

Star Lites

By Bill Ellis

READERS OF THIS COLUMN have from time to time known me to expound on our state's right to divide into five separate states, with emphasis on what separating would mean for our "state" of West Texas.

Bob Campbell, writing in the Lubbock Evening Journal last week, took up the subject. He must have been familiar with Ye Editor's feelings on the matter, since he sent us a copy of the article, with license to quote.

Campbell quoted state senator John T. Montford as saying "I think there are a lot of times when there is some aftershock, some bitterness, like in the Hance election. If the perception were such that we were always the stepchild, then I think that a lot of people would talk about it."

The article also quoted former Governor Preston Smith, saying that Congress would be much more likely to approve West Texas alone becoming a separate state, leaving the other four regions of Texas intact as one state.

"I think most everyone gave up on it (separating) because nobody felt Congress would ever authorize Texas to have 10 U.S. senators," Smith said. "We would have a lot better chance if it was just West Texas in itself, but here again, you would have to get it through Congress. It might be worth the effort."

"We would have to face reality in this, and that is West Texas is rich in material assets and in royalties and things of that nature, whereas East Texas is poor," Smith said. "I don't think we would ever get the East Texas representatives to support it."

Smith said that since he left the governor's office in 1972, West Texas has been at more and more of a regional political and economic disadvantage in relation to the other sections of the state.

"The rest of the state has used us to finance all of their programs," he said. "West Texas was used to provide institutions to serve other needs of the state, but when I had an opportunity to serve as governor, we reversed that trend."

Smith pointed out that the Texas Tech medical school, Lubbock General Hospital, the Tech law school and various achievements for El Paso, Odessa, Midland, Amarillo and Wichita Falls were made possible through legislative compromises worked out during that period.

Most proposals to make West Texas a separate state have included the Panhandle, South Plains and Permian Basin, with possible expansion to include El Paso and Wichita Falls.

Dr. Ernest Wallace, professor of history emeritus at Texas Tech, wrote a 1979 book on the history of separatist movements in West Texas.

The first serious movement came in 1868-69. A group held a constitutional convention in 1868 in Austin, wrote a well-received constitution and came close to congressional approval the next year before the plan was finally rejected.

The next most serious movement was in 1921, when 5,000 people, angered by Governor Pat Neff's veto of a bill to give West Texas an agricultural and mechanical college, met that September in Sweetwater and passed a resolution of separation.

Neff relented, and Texas Tech was created, thus quieting the separatist sentiment at that time.

Although West Texas still doesn't get justice in elections because we're a minority, Dr. Wallace said he doesn't expect a strong separatist move, stating "I don't think even West Texans would vote for separation."

Who knows? Everything that goes around, comes around. One of these days, the idea of separation will see its time come.

PAID IN FULL.... The annual Fourth of July fireworks display was paid for this year by a local volleyball tournament. The Friona Star volleyball team, helped out by the local 4-H Chapter, organized the tournament. Shown with the fireworks check are (left to right) Vickie Copley, Lisa McLellan and 4-H members, Jennifer Cass, Tonya Potts, Devera Rhodes, Greg Salyer, Shannon Cochran, Shelly Salyer and Gerad Salyer.

July 4th Events Ready To Roll

Residents of Friona and the surrounding area will help celebrate the nation's 208th birthday with the city's annual July 4th celebration. Most of the events are held at the Friona Community Center.

Kicking off the events will be the annual free watermelon feed at Friona State Bank on their lawn, between 10 a.m. and 3 p.m. on Tuesday, July 3. Residents are invited to come by anytime during the day Tuesday for a free slice of watermelon.

The July 4th tennis tournament will contain nine divisions, according to Lynn Weiland, director.

Divisions will include boys' singles and doubles, girls' singles and doubles, women's singles and doubles, men's singles and doubles, and an open mixed division.

For the purpose of division, 18 and under will be considered boys and girls, with 19 and over being considered men and women.

Monday, July 2 is the deadline for entering the tournament. Those wishing to enter should call Weiland at 247-3793, or call the Chamber of Commerce office, 247-3491.

No entry fee will be charged.

Play will begin at 2:30 p.m. Tuesday for all divisions except the men's singles, doubles and mixed.

A "splash" event at the swimming pool will feature swimming contests, beginning at 10 a.m.

The Friona Noon Lions will hold their annual beef and sausage dinner at the Community Center, with serving slated to begin at 11:30 a.m.

Tickets for the dinner are on sale from club members. Those buying tickets in advance for the dinner will be eligible to win a 12-inch black and white television set. Winner will not need to be present at the dinner.

Also on the schedule are a gymnastics exhibition at the Community Center, beginning at 1:30 p.m.

Contests will get underway at the Center beginning at 2 p.m. with the sack race, horseshoe pitching contest and ping-pong tournament.

A mixed volleyball tournament will be held behind the Community Center, beginning at about 2 p.m.

Churches, clubs and organizations are urged to enter. Those wishing to enter may call Jeannie Tucker at 247-3961 ahead of time, or enter at the Community Center on July 4.

A potato race will be held starting at 2:30 p.m., followed by the World's Championship Turtle Race at 3 p.m., the softball throw at 3:30 p.m., a bicycle race beginning at 4 p.m. and water polo competition at 4:30 p.m.

Concession stands will be operated by various clubs during the day at the Community Center.

The annual fireworks display was financed for 1984 by a volleyball tournament sponsored earlier this year by the Friona 4-H Club, assisted by the Friona Star volleyball team.

Also, for the 15th consecutive year, the Friona Volunteer Fire Department members will be in charge of the display.

Group Asks Charter For New Bank

An application was to be filed on Friday, June 29, for a charter to organize a national bank in Friona.

The charter application proposes the name of the new bank to be Parmer County National Bank. The proposed main office for the institution would be 11th and Pierce Streets in Friona.

Organizers of the proposed new bank include Charles Caudill, D.C. Herring, Andy Hurst, Phillip Johnson, Jon Mack Roden and Ralph W. Shelton, all of Friona; Harold L. Deavours, Lubbock and F. Leroy Johnson, Shallowater.

The proposed bank has indicated a capitalization of \$2,000,000.

Charles E. Greef and Mark S. Haynie of Jenkins & Gilchrist, Dallas, are acting as exclusive correspondents to represent and appear on behalf of the group before the Comptroller of the Currency.

Any person wishing to reply in writing to the Deputy Comptroller, Southwestern District, 1201 Elm St., Suite 3800, Dallas, Texas, 75270, within 30 days.

July 3 Deadline For SDW

Tuesday, July 3, is the deadline to register for this year's Summer Drama Workshop, to be held July 9-21. The workshop is sponsored by the Friona Fine Arts Council.

The shows will be directed by Phillip Duggins and Lou-Ida Marsh.

Registration forms can be picked up at 1615 West Tenth (Gaye Tannahill's) or 213 West Eighth (Joy Morton's) and should be returned by Tuesday, July 3. The fee is \$25.00 per individual and \$40.00 per family.

Rehearsal times will be 9 a.m.-12 noon for the younger group, 10-13 years old. The older group will meet twice daily, once in the afternoon and once in the evening.

Prize Winners Announced For Opening

Winners of the prizes during the Grand Opening celebration at White's Supermarket were announced this week by Edward and Doris White, owners.

Zell Auburg was the winner of the grand prize, which was a butcher block. Duane Baize won a pocket calculator; Raymond Euler won a clock radio; Ilene Osborn won a hand mixer and Cleo Gauna won an ice chest.

Winners of the free sacks of groceries were Frances Euler, Lillian McLellan, Leland Hutson, Juanita Wright, Janie Gonzales, Feliz Crutchfield, Geneva Gustin, Rhonda Wilkins, Edelia Valdez, Mrs. Billy Dean Baxter, Ruth Renner, Jo Ann Castillo, Danny Guerra and Holly Campbell.

Also, Linda Noey, Raymond Auburg, Ernesto Garza, Pattie Zachary, Mrs. O.C. Rhodes, Lona Brown, Nancy Edelman, Elisandro Bautista, Lucy Beth Hinkle, Jimmy Bynum, Jonelle Hand, Shana Lookingbill, Lucy Durham and MaElena Alfán.

"We appreciate the participation of everyone during our grand opening, and wish everyone could have won something, but of course that's impossible. We invite you to come back and shop with us real soon," White said.

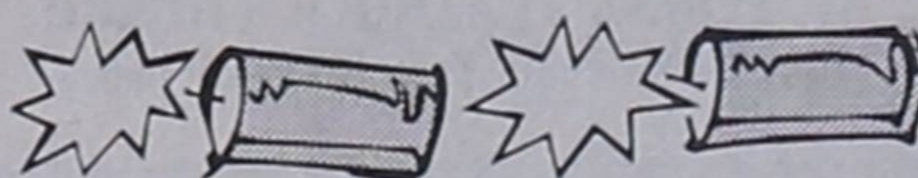

PRIZE WINNER....Zell Auburg was the winner of the butcher block, given by White's Supermarket during their Grand Opening Promotion. Shown making the presentation is Edward White, Jr.

Condemnation Hearing July 12

A hearing will be conducted on Thursday, July 12 at 9 a.m. at the Community Room of Friona State Bank, on the city's condemnation proceedings on a 40-foot strip of land west of the Millard Warehouse site.

The city and utility companies are needing easement rights in order to service the new industrial plant.

Members of the special commission appointed to preside at the hearing are Roger Wilcox, M.C. Osborn and D.C. Herring.

Record Acreage Damaged By Wind Erosion In 1984

Wind damaged a record breaking 5.7 million acres of land in Texas from November through May.

Billy C. Griffin, state conservationist for the U.S. Department of Agriculture's Soil Conservation Service, said wind damaged more than three times as much land this year than during the 1982-83 blow season when 1.8 million acres were damaged.

