So now the first blood has been shed in Haiti. In all probability there will be more.

If any of our readers can explain the current President's foreign policy, particularly the policy relative to Haiti, in any terms other than domestic politics, we would welcome their letters.

We really don't think we will be flooded with letters. The only two groups agitating for the invasion of Haiti were the Congressional Black Caucus, which wants to see billions of dollars poured in Haiti for "rebuilding," and that dwindling band of liberals who believe it their mission in life to remake the world in their own image, with the aid of American troops.

Even there, it seems unhappiness is the order of the day. After forcing Clinton's hand on Haiti, members of the Black Caucus are all over the lot. Some praise Clinton, but wish he had gone further, disarming the rag-tag "army" and the thug-ridden police force. Some complain bitterly that our policy, despite the occupation, is still a mess, that Cedras should have been expelled from the country immediately. And of course they are right in one respect, at least. The policy is still a mess.

President Clinton denounced Haitian leaders, including "Lt. Gen." Raoul Cedras, on national TV in the strongest of terms, calling them murderers, rapists, and its, thieves, and so forth. They were going to "go," one way or the other, said Mr. Clinton, in the most forceful of terms. We had tried diplomacy, said the President. That had failed. So he was ready to order the invasion if they did not leave. Then, in a matter of something like two days he had a diplomatic team headed by former President Jimmy Carter on the ground in Haiti, engaging in diplomacy.

To his credit, Mr. Carter worked out an arrangement. It may not be the best arrangement in the world, but considering the fact that we ought not be there under any circumstances, it was about the best that could be worked out. The bumbling Clinton had his political chestnuts pulled from the fire by a former president, and by the nation's military force, of which he is the Commander-in-Chief.

Mr. Carter says he was able to engineer a settlement after making an "emotional" speech to Cedras, during which he admitted that he, Carter, was "ashamed" of American policy toward Haiti. And, after Clinton had denounced Cedras as a murderer, Carter invited Cedras to teach at his Sunday School in Georgia.

Go figure. What is Cedras? A murderer? Or a Sunday School teacher?

We suspect there are many who would agree with Mr. Carter's assessment of our policy toward Haiti, veterans of World War II, or Korea, or Vietnam, who felt somewhat embarrassed, perhaps even a little ashamed, to see such massive armaments, including air craft carriers and crack troops from the nation's elite forces, arrayed against an essentially unarmed, defenseless country the size of Haiti, while Mr. Castro's Cuba lay nearby, thumbing its nose at the American Administration. Mr. Clinton wanted no part of Vietnam. But Haiti was right down his ally.

So now the task of "nation building" will begin. Before it ends, if it ever ends, we will have spent hundreds of millions of dollars, even billions, in the process. A goodly portion of that money will flow to "affirmative action" companies and corporations who, in time, will make known their appreciation by financially supporting that small minority in Congress who pushed for the invasion, and the President who ordered it.

We can only hope we run out of countries, like Haiti, that need "rebuilding" before our kids and grandkids run out of money to pay for it all. Given the size to which America's public debt has already grown, and the size to which it is likely to grow, that will take some doing.

Our own view is that the Haitian gambit is likely to have long term impact upon American public policy. There was a time, indeed it was traditional in

cent South Plains Emergency Symposium in Lubbock.

William Bertrand, "Uncle Willie", 72, of Floydada, received the Volunteer of the Year Award for his work as a volunteer EMT. Placido Gonzales, 33, of Lockney, was recognized as EMT of the Year.

The symposium was held, Saturday, September 17, at the Holiday Inn Lubbock Plaza. Emergency medical personnel from the South Plains attend Continuing Education classes at the two day symposium, in areas such as forensics, nursing and anatomy labs.

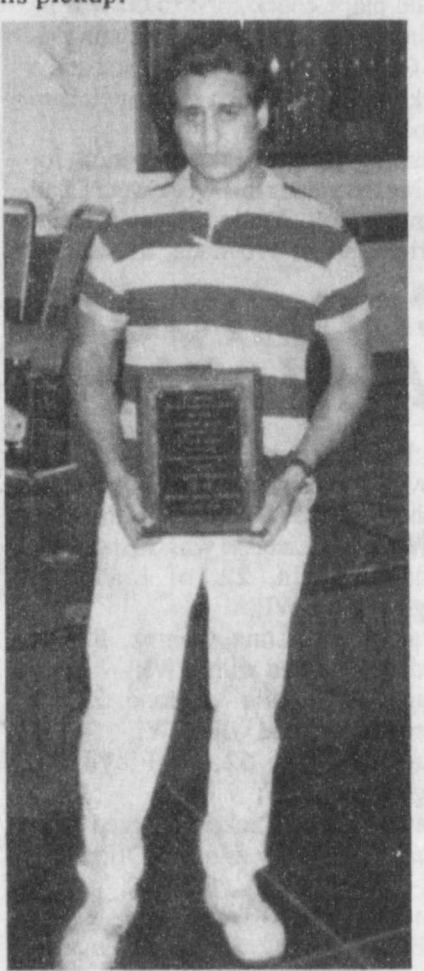

EMS organizations from over 23 counties submit names for consideration as Volunteer of the Year and EMT of the Year. Bertrand and Gonzales will now be considered at state competition.

To qualify for Volunteer of the Year, the person whose name was submitted must volunteer 100% of his time to the EMS work.

"I believe the judges were impressed with the quality and quantity of work that Bertrand devotes to the EMS," said Floydada Paramedic Paul McIntosh.

"They were also impressed with Gonzales because he does not live in Floydada, but still works for our EMS," said McIntosh. "When

Placido is on call, he comes to Floydada and spends the night in his pickup."

LOCKNEY—Members of Lockney's newly-formed Main Street Alliance, a group of downtown merchants, encourage growth and civic pride by restoring the downtown area.

Most of the merchants involved with the Main Street Alliance would like to see the downtown area come to life again and be able to play a bigger part in Lockney's economy. This is the reason they have formed the Main Street Alliance.

It is still an informal group of downtown merchants, who are working hard to clean up Main Street and make it a place where people will enjoy visiting and shopping.

Betonia Belt, owner of Feather Your Nest, says that she started her business out of her home, then moved to a remodeled house. Two years ago she moved into her shop at 120 S. Main Street.

"Businesses in small towns have to find their own niche," Belt said. Grandfather clocks, Tiffany lamps, pewter, crystal and snow villages grace the sales floor of the restored 1913 building.

Original 15-foot ceilings, extended ceiling fans and lamps, and carved tiles

**Lockney school enrollment up**

LOCKEY—Lockney school enrollment figures, as of September 27, 1994, were 844 students. This is an increase of 24 students from the 1993 figures.

The elementary school campus showed an increase of 10 students. Of the 430 enrolled at Lockney Elementary, 64% are Hispanic, 33% are Anglo and 2% are Black.

The Junior High campus showed an increase of 13 students. Of the 212 students at the Junior High, 60% are Hispanic, 31% are Anglo and 1% are Black.

Lockney High School also increased their population by one student for a total of 202. Of those enrolled, 58% are Hispanic, 37% are Anglo and 3% are Black. Two Asian students are also enrolled at the high school.

For a breakdown of the enrollment figures, see page three.

can be seen at Feather your Nest.

"People don't realize that old buildings can be renovated and used as efficiently as new ones," Belt said.

Belinda Noel of Noel House at 113 S. Main sells hand-poured candles and gift packs to customers all over the United States, as well as locally.

"I add a personal touch to all of my gift baskets," she said.

Noel is always looking for new ways to personalize her gifts. New molds, antique handkerchiefs, or special fragrances make her gift packs unique.

A day of shopping would not be complete without a bite of lunch; restaurants of the Main Street Alliance offer pizza, subs, Mexican food and homestyle lunch style specials.

Michael DeLeon, owner of D'Leons Fine Mexican Food, said that a lot of hard work went into opening his place at 111 S. Main.

"We had to pull up the old linoleum and sand the floors," DeLeon said.

DeLeon chose a Southwestern theme for the decor of his shop; like many of these old buildings, his shows a false front, but the ceiling tiles, floor planks and front doors are still original.

"It takes times and money to fix these old buildings," he said. "We're all trying to help each other out."

Hold Your Horses at 117 S. Main displays tie-dyed clothing, suede collars, glittering shirts and specialty jams, jellies and spreads.

Wes Day explained that most of their items are fashioned in house.

Plain T-shirts are decorated with glitter and/or tie-dyeing.

Conchoes and fringe adorn leather and suede collars.

"We had 15 at the (Floyd County Fair) and sold all but three," Day said.

Day said that the edible items are also made in the shop. Some of the choices include Cherry-Chocolate Chip jelly, pumpkin jalapeno spread and a hot honey mustard.

What was once a meat locker, a John Deere dealership, and even a funeral parlor is now the home of Pat Frizzell's Basket Case.

Frizzell said that she bought the business and expanded the line of merchandise from baskets to distinctive gift items and custom floral arrangements.

