Bill Ellis

**THE TEXAS TECH** School of Medicine is encouraging its medical students to seriously consider a career in the rural area. This could be an important factor for the future of medicine in communities such as ours.

An article in a recent edition of the Amarillo Daily News quoted some of the young medical doctors who are beginning to establish practices, or will be in the next few years. Those who were featured by the article have explored the rural areas as an alternative to the big city medical practice.

These doctors have discovered that most times, the quality of life is much better in the small community than in the "rat race" of the city.

In the rural communities, they have a chance to become acquainted with their patients, on a "one on one" basis.

They can become more involved in the life of a community. They and their families can have vital roles in all of the various activities of small community life.

In addition, one of the young medical doctors pointed out that working in a small community causes them (the doctors) to keep their senses and diagnostic abilities more keen. In a small hospital, where you don't have all of the elaborate equipment that the larger medical centers would have, the doctor has to rely more on his own abilities and observations when diagnosing their patients.

A recent news release contained a state map from the Texas Hospital Directory, which showed that 13 counties in the Panhandle-South Plains area either have no hospital, or no physician within their county borders.

The counties without hospitals or doctors were Oldham, Dickens, King and Kent. Those with doctors but no hospitals included Dallam, Sherman, Lipscomb, Roberts, Carson, Armstrong, Donley, Briscoe and Motley.

In addition, Hartley County in the Texas Panhandle had (at the same time the map was compiled in 1983) a hospital facility but no medical doctor.

With the new emphasis being placed on medical practice in the rural communities, perhaps there is hope for our medical service continuing to be good in the rural areas. We're glad to see that some people in the big cities are learning what some of us have known for a long time—that the small communities are not a bad place in which to live and work.

**A PASSING NOTE ABOUT** last Sunday's Super Bowl game. Most football fans in the area thoroughly enjoyed getting to see the Redskins pushed around the field, even though it wasn't the Dallas Cowboys doing the pushing.

Bovina Coach Larry Helton had added interest in the game. Ken Coffey, defensive starter for the Redskins, graduated from Big Spring High School the year before Helton joined the staff there. Helton coached Coffey's younger brothers, and also knew Ken.

"The Coffeys were a fine family, and they are the type of people who can use the extra money Ken made by being in the Super Bowl," Helton said. (Ed. note: Coffey's pay for three post-season games should be around \$46,000 gross.)

## Voter Bulletin

"If you have not received your new voter registration certificates (blue cards) and you have moved or changed your name, please come by the Parmer County Tax Collector's office in Farwell immediately and make the necessary corrections," says Hugh Moseley.

"If these certificates have been returned to the voter registrar due to an incorrect address and you do not notify the registrar, your name will be removed from the voting roster," Moseley warns.

## Flu Causes Concern Locally

A flu outbreak, which has affected the entire region, has been noticed in the local area, according to hospital and school officials.

"We're seeing an uncommon number of patients of all age range—from children to adults, with upper respiratory problems," said Dr. Paul Spring at Parmer County Community Hospital.

Dr. Spring said he had received no report as to any particular type of influenza strain prevalent this winter. He added that the usual home remedies—drinking plenty of liquids, taking aspirin and resting in bed—are effective against most flu cases.

Tom Jarboe, Friona school superintendent, said that absences in the school system exceeded 10 per cent on Thursday, which is a direct result of the flu. The absentee percentage has been eight per cent in high school, which is unusually high, he said.

The large absentee figures first showed up in the lower grades, but has spread into the secondary schools, Jarboe said.

Jo Blackwell, administrator at Prairie Acres Nursing Home, cautioned visitors having flu or colds against visiting their relatives while they are sick. A flu outbreak among nursing home residents needs to be avoided at all costs, she said.

## Ice Blamed In Rash Of Accidents

Friona Chief of Police Bill Thieman reported that a number of weather-related accidents were recorded in the city January 14-20. Fortunately, no one was seriously injured in any of the wrecks.

On January 14, a 1980 Ford pickup owned by Jerry Shelton collided with a 1974 Chevrolet van driven by Juan Garcia at Sixth and Cleveland. Citations were issued to drivers of both vehicles.

On January 17, a 1973 Ford Torino driven by Lula Dianne Willey knocked over the stop sign at Highway 60 and Columbia. A citation was issued to Mrs. Willey.

On January 19, a 1971 Ford pickup owned by Keith Blackburn slid through a stop sign and was struck by a 1975 Lincoln driven by Wessie Weatherly at the intersection of Highway 214 and 14th Street. A citation was issued to the driver of the Blackburn vehicle.

On Friday, January 20, a 1977 Ford station wagon driven by Jose Rodriguez slid through a stop sign and struck a 1973 Ford Ranchero driven by Juan Castaneda at the intersection of 7th and Washington. A citation was issued to Rodriguez.

Also on January 20, a Ford pickup driven by Richard C. Carroll of Plainview was headed north on Grand. Carroll swerved to miss a car that stopped in front of him and struck a fence on the property of Otis Neel, 801 7th Street.

**ANNIVERSARY....** Vernell Cunningham was honored by her fellow employees at Friona State Bank on the occasion of her 25th anniversary at the bank on Thursday, January 26. Bank president Robert Neelley presents Mrs. Cunningham with a beautiful floral arrangement.

## Winners Listed In Local Junior Show

Beth Johnson, Devera Rhodes, and Dana Berend captured the top awards at the Friona Jr. Livestock Show on Saturday, January 21.

Miss Johnson exhibited the grand champion barrow, a Hampshire. Reserve champion barrow was shown by Susie Preston, a Duroc.

Grand Champion lamb was exhibited by Devera Rhodes, whose entry was earlier named winner of the Suffolk breed. Mark Hamil's Hampshire lamb was tapped for reserve champion lamb honors.

## Masons To Hold Essay Contest

The Friona Masonic Lodge Number 1332 announced this week that it will award \$100 each to the senior boy and girl who submits the outstanding essay in the Grand Lodge of Texas essay contest.

The essay title is "The Power of an Educated Mind." The entry period will end March 9.

On a statewide basis, first prize will be \$3,000 in scholarships. Second prize will be \$2,000, and third prize will be \$1,000.

The essays are to be not less than 300 nor more than 500 words, according to John G. Mars, master of the Friona Lodge.

Judging of the essays on the district level will be under the direction of the Masonic district chairman.

The winners of the statewide prizes will have the money deposited to their account upon the student's enrollment in the college or university of their choice. The fund will be available for a five-year period.

On the state level, teacher sponsors of the winning essays will receive \$200, \$100 and \$50.00.

A Dimmitt student was third-place statewide winner in last year's contest.

Dana Berend had the grand champion steer. Her entry was Chianina steer named "Jumper." Reserve champion steer was entered by Penny Stowers, a Maine-Anjou cross.

Miss Berend also had the champion heifer, and Tony Day showed the number two heifer.

There were 50 barrows, 53 sheep, 13 steers and four heifers in the show.

Breed champions in the barrow show were shown by: Susie Preston, Duroc; Beth Johnson, Hampshire; Susie Preston, crossbreed; Miss Preston, other pure breeds.

Lamb breed champs were shown by Beth Norsworthy, fine wool; Shayne Woodard, crossbreeds; Mark Hamil, Hampshire; Devera Rhodes, Suffolk; Shayne Woodard, Southdown; Beth Norsworthy, other breeds and crosses.

## City's Tax Check Up by 80 Pct.

The City of Friona received a sales tax rebate this week for a total of \$6,035.58. This was up dramatically from the total of \$3,344.32 which the city had received from the state comptroller last January—a whopping 80.47 per cent.

Parmer County's three municipalities received \$8,659.74. This was up \$4,487.77 from the \$4,587.77 they had received in January of 1983. The county-wide increase amounted to 88.76 per cent.

"A big part of that increase came because 15,000 taxpayers who previously only paid taxes four times a year started paying every month and we got their money back to these 980 city halls that much quicker. But some of the increase is due to the economic recovery we're seeing in Texas," said state comptroller Bob Bullock.

Bullock explained the 15,000 quarterly taxpayers were converted to monthly payers as part of a program of the last Legislature to get more money into the state's coffers without increasing taxes.

## Housechecks Are Popular

Friona Chief of Police Bill Thieman praised the cooperation of Friona residents in calling the police department to watch their homes while they plan to be away on trips.

Thieman said that since last June 1, his department has had 137 requests for housechecks.

"We appreciate your calling us in this regard, and hope you will continue to do so. One point to remember, however, is that you should also call the department immediately upon your return. This might avoid problems, or embarrassment for residents or members of our department," Thieman said.

## STARTS WEDNESDAY

# 37th Annual Show Slated

The 37th annual Parmer County Junior Livestock Show will be held February 1-4 at the Community Center-Showbarn.

Over 600 animals are expected for the show, which for the second time in three years had an addition. This year, a goat show will be held.

The goats will not be eligible for the premium sale, but will be awarded cash prizes for first through fifth place.

Judging begins on Thursday, February 2 with the barrow show at 8 a.m. that day.

All other animals (lambs, goats, heifers and steers) will be judged on Friday. The premium sale will be held on Saturday at 1 p.m.

(See section two for the complete schedule and further details on the show).

Terry Copley is general superintendent of the 1984 show. Mack Heald is assistant general superintendent. Rick Seaton of Lazbuddie is in charge of the barrow show. Carroll Cook of Friona is heading the lamb and goat division. Gene Schueler of Rhea is superintendent of the cattle division.

Trophies and ribbons will be awarded to the top animals in each division. Showmanship awards will be presented by the Friona Star and Bovina Blade.

Judges for the 1984 event will include Dino Cornay, steers and heifers; Jim McManigal, barrows and Ed Garnett, lambs and goats.

## Court To Purchase New Officer's Vehicle

Parmer County Commissioners, after a lengthy discussion as to repairs needed on a car in the sheriff's department, voted to advertise for bids for a new car. Bid opening will be February 13.

Members of the County Child Welfare Board whose terms are expiring are Ona Patterson, Don Spring, Robert Gallman and Jackie Smallwood.

The court expressed their appreciation for these people having served, and recommended replacements: Mrs. Roberta Johnson of Farwell; Danny Cochran of Bovina; Joyce McGehee of Lazbuddie and Shirley Schueler of Friona.

