CALLAHAN COUNTY, TEXAS, FRIDAY, FEBRUARY 27, 1970

COOPERS COMMENTS

By Albert Cooper

One of the great battles of mankind is against physical illness. There is no one who is free from it, and age does not matter. The old and the young encounter it now and again. A hospital is, of course, one of the main and necessary weapons to be found in combatting this dilemma. Callahan County Hospital, Rev. David Binkley, Administrator, is a pretty fine place, and a facility of which Baird and Callahan County can be proud. There are eight Nurses and 11 Aides on the Staff, serving for 20 rooms, and 27 beds. (It really is not adequate for the needs of the area, is it?) But we have to commend the use made of the facility we have, and the dedication of those who serve in it. No patient anywhere receives better care than those who are patients in this place. One young patient, Charles Lauw, has been there since Nov. 22, 1965, and the care given to him is even more dedicated than when he came, and people not on the Staff have tried to give all possible aid in moments of crisis. For all of this we are very grateful, and extend to the Staff and Management our heartfelt thanks for the work that is being done. It is our hope that needed repairs, renovation and improvements can be made, so that the needs of the area can be more adequately met.

Rev. Binkley has placed the Hospital on the list of the Texas Medical Association, and a doctor in Louisiana, Dr. Thomas Bush, desiring a new location, is making plans to come to Baird. We are grateful to Mrs. Jerry (Margaret) Loper for the generous offer made on the Clinic Building, formerly occupied by Dr. Gray, and Dr. Bush, we hope, will shortly open it for patients. The Chamber of Commerce, Claud Holley, Manager, is backing the venture, and doing everything possible to bring plans to fruition. The Hospital and Staff is one of the incentives that influenced Dr. Bush to come to Baird, and we know he will not be disappointed.

Space does not permit us to say all we could say about the service that has been given by Dr. Mikeka and Dr. Evans, of Clyde, and the help they have given to keep the Hospital where it is, and the patients they have served there. To them we also extend our very grateful thanks.

Yes, hospitals are necessary places. They are places where people who become run down wind up. And you and I, living as furiously as we do, never know when we will become run down. And we will need something more than one Doctor prescribed to one young lady who came in to see him. She said, "But Doctor, what shall I do if I get run down?" He said, "Get his license number, Lady, get his license number."

TEXAS PUBLIC SCHOOL WEEK TO BE OBSERVED MARCH 2-6

Its time for America to proclaim its greatness, not murmur about its shortcomings. And, perhaps, Texas will lead the way. The route is through education. In order to put this country, this state back onto the right track, it's time to begin teaching fundamentals again.

For the last 116 years, Texas Public Schools have tried to uphold these principles and characteristics. But, they need your support. They need your encouragement. It starts with a visit to a public school near you March 2nd through 6th. Let your child see that you care - about him and his school. Let him see what you consider to be really important values for your life and his.

Let us be responsible for providing the kind of education that will let our children know that they are responsible for the kinds of futures they and their families will enjoy.

The time for silence is over. Too long we have listened to the radicals and those who advocate change-overs to non-responsibility. Speak out - and begin by visiting a public school in your community March 2nd through 6th.

Keep the future in the minds

Craig Pruet, Sharon Henry, Kay Shelton Outstanding Students

Each year the faculty singles out three such students who have shown these qualities in the highest degree. They are leaders among their classmates. CLYDE RAIDERS WRAP UP TWO MORE OVER WEEKEND

CLYDE — The Clyde Raiders displayed two aspects of their brand of basketball Friday and Saturday, as they notched wins 12 and 13 against only one loss.

First, they got off to an unbelievable snail's pace Friday night against Jerry's Comets of Abilene. The Raiders trailed by an unbelievable 12-7 score with only 8 minutes left in the first half when they abruptly awakened and the next 28 minutes saw them put 102 points on the scoreboard to win 109-58. The scoring was balanced as Sylvester Neal, Henry Peacock, and John Rogers scored 19 each, followed by Jay King 16, Mickey Fugitt 12, Greg Smith 12, and Henry Willis 12.

On Saturday, the Raiders played the H-SU Freshmen team prior to the Cowboy game with Boise State at Taylor Co. Coliseum. They defeated the little Cowboys 88-86 in an overtime, as Neal had 29, Peacock 24, Buddy Haines 11, Willis 9, Max Brownlee 8 and John Rogers 7.

The fans witnessed an interruption in a spectacular exhibition of free throw shooting by Henry Peacock. Henry missed on his 11th attempt of the game, having made the first 10 tries. A check of the score book has revealed that Henry had not missed a free throw since Jan. 17 in the Big Spring tournament. Meanwhile he had made good on 72 consecutive free throw attempts without a miss. This may or may not be a record but the Raiders will be pleased if he continues this

type of performance. Henry coaches the Franklin Jr. High 9th grade in Abilene, and you might say he has shown his pupils how it is done.

GOLDEN GLOVES RESULTS FOR BAIRD, CLYDE BOYS

Hawley's Daryle Newberry, wearing the colors of the Abilene Golden Gloves Club, took a decision over Don Hernandez of the Golden Gloves tourney.

