FIFTEEN CENTS

Junior stockshow opens Monday

WITH THE JUNIOR FAT STOCK SHOW just around the corner the three boys above were hard at readying their steers for the competition when this photo was snapped early this week. Indications point to another highly successful show this year, with

first rate entries in both quality and quantity. The calf, lamb and swine entries will be weighed in and registered all day Monday and the judging and auction will take place Tuesday and Tuesday night. With their calves left to right are Steve Polvado, Cody Dewbre and Mark Dewbre.

Queen contest, steer drawing highlights set

What officials are optimistically forecasting as the biggest and best ever Cochran County Junior Livestock Show will kick off in the county show barns here at 9 a.m. Monday morning March 3.

The show which will run Monday and Tuesday as a near record number of entries for the 1975 annual event. Cochran County Agent Phil Sullins reported that there was a total of 260 animals registered when the entry deadline arrived.

General superintendent of the show is Bobby Neal of Whiteface. The show barn will open at 9 a.m. Monday and from then until 5 p.m. will be devoted to receiving, registering and tagging the entries in all divisions. At 5 p.m. the doors will be closed to the entries and no animal may leave the barns until the judging has taken place.

The swine division will lead off the judging beginning at 9 a.m. Tuesday. The lamb judging will follow at 1 p.m. and the calves will be judged beginning at 2 p.m.

Ken Cook will judge the steers, Tooter Smith will judge the sheep and Herman Lorenz will judge the swine.

Floor prices for the sale will be set at 6:30 p.m. with the sale to follow.

Two new features have been added to the event this year which should substantially increase the interest of the general public.

One is a contest for the title of "Sweetheart of the Show" and the other is a drawing to be held at the auction for a 1,000 lb. steer to be given away to the lucky ticket holder.

Each sweetheart contestant will sell tickets priced at \$1 each for the steer drawing and the one selling the most tickets is

City awards pipeline construction contract

Panhandle Construction Company of Lubbock was awarded the contract to build the new natural gas pipeline to

furnish energy to the city of Morton in action taken by the city council Monday.

The unanimous vote by the council was taken during a special called meeting attended by state officials of the Economic Development Administration (EDA) who were in Morton for the purpose of advising city officials on the legal aspects and the proper procedures to use in obtaining funds from the EDA for construction of the pipeline.

The pipeline project is for replacement of the approximately 13 miles of gas main that runs between Morton and Whiteface and pipes gas into the city system from the El Paso Natural Gas Line that passes north and west of Whiteface.

selected by opposing coaches for the elite 10-man All-3AA District team.

Morton matched the pace of the Dimmitt Bobcats and the Friona Chieftains who also placed three of their players on the honor list as the "big three" completely dominated the squad. The only other player making the list was Olton's Kevin Workman a 5'11" junior who was named No. ten.

The ten players named by opposing coaches (coaches were not allowed to vote on their own players) constitute the first and second teams, with the player's position on the roster determining whether he was on the first or second team.

Mike Williams, the Indians' 6'2" junior postman, was the only Morton player to make the first team and was named No. 2 on the list.

Ken Standmire, 5'10" Junior was listed seventh and Ray

SCHOOL PRINCIPAL RESIGNS

School administrators extended

Extension of one year contracts to all administrative personnel in the Morton Independent School District and

the resignation of High School Principal Kenneth Baker highlighted the February meeting of the board of trustees last

Monday.

February being the month considering the renewal of contracts for supervisory personnel in the school system, the board reviewed and extended contracts to the following persons:

High School principal Kenneth Baker; Lanave Freeland, counselor; Jim Middleton, junior high principal; Harold Drennan, elementary principal; Mrs. Dorothy Rose, primary principal and William J. Hodge, tax assessor-collector and business manager.

A letter of resignation by Baker to become effective at the end of the school year was read to the board and was accepted with an effective date of June 30.

No announcement as to Baker's reasons for resigning or as to his intentions for the future have been received by the Tribune to date.

Contracts of Plan A teachers, who are jointly employed by the Morton and Levelland school districts were considered and

Highway construction nearing paving stage

The Texas Highway Department has announced that the work on the construction project for State Highway 214 and FM 3305, from Morton North City Limits to the Bailey County line and from SH 214, 5.5 miles North of Morton, East has progressed to a stage of shaping and finishing of the flexible base material in preparation for the asphalt surfacing. This work is beginning at the North City Limits of Morton at the present time and will progress Northerly.

