## Burlesons hold annual rodeo

In keeping with a long standing tradition in the Burleson family roping events and rodeo activities "under the hill" kicked off Saturday at the new Burleson Arena southeast of Flomot.

S.C. "Teen" Burleson is continuing the tradition of rodeoing on land belonging to the family since his great-grandfather, I.E. Martin, homesteaded there in a dugout about 1891. As early as 1939, W.E. Burleson and Norman Martin sponsored the Flomot Rodeo a few miles down the road. In 1952, J.C. with his son, W.E., and the H.H. Campbell family, including sons L.B., Harold, and Vance, bought the Matt Cattle Corporation, one of 15 corporations formed to facilitate the break up of the Matador Ranch. Soon thereafter, W.E. and his wife Mollie Barton Burleson moved to the Matt Camp, historic line camp of the Matadors since 1889. Teen, who joined the ranching and farming team in 1958, and his wife, Lou Belew Burleson, held the first annual invitational team roping event to create a place for novices, as their son Dusty was, to practice and compete with their peers, gaining experience and poise in the rodeo arena.

Despite cold winds off snow in the Panhandle which predominated Saturday and hot weather which prevailed Sunday, the overall attendance for both days was about 750. Gate admission of the benefit will go to the Dusty Burleson Memorial Scholarship - Ranch-Feedlot Program at Clarendon Jr. College.

Youth activities took place Saturday morning in the arena under direction of Motley County Agent, Ray Minkley, assisted by Gayle Thompson of Floydada. Participants from Silverton, Flomot, Roaring Springs, Matador, Floydada, and Tahoka entered. Regina Cruse, daughter of Mr. and Mrs. Donnie Cruse, went home with the first

Burleson Memorial Buckle given for high points. Cory Franks, runner-up, son of Mr. and Mrs. Coy Franks of Flomot, received the Burleson Memorial headstall made by Alvin Durham of Roaring Springs. Kenzie Burson, daughter of Mr. and Mrs. Johnnie Burson from Silverton, won the trophy. Other youths received rosettes and ribbons for their efforts.

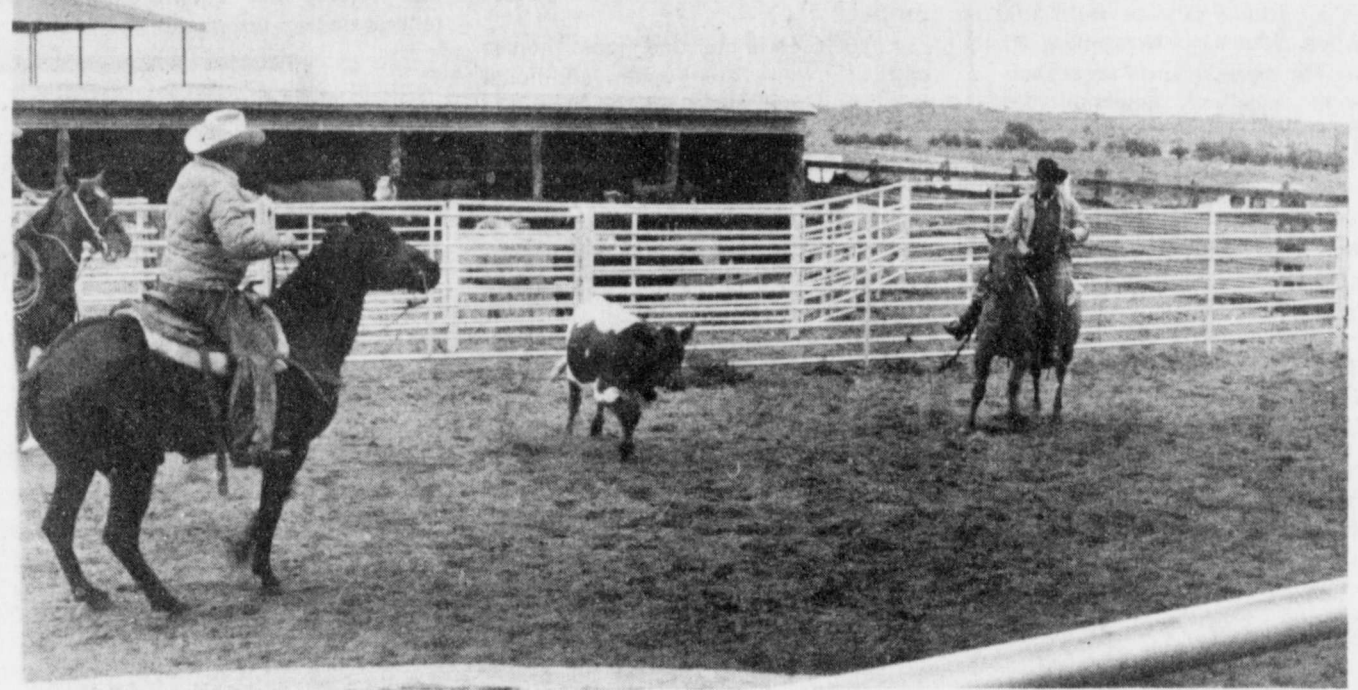

Meanwhile back at the ranch house, known as headquarters from which Teen's grandfather, J.C. Burleson, ran his ranching enterprise in Floyd, Motley and Briscoe Counties, sixteen area artists were displaying western art in various forms: Margaret Calahan, Christine Gilbert, Jo Goen, Penny Golightly, Barbara Jameson, June Keltz, Terry Keltz, Donna McClendon, Mary Martin, Robert Pyle, John Redding, Elfie Sherman, Jim Word, and Mary Belew.

Cutting horse events followed with competitors from Aspermont, Roaring Springs, Matador, Dougherty, South Plains, Silverton and "Cooper's Corner." Chig Gwinn of Matador won the memorial buckle in the Open Cutting. Jack Lackey's horse, ridden by Alvin Martin of Matador, came in second, winning the memorial headstall made by Alvin Durham. In the ranch cutting Bandy Bandon, Matador, went home with the buckle. Tommy Cooper earned the headstall.

Washer pitchers gathered under the hay barn. The final competitors were Jack Dempsey - Morris Burkes, Matador, and B.J. Dempsey - Todd Beedy, Floydada. The final washer was pitched about dark by the winning Dempsey - Burkes team. They proudly accepted memorial buckles.

Walter Jones of Matador had the fire going for barbeque both days.

CHIG GWINN, of Matador, left, won the memorial buckle in Open Cutting in Saturday morning's cutting horse events.

BEAU BOULTER

## Beau Boulter campaigns in Floydada

Beau Boulter, Republican candidate for U.S. Congress, held a dutch treat breakfast at King's Restaurant on Monday, October 1. Following the breakfast, a businessman's coffee was held at the community room of the First National Bank. Mrs. Boulter, the former Rosemary Rutherford of Levelland, accompanied her husband on this campaign visit to Floyd County. An afternoon coffee for local women followed in the FNB community room in the afternoon. The turnout for these activities was "encouraging" for Boulter and his wife.

Speaking at an interview on October 1st, Monday of this week, Boulter said, "I intend to fight for the prestige and respect the farming profession deserves in our society. We have been shoved aside for too long."

Boulter said "Floyd County is important to my campaign because the people are basically conservative and are tired of their own government spending them in bankruptcy."

Asked how his campaign was going in relation to how it was mapped out, Boulter replied, "We are just about where we need to be with only 37 days until the election. We have an active and wonderful volunteer organization and we have raised more money than Hightower has."

"The loss of the 1981 bi-partisan coalition in Congress when the Republicans lost so many seats during the 1982 elections has been a set back to Reagan's programs," Stated Boulter. "We stand a good chance of winning at least as many seats in 1984 and could nearly double that number. This would be a great boost to our economic recovery," he continued.

Boulter said, "Hightower is a nice man, but he is not a fighter, and he has ceased to stand for the fundamental values that characterize the 13th District." Boulter also inserted, "We have asked for a debate with Hightower and been refused."

Being of the opinion "that by and large, Democrats have gone back into the fold and voted along party lines," Boulter vowed he would not.

"The issue of a tax increase would not receive priority attention from me until the government gets back to basics. There should be no increase until waste and fraud in government spending has been reduced," said Boulter. He also favors a line item veto for the president allowing the veto of one item on a bill without vetoing the entire bill.

Boulter concluded the interview saying, "When I am elected to Congress, we will have a presence in Floyd County. My agriculture man will live in the district, and we will make every effort to be on the committees and involved in the projects which are important to the 13th District."

Boulter plans to return to Floyd County at least twice in the next month to advance his campaign. He intends to do some intensive one to one canvassing in the near future.

## Changes in House Bill 72 explained Tuesday

A public meeting at Duncan Elementary School on Tuesday, September 22, at 7 p.m. drew an excellent response from parents, according to superintendent Jerry Cannon. Facts were presented on House Bill 72 as they pertain to the local school system to a gathering of approximately 100 people.

The foremost item presented at this meeting was the average daily attendance count. Money from state and federal sources is apportioned based on the ADA count in each school district. A count of students in class is taken each day during second period. The totals for the first four weeks in October will be used as the base for FISD's funding for the entire year.

Parents are urged to make any necessary doctor and dentist appointments in the afternoon so children are not marked absent for the entire day.

Students will be credited with an unexcused absence if they are out of school for vacationing, babysitting, working, or are truant. Students are allowed five such absences during a year; a sixth incident will result in a zero grade for the year. Excused absences will be allowed if there's a death or serious illness in the immediate family or if the student is ill.

Students will be allowed only ten absences for participation in extra curricular activities. Such activities are being scheduled for after school hours, evenings, and Saturdays wherever possible.

FISD will no longer have social promotions. All students must make a subject grade of 70 in order to advance. Grade notices will be issued every six weeks and must be signed and returned. Parents will be advised when their child is falling below the 70 grade level.

