## Two suspects nabbed in Baker killing

### Missing girl fears of kidnapping

What appears to be a kidnapping was being investigated late Wednesday morning by the Cochran county sheriff's office.

School officials reported to sheriff that Angela Jehere was missing from her class at Morton Elementary school. The report indicated that a woman had appeared at school between 9-9:30 a.m. and asked to speak to the child and she was summoned to the classroom. After a reasonable time the child or visitor failed to reappear and the report was made to the sheriff.

The daughter of Tracy Bolinger, of Morton, Angela is 14 years of age. She is under the custody of Edna and Floyd Bolinger, also of Morton. Her mother is Jehere Bolinger of Springdale, Arkansas.

The sheriff reported that Angela had gone to school wearing a long-waisted pink dress, white socks and shoes. She also had a navy blue windbreaker at school.

The sheriff's office was continuing its investigation at this time Wednesday.

## Indians down Cowboys in squeaker

In most confrontations between Cowboys and Indians, it is a battle to the finish, and the one last Friday night in Indian Stadium was no exception.

The Morton 1974-75 football season began there with a lopsided victory over the Plains. The hard work and determination of the Indians paid off in a 20-18 win.

The first score in the ball game was the result of an interception after a fumble by the Cowboys on their own 20 yard line, recovered by the Indians. Dean Thompson who ran 7 yards for a Morton touchdown 10 seconds after the Cowboy interception. Failure to convert the play after touchdown by the Cowboys, the score stood 6-0 at the end of the first quarter.

However, the Cowboys were long in gaining revenge. In less than five minutes in the second quarter, the Cowboys ran for 6 yards out for their first score. An unsuccessful pass attempt at the point after left the score 6-6.

Again, the Indians were able to play ball. In a spectacular 80 yard scamper, Keith Standmire returned Plains kickoff from the previous score for another touchdown.

ROY LUCIO, center above, was arrested at approximately 1 a.m. Monday and charged with murder in connection with the killing of Alphues Baker who was clubbed to death and robbed at approximately 6 p.m. Thursday at his home and service station in Morton. Lucio was indicted for capital murder by the Cochran County Grand Jury Monday and bond was set at \$10,000. He was still in custody of the sheriff at press time Wednesday.

JUAN LOPEZ CASTILLO, a prime suspect in the murder of Alphues Baker in Morton last Thursday, is shown here flanked by officers who are mainly responsible for his capture, Sheriff C.G. Richards, left, and Morton police chief Chester Miller, right. Castillo was arrested near midnight Sunday at his home in Morton. He was arraigned in Justice of the Peace court and bond was set at \$10,000.

### Charged with capital murder

What was probably the most intense manhunt in the history of Cochran county was brought to a climax here Sunday night and Monday morning with the arrest of two suspects in the murder of Alphues Baker that took place here late Thursday.

The manhunt, under the direct supervision of Cochran County Sheriff C.G. Richards and involving close cooperation between his office, the Morton city police, the District Attorney's office, the local Highway Patrol and the Texas Rangers, culminated in the arrest of Juan Lopez Castillo and Roy Lucio, prime suspects in the killing. Both men are from Morton.

Lucio was arraigned in district court Monday and was indicted by the Cochran County Grand Jury later the same day. Castillo was arraigned in Justice of the Peace court Monday. He was scheduled to go before the Grand Jury today. Bonds of \$10,000 was set for each man.

The manhunt chain of events began at approximately 6:10 Thursday, according to sheriff's reports, when Mrs. Louise Talley reported to the sheriff's office that Mr. Baker was lying on the floor of his service station and appeared to be dead. She had stopped at the station on a business call and discovered the body. She crossed the street and used the phone of a business firm to call the sheriff, she stated to the Tribune.

The sheriff's deputy report indicates that Baker was struck three times on the head with a heavy blunt instrument. A later autopsy performed at St. Mary's Hospital in Lubbock confirmed that death was due to a blow behind and above the left ear.

