Women See Farm Bill Die In Washington

Two women witnessed the farm bill in the House last week. Margie Grace and her husband, George Mahon, said the vote was a disaster for one farmer who had some tears" Grace said.

Both women vowed that the American agriculture farm movement "has just begun to fight" and were to attend a meeting Wednesday in Lubbock to learn future plans of the movement.

WHEAT BILL

What hopes for improvement of the farm program this year? Both agreed that with planting going on, it's too late to expect any improvement in the farm program except possibly the Dole wheat bill now being considered by the agriculture committee.

The Dole bill would bring the price of wheat from \$3.00 to \$3.50 per bushel.

President Carter has said he would approve an increase up to \$3.40 per bushel.

Grace has spent a total of 18 days "walking the marble halls and side-walks of Congress. She said the guards and taxi cab drivers were the most friendly people...commenting that the farm strikers were "too nice." They suggested the farmers should be more violent in order to be heard. (This is one of the keynotes of the farm strike movement, no violence).

One black cab driver told the women he had seen all sorts of groups coming to Washington for 23 years, and the farm people were the most polite he had seen.

Recently the NAACP has endorsed the farm strike movement, and their leader said in a big meeting, "we didn't all come over here in the same boat, but we're in the same boat now!"

"We feel that Texas Senators Tower and Bentsen...also Representative

George Mahon reluctantly voted for the bill...after considerable pressure by farm people," the women added.

The women have brought home daily reports of the entire proceedings around the defeat of the bill should anyone want to read the pro and con speeches delivered before the vote.

"DON'T INTEND TO GIVE UP FARM"

"Bill and I live on the 225 acre farm west of Cone that I was born and raised on...and I don't intend to give it up...we've been farming there since 1949," Grace said.

Margie has been a farm wife southwest of Cone for some 28 years. She said her husband planned to cut back on planting some crops, but she did not know how much.

The women concluded that one of the most disappointing aspects of watching Washington in action is the many foolish things Congress okays money

Gunn Oil Leases 10,000 Acres

Gunn Oil Company of Wichita Falls has just completed leasing 10,000 acres south and southeast of Floydada. The land leased for \$10 per acre and puts some \$100,000 in the pockets of land owners.

Leasing was made by Petroleum Land Service with the assistance of Doyle Moore.

The land is located about six miles west to east on the north boundary from the land west of Billy Fulton to the Lakeview to Crosbyth highway on the east. It zig zags south about 3 1/2 miles on the east side. It borders on the north with land owned by Cleo Whittle and Raymond Evans.

KENDRICK WELL

Pump has been set on the Kendrick well about five miles southeast of Lakeview. The pump is powered on gas from the well, and at the present time is pumping mostly water. This well is about a mile southwest of the Zimmerman well that flowed over 1,000 barrels of oil. Why no pump has been put on this well is unknown.

URANIUM LEASE

Some five or six landowners northeast of Floydada have leased land for uranium just recently. This land is going for \$10 per acre.

Square Dance May 6

"Echoes of Gold" has been chosen as the theme for the 50th Pioneer Round-Up to be held on Saturday, May 6. Complete plans for this annual event are taking shape, according to Miss Judy Smith, president of the sponsoring organization, the Plainview Business and Professional Women's Club.

The traditional square dance will conclude the activities and the guest caller will be Sid Perkins of Amarillo. Mrs. Helen Pemberton is Square Dance Chairman.

Perkins is a veteran square dancer and has been calling for fifteen years. He has called square dances in eighteen different states and is presently club caller for

the Merry Mixers in Hereford and Saints and Spinners in Amarillo. He will call for the Promenaders Square Dance Club in Plainview on April 22. He has organized five square dance clubs.

Perkins is a sales representative for a food company in Amarillo.

Social Club Has Meeting

Friendship Social club met in I.O.O.F. Hall Friday night. Ruby Davis, president, and Elvira Stewart, vice president presided. Jewell Reeves opened the club with prayer.

The illness of Ora King, and the death of Dora Langford, aunt of Artie and Floyd Webbs, was reported.

Women's Golf Assoc., Organized

Floydada Country Club Women's Golf Association re-organized Tuesday, electing officers and holding a play-day. New officers are Francine Green, president; Donna Pernell, vice-president; Sue Ward, secretary-treasurer and reporter; and Glenna Ross, social chairperson.

Membership dues were set at \$5 per person per year and it was approved that a luncheon and business be held the first Tuesday of each month April through October with tee-off time at 9:30 a.m.

At Tuesdays play there was a three way tie for most one-putts between Barbara Covington, Vicki Rainer and Brigid Bostick. Mrs. Covington won the draw and received a new golf ball.

Members of the organization include the officers pre-

A delicious salad supper was enjoyed by Ruby Davis, Amanda Hart, Jewell Reeves, Wanda O'Neal, Artie Webb, of Floydada, Elvira Stewart, Lillie Savage, and Francis Graves, Lockney.

The club will meet in I.O.O.F. Hall on May the 5th for the next meeting.

Gift Tea Honors

Mrs. Pemberton and Mr. Perkins cordially invites all square dancers to attend the Pioneer Round-Up and participate in the square dance which will begin at approximately 9:00 p.m. on Saturday night at the Hale County Agriculture Center. Everyone is also invited to enjoy the waltz, polka, "Put your little foot" and other couple

dances. Miss Smith states the price of the tickets are: Adults, \$3.00 and children, 12 and under, \$2.00 (tax included). This covers all activities beginning with the supper at 6:00, the program at 8:00 and the square dance and may be secured from any member of the Plainview and Business and Professional Women's Club.

overweight, you don't have to look dowdy and ugly," said Marilyn Wheeler, the Mart's special events coordinator who planned the unique three-day exhibit and fashion show.

"There are intelligent, aggressive, witty big women who don't want to wear a tent forever," said Miss Wheeler.

The trade show features 62 manufacturers specializing in the large and half-size market—sizes 18 to 52.

There were a few problems backstage, Miss Wheeler noted. "We realized we couldn't have the models changing back-to-back. And a size 20 sample just didn't fit all of them."

David London, whose wife, Nancy Austin, is a top designer for heavy women, said, "Over 30 per cent of the women in this country are in large and half sizes. That's 22 million American women in our market."

