Star Lites
By Bill Ellis

WE TEND TO FORGET, sometimes, how fortunate we are to live in a state whose highway system is practically second to none other.

So, it helps to get out at times, check out some of the facilities in our neighboring states, and find out "how the other half lives."

For example, we have been somewhat critical of the length of time it is taking the construction crew to widen and re-pave the six-mile stretch of Highway 214 from the Bailey-Parmer counties line into Muleshoe. Maybe it is taking a while to accomplish, but when it's finished, we'll at least have a highway.

The Ellises and Tuckers were exploring the area around Ruidoso, N.M. on Easter Sunday, when the opportunity to become acquainted with this "highway" came about.

Having started our day by visiting Capitan (the "birthplace of Smokey the Bear" and Lincoln (Billy the Kid's old stomping grounds), we then decided to check out Nogal Lake. We had never been to this particular lake, and it sounded like a good place to have a picnic.

According to the map, we found that you practically had to go all the way back to Ruidoso, and come back up to Nogal Lake, (some 20 or 30 miles) despite the fact that at Capitan, you're almost spitting distance from the lake.

That was when we discovered N.M. State Highway 105 on our map. According to the map, this road would lead to Nogal Lake, and save around 20 or 25 miles. Why not?

State 105 didn't have a big sign where it "intersected" with the main road. Just a small highway sign pointing the direction to the lake.

Despite some protests from the back seat, we proceeded down the five or six miles. It turned out to be a dirt (and rocky) road for its entire stretch, and there were times you'd swear that the road was going to end at a fenced pasture, but it would keep going past a cattle guard.

If you've explored Eastern New Mexico, this type of road isn't unfamiliar to you. It really wasn't a hard road to negotiate. Just the fact that it was termed a state highway got the best of those in our group.

The highway is marked, by the way, by single stakes, one at each end of the six-mile stretch, with a small metal plate attached, which simply has the numbers "105." Nothing fancy...just like the road.

After that trip down New Mexico 105, we decided that we Texans have become spoiled by our highway system. We have come to expect four-lane highways, or at least a wide road with paved shoulders for state highways--and that's what we have in most cases.

One final word of warning, based on our experience of Easter weekend: I don't know if they have "Farm to Market" roads in New Mexico or not--but based on what we found this state road to be, I would urge you to approach any road in that state which might be designated as a Farm Road with extreme caution.

Memorial Park Assn. To Meet

The annual meeting of the Friona Memorial Park Cemetery Association will be Tuesday, May 1, at 8:30 p.m. in the Friona State Bank Community Room.

Three members will be elected to the board of directors and all members and visitors are invited to attend.

Star Tabloid Fetes Races

Candidates in all of the state races which are contested are featured in a special four-page tabloid included in this issue of the Star.

The special tabloid was arranged by the League of Women Voters, and is presented as a public service by the Friona Star.

GRAND OPENING.... Bi-Wize Health Mart Drug will kick off its Grand Opening sale on Saturday, April 28. Members of the Chamber of Commerce board of directors participated in a ribbon-cutting at the store's new location.

Shown left to right are Larry Knowles, Jeanie Tucker, Claudia, Christian Joy, Perry and Mike Hanes, Kathy Beard, Harry Hutcheson and David Barnett.

KENT HANCE

DON RICHARDS

Star Endorses Hance, Richards

The Friona Star encourages voters to cast their ballots on May 5 for Kent Hance in the U.S. Senate race.

Hance, a native of this area (Dimmitt), would make a great senator for our state.

Of the six candidates for the Democratic nomination, Hance is the only one to have passed a major piece of legislation in congress.

Hance is for continued income tax cuts. Other candidates, such as Bob Krueger, have indicated that a tax increase is unavoidable.

Kent Hance is opposed to allowing strikers to have food stamps. Both Krueger and Lloyd Doggett support food stamps for strikers.

Kent Hance is independent, and is not afraid to say "no" to special interest groups.

Kent Hance is for continued cuts in government spending except for Social Security benefits.

Kent Hance recognizes the value of hard work and independence. That is the kind of thinking he hopes to take to Washington as a senator.

It is vitally important that you cast your vote on May 5 for Kent Hance. He deserves your support.

Don Richards, 36, spent five years working for Congressman Kent Hance as an administrative aide. We feel that this experience as Hance's right hand man has earned Richards a shot at the congressional seat.

Of the five candidates for the U.S. Congress, Richards is the only one with solid working experience. He served on Congressman Hance's staff while Hance was on the Agriculture Committee, and also during the last national farm program.

As Hance's aide, Richards' legislative responsibilities included foreign affairs, the military and a broad range of constituent services. He was cleared by the FBI for a Top Secret Security Clearance so he could be briefed on classified matters involving defense and foreign affairs.

A big issue in the congressional race should be experience. If you examine the candidates, we feel that you will find that the qualifications of Don Richards rise above the others.

And remember, it's DON Richards.

Demo Poll Sites Told

Polling places for the Democratic primary May 5 were announced this week by Richard Collard, County Democratic party chairman. The polls are as follows:

Precinct 1 (Black) Old Tri-County Elevator office; Precinct 2: Friona Junior High; Precinct 2-1: Friona High School; Precinct 2-2: Friona Community Center; Precinct 3: American Legion Hall, Bovina; Precinct 4: County Courtroom, Farwell; Precinct 5: Lazbuddie High School; Precinct 6: Oklahoma Lane Community Center; Precinct 7: Rhea Community Center; Precinct 8: Dee Willard residence.

The precinct conventions will be held at 2 p.m. at each place.

The Republican primary polling sites were not established as of the Star's deadline this week, and will be published in next Saturday's edition of the Star.

DST Set To Start Sunday

Sunday, April 29 is the day for the beginning of Daylight Savings Time, which will make its six-months schedule.

Residents are urged to make the time on their clocks and watches "spring forward" an hour, so they will be in step with the rest of the country on Sunday morning.

Bi-Wize Drug Sets Opening Sale

Bi-Wize Health Mart Drug has scheduled a Grand Opening Sale at its new location at Ninth and Main Streets, beginning Saturday, April 28, through May 9.

Those coming into the store during the next two weeks are asked to register for an Oster Kitchen Center, to be given away on Saturday, May 12.

Customers also will be eligible for a drawing for a discount on selected items in the store. Details on this drawing will be given to those visiting the store.

As a special during the Grand Opening Sale, Bi-Wize's photograph service is featuring a "second print free" promotion, through Monday, April 30.

Mike and Claudia have reduced a number of items, such as Seiko watches, to half-price for the special sale.

The two-liter (disposable) Cokes are on sale for 89¢ during the promotion.

"The quantity of some items are limited, so the sale will be on a first come, first served basis," Hanes said.

Bi-Wize has been in their location, former home of D.L.'s Thriftway on Main Street, since March, and has been in the process of remodeling, adding new fixtures and new items, since that time.

The store has been expanded by more than 60 per cent from the drug store's longtime location at 619 Main Street.

Store hours are 8 a.m. to 7 p.m. Monday through Saturday.

State Races Highlight Democratic Primary

Nominations for the U.S. Senate position, as well as the U.S. Representative for the 19th Congressional District will highlight the Democratic primary on Saturday, May 5.

Parmer County voters also will have a contested race for County Sheriff, where challenger Steven K. Hillock will oppose M.C. (Bill) Morgan, who is up for re-election.

Voters in Commissioner's Precinct number one will choose between incumbent Ernest Anthony and challenger T.A. Kelley.

Voters in county Precinct 3 (Farwell area) will also be voting on a commissioner, as longtime commissioner Archie Tarter is opposed by Robert White.

But the senate race will undoubtedly hold the most attraction for state voters. The race is made more interesting on the local level due to the presence of Dimmitt native Kent Hance, who is giving up his post as U.S. Representative to seek the senate seat.

Hance is one of six candidates in the field, the others being Robert S. Sullivan, David Young, Robert (Bob) Krueger, Lloyd Doggett and Harley Schlanger.

Krueger, Hance and Doggett are generally given the best chances of making the almost-certain runoff. Krueger made the race in 1976 against retiring senator John Tower, and

gave the Wichita Falls Republican a close race.

In the race for Hance's position in congress, five candidates have their names on the ballot. They are Delwin Jones, Gary Condra, John Selby, Don R. Richards and Thomas M. Richards.

Five positions on the state level are contested, and all are judicial positions.

One position is the Texas Supreme Court, where the justice for place 2, C.L. Ray, is opposed by Shelby Sharpe and Texas S. Ward.

On the Court of Criminal Appeals, three places are up for election. Candidates for place 1 are Sam Houston Clinton and Oliver Stanley Kitzman.

Opponents for the place 2 spot are Roy E. Greenwood, George Martinez, Buddy Stevens and W.C. (Bill) Davis.

The candidates for the place 3 spot on the Criminal Court are Kerry P. Fitzgerald, George Ellis, Harry Heard, Thomas B. Thorpe, William Phillips, Bill White and Walter Boyd.

