## Grand Jury indicts five

(HI-POCKETS) DUNCAN, general manager of Radio Station K R A N in Morton, appears above somewhat saddened by the fact that the station was mere hours away from shutdown when the above photo was made Tuesday afternoon. A licensing and ownership

dispute following the death of owner Mike Barrett several months ago is thought to be the reason for the shutdown. Duncan hopes to be back in operation, either with the present license or one he will obtain on his own, within a reasonably short time.

## K R A N suspends operation

Radio Station K R A N, whose voice has been heard continuously in the Morton-Cochran county area since 1951, was suddenly stilled at 9 p.m. signoff time Tuesday. When and if it will be heard again presently is in the realm of total uncertainty.

As the studio clock ticked off its rapidly lessening minutes of its life, most of the announcing staff gathered in the broadcast studio and conducted a nostalgic get-together on the air that culminated in each broadcasting his own personal farewell and climaxed with their selection of "For The Good Times" by Ray Price as their final musical tribute to their loyal area listeners.

"We are not giving up on Morton and we are not giving up on having a radio station in Morton—whether it be this same one or one we will license ourselves," station

general manager Hi Duncan stated to the Tribune Tuesday. "If we can't come to some sort of agreement with the present owner of this license, then we

## SPAG housing meet draws wide audience

A small but highly attentive audience attended a meeting on low cost procurement held at the county auditorium Tuesday night.

### ambulance class

The State Department of Health will conduct classes in first aid to certify ambulance drivers in Cochran County June 11, 12, 13, and 14, in the Whiteface Community Center.

Classes will be from 6 a.m. until 10 p.m. each night. Drivers are urgently needed desperately in the Bledsoe area as well as Whiteface and Morton. Anyone who would be willing to help in maintaining this service

The meeting, under the sponsorship of the South Plains Association of Governments (SPAG) was coordinated by County Judge Glenn W. Thompson, who gave a welcoming address and explained the purpose of the meeting.

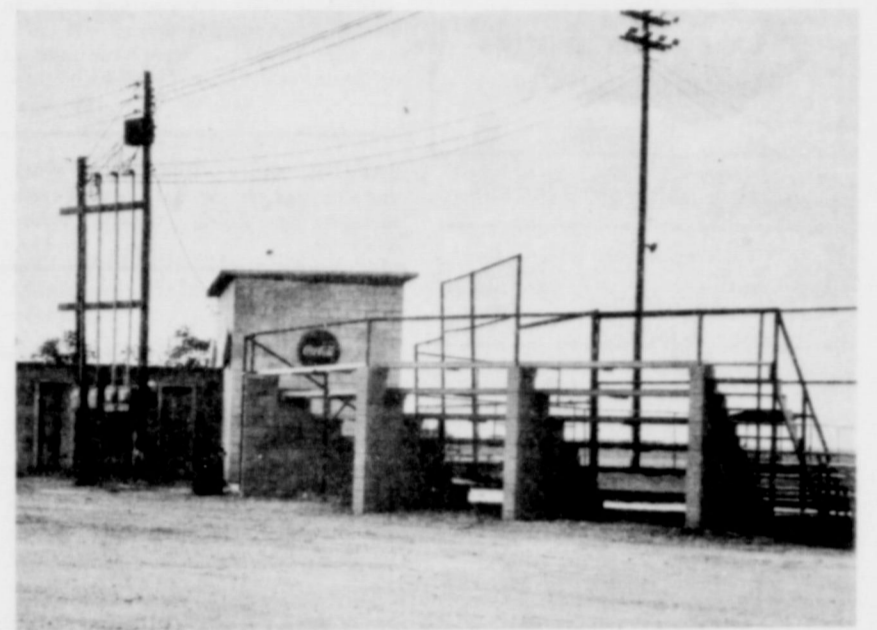

Jackie Bubenik, regional development coordinator of SPAG, followed with an explanation of SPAG's role in regional housing. He was followed by Truman Murdock, local FHA administrator, who talked on the Farmers Home Administration housing program as it presently exists.