Margaret Schacht of Schacht Flowers wants to see the downtown area get a facelift.

"It would be nice to see the town come forward, but left the way it was originally," she said.

Schacht has lived in Lockney all her life and says that during the '50s the town was at its peak.

She thinks that mechanization, although good for agriculture, has led to the decline of so many small towns.

"Since agriculture has become mechanized we don't get all the farm hands on Saturday night, like we used to," she said.

Although they may be smaller, the owners of these specialty shops are able to compete with Kmart and Wal-Mart because of their unique setting and merchandise.

Shop owners involved with the Main Street Alliance have spoken of good markets for their products, but most have had to find outside markets as well.

The Coca-Cola Company, in an effort to help the community, has agreed to repaint its advertisement on the building at the corner of College and Main, as it was originally in 1933.

In an effort to promote Lockney and encourage downtown shopping, the merchants of the Main Street Alliance are trying to bring in more outside business with the use of some group advertising and a well placed billboard.

**Pumpkin growers begin 1994 harvest**

Fall has arrived. It is always easy to tell in Floyd County, because the pumpkin farmers are busy with the harvest of their orange crop and semi-trucks can be seen everywhere stacked full of the colorful commodity.

Field hands are working hard loading the trucks and Punkin Day committee members are working hard planning and promoting the harvest festival, coming up this year on October 29.

All the favorite activities will be returning this year to Punkin Days, including the costume contest and city wide trick or treating.

Organizers are encouraging everyone to join in the community spirit by participating in the costume contest and also promoting Punkin Days by dressing in costume at your business on the Friday before Punkin Days.

"We will be hosting many groups and travelers during the month of October," said Punkin Days Chairman Roxanna Cummings.

"We hope businesses and homes will not wait until the last minute and get busy very soon to clean up, spruce up and decorate with a Fall or Punkin Day theme. It will make a very good impression on our visitors."

The Punkin Day Decorating Contest Committee will be judging homes and businesses again this year and there will be cash prizes for the winners.

**PUNKIN DAY AUCTION**

"Larry Ogden and Tim Assiter has graciously agreed to a return engagement for a fun-time noon auction on Punkin Days," said Cummings.

"Karen Houchin has donated a beautiful "Lil Punkin" collector Doll which will be on display at the Lamplighter Inn Dining Room next week."

Other donations have also arrived for the event and anyone wishing to donate to the auction should contact Cummings at The Lamplighter.

**Rasco receives TDA award**

LOCKNEY—Darrell Rasco of Lockney was the recipient of the South Plains State of Texas Employee of the Year Award for his region. He was also a finalist for the Texas State Public Employee of the Year Award.

Rasco is employed by the Texas Department of Agriculture and his region includes 90 counties. He is one of 7,000 employees.

Senator John Montford, D-Lubbock, presented Rasco with a certificate in ceremonies held at the Omnimax Theatre in Lubbock.

Montford stated, "Although several outstanding individuals will be honored here today, we are really here to celebrate the accomplishments of all our state employees."

Rasco is an EMT, a member of the Lockney Volunteer Fire Department and the Lockney Chamber of Commerce. He serves as Secretary of the

Lockney Junior Livestock Association and the Floyd County Junior Livestock Association; Vice-President of the Floyd County 4-H Leaders Association and Superintendent of the Floyd County Fair Lamb Jackpot.

He also serves on the TDA Safety Committee and is a member of the Lockney P.T.A.

Rasco and his wife, Marva, are the parents of two children and they attend the Lockney First United Methodist Church. She teaches at Lockney Elementary School.

The Texas State Employee of the Year Award was created this year by the Regional Directors Round Table and will be presented annually to a state employee who has made outstanding contributions both on the job and after work hours in serving the community.

The theme for the award was "Building a Better Community Both On and Off the Clock."

**FISD enrollment down**

Enrollment figures for Floydada schools as of September 27, 1994, were 1,196 students, a decrease of 45 students from the 1993 enrollment.

The Alternative School in Floydada has an additional 108 students registered, however these students come from a total of seven school districts.

A slight increase of four students was seen at Duncan, however Andrews Elementary dropped 38 students.

Floydada Junior High increased eight students while the High School showed the largest decrease with a drop of 39 students.

Total enrollment at Duncan Elementary is 410 students. Sixty-six percent of the students are Hispanic, 27% are

Anglo and 6% are Black.

Andrews Elementary has a total enrollment of 273 students. Sixty percent of the students are Hispanic, 33% are Anglo and 6% are Black.

Floydada Junior High has a total enrollment of 219 students. Sixty-three percent of the students are Hispanic, 32% are Anglo and 5% are Black.

Floydada High School has a total of 294 students. Fifty-five percent of the students are Hispanic, 41% are Anglo and 3% are Black.

The Alternative School has an ethnic breakdown of 81% Hispanic, 13% Anglo and 6% Black.

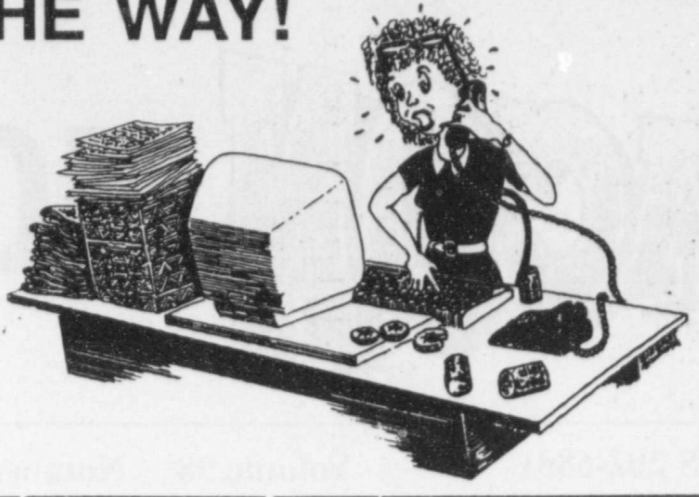

A breakdown of the enrollment, by campus, can be found on page three.

**A LONG WAY FROM HOME**—Jerry Battey of Floydada has told his friends that he saw an elk on his land, but they didn't believe him. So he took pictures. The Battey farm, located approximately eight miles south of Floydada, was where this elk was sighted on Saturday Sept. 24. To make sure that it really was an elk, Battey notified the game warden who verified it. The game warden did not capture the animal, which is usually found in the Colorado area. Although they did not know how the elk got to this area, the game warden did mention that if anyone shot the animal that they would be facing a very expensive fine. —Courtesy photo

## BY THE WAY!

BY  
ALICE  
GILROY

Before I forget for another week, I want to thank the coaches at Lockney High School for all the help and cooperation in covering the Lockney football games.

I also want to thank Carlton Johnson for writing some of our Lockney football stories. He has been a big help.

Everyone who reads our sports coverage in the paper knows that Floydada has a "sports writer" and Lockney doesn't.

We are very fortunate to have someone like Bill Gray in Floydada who loves to cover all the games.

It is all so obvious to everyone that my talents do not lie in sports writing. I'm sorry for that—but it won't ever get any better.

So—I've had to depend on coaches and dedicated parents in Lockney to help us out.

The coaches have been great this year. They realize how much the parents and kids like to have the sports coverage and they work very hard at giving us something to put in the paper.

We appreciate it!

I've griped about the controversial health text books that were up for adoption by the State School Board, but I've never had the quotes from those books that I could pass on to you.

Some of you have probably wondered if maybe it was true that a bunch of "Radical Christian Right" people were trying to censor books. Maybe in the back of your mind you figured those people were probably reactionary and were making mountains out of mole hills.

Well I've finally gotten some quotes from those textbooks to pass on to you. They were supplied to us by Richard Watson, candidate for State School Board, District #14 (that's us).

I can only pass on just a few of the quotes—because most of them are not printable in this paper. They are printable in your high school health textbooks—but not in this paper.

I want to make a few things clear before I pass them on.

First—these quotes come from three of five textbooks that were approved by the state board in February.

Second—it was only after a flood of letters and phone calls besieged the board did they accept a few changes in the texts.

The conservatives on the board (four Republicans and one Democrat) had been complaining all along, but the liberal majority (9 Democrats and 1 Republican) did not listen.

After the complaints and a list of 1,200 recommended changes made by the conservatives on the board—some changes were made. But not near enough. Of the 1,200 recommended, the liberal majority accepted 300 changes proposed by Commissioner Lionel Skip Meno.

One of the publishers by the name of Holt, pulled out their book called "Health". Holt couldn't live with the changes. Good riddance.

These five books will now go before our local text book committees for approval. They will pick one from the five. The textbook committee in Lockney will consist of the high school health teachers, the superintendent, and the high school principal. Floydada's committee will probably be the same.

Before I inflame you with some of the book's quotes, I also want to tell you what Lockney Superintendent Raymond Lusk said.

