## No charges filed in shooting

Reese Standmire was shot July 4 at his home at 417 Northwest 3rd Street following a family argument, with his wife Ruthie Standmire, according to law enforcement officials.

The .32 cal. bullet entered the back of Standmire and exited through the front left side, according to investigator Deputy Denny.

Sheriff Richards, Denny and Patrolman Perry, investigated the shooting. No charges have been filed at this time.

Standmire was taken to Cochran Memorial Hospital and later transferred to Methodist Hospital in Lubbock.

Other charges filed in the Sheriff's office includes the following: Keynaldo Perez entered a plea of guilty to a charge of drunk and not guilty to

## Mrs. Cora Ramsey enjoys work of lady shoemaker

Morton may have the only lady shoe re-pairman anywhere. Mrs. S.A. 'Cora' Ramsey said she helped her late husband, S.A. Ramsey in the 'Ramsey Shoe Shop' ever since they opened it in 1932. When her husband died of a heart attack in October of 1968, she just continued to operate the shop. Her son Gerald helped her after he completed

his work at the bank. Later Gerald opened the Ramsey Food Store and didn't have time to help at the shop anymore.

The shop and work is a pastime for seventy-one year old Mrs. Ramsey. She said she enjoys meeting people and visiting with her many friends that drop by the shop. If there isn't anything for her to do at the shop she writes letters

to her friends and family or just

### Musical program

The Cochran County Senior Citizens will meet at 2:30 p.m. Thursday at the County Activity Building for an afternoon of music.

Featured singers will be Gene Benham, the singing "Odens" and the singing "Sinclairs."

### Kindergarten registration next week

The Morton Public Schools will offer kindergarten to all children who are five years of age on or before September 1, 1973. It will be operated on a half-day basis beginning at 12:30 p.m. and running until 3:30 p.m. The educationally disadvantaged and all those who have reached the age of 5 years and 7 months will continue on a full day basis as last year.

All parents who plan to enter their children in the kindergarten will need to register their children in the Elementary Principal's office on Monday or Tuesday, July 16 and 17. At that time information will be provided as to inoculations, supplies, beginning dates, etc.

Parents are urged to register their children in order that the school officials may have some idea as to the fall enrollment.

### Joe Bautista free on \$5,000 bond

According to Sheriff C.G. Richards, Joe Lewis Bautista is free on \$5,000 bond after being charged with assault with intent to murder.

The charge was filed against Bautista following a fight with J.D. Wisley last week. Wisley suffered ten knife cuts about his body and head. He was transferred to a Lubbock hospital. He is back at work this week in Morton.

Richards and Deputy Denny stated they had no further information on the fight between the two men. The case is still under investigation.

## Civil-Criminal cases show increase here

The number of cases filed in district court in Cochran County during 1972 was 19 per cent more than the number filed during 1971, according to statistics released by the Texas Civil Judicial Council.

Cases filed during the last calendar year totaled 101, including 41 criminal and 60 civil.

Judge M.C. Ledbetter of the 121st District Court has jurisdiction in Cochran County. He also serves Hockley, Terry and Yoakum Counties.

The local district court disposed of 104 cases during 1972, 32 per cent of the cases filed during the year or carried over from 1971. At the end of the year, 217 cases were pending on the docket.

Statewide, the 245 district, domestic relations and special juvenile courts experienced less than a 1 per cent increase in filings during 1972—to 280,971 cases from 278,338 cases filed in 1972

or carried over from 1971. The defendant entered a guilty plea in 47 per cent of the criminal cases disposed of. In the cases disposed of by a jury verdict, 74 per cent of the defendants were found guilty and 26 per cent acquitted.

Of the 276,979 cases pending throughout the state at the end of 1972, 19 per cent had been on the docket 12 to 24 months and 28 per cent had been pending over two years.