Hurst, with that must have been three-fourths of Clyde cheering him on, came over swinging and his longer reach bothered Newberry. Newberry got inside the second round and dazed Hurst with a series of rights. Hurst hung on, however, but the blows were taking their toll and both fighters rode out the final round. Newberry took the decision.

Results of the Golden Gloves for the local boys were:

112 pounds - Carlos Moncebalz, AGG, dec. over Randy Beran, Clyde.

125 pounds - Jarrell Hurst dec. over Pat Campbell, Ranger.

Union Folks Attend Musical To Raise Funds for Rehab. Center

Hi neighbor! Did it snow over at your house last night? It didn't. Well it didn't snow over here either, but out Midland way and other cities south and east of there I hear it snowed quite a bit. We had a little rain and been so cold and damp here today, which is Saturday.

Last Tuesday evening, Mr. and Mrs. Burette Ramsey, Ollie Burnam, Walter and Reba Francisco and Mrs. Aura Waddell went to Hubbard Cafe to eat a fish supper. They reported a good time and lots good to eat.

The 88 party met Thursday evening in Clyde with Mrs. E. Y. Elliott, with 16 present. We had a real good time. Sorry Mr. and Mrs. Low could not be there.

Friday night, Ollie Burnam, Burette and Johnny May Ramsey and Veda Yarbrough went to Cottonwood to their monthly Musical. There was a big crowd there and I saw lots of people from Baird, Cisco, Putnam and Scranton and lots from other places. Real good music. The proceeds from the food went to the March of Dimes program for the Rehabilitation Center in Abilene. Several pies and cakes were sold. We enjoyed being there.

Ollie Burnam and Johnny May Ramsey left for Midland today to visit Mr. and Mrs. Jack

and Mrs. Lewis Williams. Mr. and Mrs. John Allen Pruet of Cross Plains spent the weekend with his parents, Mr. and Mrs. J. E. Pruet.

A penny for your wash.

If you dry your clothes in an electric dryer, you'll pay as much as 5c a load, in most places.

If you dry your clothes in a gas dryer, you'll pay only about a penny a load.

Of course, a few pennies per load isn't a big savings. But it's the least we can do for you.

New Camaro. Feb. 26th.

We've never announced a car at this time before. But then nobody's ever announced a car like this before.

Super Hugger

If it were an ordinary sportster, we'd have introduced it at the ordinary time.

Instead, we took the time to build a whole new Camaro.

We started with a sleek new shape and a low road-hugging stance.

And added more hood. A faster fastback. Wider doors. And new deeply contoured bucket seats.

The instrument panel wraps around you. With enough dials to make you think you're piloting a 747.

There are four transmissions. And six power plants up to the Turbo-Jet 396 V8 that you can order.

Pick the one that best suits your driving. Then go pick on an open road.

And make it one with plenty of twisting turns. Because Camaro has a remarkable new suspension. And standard front disc brakes for a leech-like grip on the road.

New Camaro. The Super Hugger.

Other sportsters always feared it might come to this.

And they were right. Only their timing was wrong.

Putting you first, keeps us first.

See it. At your Chevrolet Sports Dept.

LLOYD BENTSEN, DEMOCRATIC CANDIDATE FOR U. S. SENATE

Lloyd Bentsen, Democratic Candidate for the U. S. Senate, is talking about attracting more industry to the state's rural areas.

Every Chamber of Commerce manager in the state -- if he's earning his paycheck -- dreams and schemes constantly about bringing new payrolls to his community.

Parents lament the fact that their children must leave the hometowns of their childhood in order to find suitable employment.

Bentsen sees correctly that there are two problems which we as a nation need to start solving.

1. The mass migration of capable people from smaller communities, leaving the small towns to stagnate.

2. Overcrowding in major cities, resulting in many problems which appear insoluble, such as air and water pollution, rising crime rates, and traffic congestion.

He sees correctly that local governments have so far been unable to stop these alarming

Mrs. Crawford Hosts Thursday Club

A business meeting was conducted by Mrs. Jewell Swanzy. "Look Again at Our Heritage" was the program subject. After the Pledge of Allegiance by the group, a book review, "Abraham Lincoln, The Prairie Years," was given by Mrs. Bentsen Pruet.

The program ended with the members giving the American's Creed, in unison. Mrs. Pruet won the door prize.

Other members attending were Mrs. Tut Tabor, John Berry, Billy Holley, Bailey Johnson, R. O. Cloud, James Berry, C. A. Likes, James Briscoe, Ben Wilson, E. A. Connel Jr., Joe South, Harrell Cheves and James Trammel.

trends . . . that only a national effort can de-urbanize our cities and preserve our rural areas.

Bentsen proposes to offer federal tax credits to industries which will move to the country.

The dispersal of population is a worthwhile national goal. Perhaps with this goal achieved, we can cope with our other problems more effectively.

Bentsen's ideas may not be new. But we think they are good.
