## 1st WHEAT RECEIVED Storm Sirens Highlight Wheat Growers Meet

The first load of wheat was delivered to Friona Wheat Growers on Monday, June 2, 2003, by Jason Wright. The wheat was harvested on Leroy Berend's farm.

The Friona Wheat Growers annual stockholders meeting got off to an exciting start Tuesday night. Just as the approximately 150 attendees sat down to eat, Friona tornado warning sirens sounded.

Since the meeting was at the junior high cafeteria, the folks left their plates and headed to an inside hallway in the elementary school. Elementary principal Becky Riethmayer was attending the meeting and managed to guide everyone to the proper location.

After about 15 minutes, the stockholders and their families returned to enjoy the Desperados meal and the rest of the annual meeting.

Co-op manager Ron

Smiley and CPA Lea Stuckey, from the Plainview firm of Williams, Rogers, Lewis and Kaufman, gave a business report. The co-op reported a fiscal 2003 net income loss of \$540,336. However, during the year from 2002 to 2003, Wheat Growers paid down its debt from \$2,080,006 to a low of \$44,990.

Smiley said that the Friona Wheat Growers elevators have a capacity of 5 million bushels, but last year they stored only 314,000 bushels of wheat and 250,000 bushels of milo.

Stuckey told the stockholders that based on a five-year historical analysis, she felt the co-op is in a good financial position and predicted better results over the next two years.

The term of director C. J. Blackburn expired. Larry Don Rush was elected to a term on the co-op board.

## FOR NEUGEBAUER City, County Vote Heavy Percentage

Friona, as well as Parmer County, gave winning candidate Randy Neugebauer an overwhelming margin in Tuesday's runoff election for the U.S. Congress.

Neugebauer assumes the office which was vacated on May 31 by Larry Combest.

Of the counties in the 19-county 19th Congressional District, Parmer County gave Neugebauer the biggest majority, 89 per cent.

Neugebauer received 394 votes in Parmer County, to just 50 for Mike Conaway of Midland, an 89 per cent margin.

It was this type of support in the "rural counties" around Lubbock that made the difference for the winner, who won overall by an edge of 50.6 per cent to 49.4 per cent for Conaway.

Neugebauer received 28,610 votes on Tuesday, to 27,895 for Conaway. The Lubbock candidate won 13 counties, to six for Conaway.

Friona gave the new congressman a 91 per cent win, 152-15. But the Rhea box went entirely for Neugebauer, 29-0.

The other county polling places voted as follows (Neugebauer's total first) Bovina 48-6 (89 per cent); Farwell, 58-13 (82 per cent); Lazbuddie, 42-7 (86 per cent); Oklahoma Lane, 22-6 (79 per cent); early vote: 43-3 (93 per cent).

THE F5 OF '95 was under much discussion when the tornado warning siren let loose again this past Tuesday evening. Neighbors, teens, little kids, three dogs, and one cat gathered in the Ellis basement over on Maple Street.

The Fujita Scale sounds like an item you would order off the menu at Leal's, but it is something used to measure wind speeds and severity of tornadoes. An F5 usually ranges from 1/2 to a full mile wide. It can pick up just about anything, even cows, and transport them way across town and it can gift wrap your home in the roof of some other building from several blocks away. It can derail a freight train and turn an industrial complex such as Hi-Pro into a pile of rubble.

All of these specific things happened during the tornado which hit here the first week of June 1995. Most folks who had gathered in our basement this week were of the opinion that the "big one" which hit here in 1995 was on June 5, but our back issues of the newspaper placed it on June 2nd.

One thing we can all agree on is that there is something a little weird about the first week in June... a little strange; a little "off kilter" as the older generation might say. David Horsley touched on this subject in his column in the *Amarillo Globe-News* this past Monday. He noted that the first week in June just has a different feel to it... the beginning of something sort of different.

Tornadoes touched down all around us in Parmer County this week... again the first week of June. Little damage has been reported, but as I write this, the week isn't over yet, so anything can happen before this paper goes to press.

