Continuing our discussion about politics 1994.

Last week we dealt primarily with judicial races. This week we will look at the races for Governor, the U.S. House, and the state Senate.

We expect the race for Governor to be exceedingly close. The incumbent Governor, Ann Richards, will go to the polls with at least 40 percent of the vote locked up. The black vote now amounts to about 12 percent of the total, and she will get about 95 percent of that vote. The Hispanic vote will amount to a little more, in our view, but she will get less of it, something on the order of 75 percent. The "brass collar" vote is rapidly dwindling in Texas, but is still a factor. The "gay" vote is miniscule in numbers, but is an important influence among the media elites. It will be solidly in Richards camp.

All that is not enough to re-elect Richards, but it is a sizeable vote that is beyond the reach of her opponent, George W. Bush. The fight between the two is essentially over what is left. Neither candidate seems to be electrifying the vote populace. Most of Richards' vote, outside her built-in constituencies, seems to come from people who are relieved that she has done practically nothing while governor. There is the feeling that "it could have been worse." And indeed it could have.

Still, there are many problems in this state that need attention, and Richards has offered precious little in the way of political leadership in addressing, much less solving, those problems. She has used her time, and her position, (other than when she was out campaigning for Clinton) to laud state government with people from her supporting groups, with little regard for merit or qualifications. In the process she has had a few good appointments, and many bad ones. It is not, in our view, a good record overall. That would not be a problem, again in our view, were it not for the fact that these are the people who actually run state government. The Governor has little power in Texas, other than in appointments to state agencies and departments. If mediocre sycophants are put in command of state agencies, mediocre results will ensue.

The bottom line is that we will vote for Bush, not because we believe his election will wave a magic wand over Texas, but because we believe he will offer a different brand of leadership for the state, and he will bring a different set of people into state government. It's mostly a matter of hope, but hope is important in politics and government. We surely can't hope for much better from the incumbent that we have seen to date.

Now to the race for U.S. Representative, District 13. We think this race will also be close. The District, as presently drawn by the Texas legislature, was created to be friendly to the incumbent Bill Sarpalius. (The District now includes East Lubbock and rambles all the way to the Denton area, north of Dallas, and includes the Democratic stronghold of Wichita Falls). But his vote on Clinton's tax bill, and his support of other positions taken by the liberal Democratic leadership in the House, plus his involvement in the "moving-gate" scandal has placed him in a politically tenuous position.

## Food, fun, games await revelers

FLOYDADA--The Punkin Days celebration will kick off its eighth year October 29, with the tradition fun run and 5K race at 10:00 a.m. The rest of the day will be full of activities for the young and old and plenty of good food and bargains surrounding the courthouse square.

The arts and crafts booths will be open to shoppers at 9:00 a.m. The Punkin Day Committee has made every effort to ensure quality booths and have asked for only homemade arts and crafts to be sold.

There will be plenty of artistic pumpkins to gaze at near the pavilion. Those wishing to enter their creations for judging should have the pumpkins in place by 8:30 a.m. There are all kinds of categories to enter your pumpkin, such as: best decorated, prettiest, ugliest, smallest and largest. There will also be a bake show for your edible pumpkin entries.

For those interested in running in the 5K or Fun Run, you must pick up your registration packets and T-shirts at the back of Floyd County Farm Bureau at 8:30 a.m.

Volunteers are still needed to help out the different Punkin Day chairmen. You will be used to help hand out ribbons, markers, knives, and "lots of very easy and fun jobs."

Although the official kick off day for the harvest festival in Saturday, Floydada always starts celebrating Punkin Days one day earlier than anyone else when the downtown merchants dress up in costume.

It is a fun day to shop Floydada stores. If you don't find a bargain you will at least leave the stores with a smile on your face.

around by bicycle, motorcycle, skates, or wheelbarrow. Whatever mode of transportation the runner can create is acceptable.

The only rule in the Fat Man Race is that the runner have a sense of humor. An of course, the runner doesn't have to be "overweight".

Laura Turner, one of the fat men organizers, promised that the food offered to the runners at their check-in points will be "small and light" servings.

### WIN MONEY

There are two chances to win money on Punkin Days.

If you make the correct guess of the weight of the pumpkins in the trailer, parked at the southwest corner of the square, by 10:00 a.m., you could win \$25.00.

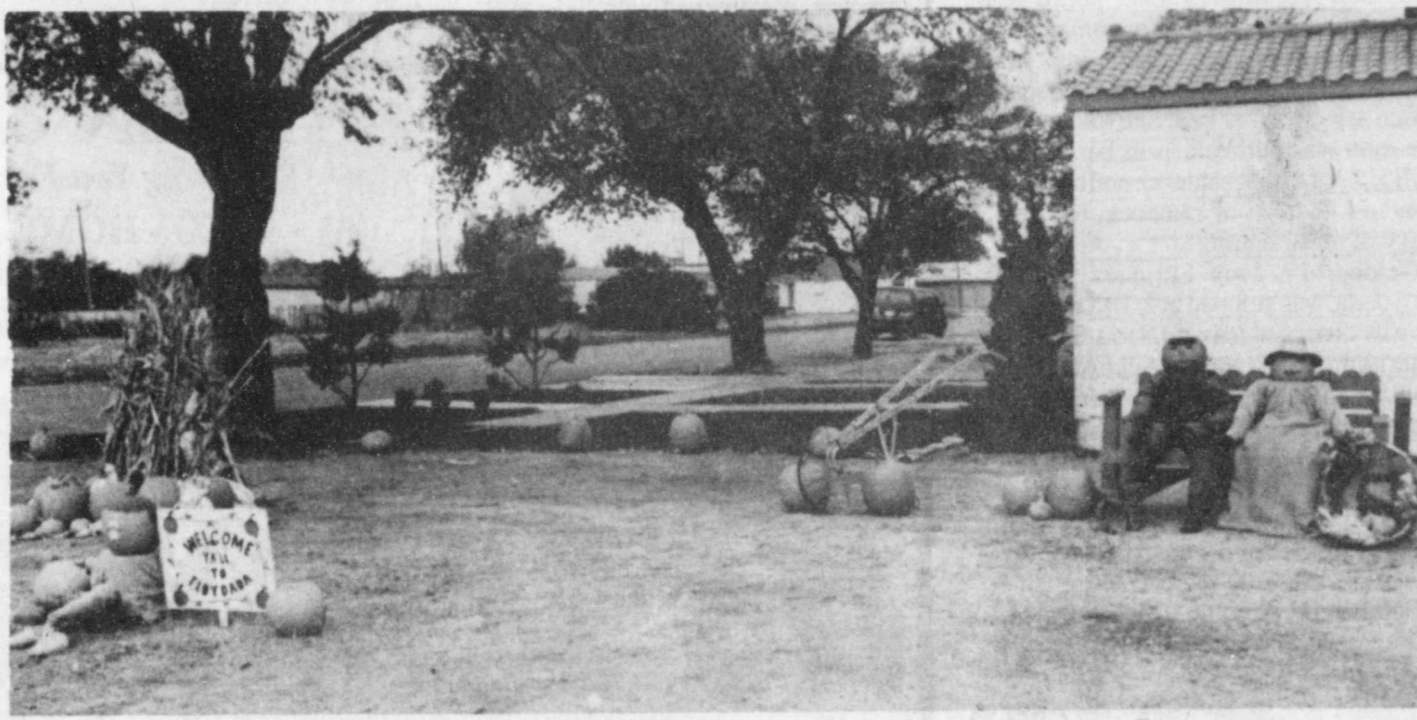

Big money will be won at the Cow Patty Bingo. You must have your tickets purchased by 1:30 p.m. when the cow will be released to his pen.

Wherever the cow leaves his mark will determine the winner of the \$500.00

## Lockney High School paper keeping students informed

By Alice Gilroy

Lockney High School can now boast of their very own newspaper thanks to the efforts of Lisa Mosley's Journalism class.

The staff of 14 students are not only responsible for the publication of *The Informer*, they are also the same dedicated individuals who put out the popular end-of-school yearbook, *The Round-Up*.

Every week the students, led by Mosley and their editor, Juan Camacho, brainstorm in class over ideas for *The Informer* and for their up and coming yearbook. "We don't start getting real crazy until it's close to the deadline for the paper," said Mosley.

The *Informer* is printed by a copy machine every six weeks. Like all staff members of any newspaper, the journalism students take great pride in seeing their work come off the press (or out of the Xerox machine) and into the hands of students and parents.

"A lot of kids who never get their names in the regular paper because they may not be honor students, will get their names in our paper," said one senior staff member, Margee Mann. "It makes them feel good and it makes us feel good too."

The first issue off the machine this year was a 12 page newspaper with each page measuring 7" X 8 1/2". Three hundred copies were printed and distributed throughout the community in places such as coffee shops and the hospital. Copies are also sent home to every parent.

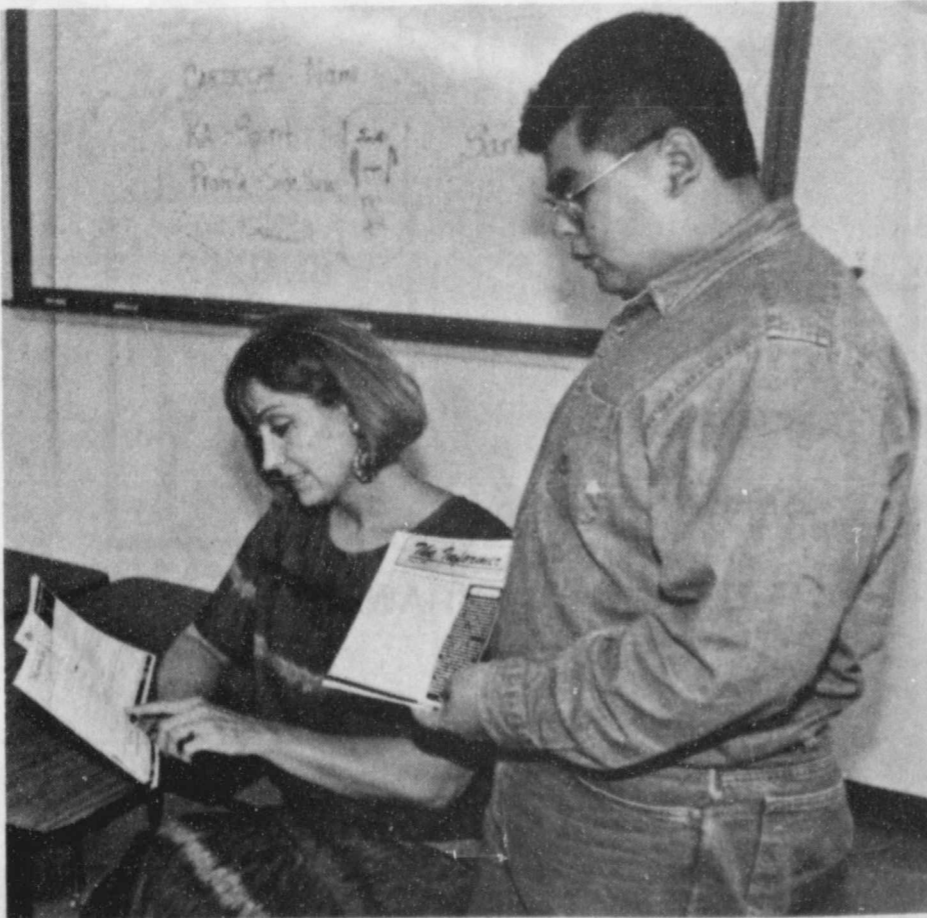

The paper is full of school happenings, including FHA news, sports, and student council reports. The paper also highlights student and teacher achievements, special class projects, library news, teacher features and even advertising.

"Parents have been very appreciative of the paper," said Mosley. "We have been told that the paper is the only way they can keep up with things happening at school."

