Board hears plan for gifted student program

A specially-organized team from the Floydada Independent School District presented a proposal to the district board of directors Tuesday night that would set up programs for gifted and talented students.

Charles Tyer, principal of Floydada High, told the board that some children, because of their outstanding abilities, were capable of high performance. But, Tyer said, these children required a differentiated educational program to help them realize their potential contribution to society.

"The term 'gifted' is a broad one," Tyer said. "To be included, a child must demonstrate a combination of above average ability, task commitment and creativity." It was possible, Tyer said, that many children would meet one or two of the qualifications but only a few could meet all. After the final screening, he said, only from three to five percent of the 1,300 students in the system, or about 40 children, would be selected for the gifted program.

District team member Teresa Holloms explained that the program was necessary because such talented students do exist in the system.

"They have very special needs," Mrs. Hollums said. "They need to, and

can be, trained to think on a higher level." If the students learned special techniques for self direction, they can make a very special contribution to society, she added.

J.E. Waller assured the board members that the costs of setting up a gifted program would be minimal.

"We are not recommending hiring a special teacher," Waller said, "because we have teachers in the system now who are capable of carrying out the program." All the program would need, he said, would be special materials, most of which were easily available. Waller added that the district could receive as much as \$150 from state funds for each student who went into the program.

Joanne Cagle explained that the program would be set up after three separate processes.

In the first procedure, screening, all students in the system would be reviewed by their teachers to collect general data for recommending participants.

Identification of the gifted students, she said, would be accomplished by means of individual tests, behavior scales and personal interviews.

The final step, selection, would consist of narrowing the possibilities to

from three to five percent of the entire student body.

"It's not an enormous thing in numbers," Mrs. Cagle said, "and we will lose some along the way." But the team would continually screen other students for possible inclusion into the program.

Doris McLain noted that the teachers would be the primary implementers of the program.

"They (the teachers) would be volunteers with a high level of thinking who are flexible with time management and are willing to reverse roles with students," Ms. McLain said. "After all, it is the teachers who will be doing the changing, not the students."

The students would receive their instruction during field trips, internships, special classes, a resource center and even attendance at school on an extended day basis where the student could come early or stay late, depending on his needs.

The program will be introduced to the system's faculty at an inservice meeting on Jan. 2, 1980, Kay Dean Smith told the board.

The program team will meet four times during the 1979-80 school year to plan the program, she said. During

1980-81, nine meetings will be scheduled for training, selection and some work with students. In the 1981-82 year, advanced staff training will be held and a great deal of the program will be underway. The present team and individual school principals would set up the initial screening and act as the core group.

"The program is very highly selective," Tyer said. "Some children will not be selected even though the parents may think their child should be included. What we need is support from the board."

"The teaching strategies that will be developed can be used at all levels," Tyer continued. "We have programs for special education and the hard of hearing. But the ones who are left out are the potential rocket designers, the Wilbur Wrights and the Einsteins. We could have a Dr. Debaque come out of it."

"It won't cost a lot of money, but will take a lot of dedication and hours," Tyer added. "It's a good program for the whole system, not just the gifted and talented."

Overall, the directors seemed to be pleased with the presentation and pledged their cooperation.

SAVED — The driver of this car on Sandhill Highway Wednesday apparently skidded off the road into the ditch. Tire tracks indicated the driver attempted to travel down the ditch about 75 yards before giving

up on getting back onto the roadway. This motorist's plight underscores the need for caution while driving during icy conditions. The accumulated ice on the Sandhill Highway was an inch thick in some places.

Rep. Stenholm suggests sending Christmas cards to hostages in Tehran embassy

WASHINGTON, D.C. — Congressman Charles W. Stenholm this week urged the American people to "mail a Christmas card to hostage American citizens in Iran during the holiday season as an indication of our concern and support.