Conference between parents and teachers are encouraged at all times and must be arranged if the child is failing.

Tutorial services will be available for students falling below 70. These 45 minute after school sessions will be voluntary, but students with problems in a class are urged to take advantage of them.

Summer classes will be offered to students with a limited proficiency in English and to bilingual students. Attendance will be voluntary and each teacher will have no more than 18 pupils.

A statewide school calendar will go into effect with the 1985-86 school year. No school in Texas will begin the fall term before September 1 in 1985.

Beginning with the 1985-86 school year, kindergarten, first and second grade classes will have one teacher for every 22 students. In the 1988-89 school year this ratio will be instituted in the third and fourth grades as well. Half day pre-kindergarten classes will be held beginning next fall for eligible students. Students with a low use and comprehension of English and low income children will be eligible.

A fall 1984 Gallup poll showed that the public (42%) and parents of school age children (52%) rate the schools above average. Since educational superiority is a primary concern for the future, every conceivable attempt is being encouraged for improvement.

Parents are urged to get involved and see what is going on inside the school building. Only by working with the educators can parents be sure their children are getting a good education. Anyone with questions or ideas for improvement can take the first step by contacting the principal of their child's school for information.

## Appraisal District gets audit report

Wednesday, the Floyd County Tax Appraisal District heard the audit report for the year beginning September 1, 1983, and ending August 31, 1984. Barbee Word from the CPA firm of Bolinger, Segars, Gilbert, and Moss in Lubbock presented and explained the report.

The district had assets totaling \$937,229 for the period, which compares favorably with the \$805,868 reported in the prior year. Revenues taken in amounted to \$11,306 more than estimated in the budget, while expenditures were \$12,765 less than budgeted.

Word stated, "The financial reports reflect the care and diligence with which the district does its job. Mrs. Faulkenberry is to be commended for her good

work." Sheila Faulkenberry, the Chief Appraiser, reported that collections for the current year starting October 1 with about \$60,000 being taken in on that date.

Board secretary, Adrian Helms, requested an update on the employee policy issue. Faulkenberry reported the preliminary draft had not been returned by the attorney with his recommendations.

Tom Duvall, board chairman, presented the board with the idea of renting or leasing computer time on the district's computer to other tax entities that might benefit from the service. "Such a service would alleviate the need for more tax dollars being spent for computers. Ours will handle more than we put on it," said Duvall. The user agency would have to purchase only the

display terminal and appropriate software for their needs. The Board agreed to pursue the matter by contacting such agencies.

Faulkenberry told the board that the county auditor, Bobbie Hamilton, had requested copies of adjustments on the district's records for her office. "I told her that we could not allow the records to leave this office. The law requires that records remain confidential and remain in the Appraisal Office," stated Faulkenberry. "She may examine the records, but it must be done in this office." All board members agreed with the stand Faulkenberry had taken.

Members in attendance were Tom Duvall, Adrian Helms, Jack Lackey, Fred Zimmerman III, and Eddie Teeter. County Treasurer Glenna Orman was present during the reading of the audit report.

NETTIE RUTH WHITTLE

## Whittle assumes chamber duties

Nettie Ruth Whittle began her duties as the new office manager for the Floydada Chamber of Commerce on October 1st. The office will now be open four hours a day, Monday through Friday. The hours will be flexible until the best time to be open is determined. We will report the hours set when available.

Whittle, who lives south of town with her husband Cleo, has been a resident of Floydada for thirty six years and raised three sons here. Mark farms with his father. Dennis is involved with Amarillo Video Refining and lives in Amarillo. West also resides in Amarillo and works for KMMR Radio.

A member of the Women's Chamber Board of Directors, Whittle has had extensive experience in church, civic, and club work, so she is well aware of the intricacies of an office of information such as the Chamber office. "I know a lot of people in Floydada, and I feel that my time here and my knowledge of the people and area will help me to serve the cause of the citizens of Floydada very well," said Whittle. She was also employed by Ann Choate in her accounting office in Ralls for twelve years.

"I am looking forward to working for the people of Floydada, and I hope I will be able to do a good job for them. Anyone that I can possibly help with anything is always welcome to contact me."

**This Week**

**NEW MANAGER**

The Floydada Chamber of Commerce would like to invite everyone to come by the Chamber office on Friday, Oct. 5, from 1-3 p.m. to meet the new office manager. Nettie Ruth Whittle will be maintaining the office on a part-time basis. She is looking forward to working with the community in this capacity, and invites everyone to come by to visit and have coffee with her Friday.

The Board of Directors would like to thank the community for their continued support during the period we were without an office manager. Special thanks go to Thompson Pharmacy, R Photography and Williams Florist for their assistance in maintaining the Chamber through this period.

**ARTS AND CRAFTS FESTIVAL**

The Floydada Lions Club Arts and Crafts Festival will be held at the Massie Activity Center in Floydada from 9:00 a.m. until 5:00 p.m. on Saturday, November 10, 1984. The show affords area shoppers an excellent opportunity to shop for unique and unusual Christmas gifts, as well as showing local and area artistic talents.

There are 30 - 8 ft. x 8 ft. spaces available for \$30.00 each. These spaces may be rented by contacting Lion Bill Feuerbacher, P.O. Box 10, Floydada, Texas 79235.

Floydada Chapter #31, Order of the Eastern Star will operate the concession stand.

**Students offered future employment**

Career opportunities in health care and the Floydada area was the topic of a special presentation Monday, October 1, at Floydada Junior High School. The

program was presented by Mike Garcia of Texas Health Careers, a manpower development project of the Texas Hospital Education and Research Found-

ation (THERF) affiliated with the Texas Hospital Association (THA).

"An aging population, technological advances in the health care sciences and the rapid migration of people into the sun belt have created diverse employment opportunities in Texas Hospitals for qualified young people looking to enter the labor force", commented

Anthony B. Owens, CAE, Senior Vice-President, who heads the foundation's health careers program.

"A bright future awaits young people who are interested in pursuing a health profession," Owens said. "Most of these professions have been average starting salaries after only two years of education beyond high school. There are hundreds of health careers that require different people with different kinds of skills". Owen Financial assistance is also covered as more hospitals than ever before have initiated programs to help certain individuals finance their training", stated Owens.

THA represents 850 institutions statewide which have committed \$1.5 million over a five year period to fund the Texas Health Careers Program.

In addition to on-campus programs, Texas Health Careers produces and distributes free literature about health careers, health-related educational programs in Texas and sources of financial aid. Individual career counseling services for students and interested adults are available via toll-free telephone line (1-800-252-9403) Monday through Friday between 8 a.m. and 5 p.m.

**84 stresses conservation**

The traditional cycle of falling temperatures and rising home heating and utility bills each winter has many homeowners planning ahead for the coming cold weather months.

All over the country, do-it-yourselfers are taking on projects ranging from sealing leaky windows to adding a carpet of attic insulation in an effort to overcome the potential high cost of winter energy use.

And utility companies, interested in energy conservation, are cooperating in many areas of the nation by providing suggestions and instruction to lead homeowners to and through the right projects.

Experts estimate that most homes can be "retro-fitted" with additional insulation and other add-on items to save as much as 20-30 percent on home heating and energy costs.

Among the most popular projects, according to the nation's largest privately owned lumber and home improvement center chain, 84 Lumber Co., are:

--Adding insulation. A significant improvement in attic insulation can be obtained by adding a layer of roll-on or blow-in insulation. The job is easy to do, and relatively inexpensive. A 700-square-foot attic, for example, can be add-on insulated with blow-in cellulose insulation for about \$100 in most areas of the nation. That would provide an additional R-19 (the R value is a measure of insulating power; the higher the R value, the greater the insulating power) of insulation.

--Cellulose insulation, which is loose and comes in bags, also can be used in homes without adequate wall insulation.

--Replacing leaky windows with new energy efficient models. In very cold climates, this can have a dramatic effect on heat loss.

--Another window related fix-up for those who do not want to go to the time and expense of new windows, is the addition of a storm window, either permanent or a winter-only plastic model. Again, in chilly climates they can make a substantial difference in heating costs, 84 Lumber experts explained.

--There are a number of other window related projects, but one of the most popular is application of tape or foam sealing products to fill cracks and cut drafts. These products also can be used around doors.

**Letter to the Publisher**

Mr. Ken Towery  
FLOYD COUNTY HESPERIAN  
Floydada, Texas 79235

Re: THE COST IS TOO HIGH

Dear Mr. Towery:

Walter Mondale wants to raise my taxes and the taxes of everyone else in this country with the promise of reducing the deficit.

His proposals could cost my family anywhere from \$1,890 to \$3,350 a year in new taxes. They could cost the taxpayers of Texas anywhere from \$13.73 billion to \$24.26 billion.

I might be willing to accept this additional economic burden on my family if I thought Mr. Mondale needed the money to reduce the deficit, but the sad truth is he needs the money first to pay for all his campaign promises.

In his quest for the Democratic nomination for president, Mr. Mondale made promises which independent sources, including the *Wall Street Journal*, have said will add anywhere from \$69 billion to \$176 billion in new federal spending. I find it difficult to believe a man who on one hand says he wants to decrease the deficit and then

makes promises which adds \$176 billion in new federal spending.

I also find it difficult to believe a man who says he will reduce inflation when I remember that it was he and Jimmy Carter who gave us double-digit inflation. It is difficult to trust a man who was a main part of an administration which drove interest rates to over 20 percent.

If Mr. Mondale is serious about trying to reduce the deficit, then let him tell us how he intends to reduce federal spending. He can't reduce federal spending because he has already made campaign promises which will increase that spending.