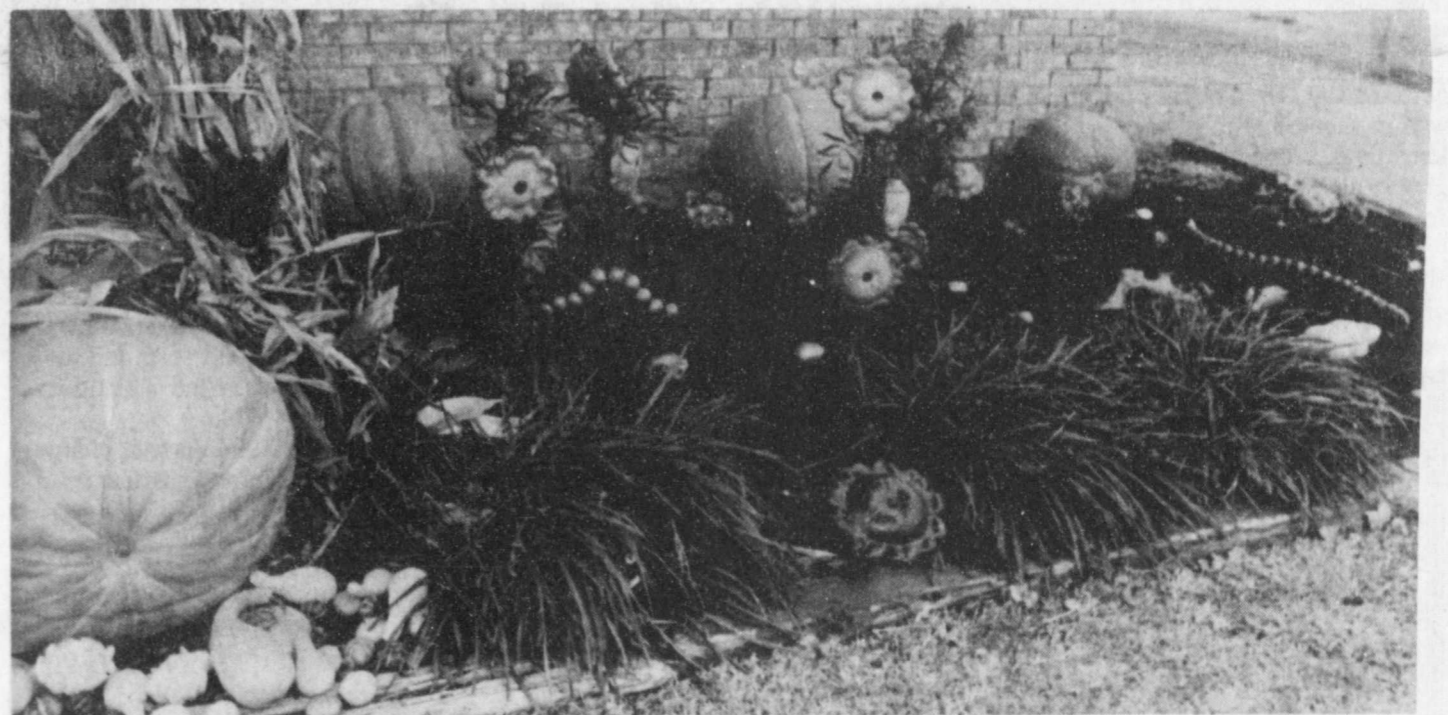

"I've been told by parents that they wouldn't know what their kid was doing without us."

Which is exactly what the paper was created to do. "We came up with the idea for the paper after a Site Based Management meeting last year," said Mosley. "To help improve our school we decided we should do better public relations and get out to the parents what the students

## Future water rationing possible

# Lake Mackenzie reduces water allotment to Floydada

FLOYDADA -- City Manager Gary Brown informed the members of Floydada City Council on Thursday, October 20, that Mackenzie Municipal Water Authority will be reducing the daily water allotment to Floydada. Following action taken at the October 18 board meeting of the water authority, the City of Floydada will be allowed no more than 308,000 gallons of water per day of their maximum allotment of 728,000 gallons per day beginning on November 1, 1994.

The 60 percent reduction is a result of the drastically fallen water level at Lake Mackenzie, the source of water for four area cities. Tulia, Lockney and Floydada have been supplementing the Mackenzie water with water pumped from city wells throughout the summer and fall in order to meet the needs of local citizens. Silvertown has no wells and must depend on Mackenzie water for its citizens.

According to Brown, "The Mackenzie Board had hired a consulting firm and engineers to investigate alternative sources of water for the district at the September meeting, but fired them at the October meeting and basically left us on our own." He went on to explain that further reductions in water supply from Mackenzie would occur if the water level falls more.

The lake elevation is currently 3026. If it falls to 3015, the allotment will be

cut by 75% and will cease entirely if the elevation falls to 3010. Mackenzie General Manager Roy Garris indicated in his letter to Brown, "I feel like at some point in time, the rain will come and we will resume normal operation."

Brown explained that the fixed costs

the city pays towards the water district, regarding operation and bonded indebtedness, will remain at approximately \$23,000.00 per month. The only reduction in cost the city can expect is in the

## Decorating winners selected

After some tough judging Tuesday night, judges were forced to narrow their decisions to just three winners in the Punkin Day Decorating Contest.

In the Home Division, 1st place and a \$75.00 prize went to Alfredo Medrano. The Medrano home is located on the corner of 2nd and Lee Street.

Second place and \$50.00 was awarded to Helen and Sherri Griggs. The neighbors joined forces to build their "tiniest Pumpkin farm" between their two houses, located at 520 W. Virginia.

Third place and \$25.00 was won by Larry Stovall, 800 W. Tennessee. Honorable mention was given to Trent Johnson's buried man in the front yard of his home at 800 W. Missouri.

In the Business Division, 1st place and \$75.00 goes to the Floydada Housing Authority, 210 E. California, for their "Pumpkin Zoo". The zoo animals can't be fully appreciated with a quick drive-

by in your car. It is best to get out of your car and look into the garden.

Second place and \$50.00 goes to the City of Floydada for their Pumpkin Park.

The Floyd County Courthouse won third place honors and \$25.00. The courthouse is another winner who can't be appreciated with a drive-by look. Take a step in the front door and you will be greeted with steps full of jack-o-lanterns, a ghost hanging from the ceiling and a mummy standing in a graveyard.

Honorable mention in the Business Division went to the Floydada Branch of the First National Bank in Lockney with their Pumpkin Train.

Special recognition was also given to the Duncan Elementary students for their Pumpkin kids lining the sidewalk at Duncan Elementary. The pumpkins had been donated to every Duncan child, by pumpkin grower Jon Jones.

With time so close there is not much left to say about Punkin Days except to pray for pretty weather and come out and enjoy yourself!!

The Punkin Day committee is meeting at 7:30 a.m. at Nielson's on Punkin Days before they go out to help set everything up. Don't oversleep.

Remember kids—in Floydada the trick or treating will be done Saturday night at the city park across from the high school.

In Lockney—trick or treating will be in town as usual on Saturday night (not Halloween night-Oct. 31). After trick or treating Lockney PTA will once again sponsor the popular Halloween carnival at the elementary school. The kids always enjoy this more than the door-to-door trick or treating.

We will have the election board up on November 8 in front of the Floydada office. Everyone is welcome to watch the returns from the street or from inside this office. We will have coffee and refreshments inside. We will also have a TV on so you could watch the statewide and national returns if you wanted to. We will also post the winners of the two commissioner races at the newspaper office in Lockney.

Ken Towery will be available to autograph copies of his book, *The Chow Dipper*, in the Floydada office of The Hesperian-Beacon on November 8 (election day) from 5:00 p.m. - 7:00 p.m. We will also have copies of the book for you to purchase.

He will also be available at the Lockney office on November 11 (Veteran's Day) from 5:00 p.m. - 6:00 p.m.

I don't think there is any way we could have thought of any two days more appropriate for him to sign books. You will understand why after you read it.

On Dec. 11, 1992, Dr. W.J. Mangold passed away. The Lockney community was in shock and mourned for a very long time. None suffered the loss as greatly as Martha, his partner and wife for 50 years.

Martha had known Dr. Mangold since she was in the 2nd grade. They had been childhood sweethearts and it seemed were almost joined at the hip. Every-

thing Dr. Mangold did for this community was done with the help of Martha.

When he left she seemed so alone. Her whole life centered around her husband and her family. Although her sons and grandchildren were still around and very supportive, Martha seemed lost without Dr. Mangold.

Her purpose in life had always been to serve her husband and raise her children. Now her husband was gone—her children were grown and she was at a loss.

These last two years of grief for Martha are now over. She has gone on to join her husband and she doesn't have to worry about ever losing him again. They will share eternity together. That is the comfort that will get her family and friends through yet another time of grief.

The first obituary I read about Martha said she was "a homemaker". It was a simple statement and even though it didn't come close to describing the work that Martha did—in one sense that one simple statement said it perfectly.

Martha made a home. She made it for her husband—her children—her friends and her community. She worked at it from sunup to sundown.

I was not a close friend of Martha Mangold, but my heart was touched by her so many times. She was elegant, strong of heart and spirit and so very kind.

There was hardly ever a time that I did not see Dr. Mangold and his wife together that his beeper didn't go off and he was called to the hospital. At chamber banquets, restaurants, church, family gatherings—it didn't matter where—the beeper would sound off and Dr. Mangold would rise and go to the phone.

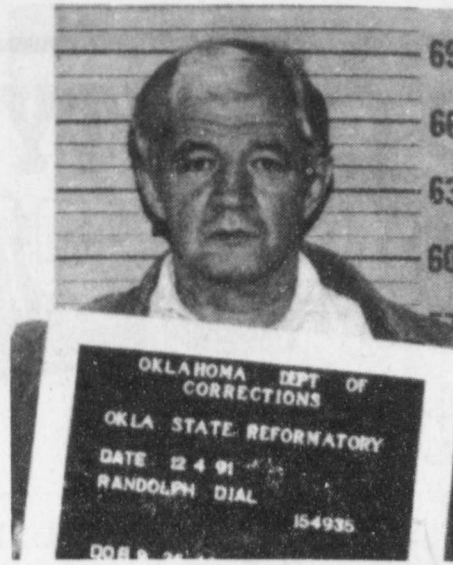

Usually within minutes, Dr. Mangold would have to leave and Martha was always by his side. Dr. Mangold would whistle and Martha would smile. She always smiled and she always graciously shared her husband with Lockney and other communities in need.

She never looked disappointed that her husband was once again being called away from their time together and she never complained. She was the perfect example of what everyone imagines a country doctor's wife to be. Her place was by his side.

Dr. Mangold could not have been the wonderful doctor or father that he was without Martha. She made her husband a success and her children a success. Their successes were her successes.

She made her home a warm and comforting place to be. She was truly a homemaker—for her husband, her sons, her grandchildren and her community.

Jesus promised us many mansions. He has always had one prepared for Martha. Now she is going to make another home out of it. Something for all of us to look forward to.

**LOCKNEY**—The first meeting of the Junior Board of Directors for the First National Bank in Lockney and Branches, Floydada and Olton was held in Plainview at the Golden Corral.

Junior Board members introduced were Crissy Sandoval, Olton; Rodney White, Olton; Coby Marr, Lockney; D.G. Hollums, Floydada; Jennifer Harbin, Floydada; Amy Cox, Olton; Mandy Hunter, Lockney; Tiffany Ellison, Lockney; and Joni Smith, Floydada.

After the introductions Ronnie Hardin discussed the purpose of the Junior Board. He discussed some of the plans for the future meetings and the benefits the members might receive from being on the board.

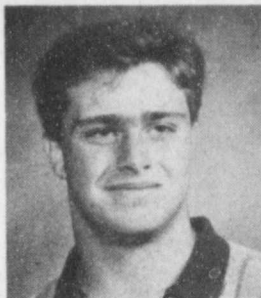

The group was welcomed by James Doucette. He discussed why the bank was interested in reinvesting back into the community and the importance of small independent banks to rural communities.

Board members voted to elect Rodney White as Chairman of the Board and Jennifer Harbin as Secretary of the Board.

Each board meeting will be held the last Tuesday of the month until basketball season begins and arrangements will be made to change the schedule.

Also present were bank officials, James E. Doucette, Ronnie Hardin, Judy Jackson, Paul Sharp, Mark Hodges, and Stacey Smith.

Guests present were Victor Smith, Marie White, Darwin Cox, Alicia Sandoval, Teresa Hollums, Kathy Hunter, Gary Marr, Linda Marr, Terry Ellison and Zelda Ellison.

are doing. I knew we could do it if we didn't have to do all the reporting."

"We don't have any trouble filling up the paper with news," said Editor Camacho. "Teachers write some for us, some students turn in news and reporters from different organizations bring us their news." Unlike other editors Camacho says he doesn't get very many complaints.

Plus, of course, *The Informer* staff also writes stories.

"It's hard sometimes to write for the paper," said one staff member Mary Lindsey Poole. "You go from Mrs. Terrell's class and learning creative writing and then you come here and have to write news."

"It's difficult for some of my students to write in a news style of writing," said Mosley. "They are very creative and want to write that way."

Because of that, most of the students enjoy creating the graphics for the paper and doing artistic work on their newly purchased Macintosh computers.

"The school has just supplied us with three computers," said Mosley. "We are very grateful and have really put them to work. We hope someday we can get some more because when we get down to the wire we need a lot more computers."

Although there is advertising in the paper, it does not pay for the cost of producing the paper. "The advertising is just a bonus for us," said Mosley. "The paper is given away free of charge." The school absorbs the cost of producing it. It is not supposed to be a profit making venture.

Right now the biggest problem the staff has had is in the printing of the paper. Three hundred copies of a 12 page paper requires the students to copy 3 front and back pages of an 8 1/2" X 14" (900 copies—if every page prints perfect).

"We can't just put in a page and tell it to print that many copies," said Mosley, "because you never know if it is feeding or copying correctly until you're done. Plus the copy machine is used by other people and very often we have to stop what we are doing and turn the machine over to someone else."

The number of issues is also going to increase beginning with the next issue because *The Informer* is now going to include Junior High news. Adding the parents of the junior high students will now increase *The Informer's* printing to 450 copies.

As deadline for the next issue approaches the pace will pick up and *The Informer* staff will more than likely begin to spend free time putting the paper together. "We try to do as much work as possible during the class time," said Mosley, "but it doesn't always work out that way."

The work is hard but something about the work is attractive to the high school students. According to Mosley, 45 teenagers signed up to be a part of *The Informer* and *Round-Up* staff. Only 14 were picked. Of that 14, eight are seniors, four are juniors and two are sophomores.

The staff consists of: seniors Juan Camacho, Nino Garcia, Margee Mann, Coby Marr, Mary Lindsey Poole, Mark Todd Terrell and Chris Guerrero; juniors Federico Cervantes, Lee Anne Galloway, Michael Reynaga and Shannon Veal; and sophomores Mandy Galloway and Gerardo Luna.

