PRICE FIFTEEN CENTS

County bale count soars

VOCAL CHOIR WINNERS—The five MHS girls above brought home ratings of I (Excellent) from the regional University Interscholastic League solo and ensemble contest held in Lubbock Saturday. Each one was rated as a solo contestant. Six other

Morton students earned Division II (Excellent) ratings and four received Division III ratings. Above, left to right, Linda Watts, Chip Sayers, Donna Sanders, Robbie Sanders and Yvonne Vanstory. Each division I winner was presented the medal displayed above.

Most gins complete year's run

With 99 percent of the ginning completed, a comprehensive survey of the Morton trade area gins indicate that there were 105,851 bales of cotton that have been ginned thus far.

The survey was made of trade area gins rather than strictly county gins because some of them are right on the county line and others are over the county line, but still gin Cochran county cotton. Some county gins also process out-of-county cotton.

The survey also indicates that this was the best cotton crop ever recorded in the history of this area—both from the standpoint of quantity as well as quality. Prices for the crop have outdistanced all former performances for the High Plains area.

Near perfect weather developed the 1973 cotton crop to exceptional high yields and produced the highest quality cotton ever experienced on the High Plains.

Every gin contacted in the survey stated that the quality of the 1973 cotton crop was— from much better to vastly better than the 1972 crop.

In the Morton trade area, with virtually every gin complete, the lineup, which includes totals for this year in most cases and totals for last year, is as follows:

G & C Gin—11,352 baled this year; 11,025 last year.

Lawlis Gin—2,600 bales ginned.

Morton Coop Gin—9,200 ginned, 100 more bales estimated. 7,300 baled last year.

Nowell Gin—4,500 ginned; 4,700 ginned last year.

Whiteface Coop Gin—7,165 this year, 3,341 last year.

Both Willingham Gins—7,845 this year. No figures for last year.

Alamo Gin—3,041 this year, 3,450 last year.

Clauch Gin—10,150 this year, 7,500 last year.

County Line Gin—2,950 this year, 3,200 last year.

Farmers Coop at Enochs—8,288 this year, 7,235 last year.

Karl Griffith Gin—11,032 ginned with estimate of 650 more to go. Baled 12,340 last year.

SCENE OF BURGLARY—Simon Marina, left, points out to city patrolman Dan Turner where two televisions had set which were stolen in a burglary of the New York Store annex last Wednesday night. The intruder or intruders entered by smashing the glass in a door at the rear of the building. The theft was discovered by city patrolman Bobby Turner on his regular round of the alleys near midnight Wednesday. A tentative inventory indicated that the two black and white sets, valued at approximately \$100 each, were the only things taken, Marina said.

Harvest winds down

Cotton ginning, sampling and classing continued to decline as the harvest neared completion, according to Paul R. Dickson, in charge of the Lubbock Cotton Classing Office of the U.S.D.A. Most field operations are now confined to picking cotton up from the ground. Most cotton remaining to be ginned is stored in ricks in the counties east and south of Lubbock. Ginning sampling and classing are expected to continue on a limited scale for some weeks due to the volume of this ricked cotton remaining.

Due to the decline in harvest activity, the U.S.D.A.'s seasonal classing offices in Brownfield and Lamesa closed during the past week. All

cotton remaining to be classed

Five make regional in choir

Sixteen music students from Morton High School Choir participated in the University Interscholastic League Solo and Ensemble contest held Saturday, February 2, in Lubbock. Five of the students brought home first place medals.

Bringing home the medals in Division I (Superior) rating were: Donna Sanders, Robbie Sanders, Chip Sayers, Yvonna Vanstory and Linda Watts.

Those receiving Division II (Excellent) ratings were: Susan Baker, Greg Bell, Earlene Evans, Tobie Jerden, Schelle Key, Kathy Mason.

Melody Crone, Micque Inman, Teri Nebhut and Vickie Simpson each received a Division III rating.

John B. Harris is the choir director at MHS.