Howard Thompson, deputy assistant director of HUD-FHA office in Lubbock, then led off on a briefing by a team of experts on the subject: "Joint Business with HUD-FHA." The briefing outlines all the steps to be taken and departments to be dealt with in

BRIEFING TEAM AT HOUSING MEETING—Judge Glenn W. Thompson is shown as he acted as coordinator at a meeting on housing held in the county activities building auditorium under sponsorship of SPAG Thursday night. Members of a team that gave a detailed briefing on how to obtain low cost housing by rural areas include

regional underwriter for SPAG and HUD; Kyle Little, chief architect; Neil Johnson, chief evaluator; Ralph Brunson, chief mortgage and credit division; Lillian May, construction cost analyst; Phil Phillips, sub-division appraiser; Wes Byers, equal opportunity officer and Pat Mitchell, director of housing management.

NEW LOOK AT BALL PARK. Charles Hoffman Baseball Park has taken on a new look lately with the addition of new bleachers constructed on cinderblock and wood, hard surfacing around the stands and the addition of new rest rooms, visible at the left of the picture. Funds for the improvement project, which puts the field on a par with most facilities in this area, was authorized by the Cochran County Commissioners Court as part of the court's efforts to improve recreation facilities throughout the county by use of revenue sharing and other county funds.

## Bigger, better fair planned by Chamber

If you have seen some male types around Morton lately that are beginning to look like hairy apes, you are probably seeing the vanguard of what is hoped will be a huge mob of beard growers for the county fair and rodeo August 2, 3, and 4.

Plans for the Morton Area Chamber of Commerce

sponsored country fair are well underway, and early indications are that it will be both bigger and better than last year.

"We learned a lot from the first one we sponsored last year and we expect to correct our past mistakes and build upon our strong points," Bill

## Crash injures six in Stevens family

A two-car head-on crash in Lubbock Saturday night wreaked havoc upon the Edwin Stevens family of Morton.

Five of the family were hospitalized in Lubbock with serious injuries and a sixth was treated and released following the collision which

hospitalized a total of seven and slightly injured two more.

The injuries occurred when the two cars came together about 10:30 p.m. Saturday on the east access road to U.S. 87 approximately one mile south of the Tahoka traffic circle.

The original hospital report listed Donna Sue Brown, 15, and Dennis R. Brown, 11, daughter and son of Mr. and Mrs. Stevens, in serious condition with head injuries and lacerations in St. Marys Hospital; both Stevens parents in fair condition with

## LEGAL NOTICE

The Commissioner's Court of Cochran County hereby advertises for bids for repair work to be done on County Roads. This work consists of Fifty (50) gallons of paint, three thousand (3,000) yards of No. 5 and No. 6 rock, shooting asphalt, curbing rock, hauling and spreading rock and caliche.

Bidders may bid on any or all parts of the above named items. Said repairs are to be done on a road beginning at Star Route Gin, SH 116 and proceeding South five miles to SH 169.

Bids shall be sealed when submitted to the office of the County Judge. Bids will be opened on Thursday, June 21, 1973 at 10:00 A.M. in the Commissioner's Courtroom, Cochran County, Texas. The Court reserves the right to reject any and all bids. The above described repair work will be paid from Revenue Sharing Funds.

BY ORDER OF THE COMMISSIONER'S COURT OF COCHRAN COUNTY, TEXAS. GLENN W. THOMPSON, COUNTY JUDGE

## FAIR

FROM PAGE ONE

Sayers, general chairman for the event, stated, "Just as last year, we are going to need all the help we can get from throughout the county to make this a big success, and added that volunteers are always welcome.

The 1972 fair gave us a good indication of what events can be a success and those which just will not go over, Sayers said. We mean to eliminate last year's failures and add new events to those that proved successful.