Motion was passed to pay \$1200 each as a one-time payment to the Bovina Senior Citizens and Friona Senior Citizens, to help on utility payments for their respective centers.

Motion was passed to pay annual dues to the County Judges and Commissioners Assn. of Texas, in the amount of \$125.00.

Approval was granted to purchase a buffer for use on the courthouse floors, for the price of \$880.

Payment of a bill to Richard Collard as an attorney ad item for a juvenile in a criminal hearing was approved. Payment was also authorized for the county to the Ninth Administrative Judicial District for 1984, in the amount of \$350.00.

At the suggestion of County Treasurer Benna Felts, a motion was

approved to reinvest a \$200,000 certificate of deposit in Farm to Market funds maturing January 31, 1984, to mature February 14, 1984, and \$150,000 in general funds.

Soil conservation work was approved for the farms of George Frye and David Carthel, to be done by county machinery when available. Costs for such work is re-imbursed to the county.

## Chamber Is Requesting Nominations

The Friona Chamber of Commerce and Agriculture announced this week that it is accepting sealed nominations for its Man and Woman of the Year, Most Courteous Employee, and outstanding young people.

These nominations, along with reasons for the nominations, will be needed in February, according to John G. Mars, new Chamber president.

Friona's 1984 banquet is scheduled for Thursday, March 15 at the Community Center. Paul Harvel, Chamber of Commerce executive from Amarillo, will be the speaker.

"Please mark the date on your calendar for the Chamber banquet. We want everyone to attend," Mars said.

**CHAMP STEER....** The grand champion steer at Friona's Junior Livestock Show was exhibited by Dana Berend. Roddy Berend holds the banner for his sister.

**TOP LAMB....** Devera Rhodes exhibited the grand champion lamb at the Friona Jr. Livestock Show, a Suffolk. Mark Hamil's entry was named reserve champion.

## Ex-Resident's Rites Held In Lubbock

Funeral services for Jack Stanley, 73, of Lubbock, were held Thursday, January 12, at 2 p.m. in Sanders Memorial Chapel with Rev. Dale Cain, minister of Calvary Baptist Church, officiating.

Burial was in Resthaven Memorial Park under the direction of Sanders Funeral Home of Lubbock.

Born near Hereford, October 12, 1910, he had lived in Friona until 1942, and had worked for Tiny Magness Oil Company, before moving to Lubbock. After moving to Lubbock, he was a machinist. He was a member of Calvary Baptist Church in Lubbock. Stanley died Tuesday, January 10, in Methodist Hospital.

## School Lunch Menu

WEEK OF JAN. 30-FEB. 3

**MONDAY**--Corn dogs, green beans, carrots, light bread, cake and milk.

**TUESDAY**--Meat loaf, potatoes, peas, hot rolls, cookies and milk.

**WEDNESDAY**--Tacos, pinto beans, lettuce, tomatoes, pudding, cornbread and milk.

**THURSDAY**--Roast, potatoes and gravy, blackeyed peas, hot rolls, cake and milk.

**FRIDAY**--Hot dogs, pork and beans, buns, potato chips, fruit and milk.

JACK STANLEY

following a lengthy illness.

Survivors include his wife, Wayne, of the home in Lubbock; one son, Roger Stanley of Denver, Colorado; two sisters, Tera McGlothlin of Friona and Gladys Hughes of Cortez, Colorado; two granddaughters, and a number of nieces and nephews.

Pallbearers were J.B. Calhoun, Henry Housour, Jeff McGinnis, Weldon Scarbrough, Jimmy Doss and Herbert Hartley.

## Friona Man's Mother Dies

Graveside services for Annie Mae Reeves, 70, of Clovis, New Mexico, were held Tuesday, January 24, at 1 p.m. in Roaring Springs Cemetery with Billy Joe Whitaker, minister of Matador Church of Christ, officiating.

Mrs. Reeves died Saturday, January 21, in an Amarillo Hospital.

Born in Russellville, Arkansas, Mrs. Reeves had lived in Clovis for the past ten years. She was a member of University Baptist Church in Portales, New Mexico.

Survivors include three sons, Travis Hall of Amarillo, Curtis Hall of Hereford, and Gene Hall of Friona; one step-daughter, Joy Rutledge of Baytown; two brothers, Johnny Box of Clovis, New Mexico and Homer Box of Oklahoma City, Oklahoma; five grandchildren and four great-grandchildren.

## Study Club Charts Year At Meeting

The Black Study Club met Thursday, January 19, in the Community Room of Friona State Bank.

The new club year books were presented to each member by Jo Wells and the programs for the new year were discussed.

Letters were read from the girls of Girlstown, expressing their thanks for the Christmas gifts from the club

members.

A program on arts and crafts was given, each member having brought an arts and crafts item.

The next meeting will be the annual Valentine party on Thursday, February 9. Mildred Barnett and Ruby Stone will be the hostesses.

Refreshments were served to Mildred Welch, Sharon Thornton, Jo Wells, Carrie Tatum, Hannah Lookingbill, Ann Kelley, Helen Fangman and Ann Carthel, by the hostess, Ruby Stone.

# FRIONA FLASHBACKS

....from the files of The Friona Star

### 55 YEARS AGO--JAN. 25, 1929

Mr. and Mrs. J.R. White of Wichita, Kansas, arrived at the home of Mr. and Mrs. H.W. Wright south of town Sunday and remained until Tuesday. Mr. White is a brother of Mrs. Wright and is employed in the engineering department of the Santa Fe Railroad at Wichita. He and Mrs. White spent several months here a few years ago and are well known to many Friona people.

The many friends of Mrs. T.D. Ballard are pleased to know that her health which has been quite delicate for the past few weeks, is now gradually and steadily improving and it is their sincere hope that she will soon be in normal health again.

Mr. and Mrs. J.A. Blackwell and son Bobby, are spending this week in Lubbock. Mr. Blackwell is there to attend an instruction school in setting up, operating and servicing the electric refrigerator.

### 45 YEARS AGO--JAN. 27, 1939

We have been reading quite a bit in various newspapers concerning the "seething" attitude toward Governor O'Daniels' "Transition Tax" plan.

Owing to the unusual amount of moisture in the soil for this time of year, it would appear to be a most suitable time for sowing a crop of oats or barley, or both.

Showing at the Regal Theatre was "You Can't Take It With You," starring Jean Arthur, James Stewart and Lionel Barrymore.

### 30 YEARS AGO--JAN. 21, 1954

Thieves entered the Plains Hardware and Furniture firm in Friona Monday night, and took an undisclosed amount of cash and checks from the company safe, as well as a rifle from the stock. ElRoy Wilson believes some \$100 may have been taken.

A monthly grades and dollar day promotion will be launched in Friona next month according to an announcement Wednesday by the Friona Chamber of Commerce and Agriculture.

Explanatory sessions regarding the proposed building of new fireproof, enlarged hospital for Parmer County are being conducted throughout the area this month by Dr. Paul Spring and hospital manager, Jimmy Baxter.

### 20 YEARS AGO--JAN. 23, 1964

Wright Williams was named Friona postmaster this week, succeeding Mrs. Roy Clements, who has held the position the past two and one-half years. The appointment was the first of a permanent nature for the office in several years.

Rev. Paul Mohr was welcomed as pastor of the Union Congregational Church.

### 15 YEARS AGO--JAN. 30, 1969

Alton Farr was elevated to the position of Boss Lion of the Friona Lions Club at the club's last meeting, to replace Gen. Ross Ayers, who resigned the position due to his appointment to the state adjutant general's position.

Danny Murphree, living up to his senior "super-star" billing, clocked a 50.6 in the 440-yard dash Saturday night in Kansas City, Mo., for third place in the NAIA Indoor Championships, adding another honor to his growing list of accomplishments.

Mr. and Mrs. Lonnie McFarland, Pierre, South Dakota, are visiting in the home of his mother, Mrs. J.B. McFarland and other relatives and friends. The McFarlands are former Friona residents.

### 10 YEARS AGO--JAN. 27, 1974

The possibility of a "Mini Mall" type of shopping facility for Friona has been under discussion by a group of Friona residents for the past few weeks.

Three Friona graduates were listed on the Dean's Honor Roll for the fall semester at Angelo State University in San Angelo. Those listed were William Wayne Bailey, son of Mr. and Mrs. James F. Bailey, James Preston Sims, son of Mr. and Mrs. J.P. Sims, and Kevin Lynn Wiseman,

son of Mr. and Mrs. Buddy Wiseman.

Mr. and Mrs. Jerry Shelton became the parents of a baby girl on Thursday, January 17.

### 5 YEARS AGO--JAN. 28, 1979

Friona High School band students named to the all-regional band were Mark Blankenship, Tim Mercer, Mark Zachary, Jay Norsworthy, Sonya Gore, Charlene Seale, Randy Richards, Roy Brito, Maria Villanueva, Jeanette Gilliam, Sandy Spring, Amber Smith, Donna Rector, Karen Edelman, Kipi Fleming, Roger Coffey, Gwendolyn Maurer, Karla Fleming, Janice Coffey, Laura Ellis, Anita Perkins and Tracy Horton.

Plans are in the final stages for First Baptist Church's 65th anniversary celebration to be held at the church Sunday, January 28.

The opening of a new Ace Hardware store in Friona, a new division of Parmer County Implement Company has been announced.

The weather returned to the wintry side in Friona this week, with snow and freezing rain adding to the month's moisture total. A half-inch snow fell early Tuesday accompanied by high wind. Thursday morning, residents were greeted by a light rainfall. Temperatures for the week ranged from a low of 14 degrees on Wednesday morning to the high of 57 degrees on Monday.

## Thelma Coffey Gives Program

Progressive Study Club met Tuesday, January 24 at Friona Women's Club House. Sue Beene, president, called the meeting to order and Lois Norwood presented the meditation.

Mrs. Thelma Coffey gave the program on how to make stained glass pieces. Various tools and materials used in the process were displayed and explained. Mrs. Coffey discussed the stages of construction from the initial design which she draws, to completion and framing of a piece which she and her husband, Leonard, plan together. She then showed several pieces the couple has completed.

Refreshments of cake and tea were served from a table covered with a floral print cloth with ruffle. The centerpiece was a large gingerbread boy and girl cookie cutter backed by a live plant. Hostesses were Gaye Tannahill and Anne Spring.