Seven years ago London and his wife — who now weighs 273 pounds — opened a small Las Vegas boutique for "Queen-sized women."

Ms. Austin, a comedienne, had appeared on a TV show and was inundated with mail from big women asking: "Where can I find clothes like yours?"

"We opened our boutique with 300 garments and in the first week we sold all but 23 pieces," she recalled.

DO you realize that married women dream less than singles? That's what we've read, along with wo-

men also tend to get more sleep than men. In the for what its worth department, women sleep on their stomach and right side, and tend to sleep on the edge of their bed with an arm or leg over the side. Men prefer to sleep on their back in a spread eagle form, and take over the middle of the mattress. Maybe that's the reason us women sleep on the edge of the bed, we don't have the room to sleep any other way! That will probably start a good discussion. Men also talk and cry out more in their sleep, but women do more sleep-walking. Men do more teeth-grinding and snoring. We're told that there are three male snorers for every female snorer. Women puff more in their sleep. Men are more apt to start conversations in bed, but they usually doze off before the mate has her say!

Hobby Club members of South Plains met for their April meeting Wednesday, April 12 in the home of Mrs. Fred Marble with Mrs. Pat Carthel from Sears giving the program on window decorating, and creative art. Some of the main things she told the group was that color is the cornerstone of decorating, and the same color should be carried out throughout the house. In drapery, the nubby, textured look is new, and window drapery should be one half inch from the floor. Use the same color of carpet throughout your rooms, too, to make house seem larger.

Mother's Day Blanket Day

Austin — Mother's Day (May 14) will again be celebrated in many Texas churches as Church World Service Blanket Sunday. This is the third consecutive year for the event which hopes to raise funds this year to purchase 6,000 blankets.

Church World Service each year distributes some 300,000 blankets to victims of hurricanes, earthquakes, and other natural disasters, and to war refugees. In 1977, blankets were shipped to homeless persons in 29 different countries and in the U.S. 18,000 blankets are needed now in South Lebanon.

Countries receiving more than 5,000 blankets last year were Niger, Tanzania, Philippines, Brazil, Dominican Republic, Israel (West Bank), and Lebanon. Ten thousand blankets were distributed within the U.S.

The Floyd Philosopher
Sides With The Minority Who Claim Economics Can't Be Understood

Editors note: The Floyd Philosopher on his Johnson grass farm examines economics this week, but only slightly.

Dear editor:

A recent public opinion poll attempted to find out what people think about the economy.

Such questions were asked like: Are you better or worse off now? Is the government doing enough to fight inflation? Enough to fight unemployment? Who do you think is to blame?

It's true we have an odd situation. For the first time in history inflation has paid no attention to unemployment and even less to supply and demand. It's gotten so that if what you pay today for something doesn't cost more than it did yesterday, you figure it must be year-before-last's model or it was damaged in shipment. If foreign competition starts under-cutting the price of your product, you fight it by raising the price of yours. The government fights inflation by asking its employees to ask for a 5 per cent raise instead of 10.

It looks like everybody has caught on that you can ooch up the price on anything the public will shell out. Everyone except the farmers. They hang on to it yet. They shell out, but know how to ooch up.

Anyway, back to the poll. The one of who's to blame for inflation, said the government, 12 per cent, 43 per cent said them Arabs are prices.

That leaves 17 per cent, and who was the smartest of all. They said is incomprehensible.

I've known it all along. When one economist saying a boom is and another with the same number degrees saying a bust is on the first not buying on the second prediction and the other not strength of his, and both hoping salary, you can see why some hearing a weather forecast, will and take a look at the skies for Never bet on the opinions of sports writers.

Place 2nd In AA Track Meet

Floydada track complex Friday, it was the surprising Idalou Wildcat team doing the celebrating.

When Paige Burlsmith crossed the tape in second place in the climactic mile-relay event, it marked the first time in the past five seasons that an FHS unit had not reigned as district title holders.

The versatile Burlsmith completed the mile relay just steps behind Lockney's Danny Clark, who is not lacking in talent himself. Ricky Day crossed the finish line in 3rd place for the

Winds. But the most significant thing about the entire day, as far as Floydada was concerned, was its being disqualified in the spring relay event.

In past seasons, the 440 relay was proved to be of considerable importance to FHS teams. At regional competition in 1977 Floydada had only a single point going into the event, but led the meet when the sprint relay was over.

A frustrated Tracy Womack failed to hear the signal above the noise at the starting line and twice jumped the gun's sound, resulting in disqualification.

While the running events were not making much progress, the field events were supplying a great deal of the points at FHS.

Rusty Cagle, a senior on

Richard Ramirez claimed the title of district champion in the mile run for the second consecutive season, with a clocking of 5:10.3.

Junior Arredondo also achieved a regional trip with a second place result in the long jump. The sophomore leaped 20 feet, 7 1/2 inches and finished behind Danny Clark (surprise, surprise!).

Also contributing to the Whirlwind cause were Jerry Coleman, with a third place effort in the 880, Tracy Womack, with a third place in the 100-yard dash event, Day, with a third place medal in the 440, Arredondo, with third in the 120 high hurdles, Robby Thrasher, with a third place in the mile, and the mile relay team with third place. That unit consists of Day, Coleman, Greg Jones, and Marty Daniel.

Baseballers Suffer Loss

Dimmitt's Cardinals survived a late Floydada charge and handed the A's their opening loss of the season in extra innings Sunday by the score of 15-14.

In the last of the 9th, back to back homers by David Marrice and Ruben DeLeon helped Floydada to tie the score and send the contest into extra innings.

But the Cardinals pounced on a costly error in the top half of the last inning for the winning run.

Carmen Soliz and Steve Westbrook shared the

The Queens 35 and the Road Runners 27. Ruby Ledbetter scored 16, Pruitt 13, Christine Wilson 4 and Polanco 2 for the Queens.

Villa Mae Acy was high point girl for the Runners with 13 points, Rita Lara scored 6, Galloway 4, Cisneros 2 and Mary Lloyd 2.

"We need more BOOTS on the floor of the Statehouse"

Those are the exact words a high state official recently said to Glenn Conrad in Austin.

We certainly don't need any more bureaucrats in the state legislature, that's for sure. What we do need is a down-to-earth man who'll listen when we, the people, talk. Someone who understands our problems in the 66th district and who will stand up for our rights.

