A view from
The
Lamplighter
By Ken Towery

Heaven help us. Please.
Are we destined for three more years of bungling, confused, inept "leadership" in the field of foreign affairs? How long will it take for Mr. Clinton to learn that policy ought to precede action in the field of foreign policy?
It has gotten so bad that even former President Jimmy Carter, on national television, characterized the last few months in Somalia as "a comedy of errors" on the part of this Administration. And he was trying to be helpful.
We would use different language. Rather than a "comedy of errors", it has been a "tragedy of errors."
As readers of this column know, we were not enthused with the idea of sending troops to Somalia in the first place. But then there was at least some moral justification for the mission: to establish a safe perimeter from which relief supplies could be distributed to starving people. That was done. That mission, however questionable, was accomplished. The job was done. The people were fed. It was time to get out. And we said so.
But then the mission got changed, quietly, without the approval or consent of the American people or the Congress. Mr. Clinton, not wishing to be distracted from his many television appearances, passed the buck to the United Nations and we got into the business of "nation building", trying to pick winners and losers between a bunch of warring African tribal leaders.
America has absolutely no national interest at stake in Somalia. There was one brief moment, in the early '70s during that period known as the cold war, when our national leaders fretted over what to do about Somalia. (Mr. Clinton wouldn't know about that, for he was...shall we say... "otherwise occupied.") The old Soviet Union had created a Communist client state called "The People's Republic of Yemen," across the Gulf of Aden from Somalia, which was then, for all practical purposes, also a Soviet client state. Then they began the construction of what appeared, from satellite photos, a giant air base near a place called Berbera in Somalia. Nearly every day our intelligence people pored over those photos, trying to figure out exactly what was under construction. The fear was that with Berbera on one side of the Gulf and "The People's Republic of Yemen" on the other side, the Soviets could, in the event of some crisis, close off entry into the Red Sea and the Suez Canal, choking the supply of oil to the West. I know, because I was one of those who looked at the photographs and who was also privy to the discussions involved. There were even discussions concerning what we ought to do about the base, or what appeared to be a base in the making. Some thought we ought to institute certain procedures that might slow or even stop the construction, but in the end it was decided our national interest was not at stake. Somalia was peopled by warring tribes and clans, with loyalties that shifted about as quickly as the sands that make up that country. There was nothing there that might justify a major investment in blood, money, or even time. If worse came to worse we had the means at hand to neutralize the situation. It was left alone.
If we had no critical national interest in Somalia during that period, when

FISD parents question cooperative learning

By Juanita Stepp
FLOYDADA — It was standing room only and floor space occupied by more than fifty people crowded into the board meeting room and hallway of the Floydada Independent School District Administration Office for the regular session of the board of trustees on Tuesday, October 12.
The group consisted of both parents and teachers as well as board members. A public forum for parent discussion turned into nearly two hours of controversy as the subject was debated by parents and teachers.
Parents were present to air their dissatisfaction with the cooperative learning environment which has been utilized in Floydada elementary schools for the past five or six years. According to their statements, the cooperative method places an unfair burden on the stronger students in a group by forcing them to carry the load for the group while being equally unfair to the weaker students by not compelling them to perform as individuals.

Initial teacher response disagreed with that assessment, but as the discussion continued, local teachers conceded that they needed more training in the implementation and techniques for cooperative learning in order to make the concept function in the classroom and benefit the students.
Parent concern was also expressed in the area of grading in cooperative learning environments. One parent told the gathering that he strongly disapproved of grading in cooperative learning groups because a student who did not share the load could bring down the grade of the entire group, no matter how hard the others worked.

Teachers responded, saying if the program is implemented properly it will allow students to work together and learn together, but students should be tested and graded individually.

Other parents questioned the wisdom of the schools devoting so much time and effort to making sure students passed the TAAS (Texas Assessment of Academic Skills) tests. One said that students capable of excelling are being slighted while the attention is focused on TAAS score improvement.

It was pointed out to parents that these tests are different from the formerly utilized test, TEAMS (Texas Educational Assessment of Minimum Skills), in that the TAAS is designed to measure critical thinking skills and problem solving abilities, not minimum skills. Educators contended that im-

proving these skills is based upon reading skills. They also said classes designed for weaker student improvement in all three areas could benefit the stronger students as well.

Administration officials stated that cooperative learning is a lifetime skill and is only one of many tools available to teachers in a district with a very complex student population requiring the use of a variety of tools in order to teach students and encourage them to learn.

Board president Charlene Brown asked parents to allow the teachers more time to make the program work for local students. School superintendent Jerry Cannon told the gathering in closing that the school system is now in the process of making some changes that will make the system work better for the students.

A public hearing concerning the Academic Excellence Indicator Report from the state was held during the session. Principals from Floydada High School and R. C. Andrews Elementary School presented campus plans for correcting the deficiencies noted in the report.

At high school, the deficiency was in the high rate of dropout students noted by the report. Principal Joe Christian detailed a plan to lower the drop out rate to less than one percent by May of 1988. This will be achieved by more closely monitoring and working with students considered at risk for dropping out. Alternative educational programs will also be developed to provide some students with options to traditional diplomas.

R. C. Andrews principal Ellen Enriquez presented newly designed and implemented programs for correcting deficiencies at her campus. The main thing pinpointed in the report was methods needed to improve the performance of students who are economically and socially disadvantaged. Solutions presented included parent and community involvement in the education process.

Both plans were accepted as presented by the board and will be filed with the state in response to the AEIS report. Motion for this action came from Don Hardy and was seconded by Steve Lloyd. The vote was all in favor.

Outstanding students were recognized for the month. Presented to the board from A. B. Duncan Elementary School were Laura Reddy, daughter of Mr. and Mrs. Rick Reddy, and David Rodriguez, son of Mr. and Mrs. David

Can You Afford A DWI?

By Mary Mayo

Driving while intoxicated is a serious criminal offense that results in jail term or probation and a large fine. And the costs are still going up.

Besides the emotional upheaval in the life of a DWI offender, the pocketbook also suffers a tremendous blow. An individual about to get behind the wheel of a car with alcohol in his system should ask himself, "Is it worth it?"

State Trooper Ron Parks of Floydada said the Department of Public Safety arrests many people on D.W.I. charges.

When a person is pulled over in a motor vehicle for a possible D.W.I. charge, the officer gives a series of sobriety tests to determine if the individual is intoxicated.

The test involve saying the alphabet, counting, one-leg stands and walking in a straight line. Parks said the surest way to determine if a person is under the influence is the light or pen test. In this test the officer moves a light or pen side to side in front of the eyes. Usually if the person's eyes show nystagmus they are intoxicated.

Parks said, "All these tests cannot be passed if a person is intoxicated."

He added, "A person does not have to be drunk to be considered intoxicated."

At this point the individual is read his rights and handcuffed. Then the officer drives to the facility where a breath or blood test can be performed. In Floydada, this is done at the courthouse.

A person has the right to refuse the

FLOYDADA—A Floydada family has been raising pumpkins for 25 years, and have now created a pumpkin ranch for children of all ages to play on.

Tommy and Joy Assiter live on Highway 62 between Ralls and Floydada. With the help of their family, they have created a pumpkin corral equipped with saddles on top of large pumpkins to allow children to use lassos to actually rope the pumpkin of their choice. Their son Tim has been especially helpful in creating this corral.

He is an auctioneer from Amarillo and spends about four days a week in Floydada during pumpkin season.

He said, "I always wanted to be a cowboy, and this is a way to let kids play like they are real cowboys. It seems like playing cowboys and Indians is coming back in style."

The pumpkin corral looks like a real ranch with a cedar fence entry, horse-

shoes, cowbells, scarecrows and even a covered wagon.

Assiter's son said there are many varieties of pumpkins. The usual jack o' lantern is made from a Howden pumpkin. There are also pumpkins called Prize Winners. These pumpkins can weigh as much as 200 pounds. There are white pumpkins called Lumina and of course the pie or sugar pumpkins used for baking. One unusual pumpkin they raise is called a Cinderella because it resembles the pumpkin carriage from the fairy tale.

The Assiters also raise squash and gourds within the pumpkin patch.

"We want to advertise the pumpkin ranch by saying: Wanted: Little Wranglers, who want to come and help with the round-up," said Tim.

He added, "There is an ongoing battle about whether we should call it a pumpkin or a punkin. To me, Daddy sells pumpkins, but I raise punkins."

The Assiters home is very visible from the highway. The entire driveway and front of the home is lined with pumpkins

Commissioners handle routine agenda

By Juanita Stepp
Floyd County Treasurer Glenna Orman presented a series of financial reports to the Floyd County Commissioners during the regular monthly session for October. Her reports included monthly, quarterly and annual financial documents. The treasurer told the commissioners that the county began the month of September with \$265,092.37 in county funds and took in receipts of \$65,714.28 during the month. Disburse-

ments totaled \$154,107.99, leaving a balance of \$176,698.66 on September 30, which also ended the quarter and the fiscal year for the county.

Orman also reported \$130,000.00 of Precinct 3 funds currently in certificates of deposit. Interest to date on all certificates of deposit now total \$16,196.97.