Stenholm introduced a concurrent resolution before Congress Monday asking that "the American people immediately send Christmas cards to the hostages as an indication of our concern for their welfare and our support for the government of the United States as it seeks to secure their release."

"The cost of a Christmas card and the approximate 62 cents for postage is a small price for us to pay to indicate to the Iranian government the unity and resolve of our people," Stenholm said.

"In a situation like this, particularly one which has lasted so long, it is frustrating because everyone wants to do 'something' to help, but as individuals, it seems that there is little we can

do, he said, explaining the purpose of the resolution.

While the State Department has given us little assurance that the cards would ever actually be delivered to the hostages, we can hope. Of course, more than anything else, we hope that the hostages have been released before the cards are even mailed," Stenholm said. But if they are not, delivery of the cards to the American Embassy in Iran will be a strong indication to the Iranian government of our support."

In his resolution, Stenholm said both the Iranian government and the students illegally holding the hostages "do not believe the government of the United States currently enjoys the support of the American people in its dealings..."

"I can't think of a better Christmas present for the Ayatollah Khomeini than an avalanche of cards being sent to our embassy people," he concluded.

Cards should be sent to: American Embassy, 260 Taleghani Avenue, Tehran, Iran.

Pioneer Gas changes formula for sales to city

Cost of natural gas to generate electric power to go up

Changes in the formula by which the city buys natural gas to generate electricity will most likely result in higher prices to Floydada power consumers after the first of the year.

The city council Tuesday night read and discussed the change proposal from Pioneer Natural Gas Co.

Under the new contract, the city would be obligated to purchase a minimum of 75 million cubic feet of gas each year over a three-year period. That was down from 100 million cubic feet under the previous five-year contract.

"We won't know exactly how much we will have to pay until we get the first bill in January," said Bill Feuerbacher, the Floydada city manager. Feuerbacher estimated that Pioneer would raise its rates to the city from \$2.08 for each thousand cubic feet to \$2.31 for the same amount.

Since April of 1979, Floydada has purchased 152,002,000 cubic feet of gas to generate power, at a cost to the city of \$227,240, Feuerbacher said.

Cable television rates were also expected to go up after the new year.

D.H. Pope, a representative of Television Signal Service Co., presented the councilmen a revised rate schedule Tuesday. If approved by the council after a public meeting next month, monthly rates for the first outlet would go from \$8.25 to \$9.25, with additional outlets remaining at \$1 each.

Installation fees for the first outlet would stay at \$10, but additional outlets would go up from \$7.50 to \$12.50. Inflation was blamed for the proposed increase.

The council quickly passed a resolution to accept a state Department of Highways and Public Transportation plan to update the railroad crossing

signs in the city limits.

The new signs will be posted on 18 railroad crossings in the city.

The council also set the dates that city offices will be closed for the holidays. The offices will close Friday, Dec. 21 at 5 p.m. and remain closed until 8 a.m. Wednesday, Dec. 26. The offices will also close on New Years Day.

Meet the teacher

Mrs. Kathy Miller teaches the Kindergarten Two class at A.B. Duncan Elementary.

Mrs. Miller graduated from Smyer High School in 1970 and took a bachelor of sciences degree in elementary education from Texas Tech University in 1974.

She has had four years teaching experience. This is her first year at Duncan.

Mrs. Miller's husband, Bobie, is director of music at the First Baptist Church of Floydada.

During the holidays, Feuerbacher noted, the city dispatcher will continue to take calls at 983-2834.

A resolution received approval for an updated service credit for city employees under the Texas Municipal Retirement System.

The council agreed to accept a proposal by McMorries and Co., of Hereford, to reevaluate the taxable property in the city. The reevaluation was mandated under the recently-passed Senate Bill 621.

Floydada's share of the cost of reevaluation would be \$5,176.92. The reevaluation was expected to be completed by July, 1980.

The Fierros and Son concrete company, of Lockney, won a contract to provide concrete work for three city projects.