"Technically we have to teach out of state adopted books," said Lusk. "But, realistically, as a school and a community, if we find any objectionable material in the book we will omit it."

He also said he wouldn't be part of any school district that expected any less.

I don't write about these things to make you want to pull your children out of the fine schools we have them in.

I write about them to make you fight

for the schools you do have.

Someday you may have to go to a private or church sponsored school to get away from state and federal meddling—but unfortunately you will still have to live in the society that will be created from these books.

So be aware—support your school boards and teachers—and fight for what you believe in.

Here are a few quotes. If you want to read the ones I refuse to print—come see me at my office in Floydada. I will give you a copy. You have to be an adult to get it.

From "Perspectives on Health", Publisher: D.C. Heath (Page 128)—"Although there are no absolute rules about what is considered acceptable behavior, there are general characteristics that psychologists consider when evaluating a person's emotional well being."

(Page 583)—"In the fight against the STD and AIDS epidemic, it is important to remember that there really is no such thing as a high-risk group."

In "Making Life Choices" by Publisher West, a great deal of space is devoted to details and lessons on how to engage in different sexual acts. (Page B27)—"...contraception does not reduce the sex drive or performance in people of either gender. In reality, the opposite is often true. With the fear of pregnancy removed, people often feel more free to enjoy sexual intercourse."

In this book, after lengthy discussion of how to use contraceptions the following scenario is proposed for discussion: (Page B29, #2)

Maria and Joe have been dating steadily for one year. They plan to be married after graduating high school in six months. They have not been sexually active thus far and talk about remaining virgins until marriage. Joe was severely burned in the genital region as an infant and his doctor told him he was probably sterile. Maria has concerns about premarital sex based on her family and her religious values. What is your opinion of the way Joe is handling the situation? What do you think the outcome of this situation might eventually be? Why?" (Page B30, #8)

"Make a video for the rest of the class explaining how to use each method of contraception discussed in this unit. Give at least one advantage and disadvantage of each method."

Now remember folks—some of these quotes may have been removed. Some of them may still be there. The point is—they were approved the first time!

Only your awareness and your beliefs in "absolutes" can win any future battles.

I'm sorry if I have embarrassed some. I can only say that I picked out the least offensive. The others you will have to come see.

# Lockney sweeps week four contest prizes

Lockney contestants took all the prizes this week in the Floyd County Hesperian-Beacon Football Contest. First place and a check for \$25.00 goes to Randall Stapp who was one of three contestants missing nine games on the contest. Stapp selected Springlake-Earth to win over Lockney in the tie-breaker game. The Springlake-Earth 53-0 defeat of Lockney insured his top positioning for the week. He will be able to pick up the first place check for \$25.00 at the Lockney office on Friday, September 30.

The tie-breaker combined game score was used to determine the second and third place winners for this week. David DeLeon and Debbie Gallaway also missed nine games this week. Each selected Lockney to win, throwing the prize determination to the choice of a tie-breaker score.

The actual combined score was 53. DeLeon chose 42, 11 points under and Gallaway had 37, 16 points under. The second place check for \$15.00 will be waiting for DeLeon in Lockney on Friday. Gallaway earned third place and a check for \$10.00 which she can pick up in Lockney on Friday.

Earning an honorable mention for missing ten games this week were Chad Harmon, Bob Alldredge, and Keith Marricle, all of Floydada, as well as

## Courtroom Activities

In county court September 22, the following cases were filed:

John Jose Aday, charged with Driving While His License Was Suspended; Eddie Gloria, 22, of Lockney, charged with DWI;

Tranquilino Luna Gomez, 55, of Floydada, charged with DWI; Miguel Maravilla Medrano, 29, of Plainview, charged with DWI;

Luis Romero, 52, of Floydada, charged with DWI; David Wayne Tucker, charged with Failure To Register as a Sex Offender.

On September 13, in District Court the Floyd County Appraisal District filed tax suits against:

Elida Briones, of Floydada; Joe Cisneros Jr., of Floydada; Ramiro Coss, of Floydada; Ricardo Cuellar, of Lockney; Albert Garza Sr., of Floydada; Daniel Gonzales, of Lockney; Eloisa Gonzales, of Lockney; Fernando Gonzales, of Lockney; Tomas Hernandez, of Floydada; Virginia Hernandez, of Lockney; Jimenez Raynol, of Lockney; Iora Leadon, of Floydada; Robert L. Lopez, of Floydada; Estefana Mercado Estate, Cactus, Texas.

In J.P. Court the Floyd County Tax Appraisal District filed tax suits against: Todd Allen, of Leoti, Kansas; Jose G. & Rosa Anguiano, of Lockney;

Anselmo Carbajal, of Lockney; Elsie Clark, of Lockney; Danny Degallado, of Plainview; Bonnie Ethridge, of South Plains; Linda Garcia, of Lockney; Inocencio Grimaldo, of Floydada; Jimmy D. Kelly Jr., of Floydada; Jaime McDonald Jr., of Lockney.

Appraisal District tax suits are filed after the taxes are delinquent for one or more years.

Angel Blanco, Phillip Glasson, H. G. Graham, and Greg Patridge, all of Lockney. Missing eleven were Irene Hernandez, Victor Yannis, Albert Hill Sr., A. W. James, Brent Sanders, Kevin Tipton, Sam Hale, Travis Gentry, Hector Zavala, Sammy Bradley, Mike Anderson, Sheree Cannon, Lucio Vasquez, and Gene Lowrance, all of Floydada and Harold Abney and Dickie McCarty, both of Lockney.

Fifteen entries missed twelve games on the contest this week and nine entries missed thirteen.

There were a total of 32 entries in the Lockney contest box and 49 entries in the Floydada contest box, making a total of 81 entries for the fourth week of the contest.

### CONTEST RULES

Anyone above the age of seven is eligible to submit an entry except employees of this newspaper and their immediate families living in the same household.

No mail entries will be accepted. All entries must be submitted on the official entry form printed on the Football Contest page of each weekly issue. All entries must be taken to the Hesperian-Beacon Office, either at 102 W. Bryant in Lockney or 111 E. Missouri in Floydada. Each entry must be in the office no later than 5:00 p.m. on Friday of each week.

The contest is simple to enter. Clip out the entry form coupon on the contest page and circle the number corresponding to the team you think will win in each of the games listed in the footballs on the contest page. If you think two teams will tie, circle both numbers. Select a winner in each of the two tie-breaker games on the contest entry coupon and write your guess of the total combined points of the two teams in the accompanying football. If a tie occurs in which a winner cannot be determined by using the two tie-breaker games, the prize will be shared by those tying.

Readers are reminded that entries are limited to one entry per week per person. Weekly winners are limited to one per household per week.

The contest entries will be graded each Monday following the weekend games. Results will be announced in the next issue of this newspaper and checks for prize money may be picked up at the appropriate Hesperian-Beacon Office, either in Floydada or Lockney, on Friday.

### SPONSORS

Shopping with businesses sponsoring the contest will show your appreciation of their support for the local football contest. Among those businesses kind enough to help The Hesperian-Beacon bring the contest to you this season are: Cargill Hybrid Seeds, AgEquipment Group, L.P., Schacht's Flowers, Jewelry & Gifts, Wilson Photography, The First National Bank in Lockney & the Floydada Branch, R Photography, Floydada Coop Gin, City Auto, Payne Family Pharmacy, Lighthouse Electric Company, The First National Bank of Floydada, Brown Implement, Floyd County Farm Bureau, Script Printing and Office Supply, Higginbotham-Bartlett Lumber Company, Tipton Oil & Butane, Comelius Conoco, Hale Insurance & Real Estate, Producer's Coop Elevator, Muncy Elevator, Our Place Drive-In, Ray Lee Equipment Company, Lowe's Pay-n-Save in Floydada, Lowe's Pay-n-Save in Lockney, Floydada Power & Light, Lockney Meat Company, Providence Farm Supply & Grain, Kellison Fertilizer & Spraying, Don Hardy Fuel Efficient Engine Service, Lambert Spraying, and Caprock Meat Company.

## Ellis and Baker joined in marriage

Otis and Dana Ellis of Floydada are pleased to announce the marriage of their daughter, Kimberly, to David Baker of Wills Point, Texas. He is the son of Bob and Reba Baker of Richardson.

The ceremony at the home of Ron and Margaret Butler of Wills Point with the Rev. Ken Maddox officiating. Joe Lee Ellis of Lewisville, sister of the bride, was maid of honor. Don Higgs of Lewisville was best man.

The wedding party was all attired in boots and jeans. The bride and maid of honor carried arm bouquets of mixed wildflowers made and designed by Holly Lee of Floydada.

An old fashioned hamburger cookout and reception was held in the backyard after the ceremony, hosted by the bride's parents.

The bride is a 1987 graduate of Floydada High School. Baker is a 1975 graduate of North Garland High School in Garland and is employed by the City of Mesquite.