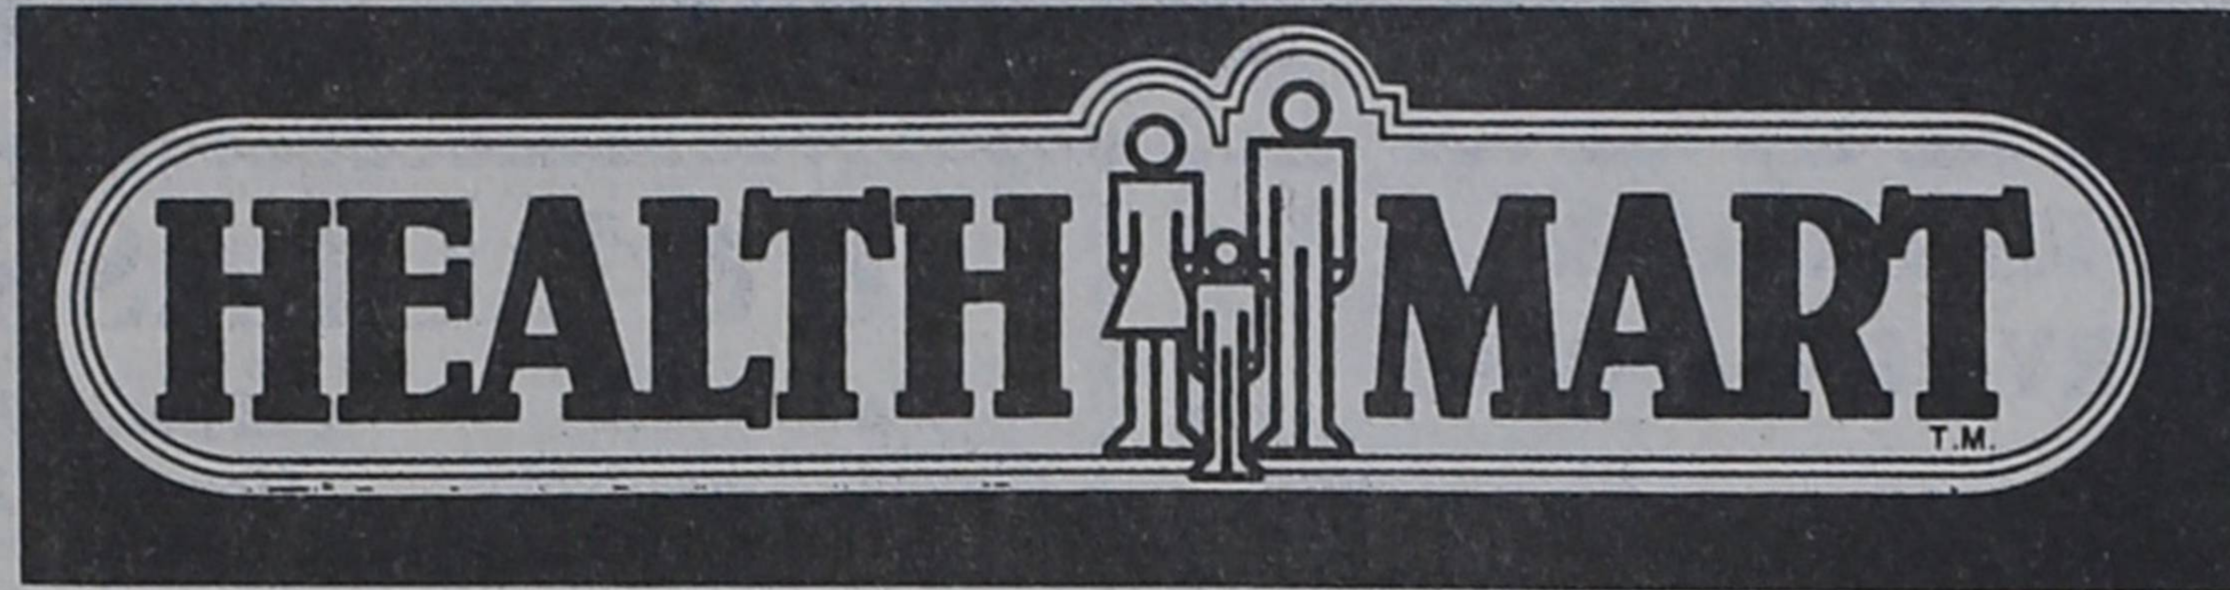

The only contested races on the GOP ballot are for the U.S. Senate, where Phil Gramm, Rob Mosbacher, Henry C. (Hank) Grover and Ron Paul are running, and for the U.S. Congress, where Larry Combest, Richard Wilder, Ron Fleming and Tom Schaefer are on the ballot.

RESTAURANT FETED.... Jackson's Parmer House Restaurant held its Grand Opening on Monday of this week, and the Chamber was present for a ribbon cutting. From the left are

Harry Hutcheson, Mike Hanes, Nancy Jackson, Jeanie Tucker, Ray Jackson, Jim Tucker, Kathy Beard, David Barnett and Larry Knowles.

Around The House In Parmer County

By LAURA JACOBS
When you hear about all the money that Americans spend each year, you may feel like the small amounts you spend don't count for much. After all, you're "just one consumer."

But consumers do count—and count heavily—in the entire American enterprise system. Our individual buying decisions, when taken together, determine whether products, services and even companies will succeed or fail.

Think, for example, of how products have changed over the past ten years in

response to consumer interest in energy-saving, smaller cars, convenience foods, nutrition and home computers. Marketplace success in our economy is often determined by how well a manufacturer or business can adapt to consumer needs and wants.

Along with changing tastes, American consumers tend to be more sophisticated and selective than in the past. Some experts say that's the result of being better educated and having more information available through the media.

Where we used to consider

price and quality alone, now we also look at convenience, possible uses and other helpful features of products. Some consumers even choose one brand over another because the manufacturer has shown "social responsiveness" to community issues, environmental concerns, or disadvantaged groups.

Consumers' buying habits are important, but what we do after we buy a product can be equally significant. Our complaints, comments or questions can influence business to improve or develop new products and

services.

When all the individual consumer comments and complaints are added together, they encourage manufacturers to produce quality goods and services which better meet consumer needs.

Home economists are a valuable source of consumer information. Most people assume that home economists can answer questions about cooking and sewing. But few realize they also have up-to-date research-based information on family finances and money management, home energy use, improving personal community relationships and providing attractive, safe and healthy home environments.

Extension home economists are trained to help people gain new knowledge and develop skills for better living. In our free-market economy, consumer know-how is an important skill that helps families function more effectively.

American consumers have easy access to the expertise of a home economist through their Extension Service. In Texas, each county has a home economics agent who is part of the statewide Texas Agricultural Extension

Service (TAEX).
Contact your county Extension agent at the courthouse in Farwell or call 481-3619.

8222

Let the new generation of hybrids do for your sorghum acres what Pioneer has done for Plains corn.

8222 Big yield potential under full irrigation. A widely adapted hybrid, 8222 has produced a superior record under many different environmental conditions. But it's especially adapted to full-season production in this area. Provides outstanding stress tolerance, plus excellent resistance to MDMV and head smut. It's an attractive, medium height hybrid with semi-open heads of bright red, hard-textured grain. Leaves that are above average in width help provide first-rate shading. And outstanding root and stalk strength keeps plants standing for maximum harvest.

8493 Especially adapted for dryland or very limited water conditions, this is a fast maturing hybrid with exceptional drought tolerance. It has the ability to take full advantage of normal early season rainfall; then it makes efficient use of available ground moisture to produce all that the season allows. Under tough growing conditions, the standability of many hybrids often suffers. But not 8493. Strong stalks and roots keep medium height plants standing straight for easy harvest of dark red, high test weight grain. It's the standard for resistance to greenbugs.

8333 Pioneer plant breeders developed this great new hybrid to make the most of what the growing season has to offer. This one has outstanding drought tolerance, too—but you should plant it on good dryland or under limited irrigation to take full advantage of its maturity and yield potential. In irrigation tests throughout the Plains, 8333 has produced exceptional yields. The field appearance of the bronze, hard-textured grain is most attractive. Harvesting is made easy, too, by excellent head exertion and very good standability. For late season plant health, 8333 is highly resistant to MDMV, head smut, and Biotype C greenbugs.

Choose the combination best suited to your land and your conditions—and get ready for a great sorghum crop.

FHS Tracksters Gear Up For Post-Season Action

Friona High School track stars, still eying post-season competition, had the Easter weekend off. It was their first break from action in a number of weeks.

Chieftain qualifiers for the regional meet, along with both of the squad's relay teams, were to be in action on Saturday, (April 28) in a regional qualifier's meet at Panhandle. A number of track stars from the area, including performers all the way to classification 5A were expected to be entered in the meet.

In addition to the relay teams, regional meet qualifiers competing will be Daniel Gowens in the high jump, John Aguirre in the 400-meter dash, Eloy Caballero in the intermediate hurdles and Charlie Morgan in the long jump.

Field events start at 11 a.m., with running finals slated to begin at 2 p.m.

The four Chieftains named above will be competing in the regional track and field meet May 4-5 in Odessa.

Also on May 4, Squaw track star Wenner Jackson will be in the state track and field meet, entering both the shot put and discus events. She won the shot put, and placed second in the discus at regional.

Friona performers continue to be ranked high in the Amarillo Globe-News' Panhandle area Track Honor Roll, after six weeks of competition.