**RESERVE STEER....Reserve champion steer in Friona's local show was owned by Penny Stowers. The steer is shown by Gary Stowers, and David Barnett, breeder, holds the banner.**

## Eye Specialists Open New Office In Clovis

Eye Associates of New Mexico, a professional association devoted to the practice of ophthalmology, opened in Clovis on Friday, January 20, and physicians began seeing patients that day. Offices are located at the Century Centre, 2000 West 21st Street, Suite A-1, across from Clovis High Plains Hospital. According to Dr. Arthur Weinstein, the practice will be limited to medical and surgical diseases of the eye. Office hours are from 9-5 Monday through Friday by appointment. The office telephone number is 763-3445.

Eye Associates is an Albuquerque-based group of nine medical doctors providing care in Albuquerque, Corrales, Belen and Clovis. Providing care in Clovis will be

Arthur J. Weinstein, M.D. and R. Joe Cannon, M.D.

Dr. Weinstein graduated from the University of Pittsburgh and received his Doctor of Medicine degree from West Virginia University School of Medicine. After completing an internal medicine residency at the University of Washington, he did an ophthalmology residency at the University of Utah. Following this, he did a cornea and external disease fellowship at the University of California in San Francisco. Dr. Weinstein has been in private practice in Albuquerque and is the Medical Director of the New Mexico Lions' Eye Bank. He is also a Clinical Associate of the Department of Surgery, University of New Mexico and chief of the cornea and external disease service and consultant to the VA Hospital in Albuquerque.

Dr. Cannon received his Medical Degree at Tulane University. His ophthalmology residency was served at the University of Indiana from 1968-1971. After practicing at Little Rock for one year, he did a neuro-ophthalmology fellowship at the University of Utah and University of California. Dr. Cannon has been in private practice in New Mexico since 1973 and he has been a Clinical Associate in both the Department of Ophthalmology and Neuro-Ophthalmology Department at the University of New Mexico during that period.

## Club Names '84 Officers

The Friona Woman's Club met Wednesday, January 11, at the Federated Club House.

Roll call was answered with "Foods for Health."

Juanita Reed, president, was in charge of the business meeting.

Mrs. Vela Wood presented the program on foods for health.

Officers were installed for a two year term. They were Juanita Reed, president; Carrie Tatum, vice president; Addie Moyer, secretary; Lillian McLellan, treasurer; Fern White, reporter; and Anna Mae Hays, parliamentarian.

Refreshments were served by Lillian McLellan, hostess, to eight members.

**DID YOU KNOW** that Employees' and Employers' social security tax rate for 1984 is 7 per cent. However, for 1984 only, employees are given a 0.3 per cent tax credit at the time wages are paid; therefore, the net effective employee tax is 6.7 per cent. Employers do not receive a credit and pay 7 per cent tax up to the maximum wage base of \$37,800. Self-employment tax is 14 per cent with a credit of 2.7 per cent at time of filing Form 1040.

## Debbie Smith Gives Program At YH Meeting

The Lazbuddie Young Homemakers held their regular monthly meeting on Thursday, January 5 in the cafeteria of the Lazbuddie School.

The program was given by Debbie Smith of Lazbuddie. She is an Amway distributor, and in her presentation of her line of makeup, she displayed a wide array of products. Debbie Magby volunteered to have a make-over during the program. Mrs. Smith gave a very educational program, and gave many do's and don'ts of facial care. Mrs. Smith presented a door prize, which was won by Marleen Bennett. She also presented each club member with an assortment of samples.

The Young Homemakers gave Mrs. Smith a gift which was provided by Janice Bradshaw.

The business meeting was called to order by Lana Copp, president. Joann McDonald gave the financial report. Members told about the Christmas gifts they had delivered to the Senior Citizens.

Plans were made for "Ladies' Night Out" which is scheduled for Friday, February 3.

Refreshments of cherry cobbler and cookies were served by hostesses, Debra Redwine and Vickie Burch. The door prize was drawn by Amy Owen.

Members present were Ellen Gallman, Joann McDonald, Debbie Magby, Reta Mimms, Marla Morris, Amy Owen, Debra Redwine, Susie Renner, Debbie Smith, Debbie Weir, Marleen Bennett, Lana Copp, Vickie Burch, Cindy Cargile and advisor, Cassandra Cargile.

# Town Talk

By June Floyd

Call 247-3681 With Your News Item

One of the brightest spots in town Thursday was Vernell Cunningham's desk at Friona State Bank. She was marking her silver anniversary of being a bank employee and was honored with a huge colorful bouquet.

We'd like to add our congratulations to this helpful considerate lady for all the assistance she has given all of us so many years and done it all so cheerfully.

If you, like me, have been curious about the Good Neighbor salute to Charles Caudill and Jimmy Maynard by Wilhelm T.V. and Appliance, read on.

One of our cold snowy foggy days Bonnie left her car lights on and the battery ran down. Getting the car started was quite a problem, but finally she was able to come in to work.

With home chores, store duties, upcoming jury duty and a few other things on her mind, she forgot to turn off the lights when she parked the car. This time, before the battery had time to run down, Charles and Jimmy came by and turned the lights off.

Joe said, "Bonnie was so grateful to them for their thoughtfulness and felt like she wanted to express her appreciation in a public way, so called Carl White."

He went on to say, "In all her confusion Bonnie forgot to tell me about the incident, so when the first person called me to inquire about the cable announcement, I didn't even know what to say. However, we've lived here almost eight years and the town has certainly taken care of us, so I wasn't surprised."

A note from Charles and Melba Allen early this week informed me of another good neighbor deed during the cold weather. Michael Griffin, son of Linda and Mickey, took his shovel one afternoon and removed the snow and ice from the Allen's walk and driveway.

Our most sincere sympathy is extended to Roy and Martha Clements belatedly this week. Roy's mother, Mary Clements, 96, of Pampa, died a couple of days after Christmas and was buried there.

She and her late husband, George W. Clements, lived in the Emory, Texas area many many years and observed their 65th wedding anniversary before his death in 1968.

Other survivors include Bob Clements, a former Friona resident; a daughter, Irma Miller, who lives at Pampa, four grandchildren and seven great-grandchildren.

T.A. and Ann Kelley were weekend visitors in the home of Gary and Tommie Lou Getz and daughter, Nicki, who live at Texhoma, Oklahoma.

Ann was observing a birthday, so Tommie honored her with a family dinner. Other guests were Mr. and Mrs. Bob Berry, who live at Texhoma. Mrs. Berry is the former Tonja Getz.

Gary and Tommie are former Friona residents and she is Ann's sister.

Mr. and Mrs. Lonnie McFarland of Burnet, Texas, have been visiting local relatives. Their son, John, and his wife, Bobby, and family live at Farwell.

Friona brothers and sisters are Katy Osborn, Ilene Osborn, Granville McFarland, Lora Mae McFarland, Martha Clements and Geraldine Taylor.

The Burnet McFarlands, who are former Friona residents, had lunch with Katy Osborn and spent the afternoon visiting with other kith and kin.

Otis Neel, a surgical patient in Deaf Smith General Hospital, Hereford, is making satisfactory progress.

Seems we've had very few ice related accidents. Think no one is hospitalized from falls or other injuries, but we do have at least three ladies who have had accidents.

Mary Grubbs started to the mail box one day and fell before getting back to the house, so had to spend a few days on crutches.

Ona Patterson, who lives in the Rhea Community, stepped outside the kitchen door to feed the cats and had to come in to the hospital for treatment of injuries she received in a fall.

Elsie Allen must have taken a hard fall. She's on crutches and is nursing a broken leg.

Although Lewis Smith's accident wasn't weather related, he was standing flat footed on the floor changing a light bulb when one leg

## Hospital Report

**ADMISSIONS--**  
Hazel Kendrick, Friona; Jennifer Brockman, Friona; Jim Mears, Friona; Ricky Barnett, Friona; Zela Bibbs, Farwell; Ginger Derr, Hereford; Christiana Lunday, Friona; Audee Mae Lewis, Friona; John Cass, Friona.

**DISMISSALS--**  
Ernestina Martinez, Leatha Jo Roberts, Lula White, Zela Bibbs, Ricky Barnett, Paula Trevino and baby girl, Arlin Hartzog, Minnie Reeves, Hazel Kendrick, Raymond Martinez, Jim Mears, Jennifer Brockman.

**PATIENTS IN HOSPITAL--**  
Audee Mae Lewis, John Cass, Christiana Lunday, Eula Newton, Ginger Derr.

gave way Wednesday afternoon.

He had surgery Thursday morning and is recuperating in Room 562 of St. Anthony's Hospital in Amarillo.

Saturday evening a motorist, who was driving north on Grand Avenue lost control of his car and swerved into the Otis Neel's backyard fence.

Two sections of the fence were knocked down, but the motorist was able to proceed on his way in the car, and no one was injured.

Mr. and Mrs. Ben Neelley of Skellytown, were weekend visitors in the home of Mr. and Mrs. Jim Cocannouer.

Rudolph Renner observed his 84th

birthday Sunday. Even though he didn't have a big party, he did have a few family members in to share a birthday cake with him and his wife, Clara, in their home.

Included in the group were Mrs. Leslie Ainsworth, Lillie Mae and Billy Dean Baxter, Blayne Baxter, Mary Joyce and Doyce Barnett, Junior and Betty Renner, Conrad and Susan Renner and children, Brandon and Misty, David Barnett and Jana Brown, all of Friona.

Also Debbie Baxter of Amarillo.

Latest reports from Tommie Nelson, a patient at Hendrix Memorial Hospital in Abilene, is that she has been showing some response in the past few days.

## FHS Forensics Team Places In Tournament

Friona High School's forensics team participated in the Floydada Speech Tournament on January 21.

Sheila Gresham placed third in poetry interpretation. Brent Hinkle and Bill Caudill placed fourth in debate.

Students making the semi-final round were David Small in persuasive speaking; Tory Taylor in informative speaking; Chuck Ellis in prose reading and Shannon Atwell in poetry interpretation.

Other participants included

Mitchell Gibson and Tammy Chapman, persuasive speaking; Trey Collier, informative speaking; Lisa Ulen and Sheila Deaton, duet acting.

Also, Ronda Ratcliff, poetry interpretation; Amy Blankenship, Karla Wright, Gayla Stowers and Michael Griffin, prose reading.

