

Happy Thanksgiving to Cochran countians—Who have so much for which to be thankful!

**SAFETY DEVISE . . .**

MAN SWINNEY, administrator at Cochran Memorial Hospital, points to magnetic door holder which is part of a fire safety system recently installed in all sections of the hospital. The large double doors leading to each section of the hospital are held open by magnetic holders which are attached to a central control panel. Heat and smoke sensors detecting heat or fire in any room or hall flash a signal to the control panel which automatically breaks the magnetic field and allows all doors to close, sealing the room off. Panel light signals indicate where the fire is located so that patients can be moved and the fire extinguished.

**Exam exemption system appears to work—Travis**

A new test exemption system adopted by Morton schools appears to be working, according to a report made to the board of education by schools superintendent Bob E. Travis at the regular meeting Monday night.

The system is one whereby the student is exempted from semester tests provided he is maintaining a high grade average and has not been absent more than a specified number of days. The standards and administering of the system in his school is left up to the principal of each school.

The exemption system was innovated by Travis' office in an effort to cut down on the unusually high absenteeism which has maintained the average daily attendance at its maximum level. "And it appears to be working as our A.D.A. is up to 95 percent this year," Travis stated, and "the student will not purposefully skip school now that he has a chance to be exempt from tests."

In other business, the board voted to have the audit for the 1971-72 school year presented by Fred Z. Payne, C.P.A., district school auditor.

The textbook committee to select new textbooks for the 1972-73 school year was headed by Supt. Travis and approved by the council. The committee members consist of Sandra Knox, Katie Robert Watkins, Helen Crone, Iva Green, Patricia Green, Richard Housh, Turnbow, Jeanette Young, Bob Malone Love, Ted Whillock, Eddie

**giving plains cotton harvest slowed by wet weather**

South Plains cotton harvest continues to gain momentum last week but was temporarily halted by the adverse weather on last Wednesday and over the weekend, according to W. K. Palmer, in charge of the Lubbock Cotton Office of the U. S. D. A.

U. S. D. A. classing offices at Lubbock, Brownfield, Lamesa and Levell were receiving samples from approximately 15,000 bales daily until the adverse weather interrupted the harvest. Four classing offices classed 69,000 bales during the week ending Friday, October 17th. This brought the total for this season to 83,000. Through November 17th last year only 21,000 samples of 1971 crop had been classed.

Middling was the predominant grade at Lubbock last week making up 30 per cent of all cotton classed. Strict Middling made up 30 per cent, Good Ordinary 8 per cent and Low Middling Light Spotted 9 per cent.

Staple lengths were predominantly 31 to 34. Ninety per cent had a staple length of 31 per cent stapled 32, 26 per cent 33 and 14 per cent was 34.

Microaire readings are an indication of cotton fitness or maturity. Cotton with microaire readings of 3.5 through 4.9 are considered in the premium range. Fifty per cent of all cotton classed at Lubbock last week had microaire readings in the premium range of 3.5 through 4.9.

**COTTON HARVEST, Page 4a**

Allsup, Cherylne Inglis and Dorothy Rose, chairman.

Approved for payment of the bills for November in the amount of \$75,195.01 completed the meeting's agenda.

**Truck-train crossing crash kills Odessa man**

Clyde Williams Milhoan, 54, of Odessa, was apparently killed instantly when the oil transport truck he was driving collided with a freight train at the Lehman crossing south of Morton at approximately 3 p. m. Friday.

Milhoan, who was driving the empty tanker owned by Steere Tank Lines of Odessa, was pronounced dead at the scene by Justice of the Peace Joe Gipson of Morton. The body was taken to Hubbard-Kelly Funeral Home in Odessa where funeral services were pending.

The truck was reported to be traveling south on SH 214 and the train traveling west on its approach to Lehman when the crash occurred. The "jackknifed" truck struck the train with such force that it knocked the engine and one or two cars well off the tracks, witnesses at the scene stated later.

A heavy snow is thought to have been falling at the time of the accident, which could possibly have contributed to the crash because of low visibility. Tire skid marks well over one hundred feet in length were measured by persons at the scene.

**Chamber of Commerce planning Yule events**

Harralding the approach of the mid-winter holiday season are several activities being conjured up by the Morton Area Chamber of Commerce in a positive effort to assure that the Christmas season will indeed be a "time to be jolly."

Presently underway are plans for a big Christmas parade, on Friday, December 1, erection of Christmas lighting and decorations downtown by December 1 and a drawing just prior to Christmas for a 1973 Chevrolet pickup truck in a shop-at-home promotion.

Leading off the activities ushering in the Yuletide will be a giant parade Friday, December 1, at 3:30 p. m. According to information received, the local schools will be dismissed at 2:30 p. m. and the Morton High School Band will head the parade. Santa Claus will be riding on the Morton Fire Truck and will be handing out candy to all good little boys and girls.

"Peace on Earth" is the theme for this year's parade and all organizations, merchants, clubs or interested citizens are invited to enter a float. The Chamber of Commerce will give three prizes. First place will be \$50, second place \$25 and third place will win \$15.

It was decided by the chamber this year to award the cash prizes to winners in the parade rather than to organizations decorating downtown windows, so more people and organizations would have the opportunity to compete for them. All individuals and organizations—from the little folks to senior citizens—are urged to enter the Christmas parade contest.

"A so-called 'float' can consist of anything that will travel the parade route—from a decorated horse to a tricycle, a bicycle, car, bus, truck, trailer, or anything else that moves," James St. Clair, parade committee chairman, states. He adds that he would like to see entries by Boy Scout troops, Girl Scout troops, Rainbow Girls, 4-Hers, school classes and organizations and anyone else that is interested. "The women's clubs always participate well and we know we can

**FATAL CRASH SCENE . . .**

CLYDE WILLIAM MILHOAN, of Odessa, was apparently killed instantly when the huge oil transport truck he was driving collided Friday afternoon with a freight train at the Lehman crossing seven miles south of Morton on highway 214. The impact was so great that it

knocked the train engine and one or two cars off the track. The truck was traveling south and the train was traveling west at the time of the collision. A heavy snow was falling when the photo was taken, with many snowflakes visible in the picture.

**★ Successful drive**

The MS drive recently conducted here collected \$825.10.

The Emlea Smith Junior Study Club sponsored the Morton drive and they and Mrs. Bonnie Reeves, head of the South Plains Chapter for Multiple Sclerosis, wishes to thank all the clubs who participated in the drive and all those who contributed.