Two planning meetings have been held and committee chairmen and project directors have been selected in most categories. There are still some projects needing a ramrod and volunteers for these are being sought throughout the county.

Only a partial list of events planned include:

Old timers' fiddling contest, square dance festival, flea market, canning, baking, sewing contests, sky diver demonstration, airplane rides, pony express race, motorcycle barrel race, grandmothers bicycle race, bingo, beard growing contest, children's pet show, children's bicycle race, chicken shoot, Old settlers reunion, bazaar, tall tale contest, whittling contest and many others that will please young and old alike.

One very important addition this year that we hope to have is a prominent country and western star to perform and play for a dance for either one night or all three nights of the celebration, Sayers said.

"This is too big a project for the chamber board to accomplish alone. We are going to need the help of a great many of our county-wide folks to help us put it over," Sayers stated and added that "we want to emphasize that this is not just a Morton project, but a whole Cochran county project and we want all those folks out in Whiteface, Bledsoe, Maple and Enochs to pitch in and give us a hand. They don't know it

There will be a wider spread in 1973 between Commodity Credit Corporation loan values for the 3,724 different grade, color, staple and micronaire combinations of eligible U.S. upland cotton, according to officials of Plains Cotton Growers, Inc., Lubbock.

The 1973 schedule of premiums and discounts that will determine physical loan prices above and below the 20.65 cents per pound base price of Strict Low Middling 1 and one sixteenth inch cotton, released May 17, generally shows higher premiums for the upper quality range and greater discounts on lower qualities. The base price is applicable to cotton in the desirable 3.5 to 4.9 micronaire category at average U.S. location. Location differentials for the various U.S. warehouses have not been announced, but Lubbock area loan levels are normally five points below the national average, which would give this area a base loan of 20.60 cents.

The 1972-73 loan schedule was based on Middling 1-inch cotton at 19.5 cents per pound. The change to SLM 1 and one sixteenth inch base, according to the U.S. Department of Agriculture, was made because less than 1 percent of the U.S. crop falls in the Middling-inch category while over 13 percent is in the new base quality. The loan price for Middling inch obtained by subtracting the announced 115 point discount from the 20.65 cent base, remains at 19.5 cents per pound for 1973.

The widening of loan price differences for 1973 reserves a three-year trend toward narrower differences. Premiums and discounts that make up the loan schedule are developed from spot market prices recorded over the nine-month period from August through April of the preceding marketing year, and prices for the upper level of qualities during this period of 1972-73, in relation to the lower qualities were considerably higher as a result of supply-demand factors.

yet, but we have already picked out a good many talented persons throughout the county to help us in those areas in which they specialize. We have a large number of committees to fill and a large number of useful jobs for them. So, if you have the reputation of being outstanding in any one thing, you can be expecting an invitation.

Volunteers will be greatly welcomed — just contact me, the chamber office or any one of the chamber board members," he concluded.

USDA also announced in 1973 that 1973-crop cotton will not be subject to the 50-point 1/2 percent per pound penalty long applied to cotton which reduced in grade because of extraneous matter, including bark, or spindle twist. Elimination of this \$2.50 bale discount on "bark" cotton had been requested by Plains Cotton Growers, Inc., on the grounds that the penalty was not justified by a loss in such cotton's spinning or finishing performance.

This matter sparked some controversy, with some in the industry saying removal of a 50-point penalty would increase the amount of cotton produced. It was further stated that the additional cotton would increase the incidence of byssinosis, a brown lung disease in textile workers.

But PGC President Ray Riley of Hart denies these allegations. He reasons that the price penalty that accompanies the lower grade assigned to barked cotton, which is much greater than incentive for producers to grow and harvest the cleanest highest quality cotton possible under a given set of conditions. "Moreover," Riley states, "There is absolutely no supportable evidence nor our knowledge any previous suspicion, of any connection between bark in cotton and byssinosis."