Schools competing included Vernon, Ralls, Lubbock Cooper, Spur, Levelland, Muleshoe, Abernathy, Sudan, Friona, Shallowater, Ropes, Seagraves, Tullia and Crane.

## Pivot Products Distributors Introduces -- The P&R Surge System-- The Ultimate Surge Flow Unit.

### FEATURES

durable - all cast aluminum with stainless hardware  
 portable - 55 lbs., 24" wide  
 weatherproof - electronics sealed in control box  
 Serviceable - valve body opens. Control box is detachable for storage and opens to actuator and rechargeable battery  
 user friendly - instructions for programming on face

This compact light weight unit is combined with the most complete programmable controller yet devised. This rugged efficient unit diverts water flow with a very minimum of turbulence and negligible back pressure. The unit can be programmed for just one set of surge cycles on a set watering time, with the option to also program a second surge setting of a different watering time on an indefinite number of surge cycles. Any standard 12 volt car battery will give the P&R Surge Systems long life in the field. The controller's memory battery pack is recharged off the main power supply and the unit can store the program for over 1 year.

Contact Pivot Products Dist. now to have one or more of these units in time for prewatering which incidentally is the most preferable time to have the Surge Flow unit. Orders received prior to February 1, 1984, will have the best chance of March delivery. Call today 272-5134, or come by Pivot Products Distributors West highway 84 in Muleshoe, Texas

# Chiefs Play Well, But Still Winless In District Play

Despite a pair of good performances during the past week, the Friona Chieftains have yet to break into the win column in District 2-AAA play.

The Chieftains led the tough Littlefield Wildcats for the better part of three quarters here last Friday, before falling to the Wildcats' late rally in a 75-62 game. On Tuesday, the Chiefs gave the defending state champion Dimmitt Bobcats a good game before the 'Cats pulled out a 62-48 win.

"We just can't seem to do whatever it takes to come out on top," said a frustrated Chieftain coach Oscar Bronniman.

Depth, or lack of it, also has hurt the Chieftains in recent games. Starter Ricky Barnett missed the two games with the flu, and the Chieftain roster—already low at nine men, was only eight for the two games. And in both cases, a pair of starters fouled

out for the team.

In the team's game against Littlefield, the Chieftains fell behind at the start, but caught up with about two minutes left in the opening quarter, and then played swap-out with the Wildcats.

Finally, Charlie Veazey, who had a red-hot opening quarter, scored for the Chieftains on a fine in-bounding play which started with two seconds left on the clock. Veazey took the pass and whipped it into the goal for a 16-15 Friona lead.

The second quarter was a good one for the Chiefs. The team helped itself by making ten of eleven from the foul line, much better foul shooting than they had been doing.

Johnny McLellan came in to hit four for four at the line. Robert Escalante canned a trio of baskets. His layup shot a minute before halftime gave the Chieftains a 34-32 lead, and his turning jump shot at the ten-second mark gave Friona its longest lead at 36-32.

Only a desperation shot by David Estrada at the buzzer trimmed Friona's halftime lead to 36-34.

The Chieftains had a rocky start in the third quarter, going scoreless for almost two minutes while committing a number of turnovers. Littlefield regained the lead, and nursed a four-point edge, 56-52 when the quarter ended.

Fouls began to be a problem for Friona, as starters Kevin Brogden and Charlie Morgan fouled out of the game. Littlefield converted Friona's fouls into nine fourth-quarter points.

Charlie Veazey led all scorers with

25 points. Escalante had 14 and Morgan 11 for the Chieftains.

In the Dimmitt game, the Chieftains didn't have a good opening quarter, as only Veazey with three baskets and Morgan with one, could hit the basket. Dimmitt cruised to a 14-8 first quarter lead.

But Friona came back for a good second quarter, and once again took advantage of trips to the foul line. The team hit eight out of nine tries during the quarter. Johnny McLellan came on to hit three for three at the line plus a pair of baskets as Friona outpointed the Bobcats, 16-13.

This brought the team to within three points of the lead at the half.

Robert Escalante, who had been scoreless in the first half, hit Friona's only baskets from the field in the third quarter, and the Chiefs hit six from the foul line, but still trailed, 45-36, entering the final quarter.

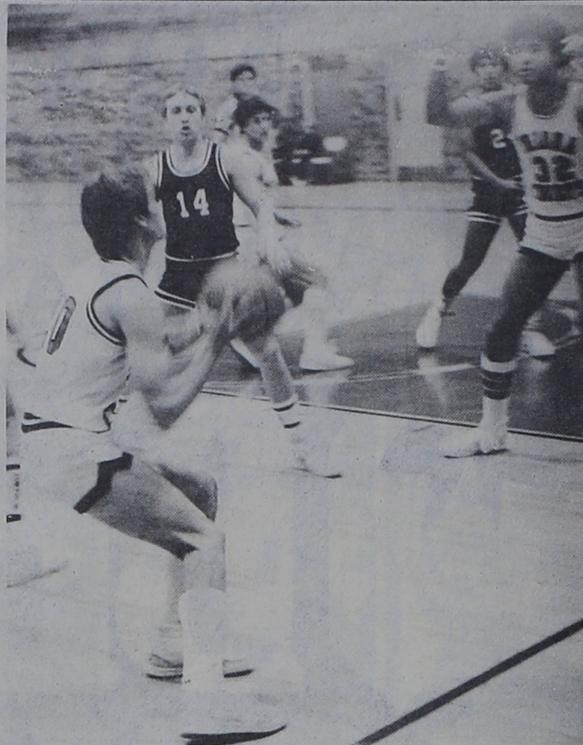

Veazey and McLellan tied for high point honors for Friona with 13 points each.

CHIEFS	16	36	52	62
L'fled	15	34	56	75

Charlie Veazey 11-3-25; Robert Escalante 6-2-14; Kevin Brogden 1-0-2; Charlie Morgan 4-3-11; Johnny McLellan 2-4-8; John Aguirre 0-2-2; Guy Wilkins 0-0-0; Bill Caudill 0-0-0.

CHIEFS	8	24	36	48
Dimmitt	14	27	45	62

Veazey 4-5-13; Escalante 3-1-7; Brogden 1-1-3; Morgan 1-1-3; Aguirre 0-2-2; McLellan 4-5-13; Caudill 0-1-1; Wilkins 0-0-0.

**BASKET COMING....** Charlie Veazey, left, the leading scorer for the Friona Chieftains, gets ready to launch a shot in recent action. In the background is teammate Robert Escalante. Veazey scored 25 points against Littlefield, but the Wildcats rallied for the win.

## FYB Meeting Set Tuesday

An organizational (parent) meeting will be held Tuesday, January 31 at 7:30 p.m. for the Friona Youth Basketball program. Meeting place is the Friona Junior High Cafeteria.

"The success or failure of any program involving our children depends on parents. Therefore, your attendance at this meeting will help determine whether or not we have a basketball program this year," says

Libby Procter, spokesman for the local organization.

"Last year, the parent response at the end of the season was overwhelming. Our awards supper was a great success, so we know there is a lot of interest in our youth. Help us make this year a success from the start to finish. Please attend the meeting," Mrs. Procter urged.

Boys and girls, third through sixth grade, will be eligible to participate.

## Squaws JV Drops Two

The junior varsity Squaws dropped a pair of district games during the past week. The girls fell to the Littlefield JV, 22-18 on Friday, and then fell to a Dimmitt rally on Tuesday, 39-33.

The team never could get the upper hand in the Littlefield game, falling behind by five points in the first quarter, and trailing most of the way.

However, the Squaws held the lead against Dimmitt in the first half, until a big third quarter for the visitors. Dimmitt outscored the Squaw JV, 20-6 to take over the lead and went on to win.

Sharlene Parr's six points against Littlefield and Kelly Wied's 14 points against Dimmitt led the scoring.

SQUAW JV	4	9	12	18
L'fled	9	12	16	22

Susan Bailey 1-0-2; Kelly Wied 0-1-1; Sharlene Parr 3-0-6; Jamie Herring 2-0-4; Robin Houlette 0-1-1; Rachel Bermea 1-0-2; Dana Berend 1-0-2.

SQUAWS JV	7	15	21	33
Dimmitt	4	10	10	39

Wied 6-2-14; Parr 1-0-2; Bermea 3-2-8; Wendy Hinkle 3-1-7; Berend 1-0-2.

## Letter To The Editor

Dear Mr. Ellis,

In 1929, my parents, Marvin and Grace Wood, purchased 160 acres half way between Friona and Bovina. On the dirt road from Friona, at Parmer Station, we turned left (south). Fred and Annie Carson lived south of us about one mile.

I was in Friona October, 1982 trying to locate the home place. The road was no longer a dirt road and had moved to the other side of the railroad tracks. Nothing looked the same. In 1937 when we left everything was pasture and I can remember being able to see for miles. In 1982, the corn seemed to be growing 20 ft. tall.

Mom and Dad built the barn first then started building the adobe house. I was born in the house October, 1930.

I tried to contact David Carson while I was there, but wasn't able to get him. And, I'm reasonably sure he doesn't remember me. I had hoped he could tell me if the house and barn was still standing and take a picture for me.

Could anyone in Friona let me know if anything is still standing? I would surely appreciate any information.

Thank you, sincerely,  
Twyla Wood Benevedis

## Chief JV Lose Games

The Chieftain junior varsity has had a run of bad luck lately. The team lost its third and fourth game in a row against district teams during the past week. Some of the team's starters were out with the flu.

Last Friday, the team must have thought that they had reported to the wrong gym, and were playing Littlefield's varsity. The Wildcats, scoring bid in three of the four quarters, blasted the Chieftain JV, 83-33.

Then on Tuesday, Dimmitt rolled to a 57-27 win over the JVs.

Jeff Brown's eight points were tops in the Littlefield game. Brown and Bart Bronniman each scored eight against Dimmitt.

CHIEFS JV	6	14	27	33
L'fld	25	51	62	83

Jeff Brown 3-2-8; Leroy Mercado 0-1-1; Charles Walker 1-0-2; Brad Moyer 1-4-6; Bart Bronniman 1-4-6; Kevin Trimmell 0-2-2; Jeff Dickson 1-0-2; Peter Malouf 1-0-2; S. Hand 2-0-4.

