

The FRIONA STAR

VOLUME 59, NUMBER 19

SUNDAY, FEBRUARY 13, 1983

12 PAGES, PLUS SUPPLEMENT

Star Lites
By Bill Ellis

A NEWS RELEASE this week from the High Plains Underground Water Conservation District dealing with the subsoil moisture content in the area gave some facts which should be of interest to area farmers.

The article was pointing out that many farmers who might be interested in the Payment In Kind (PIK) program, but were having trouble making up their minds due to heavy snows received this winter.

Measurements conducted in the HPUWC's network of soil moisture monitoring sites indicate that in spite of the unusually heavy amount of snow, the subsoil moisture content has been changed very little.

At each of the monitoring sites, aluminum tubes are set at seven-foot depths and moisture readings are made with a neutron source. The information is used to compile annual pre-plant soil moisture deficit maps for the area.

Measurements made by the Water District in Bailey, Cochran, Hale, Lamb, Lubbock and Lynn counties during the first three weeks in December before the heavy snowfalls indicated subsoil moisture is again below average due to the shortage of fall rains.

The National Weather Service records at Lubbock show only 3.6 inches of rainfall received in August, September and October of 1982, as compared to the 72-year average of 6.6 inches for the same period.

The revealing statistic, as released by the Water District, was that a recheck of eight typical sites in Lubbock County, made on January 17 after the holiday snowstorms, showed NO SIGNIFICANT INCREASE in moisture content.

This would indicate that the area's subsoil moisture is still below average.

Ken Wigner, National Weather Service meteorologist at Lubbock explained the conditions. "The 10.7 inches of snow that fell at Lubbock airport between December 26 and January 1 contained a precipitation equivalent of only 1.12 inches. In addition, adverse conditions of low humidity, low temperatures and surface winds extended the time of snow thawing and allowed most of it to evaporate from the top surface and be lost into the atmosphere rather than melt into the ground." These conditions set a 14 day record for snow on the ground in Lubbock.

Wigner reports that the January 20-21 snowstorm dumped a total of 16.9 inches, but this contained a precipitation equivalent of only 1.64 inches of moisture. He observed there are currently no rapid losses of moisture to the atmosphere, therefore a larger portion of this snow's moisture may filter into the surface. But he cautioned, "Traditionally, these kinds of snows do not add much to the soil moisture even though they are at record levels. We just don't see much improvement in deep soil moisture from any kind of precipitation during the winter."

Mike Risinger, a soil scientist with the SCS in Lubbock, recommends that growers dig in their fields to check their own soil moisture before making major decisions.

Risinger expects to again re-check enough typical soil moisture sites in the area to re-determine if there has been any significant change in moisture. These findings will be reflected in the 1983 pre-plant soil moisture deficit map which is now projected to be published by early March, perhaps before the deadline for making a decision on PIK.

No Filing For Seats

As of Thursday, there had been no filings for any of the three positions which are expiring on the Friona City Council spot. Deadline for filing is Wednesday, March 2.

Terms of Jack Hamil, Jon Mack Roden and Beth Thompson are expiring.

THE PRETTY AND THE UGLY....The snow and ice derived from the recent snowstorms have both a pretty side and an ugly side, as residents have found out. The photo at the left shows icicles in a pattern, adorning the drain area of a

roof. The photo at the right shows one of many pot-holes which the city's streets and intersections have acquired. Parking lots also have been affected, and dirt roads in the area have been a big problem due to the snow.

Black Discusses All Phases Of Regional Water Study

"When are we going to stop hearing about water importation and start hearing about the major purpose of the 6-State Ogallala Regional Study?" A.L. Black, chairman of the 6-State Study Council's Liaison Committee that put the Study together, says he's remained silent about this question long enough.

"I'm dissatisfied with current releases. The first thing they jump on is water importation. I would like people to know that it is in our long range plan, but I don't want them to think that it's the only thing we can do. The whole objective of the High Plains Study was to look at our resources realistically and plan to make the best of what we've got for as long as we can. Media reports about the 6-State Study focus on a \$20 to \$30 billion water importation plan depending on which route is chosen and the size of the project. Under our present agricultural economic conditions, such projects can't be justified. And such reports just don't tell the whole story," Black said.

"The major purpose of the 6-State Ogallala Study was to look at the quantities of water we have left, to figure what that represents in current production in dollars and cents, and to identify the most efficient methods we can use to get maximum benefits from the remaining water from this point forward. Along with the long range planning, the study looked at the overall economy of the High Plains and what part water and energy have to play in our present and future to maintain a strong economy."

The Study states that the national impact the 6-State Ogallala Region

has is quite clear—one per cent of the population, living on six per cent of the land, is producing over 15 per cent of the total value of wheat, corn, grain sorghum, cotton, and 38 per cent of the total value of livestock for the nation. The production of the 6-State Region depends on its water and energy resources both of which are declining.

Study findings show that the Texas portion of the Ogallala formation has only about ten per cent of the total 3.04 billion acre feet of water remaining in the formation underlying the 6-State study area. More than two-thirds of that water in storage in Texas is projected to be used in the next 40 years.

The question is, how many acres can be irrigated as the water is used? The Study estimated that with full implementation of presently known conservation potentials, Texas High Plains irrigated acreage would decline from 5.7 million in 1980 to 5.5 million in 2000, and 4.9 million in 2020. The rate of adoption of water conservation equipment to achieve this level of water conservation will depend upon prices for farm commodities, costs of production, and capital availability to finance the investments.

An alternative analysis has been performed in which it has been assumed that the adoption rate of technology and management to increase water conservation would be only half as effective as that described above. Under this latter assumption of less efficient water use, annual irrigated acreage in the Texas High Plains would decline from 5.7 million in 1980 to 5.2 million in 2000, and 1.9 million in 2020.

With full implementation of known conservation potentials, the value of crop production in the Texas High Plains is projected to increase steadily over the next 40 years from \$1.7 billion in 1977 to \$2.8 billion in 2020. However, the value attributed to irrigated crops will drop slightly from 76 per cent of today's value to 72 per cent in 2020.

The projection to 2000 for the Texas High Plains economy is one of rapidly increasing production for almost every sector except the agricultural sectors, the outputs of which remain relatively constant. The economic base of the area is projected to be broadened considerably in the next 20 years through the expansion of the manufacturing and service sectors. But the regional economic level of the area is projected to decline between 2000 and 2020.

Historically the 6-State Region's energy production has accounted for 20 to 25 per cent of U.S. domestic crude oil and natural gas production. Most of that has come from Texas. But in 40 years, by the year 2020, that energy production is projected to be down to only nine per cent of the 1977 levels. Supplies of petroleum and water resources of the area will be extremely limited in the later periods of the study. The influence of rapidly declining oil and gas production after about 2010 is strong, resulting in net negative changes in outputs for some sectors and overall lower employment in the region.

The Study concludes that to meet its goal of assuring an adequate supply of food to the nation and promoting the economic vitality of the High Plains Region, will mean for the near term, a major commitment to conserving water by improving irrigation efficiency and by some restrictions of ground water use.

"The Study identifies a lot of (Continued on Page 8)

Free Cheese Is Available

Surplus cheese for those qualified to receive it, will be distributed at three Parmer County locations next week.

The cheese will be distributed Wednesday, February 16 in Friona at the Food Stamp Office, 104 West Seventh Street; Thursday, February 17 at Bovina's Parmer County Community Action Center, and Friday, February 18 at the Courthouse in Farwell.

Those who have established their eligibility for the cheese are required to sign their name and social security numbers.

The cheese distribution will be subject to the weather conditions.

Five Are Elected By Credit Union

Three members were elected to the board of directors, and two to the loan committee at the 29th Annual Meeting of the Friona Texas Federal Credit Union Thursday.

Elected as new members of the board were C.H. Veazey and Frankie Allen. Geneva Williams was re-elected to the board.

Leonard Coffey and Carl White were re-elected to the loan committee. Holdover members are John Baxter, chairman, Glenn Reeve, Jr., and Ancel Renner.

Retiring as members of the board of directors were Pat Wright and Dave Hutson.

Also retiring as chairman of the Membership Committee was Allen Stewart, who had held the position the past 16 years.

Dave Hutson, vice president of the board of directors, served as master of ceremonies at the meeting, as board president D.L. Harguess was ill.

Reports were given by Hutson, board of directors; John Baxter, credit committee; Billie Tongate,

supervisory committee; Geneva Williams, membership; and Barbara Maynard, financial and manager's report.

Plaques were presented to Hutson, Stewart and Mrs. Wright, retiring board and committee members.

Entertainment was provided by Geary Brogden, John R. Hodges, Libby Procter, Bob Welch, Glenda Procter, Charles Caudill and Sherri Atwell, accompanied at the piano by Eva Miller. The group sang "Sweetheart" songs in keeping with the Valentine season.

Door prizes, consisting of \$5 share deposits, were awarded to Jim Taylor, Alvin Gaines, Joe Mann, Bill Ellis, John S. Thompson, Corbin Baxter, Orma Flippin, Libby Procter, Lupe Aguirre, Bobby Jordan, Jewel Wells, Leo Bails, Ophelia Florez, Clyde Fields and Lucille Rocky.

Those attending the meeting were served a meal of barbecued beef and hot links. Members of Friona Cub Scout Den 1 presented the flag to open the meeting.

ELECTED....Five people were elected to the board of directors or credit committee of the Friona Texas Federal Credit Union Thursday. Seated are Geneva Williams and C.H. Veazey, who along with Frankie Allen were elected to the board. Leonard Coffey, right, along with Carl White, standing left, were re-elected to the credit committee. Manager Barbara Maynard is standing at right.

City's Sewer Grant Is Nearing Reality

The City of Friona has been informed that it will receive the \$470,000 federal grant for which it had applied a number of years ago.

The grant was sought back in the mid-1970s, after the Texas Department of Health decreed that the city's sewer system needed to be expanded and updated in order to handle the city's waste.

During the regular meeting of the Friona City Council this week, City Manager Jerry Lewis was authorized to be the city's contact person for the grant, which is to be issued through the Environmental Protection Agency (EPA).

In other business at Tuesday's meeting, the council passed a resolution calling the annual City Election for Saturday, April 2. Another resolution was passed

proclaiming the month of February as "American Heart Month."

The council gave approval to repair a patrol car which had sustained damage.

Dwight Brandt of Amarillo, representing an engineering firm, spoke to the council.

Reports were presented from Prairie Acres, and Librarian Billie Fairchild told of the library's progress concerning application for fund grants.