**Win opens Tribe cage campaign**

Four days away from football and with just two practice sessions under their belts, the Morton Indians began Tuesday night where they left off at Austin last spring — by winning a basketball game.

This one didn't have the polish of their last state tournament victory, but it accomplished their purpose — to start the trail back to Austin and another try at the state championship.

Playing against a team from Lubbock Christian High School who already had defeated their first opponent, the Indians

were ragged in almost every aspect of the game throughout the first half, trailing at that point by a score of 28-26. But the second half brought out flashes of their championship form.

The Indians began to get a little together after the intermission and by the end of the third quarter had pulled ahead to a score of 46-40. They really put the game away in the fourth quarter with a flurry of action which saw them up that lead to fifteen, eighteen, and finally twenty points.

They began to rebound better, pass the ball better, and shoot with a firmer hand

than at any previous time in the game. The fact that they weren't really used to running and playing at the pace they maintained was obvious but they weren't about to slow down until the game was out of reach for the Eagles.

Coach Whillock had seven men with which to do battle and all of them contributed to the victory. Jimmy Harvey was high point man with 21 followed by Larry Thompson with 12; Ted Thomas with 10; Mike Gilliam with 8; Mike Hunter and Mark Fluit with 6 each and

See BASKETBALL, Page 4a

**DEPARTING MORTON GRID WARS . . .**

THE TEN STALWARTS of the MHS football squad shown above closed out their senior year of gridiron warfare on a triumphant note Friday night when they helped trounce Friona 14-6 and nail down second place in the district. Some will fade from the MHS athletic scene, some will participate in track in the spring and at least two, Ted Thomas, 81, and Jimmy Harvey, 21, have already begun

participation on the state championship basketball team. All received a fond farewell from the grid scene. Front row, left to right, William Grant, tackle; Junior Fitts, guard; Dubbie Bryan, center; Leslie Carter, tackle; Mike Grusendorf, guard and Bob Greene, tackle. Rear, left to right, Jimmy Harvey, halfback, Ted Thomas, quarterback; Rick Williams, guard and Rick Woods, end.

**Chieftain victory garners Indians 3AA runnerup spot**

The Morton Indian gridiron squad ended the season on a high note last Friday night and downed the Friona Chieftans to take second place in district 3-AA. The Chieftans, formerly in second place and predicted to beat the Indians, just couldn't get things together against the Morton defense. The final buzzer sounded with the score Morton 14 — Friona 6.

In spite of miserable playing conditions, a wet field, and very cold temperature the Indians managed 14 points in the first quarter and the defense held the Chiefs to 6 points in the second quarter and the second half was scoreless for both teams.

Just seven minutes into the game quarterback Ted Thomas threw a pass to Jerry Silhan who ran 39 yards to light up the scoreboard and excite the sparse crowd attending the game. Silhan then kicked the PAT and Morton led 7-0.

With 2½ minutes left in the first period, Jimmy Harvey took handoff from Thomas and threaded his way for 16 yards for another Morton score. Silhan booted the extra point and Morton had 14 points on the board.

Seven minutes into the second quarter, Chieftan James Bartlett took the handoff from the quarterback and ran across from the 10 yard line to put Friona on the scoreboard for the first and last time against the Indians. The PAT was blocked and score-wise the game was over.

Because of the extreme cold and wet weather during the game, both teams were plagued with fumbles and penalties. And the passing game of both squads was very limited.

The Indians finished the year with a 3 win-6 loss-1 tie record, having downed the Mighty Mules from Muleshoe, the Dimmit Bobcats and the Chieftans last week. The Tribe tied the eventual District Champions, the Littlefield Wildcats, 7-7.

So the Indians put up the helmets, pads and cleats and begin the 1972-73 basketball season. The season opener was held Tuesday night in Morton against the Lubbock Christian High School Eagles.

**★ Christmas card**

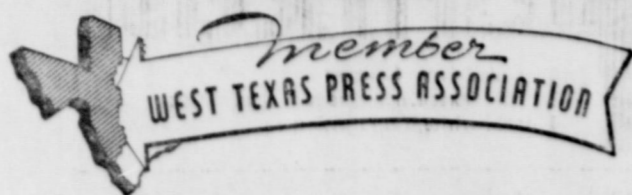

The Emlea Smith Junior Study Club will again sponsor a full page Christmas greeting card in the Morton Tribune Christmas edition.

Anyone wishing their name on the card may call Mrs. O'Brien at 525-4277 or any member of the club.

All proceeds will go to the Community Center.

## Good News for Cotton Growers

We Now Have the Means For Getting Your Cotton To the Gin Quicker, Safer and At Lower Cost

Star Route Co-op Gin now has a substantial number of these 40' x 10' x 10' portable containers with which to haul your field-stored cotton to the gin or to park on your turnrow to store as you harvest and later pick up.

Our equipment includes a loader for transferring your ground-stored cotton into these containers for a quick trip to the gin.

Let Us Help You...

- Eliminate high trailer costs
- Eliminate the road hazards of trailer operation
- Cut down on gin yard time by delivering much larger amounts per trip. These containers will store or haul up to eleven bales per load making it easier for you to schedule your crop through the gin.
- Cut down on time lost to weather due to less time waiting in the gin yard

A Weekly Report Of Agri-Business News  
Compiled From Sources Of The Texas Department of Agriculture  
John C. White, Commissioner

Winter wheat furnishing grazing . . . Rio Grande Valley citrus production increasing . . . Texas still cattle feeding . . . Questionnaires in mail . . .

Full grazing capacity of the state's winter wheat crop is expected when weather conditions improve. Seeding of wheat is nearing completion. About 40 per cent of the 1973 wheat crop is already of sufficient growth to permit grazing; last year at this time only 10 per cent of the crop could be grazed.

AN INCREASE of 15 per cent for the state's citrus production is forecast by the Texas Crop and Livestock Reporting Service. Grapefruit production is expected to total 10.4 million boxes, 13 per cent above the 9.2 million boxes produced last year. Early and mid-season oranges are forecast at 415 million boxes, 18 per cent above last year.

As production is up so is the quality of Texas citrus this year. Increased fresh market shipments are expected through November. Trees are in excellent condition, although cooler weather would help

color and size the fruit.

CATTLE feeding honors still belong to Texas. As of November 1, there were 2,266,000 of cattle and calves on feed in Texas. This is 30 per cent above 1971 and is also eight per cent above a month ago.

Marketings of fat cattle during October totaled 406,000 head which is 14 per cent above October of last year.