"The 5.7 million acres damaged breaks the record for the 30 years we have been keeping wind erosion records," Griffin said. "Previous highs were 2.77 million acres in 1970-71, 2.72 million in 1955-56, and 2 million in 1964-65 and 1973-74."

No records are available for land damaged during the Dust Bowl Days of the 1930's.

Some 4.5 million acres of cropland and one million acres of rangeland were damaged.

Counties reporting the most cropland damaged were Gaines, 595,000; Dawson, 415,000; and Terry, 300,000.

The major contributing factors to wind erosion were lack of moisture and high winds, Griffin said. Lack of protective cover from last year's crop residues was also a factor.

Griffin said, however, cropland protected with cover from conservation tillage farming systems or wind strips had little or no damage despite the drought and high winds.

SCS rates land as damaged if enough soil has been removed or deposited to subject the land to further erosion hazard or to impair its

productive capacity. A bi-monthly report is compiled from 147 counties in Texas from November through May.

Efficient use of irrigation water becomes more and more important to its users. With the cost of production of crops, one must be alert to the most efficient way to irrigate his crops.

Crops require certain amounts of irrigations and at different stages of the crop. The effective irrigation should be properly controlled in quantity and timing, depending on the crop being irrigated.

There are many methods that an irrigator can use to get better use of his irrigations:

One method is the use of a Soil Moisture Tester, Model KS-1 together with Gypsum Soil Blocks. This system lets the irrigator know at a glance, the soil moisture available to the plants. The system lets the irrigator effectively schedule according to the plants requirement.

The Parmer County Soil and Water Conservation District is providing the Delhorst Model KS-1 Soil Moisture Tester and Gypsum Soil Blocks to Parmer County irrigators.

Other methods of improving efficient use of irrigation water is improve the efficiency on irrigation pumps and motors, improve sprinkler systems, and use of surge systems on selected areas.

If you are interested in any of these methods, contact the Soil Conservation Service at 1306 West Ninth Street in Friona or call 806-247-2220.

TILA RUE DAY HESTER

Ex-Resident's Rites Held In Oklahoma

Funeral services for Tila Rue Hester were held at 2:30 p.m. Monday, June 25 at the Claremore Funeral Home Chapel in Claremore, Oklahoma.

Mrs. Hester, 52, died Friday, June 22 in Dallas. She was a resident of Claremore, Oklahoma.

She was born to Emmett and I. V. Day August 23, 1931 in Friona. Mrs. Hester was graduated from Friona High School in 1950. Upon graduation from high school, Tila pursued her dream to become a nurse and enrolled at the Northwest Texas School of Nursing in Amarillo, Texas.

After receiving her degree in nursing, Tila married David C. Hester October 16, 1953 in the First Baptist Church of Friona. She continued her education at Harris Methodist School of Anesthesiology in Fort Worth.

Survivors include her husband, David C. Hester, of the home; one daughter, Terry Lynn Hernandez of El Paso, Texas; one son, David A. Hester of Claremore; one brother, Emmett R. Day of Dallas and two granddaughters, Amanda and Amber Hester of Claremore. One son, Brian Clay, preceded her in death, being killed in an automobile accident in 1978.

Memorial donations may be sent to Dr. A. Khan, M.D., 9000 Harry Hines Blvd. Wadley Cancer and Research Center, Dallas, Texas, 75235 in the name of Tila Rue Hester.

FRIONA FLASHBACKS

....from the files of The Friona Star

55 YEARS AGO--JUNE 28, 1929

A contract was let and ground broken this week for another business building for Friona this week. J.W. Parr will build a 75x90 foot building at the corner of Fifth and Euclid, just west of the Friona State Bank building, to house Friona Motor Company, which will handle the Ford agency for Parmer County.

50 YEARS AGO--JUNE 22, 1934

An American Legion Post has been organized at Friona. A charter list of 26 names was formally recognized last Thursday when District Commander Bob Lindsay of Borger presented the charter and approved Friona Post as affiliated with the state and national legion.

45 YEARS AGO--JUNE 30, 1939

Another cafe was opened to the public patronage on Thursday of last week by O.G. Turner in one of the rooms in his business building on Main Street just south of the F.L. Spring grocery store.

40 YEARS AGO--JUNE 30, 1944

By the death of Mrs. John Gishler, which occurred June 24, Friona loses another of its pioneer citizens, she having located here with her brother-in-law and sister, Mr. and Mrs. D.H. Meade, in February of 1910.

35 YEARS AGO--JUNE 17, 1949

Bruce Parr, living east of Friona, in the Black Community, brought in the first load of 1949 wheat to the Friona Wheat Growers Elevator Wednesday. About five minutes after Parr brought in the first load, J.G. McFarland arrived with the second load of new wheat.

30 YEARS AGO--JUNE 24, 1954

The building fund drive for Parmer County Community Hospital stood at \$17,253 as of Monday, with another \$10,000 pledged, making the drive for \$50,000 at a little past the halfway mark.

25 YEARS AGO--JUNE 24, 1959

Water research, recharge and

future plans of the High Plains Underground Water District were outlined by Bill Broadhurst of the Water District at the Friday night meeting of the Rhea Farm Bureau. Broadhurst told members that "we have plenty of water now, but the future generations are looking to us to save some for them."

15 YEARS AGO--JUNE 19, 1969

SP/4 Numan Loafman, son of Mr. and Mrs. L.W. Loafman, was recently promoted to the rank of sergeant. He is in the United States Army and is currently serving in the motor pool of the 38th infantry division in Korea.

10 YEARS AGO--JUNE 23, 1974

Mark Blankenship, son of Mr. and

Friona U.W. Sets Goal

Friona's United Way board of directors met June 26 at Friona State Bank, and adopted its budget for 1984.

The 1984 budget will be only \$250 above that for 1983. The Salvation Army requested an increase of \$200 from its 1983 budget of \$1,000; and the Autistic children will go from a \$50 donation to \$100 in 1984.

Otherwise, the budgets for the remaining agencies are unchanged from 1983. They are as follows: Boy Scouts and Cub Scouts, \$3500.00; Girl Scouts and Brownie Scouts, \$3500.00; Red Cross, \$1200.00; United Cerebral Palsy, \$800.00 and Emergency Fund, \$600.00.

Also, the Friona 4-H, \$200.00; U.S.O., \$100.00; Texas Mental Health, \$260.00; United Way of Texas, \$50.00; and Kids, Inc. (Little League), \$1200.00.

The 1984 budget will be \$12,710.00, compared to \$12,460.00 in 1983.

A committee was appointed to obtain the 1984 campaign co-chairmen.

Mrs. J.C. Blankenship, was honored last week by being chosen State Mascot of the Texas Firemen and Fire Marshall's Association. Mark was sponsored by the Panhandle Association and attended the state convention in Laredo June 10-13 with a group from Friona.

Friona was a rest stop on Tuesday for a 17-year-old youth who's going after a new world's record. Doug Freedline, a native of Pennsylvania, is headed on a cross-country solo bicycling trip and plans to travel over 10,000 miles by the time he returns to his home.

5 YEARS AGO--JUNE 24, 1979

Funeral services for Bob Turner, 36, of Bovina were held Monday in First Baptist Church. Turner was killed in a motorcycle accident Friday evening near the Rosita Recreation Area of the Canadian River north of Amarillo.

Property Associates, Realtors, has purchased the former Carrol Gatlin Land Company, and the 22-year-old local business has been reorganized somewhat.

New officers installed by the Friona Noon Lions on Thursday were: Royce Keck, director; Patrick Pace, treasurer; Joe Wilhelm, secretary; JeDon Gallman, first vice president; Jay Beene, president;

WILSON HARRIS EVANS

Rites Slated Saturday For W.H. Evans

Funeral services for Wilson Harris Evans, 74, will be held Saturday, June 30, at 2:30 p.m. in the Tenth Street Church of Christ with Leland Hutson, pastor, and J. Henderson of Plainview, officiating.

Burial will be in the Friona Cemetery under the direction of Ellis-Blackwell Funeral Home.

Born October 21, 1909 in Margaret Foard County, Texas, Evans had been a resident of Friona since 1917, moving here from Bellview, New Mexico. He married Myrtice Wylie in 1939 at Clovis, New Mexico. He was a retired farmer, a member of the Tenth Street Church of Christ where he served as an elder. Evans died Tuesday, June 26.

Survivors include his wife, Myrtice of the home; three sons, Wilson Harris Evans, Jr. of Garland, James Larry Evans of Indianapolis, Indiana, and Brian A. Evans of Friona; one daughter, Crista Archer of Borger; his stepfather, W.F. Perry of Amarillo; two sisters, Laura Callahan of Harvor City, California and Clara Michaelson of San Antonio; one brother, Winifred Perry of Claude; and nine grandchildren.

Pallbearers will be Ira Purdy, Jay Norsworthy, Gerall Wylie, Cris Wylie, Paul Wylie and Justin McNeely.

Camp Offers Horizons For Kids With Cancer

Next month, sixty young campers will pack up their gear, kiss their parents goodbye and board a bus for camp.

The camp at the end of their bus ride is just like any other summer camp. But the campers are different. They have cancer.

July 1-3, those sixty children inaugurate Camp Discovery, a special camp for children with cancer held on the grounds of YMCA Camp Flaming Arrow in Hunt, Texas.

The camp is a pilot project sponsored by the Texas Division of the American Cancer Society. It is one of a growing number of ACS-sponsored patient support, education and rehabilitation programs which recognize that improved cancer survival rates require new programs aimed at improving the quality of life after cancer.

"Fortunately, childhood cancer is not a very common thing," said Howard A. Britton, M.D., medical director of The Children's Hospital in San Antonio and a member of the Society's local Professional Pediatric Committee. "But when it does strike, it puts a tremendous strain on families and health professionals." The San Antonio committee has been planning and coordinating the camp since February.