The Lockney company bid \$850 to place two concrete pads where the new power substation will be located to support the equipment. The council also approved a \$2,427 bid by Fierros for a 40-foot by 30-foot slab behind the city warehouse to be used to repair and paint the trash receptacles.

Fierros will also supply a 125-foot by 3-foot concrete drainage ditch along the firehouse wall to prevent erosion under the firehouse wall. Cost of that project was \$553.

The council also authorized city

personnel to readvertise for bids for paving improvements on Eighth Street and approved the U.S. Department of Housing and Urban Development-recommended substandard housing ordinance.

In other business, the council appointed Charles Holmes, Ray Gene Ferguson and Bob Gilliland as commissioners for the Floydada Housing Authority.

Bill Feuerbacher reported that the city's new sanitation truck was awaiting delivery in San Antonio. The council authorized payment of the \$24,407.82 for the truck and its special wheels and tires.

Feuerbacher also told the council that the subsurface soil at the city airport was still wet. However, he said, the wet places could be chipped out and refilled to allow use of the airport.

Two large planes used the facility recently, Feuerbacher said, without mishap. If the field was filled, the Federal Aviation Administration would probably allow the airport to reopen on an official basis, he noted.

The city manager informed the council that work was underway to repair the sewer lines that backed up into some southside resident's homes this week. The sewer pumps were running by 7 p.m. Tuesday, Feuerbacher said.

The Breezers blitzed the Abernathy defense beginning from the first quarter with Mark Hatley going in for six points, including two from the free throw line, and Bobby Emert and Wayne Morren brought in four points each. Abernathy could sink only a single basket, to end the quarter with Floydada ahead 14 to 2.

The Antelopes managed to add five points to their score in the second period but the Breezers went on a 17-point scoring attack. Max Bearden made nine, while Hatley put in another five and Emert and Carlos Baker were good for two each.

Floydada put eight more points on their side of the scoreboard during the third quarter. Abernathy could muster only four.

Bearden, Tim Lipham and Joe Faulkenberry went up for two points each. Hatley and Morren scored one free throw each.

The visitors finally outscored the Breezers during the final period, but only by one point. Richard Mitchell and Michael Mendoza made the two Floydada baskets in the last quarter, compared to five points scored by the Antelopes.

Seventh grade Breezers drop Monday game to Abernathy

The Floydada seventh grade Breezers dropped their game Monday night to Abernathy here, 41 to 22.

The visitors racked up a five to nothing lead early in the first half until Michael Saens ended the Floydada scoring slump. Larry Smith put in two points to close the Abernathy lead to 5 to 4.

Abernathy scored once again in the first quarter to bring the tally to 7 to 4 but Saens edged the Floydada score up two more points to end the period at Abernathy 7, Floydada 6.

Abernathy scored only once in the second quarter and good free throws by Saens and David Morren kept the home team only one point behind at 9 to 8.

The visitors picked up another 12

points in the third quarter, while Sith added four points to the Floydada side and Saens contributed two more, to end the period at Abernathy 21, Floydada 14.

Varsity Whirlettes consolation round

Floydada varsity Whirlettes

ended the first game so far this season last Thursday during the Ralls basketball tournament but went on to win the consolation round.

The first round of play the Whirlettes ended up one point behind the other team to lose the game 31-30. The consolation game was a close one as the Whirlettes took a 15 to 8 first quarter lead and ran it to 12 points at one time in the second quarter. Ball handling was poor and cold shooting allowed the other team to jump ahead, according to coach Tommy Baxter.

Floydada girls cut their opponent's lead to 23 to 16 at the half and with 10 minutes to go in the game the Whirlettes closed to within one point. The visitors couldn't parlay several Cooper turnovers into baskets as the Floydada missed several layups and went to the free throw line.

Karen Turner scored nine points and Debra Albin scored eight points each. Rounding out the scoring were Rosemary Barnes with four, LeQuita Davis with four and Nora Black and Julianne Lipham with two each.