In the seven major cattle feeding states—Texas, Arizona, California, Colorado, Iowa, Nebraska, and Kansas — there is a nine per cent increase in cattle on feed compared to a month ago and 13 per cent more than a year ago.

LIVESTOCK questionnaires have been mailed to 60,000 livestock producers in the state as a part of the annual livestock survey conducted for Texas. If you receive one of the questionnaires, you are requested to fill it out as accurately as possible and return it as soon as possible. It's basis for estimating the state's livestock numbers and getting a complete picture of the livestock industry as possible.

None of the information will be divulged on an individual basis. It will be compiled into county, area and statewide totals.

A county-by-county report on all agricultural production for 1971 is now available. All 254 counties in the state—from A to Z (Anderson to Zapata) are included. Information for each county includes all agricultural production as well as cash receipts and government payments. A statewide total is also included.

To get your copy free, write to Texas Department of Agriculture, Box 12847, Austin, Texas 78711. Ask for 1971 Texas County Statistics.

COTTON production in Texas is now estimated at 4,210,000 bales. This would exceed the 1971 crop by 1,631,000 bales. Yield is expected to average 387 pounds per harvested acre compared with only 263 pounds harvested per acre in 1971. Harvested acres are set at 5,220,000 compared with 4,700,000 acres in 1971.

Harvest of the crop is virtually complete except for the High Plains where about half the state's production is grown.

MILK production during October in Texas is little changed from last month and a year ago. It is one per cent above a year ago, but one per cent below the previous month. Total milk production was 266,000,000 pounds.

### Local attorney speaks to club members on 'needs for a will'

Randy Thomas, local attorney, spoke to the Emlea Smith Junior Study Club November 9 on the need for making a will. The Thursday night meeting was held in the Thomas home.

Thomas began his talk by giving several short stories illustrating the need for a will and then discussed those people who should have one. He listed the necessities of having a will and answered questions raised by the members. In closing, he pointed out that the cost of a will is small, in comparison to the amount possibly saved by having a will Thomas encouraged the members to speak to their spouses; see their lawyer and have a will drawn up.

In the business meeting, the resignations of Mrs. Jimmy Harris, Mrs. Doug Reed and Mrs. Robert Watkins were accepted. The treasurer's report was read and noted that the club profited \$330 from the Halloween Carnival. Mrs. Mike O'Brien, Mrs. Jimmy St. Clair, Mrs. Luper and Mrs. Glynn Lowe were asked to decide on the type of float the club would enter in the Christmas parade.

Members present for the meeting were: Mmes. Mike O'Brien, Ray O'Brien, St. Clair, Luper, Lowe, Jimmy Roddy, Ken Williams, Earl Polvado, Bob Terry, D-wain Hester, Glynn Price and Thomas. Mrs. Wiley Hodge was a guest.

### TFB chief requests cotton seed support

Texas Farm Bureau President J. T. (Red) Woodson on Oct. 3, requested Agriculture Secretary Earl Butz to authorize a price support program for cottonseed to assist in the marketing of this year's crop.

Present farm legislation provides authority for such price supports, but the program is not now operative.

"Cotton producers are having problems with marketing their 1972 crop," Woodson wired Secretary Butz. "In addition to the depressed market for fiber, the price for farmers for cottonseed appears to be out of line when compared to the cost of cottonseed meal for livestock feed."

The president of the 130,000 member farm organization urged Butz to exercise your authority to offer a price support program for cottonseed to producers in order to provide more moderately marketing for the 1972 crop."

You can't get a good job without experience. We'll give you both.

There are plenty of jobs in the want ads. Unfortunately, almost all the good ones ask for experienced help. But, in today's Army, we'll hire you at \$288 a month to start. No experience necessary. We'll give you free meals, free medical and dental care, and 30 days paid vacation a year. And the training and experience in almost any job you want. A job you can make a career of. In the Army, or out of it. To get complete details talk it over with your local Army Representative. Today's Army wants to join you. Call 806-747-3711 Ext 617 1205 Texas Avenue Lubbock, Texas 79408

## Basketball . . .

from page one

Jerry Silhan with 5, all of which came from the free-throw line.

Mansell was high point man for LCHS with 19 and the rest of the LCHS points were scattered among the other players.

Ted Thomas was in foul trouble from the middle of the second quarter with four against him at that time. He finished the game with four fouls. Most of the Indians ended up with three fouls each but Jimmy Harvey was not chided for wrongdoing one time by the officials. He was so busy making points he didn't have time to stray from the paths of righteousness.

Thus, the Tribe started down the long, long warpath in quest of last season's triumphs on a successful note—you can't win them all unless you win the first one—and that is the level of performance they hope to maintain throughout the 1972-73 campaign.

The Indians will sorely miss their top three guns of last year—Elton Patton, Keith Embry and Bryant Lewis, but that is not to say they don't have adequate replacements. Coach Ted Whillock is the first to admit that you don't lose a second team all-stater like Patton, the leadership of quarterback Embry and the super back court play of Lewis without feeling it, but he remains confident that this will be a successful and possibly an outstanding season.

The speed, quickness and experience of returning starters Ted Thomas and Jimmy Harvey and No. 1 reserve Larry Thompson will blend with the increased height provided by some of the varsity newcomers to form a formidable squad.

Because of the Thanksgiving holiday, the Indians will not play another game this week but will host the team from Dora, New Mexico on the 28th in the Morton gym.

In the "B" game which preceded the varsity game, the Little Indians came in with a score of 74-25 over their rivals from Lubbock. Four Indians hit in double figures with Darrell Smith scoring 22, Joe Norman 16, Ralph Mason 12, and Billy

## Experience makes ties big with 3 AA champ Littlefield

As Littlefield Coach Jerry Blakely watched Floydada and Tulia battle down to the final buzzer with penetrations and first downs looming larger and larger, he may have remembered 1971 and how big a tie can be.

But, at the same time as he watched that 4-AA struggle, his 3-AA cousins were throwing some surprises into the final week of the 1972 football season. Blakely's Wildcats had finished their slate, as undisputed champions and were poised to go to the playoffs for the second straight time. But for the rest, it was last time to move up in the standings, and Morton and Dimmitt did just that.

Morton, improving as the season progressed and its crippled warriors healed dropped Friona 14-6 and took undisputed second place in the district. And Dimmitt, also bothered throughout the year by injuries, came from behind to outlast Olton 16-10 and finish in a tie with the Mustangs for fourth place in the league.