I'm sorry, Mr. Mondale, but I was taught that you balance budgets by cutting expenses, not increasing them. I was also taught that if it isn't broken, you don't fix it and, to me, an economy where interest rates have been reduced by 40 percent, where inflation has been cut by more than half and where more than seven million Americans have been put back to work is something that is working right.

So please leave the economy alone, Mr. Mondale. You and Jimmy Carter tried to wreck it once and I don't see why we should let you do it again.

Sincerely yours,  
/s/ Robert L. Monaghan

**Public Notice**

Southwestern Bell Telephone Company hereby gives notice that a Private Coin Service tariff has been filed with the Public Utility Commission of Texas.

Under the proposed tariff, Private Coin Service would be offered for use with a customer-provided instrument-implemented coin telephone at the request of the customer.

Interim approval of the tariff has been requested by Southwestern Bell Telephone Co. and a hearing has been set for Oct. 15. Unless the tariff is approved on an interim basis, the new service is scheduled to become effective on March 7, 1985. The matter has been assigned to Docket 5905.

Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible. A request to intervene, participate or further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N Austin, Texas 78757.

Further information may also be obtained by calling the Public Utility Commission Consumer Affairs Division at (512) 458-0223 or (512) 458-0227, or (512) 458-0221 teletypewriter for the deaf.

**Aviso Público**

Por medio del presente aviso, Southwestern Bell Telephone Company anuncia que ha registrado una tarifa referente al Servicio Telefónico Privado a Monedas ante la Comisión de Servicios Públicos de Texas.

## Norrell Tractor Parts serves Floydada

Norrell Tractor Parts has served Floydadians since 1959. The original establishment was housed at 114 West Missouri. Two years ago, James Norrell bought the building at 215 South Main for the new home of the business. "Oddly enough," says James, "this is one business which is not named for the

JAMES AND KARLA NORRELL assumed the duties of Norrell Tractor Parts upon the death of his father. They now offer wrecker service and storage in addition to their line of stripper, irrigation, starter and alternator parts.

service it provides." He went on to explain, "The business originally provided parts and service for tractors. Over the years, tractors have become more and more sophisticated and now parts must come from the dealer with the exception of a few basics like batteries and filters."

Parts and supplies for cotton strippers are in demand in this area and Norrell meets the demand with a stock of bats, belts, bearings and cat's whiskers. Irrigation supplies are also stocked to accommodate customers. Starter and alternator repairs are made on the premises. Part of the building is used for storage to accommodate customers who need a place to leave a boat or a camper that is not in use. The Norrells also have a twenty-four hour wrecker service. The number to call for this service is 983-3417. Norrell continues to stock Fram and AC filters, Southland batteries, Nichols sweeps, and Niehoff ignition parts.

"This has always been a family business, and I guess it will always be a family business," says James. "Karla and I bought the place from my mother after my father's death. We run it pretty much like he did. People still drop in to talk and visit, and we like it like that."

James said, "Floydada is a good place to be. The people we serve are some of the best. We would like to continue to work with them for a lot of years to come."

#### FLOYD DATA

Dr. David Wayne Miller, director of college relations at Southwestern Baptist Theological Seminary, Fort Worth, since 1982, has been named assistant vice president for development at Hardin-Simmons University.

At Hardin-Simmons, Miller will concentrate his development responsibilities in West and North Texas and the Western states. He will work with members of the University's Board's and Alumni as well as other donor and prospective donors in these areas.

Miller, who received a bachelor of arts degree in religion from HSU in May, 1974, earned a doctor of philosophy degree from Southwestern Seminary in 1982 and a master of divinity degree from the same institution in 1977.

Having served as pastor of the Gibtown Baptist Church, Perrin, for six years, he was reared in Fort Worth and is the son of Dr. Paul E. Miller, pastor of the First Baptist Church of White Settlement for the past 27 years.

Married to the former Elaine Fikes of Robert Lee, Miller formerly served as a staff member at First Baptist Church, Floydada.

## Chamber plans Dallas trip

The Floydada Chamber of Commerce is planning a trip to see the Dallas Cowboys play against the New York Giants. The group will be leaving Floydada on November 3, 1984. The night will be spent at the Sheraton Grand Hotel with the return trip to be made immediately following the game on Sunday, November 4th.

Cost per couple will be \$273. Cost for one person will be approximately \$150. The price includes transportation, room, brunch, and game tickets.

Anyone wishing to be a part of this trip is encouraged to contact Nettie Ruth Whittle at the Chamber of Commerce for more information or to make your reservations.

## Unattended children to draw fine

This newspaper ran an article on the importance of using seat belts and child safety restraints in the September 27th issue. The Texas Department of Public Safety has brought it to our attention that there is a second issue covered in the same law. Anyone leaving a young child unattended in a motor vehicle is committing a Class C misdemeanor under Texas law.

No child under the age of seven may be left unattended in a vehicle for a period of time longer than five minutes.

A child may be left in the care of an individual of fourteen or older. There is an ever present danger of injury, accident, or death when children are left unsupervised in a motor vehicle.

A Class C misdemeanor is punishable by a fine of from \$1 to \$200. A grace period will be observed from October 31st to January 1, at which time officers will begin issuing tickets to offenders. Warning tickets will be issued in the interim.

Let's be 100% registered in Floydada. Make sure your employees are registered. October 8, 1984 is the date by which Texas voters must be registered to vote in the November 6, 1984 General Election.

DAY CARE CENTER Spaghetti Supper will be held Friday, October 12, from 5 to 8 p.m. They reported the toy party a big success and expressed their appreciation for the support shown.

## Mackenzie contest slated

L.O.A. Junior Study Club of Silverton will be sponsoring the Eleventh Annual Miss Mackenzie Pageant at 8:00 p.m. Saturday, October 20, in the Silverton High School Auditorium.

The purpose of the pageant is to achieve unity between the four towns in the Mackenzie Municipal Water Authority, and to promote Lake Mackenzie.

A get-acquainted party will be held at 4:00 p.m. October 20 in the Pioneer Room at the First State Bank in Silverton. The Coke party is hosted by the Century of Progress Study Club of Silverton, and at this time the contestants will be interviewed by the judges.

Contestants will be judged on appearance, poise and personality. Each is asked to submit a billfold size picture of herself (preferably black and white glossy photo) with her entry form.

Contestants must be 16-18 years of age, single and never been married, and an American citizen. She must be of good character and possess poise, and be sponsored by a civic organization,

club, or business. She will be asked to appear in formal and sportswear during the pageant. She must be attending school in Lockney, Floydada, Silverton or Tulia. She will be expected to advertise and promote lake Mackenzie.

Deadline for entering is October 10, and the girls must have their entry forms in by that date. Entries are to be mailed to Cathey Weaks, HCR 3 Box 14, Silverton, Texas 79257. For further information call 847-2234 or 823-2476 (daytime only).

Rehearsal will be Tuesday, October 16, 1984 at 6:00 p.m. in the Silverton High School Auditorium.

Entry forms may be picked up at the local Newspaper office or the High School office. The sponsor must pay \$15.00 fee which is to accompany the entry form.

Every business, club or organization in all four eligible cities are urged to participate by sponsoring a contestant in this pageant. Everyone will benefit from this activity.

## DON'T KISS \$8,938 GOODBYE

That's how much you could lose just on resale value if you don't buy a John Deere

Looking for a big discount when you buy a tractor? Don't get stuck with an even bigger discount when you want to sell it.

Always consider resale value when you price a field tractor. Because the differences among brands may sometimes be bigger than ANY purchase incentive.

Compare John Deere with our two leading competitors. According to the Spring 1984 Official Guide of the National Farm and Power Equipment Dealers Association, the average 5-year-old John Deere 4440 sells for 106 percent of its 1979 list price. One leading competitor averages 87 percent of its 1979 list price. The other averages 73 percent.