Following a trip to Shreveport, La., the couple is making their home in Wills Point.

FLOYDADA--Annett Garcia, 19-year-old daughter of Balentine and Sara Riojas of Floydada, was named Miss Fiestas del Llano 1994 on Saturday evening, September 17, in Lubbock.

Miss Garcia won the contest after competing with 12 other young women in personal interview, opening presentation, talent, evening wear and on stage interview categories.

She sang Reba McIntire's hit, "Take It Back," for the crown.

Along with her crown, she was also the recipient of a \$1400 scholarship to help further her education.

Miss Garcia is currently enrolled at South Plains College, majoring in English.

## Michelle Willis and DuBois pledge nuptials

FLOYDADA--The home of Quaid and Jan Richburg was the setting for the marriage of Michelle Willis of Floydada and Quinn DuBois of Jewett, Texas, on Saturday, Sept. 24. The Rev. Clark Williams, minister of the First United Methodist Church, performed the 4:00 p.m. ceremony.

Parents of the couple are Quaid and Jan Richburg and Wayne Potect, all of Floydada, and Bill and Wanda DuBois of Jewett, Texas.

The bride was escorted and given in marriage by their two sons, Kody DuBois and Kyle Willis, both of Floydada.

Kathy Boyd of Floydada, cousin of the bride, served as matron of honor and Cole DuBois of Floydada, nephew of the groom, served as best man.

After a wedding trip to San Antonio, the couple will make their home in Grosebeck, Texas, where the groom is the partner of DuBois and Watson Ag Service Company.

## Double ring ceremony unites Jones and Poole

Valerie Kaye Jones became the bride of Brandon Poole during a 4:00 p.m. double ring ceremony held on Saturday, September 17, at the Aiken Baptist Church.

The bride is the daughter of Sandra Hopson of Plainview and Terry Jones of Sherman. Grandparents of the bride are Howard Gibson, Bruce and Jewel Martin and F.G. and Pat Jones, all of Plainview. The groom is the son of Brenda Poole of Ralls and Doyle Poole Jr. of Lockney. Grandparents of the groom are Bill and Nell Watson of Linden and Pearl Wright of Plainview.

The bride was given in marriage by her grandfather, Howard Gibson. She was attired in her mother's wedding gown.

Lisa Rodriguez of Lockney served as maid of honor and Brent Poole, brother of the groom, served as best man.

Following the wedding a reception was held in the parlor of the church. Reception assistants were Pat Garcia and Billie Hendricks.

The bride is a 1994 graduate of Plainview High School and the groom is a

1992 graduate of Lockney High School. The couple will make their home in Lockney.

## Your Health \* Our Care

By Trina Wilson, RN

A stroke is a life threatening event in which the brain's vital supply of oxygen is disrupted. A stroke can affect the senses, speech, behavior, thought patterns, and memory. It may also result in paralysis, coma, and death.

A stroke occurs when an artery to the brain bursts or becomes clogged by a blood clot, cutting off the supply of oxy-

gen to a part of the brain. Brain tissue that is deprived of oxygen dies within minutes. As a result, the part of the body controlled by those brain cells cannot function properly. High blood pressure and atherosclerosis, the building up of fatty plaque in the arteries; increase the risk of a stroke.

A physical and neurological exam usually confirms the diagnosis. A CT (computerized tomography) or a MRI (magnetic resonance imaging scan) can pinpoint the area and extent of brain

damage.

Treatment usually involves hospitalization for drug therapy and possible surgery. Drugs can help prevent new clots from forming or prevent existing clots from getting bigger. Surgery may be used to remove fatty deposits (atherosclerosis) that reduce blood flow to the brain and increase the risk of clot formation.

Rehabilitation aims to improve physical ability and reduce dependence. Success depends upon the extent of brain damage, the patient's attitude, the skill of the rehabilitation team, and the cooperation of family and friends.

The stroke patient's goal is to become as independent and productive as possible, given the limitations resulting from the stroke. Getting the most out of rehabilitation therapy requires determination, patience, hard work, and a positive attitude.

Symptoms of a stroke require immediate emergency treatment. TIA's (trans ischemic attacks) generally do not cause permanent damage, but they are an important warning sign. Symptoms include sudden weakness or numbness of the face, arm, and leg, usually on one side of the body; loss of speech or trouble talking or understanding speech; dimness or loss of vision, particularly in only one eye; unexplained dizziness, unsteadiness, or falls; and sudden, severe, unrelenting headache.

A stroke may happen suddenly, but it often follows years of a slow buildup of fatty deposits inside the blood vessels. About 10% of strokes are preceded by TIAs. These mini-strokes can occur days, weeks, or even months before a major stroke. They frequently last less than 5 minutes, with symptoms similar to those of a full-fledged stroke. Since a large percentage of people who experience TIAs suffer strokes, prompt medical attention is essential.

The things that you can do to avoid a stroke are to have your blood pressure checked regularly and keep it under control. Eat a well-balanced diet that is low in cholesterol and saturated fats. If you have diabetes, keep the diabetes well controlled, because it is linked with an increased risk of stroke. Do not smoke. If you use alcohol, do so in moderation. Ask your doctor if you are a candidate for low-dose aspirin (for example, a daily baby aspirin). Studies have shown that this helps prevent strokes. If you have any questions contact your family physician.

## Floydada Senior Citizen News

By Margaret Word  
**FLOYDADA**--Bob and Evalene Goodnight recently attended the wedding of their granddaughter, Jennifer Keen in Greenville, Texas.

Tammy Cochran Powell of Las Vegas has recently been here visiting with Lila Kendricks, Jana Muniz and Jim and Rosemary Finley, all of Floydada, and Kay Tipton of Plainview.

Last week Beulah Baker and Grace Jarrett had cataract surgery. We wish them a speedy recovery.

Jimmie Jo West of Lubbock was visiting her mother, Irene King last Thursday.

Geraldine Callaway had visitors Friday evening. They were her uncle, R.L. Orman and his wife, Pauline from Atlanta, Ga., also R.L.'s sister, Neva Callahan, Geraldine's brother, Winston Brown and sister, Florine Teal, both of Lubbock, Mike Bishop and Howard Gene and Nancy Bishop, who is also a sister.

Maggie and Everett Perry who have been in Ruidoso for several weeks recently had Grace Jarrett and Kearney and Margaret Edmiston as visitors. They all came back to Floydada at the same time and a few days later Everett died suddenly. We are so sorry about Everett's untimely death. Our sympathy goes out to Maggie and his family. His funeral was Monday, Sept. 26, at the First United Methodist Church. We will miss him.

David Carr of Jersey City, New Jersey, and Sandi Carr of Denton were here this past weekend for several days of visiting. David introduced Michelle White of Chicago to his family and friends. David and Sandi's parents are Charles and Ann Carr and the grandchildren of Jim and Margaret Word and

Gertrude Carr.

Friday, Sept. 21, James Lovell volunteered his time and equipment to wash down the outside walls of the senior citizen building so we can get started with the painting. His helpers were William Bertrand and Jim Word. It took several hours to get this accomplished. "Thank You" James, William and Jim for your hard work. Because you who have donated money and made contributions in memorials, we are able to get started making the improvements needed at the center. The center is a wonderful place for the elderly who are unable to cook anymore and for those who live by themselves to come to the center and eat a good hot meal and to visit with their friends. It gives them something to look forward to each day. "Thanks" for your help.

Wanda and Bill DuBois of Jewett, Texas, were here to attend their son, Quinn and Michelle Poteet's wedding. They are also visiting Craig and his family.

Eating lunch at the center on Monday, Sept. 26, were Tillman and LaVelle Allmond of Kent, Washington. They are visiting Leona McCreay at the nursing home and her husband, Lloyd. Mr. Allmond left Floydada in 1939.

Bill and Lillian Smith had visitors from Plainview, Roy and Sunshine Smith. Roy and Bill are brothers. Other relatives are Ruth Harrison and Milton Harrison. They all enjoyed seeing of friends while eating lunch at the center Monday, Sept. 26.

Thought for the Day: "When a friend makes mistakes, don't rub them in. Rub them out."

### Menu

October 3-7

Monday: Lasagna, zucchini, tossed salad, French bread, banana pudding, milk/beverage choice

Tuesday: Chicken strips, blackeye peas, brussel sprouts, hot roll, fruit crumble, milk/beverage choice

Wednesday: Chicken fried steak, corn, green beans, tossed salad, hot roll, apricots, milk/beverage choice

Thursday: BBQ chicken, butterbeans, coleslaw, biscuit, bread or rice pudding w/raisin sauce, milk/beverage choice

Friday: Roast beef, brown gravy, roasted potatoes, carrots, wheat roll, frosted cake, milk/beverage choice

### Nursing Home Happenings

By Jane Martinez  
 Activity Director

**FLOYDADA**--This week has been a good week.

Tuesday our volunteers of Companions 'n' Caring came to do manicures and after the manicures we had ice cream. The residents enjoy the ice cream.

