Rash of breakins strikes Morton

Man sought in burglary at Liner's

MRS. RUDOLPH GREER proudly displays the loot she came up with in the Morton Jaycees' Grocery Grab for the March of Dimes which was held at Ramsey's Food Store Saturday afternoon. Total value of the groceries she 'grabbed' in the five

minutes allotted came to \$142.00. Among her items are five 10 lb. sacks of sugar — which helped run up its total worth. Mrs. Greer told the Tribune that if she is not still eating on this stack next year, she would like to try again, now that she knows how.

Three breakins were being investigated by local law enforcement officers in Morton early this week, as a rash of burglary and vandalism hit the city over the weekend.

By far the most serious in point of lost property was the break-in and burglary of Liners Pharmacy which took place either late Sunday night or early Monday morning. The intruder, or intruders, carried off cash and jewelry with a combined estimated value of well over \$700. A city patrolman making his rounds discovered the break-in at 6 a.m. Monday.

Entry to Liners was gained by throwing a large, heavy rock which broke the lower section of the heavy plate glass front door. The thieves are thought by local lawmen to have kicked out more glass following the original break, and crawling through the hole in the glass.

They later escaped via the rear door, which they un-barred and unlocked from the inside. Scuff marks were found around the hole in the door, but no finger prints were reported located.

Two of the three cash registers in the store were cleaned out, but a third was evidently left untouched, Liner reported.

A showcase containing Indian jewelry was ransacked and a large number of items taken. It appeared that careful selection was made to take only the most expensive and attractive items.

A watch with a reported value of \$400, which a customer had left for repair, was also taken.

Sheriff's deputies and city police questioned several local persons concerning the burglary and have issued two felony

MIKE LINER wears a rather pensive expression as he contemplates the damage to his front door following a break-in at Liners Pharmacy Sunday night in which loot in cash and jewelry of an estimated value of well over \$700 was taken. Local lawmen were seeking a local man Wednesday in connection with the case. No arrest had been made at press time Wednesday.

City, school board elections set April 5

City council and Morton Independent School District trustee elections have been set by the school board and the city council for April 5, it was announced this week.

Two school board seats will be up for election and both incumbents have indicated they will be running to succeed themselves. They are Mrs. Reba Brown and Ben Kuehler.

There will be three city council seats coming vacant, with no indication from the incumbents

whether or not they will try for another term.

Place Three, incumbent Tobe Hendon; Place Four, incumbent Jerry Schaeffer, and Place Five, where Mrs. Bessie Tilger is presently serving out the unexpired term of former councilman Tommy Combs, will be available for contesting by aspiring politicians.

A check with city clerk Elra Oden Wednesday afternoon revealed no filings for the positions as of that time.

Tribe ends season at 26-4

The Morton Indian basketball team wound up the season Tuesday night with an easy win

over the Olton Mustangs by a score of 76-54. This was a far cry from their

Friday night non-district encounter with Class B Spade, which took all the Indian wiles they knew to eak out a narrow five point win at 69-64. Spade showed why it has already wrapped up its conference title and was picking on the Tribe for some meaningful tuneup competition in readying

County chief deputy resigns under fire

For the second time in approximately one year, the citizens of Cochran county found themselves without a chief deputy sheriff last week.

Penn Tom Burke, who took over the chief deputy position following the firing of the then chief deputy Darrell Denny, himself resigned last Wednesday afternoon. His resignation was anything but a surprise to Sheriff G.G. Richards who strongly recommended that he do so.

"I called him in and suggested that he resign and he did so

verbally Wednesday afternoon," the sheriff stated to the Tribune. "He received his final severance pay Thursday," he added.

Burke's resignation followed closely after an alleged incident that took place at a Lubbock night club early Sunday morning in which serious bodily injury was

Jaycees set 'Radio Day'

The first annual Morton Jaycees "Radio Day" has been set for Saturday, February 22, at the KRAN radio station.

The Jaycees, in cooperation with the station's staff, will invade the studios at 8 a.m. and continue all day doing all those things that the staff members do each day in running the station: playing music, reading commercials and news and practicing disc jockey techniques. Records and other goodies will be given away.

The public is invited to listen and-or watch.