L.D. Playday Set Saturday

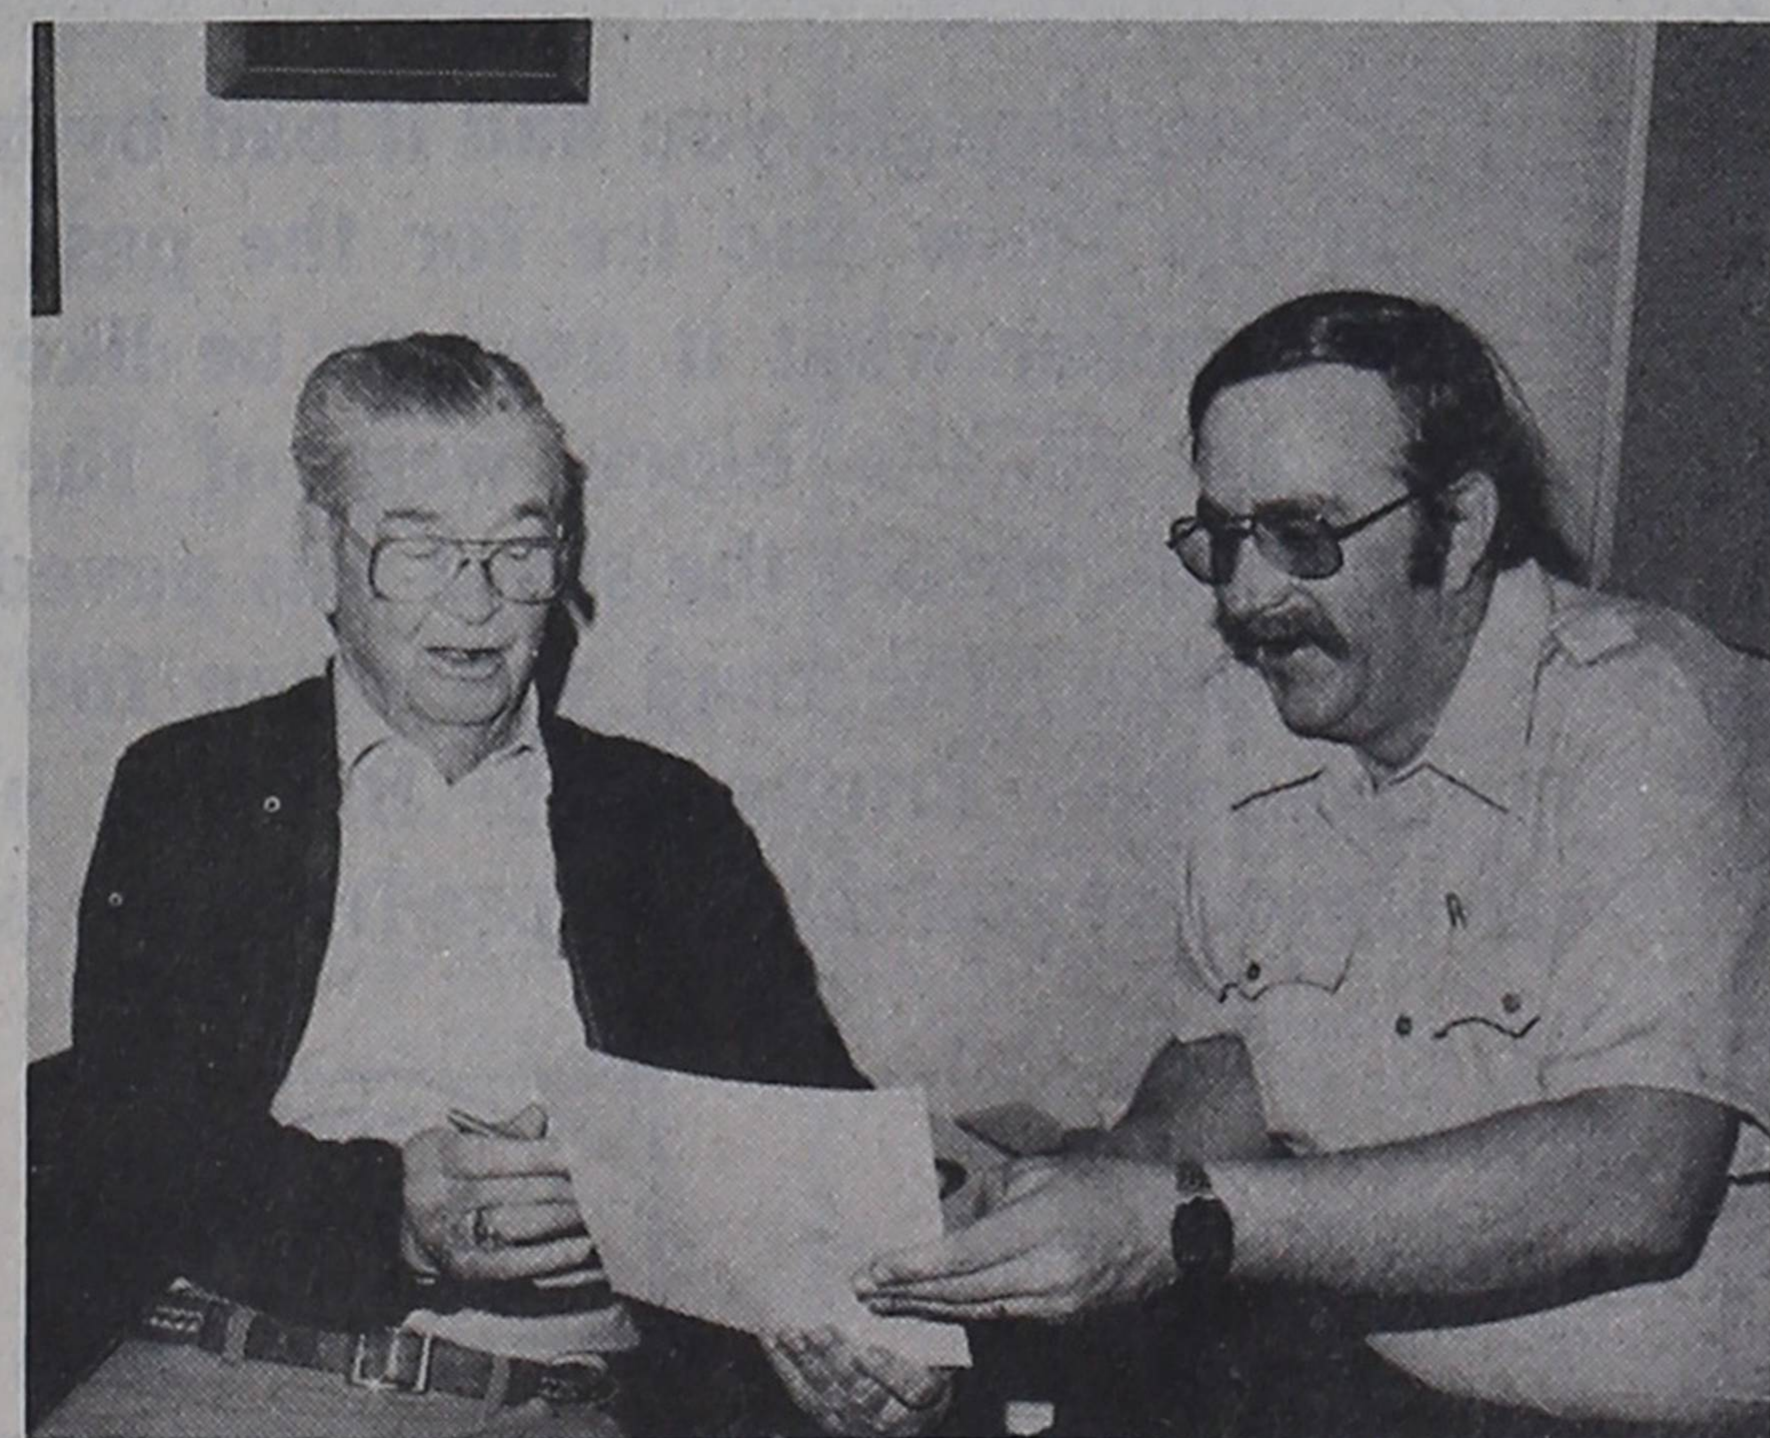

Sign-up and playday for the Friona Youth Basketball program (Little Dribblers), which was cancelled last Saturday, has been scheduled for this Saturday, February 12, beginning at 1 p.m.

The event will be held at the junior high school gym.