Of these students only one, Mark Todd Terrell, has decided he would like to pursue journalism as a career. His interest lie in sports writing and along with his camera Terrell is already a familiar face at Lockney sporting events.

Terrell's name is also familiar to those who read the football coverage in *The Floyd County Hesperian-Beacon*. Every week, Terrell has supplied football stories to the paper and very often his photographs are also published.

Another former journalism student, Cindy Perez, is now currently working toward her journalism degree from West Texas State University in Canyon.

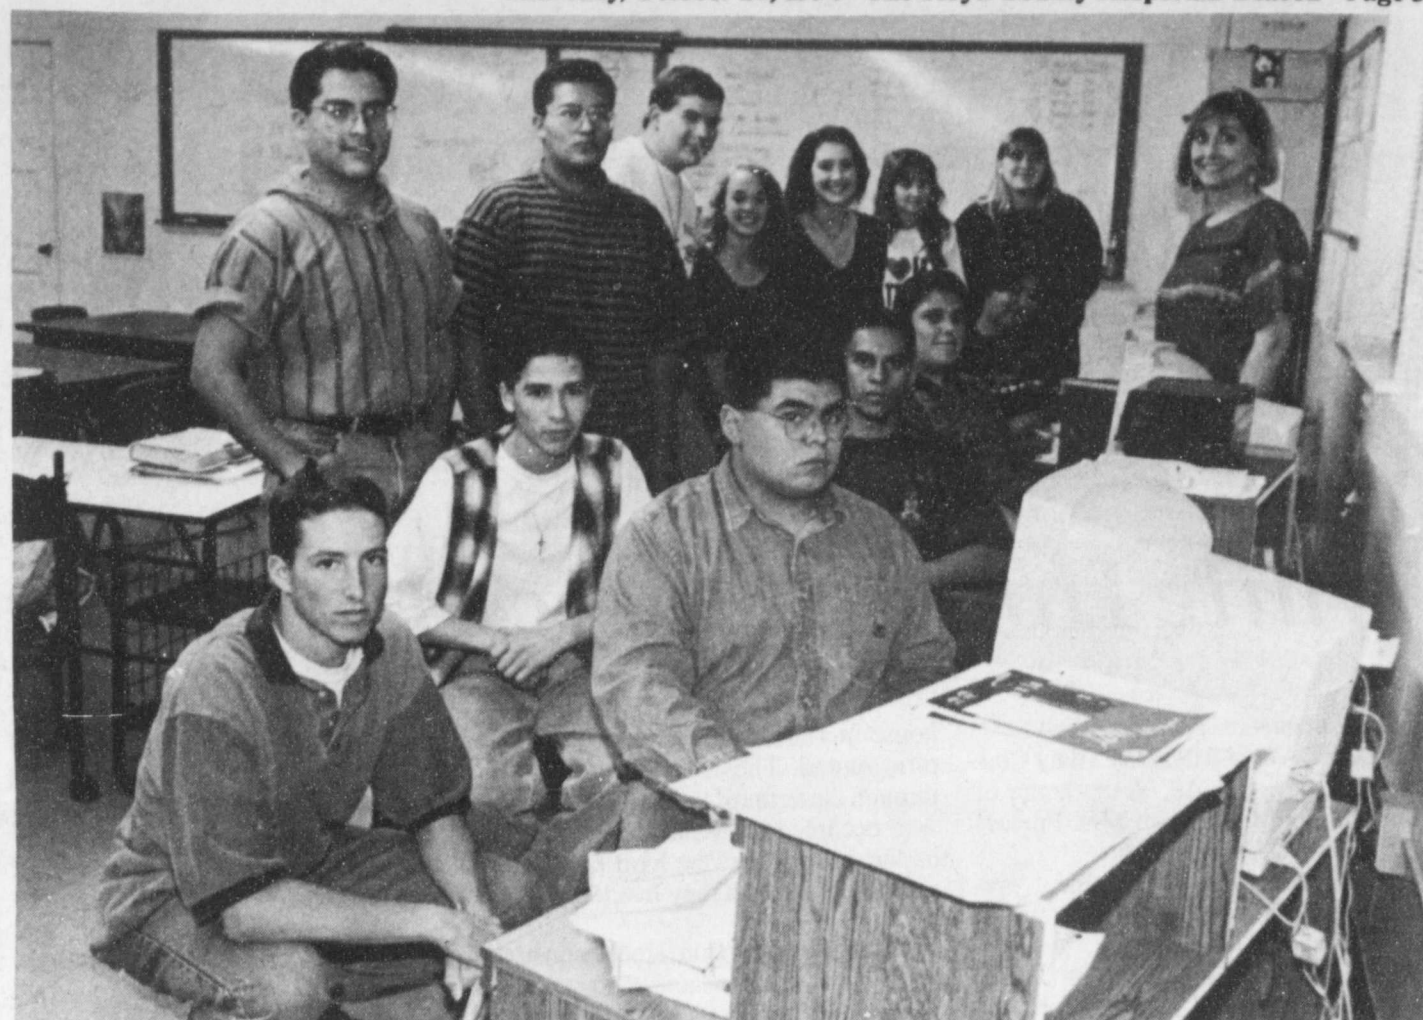

The experience being learned by each student is obvious in the quality work they have been putting forth, both in the newspaper and the yearbook. They may not all decide to continue in the journalism field but the pride they feel in a job well done will surely carry through the rest of the lives.

## White House is topic of program

**By Margarette Word**  
**FLOYDADA**—The 1934 Study Club met Tuesday, Oct. 18, in the home of Mrs. Mamie Bunch with Mrs. Frances Weathersbee as co-hostess.

Mrs. Frieda Simpson, president, presided. Mrs. Simpson led the group in saying the club collect.

Mrs. Bill Ferguson, recording secretary, called the roll call and read the minutes of May 17 and Sept. 13. Minutes were corrected and approved.

New and old business was discussed. Margarette Word discussed the needs of the senior citizens building and gave a list of items that the center needs to have done in order to keep the center in good shape for the present and future members. The club voted to give \$50.00 toward the building fund.

Mrs. Simpson introduced Mrs. Lorene Newberry who gave the program for the meeting. Mrs. Newberry's subject was entitled "The House That Belongs To All Americans." President John Adams and his wife arrived at the world-famous

White House in 1800, four months before his term ended. The whole article went through the terms of the many presidents who occupied the White House telling us the good times, the hard times, the sad times in which they lived.

She told us the White House consists of 18 acres of lawns and gardens, 132 rooms, 412 doors (with brass door knobs to polish), 32 bathrooms, 45 chandeliers, 66 sculptures, 492 paintings, 468 prints and drawings. The second-floor family quarters include 17 bedrooms, and 29 fireplaces.

To date the building's outside walls have had 30 coats of paint. It required 570 gallons to paint the outside. Running the residence alone takes 87 full

time employees and a yearly outlay of almost \$8 million. Over in the bustling west wing, the President's oval office is the heart of a governing hive. Total operating cost of the White House office are approximately \$39 million a year.

It was a very interesting and informative program.

After the meeting was adjourned refreshments were served to the following members and one visitor: Mamie Bunch, Betsy Dempsey, Bill Ferguson, Effie Foster, Queen Annie Lawson, Nell McClung, Lorene Newberry, Eva Parker, Frieda Simpson, Wanda Turner, Marie Warren, Frances Weathersbee, Jean Appling and Margarette Word. Visiting was Mrs. Bernice Stapleton of San Angelo.

## Georgia historian visits Floyd County residents

Marvin Sowder and Joan Dooley of Dalton, Georgia, were guests of Don and Nancy Marble in South Plains this past week. Mr. Sowder, a Civil War historian, spent time in Austin researching documents in the Civil War Hospital Collection housed in the Barker History Center.

During his Floyd County stay Mr. Sowder toured the pumpkin patches, the Lamplighter Inn and the Floyd County Historical Museum. Thursday he visited the Ft. Worth and Denver railroad tunnel in northeast Floyd County and the Caprock Canyon State Park with stops in Quitaque and Turkey. The tunnel was of particular interest as he is currently active in the restoration of the historic tunnel at Tunnel Hill, Georgia.

The famous Civil War locomotive chase through this tunnel between the "General" and the "Texas" took place in April 1862.

Mr. Sowder who is an active member of the Whitfield and Murray County, Georgia Historical Society and the Civil War Round Table received literature at

the Caprock Canyon headquarters which he feels will be helpful with the Georgia restoration project.

Mr. Sowder's friendship with Don and Nancy Marble began in 1981 when his efforts blocked the destruction of the 150 year old cemetery located on Nancy's ancestor's Bradley family farm. Working together with Dalton historical groups and family members the cemetery was preserved and marked with a historical monument.

The Dalton Sheriff's Department provides an annual cleanup of this cemetery as well as other small county cemeteries. Burials in the cemetery included soldiers from both the North and South as well as many early settlers of the Dalton area. Nancy's ancestor, Judith Turner Bradley who was the daughter of Revolutionary soldier William Griffin Turner, was buried there in 1867.

## Lockney Senior Citizens Rockins

**By Gene Newton**  
**LOCKNEY**—There were 51 present for a delicious meal and fellowship on Thursday night.

We want to thank the Millenium Singers from the Plainview Senior Citizens for coming to Lockney to entertain us.

I visited with Ferrell Dollar and Jack Whitfill this past Saturday at Methodist hospital and they both seem to be getting along fine. Of Course Ferrell will be in the hospital for several more days. A card to Room 582-E, Methodist Hospital, would be appreciated. Jack is supposed to come home this week.

Myrtle Taylor is still at St. Mary's in Room 405. She would appreciate cards and visits also.

We need to pray for those that are ill in our community.

Our sympathy to the Mangold family on the passing of their mother.

I want to thank Gladys Bobbitt and everyone else who is helping at the Center in my place while I am away.

# Residents celebrate October birthdays

**By Lorilla Bradley**  
Oh! What a lovely time of year  
October always brings us...  
Golden leaves on all the trees  
It's beauty simply "zings" us!

A friendly lady we all know  
... Her name is Myra Hall...  
Though she has slowed her step a bit  
For a party... just you call!

Mrs. Birchfield we now greet...  
On this her special day.  
The 97 years she now counts  
Was good along the way!

Our Mrs. Smitherman we salute  
... You'll find her always nice...  
And for a party she will come...  
No need to ask her twice!

And Mr. Smitherman we now have  
On this our birthday list...  
He's celebrated many times  
He seldom ever missed!

Our Mrs. Trapp we honor  
... Her years are 83...  
She'd love a visit any time...  
Stop by and you will see.

It's time to do the singing  
Of the same old Birthday Song...  
So clear your throats and join us  
And come out good and strong.

was party time at the Rest Home with members of the City Park Church of Christ hosting. The Hesperian photographer came for the picture taking which was followed by everyone being ushered into the dining room.

The honorees were seated at the

"honor" table where their places were marked with special cards. Each one wore a fresh corsage/boutonnieres compliments of Williams Florist and Card Shop. The table was laid with a pale pink cloth and adorned with a floral arrangement in blending shades of blue.

The poem was read and all joined in singing the Happy Birthday song. We are sorry Mrs. Hall and Mrs. Birchfield were unable to attend the party. We hope they are feeling better soon.

A delicious refreshment plate of decorated spice cake and angel food cake enhanced with a tasty fruit punch was served to the honorees, home residents and employees.

The next party will be Thursday, Nov. 17, 2:30 p.m. You are invited to be with us at this special time.

**OCTOBER BIRTHDAYS CELEBRATED**—Residents of the Floydada Nursing Home celebrated October birthdays with a party last Thursday at the home. Residents observing October birthdays were (l-r) Ernest Smitherman, Ruth Smitherman and Ruth Trapp. Also having a birthday, but not pictured, were Oda Birchfield and Myra Hall.

## Rodriguez's daughter stops over for visit in Floydada

FLOYDADA--Ruth Rodriguez Balliram and her husband, Lieutenant Colonel Niranjan Balliram were in Floydada this week en route to Fort Irwin, California. Ruth is the daughter of Lydia Rodriguez, owner of Little Stand Grocery Store on 12th Street in Floydada.

The Ballirams spent one year at Fort Knox, Kentucky, where Colonel

Balliram served as Chief, Patient Services, Surgical Services Team at Ireland Army Community Hospital.

Mrs. Balliram served as co-chairperson of the Hospital's Beautification Project, a volunteer group that worked for nine months to spruce up in-patient rooms and patient service areas. The project took over 1800 hours, with Ruth working over 500 volunteer hours. For this she received the post commander's award for community service.

Additionally, the project won first place in the post's Community of Excellence Award program and has been nominated for competition at the next higher level -- TRADOC (Training and Doctrine Command).

Lt. Col. Balliram will be the Chief of the Department of Nursing at Weed Army Community Hospital, Fort Irwin, Calif. Ruth retired from Civil Service in 1992 after 27 plus years of Federal Service.

## Floydada Senior Citizens News

**By Margarette Word**  
**FLOYDADA**—The center is open till 4 p.m. Monday through Friday. If you plan to eat lunch, please call 983-2032 by 10 a.m. This way the cooks know how much food to prepare.

Juanita LeVay of Ennis, Texas, has been visiting Buelah Baker and other relatives this past week.

Mike and Phyllis Badgett of Arlington were here last weekend visiting his parents, Peck and Frances Badgett.

Guy Garrison spent a few days in Amarillo visiting his nephew's, Melvin and Darrell Garrison and their families.