As these portions of the

roadway receive the final finish, work will begin on the placement of a prime coat and the first course of surface treatment. The second course of the planned two course surface will be applied at a later date.

Where feasible, this work will be done in half widths to allow the best possible all weather travelway. The road will be open to traffic at all times.

The contractor, Henry L. Stafford and the Texas Highway Department express their appreciation for the cooperation and attention to safe travel by those using this segment.

John C. White, Commissioner

Good News For Cotton and Hogs...94,74,72...Out Of Sight...Cut In Half.

At long last, the cotton market situation may be turning around. Cotton yarn spinners are becoming active again in the markets. Long-term contracts are being sought because inventories are being depleted.

While many other factors continue to depress cotton prices, the activity of cotton yarn buyers is a change from the hand-to-mouth purchases which were the rule of the past many months.

Some cotton specialists believe this may signal brighter overall market for cotton which may begin as early as the second quarter of this year. It's now estimated that 62

percent of the Texas cotton crop is unsold and still in the hands of producers; that would amount to about 1,440,000 bales.

Another part of the state's agricultural economy also has some good news. Swine producers have reason for the coming year to be optimistic.

Part of this is due to the reports of a fairly sharp reduction in pork supplies. Market hog numbers as of Dec. 1 last year were nine percent below a year ago. Sows kept for breeding purposes were reduced by 15 percent.

Production for the first half of this year is expected to be down 10 to 12 percent which should increase prices to pork producers. Generally, hog prices in Texas should range from \$42 to \$44 to the end of this first

quarter. Prices are expected to decline somewhat for the latter half of the year is bright.

FROM 94 to 72 in a year; that's a drop of 22 percentage points in parity for agriculture producers. The latest parity is set at 72, and that is down two points from a month ago.

All in all, it means continued declining prices for farmers, ranchers, dairymen, poultry producers, and others who are engaged in food and fiber production.

Officially, the all farm products index is at 433; this is a drop of 25 points or five percent from a month ago and is 25 percent under a year ago. The livestock index is 35 percent below a year ago.

Perhaps the most significant thing about the price report is that all feed grains (oats excepted) showed declines. Continued downturns in feed grains can mean an increase later on in cattle on feed.

All classes of livestock except sheep are at below parity levels. Hogs are \$10 under parity; beef cattle are half of parity; calf prices are a third of parity; sheep are 40 cents about parity.

NATIONWIDE and Texaswide, cattle numbers are up as of Jan. 1

In Texas the inventory of Texas cattle and calves totaled 16,600,000; this is two percent above a year ago. And there were five percent above the previous year.

Nationwide, there is a three percent increase in the cattle and calf category. But indications are that a decline in cattle numbers will continue through 1975.

A 53 PERCENT decline in sheep and lamb feeding is reported in Texas Feb. 1 compared to a year ago.

Placements during January totaled 24,000 head. Marketings are 49 percent below those sold during January of 1974.

A SPECIAL SALUTE

During the blizzard Sat. morn. a local man became stranded while feeding his cows.

By 7 pm neighbors and friends on tractors and other vehicles began searching for him. Around 1:30 that night he was found and luckily was in fine shape which brings me to this point. Our local area here is something special and the people in it are even more special.

It was bitter cold and the snow was deep but still the people of this area were out in force to help their fellow man. Have you ever noticed how the people of this area pull together when the chips are down? This is why we are proud to live in Morton, Texas.

You just can't beat it.

Alcoholism to be subject of educational programs

The staff of Cochran Memorial Hospital District as well as other groups in the community will soon have an opportunity to attend educational programs on alcoholism and the ways of treatment and ways of treating the problem in general hospitals.

The opportunity derived from an Alcoholic Seminar in Austin attended by Mrs. Betty Mundhenke, Director of Nurses of Cochran Memorial Hospital on January 6, 7, and 8.

The seminar was sponsored by the Texas Hospital Association, with The Texas Council on Alcoholism.