For the last 40 years the Texas Civil Judicial Council has been collecting information concerning caseloads for the district and appellate courts. Beginning in 1973, the Council will expand its data collection activities by gathering and publishing statistics on caseloads of county, municipal and justice of the peace courts. These statistics are essential for study and evaluation of the judicial system and its effects on the people of the state.

## Swine short course set at Texas Tech

Research reports and an outlook toward prices and production in the swine industry will highlight the 21st annual Swine Short Course scheduled to meet at Texas Tech University July 12 and 13.

The annual meeting, co-sponsored by Texas Tech and the Texas Pork Producers, will feature a market hog exhibition in addition to a full slate of discussions and technical reports.

Short course registration will begin at 8 a.m. in the Livestock Pavilion. Registration fee is \$5.

Registration will be followed by the market hog exhibit. Entries in the exhibit will be limited to one hog per producer. Hogs entered must be left on self-feeder as if being sold for slaughter and must be in the 200 to 240 pounds weight range. Entry deadline for the exhibit is July 7.

Pork producers Milton Marrow of Loveland and Buddy Winter of Lubbock with Dr. Leland Tribbie, Texas Tech

professor of animal science, will conduct a discussion of selection of boars for market hog production after the market hog exhibit.

Also on the slate for Thursday will be discussion ranging from "Your Nickels in Action" by Ann Norman of the National Pork Producers Council, Des Moines, Iowa, and a discussion of swine production in Illinois by G.R. Carlisle,

extension livestock specialist from the University of Illinois, to swine type, ration and carcass interrelationships by Dr. C.B. Ramsey and a price and production outlook for swine by Dr. Willard F. Williams, both professors at Texas Tech.

A panel of pork producers will discuss management of sows from weaning to farrowing and discussions of feeding program alternatives and a management system for commercial swine operation will be featured July 13 in a morning program which includes progress reports from Texas Tech researchers.

During the two-day meeting, progress reports from Texas Tech will be given on the effect of ration on growth and development, the value of added fat to grain sorghum rations for growing-finishing swine, breeding problems, farrowing for sows at farrowing, swine girdling-finishing studies and studies on hog lice.

The short course will conclude Friday, July 13 with a report on carcass data from hogs from the market hog exhibit.

Concurrent with the short course will be a meeting of the Texas Porkettes, the women's auxiliary to the Texas Pork Producers. The women will meet in The Museum during the morning of July 12 and will attend the Pork Producers pro-

SHIRLEY SHELTON is the first entrant in the Morton Rodeo Queen Contest. She will represent the Morton Steer Raising Club.

Shirley is the 16 year old daughter of Mr. and Mrs. Raymond Shelton and a junior at Bledsoe High School. Among her hobbies and offices she has held are Class Reporter, Most Courteous, class reporter and has been elected cheerleader for the coming year. She is employed part time as a ranch hand for the F.O. Shelton Ranch.

### Revenue sharing

funds used for county roadways

Cochran County Judge Glenn Thompson stated that the revenue sharing money received by the county is being used to benefit the County.

A five mile section of a 25 year old county road was re-built. The hard winter months had damaged the road. The concession stand at the ball park was re-painted. New bleachers were built for the park with the revenue money.

The County purchased a new ambulance and constructed a community building for the Bledsoe Community.

Whiteface residents now have a paved road in front of the High School gym. The street is half a mile long. Another half mile street will also be paved in Whiteface.

## Sgt. Reginal Self is recognized by Air Force

U.S. Air Force Staff Sergeant Reginald B. Self has been recognized for helping the Eighth Air Force earn the coveted Collier Trophy for Operation Linebacker II, the successful air campaign last December against key military targets in North Vietnam.

Sergeant Self, son of Mr. and Mrs. Woodrow Self, of 126 S. Canyon Carlsbad, N.M., formerly of Morton is assigned at Anderson AFB, Guam, as an aircraft maintenance technician with the 43rd Organizational Maintenance Squadron. The 43rd is a part of the Eighth which shares the trophy with USAF's Seventh Air Force and U.S. Navy Task Force 77.