Lucio gets 10 years

A six-man, six-woman jury Monday night first handed in a guilty of murder verdict, and later set the sentence at 10 years against Roy Martinez Lucio for the murder of A. Baker, of Morton last September 5.

The unexpectedly light sentence was read by the jury foreman at 7:45 p.m. after deliberation that lasted most of the day. The jury had received the

Letter to the Editor

Dear Editor:
I would like to extend my thanks to the Cochran County Sheriff and especially to Ronald Henry, Deputy and the Hospital District Board for transporting me to M.D. Anderson Hospital in Houston.

We have a wonderful police force and they have helped me so much. My thanks again to Deputy Henry and the student ambulance driver for their kindness and for making me comfortable during the ride from Lubbock to Houston.

Sincerely,

An open letter to Representative Clayton

Studying over both sides of the Equal Rights Amendment, we have come to the belief the E.R.A. will wipe out all distinctions between the sexes.

E.R.A., if passed by the 38th states, will come only into full effect after two years have passed. Therefore, if we see any changes in state laws now being made to conform to the Federal E.R.A., it is only the tip of the iceberg. Another point is that it will take away much freedom of choice for women in general.

Please study over the idea of women (18 years of age) subject to the draft and combat. The position of both the Justice Department and the Defense Department is that women will be subject to the draft under E.R.A. (the Congressional Record, 3-22-72).

Representative F.E. Herbert, chairman of the United States House Armed Services, predicts that the draft will be reinstated within three years. Yale Law Journal (April 1971) also admits under E.R.A. males and females will be subject to the draft and combat. W.A.C.'s at Ft. McClellan, Alabama are now being trained for combat.

Please study over abortion on demand by E.R.A. supporters. States at present are allowed to regulate or prohibit abortions. Under E.R.A. every state's anti-abortion law would be illegal. Note University of Texas Professor Joseph Witherspoon, along with 30 constitutional law scholars, "It is the hope of the abortionists that E.R.A. will put into the constitution what they have only by a split Supreme Court decision."

Rep. Clayton, please be open to careful evidences, documentations and research from the United States (not

Texas) Constitutional law scholars on the effects of E.R.A., perhaps two years from now.

We appreciate some areas of the White House but Mrs. Ford has no business calling long distance to state legislators in North Dakota, Illinois and Missouri to promote E.R.A. (source U.P.I. and A.P.) Taxpayers, more than likely, picked up these long distance calls from Mrs. Ford. The Texas State Representatives need to listen 101 percent to us in Texas, and not to the White House because of a few very vocal persons.

Examine first hand, objectively, both sides. We then greatly encourage you to vote to repeal E.R.A., Representative Clayton.

We thank you, The Morgan family, P.O. Box 9345 San Antonio, Texas 78204

Managing cropland for wildlife

Wildlife is being rediscovered as part of our farmland. Farmers and ranchers are learning to live with the support the wildlife grown on their farm. In turn, the wildlife can give the farmer or rancher additional income. The rabbits, grouse, pheasant, dove, quail, prairie chicken, and other wildlife that are grown on farms and ranches provide most of our hunting. Even big game animals, such as deer and antelope comes from privately owned land. Most of our wildlife is grown and harvested on land used for cultivated crops and livestock. This means that farms and ranches are the key to the supply of our wildlife. Even fishing is determined by how well the farmer or rancher manages his land.

Stripcropping is a practice that attracts about twice as many nesting birds as undivided fields. This is because stripcropped fields have more edges where food and cover are close together. Planted field borders also provide food and cover for wildlife. This can include a 155 ft. wide strip planted around field and crop edges. These areas should be treated as cropland before planting and weeds should be controlled until grass is established. It should be protected from fire and over grazing.

Windbreaks of trees and shrubs are planted on farms and ranches where farmsteads and crops need protection from damaging winds. These windbreaks provide food and cover for many kinds of wildlife. They are the favorite nesting places of the morning dove.

"Odd areas" on farms and ranches can be managed for wildlife. Odd areas, such as fence corners, rocky spots, sinkholes, borrow pits or good land that has been isolated by railroads, county roads, or super highways are usually small areas and are usually fenced off and protected from fire and over grazing. Trees, shrubs, and other plants that provide food and cover for wildlife are planted.