Morton had tied Littlefield and beaten Dimmitt on the past two Fridays, and the Indians pushed across two first-period scores—Jerry Silhan on a pass and Jimmy Harvey on a 15-yard sprint—and made them stand up for victory. Friona got its lone TD on a James Bartlett run in the second quarter after a blocked punt.

After Tim Givens' touchdown pass and field goal gave Olton a 10-8 lead in the first half, Dimmitt came back on a 36-yard Terry Powell-to-Travis Hampton pass for the winning difference.

Thus, Morton's 2-1-1 record was good enough for second behind Littlefield, which had shared the 1971 title with Floydada. Those two teams had battled to a 0-0 stand-off in their encounter, but Littlefield won on first downs. Last Fri-

Joyce 10, Paine had 9 and Dickson 7 for the losers.

day, with Blakely on hand to scout, Floydada tied Tulia 21-21 and won on penetrations, to get the play-off ticket.

Now, the Wildcats and Whirlwinds will play in Plainview Friday night at 7:30 in bi-district. Floydada will come in with a 9-0-1 record, and Littlefield is 7-2-1. One of the two losses was to Floydada, 3-0 in non-conference.

"Gosh, they were both good ball clubs," said Blakely, concerning Floydada and Tulia, "I think Floydada has really improved since we saw them last (in that 3-0 game). Basically, they've improved offensively."

"In our game, of course, the field goal won it, but their entire kicking game was great; this is one of the strongest things they have. They had backed us up to our one on a punt and we couldn't get out and had to punt. They got possession around the 25 and kicked their field goal against us."

Blakely's troops had the week off after completing their regular season Nov. 10, and the layoff helped, too.

"Our kids were bruised up, and this gave us a chance to get back our feet. Of course, too, we had a big game against Olton and were emotionally high. It might have been hard to get up two straight weeks, but now we have our minds on the play-offs. I felt that last year we didn't exactly know what the play-offs were all about (in the bi-district loss to Roosevelt)."

"I think Floydada has improved since we played them—but I think we are an improved football team."

Which sets the stage for the rematch. And if the past two games and only three points are any indication, points could be at a premium and penetrations and first downs major factors at Plainview Friday night.

### FINAL 3-AA SEASON STANDINGS

Team	W	L	T	Pts.	Op.
Littlefield	7	2	1	223	111
Friona	7	3	0	221	81
Morton	3	6	1	113	137
Dimmitt	3	7	0	104	153
Olton	3	7	0	117	175

### FINAL 3-AA DISTRICT STANDINGS

Littlefield	3	0	1	83	35
Morton	2	1	1	59	34
Friona	2	2	0	54	42
Dimmitt	1	3	0	32	86
Olton	1	3	0	35	67

Last week's games—Dimmitt 16, Olton 10; Morton 14, Friona 6.

Friday's game—Littlefield vs. Floydada at Plainview in bi-district.

## Draft-eligible youths reminded to register

Colonel Melvin N. Glantz, the State Director of Selective Service for Texas, has again reminded young men of their obligation to register with Selective Service within 30 days of their 18th birthday.

Glantz stressed that the requirement to register will continue in full effect whether the all-voluntary military force becomes a reality or not. Every native born and resident-alien young man is required to present himself for registration from 30 days before to 30 days after his 18th birthday. If for any reason, a young man has failed to register he should do so immediately to escape the penalty of Federal law.

Failure to register may result in a fine, imprisonment, or both, under provisions of the Military Selective Service Act.

Young men may register at the office of the local board near their home or place of residence, or may be registered by volunteer registrars who are located in most high schools or other similarly convenient locations. Registrars in the Morton area are:

Mrs. Pat Crowley, at the county Judges' Office in the Courthouse; Mrs. Lenave Freeland, at the High School and Mrs. Truman Swinney at Whiteface.

Proper tire inflation often means longer tread life. Tires with too much air tend to wear faster in the center of the tread surface. Underinflation can wear down the outer edges more quickly.

### SCORING LEADERS

Player, Team	TD	PAT	TP
James Bartlett, Friona	11	4	70

## HOSPITAL NOTES

Patients admitted to Cochran Memorial Hospital November 15 through November 21 were: Jeanette Jernigan, Ruth Key, Ed Latimer, J. Paul Derryberry, Mollie Albert, Roberto Garcia, Annie Robinson, Elza Elliott, Clay Lewis, Trinidad Lujan, Petra Morin, Librado Alaniz, Dawn Seagler, Helen Sharra, Ethel Montgomery, Bill Wood, Elsie Young, and Marie Brown.

## Christmas season . . .

from page one

count on them. Let's all give them a lot of help this year," he said.

Some lucky winner will be driving a new 1973 Chevrolet pickup before Christmas. The car is being purchased from Gwatney - Wells by Morton merchants and they will be giving away free tickets for the drawing to shoppers in an effort to get them to shop at home.

The tickets are presently available at 36 places of business here with more merchants enrolling daily.

The drawing will be held on the courthouse square a day or two before Christmas. The exact date and time will be announced later. Merchants who have not picked up their tickets are urged to go by the Chamber office. Last year, due to the huge number of tickets, a pickup bed was necessary for the drawing and

it is hoped a cotton trailer will be needed for this year's event. A total of \$1,738 has been pledged toward the cost of the pickup by noon Wednesday.

## Cotton harvest . . .

from page one

4.9, 13 per cent "miked" 3.3 through 18 per cent was 3.0 through 3.2, 9 per cent 2.7 through 2.9 and 2 per cent was and below.

The Agricultural Marketing Service the U. S. D. A. reported increased trading on the Lubbock market as more cotton became available and prices rose \$2.50 to \$5.00 per bale higher.

Average prices paid for the most dominant qualities in the 3.5 to 4.1 micronaire range were: Strict Low Middling (41) staple 31 - 22.30 cents per pound, Strict Low Middling (41) staple 32 - 23.50, Strict Low Middling (41) staple 33 - 24.15, Low Middling (51) staple 31 - 20.50, Low Middling (51) staple 32 - 21.45 and Low Middling (51) staple 33 - 21.85.

Cottonseed prices were slightly higher and farmers received \$45 to \$52 per ton for their cottonseed at gins. Average price was \$48.10 per ton.

Petroleum-based solvents should not be used to clean tires. They can damage rubber. It is permissible to use steel wool, cleansing pads and approved detergents available at auto supply counters.

# Pre-registration for spring at SPC begins November 27

Registration for the spring semester at South Plains College will begin Monday, November 27, and continue through the month of December, according to Dr. Charles Sylvester, SPC Registrar. The pre-registration period applies to students currently enrolled at South Plains and for students who plan to enroll for the spring semester.