The 27 aerospace leaders and authorities serving on the Collier Selection Committee of the National Aeronautic Association unanimously selected

Operation Linebacker as the greatest achievement in aeronautics or astronautics of 1972.

During the 11 day operation, U.S. aircrews penetrated the most concentrated

## Farm Bureau seminar set in Waco

Nearly 500 high school juniors and seniors from all over Texas are expected to attend the 11th annual High School Students Citizenship Seminar here July 16-20 sponsored by the Texas Farm Bureau, reports J.T. Woodson, TFB president.

Preliminary indications by county Farm Bureaus concerning the number of students they intend to sponsor indicate that attendance at this year's seminar will be the biggest ever, Woodson said.

To be held on the campus of Baylor University, the seminar will include lectures, films, and discussion concerning our American heritage and the threat of Communism, according to Woodson. The students' attendance is sponsored by county Farm Bureaus, and they are selected on the basis of scholastic achievement, character, and leadership ability.

Several outstanding speakers have been engaged to appear on the program of this year's seminar, the TFB spokesman said. They include Dr. Clifton Ganus, president of Harding College, Searcy, Ark.; Dr. C.L. Kay, assistant president of Lubbock Christian College, Lubbock; W. Cleon Skousen, former FBI agent and author of the book "The Naked Communist," of Salt Lake City, Utah; and Jerry Kirk of Chicago, who served as an undercover agent for the FBI in some of the student group uprisings of the past few years.

Woodson said the seminar is regarded as one of the major annual activities of the Texas Farm Bureau.

Girlstown, U.S.A., which is located nine miles south of Whiteface, will celebrate its 24th Anniversary on July 15, 1973. All are invited to attend the celebration which begins at 2:00 p.m. with an Open House. Tours of the facility will be conducted by the girls for all who wish to see their "home". Refreshments will be served, and a short program will be held at 3:30—with the coronation of Miss Girlstown, U.S.A., 1973-74 highlighting the program. Then it's a Bar-B-Que that will follow at 4:00 p.m. The Bar-B-Que will be prepared by the Littlefield Volunteer Fire Department as only they know how! Hostesses for the festivities are L. Allegro Study Club of Morton and Beta Sigma Phi Chapters of Lubbock.

Mrs. Ruby Davis of 205 East Garfield was the television winner of the Morton Little League raffle. Tickets were sold for \$1 to raise funds for the league. Mrs. Davis bought three tickets. She said the last ticket she purchased was the winning one. She was really surprised that she was the winner. Dub Gilliam received \$15 for selling the most tickets, Wayland Webb received \$10 and Scott Young \$5. (Staff Photo)

## Littlefield plans sidewalk art show

Littlefield and area artists are making plans to show their paintings and handicrafts at the sixth annual Sidewalk Art Festival, to be staged in Littlefield during Festivities Days from 1:00 to 8:00 p.m., Friday, August 24. The event is sponsored by "We The Women," Littlefield Chamber of Commerce and Agriculture, Hart Thaxton Hardware, Littlefield Glass Works, The Gallery, Perry Brothers Variety, and the Art Associations of Littlefield.

Registration begins at 1:00 p.m. in the 500 block on the west side of Phelps Avenue. The actual voting will begin at 3:00 p.m. The number of works exhibited will be limited to five per entrant. All artists who have completed work within the past 12 months are invited to exhibit their work.

Work will be classified as follows: Adult Oil and Acrylic, Adult Water Color, Adult Ink and Pastel, Intermediate (age 15 to 18), Junior (14 and under), and Crafts.

Popular vote of the viewing public will determine the winners. The winners will receive gift certificates, cash prizes and ribbons. The announcement of winners will be made before the close of the show at 8:00 p.m. The awards will come from "We The Women" and the gift certificates for art supplies will be provided by Hart-Thaxton Hardware, Littlefield Glass Works, The Gallery, and Perry Brothers Variety.

