Schools gain five teachers

THE COCHRAN COUNTY 4-H SADDLE CLUB don't know when to quit when it comes to riding horse show competitions. For the second week in a row they are shown displaying the first team trophy in a county horse show, this week for the Bailey county contest. Front

row holding trophy are: Shani Stevens, Gregg Greener and Stephanie Coleman. Second row, left to right are Todd Willingham, Rusti Coleman, Randy Coleman, Steve Polvado, Debbie Polvado, Susan Polvado and Sandy Coleman. For individual performances see story inside.

Board eyes Kindergarten

The Morton schools were the winners in an exchange of teachers' resignations and teacher hirings at the regular monthly board of education meeting here Tuesday night.

The schools gained seven teachers and lost two as contracts were approved by the board and two resignations were accepted. Those resigning were Mrs. Melba Ray, Title I reading teacher and Mrs. Jewel Bratcher, Junior High language arts teacher.

Additions to the teaching staff for the coming year who were tendered contracts at the meeting include:

Mr. and Mrs. Billy Johnson. He will teach social studies and coach tennis and Mrs. Johnson will teach high school mathematics.

Miss Gail Evans, who will teach English in the secondary school.

John Harris, who will teach high school choral music.

Dale Kirk, who will teach industrial arts.

Mrs. J.W. Combs who will See SCHOOLS Page 3

RAPIDLY APPROACHING THE SIX MONTH MARK on his first year term as Cochran county sheriff, C.G. Richards, center foreground, has completed his personnel selections and has appointed the staff he intends to go the distance with. Darrell Denny, second from left, has been appointed chief deputy; Lynn Smith, left, is deputy for Whiteface and Betty Akin, right, has assumed the duties of office deputy and dispatcher. The sheriff's team has been a busy one and law enforcement activity in the county has picked up in the past few months and cooperation between the sheriff's office and Morton police has been increasingly evident.

Sheriff's staff set; seeing busy times

A strong surge of law enforcement activity has been evident in the Cochran county sheriff's office over the past several weeks, and the current week is no exception.

With his staff permanently settled and the shakedown cruise at an end, the sheriff and his personnel are bending every effort directly toward the law enforcement aspect of

their duties. These efforts have born fruit in arrests on a large variety of offenses, the majority of which have resulted in guilty pleas.

Six persons, some with multiple charges, were arrested over the weekend, on major charges and several others on the nuisance variety of offences.

Three receive scholarships

Three scholarships were awarded to area graduating seniors by Bailey County Electric Cooperative and Five Area Telephone Cooperatives. These three scholarships were made available through the cooperatives by Muleshoe State Bank. Those receiving the \$400 scholarships this year were:

Sharron Kay Martin,

daughter of Mr. and Mrs. Ernest Martin and a student from Muleshoe High School.

Rex Black, also a Muleshoe graduate and the son of Mr. and Mrs. Ralph Black of Route 5, Muleshoe.

Gerry Wade Corder, son of Mr. and Mrs. Lawrence Corder, and a graduate of Morton High School.

Sharron Kay and Rex were selected by the scholarship

committee for the scholarships awarded by the Electric Cooperative; Gerry received his scholarship through the telephone cooperative.

The \$400 scholarships are usually allocated at \$100.00 per semester over the first two years at the school of the student's choice. They are paid through their local school system.

The cooperatives progress reports from the student's college work.

Correction

The Tribune incorrectly reported last week that Lamonte Dewbre, of Morton, who was arrested June 9 and charged with possession of alcohol by a minor, pled guilty to the charge and paid a fine of \$27.50. This was not correct.

A check of court records showed that Dewbre pled not guilty and posted an appearance bond for later court action.

The Tribune will strive for more accuracy in the future.

Wanda Pierce services held

Services for Mrs. Wanda Faye Pierce were held Thursday at 2 p.m. in the First

Baptist Church. The Rev. Paul McClung, pastor, officiated. He was assisted by the Rev. Harold Drennan.

Burial was in Morton Memorial Cemetery under the direction of Singleton Funeral Home.

Mrs. Pierce, 43, died Wednesday morning in Methodist Hospital in Lubbock.