Juanita Henry is moving to Houston to live with her daughter, Myrna Sartain. Juanita belongs to a birthday club here in Floydada and they recently celebrated her birthday which was Oct. 21 and also gave her a "going away" party. Each of the 14 members gave her their address and the group gave her a money tree.

Our donations and memorials are still coming in and things are getting done. We have now painted the outside and Saturday, Oct. 22, we were able to paint the inside. Jan Willson is sponsor of the Floydada High School Student Council. Fourteen members of the student council spent several hours painting the inside, cleaning windows so well they really sparkled, painting benches, vents,

walls and tables. They were a wonderful group of students and really did a great job. I want you to know who these students are. We are so proud of them and I'm sure their parents are proud of them too. They are: Laci Christian, Jennifer Noland, Priscilla Peralez, Brian Nichols, Lydia Mendoza, Monica Galvan, Chris Enriquez, Michael Mercado, Kjersti Tvinneheim, who is this year's Foreign Exchange Student from Norway; D.G. Hollums, Jodie Villarreal, Angel Aleman, Justin Robinson and Juan Valdez.

Volunteer adults were: Jan Willson, Dolores and J.W. Cannon, Faye and William Bertrand, Jim and Margarette Word. Irene King, the center's director, cooked a tasty lunch for all of us. Jerry Bradford, bookkeeper for the center, and her grandson, Michael Lee of Plainview, also spent some time helping us.

It was a lot of hard work and we were really tired when we finished but we had a good time. Now, we need to have the carpet professionally cleaned and new linoleum for the tea serving area, kitchen and pantry replaced. We appreciate our volunteers. This would not be possible without your help. Also "thank you" who have helped us financially. You have helped in making all these changes possible.

### 1950 and 1956 Study Clubs hold joint federation meeting

**By Leora Younger**  
**FLOYDADA**—The 1950 and 1956 Study Clubs had their joint federation meeting on Oct. 11 at Lighthouse Electric. Meeting was called to order by 1956 president Donna Henderson and guest speaker, Lucille Barbour, district caprock president and outstanding Club Woman of the Year of T.F.W.C., was introduced by 1950 member Lovene Moore. Mrs. Barbour gave a very delightful talk and stated our theme for the year is "Volunteers in Action."

The two clubs had their individual business meetings. Tator Bake poster contest winners were announced: Na'Lyn Simpson, grades 7 and up; Bonnie Dunlap, 4th through 6th; Chance Crossland, 1st through 3rd, and Blake Greer, Pre-K.

The club voted to give \$25.00 to the "Trunk or Treat" to be held at the walking path on Halloween. We also voted to donate proceeds from the Tator Bake to several community projects.

The Tator Bake was discussed and members were reminded to bring their auction items to the November meeting at Patti Miller's.

A letter of resignation was read from Kathy Becker, due to her move to Lubbock.

Hostess for the 1950 club were Nell

### Pumpkin recipes shared with club

**By Doris Snodgrass**  
**FLOYDADA**—The Harmony FCE met in the club room of the Harmony Community Center for their October meeting. The meeting was called to order by the club president Karen Miller. Imelda Ramsey read an article on aging for the opening exercise.

Roll call was answered by our favorite pumpkin recipe. The minutes were read by the secretary Juanita Poole and they stood approved as read. She also gave a treasurer's report.

Thursday, Oct. 27, the club planned to visit the cotton knitting mill in Levelland and go to Heritage Farm at Shallowater.

Melissa Long gave a demonstration on making Christmas shirts and gave patterns. She also gave a demonstration using pumpkins. She made Pumpkin Chili, Pumpkin Dip and Pumpkin Party Punch.

Sandwiches and other things were served to the following: Anna M. Hopper, Blanche Williams, Arvie Schulz, Vivian Curtis, Lucille Miller, Juanita Poole, Ruth Scott, Doris Snodgrass, Maye Williams, and the hostess Imelda Ramsey and the guest Melissa Long.

**HAPPY ANNIVERSARY**  
 Sunday, Oct. 30: R.W. and Cornelia Johnson

We "thank you" who loaned us paint rollers, brushes, paint pans, drop cloths, and etc., making it possible in keeping down expenses. Those contributing were James Lovell, Buelah Baker, Lorene Newberry, Faye and William Bertrand, Jan Willson, Jim and Margarette Word, and Dolores and J.W. Cannon.

As of Monday, Oct. 24, the curtains are up. Faye Bertrand and Lorene Newberry made the curtains. Faye and William Bertrand and Jim and Margarette Word hung the curtains.

Last week John Cockrell, representing the Veterans of Foreign Wars Post 5616, and J.W. Harrison, presented Irene King, director, a \$200.00 check toward the building fund.

The same day Ed Wester, representing the American Legion McDermet Post 118, presented Irene King a \$200.00 check toward the building fund.

Many of our men and a few of the women who are members of our center were in our armed services. We "thank" these organizations for their donations.

We have been having a lot of watermelon and freshly picked tomatoes at lunch each day. They have been so good. Thanks to Bill Smith and Howard Gene Bishop for these.

This is a long article but I do not want to close without asking you to pray for those who are in the hospital, nursing homes, retirement homes, at home who

are ill or recovering from an illness, for those who have recently lost loved ones and for those who are in treatment for their illness. They need our prayers and concern.

Thought for the Week: "You can always tell a true friend. When you've made a fool of yourself, he doesn't make you feel that you've done a permanent job."

JANICE AND JERRELL BRASHEAR will be performing at the First Baptist Church in Lockney on November 2.

## Brashears to sing at Lockney's First Baptist Church Nov. 2nd

LOCKNEY—Janice and Jerrel Brashear from Russellville, Arkansas will be singing at the First Baptist Church in Lockney on Wednesday, November 2 at 7:00 p.m.

The Brashears are not strangers by any means to making personal appearances. Singing since 1972, they sing over 300 dates a year all across the United States and Canada.

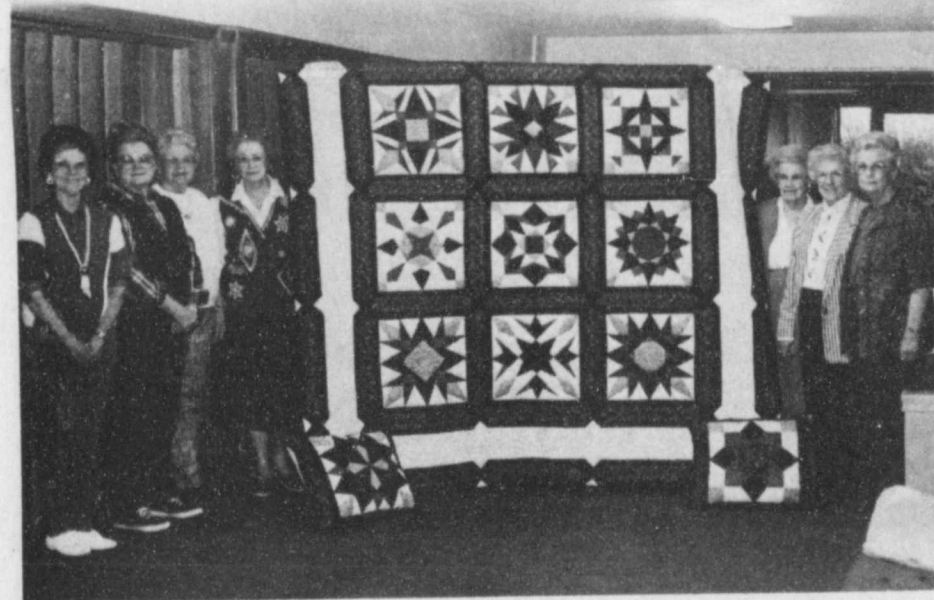

They are regulars on TV programs, such as "Sing Out America", "Evangelistic Outreach", "That Good Ole Gospel Music", and others. They can also be heard on such radio programs as "Gospel Crossroads", and "Gospel Greats", along with others across the country.

Janice writes many of the songs they sing and have recorded. Some of Janice's songs have been recorded by such notables as "The Happy Goodman Family", "The Hoppers", Canada's

Chrystalaires", and others. In their concerts Janice plays the 88-key electric piano, while Jerrel sings with CD sound tracks, with the rest of their family doing the backup vocals on the CD. Even though there are only two people, you still hear the full group, full band sound. Jerrel writes for a nationally distributed magazine, "The Gospel Voice" from Nashville, Tennessee. He has a great heritage in the gospel music field, as a part of his family were Stamps, from the original Stamps-Baxter Music Company.

Pastor Harold D. Abney extends to all of you a special invitation to the concert at 401 S. Main in Lockney, featuring Southern/Christian country gospel music. Please ask all your friends to come. Everyone is welcome.

A free will offering will be taken for the Brashears during the concert. Their tapes will also be on sale at the concert.

QUILT RAFFLE—(l-r) Methodist women Faye Bertrand, Billie Jordan, Margarette Word, Elizabeth Armstrong, Lorena McKinney, Francis Stanforth and Jo Lyles have quilted this quilt to be given away at the Nov. 5 Harvest Festival at the First United Methodist Church in Floydada. Raffle tickets are being sold now for the chance to win. Staff Photo

## Harvest Fest slated Nov. 5 at First United Methodist Church

FLOYDADA--The annual Harvest Fest of the First United Methodist Church in Floydada will be next Saturday, Nov. 5. The "Country Store" and "Woodworker's Shop" will open at 9:30 a.m. and the harvest-style meal will be served in the Fellowship Hall from 11:30 a.m. till 1:00 p.m. Friends and neighbors are invited to participate in this festive celebration and help support local church youth and mission activities.

A special feature this year is a Children's Corner where Elaine Reid, Barbara Gross and Linda Gayle Waller will supervise the making of craft items. A nursery will also be available.

The gorgeous king/queen size quilt with pillows and shams features the "Pieced Jewels" pattern. It was pieced by Frances Stanforth, Billie Jordan and Jo Lyles. The quilting was done by Elizabeth Armstrong, Lorena

McKinney, Faye Bertrand, Jo Lyles, and Margarette Word. Quilt tickets are \$5.00 and available from members and also at the church office.

The traditional Turkey Dinner tickets are priced at \$3.00 for children under 12, and \$5.00 for adults. The meal will be served in Fellowship Hall from 11:30 a.m. till 1:00 p.m. and take-out meals will be available thru the drive-up in the alley after 11:00 a.m.

## Best students name best teachers for new Who's Who directory

A select group of America's teachers are being honored by their toughest critics, their former students, in the third edition of *Who's Who Among America's Teachers*, 1994.

All of the 66,500 teachers being honored were selected by their former students who themselves are currently listed in *Who's Who Among American High School Students*, or *The National Dean's List*, publications which recognize the top 5% of our nation's high school and college students respectively. Floyd County educators honored in *Who's Who Among America's Teachers*, 1994 include Pam Fulton, Lockney High

School; Lisa Mosley, Lockney High School; Marva Rasco, Lockney ISD; Linda Terrell, Lockney Junior High and High School; Frances Hambright, R.C. Andrews Elementary; Margaret Jones, R.C. Andrews Elementary; and Glenda Livingston, A.B. Duncan Elementary.

Paul Krouse, publisher of *Who's Who American Teacher* said, "There is no greater honor teachers can receive than to be recognized by former students for their excellence and dedication. In this publication we clearly have the best teachers in America selected by the best students."

The students were requested to nomi-

nate teachers who "made a difference in their lives" by helping to shape their values, inspiring interest in a particular subject and/or challenging them to strive for excellence. Many of the students commented about the enthusiasm and knowledge their teachers demonstrated in the classroom, and many praised their teachers for their ability to relate to youngsters on a personal as well as a professional level. One student wrote about her teacher saying, "she made education something pleasurable, instead of a dreadful ordeal, by letting me spread my wings and showing me the best way to fly."

### Public Notice

Southwestern Bell Telephone Company (SWBT) has filed an application with the Public Utility Commission of Texas (PUC) to restructure the current PLEXAR I and II service offerings. This restructure will significantly change PLEXAR I and II services.

The restructuring of PLEXAR I will, among other things: (1) reduce the maximum line size from 30 to 9; (2) obsolete and grandfather certain optional features; (3) eliminate the requirement to subscribe to Feature Package Two in order to subscribe to certain optional features; (4) reduce the nonrecurring and monthly rates of certain features; and (5) increase the nonrecurring charges for the PLEXAR I System Charge (\$2.10 to \$8.00), Call Transfer Disconnect feature (\$3.00 to \$8.00), and Convenience Dialing I feature (\$6.35 to \$8.00). All current PLEXAR I customers will have the option of keeping their current PLEXAR I service, switching to the new restructured PLEXAR I service, or switching to PLEXAR II service with ten or more lines.

The proposed PLEXAR II restructure will, among other things: (1) change the tariffed offering to serve the market segment of 10-74 stations; (2) create two station pricing structures, one for customers with 10-29 stations, and one for customers with 30-74 stations; (3) reduce the sensitivity for the loop portion of the rate to two price bands: 0-2 miles, and beyond 2 miles; (4) offer a PLEXAR II basic station that can be flexibly configured, from a number of standard features, to meet the individual customer requirements; (5) change the way the termination liability is calculated so the customer is responsible for 65% rather than 56% of the present worth of the remaining monthly payments in the contract; (6) create an option that allows month-to-month customers to convert to long term contracts of at least three years and receive a credit or "contract signing bonus"; and (7) establish a System Subsequent Change Charge which applies per serving central office when changes are made that affect the entire system.