CHIEFS JV	8	17	21	27
Dimmitt	10	22	43	57

Brown 4-0-8; Mercado 0-0-0; Walker 2-0-4; Moyer 2-0-4; Bronniman 4-0-8; Trimmell 1-1-3.

### TOTAL POINTS FOR SEASON

Jeff Brown 208; Charles Walker 134; Bart Bronniman 114; Darrell Auburg 105; Brad Moyer 99; Leroy Mercado 60; Kevin Trimmell 34; Terry McDowell 19; Pat Garcia 4.

**COVERED UP....Kristi Britting (in white, left), and Amanda Perez have their opponent well covered in this action from last week's game. The Squaws had some rotten luck, losing to Littlefield and Dimmitt in hard-fought games.**

## IN DISTRICT PLAY

# Squaws Drop Games

The Friona Squaws dropped a pair of hard-fought district games during the past week. The girls fell to Littlefield, 55-43 here last Friday, and then dropped a 49-44 decision in overtime to Dimmitt on Tuesday.

The team never had the lead in their game against Littlefield, which came into the game unbeaten in district play.

The Wildcats took a 12-3 lead after 4:40 of play in the opening quarter, as the Squaws were having trouble getting untracked.

Finally, the team began to score, and trailed 12-8 with 1:45 left in the quarter. Littlefield held a 16-10 lead at the buzzer.

Wennetter Jackson, who was scoreless in the opening quarter, sank a pair of free throws to open the second period, and quickly followed that with a jump shot from the side, to pull Friona to within a basket at 16-14 early in the quarter.

But Littlefield answered with seven straight points to take a 21-14 lead, and the Wildcats maintained that

edge at halftime, leading 27-20.

The team couldn't make up any ground in the third quarter. In fact, Miss Jackson was the only member of the squad who scored any points, and her seven couldn't keep pace with Littlefield's 12, as the visitors hiked their lead to 39-27.

The team finally got the lid off the basket in the final quarter, but never could seriously threaten Littlefield's lead.

Miss Jackson with 19 points and Amanda Perez with ten points led Friona's scoring.

Tuesday's game was a frustrating one for the Squaws, who led throughout most of the game, only to see the Bobbies tie it up and take the win in overtime.

Friona, with Diane Johnston getting a trio of baskets, broke out to a 13-10 first quarter lead. The second quarter was mostly defense, with the Squaws retiring to intermission nursing a 21-19 advantage.

The third quarter was again ice cold for the Squaws, but they held on

for a 29-28 lead when the buzzer sounded.

Dimmitt outpointed the Squaws, 14-13 in the final quarter, to tie the game up. Miss Johnston scored Friona's only points in the overtime, while Dimmitt was scoring seven points for the win.

Jackson scored 14, Johnston ten and Perez 12 for the Squaws, who finished the first half of district play with a 1-4 record.

SQUAWS	10	20	27	43
L'fld	16	27	39	53

Wennetter Jackson 8-3-19; Diane Johnston 3-0-6; Kristi Britting 0-4-4; Amanda Perez 5-0-10; Teresa Wilcox 1-0-2; Nikki Osborn 0-2-2; Sarita Ellis 0-0-0.

SQUAWS	13	21	29	42	44
Dimmitt	10	19	28	42	49

Jackson 5-4-14; Johnston 5-0-10; Britting 1-0-2; Perez 5-2-12; Wilcox 1-0-2; Osborn 0-0-0; Reeve 1-0-2; Ellis 1-0-2.

By LAURA JACOBS  
 It's estimated that consumers spent some \$3 billion on natural foods in 1982, but did they know what they were buying? Exactly what does the word "natural" mean? Take the following true-false quiz to find out what you know about natural foods:  
 --Natural foods are more nutritious and better for you than processed foods.  
 --The federal government sets standards that determine which foods can be sold as "natural."  
 --A food may not be labeled "natural" if it has

CHRISTIANA S. LUNDAY

**Mrs. Lunday Rites Set Saturday**

Funeral services for Christiana S. Lunday, 73, will be held Saturday, January 28, at 2:30 p.m. in the First Baptist Church of Friona with Rev. Daymun White, pastor, officiating. Burial will be in the Friona Cemetery under the direction of Ellis-Blackwell Funeral Home.  
 Born April 19, 1910 in Plainview, she married Earl A. Lunday September 22, 1925 in Olton. She was a school teacher having taught first grade in the Edinburg school system until 1976, when she retired. She moved to Friona in 1977 from Edinburg. Mrs. Lunday was a member of Friona First Baptist Church. She died Thursday, January 26, in Parmer County Community Hospital.

Survivors include her husband Earl, of the home in Friona; two sons, R.V. of Laredo and Leroy of Friona; one daughter, Mrs. Norma June Smith of Atascosa; two sisters, Mrs. Bertha Grant of Scottsdale, Arizona and Mrs. Thelma Heck of Abilene; two brothers, Steve Struve of Friona and Bill Struve of Hereford; nine grandchildren and three great-grandchildren.

Pallbearers will be Dee Willard, Gary Hand, Jack Straw, Jim Roy Wells, Glenn Reeve, Jr., and Leon Massey.

been processed in any way or contains any ingredients that don't occur naturally in that food.  
 The answer to each question is "false."  
 The subject of natural foods is one that has puzzled consumers for years. Unfortunately, the confusion is likely to continue since there is no standard definition of the term "natural."  
 An early definition of a "natural" food was something that occurs in nature such as oranges, lettuce, or fresh eggs.  
 By 1974, however, the definition was stretched to include "those foods which are in their original state or have minimal refinement and minimal processing."  
 For a long time, the major distinction of natural foods was that they contained only natural ingredients, nothing was artificial, and nothing was added to the product.  
 Orange juice made from fresh-squeezed oranges was natural, for instance, as was all-peanut peanut butter. If the manufacturer put in food colorings or preservatives or anything else artificial, they could no longer be considered natural products.  
 The assumption was, of course, that nature couldn't be improved upon, and therefore natural meant better.  
 As Americans have become more and more health conscious, advertisers have taken notice. They tried to appeal to consumers' desire for fresh, wholesome foods by promoting the natural qualities of their products. So now products are sold as "natural" that contain any naturally occurring or minimally processed ingredients. This is even true when the products also contain artificial ingredients.  
 Today it's up to consumers to read the labels on food products and rely on their own definitions of "natural."

**Winners Listed In Lazbuddie Junior Livestock Show**

Cheryl Holt exhibited the grand champion barrow at the Lazbuddie Jr. Livestock Show Saturday, January 21.

Miss Holt's entry was a lightweight Hampshire. Reserve champion barrow, also a Hampshire, was entered by Scott Holt, with his heavyweight class winner.

Grand champion lamb was shown by Sean Mason. Reserve champion honors went to Tammy Vise. The steer judging was not held,

since the only project steers are owned by brothers and they did not wish to compete on the local level.

The Holt youngsters are children of Mr. and Mrs. Cal Slack. Mason is the son of Mr. and Mrs. Darrell Mason, and Miss Vise is the daughter of Mr. and Mrs. Dale Vise.

Breed champion lambs were shown by Todd Daniel, son of Mr. and Mrs. Jim Daniel, fine wool; Ginger Jesko, daughter of Mr. and Mrs. Lee Dennis Jesko, Suffolk; Kurt Miller, son of

Mr. and Mrs. Mike Miller, Southdown.

Showmanship awards were won by Sean Mason in the lamb division and Susan Redwine in the barrow show.

As a "fun" event, an adult showmanship competition was held. Winners were Darla McBroom and Mike Miller.

Carl Wheeler, Muleshoe Vocational Agriculture instructor, served as judge for the show.

**STATEMENT OF NON-DISCRIMINATION JANUARY 23, 1984**

" West Texas Rural Telephone Cooperative, Inc. has filed with the Federal Government a Compliance Assurance in which it assures the Rural Electrification Administration that it will comply fully with all requirements of Title VI of the Civil Rights Act of 1964 and the Rules and Regulations of the Department of Agriculture issued thereunder, to the end that no person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination in the conduct of its program and the operation of its facilities.

Under the Assurance, this organization is committed not to discriminate against any person on the ground of race, color, or national origin in its policies and practices relating to applications for service or any other policies and practices relating to treatment of beneficiaries and participants including rates, conditions and extension of service, use of any of its facilities, attendance at and participation in any meeting of beneficiaries and participants, and the exercise of any rights of such beneficiaries and participants in the conduct of the operations of this organization.

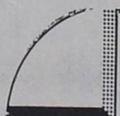

Any person who believes himself, or any specific class of individuals to be subjected by the organization to discrimination prohibited by Title VI of the Act and Rules and Regulations issued thereunder may, by himself or a representative file with the Secretary of Agriculture, Washington, D.C. 20250, or the Rural Electrification Administration, Washington, D.C. 20250, or this organization, or all, a written complaint. Such complaint must be filed not later than 90 days after the alleged discrimination, or by such later date to which the Secretary of Agriculture or the Rural Electrification Administration extends the time for filing. Identity of complaints will be kept confidential except to the extent necessary to carry out the purposes of the Rules and Regulations. "

**FRIONA STATE BANK**

# 37th Annual Stock Show Set Feb. 1-4

The 37th annual Parmer County Junior Livestock Show is scheduled for February 2-3-4 at the Community Center-Showbarn in Friona.

For the second time in three years, the show will have a "new wrinkle." This year, a goat show, featuring castrated goats (wethers) will be held. Show officials say the goats are being added on a trial basis, to see if the FFA and 4-H youngsters can profit from them or not.

While the judging won't begin until Thursday, the first order of business will be the weigh-in of animals on Wednesday, from 8 a.m. until 12 noon. Classification of lambs will be held beginning at 2 p.m. Wednesday.

Judging of the barrows will be the main order of business on Thursday, when the event gets underway at 8 a.m.

Friday's schedule calls for the lamb show at 8 a.m., followed by the new event, the goat show. Heifers will be shown at 2 p.m., followed by the steer show.

The auction sale of premium animals will be held Saturday, beginning at 1 p.m.

Corrie Lundy of Friona exhibited the grand champion steer at the 1983 show. Roddy Berend of Friona had the grand champion heifer and reserve champion steer.

Beth Johnson, a 13-year-old Friona 4-H Club member, exhibited the grand champion barrow. Terry Moore of Bovina FFA, entered the

grand champion lamb.

