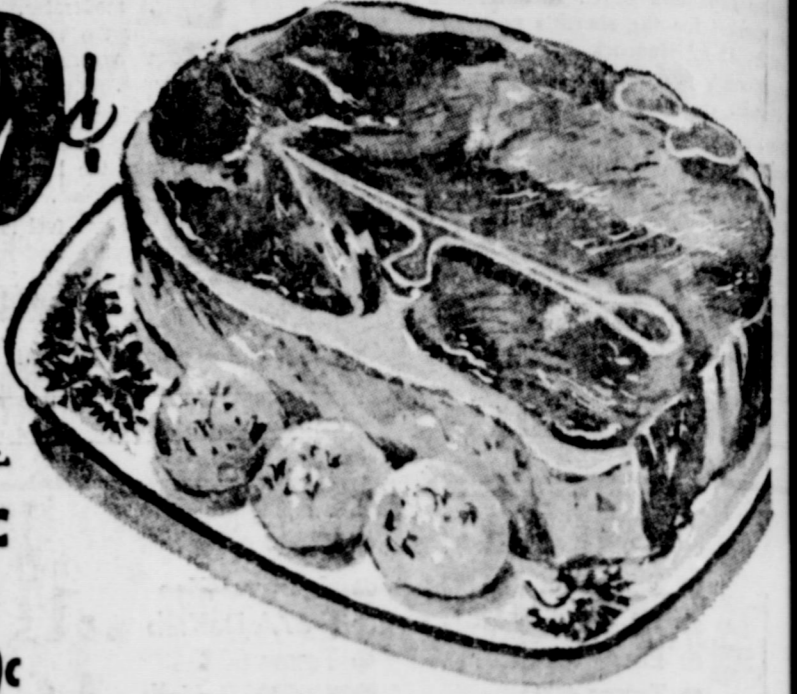

(Pol. adv. paid for by C. G. Richards)