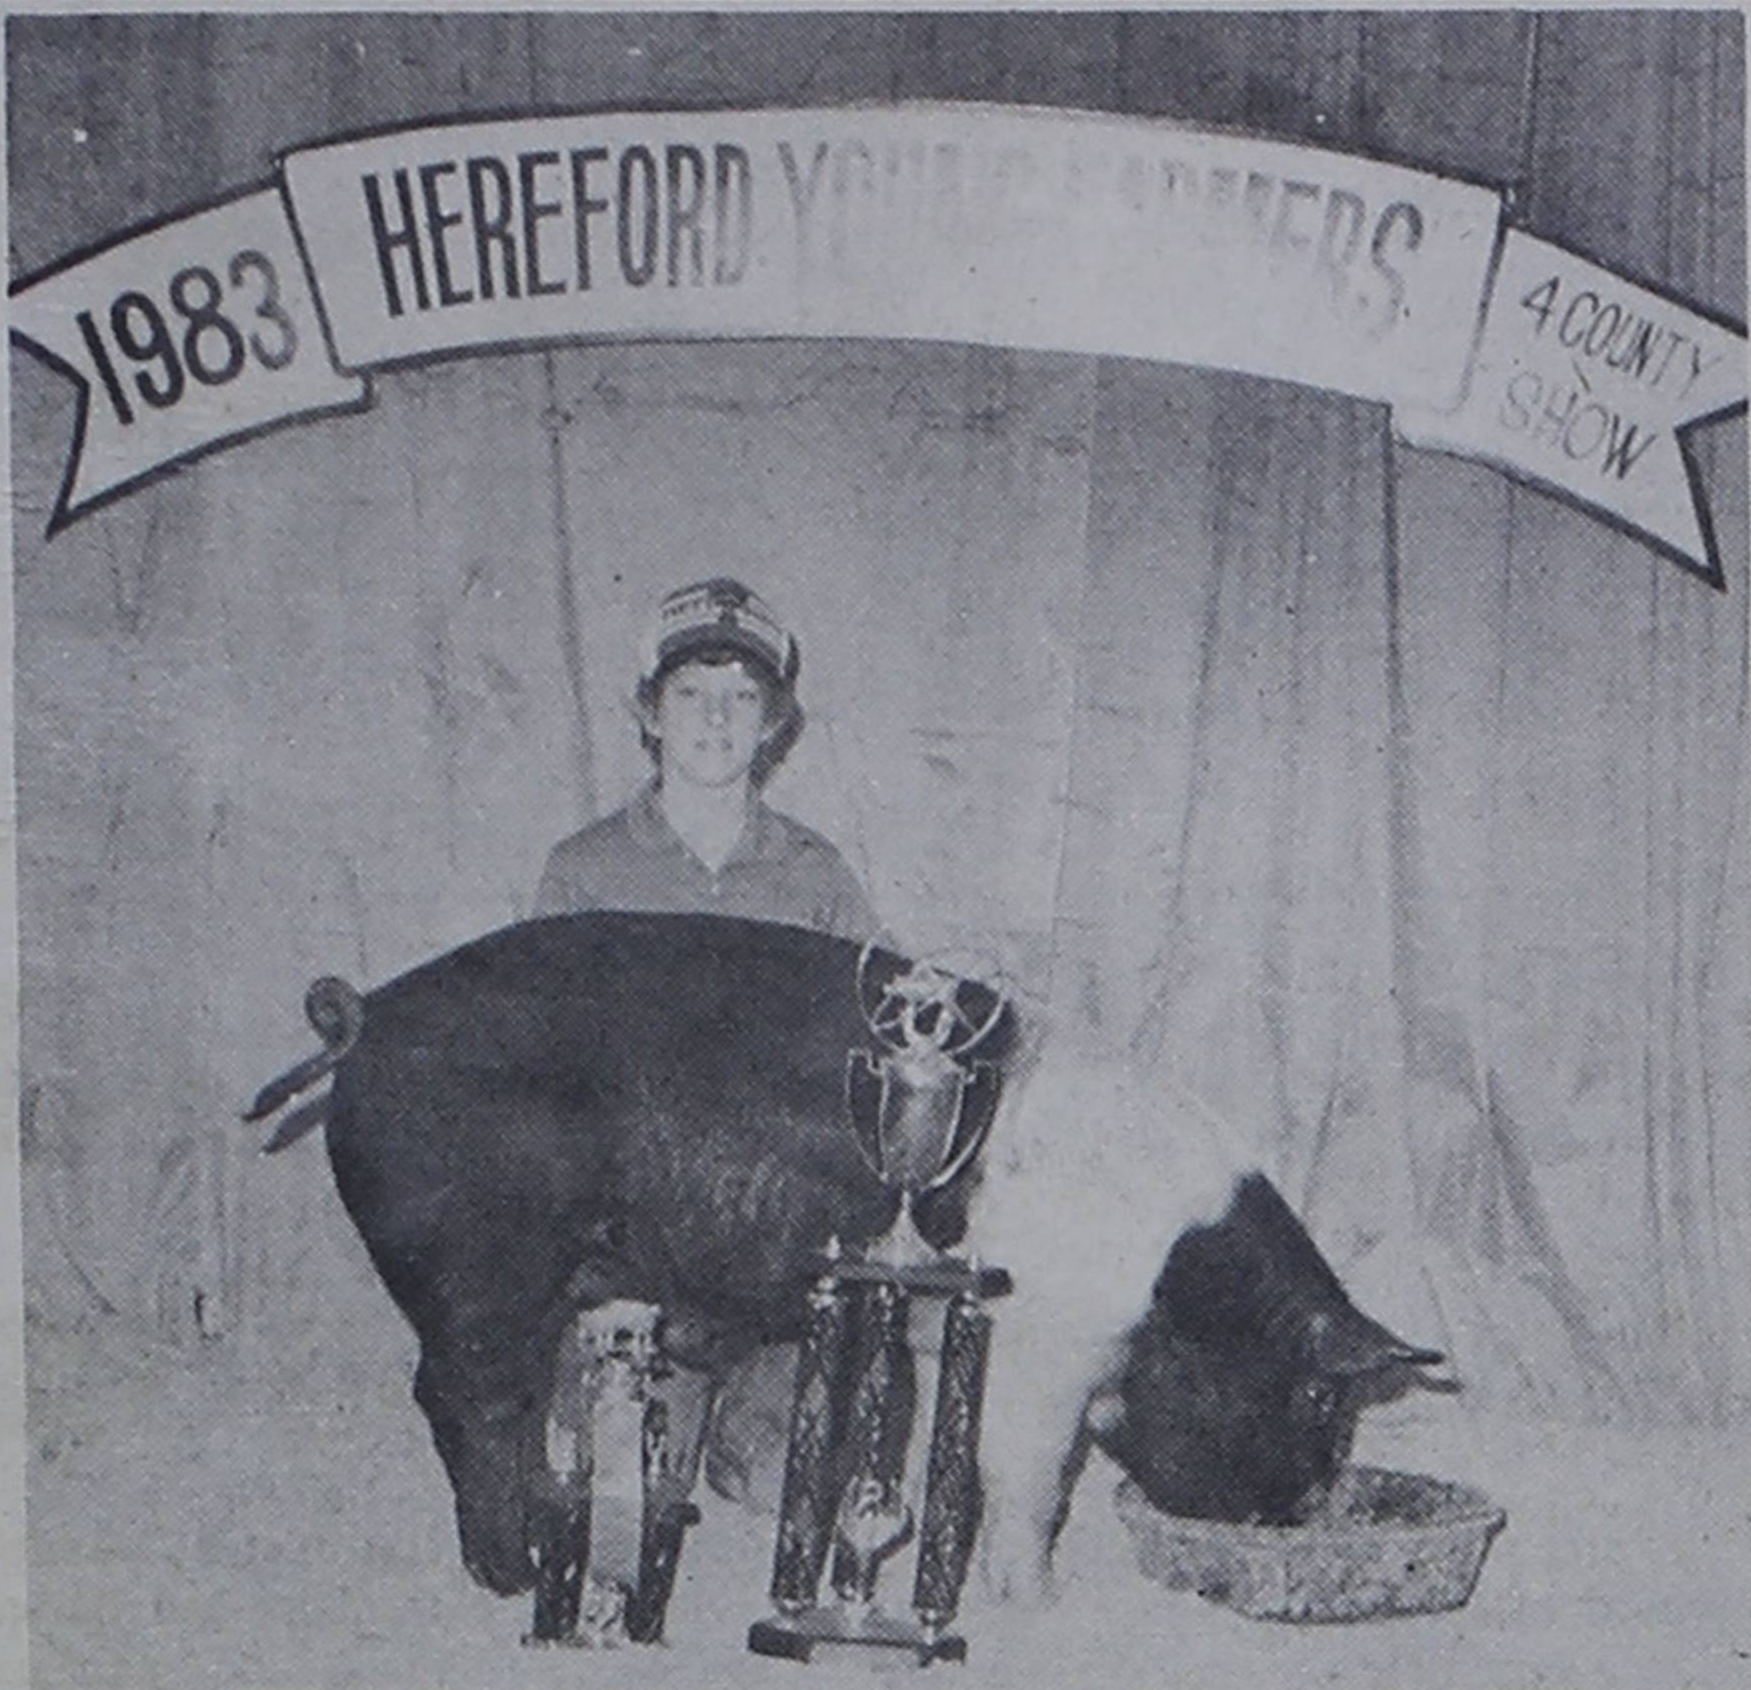

Players will be tested on their ability to pass, dribble and shoot, and an attempt will be made to form teams of approximately equal strength.

All players, girls and boys, who are interested in participating in the 1983 program, are encouraged to report on Saturday.

Youngsters in the third through the sixth grades are eligible to take part in the program.

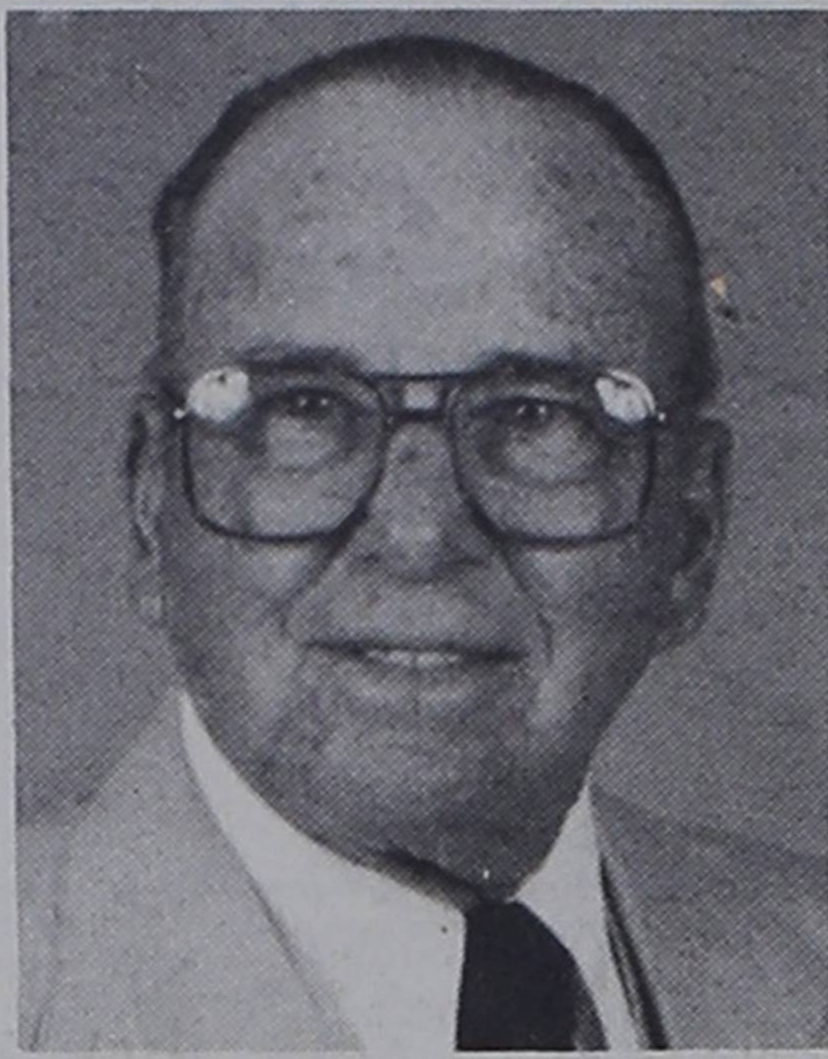

PROCLAMATION....Mayor Wright Williams, left, hands a copy of the proclamation he signed naming February as "Heart Month" in Friona to Roger Fields, chairman of the Parmer County American Heart Association.

RESERVE CHAMPION....
Aaron Weatherly's Crossbred barrow was named winner of the mediumweight class at the

Hereford Livestock Show recently. He was later named Breed Champion and Reserve Grand Champion of the show.

J.V. FULKS

Rites Held Tuesday For J.V. Fulks

Funeral services for J.V. (Smiley) Fulks, 74, were held Tuesday, February 8, at 2:30 p.m. in the First Baptist Church of Friona with Rev. Jackie Lee, pastor of the First Baptist Church of Hart, officiating.

Born July 3, 1908 in Pleasant Grove, Arkansas, Fulks had been a resident of Friona since 1929, moving here from Washita County, Oklahoma. He owned and operated Smiley's Cafe and Motel in Friona until his retirement in 1973.

He married Merle Veazey Dodson in February 1956 in Clovis, New Mexico. He died Friday, February 4, at the Yuma Regional Medical Center in Yuma, Arizona, where they were spending several months for the winter.

Survivors include his wife, Merle of the home; one son, J. Vonne (Junior) Fulks of Friona; two daughters, Marynell Drury of California and Sandra Kay Ward of Dimmitt; two stepsons, Conny Dodson of Friona and Ronald Dodson of Wichita Falls; one stepdaughter, Gail Fields of Amarillo; three sisters, Agnes Gault of Eloy, Arizona, Nita Maye Rehder of Redlands, California and Lavada Pettit of Carnegie, Oklahoma; 15 grandchildren and one great-grandchild.

Pallbearers were Jerry Hinkle, Joe Fallwell, Leland Hutson, Lee Romo, Dale Houlette and Edward White.

The family requests memorials be made to the American Lung Association.

Friona Flashbacks

....from the files of The Friona Star

55 YEARS AGO--FEB. 10, 1928

A case of smallpox is reported at the home of Homer Williams, about six miles south of town near Homeland. The lady, a friend of the Williams family, was visiting here from Paducah, and the case of smallpox developed soon after her arrival.

C.S. Hart, whose ranch is some 28 miles northwest of Friona, last week sold a drove of 700 calves, which he delivered to the local stock pens Sunday afternoon.

45 YEARS AGO--FEB. 11, 1938

The proprietors of our two local hardware stores, J.A. Blackwell and J.W. Parr, spent the early part of the week in Amarillo in attendance at the Panhandle Hardware and Implement Dealer's Convention. Mr. Blackwell, who has served during the past year as vice president of the organization, was chosen as president for the ensuing year.

40 YEARS AGO--FEB. 5, 1943

The Star's "Sons in the Service" column included letters from the following servicemen--Harold M. Lillard, C.L. Vestal, Juan H. Eskew, Frank D. Stanley, Sam F. Williams, C.D. Holmes, Lonnie R. Baxter, Lyle Booker, P.L. New, Reeve Guyer and Gilbert L. Baker.

35 YEARS AGO--FEB. 6, 1948

The Mothers Club of the Friona Chieftains was hostess at a banquet for the 1947 Chieftains and their girl friends last Friday. Guest speaker for the event was Coach Frank Kimbrough of West Texas Teachers College, Canyon.

30 YEARS AGO--FEB. 5, 1953

Rev. Russell Pogue, Baptist pastor in Friona since March of 1951, tendered his resignation at the Sunday morning services this past week. Much progress has been noted during Rev. Pogue's pastorate, with the average attendance reported as about 325 out of the 480 resident members.

25 YEARS AGO--FEB. 6, 1958

Announcement of partnership of J.C. Claborn and Joe Ferrell in a furniture company is made this week by the new partners. The partnership was effective February 1.

Gus Shaw is the new manager of Ware's Department Store. He assumed duties as manager February 1, and replaces Joe Ferrell, who joined Claborn Furniture.

20 YEARS AGO--FEB. 7, 1963

Granville McFarland, owner, has awarded the contract for a new building to house the city's International Harvester and Oldsmobile dealership.

The new Parmer County Implement Co. building will be built somewhere on U.S. Highway 60, although the exact site is not known as yet. Contract was awarded to Stout Steel Builders of Tulia and Amarillo.

15 YEARS AGO--FEB. 1, 1968

Work has begun in the Western Addition on a 30-house project. Sides are already up on the first home, with preliminary work underway on two others. Charles Bates of Amarillo is the developer.

Robert E. (Gene) Frye, president of Missouri Beef Packers, was in Friona last week, and expressed pleasure at the progress of construction at MBP's Friona plant. "We're sticking with our April target date. I see no reason to change it at this point. Things are progressing nicely," Frye said.

10 YEARS AGO--FEB. 8, 1973

The Friona Squaws are in the playoffs in girls basketball for the third straight year. The Squaws will meet the Tulia girls in a bi-district game next Monday. The Squaws coasted to the championship in District 3-AA, winning with a 6-0 district record. The team took both halves of the district championship with identical 3-0 marks.

The annual Parmer County Junior Livestock Show will be held in Friona next weekend, February 15-16-17.

5 YEARS AGO--FEB. 19, 1978

The new Pak-Mor dump truck was received by the City of Friona this week, and is to be put into service, so that those places which have the new trash boxes can begin to use them, according to city officials.

Ralph Roden and Jim Cocannouer were honored by the Friona Credit Union for service to the organization. Both are retiring from the loan committee. Roden, a charter member, has served since 1954.

Rites Set For Allie

Memorial services for Frank Arthur Allie, 89, will be held in Illinois. Mr. Allie, a resident of Prairie Acres Nursing Home since 1979, died Sunday, January 30, at Prairie Acres.

Born March 22, 1893 in Kankakee County, Illinois, he married Vera Elizabeth Lampert June 6, 1914. She preceded him in death November 6, 1982. He was a member of the Methodist Church and worked for Sears and Roebuck as a tool crib attendant before his retirement.

Survivors include one daughter, Mrs. Gretchen MacGilvray of Amarillo, five grandchildren and nine great-grandchildren.

PCA Officials Gather For Annual Meeting

Bill Black, president of Plainview Production Credit Association, was among farm credit officials throughout Texas who gathered in Austin for the 1983 Annual PCA Presidents Conference, February 3-4.

According to Black, the meeting serves as a place for PCA presidents to exchange ideas and gather information on the status of the Tenth Farm Credit District. Presentations revolved around the theme "Growing Stronger In This Economic Crisis."

Sessions ranged from area and committee progress reports to the prospective use of microcomputers in handling agricultural financing.