The win by Miss Lundy gave her school the county steer title for the 18th time, exactly half, since 1948. Farwell entries have won ten steer titles; Lazbuddie has won six, and Bovina two, by Joan Carson in 1976 and 1978.

The 1983 grand champion steer was a Maine-Anjou cross. It was the sixth time for a crossbred steer to claim the title. Hereford steers have won 18 titles in the show's 36-year history. Angus or Angus crosses have won six titles.

Miss Johnson's win in the barrow division was only the seventh for her school. Lazbuddie has won the lion's share in that division, 22, including 16 in a row from 1961-76.

The winning barrow in 1983 was a Hampshire, giving that breed the lead over all others with nine titles. Duroc barrows have won eight times, crossbreeds have won seven times, Polands have won six titles and Chester Whites four.

The auction sale following the 1983 show amounted to \$75,817.03. This was down from the all-time record of the previous year, when the sale totalled \$120,025.47.

However, show officials pointed out that a larger number than usual of animals were pulled out of the sale and kept.

Stock show boosters and buyers are urged to be at the auction sale starting at 1 p.m. Saturday, February 4.

## Champions Since 1948

### Steer Champions

1948--Maurice Gaede, Friona 4-H (Hereford); 1949--Wayne Massey, Friona 4-H (Hereford); 1950--Herbert Schueler, Friona; 1951--Donald Jesko, Farwell; 1952--Ben Jordan, Friona (Hereford); 1953--Mary Tatum, Friona (Shorthorn).

1954--Jerry Henson, Farwell 4-H; 1955--Frankie Spring, Friona FFA (Hereford); 1956--Leon Massey, Friona; 1957--Glen Watkins, Lazbuddie; 1958--Jim Roy Wells, Friona (Hereford); 1959--Derrell Jennings, Lazbuddie.

1960--Bobby Redwine, Lazbuddie (Hereford); 1961--Craig Coon, Friona FFA (Hereford); 1962--Risa Howell, Friona 4-H (Hereford); 1963--Dwain Phipps, Friona (Hereford); 1964--Rex Wells, Friona FFA (Angus).

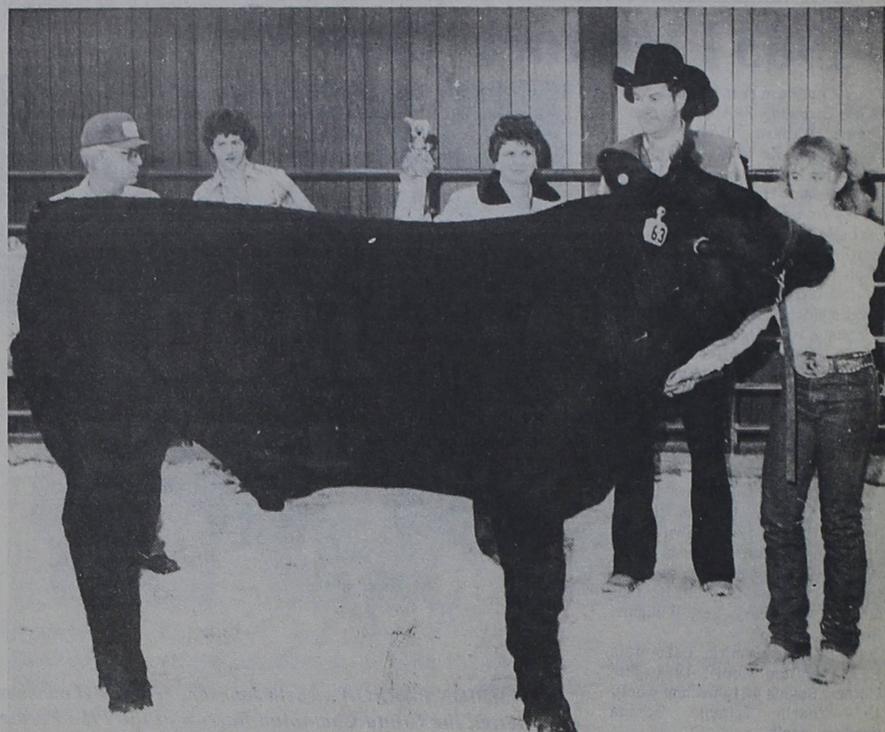

1965--Mike Riethmayer, Friona FFA (Angus); 1966--Gary Phipps, Friona 4-H (Hereford); 1967--Jacquelyn Langford, Farwell 4-H (Hereford); 1968--Mark Haseloff, Farwell 4-H (Hereford).

1969--Robert Haseloff, Farwell FFA (Hereford); 1970--Gail Morris, Lazbuddie FFA (Hereford); 1971--Carrie Haseloff, Farwell 4-H (Hereford); 1972--Mark Haseloff, Farwell 4-H (Cross).

1973--Annette Langford, Farwell 4-H (Hereford); 1974--Jacquelyn Langford, Farwell 4-H (Hereford); 1974--Mac Langford, Farwell 4-H (Hereford); 1976--Joan Carson, Bovina 4-H (Charolais-cross).

1977--David Lust, Lazbuddie 4-H (Angus); 1978--Joan Carson, Bovina FFA (Charolais-cross); 1979--Dean Church, Friona FFA (Limousin-Hereford cross); 1980--Phillip Jesko, Lazbuddie FFA (Angus).

1981--Roddy Berend, Friona FFA (Angus-Chianina cross); 1982--Jeff Lundy, Friona FFA (Hereford-

# Applying Oil On Grain To Prevent Elevator Explosions

State Senator Bill Sarpalius has announced that the findings of the Senate Subcommittee on Agriculture relating to applying food grade mineral oil on grain to eliminate possible explosions have been confirmed by the Food and Drug Administration (FDA) and food additive regulations have been amended.

"The action by the FDA will have a decided impact on grain elevator explosions which have caused 229 deaths, 817 injuries and hundreds of millions of dollars in property losses since 1958," Sarpalius said. He added that Texas has been especially hard hit by major elevator disasters.

The Senate Subcommittee, which Sarpalius chairs, held hearings, worked with elevator operators, researched the problem, held demonstrations and worked with researchers to establish the need for the process. The EPA, Texas Air Control Board, top officials of the USDA, the Texas Department of Agriculture and a number of congressmen were involved in determining the acceptability of the process.

"The advantages are just tremendous," Sarpalius said. "For larger grain elevators, extensive ventilation designs have been incorporated to remove dust at grain transfer points in order to prevent dust accumulations within the facility that can fuel a dust explosion. The fans, motors, ducting, bag houses and horsepower requirements associated with these ventilation systems are costly and must be considered in the day-to-day operations of a grain elevator."

"Oil on grain can reduce the power use in some elevators by more than 50 per cent, which can amount to more than \$5,000 per month. The reduced investment in additional ventilation equipment and maintenance could amount to thousands of dollars and the atmosphere for workers will be greatly improved. It has been shown that grain dust is responsible for serious respiratory problems," the Senator added.

The process has been patented by Lubbock chemist Harry Barham. The cost of equipment to put oil on grain

is not at all significant. The most expensive part of the equipment is a storage tank for the oil. The expense amounts to less than 0.9 of a cent per bushel. The cost is nearly recovered in the reduced loss of weight, and more than recovered with the additional benefits.

Additionally, the white oil process offers an excellent mode for effective and long-lasting insect control. It also eliminates the disposal of dust collections, which is difficult and expensive due to pelleting costs and lack of general acceptability. An estimated 700,000 tons of grain dust--which is about 75 per cent of the feed

value of the grain from which it issues--is lost in the U.S. every year.

Sarpalius noted that the U.S. exports more than twice the volume of grain today than ten years ago. This fact brings more focus on the concern of explosion since grain movement is the cause of dust and dust is the fuel for an explosion.

"Since food grade white oil is completely odorless, its presence cannot be detected by odor. Only the lack of dust during handling indicates treatment. Of all the samples officially inspected, no grade changes have been made," Sarpalius said.

## Windbreak Trees, Drip Irrigation Seminar Set

Drip irrigation systems have proven to increase the survival rate of windbreak tree plantings and many other things needing water.

The survival rate of plantings is increased due to ease of watering. In most cases, a faucet is the only thing that needs to be turned on. Also when watering trees, if the system is installed properly, each tree receives the same amount of water. Emitters which are installed at each tree allows the water to be applied at a rate of 1 or 2 gallons per hour. At this rate there is no runoff and water is allowed to soak into the ground where the tree's roots are located. This reduces weed competition and weeds are held to a minimum.

Due to the characteristics of drip irrigation, the soil condition for the growth of trees is more favorable. By not only having water available to the trees, the air pores in the soil under drip irrigation allow the trees' roots to "breathe."

Drip irrigation systems also are suitable for irrigating gardens, flowers, and shrubs reducing water usage and waste.

The Parmer County Soil and Water Conservation District is making drip irrigation materials and windbreak trees available to the public. A two-hour seminar will be held at the

Parmer County Soil and Water Conservation District office on February 9 at 2 p.m. Marvin Strachan, nursery manager, Colorado State Forest Service, Fort Collins, Colorado; Edward Holcombe, state forester, SCS, Temple, Texas; James Henson, state biologist, SCS, Temple, Texas; and Kyle Sikes, ag. engineer, SCS, Amarillo, Texas will be available to answer all questions on windbreak trees and drip irrigation systems. For further information, contact the Soil Conservation Service office at 1306 W. 9th Street in Friona or call 247-2220.

# Local Entries Boost 1984 Houston Livestock Show

Twelve FFA members from Friona and twenty-one from Bovina are set to participate in the 1984 Houston Livestock Show and Rodeo, February 18-March 4. Early tallies of 1984 Show entries indicate that this year's Show will be larger than ever before, with more than 32,000 entries expected to fill the Astrohall during the two-week run of the Show.

"With new events added, this year's Show promises to be our best and most versatile ever," noted Don Jobs, Jr., Assistant General Manager. "It provides spectators with a truly unique opportunity to see some of the finest livestock anywhere, gathered all under one roof," he continued. New events include dairy goat competition, a mule and donkey show and a miniature horse show.

Friona entries include Dana Berend, Rod Britting, Michael Elam, Marc Hamil, Stephanie Miller, Jennifer L. Smith, Holly Tatum, Wendy Tatum, Kevin Trimmell, Aaron D. Weatherley, Shannel Woodard and Shayne Woodard.