Farm work contracts were approved for two petitioners. The first, from J.R. Turner in Precinct 1 was for putting land back into cultivation at a location 10

miles west of Floydada. The second, in Precinct 3, was for Steve Lloyd at a site 12 miles northeast of Floydada for conservation including working a tailwater pit and covering old improvements. Motion to approve was made by Bearden, seconded by Taylor and passed by unanimous vote.

Commissioners approved the recommended appointment of Jan Willson to replace Frances Puckett on the Floyd County Library Board. Puckett has moved out of the county. The recommendation came from the Library Board and was approved on a motion by Bishop, seconded by Bearden.

The court voted unanimously to continue to pay salaries from the general fund rather than establish a specific fund for salaries. Motion by Taylor, second by Bishop.

Jury duty compensation fees for the next twelve months were set at \$12.00 per day. The amount is the same as it has been for the past several years. Motion was made by Bearden, seconded by Jackson and approved by unanimous vote. The commissioners have the option of setting jury duty compensation at any amount from \$6.00 per day to \$30.00 per day per juror.

One budget amendment was

Downtown businesses suffer vandalism

FLOYDADA--Three downtown businesses were plagued by vandalism during the weekend, resulting in several broken store front windows.

According to Floydada Police Chief James Hale, sometime Saturday night, October 10, someone broke the upper front window of Floydada's First National Bank. The same night, a plate glass window and a glass door at Hale's Department Store were broken. B.J.'s Boutique also suffered damage when a front plate glass window, and glass on both sides of the front door were broken.

"A reward is being offered for any information on this or any other criminal mischief or burglary," said Hale. "Your name will be kept confidential. A reward will be given to anyone who can supply information that will lead to the arrest and conviction of person or persons responsible for criminal mischief or burglary."

Lockney City Council closes 1992-93 fiscal year

By Juanita Stepp
LOCKNEY—Lockney City Council members reviewed the final financial statements for the 1992-93 fiscal year which ended on September 30, 1993. The financial documents showed the city to be operating in the black at the end of the annual period with a fund balance in excess of \$13,000.00 as of September 30.

Council members also approved amendments to supplement fund balances necessary to close out the year. These amendments to the budget allow the transfer of funds from accounts with unused balances into accounts which have been depleted during the year.

Motion to make the budget adjustments was made by Gary Marr and seconded by J. D. Copeland. Vote was unanimously in favor of the action.

Approval was given for the Pecosero Study Club to use the Community Center on November 20 for a fund raising garage sale. The club is raising money to benefit the Salvation Army. Motion for approval was made by Bil Anderson and seconded by Copeland. All voted in favor.

Council members also discussed briefly the need to adopt a set of regulations designed to define charitable organizations and specify criteria for deciding who must pay to use the center and who may be allowed to use it without charge. This item will be placed on a future agenda.

The question of responsibility for the installation of handicapped parking

BY THE WAY!

BY
ALICE
GILROY

The pumpkin decorations are starting to come up and they sure are fun to look at. People around here sure are creative.

The Mr. and Mrs. Pumpkin (rolls of hay) at the Floydada Branch of Lockney's First National Bank are hysterical. Some people can make pumpkins out of anything.

Another must-see is Sudie Cochran's Pumpkin Tree, on West California near the funeral home. I asked Sudie how that tree was holding up all those pumpkins and she said—"I have no idea!"

I hope we get more and more decorations around the county.

Brenda Clappitt, the chamber manager in Floydada, said she has gotten all kinds of calls from people planning trips to Floydada this month and for Punkin Days.

She said some of the folks calling can't make it on Punkin Days but they still want to come to town for a visit and to see all the pumpkin decorations.

Two out of town schools have already called arranging field trips through town to see the decorations.

She is starting to sweat it a little, because she is worried there won't be enough for them to look at.

I sure hope some groups get some highway decorations up soon. I know some people are worried about decorating highways early because of the chance the pumpkins might get up and walk away.

Brenda also told me that two large RV groups are coming to town this month. They have already planned their tours and Punkin Days was not planned, but if they like what they see on their visit they said they would definitely plan Punkin Days into next years October tour.

For you folks in Lockney that think Punkin Days is just helping out Floydada—that's not true.

You will be happy to know that the chamber manager in Floydada does what she can to help out Floydada's "sister city."

Brenda told me when people call to find out what kind of places there are to shop in around Floydada, she also refers them to the shops in Lockney. I hope both towns can learn from that and refer people back and forth instead of to Plainview or Lubbock.

Votes are still trickling in on what Floydada folks want to be called—Floydadans or Floydadians.

No matter how the votes turns out we have discovered one thing—it doesn't matter what this newspaper or any other newspaper wants to call more than one Floydadan. The people with definite opinions are definitely not going to change their minds one way or the other!

Floydada Police Report

Businesses suffer vandalism

Continued From Page 1

In other police activities, a burglary complaint was taken from a woman on October 12.

The woman told police that she was doing her laundry in the laundry room at the Labor Camp at approximately 4:00 p.m. and someone entered her unlocked apartment while she was out. Stolen from the home was an Emerson VCR, two movies, 8 packages of steaks, 100 cassettes in a case and damage was also done to the kitchen. The loss is estimated at \$400.00.

October 11 police took a report of two runaway 13 year old girls. The call was received at 1:25 a.m. and the girls were found at 12:00 noon on the same day.

A domestic disturbance call was also investigated by police on October 10. Statements were taken and the case is still under investigation.

October 9 at 1:20 a.m. police received a call of someone crawling into a bedroom window in a home in the 700 block of W. Lee. The woman who made the

call recognized the man she discovered crawling in the window and when she went to call 911 he left. Charges are pending against the man.

Also on October 9, police arrested Johnny Perez, 33, of Floydada, for DWI. A passenger in the car, Maria Elvira Oviedo, 45, of Floydada, was also arrested and charged with public intoxication.

Owners of City Auto reported criminal mischief to a 1994 GMC pickup. Sometime between Oct. 1 and Oct. 5 someone stole the right tail light assembly off of the pickup which was parked on the lot. The damage was estimated at \$69.00.

Oct. 1, at 3:55 p.m., police were called to an accident at the intersection of 12th

and Missouri. According to police reports, Wayne Collins, 70, was driving his Silverado pickup south on 12th Street and attempted to make a left hand turn onto Missouri Street when Gilbert Ruiz, 40, of Plainview, attempted to pass Collins on his left side. The Ranger Pickup which Collins was driving struck the Silverado in the left front panel.

According to witnesses and the police report, Ruiz then fled from the scene and was chased down by witnesses. Ruiz was stopped at the city limits and returned to the scene where he awaited the arrival of police.

Collins was treated at the scene for a cut on his hand.

Ruiz was charged with failure to stop and render aid.

of all shapes, sizes and types.

Assiter said this is the first year they have tried the ranch theme.

"I just want these kids to get out and run wild. We've got big ropes for the big kids and little ropes for the little ones," said Assiter.

They even have a toddler pen for really small pumpkin cowboys.

The Assiter's daughter, Darla Carthel has added a creative side to pumpkin raising. She paints the pumpkins with clown faces and Dallas Cowboy helmets. She even painted a Blue Hubbard squash as a Jurassic Park dinosaur head.

Assiter's son said, "We don't mind if people want to come by and see all of the stuff. You can't miss it because there are stand up figures of Charlie Brown, Linus and Barney in the driveway."

PUMPKIN CORRAL--Little "buckaroos" will enjoy themselves in the Assiter Pumpkin Corral on Hwy. 62. Youngsters are encouraged to lasso their pumpkin and take them home with them at a cost of \$1.00 - \$2.00 depending on the size. Staff Photo

breath or blood test. If a person refuses the test, his license will be suspended for 90 days as long as the judge finds probable cause.

In Floyd County, if a person fails the breath or blood test with a .10 alcohol concentration in the blood, he or she will be required to spend the night in jail.

To get out of jail a person must either call a bail bondsman the next day or wait in jail until the court arraignment. A bail bondsman will charge the offender 15% of the bond that has been set. DWI bonds range in amounts of \$500-\$2,500, making the amount paid to a bail bondsmen \$75-\$375.00.

According to Sheriff Overstreet, "A county bondsman will only charge 3% of the bond, but since most DWI's occur over the weekend people don't like to wait until Monday to get a county bondsman."

When the court convicts someone of a first offense DWI, he or she can be fined up to \$2,000. In Floyd County first offenders are usually fined between \$500 - \$700 and will also be placed on probation for 2 years.

The probation fees in Floyd County will start at \$30.00 per month with other court costs and attorney's fees added to this.

According to Chief Probation Officer Nathan Mulder, "Court costs will be \$245-\$250 and a court appointed lawyer will usually cost \$100-\$300. The DWI offender will have to pay the county back for the court appointed attorney. If the case goes to trial the court appointed lawyer fees can average between \$500-\$600."

passed on a motion by Bearden, seconded by Bishop. The amendment authorized the change of beginning year balance for Precinct 1 from \$22,328.93, the amount originally budgeted as the estimated balance to begin the 1993-94 fiscal to \$17,111.84, the actual end of the 1992-93 fiscal year balance.

... The commissioners examined and approved all properly presented monthly bills and authorized their payment.