Following preliminary investigation by sheriff's personnel, the District Attorney's office in Levelland was contacted and Special Investigator Ted Holder soon arrived in Morton to aid in the investigation. Texas Ranger Frank Horger, of the Lubbock office, arrived to assist in the investigation on Friday.

## Four indicted by grand jury

Four indictments were returned by the Cochran County Grand Jury sitting in all-day session in Judge M.C. Ledbetter's 121st District Courtroom Monday.

The four indictments returned by the jury, under the

foremanship of Odell Fulton were as follows:

Timmy Lester, of Morton, indicted on a charge of burglary of a private residence at night. The true bill alleges that Lester, on or about December 25, 1973, burglarized the private residence of James Southard. Lester's bond was set at \$5,000.

Roy Martinez Lucio, of Morton, indicted on a charge of capital murder. The true bill alleges that Lucio, on or about September 5, 1974, robbed and murdered Alphues Baker at his home and service station in Morton. His bond was set at \$10,000.

James Loyd Franklin, indicted on a charge of burglary of a private residence at night. He is alleged in the indictment to have, on or about December 25, 1973, burglarized the private residence of James Southard. His bond was set at \$1,000.

Roger Massey, charged with burglary of a private residence at night. The true

bill alleges that he, on or about December 25, 1973,

The Morton Athletic Booster Club met Tuesday night in the school cafeteria for an election of officers.

Mrs. Elic Cox was named president for the 1974-75 school year and her husband will take on the vice-presidency. Mrs. Bill Wells will serve as secretary-treasurer.

Following the election, Coach Roy Winters showed films on the Plains-Morton game played Friday night. He also discussed the game and the probabilities for the season.

The club will meet every Tuesday at 8 p.m. in the cafeteria. Everyone is invited to join the club and come out for the meetings.

### Band Calendars

Listings are now being taken for the new Band Calendars by members of the MHS Band Booster Club.

Any one who would like to order a calendar or list a birthday, anniversary or meeting date, please call Mrs. Earl Polvado, 266-5053; Mrs. Max Clark, 266-5056 or Mrs. Bob Polvado, 266-5718.

## District court cases showing downward trend

The annual report of the Texas Civil Judicial Council, released in Austin, shows that the number of cases filed in the district court of Cochran County during 1973 was 12 per cent less than the number filed in 1972.

Cases filed during the last calendar year totaled 89, including 32 criminal and 57 civil.

Judge M.C. Ledbetter of the 121st District Court has jurisdiction in Cochran County. He also serves Hockley, Terry and Yoakum Counties.

The local district court disposed of 86 cases during 1973, 28 per cent of the cases filed during the year or carried over from 1972. At the end of the year, 220 cases were pending on the docket.

According to the Texas Civil Judicial Council report for 1973, statewide the 254 district, domestic relations and special juvenile courts experienced a 6 per cent increase in filings during 1973 — to 296,548 cases from 280,971 in 1972. Twenty-six per cent of these were criminal cases.

The state courts disposed of 49 per cent of the total cases filed in 1973 or carried over from 1972. The defendant entered a guilty plea in 47 per cent of criminal cases disposed of. In the cases

disposed of by a jury verdict, 80 per cent of the defendants were found guilty and 20 per cent acquitted.

THE MORTON INDIAN MARCHING BAND struts its stuff a half time of the season opening football game in Indian Stadium Friday night. The band has been a perennial prize-winning organization in the past and judging by its performance Friday night, it promises to be every bit as good this year.

THE THICK OF IT — Things got hot and heavy in the line when the Plains Cowboys and Morton Indians tied it on in the season lid

lifter in Indian Stadium Friday night. Neither side appears to have claims on the ball here as it flies free and up for grabs.

## PARTEACHER...

(Note: This truly classic "American Way of Life" editorial was written by Joe Parham, editor of the Macon Evening News many years ago. We happily reprint it a year at the beginning of school for the simple beauty it expresses in the hopes and dreams of a Dad for his son.)

Well, this week we turn him over to you. For the next 12 years, in grammar and high school, you'll have him on your hands. Next to his Mother and I, you'll have more influence on his life than anyone else except the members of his immediate family.