## Highlights and sidelights from your State Capital

By Bill Boykin

AUSTIN, Tex.—The State Legislature's failure to agree on even a stopgap aid and education revision set off repeated demands from House members for a special session.

Speaker Price Daniel joined in the chorus, calling on the House Education Committee to "prepare, polish and refine" a special finance bill "for legislative action no later than September 15."

Gov. Dolph Briscoe, who holds the key to whether or not there is going to be a special session on anything, made clear, twice in writing, that he doesn't plan to call one. Daniel said his instructions to the Education Committee were offered just in case Briscoe reconsiders his position.

The Committee will begin a series of hearings on school finance here June 18. More than 700 of the 1,149 school districts are in financial trouble, according to Committee chairman Rep. Dan Kubiak of Rockdale.

was apprehended in Levelland the same day and returned to Morton by chief deputy Denny on April 23.

Thomas Earl Ellington, 21, of Morton was truebilled on a charge of burglary. He is charged with the illegal breaking and entering of the John Hodge house on May 21, 1973 and the theft of property with a value over \$50. He was arrested by sheriff G.G. Richards.

James Charles Bruton, 19, of Littlefield, was indicted on a charge of possession of a narcotic drug, to-wit: Marijuana. He is alleged to have been in possession of the drug at the time of his arrest by Denny on May 4, 1973.

Isaac Milton McQuiston, Jr., received an indictment on a charge of bigamy. He is

charged with unlawfully marrying Brenda Kay Borum on May 16, 1973, at which time he had a lawfully wedded wife, June McQuiston, who was living at the time of the second marriage. McQuiston was free Tuesday on \$5,000 bond.

The three no bills returned by the jury were for Charley Ellis, Jr., Fredrick B. Brown and Michael Abbe, all of Morton and all on a charge of possession of a bomb.

It is expected that arraignment on the five indicted will take place approximately 10 days following the grand jury session.

based upon higher costs for storing and handling grain by commercial warehouses.

The UGSA is used by the CCC to contract for handling and storage of CCC and government-owned grain and oilseeds in commercial warehouses. The Department emphasized that its action to increase rates applies only to

storage and handling charges payable by CCC.

Effective July 1 the receiving charges for all grain will be increased by 1-cent per bushel. The loading-out rates will remain unchanged.

The Department announced it is eliminating the dual storage rate provision whereby a "high" storage rate is applied during the year of deposit and for the next calendar year and a "low" rate is applied for all other calendar years. In place of the dual storage rates the present high storage rates for oats and for all other grains will be raised 2-1000 of a cent increase, the annual storage rate per bushel will be 15.330 cents for all grains stored commingled, except for oats for which the storage rate will be 12.045 cents per bushel.

The most recent adjustment to the UGSA Charges was in 1971 when storage and handling rates were adjusted upward.

which case we could be expected back on the air within six months to a year.

If we file for our own license, we will form a corporation, go to a regional, rather than a local station and try for a 24 hour operating license," Duncan stated.

Closing down the station is considered to be the result of an impasse in negotiations for purchase of the station by Duncan from the present licensee. The station was founded in 1961 by the late Mike Barrett and operated continuously by him until his death in Lubbock several months ago. The broadcast license is now thought to be held by his widow.

Even if he doesn't get back on the air reasonably soon, he intends to remain in Morton, Duncan said, and expressed his deep appreciation for the fine reception and excellent treatment he has been given by the people of this community.

"We'll be back," he says, and there are many who hope that day will not be too long in coming.

Lubbock, was treated and released.

A report to the Tribune Wednesday morning by close friends of the Stevens family indicated that Edwin Stevens will probably be hospitalized two or three weeks with hip injuries. Bernice, Mrs. Stevens, was to undergo surgery for a foot injury Tuesday.

Donna and Dennis were still listed as serious, with Donna reportedly recovering from a coma. Linda was reported home in Morton.