Miss Jackson still has the best shot put mark, 40-0, of any track performer, class A through AAAAA, in the area. Her best discus throw, 119 feet, four and one-half inches, ranks her third in the area behind Bernice Thomas of Hereford and Renay Asberry of Amarillo Tascosa.

On the boys' list, Eloy Caballero ranks second in his specialty, the 300-yard intermediate hurdles, with a time of 38.8. Leading this category is Dodd Nolan of Dalhart. Muleshoe's Mark Moten is tied for fourth with a best time of 39.6, and Tullia's Chad Swinburn is also ranked in this same group and time.

Quarter-miler John Aguirre has a best time of 50.2, which ranks hi-fifth in the area. Steve Day of Dalhart has the best time, 48.7, but he is the only other class AAA performer ranked in the area's top ten for this event.

Friona's 400-meter relay team, composed of Charles Walker, Charlie Morgan, John Aguirre and Eloy Caballero, have the tenth best time in the area at 43.6.

And sophomore high jumper

Daniel Gowens, who has lost only one meet all season, is tied for fifth place on the high jump list at 6-4, although no class AAA performer has a better mark.

The Chieftains' 1600-meter relay foursome (Joe Garza, Ricky Marquez, Eloy Caballero and John Aguirre) have a time of 3:29.9, which ties for the tenth best mark in the area this spring.

Woman's Club Makes Trip

The Friona Woman's Club met Wednesday, April 25 at the Club House.

The group then travelled to Clovis, New Mexico. They had lunch at Furr's Cafeteria and then toured Alco and Guthals.

When the club returned to Friona, they met at the club house for a business meeting.

Those making the trip were Juanita Reed, Addie Moyer, Lillian McLellan, Anna Mae Hays, Eula Bradshaw, Clessy Stroud, Vela Wood, Fern White, and the associate member, Mabel DeLong.

The next meeting will be a luncheon at the club house at 1 p.m.

Winners Told For Opening

Winners of the door prizes drawn for during the Grand Opening of Jackson's Parmer House Restaurant last week have been announced.

Grand prize winner was Thomas Villalobos of Friona, who won an alarm clock with a weather scanner. Steak knife sets were won by Winette Parr and Elizabeth Carmichael. Garcia combination rod and reel sets were won by Reagan Looney of Bovina and Anita Hall of Friona.

Dinners for two were won by David Neville, Shirley Henderson, Julia Fairchild, Martha Pruett and Nelson Welch, all of Friona.

Ray and Nancy Jackson, owners, said they appreciated the response to their grand opening.

"THERE'S ONE NEAR YOU"

Why A.A. Works: What Twelve Traditions Mean

"At the beginning, we in Alcoholics Anonymous felt much like Eddie Rickenbacker and his company when their plane crashed into the Pacific. Saved from death, they found themselves still floating upon a dangerous sea, and there was no doubt among them that their common welfare came first: Nobody dared rock that raft lest they all perish."

So spoke Bill Wilson, the late co-founder of A.A., in describing how the Twelve Traditions came to be adopted in 1950. But what are these Traditions? How do they function?

Representing the distilled experience of A.A.'s past, the Twelve Traditions are the basic principles by which A.A. members collectively work together and relate as a whole to the world. By adhering to these, he pointed out: "A.A. cannot possibly be split apart by politics, religious differences, money, professionalism, public controversy--or by oldtimers who take a notion to be big shots."

When first published (in the A.A. monthly magazine, *The Grapevine*, in 1946), "the Traditions got a mixed reception," according to Wilson. Only groups in dire trouble took them seriously; others "were obviously bored" as they listened to him expound on the basic tenets. He received numerous letters like this: "Bill, we'd love to have you come and speak. Tell us where you used to hide your bottles...how you finally sobered up. Just, please, don't talk any more about those damned Traditions."

But time has changed all that. The average A.A. member--and there are more than a million of them--knows that the chain of recovery in the Fellowship is only as strong as its weakest link. Thus, few would knowingly exploit or tamper with the principles embodied in the Traditions, realizing that they are the key to the unity, functioning, and even the survival of A.A.

Like the Twelve Steps that form the basis of individual recovery from alcoholism in A.A., the Twelve Traditions are subject to continuing scrutiny and reinterpretation. The furthest thing from dogma, they can be changed by a three-quarter vote of the membership--currently about 40,000 local groups in some 110 countries.

Here are the Traditions, word for word, with a capsule explanation of each:

1. "Our common welfare should come first; personal recovery depends on A.A. unity." **The group must survive or the individual will not.**

2. "For our group purpose, there is but one ultimate authority--a loving God as He may express Himself in our group conscience. Our leaders are but trusted servants; they do not govern." **The collective voice of the group is the "law" and the "leader"--not any one person.**

3. "The only requirement for A.A. membership is a desire to stop drinking." **Alcoholics become members when they say they are.**

4. "Each group should be autonomous except in matters

affecting other groups or A.A. as a whole." **The group, like the individual, necessarily conforms to principles that guarantee survival.**

5. "Each group has but one primary purpose--to carry its message to the alcoholic who still suffers." **It is the great paradox of A.A. that members can seldom keep sobriety unless we give it away.**

6. "An A.A. group ought never endorse, finance, or lend the A.A. name to any related facility or outside enterprise, lest problems of money, property, and prestige divert us from our primary purpose." **A.A. cannot be all things to all people, nor should we try.**

7. "Every A.A. group ought to be fully self-supporting, declining outside contributions." **John D. Rockefeller said: "Money would spoil it all," knowing that whoever pays the piper calls the tune.**

8. "Alcoholics Anonymous should remain forever nonprofessional, but our service centers may employ social workers." **One-to-one work with fellow alcoholics is never paid for, but A.A. could not function without full-time service workers as well.**

9. "A.A., as such, ought never be organized; but we may create service boards or committees directly responsible to those they serve." **The aim of our service is to bring sobriety within reach of all who want it.**

10. "Alcoholics Anonymous has no opinion on outside issues; hence the A.A. name ought never be drawn into public controversy." **A.A. does not take sides, ever, in public controversy.**

11. "Our public relations policy is based on attraction rather than promotion; we need always maintain personal anonymity at the level of press, radio, and films." **Personal ambition has no place in A.A. We seek publicity for A.A. principles, not A.A. members.**

12. "Anonymity is the spiritual foundation of all our traditions, ever reminding us to place principles before personalities." **Subordinating personal aims to the common good is the essence of all Twelve Traditions and the greatest safeguard A.A. has.** Weekly meetings are held in Friona Monday at 8 p.m. at 1601 Euclid (Union Congregational Church). Phone 247-2754 for details.

JO ANN FLORES and NOE CHAVEZ... Mr. and Mrs. Joe Flores, Jr., of Amarillo, formerly of Friona, announce the engagement and approaching marriage of their daughter, Jo Ann, to Noe Chavez, son of Mr. and Mrs. Juan Ramon Chavez of Brownfield. Wedding vows will be exchanged on Saturday, June 16, at 4 p.m. at the First Baptist Church of Canyon. Miss Flores is a 1982 graduate of Friona High School and is a sociology major at West Texas State University. She is employed at the University Police Station at W.T.S.U. Chavez is a 1982 graduate of Seagraves High School and is a pre-med major at West Texas State University. He is employed at the Biology Department at W.T.S.U. The couple will make their home in Canyon.

TSTI Sets Intramural Rodeo In May

TSTI-Amarillo will sponsor their 13th Annual Intramural Rodeo on Saturday, May 19. Tickets are \$3 for children under 12 and \$5 for adults. This includes a barbecue which starts at 2 p.m. and the rodeo starts at 6 p.m. followed by a dance.

Events are bareback bronc riding, chute dogging, tie-down calf roping, barrel racing, rescue race, team roping, pole bending, ribbon roping, saddle bronc riding, bull riding, goat tying, break away roping, and hide race.

Entries are open to TSTI full-time students and ex-full time students and their spouses, TSTI staff members and ex-staff members and their spouses, TSTI faculty and ex-faculty and their spouses.

For more information contact Saddle and Tack rodeo member 335-2316 ext. 395. Entries close May 7 by 8 a.m.

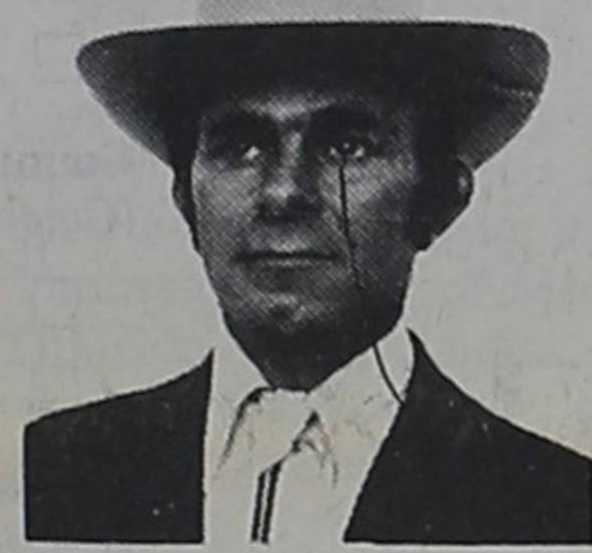

Softball Meeting Set Here May 1

Softball enthusiasts are urged to attend an organizational meeting Tuesday night, May 1 at 8 p.m. at the City Council Room.