Wednesday we had the family picnic. We had the picnic outside on the patio. We would like to thank everyone that helped us get ready for the picnic. We would also like to thank the staff for helping to get the residents outside and bringing them back inside. I appreciate

all the help I can get. Thank you staff. We would also like to thank all of the family members that came to the picnic. It was nice having you all enjoy a meal with us.

Thursday we had Care Plans in the morning. After lunch we had popcorn and Pepsi.

Friday we had devotional with Lorene Newberry and Roberta Hardin playing the piano. At 1 p.m. the employees had their picnic. They played Bingo and received some prizes. They had a good time.

We also went on the bus ride. We rode around Floydada looking at the cotton fields and the pumpkin fields.

Saturday's and Sunday's some of our residents get together and play dominoes.

Monday we had devotional and we did ceramics after lunch. We have some good painters, when we do ceramics. The residents do enjoy doing ceramics.

If anyone has any ideas for us, call or come by and tell us about them. We would really enjoy new ideas.

Until next week. Remember the words in the following poem.

**What A Smile Can Do**  
 A smile lends beauty to the face,  
 A sparkle to the eye,  
 That age and time cannot erase  
 As the years slip by.  
 Smiles of friendliness and love  
 Are always a delight,  
 And have the capability  
 Of making spirits light.  
 A smile can chase the blues away,  
 And also dry a tear  
 When soothing words are hard to say  
 To someone we hold dear.  
 God wants us to be happy,  
 And when we wear a smile,  
 It makes life far more pleasant,  
 And also more worthwhile.  
 --Elsie Natalie Brady

## Surprise birthday party honors Davis

**LOCKNEY**--The family of Hubert Davis honored him with a "Surprise 80th Birthday Party" on his birthday, September 11.

Everyone was served cake and homemade ice cream. The cake was decorated with the words "You're Not Getting Older; You're Just Getting Better." He was presented with a money tree that didn't hold its "leaves" for very long.

Those attending were Mac and Marie Davis of Ransom Canyon; Tim, Nancy

and Holly Hayes; Frances Carlson of Lubbock; Ray and Linda Davis of Hereford;

June and Tammy Taylor; Phillip, Laura, Scotty and Trey DeLuna; Michael, Dee Ann, Ashlee, Katelyn Castellon of Plainview; Debbie Gonzales of Amarillo; Ralph, Libby and Justin Hernandez; David, Donna, Kevin, Rubeen and Kelli Guerra; and Tommy and Freda Davis of Lockney.

**80TH BIRTHDAY**--Hubert Davis of Lockney proudly displays a birthday cake prepared for his 80th birthday. The cake was decorated with the inscription, "You're Not Getting Older, You're Just Getting Better."

# Whirlwinds overpowered by Childress

**By Bill Gray**  
**FLOYDADA**--The Childress Bobcats, behind the running of Tairrance Sims and Yandy Yarbrough, defeated the Whirlwinds 35-6 at Wester Field on September 23. It was the third consecutive home loss for Floydada which drops to 1-3 on the year. The Bobcats of District 1-3A improve to 3-1 for the season and will entertain 2A power Hamlin this week. The Whirlwinds travel to Acuff tomorrow night for a date with District 5-3A's Lubbock Roosevelt. The Eagles are also 1-3 on the season and lost 35-14 to Muleshoe of 2-3A last week.

Childress served notice from the outset that it intended control of the clock with a powerful ground game. The Bobcats received the opening kickoff and drove 63 yards in only six plays. Tairrance Sims accounted for all but two of those yards and scored the game's first touchdown with a 44-yard scamper barely three minutes into the contest. Matthew Vitela booted the PAT, and the Bobcats were on their way.

The Whirlwinds were "three and out" in their initial offensive series, but received one of their few breaks of the evening when Zach Abshier recovered a Childress fumble with 3:48 left in the first quarter. However, Floydada was unable to capitalize on the Bobcat miscue and was forced to give the ball back via an Abshier punt late in the period.

Childress mounted an 88-yard drive in the final minutes of the opening quarter and scored on Yarbrough's 1-yard blast in the third minute of the second quarter. The Bobcats' 13-point lead didn't last long. The Whirlwinds roared back with their most explosive play of the season following the ensuing kickoff.

On first down from the Whirlwind 20, Sammy Rodriguez turned the corner on the option and broke into the clear. Twenty yards upfield, Sammy pitched back to a trailing Pete Cooper who traveled untouched to the Childress end zone. The 80-yard touchdown took only 14 seconds off the clock. Floydada's quick score ignited the Whirlwind defense, which stopped the visitors' next drive. The 'Winds gained possession on downs midway through the second quarter, but were unable to sustain a scoring drive.

The Bobcats mounted a 6-play, 54-yard drive late in the period and scored on Jason Keys' three-yard run in the last minute of the quarter. Keys added the two-point conversion to give Childress a 21-6 margin at intermission.

Childress regained total control with a 6-play, 75-yard drive to open the second half. Yarbrough scored from 44 yards out - barely three minutes into the third quarter. At this point of the game, Yarbrough and Sims had each rushed for over 100 yards while the Bobcat defense was holding the Whirlwinds to less than 150 yards total offense and only three first downs.

The Whirlwinds were again three and out on their next series, which opened the door for the Bobcats' final scoring drive. Dan Driver scored on a 32-yard double reverse to cap the six-play, 58-yard thrust, Vitela added the extra point, and Childress was on the way to its biggest winning margin over the Whirlwinds in a number of years.

The Bobcats moved toward scoring territory in the first four minutes of the final period, but were thwarted when Vitela's 41-yard field goal attempt missed its mark. Following an exchange of punts, the final horn sounded with the 'Winds finding little success in attempting to put any more points on the board.

### BILL'S NOTES

It's been a long time since the Whirlwinds dropped three in a row at Wester Field. Going into this season it was hoped that Floydada could take at least one of the games during the home stand. Brownfield was the best chance, but that didn't pan out... it was a rough three weeks against teams that are almost certain to make the playoffs. I'm sure it has been a disappointment to all, but there have been some positive things along the way. They will start to show, hopefully, this week against a team (Lubbock Roosevelt) with an identical record.

Charlie Johnston's Bobcats are a solid football team - in just about every area. We've played them close the last several meetings mainly because Floydada has had experienced upperclassmen. Very few Bobcats went both ways, and that had a lot to do with the outcome once Childress was up by two scores shortly before halftime.

The offensive play of the game, however, did belong to the Whirlwinds -- the 80-yard touchdown off the option pitch from Sammy to Pete. It was well-executed and displayed what Floydada can do when everything clicks. Tairrance Sims, the talented Bobcat junior who had 158 all-purpose yards, gets my nod as the top offensive player.

Floydada's Richard Powell's name kept coming up in my notes on tackles and assists, and he is my choice for the top defender. There were few defensive plays that really come to mind, but Sammy's "stick" on Sims, which helped stop a Bobcat drive midway through the second quarter, gets my "headhunter" award for the game. Few Childress drives were stopped as the 'Cats converted 6 of 8 third-down situations.

Some might wonder how the Plainview Bulldog and Lubbock Westerner ended up in today's cartoon. I just had to slip 'em in there. For one thing, it was Lubbock's first district win in five years... and only the second time in the past 17 years that Lubbock has whipped the Bulldogs. My wife and I were at Lowrey Field last Saturday to watch our grandson, Adam Kohler, march with the Westerner Band - and we had the bonus treat of seeing one heck of a high school game. When we lived in Lubbock, four of our youngsters attended Monterey (two are Plainsmen grads). I always had mixed emotions when Monterey and Lubbock High fought for the "Silver Spurs."

I'm an old Westerner from the glory days of the early '50s - when Lubbock won back-to-back state 4A titles. I think I surprised myself the other night by remembering all the words to the "Western Call to Loyalty." It gave me new meaning to the saying, "Once a Westerner, Always a Westerner." The names and faces have changed through the years, but the spirit is still there - much like the spirit here in Floydada.

That's why there'll be a good following of green-clad fans traveling down to Acuff this week to back the Whirlwinds against the Eagles. Tomorrow is the first day of rest of the season, and we'll all be happy to see the Whirlwinds get back into the victory column - by a couple of touchdowns.

Upset Special - I've got to go with the Red Raiders in a 24-21 stunner over the Aggies (sorry 'bout that, Tyler!).

## 'Wind ninth grade tops Childress

**By Bill Gray**  
**FLOYDADA**--Jason Campbell scored three times to lead Floydada's 9th grade Whirlwinds to a 34-16 victory over the Childress freshmen at Wester Field on September 22.

Adam Perales put the 'Winds on the board first with a 5-yard run in the opening period. Richard Casillas passed to Timothy Simpson for the two-point conversion. Childress responded with a 48-

yard run for a touchdown, followed by a 2-pointer, to knot the score at 8-all.