Students who were enrolled at SPC during the fall semester and who plan to enroll for classes in the spring are encouraged to complete the following pre-registration procedures:

- 1 Make an appointment with faculty advisor who will have pre-registration packets and mid-semester grade reports.
- 2 Complete the forms in the packet.
- 3 Confer with the faculty advisor about career problems and decisions and complete a trial schedule of courses according to the official Spring schedule.

- 4 If the students made a C or better on all solid subjects (3 or 4 semester hour courses) and does not have a grade of WF in any course, he will complete his pre-registration by seeing either Dr. Sylvester or Don Melton, Director of Guidance and Counseling.
- 5 Students who have a grade of D or F in a solid subject will complete the registration packet and trial schedule and return it to his faculty advisor. These students will pick up their packets and complete registration at the scheduled registration time on January 15-16, 1973.

Prospective students who did not attend SPC during the Fall should report to the Registrar's Office in the Administration Building for admission and pre-registration information. Prospective students may either take advantage of the pre-through December or they may register on January 15-16.

These students can secure copies of the Spring schedule of classes and other information by writing the Registrar, South Plains College, Levelland or by coming to the college. Counseling is available to all students and prospective students.

# TTU ranch headquarters to dedicate milk house

The historic JA milk house and meat cooler, a memorial to two of the most widely known pioneer cattle ranchers of the Southwest, Jane Adair and Charles Goodnight, will be dedicated in ceremonies at the ranch headquarters at Texas Tech University Nov. 25.

The JA president and operator of the famous ranch near Panhandle, M. H. W. Ritchie, who gave the structure to the Ranch Headquarters more than three years ago, has accepted an invitation to deliver the dedicatory address at the 10:30 a. m. program.

Robert L. Snyder, president of the Ranch Headquarters Association, will introduce Ritchie. Miss Cornelia Wadsworth Ritchie, daughter of the rancher, will attend the ceremonies, according to Dr. Craig C. Black, director of the Museum of Texas Tech University.

Ritchie, grandson of the original owner, Cornelia Wadsworth Ritchie Adair,

announced the gift of the historic building in August 1969. At the time of the announcement, Ritchie said by letting the Ranch Headquarters at Texas Tech have the milk house and meat cooler, "I feel it will be a very appropriate and permanent monument to my ranch and to my family."

It was the third acquisition to the Ranch Headquarters.

The milk house and meat cooler—removed from the present by two or three generations—was used for storage of butter and other home-produced dairy products and for curing beef, pork and other meat strung up on heavy hooks attached to roof logs.

Vats of lard were also housed in the cooler. The sturdy structure, made partly of stone, reveals the pioneer ingenuity credited to the builder of the JA Ranch, Charles Goodnight.

The dairy foods and meats were kept cool by spring water piped down a grade to the milk house and meat cooler on the Palo Duro Canyon Ranch. The water was fed into a trough in which crocks of milk and butter were placed and covered with cloths which remained damp. Evaporation helped to keep the containers cool.

The cooler was abandoned many years ago when electricity was brought to the ranch. Lubbock historian W. C. Holden said at the time of the gift that the structure, built about 1880, could be restored, and it has been — with loving care and tedious labor.

Ritchie also donated \$2,000 to be used toward its restoration in the name of Miss Cornelia Wadsworth Ritchie and the JA Cattle Company in memory of their grandmother and great-grandmother, Mrs. John Adair.

In dismantling the structure, Ranch Headquarters technicians stripped it of the stucco shell and wooden roof added in later years. Removal of this secondary roof revealed the original roofing of mud, lending evidence that the building was constructed before sawn lumber was readily available in the Texas Panhandle before 1882.

The craftsman most responsible for the restoration has been M. L. Kaiter, a stonemason. Shortly after coming to the United States he did restoration at the Old Sturbridge Village in Massachusetts, reported to be the finest outdoor museum in the nation.

Former Ranch Headquarters director Jerry Rogers said "his job became more than just a job to Mr. Kaiter. He tackled it with dedication and enthusiasm as a challenge to his skill not just as a stonemason but as a craftsman."

Kaiter even went to the JA Ranch for a truckload of the kind of red clay used originally in making mortar to erect the building's stone walls.

The JA, now a ranch of about a quarter of a million acres in the Panhandle, once was far larger. It belonged to Adair and Goodnight, with the Adairs furnishing the capital to start it and Goodnight managing, building a herd of native cattle and blocking up its land.

## County foreign-born population said low

How many of the people who have come to the United States from other countries in recent years have settled in Cochran County?

What is the proportion of foreign-born in the local population as compared with the proportion in other areas?

In many communities there have been marked shifts lately both in the number of newcomers to their locations and in the origins of these new arrivals.

The chief reason for it is the change that was made in the immigration law seven years ago. Up to that time, for five decades, there had been quotas to control the inflow of people from foreign lands.

The number admitted from any country was proportional to the number of nationals of that country already residing here.

The new law abolished that quota system and permitted entry from many nations to whom our borders had formerly been closed. As a result, the influx from Asia has nearly tripled since 1965. There has been a vast increase, also, from Southern and Eastern Europe.

With respect to Cochran County, the latest figures compiled by the Census Bureau show that 9.6 per cent of the local residents are of "foreign stock."

Included in that designation are persons who were born abroad as well as others, born in this country, who had foreign-born parents.

Throughout the United States as a whole, according to the findings, some 16.5 per cent of the people are of foreign stock, and in the State of Texas, 10.7 per cent.

Viewed from the other angle, the Cochran County picture portrays a population in which 90.4 per cent of the people are native-born Americans, three generations or more in depth.

In the ten years ending in 1970, there were nearly 3,300,000 immigrants admitted to the United States. This compares with 2,315,000 in the previous ten-year period.

DOSS THRIFTWAY

**Gipson reviews  
Colonization of Texas**

The Study Club met Novem-  
ber 15 at the Ronald Coleman home with  
Mrs. Coleman as hostess.  
Mrs. Gipson presented the program  
on Anglo-American Colonization pe-  
riod in Texas History.  
The early establishment of  
the colony by Moses and Stephen F. Austin,  
the terms of land  
under the Mexican govern-  
ment as little as twelve cents an acre,  
the settlers were required to join  
the Catholic Church and be subjects of  
Spain, they were never  
assimilated into the Spanish cul-  
ture they continued to trade in New  
Mexico and send their children to school  
in the United States. Mrs. Gipson sta-  
ted that by telling of the many  
over borders, taxes, slavery, and  
and in 1833 that Sam Hous-  
ton and a constitutional conven-  
tion for the separation of Texas  
from the Mexican state of Coahuila and

**Bequeathing world reflects  
only the import of the will**

Once upon a time a man in Chicago  
wrote a "will" containing a series of ma-  
gical bequests.

