## The Lamplighter

By Ken Towery

Will the world of wonders never cease?

Or, could we have been wrong all these years?

Press reports out of Washington indicate Ted Kennedy has made a "major" speech, calling on the Democratic Party to change its course. He urged his fellow Democrats to begin acting in the "broad national interests", even if it means disappointing some of their long term allies. They will have to curb their tendencies to promote high-priced government programs, promote efficiency in government, "do more with less", and admit that many programs have outlined their usefulness. "The mere existence of a program is no excuse for its perpetuation, whether it is a welfare plan or a weapons system," he is quoted as saying.

He even came out for merit pay for teachers, for goodness sake, and backed income tax simplification. He went on to say that "We must understand that there is a difference between being a party that cares about labor, without being a labor party, and there is a difference between being a party that cares about women without being a women's party. And we can and we must be a party that cares about minorities without becoming a minority party."

The political pundits up there were quick to say that Teddy is apparently "repositioning himself" for a possible presidential bid in 1988. If that is true it is good news, in a way. But it will be most disconcerting to an awful lot of people, in both parties.

Throughout Ted's political life he has suffered from a strange affliction that seems to be endemic among eastern politicians, particularly those from Massachusetts. That affliction causes them to believe that their own view of what's best for the country is the only view of what's best for the country, and that if the rest of the country believes differently, well, they just have to be "educated" to the correct view. They have had tremendous resources with which to help them in that educational process, and for many years it worked. But the people of our country do have the intellectual capacity to eventually sort out all that flim-flam and move in the right direction.

The problem I have with all this is that I have never thought of Teddy as being particularly bright. In that we seem to be in the minority, but my memory goes back to the days when he first came to the Senate as a freshman Senator from Massachusetts. One of his brothers was President, another was Attorney General, and Teddy, of course, was accorded a status far different than that given others serving their first term. He seemed far more concerned with the shape of a woman's ankle than he was about the shape of any legislation that might be considered in the Senate. As far as the business of the Senate was concerned, he wandered around in perpetual fog, guided by a staff of like-minded folks. He seemed to forever bend with the wind, or what his staff told him was the wind. And in those days the wind always blew from the East.

Now he has gotten much smarter, or at least the appearance is there. Either that or he is bending to what his staff tells him is a new wind, from the West and Southwest.

What this will do in terms of politics is yet to be determined. So devout are Teddy's true believers they will probably salute and take the new course, understanding that his heart is probably still where it always has been. But among the broad constituencies of organized labor, of the welfare community, and of the left in general, there is bound to be confusion and disarray. Teddy will have to explain his new position to them, in private, no doubt, and whether they will be satisfied with his explanations is open to question. In this day and age people can understand a switch in parties very easily, given the realignment that is going on. But a change in philosophy is something else.

## Voting is light in elections

Jonelle Fawver in the county tax office estimated the total number of voters eligible to vote in the election to choose a mayor for Floydada at 2198. With only 562 ballots cast, this indicates that about 25% of the voters turned out. There were approximately 2852 voters eligible to cast ballots in the Floydada Independent School District election with 19%, or 555 voting. Only 12% of the voters who could have voted in the Caprock Hospital District election did so by Fawver's estimate, with 3177 eligible voters in precincts, 1, 3, and 4 of the county, of whom only 391 voted.

The city of Floydada will again have Parnell Powell serving as mayor. Powell ran unopposed, receiving 480 votes. Five write-in candidates received 33

votes with Bill Dawson taking the most at 27. Sammy Hale and Carroll Sims each received two votes and one vote each went to Bill Hardin and Wayne Russell.

Council positions were once again won by the incumbents, Wayne Russell with 427 votes and Frank Breed with 358 votes. Challengers Ginger Warren with 199 votes and Tino Morales with 82 votes were joined by four write-in candidates in defeat. Oscar Garza received 14 write-in votes and Oscar Sanchez, Joe Martinez, and Larry Ogden each received one.

All three recently appointed members of the Floydada Independent School Board were returned to office by local voters. Freddie Morren received 459 votes, Weldon Pruitt received 338, and

Hulon Carthel received 361 votes. The only challenger to the board was Joyce Kimble who received 241 votes. Sixty-seven write-in votes were cast for Larry Barbee and 10 for Tino Morales.

The three incumbent Caprock Hospital District board members running for reelection were returned to office with Jo Wester and Don Bean receiving 386 votes each while Louis Anderson received 384 votes. There were eleven write-in candidates when the tabulations were finished. Tino Morales and Joe Martinez each received three votes and Aaron Carthel, Kinder Farris, and Jim Word each received two votes. Larry Barbee, R.O. Turner, Don Hardy, Leonard Matsler, Sammy Hale, and Bill Hale each received one vote.

## "Harvey" holds final rehearsals

Preparations for Floyd County Arts Association's spring play, "Harvey" are entering their final week. Ticket sales are increasing, furniture and hand props are being gathered, food is being ordered, and the director is putting the finishing touches on the rehearsals. This delightful play will open on Friday, April 19 at 7:00 p.m. with a delicious buffet dinner at Duncan Elementary Cafeteria, in Floydada.