School switch deadline told

Parents who wish to transfer children from their home school district to another area for the 1974-75 scholastic year should make necessary application to the receiving district by May 1, 1974, Leon R. Graham, Texas Education Agency assistant commissioner for administration, announced Thursday (January 31).

The May 1 deadline for requests will enable school districts to file summary reports with the Texas Education Agency by May 15, Graham points out.

These reports will be reviewed by the Agency to make sure none of the transfer requests violate U.S. District Court Order 5281 issued by Judge William Wayne Justice in Tyler on April 2, 1971. Under this order, any transfer of students from one school district to another must not change the racial or ethnic balance in either the home or receiving district by more than one percent.

If the balance is altered by more than one percent, the transfers will be denied, Graham adds.

ROBERT A. VINSON

Vinson cited by Air Force

Airman First Class Robert A. Vinson, son of Mr. and Mrs. R.J. Vinson of 312 S.E. Sixth, Morton, Tex., has been named Outstanding Airman in his unit at Cannon AFB, Clovis, N.M.

Airman Vinson, an inventory management specialist, was selected for his exemplary conduct and duty performance. He is assigned to a unit of the Tactical Air Command.

The airman, a 1971 graduate of Morton High School, attended South Plains College, Levelland, Tex.

His wife, Vanessa, is the daughter of Mr. and Mrs. Paul J. Powell of Star Route 1, Morton.

Cable TV set here

Cable television in Morton is a strong likelihood in the near future, according to information released late last week by city manager Elra Oden.

Plans for the necessary construction were finalized at the Morton city council meeting last Monday night.

Diversified Communications Inc., of Levelland, have announced plans to begin laying the cable Monday, February 11, and estimate the work will be completed in approximately 15 days. Construction of the microwave tower necessary to its operation will begin about April 15, Oden said.

The tower will be located approximately one quarter mile southwest of town on land owned by Wylie Hodge, he added.

Plans are for facilities to broadcast and for closed circuit capabilities in the Morton schools and in the county activities building. It also has a provision for civil defense facilities to be located in the county sheriff's offices.

The civil defense capabilities are understood to include cutting in on home television sets that are in operation to give weather and other types of disaster warnings.

"We should have a first rate cable television operation going here within a reasonably short time," Oden concluded.

How, however, would you like to bet that we don't grab them Friona Chieftains by the hair and fashion them a new wig. Then—we will have the pleasure of crying our eyes out for the rest of the year.

Isn't it too bad that Littlefield—who should be in AAA is so sad that we can't even think of them as a stopper on Friona?  from the territories served by the Brownfield and Lamesa offices will be classed at the permanent U.S.D.A. Classing Office in Lubbock.
 The U.S.D.A. Classing Offices at Lubbock, Brownfield, and Lamesa tested and classed samples from 50,000 bales during the week ending Friday, February 1st. This brought the total for the season to 2,425,000. This is far ahead of the volume at this date last year when samples from 1,445,000 bales of the 1972 crop had been classed.
 Quality of cotton continued excellent and this crop is one of the highest quality crops ever produced on the South Plains.
 Grade 31 and 41 continued the

predominant grades at Lubbock, making up two-thirds of all cotton classed. Grade 31 made up 16 percent, Grade 41, 51 percent, Grade 32, 10 percent and Grade 42, 9 percent.

Staple length improved from the previous week as a high percentage of the cotton being classed was harvested weeks ago and stored in ricks. One third had a staple length of 31, 27 percent stapled 32 and 17 percent stapled 33.

Micronaire readings continued excellent. Seventy-eight percent of all cotton tested at Lubbock had micronaire readings in the premium range of 3.5 to 4.9 and 3 percent was in the high micronaire range of 5.0 to 5.2.

The Agricultural Marketing Service of the U.S.D.A. reported limited trading on the Lubbock market during the week ending Friday, February 2. Prices were \$30.00 to \$45.00 per bale lower than the previous week. Typical lots were selling in the price range of 40 to 55 cents per pound.