An area will be provided for artists to relax. Hot dogs, sandwiches, cakes, and drinks will be available from a food booth, sponsored by "We The Women". A separate section will be provided for the sale of works that are entered in the contest and are not to be sold. Works are limited to five per entrant, and paintings for sale must bear the artists name, address, and price on the back.

As a final climax to the Art Festival there will be several oil paintings away by the various art clubs of Littlefield. The public (adults only) is invited to register for these paintings the registration box to determine winners. You need not be present to win. In case of inclement weather, a rain date will be available for the show.

## Ageless fiber gets new look

A new product symbol incorporating a contemporary cotton boll with the word "cotton" is being put into widespread use by Cotton Incorporated.

The design also serves as part of a new "corporate signature" for Cotton Incorporated, the research, sales and marketing company sponsored by America's cotton growers through their dollar-per-bale program.

appear in clean white—the most processed cotton—against a background of natural, warm brown. Both design and color are integral to the symbol and to the new definition of the dollar-per-bale program.

The new design was needed to keep cotton competitive with synthetic fibers, Wooters explained.

Ramsey is a native of Eastland County, Texas and married S.A. Ramsey October 27, 1929 in Dawson County, Texas in Crane, where Mr. Ramsey lived in the oil fields. From there they moved to Littlefield where he was employed in a shoe shop. September 2, 1930, the Ramseys moved to Morton and their life here. Mrs. Ramsey would never forget that day. Streets were muddy and it was hot. At that time Morton didn't have paved streets.

Ramsey's have six children, Mrs. Marshall of San Antonio and Gerald Ramsey of Morton and Geraldine Taylor of Tuscumbia, Texas. Her husband is Rev. Burdette, Mrs. Belva Stokes of Midland, Mrs. Sue Pinson of Brownfield and Peggy Marshall of Arlington. Her husband has given her fourteen grandchildren.

Ramsey family farmed for several years, while Mr. Ramsey also ran a shoe shop. Mrs. Ramsey recalls her daughters and son worked the farm as hard as anyone. Times were always as easy as they are. The hard work seemed to bring their first shoe shop was located in the middle of the block, from where it is today. The building was torn about two weeks ago. The Ramsey's are in the back of the shop for a couple of years. Mr. Ramsey purchased the building where the shop is now and they are in a small building. Then several businesses along with Mr. Ramsey, building all together on the east side of the courthouse.

Annual public hearings to determine auto insurance rates were held here this week (July 10) amid predictions that premiums will drop again this year.

Insurance Board Chairman Joe Christie expressed hope that evidence will bring a reduction for insurance buyers in most of Texas' 40 statistical rating territories.

This year's hearing was conducted against a backdrop of new legislation and a price freeze which applies to insurance as well as the usual review of accident frequency, claim cost and inflationary factors.

Laws which must be considered are comparative negligence, repeal of the guest statute, personal injury protection and the new deviation or competitive rating plan.

Texas Safety Association will also ask additional credit for persons completing the defensive driving course. Board rules now allow a 10 percent reduction in auto insurance rates for those certified as having taken the course.

Meanwhile, House Insurance Committee Chairman Rep. Ben Bynum of Amarillo predicted the average premium will drop 10 to 15 percent when new rates are set this fall.

Competitive rates may mean drops of as much as 20 to 30 percent for drivers with good safety records, Bynum said.

"Nobody can definitely state what the final rates will be until the statistics and the impact of new insurance laws are weighed in detail after the hearing," said Christie.

REVISION SCHEDULE SET—The Constitutional Revision Commission will meet here July 27-29 to review policy presentations of its seven standing committees on specific terms.

Commission members will hold briefings for the press during the three-day meeting. Members of the Texas Press Association and the Texas Association of Broadcasters will meet with commission members on Friday, July 27.