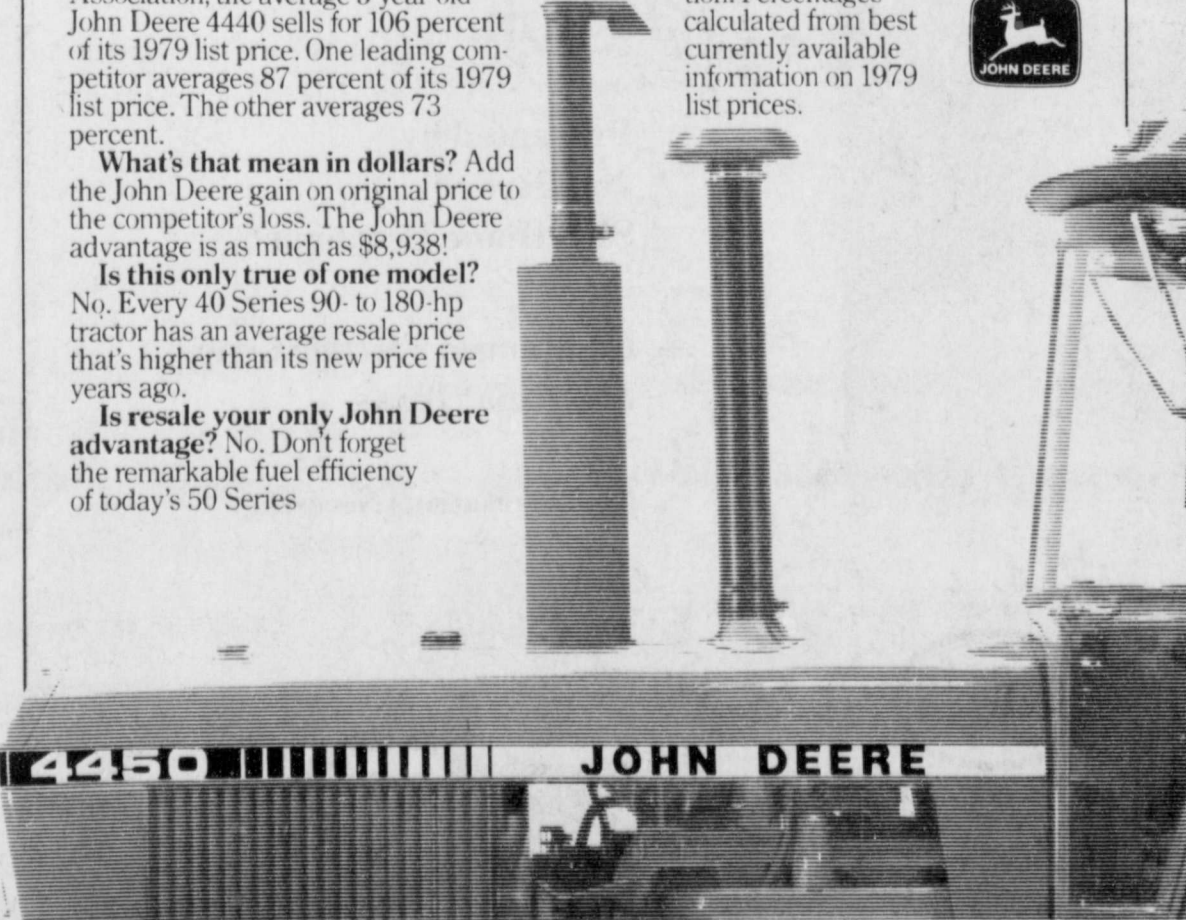

What's that mean in dollars? Add the John Deere gain on original price to the competitor's loss. The John Deere advantage is as much as \$8,938!

Is this only true of one model? No. Every 40 Series 90- to 180-hp tractor has an average resale price that's higher than its new price five years ago.

Is resale your only John Deere advantage? No. Don't forget the remarkable fuel efficiency of today's 50 Series

John Deere tractors. And don't forget our unmatched reputation for high quality and high reliability. See your John Deere dealer. He'll be happy to explain the big difference between a low-price tractor and a low-cost John Deere: 100-hp 4050, 120-hp 4250, 140-hp 4450, 165-hp 4650 or 190-hp 4850.

NOTE: Average resale prices taken from Spring 1984 Official Guide of The National Farm and Power Equipment Dealers Association. Percentages calculated from best currently available information on 1979 list prices.

MR. AND MRS. RICKY DON HEFLIN

## Brenda Hicks - Heflin repeat nuptial vows

Brenda De'Lene Hicks and Ricky Don Heflin were united in marriage Saturday, September 22, in a candlelight ceremony at the First Baptist Church chapel in Floydada. Dr. Floyd Bradley officiated over the double-ring ceremony.

The bride is the daughter of Mr. and Mrs. Bill Hicks. Grandparents are Mr. and Mrs. R.C. Bullock, all of Floydada.

The bridegroom is the son of Mr. and Mrs. Rob Heflin. Grandparents are Mr. and Mrs. Dorris Jones of Floydada and Mr. and Mrs. J.B. Heflin of Plainview.

Decorating the altar of the chapel was a fifteen branch arch candelabra accented with pink gladiolus, dubonnet cushion mums, greenery and holding wine dubonnet candles. This was completed by two large commodore palms adorning each side of the candelabra.

Given in marriage by her father, the bride chose a Victorian-style taffeta and lace gown featuring a high neckline with a Schiffl embroidered yoke. The close fitting bodice featured a dramatic basque waistline. Leg of mutton sleeves with ruffled flounced trim were accented by lace and ribbons. The A-line skirt featured a flounced, ruffled hem which continued to form a chapel length train.

The bride chose a halo of silk sweetheart roses in white, wine and dusty rose. The headpiece was accented with a fingertip veil. The bride's bouquet was of silk roses, baby's breath and greenery accented with antique-look lace and ribbons.

Following tradition, for something old the bride carried a handkerchief belonging to her great-grandmother, for something new was her wedding attire,

for something borrowed, she wore diamond earrings belonging to her aunt, Sue Ward, and something blue was her garter.

The bride also wore pennies in her shoes minted in the years of the births of the bride and groom.

Traditional processional and recessional music was played by Roberta Hardin. Vickie James, cousin of the bridegroom, sang "The Wedding Song and "To Me." She was accompanied by the piano by Christi Norrell.

As "Whither Thou Goest" was being played on the harmonica by Harvey Allen, accompanied by Christi; Michael and Kalli Hicks lit the candles at the altar. Kalli wore a formal length gown in dusty rose. She also wore a halo of wine and dusty rose flowers. Michael was attired in a black tuxedo with a rose colored bow tie and cummerbund.

As the mothers were being escorted to their seats, Christi played "Just You and I." She also played "Truly" while the groom, best man and matron of honor entered the chapel.

Mrs. Kelly Allen served as matron of honor. She wore a formal length wine colored gown. It featured a square neckline, gathered sleeves and an A-line skirt. She wore a halo of white, wine and dusty rose flowers. Her bouquet was of roses, baby's breath and greenery.

Serving as best man was Norman Allen. He was attired in a black tuxedo with a wine bow tie and cummerbund. Serving as ushers were Bart Greer, Cooper Ellison and Skipper Hicks.

The groom was also attired in a black tuxedo. The white, tucked wing collar

was accented with a black bow tie and vest. His boutonniere was of white roses.

Presiding at the register table was Hope Warren. A flower arrangement in the bride's colors adorned the table.

All floral bouquets and headpieces were designed and created by Ginger Harber, cousin of the bride.

A reception hosted by the bride's parents was held in the Wall Street Parlor. The bride's bouquet accented a four-branch candelabra as the centerpiece of the bride's table. The three tiered wedding cake was accented with ribbons and flowers in the bride's chosen colors. The cake was topped with a miniature bride and groom.

Serving at the bride's table was Kelli Ferguson and Susan Turner.

The groom's table was centered by a floral arrangement of silk flowers. Fruit kabobs, finger sandwiches and cheese were served by the groom's sisters, Shawnda Greer and LaDonna Ellison.

The bride and groom are both 1982 graduates of Floydada High School. Both attended Texas Tech University for two years.

Following a honeymoon trip to Jamaica, the couple will make their home east of Floydada where Rick will be farming. Parents of the groom hosted a rehearsal dinner Friday evening at the Far East Restaurant in Plainview.

## FHA - HERO to babysit

The Future Homemakers of America -- HERO chapter met Tuesday in the Home Ec room at Della Plains. Members voted to do babysitting for Floydada people during Homecoming week-end. High school and Junior High girls will stay in customers' homes Friday evening during the football game, after-game parties, all day Saturday and Saturday evening. They will charge one

dollar per child per hour for their babysitting service.

Housecleaning will be \$3.75 per hour for the time spent actually cleaning, in addition to child care, if it is desired. Call the Della Plains Home Ec class at 983-5055.

They are also taking baking orders for people who want homemade goodies for Homecoming week-end.

## Photography to be taught

"Very Basic Photography" will be offered as a Continuing Education course this fall by Western Texas College as part of the Crosbyton branch curriculum.

The course will meet from 7-10 p.m. in the Crosbyton ISD Administration building and will span six Tuesday nights beginning October 16. Other class times are October 23, October 30, November 13, November 20, and November 27. There will be no class November 6 because of the election.

Ann McDonald of Ralls, will teach the course. She taught a similar class in Ralls last Spring and she stresses that anyone wanting to become more confident in handling a camera will feel comfortable in the course.

"The time will be spent covering basic broad principles of photography with emphasis on helping the individual enjoy taking pictures that he will be happy with," she said.

Cost is \$20 for the 18 hours. Participants will receive Continuing Education credits from WTC. A minimum of 11 students is required to hold the class.

For questions concerning administrative matters, contact M. F. Crawford in Crosbyton at 675-2611; for course content, Ann McDonald at 634-5993.

Registration will be on the first night of the course.

Participants are requested to bring photographs they like and those they don't.

## SOUTH PLAINS NEWS

Here it is October, and we have been having cold mornings with low temperatures but have nice, sunny weather the past two days. Last week it was in the 40's and some rain fell during the week, but not a big rainfall. Crops are looking good, and fall is here.

Rev. and Mrs. Cecil Osborne have been spending the past two weeks at Lewisville and near there with their daughters and families, and with his mother. They returned home Sunday night, and we are expecting Rev. Osborne to be back in the pulpit very soon.

Sunday morning Baptist Church services and Sunday night message here were given by Reed Harris, from Wayland College at Plainview. Reed Harris has been with the church to preach before and his sermons are enjoyed.

Mr. and Mrs. Nell and Early Pritchett of Ruidoso, New Mexico were here Friday for the weekend last week. They came for the wedding rehearsal and later the supper at Plainview for their grandson Kelly and intended bride. Saturday was the lovely wedding of the couple.

Mr. and Mrs. Glen Whitfill and her mother, Mrs. Alvin Nichols of Sweetwater visited here Friday evening to Sunday afternoon with relatives and friends. They stayed with Mrs. Vera Cox and family part of the time while here.

Mrs. Mitchell of Plainview spent last week and will be here this coming week at the home of Mr. and Mrs. Rogene Bethel (her daughter) and their children Amy and Robert.

Mrs. Rogene Bethel got to come home Sunday from St. Mary Hospital in Lubbock after she had undergone major surgery there last week. She is feeling fine and we wish her a good recovery. Her young friends are bringing in a welcome home supper this Monday night. Her mother Mrs. Mitchell will be here the coming two weeks until Lora gets back her strength.

Mr. and Mrs. Roby Lutrick and twins, Tessa and Tobi, have been staying here with her parents, Mr. and Mrs. Dean Stewart since August, as they have been hunting for a house. Roby is employed at Hamby's in Plainview and drives back and fourth each day.