In "My Turn" a few weeks ago, I proclaimed Friona/Bovina as the "Tornado Capital" of the Texas Panhandle, since I remembered three which have done severe damage during the over-40 years we've lived here. Of course there have been many more which have touched down out in the country, but no damage was done.

However, we did have one that struck the Lazbuddie community some years ago, killing a woman and destroying her brick home. That's the only death in Parmer County caused by a tornado during our tenure at the papers. It is remarkable that no one was killed in the "Big One" of '95.

Neighbor Baxter across the street estimated that we've had about 13 tornadoes in all, and since it's a nice spooky number, I'll go along with that.

And speaking of spooky things happening... we've recently discussed how Good Old Bill Ellis came to work at the paper 41 years ago during the first week of June. Then in 1995, Good Old Ron Carr came to work at the paper during the first week of June. As a matter of fact, he was hired by Bill on the very day the "Big Tornado" hit. We remember with amusement when Ron asked if anything really exciting ever happens around here, and Bill answered "Not much."

Then in 2003, on the last of May (just last week) Ron purchased the *Friona Star/Bovina Blade* and started his first week as the new publisher THE FIRST WEEK OF JUNE. Dee da dee dum, dee da dee dum (theme from "Twilight Zone")!

## Co-op Gin Annual Meet Tuesday

Friona Farmer's Co-op Gin will host its 41st Annual Stockholders meeting Tuesday, June 10, at the Friona junior high cafeteria.

A meal catered by Desperados will be provided and door prizes will be given.

Two directors will be elected during the business meeting. The terms of Dennis Anthony and Gene Welch will expire.

Co-op stockholders and their families are invited to attend.

## NICE RAIN RECEIVED Funnel Clouds Tease On 1995 Anniversary

Funnel clouds were spotted around the area Tuesday night, causing activation of the City of Friona's tornado warning siren.

No funnels caused any damage, but caused many residents of Friona to "take cover," especially since it was just one calendar date past the city's tornado of 1995, which caused over \$25 million in damage and seriously injured Ed Bailey.

A spokesman for the "storm observers" said that the alarm may have been premature, but that they would rather err on the side of caution, rather than fail to sound the alarm.

Funnels were observed northwest of Friona near State Highway 214, plus one about six miles southwest of Friona.

Another funnel was spotted four miles north of Bovina, a "dust to cloud" multi-vortex twister, and another was observed between Oklahoma Lane and Lazbuddie.

A number of power poles were knocked down on the portion of FM 145, which has a construction project underway on the road.

Storm chasers from

Amarillo's Channel 7 weather department, had their windshield knocked out by what they described as "baseball sized" hail. The Channel 7 team reported sighting six or seven funnels between 7 and 8 p.m., which was reason enough to sound the tornado alarm.

A total of .19 inches of rain was measured in Friona on Tuesday.

Another cloud on Wednesday evening added .62 inches, and last Sunday's "small thunderstorm" deposited .21 inches, making a week's total of 1.02 inches.

That amount, added to the 1.92 inches which fell in May, brought the calendar year's total to 5.10 inches of rain, compared to 4.19 at the same time a year ago.

While the week's moisture will be highly beneficial to the county's rowcrops, it comes much too late for the winter wheat.

## No Decision In Case

The fate of a Bovina couple whose 9-month-old child was strangled by a window blind cord is still up in the air after a grand jury did not reach a decision Tuesday on whether to issue an indictment.

Johnny Atkinson, 287th District Attorney, said that the case of Fidencio Fierro and Amanda Garcia was passed by the Parmer County Grand jury.

"They heard some testimony, but it was not completed," Atkinson said.

The matter will have to be picked up again by the grand jury, which is set to meet again Aug. 12, Atkinson said.