Commission action on the committee reports will be taken September 6-8 and 13-15.

Consideration of the final document is slated for meetings September 20-22 and 27-29 and the presentation, together with supporting reports, November 1, followed by briefing of legislators in December.

Commission members bogged down at a recent meeting here on adoption of basic guidelines for their mission and postponed consideration of a statement of principles until their July 27-29 meeting.

Instead they agreed tentatively to write a "revised" constitution—the minimum assignment of voters last November 7 when they directed wheels be set in motion toward overhauling basic state laws. Two members thought even that non-specific commitment was premature.

House and Senate committees, meanwhile, have been named to make preliminary plans for the January May constitutional convention, draft rules and agree on procedures.

14 MORE GAS SUITS FILED—Atty. Gen. John Hill has filed 14 more suits to recover full market value of royalty gas produced from state lands. The first such suit was filed May 18 against Exxon Corporation.

The state contends it is not limited by long term contracts, nor to any regulated ceiling prices promulgated by the Federal Power Commission.

Defendants, according to state allegations, are selling gas at about 20 cents per 1,000 cubic feet, or less, while the market value is around 45 cents per 1,000 cubic feet.

Suits now filed cover about 80 percent of all lease contracts involving gas royalties, Hill said.

COURTS SPEAK—A four-year prison term assessed Amarillo former State Rep. Walter Knapp for using \$1,200 worth of state-issued postage stamps to buy a used pickup truck was affirmed by the Court of Criminal Appeals, on a three-to-two split vote.

The same court reversed and remanded conviction and 20-year sentence of a Mineral Wells man for alleged delivery of heroin because of testimony concerning beatings by police officers.

AG OPINIONS—Law requiring finance reports by House speakership candidates is clear as to who may and may not contribute, the amounts, extent of expenditures allowed and other matters, Attorney General Hill said.

Department of Public Safety Hill said in other opinion, is governed by statute which requires certification of accuracy of seller's invoice in purchases through the State Board of Control. Other purchases requiring certification by the comptroller from the operator's and chauffeur's license fund must be accompanied by the vendor's

certification of the invoice's accuracy in the usual manner, Hill continued.

APPOINTMENTS—In a major reshuffling, Gov. Dolph Briscoe appointed William T. Keenan of Houston executive director of the Governor's Committee on Aging, replacing Mrs. Carter Clifton of Austin.

Briscoe, at the same time, named Alton O. Bower of Austin chairman of the Committee on Aging.

Other recent appointments by the Governor include: J.R. Taylor of Amarillo and John Biggs of Vernon to the Animal Health Commission.

Dr. Margaret Cigarroa of Laredo to the Board of Mental Health and Mental Retardation.

Dr. Richard Hooker of Austin as gubernatorial school finance advisor.

J.R. Porter of Dallas to Texas Mass Transportation Commission.

ROAD CONTRACT LETTING OFF—Monthly state highway contract lettings scheduled July 24-25 for 18 projects costing about \$22 million were cancelled due to failure of Congress to approve a federal aid bill.

Texas Highway Engineer B.L. DeBerry said the state had no alternative. Highway aid bills have been tied up in conference committee after the U.S. Senate and House passed different versions. Dispute is largely over diversion of highway trust fund revenues to urban mass transit.

The Highway Department in recent months has been financing all highway construction with state funds under an interim congressional action calling for reimbursement at a later date when the congressional bill is passed.

CITIES HONORED—San Antonio, San Marcos, Temple and Lubbock have been designated as national bicentennial communities.

The cities are to be recognized nationally during the Bicentennial observance of the American revolution in 1976. Thirteen other communities in Texas will also have bicentennial programs submitted for consideration.

SHORT SNORTS  
Harry Hubbard, AFL-CIO state secretary-treasurer, is challenging Roy R. Evans for the organization's presidency here in convention this week.

Governor Briscoe has asked design of Newton County as a major disaster area due to June floods.