Average prices paid for the most predominant qualities in the 3.5 to 4.9 premium micronaire range were: Grade 31, Staple 30 - 50.65 cents per pound, Grade 31, Staple 31 - 55.40, Grade 31, Staple 32 - 60.40, Grade 41, Staple 30 - 49.70, Grade 41, Staple 31 - 54.25 and Grade 41, Staple 32 - 58.95.

Cottonseed prices were steady and farmers received \$95 to \$110 per ton.

 end of one, but the superior height and muscle wore down the smaller Indians in the latter stages. With Jerry Silhan off his feed and without his usual effectiveness under the boards, the Bobcats were able to use their taller, heavier men to the best advantage.

After leading at the quarter mark, the Indians trailed 30-33 at intermission, 50-52 at the end of three and the final 72-64 at the final buzzer.

Mark Fluitt was top man for the Tribe with 20 points on a remarkable 7 of 11 field shots and 6 of 7 from the foul line. He also tied for high in rebounds with Billy-Joyce at 7 and contributed 2 steals and one assist.

Ralph Mason took runnerup scoring honors with an identical 7 of 11 field goal record as Fluitt, but was given no opportunities from the charity line, thus holding his

score to 14 points.

Joyce, with 4 of 9 field shots and 3 of 3 fouls, trailed Mason's output by three tallies.

Larry Thompson had a good game, tallying 9 points on 4 field goals and one foul shot. He grabbed 5 rebounds and led the team in steals and assists with 5 and 3 respectively.

Mike Williams had a cold shooting night, hitting on only one of eight field shots and none for one at the foul line.

Ralph Mason took high point honors with 13 points in a "breeze win" over the Olton Mustangs Friday in a game that saw every varsity and some junior varsity Tribesmen get into the action. The scoring was very evenly distributed with everybody getting something, but nobody getting a lot, a la Red China.

Friona will invade Indian gym Friday night with tipoff time set for 7:30 p.m. in front of what is expected to be a standing room only crowd of Indian rooters. They will be there to see just who has the sharpest tomahawk the second time around.

There was no Junior Varsity game at Olton and the Morton JV dropped a 62-72 loss to the junior Bobcats prior to the Dimmitt game.

Cattle Feeding Turns Down...Some Up, Some Down...Texas Poultry Value Increases.

It came as no surprise when the Texas Crop and Livestock Reporting Service noted that cattle being fed for slaughter as of January 1 is down in both Texas and the nation.

The number of cattle on feed in Texas totaled 2,205,000, down two per cent below a year earlier, three per cent below December 1 and five per cent below October 1.

Nationwide, cattle on feed were down six per cent below a year ago.

Placements are down 21 per cent from a year ago in Texas. Feedlot operators reported intentions to market 1,150,000 cattle between now and March 31. This would be 52 per cent of the number on feed as of January 1 and would be six per cent more than the total marketed during this period a year ago.

In the state, large feedlots—those with 1,000 plus capacity—numbered 233 and held 2,158,000 cattle on feed for slaughter. Of that number, 81 per cent

reported cattle on feed, while the remainder reported their feedlots empty as of January 1. Capacity for all 233 feedlots showed a 71 per cent occupancy.

"Small" feedlots—those with less than 1,000 head—held 47,000 head.

Nationwide, there was a decrease of 15 per cent in the number of cattle and calves placed on feed October through December of last year. Anticipated marketings now through March are one per cent below those actually sold during the same period a year ago.

INVENTORY of the Texas chicken flock shows a value of \$22,120,000. Value per head is set at \$1.40, which is up 15 cents from 1972.

The December hatch of egg-type chickens in Texas is down 10 per cent from a year ago. The December hatch of broiler chicks increased five per cent from a year ago. The total poultry turkey hatch for December increased seven per cent from a year ago.

Egg production in the state was six per cent above a year ago. The number of chickens on Texas farms as of December 1 (excluding commercial broilers) was 15,800,000. This is three per cent above the 1972 total. There were 3,630,000 hens and pullets of laying age, 11 per cent under the 1972 total.