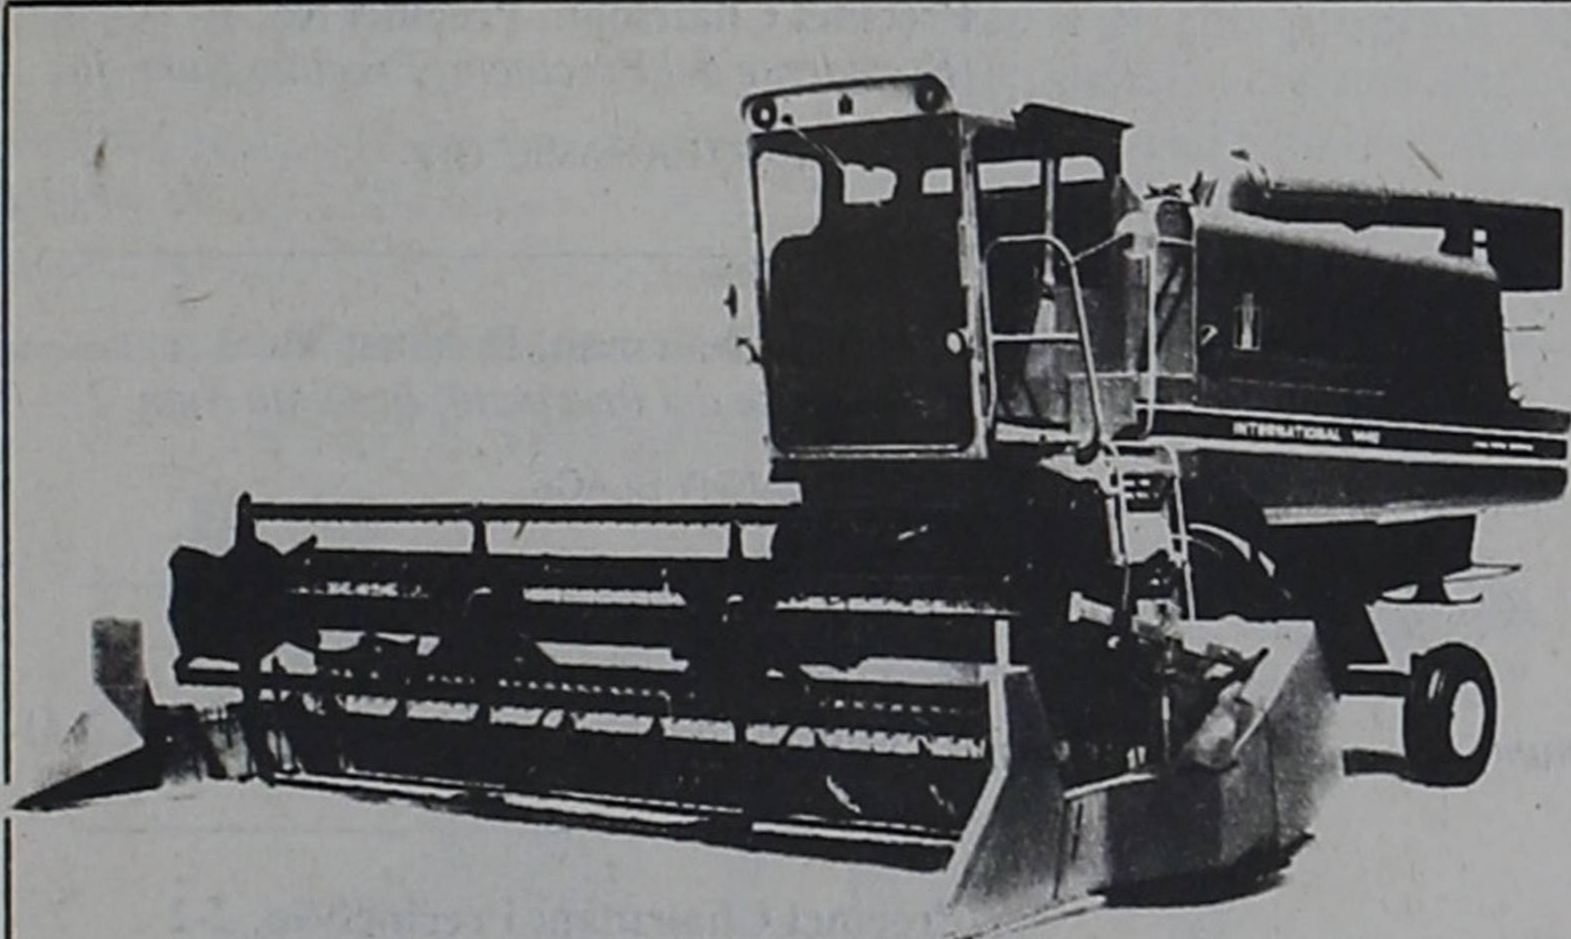

Anyone interested in playing men's, women's or mixed softball is urged to attend this meeting and help get the season started locally.

MORE reasons why you should choose an International Axial-Flow combine

1. MORE BUSHELs per day
2. MORE BUSHELs per acre
3. MORE BUSHELs per gallon of fuel
4. MORE DOLLARS per bushel

Increase your harvesting productivity by stepping up to an International Axial-Flow combine.

Proof of an Axial-Flow's superior performance was confirmed in a survey of more than 3100 Axial-Flow owners who compared their Axial-Flow to the combine of "equal size" that they previously owned. The reports, from wheat, corn, soybean and rice producers, prove the efficiency of Axial-Flow.

This comprehensive survey shows that an International Axial-Flow combine is more productive because it can "squeeze" more bushels out of every acre, every hour of harvesting time and every gallon of fuel. In addition, gentler handling of the crop holds dockage to a minimum to provide a higher price at the elevator.

International Axial-Flow is the only full line of rotary combines. There are four basic models for small grain, corn and soybeans plus three rice models, the most productive hillside combine and a pull-type model.

MORE BUSHELs per day, MORE BUSHELs per acre, MORE BUSHELs per gallon of fuel and MORE DOLLARS per bushel -- that's International Axial-Flow productivity and efficiency. Stop in soon for complete details.

MAY 14-19
Chamber Committee Sets Clean-Up Event

The Chamber of Commerce City Beautification Committee met April 24 to begin plans for the annual clean-up campaign.

May 14-19 has been designated as Friona's Spring Clean-Up Week, when residents will be asked to remove all unsightly objects and debris from their properties. Special trash pick-up will be provided by the city and the two flat-bed trucks will run all that week. Residents should stack their throw-away objects, tree-limbs, trash, etc. in the alley near the dumpsters.

A poster contest will be held for Friona Elementary school children with details to be announced next week. Winners of the clean-up poster contest will be displayed in downtown store windows.

The Main street merchants who have sidewalk planter barrels, are being asked to remove the dead plants. Inexpensive Spanish moss plants and potting soil will be available from the Chamber office at

a very minimal cost. Each merchant must see to planting and watering their own barrels. The committee pointed out that the Spanish moss plants require very little water and could easily be cared for with a water pitcher or small bucket.

Civic clubs, youth groups and all organizations are also invited to get involved in making Friona a more beautiful place to live.

City Manager BeeLee Goodwin, who was present at the meeting, expressed the desire to have all abandoned vehicles removed from the city's streets. The Beautification Committee would like to urge residents who have old abandoned cars or trucks on their property or in the street adjoining their property to voluntarily remove these eyesores, before stronger measures of action are decided upon. A series of photos and addresses of these eyesores will be published in the Friona Star for the next few weeks.

FHA Raises Loan Limits

Texas' allocation of funds for direct loans in the economic emergency farm loan program has been increased from \$5,890,140 to \$18,415,000, State Director J. Lynn Futch of the Farmers Home Administration (FmHA) announced today.

The increase will be distributed through State Offices of the FmHA, the U.S. Department of Agriculture's farm credit agency. Nationally, the direct loan portion of the \$600 million economic emergency program was raised to a \$310 million share.

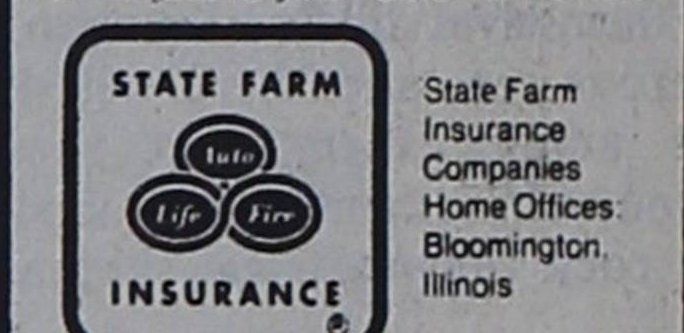

Interest rates for direct loans obtained from FmHA county offices are 10.25 per cent on loans made for operating purposes and 10.75 per cent on loans made for real estate

purposes. Economic emergency loans are authorized for bona fide farmers and ranchers who are directly and primarily engaged in, and expect to continue in, agricultural production, are unable to get sufficient credit from their regular lenders, and need credit to maintain viable farming operations. FmHA can loan up to \$400,000 to any one borrower under the economic emergency program.