Floydada tacked on two second-quarter touchdowns, a three-yard run by Campbell and a 13-yarder by Casillas, to surge to a 20-8 lead. The 'Winds had an extended drive late in the first half, but failed to score after reaching the Bobcats' two-yard line.

The visitors rallied to cut the deficit to 20-16 on a 58-yard third quarter touchdown and conversion, but Campbell's two fourth period scores put the game out of reach. Perales added to Floydada's point total with a conversion run in the final period.

Campbell and Casillas were the outstanding offensive players. Campbell also had a good defensive outing, as did Kyle Pierce and Blake Bramlett.

The 9th grade teams will take on the Lubbock Roosevelt squad at Wester Field on Sept. 29. Kickoff will be 5:30 p.m.

## FHS Coach's Comments

**By Bill Gray**  
**FLOYDADA**--Coach Bryan Davis summed up the Childress loss by saying, "We were overmatched... Childress was a buzz-saw! These past three weeks have been very tough, against some very talented teams, and I'm not sure that Childress wasn't the best of all."

The coach added, "Roosevelt won't be as talented as any of them. (Brownfield, Post and Childress), but they are also hungry for a win. We feel we can win this game (Roosevelt), but we are going to have to give a better effort. Several of our players are out with sickness. We need to get well so we can get after the Eagles."

According to offensive coordinator Lee Hurt, "We'll see a similar defense at Roosevelt. They do a lot of stunting and safety blitzes that we're going to have to handle. They are a very physical club and want to win badly. Roosevelt will be tough at their place, so we'll have to move things up a notch."

Hurt added, "Roosevelt has good speed at the skill positions and an experienced quarterback. The Eagles run out of a 'stacked I' formation most of the time, and have a talented 6'5" receiver (Robert Brown) who has turned in a 4.8 clocking in the 40-yard dash. He was All-South Plains a year ago. Their quarterback, Johnny Zaragoza, scored on a 46-yard run off the option last week against Muleshoe. They have some firepower and are a better team than their 1-3 record might indicate."

"We've got to stop making the little

mistakes that have hurt us offensively," Hurt said. About the time we get some momentum and a drive going, we'll misfire on something that kills it. If we give a good effort and do the things we are capable of, I feel we can handle them (Roosevelt). We've just got to give a better effort."

## Two Breezer teams fall to Childress

**By Bill Gray**  
**FLOYDADA**--Floydada's Junior High Breezers traveled to Childress on September 22. In the 7th grade "5th Quarter" scrimmage action, Childress scored the only touchdown. Breezer coaches named Josh Tipton and Adrian Hernandez as Floydada's outstanding players in the scrimmage.

The 7th grade Breezers were unable to generate any offense and were defeated 30-0 by the Bobkittens.

Floydada's coach stated, "I still feel we are improving every week. I expect to see vast improvement when we play this week." Named as outstanding players on defense for Floydada were Darryl Henderson and Ty Hendrix.

The 8th Breezers gave Childress a good game before falling to the Bobkittens 28-14. Childress held a 14-0 halftime lead and extended that to 28-0 in the third quarter, but Floydada fought back to make a game of it in the final stanza.

Keith Collins scored on a 20-yard scamper off the option from Cody

## Bobcat JV takes 'Winds 28-14

**By Bill Gray**  
**FLOYDADA**--Childress overcame a 14-13 Floydada lead with two final period touchdowns for a hard-earned 28-14 victory in junior varsity action on September 22.

The visiting Bobcats jumped out 13-0 on two opening quarter touchdowns, but Frankie Maldonado's 46-yard score, followed by Omar Eguia's 2-pointer, cut Floydada's deficit to 13-8 at halftime.

Monty Anderson tossed a 62-yard touchdown pass to Joe Sanchez as Floydada pulled ahead 14-13 after the half-

time break.

Coach David Kennedy named Stovall, Collins and Diaz, along with lineman Emory Gilly, as the outstanding offensive players. Chad Turner, Michael Black and John Dunavant were cited for their defensive performances.

However, the visitors pulled out the win with a 69-yard TD and conversion, followed by a three-yard scoring run and kicked PAT late in the fourth quarter. Monty Anderson, Joe Sanchez and Frankie Maldonado were the outstanding players for Floydada.

The Whirlwind JV return to action when they host the Lubbock Roosevelt squad at Wester Field on September 29. The junior varsity contest is scheduled to start at approximately 7:00 p.m.

## Lockney JV opens district play against Springlake-Earth JV

LOCKNEY--The Lockney J.V. traveled to Springlake-Earth to play their first district game. Things started out good for the 'Horns. Anthony Poole went 70 yards on the first play from scrimmage. The 2-point conversion failed. The Horns had another chance to score early, but were unable to find the endzone.

With 1:36 left before the half the 'Horns had a 70 yard drive that cut the

## 7th grade battles Springlake-Earth

LOCKNEY--The 7th grade Shorthorns went to Springlake-Earth Thursday night to battle with the Wolverines. This game turned out to be a defensive battle until late in the second quarter when the Wolverines scored on a fake reverse but were unable to capitalize on the two point conversion.

The halftime score showed the defensive nature of the game with the Wolverines up by six points.

The second half brought more of the same as both teams were kept scoreless. The Shorthorns offense, led by Jordan Lambert and Elias Saucedo, pushed the ball the length of the field to the four yard line in the closing seconds of the game. They had five attempts to score but were held by a Wolverine goal line stand.

"The 7th grade Shorthorns were devastated by the loss but plan on getting ready when the Olton Mustangs come to town," stated the team's coach.

score to 24-12. Adam Cummings hit a wide open Carson Johnson for a 25 yard play. J.R. Walker also had a good run to get the ball close to the endzone. Adam Cummings hit Willie Luna for a 10 yard touchdown pass.

The second half the defense couldn't stop Springlake and the offense could not get the ball down the field. Willie Luna ran two kickoffs back at the end of the game. One return was for 65 yards and the other was for 75 yards. J.R. Walker's two-point conversion run was good.

The coach noted that offensively, good performances were put in by Adam Cummings, Carson Johnson, Anthony Poole, J.R. Walker, Scott Crawford, Ryon Smith, and Dewayne Jones. Special team player was Willie Luna.

Lockney's J.V. will not play this week. Olton does not have a J.V. squad. Their next game will be at Morton Oct. 6.

**VALIANT EFFORT** -- In a display of true sportsmanship, the Lockney Longhorns put forth a valiant effort last Friday night, but their state ranked opponent, Springlake Earth, rolled to a 53-0 victory. The team showed their heart as they tried to stem the Wolverine tide. -- Staff Photo

## LJHS 8th grade loses to Springlake-Earth

LOCKNEY--The eighth grade Shorthorns traveled to Springlake-Earth and played well but came up short.

The first score of the game came from Springlake-Earth on a 40 yard scamper in the first quarter. Extra point failed.

Lockney came back in the second quarter when Chris Rodriguez carried the ball 30 yards for the score. The attempt at the extra point was unsuccessful. Halftime score was 6-6.

The second half proved to be an exciting one. Both defenses played well, but in the third quarter Springlake-Earth scored on a 20 yard run. The two point

conversion was good and the score became 14-6.

Late in the fourth quarter, with 3:30 left on the clock, Lockney received the ball and put together a drive all the way to the six yard line. Time, however, did run out and the Shorthorns were unable to enter the endzone.

"The kids put forth a great effort in the fourth quarter, but just came up short," said the coach.

Outstanding players of the game were Chris Rodriguez, Matthew Lerma, Abel Rosales, Angel Blanco and Eddie Araujo.

# Wolverines shut out Lockney, 53-0

By Mark Todd Terrell  
LOCKNEY--Have you ever seen the light at the end of the tunnel, only to find you are standing in the path of a runaway train? This is how the Longhorns felt after a disappointing loss, 53-0, to the Springlake-Earth Wolverines.

The Wolverines accumulated 33 points in the first half to shut out the Longhorns. In the last two periods they kept pounding their way to the endzone to finish the game with 53 points.

Isaac Sandoval had five touchdowns to lead the Wolverines.

Lockney was held to 60 yards offense and two first downs.

Interceptions by Shannon Veal and Tanner Johnson in the third and fourth quarters gave the 'Horns the chance to put some points on the board.

"We never gave up or the score would have been 90-0," said head coach, Malcom Moerbe.

But the Springlake-Earth defense proved to be too much for the 'Horns to overcome, as Lockney was held scoreless throughout the game.

As the 'Horns look on to this week, they face the Olton Mustangs, who are fueled by area rushing leader, Michael Wilborn.

## LHS Coach's Comments

By Coach Malcom Moerbe

LOCKNEY--It's time to regroup again. The last time we had our backs to the wall we really played well against Crosbyton. We need to give our best effort against Olton. They have the best runningback in the District in Wilborn. But what makes them tough is the fact they throw the ball well also. And any team that can hold Hale Center to seven

points must be playing good defense also.