TEXAS planting intentions show increases in major crops including corn, grain sorghum, cotton, and soybeans. Decreases in acreage are indicated for oats, barley, rice, and sugar beets.

An indicated corn acreage of 800,000 is up 50,000 from 1973 planting of that crop. Grain sorghum indications are that 8,500,000 acres will be planted in 1974. This compares with 8,100,000 in 1973.

Cotton acre indication for 1974 in Texas is 5,800,000, this compares with 5,400,000 acres in 1973.

Soybean acreage indications show an increase over 1973 plantings for Texas. Indications are that 500,000 acres of soybeans will be planted in the state this year.

Oat acreage in Texas in 1974 shows that the crop will be less than in 1973; barley will also be down as will rice.

A huge increase in flaxseed acreage in Texas is indicated for 1974. Acreage this year is indicated at 40,000 acres compared with only 9,000 acres in 1973.

"Thou wilt show me the path of life, in thy presence is fulness of joy..."
PSALM 16:11

HERE IS THE PATH

How
The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long survive and the freedom which we hold so dear will inevitably perish. Therefore, view from a faithful point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Cotton talks

The failure of the National Cotton Council Board of Directors and the Produce Steering Committee of the Council to oppose the lifting of U.S. import quotas on raw cotton "in no way affects" the position of Lubbock-based Plains Cotton Growers, Inc., according to PCG President Ray Joe Riley of Hart. "Nor will it reduce our efforts to retain rigid import restrictions," he adds.

The Council's Produce Steering Committee, made up of NCC producer delegates, took a strong stand against relaxation of import quotas at its meeting in Dallas January 8. But that position was reversed at a subsequent meeting in St. Louis, Mo. January 28, reportedly as a means to secure a commitment for textile mill interests to stop exerting pressure on USDA for cotton export controls. The NCC Board is composed of representatives from all seven segments of the cotton industry, including mills, merchants, warehousemen, ginners, cooperatives, seed crushers, and producers.

"As an organization dedicated to looking out for producer interests on the High Plains and no other interests," Riley stated, "PCG continues to feel that restrictions on cotton imports, in addition to unlimited access to export markets, are vital to our well-being, and we will present testimony before the upcoming Tariff Commission hearings to that effect."

The Tariff Commission will hold hearings on the import quota issue February 7, and make its recommendations to the President soon thereafter.

PCG's statement will point out the advantages that have accrued to the cotton industry and the nation from import quotas since their imposition in 1939. Riley said "and we will emphasize that lifting quotas, while serving no useful purpose under present world supply-demand conditions, could wreck any government price support program for cotton that might be in effect at such time as world supplies exceed short term demand and cotton prices come crashing down."

All cyclists invited to Portales marathon

Cycling enthusiasts have a golden chance to prove their prowess in this year's third annual Portales Marathon to be held here on February 16.

While last year the bicycle event had only two classes, this year it has been extended to seven divisions which will cater for all competitors from eight years of age and above.

Marlin Poyner, a cycling enthusiast himself and the man behind the recent change, said, "I think that more people, especially from around Portales and Clovis, will be interested in the competition, if they realize that they will

not be required to compete against the established cyclists."

The twenty-six-mile race, sponsored annually by the Roosevelt County Chamber of Commerce and Eastern New Mexico University, attracted over 100 runners and cyclists from all over the country last year. The organizers hope to attract more local competitors this year.

The men's section will have five divisions. Class One will be for boys 8-12 years of age, while the 13-17 teenagers have been pitted in the Second Class. The Third Class is open (18-30) and will be the main event of the competition.

Those above 31 years of age can choose between entering the main competition or enter in the other two divisions. 31-45 years of age, and 45 years and above.

There are two classes from the women competitors which are those 30 years of age and younger and those above 31 years. A total of 19 trophies will be awarded in the competition with six of them to be won in the major open event. In addition, every finisher will be awarded a T-shirt.