... Monthly financial reports from elected officials who collect fines or fees were reviewed and accepted as submitted. Reports under consideration came from district clerk Barbara Edwards, county clerk Margaret Collier, tax assessor/collector Penny Goughly and Justices of the Peace Tim Burge and Dottie Stansell.

Private attorney fees can cost the offender up to \$2,000 or more.

"Sometimes restitution is also added in," said Parks. "The legislature has recently passed a law that allows DPS to charge a DWI offender with the cost of the troopers labor who is investigating a DWI accident, as well as restitution for any property damage incurred."

Fines and jail times become more severe with a 2nd offense.

The base probation fees remain at \$30.00 for a second conviction, but the fines and jail time will increase. The offender's driver's license will be suspended for a minimum of 90 days and up to one year.

A mandatory jail time of 72 hours will be served after the second conviction and fines can increase to \$2,000. An offender will also serve a probationary

period of up to 2 years with probation fees again being paid on a monthly basis to cover court costs, fines and attorney's fees.

A third DWI offense is a 3rd degree felony. According to the Texas Penal code, the offense is punishable by confinement in jail for a term of not less than 30 days or more than 2 years or imprisonment in the state penitentiary for a term of not less than 60 days or more than five years.

Although offenders do recover from the monetary loss in their lives all of them still face the criminal record that may affect the ability to obtain or keep their job, or to advance in their positions. Young adults and teenagers, on a night out with friends and feeling indestructible, may find out a DWI conviction will haunt them for the rest of their lives.

A View From The Lamplighter

Continued From Page 1

small, out of the way places sometimes played a role in the bigger picture, we certainly have no critical or overriding national interest in Somalia now. Certainly not one that would justify the loss of American life, much less the picture of dead American servicemen being dragged through the streets while African savages dance, cheer, and kick the corpse.

This is insanity. And Mr. Clinton's contradictory answer is to send in more troops. For a while. Then bring them back. Most of them. And keep a military force off shore to protect the few that remain on shore to see that things don't get back like they were. And we won't negotiate with Aidid, but we will encourage others to do so. And we won't get out now, but we will in six months. And we are "delighted" with Mr. Aidid's cease fire proclamation, but we recognize that as a unilateral declaration, we still won't negotiate. But, again, we encourage others to do so.

Bring the troops back, Mr. Clinton. If you want to use the American military to settle wars between rival gangs, bring them back home and let them patrol the streets of Los Angeles, or Washington D.C., or San Antonio. The Congressional Black Caucus might get upset, the Rev. Jesse Jackson might get upset, (and that might impact your next election) but if American servicemen, untrained in such matters, are to be called on to settle wars between rival armed gangs, they would be better used here at home. At least the innocent lives that might be saved would be American lives.

In the end, no matter how long it takes,

we are going to have to deal with whoever comes out on top in Somalia, if we deal with them at all. (And as far as we are concerned, there is nothing that says we are compelled to deal with them.) For many years we have dealt with thugs in any number of African countries. We may as well get used to it. In Africa, particularly in sub-Saharan Africa, it is the norm. If we think we are going to force western style democracy on a people whose culture runs in the opposite direction, we are in for a long wait, and we are also in for the loss of much American blood and much American treasure.

Now, at long last and after much prodding from many quarters, Mr. Clinton says, in effect, that this is an African problem that ought to be addressed by African countries in the context of African solutions. That should have been obvious in the beginning, before American lives were lost in a struggle between African clans, and before we created a "tar baby" situation from which it is most difficult to retreat with honor.

We sincerely hope that Mr. Clinton learned something from this. We have little reason to hope, given his previous forays into the field of foreign policy, but nevertheless we can hope. We hope he will come to realize, before too many more lives are lost in various places around the globe, that the deployment of American troops is a serious business, that the commitment of American prestige and American honor is not something to be toyed with. The troops will go where they are told to go, and do what they are told to do. But they, and the nation, ought first to understand why. The "why", the "reason", ought not be something that is searched for after the casualties start coming home.

Mr. Clinton does not seem to comprehend what a ludicrous spectacle is presented when, on being asked why we are still in Somalia, said, in effect, "give me a few days and I'll come up with an answer." We suspect one reason he did not have a ready answer is that Hillary, busy with her health thing, forgot to tell him.

And while all this is going on we have another contingent of troops standing by off the shores of Haiti, unable to land because the locals are acting unfriendly. Mr. Clinton's Secretary of State, Warren Christopher, is unhappy as well. He says the government of Haiti promised a "peaceful environment with the full support of the local police and military organizations" they were supposed to train, etc.

All of which brings up the question. If local police and military organizations are capable of providing a "peaceful environment" for American troops in Haiti, why can't they provide that same environment for the local citizens. And if they do that, why do they need U.S. troops, or UN "peace keeping" missions there in the first place?

Dougherty exes gather for reunion

FLOYDADA—In April, 1963, Mrs. W.J. Ross, states, "The long anticipated reunion is now history and a very successful enjoyable event it really was."

Jack McIntosh reported "it has been over two weeks since the big homecoming at Dougherty, but people are still commenting on what a wonderful day it was."

Thanks to Irene Owens King and Virginia Morrison Cage and all the others who helped those words were just as true about the 1993 reunion held on the 25th day of September.

In 1963 the reunion was held in the Dougherty school house. The 1993 reunion was held at the Massie Activity Center in Floydada because the Dougherty School closed in June of 1987 and consolidated with the Floydada Independent School District.

Registration began at 10:00. James Cage welcomed the visitors and a response was made by Bill Morrison of Midland, who earned many laughs with his remembrances of his growing up years at Dougherty. Mike Rainwater led the Pledge to the Flag.

Following the prayer, led by Jim Dewese of Plainview, a former pastor of the Dougherty Baptist Church for 20 years, a delicious meal of roast beef, creamed potatoes, green beans, salad and watermelon was served by Roy Teague of the Sportsman Cafe in Quitaque to 296 people.

The afternoon fun began with Travis Jones acting as Master of Ceremonies. Jim Crawford introduced Bill Dougherty of Santa Fe, New Mexico. Bill is the son of F.M. Dougherty, founder of the Dougherty township. He gave a very interesting history of his family and the settlement of the community.

Mattie Covington was recognized as the resident living in Dougherty the most number of years, by Richard Ward.

Mattie responded and had everyone laughing with her remarks.

Former teachers were recognized and asked to stand. These included Polly Cardinal, Floydada; Darrell Glenn, Amarillo; Lola K. Pohl, Matador; Kay Cage, Floydada; Vivian Caruther Boyd, Canyon; Georgia Westmoreland Guthrie, Hollis, Okla.; and Cleo Cowan, Dimmitt.

Travis Jones read a history of the school, compiled by Mrs. Randy Pernel of Dougherty.

After many former and present residents shared their reminiscences and a prayer for those who have passed away, Henry Hinton led the group in a chorus of "Till We Meet Again" as a benediction. The remainder of the day was spent in visiting.

Mr. and Mrs. Buzz Allmand of Kent, Wash., traveled the farthest to attend the reunion.

Other out-of-town guests included: Louie and Mary Lou Wise Caffee, Green River, Utah; Betty Newell Shirey, Torrance, Calif.; Bill and Julie Dougherty, Santa Fe, N.M.; J.L. and Helen Nichols, Shreveport, La.; Margaret Woody Blackmon, San Diego, Calif.; Carl Boutwell, Brandon, MS; Larry and Bobbie Wilson Brownlow, Faith, S.D.; Bob and Jan Cates Lofton, Memphis, Tenn.;

Your Health ★ Our Care

By Trina Wilson, RN

Lead is a poison which affects the central and peripheral nervous systems, kidneys, blood forming elements, and growth pattern. Young children are particularly susceptible to lead poisoning because the developing digestive system absorbs more readily and the developing nervous system is more sensitive to the deleterious effects of lead. Children are more likely than adults to ingest lead due to their more frequent hand-to-mouth activities.

Although high-level lead poisoning is rare, it can result in coma, seizures, paralysis, kidney failure, and death. Moderately increased blood lead levels may be associated with anemia and non-specific symptoms such as irritability, lethargy, loss of appetite, abdominal pain, and constipation. Low-level lead poisoning is the most common type and is usually identified through screening programs. Studies have revealed that children with low-level lead poisoning suffer irreversible impairment of intelligence and coordination.

All parents are encouraged to observe their children closely for proper hand-

washing procedures, discouraging the eating of substances unfit as food substances such as paint, clay, starch, etc., and by keeping children away from areas known to be lead contaminated. Indoor paint which was applied prior to 1974 contained lead and is a common source of increased blood levels of lead in children. Children, using their frequent hand-to-mouth activity, will eat the paint on a window sill near their sleeping area or near where they play.

The significance of preventing children from eating substances which contain lead has been seen in various studies. These studies showed that young people who had been exposed to moderate levels of lead as preschoolers were seven times more likely to drop out of high school and six times more likely to have a significant reading disability than children without elevated lead levels.

If you suspect lead poisoning in your child, see your physician and express your concerns so that the child and his/her environment can be evaluated for exposure to lead.

CONTACT offers someone to listen

"This is CONTACT, May I help you?" These are the words any person in the West Texas calling area can expect to hear 24 hours a day, 365 days a year by dialing: 1-800-886-4351. Folks in the Lubbock area have been calling CONTACT day and night for the past 22 years. The good news is that you can now reach this telephone helpline free of charge by calling CONTACT's new long distance 800 service.