We worked on fundamentals this week and got better. We all expect a great performance against Olton.

**DEFENSIVE POINT LEADERS**  
Game: Joe Marks, 66; Lalo Chavira, 40; Tanner Johnson, 35.

Season: Joe Marks, 146; Carlos Perales, 126; Lalo Chavira, 123.

## Hey, Longhorn Fans!

This week our fearless Lockney Longhorns are traveling to Olton to battle the Mustangs at 7:30 p.m. The Junior High will play at Mitchell-Zimmerman Field starting at 5:00 p.m. Thursday. The Junior Varsity does not play this week. Come out and show your support for the 'Horns and boost their morale as they plan their next victory.

## U.S. Department of Agriculture to hold Farm Policy Forum in Texas

The U.S. Department of Agriculture will hold a public forum October 15 in Kingsville, Texas, to solicit public input on policy issues needing consideration during the development of the 1995 farm bill.

Harold Bob Bennett, Texas State Executive Director for USDA's Agricultural Stabilization and Conservation Service (ASCS), said the forum will be held at Texas A&M University - Kingsville from 8 a.m. to 4 p.m.

"Secretary of Agriculture Mike Espy firmly believes that the future of U.S. agriculture in the 21st century will depend on the policy foundation we establish in the 1995 farm bill. This is a unique opportunity for Texas farmers, consumers, and others in the agricultural sector to offer their suggestions on how to improve existing USDA programs and policies as well as to suggest new tools that will help U.S. agriculture reach its full potential in the century ahead," said Mr. Bennett.

Among the officials who are scheduled to participate in this farm policy forum are House Agriculture Committee Chairman Kika de la Garza from Texas' 15th Congressional District. USDA participants include Under Secretary for International Affairs and Commodity Programs Eugene Moos and Acting Assistant Secretary for Economics Keith Collins.

Individuals who would like to make a presentation are requested to register in advance. To register, contact the Texas State ASCS Office, phone (409) 260-9207, or fax (409) 260-9358.

Another forum on this same subject is scheduled to be held during September in Spokane, Washington.

### Budget Projection Software

The middle of harvest does not hardly seem the time for producers to be thinking about budgets for the next cropping year. However, you can not wait long after the stripper or combine moves out of the field when the shredder and disk move in that you have begun the next seasons expenses.

Ag producers are financially coupled to per unit production costs and volatile commodity prices. To sustain operations in this competitive environment identification of expected expenses (which can be controlled) and incomes become imperative. The BUDPRO software program, developed by the Texas Agricultural Extension Service, is a direct response to demand for software to facilitate these determinations.

The program is a standardized compiled spreadsheet designed to generate

production budgets for the top six commodities in the state of Texas. These six commodities include: cotton, corn, cow/calf, sorghum, stocker cattle, and wheat. As demands warrant, additional programs targeted to other commodities will be developed. The software analyzes user supplied information to determine expected net returns, expenses, and break-even prices.

These programs were developed as projection tools and are intended for planning purposes only. Each program is a stand-alone program which does not require any other software to operate. These programs are menu-driven and require minimal computer knowledge.

For more information on this budgeting software give me a call at the Floyd County office of the Texas Agricultural Extension Service.

## Turley accepted into NAICC

LOCKNEY—Roy Turley, of Turley Entomology Service in Lockney, has been approved for voting membership in the National Alliance of Independent

Crop Consultants (NAICC). He has met the education requirements and the minimum of four years of experience in the field.

The alliance was formed in 1978 as a professional organization for independent crop consultants and contract researchers. Since that time NAICC has grown to represent 300 consultants, contract researchers and affiliated professionals nationwide. Turley is one of the 28 members from Texas.

The goal of the alliance is to bring together interested individuals and promote the professional status of crop consultants and contract researchers as well as provide an information exchange within the agriculture community.

## Profitability guidelines given for low yielding dryland cotton

By Shawn Wade

Officials with the Federal Crop Insurance Corporation (FCIC) are in the process of getting the word to crop insurance providers about FCIC's recognition of the unique circumstances surrounding the 1994 High Plains dryland cotton crop.

According to Lubbock-based Plains Cotton Growers (PCG) FCIC officials have sent out copies of the September 2 issue of "COTTON NEWS" that outlined the options available to producers for the timely termination of the 1994 dryland crop. A copy of the "Guidelines for Maximizing Profitability in Low Yielding Cotton Fields" is available from PCG and the Texas Agriculture Extension Service.

"FCIC officials have recognized the fact that this year's dryland crop is for the most part already made and that unnecessary delays in harvesting activities will only reduce the already low yields expected from these fields," says Donald Johnson, PCG Executive Vice President. "The guidelines we helped develop will aid producers in making this year's harvest decision by spelling out the three options open to them under FCIC's currently established procedures."

Johnson explained that producers who harvest their fields entirely can use the actual yield of the farm for insurance purposes. Producers opting for this option are reminded that even though they harvested the field entirely they need to have the field released by their insurance carrier before beginning any post-harvest tillage operations.

In addition to the agronomic considerations surrounding the 1994 dryland crop FCIC has also recognized that producers have other concerns about the crop. Early termination will efficiently and effectively remove the major food source for boll weevils preparing to go into overwintering habitat.

"In many ways producers have an opportunity to create a win-win situation by spending a little money up front to get the crop out of the field," notes PCG Boll Weevil Control Program Coordinator Roger Haldenby. "Early termination of fields allow producers to maximize as much as possible the quality of cotton that is there and remove a major boll weevil food source. Right now weevils are feeding, building fat deposits and preparing to enter overwintering habitat."

Haldenby adds that removing the weevils food source now by defoliation and harvesting, or even plow-up in some instances, would be a tremendous help in the fight against the boll weevil.

According to Lubbock-based Plains Cotton Growers (PCG) House-Senate negotiators have agreed to increase funding for USDA's Boll Weevil Eradication Program in Texas and other cotton producing states by \$5 million for Fiscal Year 1995.

The increase brings total funding for the program up to \$18.084 million for 1995. The final version of the appropriations bill that includes the Boll Weevil funding will be considered by the full Senate in the next few days.

### GUIDELINES FOR MAXIMIZING PROFITABILITY IN LOW YIELDING COTTON FIELDS

Producers are under a strong incentive to bring the 1994 dryland cotton crop to a swift termination. Most fields are fully mature and further delay will decrease yield, quality and price. In addition, any delay in crop termination will

also waste precious water in the production of regrowth that in turn provides food for overwintering boll weevils and contaminates the cotton with bark.

Several options are available to producers of fields with crop insurance:

**First: Boll Count Method of Appraising Yield.**

**Option A -** Contact crop insurance agent to request a boll count method of appraising yield. The boll count method estimates yield by counting both green and open bolls. Note: Due to the manner in which harvestable green or unopened bolls are scored, this method may overestimate actual yield.

**Option B:** To increase the accuracy of the boll count method producers can choose to wait until most of the bolls are open or, once the crop is mature, apply a harvest aid to the entire field or just to representative strips within the field. Producers are encouraged to check with their insurance agent to determine the size and number of strips required by their policy. As a general rule strips should be at least 10 feet wide, run the length of the field and equal at least 5 percent of the total field area. Waiting for the bolls to open or use of harvest aids should increase the accuracy of the boll count method.

**Second: Test Strip Method of Appraising**

If the producer is unsatisfied with the yield estimate from the boll count method, he can choose to harvest, gin and class bales from representative strips through the field. This data then can be submitted to increase the accuracy of the yield estimate applied to the field and also provide an estimate of quality loss. Destruction of portions of the field not included in the test strips should be postponed until the entire field has been released by the appraiser.

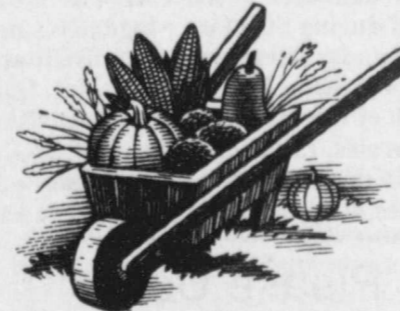

If the field is released by the appraiser and the producer decides to destroy the crop, the producer should then contact the county ASCS office to file an application for disaster credit.

**Third: Harvest Entire Field**

Many producers may prefer to harvest the entire field to determine precisely the yield and quality of the crop for insurance purposes.

**Reminder:** After a producer has completed harvesting, either the entire field or representative strips within the field, they should contact their insurance agent to arrange for the release of those acres for insurance purposes. After a producer has completed harvesting, destruction, etc., and the fields have been released by the insurance carrier they are encouraged to initiate tillage operations such as bedding-up and furrow diking to increase the retention of fall rainfall for the 1995 crop.

These guidelines were developed through the cooperative efforts of the Federal Crop Insurance Corporation, Plains Cotton Growers, the Texas Ag Extension Service, Texas Tech University and members of the National Crop Insurance Services Loss Committee.