Floydada pulled 13 rebounds from the other team.

In the second round on Friday the Whirlettes came out with a 45 to 38 lead over Silverton. Big-second and third quarters helped Floydada to the

win, shooting 31 to 12 at the end of the game. Coach Baxter said.

Rosemary Barnes and Karen Turner led the victory with inside dominance. Barnes went in for 15 points and rebounded 13 rebounds while Turner scored nine points and scooped eight rebounds. Nora Black had eight points, LeQuita Davis had five and Kelli Lipham and LeQuita Davis had four points each.

Saturday's consolation finals, Floydada walked over Tahoka, 48 to 21. The Floydada girls took command in the opening tip and built up a 26 to 0 lead before Tahoka got on the board in the final seconds of the game.

The Whirlettes used a fast-break strategy to run their lead as high as 32 to 0 during the second half.

Rosemary Barnes led the scoring with 11 points and 14 rebounds. Debra Albin added 11 points and 10 rebounds. Kelly Higginbotham had 10 points, LeQuita Davis hit six and Rosemary Barnes added four. Karen Turner scored two each. The Whirlettes grabbed 10 rebounds.

The win gave the Whirlettes a 4-win season record.

The Whirlettes will take part in the New Deal tournament Thursday, Friday and Saturday.

The McPherson-Pool wedding is calendared for Jan. 12 in Trinity Lutheran Church of Providence.

Mrs. Warren Mathis's home in the Providence community was the site of the gift shower. I've been fighting my weight all my life. Like a lot of people, I've tried all the fad diets and strenuous exercises around. Even when I lost weight, I'd gain back in a few days what took two weeks to loose. I had seen Pat Walker's ad a few times and decided to try it. Am I glad I did. I learned good eating habits that I'll have the rest of my life. The exercise was simple but effective. The Pat Walker staff could have been nicer with all the individual attention they gave me. As a result of all this, I've lost 72 1/2 inches and 54 pounds and am still loosing. With this new outlook on life and self-confidence that I've never had before.

Becomings -

By Duffy

ERMA BOMBECK wrote in her column a couple of years ago that her then teenage family had so many plans for the holidays that the only plate she could set on the table for Thanksgiving and know for sure that he would be there was Roger Staubach's. Most of us have come to accept the marriage of holidays and the professional football leagues. J.D. Wilson, Floydada resident, wrote the following poem expressing a 1979 version of a well known Christmas poem.

A Christmas Poem

By J.D. Wilson

'Twas the game before Christmas and all through the dome, Not a creature was stirring, not even a gnome. The shoulderpads were hung in the lockers with care, In hopes that Staubach soon would be there. The players were dressed in their white and their red, While visions of defensive plays danced in their heads. And Mom in her earmuffs and I with my pipe, Had just settled down for a four quarter fight. When out on the field there arose such a clatter, I jumped from my seat to what was the matter. Away to the press box, I flew like a flash, Tore open the door with a bang and a crash. When what to my wondering eyes should appear, But a sports commentator and eight football players. With a little old man, so stupid and pale, I knew in a moment it must be Howard Cosell. More rapid than Jets, the players they came, And he griped and he yelled and he called them by name: On Campbell and Dorsett. On Simpson and Jaworski. On Swann and Foreman and Haden and Barkowski. But I heard him comment as he left like he came, "Merry Christmas to all and to all a good game".

Everyone is invited to attend and to bring a \$2 gift. Hostesses are Edith Marrs, Willie McCormick, Grace Grundy and Irene Irby.