Permitted use of loan funds include financing of 1984 crop production, purchasing essential livestock, feed and equipment, and paying delinquent installments on farm and real estate debts if a lender is demanding payment.

*When Kent Hance is in Washington,
 he thinks and votes like a Texan.*

We feel it is vital to have someone in the United States Senate who thinks like we do . . . who will look out for us . . . who can protect the family farm . . . who grew up in West Texas and thus knows what West Texas needs . . . who knows the importance of solving West Texas' water problems . . . and who has fought against higher taxes and sponsored legislation that lowered personal income taxes.

Join us in electing Kent Hance to the U.S. Senate . . . our watchdog in Washington to make sure West Texans aren't forgotten.

POL. ADV. PAID BY LELAND GUSTIN

PRESENTED COURTESY OF
FARWELL ABSTRACT
 FARWELL, TEXAS

GLENDORA LEE APPLING and JOHN H. JORDAN JR....
Mr. and Mrs. Lee Roy Appling announce the engagement and approaching marriage of their daughter, Glendora, to John H. Jordan, Jr., son of Mr. and Mrs. John H. Jordan, Sr., of Clovis, New Mexico. Wedding vows will be exchanged on Saturday, May 19, at 3 p.m. in the First Assembly of God Church in Friona. Miss Appling is a graduate of Friona High School and is enrolled in the nursing program at Eastern New Mexico University, Clovis Campus. Jordan is a graduate of Grady High School and is engaged in farming north of Clovis.

Legion/Auxiliary Hold Convention

The 18th District of the American Legion and Auxiliary held the spring convention at Nazareth Post 528, Nazareth, on April 14. This was a one day meeting and was well attended by Posts and Units from over the Panhandle.

Reports were given by each Unit showing lots of work being done through the American Legion and Auxiliary. Mike Palmquist, Department Service Officer, was one of the speakers and he distributed printed literature for the use of those present and gave advice on issues. He urged all Veterans and their wives to check their Service records and be sure that they are in proper order and that the wives know where these records are. This is very important.

Election of officers was held by both the Legion and the Auxiliary. Geneva Williams, Friona, was elected president of the 18th District for a term of two years; Rose Taylor of

Shamrock, was elected vice president. Legionaires elected Jim Landers, Borger Post, as president and Lee Taylor of Shamrock as vice commander. These officers will be installed at the Department Convention in July at El Paso, Texas.

A banquet was held at the school cafeteria Saturday. The meal was served by the cafeteria employees assisted by high school students. Thomas Godfrey of Midland, 4th Division Commander, was the speaker. Other visitors and guests were recognized and appreciations expressed for the well planned convention.

A memorial service was held Saturday morning for deceased veterans and wives. Geneva Williams assisted with this program. She is asking that all veterans and wives become involved with their work and try to make the local Post and Unit active again.

Town Talk

By June Floyd

Call 247-3681 With Your News Item

It's great to be back home after spending six weeks in the Big Sky Country. Central Montana may not be the most beautiful part of the world, but it must be in the top ten. We had never seen that part of the country in the early spring before and learned that we had been missing something.

When we arrived at the Phillips Bar Diamond Ranch, which is located about ten miles north of Lewistown, in early March, everything in the Judith Basin that wasn't covered with snow was brown.

In a few days color began to appear in the willows, which surround the pond, tiny sprigs of green grass began to poke through the thin snow cover and wild crocuses added a pale purple color to the countryside. By the time we left Monday of this week it was definitely spring.

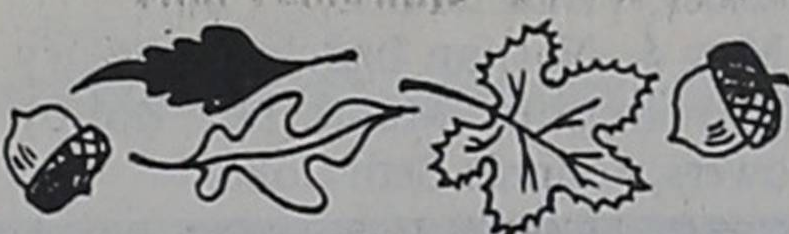

In spite of all the beauty of the region, the highlight of our trip was the arrival of our eighth grandchild and number three Phillips grandson. He put in his appearance on a beautiful Sunday afternoon in Central Montana Hospital. Two days later he and his Mom, Susan, came home and the rest of the time his Dad, Wes, and two brothers, Clint and Kory, had two proud grandparents helping spoil him.

Enroute home we stopped for an overnight visit in the home of the Kansas branch of the family. Gerald, Jana, Jason and Sarah live in Elkhart, which is kind of between Friona and Lewistown.

The wind which blew all the way from Elkhart to Friona Wednesday was the most disagreeable weather we had on the trip going up and coming back.

Wind or no wind, though, it is good to be home and we're going to be expecting some calls for information for Town Talk next week.

.....
Dalton Caffey is a patient at St. Anthony's Hospital in Amarillo.

Cap Dennis, who has been a surgical patient at Veteran's Hospital in Amarillo, has been dismissed and is recuperating at home.

.....
Tommie Nelson, youngest daughter of Grady and Pauline Nelson, has been transferred from a hospital in Abilene, Texas, to St. Mary's of the Plains Hospital in Lubbock.

Tommie, who was seriously injured in an automobile accident in Sweetwater, Texas, in January, has been hospitalized since that time.

Her condition is reported to be gradually improving.

.....
Two other Friona residents have been hospitalized in Amarillo this week. Judge Porter Roberts entered St.

Anthony's Hospital April 17, and is being treated for a rare virus which has left him in a weakened state.

Kenneth McLellan also was admitted to St. Anthony's this week, and has undergone a series of tests.

.....
Mrs. Fannie Meeks of Little Rock, Arkansas, has been visiting her Friona kin. She's Willard Stewart's sister and Eufaula Ethridge's sister-in-law.

Incidentally, if you like seeing bluebonnets blooming and can't go down state, you might like to drive by Eufaula's, she lives at 206 East Ninth, or Juanita Wright's, who lives at 1203 Pierce.

.....
If Friona had an award for the most improved front yard, I'm thinking it should be given to Hazel

Weir, who lives at 204 East 11th. Even though her yard is quite small, it is well arranged and looks very neat.

.....
Who knows the origin of the custom of hiding brightly colored eggs for small children at Easter time? All of us enjoy coloring eggs and hiding them for little ones to hunt, but it would be interesting to know who started it all.

Sunday afternoon two men went outside to hide eggs for three small boys to hunt. The smallest, who is a two year old, didn't know what was going on and was very upset.