Minimum tillage offers a chance to grow wildlife on the farm in cultivated land. stalks, leaves, and scattered seeds from previous crops offers good food and cover for wildlife. Such game birds are quail, geese, pheasant and dove can find shelter and food in a minimum tilled field. Streams and ponds benefit from minimum tilled fields. They contain less sediment. In contrast, uncovered soil offers nothing but erodeable conditions. Wildlife has it's place on farms and ranches. They can grow to a profitable income if managed as a crop. For more information on cropland and wildlife or other practices, contact your local Soil Conservation Office.

Texas Classroom teachers association convention set

Teachers from all corners of Texas will meet February 20-22 in Fort Worth for the 20th annual convention of the Texas Classroom Teachers Association (TCTA). Convention headquarters will be the Sheraton-Fort Worth Hotel.

Approximately 1,000 teacher delegates representing some 250 TCTA local associations and 50,000 TCTA members across the state will set the course of association business for another year.

Important business items for the 1975 Representative Assembly are voting on a dues increase proposal, electing a new slate of state officers, amendments to the constitution and bylaws, and adopting resolutions and goals for the coming year.

The proposed 110 resolutions cover such topics as curriculum and instruction, professional rights and responsibilities, legislation, teacher education and professional standards, and human relations.

Presiding over convention sessions will be TCTA Pres. Clay Henderson of Lubbock. He will be succeeded June 1 by TCTA Pres.-Elect Henrietta Blend of Houston.

Delegates will have a choice of three candidates for the 1975-76 president-elect of TCTA. Candidates for this top office are Burnham Robinson of Fort Worth, Thelma Mullins of Beeville, and J.A. Badillo of Pharr-San Juan-Alamo.

Harold Bonham of Wichita Falls and Jim Leeper of Midland are the candidates for vice-president of the association.

Local TCTA associations in Houston, Baytown, and Tulsa will receive the TCTA Program-Local Project Recognition Awards. Winners of the TCTA Human Relations Award and the four TCTA scholarships will be announced at the luncheon.

NEA Pres. James Harris will be the featured guest at the National Education Association luncheon.

REIGNING VALENTINE KING AND QUEEN at Roberts Memorial Nursing Home are Dave Chesshir and Mrs. Dora McClintock. Both were presented with red carnations and boxes of valentine candy at a Valentine party held at the Home.

Mrs. Ronald Lyn Moose (Carol Ann Freeland)

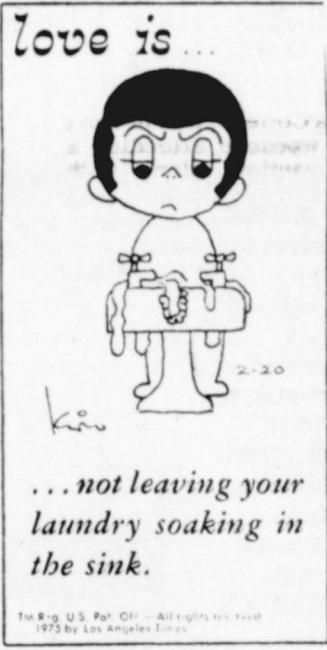

Mr. Moore-Miss Freeland exchange vows Saturday

The First United Methodist Church of Morton was the setting for the ceremony which united Carol Ann Freeland and Ronald Lyn Moose as wife and husband at 4 p.m. Saturday noon. The Rev. David L. Lubbock officiated the wedding rites. The bride is the daughter of Mrs. W.G. Freeland of Morton and the groom is the son of Mr. and Mrs. Calvin Moose, Rogers Circle, Denver City. Her wedding, the bride wore a formal gown of dacron-ester eyelet embroidery with an empire waist and puffed sleeves. Rows of length and bodice ruffles trimmed the gown. Her hat, with a veil, was designed and made by Mrs. Bill Wood of Morton. She carried a nosegay of white feathered carnation and white satin flowers.

Freeland, Lynna Warren, Greenville, cousin of the bride, and Jeff Bolding of Denver City were candlelighters.