Coordinator of the meet, Bill Silverberg, said that so far about 20 entries have been received in both the bicycle and the foot race, but added that more entries are expected to begin flooding in this week.

The race is scheduled to start at 9:15 a.m. in front of the ENMU P.E. Complex. All cyclists will start the competition together and the route will be on the Portales-Clovis Highway. The runners take off fifteen minutes later.

Entries, together with an entry fee of \$2 per competitor should be mailed to Coach Bill Silverberg, Portales, New Mexico, 88130.

DAVID MCCLUNG

Student wins GM Award

David McClung has been named Morton High School 1973-74 General Mills Family Leader of Tomorrow. He won the honor by competing with other seniors in the written knowledge and attitude examination held December 4. He is now eligible for state and national honors and will receive a specially designed award from the sponsors of the annual educational scholarship program.

State Family Leaders of Tomorrow receive a \$1,500 college scholarship while state second-place winners receive a grant of \$500. The state winner also earns for his or her school, a 20-volume reference work, "The Annals of America," from the Encyclopaedia Britannica Educational Corporation.

The opportunity to participate in the contest is open to all senior boys and girls.

Morales services held in Arizona

Services for Lorenzo M. Morales of Avondale, Arizona, formerly of Morton, were held January 28 at Avondale.

Morales, 25, was killed instantly in an automobile accident January 25. He was born in Carrizozo, N.M. August 10, 1948 and lived in Morton before moving to Arizona. While in Morton he was employed by Lackey's Grocery Market.

Survivors include his wife, Susan Ortiz; a son, Michel and a daughter, Susan, both of the home; his parents, Mr. and Mrs. Thomas Morales of Avondale; his grandparents, Mr. and Mrs. Salvador Morales, Sr. of Morton; three brothers, Tommy, Tony, Richard, Sally and Marcus, all of Avondale and Domingo of Morton; five sisters, Mrs. Juan Ibarra of El Paso, Hope, Margie, and Rose Mary of Avondale and Mrs. Pauline Chavez of Morton.

Former resident services held

Services for Hubert F. Taylor of Levelland were held at 10:30 a.m. Monday in the First Baptist Church in Levelland. Officiating were the Rev. J. Prentice McGee, pastor, and the Rev. J.M. Gilbert, pastor of First Presbyterian Church of Levelland.

Burial was in Resthaven Memorial Park in Lubbock.

Taylor, 75, died about 11:05 a.m. Saturday in West Texas Hospital in Lubbock following an extended illness.

A native of Gib Town, Taylor farmed and assisted in several businesses in Whiteface and Cochran County prior to moving to Levelland in 1964.

Survivors include his wife; a step-son, Bill J. Simmons of Colorado Springs, Colo.; two sisters, Mrs. Ona Tidwell of Munday and Mrs. E.D. Willis of Graham; two brothers, H.C. of Oklahoma City, Okla., and G.T. of Manhattan Beach, Calif.; and a grandchild.

Miss Hunt's rites held

Services for Ozella Hunt of Denver City were held Monday at 2:30 p.m. in the First Baptist Church in Denver City. The Rev. John Ferguson, pastor, officiated.

Burial was in Morton Cemetery under direction of Singleton Funeral Home.

Miss Hunt, 66, died about 7:15 p.m. Saturday in Lea County General Hospital in Hobbs, N.M., shortly after a two car collision about 12 miles north of Hobbs on U.S. 83. Also killed in the accident was Alfons Fabin Tiphus, a 58-year-old Hobbs resident.

Miss Hunt, a native of Dodson, was owner of an insurance and real estate agency in Denver City for twenty years. She was home demonstration agent for Youakum County 12 years, a member of the First Baptist Church, the Texas Study Club, Tsamoga Study Club in Plains and Delta Kappa Gamma.

Other survivors include two brothers, Lloyd Hunt of McLean and Cagle Hunt of Killeen.