Mrs. Nina Upton (Raymond) who was

in the St. Mary's Hospital in Lubbock last week for eye surgery, underwent surgery Thursday morning and did so well, she was able to come home from the hospital that night. She is getting well now at her home.

Mrs. Tillman Powell (Doris) who now lives at Howell, Texas, but was formerly from South Plains, fell last Monday, at her home, and tore a ligament in her knee, which required an operation and stay in the hospital there. If you would care to send her a card her address is: Mrs. Doris Powell, Box #159, Howell, Tx. 75659.

Mrs. Otho Sanders (Ophelia) is in ICU at the St. Anthony's Hospital in Amarillo, and has had surgery on her neck. Her family has been back and fourth to visit and see about her, and she is slowly recovering her strength. We send best wishes and hope she gets to come home soon.

Mrs. Ruby Lee Higginbotham is expected home this Monday, following a visit back to Brookings, South Dakota where she and her brother Mack Cypert and wife from Columbus, Georgia, has visited (their sister) Ruth and husband. They went back to Georgia where she has visited in the Mack Cypert home with the Cyperts the past week.

Tuesday, September 25th, was our first taste of really cold days, as the thermometer fell from 70 degrees to 60 degrees, then went down into the 50's.

Mrs. Mary Grisham, mother of Mrs. Nina Sanders, who has been at the home of a daughter in Plainview the past few days, will get to go to her own home on Wednesday, and we rejoice with her, as it has been a long time since she has gotten to stay at her home, since she has been quite ill.

Mrs. Philip Smitherman, now of Floydada, and mother, Mrs. Susie Autrey of Silverton visited recently in Knoxville, Tennessee, with Mrs. Smitherman's son, Mr. and Mrs. Barbara and Marc Smitherman, who recently have moved there to make their home. They toured the Biltmore House in Ashville, North Carolina, while there and they also went to Nashville where they saw the Grand Ol Opryland and stayed at the new Opryland Hotel. They went to Gatlinburg, Tennessee and found it an interesting tourist attraction in the

Smoky Mountains. Mildred reports everything and every place they were was just beautiful with all the trees, lakes and mountains.

Marc Smitherman was a former South Plains resident with his parents Philip and Mildred Smitherman, and brother Monty, and the boys grew up in this vicinity.

Born to Rick and Lynn Upton of Canyon who have announced the birth of their daughter Allison Nicole, born September 30, who weighed 6 pounds. Grandparents here are Ron and Betty Upton, and Danny and Linda Allen of Los Alamos, New Mexico. Great-grandparents are Raymond and Nina Upton of South Plains and Elva Blum of Floydada. Congratulations to the families on this happy occasion.

## Morton - Turner pledge wedding promises

Melinda Anne Morton and Kelly Scott Turner were united in marriage Saturday, September 29, at 5:00 p.m. in a candlelight ceremony in the sanctuary of the First Baptist Church in Floydada. Dr. Floyd C. Bradley of Plainview, formerly of Floydada, conducted the pledging of vows.

The bride is the daughter of Mr. and Mrs. Ray Morton and the groom's parents are Mr. and Mrs. Robert O. (Shorty) Turner, all of Floydada.

Dozens of candles on decorated brass candelabra lighted the sanctuary. The center 15-branch arched candelabrum was entwined with commadore palm, lemon leaf, and plumosa, which highlighted the arrangement of white gladioli, snapdragons, rosario alstromeria lilies, and fuchsia colored daisies. It was flanked by twin 15-branch spiral candelabra and large baskets of the same flowers. To the far sides, two pairs of seven-branch candelabra completed the decorations. Pews were marked by bows in the bride's chosen color of fuchsia, surrounded by plumosa and babies' breath.

Organ and piano music was provided by Mrs. Lloyd Morton of Plainview, aunt of the bride, and Mrs. Ricky Cross, cousin of the bride, also of Plainview. Laurie Noel, cousin of the bride, sang "One Hand, One Heart", "And Ruth Said", and "Joyful, Joyful."

The bride was escorted to the altar by her father where she was presented for marriage by her parents. She wore a formal gown of white silk peau de soie which swept into a scalloped, cathedral-length train, edged in alencon lace. The fitted bodice was appliqued with alencon lace, and embroidered with seed pearls and sequins. Lace appliques, beaded and sequined, also decorated the skirt. A lace mandarin collar topped an illusion yoke adorned with rows of tiny seed pearls. The Renaissance sleeves of sheer illusion were also decorated with rows of seed pearls and lace appliques. Her cathedral-length

veil was attached to a wreath of silk flowers and seed pearls.

The bride's bouquet was a cascade design of white cymbidium orchids, stephanotis, babies' breath and rosaria alstromeria lilies enhanced with English ivy, plumosa and tiny clusters of eucalyptus. Prayer plant foliage surrounded the bouquet.

To complete her ensemble, the bride wore her maternal grandmother's pearl earrings for something borrowed. Something blue was a blue garter and for something old, she carried a handkerchief which belonged to her maternal great-grandmother. She also wore fresh-water pearls, a gift from the groom.

Julie Morton, sister of the bride, served as maid of honor. Bridesmaids were Karen and Susan Turner, sisters of the groom, and Debbie Fleming of Lubbock. The bridal attendants were dressed identically in fuchsia taffeta floor-length dresses with short-sleeved jackets edged with a self-ruffle around the neck. Their bouquets were cascades of white cymbidium orchids, rosaria alstromeria lilies, babies' breath and eucalyptus.

Rachael Noel of Plainview, second cousin of the bride, was flower girl. She wore a white satin-striped organza dress, ruffled from waist to hem. She carried a white basket with fuchsia flower petals and wore a wreath of white babies' breath.

Grant Turner, brother of the groom, was best man. Groomsmen were Keith Tooley, Jim Foster, and John Henry, all of Lubbock. The groom and his attendants were dressed in Pierre Cardin tuxedos with white tuxedo shirts, black cummerbunds, wing-tipped collars and black bow ties.

Ushers, who were dressed in the same style, were Steve Pritchett of Amarillo, uncle of the groom; Lance House of Graham, cousin of the bride; and Tom Farris of Floydada.

Following the ceremony, a reception

was hosted in the Wall Street Parlor. The bride's table was covered with a floor-length white lace cloth. The cake was white, four-tiered, with small touches of fuchsia, and topped with a fresh floral arrangement of cymbidium orchids, stephanotis and English ivy. It was made by Sue Higginbotham, a friend of the bride. The centerpiece was of white snapdragons, bells of Ireland, rosario alstromeria, and fuchsia daisies. Appointments of silver and crystal were used. Roijon Adams of Lubbock and Brenda Morton, cousin of the bride served the wedding cake and raspberry punch to the reception guests.

The groom's table was covered with a floor-length ecru lace cloth. A beautiful cascading fresh fruit arrangement centered the table, flanked by a silver coffee service, trays of crackers and a wheel of cheddar. A small side table held the groom's cake of German chocolate decorated with marzipan

fruit. It was made by the bride's grandmother. Serving at the groom's table were Patty Pritchett of Dallas, aunt of the groom, Connie Pritchett of Amarillo, aunt of the groom, and Daina Hanna of Floydada.

Assisting in the house party were Sue Higginbotham, Wanda Hickerson, Phyllis Fry, Roijon Adams, Martha Cross, Sandra House, Jan Morton, Betty Morton, Kay Orman, Ann Ferguson, Annette Turner, Evalene Boyd, Loretta Burns, Dorothy Turner, Margie Young, and Audeen Irwin. Guests were registered by Adeana Campbell.

The groom is employed as an industrial engineer by G & H Castings in Slaton and the bride works as an administrative assistant in the real estate department of the First National Bank of Lubbock. The couple will reside in Lubbock following a honeymoon trip to New Orleans.

A salad supper was served at 6:30 p.m. with one visitor and fourteen members present.

At 7:30, Attorney Steve Hale presented the program "The U.S. Constitution." He stated that the final signing of the Constitution was September 17, 1787 and that we would be observing the 200th anniversary of that important event in our national history in 1987. He reviewed the structure of the Constitution, saying that: the first three articles are concerned with setting up the government; the Amendments and the Bill of Rights are our assurance of our Civil Liberties; and that the strength of the Constitution lies in its flexibility. In closing, he told of the program "The

Constitution: The Delicate Balance" which is shown on PBS Channel 5 and recommended it as it is a very worthwhile patriotic program.

After the program, the Regent Anne Swepston, called the meeting to order. Sherry Colston led the Pledge of Allegiance to the flag; Nancy Marble read the message from the President General; Carolyn Marble reported on National Defense; and the budget for 1985 was accepted.

Anne Swepston, Mary Lou Bollman, Nancy Marble and Carolyn Marble attended the Division I Workshop held September 6 in Lubbock. They reported an enjoyable and very informative meeting.

Janis Julian, program chairman, announced that at the October meeting, Mrs. Rebecca Herring, Archivist from Panhandle Plains Museum at Canyon, would be the guest. She will be speaking on "The Southwest Collection." This meeting will be at 7:30 p.m. on October 23 at Lighthouse Electric.

Hostesses for the salad supper were Margaret Wheeler, Jeanette Wilson, Olga Smith, Cephus and Imogene Fortenberry, Lois and Bob Karr, Kellye and Brooke Bouldin and Mrs. R.L. Neil.

Members present were: Mary Lou Bollman, Emily Johnston, Janis Julian, Carolyn Marble, Ona Ruth Neff, Anne Swepston, Nancy Young, Sarah Sanders, Nancy Marble, Sherry Colston, Eugenia Bethard and one guest, Grace Zabielski.

Julie Faulkenberry's name was inadvertently left off the hostess list for Carrie Summers' lingerie shower in last week's paper. We apologize for any inconvenience this may have caused.