Plainview PCA is a member-owned agricultural finance cooperative which serves the credit needs of 1,202 farmers and ranchers in Bailey, Briscoe, Castro, Floyd, Hale, Lamb, Parmer and Swisher counties.

In 1982 the association loaned approximately \$224 million to area farmers and ranchers. Black said loans made last year were down from the 1981 figure of \$243 million due to adverse trends in the state's

agricultural economy, which reduced loan demand.

Plainview PCA is one of 30 PCAs in Texas. Collectively they serve more than 16,000 agricultural producers and aquatic harvesters. Last year more than \$2 billion was loaned through Texas PCAs.

PCAs have been a source of agricultural loans since 1933. Nationally they serve the credit needs of more than 380,000 farmers, ranchers and commercial fishermen, with more than \$22 billion in loans outstanding.

REMEMBER WHEN ?

If you thought you had it bad by having to drive in the snow and ice for the past month or so, remember what it used to be like on Cleveland Street in the block west of the Junior High School, before the street was paved? After a rain or snow, the road was often too muddy to be passable. Friona State Bank is happy to have brought you this glimpse from the past.

FRIONA STATE BANK

Losses Stagger Squaws' Chances For Playoffs

The Friona High School Squaws, who had been serious contenders for the first half title in the District 2-AAA race, saw their hopes for title consideration shattered during the past week, when they dropped games to Muleshoe and Tulia.

The team dropped a 48-35 decision at Muleshoe on Friday, and then fell to Tulia, 36-30 in a makeup game Saturday afternoon. The losses were numbers two and three for the second half district play.

Jr. Teams Win Honors In Tourney

Friona teams won three out of four first-place trophies in the junior high basketball tournament they hosted recently.

The eighth grade Braves downed Hereford Stanton, 32-7 and Nazareth, 25-24 for their title. Peter Malouf scored 20 points in two games.

The seventh grade Braves defeated Stanton, 35-13, and Nazareth, 28-25 to capture their trophy. John Cass scored 21 points in the two games and Daniel Echols 20.

The eighth grade Maidens beat Stanton, 33-20 and Nazareth, 30-19. Mika Maddox scored 29 points in the two games.

Friona's seventh grade Maidens won over Stanton, 27-25, and then fell to Bovina, 31-8, to win second in the tournament. Trudy Reeve scored 14 points to pace the Maidens' scoring.

8th Braves 32, Stanton 7

Peter Malouf, 12 points; Jeff Chaney, 8 points; Shy Burney, 6 points.

8th Braves 25, Nazareth 24

Malouf, 8; Jeff Dickson, 4; Burney, 4; Lonnie Phillips, 3.

7th Braves 35, Stanton 13

John Cass, 14 points; Dan Echols, 6; Joel Jass 4.

7th Braves 28, Nazareth 25

Echols, 14; Cass, 7; Jass 3.

Bovina 31, 7th Maidens 8

Trudy Reeve, Karen Wied, Lutrina Pearson, Sherrie Dickson, each 2 points.

Friona came back to edge first-half champion Littlefield, 47-45 Tuesday night, to salvage something for the second half.

The team's 36-30 loss to Tulia on Saturday afternoon was an exercise in frustration. Friona had led throughout the first half, although both teams were having trouble scoring. Sherry O'Brian's jump shot in the final seconds gave the Squaws an 8-8 tie at the end of the first quarter.

Baskets by O'Brian and Wenneker Jackson gave Friona the halftime lead, 17-15.

But the third quarter was a disaster for Friona. The Squaws scored only two points—single free throws by O'Brian and Cara Brockman—while Tulia was scoring ten, to take a 25-19 lead.

The team came back to score 11 points in the final quarter, but so did the Hornettes, and Friona suffered the six-point loss.

Friona finally had their most balanced scoring game against Littlefield here Tuesday, and it paid off with the 47-45 win. The Wildcats, after winning the first half title, have won only one game the second half.

SQUAWS	8	17	21	35
Muleshoe	14	24	38	48

Sherry O'Brian 9-0-18; Wenneker Jackson 3-0-6; Sharon Frye 1-0-2; Cara Brockman 4-0-8; Amanda Perez 0-1-1.

Jr. High Teams Split Contests

Friona Junior High basketball teams split games with Dimmitt this week.

Dimmitt won the seventh grade boys game, 43-26. Stephen Thornton was the leading scorer with nine, followed by Joel Jass with eight.

Dimmitt also won the eighth grade boys' game, 39-23. Peter Malouf and Shy Burney each scored eight points for the Braves.

Friona won the seventh grade girls' game, 22-12 as Karen Wied and Vicki Davila each scored seven points.

Friona also won the eighth grade girls' game, 15-13. Lacy Osborn scored six points and Mika Maddox five.

NICE BLOCK.... Scott Straw, far right, is shown making a nice block of an attempted shot by the Chieftain opponent. Other Chieftains shown in the photo are Michael Chaney and Carl Jackson. Straw was named player of the week by the Lubbock Avalanche-Journal this week.

HONORED.... The board of directors of Prairie Acres Nursing Home presented three Friona men plaques this week, for their support of the institution. From the left are Bill Ellis, Star publisher, cited for his supportive news coverage, Dale Cunningham, for helping staff members get to work during the icy conditions with his four-wheel drive vehicle, and Lee Gibson, who donates his abilities as a barber to the male residents at Prairie Acres.

S. Coker To Compete In Calf Scramble

Scotty Lynn Coker, a 14-year-old FFA member from Friona, will participate in the calf scramble at the 1983 Houston Livestock Show and Rodeo.

Scotty will "scramble" during the February 26 performance in the Astrodome. Not only will he have the opportunity to catch a calf, but he also will be a part of the outstanding entertainment package that includes the best rodeo contestants in the world and stars T.G. Sheppard and Lacy J. Dalton as the featured entertainment.

Always a favorite with rodeo audiences, the calf scramble begins as an athletic event in the rodeo arena. However, for the contestants who manage to catch a calf, halter it and drag it across a finish line, the scrambling is only the start of a year-long educational experience.

Each winner in the calf scramble receives a \$600 calf purchase certificate which enables the winner to purchase a purebred, registered heifer that he or she agrees to feed, fit

and groom then return to the Houston Livestock Show for special show ring competition the following year.

Calf purchase certificates are donated each year by businesses and individuals who believe in translating their support of the Show and its programs into action by sponsoring a calf.

Each winner also agrees to keep accurate monetary records, submit monthly progress reports both to the Livestock Show and to the individual sponsor, photographically chronicle the progress of the calf and prepare a 500-word essay on the project.

Every performance of the 1983 Rodeo will feature a calf scramble. At a given signal, 12 wild, young calves will be turned loose in the Astrodome arena to be chased by the 24 scramble contestants. Winners are chosen by being the first to catch, halter and drag a calf over a finish line in the center of the Astrodome arena. For a few of those "hard luck" scramblers who fail to catch a calf, the 1983 Show promises some consolation.

As always, there are a few "hard luck calves," those specifically sponsored to be given to the scrambler who tries his or her best but just can't put a halter on a calf. Also, at each performance in 1983, Continental Airlines will be donating a trip for a hard luck scrambler and his or her parents. The trip, to any Continental Airlines destination in the Mainland United States or Mexico, will ease the dust of the Astrodome just a bit, as Continental Airlines shows its support for both the Show and the calf scramble.

Through the 1982 Show, winners in the calf scramble have received more than \$1.9 million to purchase more than 9,000 quality beef or dairy heifers.

Most heifers become the basis for future cattle herds; thus, a one-year learning partnership is stretched into a lifetime career. For those youngsters who decide not to continue their cattle program, the learning experience is invaluable and many times serves to stimulate a career in some other agricultural occupation.

The Livestock Show opens February 19 and runs through March 6, with rodeo performances in the Astrodome beginning on February 23.

Three Wins Boost Chiefs In District

In the first half of district play, the Friona Chieftain basketball team couldn't buy a win—although losing one heartbreaker to the Tulia Hornets.

The team made a turn-around at the start of the second half district schedule. In a five-day period, Friona claimed three wins, and went into their game against the tough Dimmitt Bobcats Friday with a 3-0 record for the second half.

The turn-around started at Muleshoe last Friday afternoon, when the Chieftains pulled out a 58-55 win over the Mules to break the goose-egg in district play. It continued the next day when Friona topped Tulia in a make-up game, 67-55. Then on Tuesday here, the Chiefs scored a 73-67 win over Littlefield.

In the Muleshoe game, a great fourth quarter made the difference in bringing about the Friona win. Muleshoe had held quarter leads of 16-10, 34-32 and 46-40 entering the fourth quarter.

But Friona outscored their hosts, 18-9 in the final eight minutes, paced by Michael Chaney and Richie Malouf, to claim the come-from-behind win.

Chaney scored 18 points, Malouf 16 and Joey Howard 11.

Against Tulia on Saturday, the team was off to a fast start, taking a 14-4 lead in the first quarter. But the Chieftains had a cold start to begin the second quarter, and Tulia caught up and went ahead, taking a 20-17 lead at the midway point of the quarter.

Friona countered on free throws by Chaney and Howard to tie the score at 21-all, and a minute later Chaney put in a shot after rebounding a missed Chieftain basket for a 23-21 lead and Friona was never behind again.

Chaney's goal was Friona's first two-pointer of the quarter, coming after five minutes had passed. Friona held a 32-27 halftime lead.

The Chieftains had another great quarter in the third period, paced by Chaney, who scored three field goals and two of two free throws as Friona outscored their guests, 19-11 and stretched their lead to a comfortable 13 points, 51-38.

Friona's longest lead came early in the fourth period, after Howard made a basket, to give the Chiefs a 59-40 edge.

The Chieftains had by far their best game of the season from the free throw line, sinking 27 of 36 attempts—

a salty 75 per cent.

Chaney again led the scoring with 21 points, including nine of 12 from the free throw line. Also in double figures were Howard, 16, Scott Straw, 14, and Charlie Veazey, 12.

Against Littlefield, the team came up with one of its best performances of the season, having a good scoring attack and good defense. The Chiefs led 18-16 after one quarter, had a 38-33 lead at the half, and a slim 52-50 margin entering the final quarter.

Again, free throws made the difference, as Friona hit 21 of 29 attempts, 73 per cent. "We hit 70 per cent against Muleshoe, 75 per cent against Tulia, and 73 per cent against Abernathy, and that made a big difference," said Coach Tom Johnson.

"We're hustling better, and our fast break is working better," said Johnson, who was understandably proud of the about-face the Chieftains had made.

CHIEFS	10	32	40	58
Mules	16	34	46	55

Richie Malouf 8-0-16; Joey Howard 5-1-11; Charlie Veazey 0-0-0; Michael Chaney 6-6-18; Scott Straw 1-6-8; Charlie Morgan 1-1-3; Carl Jackson 1-0-2.

CHIEFS	15	32	51	67

A MESSAGE OF APPRECIATION

We have lost from our home one we loved dearly, J.V. (Smiley) Fulks. Tho' our hearts are heavy with this sorrow, we realize we have so much to be thankful for.

Through a lingering illness over the past year, we have seen the thoughtfulness and kindness of so many it would be impossible to mention each of you by name and to let you know how very much we appreciate every thought, deed and consideration.

So we want to say Thank You from the bottom of our hearts and pray that God will bless each and every one of you.

THE NEW TAX LAWS WORK FOR YOU AT H & R BLOCK

H & R Block's 27 years of experience in tax return preparation helps make the income tax laws work for you.

There are over 100 new changes in the tax laws and forms this year. Every taxpayer is affected by these changes. For instance, charitable contributions are now allowed on all tax returns without having to itemize.

H & R Block can help you reduce the risk of paying more taxes than you owe. You get a complete interview by a tax

preparer who is specially trained in these new tax laws. The Block tax preparer checks every exemption, credit, or deduction the law allows.

The Block personal interview combines quality and accuracy backed by the Worldwide Block name - every return is double checked. Block assures you peace of mind at a very reasonable cost.

See your telephone directory for the office nearest you or call

FI Files Registration Statement

Friona Industries, Inc. has filed a registration statement with the Securities and Exchange Commission for the proposed public offering of 300,000 shares of common stock.

The Company will sell 250,000 shares and 50,000 shares will be sold by selling shareholders.

The offering will be managed by Prudential-Bache Securities, Inc. Proceeds to the Company will be used to repay a bank debt.

Friona Industries, headquartered in Friona, is engaged in meat processing and distribution; the manufacture and sale of commercial cattle feeds; the retail marketing of animal health supplies; the custom feeding of customer-owned cattle; the purchase, fattening and sale of cattle owned by the Company, and the operation of grain facilities.

The Company's common stock is traded on the American Stock Exchange under the symbol FI.