To children everywhere, he left "the  
long long days to be merry in, in a thou-  
sand ways, and the Night and the Moon  
and the Milky Way to wonder at."

To lovers, he left flowers and stars and  
music, to be used in describing their  
feelings for each other.

To parents, he left "in trust for their  
children, all good little words of praise  
and all quaint pet names."

establishing it's separate government.

Others present for the meeting were:  
Mmes. Maurice Lewallen, Glenn Thomp-  
son, Joe Nicewarner, Gage Knox, W. C.  
Benham, John L. McGee, B. H. Tucker,  
James St. Clair, Iva Williams, M. C. Led-  
better and guests, Mrs. Ronald Coleman  
and Mrs. A. R. Coleman.

To the elderly, he left "Memory, to the  
end that they might live the old days over  
again freely and fully." He left them  
also "the knowledge of what a rare, rare  
world it is."

**OF COURSE, THIS** document, com-  
posed by one Williston Fish in the year  
1898, would never stand up in court as a  
legal will. Still, it is a striking reminder  
of the special opportunity given to each  
of us by our right to make a will—the op-  
portunity to leave behind, as we depart  
this life, a legacy of love.

Few of us are as imaginative as Willis-

ton Fish. Yet most wills, in one way or  
another, do indeed reflect the deepest and  
most tender of emotions. Between the  
lines, behind the formalities, may be  
found gratitude to a devoted spouse, for-  
giveness for a wayward child, concern  
about an ailing relative, ardor for a worthy  
cause.

**AND EVEN** in the most properly exe-  
cuted, legally correct will, people are con-  
stantly finding fresh ways to express plain  
and simple affection.

A few months ago the following will,  
only 18 words long, was admitted to pro-  
bate in a New York courtroom:

"Dearest George,  
All I have is what you gave me. So  
everything I have is yours.

Lovingly,  
Helen."

**Morton Tribune**

MORTON, TEXAS, 79346, THURSDAY, NOVEMBER 23, 1972

Mrs. Thomas Russell Hudson

**Miss Browne becomes bride  
of Thomas Russell Hudson**

Miss Beverly Sue Browne and Thomas  
Russell Hudson recited double ring  
wedding vows in a ceremony at 7:30 p.  
m. Saturday, November 11, in the First  
Baptist Church. Harold Drennan officia-  
ted.

Parents of the couple are Mr. and Mrs.  
Elzie Browne and Mr. and Mrs. Russell  
Hudson.

Wedding music was presented by Karen  
Willis, pianist, and Karen Rozell, organ-  
ist. Mr. and Mrs. Roger Posey, sang "A  
Summer Place", "The Twelfth Of Never"  
and "One Heart" as the bridal couple lit  
a wedding candle.

Given in marriage by her father, the  
bride wore a white formal gown of silk  
organza over peau de soie trimmed in  
Alencon lace. For something old, she  
wore two pennies in her shoe, minted in  
the years of the couples births. Some-  
thing new was her dress, something blue  
was a garter and something borrowed was  
a pearl necklace belonging to her mother.  
She carried a bouquet of blue carnations,  
white gladiolas and lemon leaves atop a  
white Bible, given to her by the bride-  
groom's mother. The bride presented a  
long stemmed rose to both her mother  
and the bridegroom's mother.

Miss Karen Fred of Lubbock was maid  
of honor. Other attendants were Miss  
Karen Persall of Amarillo, cousin of the

bride; Miss Melba Townsend of Lubbock,  
Miss Mary Joe Hudson, sister of the  
groom and Miss Patricia Browne of Can-  
yon, sister of the bride. They wore  
brown and blue floral gowns and carried  
nosegays of white carnations.

Benny Cadenhead of Fort Worth served  
his brother as best man. Groomsman  
were Tobe Hendon, Robert Wiggins of Lub-  
bock, B. J. Smith of Waco, cousin of the  
groom and Sid Harrison of Oklahoma  
City, Okla., uncle of the groom.

Gregory Persall of Amarillo, cousin of  
the bride, was ring bearer and Leane  
Graves of Lubbock was flower girl. Bob-  
by Bybee of Lubbock, cousin of the  
groom, Mike O'Brien, Wayne Patton and  
Randy Wood seated guests. Miss Becky  
Goodman registered the guests.

Following the ceremony, the couple was  
honored with a reception in the County  
Activity Building. Janice Browne and  
Jeannie Patton served at the bride's table  
and Vicki Thompson and Janice Caden-  
head served at the groom's table.

Special guests were grandparents of the  
couple, Mrs. Stella Lee of Amarillo and  
Mr. and Mrs. Rob Harrison.

Mrs. Hudson is a graduate of Morton  
High School and Texas Tech University.  
Hudson is also a graduate of Morton High  
School and a December candidate for  
graduation at Texas Tech University.

# COTTON TALKS

FROM PLAINS COTTON GROWERS, INC.

500 cotton producers and business leaders of Plains Cotton Growers, Inc. met in Lubbock November 15 for the organization's sixteenth annual meeting. The program, aimed at cotton legislation, featured Congressman Poage of Waco, Chairman of the Agriculture Committee, and Lubbock Congressman George Mahon, Chairman of the House Appropriations Committee.

Members also heard reports from PCG President Ray Joe Riley of the association's Executive Vice President, Donald Johnson of Lubbock, PCG Board of Directors convened immediately following the general assembly and re-elected all current officers for one-year term. They include Rip Paul Bennett of Littlefield, Vice President, and Don Marble of South Plains in Floyd County, Secretary-Treasurer.

The current cotton program expires at the end of the 1973 crop year, and both sides expressed concern about the need for efforts in 1973 to pass an acceptable program for the future through the increasingly urban Congress. One of

the major obstacles, according to both, will be the issue of payment limitation.

Page stated that any program will have to appeal to both small and large producers. A program without substantial benefits to smaller growers could not be passed through Congress, he said, "and unless the larger producers participate in the program after it is passed, you don't have a program that will work at all."

Congressman Mahon had high praise for the effectiveness of PCG as Washington spokesman for cotton producers on the Plains. He said the information and guidance supplied by PCG was a great help where cotton legislation was concerned, and added, "I can assure you that the doors of Congress and of the Agriculture Department are always wide open to your Executive Vice President, Donald Johnson."

