Rodeo, fair liftoff today

MORTON'S FIRST ALL-STATE performer in any sport, Jimmy Arvey shown above receiving the Most Valuable Player trophy at the Caprock tournament in Lubbock last December, contributed talents to the North squad in the Texas High School Coaches Association all-star basketball game played in Dallas last night. Arvey's invitation to play in the game was the second for a Morton player in recent years, with Elton Patton making a telling appearance last year.

Local 4-H riders prove tops in show

Two local 4-H Saddle Club members walked away with high point Contendant honors at the 1973 Cochran County annual 4-H Invitational Horse Show held Saturday. Riders from 17 counties including 138 individuals competed in 470 events. John Trimmier, from Dale Center, acted as judge. Steve Polvado was Trophy Saddle Winner with 34 points and Joann Whitehead stacked 22 points to win the Reserve high point. She won a matching

horse blanket and hood. Other highpoint contestants in their age group were Sara McClung, Pee Wee with 26 points and Sebrina Wilcoxson - Young

Sheriff duty hours extended

An additional eight hour shift for his office was announced this week by Cochran County Sheriff C.G. Richards.

The office will now be open from 8 a.m. until 1 a.m. the following morning seven days a week, Richards said. This is as opposed to the regular 8 to 5 schedule followed in the past.

Reason for the extension, according to the sheriff, is to give improved service to the public and to maintain personnel on duty during the night hours when law enforcement officers are most often needed. It will also enable him to make better use of the newly installed telecommunications equipment recently installed.

To take care of the additional workload, one

Bill Clayton day on tap in Muleshoe

AUGUST 2, today, will be "Bill Clayton Day" in Muleshoe, as proclaimed by Muleshoe Mayor Alex Williams.

State Representative Bill Clayton has represented this district in Austin since 1962, and is now a candidate for Speaker of the Texas House of Representatives. He will be honored with a fund-raising appreciation dinner at the Mary DeShazo school gymnasium at 8:00 p.m. and his constituents from the entire district are urged to be present.

Charge for the dinner will be \$10.00 per plate, and the funds realized from this effort will

nightly performances beginning at 8 p.m., the country fair will present the public with a large variety of events scheduled throughout the three days it runs. The fair is sponsored by the Morton Area Chamber of Commerce whose planners have included activities of interest to all age groups.

Some of the highlights of the three-day celebration include the rodeo parade, a giant barbecue, a square dance exhibition and square dance Friday night. Old settlers reunion and reception, a fiddlers contest, horseshoe tournament, children's pet show, motorcycle barrel race, flea market, children's bicycle race, rodeo queen contest, chicken shoot, bingo, and a large variety of booths and exhibits of all types.

A complete schedule of times, dates and places can be found elsewhere on this page.

The rodeo will get off to a colorful start at 8 p.m. with the traditional grand entry staged prior to the beginning of tonight's performance. The Friday and Saturday performances will begin at 8 p.m. also.

Entertainment will be presented by Gene Benham and the Kitchen Band from Levelland.

TAKING HER OATH OF OFFICE. Mrs. Don (Pat) Lynskey, is shown as she took the oath of office as county judge from District Judge M.C. Ledbetter Monday morning. Mrs. Lynskey was appointed county judge temporarily so that she can act on behalf of county judge Glenn Thompson in routine office matters while he is attending a juvenile court judges institute for three weeks at West Texas State University in Canyon.

County petroleum revenue big in '72

The petroleum industry in Cochran County played a significant role in 1972 in helping to satisfy the unprecedented demand for

Texas' crude oil and natural gas.

Cochran was one of 190 of Texas' 254 counties which

Social Security hike to benefit countians

To what extent will residents of Cochran County benefit as a result of the boost in social security payments recently voted by Congress?

Under the new schedule, how much will retirement checks average in the local area?

Based upon figures released by the Social Security Administration, detailing the number of local recipients and the amounts going to them at the beginning of the year, their annual benefits will rise by approximately \$51,000 when the new rates go into effect.

formation on time—but there is always that 1,600th who can't manipulate his two left feet quite fast enough. Would you bet against his marching punishment tours for the rest of the summer?

Back to stay

The great experiment failed—and the Morton Tribune has reverted back to Thursday publication. For several weeks it was published on Wednesday in an effort to give added service to our advertisers.