**Internet Banking**

This is the fourth installment on **On-Line banking with Friona State Bank.**

**Part 4**

The Question now is **"How do we start?"**

First, a definition of terms:

- Browser** - a software application used to locate and display Web pages, such as Microsoft Internet Explorer and Netscape Navigator.
- Click** - tap, or press and release quickly on a mouse button, usually the left button. Sometimes you'll right click but left click is normally used.
- Homepage** - the main, front or first page of a website, typically has an index or table of contents.
- Link** - a word or picture that can be clicked on to explore more.
- Log-on** - a procedure for making a computer or network recognize you so that you can begin a computer session, using, normally, some form of your name and a password.
- On-Line** - using the Internet
- Scroll** - move the mouse so that the arrow moves throughout the document.
- URL** - stands for "uniform resource locator", but it means a web address. Friona State Bank's URL is frionastatebank.com

**NOW...**

- 1) Type in frionastatebank.com, press enter
- 2) Scroll to bottom of page where the words, "New, Online Banking is coming to Friona State Bank." Scroll on down and click on the button that says "Test Drive" if you want to see an example of on-line banking. If you want to enroll at this time, scroll on down to "enroll now."

That's how easy it is. If you have questions, please give us a call or send us an email. You'll be surprised at how fast you'll receive an answer!

# TASP Test Will Be Held At FHS June 12

Representatives from the Testing Center at Amarillo College will be giving the Texas Academic Skills Program (TASP) test at Friona High School, Thursday, June 12, 2003, at 10:00 a.m. in the high school cafeteria. You need to take the TASP test if any one of the conditions listed below applies to you.

1. Students in grades 11 or 12 who are planning to enroll in a college-level (dual credit) coursework while in high school unless exempt with appropriate TAAS7 ACT or SAT scores. (See explanation below.)

2. Students who are entering a Texas public institution of higher education (i.e., a college, university, or technical institute) as a full-time or part-time student in an associate or baccalaureate degree program.

3. Students in a certificate program of 43-59 semester credit hours or the equivalent.

4. Students who are transferring from outside Texas or from a Texas private college or university to a Texas public college or university.

5. Students seeking admission to a Texas upper-level institution or program that requires the TASP Test as a condition of admission.

Students are exempt from taking the TASP if they meet any one of the 3 criteria listed below:

1. Students must have all three of the following scores on the TAPS: TLC X-86 or higher in math, TLC X-89 or higher in reading, and 1770 or higher in writing.

2. on the ACT the composite score must be 23 or higher with English and math part scores equal to or greater than 19.

3. on the SAT the combined score must be 1070 or higher with verbal and math part scores equal to or greater than 500.

Note: ACT and SAT scores may be no more than 5 years old, and exit-level TAAS scores may be no more than three years old. The exemption scores must be

achieved at a single administration of the ACT or SAT or the first attempt of the TAPS. Separate scores from different tests or separate scores from different administrations of the same test cannot be combined to qualify for an exemption. There are no partial exemptions from specific sections of the TASP Test.

Only students who were sophomores the 2002-2003 school year and who will graduate in 2005 may be exempt from TASP if they "Met Standards" on the TAKS test in the area required by the courses offered for dual credit. Those students who have signed up for dual credit classes will be notified by the high school counselor if they are TASP exempt. Students signed up for Chemistry II will be required to take a Math Placement test if exempt from TASP by their TAKS scores.

Test examinees who have not made arrangements with Mrs. Gallman must call Friona High School 806-250-3951 to pre-register before 4:00, Tuesday, June 10th. Unless test examinees are current students at Friona High School, they must have a photo ID with them or they will not be permitted to test. All examinees must bring a check or money order made out to NES with them on the day of the test and must know their Social Security number or have it with them. Only four-function, non-programmable calculators are allowed; none will be provided.

Test examinees should be aware that they are allowed five hours to complete the test. No food or drinks are allowed in the testing room and no time is allowed for lunch so they should get plenty of rest and eat a good breakfast.

# Hereford Job/Health Fair Scheduled for June 18

Quad Counties Job/Health Fair is scheduled for Wednesday, June 18, 2003 from 10:00 a.m. until 4:00 p.m. in the Hereford ISD Administration Building Banquet Hall located at 601 N. 25 Mile Avenue, Hereford, TX.