Current PLEXAR II customers will also have the option of keeping their current PLEXAR II service, or switching to the new restructured PLEXAR II service. PLEXAR II customers with at least 75 stations also have the option of switching to PLEXAR Custom service in certain situations.

This application has been assigned Docket Number 13210. Persons who wish to comment on this application should notify the Commission by November 28, 1994. **WORKSHOP PARTICIPANTS**

## Scouts participate in heritage workshop

LOCKNEY--On Saturday, Oct. 1, the Girl Scouts Lockney Service Unit held a workshop for Floyd and surrounding counties.

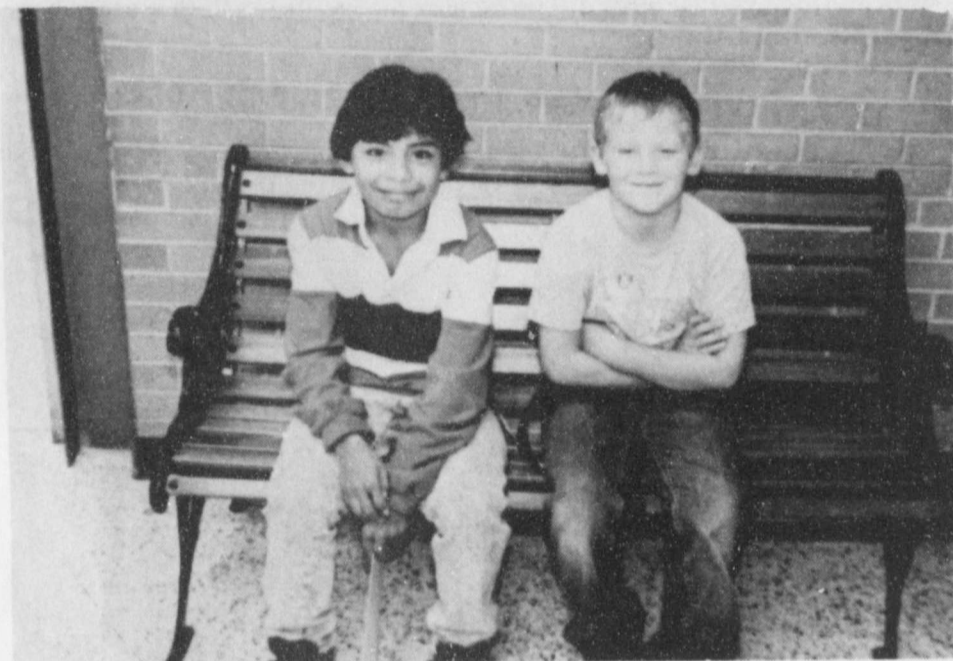

Ninety-seven girls and 28 leaders and adults from Lubbock, Plainview, Tulia as well as Lockney, participated in a full day of activities. The morning started off with a guided tour of the Clarity Tunnel in Quitaque. Joe and Virginia Taylor told unforgettable stories about the heritage of the Quitaque Indians and of the last working railroad in Texas.

Next, the girls traveled up the cap for lunch at the Circle Dot Ranch. Lunch was eaten while overlooking the canyon and listening to a demonstration from Gregg Taylor on the heritage of the "Dutch Oven." Girls then took part in eating the peach and apple cobbler made in the Dutch ovens for dessert.

The last part of the workshop consisted of making a "Time Capsule." Each troop brought a small item to bury, that

signified the heritage of their community. Closing ceremonies were done and items were placed in the Time Capsule. Badges and Try-its along with handouts were given to leaders from the work-

shop. Brownies earned one of two Try-its: Her story or Listening to the Past. Juniors and Cadets earned the badge, Local Lore.

## College credits can be earned in Floydada

(Editor's Note: Research for the following article, by Texas Tech journalism student Dianna F. Dandridge, was made possible by a grant from the Reader's Digest Foundation.)

By Dianna F. Dandridge

College credits can now be earned in Floydada, through classes offered by South Plains College.

Three courses are offered this semester: micro-computers, general psychology, and government.

Speaking for the Office of the Dean of Continuing Education, Jennette Grisby said that the courses for the spring semester have not yet been set, but a meeting has been planned to determine what courses will be offered.

"There seems to be a good deal of interest in the community," said Bobby James, registrar at South Plains College. "Quite a few of the Floydada students are working people, who take classes when and where they can," said James. "This gives them a chance to take classes in their own community instead of having to go to Lubbock or Levelland."

For more information please call the registrar at (806) 894-9611.

## Brazil Nut tree flourishes in West Texas

FLOYDADA--Kearney Edmiston's Brazil Nut tree may not be indigenous to the United States, but it sure likes Kearney's house.

Standing 10 ft. tall, this tree was given to Edmiston by A.W. James almost two years ago, when it was only 4 inches tall.

According to Edmiston, James planted two Brazil nuts and both "came up." "The plant that was given to me lived," said Edmiston. "The other one died."

The tree has been pampered at the Edmiston house, spending two winters indoors. Because of its height now, Kearney has found the only spot in the house that will hold the tree. It will be placed inside the front door to continue its upward spiral through the stairwell to the second floor.

"It grows in spurts," said Kearney. "While we had it indoors you could almost see it grow."

"The tree produces two limbs about every two feet and has very long and very sharp thorns on the branches."

"I've looked in libraries to read up on the tree but I can't find any information on the tree anywhere," said Kearney.

The tree has not produced any blooms or fruit and Kearney doesn't expect it to. "Maybe the plant that died was its mate—there sure aren't any others around here for it to pollinate with."

# Lake Mackenzie reduces water allotment to Floydada

Continued From Page 1

variable costs related to water treatment and transmission. This will decrease proportionately as the usage is curtailed. Brown told the council that he felt the board at Mackenzie is not giving the cities time to prepare for this.

"City wells will not handle all the water consumption for Floydada. We will need additional wells and/or water rationing to handle the situation," said Brown. "I think the board acted without consulting the cities involved."

Additional wells to provide water for human consumption will cost an estimated \$60,000.00 each to drill. The five city wells Floydada currently have will only pump about 200 gallons per minute each. They are pumping seven days a week for ten to twelve hours a day in order to provide Floydada with adequate water.

During the regular monthly meeting for October, Brown suggested that Mayor Hulon Carthel write to the other cities involved and to the board at Mackenzie with the suggestion that the four councils and the water authority board meet together and try to talk about possible solutions to the dilemma. The council agreed and the letter was authorized.

Fees will be rising for some city services related to water and electricity. A motion by Councilman Leroy Burns, seconded by Councilman Dale Lawson, was unanimously approved to implement specific increases by amending the current ordinance. Reconnect fees will be \$15.00 during business hours and \$35.00 after business hours instead of the currently charged \$5.00 and \$15.00.

The fee for setting a meter after it has been removed for nonpayment or tampering will increase from \$15.00 during business hours to \$30.00 and from \$25.00 after hours to \$40.00. The fee for returned checks will be increased from \$10.00 to \$25.00. The fee for a meter tap for a new line will remain unchanged at \$150.00 for a 3/4 inch line and \$200.00 for a 1 inch line.

... Percy Edwards of Energas met with the council to present a request for a rate increase. The original request was made for an .89¢ per month increase on each residential bill as well as an increase in fees for turn-ons, cut-offs, etc. The request was made under the provisions of the franchise agreement between the city and Energas. No action was taken on the request as it stands now.

... TCA Cable TV of Floydada notified the city that cable subscribers will be charged a .37¢ annual FCC Regulatory Fee beginning in December, 1994. The fee will be added to monthly bills in three and four cent increments.

... Bids for the purchase of a new sanitation truck were reviewed at the meeting. Five were received. One, from Crostown Ford in Corpus Christi, Texas, did not meet the specifications for a 25 cubic yard pumper. It was disregarded for that reason. Motion to accept the bid was made by Councilman Clar Schacht and seconded by Burns. The council unanimously approved award-

ing the bid to the low bidder, South Plains International Trucks, Inc. of Lubbock at \$69,799.68, about \$20,000.00 under the amount budgeted for the purchase. The other bids were \$82,000.00 from Southwestern Equipment Company of Lubbock on a Ford truck, \$74,588.00 from White GMC Trucks of Dallas-Ft. Worth on a GMC truck, and \$81,708.00 from White GMC Trucks of Dallas-Ft. Worth on a Volvo truck.

... Bids were opened for the sale of four old city vehicles. Ten bids were received on a 1975 GMC pickup. It was sold to the highest bidder, Estella Castro of Lockney, for \$425.00. Seven bid for a 1981 GMC pickup resulted in a sale to the highest bidder, Jerry Miller of Floydada, for \$460.00. A 1970 Ford dump truck was sold to the highest of five bidders, Jerry Miller, for \$610.00. A 1964 Ford 1-Ton truck was sold to

Keith Reeves of Floydada who outbid seven others at \$350.00.

Motion to sell each vehicle to the high bidder was made by Councilman Wayne Tipton and seconded by Burns. All voted in favor.

... Oden Chevrolet was granted permission to block the alley between Main and Wall Street from the Talley west for the purpose of fencing in the bullpen area. A motion by Burns, seconded by Councilman Albert Hill, unanimously approved the request. The motion stipulated that the alley be blocked with gates to allow access to the utility lines running through the alley.

... Council members unanimously approved the sale of two city owned lots to St. Mary Magdalen Catholic Church. The lots, 19 and 21 in Block 95, Original Town, were sold for a nominal amount, \$25.00 each, as the city cannot give away taxpayer property. The two lots

are adjacent to the new church building. Motion for the action came from Schacht and was seconded by Tipton.

... The city has received the owners permission to demolish dilapidated structures at two addresses. The first is two buildings on a lot at Ross and 3rd Streets and the second is at 310 W. Marivena. The council authorized seeking bids for the demolition of the structures and clearing the lots. Motion by Councilman Eric Cornelius with a second by Lawson. All voted in favor.

... After obtaining more information and discussing the matter further, the council has opted not to pursue the possible alteration of council member and mayoral terms. Any change in the terms of office would have to be approved by both the justice department and the court which approved the settlement in the voting rights suit which instituted the current terms.

Approval is unlikely because the change could be viewed as changing from a plurality (the candidate who receives the most votes) system to a majority (the winner would have to get 51 percent of the votes) system. This would also be interpreted as being detrimental to the possible election of minority candidates.

The council agreed that the entire process would be too expensive and time consuming to be worth-while for the citizens of Floydada. They will not attempt altering the current terms or system of voting.

... Minutes of the previous meeting were reviewed and approved with one correction. Payment of monthly bills was authorized by the council and financial statements were reviewed and accepted as presented.

... Members of the Junior Council for the year were announced. They included FHS students Jennifer Harbin, Derrick Martinez, Amber Pyle, Shea Sanders, Salina Shorter, Kjersti Tvinnereim (the Exchange Student from Norway), Amy Waide, and Charla Yeary. Yeary was not present.

Attending the session were Mayor Hulon Carthel, council members Dale Lawson, Albert Hill, Clar Schacht, Leroy Burns, Wayne Tipton, and Eric Cornelius, City Manager Gary Brown, City Secretary Sharon Quisenberry, City Attorney Karen Houchin, Karen Lawson, Jesse Morales, Percy Edwards, Joe Stepp, Rowdy Derryberry, Salina Shorter, Derrick Martinez, Amy Waide, Amber Pyle, Shea Sanders, Kjersti Tvinnereim, Jennifer Harbin and the Hesperian-Beacon reporter.

-- VOTE --

for  
**FLOYD W. JACKSON**  
Candidate for Re-Election  
County Commissioner  
Precinct #2  
Floyd County, Texas

**If re-elected I will continue to do my best--**

... to represent the residents and taxpayers of Precinct #2 while working with the other members of the Floyd County Commissioners' Court to provide the best possible services with available funds.

... to try and keep tax increases to a minimum. Having been a taxpayer long before I became involved with county government, I have been concerned about tax increases for many years. Tax increases are inevitable in every branch of government, Federal, State, County, City, School and Hospital District, as long as costs to operate continue to rise.

... to exercise conservative management of county finances. In October 1990, Floyd County ceased to provide health insurance for its employees and elected officials. This was one of the many difficult decisions the Commissioners' Court has had to make due to rising costs and limited county funds. Rising costs have occurred in every branch of our county government. One example is Public Safety (Sheriff's Department) where actual expenditures in 1983 were \$132,455.81, in 1986 were \$209,375.24 and in 1993 were \$372,611.26. Careful management is a must in order to control these rising costs. I believe each branch of our county government should be as conservative as possible with our tax dollars and other revenues.

... to abide by the laws of the State of Texas. The State of Texas has laws which clearly define the duties of a county commissioner. These laws are constantly changing. Many things that were done in years past cannot be done today. Things that are done today may not be allowed in the future.

... to work with the City of Lockney in helping to provide rural fire protection and ambulance service, maintain unpaved streets and other services Floyd County provides in Lockney. Again, there are laws that govern what the counties and commissioners can or cannot do. Also there is a lack of funds available to do as much as we would like.