Wanda Greenfield, played the organ and Chris Byrd played the piano. Miss Peggy Thomas sang "If" accompanied by Rusty Moose, guitarist. "Colour My World" was sung by Dale Boulter of Denver City, and "Oh Perfect Love" was sung by Boulter and his wife, Myrna.

A reception in Fellowship Hall of the church honored the couple. Members of the houseparty were Kris Karper of Lubbock and Miki Warren, Greenville, cousin of the bride. Following a wedding trip, the couple will reside in Denver City where Moose is employed by Acid Engineering, Inc. and Mrs. Moose is a teacher in the Denver City High School.

Clem Kuehler of Irving is the bride's sister as matron of honor. Bridesmaids were Peggy Moore of Lubbock, Treana Heflin of Denver City, sister of the bride, and Susan Heflin, Boyina, sister of the bride. They wore white and white gowns in an empire design trimmed with white bands and apricot hats with a matching band. Each carried a single apricot blossom. Best man, Groomsmen and Ring Bearer were Rusty Moose, Lubbock, brother of the groom, Myron Gray, Plains and Clem Moore, Irving, brother-in-law of the bride. Billy Freeland, brother of the bride, Bonnie Cunningham, Big Spring, Oklahoma, cousin of the bride, served as ushers. The ceremony was registered by the bride's sister-in-law, Mrs. Billy

GO, FIGHTING INDIANS

YOU CAN DO IT!

MRS. WOODIE COMBS of Morton announce the engagement of her daughter, Miss NaNita Gaye Combs, to Michael Layne Jester, son of Mr. and Mrs. Dean R. Jester of Levelland. Mrs. Combs' father is the late Woodie S. Combs. The couple plans a late April wedding in the First Baptist Church of Morton. Both Miss Combs and Jester attended Southwestern College. He is employed by Tri-County Savings and Loan of Lubbock and Miss Combs is employed by J & J Insurance Co. of Lubbock.

bands. The top twelve are named to the Honor Symphonic Band and the remaining thirteen make up the All State Concert Band. She made fifth chair of the 25 competing.

Gail was MHS's first All-State Band member. She won the honor last year. Her studies began in the 5th grade band. Since that time, she has made twelve first divisions in solo competition, been selected to the All Region Band five times, and placed first in State-solo contest in June of 1973 and again in 1974.

Of the approximate 4000 High School musicians entered, only 17 made first divisions.

Gail is the daughter of Mr. and Mrs. Granville Lasseter.

case and retired to deliberate at 11:24 a.m. and brought its verdict of guilty in at 6:35 p.m. and set the punishment at 7:45 p.m. after the trial for the penalty.

The trial took place in the 121st District Courtroom of Judge M.C. Ledbetter in Levelland after being transferred on a change of venue due to possible high feelings in the matter by Morton residents.

Lucio was charged with capital murder and the unusually light sentence appeared to stem from the fact that the state could not prove that Lucio was armed at the

time of robbery and murder. In his sworn statement which was admitted as evidence in the trial, Lucio admitted assaulting Baker but contended that he hit him only with his fists.

The murder took place September 5, 1974, at a service station owned and operated by the 78-year-old Baker on West Washington Avenue in Morton.

A second man is charged with the same murder but will be tried separately at a later date. He is still in custody in the Cochran County Jail, awaiting trial.

Lucio will not be sentenced for approximately ten days, pending a possible appeal.

warrants for one local man who is thought to be new out of town.

No arrests had been made at press time Wednesday.

The Liner breakin followed another incident, which for want of evidence to the contrary, appears to local officials to be an act of pure vandalism. This consists of the breaking out of a large panel of plate glass in the foyer of the post office.

The Liner breakin followed another incident, which for want of evidence to the contrary, appears to local officials to be an act of pure vandalism. This consists of the breaking out of a large panel of plate glass in the foyer of the post office.

The break was discovered by a local box holder who was checking his mail at approximately 11 p.m. Sunday. He reported it to postmaster Murry Crone who in turn reported it to local police and postal inspectors.

A thorough investigation turned up no finger prints nor any sign of other damage or missing property, Crone reported.

The first of the weekend breakins was at Lewis Fina station which took place some time Saturday night. No damage or missing property was reported.

DEPUTY

reported to have occurred to a local man.