The Quad Counties Job/Health Fair Committee has finalized plans for the annual event. Committee member Marin Rivas commented, "We are excited about the number of businesses that have expressed interest in participating."

This event is a collaborative effort of several local business, education, and community service organizations. The Quad Counties Job/Health Fair has been very fortunate to have the loyal support of Excel Corporation of Friona, Xcel Communications, Sonic,

McDonalds, Azteca Community Development Corporation, Castro County Hospital District, Hereford ISD, and Northwest Texas Healthcare Sytem. The fair was created to link employers with job seekers, targeting all job levels and skills and to provide important health information and screenings to the community.

Job seekers should come prepared to submit applications and resumes and be prepared to visit with employers. The Quad Counties Job/Health Fair is open to the public, admittance and participation is free to all job seekers. Businesses that are currently recruiting or needing employees may reserve a booth at the job fair by contacting Jim Davis at 806-364-8600. Booth spaces are provided free of charge and are available on a first come, first served basis. The Quad

Counties Job/Health Fair is sponsored by: Texas Workforce Centers, Texas Department of Human Services, Texas Cooperative Extension, and Castro County Health Coalition Partnership.

## Grandma & The Governor

First off, Texas will get \$1.262 BILLION in new federal money for the next two years, in spite of what the doomsayers say. So says state comptroller Grandma Carole Keeton Rylander Strayhorn.

Her full name is Texas Comptroller Carole Keeton Rylander Strayhorn. (She was a Rylander when she was elected).

In case you didn't know, Grandma Rylander Strayhorn watches the state's money while the legislators are away. They ended their biennial session last week and won't meet again for two years unless our handsome young governor Rickie Boy Perry calls a special session.

Our state elected officials went to Austin facing a \$9.9 BILLION deficit. There is only one issue the every-two-year Texas legislature is required to settle: balance the budget.

There are two ways to balance the budget: raise taxes or reduce spending. Citizens don't want higher taxes and government employees don't want to reduce spending.

The politicians had 140 days to do something about the \$9.9 BILLION deficit. Some of the Democrats made Texas look stupid when they

ran off to Oklahoma for a few days when they couldn't have what they wanted through a democratic process.

As usual, they ended up "rushing through" budgets and legislation at midnight on their last day in session. No doubt some stuff snuck through that you would be mad about if you knew about it.

It is a lot like they do business in Washington, signing a huge budget without knowing what is in it, signing it at 2 a.m. when the rest of America is asleep, and letting senators like Robert Byrd spend as much as he wants.

I think our state legislators should be taken to task. Maybe even be fired or recalled. Certainly not automatically re-elected. They piddled away 142 days by wrangling, disagreeing, running away, and no doubt passing some bills that the rest of us don't know about.

All over the state people are grousing about the services that were cut from schools, Medicaid, and child health insurance, to name a few.

Yet a mailing from the Republican Party of Texas calls the recent session "a tremendous job for the people of Texas by overcoming difficult budget circumstances and delivering real results that all Texans can be proud of."

Grandma Keeton Rylander Strayhorn doesn't see it that way. Truth is, they signed off on a budget and she doesn't know what is in it yet. Did you know that the governor can not sign the budget into law until the comptroller sends it to him?

She says they passed many other bills that may have financial implications

on the budget. They evidently passed bills without consideration of the impact on the budget.

The Republican Party of Texas said in a news release that, among other things, they reorganized government bureaucracy to save taxpayers hundreds of millions of dollars. I doubt it.

The state legislature did defeat measures calling for a state income tax, a steep increase in cigarette tax and video gambling at race tracks.

I don't really know why I am telling you all this, except it affects your quality of life here in the Republic of Texas.

I realize that most people are not interested in the goings-on during our infrequent state legislative sessions. But now that I own the papers, I can write pretty much what I want to without worrying about being fired.

Oh by the way! All those rumors that have been floating around? They're all pretty much true.