FOR PEOPLE WHO THINK

In last week's study we left off the story of the New Testament concerning those who hear the gospel of Christ—believe it with all their heart and who obey all the apostles of Christ command them to do;—what do these people "join"—what "church" or other organization? We noted that those original "about three thousand" (on the day of Pentecost who were baptized) were "added unto them." Verse 47 states that those so on in subsequent times did the same and were saved also "added" unto "them" (ASV) "to the church" (V). We also noted that the world "church" is used as English world for the original greek word which means "called-out" or a "called-out assembly". Saved people are all "called" by the gospel of Christ—the gospel preached by the apostles of Christ—read 2 Thess. 1. In the same 2nd. chapter of Acts we note, in verses 14, it was Jewish people who were involved in the action Pentecost.

Just a casual study of the rest of the New Testament presses upon the serious person the fact that the Jews do not expect that the gospel would, or could be, for all people of every nation who would accept it and obey it. Every sincere scholar of the New Testament readily agrees to that. Let the thinking reader turn and read Acts chapter 10 and chapter 11:1-18—noting that the gospel IS to those who fear God and work righteousness of every nation—but, also, in studying this record of the first apostle converts, noting that the commands to those who would be saved were exactly the same as the commands to the Jews on Pentecost. In the 11th. chapter you are impressed with the record that the Jews were reluctant to welcome Gentiles into a covenant relationship with God until Peter—at their insistence—proved that it was true. Still—we haven't learned what either the Jews or the Gentiles "joined" AFTER they were "saved". It will have to wait again. Remember your welcome to the assemblies at Taylor and SW 2nd Sts.

John Gary, State Chairman of the 1974 Easter Seal Campaign in Texas, and John Finley of Tioga.

Gary to head 1974 Easter Seal campaign

John Gary, internationally known singer and entertainer, has been named State Chairman of the 1974 Easter Seal Campaign in Texas. Thomas N. Jenness, Jr., of Fort Worth, President of the Easter Seal Society for Crippled Children and Adults of Texas, announced that Gary, pictured with John Finley of Tioga, will lead volunteers in every county in Texas during the traditional annual appeal for funds to provide direct services to physically disabled Texas children and adults.

As State Easter Seal Chairman, Gary joins with 234 local Easter Seal Chairmen and Representatives throughout Texas who participate in the annual funds appeal. Last year, 20,570 crippled children and adults in Texas received rehabilitation and other services rendered by the Texas Easter Seal Society through a statewide network of affiliated Easter Seal Societies and Chapters which includes 18 treatment or rehabilitation centers.

Gary joins a national roster of prominent figure in the 1974 Easter Seal Campaign. Peter Falk, television's "Columbo", has been named National Chairman for 1974. Nationally, the Easter Seal Society extends services and rehabilitation to nearly 300,000 disabled persons yearly through 2,000 state and local affiliates.

Judging, sale will highlight hog meet

Final preparations are underway for the 8th Annual Texas and Southwestern Hampshire Type Conference and Sale at Sweetwater, Texas, Feb. 19-20, according to Dr. Gilbert R. Hollis, Extension area swine specialist.

Heading up the two-day event which attracts some of the top Hampshire hog breeders in the country will be the judging of barrow's gilts, and boars on Tuesday, and a sale on Wednesday, beginning at 1 p.m., says Hollis. The event will be at the Nolan County Coliseum.

"This conference and sale has a total of 61 breeders from 11 states exhibiting 230 Hampshire breeding animals," states Hollis. "All of the hogs consigned will be choice selections and competition is expected to be the best ever."

Auctioneering the sale will be Mark Pickel of Wingate, Ind., and the judge will be Al Christian of Iowa State University, Ames, Iowa.

Entries will be accepted on Feb. 18, with judging getting underway Tuesday morning at 9:00 a.m. A judging contest for individuals and teams is set for 9:00 a.m. on Wednesday, and results will be announced that afternoon, when the sale begins.

Animals will be divided into the following classes for judging: July open gilts, August open gilts, September open gilts, July boars, August boars, September boars, carcass barrows, light weight regular barrows, heavy weight regular barrows, and grand and reserve champions named.

A registration certificate, properly transferred, will be furnished with each animal sold.