Hearing by the Railroad Commission on Coastal States Gas Corporation's request for rate increases has been postponed until July 23.

A House sub-committee's investigation of Artesia Hall continued here this week.

Thomas M. Phillips of Houston has been selected as the 1973 recipient of the Outstanding Alumnus Award of the University of Texas School of Law.

"Thou wilt show me the path of life,  
in thy presence is fullness of joy."  
PSALM 16:11

# HERE IS THE PATH

Thou shalt love the Lord thy God with all thy heart, and with all thy soul, and with all thy strength, and with all thy mind, and thy neighbor as thyself.  
Luke 10:27

The basis of God's first and greatest commandment is love. God gave man the freedom to choose . . . and therefore will not force his love on anyone. God took the first step and is always ready to receive any who would come to Him.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long endure and the freedom which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.

Mr. Edward Ray celebrated his 81st birthday Sunday, July 1, with a family get-together at their home northeast of Bula. Following church services relatives all brought a covered dish for the noon meal. In the afternoon they enjoyed singing, visiting and going through a

box of old pictures.

Members of a group of young people from the Church of Christ at Sudan came to their home and sang and the Children that attended Blue Haven camp near Las Vegas, N.M. sang all the songs they learned while there.

Mr. and Mrs. John Blackman took their granddaughter, Patti Cash, home Sunday and attended church at the Second Church of Christ in Portales. They enjoyed a birthday dinner for their son, Dennis Cash at the home of their daughter, Mr. and Mrs. Dudley Cash. Other guests were his other grandmother, Mrs. Blanche Cash of Muleshoe, and a friend, Janet Brooks.

### Federal spending held at ceiling sought by Nixon

As the books closed on fiscal 1973 (June 30th) it appeared that Federal spending may have been held to the \$250-billion ceiling sought by President Nixon.

Whether achieved or not, the controversial means used—Presidential impoundment, or laying aside, of specific program funds appropriated by Congress—has been endorsed by a big majority of the nation's independent business owners in a nationwide poll.

The National Federation of Independent Business finds 82 per cent of the proprietors favor the President's action, only 16 per cent oppose it (siding with arguments made by Congress), and 2 per cent take no position. Views were solicited on the basis of pro and con arguments, together with some details on where specific funds were being shelved.

Business reaction in Texas is 85 per cent in favor of the impoundments of funds, 14 per cent opposed, with 2 per cent undecided.

Many of the business people are highly critical of "irresponsible spending" by Congress. "Surely someone has to stop spending if we are going to control inflation and Congress hasn't" is how a Kansas dairyman explained his vote. From a Michigan restaurant owner to a Congressman: "As a businesswoman, property-owner, taxpayer, employer, housewife and mother, all I can say is HELP! Spend state and Federal money as if it were your own."

The argument that impoundment of funds is unconstitutional—that the President cannot thwart appropriations enacted by Congress—was widely dismissed by business people more concerned about the nation's financial and economic condition.

"While impoundment of funds by the President would appear to be morally wrong and an evasion of the Constitution," wrote a West Virginia proprietor, "it is certainly no more wrong than an irresponsible, spend-thrift Congress."

A California architect expressed approval "not because I think it's good practice, but because Congress hasn't suggested its own means of discipline to control its political avarice."

"He is, after all, impounding money that isn't there in the first place," commented a sheet metal and heating

MR. AND MRS. W.C. STEELE of Haskell have announced the engagement of their daughter, Betty Sue, to J. Wayne McDermett, son of Mr. and Mrs. Charles McDermett. Miss Steele is a graduate of Haskell High School and Commercial College in Abilene. McDermett graduated from Morton High School, attended South Plains College in Levelland and is a graduate of Dallas Institute of Mortuary Science in Dallas. The couple plans to be married in the First Presbyterian Church in Haskell Saturday, September 1, at 6:30 p.m. Friends are invited to attend.

contractor in Oregon, referring to the 1973 deficit. Many blame present inflation on government over-spending.