Friends of the Stevens family have established a hospital fund at the First State Bank in Morton to help defray the high cost of medical bills that are expected to accrue and all persons wishing to donate to this fund may drop by the bank and contribute to the Stevens Fund.

Further details of the accident or damage estimates were not available at press time.

## Campfire girls return from camp Blue Haven

The Morton Campfire Girls returned from a one week camp at Camp Blue Haven in Mexico. Mrs. G.E. Dolle, Camp Director, would like to recognize and thank all who made it possible for the girls to have this week of fun filled activities. These activities included hiking, sports, and arts.

Morton Independent School District furnished two buses for the troop. Ira Brown and the Barker gave this week to the girls and serve as guides. Murray Crone went along in his pickup and carried all the luggage.

Adult leaders and their wives included Mrs. Twanna Rowland, sports leader; Mrs. Sandra Betts and Mrs. Eugene Ware, Crafts leaders. A display of the crafts

done by the girls can be seen on the west side of the square.

Mrs. Helen Crone served as camp nurse. Under her guidance the group escaped with only minor skinned knees and sore throats. Mrs. Vivian Kern was in charge of the singing, flag raising, devotionals, and ceremonies.

Mother leaders who watched over the girls day and night were Mrs. Phyllis Redman, Mrs. Mac Foust, Mrs. Treva Autry, Mrs. Marshall Ann Zuber and Mrs. Janice Gillispie. The High School Horizon Club girls were the real workers of the camp. These "Junior Counselors" helped everywhere they were needed... from the hikes to all the dishwashing. Helping were Melinda Webb, Jeanie Coker, Versa Richards, Venita Sandifer, Earlene Evans, Wyn Crone and Debbie Adams.

Fred Bolevahn from the

Bureau of Sport Fisheries and Wildlife and John Tharp from the Forest Service brought a special program for the girls.

The following girls enjoyed this week long trip: Robin Polvado, Kelly Kennedy, Carla Sealy, Robin Rowland, Sonia Zuber, Kelly Travis, Susan Cadenhead, Debbie Young, Kathy Cook, Shelly Travis, Rebecca Holladay, Suzanne Gillispie, Martie Dewbre, Malinda Yeary, Belinda Betts, Kim Fowler, Susan Masten, Dawn Seigler, Reene Ramsey, Jay Lynn Ware, Mary Ann Longaria, Nelda Flores, Tammy Maberry, Pam Rafcliff, Teresa Jo Autry, Kathy Dolle, Gay Pruitt, Tammy Massey, Connie Jo Foust, Joy Rowland, Sylvia Garcia, Karen Redman, Janna Greer, Denise White, Kristi Hodge, Sylvia Flores, Rahael Karn, Amanda Betts, Kristi Rowland, and Renee Bell.

## Junior Band camp slated June 11-15

South Plains College will sponsor a Junior Band Camp, June 11-15, on the college campus. Levelland and area students who will be in the sixth, seventh, or eighth grades next fall and who have been a member of their school band will be eligible to attend the camp.

Band rehearsals will be held in the Fine Arts Building. In addition, instruction on the student's instrument, music history and application, and twirling will be taught. Supervised recreation will be a part of the program.

A special program will be presented on the night of June 15 by the band camp participants. This special concert will be given in the South Plains College Auditorium and the general public is cordially invited to attend.

Instructors for the Junior Band Camp will include: Martin Lindsey, Levelland High School Band Director; Barbara Lindsey, Twirling Instructor; and Jack Nowlin, SPC Band Director.

Inquiries and applications should be directed to Mr. Martin Lindsey, 310-16th Street, Levelland, Texas 79336.

## Consumer Alert

By John L. Hill  
Attorney General

One of the accomplishments about which our State Legislature could boast at the end of its 1973 session was the passage of a really meaningful Consumer Protection Act.

The Attorney General's staff is pretty proud of that achievement, too, because we worked side by side with the Texas Consumer Association and the Texas Retail Federation for four long months to help the sponsors pass that bill.