## South Plains College offering courses in agricultural finance

You probably won't find tractors in the parking lots, but area farmers may soon be leaving the fields and entering the classroom at South Plains College.

With the passage of the 1990 Farm Bill, the Farmers Home Administration (FmHA) now requires all of its direct and guaranteed borrowers to complete and pass educational courses involving agricultural finance and agricultural production.

The continuing education requirement was the impetus behind the development of "Bottom Line Farming," a financial training curriculum tailored specifically for farmers and ranchers by Ron Presley, assistant professor of agribusiness at South Plains College, in conjunction with the Texas A&M Extension Service and Texas Rural Communities.

Texas Rural Communities, a non-profit organization based in Austin which was chartered to develop programs that aid rural communities, hired Presley in 1991 as a consultant to develop a curriculum which would meet the requirements specified by the FmHA to teach farmers advanced financial techniques.

In addition, an agreement recently was reached permitting Presley to run a pilot program designed to test the curriculum at South Plains College and four other community colleges in the state.

"I'm thrilled to get to be a part of this exciting new challenge and opportunity," said Presley, who was assisted in coordinating plans and course scheduling by Jim Jenkins, associate professor of agriculture, and Dave Cleavinger, instructor of agriculture.

South Plains College will be the institution that serves as the central communication point within the network of other Texas institutions that offer the "Bottom Line Farming" financial training curriculum. Presley also will be charged with managing communications between the FmHA and the other participating community colleges. Financial support will be provided by Texas Rural Communities.

The course consists of 36 classroom hours that can be designed to fit the schedule of the farmers and ranchers. The curriculum begins with goal setting and priority management, and continues to cover interpretation and use of financial statements, strategic planning, operational planning and other practical aspects of farm financial management.

Presley adds that there are plans to offer a course in agricultural finance to

all area farmers, ranchers and others interested in agribusiness through the Division of Continuing Education this fall. The farmers and ranchers have two years to complete the course in order to comply with FmHA regulations.

## Trinity Church names new pastor

FLOYDADA--The Rev. Glenn Wachob from Broken Arrow, Oklahoma, has become the new pastor of Trinity Church of Floydada. Originally from Pennsylvania, Pastor Wachob attended Valley Forge Christian College of the Assemblies of God in Phoenixville, Pennsylvania. After attending college, he served for the next several years in Pennsylvania as Associate Pastor and Pastor. He has also traveled as an Evangelist in several states ministering in churches, camp meetings, Full Gospel Business Men's Fellowships and Women's Aglow meet-

ings. The Wachob family moved to Oklahoma in 1988. While living in Broken Arrow, Pastor Wachob attended Rhema Bible Training Center and is a 1994 graduate. He and his wife, Becky, have been married for 15 years. They have two children, Glenn Jr., age 12, and Angelina, 9.

## The Lamplighter

**Continued From Page 1**  
America, that foreign policy debate stopped "at the water's edge." Debate might ensue, in this country, over just about any impending venture abroad. Those debates generally turned on what was best for this country's "national security interests." But when the decision was made, and troops were committed, the debate ended and ranks closed until it was over. In this case, again in our view, the decision was driven, not by national security interests, but by domestic politics. The danger is apparent. When domestic politics intrudes upon, and influences, the conduct of foreign policy, the political squabbles inherent in domestic politics will inevitably intrude into foreign policy as well. If that precedent is established, and we think it is now being established in the case of Haiti, it will not be good for America.

## NOTICE OF PROPOSED GAS RATE CHANGE

On September 20, 1994 Energas Company filed Statements of Intent to change its gas rates and service charges with the Texas Railroad Commission and each incorporated city listed below. The proposed changes will take effect no sooner than 35 days after filing.

The Company proposes to increase its customer charge by 89 cents per month with no other changes to its gas rate schedules. The change would apply to General Service (residential and commercial) and Small Industrial Service. The Company also proposes the following increased service charges:

	During Business Hours	After Hours
Turn on new service with meter set	\$23.50	\$35.25
Turn on service (shut-in test required)	19.00	28.50
Turn on service (meter read only required) and miscellaneous service calls	10.50	15.75
Reconnect delinquent service or service temporarily off at customer's request	29.50	39.00
Dishonored check charge	25.00	

The proposed changes are expected to increase the Company's annual revenues by approximately 1.9% and therefore do not constitute a "major change." The proposed changes could affect approximately 217,000 gas consumers in the following communities and surrounding rural areas:

Abernathy	Hart	O'Donnell	Southland
Amherst	Hereford	Olton	Springlake
Anton	Idalou	Opdyke West	Stanton
Big Spring	Kress	Pampa	Sudan
Bovina	Lamesa	Panhandle	Tahoka

Happy	Odessa	Smyer	

\*unincorporated

Copies of the filing are available at the Energas Office at 5110 80th Street, Lubbock, Texas 79408-1121, and your local Energas Office. Affected persons whose gas rates are subject to the original jurisdiction of the Railroad Commission may file in writing comments or a protest concerning the proposed changes with the Docket Services Section of the Legal Division, Railroad Commission of Texas, P.O. Box 12967, Capitol Station, Austin, Texas 78711-2967, at any time within 30 days following the date on which the change would or has become effective.

## A Tribute to Granddaddy

No sweeter man was there to us than you.  
 For as long as we can remember you were always there --  
 Playing your part as a husband, and a father, and a grandfather  
 Doing the things you needed to do and leaving us so many examples  
 Of how to live (as you would say) good, clean, Christian lives everyday  
 Although you weren't a big man in stature, you've left some mighty big shoes to fill.

You've been the backbone of our physical family and our spiritual family  
 You were like that rare treasure that's so hard to find --  
 You were OUR rare treasure.  
 With your kind and gentle ways, you've touched many, many lives  
 And you always sought for peace and harmony in whatever you did.  
 We appreciate all that you stood for and hope we can become as strong in the faith as you were.

We will cherish the memories of you fondly and hold you close to our hearts forever.  
 There were many times you said you felt so greatly blessed by us.  
 But just so you know, we're the lucky ones Granddaddy --  
 We're the lucky ones.  
 We love you,

By: Rebecca Redding Davis, Granddaughter

QUILT WINNER -- Judy Miller of Silverton, center, was the winner of the Senior Citizens quilt raffled at the fair. Holding the quilt are some of those who worked on it, (left to right) Maxine Hill, Berniece Kent, Hazel Johnson, and Bertha Rolling. Ruby Kiser sold the winning ticket.

## Cards of Thanks

The family of Wilson McKinley Fowler would like to express our appreciation of the many acts of kindness shown our family during this time of sorrow. The flowers, cards, food, and the memorials given to our church and community in Mack's memory will always be remembered.

We want to thank our many friends and loved ones who supported us with cards, letters and telephone calls during our month stay in San Antonio.

We wish to thank each of you for every kindness shown us during the loss of our beloved husband and father, Grady Dunavant. The abundant outpouring of expressions of sympathy shown to our family, whether by words of comfort, prayers, cards, food, flowers, calls, and memorial gifts, or your attendance at the funeral has touched our hearts so deeply. A special heartfelt thanks goes to those who served the meals and those dear ones who sat with us during surgery. We are forever indebted to this loving, caring community. You have made our loss so much easier to bear. May his memory live on in each one of us that we may find a way to repay each one of you.

A special thank you to some fellows who took some time out from a fishing trip to help me move: Buddy Gaitner, Randy Duke, Randy Bertrand, Steve Anderson, Larry Stovall, Julio Mendoza, and Jim Cornelius.  
 Thanks again,

# Floyd County Hesperian-Beacon FOOTBALL CONTEST

**GOOD LUCK!!**

## Floyd County Hesperian-Beacon Football Contest Rules

Any subscriber or individual above the age of 7 years old who purchases a Floyd County Hesperian-Beacon is eligible to enter this newspaper's weekly football contest, except employees of this newspaper and family members living in the same household.

To play, circle on the official entry form, the numbers of the teams you believe will win this week's games. To indicate a tie, circle the numbers of both teams playing the game. In addition, write in each of the tie breaker footballs your guess of the combined total points to be scored by the two teams listed. Also circle the team you believe will win. Circle both teams if you think the game will end in a tie.

The only entries which will be considered for prizes will be those on official entry forms which are brought to the Hesperian-Beacon office in Floydada or to the Hesperian-Beacon Office in Lockney by 5:00 p.m. on Friday. No photocopies will be accepted.

**NO MAIL ENTRIES WILL BE ACCEPTED.**

Three cash prizes are offered each week. In the event of ties - the same number of correct games and equal scores on the tie breakers - prizes will be shared by those involved in the tie. The tie breaker scores will be utilized only in the event of a tie on the number of games correct.

Print your name and address plainly on the official entry form and double check your choices before clipping out the entry form and depositing it at the Hesperian-Beacon office before 5:00 p.m. on Friday.

Entries are limited to one per person per week. Weekly winners are limited to one per household.