Survivors include her husband, Pete; a son, Gary, and a daughter, Cindy, both of the home; her parents, Mr. and Mrs. Oscar Campbell of Crosbyton; and five brothers, Garland Campbell of Lubbock, Bob Campbell and Jack Campbell, both of Crosbyton, Junior Campbell of Georgetown and Bill Campbell of Slaton.

Pallbearers were Troy Wells, U.F. Wells, J.D. Vick, Short Lemmons, R.H. Baker and Elmer Gardner.

Local library receives grant

Cochran County Library in Morton has received a grant of \$75 from federal Library Services and Construction Act funds administered by the Texas State Library. It is one of 188 libraries in the state that local support that qualified them for the LSCA grants.

In discussing the LSCA program, Dr. Dorman H. Jeffrey, director of the Texas State Library, pointed out the importance of the grants as incentive for improved local support. In 1964 Texas public libraries had funds of \$640,565. In 1972 totalled \$1,837,191. In 1964 there were

financial affairs of Cochran County residents?

What proportion of the local population receives some or all of its income from such sources?

With public payrolls on the rise and social security and other benefits expanding, government funds have become increasingly important.

Based upon a state-by-state analysis of data released by the U.S. Office of Business Economics, about 24.0 percent of each dollar of personal income locally is from public funds. It amounts to approximately \$4,291,000 a year, after taxes.

Taken into account in the analysis, which was made by the Tax Foundation, a non-profit research organization here, were payments of wages and salaries to people on government payrolls, the amounts going to those who are receiving social security benefits and the outlays of unemployment compensation,

EVERYTHING PLUS THE KITCHEN SINK. The Hockley County Senior Citizens ragtime kitchen bandmen are shown as they favored the Cochran County Senior Citizens' club with a selection at a recent meeting in Morton. Their

instruments consist of a little of anything and everything, but they manage to coax its own unique sound from each of them. The band's strong point just has to be the enthusiasm of its individual members.

Luncheon

A salad luncheon will be held Thursday, June 28, at 12:45 p.m. in the home of Mrs. H.B. King, 7 1/2 miles north of Morton.

Purpose of the luncheon is to reorganize the Last Frontier Cotton Council. Anyone interested in joining the organization is urged to attend.

pensions, interest and public assistance. In the case of Cochran County, applying the state average locally, the 24.0 cents of the income dollar consists of 15.4 cents received from the Federal government and 8.6 cents from state and local agencies. Throughout the United States as a whole 24.3 cents of every dollar of personal income comes in the form of Government checks, the Tax Foundation finds. In the West South Central States the average is 25.2 cents.

Nationally, the total amount paid out to individuals during the year by governmental bodies via payrolls, pensions and the like came to \$209 billion. Of this sum, nearly \$122 billion was from Washington and the other \$87 billion from state and local governments. Considerable differences are noted between various sections of the country in the extent to which government funds contribute to personal income. It runs high in areas that have heavy concentrations of civil employees and in areas with large proportions of retired people receiving pensions. In the District of Columbia, consequently, because of the large number of Federal workers there, no less than 51.8 percent of income is from public funds. Connecticut, with 18.3 percent, is at the other extreme.

George Romero, 21, of Morton was arrested Saturday afternoon following a high

speed chase on state and county roads where speeds reached as high as 130 mph, according to sheriff's reports. Romero was charged in county court with driving while intoxicated, fleeing from a police officer and operating a vehicle with defective equipment. He was free Tuesday after posting bond of \$1,050.

Deputies said the chase began on SH125, turned onto SH1169 and ended at the crossing of SH1169 and a county road.

Eudolia Ramon, a passenger in Romero's car was charged with being drunk.

Richard Vela, 18, of Whiteface, also reportedly indulged in a high speed chase with deputies in the Whiteface area before being arrested at approximately 1 a.m. Sunday and charged with failure to stop for audible and visual signals of a police vehicle and with speeding. He pled guilty to both counts in Justice of the Peace Joe Gipson's court and was fined \$17.50 on each charge.

Rumaldo Hinojosa, 18, of

Morton, was arrested at the county park by deputies Saturday night and charged with possession of alcohol by a minor, being drunk and for indecent exposure. He pled guilty in Judge Gipson's court to the minor in possession charge and the charge of indecent exposure. He was fined \$25 on the former and \$27.50 on the latter offense. He pled not guilty on the charge of being drunk and posted an appearance bond for later courtaction.