He's such a little boy now. A pair of sturdy legs, fanned fingers, bright eyes, a tow head and an infectious grin. Yours to mould, clay for your hands and mind to fashion as you will.

He's not afraid of anything. His mind is alert and quick to learn. His body healthy, his curiosity boundless and his stubbornness aggravating.

There's a lot you can do for him in the coming years. I hope you will. Teach him to remain fearless. Never mention the word "fear" and perhaps he'll never know what it's like to be afraid. Respect for danger and caution and carefulness, yes, but not fear.

Cultivate that healthy curiosity he's blessed with. Let him ask a million and one questions, and you come up with a million and one answers and be waiting for the next. Keep always that spark of interest in the people and things around him and in himself. He'll never be bored or disillusioned or cynical if his curiosity's never satisfied.

Be sure you're going to have to spank that little caboose of his occasionally. We do ourselves. Teach him discipline and respect for authority and understanding of rules and regulations, but don't curb his spirit. Let him not become a regimented automaton who follows others, lockstep style, through life, never hunting a better or different way of doing things and always being content with the status quo.

Still in him a sense of fair play and a deep admiration for justice. Let him not be the schoolyard bully, nor the schoolyard coward. Show him that it is one thing to stand up for his rights and quite another to attempt to depose the rights of others. Breeding in him a compassion for the weak and a feeling of kindness for the oppressed.

He already knows love, and he knows God. The two are synonymous with him. Fan that glow! Breathe with understanding and love upon that ember so that it may become a strong enduring flame. Instruct him in the wonders of his universe and the glory of God's works.

Teach him tolerance. Place no word or deed of malice of animosity or hatred toward any of Heaven's children in that little heart. Let none of the venom of intolerance that any of us might feel spill upon and scar that clean soul of his.

Press upon him the importance of cleanliness. Help him to keep clean his ideals, his mind, his body. Show him by example and illustration how strong is a clean life. Build in him a deep sense of honor and a knowledge that

integrity is not merely a word, but a way of life. Teach him that it matters not what a man's reputation may be. A reputation is merely what the world thinks of a person. But tell him that it is character that really matters, for character is what God thinks of a person.

He'll be coming to your school and into your heart and your mind this week. Teach him all these things. Teach him well and when these things have begun to be learned — the arithmetic and the spelling and the reading and all the rest can be taught too.

Do a good job... Some day you may be as proud of him as I am right now.

Sincerely,  
DAD

The near-tragedy that occurred at the Cochran County Airport last Tuesday in which a landing aircraft collided with a pickup truck off the south end of the airport runway points up sharply the need for action to either close the airport or modify the runway facilities.

By modify, we mean either extending the north-south runway, or change the main runway direction — and extend it to a proper operational length.

The Federal Aviation Agency (FAA) is ready and willing to close it. This has been determined by conversations with FAA officials in the past. This we abhor as solution.

This would drop Morton and Cochran county back into the dark ages as far as transportation communications are concerned and go far in assuring that the progress that the community is beginning to show is an exercise in frustration.

We all know that Morton, as of now, does not require a large airport facility — However, if the town and the county is to progress, facilities must be made available for prospective businesses and industries to fly in here and investigate what we have to offer in the way of their relocation.

The answer is simple — at least it was simple a year ago. The funds, in the form of a federal grant, with little more than token matching funds locally, were available. Still, nothing happened.

We understand that one or more people, who were offered well above a fair and equitable price for the few acres of land required to extend the runway, refused to do so. We also understand that one or two with a more reasonable point of view, offered to allow use of their land at more nominal prices.

Perhaps it is time that the members of our commissioners court grid themselves and take the necessary steps that will assure that the proper action will be taken for the most good for the most people in providing our city and county with a safe and efficient airport facility.

Morton Tribune  
Morton, Texas

Dear Editor:

The near miss tragedy that occurred at Cochran Co. Airport last week should concern every resident of Morton and Cochran County. Who knows, Dear Reader, when it may be you who gets hit by a low flying aircraft approaching to land or taking off over the highway while you innocently pass by on your way to the golf course, farm, home, or wherever.