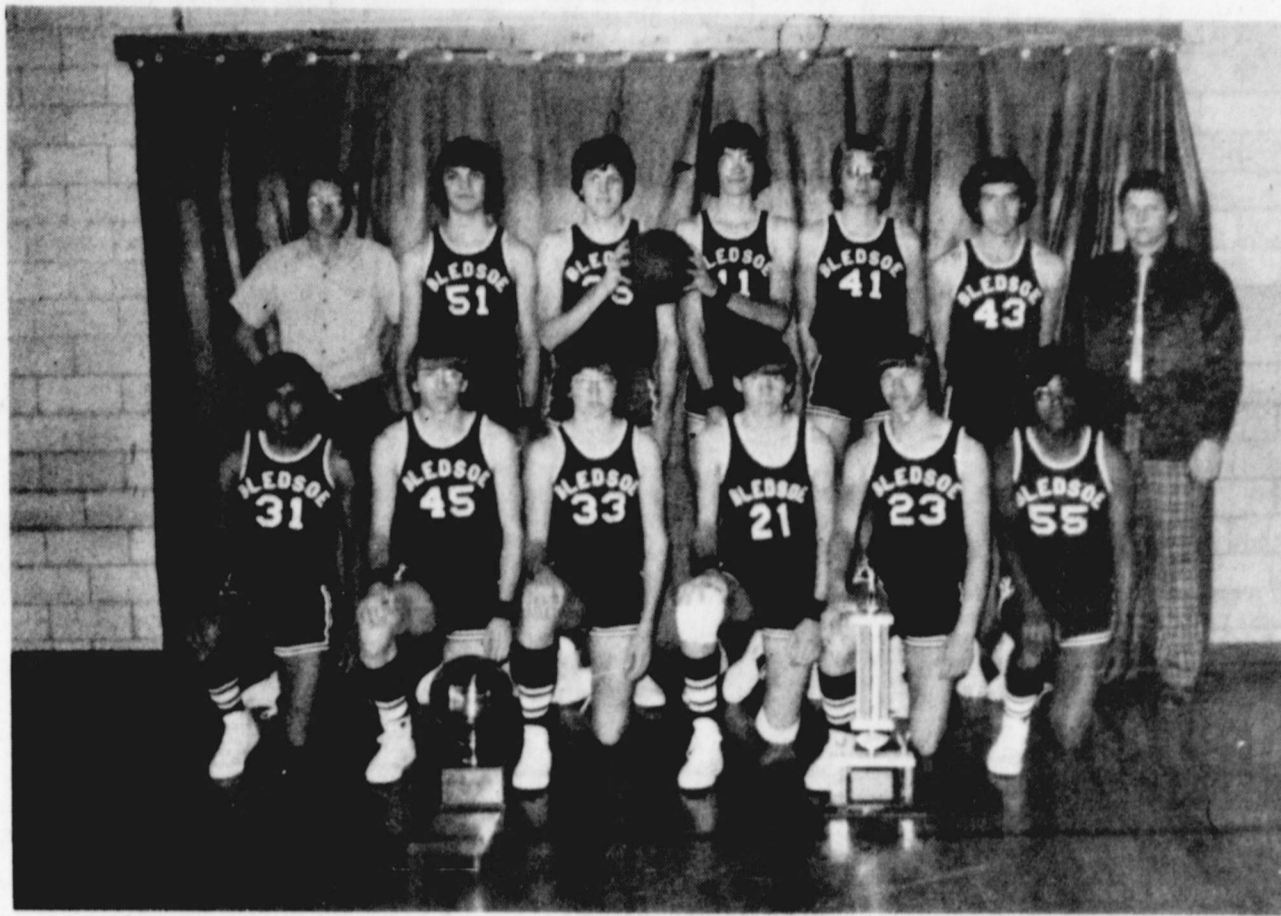

Cochran Memorial Hospital was one of 36 in Texas invited to send a representative to the seminar on a grant, subject to an understanding that information received there would be made available to the community.

A number of programs on the subject were presented and each person attending chose the program best suited for their hospital. The Sponsors will

provide the various material included in the program. Mrs. Mundhenke said material was expected soon and that one program had already been presented and when others arrive, she would be permitted to use them for a short time before sending them to the next hospital on the list.

The first presentation was to the Staff of Cochran Memorial Hospital as well as the students at South Plains School of Nursing. It promotes an overall better understanding of Alcoholism and gives recommended ways of treatment in a general hospital Mrs. Mundhenke will be available for meetings sponsored by the local organizations.

In announcing the program, Truman Swenney, hospital administrator, said "I am very pleased with Cochran's Memorial Hospital being one of the States' 36 to attend the Seminar and even more pleased that the community can have the benefit of the latest thinking on Alcoholism."