The average theatre-goer cannot possibly realize all of the time and effort that goes into such a production. Members of the cast and crew have been in rehearsal for eight weeks, already. Sound effects have been taped and re-taped to fit the action, lighting effects have been worked out, scenery manufactured, costumes located or made, and a list of miscellaneous furniture, accessories, etc. rounded up. For this particular play, there has even been a portrait painted.

In addition to these production details, the menu has been planned,

tables and seating arranged, decorations made, volunteers lined up, and other such details attended to. Publicity posters and flyers have been distributed, tickets put on sale, and information gathered for the programs.

It takes a lot of willing workers to carry it all off. In addition, it takes even more interested people to buy tickets and attend in order to make it all worthwhile.

Deadline for dinner-performance ticket sales is next Thursday, April 18. Be sure to get yours early, to ensure a place at the dinner, (either Friday or Saturday night.) Performance-only tickets for Sunday's 2:30 matinee are also available. Tickets may be purchased at First National Bank in Floydada and Lockney or from members of the cast and Arts Association board members.

Joy Lawson has been acting as Cecil's "girl Friday" as well as heading the backstage crew in making the necessary

scene changes when the curtain closes. Stella Benjamin, the Arts Association's Drama Chairman, has served as Production Manager, coordinating all of the various production committees as well as filling in by reading the lines of "missing" cast members, from time to time. Gale Ramsey is prompter and has really "earned her keep" as the cast worked to learn all of their lines.

Members of the cast include: Dallas Ramsey as Elwood P. Dowd; Sara Probasco, as Elwood's sister; Connie Bertrand as Elwood's niece; Bernice Walters as Aunt Ethel; Don Chesshir, as Dr. Chumley; Darlynn Hambricht, as Mrs. Chumley; John Quebe, as Dr. Sanderson; Allison Robertson, as Nurse Kelly; Gary Brown as Wilson; Dewane Franklin, as the cab driver; Don Probasco, as Judge Gaffney; and Harvey, as himself.

Other behind-the-scenes personnel include: Sherry Tilson, make-up and sound; Pat Franklin, lights; Sally Gallowsay, properties.

## KKAP radio has grand opening

The Chamber of Commerce and KKAP celebrated the grand opening of KKAP's FM station in a ribbon cutting ceremony on Monday, April 8.

"This is very exciting for everyone in Floydada," said Bob Alldredge, owner of KKAP, "we have always had an AM station, but this is the first time Floydada has had an FM station."

KKAP is now broadcasting AM-FM simultaneously, Sunday thru Thursday broadcasting hours are 6:00 a.m. to 10:00 p.m. Fridays and Saturdays the hours extend until 12:00 midnight.

Religious programming is broadcast all day Sunday, and a religious song is played every hour during the week. Country music is broadcast from 6:00 a.m.-6:00 p.m., followed by pop and easy rock.

"With the FM antennae there is less static, and the sound is much clearer," says Alldredge. "And we are having an excellent response to the FM station."

KKAP FM GRAND OPENING—was celebrated by a ribbon cutting ceremony on Monday April 8 at 10:00 a.m. Bob Alldredge, owner of KKAP, and his wife hold each end of the ribbon being cut by Jerry Thompson, President of the Chamber of Commerce.

Allredge has announced his intention to resign his position at Caprock Education Cooperative effective at the end of the 1984-85 school year. His six years as director culminate an educational career which has spanned thirty-five years. In addition to being a classroom instructor, Allredge was also principal of the junior high for four years here and an instructor of botany and math at College of the Southwest in Hobbs, New Mexico.

Allredge farmed in the Floydada area from the early sixties until March of this year. He said he is looking forward to the challenge of the new radio venture, as his wife, Charlene and their four children, Steve, Mark, Roger, and Karen.

Allredge is a deacon in the First Baptist Church and teaches an adult Bible class. He is a trustee from Floyd County on the Central Plains Comprehensive Community MHMR and a

member of the Region XVII Education Service Center Special Education Advisory Committee. He serves as president of the FCS Federal Credit Union and is a member of the Floydada Chamber of Commerce, the West Texas Council of Administrators of Special Education, Texas-CASE, lifetime member of TSTA, Council of Exceptional Children, Association of Texas Professional Educators, and the Floydada Lions Club.

## Boulter attends local meetings

Congressman Beau Boulter was in Floydada Wednesday afternoon and night for a series of meetings with representatives of the various groups of our agricultural community.

The principal meeting was held Wednesday afternoon at the community room of the First National Bank, and included all the gin and elevator managers from the southern half of Floyd County. Each manager brought a farmer with him.

The hour and a half meeting was devoted exclusively to discussion of the pending farm legislation.

Bill Hale, who arranged the meeting for Congressman Boulter, explained that this committee-type meeting was held to have a more efficient way of bringing all aspects of farm problems before the Congressman while farm legislation is pending in Washington.

Congressman Boulter will return to Floydada in the not too distant future and will hold a town hall meeting that will be open to everyone.