... to maintain the county roads in as safe condition as possible with the funds available. Each precinct is budgeted the same amount of money each year with which to pay salaries, buy equipment, parts and repairs, fuel and other necessary expenses. The amount budgeted each precinct the last 12 years is as follows:

1983 - \$174,046.99	1987 - 120,000.00	1991-92 - 115,000.00
1984 - 172,266.48	1988 - 85,000.00 (9 mos.)	1992-93 - 115,000.00
1985 - 165,000.00	1988-89 - \$110,000.00	1993-94 - 115,000.00
1986 - 144,180.76	1989-90 - 100,000.00	1994-95 - 115,000.00
	1990-91 - 108,000.00	

I am proud of what has been accomplished, maintaining, and in many instances improving, the roads in Precinct #2. I will not leave some roads and ditches unmaintained while maintaining others. The costs of maintaining roads in the different precincts of Floyd County varies from year to year in each one, depending on the weather, traffic, etc. Precinct #2 is primarily comprised of irrigated farm land. There are four county roads leading to Caprock Industries, a large capacity feed yard. It is one of the largest contributors to the economy of Floyd County (through employment and taxes). These factors make the county roads in Precinct #2 some of the most heavily traveled in the county. There are approximately 290 miles of roads (580) miles of ditches in Precinct #2. It requires four maintainer operators to keep the roads and ditches maintained. As your commissioner, I must keep them informed as to where to go and what is to be done next. Idle equipment means wasted tax dollars.

... to continue working to preserve the history, take care of the present and prepare for the future of Floyd County. I am a lifetime resident of Floyd County. I am very fortunate to have had the opportunity to raise my family here. Two of my four children are raising their families here. Hopefully, if my grandchildren want to make Floyd County their home, they can do so. Three of my children are graduates of Lockney High School. I now have four grandchildren attending Lockney Schools. I am concerned with the PAST, PRESENT and FUTURE of FLOYD COUNTY, TEXAS.

## Windbreak tree seedlings available by order until March

**By Dora Ross**  
The Floyd County Soil and Water Conservation District is accepting orders for windbreak tree seedlings and will continue to sell tree seedlings upon their availability until March 1995. All orders are filled on a first-come first-serve basis.

Windbreaks are relatively cheap to install and maintain. They provide for multiple-use benefits such as beautifying the countryside and/or farmstead, reduction of energy costs for heating and cooling buildings, reduction of soil blowing, and establishes livestock shelters.

The establishment of windbreaks around fields and farmsteads provide substantial benefits to wildlife. They have been proven to be very important nesting areas for 15 to 25 different species of song birds and critical wintering areas for many species of resident and wintering wildlife, particularly pheasants.

We encourage all CRP landowners who are incorporating wildlife habitats into CRP acreage to purchase a wildlife packet(s). A limited number of wildlife packets are available. They include quail and pheasant, turkey, deer, and squirrel. Each packet contains four species and 25 seedlings of each species (100 total seedlings). The cost of wildlife packets are \$48.00 each.

Conifers available this year include the Afghanistan Pine, Arizona Cypress, Austrian Pine, Ponderosa Pine, Rocky Mountain Juniper, Redcedar, and White Pine. Conifers will be sold for \$36.00 for 20 seedlings plus tax. Orders of less than 20 seedlings will be accepted for \$2.00 each.

Hardwoods available this year include Green ash, Catalpa, Desert willow, Flameleaf sumac, American plum, Honeylocust, Nanking cherry, Shumard (red) oak, Russian olive, Sandcherry, and Aromatic sumac. Hardwoods will be sold for \$12.00 for 25 seedlings plus tax. Orders of less than 25 seedlings will be accepted for \$.60 each.

For information and order placement, contact your local Soil Conservation Service, Floydada Field Office, USDA Building, Highway 70 East, phone number 983-2352.

Programs and services of Soil Conservation Service are offered on a non-discriminatory basis without regard for race, color, national origin, age, sex, religion, marital status, or handicap.

### Producer Laws and Regulations

Are you ready for EPA's new Worker Protection Standard? Are you keeping crop protection chemical records? Do you have your applicators license and if so do you have your continuing education units? These may seem to be a bunch of unimportant issues that will never effect you. The worker protection, record keeping, and applicator license laws and regulations are not your every day laws and regs. If you don't comply with these laws and regs, not only could it put a halt to your operation for a while but other severe penalties could be imposed.

On the Worker Protection Standard (WPS) there are likely to be a few minor revisions in the law when it goes into effect January 1, 1995. But we're not likely to see either wholesale change or a repeat of last April's delay. If you recall, the WPS was scheduled to go into effect in April, 1994. But Congress backed off on implementing many of its key provisions because they didn't feel EPA had training materials ready. That's no longer the case. So if you're not yet prepared for the new law, time is running short. I do have materials in my office to help with training and equipment necessary to comply with this law.

The federal pesticide record keeping rule went into effect May, 1993. This rule requires recording date of application, certification number, crop, area treated, location, amount used, EPA registration number of product, and product name. There is no specific form required, but if you do not have a system of record keeping already in place, give me a call as soon as possible.

The pesticide applicator license is really not that big of a deal once you get the license and you attend a few meetings now and then to get CEU's. However, if you have your license or old certificate and are not accumulating CEU's you could get into a bind soon. The old certificate, issued before January 10, 1989, is good forever as long as you have 15 hours of CEU's by December, 1995, and 15 hours every five years after that.

The applicators issued a certificate after January 10, 1989, have to obtain the new license as is every private applicator of restricted-use and state-limited-use pesticides, and are also required to obtain 15 hours of CEU's every five

years. These 15 hours of CEU's must include two hours in laws and regs, one hour in IPM (two hours in IPM beginning in 1996).

The difference in the old certified and new licensed applicator is that the new license allows the licensee to supervise application by employees and allow you to provide the business that you purchase pesticides from a list of employees that are authorized to pick up chemicals under your license number.

If you do not have your license, call ASAP so we can plan for a training and testing. If you do not know how many or if any CEU's have been accredited to you, call 1-800-TELL TDA.

These laws and regs may seem confusing - and they are at times when they change, but they are there and affect the way we do business. Give me a call and we'll try to help you break it down into manageable parts.

### Tips given to winterize trees and shrubs

**By Kerry Siders**

It is often necessary to give a little extra attention to plants in fall to help them overwinter and start spring in peak condition. Understanding certain principles and cultural practices will significantly reduce winter damage to ornamentals. There are three categories of winter damage: desiccation, freezing and breakage.

Desiccation, or drying out, is a significant cause of damage, particularly on evergreens. The past two years particularly, winters have been dry, and insufficient ground moisture to supply roots with adequate water. Water loss through the plant needles or leaves is greatest during period of sunny, mild weather. Injury from desiccation is commonly seen as discolored, burned evergreen needles or leaves. It is worst on the side facing the wind. It can be particularly serious if plants are near a white house where the sun's rays bounce off the side causing extra damage.

Freezing injury can take several forms. New growth in fall stimulated by late summer fertilization may not have time to sufficiently harden-off in order to survive sudden drops in temperatures to below freezing. Ice crystals rupture cell walls, resulting in dead branches and

### Destruction of overwintering habitat reduces insect population

**By David Kostroun**  
Extension Agent-Entomology (PM)  
Crosby/Floyd Counties

Certain crop pests overwinter in the soil. This allows producers the opportunity to manipulate the overwintering habitats of these insects, and thus greatly reduce survival and subsequent emergence of these pest populations the following spring.

Southwestern corn borer larvae overwinter in the stalk base or root crown, insulated by a frass plug and by the surrounding soil. Destruction of overwintering habitat of southwestern corn borers is a very important cultural IPM practice for reducing damage from this insect to High Plains corn.

This habitat destruction can be accomplished either by disking or by shredding stalks near enough to ground level so as to remove the plugs from the end of the girdles stalks, thus allowing greater exposure of the insects to the winter elements.

Shredding of stalks could be used in conjunction with minimum tillage practices so that overwintering corn borer populations might still be reduced without plowing. Populations are most effectively reduced when stalks are plowed before mid-February.

Cotton bollworms overwinter in the soil in the pupal stage. Greater winter survival of bollworms has been noted in conservation tillage and no-till fields than in conventionally tilled fields.

It is important to realize that bollworm populations can migrate into our area, thus allowing potential for heavy bollworm pressure regardless of the number of bollworms that successfully overwinter in our area. However, research has indicated that even moderate soil tillage results in a high level of winter mortality for overwintering bollworms. Therefore, overwintering bollworm survival can be effectively reduced, even in conservation tillage systems.

## Prevention is the best weapon against casualties

**From the Texas Department of Agriculture**

Firearms are commonplace in most farm and ranch households, but familiarity does not stop accidents from occurring.

"Most firearm accidents happen while people are cleaning or hunting with guns," Agriculture Commissioner Rick Perry said. "Prevention is the best weapon against these firearm casualties."

Families should make sure that the home has a safe and secure storage place for guns that is beyond the reach of children and careless adults. Store firearms and ammunition separately, and keep both locked up.

Hunting is a natural sport for many rural families. Perry said that hunting accidents can be prevented by following these basic safety rules:

- \* Control the direction of your firearm muzzle. Carry your firearm safely. Keep the safety on and your finger off the trigger until you are ready to shoot.
- \* Identify your target and know what is beyond it.
- \* Be sure the barrel and action are

clear of obstructions and you have only the proper size ammunition for the firearm you are carrying.

- \* Unload firearms when not in use. Leave the action open. Firearms should be carried empty in cases to and from shooting areas.

- \* Never point a firearm at anything you do not want to shoot. Avoid all horseplay with firearms.

- \* Never climb a fence or tree, or jump a ditch or log with a loaded firearm. Never pull a firearm towards you by the muzzle.

- \* Never shoot a bullet at a flat or hard surface or water. During target practice, be sure your backdrop is adequate.

- \* Avoid alcoholic beverages or other mood-altering drugs before or while shooting.

"The best advise for gun safety is to treat every firearm with the same respect due a loaded firearm," Perry said.

# Food, fun and games await Punkin' revelers

**Continued From Page 1**  
 first place, \$300.00 2nd place and \$200.00 third place.

Tickets can be purchased at the chamber table under the pavilion or by the cow pen on Main Street (across from Mr. T's Cleaners).

## GAMES

Punkin Days would not be Punkin Days without the famous Punkin games scheduled throughout the day.

The Pedal Tractor Pull, sponsored by Texas Pedal Pullers Association, will begin at 1:00 p.m., on Missouri Street.

Beginning at 1:30 p.m., at Main and Missouri, the incredible seed spitting contest will begin. There is no charge for this event. You only need a good pucker to enter.

Children under 13 will enjoy the Pumpkin Drawing contest which begins at 2:00 p.m. Children will be asked to draw a face on the pumpkin in 3 minutes. The best face wins a ribbon.

Older kids (those 13 and over) can participate in the Pumpkin Carving contest. Five minutes is given to carve a face. Once again—the best face wins a ribbon.

At approximately 2:40 p.m., children five years and under can toss pumpkins into buckets. Treats are given to all participants.

The Pumpkin Bowling follows the pumpkin toss and is open for kids ages 5 and under and 6-12 years.

The Pumpkin Rolling Race is set to begin at 3:30 p.m. (if the other games are through). Any age can participate in the Pumpkin Rolling race however the ages groups will be divided up to keep it fair for the old folks.

The popular Wheelbarrow race will begin at 4:00 p.m. and for safety is open only to ages 13 and up. The wheelbarrow race consists of two person teams. The driver of the wheelbarrow is blindfolded and will be navigated through a maze of pumpkins by his passenger/partner who will be shouting directions (most passengers always assume if their partner can't see he also can't hear).

The Pumpkin Pie Relay race will begin at 4:30 p.m., on California Street (in front of Sue's Gifts). This race will consist of 4 person relay teams (two on each side of the race track). The first runner starts out with one fourth of a pumpkin pie (holding the pie pan in his hand) and runs to the other side while eating his slice of pie. The runner must finish his slice of pie before he tags his partner, who then repeats the process back to the third runner. By the time all four runners are through—so is the pie.

The entry fee is \$4.00 for the Pumpkin Pie Relay. This money covers the cost of the pie. This is the only game (besides the SK and Fun Run) which requires an entry fee.

## BROWSE

If you're not much on playing games there will still be plenty of things to see as you browse around the square.

Beginning at 9:00 a.m., the Circle Dot Ranch Wagon will be on hand to serve sour dough biscuits and coffee.

Antique farm implements will be on display south of Floyd County Farm Bureau. You can check out classic cars

in front of Oden Chevrolet and the Harley Davidson Motorcycle Club will on have displays around the square.

After your lunch break, beginning at 1:00 p.m., you can enjoy the entertainment and auction under the pavilion. Auction items are still needed by the Punkin Day Committee, however some beautiful items have already been donated.

Bidders will have a chance to purchase a beautiful "Pumpkin Doll", and a framed print of "Aspen Gold", by Maija, which has been donated by Jacque and Richard Larson of Frames

## 'N' Things in Plainview

The Lamplighter has also donated a certificate for two homemade pies for the auction. Any other businesses that may have an item to donate should contact Roxanne Cummings at The Lamplighter, or have the item to the auction before 1:00 p.m.

The Pumpkin Jail is a treat for youngsters of all ages. For \$5.00 the Pumpkin Deputies will kidnap the person of your choice and place them in the Pumpkin Jail. For another \$5.00 you can post your bond or you can work out your time by carving a pumpkin.

## NIGHT ACTIVITIES

Beginning at 6:00 p.m. the Punkin Day activities move toward the city park and Floydada High School.

The costume contest will start at 6:00 p.m. in the auditorium of Floydada High School. The younger ages will start off the contest so they can proceed to the city park for "trunk or treating".