Bledsoe News

The Bledsoe 4-H Club met in the County Barn at 4:00 on Thursday February 13. President Karen Bilbrey presided at the meeting. Nancy Griffiths, secretary for the group read minutes of the last meeting. Karen reported on the club's completed newspaper collection drive. Vice president, Patti Hall reported on the clubs fair booth, "Happy 4-H Trails" which Karen, Patti, and Leesa Bilbrey built for the Cochran County Fair. Patti Hall was appointed chairman of a committee to wind up the caldrear towel sales. Cynthia Sutton reported that Karen Bilbrey was selected as the Bledsoe 4-H Princess to represent the club at the County Stock Show on March 3 and 4. The 4-H Pledge was led by Carol Artiaga and the 4-H motto by Velinda Davis. Angie Perez led the pledge to the American flag. Attending the meeting were Johnny Sepulveda, Eulogio Guerrero, Tommy Perez, Martin Perez, Cynthia Sutton, Sylvia Paz, Angie Perez, Dolores Guerrero, Leesa Bilbrey, Patti Hall, Carol Artiaga, Nancy Griffiths, Velinda Davis and Karen Bilbrey.

The Wayne Davis' and the Dwight Govers went to Lake Amstead fishing during the 4-day weekend Bledsoe students had due to teacher's in-service meetings.

Jennie B. Denny recently spoke to the Women's Democrats organization at Tatum, New Mexico about her hunting trip to Alaska last fall. Mrs. Eldon McCormack assisted Mrs. Denny with the presentation.

Mr. and Mrs. Fred Young, former residents of Lubbock visited their son's family the Edsel Youngs, after returning from a trip to Arizona.

The Bledsoe Antelopes boys team meets Channing at Friona at 7:00 p.m. tonight in preparation for their bout with Spade next Tuesday night at Levelland for the Bi-District Championships.

The art classes to be taught by Mrs. Sallie Carter of Morton begin at 12:30 p.m. Friday February 28 in the County Barn.

Home Gardeners urged to conserve fertilizer

Home gardens are appearing in backyards, flower beds and on patios all over Texas. And with continued high fertilizer costs and low supplies, homeowners should give special attention to conserving fertilizer.

Sam Cotner, vegetable specialist with the Texas Agricultural Extension Service, offers these suggestions:

1. Have soil tested. Many home gardens are already fertile enough to produce good yields of most vegetable crops. Soil samples may be sent to the Soil Testing Laboratory at Texas A&M University. Information is available at any county Extension office.

2. Apply only light applications of fertilizer at planting time. In absence of a soil test, use one-and-one-half to three pounds of a complete fertilizer, such as 8-8-8, 10-10-10, or 12-12-12, per 100 square feet of garden area. Thoroughly mix the fertilizer with the soil. Use organic fertilizer and compost whenever possible.

3. If at all possible, use mulch in the garden to aid in moisture retention and to prevent leaching of plant nutrients.

4. If vegetable plants appear to grow slowly or lack good color, sidedress lightly with a quick-acting fertilizer. Sidedress leafy crops such as lettuce, cabbage and greens after they develop six

to eight leaves. Fruiting crops such as tomatoes, peppers and squash will respond to light applications at flowering. Avoid over-fertilizing or allowing fertilizer to come in contact with plants or roots.

Home gardening can be expensive and fertilizer is one of the more costly items, points out Cotner. Therefore, it should be used wisely.

Mr. and Mrs. Rayford Masten and Mrs. Masten's Brother, Odell Benton, from Denver were in Lubbock Thursday visiting their parents who are in the hospital.

Chuck Dupler underwent surgery in a Lubbock hospital

Monday. He is doing fine.

Mr. and Mrs. Leon Dupler and Mr. and Mrs. Bill Dupler were in Oklahoma the past weekend to attend the funeral of an uncle.

Mr. and Mrs. Dutch Powell spent Sunday night with their daughter Mr. and Mrs. Andy Vinson in Clovis, N.M.

Mr. and Mrs. W.L. Welch were in Tucumcari, N.M. the past weekend to be with an uncle who is ill.

Stay out of trees -- that's a bear fact

MINNEAPOLIS, Minn. — Lynn Rogers, a University of Minnesota graduate student in ecology who has earned a reputation as "The Bearman," the foremost authority on the Minnesota black bear, says "The only time I've known a female black bear to hurt someone was when the person tried to run away or climb a tree."