In times of emotional stress, crisis, depression or just plain loneliness residents of Floyd County can now have another human being to listen and talk with. All CONTACT listeners have

completed 53 hours of intensive training and signed a pledge of strict confidentiality and anonymity.

CONTACT is a Christian based ministry of listening presence. Trained volunteers integrate their faith response with the principles of crisis intervention, active listening, problem solving, and psychotherapy. CONTACT can also help locate information and referral resources in the local area.

Teenagers who are 15 and in the tenth grade may also participate in CONTACT's program. Teen graduates are certified to work on TEENLINE answering calls daily from 6 p.m. to 10 p.m. Often, teens prefer to talk to another teen about personal problems or concerns. TEENLINE has received more than 10,000 calls since opening its lines in 1985. TEENLINE can be reached by calling the same "800" number listed above and simply ask for the teen listener.

CONTACT Lubbock Helpline invites all residents of Floyd County to call when the need arises. Contact volunteers are Christians dedicated to "Being there for others." Caller concerns are taken seriously in a non judgmental manner. Listeners are skilled in crisis intervention and problem solving. CONTACT is available to you any time of the day or night. Lockney wins 35-14

Longhorns destroy Indians defense

by Scooter Cassler
There is an old age that quotes "Good things come to he that waits". For Lockney Longhorn football fans who have been waiting for an offensive display, Friday night's game at Morton realized their expectations.

In a display of offensive strength that destroyed the defense of the Morton Indians at their own homecoming, the Longhorns exploded in the first half and ran away from the Indians in a 35-14 victory.

Morton received the ball to open the game, with Patrick Monroe executing the opening kick with his usual strength and distance. The Indians first possession stalled after only three minutes, due to a near interception by linebacker David Luna. Kyle Smart's fake punt and pass to Jerry Patton resulted in a 40-yard play that set the Indians up again, deep in Longhorn territory. This possession stalled likewise, due in part to another near interception by defensive back Phineas Riddley.

The first Longhorn possession immediately established the tempo of the game as the 'Horns drove the length of the field for their first score, a 33-yard touchdown strike from Leo Vargas to Tanner Johnson. Monroe's PAT kick at 4:53 left in the first quarter made the score 7-0.

The second Indian possession began deep in Indian territory at the 11 yard line. Two plays later, Tanner Johnson's sack of quarterback Kyle Smart forced Morton to punt from the five. The following possession resulted in a Lockney touchdown run of 21 yards by Lalo Chavira. Monroe's PAT kick was good, making the score 14-0. Morton's next possession led into the second quarter.

Morton's attempted punt early in the second quarter resulted in a first down due to a Lockney penalty. After a Carlos Raissez sack of quarter back Kyle Smart followed by another sack by Tanner Johnson, the 'Horns took over on downs at their own 23-yard line. Lockney's drive, aided by a Morton pass interference penalty, culminated in a 39 yard touchdown burst by fullback David Luna. Monroe's third successful PAT kick made the score 21-0.

Morton's next possession was "three and out" due to a strong Longhorn de-

fense, matched on the following possession by a strong Longhorn offensive drive. This drive included a 15-yard rushing burst from Monroe, and ended with a 30-yard touchdown run by Vargas. Monroe's PAT kick maintained his perfect statistic and made the score 28-0. An exchange of possessions saw the quarter finished off by a drive mounted by the Longhorn second team to the Indian 10-yard line.

The powerful Longhorn offense never missed a beat through halftime, as the 'Horns scored immediately upon their first possession of the third quarter. The opening kickoff return by Lalo Chavira was followed by Luna's 61-yard gallop into the endzone, following a downfield block by Carlos Perales. Monroe's fifth PAT kick of the evening made the score 35-0, Longhorns.

Morton's initial possession of the half ground up over five minutes of time. Smart's pass to Patton covered 28 yards, followed by a missed interception and another 26-yard completion. Michael Durham's sack of Smart, a scramble by the Morton quarterback, and a strong pressure of Smart's final pass of the drive turned the ball over to the 'Horns at their own 7-yard line.

The following Morton possession resulted in a drive capped off Smart's 15 yard touchdown pass to Jerry Patton, followed by a 2-point PAT pass attempt after a bad snap: Lockney 35, Morton 6. The remainder of the quarter was controlled by the Lockney offense, anchored by a rushing of fullback Joe Marks.

Lockney's second offense controlled the final quarter, grinding out 9 minutes and 30 seconds of the 12 minutes, including 13 carries for 41 yards and 1 pass and no completions. Morton's passing game garnered another touchdown pass from Smart to Patton, a 76-yard dazzler with 3 minutes and 20 seconds left in the quarter. Smart's PAT pass completion after a bad snap finalized the scoring for the evening at 35-14, Lockney Longhorns!!

Congratulations to the Longhorns and the coaching staff for a strong offensive performance at Morton! Next up are the Abernathy Antelopes Friday, October 16 at Mitchell-Zimmerman field at 7:30p.m. See you at the game!!

Caldwell wins sixth edition of football contest

By Juanita Stepp
First prize winner for the sixth week of the annual Floyd County Hesperian-Beacon Football Contest was an out of town entry deposited in the Lockney box. Tommy Caldwell of Plainview missed 7 games on the weekly contest and may pick up a check in the amount of \$25.00 at the Lockney office on Friday for his first place effort.

Four entries had eight misses for the week. They were submitted by Aaron Noland and Sam Hale, both of Floydada, H. G. Graham of Lockney, and Faye Self of Silverton. All four picked Floydada to beat Muleshoe, necessitating the use of the tie-breaker score to determine the second and third place winners. Graham selected 37, only nine points under the actual total score of 46. He will receive the 2nd place check for \$15.00 and may pick it up at the Lockney office on Friday.

Hale selected a tie-breaker score of 32 points, 14 points under the actual score total. He will be the recipient of a \$10.00 check for third place on Friday at the Floydada office. Both Noland and Self selected a score of 27, 19 points under the actual score to earn honorable mention honors.

Honorable mention also goes to those who missed nine games on the contest this week. They include Homer Ragland Jr. and Boyd Lee of Lockney and Sheree Cannon, Gene Lowrance, Juan P. Martinez, Clay Simpson and Mike Anderson of Floydada and Servando Longoria of Plainview. An additional ten entries missed 10 games on the contest and fifteen more missed 11 games.

CONTEST RULES
Anyone above the age of seven is eligible to submit an entry except employees of this newspaper and their

immediate families living in the same household.

No mail entries will be accepted. All entries must be submitted on the official entry form printed on the Football Contest page each week. All entries must be taken to the Hesperian-Beacon Office, either at 102 W. Bryant in Lockney or 111 E. Missouri in Floydada. Each entry must be in the office no later than 5:00 p.m. on Friday of each week.

The contest is simple to enter. Clip out the entry form on the contest page and circle the number of the team you think will win in each of the games listed in the footballs on the page. If you decide two teams will tie, circle both numbers. Select a winner in each of the two tie-breaker games and write your guess of the total combined points of the two teams in the football. If a tie occurs in which a winner cannot be determined by using the two tie-breaker games, the prize will be shared by those tying.

Readers are reminded that entries are limited to one entry per week per person. Weekly winners are limited to one per household per week.

The contest entries will be graded each Monday following the weekend games. Results will be announced in the next issue of this newspaper and checks for prize money may be picked up at the appropriate Hesperian-Beacon Office, either in Floydada or Lockney, on Friday.

SPONSORS
Contest sponsors are again making the contest and the prize money possible. Shopping with these sponsor businesses will let them know you appreciate their sponsorship of the local contest. HEY LONGHORN FANS!!

Friday was a great game, we hope all of you enjoyed the game and had a safe trip home. This Friday were are doing something different. The yearbook staff has asked that everyone shoe polish their cars, trucks, whatever, to show spirit for the Longhorns!!

This week we play one of our biggest rivalries, the Abernathy Antelopes, and we need to show how much we all support the Longhorns!!

The pep rally is at 3:00 p.m. in the high school gym. The game will begin at 7:30 p.m. at Mitchell-Zimmerman field in Lockney. We hope to see everyone there wearing red and black supporting the Longhorns. To the guys we wish you the best of luck. Keep up the good work and let's "Lasso the Lopes."

Shorthorns grind out a tough win over Morton Indians 36-14

by Scooter Cassler
The 8th grade Shorthorns survived a tough Morton Indians squad and ground out a 36-14 win Thursday at Mitchell-Zimmerman Field.

The 'Horns scored early in the first quarter after a David Hernandez fumble recover. Willie Luna capped off the short drive with a 3-yard touchdown run. The point-after carry by Devon Phillips increased the score to 8-0. Late in the quarter, a punt block by Luna and Josh Lambert set up another short drive; this one capped by a Phillips 14-yard touchdown run. Point-after by Luna was good: 16-0, 'Horns!

The second quarter witnessed a strong drive by Morton completed by a 1-yard run by the Indians tailback. The point-after try was good; 16-8, 'Horns. Phillips ended the quarter with a 62-yard scoring burst and a PAT conversion to make the score 24-8 at half.