Voting against the President's action was mainly along lines that the President has exceeded his powers, and that he has not held spending down by "legal" means. A strong voice was given by a New Hampshire business owner: "After having seen Nixon's inept handling of recent issues and erosion of public confidence in him (including my own), I don't feel that he or his advisors have the ability to know what money should be held out and what released."

There were relatively few complaints among the business owners over where funds were cut off, says the National Federation, despite the vocal protests by groups on programs being shelved. A developer in Nebraska wrote: "Although the action by the President directly affects my business through HEW, I support his stand."

"Our President, right or wrong, has brought to the taxpayers' attention that Congress is spending way beyond their income and no one wants to give up anything for their particular program.

Sgt. Bobby Roach, of the U.S. Army Recruiting office in Lubbock, will be at the Morton office, 109B Washington, every Thursday to answer questions and show films of the all volunteer army. Anyone needing information when Sgt. Roach is in Lubbock, may call him at 747-3711, extension 617 or see Walter Sandifer, veterans service office, at the Cochran County Activity Building or call 266-8801.

A new qualification test has been implemented, containing seven job aptitude and performance tests. Qualifying persons must pass three of the tests.

The budget must be balanced fast, and don't ask Kenneth Gailbraith to help you," wrote a Santa Barbara, California, gift shop owner.

## Reddy's consumer tips on... refrigerators & freezers

Americans enjoy the world's best and most varied diet—and Reddy can take credit for a lot of that. You know how important your refrigerator is for keeping enough fresh vegetables and fruit, eggs and milk on hand for your family's balanced meals. And Reddy's contribution goes further than that: he's also supplying the energy for food processing, storage and transportation—long before it reaches your grocer's shelves!

Keeping America fed is a big job—only one of many that Reddy handles every day. And you'll get the most out of his service if you follow his money-saving, energy-conserving tips:

- Take a look at where your refrigerator or freezer is placed—is it right next to your range or a heater? If possible, keep your cooling units in the coolest spot in the room.
- Does your temperature setting have to be as cold as it is? A setting of between 32 and 42 degrees is normally considered best for refrigerators; zero degrees for freezers.
- Turn dial two or three settings warmer

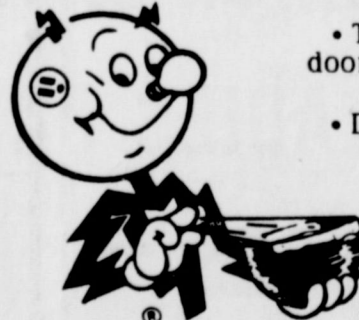

when you go away for a weekend or longer.

- Try to keep opening your refrigerator or freezer door to a minimum. Replace worn gaskets so doors seal tightly.

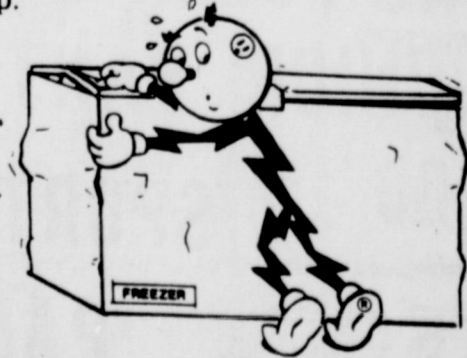

- Defrost regularly—Reddy has to work overtime when too much frost accumulates. (Better yet, consider a frost-free refrigerator or freezer when you go to buy a new one!)

- In frost-free refrigerators or freezers, keep liquids covered to cut down on moisture build-up.

- Let hot foods cool to room temperature before placing them in your refrigerator or freezer.

- Buy the size appliance that specifically fits your family's needs. Overcrowded units may use more energy to keep everything cool. Remember, Reddy supplies the energy—but only you can use it wisely!