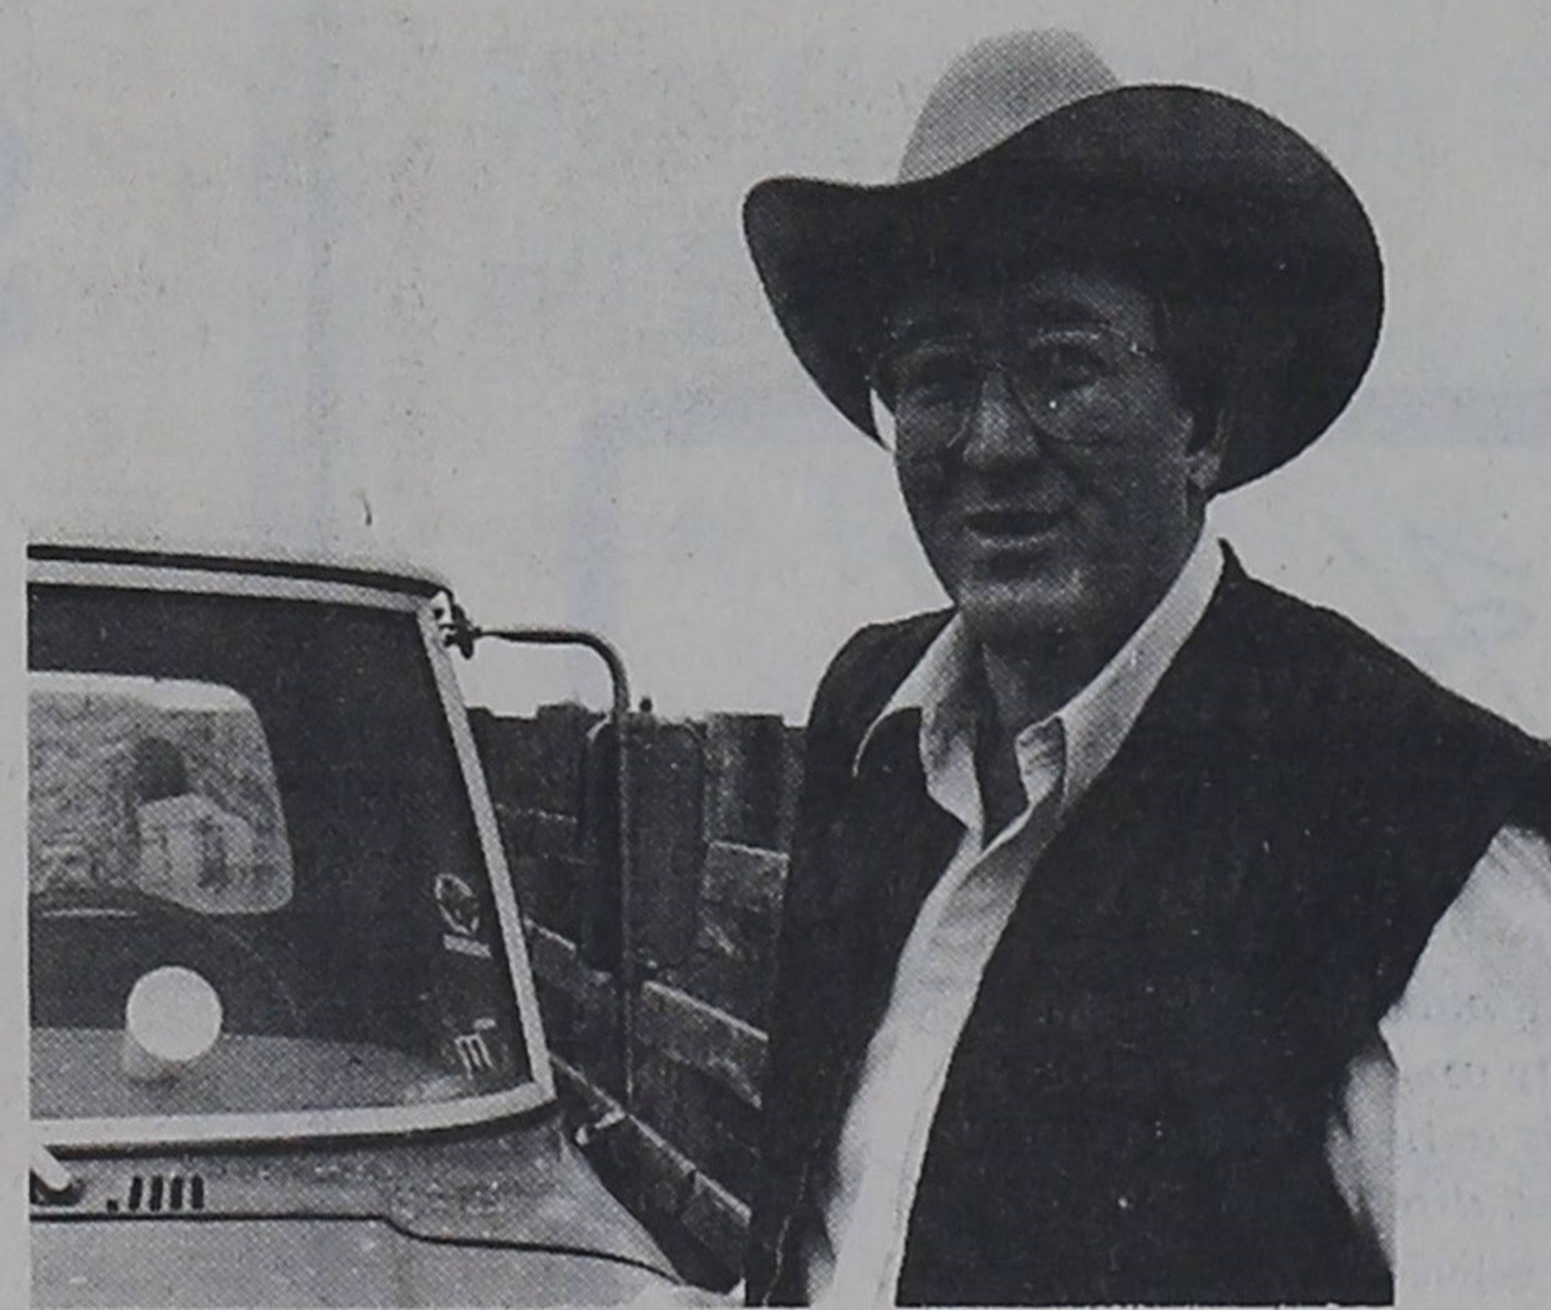

When his mother tried to comfort him by telling him he could go outside and help hunt the eggs as soon as his Dad and a friend finished hiding them, he continued to sob and said, "I know that, but I can't find my gun."

Friona Antique Club Holds April Meeting

The Friona Antique Club met Monday, April 23, in the home of Elvie and Virginia Jennings.

Roll call was answered with eleven members present.

The host couple served ham, brisket, slaw, Jello salad, baked beans, sweet pickles, strawberry salad, hot rolls, apple pie, pecan pie, tea and coffee to those attending the meeting.

The evening was spent visiting. Those present were Raymond and Nola Adams, Jerry and Patty Zachary and Joe, Rudolph and Clara Renner, Orma Flippin, Selma Habbinga, Hazel Baxter and Elvie and Virginia Jennings.

The next meeting will be in May, in the home of Rudolph and Clara Renner.

JANA BROWND and DAVID BARNETT....Mrs. Jerry Brownd announces the engagement and approaching marriage of her daughter, Jana, to David Barnett, son of Mr. and Mrs. Doyce Barnett. Wedding vows will be exchanged on Saturday, July 14, at 7:30 p.m. in the Friona First United Methodist Church. Miss Brownd is a 1981 graduate of Friona High School and will graduate May 11 from Amarillo College School of Dental Hygiene. Barnett is a 1976 graduate of Friona High School, and a 1980 graduate of Wayland Baptist University with a Bachelor of Science degree in business administration. He is an employee of Friona State Bank. The couple will make their home in Friona.

Friona YH Sets Special Events

The week of April 29-May 5, Friona Young Homemakers will be observing "Young Homemakers Week."

Young Homemakers of Texas is a state organization for young women interested in maintaining effective personal, family and community life. They develop skills and gain information on new and improved methods of homemaking and keep informed on matters affecting people engaged in homemaking.

The Friona Young Homemakers organization has 21 members at the present time. The Home Economics teachers, Valoris Osborn, Sheryl Salyer and Gayle Murdock, are the club sponsors. The Friona chapter was organized in June of 1964 and next year will be celebrating its twentieth anniversary.

Beginning on Sunday of Young Homemakers Week, flowers will be sent to the churches honoring each member that attends there. On Monday, a window display will be set up at Foster's, displaying some of the members' handiwork. On Tuesday, cakes will be brought to the businesses that have supported the club throughout the year.

On Thursday and Friday, cards will be sent to the patients in the hospital and a fruit basket will be given to the residents of Prairie Acres.

Then on Saturday, May 5, the Awards Banquet will be held at the First Baptist Church. Awards will go to the "Outstanding Young Homemaker" and "Most Willing Worker." Also recognized will be the new members, honorary members and sponsors. The selection of new officers for 1984-85 will be made at this time.

Projects for the year have included: Selling ice cream on the 4th of July; playing in the mixed softball tournament; shopping spree at D.L.'s Thriftway; Halloween carnival; and snack bar at the Christmas Bazaar.

Also the Thanksgiving bake sale; Easter bake sale; school class pictures; sponsored and prepared the Maize Queen luncheon; snack bar at the stock show and prepared school parties for the Special Ed class at the elementary school.

Proceeds have been donated to: fireworks fund for the 4th of July; sent girls to State Convention; sealing the mural at the Library; and Farmer County Child Welfare Board.

Also, Christmas gifts for needy family; Thanksgiving dinner for needy family; Muscular Dystrophy Association; and donated class picture proceeds to the elementary school.

Regular club meetings are held on the first Thursday of each month at 5 p.m. in the High School cafeteria. Anyone interested in joining is urged to attend.

Study Club Sets Annual Mother's Tea

The Black Study Club will host their annual Mother's Day tea, for the golden age mothers of the area on Thursday, May 3, at 2 p.m. in the Friendship House, 15th and Washington Streets.

All area golden age mothers are invited to attend this tea.

THE FASCINATING HISTORY OF EYECARE-PART III

Lenses for the nearsighted (myopic patients) were invented in the early 1500s. Pope Leo X wore them for hunting and claimed they helped him to see better. Nearsighted people wanted to wear their glasses most of the time and a search began to find a practical, comfortable way to keep eyeglasses from falling off the face. Methods used included frames with leather straps, cords tied around the ears, long weighted cords that hung over the ears, vertical extensions fitting over the wearer's forehead, and metal spikes that attached to the wearer's hat. The Germans made the finest frames in Europe during this period.

Oval lenses (instead of round) were introduced in Europe in 1510. They were designed to enable the wearer of reading glasses to look over the lenses to see at a distance. This is similar to the popular "half-eye" type eyeglasses we have today.

The first eyeglasses to arrive in America came on the nose of Peter Brown, a pilgrim, in 1620. Most early settlers in this country, however, were farmers and, until urban centers were developed, eyeglasses were not widely used in America. During the 17th century in Europe eyeglass styles were the lorgnette (an opera glass attached to a handle), said to have been used by Marie Antoinette, and the monocle, worn by Napoleon (who was nearsighted). Eyeglasses with temple (ear) pieces were invented about 1728 by Edward Scarlett, a London optician. They held glasses on by pressing against the head. Later, they were hinged or had sliding extensions. In the 18th century, Benjamin Franklin invented the first bifocal by splitting two pieces of glass, each with a different power, in the middle and mounting them in the same frame...the forerunner of our present day bifocals.