"Fifteen or twenty years ago we never used the word 'cure' when talking about childhood cancers," Britton said. "Now, we're talking not only about true cures in many of these cases, we're also talking about the quality of the child's survival."

Despite its rarity, cancer is still the chief cause of death by disease among children between the ages of three and 14.

Karen Richmond, R.N., B.S.N., chairman of the pediatric committee, sees the camp as a type of rehabilitation for children with cancer.

"This is the kind of need we've all wanted for these kids for a long time," Richmond said. Richmond, a research nurse at the University of Texas Health Science Center at San Antonio, hopes Camp Discovery will "fill a gap in our efforts to provide as

normal a life as possible for these kids."

The children, aged 7-14, will participate in the same kinds of activities found at traditional summer camps. Hiking, canoeing, horseback riding, swimming, arts and crafts and other recreational activities are planned.

Volunteer physicians, nurses, medical technologists and camp counselors will be on hand to handle medical needs and supervise the children.

Camp Discovery is funded entirely by the Texas Division of the American Cancer Society. There is no cost to the children or their parents.

The camp is the first in the state sponsored by the American Cancer Society. Other Texas camps for children with special medical problems are sponsored through specific institutions.

Auto Crash Kills One

A 20-year-old Bovina man, Juan Manuel Contreras, was killed, and an Amarillo man was critically injured in a head-on crash three miles east of Friona on U.S. Highway 60 just after midnight last Friday.

Richard Diegelman, DPS Patrolman, said Contreras was driving a 1977 Oldsmobile Cutlass, heading west. Ulibarri, 29, was driving a 1977 Chevrolet Chevelle, heading east.

A witness said that Contreras pulled into the left lane to attempt to pass a car, and hit Ulibarri's vehicle practically head-on.

Ulibarri was transported to Northwest Texas Hospital in Amarillo, where he was still in serious condition as of Thursday.

Both vehicles were a total wreck. Justice of the Peace Frances Euler pronounced Contreras dead at the scene.

Diegelman said that alcohol was a contributing factor to the accident, as open containers were found in each vehicle.

LEGAL NOTICE
AN APPLICATION TO ORGANIZE
A NATIONAL BANK
HAS BEEN FILED ON
JUNE 29, 1984
WITH
THE COMPTROLLER OF THE CURRENCY

WE, THE UNDERSIGNED, intending to organize and operate a National Bank according to the provisions of the National Bank Act, as amended, submit an application to the Comptroller of the Currency for permission to organize the national bank, and propose as follows:

1. That the main office of the national bank be located at the northwest corner of the intersection of 11th Street and Pierce Street in Friona, Parmer County, Texas.

2. That the national bank have the following title:
Parmer County National Bank

3. That the total capitalization to be received by the national bank for the shares issued by it be allocated as follows:

Capital	\$1,000,000
Surplus	\$1,000,000
Total Capitalization	\$2,000,000
Number of shares to be authorized	250,000
Number of shares to be issued	200,000
Par Value per share	\$ 5.00
Sale Price per share	\$ 10.00

4. That Charles E. Greef and Mark S. Haynie of Jenkens & Gilchrist, 2200 InterFirst One, Dallas, Texas 75202 will act as sole and exclusive correspondents to represent and appear for the undersigned before the Comptroller of the Currency, and to receive all correspondence and documents, in respect to this application.

5. Any person wishing to comment on this application may reply in writing to Deputy Comptroller, Southwestern District, 1201 Elm Street, Suite 3800, Dallas, Texas 75270, within 30 days of this notice. This application is on file in the Deputy Comptroller's office in Dallas and is available for public inspection during regular business hours.

IN WITNESS WHEREOF, the undersigned have hereunto set our hands on the date set forth above.

Each Organizer's Name and City of Residence

- Charles H. Caudill, Friona, Texas
- Harold L. Deavours, Lubbock, Texas
- D.C. Herring, Friona, Texas
- Andy Hurst, Friona, Texas
- F. Leroy Johnson, Shallowater, Texas

FPD Offers Gun Course For Women

The Friona Police Department will be offering a "Powder Puff Firearms" course July 20 and 21 at the Friona Police Station. This course is designed specifically for homemakers who have firearms in the home but are uncertain about how to use them safely.