I believe that the consumer law my office had had to enforce before that bill became effective May 21 (when Governor Dolph Briscoe signed it into law), was woefully inadequate. I felt that the State was giving only lip service to consumer protection until a firm law, with penalties strong enough for a violator to feel, was substituted for the old law.

Now, people are asking me, "How does the new law help the consumer?"

Well, we take the position which is reflected in this law—that everybody is a consumer. Businesses are consumers, and the sales and service contracts they make should be as free of fraud as the consumer agreements you and I make.

The new law gives extra help to any consumer who complains of a fraud or misrepresentation which occurred after May 20, because:

- 1) It expands and clarifies the "dirty laundry list" of deceptive practices punishable by law.
- 2) It authorizes the trial court to order restitution to the consumer for the money he lost.

3) It allows the State to obtain penalties when a court orders an injunction against anyone found violating the consumer law, instead of delaying possibility of penalties until an injunction has been violated. Obviously, that will be an added deterrent to abuse.

4) It gives the consumer not only the legal right, but the incentive, to file an individual suit, since he now will have an opportunity to recover triple damages, as well as court costs and attorney's fees, if he wins his case.

5) It gives a group of consumers who claim injury by a single deceptive practice the right to file a class action suit—if each has suffered damages amounting to \$10 or more. And if they win, they can recover actual damages, plus court costs and attorneys' fees.

6) It encourages the establishment of consumer protection offices by individual cities.

and 7) it gives the consumer more close-to-home help, because he can turn to his county or district attorney, who now have enforcement jurisdiction concurrent with the Attorney General's Consumer Protection Division.

(Under another law, the Legislature also guaranteed the maintenance of Attorney General's regional offices in El Paso, Houston, San Antonio, Dallas and Lubbock, and consumer protection assistance is available at each of these, as well as at my Austin office.)

Your new consumer protection does all of that, and more, and at the same time, offers safeguards to assure

that a well-meaning businessman is not the target for harassment suits, by awarding him court costs and attorney's fees if that is found to be the case. It also provides methods for dismissal of a suit, if the business wants to make and adjustment on the complaint.

One thing that must be stressed: If you have a complaint about a consumer abuse which occurred prior to May 21, my Consumer Protection staff will help all they can, but they will be confined to enforcement under the old law.

If you have a problem which dates to May 21 or since, my first suggestion would be to contact the person with whom you made the contract, to see if it can't be settled amicably. Most merchants and service people do want to satisfy their customers.

If that doesn't work, contact your county or district attorney, or the Attorney General's office in Austin, Dallas, Houston, Lubbock, El Paso or San Antonio.

## Lewis-Pollard say vows in Enochs church

Mr. and Mrs.  
Tommy Lee Lewis

Miss Beverly Charlene Pollard of Enochs and Tommy Lee Lewis of Amarillo pledged wedding vows in the Enochs Methodist Church May 26 at 7 p.m. Ivan Woodard, preacher of the 16th and Ave. D Church of Christ in Muleshoe, officiated the double ring ceremony under an archway covered with English Ivy, white roses and blue carnations.

Parents of the couple are Mr. and Mrs. Harold Pollard of Enochs and Mr. and Mrs. Lee M. Lewis of Muleshoe, formerly of Morton.

Presented in marriage by her father, the bride wore a white dotted swiss formal gown featuring a high fitted waistline and gathered skirt. The round, low neckline, hemline and train were trimmed with ruffles and lace. Her veil of bridal illusion was held with blue carnations and white rosebuds atop a white Bible.

Gwen Pollard, sister of the bride, was maid of honor. Cathy Snitker of Enochs and Mrs. Randy Clayton sister of the groom were bridesmaids. Miss Pollard wore a formal

son's best man and Paul Poyner of Muleshoe and Randy Clayton were groomsmen.