CASH AWARD—Blair Boyd, right looks over the award presented to him by Bob Hopper, Farmer Programs Chief from Temple, Texas. Boyd, the FmHA Assistant County Supervisor for Floyd County, received a cash award and a letter of commendation for "excellent work in difficult times" according to Hopper. Also present for the presentation were Clinton Kennedy, District Director, and Melvin Hoover, Assistant District Director, both of Plainview.

## Court approves audit

Fred Thayer of Gary, Thayer, and Bowers, CPA presented the proposal for conducting the yearly audit now required for any entity receiving more than \$100,000 in revenue sharing funds during a year. The county is required to provide an audit of revenue sharing funds for the fiscal year of 1984 to revenue sharing officials. Thayer proposed billing the county on an hourly basis with the audit taking approximately 130 hours at a cost of approximately \$5,000.00. "The conversion to the accrual basis of accounting which was made in connection with the audit done last year cost us more than \$9,000.00 in time and work. We charged the county only the pre-audit agreed upon of \$4,500.00," said Thayer. The court agreed to the terms of the audit and approved the local firm for the project.

Both the county auditor and the county treasurer submitted their reports on the financial status of the county as of March 31. County auditor Bobbie Hamilton reported, "We have spent a little less than one fourth of the budget as of this date." Minor budget adjustments totaling \$438.00 were necessary to facilitate the payment of current obligations were made by the court.

County treasurer, Glenna Orman reported that the county has earned interest to date of \$22,462.23 on money invested in CD's.

The court approved payment of monthly bills with the exception of a hospital bill on a local jail prisoner. The court tabled payment of the bill pending action by the hospital board of directors on a request for adjustment of the charges to a lower figure. Also tabled at the meeting on April 8 was the issue of increasing the fee for housing out of county prisoners in the Floyd County jail facility. Sheriff Fred Cardinal was unable to be present at the session due to ill health, and the matter could not be pursued.

Farm work contracts were reviewed and approved for the following people; Pat Frizzell, requesting that two stock tanks be dug seven miles northeast of Lockney; Howard Bishop, requesting the clean out of a lake pit nine miles southeast of Floydada; Frank Wergel by S.J. McIntosh, level a railroad dump; Robert Heflin, level a railroad track nine miles east and 1/2 mile south of Floydada; and Lon Davis, rebuild a terrace and turnrows five miles south of Floydada. One contract was declared void. Harold Norrell's earlier approved request was withdrawn.

## Crime prevention program now offered to community

The Floydada Police Department attended a Crime Prevention seminar given by Cpl. Royce Williams of the Lubbock Police Crime Prevention Unit on Monday, April 8.

"The program is taught by Lubbock Police Department and paid for entirely by South Plains Association of Governments (SPAG)," said James Hale, acting police chief of Floydada. "It was basically a program to inform all area P.D.'s as to what is available to our communities in the area of crime prevention programs."

Some of the topics the Lubbock Police Department Crime Prevention Unit are qualified to speak on are: child abuse, sexual assault, child molestation, incest, kidnapping, Operation Identification, Neighborhood Watch, business security, home and business surveys,

shoplifting, robbery, burglary, assault, homicide, child restraint laws, arson, senior citizen power, criminal mischief, and domestic violence.

"Eight engravers were given to us that people can check out and engrave their property with an identifying number," said Hale. This program called, Operation Identification, discourages burglary and theft because it is difficult for a burglar to dispose of or resell marked property. And, if the burglar is caught with marked property, it is solid evidence of possession of stolen goods. "We will also have stickers for people to put on their windows and doors letting burglars know that the property is marked inside," said Hale. "This discourages burglars from even coming into the house."

"People also need to know," says Hale, "that if you get a security survey done on your home and implement the recommendations, it may even lead to a reduction in your insurance rates."

It calls into question the sincerity of either the original position, or the new. Personally, we hope he is sincere, and that he will hold the new course when the storm breaks around him. If so, perhaps we can chalk it up to another victory of age. There is, after all, a feeling that one ought to grow a little wiser with age and experience.

Let us hope that after all is said and done, this will not merely be another item in the long list of charges that will be brought against Ronald Reagan by future historians of the left...that the President, with his landslide victory, finally succeeded in corrupting Teddy Kennedy.

## FFA president addresses banquet

Coby Shorter, State Chapter, FFA president, spoke before the 100 members and guests present for the FFA banquet held in the Duncan Cafeteria Tuesday night. Referring to himself as a "preacher's son," his wit and enthusiasm caught on well with the audience. A dynamic and entertaining speaker, Shorter spoke particularly to the young members of the local FFA chapter about their attitude. "Tough times never last; tough people do" he said.

After a meal of barbecue brisket, beans, potato salad, and homemade ice cream served by Sue Chesshir and staff, Shannon Barbee presented Greenhand Degrees to recipients: Heath Robertson, Chad Edwards, Chad Pernel, David Christian, Ty Stovall, Keith Hancock, Michael Hicks, Greg Lawson, and Donna Campbell. Clay Lowrance, Jeff Matsler, Matthew Redding, Troy Don Faulkenberry, David Pyle, Shannon Barbee, Darin Martinez, and Hunter Smith received Chapter Farmer Degrees presented by Brent Williams.