Photography will be on hand at the high school to take pictures of costumed participants.

The Trunk or Treating will take place on the walking path of the city park, beginning on the corner of Georgia Street and Tree Street.

The 1990 Study Club will host a Halloween Carnival at the High School Gym from 7:00 p.m. - 10:00 p.m. There will be games and booths to entertain people of all ages.

For those over the age of 21 years who still have the energy to dance at the end of Punkin Days, the Four Seasons Dance Club will host a Masquerade Ball from 8:00 p.m. - 12:00 midnight at the Massie Activity Center. "The Martins" country band will entertain.

A schedule of the Punkin Day events can be found on page 3, inside this paper. The schedule is printed courtesy of the First National Bank of Floydada.

## Better Business Bureau reports on Publishers Clearing House settlement

By Nan Campbell, President

According to information received in a news release from the Missouri Attorney General, Publishers Clearing House has agreed to a \$490,000 settlement requiring the company to make major changes in the way it conducts its sweep-

stakes. The agreement was reached with Missouri and 13 other states (Texas being one of them).

The company, best known for its \$10 million prize, was accused of violating Missouri laws prohibiting consumer deception by indicating that consumers who did not buy magazines would be less likely to win and would not be eligible to receive additional prizes or future entry opportunities. The company was also criticized for their policy of identifying all entrants as "finalists".

In the settlement, Publishers Clearing House agreed to allow anyone to enter the sweepstakes regardless of magazine purchases; include prominent "no purchase necessary" messages; disclose the odds of winning each prize; explain the process by which a person becomes "tied" or a "finalist" and pay \$35,000 to each of the 13 states.

If you are in the market for a home computer, it may cost more than you anticipate. The initial cost for the hardware may not be the final cost. The software programs can be quite expensive.

Personal home computers are available at general merchandise catalog stores, specialized computer outlets, office equipment stores, mail order houses and through other retailers.

Before you begin your search, have a good idea what specific applications you want and need. Most retailers will have a demonstration model set up - if not, don't be afraid to ask for a demonstration, and most important, ask to operate the computer yourself. Ask about the warranty and service.

Bottom line - know what you want the computer to do and don't buy one until you thoroughly shop and test the variety of models.

Your Bureau has a free pamphlet called "Tips On Buying A Home Computer" that is available by calling 763-0459.

## The New Texas difference:

- placed new emphasis on keeping violent criminals behind bars—building 75,000 new prison cells, doubling the prison time for violent crimes and cutting the number of parolees by two-thirds—leading to a dramatic drop in the Texas crime rate
- created more private sector jobs than any other state in the nation for two years in a row
- provided water for residents of the colonias
- provided immunizations for all children against disease
- signed the Health Insurance Bill to provide small businesses with affordable medical coverage for their employees
- passed insurance reform to protect consumers
- protected a woman's right to choose
- passed the South Texas Initiatives to provide increased higher education opportunities along the border
- enacted new legislation to facilitate cleanup of toxic "superfund" sites and to allow polluters to pay for environmental "good works"
- passed a "no new taxes" budget
- passed the lottery
- made appointments to state boards and commissions reflecting the diversity of the people of Texas

# Longhorns trample New Deal Lions in wild 35-14 win

By Mark Todd Terrell

LOCKNEY—It was a game where anything that could happen did happen. In the contest between New Deal and the Longhorns there was a 95 yard TD run, goal line stands, lots of turnovers, and monster hits.

The Horns got off to a slow start unlike the previous weeks game against Hart. With 9:30 left in the first quarter, the Horns fumbled on 2nd and 9 on their own 40 yard line. New Deal wasted no time capitalizing on the opportunity to get a 6-0 lead.

In their next set of downs, Devon Phillips took a pitch on a run for a touchdown only to have it called back on a penalty. Quarterback Tanner Johnson went on a keeper, and the Lions pounced on a fumble giving New Deal the ball again.

But Lockney's defense realized that they were going to have to get the job done. On a New Deal pass, Carlos Perales came out of nowhere to intercept the ball and run it in for a touchdown, aided by a great block by Robert Delgado that opened up the hole. The point after attempt was good giving the Horns a 7-6 lead.

After New Deal's offense was stopped by a great defense, the Longhorns took over. Phillips ran the ball on three out of four downs to push his way into the endzone.

The Lions took the kickoff and roared their way down the field for an eventual TD and two-point conversion.

The Horns were riddled by penalties on their next possession and were able to go nowhere. They gave the ball over to New Deal on a punt, and the Lockney

defense once again kicked in. When forced to punt, the Lion's bobbled the ball and Charles Van Zandt burst through to recover it on the 50 yard line.

On a third down scramble by Johnson, Phillips managed to take the pitch in for the Longhorns third touchdown. The extra point kick was faked and the ball given to Shannon Veal for a pass to Lalo Chivira which was incomplete. The Horns led 20-14.

When New Deal got the ball back, Van Zandt struck again when on the 2nd and 2 he ran back an interception for a touchdown. Johnson managed to find Michael Hernandez in the endzone for a two point conversion to make the score 28-14.

The Horn defense kept on breaking through New Deal's offense once again forcing them to punt.

But just as the Horns seemed to be on a roll, New Deal's Bigham intercepted a Johnson pass. But Johnson redeemed himself when he intercepted a Lion pass in the endzone just before halftime.

After receiving the second half kickoff, Junior Martinez kept the Horns alive when on 3rd and 10 he gathered in a Johnson pass. But New Deal dug in and the Horns were forced to punt again.

Great defensive effort from Johnson and Mikhael Durham kept the Lions from moving the ball. But on their next possession, the Lion's forced their way down to within inches of the goalline stand when New Deal was faced with 4th and inches.

Phillips advanced the ball to the five yard line before Johnson went on the draw and scampered 95 yards while avoiding a push out of bounds to go in for the score. With 3:39 left in the fourth quarter, Lockney led 35-14.

New Deal had one last chance to score, but an interception by Junior Martinez gave the Horns a chance to run out the clock.

If you missed it, you missed a wild game where almost anything happened. But great defense and a persistent offense put the Horn's on top.

## LHS Coach's Comments

By Malcom Moerbe  
LOCKNEY—I'm glad that one is over. We didn't play exceptionally well but we got the job done when we had to. But give New Deal credit. They were well prepared for us and got after us from the beginning to the end.

The interception returns by Carlos and Charles; Devon's two touchdown runs and Tanner's long run really came at time when we needed them.

The two goalline stands were really impressive - especially the second one, which was as good a stand as I've seen.

Now it is time for Hale Center. They are very good. They have an explosive offense which is one of the best on the

South Plains. But we have just as much to play for and I expect us to give our best effort.

Offensive leaders for the New Deal game were Tanner (rushing), Devon (scoring) and once again our Offensive Line. Junior Martinez also did a fine job filling in for the injured Joe Marks at fullback. Defensive leaders were Robert Delgado (Big Hit), Carlos Perales and Charles Van Zandt (Interceptions, T.D.s), Junior Martinez (Interception) Charles (fumble recovery) and Lalo Chivira (tackles with 19).

## ATTENTION LONGHORN FANS...

Since the first district game your Longhorn's record is 3-1. Pre-season picks had us 0-4. We are now in the hunt for 2nd place. Your support is greatly appreciated!

The games will start at 5:00 p.m. at Mitchell-Zimmerman Field on Thursday with 7th, 8th and JV playing. Come out and support them!

The varsity will be traveling to Hale Center (Yes, it is Hale Center's homecoming) and the game will start at 7:30.

## Seventh grade Shorthorns fall to New Deal

By Rodney Dowell  
LOCKNEY—The 7th grade Shorthorns traveled to New Deal this past Thursday but they were unable to bring home the victory. The Lions defeated the Horns in a 14-0 game in which the offense of the Horns struggled.

The Lions scored on two trick plays that stunned the Shorthorn defense. The first score came early in the first quarter as the Lions ran a halfback pass for a 14 yard touchdown. The Horns held the Lions on the two-point conversion leading to a half time score of 6-0.

The second half saw the Lions build the lead to 14-0 with a 10-yard sweep that collapsed the Shorthorns momentum. The Horns continued to fight hard to get the offense on a roll but they were unable to capitalize late in the fourth quarter.

"I felt like the kids played hard but they didn't always play smart. We've got to be able to move the football and get more people involved in the offense. I am very proud of these boys and I am positive we'll work harder to get ready for Hale Center."

## Eighth graders come up short

By Coach Todd Hallmark  
LOCKNEY — The eighth grade Shorthorns traveled to New Deal and put up a good fight, but they came up short, 14-0. The team played well defensively but just could not get the ball in the endzone. We had a couple of opportunities to score, but mistakes killed the drives.

I was very proud of the kids effort, but we must cut out the mistakes. The offensive line including Chris Butler, Hank Henderson, Marc Wilson, Abel Luna and Michael Vargas, played well this week and I was proud of their efforts. They have improved each week.

Our next game will be Thursday, October 27, at home against Hale Center.

# Kay Bailey Hutchison Working For Texas

## Reducing Government to Strengthen Families and Small Business.

She's voted against higher taxes every time and for the Balanced Budget Amendment. She strongly opposes unnecessary federal regulations that hurt small business.

And she's proposed a new law so homemakers can save with a tax free retirement account, too.

## Changing the Way Washington Works.

Kay cut her own Senate office budget 20% — just as she promised last year. Now she's pushed Congress to slash its budget, reduce government overhead by 10%, and trim \$50 billion from 50 programs. Kay's the sponsor of a bill for a national referendum on term limits and will set an example by only seeking two full terms herself. Now she's determined to make Congress live under the laws it passes for the rest of America.

## Protecting Our Freedom.

On the Armed Services Committee, Kay is fighting for a strong defense and defending our Texas military bases that are so critical to national security. She's committed to protecting private property rights and other constitutionally protected freedoms. She's pushing for tough crime laws that protect citizens, not criminals.

## Already An Effective Leader.

Though we sent Kay Bailey Hutchison to the Senate just last year, she's already making a difference for Texas.

She passed a bill to make the federal government — for the first time — pay for some costs of its failure to protect our Texas border against illegal immigration.

*Our choice this year is to keep this effective, new conservative leader who puts Texas first... or replace her with a Clinton-style "New Democrat."*

**Kay**  
For U.S. Senate

## WHICH TEXAS PARTY SUPPORTS YOUR VALUES? Compare the basic philosophy of the Republican and Democrat Parties on key issues. Then, decide for yourself.

**The Republican Party believes:**

That our Nation and the State of Texas were founded on the fundamental principle that individuals have certain rights and freedoms which cannot be infringed and may be restricted only to the degree necessary to preserve the rights of others.

That money you earn is yours and that government in a free society has the right to take only as much as is needed to perform those limited functions which are appropriate to it.

That the traditional family and the values it fosters are the foundation of American society and their preservation essential to our Nation's continued success.

That parents have the right to determine the values with which their children will be raised and to have the widest possible choice among public, private, and religious schools and that competition will improve public education.

That the free enterprise system is the most effective engine of economic progress.

That high taxes, runaway government spending, and over-regulation of business and farming punish initiative and stifle economic growth.

That with freedom comes responsibility and that individuals must take personal responsibility for their own actions and our criminal justice system must be based on this idea.

That your property is yours and you have the basic right to make use of it without unreasonable government restrictions.

That human life is sacred and worthy of preservation.

That the preservation of our rights and freedoms must be entrusted to a strong national defense and the ability of the United States to negotiate with other nations from a position of strength.

That it is imperative today to re-affirm the traditional freedoms and values of Americans to preserve our great Republic.

**The Democrat Party believes:**

That our Founding Fathers did not really mean what they said when they guaranteed certain constitutional rights such as the right to freedom of religious expression, the right to bear arms, and the right to retain use of private property.

That the government has a right to use your money as it sees fit to fund welfare programs and redistribute wealth and to return to you only that portion which it sees fit.

That American society must redefine its values and the role of the family to fit new lifestyle concepts which have resulted from the 60's counter-culture movement.

That the federal government has the right to determine the values which children will be taught in public schools and parents' choice of schools must be limited to avoid exposing public schools to competitive forces which would encourage reform.

That government regulation and control of economic activity can better distribute wealth and services like health care.

That penalizing achievement with higher taxes and increased government bureaucracy and spending will not stifle economic growth.

That individual behavior, including criminal behavior, can be blamed on "society" and that spending on social welfare programs and improvements in prison living conditions can combat crime.

That the government has the right to regulate the use of private property in accordance with narrow special interests without giving just compensation to owners.

That there should be no restrictions on abortion.

That we can afford to drastically weaken our military despite the threats present in an unstable, post-Cold War international environment and that the U.S. must be subjugate its interests to those of the U.N.

That America must adopt a "politically correct" multicultural set of values which denies a common American heritage and will further divide American society.

## The Republican Philosophy - Standing up for the forgotten majority of Texans

# Whirlwinds blow away Mules

**By Bill Gray**  
**FLOYDADA**—Floydada capitalized on five Muleshoe turnovers, exploded for their biggest offensive output of 1994, and broke open a tight game with 22 unanswered points in the third quarter to soundly defeat the Mules 45-21 in District 2-3A action last Friday. The Whirlwind victory snapped a two-game skid in district play and vaulted Floydada back into playoff contention.