We need Glenn Conrad who believes that action on the state level can help develop profitable markets for our farm products . . . who advocates improvement of our educational system and an equitable plan for financing it . . . who has a deep concern for such important issues as taxes, water, energy, roads and especially for the health care of our people and the welfare of our senior citizens.

Like the man said, we need more boots and less bureaucracy in our state government. We need Glenn Conrad!

The LeCrone-Boeka combination tied in regulation playoff with their opponents, Shepardson and Long, as both teams turned in scorecards of 127. Boeka birdied the first hole to enable he and his partner to claim top honors.

Third place in the championship flight belonged to Ken Bailey and Johnny Goodwin, who fired a total score of 128.

B. Kincaid and E. Wilson captured first place in the first flight bracket with a combined score of 139. There was a two-way tie for second place in the first flight with J. Lutrick-J. Simpson sharing honors with Alfred Barton, Jr. and Van Francis. Both teams fired scores of 140.

NEW LABOR REGULATION FOR AG YOUTH—A proposed federal regulation would allow agricultural producers to hire 10- and 11-year old youth for hand harvesting of short season crops, notes a safety engineer with the Texas Agricultural Extension Service. Youth must be employed during non-school hours and must commute daily from their permanent residence. The work period cannot be for more than eight weeks between June 1 and October

15. Comments regarding the proposed regulation should be sent by May 4 to Lubille C. Pinkett, Wage and Hour Division, Room 8-3022, New DOL Building, 200 Constitution Avenue NW, Washington, D.C. 20210. For further information call 202/523-8412.

ACCIDENT CONTROL—Chemicals are indispensable gardening and farming tools, but they must be used according to label directions if they are to do their job safely, cautions the Texas Agricultural Extension Service.

Voluntary Farm Program Set

Changes in the 1978 farm program will allow producers to participate in an optional voluntary diversion payment program.

Producers who grew upland cotton, grain sorghum, barley or corn in 1977 may set aside 10 percent of planted acres and receive a diversion payment on those diverted acres of \$.02 times the established yield times planted acres (cotton only). The set aside acres must be planted in a cover crop.

Because grain sorghum has a mandatory 10 per cent set aside, an additional 10 per cent must be diverted

to receive the diversion payment of \$.12 times established yield on the planted acres.

Farmers not choosing to participate in the voluntary set aside program will still be eligible for other program benefits as long as they declare their intentions to plant before May 1.

Any farmer who planted 1977 barley or grain sorghum is eligible for a deficiency payment. Payment documents must be signed to earn payment. Those farmers who have not requested payment should do so as soon as possible.

All farmers who plant wheat, grain are eligible to participate in the 1978 feed grain and wheat program. Farmers who are still undecided about the program should decide not to plant a program crop, farmers are assured program benefits as price and target price and payment protection. Sign up period ends on May 1.

Methane gas production begin soon in Oklahoma

By DAVID EGNER
Associated Press Writer
OKLAHOMA CITY (AP) — An Oklahoma firm has begun turning a long unappreciated resource — cattle manure — into valuable methane gas.

In the next few weeks, a pipeline will begin carrying the product to Chicago, where it is expected to furnish enough power to meet the natural gas demand of 3,500 homes each year.

Already, 580,000 cubic feet of methane gas is being produced each day at the plant in the rural Oklahoma Panhandle run by Calorific Recovery Anaerobic Process Inc. — or CRAP — said Jim Samis, president of the parent firm, Thermo-netics, Inc., of Oklahoma City.

When full production is reached in the next few weeks, the plant is expected to turn 1 million pounds of cattle manure into 1.76 million cubic feet of methane gas each day.

"Even if gas was produced from all the nation's (cattle) feedlots, it would still be an insignificant energy source in terms of national needs," Samis said. "But the basic process we use is a future energy source. We could use waste from agriculture or plants taken from the ocean to make gas in the same way."

The plant near Optima, Okla., is using manure rather than the other substances mentioned by Samis as a fuel source because the manure is relatively cheap.

"Nobody ever told me I was crazy, but I imagine they thought so," Samis said with a laugh, recalling the four years of planning and \$3 million worth of construction that went into the plant.

The firm's name — Calorific Recovery Anaerobic Process —

explains how the plant turns manure into methane, Samis said. The initials were arranged for a humorous effect, he added.

"As far as we know this is the only commercial-size plant like this in the world," Samis said. "The process we use isn't new, but it's never been done on this scale."

Rising costs and dwindling supplies of energy led Thermo-netics to conclude that cattle manure could be a money-making raw material, said Samis, who is part-owner of Thermo-netics with Clint Murchison, owner of the Dallas Cowboys football team.

CRAP has tentative plans to build three manure gasification plants in the Texas Panhandle, near Hereford and Dumas, and is considering a plant in California.

"We need at least 100,000 head (of cattle) in an area" to make a manure gasification plant feasible, Samis said. "There's just a certain number of sites in the country."

CRAP has signed a 25-year contract with People's Gas Co. of Chicago to supply the utility with methane gas, Samis said. People's Gas will pay \$1.94 per thousand cubic feet when the gas starts moving, and the price will rise with inflation, based on the Consumer Price Index.

The price People's Gas will pay is a few cents less than it costs to produce the fuel, but the difference will be made up with the sale of other manure by-products, Samis said.

Farmers Union Decries Farm Bill Defeat

The Texas Farmers Union is adding its voice to the hands of angry farmers who are still angry about the program that should not be penalized for not planting a program of up and planting the program. Farmers are assured that target price and disaster protection.

The Texas Farmers Union leader added consternation about the misunderstandings about inflation and farm income which the Congressional battle underlined.

Said Naman, "The defeat of the farm bill will further erode a favorable balance of payments and cause disruptions in agricultural markets around the world. Contrary to the propaganda that the farm bill was inflationary, the fires of inflation are fed by erratic farm prices. When farm prices roller coaster, the persons affecting food by costs between the farmer and consumer are free to inflate prices to the consumer without rewarding the producer. A good farm program would have been anti-inflationary."

In its release, the Texas Farmers Union reavowed its fight for 100% of parity and urged farmers to become more involved in political and organizational affairs. TFU is, in addition, setting the event of its coming Board of Directors meeting April 22 as its date to launch efforts to "organize farmers in Texas as they have never been organized before."