Adam Gomez, 53, whose home is listed on sheriff's records as Ballinger, was picked up on a charge of driving while intoxicated and being with out a driver's license. He pled not guilty in county court to the driving while intoxicated charge and bond was set at \$500. He pled guilty in Justice of the Peace court to the no drivers license charge and was fined \$27.50, which he paid.

Opening Daughter's Mail

Eighteen-year-old Phyllis stalled so long in paying for a dress that the store's collection department decided to get tough. They fired off a nasty letter to Phyllis' home, where she lived with her parents. But instead of paying the bill, she filed suit against the store for defamation of character.

"I was so mortified," she told the court. "My parents opened the letter and read all those awful things about me." However, the court said the store could not fairly have expected the letter to be read by anyone else. Denying Phyllis' claim, the court said it is simply not customary nowadays for parents to open the mail of an 18-year-old girl.

When should you assume that a letter you send may be read by someone other than the ad-

dresser? This question, which is sometimes crucial in a defamation suit, is usually answered on the basis of "reasonable foreseeability" as in the above case.

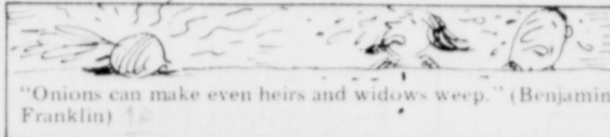

Thus, different circumstances may bring a different answer. In another case a store wrote a letter to a 14-year-old boy, accusing him of theft and threatening to send him to prison. He showed the letter to his parents, who promptly brought a defamation suit on their son's behalf.

In its defense, the store argued that the boy had only himself to blame for making the contents known to others. But the court held the store liable anyhow. The court said that with a boy so young and a letter so menacing, it was reasonably foreseeable that he would show it to his parents.

One correspondent tried something tricky. He wrote several scurrilous letters to a neighbor, but mailed them to the addresses of other people on the block. And he left the envelopes unsealed.

Each of the recipients peeked at the contents before passing the letter along. This was grounds, a court ruled afterward, for holding the letter writer liable for making his statements public. The court felt he had not only expected but actually counted on human curiosity to work just as it did.

It now appears almost certain that cotton, wheat and feed grain farmers after this year will be operating under a "target price" type farm program. Producers will be exhorted to produce abundant supplies for the benefit of consumers, and in theory at least will be insured against financial losses by a payment to make up the difference between market prices and a "target" specified by law.

The Senate passed such a bill on June 8. The House Agriculture Committee on Friday, June 15, was expected on the following Monday to report legislation built on the same philosophy. And, amid cries of "it can't be done," House Committee Chairman Bob Poage of Waco was saying he'd have the bill on the House floor by Thursday June 21.

The House version is expected to come from the committee with a target price of 38 cents a pound, with the payment based on the difference between this figure and the

weighted average price paid to farmers for all cotton qualities. Not yet settled by the House Committee on Friday was

whether the average farmer price would be figured on the August-December period or on a 12 month, January through December basis.

The change from SIM 1-1-1 to cotton in the spot quotations to average prices paid to farmers was pushed by Lubbock-based Plains Cotton Growers, Inc., on the grounds that spot market quotations do not accurately reflect price paid to farmers. The House Committee agreed with this PCG position.

PCG is also asking that average market prices be figured on a 12 month period using the last 7 months of the next, August through December.

MR. AND MRS. DEXTER NEBHUT announce the engagement of their daughter, **Janella Kaye**, to **Mr. James Jot Smyth**, son of Rev. and Mrs. Jerry Smyth of **Marana, Brazil and Lubbock**. The bride-elect is a 1969 graduate of Morton High School and is a member candidate for graduation at Texas Tech. The prospective bridegroom is a 1969 graduate of Monterey School and will also graduate from Texas Tech in December. The couple will exchange vows August 24 in Second Baptist Church, Lubbock.

Mrs. Byron Lee Willis (Janet Jean Blaylock)

Couple pledge vows in Arizona ceremony

Mr. and Mrs. James H. Blaylock of Tucson, Arizona, announce the marriage of their daughter, **Janet Jean**, to **Byron Lee Willis**, son of Mr. and Mrs. E. Byron Willis of Morton.

The ceremony was held June 15 at 4 p.m. in the home of the bride's parents. The groom's father, a minister of the Church of Christ, officiated.