"If you see a bear and you decide you don't want it around, just hold up your arms to make yourself big and say something. She'll just run away."

Hospital notes

Patients admitted to Cochran Memorial Hospital February 18 through February 24 were: John Daniel, Richard Bibrey, Elizabeth Baeza, Manuel Flores, Kim Hoffman, Adelinda Quintana, Jason Bryan, Maggie Orozco, Gerald Richards, Frances Hall, Jesusa Mendoza, Dominga Becerra, Jeffery Mason, Lettie Orozco, and Mary Davis.

the regular fare.)
 And now Super Briefly--Leonard was rescued, by a friend who understands his wandering ways, around midnight--give or take an hour or two for Daylight Saving Time--and at last instance, was checking with his pickup dealer on those 300 horses that refused to take him to the barn. We also understand that he is very grateful to the many friends who mounted the search for him and especially to the Morton Jaycees whose warm air, together with his cushion soled socks, probably saved two old dogs from a frigid demise. (Two of the "dumb animals heretofore mentioned)

There must have been other spectacular doings in Morton this week that would be subject for comment, but Leonard's tragic experience so erased all else from our mind that we find it physically impossible to recall any of same. It is worth the sacrifice, however, just to have him back all cozy and warm after his epic struggle in the land of the "White Death."

extension of contracts for the following teachers were recommended by the board to the Levelland district: Miss Jean Ann Burleson, Mrs. Forrest Baker, Mrs. Danita Chambers, Miss Vanice Lovett and Mrs. Neta Terry.

The board set the date of the school trustee election for April 5 and appointed L.T. Lemons as election judge. Two terms will expire at that time and the incumbents, Mrs. Reba Brown and Ben Kuehler, have indicated that they will run to succeed themselves.

The use of school building for recreational purposes after regular school hours was discussed at length and resulted in the adoption of a set of rules and regulations to be followed by persons desiring to use the gymnasium and other buildings after school hours. The list of rules can be obtained from the superintendents office.

Approval for the paying of bills for the month of February in the amount of \$102,246.92 completed the meetings agenda.

years ago, is badly deteriorated and costing the city substantial amounts of money through leakage.

The replacement project was set in motion by city officials approximately one year ago with a grant request through EDA for funds to build the pipeline with a sister grant request for funds to improve Strickland Park.

The original request was for a grant of \$160,000 which was subsequently extended. However, by the time the grant was extended, the project cost had nearly doubled and it was necessary to re-submit the request for a cost override of approximately \$147,000.

The contract extended to Panhandle Construction is contingent upon approval by EDA of the requested grant. EDA and city officials expect action on the additional funds request within 30 days.

SOUPS WITH A DIFFERENCE

There's nothing handier during the snowed-in months than a shelf full of hearty canned soups. Have you ever tried adding a final dash of the original Worcestershire sauce to a soup as you're heating it? Try it, for something really different, very special.

Cheddar Potato Soup is a great fortifier. Heat together 1 can (10 1/2 oz.) condensed cream of potato soup; 1 can (1 lb.) mixed vegetables, drained; 1 cup milk; 1/4 cup Cheddar cheese and 1 1/2 teaspoons original Worcestershire sauce. Serve garnished with toasted croutons and chopped parsley. Makes 6 portions.

For a sturdy Double Pea Soup, drain 1 can (1 lb. 4 oz.) chick peas, reserving liquid and peas separately. To the chick pea liquid add sufficient water to measure 2 1/2 cups. In a saucepan combine chick pea liquid and 1 can (11 1/4 oz.) condensed green pea soup; mix well. Stir in 1 can (10 1/2 oz.) condensed cream of chicken soup; 1 tablespoon original Worcestershire sauce; 1 teaspoon basil leaves, crumbled and the reserved chick peas. Bring to boiling point, stirring occasionally. Add 1/4 cup chopped parsley and serve hot. Makes 8 portions.

SEVEN LOVELY YOUNG LADIES vying for the title of "Sweetheart of the Cochran County 1975 Stock Show are (left to right) Pam Partlow representing Three Way FFA, Renee Wright, Pep FFA, Rhea Lynn Casey, Bula FFA, Pam Henry, Whiteface FFA, Susan Gillespie, Morton 4-H, Karen Bilbrey, Bledsoe, 4-H and Shirley Roberts, Whiteface 4-H. The lucky young lady will be crowned Monday night.

new, 111-mile pickup) to the gunnells with said substance and set out for the pasture.