Several checks by the Tribune,

both in Lubbock and Morton, have failed to uncover any charges being filed in the case.

"Burke asked for Saturday night off so he could go to Lubbock with some other men, and I gave him the time off and cautioned him not to take the sheriff's car out of the county, but he evidently did," Sheriff Richards stated.

A person claiming to be an eye witness to the entire incident told the Tribune that the Cochran county sheriff's car was at the night club and that an officers pistol and holster were also at the scene.

Sheriff Richards has tentatively promoted Ronnie Henry to chief deputy and is actively recruiting for another deputy. Henry's promotion is to become effective March 1, at which time I fully expect to have another deputy on the force, the sheriff said.

TRIBE

for the bi-district, regional and state wars.

Their play in Morton showed strong potential for going the entire route.

Thus the Indians end a highly successful season, when measured by their won-loss record, but a downright disappointment when it is realized they are at the end of the road, with the pass to higher things closed tight.

With a 26-4 record, they are through for the year. That is a better record than they had when they won the state championship in 1972, and will be better than the winners of both District 4-AA and 5-AA.

Next year may tell a different story, however, as the Tribe has several starters returning and several more good players coming up.

Rusty Lamar was high point man for the Indians in the Spade game, shooting over the fifty percent line for 8 of 15 field shots and sinking four of four from the charity line.

Others in double figures included Ray Thompson with 8 of 13 field shots for 16 points and Troy Patton, with 7 of 25 from the floor for 14.

Thompson was top man against Olton with 9 of 16 field shots and 2 of 2 charity shots for 20 points. Ken Standmire shot well over 50 percent with 7 of 11 and 2 of 4 for a total of 16 points. Patton was the only other Indian in double figures with 5 of 10 field shots for ten points.

In addition to their 26-4 season record, the Tribe compiled a 5-3 record in district play.

Roberts Nursing Home News

Dave Chesshir and Mrs. Dora McClintock were selected Valentine King and Queen at a party Valentine Day. The nursing staff presented each with red carnations and boxes of Valentine candy. Mrs. Karl Griffith and Mrs. Van Fred provided refreshments, a red heart shaped cake and red punch. Party favors of Valentine candy were given the residents by students of the elementary school at Bula.

Tuesday morning worship services were conducted by Jack DeWitt, pastor of Three Way Baptist Church.

Out of town visitors last week were Mr. and Mrs. Kermit Brown of Hurst, daughter and son-in-law of Mr. and Mrs. Carl McClintock and Mrs. W.R. Alexander of Portales, N.M. daughter of Tom May.

Mrs. Martha Locke and Walker Barlow are patients at Cochran Memorial Hospital. Our wishes for a speedy recovery.

Ladies from Three Way Baptist Church visited in the home Thursday afternoon and brought fruit and cupcakes.

A staff meeting of employees was held Friday evening. Films were shown on "Reality Orientation of Residents" by Richard Snow, administrator. Special guests attending were Mrs. Laura Mills and Mrs. Sarah Scillion, both residents of the home and Mrs. Sallie Carter, a visitor. Our appreciation to Morton Schools for the use of their projector.

Miss Patsy Amyx and Terry Hans, were the two students of the month from Morton Schools honored by the Morton Lions Club at their noon luncheon.

TEC announces special unemployment assistance

Jobless workers who are not eligible for unemployment compensation may possibly qualify for a new type of benefits, Special Unemployment

Sunday afternoon will provide potential voters in Cochran County their last and final opportunity to pay their poll taxes or get exemption certificates.

Mrs. Deanna Rose Van Pelt of Morton is one of 14 North Texas State College seniors who were graduated with honors in winter commencement exercises Thursday afternoon.

Saturday was the day for the "grand opening" of Oval Massey's completely new White Auto Store, northside square, Morton.

Assistance (SUA), according to Henry Rothell, administrator of the Texas Employment Commission.

The new unemployment assistance measure is authorized under the Special Employment Assistance Act of 1974 which President Gerald Ford signed into law December 31.

Special Unemployment Assistance makes unemployment benefits possible for persons such as domestics, agricultural workers, employees of city and county governments, and various other workers currently ineligible for unemployment compensation.