Prevent holiday fires

Prevent holiday fires with simple safety steps, says Claudia Kerbel, a safety specialist with the Texas Agricultural Experiment Station. Here are the safety steps to remember:

- 1) Keep the Christmas tree away from fireplaces, radiators, heaters. Place it in a stand and water it daily. Dispose of the tree when needles begin to fall off in quantities — a sign it is dangerously dry.
- 2) Use only flameproof candles.
- 3) Don't set up electric lights — or similar equipment — near the tree.
- 4) Check labels before using outdoor lights — to be sure they're weather-resistant.
- 5) Check tree lights and outdoor lights each year before using. Look for frayed wires, loose connections, or cracked sockets. Replace where bare wire is exposed. Repair them or remove them away. Be sure all connections have been tested for safety and have a "UL" Underwriters Laboratory seal.
- 6) Place the tree so its lights turn on and off with a switch located away from the tree.
- 7) Don't leave tree lights burning while away from home — or after going to bed.
- 8) Don't overload electrical outlets. Don't put more than three sets of lights on any extension cord.
- 9) Also, keep connections away from the water supply of a live tree.
- 10) In decorating, use a balanced ladder — never a box, bench or chair.
- 11) Never use wax candles on a tree, near it or near other flammable items, such as pine boughs.
- 12) Teach children the importance of these safety steps. Make an emergency plan to use if fire breaks out anywhere in the house. Be sure each family member knows what to do.

1929 Study Club has Christmas program

The 1929 Study Club met Thursday December 6 with Mrs. H.O. Cline and Mrs. C.M. Meredith as co-hostesses.

The president, Mrs. Emma Lou Whitaker, presided over a short business session. The club collect was read in unison.

Mrs. C.W. Denison was leader of the program. A pledge to the Bible was voiced in unison.

Members reminisced about programs presented in days gone by, and Mrs. Denison read a poem that Mrs. Nancy Morcket presented to the club many years ago. It was entitled, "Facing Christmas," and was written by Grace N. Crowell.

"Facing Christmas" "I shall attend to the little errands of love Early, this year. So that the brief days before Christmas may be Unhampered and clear — Of the fever of hurry. The breathless rushing That I have known in the past — Shall not possess me. I shall be calm in my soul And ready at last For Christmas: 'The Mass of the Christ' I shall kneel and call out His name; I shall take time to watch the beautiful light of a candle's flame; I shall have leisure — I shall go out alone From my roof and my door;

I shall not miss the Silver silence of stars As I have before: And, Oh, perhaps — If I stand there very still — and very long — I shall hear what the clamor of living has kept from me: 'The Angels' song!' Mrs. W.B. Parrack gave the Christmas Story — 'The Authentic Christmas,' by Olivia Murry Nichols. Gifts were exchanged from the Christmas tree and members also brought children's gifts for the Community Action Center.

A refreshment plate was served to Mrs. Clarence Goins, Noman Hamilton, Clay Henry, Weldon McClure, C.M. Meredith, S.W. Ross, Lee Rushing, Ben Whitaker, Eula Parrack, Q. D. Williams, H.O. Cline and C.W. Denison.

This writer goes along wholeheartedly with John Carroll in his "Side Glances" about the trash that blows around and also what is "dropped off" by passersby. We live on a corner and our yard seems to be the catch-all for all types of trash — the kind he mentioned and even more. Keeps me busy picking up trash.

"La Marseillaise," the French national anthem, was written during the French Revolution in response to a remark that French soldiers had no spirited marching song.

Barry Love reports **Central High Plains Results**

Again this year Pioneer brand seeds are delivering outstanding yields in field after field. But we know it takes more than one year's performance to tell the whole story. Look at these results, then ask your Pioneer dealer to show you records from several years. You'll see for yourself why Pioneer brand seeds have become famous for their consistency.

In 48 comparisons across the Central High Plains during 1979, this outstanding corn hybrid averaged 10,821 lbs./A. to show a yield advantage of 495 lbs./A. over competitive hybrids. 3311 has shown excellent drought tolerance. It adjusts kernel depth to match growing conditions. And stalks and roots provide very good standability, too. With a proven record of top performance in his area, 3311 is sure to be a top choice for 1980.