Naman concluded his statement by saying, "Even though farm people suffered demoralizing defeat in the loss of the farm program, there is a new awareness among farmers of where they are going and how they get there. This is something now, and because of this, farmers and the institutions that serve them will never be the same."

Whirlettes 3rd In District Track Meet

By Doug Simpson
The Whirlette track squad vaulted eleven individuals into the regional competition on Saturday with a 124 1/4 point performance and third place in the district 4-AA track and field meet here last Friday.

FHS will be represented in a total of seven events in Saturday's event at Texas Tech. The 4-AA competition was won by a strong Abernathy club and 155 1/4 points. Floydada followed and Lockney and Idalou rounded out the five schools.

In field events, Kim Curry and Paula Ratliff, realizing that nothing was impossible, captured first and second place in both the shot put and discus events.

Curry's throws netted a pair of firsts and Ratliff took the runner-up spot both times.

Also, in field events, Caren Campbell leaped 5'4" to win the high jump competition, while teammate Rosemary Barnes placed 2nd in the triple jump.

Carmen Coleman just missed a chance to regional in the 220-yard dash. Coleman's 27.5 clocking was a tenth of a second behind the second place competitor.

Jaine Guest notched the top spot in the 80-yard hurdles with a sizzling 10.8 clocking.

The 440-yard relay four-

some, (Carmen, Sylvia, and Beverly Coleman) along with Donnette Williams finished in second place.

The 880-yard relay team also earned a trip to regional with second place, that team consisting of (Carmen, Sylvia, and Beverly Coleman) and Karen Turner.

Breezers Notch Pair Of Seconds; Breezettes Two Fourths In District Meet

By Doug Simpson
Floydada's junior high track teams captured a pair of second place finishes and two fourth place results Saturday in the district 4-AA track and field meet held at the FHS track complex.

Mike Brownlee's 7th grade squad and Arlon Barnes' 8th graders were second place winners and Coach Jackie Chadwick's girls teams captured two fourth place overall finishes.

7TH BOYS

Felix Soliz placed 3rd in the shot and second in the discus to lead field events. Mike Lipham took 6th in the discus.

Foster Whaleys Here Saturday

Foster and Lois Whaley will be in Floydada Saturday at a 3:00 p.m. reception in the community room of The First National Bank. Foster is a candidate for State Representative and looks forward to visiting with the people of this area.

It is anticipated that the reception time could vary a little according to the time Lighthouse Electric annual meeting ends. Refreshments will be served.

Reception To Honor Chamber Manager

All Chamber of Commerce members and interested persons are invited to reception, Monday, April 24 for Lance Barrow, the new manager for the Floydada Chamber of Commerce. This reception will be held at the First National Bank Community Room beginning at 7:30 p.m. Everyone is urged to come out and meet Mr. Barrow at this time.

LIVESTOCK JUDGERS from Cloud County Community College returned from their NACTA contest last weekend with five, six plaques, seven canes, and the satisfaction of winning first as a team four times and second out of 40 competing schools and 650 contestants. Trainer Troy Harris was especially proud of the Livestock Evaluation and Judging team which competed at the National Association of Teachers and Teachers of Agriculture in March because these two teams brought home the highest scores. As It Looks From Here

Omar Burleson, M. C. 17th District, Texas

WASHINGTON, D. C. -- MILLIONS OF DAZED TAXPAYERS staggered to their mailboxes last week to deposit their damp tax returns. Perhaps it is just as well that there was little publicity about a report of the Inspector General of the Department of Health, Education and Welfare that in 1977 between 6.3 and 7.4 billion dollars was lost by fraud, abuse and waste. The overburdened taxpayer, already unhappy, would and should, graduate to irate-

ness. PEOPLE GENERALLY WILL NOT MIND PAYING THEIR FAIR SHARE OF TAXES to support their Government if they could feel their Government was spending their money properly. We know that our national defense is necessary for our safety and a thousand and one other services to which we have become accustomed. However, the report of the Inspector General of HEW is enough to ignite outrage from San Francisco Bay to the Gulf of Mexico. The Eastern press carried the story on its inside pages and T.V. news hardly took notice. The reason may not be particularly important but one must wonder if we have become calloused to such happenings when we hear every day of misdeeds.

THE REPORT IS STAGGERING IN ITS IMPLICATIONS. This loss, for whatever reasons, amounts to about 5 cents of every dollar in this massive Agency's 1977 budget. An estimated one billion dollars evaporated through outright fraud or abuse in the "social services" administered by HEW. It seems the remaining losses were largely between Medicaid, welfare and student loan defaults. When Secretary of HEW Joseph Califano was questioned by Committees of Congress as to why, where and how such a thing could happen, about the most he had to say was that it was just a doggone shame that all of these billions slipped away. He did say, "We have been moving administratively and as aggressively as we can within existing law and resources to deal with this problem."

THE NEW BUDGET FOR THE FISCAL YEAR 1977 from which the approximately \$7 billion got lost was \$148 billion. For the current fiscal year it is \$164 billion. The Carter Administration's proposed budget for the next fiscal year beginning October 1, is \$181 billion. Let's see now 5 cents of IT SEEMS THAT WE ARE TO BE COMFORTED BY SECRETARY CALIFANO'S ASSURANCE that he has cranked up the Department's computers to try to trace this appalling leakage. One must wonder if the Congress and the Country has slipped into a sort of fatalism and made to feel that with such a huge bureaucracy with the billions of dollars it oversees, it is inevitable that things like this may occur.

NO ONE REALLY KNOWS HOW MUCH A BILLION dollars is in the first place and when it reaches up into the hundreds of billions, we seem to lose our concept. The taxpayer has the right to know as best he can as to how his money is being spent -- yes, as to how a lot of it is being wasted. We can't all agree on purposes for every expenditure but can agree that extravagance, fraud and carelessness not be tolerated. Publicity about these things and demands for correction are the only recourse. For the future, the remedy is for Congress not to appropriate these huge sums for those programs which have obviously failed or were not justified in the first place.