The earlier publication proved unworkable both to the Tribune staff and to the firm that prints the paper.

Beggars are banned by Nairobi regime

City authorities in Nairobi, Kenya, have banned begging, which has become an increasingly common occupation, and have also made it an offense to give money to beggars.
 Some beggars were so successful, it was reported, that they were being driven by car into Nairobi each day, and some had small farms near the city.

China checks population growth

The Chinese government launched an intensive family planning campaign in 1957 and in 1964 set a goal of a population growth rate of 1 per cent a year by the end of this century.

China's present population is estimated at more than 800 million.

Thoughts

From The Living Bible

"Son of dust, can these bones become people again?" I replied, "Lord, you alone know the answer to that." Then he told me to speak to the bones and say: "O dry bones, listen to the words of God, for the Lord God says, See! I am going to make you live and breathe again! I will replace the flesh and muscles on you and cover you with skin. I will put breath into you, and you shall live and know I am the Lord."

AIRPORT FALLOUT

The London borough of Hillingdon, which includes Heathrow Airport, is investigating the suspicion that the proximity of a busy airport may increase the level of stillbirths and deaths among very young children.

Young men must still register for draft

Colonel Melvin N. Glantz the State Director of Selective Service for Texas reminded young men that they still must register with Selective Service even though there is no draft.

Glantz urged those men who have not registered to do so promptly, saying: "Failure to register is a violation of Federal law and could result in prosecution by the Department of Justice."

The President's authority to induct men into the Armed Forces expired on July 1, 1973. The Nixon Administration does not plan to seek an extension of this authority, and the Defense Department is relying on volunteer enlistments to

supply military manpower.

Glantz emphasized that only the authority to induct expired. All other provisions of the Military Selective Service Act remain in force. The annual lottery will be held, young men will continue to register, and their local will continue to classify them as to their availability for possible military service should Congress authorize the resumption of inductions in the event of a national emergency.

The State Director said the law requires all male persons, except certain nonimmigrant aliens, to register with Selective Service within 30 days before or after their 18th birthday. He said: "Young men have three legal obligations: (1) they must register at age 18, (2) they must notify their local draft board when they

change address, and (3) they must carry their draft cards with them until their liability for service expires, for most men this is age 26."

The Colonel explained that Selective Service is reorganizing a major reorganization and that as Selective Service goes into a standby operation, no inductions are taking place. Many local board offices are being relocated, with the result of fewer draft board offices in Texas. Glantz said there are places of registration provided in each Texas county for the convenience of young men in registering.

THE FAMILY AWYER

Work-Connected Recreation

Harrison, an appliance salesman, was killed while participating in a company picnic party that he suffered a fatal heart attack. Was the widow entitled to collect compensation for his death?

The company said no. "Obviously, he was not at work when he was dancing," the company reasoned in a court hearing. Mrs. Harrison pointed out that the party had taken place on company premises, under company sponsorship, and that all company salesmen were expected to show up.

The court decided that the company had indeed arisen out of the job, and granted the widow's claim. The court said the party was simply the company's way of bringing its employees to greater productivity.

Workers' compensation laws usually cover accidents that occur in the course of employment. As a rule, courts have included any recreational activities that are closely connected with the job.

This is especially true when the company plays an active role in the event.

Thus, in a case arising out of a company picnic, the court granted compensation for an accident largely because of the participation of the company president. It seems he would use these occasions to present special prizes to employees and to give them pep talks about "our one big family."

Still, not every recreational occasion is covered. In another picnic case, a woman employee was hurt during a foot race. But when she sought compensation, the company pointed out:

- 1) that it paid only part of the cost of the picnic;
- 2) that the picnic was held on a non-working day, away from the company premises, with no pressure on anyone to attend; and
- 3) that the company had nothing to do with the arrangements.

The court decided it would be stretching language to call the woman's injury "an incident of her employment." Result: no compensation.

MRS. JAMES RICK SWINNEY (Nee: Sundia Diane Ford)

Couple exchanges vows in Whiteface ceremony

Miss Sundia Diane Ford became the bride of James Rick Swinney in a double ring ceremony Saturday July 28, at 7:30 p.m. in the First Baptist Church in Whiteface. The Rev. Harold Harrison, pastor officiated.