Anna Marie Bellevar of Lubbock, cousin of the bride, was flower girl. Steven Pollard, brother of the bride was ring bearer.

Carolyn Stroud of Enochs, aunt of the bride and Gayla Trull of Bledsoe cousin of the bride, were candlelighters.

Judy Snitker pianist, accompanied the Rev. Hazel House, soloist in "I Love You Truly" and "The Lord's Prayer."

A reception in Fellowship Hall honored the couple. Mrs. Wilma Silhan, Mrs. Barbara Pollard of Levelland and Mrs. Sandra Dickey of Lubbock served.

For a wedding trip to Albuquerque, N.M. the bride wore a pale green dactron dress and the corsage from her bridal bouquet. She is a 1973 graduate of Bula High School.

Lewis is a 1971 graduate of Morton High School, attended South Plains College and attends Amarillo Bible College. He is employed by Levis Strauss in Amarillo where the couple will make their home.

## GSPA effective, report states

In a recent White House study about agricultural programs and policies, Grain Sorghum Producers Association was listed among the most effective farm organizations in the United States.

The Flanigan Report stated, "While the number of farm voters continues to decline in the U.S., farm organizations still pack legislative power increasingly through commodity organizations which can rally support for specific issues because of a unity of goals among the membership."

Commodity groups can "zero in on legislation," the report says. "They are more sophisticated, they're better organized and they have better access to power than many other special interest groups."

As an example of their influence, the report pointed out the defeat in the House last year of a proposal to reduce the \$55,000 limit on government payments to individual farmers to \$20,000.

"Working hardest behind the scenes were the National Cotton Council the National Association of Wheat Growers

## Churches join in vacation school

The First United Methodist Church and the Whiteface United Methodist Church will hold a joint vacation church school Monday through Friday, June 11-15, in the Morton church. Classes will be held from 2:30 until 5 p.m. daily.

A closing sharing program will be held Sunday, June 17, at 7 p.m. An invitation is extended to all children to come and take part in this time of study, fellowship, work and worship according to Mrs. N.L. Dubberly, director for the school.

and the Grain Sorghum Producers," according to the report.

## Clayton introduces record house bills

State Rep. Bill Clayton of Springlake introduced and passed through the House a record number of 35 bills in the legislative session which ended May 28.

In a session which left unfinished many important pieces of legislation, many legislators stated that Clayton's ability to push through 35 bills was a notable achievement.

Approximately 3,000 bills were introduced by the House and Senate, and many problems in the areas of public school finance, redistricting, election code revision, and judicial reform were left unanswered, Clayton noted.

Rep. Clayton stated that the 140-day constitutional limit on sessions makes it impossible to consider all the legislation introduced.

"State government business, which amounts to about four

billion a year, is in need of reorganization," Clayton said.

Although he considers the session successful in many areas, especially in regard to water bills and other legislation important to this area, Clayton said he believes many changes are needed.

He named the committee system as one area which many felt failed this session. Committees were reduced from 46 to 21 this year, but most of the 21 committees had three standing sub-committees.

This ended up with most of the members serving on six committees, which resulted in committees meeting at the same time, and members running frantically from one group to another. Too often there were no available meeting rooms, and often committee quorums could not be reached because of the conflicts, Clayton said.

Although the session has ended in Austin, Rep. Clayton's duties will extend through the summer as he works with interim committees. However, he said he would be back in his district often, and would be meeting with local citizens and groups to learn of their needs and wishes.

## Couple exchanges vows in candlelight ceremony

Miss DeAnna Lynn Coats and Robert T. Jones exchanged wedding vows in a candlelight service Saturday, May 19, at 7:30 p.m. in the First Missionary Baptist Church. The Rev. Kenneth Neal Coats, Jr., brother of the bride, officiated under an arch of yellow pom-poms, tangerine puffs and greenery, flanked by two candelabra trees decorated with yellow and tangerine bows.