You Are Invited To A Bridal Shower Honoring JANE DOE Bride-Elect Of JOHN SMITH

Around The House

By LAURA JACOBS
 Valentine's Day, a day especially for people in love. Originally a time to honor Saint Valentine, February 14 has developed into a time for lovers to send tokens of affection to one another. Maybe you would like to make a Valentine cake for someone special in your life, but don't have a heart-shaped pan. No problem. All you need is a regular square and a round cake pan. Here's how: from a commercial cake mix, or your favorite recipe, make one eight-inch round cake layer and one eight-inch square layer. Cut the round layer into two equal parts. Place the cut edge of each round layer portion on adjacent edges of the square cake and you will have a heart shaped cake.

Make chocolate hearts for garnish on cake or just to eat. This method is really easy. Melt 6 ounces semi-sweet chocolate in top of double boiler over hot water, stirring occasionally. Line baking sheet with plastic wrap. Pour chocolate onto plastic and spread with spatula to thickness of about 1/8 inch. Let cool completely. Cut chocolate into heart shapes using cookie cutters. Happy Valentine's Day!

Sales and Service on all brands of sewing machines and vacuum cleaners. We make service calls. McKnight Sewing Center 226 North Main Hereford, Texas (806) 364-4051 18-tfnc

Six-State Water Study Detailed..

(Continued from Page 1)

things we're going to have to utilize before there's ever a drop of water moved into this country," says Black. "The Council has made 18 recommendations aimed at improving irrigation efficiencies, extending the life of our existing water reserves, increasing the Region's water supply, and expanding opportunities for economic development in the Region. Some of these recommendations are already in practice on the High Plains of Texas."

Examples of irrigation conservation practices already helping to improve the profitability of agriculture in Texas include: scheduling irrigations to meet plant needs and using moisture sensors to identify soil moisture conditions, improving the efficiency of wells, pumps, motors and distribution systems and reducing irrigation fuel/energy demands. Irrigators are laying underground pipe, capturing and reusing tailwater in return systems. They are planting more

drought tolerant strains and varieties of crops and cutting evaporation losses using plant growth regulators and surfactants. They are using reduced tillage methods of cultivation, residue management, basin tillage, terracing, and in some cases, deep plowing to store and hold moisture. And they are installing or retrofitting the most advanced irrigation sprinkler technology.

The 6-State Study recommendations emphasize water conservation research and demonstration programs to continue to improve on the technologies, increase efficiencies, and improve productivity. The Council recommends financial incentive programs to encourage conservation and recommends providing more technical assistance and management information to farmers, to water using industries, and to the water using public.

Black says the Council will continue to work to implement these recommendations into programs of action on the High Plains.

SHOWMANSHIP.... Top showmen at the Berend, steers; Kim McClaran, sheep; Randy Davis, barrows; and Roddy Berend, heifers.

Chiefs Get Crack At Playoffs

The Friona Chieftains, after having a disappointing 0-5 record in the first half of District 2-AAA basketball play, have rebounded for three straight wins, and were 3-0, tied with powerful Dimmitt, going into Friday's clash here with the Bobcats.

But the Chieftains, regardless of the outcome of their game with Dimmitt, could claim second place for the second half with a win over Abernathy here Tuesday in the final regular season game.

If that should happen, the Chiefs and Abernathy would be tied for second and a playoff would be held to determine the district's runner-up representative in the playoffs.

In recognition of the team's about-face, the Lubbock Avalanche-Journal this week cited Chieftain playmaker Scott Straw as "Player of the Week" for class AAA, and featured a nice write-up on the Chieftains.

In the write-up, Coach Tom Johnson pointed out that the team hit 75 percent of its free throw shots in a three-game stretch, which brought wins over Muleshoe, Tulia and Littlefield.

"We're playing more aggressive, and we're working our fast break considerably better. We're not that great on pattern offense, so we have tried to use what speed we have to our advantage," Johnson said this week.

Tuesday's game with Abernathy starts at 5 p.m. with the junior varsity boys' game, followed by the varsity game at 6:30 p.m.

On The Farm In Parmer Co.

By SETH RALSTON

Progress in transportation and labor relations in the Texas vegetable industry, increasing market demand for High Plains red potatoes, use of computers, and new production practices for onions and potatoes will highlight the 1983 West Texas Vegetable Conference in Hereford Tuesday, February 15.

The educational conference begins at 8:30 a.m. at the Hereford Community Center, 100 Avenue C at Park Avenue, and runs until 4 p.m. The \$5.00 registration covers the cost of a barbecue lunch and conference materials.

Co-sponsors with the High Plains Vegetable Growers and Shippers Council are the Texas Agricultural Extension Service, the Deaf Smith County Vegetable Crops Committee, the Texas Agricultural Experiment Station and Texas Tech University.

"The program deals with major concerns of High and Rolling Plains vegetable growers, from the newest potato and onion varieties to short run partial budgeting techniques and the application of computers to accounting and problem solving for the vegetable grower and shipper," said Dr. Roland Roberts, Extension vegetable specialist.

"Transportation and Labor, Challenges for the Texas Vegetable Industry" is the title of the keynote address. It will be given by Bill Weeks, executive vice-president of the Texas Citrus and Vegetable Growers Assn. in Harlingen.

Onion growers will see the latest in mechanical harvesting equipment on display and can visit with the seed, chemical and machinery dealers serving the growing onion industry.

Marvin Sartin of Ag Computer Services in Amarillo will demonstrate the adaptability of some of the newest computer techniques equipment adapted to the requirements

of the vegetable industry.

Texas Department of Agriculture marketing specialist Mark Schnabel will report on the work that his department has done to increase consumer demand for High Plains potatoes and onions.

ENTERTAIN.... A singing group, led by Geary Brogden, entertained Thursday at the annual meeting of the Credit Union. From the left are Bobby Hodges, Libby Procter, Bob Welch, Glenda Procter, Charles Caudill, Sherri Atwell and Brogden. The group sang sweetheart songs.

Solar Workshop Is Rescheduled

The Solar Collector Workshop has been rescheduled for February 18 and 19 due to the January

snowstorm at the Texas A&M University Research and Extension Center, 6500 Amarillo Blvd. West,

Amarillo, Texas. The only major change is that the workshop registration is limited to the first 300 paying

individuals. This policy change became necessary due to the large response of interested persons willing to pay and the limited seating facilities.

Registration will be completed only upon the receipt of the \$15 fee prior to the workshop and should be mailed to: Oldham County Extension Office, Box 380, Vega, Texas 79092. Checks should be made payable to the Oldham County Program Building Committee. This fee will pay the speaker's expenses, refreshments (no meals are included for participants) and for collector supplies.

The schedule is as follows: Friday, February 18, 5:30-6 p.m., registration; 6-10 p.m. meeting. Saturday, February 19, 9 a.m.-noon, construction of the collectors.

Double Ring Ceremony Unites Rhonda Ross, Jay Reeve

Mrs. Jay Don Reeve

Rhonda Lynn Ross and Jay Don Reeve, both Dimmitt residents, exchanged double ring wedding vows Monday, January 10 at 7 p.m.

The bride is the daughter of Mr. and Mrs. Martin E. (Gene) Ross of Route 1, Dimmitt.

The groom is the son of Mr. and Mrs. Don A. Reeve of 711 West Cleveland, Dimmitt.

The ceremony was performed by Ronnie Parker in the First United Methodist Church of Dimmitt.

Dwight Joiner, organist, accompanied Noreen Carson, soloist, as she sang "The Rose" and "The Wedding Prayer."

As her father presented her in marriage, the bride wore a formal length polyorganza gown with modified alencon lace accented with pearls and sequins. Her gown featured a natural waistline and a high victorian neckline edged in modified alencon lace and adorned with seed pearls, iridescent and sequins. The full bishop sleeves were gathered on Queen Anne cuffs accented with lace, covered buttons and loop enclosures. Her draped skirt of polyorganza fell naturally and formed a semi-chapel length train.

She wore a modified Juliet headpiece of alencon lace and pearls. The lace edged double tiered illusion created a full chapel length train.

The bride carried a bouquet of burgundy flaked carnations, feathered white carnations, stephanotis and gypsophila centered with a white cymbidium orchid and wore satin wedge slippers.

Following bridal tradition, the bride wore a diamond ring belonging to her great-grandmother for something old. Her gown was new. She borrowed a diamond bar pin belonging to the groom's great-grandmother and wore the traditional blue garter.

Wendy Jo Bruegel of Dimmitt was the maid of honor. She wore a formal length gown of cranberry lustreglo fabric accented with rachelle lace. The high victorian neckline with standing band collar was accented a lace embroidered yoke and a deep lace flounce. The large flounce created a mid-sleeve. A sunburst pleated skirt fell from a natural waistline.

Jeff Watts of Dimmitt served as best man.

Ushers were Reese Fleming of Friona, cousin of the groom, and Bryan Gregory of Dimmitt.

The candles were lit by Quint Waggoner of Dimmitt.

The reception was held in the Fellowship Hall of the church.

The four-tiered wedding cake was

decorated in white with burgundy flowers and was topped with a bride and groom figurine, used on the groom's parents' wedding cake. The cake was served by Tammy Robb and

Chanin Ross, sisters of the bride, and Julie and Jamie Reeve of Dimmitt, sisters of the groom.

For traveling, the bride wore a purple knit suit and matching shoes.

The couple will reside in Lubbock.

They graduated from Dimmitt High School in 1982 and both currently attend Texas Tech University, Lubbock.

Littlefield, Texas 79339

WHICH AGE BETTER-- GLASS LENSES OR PLASTIC LENSES?

There are advantages and disadvantages to wearing either glass or plastic lenses, but both offer good clear comfortable vision. The type which is best for you depends upon your prescription, how you use your eyeglasses and other factors which your Optometrist can help you in deciding which is best for you and your needs. Usually it is best to leave the decision up to your eye doctor since it is difficult to get all the advantages evaluated properly.

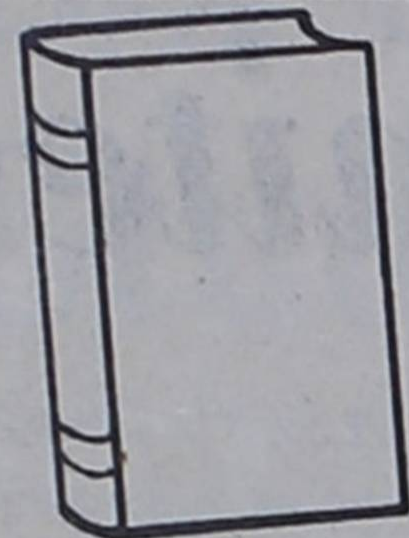

Here are some of the advantages of glass lenses:

1. Glass is more resistant to chemicals and heat and remains more stable under certain conditions.
2. Glass does not scratch as easily as plastic lenses.
3. Generally, glass lenses cost slightly less than plastic lenses.
4. Glass lenses require less care and will take rougher treatment.

Here are the advantages of plastic lenses:

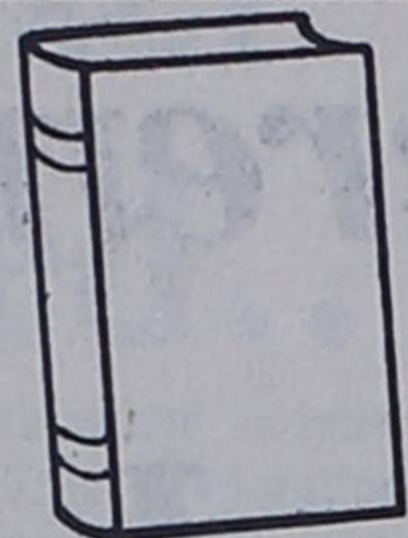

1. They have been greatly improved in recent years and are much more scratch resistant and much lighter in weight.
2. Plastic lenses transmit a little more light than glass in most prescriptions.
3. Plastic lenses are more difficult to break...thus, are safer in case of an accident.
4. Plastic lenses are more resistant to fogging from temperature changes.

This message is brought to you in the interest of better vision by Drs. Armistead & Smith, Optometrists, Littlefield, Texas.

Library Corner

By DARLA BRACKEN

Greetings from winter wonderland!! Between snow storms this month 523 of our readers checked out 1,229 items with 19 new readers registered. Sixty-six children attended Story Hour and our volunteers were Edith Johnson, Mona Campbell and Pam Hamilton. During the siege of bad weather our readers also made good use of our film service with 489 people viewing either films or film strips.

Our interlibrary loan service from Amarillo filled 26 reader requests during January. This valuable service involves sending requests for materials we don't have to libraries throughout the country. Our major resource center in Amarillo checks Texas libraries via a computerized communications network to investigate five different locations which have the book available for loan. If not found in Texas libraries, the request is then put on an out-of-state network to be filled. All this at

Peggy Monroe Gives Study Club Program

"Hats Off To Feeling Fit," the February 8 meeting of Progressive Study Club presented members with new ideas for staying in shape and staying healthy.