Think of the progress which has been made since those days in making eyeglasses, and also in the art and science of visual care.

This message is brought to you in the interest of better vision by Drs. Armistead & Smith, Optometrists, Littlefield, Texas.

Happy Birthday Friona Folks...

WEEK OF APRIL 28-MAY 4

Friona residents having birthdays next week are:

April 28--Julie Goddard, Wade Davenport, Lynn Pope, Carol Parsons.

April 29--Karen Edelson Stewart, Kristi Britting, Vincent Koelzer, Wayne Davis, Bernard Gowens.

April 30--Wanda Reeve, Teresa Smith, Davy Hill, Charlie Bell.

May 1--Jerald Reed, Amanda Sifford, Vickie Copley, Kayla Smiley, Amy Knowles, Felipe Mendoza, Gregory Koelzer, Joe A. Walters.

May 2--Skip Sircic, Larry Drake, Pearl McLean, Sheryl Dement.

May 3--Angie Gomez, Cathy Spencer, Vickie Grant.

May 4--Nathan Brockman, Gary Cash, Sophia Mendoza, Bobby Stowers, Johnnie Beth Coker.

BECAUSE HE'S ONE OF US

John H. Selby

John Selby is the man to represent us in the U.S. Congress. West Texas needs a strong voice in Washington...a strong man. John Selby has proved his ability and his dedication in 30 years of civic activity for our area, serving as officer and director of:

- | | |
|--|---------------------------------------|
| American Cancer Society | Lubbock Community Planning Council |
| American Heart Association | Lubbock County Board of Health |
| American Lung Association | Parent-Teacher Association |
| Boy Scouts of America | Rotary International |
| First United Methodist Church | District 573 |
| Food and Fiber Institute | Salvation Army |
| Institute for International Research and Development | South Plains Blood Service |
| John Knox Village of West Texas | South Plains College |
| | South Plains Health Systems, Inc. |
| | Statewide Health Coordinating Council |

...and as a member of:

- | | |
|-----------------------------|---|
| Lubbock Chamber of Commerce | Texas Tech University, Century Club, |
| Lubbock Christian College | Dad's Association and President's Council |

SELBY

Jason Floyd Honored With National Award

Jason Floyd, seventeen year old son of Gerald and Jana Floyd of Elkhart, Kansas, was recently named a 1984 United States National Award winner in agriculture by the United States Achievement Academy.

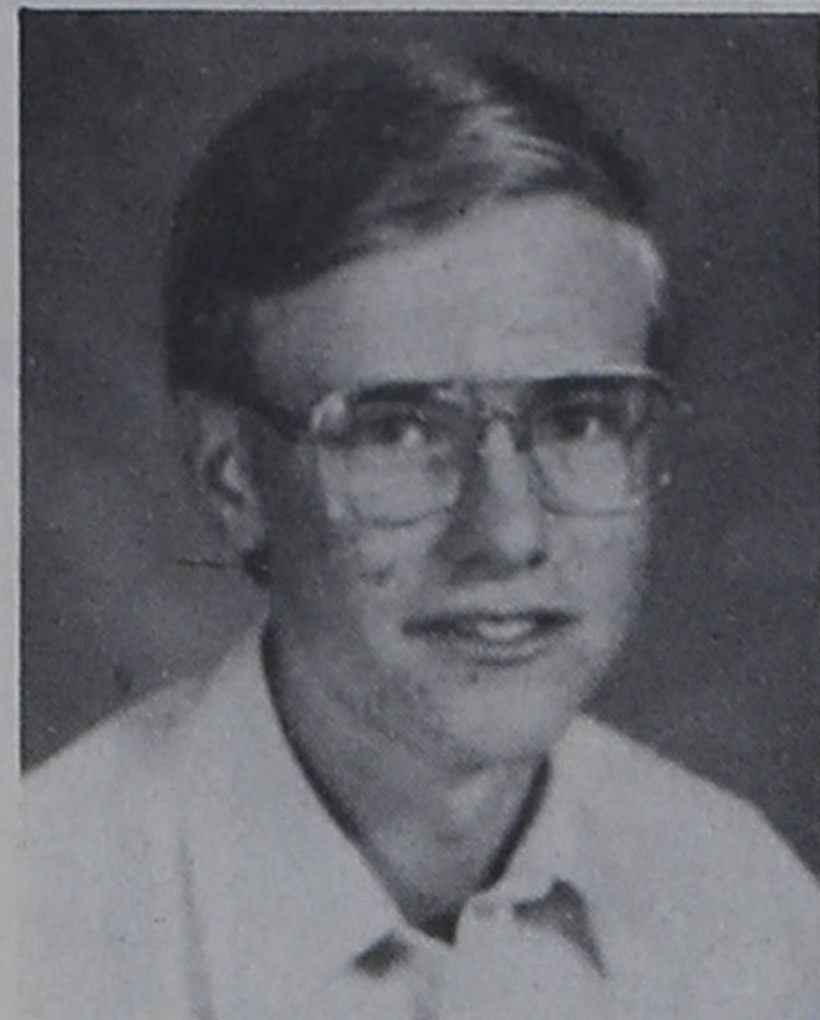

This award is a prestigious honor very few students can ever hope to attain. In fact, the Academy recognizes less than 10 per cent of all American high school students.

Jason, who attends Elkhart High School, was nominated for this National Award by Steve Gaylord,

his vocational agriculture teacher. His picture will appear in the United States Achievement Academy Official Yearbook, published nationally.

Jason, the outgoing president of the FFA Chapter of Elkhart High School, received the Star Chapter Farmer award during the FFA Parent-Member Banquet Thursday evening.

His grandparents are Glenn and June Floyd, Friona, and Ross and Cap Goodwin, Muleshoe.

JASON FLOYD

Boy Added To Family In Montana

Mr. and Mrs. Wesley J. Phillips, Lewistown, Montana, became the parents of a baby boy at 2:42 p.m. Sunday, March 25, at Central Montana Hospital there.

He was named Jeffrey Tye and weighed eight pounds, one-half ounce.

Tye has two brothers, Clint, six years old, and Kory, four. His mother is the former Susan Floyd.

Grandparents are Mr. and Mrs. Robert K. Phillips, Lewistown, Montana, and Mr. and Mrs. Glen Floyd, Friona.

Mrs. Florence Taylor, Roundup, Montana, is the great-grandmother.

Egg Hunt Is Successful

The Friona Riding Club's Easter egg hunt, staged Easter Sunday afternoon, was proclaimed a success by club members.

The winners of the various age-group prizes were as follows: one and two-year olds, Shelly Pope and Ramon Perez, both of Friona; three to five year olds: (Girls) tie between Canna Ray of Friona and Stephanie Taylor of Hereford; (boys) James Connally, Midland. Six to nine years old (boys) Tony Branson, Friona, girls, Julie Bracken, Friona; ten to twelve year olds (girls) Sandra Hernandez and (boys) Jeff Stowers, both of Friona.

Musical Group To Perform

The Spurrllows, nationally known musical group, will appear at Community Church, Hereford, on Sunday, April 29. The concert will begin at 10:30 a.m.

For more than 25 years The Spurrllows have produced high quality music in the form of ten albums with Word, Inc., over 30 choral books for churches, concerts with Youth for Christ, Jesus Festivals, Billy Graham programs, and have ministered in thousands of churches all across America. More recently, they have become a part of a new concept called Festival Of Praise, a musical of praise and worship involving a 40 voice traveling choir.

Organized by Thurlow Spurr, internationally known creator and producer, The Spurrllows appeal to all ages. Their message is as timeless as the Word of God. They have been seen many times on national television specials such as the Bob Hope Show and their own award winning Christmas Special. They have appeared in a full length motion picture, in over 500 national conventions, and in world premieres of four musicals. Twice they have had the distinction of being invited guests of the President of the United States at the White House. They have performed for more high school and college students than any group in recent history, and have long been recognized as innovators in Gospel music.

The Spurrllows are a group of young men and women keenly dedicated to the goal of renewal of the individual within the church. The singers and musicians come from all parts of the United States, and they blend their talents and ministries as one. Their musical style is smooth and soft, yet exciting as it covers a broad range of selections.

The Spurrllows present more than a concert of uplifting and beautifully arranged music. They present an encounter with things that really matter.

The public is invited to share in this time of worship. A Love offering will be taken.

MISTY DAWN FILES and **MARK LEE TUCKER**...Mr. and Mrs. Jim Files of Granbury announce the engagement and approaching marriage of their daughter, Misty, to Mark Tucker, son of Mr. and Mrs. Ted Tucker of Friona. Wedding vows will be exchanged on Friday, May 25, at 7 p.m. in the First Baptist Church of Canyon. Miss Files is a 1982 graduate of Ranger High School, Ranger, Texas, and is attending West Texas State University, majoring in biology. Tucker is a 1982 graduate of Friona High School, and is attending West Texas State University. He is employed by Texas A&M Experimental Station at Bushland, and is majoring in agri-management. The couple will make their home in Canyon.