## O.E.S. Past Matrons meet

The Past Matrons club of the Floydada Chapter No. 31, O.E.S. met Thursday evening, September 27, in the home of Mrs. Ruth Trapp for a salad supper and the monthly meeting.

Mrs. Flora McNeill, president, presided during the business meeting. Roll call was answered by each member's naming her favorite school.

Mrs. Doris Vinson was welcomed into the club as a new member.

The need for supplies for the ceramic class at the Floydada Nursing Home

was discussed and the club voted to make a contribution to this project.

Following the business meeting, the group enjoyed games of Skip-Bo and Uno. Those attending were Cleo Goins, Carrie Cline, Faye Jackson, Eula Parrack, Bess Carr, Amanda Hart, Hazel Swepston, Noma Lou Rainer, Dell Gray, Regi Gross, Flora McNeill, Frances Cross, Geneva Griffin, Doris Vinson, Anne Swepston, and the hostess, Ruth Trapp.

## Ford hosts Il Penseroso

Il Penseroso Jr. Study Club met September 20 in the Lockney Home Ec. Lab. Cindy Ford was hostess for the evening. Co-hostesses were Brenda Mangold and Jessie Johnson.

Refreshments of chicken salad sandwiches, chips and dip, and fruit jello salad were served. Club members enjoyed a very informative program on autistic children. Following the program, fair business was discussed. Final plans for the farm sale were also discussed.

Members present for the meeting

were: Patti Purser, Rhonda McCain, Cynthia Bybee, Kathy Kellison, Lynda Gant, Kim Lambert, Kay Martin, Jessie Johnson, Ginger Mathis, Reeda Cay Smith, Robin Stoerner, Brenda Mangold, Karen Quebec, Cindy Ford, Kelly Fortenberry, Judy Jackson, Sharon Kleypas, Sherry McDonald, Janette Workman, Lesca Durham and Char-lanne Burson.

## Floydada Nursing Home Happenings

Monday morning devotions were by Trinity Church. The singers were Rev. G.A. Van Hoose, Clara Redd, Ira Sullivan, Shirley Varner, Eula Mae Wilson, and Mildred Thrasher. Ira Sullivan sang a special song, My God Is Real. Rev. Van Hoose spoke about how Jesus came into the world to seek and to save the lost. In the afternoon we had crafts and worked on the candy jars that we had started last week.

Tuesday morning devotions were by Rev. and Mrs. Neelev Richard. He spoke from Isaiah and Romans concerning the sufferings of Jesus while on Earth, and how all the sufferings on Earth is not to be compared with the glories that are waiting in the life that is to come. We all enjoyed the devotions and also the banana break. We had a good time of socialization at coffee time. Ten residents participated and Beno Wilson's sister, Jessie Stewart, was here to visit also. We always enjoy visitors for morning coffee and socialization times at 9:30 each morning. Tuesday afternoon we had a good time of Bible study and sharing and prayer. Our study was about "Looking Forward."

Wednesday morning devotions were by City Park Church of Christ. The singers were Mary Spears, Beulah Baker, Ruth Walker, Eva Tackett, Lula Teague, and Lorilla Bradley. In the afternoon we played Ingo. A.J. Huckabee bingo-ed first and got the 30 cent coke money. Mamie Bradshaw bingo-ed on the blackout and Bonnie Howard bingo-ed the most times. Bananas, purple plums and candy were the prizes. Bingo continues to be one of the favorite activities of the Nursing Home. We had fifteen residents participating this week.

Thursday morning Rev. Earl Blair was unable to be here for devotions so I read a scripture to the residents before we had exercise. In the afternoon we went on the bus ride. We rode over to Plainview and was treated to ice cream cones at the Sonic Drive In. We appreciate all the business places who donate refreshments to the residents. The residents going on the bus ride were Sue Thompson, Iva Simpson, Ruth Benson, Addie Lindley, Una Clark, and A.J. Huckabee.

We appreciate all the beautiful flowers that was brought to the Nursing Home this week. We all enjoy them.

Friday morning devotions were by Letha Mulder. She led the singing and I

read some scripture about Heaven. In the afternoon the residents played games.

Visitors were: Lorena Dunavant, Gray and Esther Freeman, Ruby Gooch, Worth Gwendolyn Howard, Lois Jones,

Willie Sandefur, Leona Mayo, Allene Henry, Zula Mae Emerit, Dorothy Neff, Oia Smith, Cephus and Imogene Fortenberry, Lois and Bob Karr, Kellye and Brooke Bouldin and Mrs. R.L. Neil.

## Sue Hong participates in Gifted/Talented program

Gifted and talented youth from 114 Texas cities and seven other states participated in the fourth annual "Shake Hands With Your Future" at Texas Tech University this summer. Sue Hong, daughter of Dr. Sam and Eunice Hong of Floydada, was a participant from here.

Shake Hands With Your Future, a summer enrichment program, exposes participants to advanced learning opportunities and to living in a university setting. The three 1984 sessions in-

cluded 436 students in the fifth through twelfth grades.

Participants selected courses such as biochemistry, leadership, physics, math, engineering, fine arts, agriculture, law, musical comedy performance, time and money management and experimental music.

Supplementary activities included field trips, lectures, counseling, communication sessions, mentor sessions, recreation and social activities suited to each age group.

## Center News

By Mrs. J.E. Green

Monday again, Oct. 1st:  
Last Monday was a nice day, but the rest of the week was like winter. Today has been warmer. It is cloudy and the wind blows.

Like any mother with children a long way from home I enjoy a long distance phone call from them. Clyde called Friday night. They are enjoying their garden and orchard. Don Clark called Sunday afternoon. All OK there.

Mr. and Mrs. Anthony Latta dropped in Saturday evening.

Homes contacted were Mrs. Elmer Warren, the Mayfields, OK; the Brewers, no news; Mrs. Roe Jones, no recent visitors, Mrs. Letha Lightfoot, at home; Mrs. Eula Battey at home, Mrs. Oia Warren, home, Mrs. Murff, at home; Mrs. Doyle Sandifur, at home today.

Later the Calvary Baptist W.M.U. met Monday evening with Bro. and

Mrs. Hollis Payne. There were ten present.

They were: Edna Patton, Beady Owens, Hazel Powell, Mrs. Walters, Mrs. Odam, June Van Cleve, Mildred Haile, Mrs. J.E. Green, and Bro. and Mrs. Hollis Payne. The meeting was enjoyed by all.

Mrs. David Walrath (Catherine Tubbs), Mrs. Clara Tubbs Brown, and Mrs. Burly (Tootsie) Fisher visited the O.C. Mayfields a few days last week, after the funeral of their sister-in-law Mrs. Ralph Tubbs. Mr. and Mrs. Gene Mayfield of Henrietta visited, and also Viola Goughly, Bob Bradford, Louis Anderson and Floyd Anderson.

Mrs. Fisher returned to her home in Livermore, California on Sunday. Mrs. Walrath, and Mrs. Brown left Monday for Showlow, Arizona.

**KIRTLEY'S MARKET**—Teta and Gordon Kirtley came here seven years ago in search of a small town to "make a home and establish a business." They now own and operate Kirtley's Market in Floydada.

## Kirtley's operate market

Gordon and Teta Kirtley came to Floydada from California seven years ago. At the time, they were looking for a small town in which to "make a home and establish a business." Teta's parents, M.A. and Della Hughes, who live here, told them about Lee Neff, who was thinking about retiring and wanted to sell his market. The Kirtleys, after duely investigating, purchased the business and moved to Floydada. They brought their daughter, Penny, with them, who is now a student at San Angelo State University. Their sons still reside in California.

Kirtley's Market is located at 316 North Second in Floydada. The market is open from 7:30 a.m. until 6:30 p.m. six days a week. The business is an Affiliated Foods members store. This means that they are able to offer a full line of grocery products and retain prices in keeping with the supermarkets in town. Fresh meat and produce are featured along with the usual dairy and grocery items. "We try to operate the business like a friendly neighborhood store," says Gordon. "We want to maintain the spirit of friendship and neighborliness that has been a part of this market in the past."

Teta had, for many years, worked in the grocery business in California. Gordon was a terminal manager for a trucking company in California. "We just put together what we knew about management and the grocery business and went into business for ourselves," says Teta.

Kirtley belongs to the Lions Club and both he and Teta are members of the Band Boosters Club.  
 The Kirtleys would like to thank all their customers for their patronage in the past. "We would like to continue to serve Floydada for many years to come."

## Outstanding man named

Floydada minister Anthony Joe Watkins has been selected to appear in the national biographical compilation of Outstanding Young Men of America for 1984. The publication recognizes outstanding civic and professional contributions by men between the ages of 21 and 36.

Ashey.  
 The state of Kentucky awarded Watkins a Medal of Achievement in 1975 after he successfully completed a rigorous exam earning him an Expert Medical Badge through an Army Program. "The exam is very difficult and I was one of only five in the United States to pass in 1975," said Watkins. He feels that this accomplishment was a major reason for his selection as an outstanding young man this year.

Watkins serves as minister to the First Christian Church of Floydada. In addition he works as Development Officer for Wayland Baptist University, in charge of raising funds for the private institution in Plainview.  
 Watkins, who was reared in Kentucky and attended Georgetown College, came to West Texas about three years ago. The family has been in Floydada since March. Tony and his wife, Lisa, have a nine month old daughter,

"I have always been active in church affairs and I believe this was what prompted Millard Jones of the First Baptist Church in Plainview to nominate me," says Watkins. He continued. "It is quite a notable thing to receive such an honor."