Bovina entries include Misti Boozer, Jo Clayton, Mark Clayton, Ted Clayton, Charles Falkenberg, Donnell Garner, Jimmy Heard, Matt Howell, Lee Marquez, Steve McClaran.

Also, Terry Moore, Tracey Moore, Marie Pesch, Denver Redwine, Randy Redwine, Mendy Rhodes, Casey Riddle, Denver Riddle, Raymond Rocha, Kevin Smith and Chuck Teague.

While the focus for the next few weeks will be on the Show as the world's largest livestock show and rodeo and an entertainment extravaganza featuring twenty-one star performers, Jobs pointed out that the Show is much more.

"The Show is the Southwest's premiere charity event, where all our net proceeds go to support the nation's largest agricultural scholarship program and some 28 research programs at nine Texas universities," he said. "Additionally, the rewards for young exhibitors who've invested so much time into getting their animals ready for the

Show can be phenomenal. The prestige of a Houston blue ribbon makes Houston the toughest showing competition in the world."

Premium monies available for open and junior show exhibitors top more than half a million dollars in prize money and in premium auction prices paid in excess of market value. Volunteer committee members of the Show line up auction buyers to insure that each junior market animal sold in the Show's four market auctions brings a price above the current market value of the animal.

And, as the Show holds the world's record price for all champion market animals sold at auction, it is evident that widespread community support translates into real dollars for these deserving young exhibitors who come from all over Texas to enter.

Junior livestock competition includes beef heifers, dairy cattle, breeding sheep, goats, commercial steers, breeding rabbits, market lambs, poultry, swine and steers. Also for 1984, there will be carcass contests in the market lamb, swine and steer shows.

In the carcass competition, all first and second place winners in these three divisions will be slaughtered and their carcasses judged. "The thrust of the junior market competition is to develop the best market animal in terms of efficiency, profitability and consumer satisfaction," said Mike McCravey, Assistant Manager of the Show.

"By initiating these carcass contests and disseminating the results quickly after the Show, exhibitors and livestock producers know exactly which animal types are producing the best all-around market animal by Show and consumer standards." He added that the goal of market competition is to select a champion animal that is ready to go to market now and give the consumer the highest possible return for his food dollar, as well as providing the highest possible return for the livestock producer.

A new judging system in the junior market division will add a new dimension to the sharpest showing

competition in the livestock industry.

"By inaugurating a three-judge system in each of these junior market shows, the Houston Show is emphasizing its commitment both to quality competition and to the uncompromising standards which reflect the most current trends in the industry today," McCravey said. "With the caliber of judges we have and the new system being used, a Houston champion will be recognized as the best of the best competition in the world," he said.

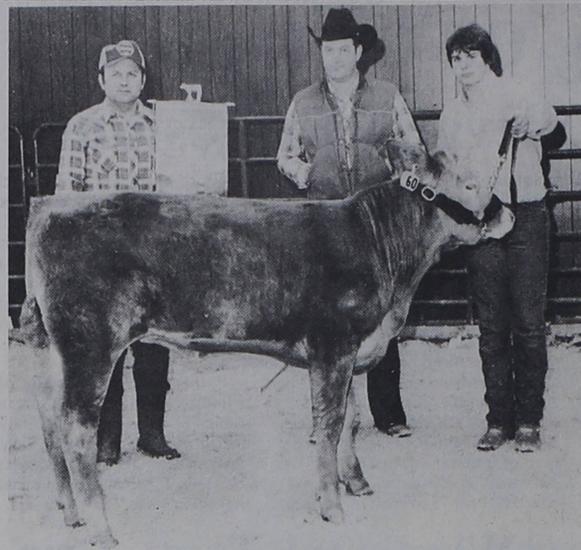

To facilitate the handling of the thousands of entries expected to fill the 25-plus acre livestock exhibition facility, a new method is being used to handle junior market barrows. "We handle more barrow entries than for any other show division," McCravey noted. "Even with entry limitations in 1983, we still had more than 4400 barrows entered. With all the entries we are trying to process and stall at the same time, it can create a logistic situation that taxes even our facilities, which are generally regarded as the best in the country."

Junior market barrows will be sifted at the Washington County Fairgrounds in Brenham on February 25 and 26. Sifted barrows are then loaded directly for sale through normal livestock auction consignment. Non-sifted barrows proceed to Houston and the livestock show competition.

The junior livestock show schedule has been changed to accommodate the procedure change in handling barrows. The junior market barrow auction sale will take place on March 1, as the first of the junior auctions.

While the livestock show is in full swing in the Astrohall, the Houston Rodeo also is offering the biggest line-up of star entertainers in Show history. With 21 entertainers, rodeo fans are guaranteed to see a favorite star or two.

The Houston Livestock Show opens on February 18; the rodeo begins the first of 16 performances on February 22; and all events conclude on March 4.

HEIFER CHAMPION....Roddy Berend, Friona FFA member, poses with his Limousin heifer which was named Grand Champion at the 1983 Parmer County Junior Livestock Show. Shown with the winning animal are Leroy Berend and Jimmy Walker of Vega, judge of the show.

## Commodities Count Against '84 Limitation

The value of commodities received by a farmer as payment-in-kind compensation in 1984 will be added to other program benefits in determining whether the farmer has reached the statutory \$50,000 payment limitation applicable to commodity programs, a U.S. Department of Agriculture official said today.

C. Hoke Leggett, associate administrator of USDA's Agricultural Stabilization and Conservation Service, said the PIK compensation would be figured in with cash diversions and deficiency payments in arriving at the \$50,000 payment limits.

USDA on January 4 asked for comments by January 13 on proposed PIK program regulations for 1984. USDA evaluated comments submitted by the public and decided the proposed rule would be issued as a final rule with no changes.

Wheat is the only crop for which a payment-in-kind program has been announced for 1984.

# TDA Finds Carcinogen, EDB, In One-Third Of Products Tested

AUSTIN--After discovering residues of the carcinogenic chemical Ethylene Dibromide (EDB) in 19 grain-based products taken from grocery store shelves, Texas Department of Agriculture Assistant Commissioner Ron White, has urged Texas Commissioner of Health Robert Bernstein to act quickly in establishing a limit on the level of the cancer-causing fumigant in foods sold in Texas.

"Significant levels of EDB, which U.S. Environmental Protection Agency (EPA) scientists termed one of the most powerful cancer-causing chemicals the agency has ever tested, have been found in a variety of grain-based products tested by TDA. We found significant residues in products commonly consumed in Texas from bran muffin mix to devil's food cake mix to flour and corn meal," White said. "This is deadly serious business and the Texas Department of Health should immediately establish a standard for Texas so our consumers can know that processed grain products are safe to eat."

"Out of 71 products tested, about one out of three showed EDB residues of from one to 426 parts per billion," White said.

"It is important to understand that the EPA has done extensive tests on EDB, and they don't just do tests with huge doses either. Even very small doses, they found, rapidly induced tumors as well as reproductive damage in laboratory animals. These studies have conclusively determined that EDB in the food supply does create an 'extremely high' cancer risk. The shame is that there are efficient and cost-effective alternatives to EDB, which is used to control weevils and other pests in grain. The fact is that this chemical simply does not have to be in the food supply."

"Given the sort of documentation the EPA has provided on the health risks of EDB, I say again that this is a deadly serious problem, but one that can be managed by quick and thoughtful action by state and federal government," White said. "There is no need for any consumer panic, since one box of grits won't kill anyone, but neither should we be

nonchalant about this health threat. We need to proceed deliberately, but firmly, so that the interests of the public and the manufacturers are served."

Texas Agriculture Commissioner Jim Hightower said, "It may be that one part-per-billion or even a hundred-parts-per-billion are perfectly safe doses of EDB, but then again, maybe not. The truth is, no one knows for sure. Rather than use Texas consumers as test mice, let's get this stuff off the shelves and then let the scientists quibble over parts-per-billion."

"Quick action on this matter is important not only for consumers but for Texas grain farmers as well. The EDB contamination is not coming from the farm, but from the storage and processing stages. Our farmers produce good, high quality healthy farm products that are good for U.S. consumers and foreign buyers as well. It is important for that goodness not to get diluted in the processing," Hightower said. "Texas grain producers have built an international reputation for a top quality product, and we've spent years developing markets for our grain. Why risk our good reputation and markets for some chemical that isn't even necessary?"

Although EPA began the process to ban EDB in 1977, no action was taken to remove the chemical from the marketplace until September 30, 1983, when EPA announced an emergency ban on using EDB as a soil fumigant. A non-emergency ban on using EDB as a grain fumigant that was to take effect in November 1983 was challenged by several chemical companies, however, and EPA said the product may continue to be used until the challenge is resolved, which could take up to two years.

White said there was little consistency by brand name in EDB residue levels, and that the test results indicated that the use of EDB in the milling process could be of primary importance in residue levels.

"The good news is that no EDB residues were found in any of the five bread samples, all from Texas bakeries," White said. "We tested two honey samples because EDB is

approved for use on beehives, and found no residues there either. In addition, at the request of Arrowhead Mills, we tested 35 of their organic products, all of which tested free of EDB."

"The people of Texas have a legitimate right to expect to be able to purchase safe food," White said, and we will continue to test a wide range of products for EDB residues, and make those tests available to consumers and EPA for use in establishing guidelines for EDB limits."

## Around The House

By LAURA JACOBS

Cotton, wool and mohair will be the "stars" of the Natural Fibers Fashion Showcase to be held at the Southwest Farm and Ranch Exposition in Fort Worth at 4 p.m. on March 10.

But playing important supporting roles will be farm ranch and agribusiness women who will display their fashion and sewing skills on garments they made from these Southwestern natural fibers.

With the fashion industry's emphasis on natural fibers and natural fiber blends for good looks and ease of care, more home sewers are working with these fabrics.

If you plan on attending the Exposition, stop by the Showcase. Whether you're interested in fashion, home-sewing or both, you will get plenty of ideas, and a chance to see some beautifully crafted clothes.

Showcase entrants will compete for first, second and third place awards in four divisions: custom sewn garments, knitted and crocheted garments, coordinated mother and child ensembles, and a category for former grand award winners.

Each garment entered in the show will be made of a minimum blend of 50 per cent cotton or 50 per cent wool and/or mohair.