Parents of the bride are Mr. and Mrs. Marshall Cooper of Whiteface and her Godparents are Mr. and Mrs. James Hartline of Levelland. Parents of the groom are Mr. and Mrs. Truman Swinney of Whiteface.

Swinney is a 1969 graduate of Whiteface High School and is a senior at Texas Tech University. He is a member of Phi Kappa Alpha Fraternity and is employed by Johnson Construction Company.

The couple will reside at 2611 B. 36th Street, in Lubbock.

The ceremony was performed under an archway covered in greenery with blue and orchid carnations and ribbon flanked by two candelabras. Baskets of orchid and white gladiolus and carnations and the eternal candle completed the altar. Pew markers were bows of blue and orchid satin ribbon.

Miss Lesa Orr, pianist, presented traditional wedding music and accompanied Miss Gail Evans, soloist, in "The Twelfth of Never" and "The Wedding Prayer Song."

Given in marriage by her father, the bride wore a formal gown of white imported silk organza over white bridal satin. The lace bodice, featuring a scalloped neckline, and the cuffs of the puffed sleeves were set in tiny seed pearls. The A-line skirt was bordered with clumps lace and fell into a self-train trimmed in lace and tiny seed pearls. Her waist length veil of bridal illusion was attached to a camelot cap set with tiny seed pearls on lace. She carried a cascade of white carnations centered with a purple orchid. For something old, she wore pearls belonging to the groom's grandmother. For something borrowed, she carried a handkerchief belonging to her Godmother and something blue was her garter. She wore a penny in her shoe.

Miss Deloris Higgins of Whiteface was maid of honor. Bridesmatron was Mrs. Cathy Hearn of Whiteface, sister of the groom. Miss Delana Sanders of Paris was bridesmaid. They wore identical floor length gowns of orchid and blue dotted swiss fashioned with scooped necklines and long puffed sleeves. The gowns were trimmed in white lace and blue and orchid velvet ribbon. Their shoulder length headpieces were blue and orchid velvet ribbon and tulle and each carried a single carnation in matching colors with satin streamers.

Lighting candles was Rodney Cooper, assisted by the flower girl, Pam Cooper. She wore an identical gown to the bridesmaid. Ring bearer was Blake Hartline of Levelland.

Ronny Johnson of Lubbock served as best man and Harry Case and Mike Henthorn, both of Lubbock, were groomsmen. All are classmates and members of the groom's fraternity, Phi Kappa Alpha.

Ushers were Jay Mac Maze of Steamboat Springs, Colo., cousin of the groom, Chris Hearn of Whiteface, brother-in-law of the groom, and Bill Turner and Danny Molinare, both of Lubbock.

Guests were registered by Miss Cindy Lyn Maze of Steamboat Springs, Colo., cousin of the groom.

Following the ceremony, the couple was honored with a reception at the Community Center. Serving at the bride's table were Mrs. Kay Sams and Miss Martha Frazier. Miss Vicki Marshall and Miss Lea Legan served at the groom's table and Miss Pam Lindner registered guests.

For a wedding trip to Colorado Springs, Colo., the bride wore an orchid knit suit with a blue and orchid blouse and white accessories.

The bride is a 1973 graduate of Whiteface High School and is employed by Pioneer Natural Gas Company in Lubbock. She will be a Freshman student at Texas Tech University in the

be used to finance Bill Clayton's campaign for the Speakership in the 1974 Legislative session. Gordon "Corky" Green, chairman for the appreciation dinner, said "It is extremely important that we of this district show our support for our representative, Bill Clayton, and help him to finance his campaign for the Speakership independently. The opposition will be well-financed by the special interest groups and will be ready to make a strong race for the Speakership. Bill Clayton can be a more effective representative for our area in Austin if we all work together and help him win the race for Speaker of the House."

Louie Welch, Mayor of Houston, will be the main speaker on the program. When Mayor Welch was re-elected in December 1971, he was the first Mayor of Houston to be elected to a 5th consecutive term. Mayor Welch was born in Lockney, graduated from high school in Slaton, and received his degree, BA in History, from Abilene Christian College.

Entertainment for the appreciation dinner will be by the Caison Trio from Hereford, including vocals by Sandy Caison who was a finalist in the Miss Texas Pageant and winner of the Talent Division of that contest.