NEW TECHNOLOGY TO BOOST BEEF REPRODUCTION--Investments in new knowledge and production practices will pay dividends in beef operations by increasing the profit potential, contends a livestock specialist with the Texas Agricultural Extension Service. OTWELL BROTHERS TO PERFORM IN TULIA ...The Otwell Brothers of the Lawrence Welk show will appear at the Tulia High School Auditorium, Friday, April 21st at 8:00 p.m. The performance is sponsored by the Tulia Lion's Club and the proceeds will benefit the Tulia Fire Department in paying for the "Hurt Jaws of Life," the Tulia Girls Scouts, and the other Lion's Club projects. Admission will be \$3 for adults and \$2 for all students, preschoolers will be admitted free.

David and Roger, sons of Mr. and Mrs. O. B. Otwell, have been closely associated with members of the Tulia Lion's Club for several years. The brothers are home for a short visit with their family after finishing a southern tour with the Welk Show which included 14 cities in the southern states. The two Texas cities were Port Worth and Austin.

The boys will return to California April 27th to prepare for a three week engagement at Lake Tahoe, June 21st through July 12th. Next on the agenda will be a show by the twins alone in Massachusetts. They will then prepare for a northern tour beginning June 1st.

Advance tickets will be available from Lions Club members and from fire department members. Tickets will go on sale at the gate one hour before show time. The doors will open one-half hour before show time for those attending to find a seat. The Tulia Fire Department will also have the Hurst Jaws of Life set up for display and will be available to tell how this piece of emergency equipment can save lives.

Beef Conference Examines Market

AMARILLO--Ways to feed cattle to meet the needs of specific markets will be examined by producers and other members of the cattle industry throughout the region during the 1978 Texas Beef Conference to be held here Thursday and Friday, April 20-21.

The conference, at the Hilton Inn on 1-40 East, begins with registration at 11 a.m. Thursday, April 20, said Dr. John McNeill, Extension area beef cattle specialist.

Beginning at 1:30 p.m., a series of speakers will focus on the conference theme of producing cattle for specific markets. Dr. Ted Montgomery of West Texas State University, Canyon, will preside over the afternoon session. The speakers and their topics will be:

Beef market alternatives, Dr. John Hopkin, Stiles Professor of Agricultural Finance and head of the department of agricultural economics at Texas A&M University, College Station;

Influence of nutrition on carcass composition, Dr. Glen Loggren, New Mexico State University, Las Cruces, N.M.;

Feeding cattle to fit the choice fed beef market, Dr. Duane Flack, Monfort of Colorado, Greeley, Colo.;

Feeding for the restaurant chain market, Karl Willig, Sambo's Restaurant, Inc.;

How much hamburger tomorrow?, Richard Ligon, Cattle Development Corp., Gruver, Texas;

Feeding for the hedge market, Dr. Don Gill, Oklahoma State University, Stillwater, Okla.;

The T-Bone Club dinner, a highlight of the annual conference, will feature James (Doc) Blakely, humorist from Wharton. Rex McAnelly, manager of Moody Farms, Pampa, will preside at the dinner and social hour which begins at 6:30 p.m.

Friday sessions will look at management systems to assure cattle performance and carcass quality. The sessions begin at 9 a.m., with Dr. O. D. Butler, associate vice president for agri-

culture and renewable resources at Texas A&M, presiding. Topics and speakers Friday will be:

Sorting feeder cattle into expected outcome groups, Dr. Will Butts, USDA Agricultural Research Service,

Washington, and Dr. Bob Long, professor of animal science, Texas Tech University, Lubbock;

Topping pens of fed cattle, Dr. Don Williams, Henry C. Hitch Feedlot, Guyman, Okla.;

SHERIFF, FLOYD COUNTY

My sincere thanks go to the people of Floyd County, the Commissioner's Court, and the Sheriff's Department Personnel. Now I am asking you, the people of Floyd County, for your vote on May 6 to serve you as Sheriff for the next term. Duties of the office have kept me from seeing you individually, but I feel that you can survey my record and, know how to vote.

Since December, 1976, I have served you as Sheriff. Not any one person can please everyone, but if you will come to the office and, check the records you will see for yourself how many people have been prosecuted and convicted.

The Sheriff's Department works in cooperation with the Floydada and Lockney Police Departments as well as the Texas Department of Public Safety, and as a result many cases have been and will be solved. All of us have worked hard to try to make Floyd County a better place to live. Long hours are spent in doing so. If you are in doubt, come to the office any time and check the daily log which is kept twenty-four hours a day. We do not always use the radio when we are on surveillance, everyone, it seems, has a scanner.

It is my desire to serve as your Sheriff for a full term. Your vote and influence will be greatly appreciated. I sincerely solicit your vote.

A Governor Who Knows Agriculture

Other candidates may talk a lot about the problems of farming and ranching. None of them has the background and experience in agriculture gained over his lifetime by the Governor already in office—Dolph Briscoe.

THE PAST

- ★ Earned award as the state's leading conservation rancher-farmer when during the drought of the 1950's he turned brush-infested, sun-baked range lands into lush grasslands by root-plowing and re-seeding.
- ★ Helped organize and served as president of Southwest Animal Research Foundation, which conducted the successful screw worm eradication program.
- ★ Past president of Texas and Southwestern Cattle Raisers Association and the Mohair Council of America, chairman of National Livestock and Meat Board and Director of Texas Sheep and Goat Raisers Association.
- ★ Has won two high awards from Texas A & M for contributions to agriculture, as well as the Federal Land Bank Medal.
- ★ As legislator sponsored the Colson-Briscoe Act creating the farm-to-market road system that brought rural Texas out of the mud.

THE PRESENT

- ★ Kept his promise of no new state taxes in three consecutive Legislatures; advocates property tax

relief for homeowners and family farmers and repeal of the sales tax on utilities.

- ★ Signed into law a requirement that all beef and dairy products purchased by state-supported agencies be produced in the U.S., and has urged President Carter to require federal agencies to do the same.
- ★ Has urged President and Congress to require imported agricultural products to meet the same inspection standards as domestically-produced goods and favors the Beef Import and Labeling Act of 1978 requiring imported beef to carry an identification label to the ultimate consumer.
- ★ Backs the Flexible Parity Act of 1978 which would establish new target prices for wheat, upland cotton and feed grain.
- ★ Backs emergency legislation in Congress directing Secretary of Agriculture to increase acreage set-asides for this year's crops of wheat, corn, cotton and soybeans by 31 million acres, thereby stimulating market prices.
- ★ Has helped mobilize nation's governors to encourage President and Congress to bring about 100% parity in the marketplace for American agricultural products.