Mr. and Mrs. William Bertrand attended the South Plains Fair at Lubbock Wednesday. On Saturday they went to the Bursleson Ranch Roping. William was recently contacted by a man from the Austin area who wants to contract cutting the broomweeds in his pasture. Broomweeds, a nuisance to landowners, are a decorative item in great demand by people who do dried

flower arrangements. The contractor wants to bring in an 18-wheeler truck and clean up the pastures. The Bertrands were told by other pasture owners that the broomweed stubble will cause cattle to get cut noses, and also cause flat tires on your pickup. One rancher is said to have contracted his broomweeds and a man came out in a bus to do the cutting but wouldn't pay. So the landowner locked the gates and the bus is still out there in the pasture.

The market for broomweeds in the field is 2 cents a pound. The Bertrands are debating if the price is worth the trouble.

Mrs. Georgia Mae Erickson attended the Ranching Heritage Center Day last weekend at the West Texas Museum in Lubbock. Georgia Mae is one of the directors of the organization. Scottish bagpipers were playing near the Matador Ranch office, in honor of the investors from Scotland and Campbells

of Texas who were the original organizers of the Matador ranch.

Mrs. Roy Fawver has been in bed with the flu all week. Others have also had a bout. Last week temperatures got down to 42° some mornings and the weather did not warm up much during the day. People kept the fires going and stayed indoors. Sunshine on Monday and Tuesday of this week, welcome for opening the cotton.

One of Lula Teague's granddaughters, daughter of Rodney and Sara, was here last week-end with her other grandmother, Mrs. Alma Homes. Alma was in town for the Lockney High School

Homecoming and both ladies visited with friends and relatives.

Alma also visited in Lubbock on Sunday with Marshall Formby, her former Floydada radio station partner back in the 1950's and 60's. Mr. Formby is in a Lubbock hospital. Mrs. Holmes and Miss Teague flew back to Duncanville Sunday afternoon.

Mr. and Mrs. Lanny Glasscock attended the Bursleson Ranch Roping Saturday. Lanny entered the calf roping.

Miss Angie Bertrand, daughter of Mr. and Mrs. Randy Bertrand, is a member of the flag drill team at

Floydada High School this year. Out of towners expected for Floydada High School Homecoming festivities include Jill Bertrand Warren of Tahoka; Nancy Williams Goodwin of Idabel, OK; Ronald Bertrand of Vernon, Texas, and many others.

### FLOYD DATA

At City Auto's show date Tuesday several door prizes were given. A set of cups were won by J.K. West, Doug Brewer, Ruben Garcia of Abernathy and Freddie Morren. Winners of coolers were Shane Orman, Penny Golightly, and Weldon Pruitt.

### CONTEST RULES

Any local residents above the age of 7 except employees of the Hesperian may enter. Three cash prizes are given each week-ties will split prize money. Members of the sports department are sole judges of the contest and their decision is final.

It is not necessary to indicate scores on all the games...But total score (scores of both teams) of the tie breaker must be indicated at right.

Simply circle the team you choose to win in each of the footballs. Deadline for submitting entries is 5 p.m. Friday - winners will be announced the following week.

Enter one entry per person per week, print name and address plainly on blank below and mail or bring entire page to the Hesperian office.

Tie breaker game will be considered only in case of ties.

## Lewis locks up first place

Entries in the Football Contest this week were not guessing as well as they have in the recent past. Carl Lewis tapped first place with a total of five wrong answers. He will receive the \$10.00 prize.

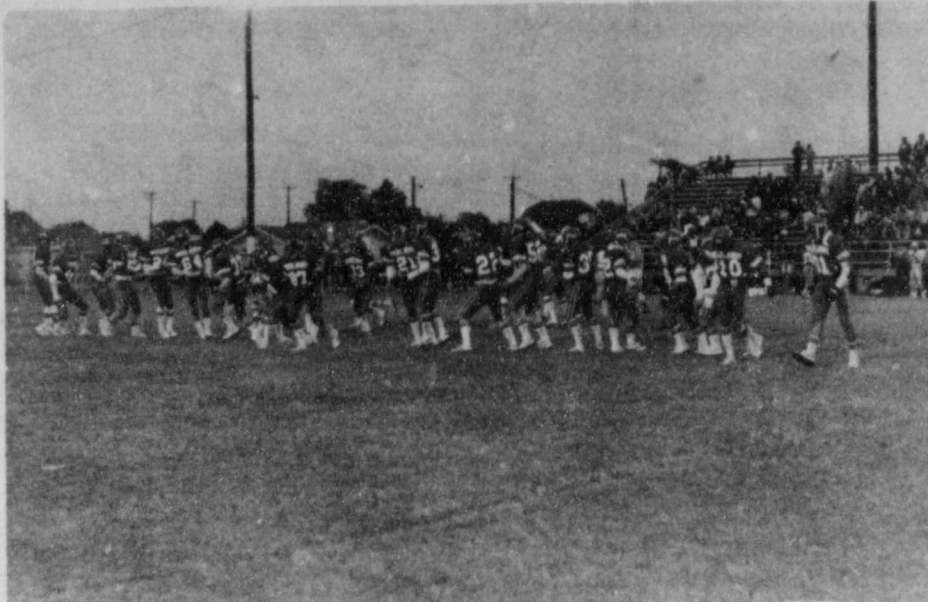

Second and third places went to entries with six incorrect answers. Sammy Bradley took second place with a tie breaker score of 46. He will receive the prize of \$6.00.

Abel Vasquez garnered the third place prize of \$4.00 with a tie breaker score of 57.

This surely must have been a weekend of upsets, as most of the entries had nine or more incorrect guesses. Keep trying.

If you enjoy the Football Contest, be sure to let the merchants who sponsor it know. They appreciate knowing they have made your day a little brighter.

Remember to get your entries into the Hesperian office before 5 P.m. on Fridays or to have it postmarked on Friday. Be careful to always choose a winner for each game and include a total score for the tie breaker game. Sometimes that makes the difference.

DESPITE THE PRESSURES of a losing season, the Floydada Whirlwind Varsity continues to present an enthusiastic and united front.

## Promote fire safety during Fire Prevention Week

National Fire Prevention Week, October 7-13, is a good time to plan what to do if fire strikes your home. Fires don't always happen to the other guy. Over one-half million residences burn each year.

Each member of your family should know two routes to the outside from each room in your home, especially bedrooms. Make sure that children can operate every window and are able to exit from upper stories. You may need to keep an inexpensive rope ladder near upper-floor windows for this purpose.

Agree upon a place to meet outside the home in case of fire, to make sure everyone has escaped safely.

Get out of your home, meet at your rendezvous, then call the fire department from outside the home, recommends the National Fire Protection Association. Every second counts!

Small children should be told not to hide during a fire and should be shown, not told, what to do. Each child should be able to phone the fire department and give your complete address.

Families should practice exit drills during daylight and also at night. More fatalities occur in night time fires.

No one should go back into a burning building after leaving it. This causes many fatalities.

Detecting a fire early is crucial to home fire safety. You should have smoke or heat detectors on each floor of your home. If possible, put them

outside bedrooms and near heating and cooking areas. A fire extinguisher should be kept handy for small fires.

If you suspect there is a fire, be cautious opening doors. Don't open a door if the door, knob or hinges feel hot. When opening a door which is cool to the touch, close it promptly if smoke or heat rush in.

Smoke is dangerous, even in relatively small fires. If you must go through a smoke-filled room, crawl with your head low, breathing close to the ground. Smoke is hot and rises, leaving cooler, cleaner air near the floor. Holding a cloth or piece of paper over your mouth and nose also provides some protection.

If a room's exits are all blocked by smoke or heat, do not attempt to escape. Stuff cloth or other material, wetting it if possible, under doors and around any other openings to keep out smoke. Breathe air near the floor and yell for help or signal at a window with a sheet or flashlight. If you must open a window, open it just enough to breathe fresh air.

Never jump from an upper-floor window unless absolutely necessary. Fire department rescuers could arrive soon.

Make sure your family has a well-rehearsed plan of action for safe escape in case of fire. Impulsive, emotional actions are usually successful on television, but not in real life.

## Winds routed by Wildcats 47-0 Friday night last

In a game played predominately by Steve Greene, Littlefield rushed their way to a 47-0 victory over the Floydada Whirlwinds on Friday night. This was the fourth win for the Wildcats, and the fourth loss for the Winds.

The Wildcats, ranked second, depended entirely on a ground game to score three times in the first quarter and again in the second quarter. Floydada's defense rallied during the second half and held the Cats to only one score in the third quarter and no score in the fourth quarter.

Floydada moves on to a second district game on October 5th when the Winds meet the Mules at Muleshoe at 7:30 p.m. The Mules lost to Friona last week.

Coach Paty said, "It was the kind of situation where the team had a fore knowledge of the team they had to play. Littlefield was ranked quite high, and had beaten Floydada pretty badly in earlier years, so they had a psychological advantage over us and really capitalized on the mistakes we made. Muleshoe should be a different story. They have lost a couple of games and have had some injuries. Hopefully, we have the advantage this week."

"James Burns is still nursing a sore ankle and Clay Lowrance has a sore shoulder. These are the only injuries the Winds have any problems with, so the team is in good shape. Work outs are going well, and enthusiasm is high. I think you will see a different team this week. They really showed what they were made of when they held off Littlefield in the second half. You have to admire kids for coming back and continuing to try in the face of such opposition," stated Paty.

The Varsity game is at 7:30 p.m. in Muleshoe on Friday, October 5th. The Ninth Grade team and the Junior Varsity will be playing this week at 5 p.m. Thursday here in Floydada, while the seventh and eighth grade travels to Muleshoe for games on Thursday.

## FFA Report

By Jeff Matsler

Monday, October 8, the FFA starts their sale of oranges, grapefruits, apples, pit hams (boneless whole hams), small hams, bacon, sausage patties, and hamburger patties. If you would like to buy some of these items, members of the FFA will be selling them or contact the Ag Department at the high school.

During the past week Ag I students studied parliamentary procedure, the Ag II students studied livestock nutrition and the Ag III students studied business finance. The ag mechanics class donated the labor to build new soccer goals for the Jr. Soccer League.