Rodney Purswell, sponsor, presented candidates for the Lone Star Farmers with certificates. He explained they were reviewed by area standards and then state requirements before being confirmed. Those recognized included Brent Williams, Brian Sanders, Jon Garrett, Coy LaBaume, David Payne, and Don Chesshir.

Chapter Sweetheart, Lisa Smith, was presented with a dozen long stem red roses by Tim Burns. Keith Hancock made a duplicate presentation to Misti Orman, Chapter Plowgirl.

Certificates of merit were presented to the Senior Chapter Conducting Team of Coy LaBaume, Brent Williams, Shannon Barbee, Jeff Matsler, Mat-

## Floydada ISD incumbents reelected to school board

The Floydada Independent School Board elected officers for the coming year, after the votes from the April 6 election were canvassed and certified during the regular monthly session on April 8. The present slate of officers was reelected by acclamation, with Don Hardy remaining in the post of president, Weldon Pruitt as vice president, and Fred Zimmerman as secretary.

NCR representative, Craig Howard, presented a proposal for consideration on the NCR Tower computer system. He stated that "The tower system would provide Floydada with automated school data processing capabilities with an eight year cost of \$89,861. The multi user system offers a hard disc with a tape cartridge backup, direct processing capability in a 46 megabyte system with expansion capabilities to 260 megabytes and a memory of 512K expandable to 2 megabytes."

The board was told that the system would be able to handle all school and student accounting now and in the future. Superintendent Jerry Cannon stated, "At present, we are functioning well with the system we use now, combining manual records with leased computer services. There is no push to purchase a system." This proposal, like the IBM proposal presented in March, was taken under consideration.

Bids were opened on the sale of the old ag pickup and the bid went to Samuel Segura for \$3400.00. Other business occurring at the session was the approval of the requirements for student promotions and approval of the proposal to co-op with the regional service center on Chapter II funds.

The board voted to order a new school bus, electing to go with a diesel engine and a 71 passenger vehicle at a cost of approximately \$31,000.00.

Cannon reported tax collections are 89% complete with \$818,287.46 collect-

ed and an outstanding balance due of \$101,441.42. He also announced the receipt of Bob Alldredge's resignation. Alldredge is resigning to devote full time to his recently acquired radio station.

James Cage, school board member from Dougherty ISD, appeared before the board to express his confidence in the vocational programs and to request that the local board do all they could to uphold the program and its standards. "I feel that the vocational programs are very beneficial to our students and our communities. I also feel that the good they do can be seen in the long run more clearly than it is now," he said.

"The local board has tried to maintain the program, but participation in the program is down and funds are not as easily obtained as in the past," said Cannon. "We are trying to hold our own and so far have in Floydada schools."

As of this time, school board executive sessions have yielded the following results: March 18, 1985- The board approved a motion to renew contracts as presented by the principals and superintendent. The personnel under discussion were the certified teachers and secretaries. April 8, 1985- Non-certified personnel were discussed in the session. After coming out of the session, the board approved a motion to renew contracts for non-certified personnel as presented by principals and superintendent. Non certified personnel include aides, cafeteria employees, and custodians.

## Ferguson and Gravestock are bank artists of month

Two artists who are well known in area art circles are sharing the spotlight as the First National Bank of Floydada's artist of the month for April. Yvonne Ferguson of Lubbock and Marge Gravestock of St. Maries, Idaho, are the guest artists exhibiting works in varied media depicting a myriad of subjects. Gravestock works exclusively in oils while Ferguson also utilizes pastels and egg tempura. Both ladies specialize in scenery paintings, although Ferguson also does floral paintings and animals.

Ferguson, a native of Roswell, New Mexico, graduated from the Washington School of Art and has been active in the Lubbock Art Association and the Texas Fine Arts Association for many years. She is a member of the board of directors of the Texas Fine Arts Association and the Lubbock Art Association, as well as being past president of the Lubbock organization. She also served on the board of directors of the Lubbock Garden and Art Center.

Besides painting, Ferguson is a photographer and has exhibited both paintings and photos with honors, winning awards and citations in local, regional, state, and out of state events. She is listed in "American Artists of Renown" for 1981-1982. Ferguson studied with Albert Handel, Betty Fielder, William Henry Earle, and Ray Vinelli. Her works are hung in private collections in New Jersey, California, New Mexico, Texas, and North Carolina.

Marge Gravestock, originally from the Red River Valley of North Dakota and a graduate of high school in Finley, North Dakota, raised five children in Texas while working in many civic

activities. She was active in the United Way Campaign in Lubbock for 12 years, as well as being involved in Boy Scouts, Girl Scouts, Campfire Girls, Little League, Pony League, and the Lubbock Swim Club. After moving to California, Gravestock began taking art lessons in 1977, studying oil and tile painting.

Gravestock's painting has become a more prominent part of her life since her retirement from and her move to Idaho. She says that the area has such a wealth of subject matter that an aspiring artist just can't stay idle. Her renditions of Idaho landscapes and St. Maries historical buildings have attracted much favorable comment and were displayed at that community's Benawah Hospital.