The dinner will be completely informal, and those attending are urged to dress comfortably. Coats and ties are not necessary.

Enochs-Bula News

Mrs. Mildred Reasoner of Hobbs, New Mexico visited her parents Mr. and Mrs. G.R. Newman, Friday.

Mr. and Mrs. J.D. Bayless were in Muleshoe Sunday afternoon and stopped in for a visit with her sister, Mr. and Mrs. Claud Coffman. They also visited his brother, Roy Bayless, who had just returned home from the Methodist Hospital where he had been a patient from Monday till Saturday. Roy's son, Myron, from Richland, Washington, is staying with his father.

Mrs. Etta Layton was in Muleshoe Friday and visited her sister, Mr. and Mrs. H.H. Snow.

Mrs. Charlie Shaw took her grandsons, Timmy Crocker, and Jimmy Jarrous, home Sunday afternoon and returned home Monday afternoon.

Carl Hall and children, Mr. and Mrs. J.E. Layton and sons Jarrol and Keith of Enochs and Mr. and Mrs. Bill Burris and children from Wellman, attended the annual Hall reunion Sunday at the American Legion Hall in Muleshoe. All of the Hall children were present; Carl Hall of Enochs, Mrs. Bertha McGraw of Plainview; Mr. and Mrs. Graden Hall of Bovina; Mr. and Mrs. Dick Blackshear of Mountainair, and Mr. and Mrs. Whitten Barber of Muleshoe. There were approximately 65 relatives present from Enochs, Muleshoe, Mountainair, N.M., Plainview, Kress, Wellman, Midland, Floydada, Albuquerque, N.M. and Bovina, and Littlefield.

Mrs. J.D. Bayless had minor surgery at the Littlefield Hospital Monday morning and was dismissed Tuesday morning.

Mr. and Mrs. Bill Dick of Portales, N.M. visited in the home of Mr. and Mrs. E.N. McCall Monday afternoon.

Mrs. Lavern Blackmana and family, Mr. and Mrs. Clyde Phillips, Mr. and Mrs. Gary Phillips all of this area and Mrs. Johnnie Lavender of Lubbock helped their mother Mrs. Maye Phillips celebrate her 61st birthday Wednesday July 25, at her home. Her mother, Mrs. Clyde Bell and a sister Mrs. Bill Phillips, of Muleshoe were also present.

Mr. and Mrs. Harold Layton and son, Robert attended the Tivis reunion at the Floyd Community house in N.M. Sunday.

Mrs. Gracy Swanner and son, Jimmie, of Lubbock visited her sister, Mr. and Mrs. J.D. Bayless Saturday.

The rains are really appreciated. Our area received .8 inches of rain Wednesday night and 6 Sunday morning. The crops are growing beautifully.

Mrs. Dub Elliott reported her husband is doing fine and her father Jeff Nail, of Lubbock is home from the hospital and

improving nicely.

There was a program Sunday night at the Baptist Church put on by the young people, and their sponsor, Mrs. Junior Austin following Training Union. The pastor brought the message, then there was fellowship with home made ice cream and cake, coffee and tea served to those present.

RODEO FROM PAGE ONE

The climax of the rodeo queen contest will arrive with the naming of the new queen during the rodeo performance Saturday. She will preside over the 24th Last Frontier Rodeo in 1974.

There are three rodeo queen contestants this year:

Vickie Hall, 16-year-old daughter of Mr. and Mrs. John Wayne Hall of Morton, is sponsored by the Morton Area Chamber of Commerce.

Shirley Shelton, 16, daughter of Mr. and Mrs. Raymond Shelton of Bledsoe, is sponsored by the Morton Steer Roping Club.

Debbie Polvado, 13-year-old daughter of Mr. and Mrs. Bob Polvado, of Morton, is sponsored by the Cochran County 4-H Saddle Club.

Winner of the contest is the candidate who sells the most raffle tickets on a \$350 shop-made saddle to be drawn for at the Saturday night performance of the rodeo.

The Country Fair is being held in conjunction with the rodeo for only the second time this year. The fair was organized last year by the Morton Area Chamber of Commerce to celebrate the tenth anniversary of the chamber's existence. It proved successful in its first year and now has become an annual event.