In brief, before his pickup had many more than those 111 miles on it, all 300 of the horses he was driving--none of which he could ride back to the barn--decided to balk, permanently.

Still more briefly--Leonard was stuck--stuck on a turnrow with that real-live blizzard cutting the visibility to six inches inside his windshield. Sooo--Leonard decided to "sweat it out," which could prove to be quite an accomplishment considering that the temperature was well below freezing at the time.

calendar year is less than the established "target" price. J. John W. Hall County Executive Director, said the national weighted average price received by producers for upland cotton during the calendar year was 48.9 cents per pound.

"Since this is above the target price of 38 cents, there will be no deficiency payments."

Grass fed cattle

The slaughter of grass-fed cattle, calves and yearlings increased sharply during the past year due to high feed costs and low prices for feeder animals.

Will there be a change in 1975? "The same trend in commercial slaughter will continue, but increases will be even more drastic than in 1974," points out Dr. Ed Uvacek, livestock marketing specialist for the Texas Agricultural Extension Service.

"Since there will be fewer animals moving to feedlots, beef supplies will come primarily from bulls, cows, calves, and non-fed steers and heifers," notes the Texas A&M University System specialist.

Uvacek expects the slaughter of non-fed or grass-fed steers and heifers to increase a whopping 56 per cent over 1974, while calf slaughter should increase 33 per cent and cow slaughter, 32 per cent. The slaughter of bulls is expected to increase 12 per cent. On the other hand, the specialist sees little change in the level of fed steers and heifers available for slaughter in 1975.

A total of 42 million head of cattle are expected to move to slaughter in 1975, and increase of 14 per cent over the past year. An additional four million head of calves will also be slaughtered, up a million head from 1974.

"All this points to a reduction in the nation's beef cattle herd which has grown too rapidly in the past two years. The resulting oversupply situation has been largely responsible for current low market prices," contends Uvacek.

Home canned foods should be checked for safety factor

The art of home canning enjoyed a revival last year as homemakers tried to beat rising food prices.

"This renewed interest in home canning makes it especially important to be sure the foods are safe to eat," Sally Springer, foods and nutrition specialist, reminded this week.

"Check your cans to make sure there are no bulges (lids should be concave), no off colors and off odors. A can with any of these characteristics should be discarded," the specialist with the Texas Agricultural

Extension Service, The Texas A&M University System, said.

She reminded consumers that all home-canned foods should be cooked at boiling temperatures in an open saucepan for 15 minutes. This insures that if harmful bacteria are present, they will be destroyed and food will be safe to eat.

Butz makes statement on food stamp program

Secretary of AGRICULTURE Earl L. Butz issued the following statement on the Food Stamp Program, after President Ford announced that he will allow H.R. 1589 to become law without his signature: (The bill would, in effect, freeze Food Stamp Purchase Requirements at their January 1, 1975, level through the year 1975.)

"I fully share President Ford's concern for the negative effects of this bill. His statement documents them well.

"The promptness with which the President has made this decision is most helpful, particularly to our cooperating State and local administrators of the program. Local administrators are right now in the process of preparing "Authorization To Purchase" credentials for use by food stamp participants in the month of March--just two weeks away.

New record striped certified by state

A new Texas record for striped bass--27 pounds and five ounces--has been certified by the Texas Parks and Wildlife Department's state records committee.

John M. Smith of Pottsboro caught the huge striper on standard bass tackle in the Red River while plugging below the Denison Dam at Lake Texoma on Dec. 29, 1974.

The fish beats the old record of 22 pounds four ounces, from Toledo Bend Reservoir in February 1973.

P&WD biologists say the new and old records are fish originally stocked, respectively, by Oklahoma and Louisiana agencies. In the past six years, the Texas department has stocked several million strippers in eight major reservoirs and specimens up to 20 pounds have been taken.

Smith's record-catching gear: a minnow-like swimming lure for black bass; 17-pound-test monofilament line; a sturdy-spined bass rod, and a free-spool baitcasting reel with star drag. When first caught, the fish weighed 27 pounds and 11 ounces according to witnesses, but not on certified scales as required by the P&WD Texas State Fish Records Committee. Several days later after the fish and been frozen, biologist Ed Bonn of Denison, who heads the department's statewide striped bass project, weighed it on inspected scales and verified it at 27 pounds five ounces.