Sue Beene, president, called the meeting to order and the roll call was answered with "I Wish I Looked Like..." Meditation was given by Nancy Edelman.

Entertainment for the evening was provided by Leigh Ann Neelley. Her vocal solo was "Lazy Bones" and she was accompanied at the piano by her voice teacher, Linda Murpree.

Peggy Monroe, director of the Friona Diet Center, was guest speaker, explaining the nutritionist approach to dieting. Sylvia Ingram, Aerobicize instructor, explained the aerobicize theory and led members in learning two routines.

Refreshments of raw vegetables, dip and hot punch were served by hostesses, Glenda Proctor and Cherry Wells. The serving table was decorated in a Valentine's Day motif, covered with a red cloth and featuring a red centerpiece arrangement with red votive candles. Members names were written on white heart doilies, adding to the table decor.

A short business meeting followed.

only the cost of return postage of materials received; even our phone request is paid by the systems. Those of us who have used this service realize what a valuable asset it is to small libraries such as ours. It is, however, one of the services funded with federal money and would be one of the first things cut if usage statistics don't seem to warrant continued support. Library groups are working towards a goal of \$1.50 per capita funding for libraries which is something worth mentioning when writing your congressman.

Zora Gaede, past librarian and longtime friend, has graciously shared issues of several of her magazines with us since June 1. She also makes book donations through the year and always keeps us on her "good deed" list. Zora currently serves as our lay representative to the Texas Panhandle Library Systems. We appreciate her interest, service and support very much.

We received a nice note along with a memorial donation this week from another longtime library friend, Mary Kate Zeman of Pecos, Texas. Mary Kate was instrumental in the founding of this library and has continued to follow and to support its progress since her departure. Thanks Mary Kate!

Thanks also to Anita Guest for books donated during the month.

A salute goes to Patrolman Lindel Davis of the Friona Police Department for his community service projects including talks to various children's and adult groups. He has used the library services in his endeavor to provide interesting and informative programs for our citizens. We applaud him for his efforts.

Remember that we do have a supply of Income Tax forms available including 1040 kits, Forms 1040 and 1040A and some publication manuals.

We plan to have a display this coming month on Boy Scouting in honor of their membership drive held during February.

Don't forget the "Winds of War" telecasts February 6, 7, 8, 9, 10, 11 and 13 on Channel 7.

Memorial donations have been made by:

The Mike Riethmayer family to Alice Whaley.

Glenda and Ted Proctor to Melba Faye Buck.

Marie and Cass Perkins to Beulah Jarrell.

Mary Kate and Virgil Zeman to Dan Ethridge.

RETIRING....Dave Hutson, right, is being presented a plaque by Barbara Maynard of Friona, Texas, Federal Credit Union as he retired as a board member, at the organization's annual meeting Thursday.

Friona Women Attend Annual Scout Meeting

Mrs. Nolen Swain, Lubbock, was elected president of the Caprock Girl Scout Council board of directors for a second three-year term at the council's annual dinner meeting on Monday evening, January 31, at Southern Sea Restaurant, Lubbock.

Also elected to the board of directors of the eighteen county area were Mrs. Blair Willson of Plainview, secretary; Mrs. Tony Malouf of Levelland; Mrs. David Waits of Abernathy; Mrs. Buster Owens of Littlefield; Jim Douglass and Dr. James Mertes of Lubbock; as members-at-large.

Elected to serve on the nominating committee were Mrs. Billy Hall, Mrs. Thomas Craig, and Mrs. Stephen Payne, all of Lubbock.

Dona Clements, Texas Tech University student and international opportunity selectee from GSUSA to Jamaica, spoke on her experiences there. "Girl Scouting's New World" council slide presentation was shown.

Friends of Girl Scouting were recognized by Mrs. Keith Strain, chairman of the personnel services committee, and Mrs. James Russell, staff.

Miss Pat Harris, executive director of the council for the past ten years, was first recipient of the new Caprock Council logogram, designed by Max

Martin of Lubbock. Martin received a certificate of appreciation for this special contribution to the council along with other honorees, Mrs. Robert Abbe of Tahoka; Dr. Carl P. Weidenback of Plainview; Mary Alice Robbins, T.J. Patterson, Albert "Bo" Roller and Dr. George W. Jury, all of Lubbock.

Sponsor awards were presented to Cheryl Pybus of Dimmitt; Joy Parnell, Jack Markham, Steve Lewis and Susie Howard of Lubbock, for their generous assistance to groups of girls and to the program.

Five Girl Scout troops and their leaders were recognized for planning and carrying out council-wide girl events including a Cadette-Senior style show-brunch, a campout-rapelling event at Camp Haynes; Brownie Magic Time Machine, Brownie Come Along, and Junior Jump-Off at Camp Rio Blanco.

Mrs. Lawana Bell of Plainview and Mrs. Marge Coen of Olton, each received appreciation pins for their long and dedicated involvement with the program.

A forty-year membership pin was presented to Mrs. Ralph Wilson and a twenty-five year pin to Mrs. Geneva Riethmayer, both of Friona.

Linda Knowles and Cherry Wells attended from Friona.

Jan Mason Makes LCC Dean's List

Jan Mason is among 121 students named to the Dean's List at Lubbock Christian College for the fall 1982 semester.

To make the Dean's List, a student must compile at least a 3.50 grade point average. Forty-four compiled a perfect 4.0 GPA.

Miss Mason is a member of the Alpha Chi Honor Society and has received many academic achievement awards. She is a 1979 graduate of Friona High School and is a senior psychology major. She is the daughter of Mr. and Mrs. Thomas B. Mason, Jr. of Friona.

Town Talk

By June Floyd

Call 247-3681 With Your News Item

The regular third Tuesday all day meeting of Friona Senior Citizens is slated for February 15 at Friendship House. The morning game session will begin about 10 a.m.; a business meeting will be held between 11:30 and 12:00.

A covered dish luncheon will be served at noon and a musical program will follow. Anna Mae Thomas will be at the piano and Lora Mae McFarland will direct group singing.

All members are being urged by Mrs. Otis Neel, president, to attend the business session, during which five board members will be elected.

Mrs. Neel also invites all Senior Citizens in the area to attend.

Mrs. Velma Lovett, who has been a surgical patient at High Plains Hospital in Amarillo several days was released Wednesday afternoon and is convalescing at home.

Funeral services were conducted at Delight, Arkansas, for Floyd Kizzia, a native of that area, Tuesday, February first.

Kizzia died Sunday, January 30, there. He was a brother-in-law of Claude and Sloan Osborn and had owned farm land west of town many years.

He and his wife, the former Ella Osborn, have visited here many many times down through the years. They observed their sixty-first wedding anniversary January 15, 1983.

Survivors, besides his wife, include two daughters.

Due to the snow covered and icy highways none of the Friona relatives were able to attend the funeral services. However, the Sloan Osborn family was represented by one grandson, William Osborn of Austin.

Out-of-town visitors in the home of Mr. and Mrs. Otis Neel this week were Mr. and Mrs. Gene Bryan, Vera Farrington and Raymond Teston, all of Littlefield.

Mrs. Farrington, Mrs. Bryan and Teston are Mrs. Neel's sisters and brother.

Mrs. Martha Bates returned home from Fort Worth Thursday afternoon. She flew down to attend the funeral of Earl Bates, a former teacher in the Rhea Community School and the rural high school at Hollene, New Mexico.

Earl Bates was a brother of Martha's late husband, R.L. Bates.

While Mrs. Bates was in the Metroplex area, she also visited in the home of Dr. and Mrs. Dwight Bates, who live in Dallas.

Mrs. Frances Hilley of Smyer, a former resident of the Black Community, is visiting in the home of Mr. and Mrs. L.W. Loanman.

On two different occasions recently announcements from the Reader's Digest \$250,000 sweepstakes mail out has reported "That 69,377 lucky people from Texas, including some of your neighbors from Alanreed, Canyon and Friona have already won prizes in previous Reader's Digest Sweepstakes, etc., etc. etc."

If you or someone you know is included in this number, please call 247-3681. For a long time my curiosity has been aroused by this promotion, but, so far, I've never known anyone who won any money.

So, please, if you have or know someone who has, let me know.

At least five Frionans were able to get to Rush Springs, Oklahoma last weekend.

Sterling Graham's parents, Mr. and Mrs. E.G. Graham, who live there, were honored with a Golden Wedding Anniversary reception. Sterling and Joy went down to help host the party.

Mrs. Mildred May, Mrs. Nelda Miller and Mr. and Mrs. Curt Miller also attended. Mrs. Graham and Mrs. May are sisters.

While these four were in the Sooner State they also visited in the home of Mr. and Mrs. Arlen May and children, Keith and April, who moved from here down to Duncan, which is near Rush Springs, several months ago.

Friona lost one of its finest Senior Citizens to Amarillo Saturday. Mrs. W.C. Wilkerson, a pioneer resident of the Hub Community, who returned to Friona to live five years ago, has gone to make her home with Mr. and Mrs. Chester Hatcher.

Mrs. Wilkerson observed her 98th birthday last fall and was a delight to all who know her. Our best wishes to her and the nephew and his wife who are sharing their home with her.

Mrs. Mabel Jones returned home Thursday afternoon after a long stay in Lubbock. About the middle of December Mrs. Jones was injured in an accident, which required some

It's A Girl For Stones

Mr. and Mrs. J.E. Stone became the parents of a baby girl at 2:40 p.m. Tuesday, February 8 at West Plains Medical Center, Muleshoe.

She was named Kyla Darlene, weighed seven pounds, two ounces and was nineteen inches long. She has one brother, Richard, who is two.

Grandparents are Mr. and Mrs. Clarence Martin and Mrs. Georgia Stone, all of Friona.