In Texas, SUA claimants can receive a maximum of \$63 per week for as long as 26 weeks, Rothell said. SUA payments will be made entirely from Federal funds and paid in accordance with

the general provisions of the Texas Unemployment Compensation Act.

"Workers, who have insufficient earnings in covered employment to be eligible for unemployment compensation under any State or Federal law," Rothell said, "may qualify for SUA if they present evidence of employment and earnings during the 52 weeks prior to filing their claim would be sufficient to qualify for unemployment insurance if the work had been in covered employment."

An SUA claim may be filed at the nearest TEC local office or itinerant service point in the state. When a worker goes to an office to file a claim, he should take his Social Security card and a list of names and addresses of all employers for whom he worked during the most recent 52 weeks, along with documentary

proof of work and earnings, TEC administrator said.

Cancer, heart kill 3 out of 4

Nearly 3 in 4 ordinary life insurance policyholders who die in this country are listed as having died from either heart-kidney diseases or cancer.

The cardiovascular-renal diseases, according to the Institute of Life Insurance, accounted for more than half the deaths while cancer claimed more than one-fifth of those who died in 1973. pneumonia and influenza combined, were responsible for 2.9 per cent of policyholder deaths - the third most frequent natural cause of death reported.

“Thou wilt show me the path of life, in thy presence is fulness of joy...”
PSALM 16:11

HERE IS THE PATH

shall love the Lord thy God with all thy heart, and with all thy soul, and with all thy strength, and with all thy mind, and thy neighbor as thyself.
Luke 10:27

The basis of God's first and greatest commandment is love. God gave man the freedom to choose... and therefore will not force his love on anyone. God took the first step and is always ready to receive any who would come to Him.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

Why gamble on a herbicide that's not made for sandy soils?

Now you can get one that is.

SANCAP.[®] It's made specially for your sandy soils. It's made for cotton on your land.

You can forget about experimenting with rates to adjust for sandy soils. Just follow the recommendations, and you'll get weed control you can depend on—without injuring your cotton.

You'll get control of the most troublesome weeds in this area—carelessweed and Russian thistle.

And you can forget about moisture loss due to incorporation. Just apply Sancap at planting, or within two days after.

Then watch your cotton come through, clean and healthy. No more experiments. No more mistakes.

Because now you've got a herbicide for sandy soils.

Agricultural Division, CIBA-GEIGY Corporation, P.O. Box 11422, Greensboro, NC 27409.

Sancap. The first and only herbicide made for sandy soils.

Engineering. He will explain in student terms the structure of atoms, nuclear reactor operation and concepts such as radiation, fission and fusion.

Ihms will employ special electronic equipment to demonstrate ways nuclear energy is harnessed, as in generating electricity. Use of radioisotopes in scientific studies will be shown.

Morton High science classes will also get a chalkboard talk, in which Ihms will go into further detail on atomic structure, radioactivity, radiation biology and nuclear science careers, among other topics.

Specially trained in nuclear science, Ihms has bachelor and master's degrees from Texas

A&M. The well-traveled former teacher has given the program in Texas schools three years.

TAMU cooperates with Oak Ridge Associated Universities and the Atomic Energy Commission in presenting "This Atomic World."

NEA unification discussed by CC teachers

The Cochran County Teachers Association met Monday, February 17, at 7:30 p.m. in the Bledsoe School. Larry Yawn of Austin, president elect of Texas State Teachers Association, was the guest speaker. He discussed the unification of TSTA and NEA.