The combined exhibit of the two artists offers patrons something a little different in nature which should be very interesting to view. Everyone is invited to view the works of these artists on display at the First National Bank of Floydada during the month of April. Visitors and regular customers are encouraged to come by during regular business hours which are 9 a.m. to 3 p.m. Monday through Friday.

First United Methodist Church will present the drama, **Christ In The Concrete City**, on Sunday, April 14th, at 11:00 a.m., and again at 8:15 p.m. Written by Paul W. Thomas, this play was first presented by The New Pilgrim Players, the professional company of the Religious Drama Society of Great Britain, in Hinckley Parish Church, March 1953. The public is invited to see and hear this unusual portrayal of the Passion of our Lord Jesus Christ from three points of view.

First, the story of something that happened, where the actors step in and out of the historical characters. Second, the story of the Passion speaking timelessly to all mankind, where the cast act as a number of voices rather than a group of individuals. Third, the Crucifixion and Resurrection, events of personal significance speaking intimately to the individual and in the

secret places of his soul.

The purpose of the presentation is to portray dramatically the meaning of the Passion in words and images understandable by the people of a modern industrial city. The play also shows how we crucify Christ daily with our actions and words.

Members of the cast are: Bobby Rainer, Noma Lou Rainer, Kay Lyn Rainer, Jack Gregory, Zacha Gregory, Don Warren, and James Hinton; with direction by Bobby and Noma Lou Rainer. Hope Warren in the prompter.

Make plans now so you won't miss the unique experience and revelation that if there are failures and inadequacies of the Kingdom of God, they are our own!

This play is produced by special arrangement with Baker's Plays, Boston, Massachusetts.

## Public Notice

Southwestern Bell Telephone Company, in accordance with the rules of the Public Utility Commission of Texas, hereby gives notice of the Company's intent to implement a new schedule of telephone rates in Texas, effective May 6, 1985, unless otherwise determined by the Commission. The Public Utility Commission of Texas has received the application as Docket 6200.

While proposals as to specific rates vary, it is expected that the requested rate schedule will furnish a 10.5 percent increase in the Company's unadjusted test year intrastate revenues or a 9.7 percent increase in test year revenues as adjusted for test year customer growth and annualization of test year rate increases. The rate application seeks an annual increase of \$323.9 million in revenues. All customers and classes of customers of Southwestern Bell Telephone Company within Texas will be affected by the proposed changes.

Most rates proposed for increase would increase by about 18.5 percent, including local exchange rates. However, there are some exceptions. For example, those customers residing in cities that will be reclassified into larger rate groups will experience local exchange rate increases greater than 18.5 percent. Also, the rate increases proposed for private line services in El Paso, due to a proposal to restructure such rates, are greater than 18.5 percent.

A complete copy of the new rate schedule is on file with the Public Utility Commission at Austin, Texas and with each affected incorporated municipality served by Southwestern Bell Telephone Company. The Commission staff has contended in the past that all rates are subject to change as a result of Southwestern Bell Telephone Company's rate application. This filing includes, but is not limited to, proposals to increase rates for local exchange service, intraLATA long distance, intraLATA interexchange private line service (which includes foreign exchange service) and to decrease certain access service rates.

### Notice to Customers of Other Telephone Companies

This filing includes, but is not limited to, proposals to increase rates for intraLATA long distance and for intraLATA, interexchange private line service (which includes foreign exchange service) and to decrease certain access service rates. Changes in such rates would also affect customers of other telephone companies because such companies provide certain services in accordance with rates specified in Southwestern Bell Telephone Company's tariffs.

### Notice to All Customers Concerning Access Charges and Certain New Service Charges

Southwestern Bell Telephone Company, as a part of this filing, is also proposing to reduce certain access rates charged such customers as AT&T Communications, Inc., MCI and other carriers. The resulting reduction in revenues is proposed to be offset by revenues from two new service charges, late payment charges applicable to business customers only and for certain operator services such as busy line verification, plus stimulation of access service charge revenues. Since this portion of the filing, if granted, would have essentially a zero net revenue effect on Southwestern Bell Telephone Company, Southwestern Bell Telephone Company is proposing that this portion of the filing be expeditiously handled by the Commission and not await Final Order.

Persons who wish to intervene or otherwise participate in these proceedings should notify the Commission as soon as possible. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the Public Utility Commission Consumer Affairs Division at (512) 458-0223 or (512) 458-0227, or (512) 458-0221 teletypewriter for the deaf.

## Aviso Público

En conformidad con las disposiciones de la Comisión de Servicios Públicos de Texas, Southwestern Bell Telephone Company anuncia mediante el presente aviso su intención de establecer un nuevo arancel de tarifas telefónicas en Texas, con vigencia a partir del 6 de mayo de 1985, salvo disposición en contrario de la Comisión. La Comisión de Servicios Públicos de Texas a registrado esta solicitud bajo el Docket 6200.