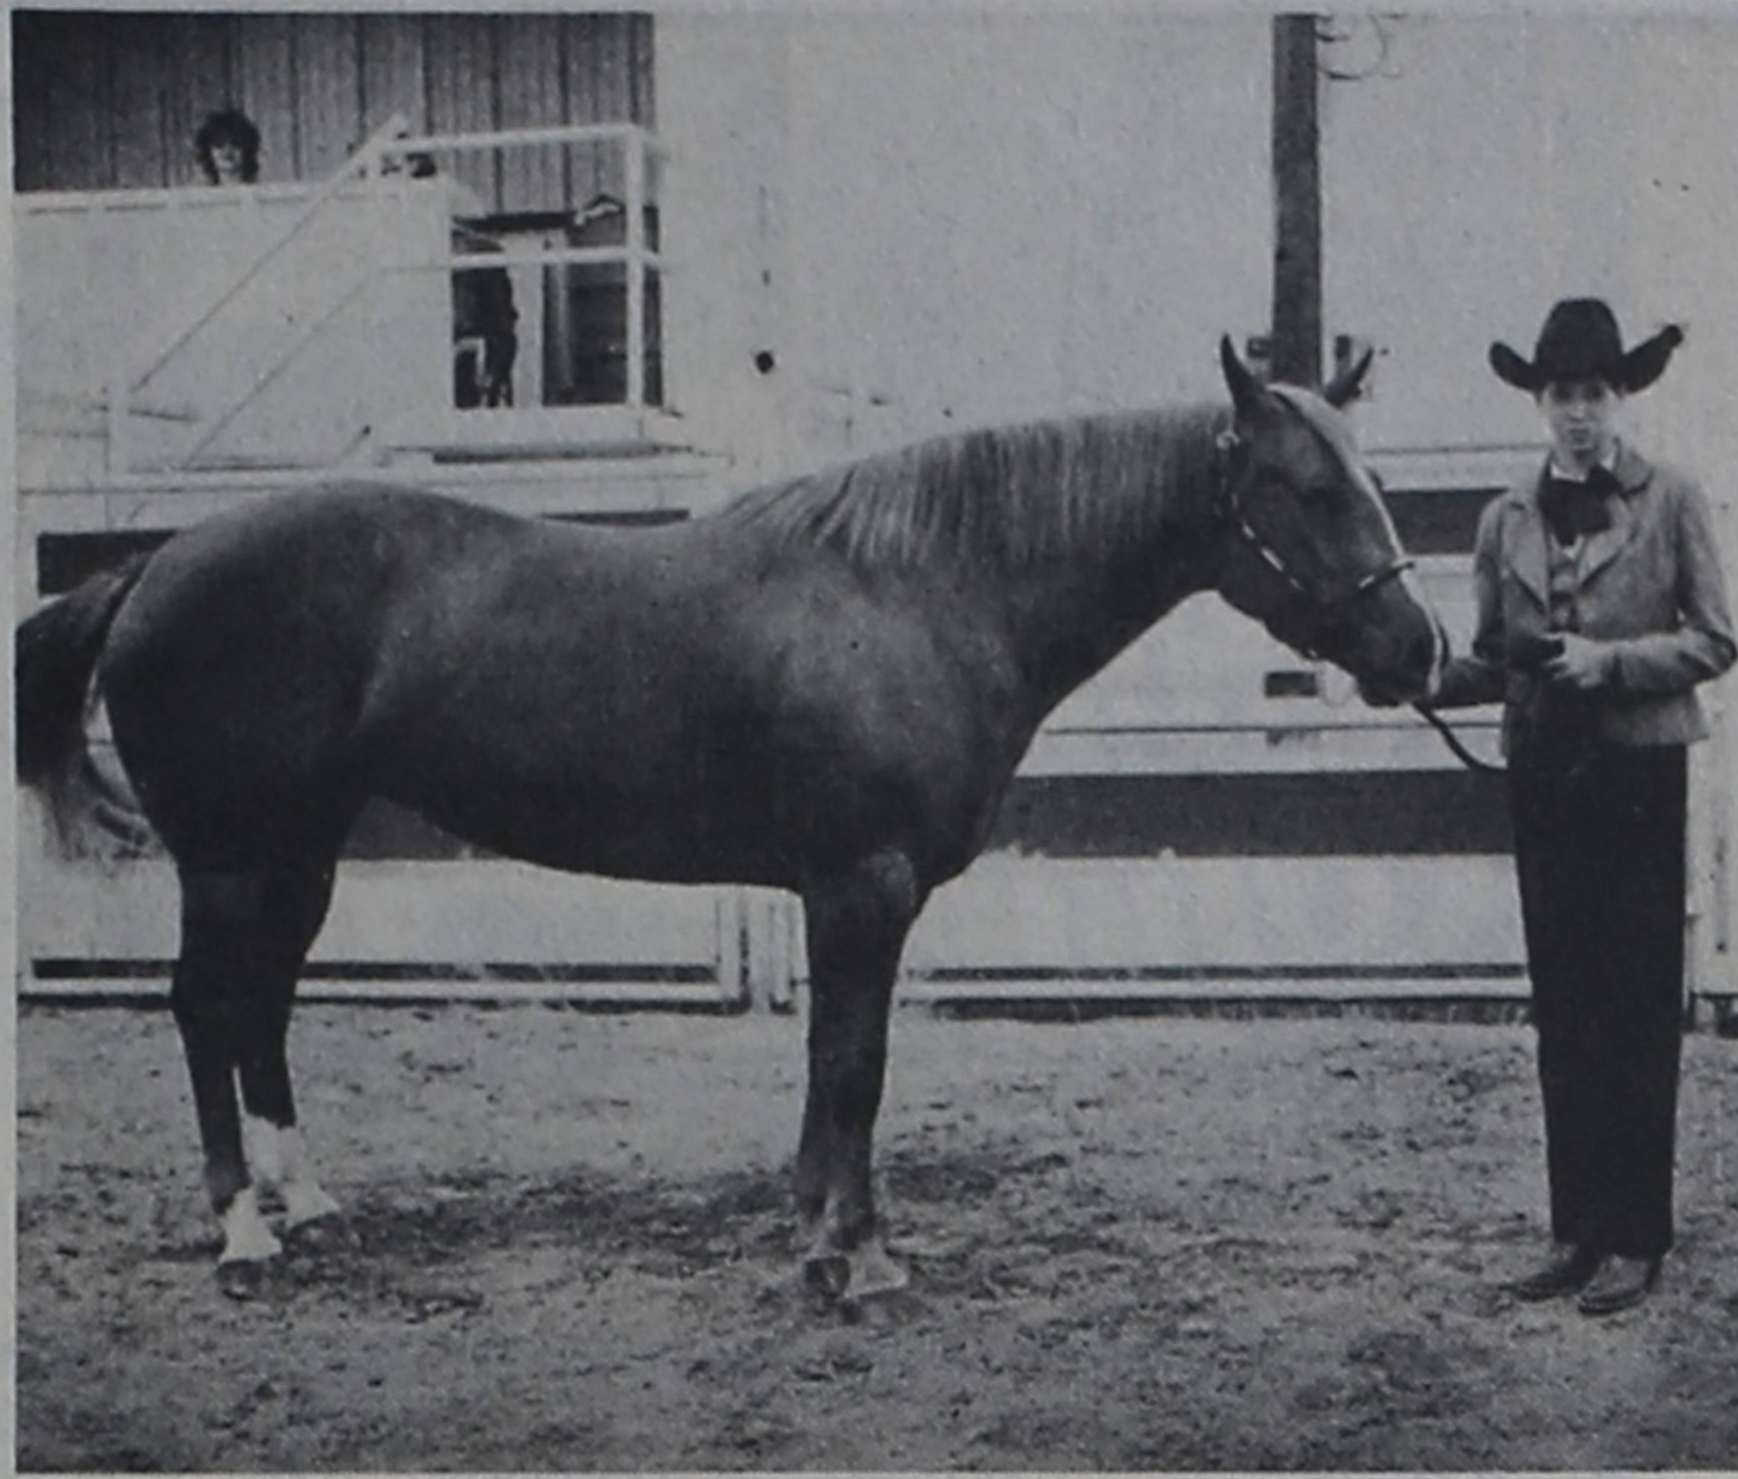

The topics to be discussed in the course include: firearms types and part names, safe handling and shooting practices, legal aspects of firearms use, shooting techniques and range firing.

Instructors for the course will be from the Friona Police Department and Police Reserve, and the County Attorney's Office. According to Police Chief Bill Thieman, the class size will be kept at twelve students to aid individual instruction and ensure course safety.

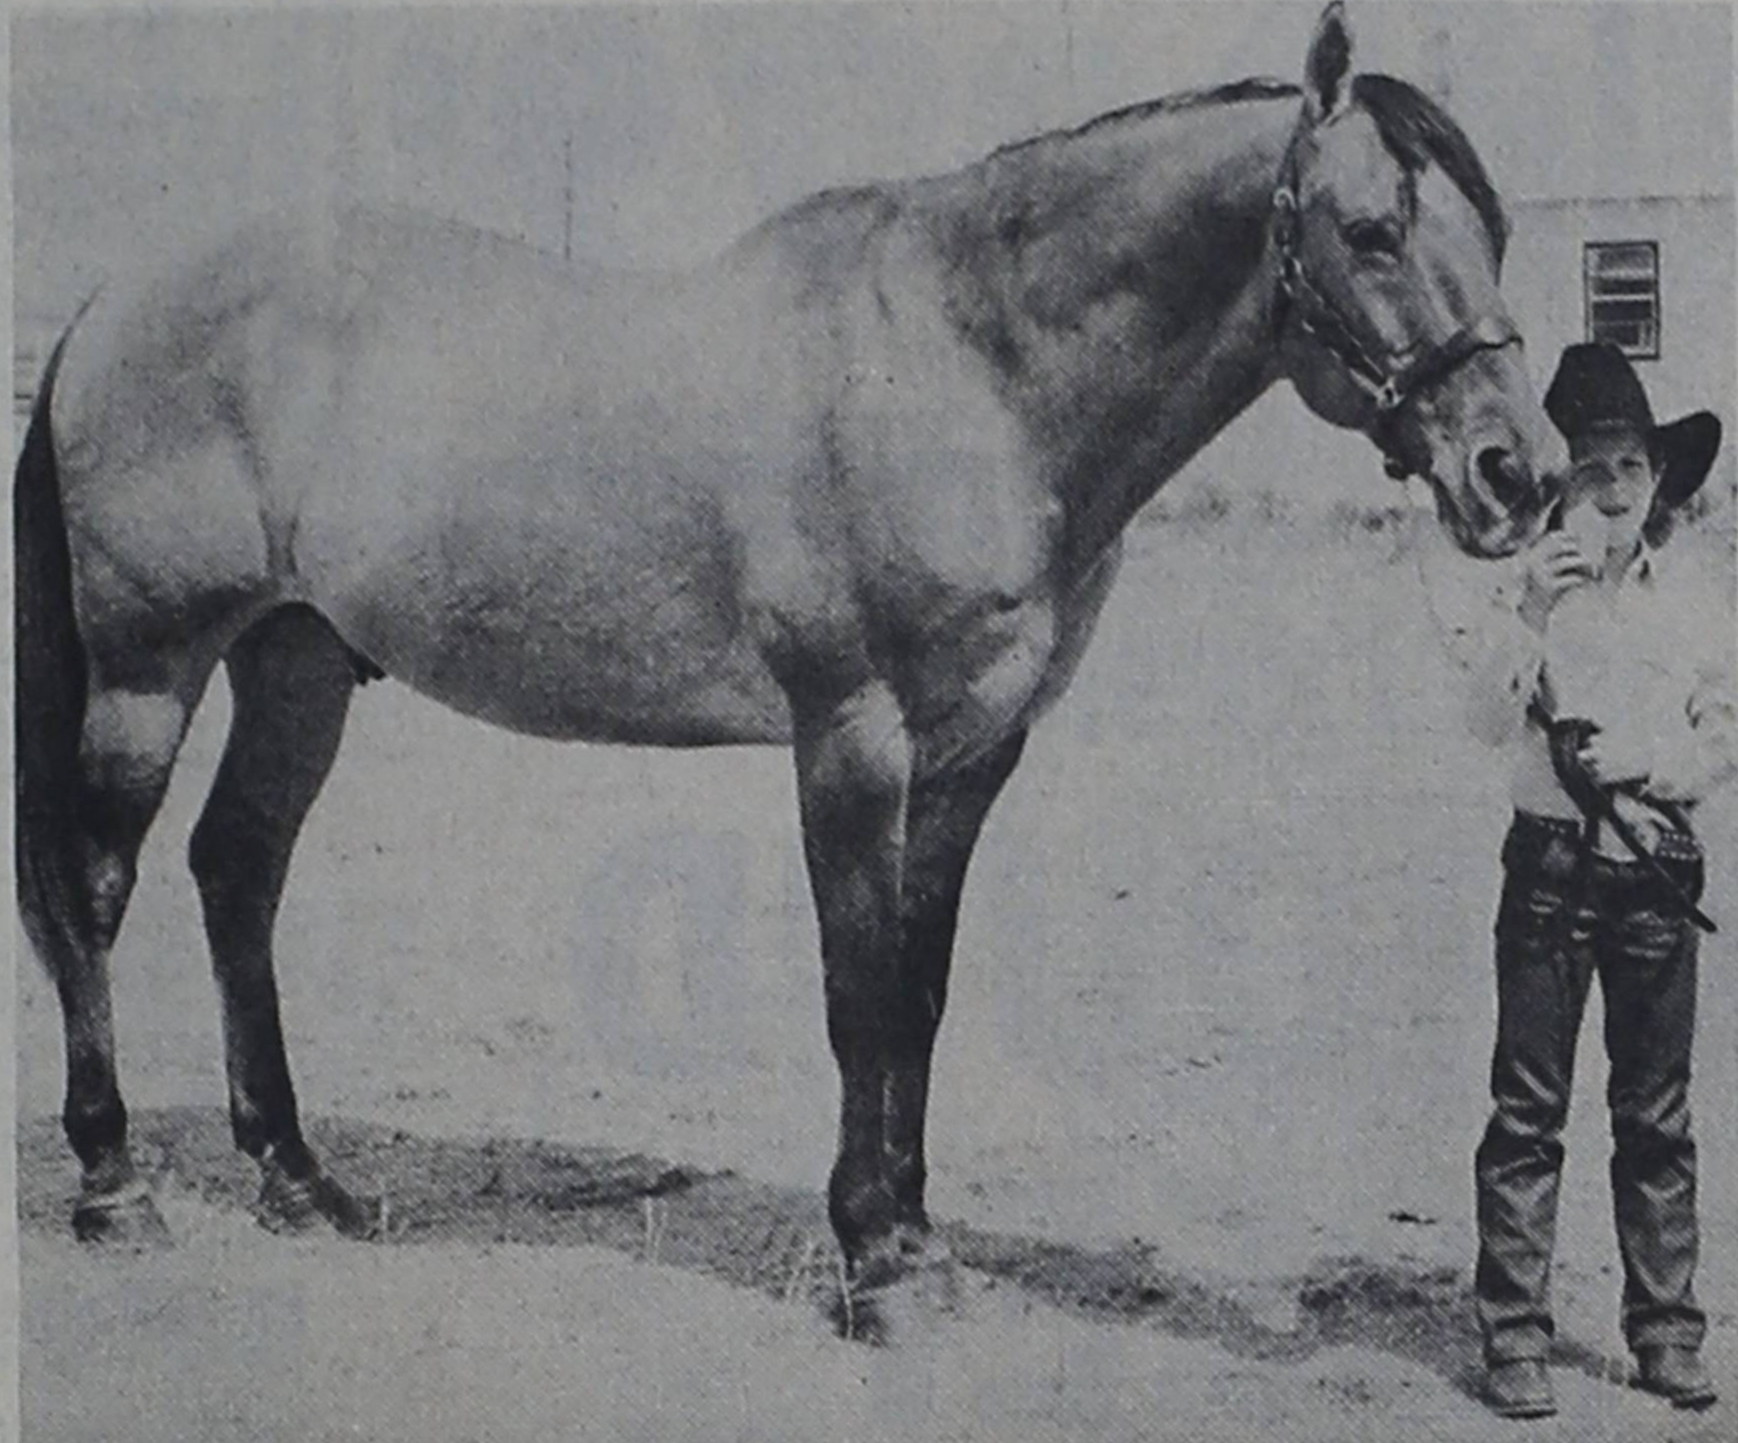

Courses similar to this have been offered in other cities and have met with a great deal of success, the chief of police says. Their primary goals, as in this course, are to teach safe handling and develop an individual's confidence with a firearm.