Farmers rate this as one of the most desirable hybrids for Central Plains conditions. And this year's performance proves why. In 47 comparisons in this area, 3184 averaged 10,390 lbs./A. Recognized as one of the most consistent and dependable yielders in the area, 3184 has strong stalks and roots that contribute to its performance ability. Again next year, make sure 3184 is part of your corn growing plans.

This corn hybrid is relatively new to many area farmers, but it's a well-established favorite of many across the U.S. In 43 tests on the Central High Plains, the reasons for its popularity were dramatically shown. 3183 averaged 257 lbs./A. more than competitive hybrids with an average yield of 10,759 lbs./A. Excellent drought tolerance and very good seedling vigor with strong tolerance to head smut and MDMV make 3183 a good hybrid for this area.

Holiday Season Hazards...

With the holiday season rapidly approaching, care must be taken to insure that in all the hustle and bustle that accidental poisonings do not occur, warns the Texas State Poison Center. "Holiday plants and decorations can cause considerable problems," warns Michael Ellis, director of the Texas State Poison Center.

"Plants, such as the poinsettia, Christmas holly, mistletoe, and the Jerusalem cherry can all cause problems if left where small children can get to them," Ellis noted. "Although the poinsettia is not the deadly plant it is often misrepresented as, if the leaves or stems are eaten or chewed on, frequently we see fairly severe vomiting and diarrhea. This in itself can cause dehydration problems in small children."

"If holly berries are eaten they can produce severe vomiting and diarrhea, due to a number of extremely irritating substances found in both the red and green berries. Mistletoe, on the other hand, has proven deadly when ingested in any quantity," Ellis noted. "The bright red berries of the Jerusalem cherry can be mistaken for tomatoes by small children, and the consequences may prove severe."

"Since we know that small children are attracted to plants, and particularly those with bright colors," Ellis said, "they should be placed high enough that small hands cannot have access to them." This means that places like the coffee table are definitely out as areas to display these plants.

Other holiday decorations can pose problems also. Christmas tree ornaments, such as the older bubbling lights, contain methylene chloride, which if consumed by small children, may prove quite toxic," noted Ellis, "each year we are consulted about children eating glass Christmas tree balls, and the possibility of the mouth or the gastro-intestinal tract being cut or injured is very real."

"Some decorations cause us essentially no problem. These include pyracantha berries, the flocking used on Christmas trees, the ingestion of pine needles, and the ingestion of styrofoam ornaments. The drinking of Christmas tree preservatives by children is also common, but generally is of little concern if the amounts consumed are small," Ellis states.

Should a poisoning emergency arise during the holiday season, first aid information can be obtained by contacting the Texas State Poison Center in Galveston at 1-713-765-1420.

South Plains News

South Plains, December 10 — The Week of Prayer for Foreign Missions with the theme, "Among all Nations," was held at the South Plains Baptist Church Monday, December 10. Members of the Womens Missionary Union took part in the study. They carried covered dishes to have at the noon day meal,

and enjoyed the week's study with an all-day lesson. The Lottie Moon Christmas offering for the Baptist church here is \$350; the goal for the world's offering is \$40,500,000. This is for work around the world, like schools, hospitals, churches, Bibles and missionaries salaries for 1,350 missionaries.

Those who were in the program were Mrs. Fred Blake, Mrs. Tillman Powell, Mrs. Mamie Wood, Mrs. Fletcher Powell and Mrs. M.M. Julian. Bentley Conger of Independence, Missouri, and his fiancée, Miss Terri Lee Thomas of Shawnee, Oklahoma, plan to be married Friday, December 28. The ceremony will be at the Bethel Baptist Church, at 7 p.m. in Independence, Missouri. Parents of Bentley are Reverend and Mrs. Charles Conger and Mrs. Charles Reverend. They formerly lived in South Plains where Reverend Conger was pastor of the South

Plains Baptist Church. Mrs. Letha Mulder went to Littlefield Friday where she joined members of her family, the Fitzgeralds, in a family reunion, at the home of her sister, Mrs. Inez Minyard. She and Mr. and Mrs. Pete Land came home Sunday afternoon. About 20 were present for the reunion. Reverend and Mrs. Fred Blake went to Lockney Sunday afternoon to attend the sixtieth wedding anniversary of Mr. and Mrs. Zach Cummings, with the reception held at the First Baptist Church in Lockney from 2-4 p.m. December 9.