Si bien existe variación entre las propuestas en cuanto a las tarifas precisas, se anticipa que el arancel tarifario solicitado aumentará en un 10.5% los ingresos intrastatales no ajustados de Southwestern Bell Telephone Company durante el año de prueba, o sea, un aumento del 9.7 por ciento en los ingresos del año de prueba, después de realizar el ajuste por la expansión de los usuarios y por la anualización del aumento de tarifas para el año de prueba. El objeto de esta solicitud de tarifas es lograr un aumento anual en los ingresos de \$323.9 millones. Los cambios propuestos afectarán a todos los usuarios y grupos de usuarios de Southwestern Bell Telephone Company en el estado de Texas.

La mayoría de las tarifas que resultarían afectadas por el propuesto aumento aumentarían aproximadamente en un 18.5 por ciento, incluyendo las tarifas de centrales locales. Sin embargo, existen algunas excepciones. Por ejemplo, los usuarios que residen en ciudades que se reclasificarán para formar parte de grupos tarifarios mayores experimentarán aumentos mas elevados del 18.5 por ciento. Por otra parte, los aumentos de las tarifas propuestas para servicios de línea privada en El Paso aumentarían en más de 18.5 por ciento, como resultado de una propuesta para reestructurar tales tarifas.

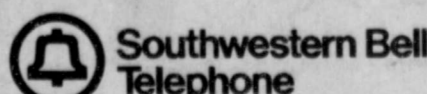

Una copia completa del nuevo arancel de tarifas se halla archivada en las oficinas de la Comisión de Servicios Públicos en Austin, Texas, así como en cada municipalidad incorporada afectada que tenga servicio de Southwestern Bell Telephone Company. En el pasado, la Comisión ha sostenido que toda tarifa se halla sujeta a cambio toda vez que Southwestern Bell Telephone Company solicite nuevas tarifas. El registro de esta tarifa incluye, pero no en forma limitativa, las propuestas de aumentar las tarifas por servicios de centrales locales, de larga distancia intraLATA y por servicios de línea privada interLATA entre centrales (incluyendo servicios de centrales externas) así como las propuestas de reducir ciertas tarifas de servicio de acceso.