People interested in taking the course are asked to call the Friona Police Department and ask the dispatcher to enroll them. Those enrolled in the course are asked to bring the firearm they intend to shoot to the first class meeting, but leave all ammunition at home. The Police Department prefers that a handgun be the firearm of choice but a smallbore .22 rifle will be adequate for the course.

A subsequent date of August 3 and 4 has been tentatively set aside for a second class if there is sufficient demand. There is no cost for the class to the student except their ammunition and their time.

SHOWMANSHIP.... Tiffany Osborn was the winner of the showmanship award in the older division of the Parmer County 4-H Club Horse Show held June 16

PEE-WEE WINNER.... Lindsey Johnson was the winner of the Pee-Wee showmanship award in the halter class at the Parmer County 4-H Club Horse Show.

Court OKs Lease Bid On Lands

A bid of \$33,814.42 for the lease of Parmer County's public school land in Gaines County was approved at a meeting of the Parmer County Commissioners on June 25.

Successful bidder was Kimbark Oil & Gas Company. The money received will be deposited in the Permanent School Fund, to earn interest to be used by county schools.

Bonnie Warren, county clerk, presented the Blue Cross of Texas contract to the commissioners. A motion was passed unanimously to renew the contract.

Discussion was held as to how to reimburse Bailey County Judge Corky Green on mileage expenses. Judge Green is handling the county court cases while Judge Porter Roberts is ill.

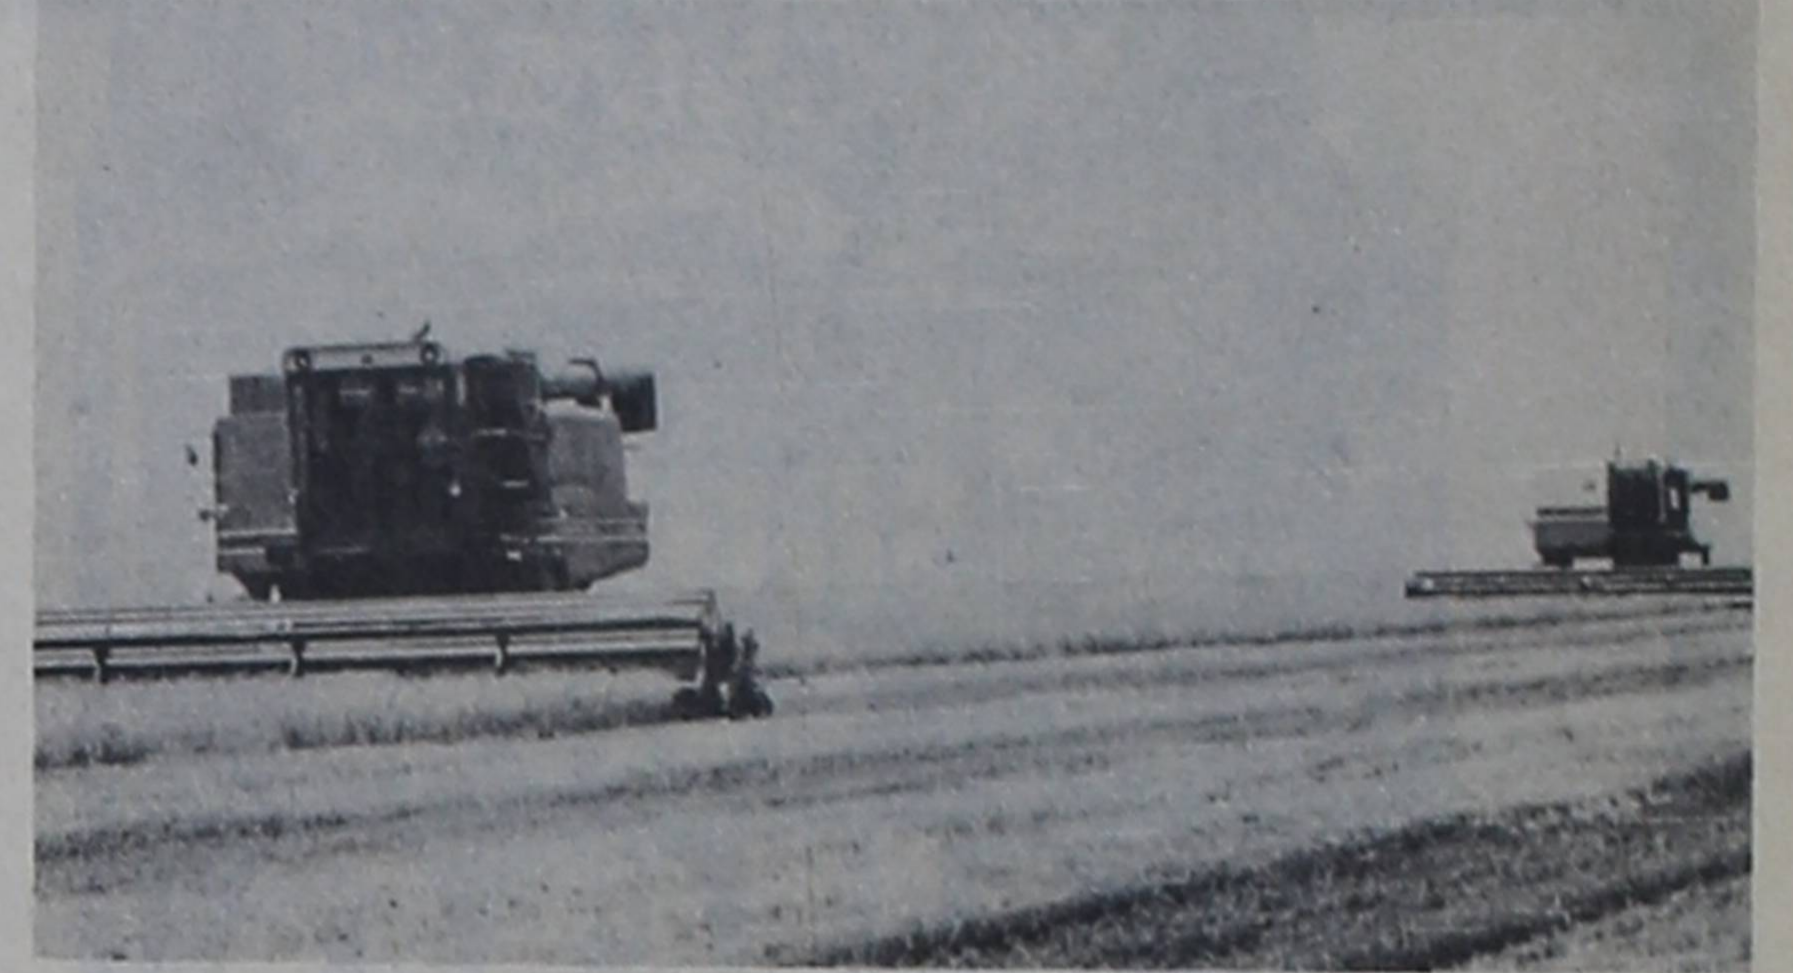

Sheriff Bill Morgan met with the court to discuss the problems of the roof on the Law Enforcement Center. A motion was passed to advertise for bids to re-roof the center. Bids are to be opened July 9, 1984 at 11 a.m.

Dutch Quickel, adult probation officer, asked about having some shelves built in his office. A motion was approved in this regard.

A motion was passed authorizing purchase of a certificate of deposit to mature August 15, 1984, with interest received from C.D.s in the Available School Fund. This money is divided among the schools in August, on the basis of each school's average daily attendance.

A needy person who is needing to enter John Sealy Hospital in Galveston asked for assistance in getting to the hospital. The court agreed to pay \$200 in travel expenses to help the person get to the hospital.

Commissioner Ernest Anthony presided at the meeting, due to the illness of Judge Porter Roberts.

HARVEST UNDERWAY.... Wheat harvest is underway in the area, after some delay by wet weather. The above machines were working on the Eric and George Rushing farm last Saturday. Helped along by hot dry weather, the harvest should be nearing its peak.

Hi-Pro Wins Games In Little League

Hi-Pro defeated Ethridge-Spring by a score of 14-8 in their first match-up of the season.

Both teams scored five runs each in the first inning to keep things even, but Ethridge-Spring could not get things untracked in the next two innings as they failed to score any runs.

Hi-Pro, on the other hand, scored nine more runs to take a 14-5 advantage. Ethridge-Spring played tough defense in the final inning with a "three up, three down" showing, but were only able to score three more runs, to fall short by six points.