Both Riley and Johnson in their reports mentioned technological developments in the textile industry which offer possibilities for greater utilization of the kinds of cotton widely grown on the Plains.

And Riley suggested that "Participation by producers, or 'vertical integration,' in

the textile processing of our own fiber may prove one of the solutions to our cotton price problems on the Plains." He pointed to the price benefits that have accrued to feed grain producers from the growth of the High Plains cattle feeding industry, and said "If we can develop and invest in an economically feasible textile industry on the Plains that will use 20 per cent, 10 per cent or even 5 per cent of our production, we will have done a lot to relieve some of the supply pressure on our prices."

"I think this may be a definite possibility in the not-too-distant future," he stated.

Johnson called attention to the fact that the PCG Board for 1972-73 has shifted more of the organization's available funds into studies and research aimed at preparing the High Plains to take advantage of changes in the textile spinning and weaving processes. He mentioned open-end spinning, zero twist yarns, progressive shedding looms and living-ring spinning as "just a few of the new processing techniques which, if widely used, will have a definite effect on our ability to market our cotton in competition with other fibers and other cottons."

It was also noted by Johnson that more PCG money this year will be channeled into the legislative area. "We have a tough legislative year ahead as we try to develop and pass a cotton program for 1974 and the future," he said, "and it was the Board's feeling that we should devote as much of our resources to this effort as can be spared from other activities."

Mrs. Earl Bowers underwent surgery in Methodist Hospital in Lubbock Wednesday.

## About local folks . . .

Mrs. W. E. Elliott fell and broke her hip Saturday. She was transferred from Cochran Memorial Hospital to University Hospital in Lubbock for surgery.

Mr. and Mrs. Hume Russell visited over the week-end with their son and family, Mr. and Mrs. Jack Russell, in Corsicana.

Mr. and Mrs. Elra Oden and Clint are planning to spend Thanksgiving in Phoenix, Arizona with their son and family.

Mrs. Bruce Angel and children, Alicia and Stephanie, of Lubbock visited during the week-end with her parents, Sheriff and Mrs. Hazel Hancock.

Mr. and Mrs. E. L. Willis were Saturday night and Sunday visitors in the home of her mother, Mrs. W. L. Miller.

Expected visitors in the Joe Gipson home during the Thanksgiving holidays are Mr. and Mrs. W. C. Rasco of Monahans. He is a nephew of Dutch.

Mr. and Mrs. Roy McClung and children, Trey, Sara and Gina will be week-end company of their parents who live in Seymour.

The Fred Morrisons left Sunday for a few days of visiting with their daughter and family, Mr. and Mrs. Bob Hamilton, Rockie, Kim and Traci in Liberal Kan.

Mrs. Hessie B. Spotts will spend Thanksgiving with her daughter, Mrs. Jeanne Lively, of Lubbock.

Mrs. Lois St. Clair will accompany her son and family, Mr. and Mrs. Jimmy St. Clair and James to Odessa for Thanksgiving dinner with Mrs. Jimmy St. Clair's parents, the Frank Jones, of that city.

Mr. and Mrs. C. W. Wiggins returned Monday from Amarillo where they assisted in the care of her parents.

Mr. and Mrs. Hazel Hancock will enjoy for Thanksgiving dinner some of their children. Those who are expected to be their guests are Mr. and Mrs. Herschel Hancock, Steve, Kerry and Rusty of Amarillo. Herschel is with the Department of Public Safety. Mr. and Mrs. Bruce Angel, Alicia, Stephanie of Lubbock, Mr. and Mrs. R. C. Lemons, Ann and Curt of Pecos and Mr. and Mrs. Johnny Hancock and Kip of Morton.

Mr. and Mrs. Bill Sayers, Chip and

## Former citizen honored on 90th birthday

The Rev. Joseph Yeats, formerly of Morton, was honored on his 90th birthday Sunday, November 19, by the Graham Community in Garza County. He is pastor of the Graham Chapel United Methodist Church.

Rev. Yeats is the oldest active minister in the history of the Northwest Texas conference. He began his ministry in 1907 after attending Vanderbilt University and Southern Methodist University, the first year it opened. He was retired for many years and operated a radio shop in Morton during the forties and fifties, before returning to the active ministry. He has since served churches in Hermleigh, Wellman, Grassland and the Graham Chapel Church.

Guy Reed and Judge and Mrs. M. C. Ledbetter attended the Sunday afternoon celebration at the Graham Community Building, five miles west of Post.

Mr. and Mrs. Wayne Foster and children from Tuconari, N. M. spent the week-end with his sister and family, the Rusty Roberts.

Chad left Thursday for attending a conference in Austin Friday. From there they drove to Lake Jackson and spent the rest of the week-end with her sister and family, Mr. and Mrs. Carl Burleson, Nancy and David.

Mrs. S. A. Ramsey will enjoy having her children, Mr. and Mrs. Buster Anderson of Fort Worth, Mr. and Mrs. Jack Pinson and son of Brownfield, Mr. and Mrs. Vernon Stokes and children from Midland and Mr. and Mrs. Gerald Ramsey, Mike and Renee for Thanksgiving dinner.