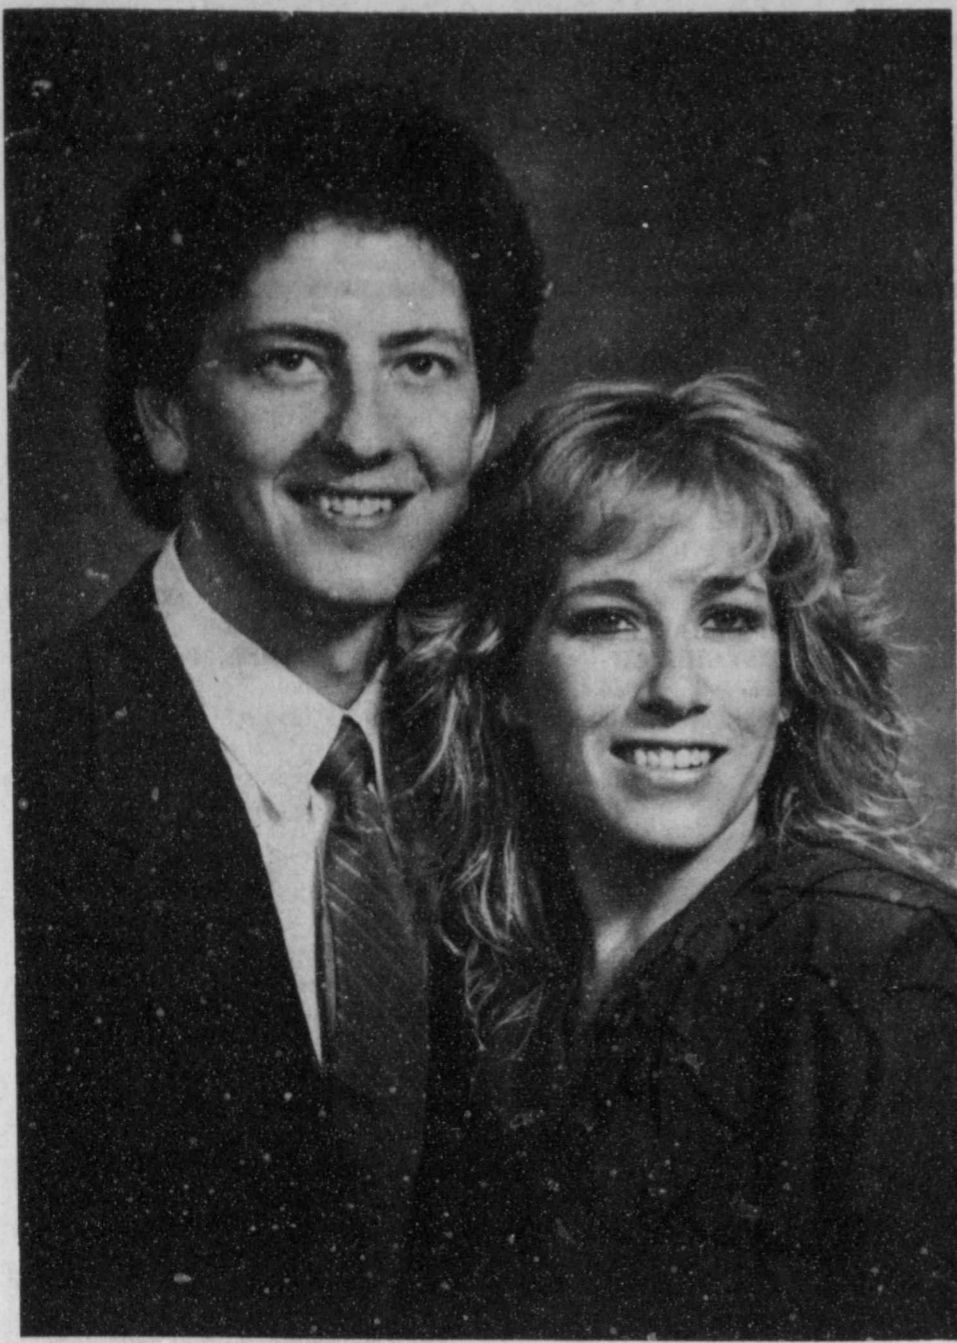

**Aviso a los clientes de otras compañías de teléfono**  
 El registro de esta tarifa incluye, pero no en forma limitativa, las propuestas de aumentar las tarifas por servicios de larga distancia intraLATA y por servicios de línea privada intraLATA entre centrales (incluyendo servicios de centrales externas) así como las propuestas de reducir ciertas tarifas de servicio de acceso. Los cambios en dichas tarifas también afectarían a los clientes de otras compañías de teléfono, puesto que dichas compañías proporcionan ciertos servicios de acuerdo con las tarifas especificadas en los aranceles tarifarios de Southwestern Bell Telephone Company.

### Aviso a todos los clientes con respecto a los cargos de acceso y a determinados cargos nuevos de servicio

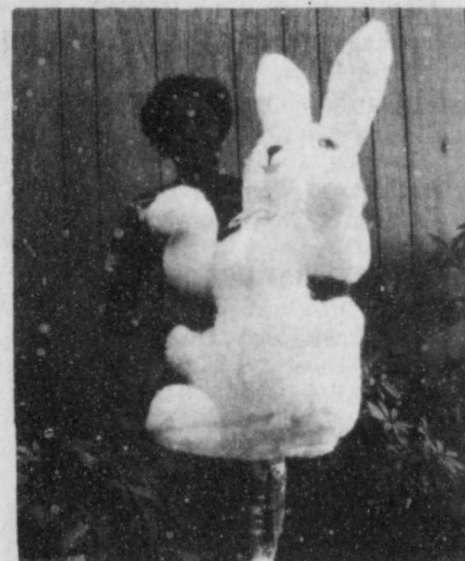

Al registrar esta tarifa, Southwestern Bell Telephone Company también propone reducir ciertas tarifas de acceso que se les cobran a clientes como AT&T Communications, Inc., MCI y otras compañías de larga distancia. La consecuente reducción de ingresos se piensa compensar por medio de dos cargos nuevos de servicio (cargos por pago atrasado que se aplicarán solamente a usuarios comerciales, y cargos por ciertos servicios de operadora, tales como verificación de línea ocupada) además de la estimulación de los ingresos por cargos por servicios de acceso. En vista de que, en caso de otorgarse esta parte del arancel tarifario registrado, su efecto real en los ingresos de Southwestern Bell Telephone Company sería igual a cero, ésta propone que la Comisión tramite dicha parte de la tarifa en forma expeditiva sin esperar la Orden Definitiva.

Toda persona que desee intervenir o participar en el presente proceso debe notificar a la Comisión lo antes posible. Las solicitudes de intervención, participación o información deben dirigirse a: Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Para obtener mayor información debe llamar a Public Utility Commission Consumer Affairs Division, (512) 458-0223, o (512) 458-0227, o al (512) 458-0221 si requiere teletipo para personas con impedimentos de audición.

# FFA takes first place

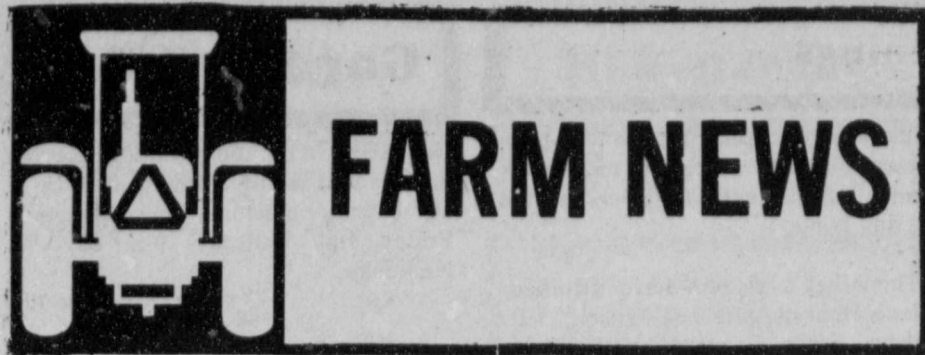

A team of four boys from Floydada High School's Vocational Agriculture Class took 1st place honors in the Plainview District Agricultural Mechanics Contest held March 27th in Lubbock.