Sponsors of the event include the Texas Agricultural Extension Service, Southwest Hardware and Implement Association and *Progressive Farmer*.

At a Capitol news conference, Texas Department of Agriculture Assistant Commissioner Ron White (right) announces that out of 71 grocery products tested by TDA, about one out of three showed EDB (a cancer-causing fumigant) residues of from one to 426 parts per billion.

# Board Promotes SWPS Executives

Three Southwestern Public Service Company executives were elected vice presidents and officers of the Company by the electric utility's board of directors, it was announced by Bert Ballengee, SPS president and chief operating officer.

Gary L. Gibson, director of marketing and administration since 1982, becomes vice president, marketing and administration.

James B. Matthews, chief engineer, generation plant design and construction, since early 1983, was named vice president, generation plant design and construction.

W. T. Seitz, chief engineer, general engineering, since early 1983, was appointed vice president, engineering and operations.

Gibson started work with SPS as an engineer in the Company's Borger district in 1964. He has also served as a power sales engineer, manager of industrial services and as manager of consumer services.

A native of Borger, Texas, Gibson earned a bachelor's degree in electrical engineering at Texas Tech University, and a master of business administration degree at West Texas State University. He is a member of the Texas Society of Professional Engineers, the Institute of Electrical and Electronic Engineers and the City of Amarillo Electrical Board. He is a trustee of the Texas 4-H Youth Foundation and is active in activities of the West Texas Chamber of Commerce.

Matthews began his SPS career in 1949 as a maintenance mechanic's helper and auxiliary operator at the Company's Moore County, Texas, power plant. He has also held positions as a plant engineer; assistant plant manager at the Moore County plant; plant manager at Cunningham Station, Hobbs, N.M.; project engineer consultant; and engineering manager and group manager, generation plant design.

A native of Vera, Oklahoma, Matthews received a bachelor's degree in mechanical engineering in 1949 from Oklahoma State

University at Stillwater. He is a registered professional engineer in Texas, and is a member of the Texas Society of Professional Engineers, the National Society of Professional Engineers, and the American Society of Mechanical Engineers. He served in the U.S. Air Force as a pilot from 1942 to 1946, attaining the rank of captain.

Seitz joined SPS as a junior engineer in 1951. His later duties also included positions as power sales engineer, senior design engineer, senior operating engineer, division superintendent, manager of planning, and group manager in general engineering.

Seitz was born at Mobeetie, Texas.

He earned a bachelor's degree in electrical engineering at Texas Tech University. He is a registered professional engineer in Texas, and is a past chairman of the Texas Panhandle chapter of the Institute of Electrical and Electronic Engineers. He served in the Army Air Corps from 1943 through 1945.

Southwestern Public Service primarily provides electric service to a population of more than one million in a 70,000-square-mile area of the Panhandle and south plains of Texas, eastern and southeastern New Mexico, the Oklahoma Panhandle, and southwestern Kansas.

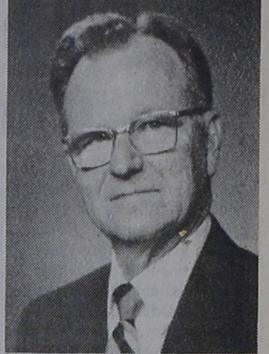

The Company is headquartered in Amarillo, Texas.

## TCGA Sets Meeting

The theme for the Eleventh Annual Texas Corn Growers Association Meeting will be "Farm Policy Decision in '84."

Governor Mark White will be the principal speaker for the event.

The TCGA meeting will be held Monday February 6 at the Castro County Exposition building in Dimmitt.

The meeting is scheduled to begin at 9:30 a.m. with a welcome and the President's report given by TCGA President Carl King.

Weldon Davis, Chairman of the Corn Producers Board, will give a report on the board's 1983 activities.

Harold Bob Bennett will give the financial and secretary's report.

Also scheduled to speak during the morning session are: Lee Morse and Pat Morrison. Morse, along with two representatives of the Central Bank of Co-ops in Denver will discuss the financial aspect of TCGA's new marketing concept concerning food corn contracts.

Guest speakers for the morning session will be Texas Commissioner of Agriculture, Jim Hightower and USDA Deputy Secretary of Agriculture, John Ford.

A free barbecue lunch will be served at 12:30.

Following lunch Senator Bill Sarpalius will speak, then Governor Mark White will give the main address.

Entertainment will be provided by The Singing Farmers from Hart.

The public is invited to attend the meeting.

## Food Quality May Be Hurt

Those canned green beans you have stored in the garage may taste a little mushy when you finally get around to eating them, says a Texas A&M University Agricultural Extension foods and nutrition specialist.

If you haven't already, check stored foods now for broken seals and cracks in jars or bulging cans, says the specialist. These foods will not be safe to eat and should be discarded, she adds.

Persons with specific questions about the safety of canned goods should contact their county Extension office.

## BEEF: HOW DOES IT COMPARE?

Fish has fewer calories — and nutrients

	BEEF	PORK	ROAST CHICKEN	FLOUNDER
Calories (% of Recommended Dietary Allowance)	8%	8%	7%	3%
Protein (% of RDA)	45%	42%	44%	31%
Vitamin B12 (% of RDA)	79%	22%	9%	31%
Iron (% of RDA)	26%	10%	10%	3%
Cholesterol (mg.)	73	77	76	52

(3 ounce serving)

(Source: U.S. Department of Agriculture/ National Live Stock and Meat Board) NEA / Moffitt Cecil

While many Americans seeking a healthier diet have switched from beef to fish, red meat is nutritious. What worries the health-conscious is its cholesterol and calorie content.

## USDA Gives Approval For Corn Purchase

The Agriculture Department says that 10,321 farmers in 28 states have been given approval to buy low-grade government corn and cut-rate prices to help replenish livestock feed lost to last year's drought.

About 40 per cent of the 17,438 applications were rejected because farmers and ranchers did not qualify for the emergency program. The government owned about 27 million bushels of low-grade corn stored at various locations around the country. Thus, about 16.8 million bushels will remain available.

Sale of the grain--which is owned by USDA's Commodity Credit Corp.--was authorized by Congress in new dairy and tobacco legislation last fall.

C. Hoke Leggett of the department's Agricultural Stabilization and Conservation Service said Monday that although the sign-up for the emergency loans officially ended on January 4, some producers will be

allowed additional time to apply.

"These producers include those who were approved but received only part of their allotment, those whose applications originally were turned down but who may now qualify because their own feed supplies are short, and those who never applied but may qualify," Leggett said.

New applications for grain will be received from January 16 through the end of the fiscal year on September 30 or until the supply is exhausted, he said.

Under the program, the CCC-owned lower-grade corn is sold at 75 per cent of the current basic county loan rate where the grain is stored.

Texas had the largest amount of low-grade corn in storage--about 9 million bushels--and qualified for about 2.24 million bushels for sale to farmers and ranchers. A total of 1,498 applications were received, with 1,375 approved.

# On The Farm In Parmer County

By GARY PATTERSON

Electronic marketing methods for the Texas vegetable industry, the labor and transportation situation, and new potato market potentials will be featured at the annual conference of the High Plains Vegetable Growers and Shippers Council in Hereford Tuesday, January 31.

Conference participants will hear also the latest information on vegetable farm planning under risk, new hot and sweet pepper varieties, and onion and potato variety development and testing.

The educational conference begins

at 8:30 a.m. at the Hereford Community Center, 100 Avenue C at Park Avenue and adjourns at 4:30 p.m. The \$5 registration includes the barbecue lunch. Many interesting exhibits will be staged by agribusiness people who will also provide valuable door prizes.

Co-sponsors with the Council are the Texas Agricultural Extension Service, the Deaf Smith County Vegetable Crops Committee, Texas Tech University and the Texas Agricultural Experiment Station.

"This program deals with every major concern of our Texas vegetable

growers from the evaluation of market, labor and transportation risks and the potential of new markets to variety selection and new information on culture, management and irrigation," said Dr. Roland E. Roberts, Extension vegetable specialist. Growers will be updated on new developments in the vegetable industry and get to talk with the people who are working to help them to profit from vegetables, Roberts said.

Texas A&M University scientists will report research results on proper variety testing, new techniques to develop super potato varieties for Texas, new ways to grow onions with less cost, and irrigation research with potatoes and onions that saves time, money and water.

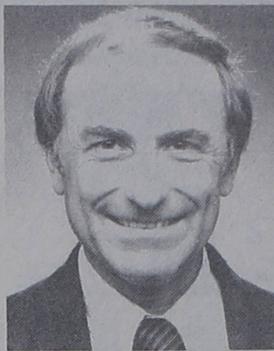

Texas Tech University scientists will report research results on potato responses to drought stress and soil fertility, hot pepper adaptability, vegetable farm planning under risk, and vegetable research for the rolling plains.

Electronic marketing in the vegetable industry and new market opportunities for Texas potatoes will be detailed by Dr. Forrest Stegeln, Extension economist, marketing-agribusiness from College Station.

The vegetable marketing outlook for 1984 will be analyzed by Gordon Powell, Extension fruit and vegetable marketing specialist, College Station.

Soil-borne diseases that cut vegetable yields and quality will be explained by Dr. Robert Berry, Extension plant pathologist. Extension soil chemist, Dr. Dale Pennington, will describe a new, powerful system for predicting nutrient requirements for vegetables which he calls DRIS. DRIS is short for Diagnosis Recommendation Indexed System.

"Everyone who needs to know what is going on in the vegetable business ought to be at this conference," said Kenneth Gray of Lorenzo, president of the growers and shippers council.

LEN SLESICK

## Len Slesick Is Named To Nat'l Meteorological Board

Len Slesick, meteorologist with KVII Television in Amarillo, has been appointed by the Council of the American Meteorological Society to a three-year term on their Board of Broadcast Meteorology. The board consists of six members, chaired this year by Dave Murray of ABC's "Good Morning America."

The principal aim of the board is to foster high standards of professionalism among broadcast meteorologists and to issue the

societies seal of approval to those qualified. Slesick received his seals for both radio and television in 1966.

Slesick began his meteorological career in 1954 in the U.S. Navy, worked in private weather companies as a consultant for business and industry for eight years and began his broadcast experience in 1965 with KGNC Radio and TV. He has been station meteorologist with KVII Television since 1970.