Coupled with Friona's 14-12 win over Dimmitt and a 21-all tie between Littlefield and Shallowater, Floydada is still in the hunt for a post-season berth -- with but two games remaining in the regular season. In order for the 'Winds to garner a ticket for a coveted post-season ticket, Floydada must win its final two games (against Shallowater and Friona) and receive help from Muleshoe (against Shallowater) and Littlefield (when the Wildcats host Dimmitt in the season finale).

Kirven in the first 24 minutes, the Whirlwind stopper unit pretty well held the potent Mule offense in check.

Defensive coordinator David Carr commented, "It was not easy to prepare for all of Muleshoe's multiple sets, but we just lined up people in automatics when they came out in the unusual sets. When they came out in more conventional sets such as 'split-back', we had a call sent in. We had some breakdowns on pass coverage which we rectified at the half."

Floydada solidified its control of the game's momentum when Abshier opened the second half with a 56-yard burst on first down. Sammy Rodriguez scored on the option through heavy traffic from nine yards out to cap the three-play, 66-yard drive.

Following an exchange of punts, Monty Anderson recovered Kirven's second fumble to put the Whirlwinds in business at Muleshoe's 40-yard line. Four snaps later Pete Cooper was in the end zone again on an 18-yarder, Rodriguez hooked up with Vernon Cooper for the two-pointer, and the 'Winds continued to extend their lead.

The Mule's turnover troubles continued when Sammy Rodriguez intercepted Jake Adair's first pass attempt. Two plays later Pete Cooper scored from 41 yards out for his fifth touchdown of the game. As had been the case for most of Cooper's long gainers in the contest, the blocking on Floydada's left side (primarily Richard Powell and Lionso Cisneros) again cleared the path. Sammy tossed the two-point conversion for the Whirlwinds' final points with 3:02 remaining in the third stanza.

## FHS Coach's Comments

**By Bill Gray**  
**FLOYDADA**--After reviewing the game film at Monday's Booster Club meeting, it was easy to see why the FHS coaching staff was pleased with the Whirlwinds' victory at Muleshoe.

Head Coach Bryan Davis said, "We had a really good overall effort. Although we gave up several big plays, including two long scoring passes, there were no major breakdowns. The team is really starting to come on."

"We held the momentum to break open a tight game early in the third quarter," said Davis. "It was nice to send the first unit defense back in to shut things down -- instead of just having to hang on."

The coach added, "We were able to play a lot of our younger players and the game experience for the sophomores will help later."

Coach Davis noted that the Whirlwinds are back into playoff possibilities. "If Littlefield wins out (which is expected) and we can get by Shallowater and Friona, we will be in the playoffs as the #2 seed. That's enough incentive to get up for these next two weeks."

This will be the first meeting between Floydada and the Shallowater Mustangs. Coach Davis said, "Shallowater has a potent offense. The Mustangs played well against Littlefield (in last week's 21-all tie). However, Littlefield had a rather off-night. We can beat them at their place, but it is going to take a good effort without mistakes."

Coach David Carr explained the Mustang offense. "They won't be as wide open as some of the other teams we've faced, but they are a sound, fundamental ball club," said Carr. "They have a good quarterback (Dereck Blair) who likes to hook up with one of the better receivers we'll face this year (Jay Lusk). Blair has another receiver who is about 6'5" who will give us trouble if we don't put a lot of pressure up front."

Offensive coordinator Lee Hurt stated, "The big key to a win over Shallowater will be our offensive line. If we can open big holes for our running game, we ought to be able to control the tempo and keep the ball out of their hands." It was the coach's option that the longer Shallowater's defense stayed on the field, the better the chances for a Whirlwind victory.

Floydada senior tailback Pete Cooper rushed for 255 yards on 18 attempts and scored five touchdowns to lead the offensive barrage at Muleshoe's Benny Douglas Field. It was Cooper's finest night of his Whirlwind career in a game that saw over 750 yards total offense produced. The lead changed hands four times in the first half before Floydada's third-quarter eruption to put the game out of reach.

Cooper set the stage for what to expect with a 54-yard touchdown romp on Floydada's second play from scrimmage. The Mules responded with a 10-play, 80-yard scoring drive, capped by a 13-yard TD pass from Jimmy Gauna to Daniel Garbarino. The Mules' 7-6 first period lead was short-lived as Zach Abshier connected on a 30-yard field goal for a 9-7 Floydada advantage early in the second period. It was Abshier's first field goal as a Whirlwind.

The Mules struck quickly to regain the lead on Gauna's second TD pass to Garbarino, a 29-yarder with eight minutes remaining before halftime intermission. Following the ensuing kickoff, the 'Winds erased Muleshoe's 15-9 lead when Pete Cooper followed the blocking on the left side of his line and streaked for the end zone - 73 yards away. Vernon Cooper made the key block in the Mule secondary to spring his older brother on Floydada's longest offensive strike of the year. Floydada regained the lead at 16-15 and grabbed the momentum they were not to relinquish for the rest of the evening.

Cooper electrified the Floydada faithful by picking off Rashad Kirven's fumble and returning it 65 yards for a score just two minutes later. Abshier's PAT kick split the uprights to extend the Whirlwind lead to 23-15. Abshier saved a possible touchdown on the ensuing kickoff with a jarring, open-field tackle of Kirven.

The Mules came close to closing the gap on an apparent touchdown pass to Robert Jaime, but the score was nullified by an "illegal receiver" call. Sophomore Monty Anderson picked off a Gauna pass for his first varsity interception to help end a possible Mule scoring drive shortly before the halftime break.

The Whirlwinds suffered their only turnover of the game moments later, but Muleshoe was unable to take advantage of the miscue. Although Floydada's defense gave up 15 points on a pair of TD passes and some long gainers by Rashad

Kirven in the first 24 minutes, the Whirlwind stopper unit pretty well held the potent Mule offense in check.

Defensive coordinator David Carr commented, "It was not easy to prepare for all of Muleshoe's multiple sets, but we just lined up people in automatics when they came out in the unusual sets. When they came out in more conventional sets such as 'split-back', we had a call sent in. We had some breakdowns on pass coverage which we rectified at the half."

It will be like a playoff game tomorrow night against Shallowater... a win and Floydada is still alive going into the final game. Pretty good for a team that a lot of "experts" picked to finish near the bottom of 2-3A... "Winds by six points in my 'upset special.' Hope I do as well with that pick as last week's (Tech over Baylor!)"

## Floydada Junior High Breezer Football Report

**By Bill Gray**  
**FLOYDADA**--The 7th grade Breezers scored four touchdowns before Muleshoe managed a meaningless fourth quarter score in junior high football action at Muleshoe on October 20.

Coach Jimmy Burns said, "We got after them from the opening kickoff and never let up. We kept the ball out of their hands with a good defensive effort and ball-control offense."

Darryl Henderson scored from 12 yards out in the first period to start Floydada's romp as the 7th Breezers won their second outing of the season. Andy Williams hit paydirt on a 29-yard reverse

and Justin McGuire tacked on the two-pointer to extend the Breezers' lead to 14-0 at halftime.

Williams' 70-yard TD after intermission, coupled with Dusty Anderson's two-yard plunge, put the game out of reach. Jeff Lyles and Jamie Davis added the two-point conversions in the third quarter.

According to Coach Burns, "We had great defensive efforts from Henderson, Anderson, Williams, Ty Hendrix and Hector Palacios."

The 8th Breezers lost a tough 12-8 decision to the 8th grade Mules. Mistakes played an important role in Floydada's setback as the Breezers had

two scores nullified by penalties. Michael Black scored the Breezers' only touchdown on a 95-yard pass interception return in the first quarter. Muleshoe rallied in the final period for the winning margin.

Coach Jackie McNew praised Tony Diaz, Cody Stovall, Martin Suarez, Michael Black and Cory Kirk for their offensive performances. The coaches named Michael Black as the defensive player of the game.

All the Breezer squads will be in action at Shallowater tonight. The combined 5th quarter teams are scheduled to scrimmage between the 7th and 8th grade games.

## Punt, Pass, and Kick held at Andrews

FLOYDADA — More than 25 students at R. C. Andrews Elementary School participated in a punt, pass and kick competition last week. The competition allows youngsters to showcase their talents in punting, passing and place kicking a football with scoring

bases on distance and accuracy. Scores are a cumulative total of one punt, one pass, and one kick. The meet was hosted by Andrews staff members Robin Nixon and Albert Hill.

First place winners included Chance Crossland (age 8 - score 30), Jacob Morales (age 9 - score 49), Tyler Helms (age 10 - score 57), Ruben Castillo (age 11 - score 79), Bradley Minnix (age 12 - score 84), and Joe Cuba (age 13 - score 96). These eight will move on to sectional competition on November 5 in

Lubbock. They could qualify for the Team Championship competition to be held at Burl Huffman.

Second place finishers included: Tana Holmes (age 9 - score 42), Ruddy Castaneda (age 10 - score 54) Chris Yannis (age 11 - score 68), Junior Garza (age 12 - score 68), and Marcos Riojas (age 13 - score 59). Third place finishers were Jeremy Duran (age 10 - score 51), Aaron Hernandez (age 11 - score 62), and Jr. Ochoa (age 12 - score 48).

## FHS Freshmen defeat Mules

By Bill Gray  
FLOYDADA--The 9th grade Whirlwinds broke a 6-all tie with two second half touchdowns to outscore Muleshoe's freshmen 22-6 at Wester Field last week. Richard Casillas scored on a 65-yard option play in the opening period. The visitors' only points also came in the first quarter.

Adam Perales' 8-yard TD, followed by a Casillas-to-Jason Henderson pass

## Lockney JV loses to New Deal Lions

By Coach David Sutterfield  
LOCKNEY — Thursday, October 20, the Lockney JV lost a close one to the New Deal Lions. The final score was 12-7. The only touchdown for the JV Longhorns came when Adam Cummings hit Willie Luna for a 40 yard touchdown. The PAT by Carson Johnson was good. The defense held, but New Deal scored on two long runs. The kids came out flat and did not play very well.

They will be playing again Thursday night at home against Hale Center.

for the two-pointer, pushed Floydada ahead for good in the third stanza. Casillas tacked on an insurance touchdown from 40 yards out in the fourth quarter. Mario Nunez added the two-point conversion for the 'Winds' final margin of victory.

Named by the coaches as outstanding offensive players were Richard Casillas (back), Pedro Chairez (line), and Jason Henderson (end). Bobby Green (tackle) and George Perez (end) turned in outstanding defensive performances.

The Whirlwind Freshmen will host Shallowater on October 27 in a 5:30 kickoff.

## Cannon wins first in football contest

The first place check for \$25.00 goes to Sheree Cannon of Floydada, the only contestant to miss only five games (including the tie game between Littlefield and Shallowater) on the contest in the eighth week. She can pick up her first place check in Floydada on Friday, October 28.

Seven entries tied for the next prizes, missing only 6 games on the contest. The winners were determined by using the tie-breaker score as all six entries chose Lockney to win.

Mike Anderson of Floydada had the tie-breaker combined score of 40 points on the Lockney vs. New Deal game. He wins the second place check for \$15.00 as his guess was only nine points away from the actual score.

Third place for the second week in a row goes to H.G. Graham of Lockney. Graham chose 33, sixteen points under the actual score, earning him another check for \$10.00. His check will be in the Lockney office on Friday.

Receiving an honorable mention were Franklin Harris (31), Jean Hale (28), Tony Caballero (24) all of Floydada, and W. L. Carthel (29) and Maricela Hayes (28) of Lockney.

Missing seven games this week were Phil Cotham, Greg Patridge, Dickie McCarty, Harold Abney, and Jared Mosley of Lockney and Joe Ysasaga, Chad Harmon, Deneen Marricle, Gene Lowrance, Sam Hale, and Joe S. Martinez of Floydada.

Entries with eight incorrect games this week include Homer Ragland, Michael DeLeon, Owen Thornton, Randall Stapp, Pam Fulton, and Christopher Gonzales of Lockney and Jim Gray, Rod Ferguson, Mandy Holbert, W. H. Simpson, Kevin Tipton, Jeff Lyles, and Sheree Covington of Floydada. Nine entries missed nine games and twelve entries missed ten games.

**GOOD LUCK!!**

## Floyd County Hesperian-Beacon Football Contest Rules

Any subscriber or individual above the age of 7 years old who purchases a Floyd County Hesperian-Beacon is eligible to enter this newspaper's weekly football contest, except employees of this newspaper and family members living in the same household.

To play, circle on the official entry form, the numbers of the teams you believe will win this week's games. To indicate a tie, circle the numbers of both teams playing the game. In addition, write in each of the tie breaker footballs your guess of the combined total points to be scored by the two teams listed. Also circle the team you believe will win. Circle both teams if you think the game will end in a tie.

The only entries which will be considered for prizes will be those on official entry forms which are brought to the Hesperian-Beacon office in Floydada or to the Hesperian-Beacon Office in Lockney by 5:00 p.m. on Friday. No photocopies will be accepted.

**NO MAIL ENTRIES WILL BE ACCEPTED.**

Three cash prizes are offered each week. In the event of ties - the same number of correct games and equal scores on the tie breakers - prizes will be shared by those involved in the tie. The tie breaker scores will be utilized only in the event of a tie on the number of games correct.

Print your name and address plainly on the official entry form and double check your choices before clipping; out the entry form and depositing it at the Hesperian-Beacon office before 5:00 p.m. on Friday.

Entries are limited to one per person per week. Weekly winners are limited to one per household.