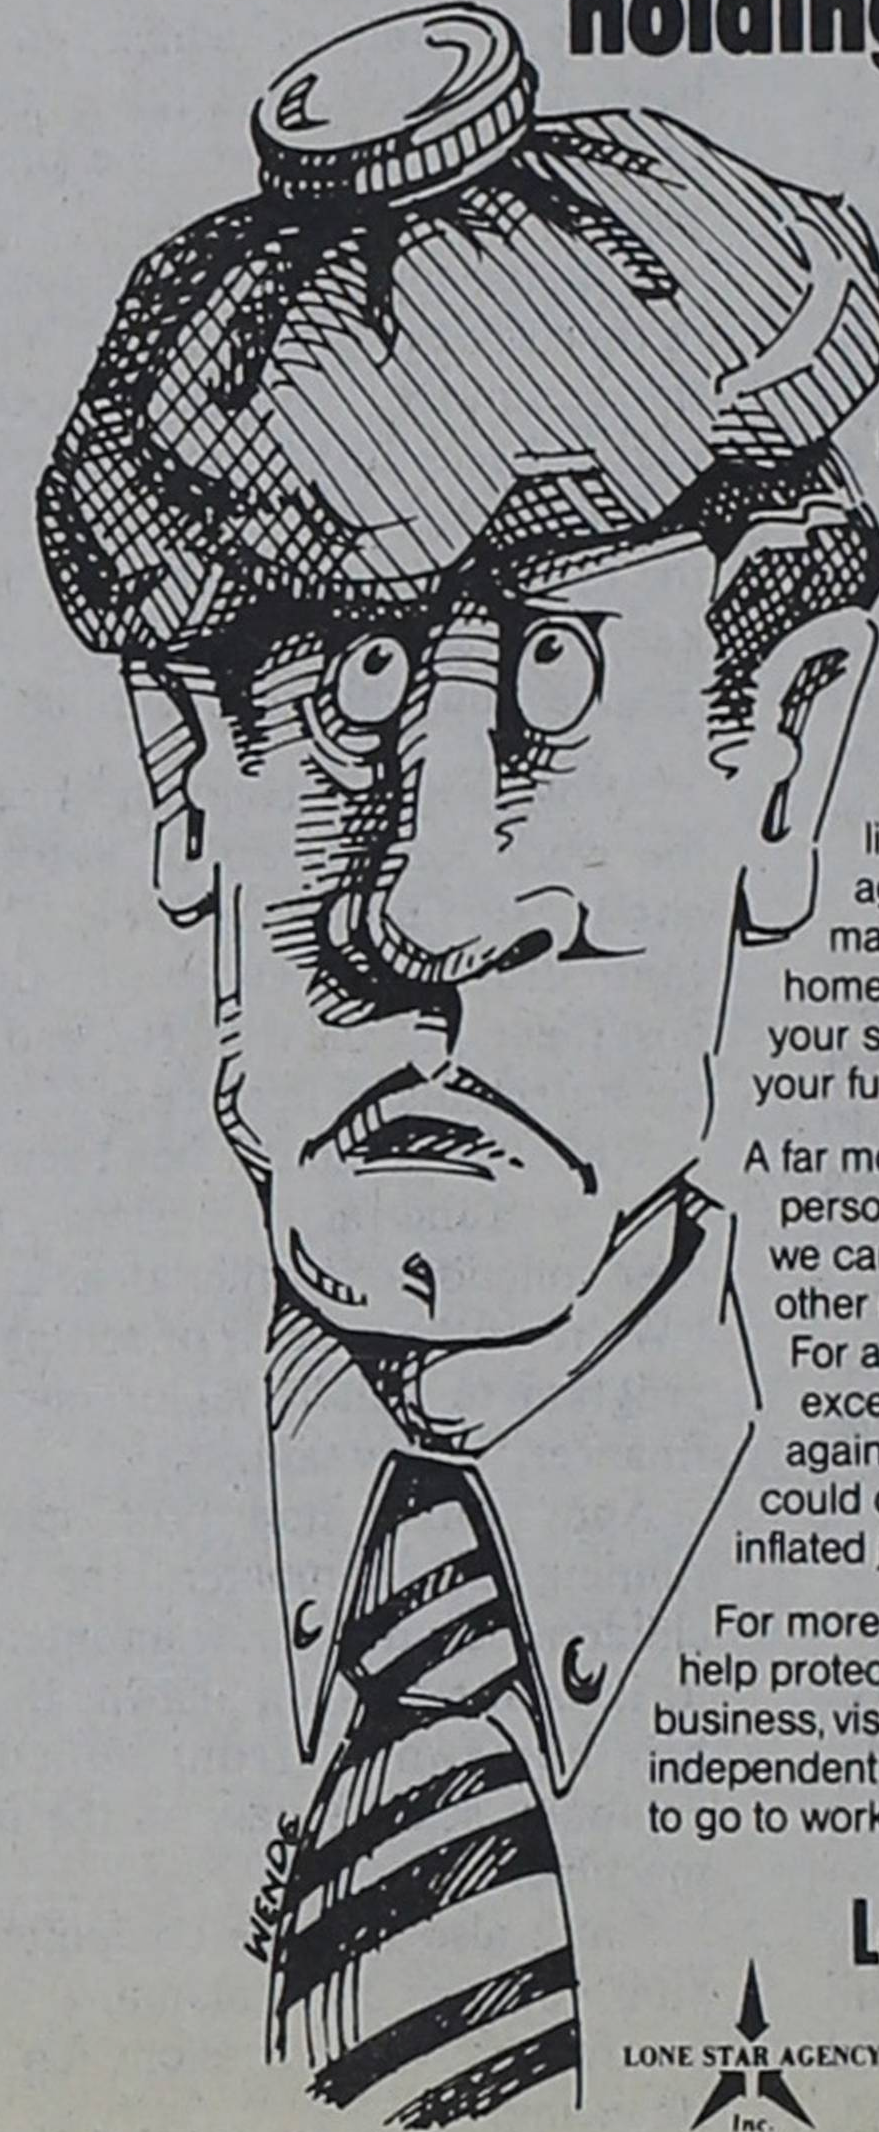

Mr. and Mrs. Calvin Martin and Mrs. Martha Carter, also of Friona, and Mrs. Alma Davis of Farwell are the great-grandparents.

time in a Lubbock hospital followed by a long convalescence in the home of Bob and Ouida Jones.

She was gone fifty-two days and is very happy to get back home. Welcome home, Mabel.

Had you ever noticed that the darker the night is the more vividly we're able to see the stars?

Ordinary personal liability insurance could leave you holding the bag.

Traditionally, homeowners or auto insurance policies include liability coverage.

But that coverage has fixed upper limits. Suppose someone suffers a serious injury on your property and then decides to sue you. Courts and juries have been known to award injured parties sums far in excess of the upper limits of standard liability coverage. This excess could then be made up from the sale of your home and other personal assets, your savings and from a portion of your future earnings.

A far more comfortable solution is personal excess insurance, which we can provide through CNA, or other major insurance companies. For a relatively few dollars, personal excess insurance protects you against the financial disaster which could occur as the result of an inflated judgment against you.

For more details about how we can help protect you, your home, auto, or business, visit or call us. We're an independent insurance agency anxious to go to work for you.

IN FARM OPERATION

Lazbuddie Couple Finds Computer Is Helpful

By BOB NIGH

When keeping books for their custom sugar beet digging operation became a four-hours-a-day, six-days-a-week struggle, Jerry and Donna Smith of Lazbuddie decided enough was enough and they began to shop around for help.

"It (the bookkeeping) wasn't an impossible task, but it was taking several hours every day," Donna remembers with a sigh as she thought about what she had gone through in the past.

"So, we decided to see about a computer to help us with the work load."

The Smiths, who also raise sugar beets, corn, wheat, soybeans, carrots and onions on their farm about six miles northeast of Lazbuddie, went into the computer shopping process with virtually no prior knowledge of them.

"All we knew about computers was that a neighbor had one, and he had told us how much it had helped his business," Donna said. "After visiting with another neighbor's wife about how she used their computer, we knew that having one would save us a lot of time."

After several unsuccessful forays to area dealers, the Smiths walked through the door at Computer Systems and Solutions, Inc. in Amarillo and met CSS Ag Representative Don Semple.

Explaining just what they were looking for a computer to do in their business, and visiting with Semple,

Sr. Citizens Set Monthly Luncheon

The Friona Senior Citizens will have their regular monthly covered dish luncheon Tuesday, February 15, at the Friendship House, 15th and Washington.

This covered dish luncheon is held the third Tuesday of each month and the doors open at 10 a.m. Mrs. Mary Johnston, R.N., will be there at 10:30 to check blood pressure for anyone interested. The Beltone representative will also be present to test hearing, service equipment and check hearing aids.

At 11:30 there will be a business meeting to elect five board members for the coming year. The covered dish luncheon will follow the business meeting.

The afternoon program will be a "sing-a-long" directed by Lora Mae McFarland and Anna Mae Thomas will play the piano. A game session will follow the program.

the Smiths decided on a Northstar model, which was installed in their home last August. "They just brought it down and plugged it in, and we were ready to go," Jerry recalled of the installation.

"We were excited about the Northstar because we couldn't find anybody else during our shopping around that could offer us a program that was tailor-made to farm operation," Donna explained. "All anybody else offered us was a general ledger-type program, which we would have had to adapt."

The computer has made a big difference in the Smiths' custom beet digging operation, which grew to harvesting 2,000 acres this season as compared to 800 acres the previous year.

But, the main difference has been in time savings for Donna. "Without the computer I probably spent 24 hours a week just figuring sugar beet tickets," she said. "And, that was on top of everything else I had to do like keeping the household, which includes four children, running."

"Now, with the computer I can cut the work load down to a total of about six hours a week," she continued. "I can collect the tickets, post them, pay the truckers, and print my statements all in one day."

While the computer has been a big asset with the family business, it has been functional in other areas as well. "We're in the process of setting up a program to handle all of our farm finances," Jerry said.

And, after mom got used to running the computer, the Smith children began to show an interest in it. In fact, eldest son Shawn, 18, does his homework from a college computer science class on the family machine.

Smith also sees the computer as a vital tool in crop planning in the future and with decisions on farm financing.

"You can tell where you stand on a particular crop, and see whether you're gaining or losing," he said. "And, it will be a valuable aid in deciding just which crops to plant and those to avoid in the coming seasons."

"It's becoming more and more a tool to use in financing, too," he continued, "because it allows us to keep the kind of very detailed records that the financial institutions want you to keep."

Costs of having an accountant prepare financial statements and figuring income taxes will also be deleted due to the work done by the computer.

"It has cost us about \$125 in the past to have a financial statement prepared," Donna revealed. "That