### MARRIED . . .

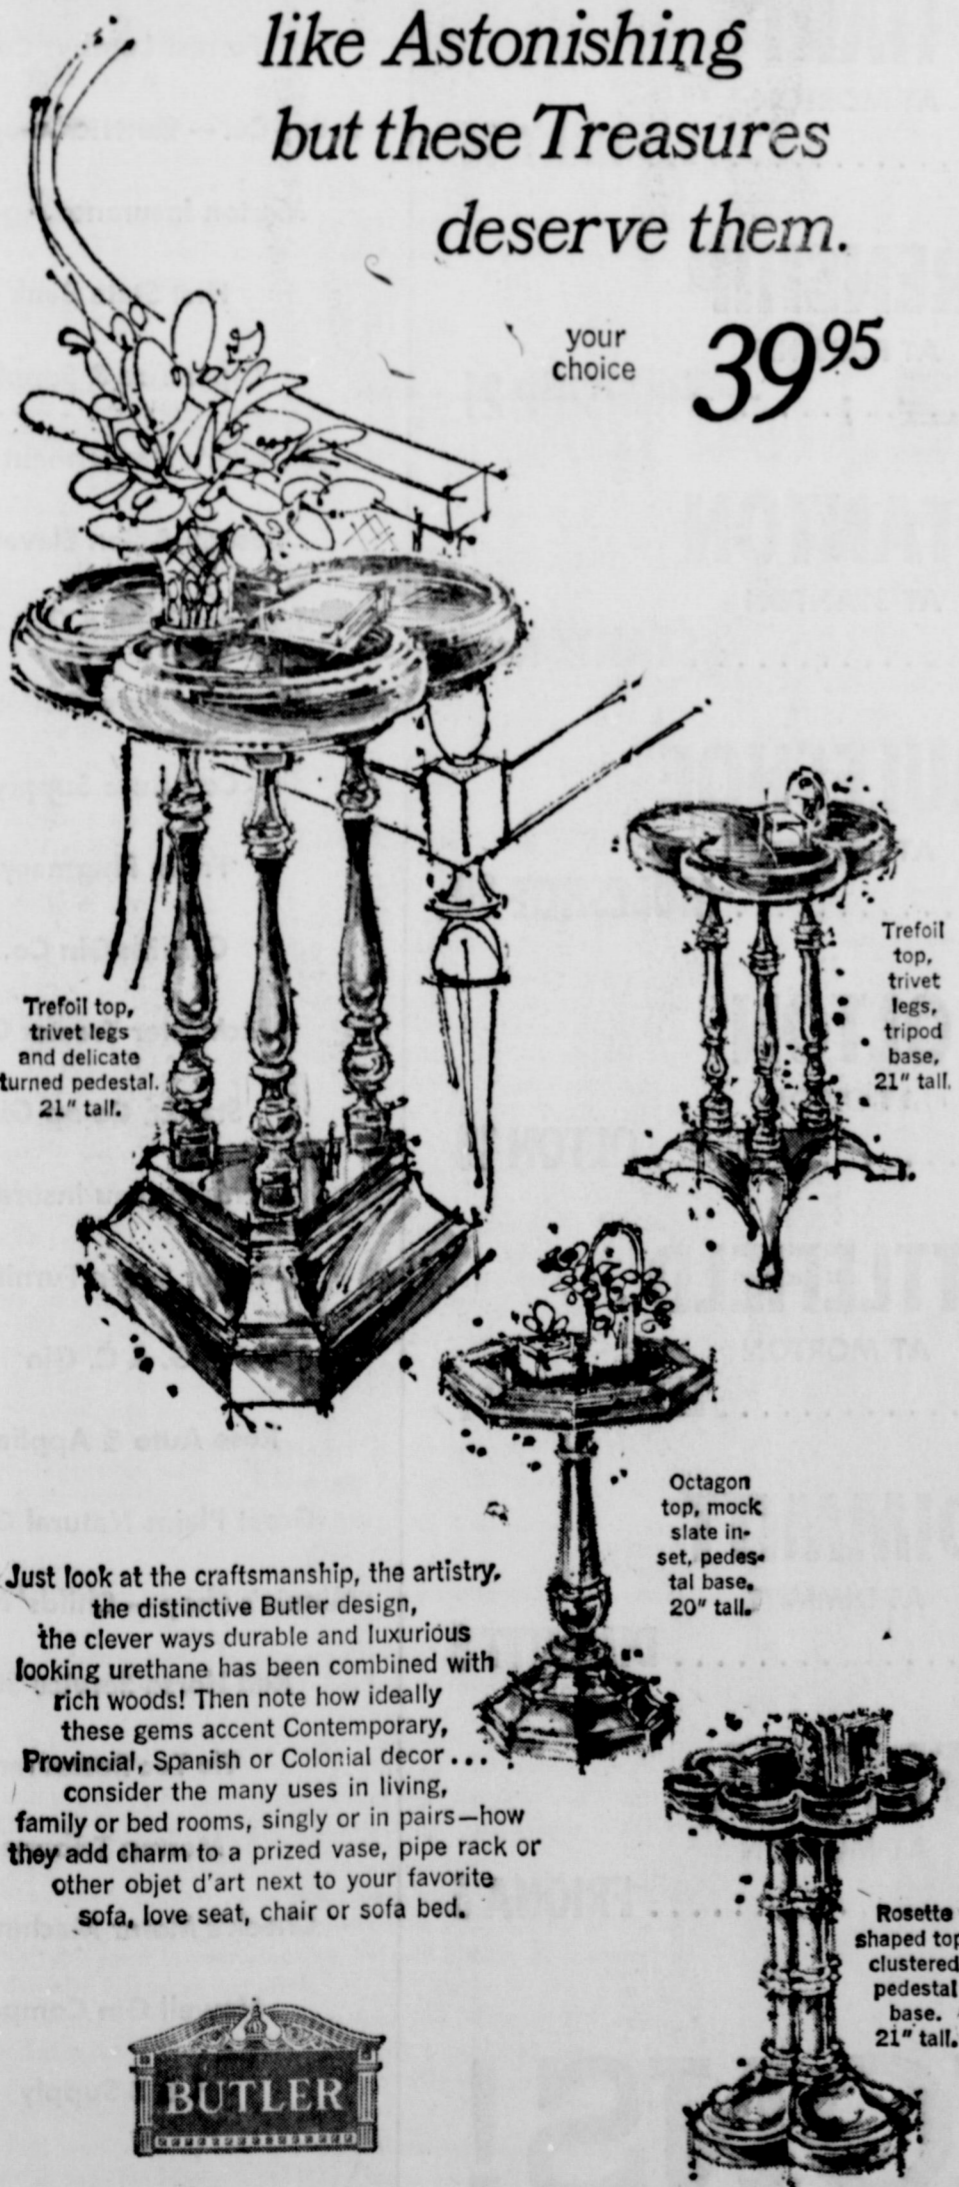

MR. AND MRS. J. RAY SPENCE of Ruidoso, N. M., formerly of Morton, have announced the marriage of their daughter, Rita Jane, to Robert Douglas Scott, son of Mr. and Mrs. G. R. Scott. Mrs. Scott is a graduate of Ruidoso High School and is employed by the Cochran County Tax Office. Scott is a graduate of Morton High School and served with the U. S. Army. He is presently employed by Northern Propane Gas Company.

Rosette shaped top, clustered pedestal base, 21" tall.

Just look at the craftsmanship, the artistry, the distinctive Butler design, the clever ways durable and luxurious looking urethane has been combined with rich woods! Then note how ideally these gems accent Contemporary, Provincial, Spanish or Colonial decor . . . consider the many uses in living, family or bed rooms, singly or in pairs—how they add charm to a prized vase, pipe rack or other objet d'art next to your favorite sofa, love seat, chair or sofa bed.