One activity of the fair has been underway since Tuesday—the selling of "shaving and dude clothes" permits. The permits are priced at \$1.00 and may be purchased from the chamber office or any chamber board member. They permit those cannot or will not grow a beard or mustache or wear country or western clothes to remain out of the "Tenderfoot Jail" that is placed on the courthouse square.

Persons caught by a "Deputy" without the above encumbrances will be jailed for a period of 30 minutes, after which time he will be permitted to purchase the permit for \$1.00. If he refuses at that time, he will be held for an additional 30 minutes.

The Morton Tribune joins all chamber of commerce members and all citizens of Cochran county in welcoming both visitors and contestants to Morton for the big rodeo and country fair weekend.

REVENUE FROM PAGE ONE

produced oil and gas valued in excess of \$100,000 in a record production year for the state's No. 1 industry, according to figures compiled by the Texas Mid-Continent Oil & Gas Association.

The county ranked 42nd in the state in the value of petroleum produced, \$39.9 million. The sale of crude oil brought \$38.2 million; natural gas, \$1.7 million.

But despite this record year, due in large part to nine months of production at 100-percent of the maximum efficient rate, the nation's largest producer of petroleum could not produce enough to

satisfy demand. "To further stimulate production, we need a restoration of the open market force," said Robert A. Buschman of San Antonio, president of the Association.

"This would produce two much-needed effects: First, it would channel the state's petroleum products to the most efficient and highest priority uses; second, it would help provide part of the capital needed so desperately to build refineries and superports and to carry on expensive exploration and production activities," Buschman added.

This study by the Association also shows that production last year in Cochran County resulted in the payment of \$5 million to royalty owners.

The state of Texas received \$1.9 million in production taxes from county wells; \$1.8 million on crude oil output and \$130,000 from natural gas production.

Oil and gas producers and developers spent \$2.7 million drilling 39 wells in the county last year, with \$75,000 of that figure lost in one dry hole.

According to the Texas Employment Commission, 59 oil and gas industry employees worked in the county in 1972 and shared a payroll of \$641,000.

A processing plant also added to the county's economy: One natural gas processing

plant with a total daily capacity of 25 million cubic feet according to the "Oil and Gas Journal."

by the Social Security Administration, detailing the number of local recipients and the amounts going to them at the beginning of the year, the annual benefits will rise approximately \$51,000 while the new rates go into effect. Under the bill, across-the-board increases of 5.9 percent are provided for retired disabled workers and the dependents who are getting social security checks.

In general, the average benefits for a retired worker and his wife will rise from present \$3,324 a year to \$3,516.

A single worker who is receiving \$1,932 will get \$2,040. For those who are getting the minimum of \$1,010 a year, the new amount will be \$1,072.

In addition, checks going to the aged, the blind and disabled will be increased by \$120 a year for individuals and \$180 for couples, on average. Those in other categories will benefit proportionately.

All in all, an additional \$2 billion or so will be distributed to some 30 million Americans in the next fiscal year.

FOR PEOPLE WHO THINK

From the Christians who assemble at Taylor and S. 2nd Sts.—Greetings.

In previous articles we have learned that the word "church" has used in the Bible, refers to those who have been "called-out" of the world and into Christ, and these alone. These are those referred to in the New Testament as "disciples" of Christ, and that those who are truly disciples are those who have, and are yet continuing in the "word" of Christ; and that these are the only people called "Christians" in the Bible. Now—just what is involved in "continue in my word" of John 8:31?

We do not need to "guess" or depend upon human "opinion" in this matter. Turn, if you will, to John—chapter 17. When you read here (John 17) is truly the Lord's prayer. While praying in respect to the apostles (those "sent" by Christ), Jesus said in verse 8 in this prayer to His Father in heaven, "For I have given unto them the 'words' which thou gavest me....". Again, in verse 14 "I have given them thy word....". And then, in verse 17 he said, "Sanctify them through thy truth: thy word is truth." It is certain, therefore, that the Father directed the word given to the apostles by the Lord.