Wesley Mathis of DeLeon is president of the Texas Hampshire Breeders Association which sponsors the annual event. J.D. Smith of Roscoe is vice president, and Bill Scott from Abilene is secretary-treasurer.

'Home Life' program given for Jr. club

A "Home Life" program was presented to members of the Emlea Smith Junior Study Club January 24 in the home of Mrs. Hadley Kern. Mrs. J.W. Tyson was hostess.

Included in the program was a game, "The Price is Right," conducted by Mrs. Dwayne Hester. Mrs. Gail Fladden showed slides and stressed that members compare products, read labels and speak up if not satisfied with a product. Pamphlets were passed out to serve as a guide to inform and protect the consumer. Mrs. Jimmy Roddy introduced Miss

Angela Bosse, a guest from Brazil, who told members a little about her country.

In the business meeting, members voted to hold a bake sale with the proceeds going to the Robert's Memorial Nursing Home for a newspaper. Members also voted to hold a Valentine's party for the Senior Citizens. Mrs. Hester was appointed party chairman and Mrs. Ray Luper was appointed chairman for the bake sale.

The nominating committee presented the slate of officers for the 1974-75 club year. Those presented were: president,

Mrs. Jimmy St. Clair; first vice president, Mrs. Ken Williams; second vice president, Mrs. Glynn Love; recording secretary, Mrs. Jimmy Roddy; corresponding secretary, Mrs. E. Welch; treasurer, Mrs. Ray Luper; historian, Mrs. Tom Ruth; parliamentarian, Mrs. Mike Luper; reporter, Mrs. Hester; and auditor, Mrs. Kim Hanlin.

Other members present were: Mrs. Loy Kern, Bob Lawdermik, Rose Wallace, and Donnie Dewbre. Guests were Miss Marie Wilcox, Mrs. Gladys and Miss Bosse.

Texas labor force up; unemployment down in '73

More workers than ever before were in the Texas labor force in 1973, the Texas Employment Commission says in its annual report to Governor Dolph Briscoe. The Texas Labor Force reached 5,139,000 last August. Total employment was up 162,000 for the fiscal year, and jobless workers represented only 3.4 per cent of the total work force.

Fewer jobless workers claimed unemployment benefits each month during 1973 than in the corresponding month of the previous year.

Net taxes collected from employers were up from the preceding year. The healthy state of the trust fund caused almost 60,000 Texas employers to have their experience tax rates reduced by three-tenths of one per cent, effective January 1, 1974.

During 1973 the Commission placed increased emphasis on one of its basic functions, job placement, the matching of jobseeker and jobopening. That led more employers to use the Texas Employment Commission as a source for their workers. Of the 614,285 nonfarm job openings placed with Commission offices during the year, 430,193 were filled. Commission employees made 1.27 million referrals in filling these positions. The Commission placed more workers in jobs than any other state in 1973.

Placement priority was on helping returning Vietnam-era veterans secure employment. Opportunities for jobs or for training were offered first to veterans, as required by federal law.

In the metropolitan areas of Texas, the Commission has begun to move away from the traditional central downtown office locations, to the outlying metropolitan areas. The Job Bank system, with its daily computerized area-wide joblistings, has made it feasible to provide improved services to residents, businesses and industries in these outlying areas by establishing convenient satellite or branch offices.

These branch offices are located where the people and the jobs are located, eliminating inconvenient and expensive trips downtown by applicants, and giving employers faster service. Branch offices were located in the Dallas metro area during 1973. Such offices are planned for other Texas metropolitan areas during 1974.

Through computerization, the Commission has streamlined its services to applicants. Persons who are job-ready receive less supportive service than those who are not job-ready.

Demands for farm manpower are declining, but the Commission last year provided extensive services to farmers and farm workers, especially during the peak farm seasons. Greater attention to the role of rural manpower is now being given in the creation of jobs and in rural development.