Mr. and Mrs. Glenn G. Jones of Loveland were matron of honor and best man.

The bride wore a formal length gown of white silk organza fashioned with a high neckline of re-embroidered organza and full length bishop sleeves, cuffed with re-embroidered organza. A sheer veil, accented with bands of venise lace, and a wide cummerbund of re-embroidered organza encompassed the waistline. The full circle skirt extended into a chapel length train with a wide self ruffle at the hemline of both the skirt and train. She wore a large picture hat of organza.

Karen Willis, sister of the groom, presented the music.

A reception immediately following honored the couple.

After a brief honeymoon in Puerto Vallarta, Mexico, the couple will reside in Tucson.

Sewn' go Club meeting held

The Sewn'go 4-H Sewing Club met Tuesday at 9 a.m. in the County Barn. Members worked on their sewing projects.

Instructors for the club are Mrs. Frank Gillespie, Mrs. Ken Coffey and Mrs. Mitchell Abbe.

Members present were: Suzanne Gillespie, Janet Gattis, Darlene Coffey, Robin Rowland, Joy Rowland, Christi Rowland and Rhonda Abbe.

Gipson completes inservice course

Judge Joe Gipson, of Morton, has successfully completed an advanced twenty hour in-Service Justice of the Peace Training course. The seminar was held in Amarillo, Texas from June 5-8, 1973.

Lamar University, College of Technical Arts has been contracted by the Texas Justice of the Peace and Constables Association to execute the Justice of the Peace in-Service Training Program.

Funds have been made available for this program through a grant from the Texas Criminal Justice Council and under the authorization of the federal Omnibus Crime Control Bill and Safe Streets Act.

The advanced training course is designed to improve the skills of those judges who have held the office of Justice of the Peace for more than one year.

This program of basic and advanced in-service training workshops will provide information as to the proper conduct of the office, involve participants in hypothetical situations, role playing, group discussions, problem solving and examination settings. In addition to the formal presentation, the workshops will provide an opportunity for informal visitation and exchange of ideas that will be vital to improvement in the caliber and quality of service offered by magistrates across the state.

State Farm is now paying big 15% car insurance dividends to eligible Texas policy holders on expiring six-month policies.

HERE'S TO YOUR HEALTH

Motion sickness—whether from a boat, auto or airplane— can be greatly lessened or eliminated with various proven drugs available today. Your doctor or druggist can recommend an appropriate one for you. The usual procedure is to take the anti-motion pill about an hour before exposure to the motion begins.

MR. AND MRS. BILL BIGKETT announce the engagement of their daughter, **Deloris Diane**, to **Gerry Wade Corder**, son of **Lawrence Corder and Mrs. Jean Lamberson of Brownfield**. The couple plans to wed August 7 at 7:30 p.m. in the First Missionary Baptist Church. Friends are invited to attend.

Highlights and sidelights from your State Capital

LEADERS CHALLENGED—One of the top leaders in the National Democratic Party was in Austin last week. That's a unique political position for a head of the nation's largest corporation.

C. Peter McCollough, chairman of the board of **Zerox Corporation**, told top business executives in the capital city that social problems in the United States have become problems of business and industry and challenged the Austin leaders to quit treating symptoms of problems instead of causes.

Businesses must become less resistant to change. American institutions must examine all fundamental values in the 1970s and establish a new framework to come to grips with new problems.

EDUCATION STUDY OFFERED—The State Board of Education agreed to go along with Governor **Briscoe's** request for a complete restudy of the school system after some griping that the job already had been done.

Some board members claimed they had gone over the system with a fine-toothed comb since the initial Rodriguez case decision in 1971 faulting present finance methods for public education.

Briscoe, meanwhile, said he isn't asking for "just another study." What is needed, said Briscoe, is to determine the fair market value of each school district. A fundamental change, he insisted, is necessary in methods of evaluating wealth of a district. There will, pledged the Governor, be no sacred cows in his coming study.

"It would be unfair to commit the people of Texas to another spending increase measured by billions without taking every step to first correct the crumbling foundation of public school finance," said the Governor.

INSURANCE RATES REDUCED—More than half Texas' fire, extended coverage and home-owners' insurance companies are now selling at reduced rates, according to Insurance Board Chairman **Christie**.