Mrs. Early Pritchett returned home from Medford, Oregon, Monday, after visiting her sister several days. Mrs. Jo Y'Blood will go to Denver, Colorado, for Christmas. She will be here at South Plains to visit her sister, Mrs. Pritchett and others of the family, before returning to her home in Medford.

Mrs. Mamie Wood returned home Monday from Altus, Oklahoma, where she visited Mrs. Ruth Nelms and several members of her family who live there. That part of Oklahoma was the childhood home of Mrs. Wood. She went to Lubbock Tuesday to be with her daughter, Mrs. James Teague and family, and returned home Thursday.

Mrs. Bonnie Moore, who has lived here at the Herman Thornton home the past months while they were in Lubbock, has returned from

Jacksonville, Florida, and is staying in Lubbock at this time.

We extend a welcome to Mr. and Mrs. Dennis and Kay Warren and their two children who have moved to South Plains. They are making their home in the house across from Parks Oil Company, where Mr. Warren will be employed. They were visitors Sunday at the morning Baptist Church services.

Pastor Fred Blake of the Baptist Church will take the gifts for the Buckners Children's Home to Lubbock this week, so if you have not brought your offerings of clothes, food and other things, you may bring them now.

Mrs. Sylvan Kinnibrugh was hostess at a Sunday dinner this past weekend as she prepared dinner, complete with birthday cake, for her husband, Sylvan and their son-in-law, Hank Dickens of Plainview. Both celebrated birthdays the past week. Those who were here for the celebration were Mr. and Mrs. Ray Dillard of Lockney, Mr. and Mrs. Teddy Horne and Melissa of Plainview and Mr. and Mrs. Hank Dickens and Latham.

At 7 p.m. Friday, December 7 a Sunday School party with young folks of the community met at the home of Mr. and Mrs. Kendis Julian with sponsors Mr. and Mrs. Nathan Spohn. They went for a hay-ride on a long truck bed piled with hay for the young folks. The truck was pulled by a pickup. The

children went to many homes of the vicinity to sing Christmas carols and then all went back to the Julian home. They had refreshments of sandwiches, dips, coffee, wassail, hot cocoa, chips, and Glenna Powell brought a cake made in the shape of a Christmas tree. The cake had the names of all the young folk on it. Those who were present were Bobby Craddock, guest of Regina Sanders, Todd Hambricht, guest of Kristi Julian, Renee Sanders, Kamala Ford, guest of Mitzi Julian, Glenna Powell, Pam Powell, Amy Arredondo, Stanley Sanders, Mr. and Mrs. Nathan and Connie Johnson. Tracy and Troy, and the hosts Mr. and Mrs. Kendis and Janis Julian and Tim.

Guests with Mr. and Mrs. Nathan Mulder over the past weekend were Nathan's oldest sister and family, Mr. and Mrs. Ralleg Long, Raleigh Jr. and Trent and Christy from Fort Worth, who arrived Friday. Saturday Mr. and Mrs. Ed Wester of Floydada joined the group for an early Christmas visit. They were all there for Saturday night supper, and Sunday the Longs returned to Fort Worth.

It was 24 degrees this Wednesday morning, with a glaze of ice over everything. We are not promised snow for Christmas, but we have had beautiful weather for the past few weeks, except for the winds which have been gusty. Most of the farmers are finishing up the cotton stripping, and are beginning to lay by their fields for another year.