Phillips resumed the scoring in the third quarter with a 53-yard scamper; point-after attempt unsuccessful. 30-8, 'Horns. The Indians responded with a 38-yard touchdown run later in the quarter; PAT unsuccessful: 30-14.

The fourth quarter saw each team score once again to round out the scoring. Phillips scored for Lockney on a 35-

yard run, with the PAT unsuccessful: 36-20.

Morton returned the favor midway through the quarter, capping a drive with a 2-yard touchdown run. The point-after try was unsuccessful: final score: Lockney 36 Morton 14.

Come out and support the 'Horns as they travel to Abernathy this week! See you at the game!!

Seventh grade came up against superior size in Morton Indians team

Lockney's 7th grade Shorthorns faced superior numbers and size last Thursday as they hosted the Morton Indians. The Indians outmanned the 'Horns and earned a 20-0 victory at Mitchell-Zimmerman Field.

The Indians scored in each of the first three quarters and completed one point-after attempt. Lockney's Thad Lusk lead 'Horns rushers for this outing, with Chris Rodriguez and Cooter Durham contributing strong defensive games.

The 'Horns travel to Abernathy this week. Game time is 5 p.m.; see you at the game!

Whirlwinds storm past Mules in district opener

By Bill Gray

FLOYDADA—Floydada junior Pete Cooper rushed for 188 yards and scored three touchdowns as the Whirlwinds opened defense of their District 2-3A Co-Championship with an impressive 32-14 victory over Muleshoe at Wester Field on October 8. Teammate Sammy Rodriguez also cracked the 100-yard barrier by carrying 14 times for 113 yards and a touchdown. The 'Winds had a team rushing out of 333 yards-by far their most productive performance of the year and they evened their overall record at 3-3. The Mules dropped to 2-4 (0-1 in district play).

The Whirlwinds returned the opening kickoff to their 20-yard line, and drove 80 yards downfield in only 5 plays. On the fifth snap, quarterback Sammy Rodriguez connected on a 57-yard touchdown toss to split end Elias Gutierrez. Rafael DeOchoa's conversion kick was wide, but Floydada was on the board-less than three minutes into the contest.

The visitors were "three and out" on their initial possession. Tate Glasscock broke up a Ruben Gonzales first-down pass with one of his "head-hunter" shots just as the aerial reached receiver Daniel Garbarino. Whirlwind linebackers Israel Medrano and Tyson Edwards led the charge, holding the Mule running game in check, and Muleshoe was forced to punt.

Floydada was unable to move in its second offensive series, had to punt, but regained possession two plays later on Glasscock's third interception of the season. Rodriguez accounted for two consecutive first downs on runs of 24 and 23 yards to ignite a 5-play, 54-yard scoring drive. Pete Cooper carried the final two yards for the Green Gang's second touchdown with 3 and 1/2 minutes remaining in the opening period. The two-point pass attempt fell incomplete, but the 'Winds were up 12-0 at the end of the first 12 minutes.

The Mules converted a fourth-down-and-short during their next drive, and moved deep into Floydada territory. Ruben Gonzales completed Muleshoe's only pass of the game, a 27-yarder to Justin Gardner, but the Mules gave up the ball on first down at the 'Wind 28-yard line. Gabriel de la Fuente recovered Pedro Nunez's fumble to end the Mule threat.

The turnover set up Floydada's third scoring drive of the first half. The 'Winds motored 73 yards in 12 plays,

with Rodriguez crossing the double stripe from the Mules' 10-yard line with five minutes remaining in the second quarter. Sammy tossed to Gilliland for the two-pointer, and it appeared a rout was developing.

However, Muleshoe roared back with fury in the waning minutes of the period. Edward Rodriguez blocked a Floydada punt and advanced the ball to the Whirlwind 15-yard line with 1:44 remaining in the half. The visitors picked up a first down at the 5-year line, moved inside to Floydada's 1-yard line, but couldn't penetrate the Whirlwind end zone before time elapsed. The 20-0 halftime lead was Floydada's biggest margin of 1993.

Muleshoe made some offensive adjustments following intermission and mounted its second serious scoring threat. Sophomore quarterback Alfredo Gonzales replaced his brother, Ruben who was kept out of further action due to a knee injury. With Pedro Nunez and sophomore Jake Adair providing big rushing gainers, the Mules moved 44 yards from their own 32-yard line in just seven plays. Nunez lost the ball on 3rd down at Floydada's 24, Elias Gutierrez recovered, and the 'Winds took over at their own 21-yard line. Pete Cooper broke into the clear on first down and appeared headed for Muleshoe's end zone, but a touchdown-saving tackle by Garbarino held the swift Whirlwind running back to a 39-yard gain. Three plays later the 'Winds suffered their only turnover of the evening.

Muleshoe took only five plays to capitalize on Floydada's miscue, with Adair scoring on a flanker trap from the 20-year line. Nunez kicked the point-after, and the Mules made a dent in the Whirlwinds' lead. They attempted an onside kick, but the ball was trapped by Lionso Cisneros to give possession to the 'Winds at midfield.

Sammy Rodriguez carried for 17 yards off the option to start Floydada's next scoring march. Following a Muleshoe penalty, Cooper took Sammy's pitch and strutted 31 yards down the west sideline for the visitors' end zone. de la Fuente was a yard short on the 2-point run attempt, but the 'Wind lead stretched to 26-7.

Following the ensuing kickoff, Troy Johnson, Rod Vela, Zach Abshier and Brandon Gilliland led Floydada's defensive stand, and the Mules were forced into a punting situation. The 'Winds moved 53 yards from their own 46 down to Muleshoe's 1-yard line as

the 3rd quarter came to a close. Cooper scored from a yard out on the first play of the final period, the conversion attempt was again thwarted, and the 'Winds increased their lead to a commanding 32-7.

Muleshoe held possession for almost five minutes early in the fourth quarter. They drove 36 yards, but failed to convert a 4th-down attempt and turned the ball over on downs at Floydada's 30-yard line. Rafael DeOchoa, Eric Smith, and Adam Gonzales all made key defensive gems while stopping Mule attempts to get back into the game.

Backup quarterback Tate Glasscock directed Floydada's 2nd-unit offense with 7:09 remaining in the game. The 'Winds were unable to register a first down and punted back to the Mules. As time was drawing to a close, Muleshoe covered 54 yards in seven plays. Alfredo Gonzales scored a meaningless touchdown, and Nunez kicked the PAT to make the final outcome of 32-14 somewhat more respectable.

Glasscock recovered Muleshoe's onside kick attempt, Floydada took possession at its 32-yard line, and ran the next 1 1/2 minutes off the scoreboard clock. The season doesn't get any easier for the 2-4 Mules as they host the 6-0 (and district kingpin) Littlefield Wildcats, who were the consensus pre-season selection to grab the 2-3A Championship.

It would be an understatement to say that Floydada has a rugged assignment this Friday as the 'Winds travel to surprising Friona.

The 4-2 Chieftains shocked most in high school football circles last week with a 14-8 cliffhanger over defending district co-champs Tulia. Friona was winless in 1992, but the Chieftains are off to the best start in their first six games since the 1986 season.

BILL'S NOTES

The win over Muleshoe was sweet...not only to open district action, but also it was so

Whirlwind JV falls to Muleshoe Junior Varsity

By Bill Gray

FLOYDADA—Muleshoe's Junior Varsity score 18 unanswered first-half points and held on to post a 25-12 victory over the Whirlwind JV at Muleshoe on Oct. 7. The Mules kicked a 28-yard field goal and scored on a 1-yard quarterback sneak in their first quarter action. Muleshoe's initial touchdown was set up by a Floydada turnover at the Whirlwinds' 4-yard line.

Floydada drove to the Mules' 8-yard line in the second period on the strength of Nufu Cervera's 72-yard scamper, but were unable to cash in on the scoring opportunity. Muleshoe took over on downs to end Floydada's threat. They scored on a 35-yard pass, kicked the conversion, and owned a halftime lead of 18-0.

The 'Winds scored on their first possession following intermission, with Cervera carrying in from 5 yards for his first of two touchdowns. Muleshoe added another touchdown and conversion before Cervera crossed the double stripe from the 6-yard line with less than 5 minutes remaining in the game. Neither of Floydada's conversion attempts were successful.

Following a perfect execution of an onside kick, Cervera ran 40 yards on a reverse, moving Floydada to the Mule 2-yard line. A holding infraction and two consecutive incomplete passes closed the door on Floydada's chances of a game-winning rally. The Mules took possession on downs, ran out the remaining 2 1/2 minutes, and sealed the victory.

Named by the coaches as outstanding

offensive players were Nufu Cervera, Frankie Luna, Angel Aleman and Chad Hinsley. Those recognized for their defensive performances were Michael Mercado, Peter Luna, Tim Rando and Tomas Barrientos.

The JV 'Winds will host the Friona Junior Varsity at Wester Field on October 14.

night. It gets no easier from here on. The 'Winds will see a far different Friona Chieftain than the one they've drummed the past three years by a combined score of 123-19! It will take another complete team effort to knock the playoff dreams out of the pesky Chiefs, but they haven't played the Hamllins and Reagan Counties. Most forecasters will predict a Friona victory at home, but I'll stand by the 'Winds... by at least 10 points!