Every time one takes off from our short and narrow runway he is virtually flirting with disaster because there is

no decision point to "Go" or "No-Go" in case of a malfunction. I Pray to God, none of you or your families has to be flown out of Morton in an emergency and end up plastered on the side of a passing truck. If you or you think I am exaggerating, this is an open invitation for you to come fly with me.

I think the real Tragedy is the fact some people place a few dollars over life and limb. This accident could have been avoidable, had we made use of the money that was available last year.

defense proved themselves to Indian fans. In a goal line situation, the Indians warded off the Cowboys in three scoring attempts.

With Plains facing a fourth down and only two seconds remaining in the game, the Indian defense forced a bad snap on an attempted field goal by the Cowboys. Indian fans were on their feet anxiously awaiting the final outcome which seconds later proved to be Morton over Plains by 20-18!

In the contest Morton had possession of the ball 27 times and 12 seconds, with Plains having possession for 20 minutes and 48 seconds. The Indians ran for 204 yards and completed 4 of 5 passes for 70, for a total of 274 yards. Ray Dean Thompson rushed for 112 yards, Tony Soliz picked up 46 on six tries and David Ramby ran for 34.

The Cowboys had a total of 233 yards, 146 rushing and 87 passing.

Named as Players of the Week for their outstanding play in the Plains ball game were Ray Dean Thompson on offense and Larry Silhan on defense. They will be added to the list of contenders for the Black and Gold Helmet Awards to be presented to the players achieving this honor the most times over the season.

The Morton Indians grid gladiators won't have much time to enjoy their initial season victory over Plains because of the game tomorrow night with always tough Tulia. Indian fans might recall last year's game when the Indians fought to an upset tie with the Hornets.

When questioned about Tulia, Morton head football Coach Winters said the Hornets have a much improved ball club over last year's team. Their club includes 10 offensive and 10 defensive returnees from last year. Winters also remarked that they outweigh us on the line by about 15 pounds per man.

Coach Winters was concerned when he stated that Tulia had the ability to throw the ball. He hopes that Morton has all the holes plugged in their roof by game time Friday night.

He also remarked that one thing Morton has going for them is that they are coming off a win while Tulia is coming off of a defeat. Morton's victory was over the state-ranked Plains Cowboys while the Hornets fell 8-0 to the Olton Mustangs whom the Indians will meet in district play later.

The showdown between the Hornets and Morton will take place at 8 p.m. tomorrow night at Tulia. The Indians are hoping for a supportive gathering of Morton fans as they try for their second win of the season.

burglarized the private residence of James Southard. His bond was set at \$5,000.

The jury also returned five no bills and passed on two.

Arraignment of those indicted is expected in approximately 10 days from the time of the grand jury sitting.

## MURDER

FROM PAGE ONE

"It was a cold trail," according to Sheriff Richards, until the public began to cooperate and several voluntary leads were furnished which later turned out to be accurate. The two suspects were reported by a citizen to have been seen running from the station at approximately the time the killing occurred, and pieces began to fall into place.

"From then on it was a matter of following up on the two and determining their whereabouts, as we knew they had left town," Richards said. Pieced together from statements made by the two suspects and other clues gathered by law officers, it was determined that the pair had driven to Tucson, Arizona and spent some time before starting back home to Morton.

Their car broke down near Alamogordo, New Mexico on the way back and they abandoned it and hitched rides back to Morton. Following their arrest, Deputy Sheriff Ronny Henry and Ray Griffith were dispatched to New Mexico to search the car for evidence that one of the suspects had told them might be in it. Castillo accompanied Henry and Griffith and identified the automobile for them.

Several items that could possibly link the suspects to the crime were recovered and sent to the Department of Public Safety laboratory for analysis, Henry reported.

Sheriff and police personnel set up an around the clock operation which payed off when the two suspects were reported to have arrived back in Morton late Sunday night. Their arrests followed closely, on their return. Both were arrested at their homes.