In their next match, Ethridge-Spring met the BJ Bees for a one sided game. The Bees took an early lead and never relinquished it. The first inning score was 14-4, and that was as close as Ethridge-Spring could come to the Bees, as they only scored one more run in the remainder of the game.

The BJ Bees scored two runs in the second inning, three in the third and six in the fourth, for their total of 25 runs. The final score was 25-5.

Hi-Pro and Ethridge-Spring was the next game played and Hi-Pro came out on top of the 24-8 final.

The Hi-Pro team was in control of the game from the beginning. They scored 14 runs in the first inning and only allowed Ethridge-Spring one. The second inning was the best offensive effort for Ethridge-Spring as they scored four runs, but Hi-Pro scored 12.

Ethridge-Spring only picked up three more in the third and Hi-Pro scored six to finish up the game.

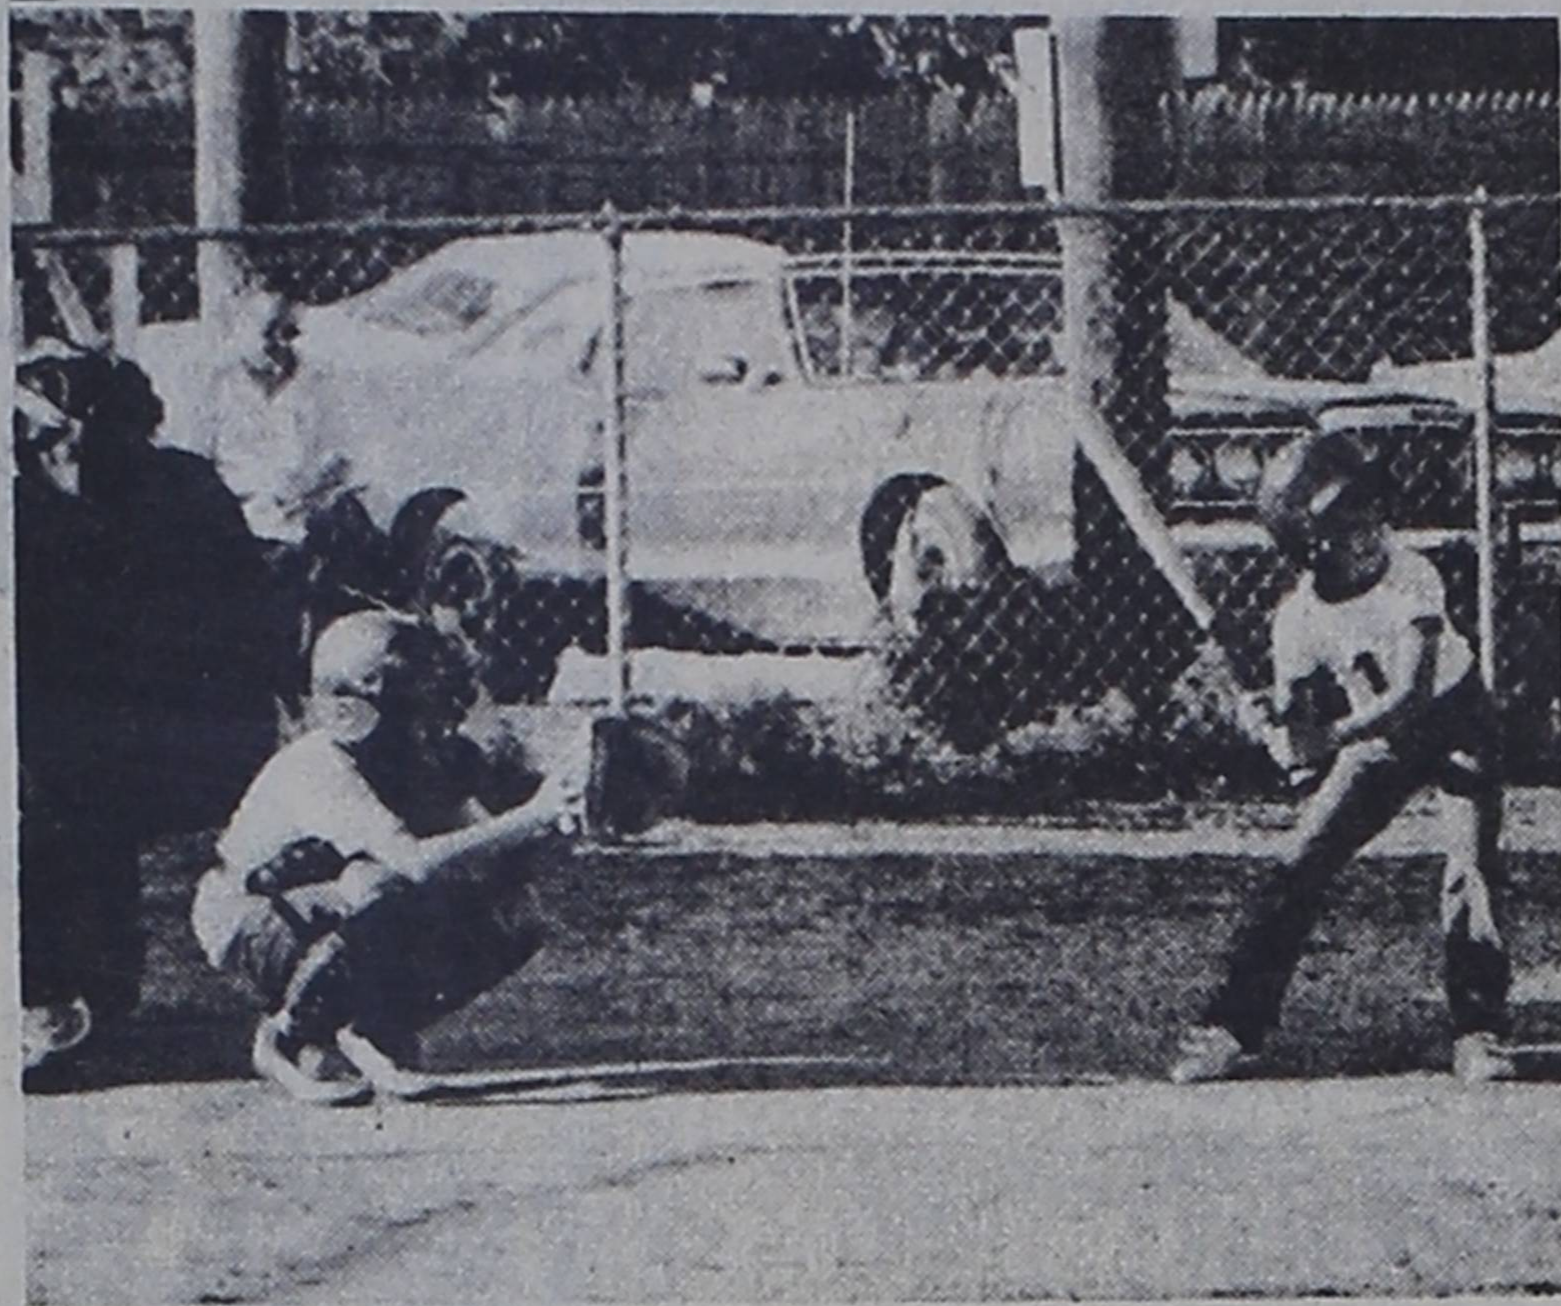

In their next game, Ethridge-Spring found themselves short of players as well as points. They were playing the BJ Bees and only seven players were available for the game.

Eight runs were scored by the Bees in the first inning and Ethridge-Spring only scored one. The Bees added nine more during the remainder of the game and only allowed Ethridge-Spring one more, to make the score 17-2 at the end of the game.

On May 11, Hi-Pro and BJ Bees met in what proved to be a real close match.

Hi-Pro took the lead early and scored five runs in the first three innings. The Bees did not score until the third inning when they scored three runs to make it a 5-3 game. The Bees scored four in the fourth and two in the fifth for a total of 8.

Hi-Pro picked up five to take the one point victory. The final score was 9-8.

READY FOR PITCH.... Michael Cole, shortstop for the Ethridge-Spring team in the Mustang League, waits for the pitch in a game Thursday. Catcher is Jim Ancira of Friona Ford-Mercury. Umpire is JeDon Gallman. Ethridge-Spring won the game, 13-10.

Hi-Pro and BJ Bees met again on May 15, for another close match. The Bees were on top 2-0 following the first inning, but Hi-Pro picked up two of their own in the second inning to tie it all up.

The Bees added another one in the third but allowed Hi-Pro to score seven and take the 9-5 victory.

The BJ Bees won the next match against Hi-Pro by a 14-7 margin. The Bees took off with the first inning lead and held on to it throughout the game. Hi-Pro never really got things going and were only to score seven points during the game, allowing BJ Bees to take the victory.

Two Mustang games were found recorded in the official Bronco book so therefore were left out of our first Mustang report. Both games featured Hi-Pro and Ethridge-Spring. Hi-Pro won the first match by a score of 24-8. Hi-Pro was out in front all the way, beginning with an 18-1 first inning lead.

They added six more in the third inning for their total of 24 runs. Ethridge-Spring scored four in the second and three in the third to come up short on the final 24-8 score.

Ethridge-Spring won the next match against Hi-Pro in a really close game. Both teams scored five runs in the first inning and both teams scored three in the second to keep things even. The third inning proved equal to the first two as both teams scored two runs, keeping the score tied after three periods of play.

Ethridge-Spring squeezed two more runs out of the final inning and held Hi-Pro scoreless to take the two point victory. The final score was 12-10.

STANDINGS

Team	W-L
BJ Bees	7-2
Ethridge-Spring	3-6
Hi-Pro	6-2
Friona Ford	1-7

Credit Union Is Unbeaten In Pinto League Play

Credit Union remained the only undefeated team in the Pinto division, according to the results available to us at this point.

Only five games had been recorded in the official book since our last report, beginning with Credit Union and D.L.'s Thriftway.