Presented in marriage by her father, the bride wore a formal gown of nylon organza with re-embroidered roses and raised petals beaded with seed pearls over bridal satin. The gown featured an empire waistline, A-line skirt and sweetheart neckline. The full sleeves had re-embroidered roses on the petal point cuffs. Her mantilla was made of soft nylon net with hand sewn white satin roses and lace edging. The gown was made and designed by her mother. She carried a cascade of white Stephanotis and greenery centered with two white orchids, designed by her aunt, Mrs. R.H. Baker. For something old she wore a Ruby ring which was given to her grandmother by her grandfather, the traditional blue garter and pennies in her shoe. Something new was a sweetheart locket centered with a diamond, a gift from the groom.

Mrs. Frances Coats of Levelland, sister-in-law of the bride, was matron of honor. Mrs. Cindy Coats sister-in-law of the bride, was brides matron and Miss Susan Baker and Miss Kena Millsap of Tulsa, both cousins of the bride, were bridesmaids. They wore formal gowns with an overlay of yellow and tangerine flocked floral design in the design of the bride's gown and carried yellow and tangerine feathered cornation nosegays.

Mrs. Ronald Hale of Abilene registered the guests.

Richard Kelley of Clovis, N.M. was best man. Groomsmen were Walter Jones, of Lubbock, Ben Kelso

Mrs. Robert T. Jones

of Clovis and G.P. Kelly. Keith and Kim Coats, brothers of the bride, were candlelighters and served as ushers.

Mrs. Norma McCarty, organist, played traditional wedding music and accompanied Mrs. Mickey Millsap of Canyon, soloist.

The bride is the daughter of Mr. and Mrs. Kenneth N. Coats, Sr. and is a graduate of Morton High School, attended South Plains College and is employed by Citizens National Bank in Clovis, N.M.

Jones is the son of Mr. and Mrs. David Mooreland of Clovis, N.M. He is a graduate of Clovis High School, attended Las Cruces State College and is employed by Doc Stewart Chevrolet and Buick Agency in Clovis.

### Local student given valuable scholarship

Miss Theresa J. Harris, daughter of Mr. and Mrs. Bill Harris of Morton and a sophomore Nursing major at South Plains College, was presented with a \$200 scholarship at the annual Boss Night Banquet, sponsored by the Golden Spread Chapter of American Women's Association, May 24 at Lubbock Women's Club in Lubbock. Other scholarship recipients included: Wynett Ball, Maria Lopez, Ollie White and Kathy Powell all students at Texas Tech University.

This is the first year that an SPC student has been awarded a scholarship grant by the association. Theresa will be eligible to receive other scholarship grants from the association, as long as she fills the group's scholarship requirements.

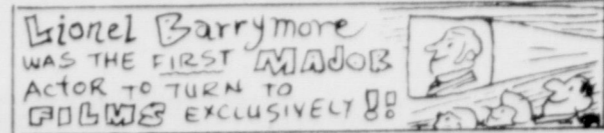

Miss Harris was awarded the cash gift because of her outstanding academic endeavors and has shown much promise in her selected field of study. Rae Nell Griggs, Chairman of the Scholarship Committee for the Golden Spread Chapter, made the scholarship presentations during the annual banquet.

## Polishes & compounds for car finishes

which one should you use?

The need for a polish or a compound depends on the condition of your car finish. Compounds contain more polishing abrasive than liquid polish. Rubbing Compound has more abrasive than White Polishing Compound. Polishing or compounding should be followed with a good car wax for protection and extra shine.

**Du Pont No. "7" Auto Polish**  
Restores shine to slightly weathered finishes. Removes road film and surface stains.

**Du Pont White Polishing Compound**  
Restores shine to dull, moderately weathered finishes. Removes heavy road film, surface scratches and stains.

**Du Pont Rubbing Compound**  
Restores shine to dull, chafed, severely weathered finishes. Removes heavy road film, surface scratches and stains.