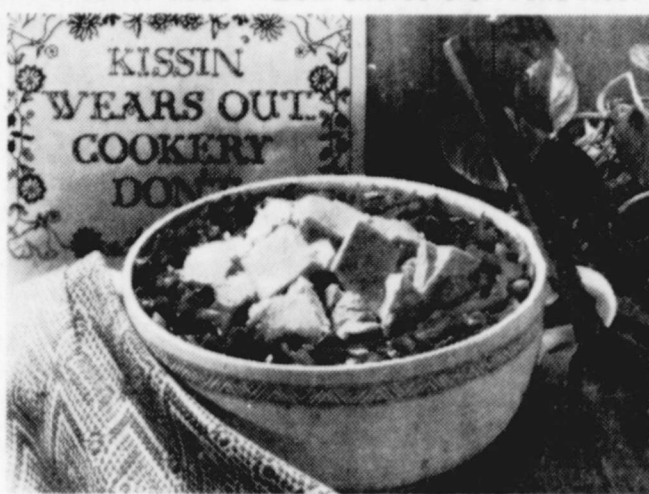

In a business meeting presided over by Mrs. W.G. Freeland, president of the Cochran County Association, the following officers were elected for the coming year: President, Freddie Butler, Whiteface; First Vice President, Bill Rodden, Bledsoe; 2nd Vice President, Bob Travis, Morton; Secretary, Gail Evans Whiteface and Treasurer Juanita Shaw, Morton.

Butler will be the delegate for the group at the State convention in Houston March 21 and 22 and Rodden will serve as an alternate.

Other guests were Mrs. Lucy Faye Smith, President of District 17 TSTA and Virginia Bowers, both Muleshoe teachers.

Refreshments included cookies baked by the Bledsoe Homemaking students.

'Wonderful Good' - Low Cholesterol Tuna Meal

There's a famous Pennsylvania Dutch motto: "Kissin' Wears Out...Cookery Don't." In other words, the direct route to a man's heart can be paved with tender, loving fare, delicious savory fare. But, today, it may also have to be low cholesterol fare.

This satisfying skillet meal fills the bill deliciously. The combination of tuna, red cabbage and apples in a sweet-sour sauce is as homey as an old-fashioned sampler. Canned tuna in vegetable oil is still a great food buy. And it's comparable in complete protein to lean meat—and lower in calories, as well as cholesterol. Therefore, the more ways you can fix tuna, the better off you are in terms of diet and budget.

WONDERFUL GOOD TUNA CASSEROLE

- | | |
|---|---|
| 2 tablespoons highly poly-unsaturated margarine | 1/2 cup boiling water |
| 1 medium onion, chopped | 2 teaspoons flour |
| 1 red apple, pared and diced | 1/4 cup packed brown sugar |
| 8 cups shredded red cabbage | 3 tablespoons vinegar |
| 1 teaspoon salt | 2 cans (6 1/2 or 7 ounces each) tuna in vegetable oil |

Heat margarine in large skillet; add onion and cook until tender. Add apple and cabbage; sprinkle with salt and add boiling water. Cover and cook 10 minutes. Blend together flour and brown sugar; stir in vinegar. Add to cabbage and cook, stirring constantly, until slightly thickened. Pile tuna in center; cover and cook 5 to 10 minutes longer, or until tuna is heated. Serve in a pre-warmed pottery casserole or bowl. YIELD: 4 servings.

GSPA readies sorghum conference in Lubbock

The ninth biennial Grain Sorghum Research and Utilization Conference is March 4-6 at Lubbock, Texas.

A talk by a top official of the U.S. Department of Agriculture in Washington, D.C. will conclude the series of meetings.

Held in conjunction with the annual meeting of the Grain Sorghum Producers Association, an awards luncheon and meetings of the Plains Nutrition Council and the Sorghum Improvement Committee of North America.

C.C. (Pap) Reed of Kress, Texas, chairman of the Texas Sorghum Producers Board, will serve as general chairman of the conference. A.W. (Doc) Anthony, Jr. of Friona, president of Grain Sorghum Producers Association, will preside over the GSPA meeting.

The conference starts with registration at the Hilton Inn at 4 p.m. March 4. A forum on plant disease follows at 7 p.m. with Dr. George Teetes of Texas Agricultural Experiment Station at Lubbock, and Dr. L.K. Edwards of USDA's Agricultural Research Service at Manhattan, Kan., as co-chairmen.

The following day's program starts at 9 a.m. with a discussion on world-wide exports by Jimmy D. Boyd of USDA's Foreign Agriculture Service,

Washington, D.C., and a talk at 9:30 a.m. by Dr. J.D. Axtell of Purdue University at Lafayette, Ind., a talk on energy improvement by Dr. Lloyd Rooney of Texas A&M University, College Station; and an exposition on stubble utilization by Dr. John Ward of the University of Nebraska at Lincoln.