Not only is this true, but more is involved in the word which the apostles received. Turn to the 14th, 15th, and 16th chapters of John and note the promise of Christ concerning this word. These chapters are specifically what Jesus said to the apostles whom he "sent" into the world. They were to "bear witness" (chap. 15:27). Also, speaking specifically to the apostles, Jesus said, "...and ye shall be witnesses unto me...." (Acts 1:8). Turn back to John 14, 15 and 16. Christ was going to go back to the Father, but promised another "comforter" to the apostles—even the "Spirit of truth"—the Holy Ghost (Spirit). He said the Holy Spirit would "...teach you all things, and bring all things to your remembrance, whatsoever I have said unto you." When the reader shall have read these three chapters he will know that the apostles were entrusted with the "word" of Christ—that "word" in which we must continue or be unable to be true disciples of Christ and NOT Christians. Remember—you are truly welcome and urged to attend to announced public assemblies at Taylor and S. 2nd Sts.

Highlights and sidelights from the State Capital

By—Bill Boykin
Texas Press Association
 The Texas Press Association may be better off under its new type of government than the so-called cabinet form being advanced in the new report for constitutional revision, according to a report by the Texas Research League.
 Staff members in a new report on the Constitutional Revision Commission point to advantages of the cabinet system and offer these key reasons:
 "While there is room for improvement, Texas government is not a 'jungle' as portrayed by the press. There are 174 legal entities, more than those of any other state. Major departments for the League for economies in the areas of education and financing. Overhead and control functions, cost of Texas' total budget, while the national average is 2.6 per cent.
 —Major Texas agencies such as the Highway Department, Education Agency, Department of Corrections and Department of Public Safety rate high agencies in other states "clearly superior" to Texas counterparts.
 —While advocates of the cabinet theory claim it provides for holding the governor accountable for all aspects of government administration, political realities dictate that he can be held accountable at the polls only once or twice. Further, it is difficult for voters to assess thousands of acts by the chief executive during any four years.
 —Whether authority to appoint 20 cabinet officials but no sub-cabinet-level personnel would strengthen the governor in policy-making is debatable. Merit system employment to insulate state employees from the spoils system is considered part of the cabinet theory. This means echelons below the cabinet level are beyond the governor's control.
 The present pattern of part-time boards, according to the League, provides opportunity for participation in government by many key citizens, who, in turn, provide a powerful reservoir of support for a governor's policies. The League suggests more fiscal power for the governor and authority to order governmental reorganization subject to legislative veto.
TOP 100 PRESCRIPTIONS STUDIED—
 Computers are being used by the Texas Pharmacy Board to determine the top 100 most prescribed drugs being sold in this state.
 Under the new state law, H.B. 750, druggists must post the prices of the 100 most prescribed drugs at their counters this fall.
 The new law will also prohibit advertising about "wholesale" "cut rate" prices, and limit drug stores to advertising about services, keeping "family records" and dangers of mixing certain types of drugs.
 Consumers will be able to check the prices of the top 100 most common drugs at each prescription counter, states Joe Arnette, Texas Pharmacy Board, who is using the computer method to make the state-wide survey.
AUTO RATES CUT—True to its promise, the State Board of Insurance ordered an average statewide reduction of 4.3 per cent in private auto coverage premiums, estimating 90 per cent of motorists will save at least \$25 million. New rates are effective August 27.
 Further, according to Board Chairman Joe Christie, the competitive rating law September 1 will mean further savings for many. Christie said one company has indicated it will ask authority to cut its rates 15 per cent across the board when the competitive rating law takes effect.
 Another law passed by the legislature this year, however, may cancel out the savings for some and actually bring a slight increase. The personal injury protection coverage of at least \$2,500 for medical expenses and lost earnings of services due to accident, regardless of who was at fault, will be added to all policies automatically unless motorists reject it in writing.
 Christie said even rejections written on "brown paper sacks" will be considered valid. P.I.P. coverage costs \$22 to \$44, but many will substitute it for medical coverage which already costs \$15 to \$22 a year.
WATER QUALITY STANDARDS APPROVED—Texas Water Quality Board agreed on compromise standards hopefully tailored to meet federal Environmental Protection Agency approval.
 If the EPA rejects the state standards, presumably it would take over issuing waste discharge permits, leaving the state agency little to do but take samples and offer recommendations.
 A main point at issue is whether the state's fines for violators are high enough to amount to a "substantial economic deterrent." The Texas maximum civil penalty is \$1,000 a day, and the federal agency wants civil penalty fines up to \$25,000 a day and maximum criminal penalties of \$10,000 a day.