Why gamble on a herbicide that's not made for sandy soils?

Now you can get one that is.

SANCAP.® It's made specially for your sandy soils. It's made for cotton on your land.

You can forget about experimenting with rates to adjust for sandy soils. Just follow the recommendations, and you'll get weed control you can depend on—without injuring your cotton.

You'll get control of the most troublesome weeds in this area—carelessweed and Russian thistle.

And you can forget about moisture loss due to incorporation. Just apply Sancap at planting, or within two days after.

Then watch your cotton come through, clean and healthy. No more experiments. No more mistakes.

Because now you've got a herbicide for sandy soils.

Agricultural Division, CIBA-GEIGY Corporation, P.O. Box 11422, Greensboro, NC 27409.

Sancap. The first and only herbicide made for sandy soils.

1936 Study Club views films on American history

The 1936 Study Club met February 19 in the home of Mrs. James Price. Following a short business meeting, Mrs. M.C. Ledbetter led the group in singing the Federation song, "Love and Groceries."
Continuing a study of American History, Members viewed a film depicting the change of the United States from a farming republic to an industrial giant. Mrs. W.C. Benjamin showed the film. She told the members that with the inventions of such things as the telephone and the light bulb, and the discovery of oil, advanced communication and transportation seemed to shrink the country. She continued by saying "As the financial gap widened between the rich and the

poor, resentments arose bringing riots and strikes." Reviewing the men of great wealth of this time and their influence on the government, Mrs. James St. Clair discussed the life and activities of Cornelius Vanderbilt; Mrs. Glenn Thompson, the life of J.P. Morgan; and Mrs. Hume Russell, the life of Jay Gould. Others included in group comments were John D. Rockefeller and Andrew Carnegie, whose companies and philanthropies still exist in some form today.
Others present were: Mmes Joe Nicewarner, Ruth McGee, Lloyd Miller, Bill Sayers and John Crowder.
The next meeting will be March 5 in the home of Mrs. Russell.

MRS. NELL WHITE of Morton announces the engagement of her daughter, **Rosa May White**, to Robert Dean Collier, son of Mr. and Mrs. Fred Dan Collier of Fulton, Ky. County District clerk will hear about court management

County and district clerks will get an in-depth look at various court management techniques in Texas at the upcoming County and District Clerks Seminar at the Aggiland Inn here Feb. 26-27.

Among prominent speakers who will key on improving the management techniques and efficiency of clerks are the Honorable Kerry P. Fitzgerald of Dallas and the Honorable John F. Onion of Austin, points out Charles Lawrence, county officials program specialist for the Texas Agricultural Extension Service and general for the seminar.

Fitzgerald, a noted criminal trial lawyer, will discuss how clerks can more efficiently handle the increasing number of criminal appeals that are resulting from recent federal court decisions. Criminal appeals are now more commonplace and are requiring the best efforts of clerks, notes Lawrence.
Onion, who is the presiding judge of the Court of Criminal Appeals, the state's highest appellate court in criminal

Parents involved in right-to-read

Friday, February 21, the Small Schools Association of this area held an all day meeting in Smyer as in-service for their teachers. Region 17 Education Service Center of Lubbock joined in sponsoring this workshop day and invited the schools in the Right-to-Read effort to attend.

Since this was a regular school day for Morton it seemed like it would be impossible for the teachers to attend but a call was sent out and several mothers volunteered to serve as substitute teachers for the day.

Teachers attending the meeting were Patricia Browne, Sherry Fred, Carol McClung, Chattie Stevenson, Juanita Shaw, Vera Bailey, Judy King, Etta May Doty, Cathy Clark, Carolyn Hamilton, Jean Benham and Dorothy Rose.

Parents who taught for the day were Mesdames Robert George, G.W. Lyons, Herbert Greener, Richard Stalcup, Penn Tom Burke, Joe Taranto, Wayne Seigler, Ray Tucker, R.H. Baker, Loy Kern and Earl Polvado.