## SWCD election slated

An election for a director to serve in Zone 1 on the Floyd County Soil and Water Conservation District Board is scheduled for Tuesday, October 9, at the Trinity Lutheran Church at Providence. The election will be held at 7:30 p.m.

State law decrees that anyone wishing to vote in the election or hold the office of director must own agricultural land within the zone, but they can live

anywhere in Floyd County and be at least 18 years old. Both husband and wife may vote. The director also must be actively engaged in farming or ranching. Zone 1 is the northwest part of the county. The north boundary is the Swisher and Briscoe county lines. The Hale County line is the west boundary. The south boundary is US 70 (Floydada - Lockney - Plainview highway). The Silverton highway (highway 207) is the east boundary.

## VA to check on attendance before paying benefits

The Veterans Administration announced it has changed the way it verifies attendance of veterans and beneficiaries in GI Bill non-college degree programs.

Stephen Lemons, Director of the VA Regional Office in Waco, Texas said that, effective September 1, the federal agency now verifies school attendance on a monthly basis instead of quarterly.

He said this change affects veterans and beneficiaries in farm cooperative management programs, vocational technical schools and other non-college degree certificate programs.

Payments for each month that the veteran or beneficiary is in school will

be made only after verification of attendance has been received. Lemons said this procedure "will significantly reduce the overpayments that the Veterans Administration has experienced in the past."

The VA director said that advance payments will continue to be processed as in the past, when such payments are requested by the veteran and the school participates in the advance payment program.

He urged students in the program who experience payment problems to call the VA toll-free by using the number listed in the local telephone directory.

## National 4-H Week proclaimed

President Ronald Reagan recently proclaimed the week of October 7-13, 1984 as National 4-H Week. In doing so, he extended this congratulations to the nearly 5 million youth and over 600,000 4-H volunteer leaders across the country.

He said this special week is, "...in recognition of the contributions 4-H has made in youth leadership development and in improving the quality of life for millions of Americans in its more than 75 years of existence."

He also noted that he was proud to salute the adult and teen volunteers who contribute thousands of hours of time and share their talents for the development of youth through 4-H.

The 4-H program here in Floyd County, as it is elsewhere across the Nation, is the educational program for youth, ages 9-19, of the Cooperative Extension Service system. Extension is a 3-way partnership of the U.S. Department of Agriculture and its Extension Service, the State land-grant universities, and county governments. The volunteers noted by the President are

often described as the fourth partners by those officially a part of the system.

4-H offers something for everyone. Just a few activities that Floyd County has planned for the near future are: Leadership Retreats, the Foods & Nutrition Project; Clowning project; annual Achievement Banquet; Demonstration contests; Decision making contests; archery projects; Stock Show & County Camp. There are so many different opportunities - 4-H'ers just find the one they are interested in.

The Floyd County Extension staff are pleased that the President had included the following in his official proclamation. "I commend 4-H for achievements in agriculture, natural resources, and home economics which demonstrate a commitment to strengthening our country's food and fiber agricultural system and the American family."

Your local 4-H members, leaders and agents welcome you to take this opportunity during National 4-H week or at any time, to join with them and the President in wishing 4-H continuing success in the years ahead.

# Burleson memorial rodeo

**Continued From Page 1**  
 Frank Potts of Floydada photographed Saturday the three team roping events that had competitors from the surrounding area. Jack Johnson, Floydada, assisted by Sandy Coleman of Morton announced roping events.  
 The ropers drew for partners in the first event, Draw Pot. Brent Campbell, a student at Tarleton and Ivy Swink, Aspermont, were buckle recipients. Kevin Ogle, a student at WTU, and Tommy Smith of Aspermont came in second, walking off with the headstalls.  
 The second event, "One Over Forty," required one roper to be over forty years old. Some father-son teams were entered. J.E. Waller roped with each of his sons, Jay and Jim Ed. Button Beedy and son Todd, Laron Fulton and son Chris, Raz Ware and son Clinton were area participants. Raz Ware also roped with Brett Marble, a student from Texas Tech, to win the memorial buckles.  
 The final event on Saturday was "A-B" roping. The more practiced ropers are classified A; those with less experience B. The winners in this event were John Fortenberry and Clinton Ware, both of Lockney. They received the memorial buckles. The second place winners and recipients of the memorial headstalls were Wayne Stephens and Tim Washington of Flomot.  
 Sunday morning's arena event was the team penning. The captain of the timed event cut out three steers

numbered to match those assigned to him as he entered the arena. With the help of the other two, team members, they penned the three steers at the opposite end of the arena. Gary Lancaster's team, Matador, was the winner with a time of 1.05. Jay Don Finch's team, Roaring Springs, came in second with a time of 1.12.  
 The open pasture roping got underway by 2 p.m. with photographer Jack Robinson capturing the teams in action. 30 teams entered time event. In this event the steers were turned out into the pasture one at a time. After the steer crossed a 100 ft. barrier, the chase was on. Floyd Hardin of Matador was in fine form as the days announcer for this event.  
 Area ranchers that participated in the afternoon event were L.B. Campbell, Lewis Bostick, Travis Jones, J.A. Welch, Kenneth Pitts, S.C. Burleson, and Bob Echols, from New Mexico.  
 The team of Brent Campbell and his grandfather, L.B. Campbell, was able to rope their steers and received cheers from the crowd. However, the winners of the memorial buckles were brothers, Wes and Kevin Sharp of Clarendon. Kevin Sharp is math and rodeo p.e. instructor at Clarendon Jr. College.  
 The Burlesons express gratitude to all participants, helpers and supporters for a successful weekend, which they announced will become an annual event to benefit the Burleson Scholarship Fund at Clarendon.

**OPEN PASTURE ROPING** was again the order of the day at the Burleson Arena near Flomot this weekend, carrying out a long standing tradition in the Burleson family. This picture, made in the 1940's, showed W.E. Burleson dragging and Clayton Barton flanking.

## Farm credit plan could help

President Reagan's farm credit initiatives to reschedule portions of loans for some financially stressed Farmers Home Administration (FmHA) borrowers and to guarantee loans of some other borrowers may help farmers in Floyd County, FmHA County Supervisor Becky D. Via said today.  
 Annual reviews of FmHA farm loans will soon begin, Ms. Via said. A major

priority of the reviews will be to determine which farmers in Floyd County will qualify for a rescheduling of part of their loans for up to five years.  
 The President's plan permits up to a five-year deferral, with no interest payments, for as much as 25 percent of a loan, up to \$100,000.00, for FmHA borrowers who are experiencing severe financial stress and who show promise of success with a temporary economic boost.  
 Under the new guarantee plan, FmHA will be able to guarantee a loan in severe difficulty if the lender is willing to write off at least 10 percent, up to the amount necessary to give the borrower a positive cash flow. The borrower must meet general eligibility criteria for FmHA farm operating and ownership loans.

### NOTICE

Energas Company hereby gives notice of its intent to implement new rates for domestic and commercial type customer classes residing in the unincorporated areas of its West Texas System. It is anticipated that the new rates will result in approximately a two tenths of one percent (.2%) increase in Energas Company's gross revenues, which increase is not a "major change" as defined in Section 43 (b) of Article 1446c, V.A.T.C.S.

A Statement of Intent to change said rates was filed with the Railroad Commission of Texas on or about September 21, 1984, and is available for inspection at the Company's Amarillo office, 301 S. Taylor Street. Further information may be obtained from the Railroad Commission of Texas, Gas Utilities Division, P.O. Drawer 12967, Capitol Station, Austin, Texas 78711.

The proposed increase will not become effective until or except to the extent that the same rates are approved for service within the municipalities on the West Texas System.

## Disabled reap more benefits

Veterans receiving compensation for service-connected disability may be eligible for vocational rehabilitation counseling benefits under expanded Veterans Administration programs, according to Waco VA Regional Office Director Stephen Lemons.

The basic period of eligibility for vocational rehabilitation services has been extended to a period of 12 years following discharge from active duty or from the date the veteran was notified of entitlement to VA compensation for the disability -- whichever is later. The basic period may be extended if the veteran received an upgraded discharge or was unable to enter or complete training for a period of time because of his or her medical condition.

Lemons pointed out that the purpose of the vocational rehabilitation program is to assist disabled veterans to overcome an employment handicap which resulted from their service-connected disability. In the case of a veteran whose handicap prevents employment, assistance to achieve independence in living is provided.

The director said his office provides evaluation and counseling to assist in development of a comprehensive reha-

ilitation plan designed to suit the disabled veteran's particular needs.

The Waco VA Regional Office can be reached toll-free by using the number listed in the local telephone directory.

### QUAIL BAG LIMIT

The Texas Parks and Wildlife Department has issued emergency regulations effective on September 5, 1984, establishing a quail bag limit of 12 per day and 36 in possession for all areas of Texas. The expiration date of the proposal is January 3, 1985. The reason given for the emergency regulation is that the rule is needed to prevent depletion of quail resources.

Additional information can be obtained by calling (512) 479-4974 or 1-800-792-1112. [Texas Register, September 14, 1984, p. 4853.]

**DAIRY QUEEN MANAGER TRAINEE BY 30-UNIT CENTRAL & WEST TEXAS CHAIN**

Woman or man or combination couple, mature, willing to work and ready to relocate after short training period. This job will pay in excess of \$2,000 per month for a good working manager or management team — plus hospitalization insurance and vacation.

You may be qualified and not know it unless you investigate. Many of our best managers doubted they were qualified when they first contacted us. Most important are your own desire and need for success.

Common sense, the ability to do about 20 minutes of book work per day plus doing a good job of cooking and waiting on customers are the only basics to success in this job.

Advancement possible for positions above manager. Do not write or call unless you can relocate.