According to the U.S. Treasury, the U.S. is still owed close to \$30 billion in World War I debts, some from countries not longer in existence.

Nursing Home Happenings

This was a busy week for crafts class. We had several Christmas gift orders to fill. Mr. Emmitt Lawrence, Clara Williamson, Victoria Asher and Icy Biggs stay busy making owls and sachet hangers.

Those taking the bus trip to Plainview Wednesday were Mr. Emmitt Lawrence, Victoria Asher and Docia Manning. Victoria delivered a wedding gift while in Plainview.

Mr. W.C. Cates and Clara Williamson tied with two games each in bingo Thursday. Mr. Eubanks, Mamie Gray and Mr. Emmitt Lawrence won one game each. Mr. Ray Reed had company and didn't get to play. Also Victoria Asher. Willie Stambaugh and Sallie Kreis were busy doing other things this week. Hope everyone will be able to play next week.

Everyone enjoyed the devotion by the First Christian Church Friday. We sang Christmas carols while Jewel Price played the piano and French harp.

Jewell also baked cookies for all the residents and Blix Belew gave everyone a candy bar.

Mrs. Ruth Duncan and Cordie Stephens of the Sunshine Sunday School class of the First Baptist Church visited with residents while giving each a home-made muffin and a banana.

Our movies Friday were "The Littlest Angel," "A Christmas in Germany" and "The Toller." They were all good and we had twenty-three residents out to watch them.

A dear resident, Mary Baker, died this week. Mary was loved by everyone and we will all miss her sweet smile. We extend our heartfelt sympathy to her family.

Visitors:

Marshmallow Elves To Make For Fun

This holiday, try some eye-catching new ideas for party table accents or Christmas decorations that use a versatile, fun ingredient: marshmallows. These little Christmas elves are easy to make, and they can add festive touches just about anywhere. Use them on a holiday buffet table to perch on dessert platters or bowls of nuts; nestle them among decorative greens; or serve ice cream "snowballs" for dessert and sit an elf on each plate.

Best of all, most of the ingredients needed for these elves are available at your supermarket, and the techniques, created by the Kraft Kitchens, are simple. Use toothpicks to fasten Kraft marshmallows and miniature marshmallows together into figure shapes, then top with a colored paper hat ringed with halved miniature marshmallows. The marshmallows are easily cut by dipping the blades of a pair of scissors into water before slicing. Cut sides of the marshmallows adhere to each other and to other marshmallows or candies. A dab of marshmallow creme secures decorations and uncut marshmallows.

Making these marshmallow elves can be the basis for a pre-Christmas "Santa's Helpers" party. Gather children and friends for a joint creative effort in making holiday ornaments, and baking and decorating Christmas cookies. Use marshmallows and other inexpensive ingredients as the starting point for your imagination, and you won't have to worry about cost and lengthy clean-ups.

These holiday ideas and other fun projects for year-round decorating and party giving are included in a 32-page booklet on "Confection Creations" developed by the Kraft Kitchens. It's free; send your name and address to: Confection Creations, Kraft, Inc., P. O. Box 5889, Chicago, Illinois 60677. (Offer good until April 1, 1980)

- Marshmallow Elves
1. For head and body, fasten the flat sides of two Kraft marshmallows together with a toothpick.
 2. For arms and legs, thread two or three Kraft miniature marshmallows on each of four toothpicks. Attach to body.
 3. For face features, add tiny decorative candies, securing with Kraft marshmallow creme.
 4. For hat, make small cone from colored paper. Use miniature marshmallows for tassel and brim, securing to head with toothpick. Add muffler made from fabric scrap, if desired.
- Garnish a "snowball" dessert with decorative elves:
- Ice cream scoops rolled in coconut.
 - Popcorn balls rolled in coconut.
 - Cupcakes frosted on all sides and rolled in coconut.