Dr. Bruce Maunder of Dekalb AgResearch at Lubbock will preside over the wrap-up session ending the morning program. Dr. Dale Weibel of Oklahoma State University at Stillwater will be session chairman for the afternoon session on research.

The morning program March 6 starts with a panel discussion on sorghum-corn relations with Dr. Bill Pope of Texas A&M University, College Station, as moderator. Members of the panel and their specialties are Dr. T.D. Tanksley, Jr. of Texas A&M University, College Station, swine; Dr. Lloyd Sherrod of Texas Tech Research Center at Pantex, cattle; and Dr. James Osborn of Texas Tech University at Lubbock, economics.

The morning session continues with a talk on the direction of the foreign livestock industry by Darwin Stolte, president of the U.S. Feed Grains Council, Washington, D.C., and a discussion on sorghum physiology by Dr. Charles Y. Sullivan of the University of Nebraska at Lincoln.

The awards luncheon at noon March 6 ends the conference. Awards in past years have been presented to individuals who have made outstanding contributions to the sorghum industry.

Glenn Weir, associate administrator of the USDA's Agricultural Stabilization and Conservation Service, Washington, D.C. will present a talk highlighting GSPA's annual meeting following the awards luncheon.

Home sellers given hints on tax saving

If you sold your home in 1974, chances are you made money. But income tax may be due on this profit unless certain provisions are met, reminds an economist with the Texas Agricultural Extension Service and the Texas Real Estate Research Center.

"Any gains resulting from sales or exchanges are taxable as gains from the sale of capital assets," points out Kenneth Graeber. "However, the homeowner who sells or exchanges his principal residence and replaces it within a specific time period postpones tax on any gain—providing that the cost of the new residence exceeds the adjusted sale price of the old residence."

The time period within which to qualify for tax postponement on a residence sale or exchange varies with the individual situation, points out the Texas A&M University System economist. "Generally speaking, the new residence may be acquired within one year before or after the sale of the old residence. If the taxpayer starts building a home within a year before or after he sells the old residence, he has 18 months after the sale of the old house to occupy the new one. Special provisions exist for taxpayers in the armed forces."

Graeber emphasizes that the tax on any gain that results from a residence sale is only postponed and not forgiven. Any gain not taxed in the year that you sell your old residence is subtracted from your cost basis of the new residence. This lower cost basis will be used to calculate the gain from any future disposition of the new residence.

The economist reminds citizens 65 or older who sell their residence that there are special tax law provisions. They may exclude all or part of the gain

realized on one sale of a principal residence providing certain conditions are met.

Regarding all residence sales, gains are taxable but no deductions are permitted for losses, noted Graeber.

Additional information on residence sales can be obtained in the Internal Revenue Service Publication 523, "Tax Information on Selling Your Home."

Rural traffic accidents light

The Texas Highway Patrol investigated four accidents on rural highways in Cochran County during the month of December, 1974, according to Sergeant H.E. Pirtle, Highway Patrol supervisor of this area.

These crashes resulted in no persons killed and five persons injured.

The rural traffic accident summary for this county during the year of 1974 shows a total of 42 accidents resulting in one person killed and 21 persons injured.

The rural traffic accident summary for the 60 counties of the Lubbock Department of Public Safety Region for December, 1974, shows a total of 598 accidents, resulting in 11 persons killed and 340 persons injured as compared to December, 1973, with 499 accidents resulting in 17 persons killed and 277 persons injured. This was 99 more accidents, six less killed, and 63 more injured in 1974 at the same period of time.

The Amazing Story of the NEST EGG PASS BOOK AUTOMATED SAVERS CLUB

Come in and let our Savings Department tell you how the Nest Egg Passbook works for the entire family. Pick out the major item everyone wants — but don't buy it — that is, not until you have saved an amount equal to the cash price of the item. Then pay cash, but leave the interest to start a new "Nest Egg." Just designate the amount of money you want to transfer from your checking account to your nest egg, and on what day. LSB will transfer the funds automatically.

5 1/2% COMPOUNDED DAILY TO YIELD 5.66%

- DEPOSITS IN BY THE 10th EARN FROM THE 1st DAY-IN, DAY-OUT INTEREST