Coach's Comments

By Coach Dean Bates
FLOYDADA—We were very pleased to win our first district game last Friday against an improved Muleshoe team. We executed very well offensively and played good defense most of the night. They hurt us some in the second half, but were not able to capitalize because of turnovers.

We will travel to Friona Friday to play a very confident Friona team. They have won four in a row and are coming off a big win over Tulia. It will be a tough ball game and one that we will need to play well in if we are to compete for the district title.

We need your support as we continue to play in this very competitive district. Game time is 7:30, see you at the game.

COOPER RUNS WILD -- Floydada junior halfback Pete Cooper (24) outruns Muleshoe's Juan Jamie (20) and a host of Mule defenders enroute to a 31-yard touchdown in third quarter action last Friday. Cooper ran for 188 yards on 18 carries and scored three times as the Whirlwinds opened defense of their District 2-3A co-championship with a 32-14 victory over the visiting Mules. -- Staff Photo

Breezer Football Report

By Bill Gray

FLOYDADA—Floydada's 7th grade Breezers rallied in the fourth quarter to edge Muleshoe's 7th graders 8-6 in junior high action at Wester Field on October 7. Muleshoe scored in the first period, but failed in the conversion attempt. It was a defensive battle the rest of the way until Cody Stovall tossed a 17-yard TD strike to Dusty Duke in the final period. Stovall then passed to Cory Kirk for the all-important 2-point conversion to secure the victory.

Coach Jimmy Webster commented, "We're real proud of these guys in the way they pulled out the win. We knew what we had to do... and we did it! We were all very pleased with the game." The coach named linebacker Michael Black as the outstanding defender. Tackles Oscar Sanchez and Paul Vallejo, quarterback Cody Stovall, end Dusty Duke, and left halfback Keith Collins were named outstanding offensive players of the game.

The 8th grade Breezers played a good game against a stronger, bigger, and faster Muleshoe squad at Wester Field last Thursday. Last year (as 7th graders) this same team beat Floydada badly, but

this year the young Mules only managed a 20-6 victory. The final score is somewhat misleading, as Muleshoe's last touchdown occurred late in the 4th quarter.

Floydada's only points came on a 30-yard run by QB Richard Casillas off the option.

According to the coaches, "We couldn't have asked the players for anything more than we got. It was a great

effort all the way around. We had some early injuries which hurt us defensively."

The offensive players of the game were Richard Casillas, Blake Bramlett and Tyson Whittle. Bramlett and Whittle, along with George Perez, were also named as outstanding defensive players of the game.

Both Floydada Breezer squads will return to action at Friona on Oct. 14.

Floydada High senior activities detailed

By Melissa Faulkenberry
FLOYDADA—Here we are, already three weeks into the new six weeks. I don't know about the rest of you seniors, but the year is already flying by for me.

I have many issues to cover this week. First of all, I would like to thank the seniors that participated in the decorating of the halls Wednesday night. Anna

Chavarria, Corinne Pesina, Elias Gutierrez, Heather Fondy, Yolanda Cervera, Kristy Hinsley, Adam Gonzales and Carrie Emert were the spirited participants.

We recently had nominations for Spirit Queen and Spirit King. The two seniors nominated were Carrie Emert and Ty Henderson.

Thirdly, I would like to recall the wonderful night everyone had at Open House last Tuesday. Miss Ritchey's senior classes prepared a meal for everyone to enjoy. Many seniors also participated in the drama performances that were presented. We also got many of our graduation plans taken care of by purchasing caps, gowns, invitations, memory albums, rings and other accessories that were for sale.

Next is the election of our DECA class officers that were recently elected. I think that we have an extremely good committee this year. The officers include: Nathan Davis, president; Melissa Faulkenberry, vice-president; Kevin Staples, treasurer; Kenneth Marley, historian, and Scott Hulme, sargent-at-arms.

Finally, I would like to present the Senior Class officers. They include Mike Ochoa, Melissa Faulkenberry, Adam Gonzales and Nelda Enriquez.

Last, but not least, congratulations on the exceptional job Friday night by the football players, band and cheerleaders. We really showed Muleshoe who is #1. Keep up the good work!

Duncan PTA holds first meetings

By Sandra Bradley
FLOYDADA—The Duncan PTA held its first meeting of the 1993-94 year on Sept. 28 in the school cafeteria.

Several hundred parents, teachers and students gathered for the meeting.

A program on homelife was put on by the Schacht family and the Delgado family. A PTA sponsored open house followed the meeting.

The October meeting will be held Tuesday, Oct. 19, at 7 p.m. a program on homework will be put on by several teachers and students.

Book fair to be hosted by PTA

FLOYDADA—Floydada PTA is hosting a Scholastic Book Fair Oct. 18-22 at the junior high school. The Book Fair will be open during school hours and Tuesday from 4:00 p.m. to 6:30 p.m. Everyone is invited to attend.

The fair will offer students, parents and teachers the opportunity to see the latest works by popular authors and illustrators of books for young readers.

Proceeds from the fair will help Floydada PTA generate funds for school projects.

WRITING WINNERS—Several fifth grade students in Mrs. Long's language class, at Lockney Elementary School, were recently named winners of a writing contest. The students were asked to choose a stuffed animal and write a story about that animal. Winners were chosen by members of the Athena Study Club. Shown are Mrs. Long

(back row); with the winning students (l-r, middle row) 1st place, David Ray; 2nd, Michelle Gross; 3rd, Erica Mariscal; 4th, Lucy Bernal; 5th, Dina Ledesma; (l-r, front row) Honorable Mention honors went to Crystal Castro, Jennifer Rivera, Melissa Schaeffer and Jarrett Thornton. —Staff Photo

Preparing for the teenage years workshops scheduled at Lockney

LOCKNEY—A series of five workshops on "Preparing for the Teen-age Years" will be conducted by the Lockney Independent School District. The workshops, funded by the Texas Commission of Alcohol and Drug Abuse, are for parents who have students in the 4th, 5th, and 6th grades at Lockney Elementary School.

The workshops will be held on five consecutive Monday nights, Oct. 18, Oct. 25, Nov. 1, Nov. 8, and Nov. 15. The meetings will be held in the Home Economics Lab at Lockney High School and will start at 7:00 p.m. each night.

Parents attending the workshops will

be eligible for drawings for Series EE savings bonds that can be used for the child's college or vocational training.

"I hope that you will take advantage of this opportunity to learn ways for your family to 'survive' the teen-age years," stated Phil Cotham, elementary school principal.

Pumpkin crop answers demand

BY JOE BRYANT

Trick-or-treat time is just around the corner, and West Texas pumpkin growers are enjoying the best "treat" they have had in several years. That's thanks, in part, to the tricks Mother Nature played on growers in other parts of the country this year.

"There is a big shortage of pumpkins in the North and Midwest because of the floods earlier this year," explained Dr. Robert Roberts, professor and vegetable specialist with the Texas Agricultural Extension Service in Lubbock. As a result, area growers are receiving six cents a pound, or more, for their pumpkins, compared to four- or five-cents a pound they received the last few seasons, he said.

"Pumpkins are more valuable than they've ever been before, not only because they're in short supply, but because people are placing more value on their decorative appeal," Roberts said.

"We're getting six-and-a-half cents a pound, for jack-o-lantern pumpkins," said Hulon Carthel, Floydada grower. "We could get more, but we are taking care of our regular customers. If we have an excess after filling the demand of our regular customers, we could get seven-and-a-half cents a pound on the open market."

Carthel ships his large pumpkins to seven or eight states, primarily in the southeast. But his specialty items of ornamental gourds, miniature pumpkins, miniatures and Indian corn are sold

by mail order to 27 states.

Beth Kropp of Lockney, who grows some 150 acres of pumpkins, ornamental squashes and Indian corn, said the dry summer on the Texas High Plains both helped and hindered the crop. "Yields are down some because of the dry weather, but the quality is excellent," she said.

Other growers in Floyd County have been pleased with the orders they have received and the better price they are receiving. Most have either shipped all the pumpkins they grew or are in the process of filling orders.

In the past couple of seasons, prolonged rains and high humidity at the

end of the growing season inflicted heavy damage to the growing crop. In many cases last year, farmers were unable to get into wet fields for timely harvest. But this year's lack of rain just before harvest "helped a bunch" Kropp said.

Texas High Plains farmers plant some 2,000 acres of pumpkins and ornamental squash, mostly in Floyd, Hale and Bailey counties. Floydada, the Floyd County seat, bills itself as "Pumpkin Capital, U.S.A." and celebrates its specialty crop with an annual "Punkin Days" festival the last Saturday of October. It features arts and crafts, contests and games for all ages and a dance.

GINS HOST SUPPER-The Mount Blanco Gin and the South Plains Gin were hosts for a customer and friends appreciation supper on the 4th and 5th of October. Serving the barbeque with all the trimmings were (l-r) Jim

Roberts, manager at the South Plains plant; Jody James, owner; and office workers Dana McCawley, Peg Roberts and Renee Statham. The gins were geared up for the cotton harvest that is underway in the county. Staff Photo

Harvesting season has arrived

By Shawn Wade

Harvesting season has arrived on the High Plains according to Lubbock based Plains Cotton Growers.