The Commission continued to

administer special manpower training programs in cooperation with the Texas Education Agency, under the Manpower Development and Training Act. Training was conducted in 46 different occupations in 32 communities in Texas in 1973. The Commission also administered the Work Incentive Program in cooperation with the Department of Public Welfare. This program is designed to promote the employment of AFDC (Aid for Dependent Children) recipients and thus reduce the AFDC rolls.

TTU spring enrollment sets record

Enrollment for the spring semester at Texas Tech University has set another record.

The figure at the end of Tuesday (Jan. 29), the 12th class day of the semester, reached 19,809, up 22 from the spring semester total for last year, according to Registrar D.N. Peterson. The total for last spring was 19,787.

For statistical purposes, the enrollment on the 12th class day of each semester became the official enrollment, Peterson said.

The spring increase compares with an increase of only 16 in the fall over the previous fall semester. Enrollment for the 1973 fall semester was 21,510 as compared to 21,494 for the previous fall. Traditionally there is a drop in the spring enrollment from the fall figure.

Former student to participate in musical festival

Terry Jones of Snyder High School, former Morton student, was named to the All State High School Choir following area tryouts recently. He was named to the position of second bass and will participate in the Texas Music Festival to be held in Houston this weekend.

This is his second year to be named to the All State Choir. Terry was born in Morton and attended Morton schools through the 6th grade and is now a senior at Snyder. He is the son of Mr. and Mrs. Charles Jones. Mr. and Mrs. C.B. Jones and Mrs. George Igo of Morton, are his grandparents.

New rules announced for SSI food stamps

The U.S. Department of Agriculture (USDA) has announced that recipients of Supplemental Security Income (SSI) will continue to be eligible for family food assistance unless they reside in those states which include the bonus value of USDA food coupons in a state supplement to the SSI payment.

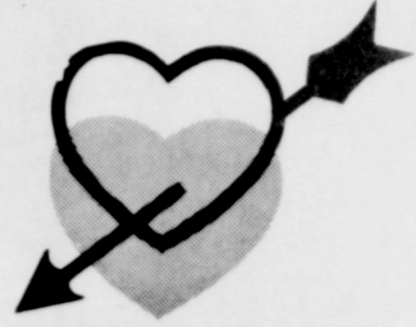

The following states have informed the Secretary of Health, Education and Welfare that they intend to provide the bonus value of food coupons as part of their state supplement: California, Massachusetts, Nevada (only the aged and blind categories), New York and Wisconsin. SSI recipients in these states are no longer eligible for family food assistance. In all other states SSI recipients are eligible for USDA's family food programs regardless of income and resources.

This announcement implements legislation (Public Law 93-233) signed by President Nixon Jan. 3, 1974. The law applies to participants in USDA's food distribution and food stamp programs. Previous legislation prohibited individuals from participating in food assistance programs if their SSI payments were above a certain level.

Public Law 93-233 requires that food assistance eligibility for SSI recipients be determined for each state as a whole.

State agencies which administer USDA's food programs have been notified of the above legislative changes. Regulations governing the administration of the food programs and the removal of certain SSI recipients from food assistance rolls were scheduled for publication in the Federal Register Wednesday, Jan. 30.

The food assistance provisions of Public Law 93-233 will expire June 30, 1974.

Thank You

I wish to take this opportunity to say "Thank You" to the citizens of Cochran County for making me "Citizen of The Year".

This is an honor that I am very proud to have, and it is my earnest desire to be worthy of this award in every respect. I am most fortunate, in that I live among the finest people that can be found anywhere, and it is their cooperation and interest that will cause our area to progress.

I am humbly grateful to be honored by being named Citizen of the Year, as this is something that I shall treasure for many, many years, and I thank each of you who made this honor possible.

So many of you have been eager and available to help me with various projects, and without your assistance, I could do little.

I would also be very remiss if I did not mention the dedication and very able assistance of Pat Lynskey, my secretary and all-round assistant, whose services have proven invaluable in any achievement I have made.

A statement from our first guideline says "No man is an Island". Thank you again.

Glenn W. Thompson