Led by instructor, Rodney Purswell, the Floydada team competed in four skill areas; electrical wiring, welding, small gas engine repair and tool identification, earning the first place team trophy. Brian Sanders had a perfect score in the small gas engine skill, along with having the highest overall individual score in the Plainview

District, which earned him trophies for each accomplishment. Teammate, Greg Thompson, came in just a few points behind Brian in overall individual score, which earned him a 2nd place trophy in that category.

Following Floydada, Cotton Center came in 2nd place in district team competition, followed by Dimmitt for 3rd place.

The Plainview District contest is sponsored by Lighthouse Electric Cooperative in Floydada and also by Swisher Electric Cooperative of Tulia.

## Floyd County Jr. Livestock Association elects officers

A meeting of the Floyd County Junior Livestock Association on April 2 resulted in the re-election of Weldon Pruitt, Buster Terrell, Harold Wayne Bennett, and Mike Hinsley as directors for Precincts 1, 2, 3, and 4 respectively. Kenneth Broseh was re-elected director for Lockney and Larry Barbee will continue as director for Floydada. Craig Edwards remains the at-large director. All will serve until 1988.

Officers for the association will also remain unchanged. Michael Hinsley will serve as President, Jerry Williams as vice-president, and Jon LaBaume and Larry Barbee will share the duties of secretary-treasurer. Jerry Williams will again serve as general superintendent of the show with Joe Rexrode as swine superintendent, Kenneth Broseh as lamb superintendent, and Laron Fulton as steer superintendent.

Added to the present list of assistant superintendents were Junior Martinez in swine, James Cage in lamb, and

David Foster and Stanley Burleson in steers. Larry Barbee will be the ground superintendent with Gary Brown added to the list of assistants. Warren Mitchell was added to the list of loading assistant superintendents.

Three were added to the list of official weighers. They were Mark Beedy for steers and both Buddy Hendricks and Jodie Foster for lambs.

The date of the 1986 show was tentatively scheduled for February 14, 15, 16, and 17, provided school holidays and weekends work out to allow it. A list of judges was approved for possible use for next year's show. The sewage system at the show barns is to be worked on because it had some definite shortcomings this year. A committee is also looking into the possibility of improving the concession stands and bleachers in the show arena. The committee will report on the feasibility of the work at a later date according to Jon LaBaume.

Judge Choise Smith and sons, Dean and Hunter went to White River Saturday and brought home a good mess of fish. They enjoyed a fish supper Sunday night. Miss Jody was home from Texas Tech over the Easter holiday.

Mr. and Mrs. James Lee Nichols had their children home for Easter. Nancy and Gary Campbell and children, Jessica and Jennifer, of Kansas City, Kansas. Also Jimmy and Jan Nichols, Cody and Brynn were there to help hunt Easter eggs.

Flora Fawver has had company this past week. Her daughter, Evelyn Golithly and her daughter, Linda Hall, drove over from Clovis on Friday to spend the day. Evelyn has lived in Clovis five months now.

Mr. and Mrs. Monte Williams and daughters, Amanda and Tara, visited the Pete Calloways Saturday night for homemade strawberry ice cream. Also present were Kellie's brother and family, Mr. and Mrs. Kendall Brian and daughter.

Things are pretty lively these days at the home of Mike and Rozanne Bishop since their two little sons moved in last week. The little boys, Warren, age 5, and David, age 3½, enjoyed a big Easter egg hunt Sunday on the Bishop's ranch, at Roaring Springs. Rozanne is taking off a few weeks from teaching school at Ralls to get used to the boys.

Mesdames Mary Corley, Cora Hartline, Ruby Davis, and Nettie Adams visited Flora Fawver Sunday afternoon. Flora had attended a family supper the evening before, at the home of her son, Mr. and Mrs. Leslie Fawver. Also present were Flora's grandchildren, Gail and Robert Ferguson and daughter, Brittany, of Slaton. Larry Fawver, Cassey and Tye were there from Lubbock.

From the Lubbock Avalanche-Journal Friday, April 5: oil completions — Floyd County: Wildcat; Producers Operating Co. Inc. No. 1 Adams; 1000 FNL, 2 175 FWL, Section 32. AB&M survey, Abstract 1692; 11 miles SE Floydada; produced 164 bpd; interval 7,613-7,669; gravity 43; total depth 7,808 feet.

Congratulations to Zeke and Lucille Pope on the good news about an oil well that is being dug on their ranch east of Roaring Springs. Zeke bought the land back in the 1940's; worked hard and got

it all paid off. He also received a good share of the minerals. The previous owner retained leasing rights, so the well was a surprise to the Papes. Thursday the Papes with their sons Cecil Wayne and Clarence Ed went down to watch with excitement. Drilling had progressed to 4400 ft. The representative for the drilling company, West More Drilling of Graham, said they plan to drill twelve more wells in the neighborhood. Several Lakeview families own land in the same area. With the price of Texas crude at \$27 a barrel, this will help a lot, no matter the size of the well. It's good to see hardworking people like the Papes have such good fortune. Zeke has been in bad health the past year, unable to work. Lucille and the boys work at the Floydada Livestock Auction barn, helping move cattle in the pens. Best wishes to the family.