Dr. Kater Hake, Extension Cotton Specialist for the High Plains estimates that approximately 5 percent of the area's harvestable cotton acres have been completed as of October 8. He notes that many fields have also been treated in preparation for harvest.

Hakes adds that quality-wise the 1993 crop has been running in the good to excellent categories. Early figures from the Lubbock and Lamesa Cotton Classing offices indicate that well over

75 percent of the 90,068 bales classed through Thursday, October 7, received color grades of 21 or better.

Leaf grades are also good with over 85 percent of the cotton falling into leaf grades 3 or better. Strength values are averaging just over 28.5 grams per tex at both Lubbock and Lamesa.

Base Loan values for 1993 are Color 41, Leaf 4, Staple 34.

"The quality we have seen so far is very promising for the remainder of the crop still in the field," says PCG Executive Vice-president Donald Johnson. "For the most part what has been harvested so far has been some of the poorer

yielding dryland acreage, cotton that has really suffered from lack of moisture during the growing season."

Yields on dryland acres have been running from one-quarter to one and a quarter bales per acre. Most, however, is on the lower end of that range. As more of the better fields are harvested it is hoped the dryland yields will improve.

Weather conditions have been close to ideal for harvest and applications and harvesting activities.

Williams selected as delegate

LOCKNEY—Jerry D. Williams of Lockney has been elected as a delegate to the 110th Annual Meeting of the American Angus Association, November 14-16 in Louisville, Kentucky, reports Richard Spader, executive vice-president of the American Angus Association.

Williams, a member of the American Angus Association with headquarters in St. Joseph, Missouri, is one of 273 Angus breeders who have been elected by fellow members of their state association to serve as a representative at the annual meeting. Representing 45 states and Canada, the delegates will participate in the business meeting and elect a new president, vice-president and five directors to the American Angus Association Board.

The annual meeting is to be held in conjunction with the Annual Convention and Banquet, and the 1994 National Roll of Victory Angus Show during the North American International Livestock Exposition.

The American Angus Association has nearly 24,000 active members and is the largest beef breed organization in the world.

Obituaries

NETTIE T. ADAMS

Services for Nettie Templeton Adams, 93, of Floydada were at 10 a.m. Wednesday, Oct. 13, in First Baptist Church, Floydada, with the Rev. Howell Farnsworth, pastor.

Graveside services were at 2:00 p.m. at Lakeview Cemetery (near Memphis) by Moore-Rose-White Funeral Home. Mrs. Adams died at 4:30 a.m. Monday, Oct. 11, 1993, at Mangold Memorial Hospital in Lockney following a lengthy illness.

She was born Nettie Templeton Boone on Oct. 21, 1899 in Hall County, Texas, and married Bryan Adams on April 21, 1918 in Hall County. He died Dec. 4, 1964.

She moved to Floydada in 1983 from Hall County, where she had lived for 60 years.

She was a homemaker, a retired school teacher and a member of First Baptist Church.

Survivors include a daughter, Lou Alice Scholten of Tucson, Ariz.; one son, Boone Adams of Floydada; five grandchildren; and eight great-grandchildren.

MARY ELLA SPEARS

Funeral services for Mary Ella Spears, 89, of Floydada were at 2 p.m. Monday, Oct. 11, in City Park Church of Christ with Gene McCarty, minister, officiating.

Burial was in Floyd County Memorial Park by Moore-Rose-White Funeral Home.

Mrs. Spears died at 1:15 p.m. Saturday, Oct. 9, 1993, at W.J. Mangold Memorial Hospital, Lockney, following a short illness.

She was born Mary Ella Clem on March 31, 1904 in Paris, Texas. She married William Maurice Spears on April 20, 1929, in Paris. She and her husband managed Spears Auto Company. He died Feb. 1, 1975.

Moving to Floyd County in 1929 from Paris, she was a homemaker and a member of City Park Church of Christ. Survivors include two sons, George W. Spears of Boise, Idaho, and Richard L. Spears of Dallas; one sister, Mildred Townsend of Paris; four grandchildren; and two great-grandchildren.

MARGRET STUART

Funeral services for Margret Russell Stuart, 78, of Lubbock were at 2 p.m. Friday, Oct. 8, 1993, in W.W. Rix Chapel with Dr. D.L. Lowrie, pastor of First Baptist Church, officiating. Graveside services were at 2 p.m. Sunday, Oct. 10, in New Hope Cemetery near Mineola by Rix Funeral Directors.

Miss Stuart died Wednesday, Oct. 6, 1993, at her residence after an illness.

She was born on June 22, 1915 in Terrell. She attended schools in Mineola and Terrell and Texas Tech University and Texas Christian University.

She taught school in Floydada, Sterley and Midland before moving to Lubbock in 1946 where she was associated with Texas Tech for 33 years and taught chemistry to medical students.

She was a member of First Baptist Church, Texas State Retired Teacher's Association, Delta Kappa Gamma Society, Alpha Epsilon Delta, the American Chemistry Society, and the American Association for the Advancement of Science.

Survivors include a brother and sister-in-law, Homer and Doris Thompson of Lubbock; three nieces; a nephew; and 12 grandnieces and nephews.

The family suggests memorials to the Margret R. Stuart Medical Student Scholarship Fund, Texas Tech University, Box 4009, Lubbock, Texas 79409.

EDWIN WHITEHEAD

Military graveside services for Edwin G. Whitehead, 78, of Lubbock, were held at 3:00 p.m., Wednesday, October 13, 1993, in the Lockney Cemetery. The Rev. Larry Johnson, chaplain at St. Mary Hospital in Lubbock, officiated.

Burial was under the direction of Lemons Funeral Home of Plainview.

Whitehead died at 9:05 p.m. Monday, Oct. 11, 1993, in Lubbock's Methodist Hospital.

He was born on July 3, 1915, in Coryell County. He was a U.S. Army veteran of World War II and the Korean War. He was a truck driver. He moved to Lubbock from Plainview in 1987. He was a member of the Salvation Army Church.

Survivors include a daughter, LaJuan Nance of Plainview; four grandchildren; and seven great-grandchildren.

Dear Friends,
The Ray Brooks Family would like to express our appreciation for your outpouring of love and sympathy following Ray's death. The many gifts of prayers, food, flowers, memorials, visits and cards can only solidify the strong friendships we have. Ray considered each of you a personal friend. The food brought to our home and served by the ladies of the First United Methodist Church in Floydada and the Vera Community was extremely generous. It is said that in times of need we find out who our true friends are and the Brooks Family has found that our friends are too numerous to count.
A special thanks goes to Stanley Sanders

Thank all of you for your prayers and support during our loss of Brayer. She loved Lockney and always looked forward to the Hesperian-Beacon coming to Midland every week. We would read about her friends and the children she had taught in school. She was my other Mother. Special thanks to Joe Cargile of Crosbyton, Texas. God Bless all of you.

DPS troopers investigate pair of traffic accidents during past week

D.P.S. Troopers investigated two major accidents last week beginning with an accident at the intersection of Hwy. 70 and FM 378 in Lockney, on Thursday, October 7.

According to DPS reports, Delilah Jimenez, 24, of Lockney, was driving a '78 Mercury Cougar north on FM 378 and failed to yield the right of way at the yield sign in the median. Jimenez's car struck a '86 Lincoln Towne Car, traveling west on Hwy. 70, driven by Ruben Gonzales, 27, of Plainview.

According to Trooper Marty Lucke, "a 12 year old girl in the front seat of Jimenez's car was thrown out of the window and suffered a broken ankle. She was transported to W.J. Mangold Memorial Hospital where she was kept overnight. Jimenez was also transported to the hospital where she was treated and released."

Three other children in the back seat of Jimenez's car, ages 2, 4, and 5, were uninjured.

Also in the car with Gonzales was his wife and three year old daughter. All of the passengers in the Gonzales vehicle were wearing their seat belts. Mr. and Mrs. Gonzales were also taken to the hospital where they were treated for minor cuts and bruises and released.

Jimenez received four citations for: failure to yield right of way, no driver's license, unrestrained passengers 4-14, and unrestrained child under 4.

Sunday night, October 10, at 11:45 p.m., Trooper Ron Parks was called to the scene of an accident 6.2 miles south of Floydada on U.S. 62.

According to Parks, a Floydada man, OBryan Rene Barker, 23, was southbound in a 1987 Buick which was towing a flatbed trailer with a 1969 GTO on the trailer.

On the way down into the canyon the trailer started to swerve causing Barker to lose control of his vehicle. The Buick then slid off into the west bar ditch and overturned. The vehicle was still attached to the trailer and the trailer and GTO came to rest on their side. The GTO stayed attached securely to the trailer.

The driver was subsequently arrested for DWI.

MINOR INJURIES SUFFERED FROM COLLISION-- This Lincoln Towne Car belonging to Ruben Gonzales was totaled after a Thursday afternoon collision at the intersection of Hwy. 70 and FM 378. Four people were

treated for minor injuries including one 12 year old girl who suffered a broken ankle after being thrown from another car involved in the collision.

FISD parents raise questions at board meeting

Continued From Page 1

Rodriguez. R. C. Andrews honored Nichole Odum, daughter of Mr. and Mrs. John Odum, and Mandy Emert, daughter of Mr. and Mrs. Roger Emert. Also presented to the board by the school was the educator of the month, Kathy Becker.