The consultants for the day were Dr. Carolyn Stevens of Texas Woman's University, who spoke on "Teaching Reading Skills" Dr. Lou Burmeister of Univ. of Texas at El Paso, who spoke on "Teaching Reading in the Content Area" and Dr. Peggy Brogan who is with Holt, Rinehart Publishing Company. She is a co-Author of one of the series of reading textbooks used throughout the elementary

'How America is Changing' topic at club meeting

The Emlea Smith Junior Study Club met recently in the home of Mrs. Keith Price with Mrs. Mike Liner and Mrs. Mary Ann Asbill serving as hostesses.

The meeting opened with an inspirational thought given by Mrs. Glynn Price.

A three-part program entitled "How America is Changing" was presented by Mrs. Bill Foust, Mrs. Liner, and Mrs. Ray Luper. Mrs. Foust discussed changing attitudes on family life, religion, and group living. Mrs. Luper told of economic implications due to shortages and high prices. Population rise and shifts were reviewed by Mrs. Liner.

Mrs. Jimmy St. Clair, president presided over the business meeting. Upon a request made by the County Historical Committee, members voted that the club would serve as chairman of the Cochran County Historical Society. Mrs. Kenneth Williams was elected to serve as chairman of the project. Mrs. St. Clair, Mrs. Jim Roddy and Mrs. Williams will be serving on the

County Historical Committee pending approval by the State Historical Society.

Members were assigned to planning committees for the Caprock District Convention to be held March 14 and 15 in Lubbock.

Mmes. Randy Thomas, Loy Kern, Mike Stanton, St. Clair, Roddy and Williams volunteered to serve on a committee to meet with the Commissioners Court to ask approval to plant a tree on the courthouse lawn in memory of the late Mrs. Emlea Smith.

Mrs. Keith Price, membership chairman, installed Mrs. Gilbert Manso and Mrs. Willie Cheek as new members.

were: Mmes Rick Coffman, Ed Pruitt, Gene Cox, Richard Clark and guest, Mrs. Jimmy Harris.

The next meeting will be held February 27 in the home of Mrs. Loy Kern. Mrs. Keith Price will present a special program on becoming a better driver and "Car Talk for women."

SUMMARY OF PROPOSED CONSTITUTIONAL AMENDMENTS

SPECIAL ELECTION APRIL 22, 1975

NUMBER ONE ON THE BALLOT (S.J.R. No. 3)
Repealing Sections 48a, 48b, 51e, and 51f of Article III and Sections 62 and 63 of Article XVI of the Texas Constitution, Article XVI of the Texas Constitution is amended to:

Provide for the revision and consolidation of provisions relating to state and local retirement systems and programs and to provide that all general laws that have established retirement systems and optional retirement programs for public employees and officers in effect at the time of the adoption of this constitutional amendment will remain in effect, subject to the general powers of the Legislature.

Provide that the amount a participating officer or employee contributes to the employee retirement system or the teacher retirement system shall be established by the Legislature but may not be less than 6% of current compensation and providing further that the amount contributed by the state may not be less than 6 nor more than 10% of the aggregate compensation paid to participating persons, except that in an emergency, as determined by the Governor, the Legislature may contribute more than 10% of the aggregate compensation paid to persons participating in state retirement systems.

Provide that the Legislature shall provide for local retirement systems created by any city or county for its officers and employees and shall further provide for a state-wide system of benefits for officers and employees of counties or other political subdivisions of the State which may voluntarily participate, and

to further provide that a state-wide system of benefits shall be provided for officers and employees of cities which may voluntarily participate.

The wording of the proposed amendment as it will appear on the ballot is as follows:
"The constitutional amendment revising and consolidating provisions relating to state and local retirement systems and programs and providing for a maximum state contribution to state systems of 10 percent of the aggregate compensation paid to individuals."

NUMBER TWO ON THE BALLOT (H.J.R. No. 6)
Amending Article III, Section 24 of the Texas Constitution to:

Provide an increase in salary for members of the Legislature from \$400 per month to \$600 per month.

Provide an increase in the per diem rate for members of the Legislature from \$12 to \$30 for each day during each Regular and Special Session of the Legislature.

Provide an increase in the transportation allowance for members from \$10 per mile to the rate prescribed by law for employees of the State of Texas.

The wording of the proposed amendment as it will appear on the ballot is as follows:
"The constitutional amendment setting the salaries of members of the legislature at \$600 per month and setting a per diem of \$30 per day during legislative sessions and a mileage allowance at the same rate provided by law for state employees."