Throughout his private and public career Dolph Briscoe has provided strong leadership for agriculture. His actions speak louder than the promises of others. He has earned re-election to a second four-year term.

Mackenzie Drawing Area Fishermen

Good fishing prevails at Lake Mackenzie, according to John McCannon, acting manager, and also the Texas Parks and Wildlife Commission which is hailing Mackenzie as one of the better fishing spots of North and West Texas.

McCannon said that 8 and 9-pound channel cat are be-

ing caught by trotline as well as 2 1/4 pound basses and pound crappies caught with minnows.

An occasional 12 and 18-inch rainbow is being caught.

McCannon said response has been good after the appeal for trees for the park.

About 20 of the 30 trees left at the lake have been pur-

chased as memorials and a number of orders have been placed through E-Kay Supply at Tullia which is providing trees at wholesale cost. An appropriate marker will be affixed to each tree given as a memorial.

Cactus Cove, the 30 by 60 foot concessions building located on the south side of the

lake one mile west of the boat ramp is almost complete and is now open. Owned by Harman-Toles, it is managed by Steve and Darlene Cole. It has available picnic supplies, drinks, ice, meat, cheese, potato chips, camping supplies, and many other items. Presently it is open on weekends and as the season

advances will be open full time.

Water at the lake is now 62 degrees at six feet. Depth at the dam is 82 feet.

Traffic at the lake has been heavy with many visitors from the Amarillo and Lubbock areas. However, McCannon said about one car in four is from Tullia.

Sales Tax Rebates Up Over Last Year

AUSTIN—State Comptroller Bob Bullock said Friday that city sales tax rebates for April are up 24 percent over last year.

Bullock said that his office Friday mailed rebate checks totaling \$20.2 million to 899 Texas cities as their April share of the local-option one percent city sales tax.

This compares to the \$16.2 million rebated last April. The latest rebates bring collections to date this year to \$121.6 million, compared to \$105.7 million for the first four months of 1977. This is a 15 percent increase.

The engagement has been announced of a July wedding planned by Tom and Gladys Fortenberry's granddaughter, Pamela Boone, daughter of Mr. and Mrs. M. L. Boone of Lubbock to Jackie Hayhurst, son of Rev. and Mrs. Jack Hayhurst of Oklahoma.

In addition to these rebates, the recently created San Antonio Metropolitan Transit Authority received a rebate check—its first—totaling \$1.4 million.

The rebate check represents collections of an additional one-half cent sales tax authorized by voters in San Antonio and seven neighbor-

ing cities, effective last January 1, for financing mass transit systems for the participating cities.

The residents of those cities are the first to take advantage of the special sales tax levy authorized by the legislature for certain large cities to finance mass transportation systems.

As usual, the City of Houston received the largest city sales tax rebate check—\$4.9 million. City sales tax collections there are running 18 percent ahead of last year.

The City of Dallas was sent a check for \$2.6 million; San

Paul Treptow Named County Entomologist

Paul Treptow assumed responsibilities Monday as entomologist for Crosby and Floyd counties. He will operate from an office in the brick building immediately south of Crosby County Courthouse.

Office hours will be 8 a.m. until 5 p.m., although the entomologist anticipates being involved in field work a portion of the time. He may be reached by phone at 675-2426.

A Kingsville native, Treptow is completing work on a Master's degree at Texas A&M University. He moved to Crosbyton from Bryan, where he resided while studying at Texas A&M. Treptow, 24, is not married.

He succeeds F. Ed Byrd, who resigned in October to accept a position with Crosbyton Seed Co.

"I am looking forward to working with area producers and others to whom I may be of assistance," Treptow says.

PAUL TREPTOW

96% OF THE POPULATION WILL NOT FEED YOU!

It's hard for Americans to realize, but at this very moment in many of the under developed countries of the world 50% to 80% of the population is still engaged in the direct production of food.

And it hasn't been long since the same was true in our country. Less than 40 years ago when our country was recovering from the great depression — approximately 85% of all Americans were living on farms and ranches. Today less than 4% of our population are engaged in food production.

A major reason for the high standard of living that we all enjoy is the efficiency of American farmers and ranchers. Their efficiency frees the other 96% to produce the color television sets, sports cars, microwave ovens and other products we enjoy so much. It also frees people to become heart surgeons, chemical engineers, T. V. Stars and professional football quarterbacks.

Thanks farmers for the continuing contribution you are making to our abundant life.

Agriculture is basic in Texas. America needs a strong agriculture.

FINANCIAL MANAGEMENT SEMINAR—A Financial Management Seminar for Agribusiness Firms will be held at the Texas A&M University Research and Extension Center at Dallas, May 23-25, announces an economist with the Texas Agricultural Extension Service. Discussions will center around such areas as financial statements, merchandising credit, analyzing business opportunities, time management, capital budgeting, forms of business and planning for growth.

RURAL COMMUNITIES COMPETING FOR TOP OWNERS—During April and May, many rural communities in Texas will be competing in judging in the Texas Community Improvement Program for the honor of being named the top rural community in the state. The program for communities with less than 1,000 people is co-sponsored by the investor-owned utility companies of the state and the Texas Agricultural Extension Service. It is designed to stimulate community improvement through organizational efforts.

FARM & RANCH NEWS

New Labor Regulation To Affect Ag Youth

Extension Service. Presently, as a result of a 1974 amendment to the Fair Labor Standards Act, minors under 12 years of age may only be employed for non-hazardous work with written parental consent and only on farms where the employees do not come under federal minimum wage provisions. This means a farm having less than 500 mandays of agricultural labor during any quarter during the preceding calendar year.

The proposed regulation provides for a waiver to permit the employment of 10- and 11-year-old youth in agriculture as hand-harvesters of short season crops on larger farms under certain conditions, points out Nelson. Youth hired under the waiver must be employed during non-school hours and must commute daily from their permanent residence.

Any employer or group of employers may apply for a waiver to cover not more than an eight-week period between June 1 and October 15 of any calendar year, notes the engineer.

Each waiver application must include signed statements by the employer, employees, county extension agents, officials of the state employment service, and other knowledgeable individuals regarding substantiation of the following provisions:

- Such agricultural operation "is customarily and generally recognized as being paid on a piece rate basis in the region in which

such individuals would be employed."