FRIONA Police Chief Scott Given gave a program this week to the children from the Library's summer reading program. Chief Given's topic was "The Mystery of Fingerprinting." He showed the children the step-by-step process and discussed the science of fingerprinting.

### LCU Dean's & President's List Names 4 Local People

Tammy Spencer, and Vlynda Wilcox of Friona were named to the Dean's list at Lubbock Christian University. Named to the President's list were Kati Mimms and Tania Hand of Friona.

In order to be considered as part of the dean's list, a student must be taking a minimum of 12 semester hours and achieve a 3.5 grade point average or better for the entire semester. To be

considered for the president's list, a student must be taking a minimum of 12 semester hours and achieve a 4.0 gpa or better for the entire semester.

The percentage of LCU students making the list has increased dramatically in recent years due to a strong emphasis on academics.

Lubbock Christian University is a liberal arts institution of higher learning dedicated to changing lives.

#### LET THE "SON" SHINE

Did you know that the Ark of the Covenant was only about 45" by 27" by 27"? Isn't it amazing that something so small can have so much impact when God is in control of it? This is the reason that we all must make sure that God is in control of our lives.

Paul said "I beseech you therefore, brethren, by the mercies of God, to present your bodies a living sacrifice, holy, acceptable to God which is your spiritual service. And be not fashioned according to this world, but be ye transformed by the renewing of your mind; that you may prove what is the good and acceptable and perfect will of God."

(Romans 12:1-2)

Have a great week! (TLT)

*Facts About The* **BIBLE** BY JOHN LEHTI

BY HOLDING UP HIS ARMS, THE BATTLE WAS WON!

THE FIRST BATTLE THE ISRAELITES ENGAGED IN, AFTER THEIR ESCAPE FROM EGYPT, IS RECORDED IN EXODUS CHAP 17. THE AMALEKITES THREATENED THEIR SAFETY WHILE ENCAPED AT REPHIDIM. MOSES TOLD JOSHUA TO PICK HIS BEST MEN AND DRIVE THEM OFF WHILE HE, MOSES, WOULD HOLD ALOFT HIS ROD ON A HILLTOP TO ENCOURAGE THEM. WHILE HE HELD IT HIGH, THE BATTLE WENT WELL BUT, AFTER A NUMBER OF HOURS, HIS ARMS TIRED AND DROPPED—THEN THE AMALEKITES BEGAN TO WIN. AARON AND HUR SAW THIS AND, SEATING MOSES ON A ROCK, THEY HELD HIS ARMS ON HIGH AND.....

...ONCE AGAIN, THE BATTLE WENT WELL AND THEY CONTINUED TO HOLD MOSES' ARMS ALOFT THROUGHOUT THE LONG DAY UNTIL THE AMALEKITES WERE DECISIVELY BEATEN!

**Keeping an Eye on Texas**  
**Texas Advances in World Economic Rankings**  
 If Texas were still a nation, it would have the eighth-largest economy in the world. Texas' 2000 ranking is a step higher than its ninth-place ranking in 1999. The rankings are based on the most recent Gross National Product (GNP) statistics from the World Bank Atlas.  
 With a 2000 Gross State Product (GSP) of \$725 billion, the Texas economy is more than three times the size of the Russian economy, and also outpaces the GNP of countries like Canada, Brazil, Korea and Argentina.  
 The United States has the world's largest GNP -- \$9.6 trillion.

# YOUR EYES

## BEWARE OF FIREWORKS

Every year, thousands of children and adults across the US are rushed to the emergency room because fireworks damage their eyes. National Fireworks Month, held from June 1 to July 4, stresses the need to be extra careful during this holiday time. The U.S. Consumer Product Safety Commission reports the following:

- \*Fireworks cause about 9,000 reported injuries a year.
- \*Approximately 55 percent of fireworks-related injuries are burns.
- \*Most injuries involve the hands, eye and head/face.
- \*Over 40 percent of victims are under the age of 15, and about 75 percent are male.
- \*Rockets cause the greatest number of eye injuries, followed by sparklers.
- \*Fireworks injure bystanders more than the operators themselves.