Junior High outstanding students included Cory Kirk, son of Mr. and Mrs. Larry Kirk, and Tyson Whittle, son of Mr. and Mrs. Mark Whittle. High School students named were Brandon Gilliland, son of Mr. and Mrs. Bobby Gilliland, and Maria Mendoza, daughter of Mr. and Mrs. Paulo Mendoza.

Bids for the purchase of a new 1994 one ton crew cab pickup for the Ag Department were opened and reviewed during the evening session. The new vehicle will be purchased from Floydada Ford on a bid of \$16,500.00. Motion for the acceptance of the Ford bid came from Billy Joe Villarreal, was seconded by Mitch Probasco and approved by unanimous vote. Other bids received on the vehicle were \$18,071.00 from Oden Chevrolet and \$17,790.00 from City Auto.

Board members agreed not to become involved with a group lawsuit against the state regarding school funding. With the loss of more than \$400,000.00 in state funding to the district, they felt that it would be detrimental to share the cost of the suit while achieving nothing for the district. Any alteration in the funding made necessary by the suit would automatically effect FISD as well as all districts in the state.

Monthly bills for the district were reviewed and approved for payment.

No action was taken following an executive session of the board to discuss personnel.

Minutes from previous meetings were read by board secretary Trena Simpson and approved as read.

Whirlwind Sams meet at Lighthouse

By Marjorie McElyea

FLOYDADA—The October chapter meeting was held Monday, Oct. 4, at Lighthouse Electric. Meeting was called by J.W. Gilbreath, president. The invocation was by Claude Weathersbee.

Refreshments were served by Harold and Charlene Norrell, Madge and John Key West and J.W. and Betty Gilbreath.

Our program was brought by Vernon Parker and it was a beautiful narration of music and sound of "In His Presence."

Guests for the meeting were Harold and Geneva Bennett and Evalene and Bob Goodnight.

Minutes were read by Betty Gilbreath and were accepted as read. A report was given on the October Samboree which will be held at Amarillo Oct. 21-24.

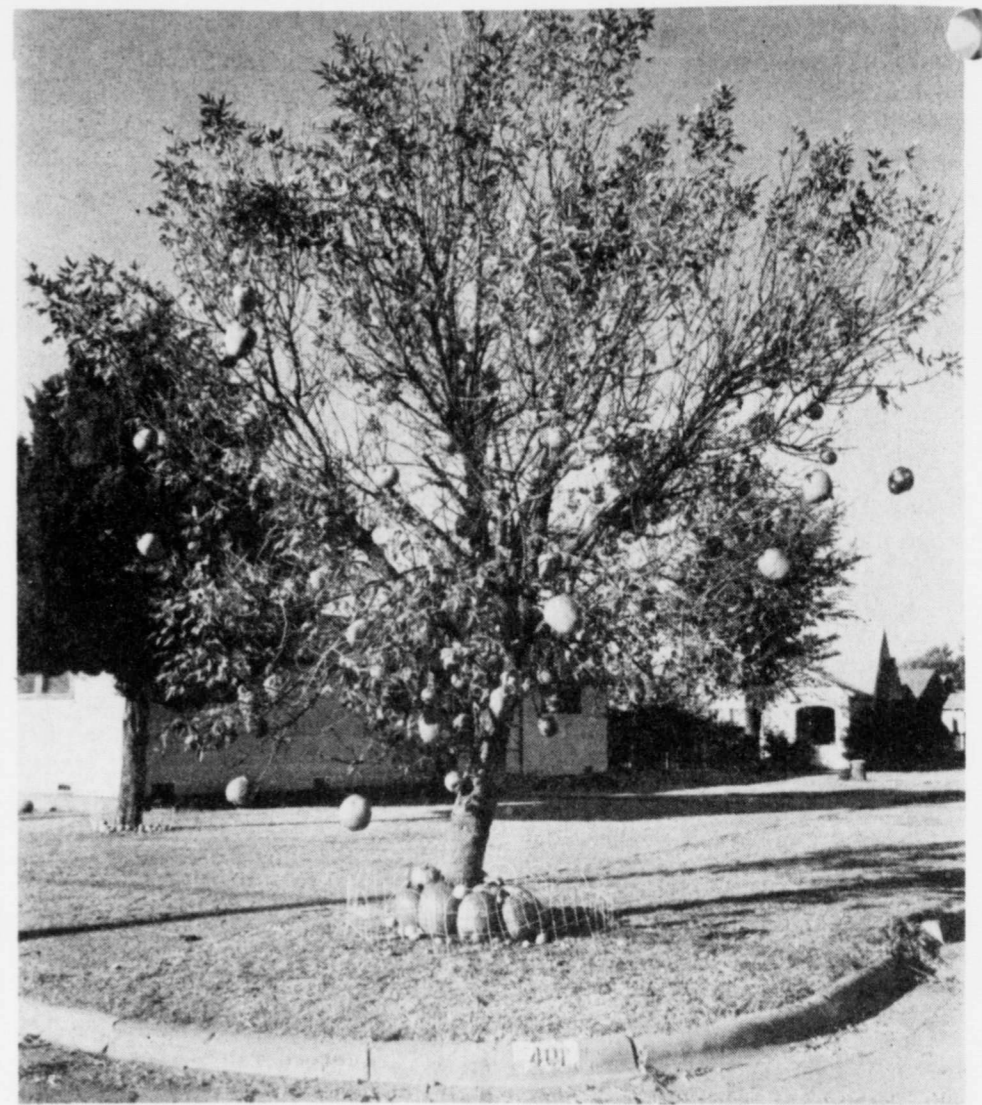

Francis Weathersbee gave a report on the trip to Littlefield.

Boone and Ruth Adams won the door prize.

There were 20 rigs present and Boone Adams dismissed by leading the group in "Happy Trails."

COCHRAN TREE BLOOMS WITH PUMPKINS--This unusual tree at 401 W. California is getting second looks due to its unusual crop of pumpkins hanging from its limbs. The tree was decorated by Sudie Cochran and "helpers" who attached baling wire and threw the pumpkins up in the tree hoping the limbs would catch them on the way down. "Some landed in the limbs and some fell all the way through," said Sudie.

Council closes fiscal year

Continued From Page 1

areas in the downtown area was raised by Mayor Kenneth Wofford. He told the council that he had been approached by a citizen concerned with the difficulty involved in taking a wheelchair bound person shopping or out to dinner in the downtown area due to the high curbs and lack of designated handicapped parking.

Attorney Lyles told the council that he had information concerning the regulations incorporated into the Americans with Disabilities Act (ADA) which dictates handicapped access and offered to get the information to the council. After receiving this, council members J. D. Copeland, Bill Anderson and Terry Jones will review the information and report back to the council after determining what is necessary in order to bring the city into compliance with the ADA. The trio was also asked to secure cost estimates where ever possible concerning any changes which they deem necessary.

Council members reviewed monthly bills and unanimously authorized the payment of all approved ac-

counts on a motion by Anderson, seconded by Marr.

Minutes of the previous meeting were read by city attorney Lyle and approved as presented.

Departmental reports were given with all council members reporting that

their areas were functioning well at this time and had no major items to discuss. Mayor Wofford told the council that it is time to develop the specifications for the police car and city pickup budgeted for purchase during the 1993-94 fiscal year which began October 1. The vehicles are to be purchased through the state bidding process.

Jesse L. Garza, who had requested a place on the agenda for the regular meeting to discuss street improvements, did not come to the meeting.

Attending the morning session on Thursday, October 7, were Mayor Kenneth Wofford, council members Randall Stapp, J. D. Copeland, Gary Marr, Bill Anderson and Terry Jones, city attorney Paul Lyle, city secretary Charlotte Hooten and the Hesperian-Beacon reporter.

Floyd County Hesperian-Beacon FOOTBALL CONTEST

GOOD LUCK!!

Floyd County Hesperian-Beacon Football Contest Rules

Any subscriber or individual above the age of 7 years old who purchases a Floyd County Hesperian-Beacon is eligible to enter this newspaper's weekly football contest, except employees of this newspaper and family members living in the same household.

To play, circle on the official entry form, the numbers of the teams you believe will win this week's games. To indicate a tie, circle the numbers of both teams playing the game. In addition, write in each of the tie breaker footballs your guess of the combined total points to be scored by the two teams listed. Also circle the team you believe will win. Circle both teams if you think the game will end in a tie.

The only entries which will be considered for prizes will be those on official entry forms which are brought to the Hesperian-Beacon office in Floydada or to the Hesperian-Beacon Office in Lockney by 5:00 p.m. on Friday. No photocopies will be accepted.

NO MAIL ENTRIES WILL BE ACCEPTED.

Three cash prizes are offered each week. In the event of ties - the same number of correct games and equal scores on the tie breakers - prizes will be shared by those involved in the tie. The tie breaker scores will be utilized only in the event of a tie on the number of games correct.

Print your name and address plainly on the official entry form and double check your choices before clipping out the entry form and depositing it at the Hesperian-Beacon office before 5:00 p.m. on Friday.

Entries are limited to one per person per week. Weekly winners are limited to one per household.