2. The "industry of such employer has (prior to the 1974 restrictions traditionally and substantially employed individuals under 12 years of age without displacing substantial job opportunities for individuals over 16 years of age."

3. The crop to be harvested is one with a "particularly short harvesting season", normally within a four-week period, in the particular region in which the waiver will be applicable.

4. The 12-year minimum age prescribed since 1974 has and would cause "severe economic disruption in the industry of the employer applying for the waiver."

5. Neither the type of "employment" nor the "level and type of pesticides and other chemicals used" would have a harmful effect on the health and well-being of the employed minors.

6. Individuals age 12 and above are not available for such employment.

Nelson cautions that this regulation is only a proposed regulation at this time. Comments, pro or con, regarding the proposal are invited from producers and other interested persons and should be mailed by May 4 to Lucille C. Pinkett, Wage and Hour Division, Room 5-3022, New DOL Building, 200 Constitution Avenue NW, Washington, D. C. 20210. For further information call 202/523-8412.

VETERANS ASK

A-What is the present educational assistance rate for a veteran with a wife and two children when the veteran is a full-time student in a vocational rehabilitation program?

A-The veteran would receive \$377 per month.

Q-I would like information on the Small Business Loan Program run by the VA. How do I obtain one of these loans?

A-The Veterans Administration no longer has a Small Business Loan Program. You may wish to seek information from the Small Business Administration.

Q-I have a U. S. government "K" term life insurance policy. I have been advised to convert to an "endowment at age 96" policy because it is less costly. I have been told this type of policy would not have the regular permanent and total disability benefit. Is this true?

A-To keep the cost of the "Endowment at age 96" policy at a low level, the regular permanent and total disability benefit was eliminated. Instead, the "Endowment at age 96" policy will be issued with no disability benefit or, at election of the insured and by payment of an extra premium, a less costly type of total permanent disability provision which allows premium waiver only may be obtained.

Q-I am a veteran drawing VA pension. I have no dependents. I will be entering a VA hospital soon for a 90 day period. Will I continue to receive my full pension during my period of hospitalization?

A-The pension of a hospitalized veteran without a spouse or child is reduced to an amount not in excess of \$50 a month after two full calendar months of hospital care.

COTTON TALKS

FROM PLAINS COTTON GROWERS, INC.

Officials of Plains Cotton Growers, Inc., Lubbock, have announced that the organization's 1978 annual membership meeting will be held at 2:00 p.m. on Wednesday, May 3. It will be in the South Park Inn, South Loop 289 and Indiana, Lubbock.

The meeting will key on information related to the all-important export markets for High Plains cotton, with two highly knowledgeable speakers on the subject, including one from the largest open-end spinning operation in continental Europe. All "cotton people" on the High Plains are invited.

Additional details of the meeting will be reported in this space next week, officials said.

What was most likely the last reasonable chance for major changes in the 1978 government cotton program went by the board April 12 when the House in Washington voted down by 268 to 150 a Senate-passed farm bill. The bill would have raised basic support prices for cotton, wheat and feed grains and allowed producers to qualify for higher target prices by idling up to one-half of their acreage.

Other efforts no doubt will be made, but the heavy "NO" vote in the House, plus President Carter's promise of a veto, indicate heavy odds against success.

The option to set aside 10 percent of planted cotton acreage and receive a payment, as announced by USDA March 29, remains open to producers. But Department officials are emphasizing that it is strictly voluntary.

Producers who do not want to participate in the 10 percent set-aside arrangement, unless they violate other program regulations, will qualify for all program benefits except the set-aside payment without restricting the acreage planted to cotton.

For example a farmer who has a Normal Cropland Acreage (NCA) of 100 acres and plants 150 acres to cotton, if he plants no crop for which there is a set-aside requirement, will still be in compliance. However if he plants feed grains or wheat, both of which have a required set-aside, total cotton, feed grains, wheat and set-aside acreage must not exceed his 100-acre NCA. Otherwise he would lose eligibility for program benefits on all crops.

The payment to producers voluntarily going the 10 percent set-aside route will be two cents per pound times the farm's established cotton yield times planted acres.

The payment will be made in return for the producer (1) idling, or setting aside, an acreage equal to 10 percent of planted acreage, (2) complying with his farm's assigned NCA, and (3) restricting acreage planted to cotton plus acreage set aside to a total no greater than his cotton acreage in 1977.

This latter requirement is a change from the original announcement that 1978 planted acreage alone could equal 1977 acres.

Some people have believed that a short shadow indicated waning strength.

Some consider it bad luck to let your shadow fall on a tree.

Start with more control. Finish with more cotton.

4-Hers Win At District

SECOND PLACE HORSE JUDGING TEAM, left to right: Jay Waller, Ronnee Thornton, Kevin Turner, John Fortenberry.

4-H FIRST PLACE RIFLE TEAM... (l to r) Mike Allen, Kenny Willis, Norman Allen, and Chris Fulton. Coaches are Harvey Allen and Kenneth Willis.

FLOYDADA WINNERS AT SOUTH PLAINS REGIONAL CAKE SHOW... amateur, youth and professional. Mrs. R. L. Crawford, left won a first in the Beginners Division and a second place in overall competition; Cathy Langley won a first place in the Junior Division, nine year olds and under; and Charlene Langley won a first place in Professional Special Techniques and a first in overall professional. The show was held from Thursday until Saturday last week in the South Plains Mall in Lubbock. Contestants pictured are standing back of their decorated cakes.

Floyd County teams came out in good shape in competition with twenty other counties in the District 4-H contest held April 15 at Lubbock. Over 350 boys and girls competed in the event at Texas Tech University, which included livestock, dairy, and horse judging, and rifle skills. The contests were part of district competition for 4-Hers' aspiring to Texas 4-H Round-Up June 6, 7, and 8 at College Station.

Teams qualifying for Round-Up from Floyd County were rifle and horse judging. Rifle team members Chris Fulton, Kenny Willis, Mike Allen, and Norman Allen continued a six-year string of winnings for Floyd County in the rifle competition. Kenny, Chris, and Mike also took first, second, and third high individual honors respectively. The junior rifle team members, Dane Daniel, Tom Ross, Russell Ford, and Steve Johnson placed second in the junior competition.