SOUTH FORK... Friona's own version of South Fork, under the Highway 214 bridge across the railway, is the first sight motorists from the south encounter. The Chamber of Commerce's Beautification committee is urging residents to clean up their property, and will submit a picture each week for the next several weeks.

Gustin Heads Hance Drive

Kent Hance, one of the major Democratic candidates for the United States Senate, today announced that Dale and Tonya Gober, Leland and Geneva Gustin, and Mrs. Peggy Snider will be his coordinators in Parmer County.

In making the announcement Hance said, "The Gustins, Gobers and Mrs. Snider will bring the kind of vigorous effort and grass roots organizational skills that will be an important part of our campaign."

Parmer County is one of the more than 230 counties that the Hance campaign has organized throughout the State of Texas. "I'm proud of our county organizations, and the role they are playing in my race for the Senate," Hance said. "These county

organizations prove the strength of our campaign statewide."

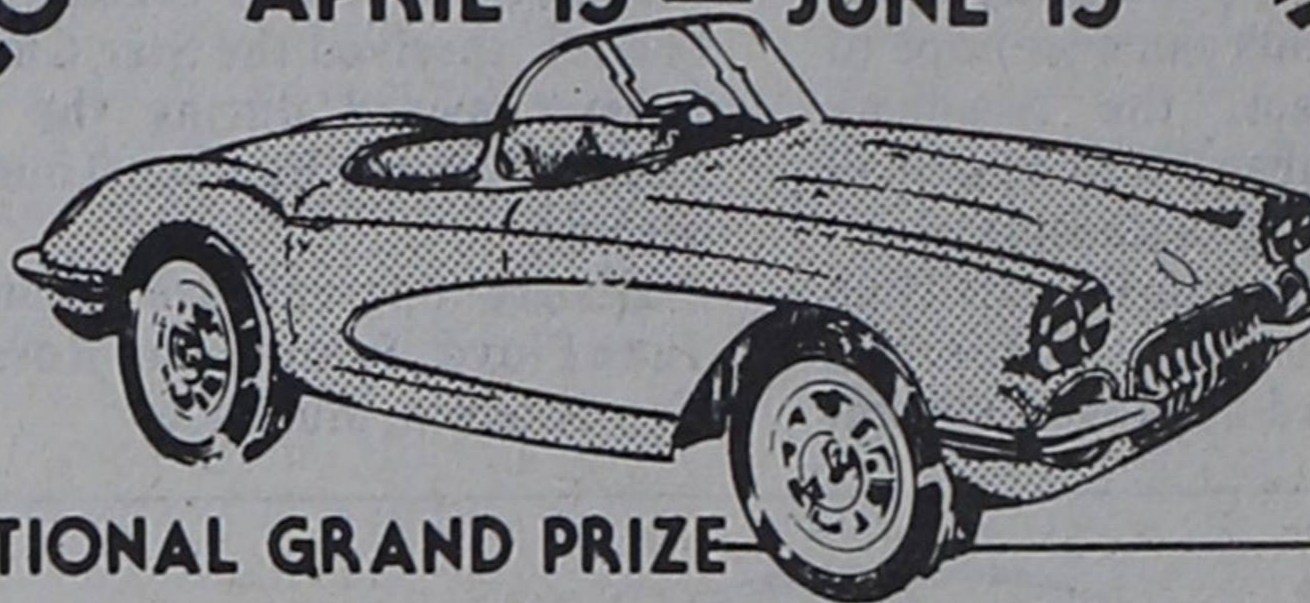

Mr. and Mrs. Gober, who live in Bovina, said, "Our campaign committee in Parmer County will be second to none in this state." Peggy Snider, from Farwell, added, "We'll work hard to turn out the vote for Kent Hance, because we believe he will provide the kind of independent leadership in the United States Senate that will best serve the needs of Texans."

Leland and Geneva Gustin live in Friona. "We're going to do all we can to see that Kent Hance is elected, because he's the most qualified candidate in the election," the Gustins said.

SOFT CONTACTS FOR EXTENDED WEAR

QUESTION: I have been hearing a lot about the new extended wear contact lenses. Can all soft contact lenses now be worn for extended periods?

ANSWER: No. Only a soft contact lens which has met the criteria of the U.S. Food and Drug Administration can be designed for extended wear. They have to be tested in clinical studies and proven to be safe and effective when worn continuously for periods up to two weeks.

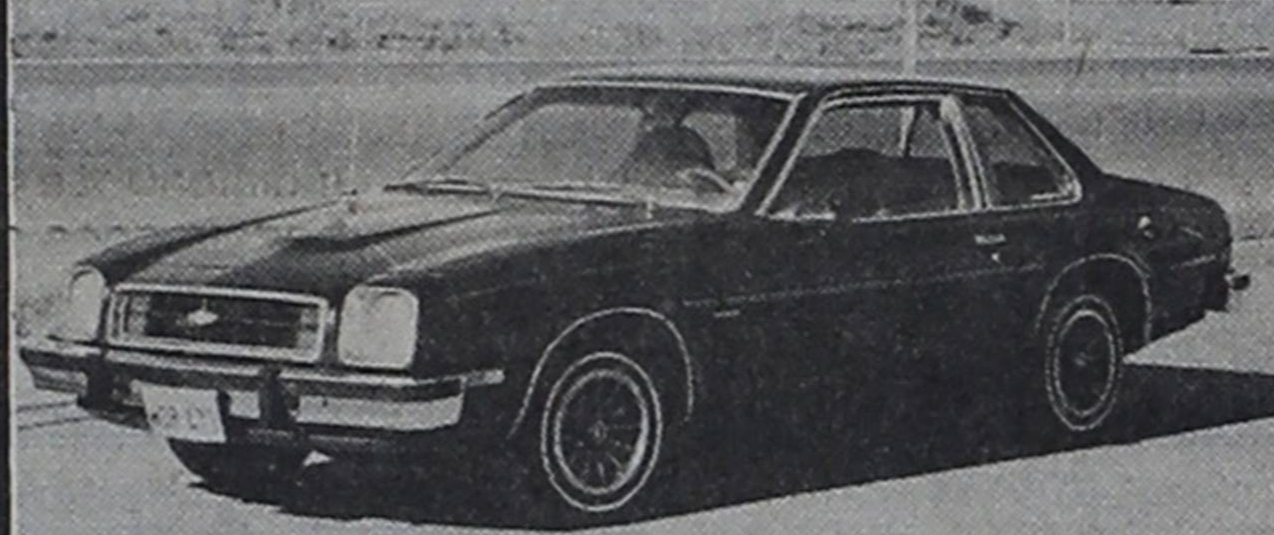

There are basically two factors which define the difference between regular soft contacts and extended-wear contacts: thinness and water content of the lens. The extreme thinness of extended-wear lenses allow oxygen to be transmitted to the eye; the high water content make them more compatible with the eye.

Little Dribblers Set Post-Season Tourney

Friona's Little Dribbler program named all-stars, who are competing Friday and Saturday (April 27-28) in a tournament in Farwell.

There are two girls' all-star teams, and one boys' team. The girls' teams play Farwell teams Friday at 6:30 and 7:30 p.m. The boys' all-stars will meet the Farwell all-stars at 9:30 Friday.

Each team will play two games in the tournament, regardless of the outcome of Friday's games.

Other teams in the boys' division are from Muleshoe and Texico.

Coaches for the boys are Ray Jackson and Ricky Barnett. Girls' coaches are Melody Hesse and Lupe Castillo.

Boys all-stars include Brian Brogden, Darren Procter, Wade Procter, David Barnett, Steven Dickson, Robert Keck, Clint Deaton, Jeff Stowers, Andre Duran and Brett Bronniman.

Girls' all-stars are Cindy Ureste, Susie Preston, Kristen Barker, Julie Howard, Brandy Ray, Hopie Herrerra, Elaine White and Marsha Blackwell.

The other girls all-stars are Michelle Echols, Michelle Nichols, Stacie Mueller, Lucinda Bermea, Jenny Procter, Misty Cole, Lisa DeWeese and Tammy Willy.

CANDIDATE VISITS...Dr. John Selby, left, candidate for U.S. Congress, stopped for a campaign visit Friday morning, and was met by Friona resident Butch Preston. Selby is one of five Democratic candidates for the 19th Congressional District.

Ticket Sale Starts For Sports Fete

Friona High School's All-Sports Banquet will be held on Saturday, May 12 at the Community Center, beginning at 7:30 p.m.

The event will be catered by Danny's Hens and Fins of Lubbock.

Tickets are priced at \$10 each, and are available from Margaret Wilshire and Sherry Atwell at Friona State Bank; Charles Caudill at Ethridge-Spring Agency and Nelda Miller at D.L.'s Thriftway.

Richard Collard, Chairman

"T-L performance at an electric price? Incredible!"

Now you can have all the benefits of T-L's continuous move performance — for about the same money as a stop-start electric system. That means you'll get a system that's simple and safe to operate, simple to service, and simply the best.

T-L's proven hydraulic-powered drive train provides continuous movement to give you more uniform water application, lower maintenance and operating costs, and a longer system life — performance electricians can't hope to beat.

Compare performance, compare price. You'll see that T-L is the best long-term irrigation investment you can make. Attractive leasing plans are also available. Call or stop by today for more information on T-L's lowest prices ever.