Both teams played tough defense at the beginning of the match with Credit Union scoring two and D.L.'s scoring one giving Credit Union the one run advantage.

Credit Union came to life in the second, they picked up six runs and kept their opponent from scoring. Five more runs were added to the Credit Union total in the third inning to make their total number of runs 13. They were unable to get a hit in the final inning.

D.L.'s picked up two in the third and one more in the final to only add up to four runs and Credit Union took the 13-4 victory.

Next on the agenda was a match between Tasty Cream and Credit Union. Credit Union scored six runs in the first inning and although they did not score a single run in the remainder of the game they came out on top. Tasty Cream scored three runs in the first inning. They came up empty in the second and scored one in the final to come up on the short end of the 6-4 score.

D.L.'s and Hub Grain locked horns in the next match. D.L.'s held a 2-0 lead following the first inning, but Hub Grain scored two in the second and refused D.L.'s a single run to tie up the ballgame.

The third inning proved to be the clincher for Hub Grain. The team scored seven runs and held D.L.'s to only four. The final score was Hub Grain 9, D.L.'s six.

D.L.'s and Tasty Cream met for the next match. D.L.'s took control early and held on to it throughout the game. They outscored their opponent 5-2 in the first inning. They scored an additional two runs in the second and four in the third for a total of 11 runs. Following the first inning, Tasty Cream had trouble getting hits and were unable to add to their first two runs. The final score was 11-2.

The final game recorded in the official book was between Parmer County Implement and Credit Union.

Credit Union took a 3-0 first inning lead. They added six more in the second and only allowed Parmer County Implement three.

Eight more runs were made by the Credit Union team in the third inning and Parmer County Implement was unable to score at all. The game ended 17-3 in favor of Credit Union.

BRONCO LEAGUE

Friona Star Wins, Hikes Unbeaten Streak

The Friona Star and Friona State Bank began the action on June 21 and Friona Star won the game by a 12-2 decision.

The Star team played with only eight players and were forced to take an automatic out each time their ninth batter would have been up to bat. But, the team proved capable of handling the handicap.

Once again the Star team took the first inning lead by a 4-1 difference. They kept control throughout the game and only allowed Friona State Bank one more run, which was scored in the fifth inning.

Friona Star scored eight more runs to make the final score 12-2. Andre Duran and Hector Perez were the winning pitchers and Louis Abeyta and Daniel Saiz pitched for Friona State Bank.

Shannon Cochran hit his second "over the fence" homer of the season.

Friona Feed Yard was the next victim of the Friona Star team. Both teams scored only one run in the first inning to keep everything tied up.

But the Friona Star batters made up for it in the second when they picked up seven additional runs. They scored three in the third and six in the fourth to make their total 19 at that point. Friona Feed Yard scored one more in the fourth but that was all they could come up with.

Six more runs were added to the Star's score, making the final score 26-2. Andre Duran was the winning pitcher and David Barnett pitched for Friona Feed Yard.

The next match found Friona Star and Friona State Bank. The game belonged to Friona Star after the first inning, as they scored seven runs, more than the Bank scored during the game.

The Star team added two runs in the second inning, five in the third

AWKWARD, BUT SAFE....Friona Feed Yard's Jr. Silva makes a successful dive back to first base after taking too much lead while preparing to steal second. Friona Star's first baseman, Shannon Cochran, makes sure Silva remains tagged up. Friona Star won the game 17-1.

and eight in the final inning. Friona State Bank scored only one run, which was scored by Steven Smith in the final inning following an overthrow. The final score was 22-1.

Andre Duran pitched for Friona Star and Daniel Saiz and Glen Shirley pitched for Friona State Bank.

Robert Sandoval hit his fourth homerun of the season.

Hector Perez hit a high fly to centerfield that appeared to be a home run, but Rafael Torres, backed up to the fence, reached high and

snagged the ball for the third out.

Friona State Bank and Feed Yard played a makeup game on Tuesday, June 26. The game was close but in the end the Bank was on top of the 21-17 score.

The score by innings was 10-8, Bank, first inning; 11-10, Feed Yard, second inning; 16-15, Feed Yard, third inning. But Feed Yard could not hold on to the lead and let Bank slip by them in the final period to win the game.

SPS Names Director Of Fuel Acquisition

Kenneth L. Ladd, Jr. has been named director of fuel acquisition and fuel administration for Southwestern Public Service Company (SPS).

Ladd's responsibilities include planning for the current and future fuel needs of SPS, negotiating fuel contracts, and working with fuel suppliers to guarantee that SPS has adequate and economical fuel supplies.

Southwestern Public Service uses coal and natural gas as primary fuels in the manufacture of electricity. About 55 per cent of Southwestern's total expenses is fuel-related, SPS Executive Vice President Bill Esler said in announcing Ladd's promotion.

Ladd began his 20-year career with Southwestern Public Service in June 1961 as a power plant operator. He worked as a chemist in power plants at Amarillo, Amherst and Hobbs, N.M., and as staff chemist for Southwestern's in-house generation plant design group. Later, he became SPS' manager of licensing and environmental affairs.

In the fall of 1981, Ladd left SPS to accept an appointment with the Environmental Protection Agency (EPA). He worked as the special assistant and general engineer to the EPA's Assistant Administrator of

Air, Noise, and Radiation, and served on a White House Task Force that examined issues relating to electrical power in America.

He returned to SPS in June 1983 as manager of fuel acquisition.

Ladd has supervised SPS' required work with state and federal environmental regulatory agencies to assure compliance with air, water, and solid waste regulations.

He is active in energy research, and heads special projects to study applicability of wind and solar energy to Southwestern's system. He was project manager for a seven-year, \$2,000,000 investigation of a commercial-size fabric filter (baghouse) environmental-protection system installed at Southwestern's Harrington Station Unit 2, near Amarillo.

He led development for SPS of marketing "fly ash," a by-product of coal combustion. The sales permit SPS to potentially market 100 per cent of its coal ash materials. Proceeds from the sales of these so-called "waste products" are credited to fuel costs, and lower the cost of fuel to SPS customers.

Ladd has authored a number of technical articles on waste water treatment, water re-use, uses for fly ash, fabric filter research, and other subjects related to his professional

KENNETH L. LADD

activities.

He earned a bachelor of science in chemistry and mathematics from West Texas State University in 1964. Texas Tech University awarded Ladd a master's degree in engineering in 1978.

He is a member and past-chairman of the Panhandle-Plains section of the American Chemical Society, and is a registered professional engineer in Texas.

Ladd, of 4414 Chandler, Amarillo, is married and has three children.

Southwestern Public Service Company primarily provides electric utility service to a population of more than one million in a 70,000-square-mile area of the Panhandle and South Plains of Texas, eastern and southeastern New Mexico, the Panhandle of Oklahoma, and southwestern Kansas.

IN LOUISIANA

Pryor Attends NVATA Conference

Benny Pryor, vocational agriculture teacher in the Friona school, attended the National Vocational Agricultural Teachers' Association (NVATA) Regional Leadership Conference at Natchitoches, Louisiana on June 17-19. He joined 109 vocational educators in agriculture to discuss issues/concerns confronting the profession. Vocational agriculture teachers from seven state NVATA affiliated state associations participated in the three day conference.

Six conferences are scheduled in 1984 to develop professional leadership, acquaint state association

leaders with responsibilities related to the national organization, discuss mutual problems facing agricultural education, give direction to the NVATA, and become more knowledgeable about programs of vocational education in agriculture. The conferences include workshops on Quality Education, State/Federal Legislation, Agriculture/Agribusiness Relations and Membership Development.

Pryor was one of the ten agricultural educators representing the Texas VATA at the conference. He is currently serving on the board of directors for the state association. In addition to representing the SVATA, he also served as a member

of the Ideas Unlimited Committee, a special committee appointed to select outstanding educators with innovative ideas and skills in agriculture.

The Louisiana Vocational Agriculture Teachers' Association served as local hosts and arranged for meeting facilities, special functions and educational tours. The meeting was conducted by Ralph Thomas, NVATA region vice president. He teaches vocational agriculture at Woodward, Oklahoma. Sam Stenzel, NVATA executive director, Alexandria, Louisiana, attended the conference and served as the professional consultant.

V. Dutton Is Graduate, A.F. Course

Airman Vilina J. Dutton, daughter of Vicki L. Dutton of Bovina and Joe M. Dutton of Friona, has graduated from the U.S. Air Force surgical service specialist course at Sheppard Air Force Base, Texas.

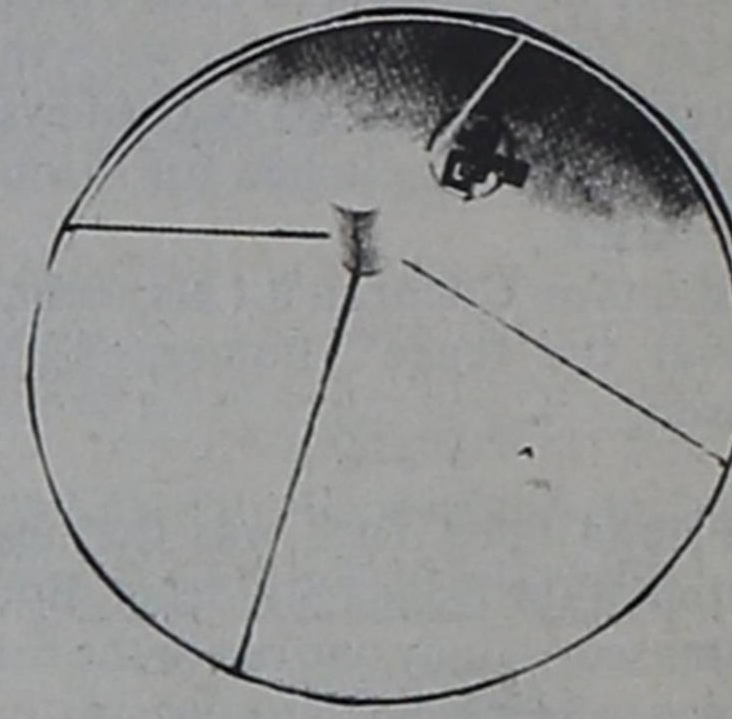

During the course, students were taught operating room procedures and pre- and postoperative care of patients. They also earned credits toward an associate degree through the Community College of the Air Force.