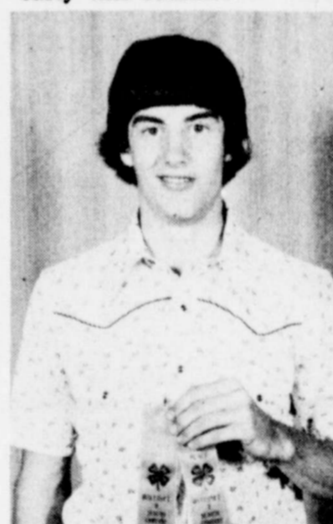

Coaches for the rifle team are Harvey Allen and Kenneth Willis of Floydada, and Hugh Daniels and Rass Ford of Lockney.

Horse team members Jay Waller, John Fortenberry, Kevin Turner, and Ronee Thornton took second place honors and the right to go to Round-Up in the horses judging. Ritchie Thornton was the only junior member judging and was tied for tenth high individual.

Senior team livestock judges were in stiff competition, but did bring home some honors in that Byron Brock was second high individual. The senior team livestock judges were Ty Williams, Byron Brock, Jodie Foster, and Tim Covington.

Junior team livestock judges were Mack Sherman, high individual in swine judging, Phillip Kidd, Brad McNeill, and Shannon Barbee. The junior team stood fourth in overall junior livestock judging.

Other 4-H members from Floyd County will compete in demonstration events on April 29 for the right to go to the Texas 4-H Round-Up early this summer.

KENNY WILLIS-High individual in Rifle.

Golfers Complete District

The overall individual and team results of the district 4-AA golf tournament were released last week with the completion of the fourth and final round hosted by Abernathy.

Tulia's Hornets repeated as district champions with a total 4-round score of 1308 strokes. Idalou's first team claimed runner-up honors with a 1364 total, as Abernathy took third place and Floydada's #1 squad rounded out the top four. FHS completed the round with a score of 1410.

The #2 Whirlwind team also finished behind Tulia, Abernathy, and Idalou's second teams.

Clay Simpson fired the fourth lowest score in district with a 4-round total of 333, just 21 shots off the district medalist scorecard.

Jim Covington finished as FHS's number 2 golfer with a 356. Other individual scores included Kerry Pratt-362; Monty Smitherman-368; Jimmy Jones-376; Rick Covington-392; Jack Carthel-285 (did not play first round), Bill Starkey-296 (did not play second round), Jimmy Jackson-301 (did not play third round) and Todd Vickers-319 (did not play third round).

CARD OF THANKS
 LINDSEY AND I would like to express our thanks to my sister, Mrs. Jewell Teague, and a very good friend, Mrs. Jerry A. Pearson for hosting a reception in our home in honor of our Golden Wedding Anniversary which was April 12, 1978, and Lindsey's birthday April 9, 1978.
 We want to thank Cecelia Jones, Kathy Green and D'lene Pearson for serving the refreshments and to each one who helped in any way.
 We thank each one who was so thoughtful in sending flowers, the gifts and the cards.
 All of these acts of thoughtfulness made our day complete.
 Our love,
 Lindsey and Ethel Graham

Golfers Complete District

The overall individual and team results of the district 4-AA golf tournament were released last week with the completion of the fourth and final round hosted by Abernathy.

Tulia's Hornets repeated as district champions with a total 4-round score of 1308 strokes. Idalou's first team claimed runner-up honors with a 1364 total, as Abernathy took third place and Floydada's #1 squad rounded out the top four. FHS completed the round with a score of 1410.

The #2 Whirlwind team also finished behind Tulia, Abernathy, and Idalou's second teams.

Clay Simpson fired the fourth lowest score in district with a 4-round total of 333, just 21 shots off the district medalist scorecard.

Jim Covington finished as FHS's number 2 golfer with a 356. Other individual scores included Kerry Pratt-362; Monty Smitherman-368; Jimmy Jones-376; Rick Covington-392; Jack Carthel-285 (did not play first round); Bill Starkey-296 (did not play second round); Jimmy Jackson-301 (did not play third round) and Todd Vickers-319 (did not play third round).

Don't wear clothing with wide sleeves or trailing sashes while cooking—they could catch on pots and pans or catch on fire from burners, warns Claudia Kerbel, consumer information specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

CARD OF THANKS

LINDSEY AND I would like to express our thanks to my sister, Mrs. Jewell Teague, and a very good friend, Mrs. Jerry A. Pearson for hosting a reception in our home in honor of our Golden Wedding Anniversary which was April 12, 1978, and Lindsey's birthday April 9, 1978.

We want to thank Cecelia Jones, Kathy Green and D'Lene Pearson for serving the refreshments and to each one who helped in any way.

We thank each one who was so thoughtful in sending flowers, the gifts and the cards.

All of these acts of thoughtfulness made our day complete.

Our love, Lindsey and Ethel Graham 4-20p

What One Person Can Do

When Mother Teresa, who ministers to the dying of Calcutta, visited Australia, it was Shirley Smith whom she wanted to meet. Known as the "black saint," Mrs. Smith is an aborigine who

neither reads nor writes. The big woman in her mid-50's is known as "Mum Shirl" by the 20,000 to 30,000 aborigines of Sydney.

"Mum Shirl" is angry about the miserable lot of her people, an anger she has channeled into a lifetime of work on their behalf at St. Vincent's Church. She works seven days a week with people beset with poor health and alcoholism. She has appeared in court on

The Floyd County Hesperian

behalf of nearly 5,000 juvenile offenders, victims of broken homes.

Shirley Smith has 13 children, 41 grandchildren and two great grandchildren; but, says Father Edward Kennedy of St. Vincent's, "at least 300 children have at some step called her 'Mummy.'" She has taken many needy youngsters under her own care.

It was the imprisonment of her brother that opened

the eyes of this fiery woman to the magnitude of her people's suffering. "She starts things," says Father Kennedy, "and gives them a focus. She stands by the weak."

The church has been turned into a crowded community center where down-and-out alcoholics come and where people wait to die. Shirley Smith is the moving force behind the ministry of a priest, a monk and six nuns

who work with the poor. It was here that Mother Teresa came to shed her soul.

"We are here to love the poor," Shirley says. "For a free copy of 'Happy Are They Who Mourn,' self-addressed envelope to The Hesperian, 12 E. 48th St., New York, N.Y. 10017."