Motive for the killing appears to have been robbery, according to Sheriff Richards. Baker's billfold, thought to

have contained approximately \$225 is thought to have been taken and has been the object of an intensive search, but without results so far.

Lending strength to the robbery motive, Richards said, was the fact that the cash register in the service station had been damaged and the key to it is missing from the drawer where it is thought to have been kept. The register was later opened by a relative and was seen to have contained several hundred dollars.

The sheriff had many good words to say for the people of the Morton community for the way in which they backed up their law enforcement officers during this investigation and especially commended Augustine Sabala, his deputies and the city police for their tireless assistance. Holder came in for some grateful praise too, as the sheriff considered him to be of invaluable assistance.

## Whiteface drops Lazbuddie 14-6

The Whiteface Antelopes defeated the Longhorns of Lazbuddie 14-6 in Whiteface.

Friday night in a game marred by penalties.

The Lopes opened the scoring in the first quarter with their first possession of the ball on a 34 yard run by halfback Kim Ruthardt. The PAT was unsuccessful.

Lazbuddie got on the scoreboard in the second quarter on a two yard run by Ricky Wall. The point after was no good, making the halftime score 6-6.

On the second play of the second half, Ruthardt went 64 yards off left guard to put the Antelopes ahead 12-6. Randy Johnson ran in for the extra point which was nullified by a 15 yard penalty for holding. On the second attempt, quarterback Randy Johnson hit Paul Smith for two.

Late in the third quarter Johnson picked off a Longhorn pass and ran 40 yards for a TD which was called back for clipping.

The fourth quarter was scoreless, making the final score 14-6 in the Antelopes favor.

Other outstanding players for the Antelopes were Leslie Bills, Junior Lopez, Clyde Brown, Domingo Castenada, Bill Lasater and Andrew Iglesias.

The entire Whiteface defensive unit played outstanding ball limiting Lazbuddie to only 51 yards rushing.

The Antelopes will meet the Nazareth Swifts at Nazareth September 13 in their next game.

"Thou wilt show me the path of life,  
in thy presence is fulness of joy..."  
PSALM 16:11

# HERE IS THE PATH

shall love the Lord thy God with all thy heart, and with all thy soul, and with all thy strength, and with all thy mind, and thy neighbor as thyself.

Luke 10:27

The basis of God's first and greatest commandment is love. God gave man the freedom to choose, and therefore will not force his love on anyone. God took the first step and is always ready to receive any who would come to Him.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

## Comments on Conservation

BY BOB WALKUP

The abundance of rain during August lends itself very well to the establishment of winter cover crops to protect the land against wind erosion according to Bob Walkup, District Conservationist, Soil Conservation Service.

With the record-breaking dryness of the past winter, spring and summer seasons, there were many acres in the Cochran Soil and Water Conservation District that were never planted. With the absence of crops normally planted such as grain sorghums also means the absence of residue and litter left on the soil to protect it during the winter and spring "blow seasons." Considering these facts the need for planting cover crops is very important at this time.

A cover crop is any crop of close growing grasses, legumes, or small grains used primarily for seasonal protection and soil improvement. The purpose of a cover crop is to control erosion during periods when the major crops do not furnish adequate cover; add organic material to the soil; and improve infiltration, aeration, and tilth.

**Without advertising, you can wave goodbye to the comic strips, the sports page, and the front page of your newspaper.**

**And maybe your own job.**

Think about it. Advertising pays for the features and the news that your newspaper brings to you so economically. Companies that want to tell you about their products, their sales, and their unique services pay for the space to advertise and that pays for most of the newspaper.

If these companies were suddenly deprived of their right to advertise — to communicate with their customers — you can be sure sales would drop. If sales drop, production slows and ultimately

people lose jobs. And if certain Texas companies could possibly be ordered not to advertise, who would be next? Maybe your company?

The next time you think about advertising, think about free speech and the right of one person to communicate with another. It's all the same thing.

Write Governor Dolph Briscoe, State Capitol, Austin, Texas 78711 and your legislators to tell them how you feel. Then sit back and enjoy your newspaper.

**Advertising is everybody's business.**