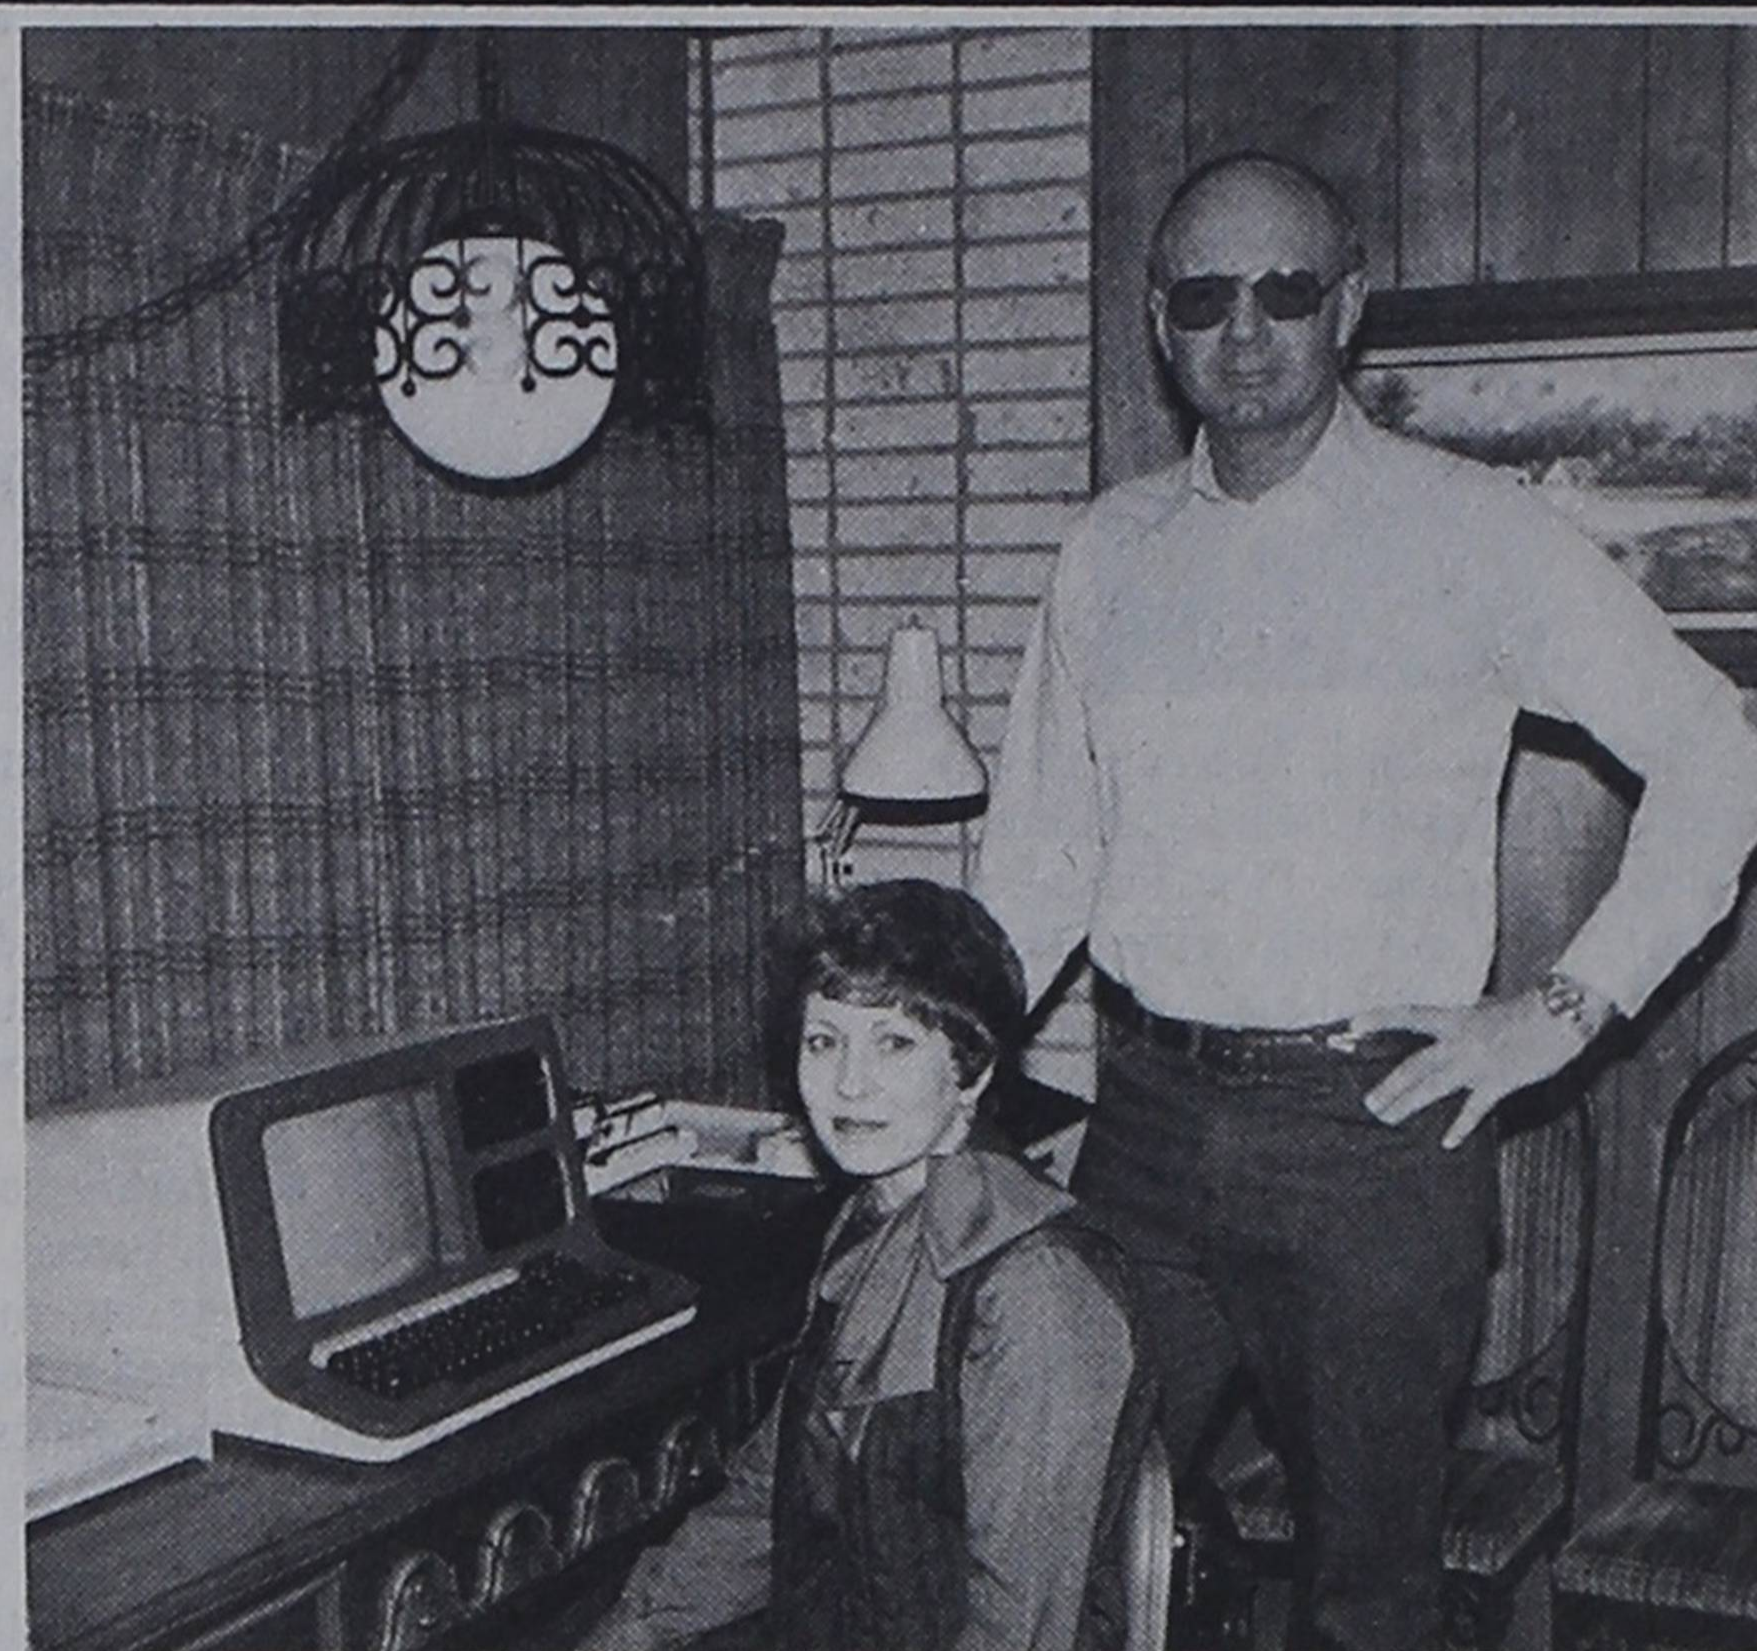

cost will be eliminated because our computer can do that for us now. Also, it will eliminate a lot of expense in getting our income taxes figured because everything will already be itemized in our computer and put into accounts where that work won't be necessary in the future."

Support from CSS played a big part in the Smiths' success with their computer, too. Assistance in learning how to use the computer and in getting the Smiths used to the program has been there when needed.

"I would recommend a computer to any farmer in the United States especially with the program we've got," Jerry said. "Anyone would like to have a set of books like that."

"Anyone who can type and run a calculator can run a computer," Donna concluded. "But, the program is the key to the whole thing."

"Last year we timed just how long it took me to do the beet digging calculations on a calculator, and it took four minutes to do everything that I had to do on one ticket," she continued. "Now, the computer does it almost in an instant. It's saved a whole lot of hours just from running the calculator, and after I got used to the program it's been just great."

COMPUTER FANS.... Jerry and Donna Smith of the Lazbuddie community have discovered how valuable a computer can be in their farming operations. Donna is shown using the family's computer.

St. Ann's Sets Dinner

St. Ann's Catholic Church of Bovina is sponsoring their annual German Sausage Dinner, Sunday, February 20 from 11:30 a.m. until 2 p.m.

The menu includes homemade German Sausage, homemade sauerkraut, home canned green beans, mashed potatoes, gravy, Jello

salad, relish plate, carrot or chocolate cake, homemade bread, butter, coffee and tea.

The prices will be \$4.50 per adult plate, \$2.50 for children six and under and take-out plates \$4.75 each.

Door prizes will be awarded. Sausage will be for sale at the door.

Serving will be at St. Ann's Parish Hall on Third Street in Bovina.

Dr. Golden Rites Held In Amarillo

Funeral services for Dr. Floyd D. Golden, 84, prominent area school administrator, were held at the First Baptist Church of Amarillo this week. Burial was in Dreamland Cemetery in Canyon.

Dr. Golden, president emeritus of Eastern New Mexico University in Portales, had served as administrator at several Panhandle schools, but began his illustrious career at Friona.

He had served as principal at Friona in 1921 and became superintendent of schools the following year. He is credited with helping organize Friona's first football team in 1921.

Dr. Golden served as dean at ENMU from 1934-41, and was the institution's president from 1941 to 1960. He had been honorary president from 1960 to the present.

He married Elsie Arlene Pool in 1921. His wife had been instrumental in securing his first teaching position at Friona.

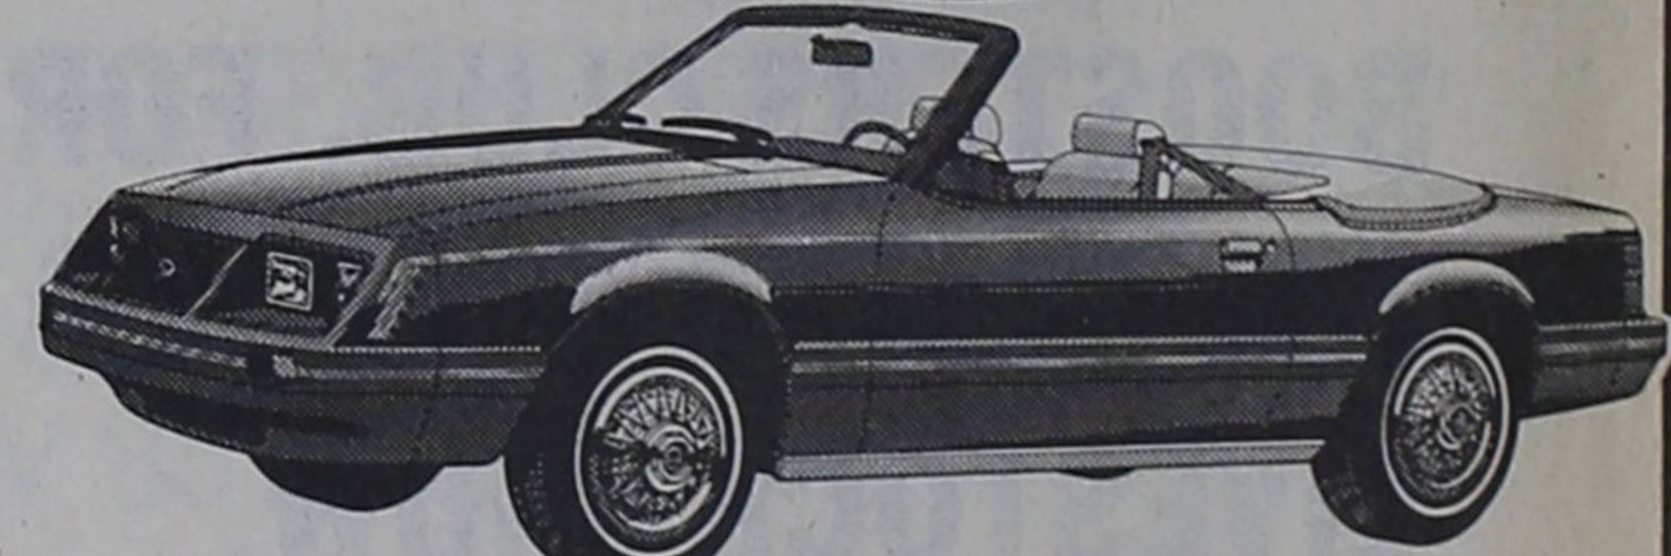

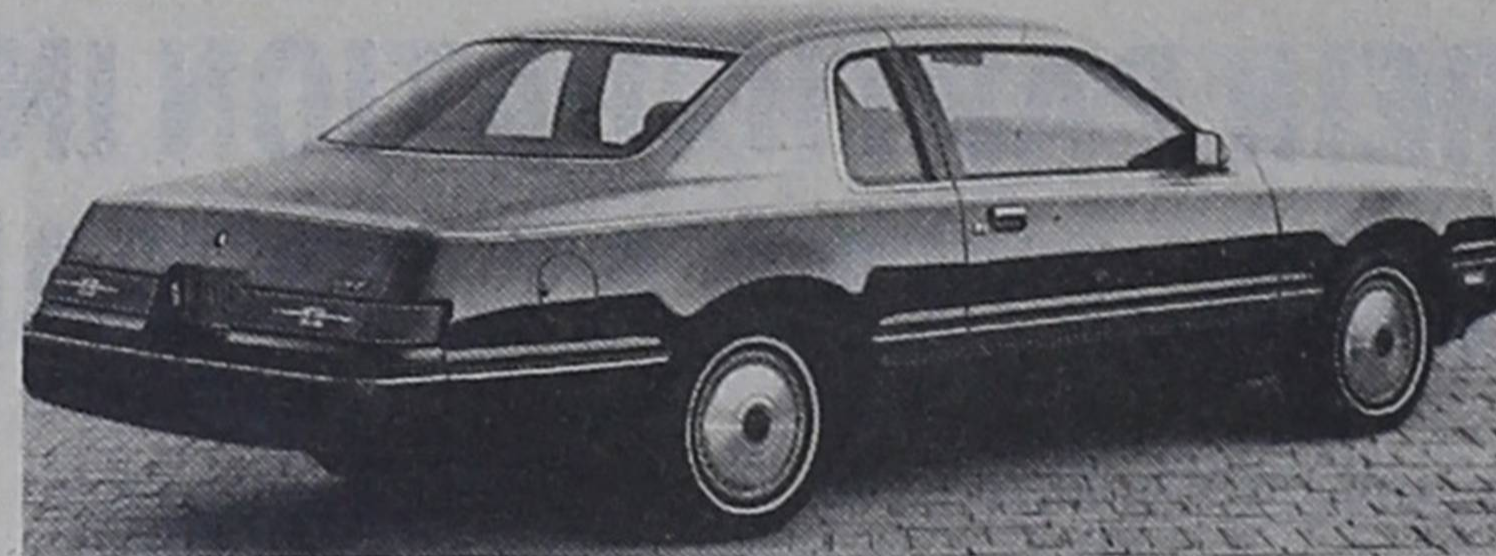

Dr. Golden was named Distinguished Alumnus in 1970 by West Texas State University's Alumni Association. He was the author of "The Golden Years," a history of ENMU from 1920 to 1960.

He was a leader in many civic, church and educational groups.

Survivors include his wife, Elsie of the home, and two brothers, Ward of Dimmitt and Carl of Brownfield.