Ricky Barnett Attends Annual FB Seminar

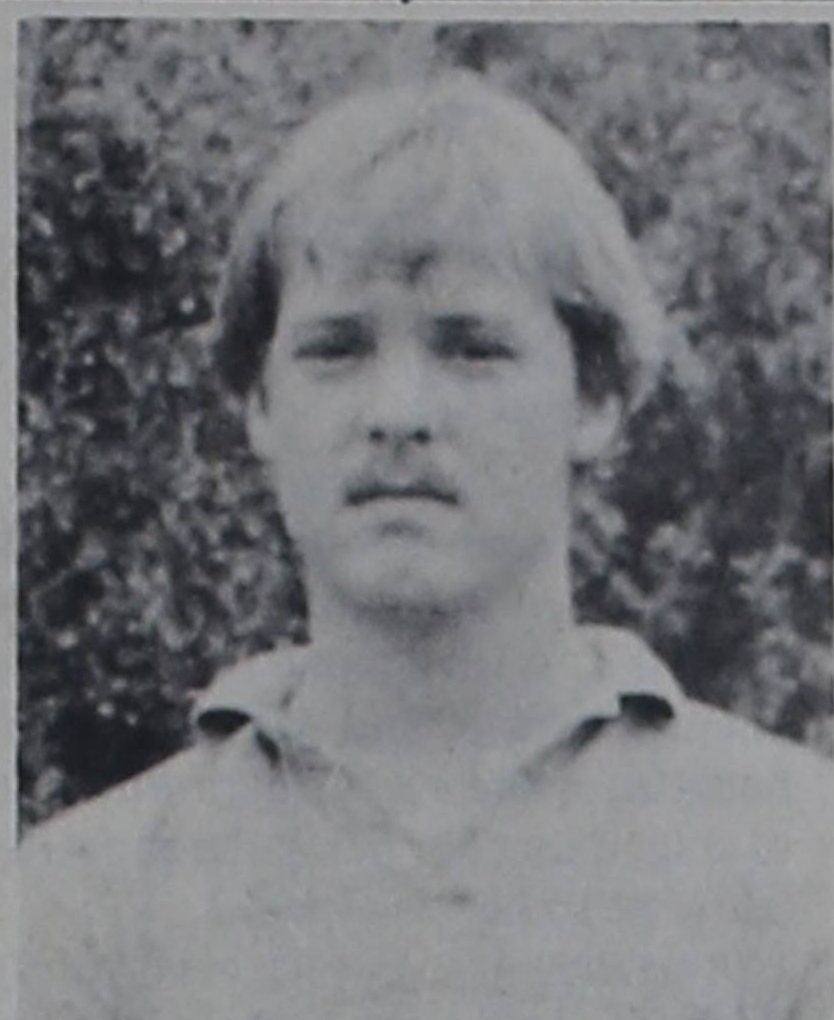

More than 400 high school juniors and seniors participated in the 22nd annual Texas Farm Bureau Citizenship Seminar, June 18-22, on the campus of Angelo State University in San Angelo.

Attending the seminar from Parmer County was Ricky Barnett of Friona.

Purpose of the seminar is to give students a better understanding of the various forms of government and their responsibilities as citizens, according to Jamie Gipe, coordinator of the TFB Young Farmer and Rancher Program and coordinator for the seminar. Students are sponsored through county Farm Bureaus.

TFB Public Affairs Director Vernie Glasson and Dr. L.D. Vincent, President of Angelo State, delivered welcoming addresses to the students. Glasson presided at the opening session and also responded to questions from students in the audience.

The students heard inspiring talks about patriotism and free enterprise from six individuals. The speakers and their topics were: Dr. Calvin Kent, Director, Baylor University's Center for Free Enterprise, "Free

RICKY BARNETT

Enterprise and You"; Glenn Kimber, senior vice president, The Freeman Institute, Salt Lake City, Utah, "The Miracle of America"; Dr. Sam Zakhem, vice president for economic affairs, Rocky Mountain Orthodontics, Denver, "Understanding the Middle East"; Dr. Joseph Ioffe, a Russian immigrant, "Understanding the Soviet Union"; Dr. Thomas Cunningham, a family life specialist, Stillwater, Oklahoma, "Citizenship and Self-Esteem" and "Citizenship and the Family"; Elvin Caraway III, director of Senator John Tower's West Texas office, Lubbock, "The Challenge for Young Leadership"; and Jack Jackson, chairman of the board for LDI, Incorporated, Oklahoma City, Oklahoma, "The Price of Free Enterprise."

ATTEND ELECTRICITY CAMP.... Five Parmer County residents were among 125 4-H'ers who spent five days, June 18-22, in the Sacramento Mountains south of Cloudcroft, New Mexico, learning about electricity. Southwestern Public Service Company (SPS) hosted the camp and SPS employees provided the instruction. SPS has sponsored the camps for 26 consecutive years. Left to right are Maureen Jesko of Lazbuddie, Ashlee Gee of Friona, Kevin Owen of Farwell, Charles Johnson of Bovina and Parmer County Extension Agent Laura Jacobs.

VIDEO TAPES.... Late titles, old classics. Something for all age groups. Over 200 titles to choose from. Bill Ellis, 1201 Maple St., Phone 247-3053.

Shawn Smith Earns WTSU Scholarship

Shawn L. Smith, a sophomore at West Texas State University, from Lazbuddie, has been awarded a \$200 School of Business scholarship.

Smith received one of seven scholarships presented by Phillips Petroleum Company during the annual School of Business awards convocation. He was among almost 100 students who received awards and scholarships totaling \$33,250.

Smith, son of Mr. and Mrs. Jerry Smith of Lazbuddie, is majoring in accounting. He is a member of the WTSU Student Foundation, WTSU Flying Club and Jarrett Hall Council. He has been named to the President's List and Dean's List honor rolls.

Leonard Smith Finishes Army Food Course

Pvt. Leonard R. Smith, son of Patricia M. Smith and stepson of Cliff C. Rodgers of Friona, has completed an Army food service specialist course at Fort Dix, New Jersey.

The course trained personnel to prepare and serve food in large and small quantities. Students received training in baking, field kitchen operations, and the operation of an Army dining facility.

Steven D. Smith, O.D.

THE FASCINATING HISTORY OF EYECARE-PART XII

As in the 1970's and early 1980's, Optometry continues to advance at an ever increasing rate. Doctors of Optometry are health care professionals who specialize in the examination, diagnosis, and treatment of conditions or impairments of the visual system. They are specifically educated, clinically trained, and state licensed to examine the eyes and their related structures to detect the presence of vision problems, eye diseases, or other abnormalities. Optometrists are the primary providers of vision care in America today.

To become an Optometrist requires a minimum of two years of preoptometric training in the health sciences and then an additional four years of specialized professional education and clinical training at an accredited school of optometry. However, the vast majority of today's Optometry students have a bachelor's degree in science prior to entering the four year professional training required. Only 20 per cent of the applicants are accepted for entrance into the professional optometric training program. All of the schools are crowded with applicants but only the best qualified are accepted. As Texans, we are proud of the College of Optometry located at the University of Houston. It is by far the finest of its kind in the entire world.

Each state and the District of Columbia require the optometry school graduate to pass a rigid state board examination to prove competence and skill. Most states, including Texas, require a certain number of hours of continuing education each year for license renewal. Today's optometrists are specifically educated in the sciences of anatomy, zoology, chemistry, physics, mathematics, neurology, bacteriology, microbiology, disease processes and detection, pharmacology, behavioral science, social science, public health and many other related subjects.

This is the last in a series of articles regarding the history of eyecare. We hope you have enjoyed them. This message is brought to you in the interest of better vision by Drs. Armistead and Smith, Optometrists, Littlefield, Texas.

Plans Made For Pageant

Plans for the 1984 Miss Friona Pageant during the annual Maize Days activities are well underway according to pageant directors, Roxanne Hurst and Becky Riethmayer.

The pageant is being planned by a steering committee of the Women's Division of the Chamber of Commerce. Those serving on the steering committee are Elizabeth McLellan, Gaye Tannahill, Jeanie Tucker, Teto Milner and Karene Cass.

The directors and steering committee are hoping to provide an enjoyable time for the contestants by allowing them to have time this summer to plan their talent and evening gowns. Several parties have been scheduled to give the young

ladies a chance to make new friends. "We want the pageant to be something special for the young ladies in our community. We hope they will acquire new poise and self-confidence and learn the meaning of sportsmanship," said the pageant directors.

A pool party was held at the Friona Pool on June 14. Refreshments were served to thirteen girls and forms for entry to the pageant were distributed. These forms can still be secured from Becky Riethmayer or from Kathy Beard at the Chamber office.

The directors urge that those girls having completed their forms turn them in to the Chamber office as soon as possible. The directors need to plan for the July 14 party.

25TH ANNIVERSARY.... Dan and Martha Koelzer celebrated their twenty-fifth wedding anniversary June 24 with a reception at their home hosted by their children, Kevin, Catherine, Clara, Bernard and Anna. Cake, punch, nuts and mints were served to about 40 guests. The couple was married at the Holy Family Church in Nazareth, where Martha was living at the time. Dan was working for a pump company and living in Friona. They moved to Friona, then to Hereford for a year and back to Friona. They left Friona and moved to Bovina sixteen years ago. Dan will have worked for Energas twenty-five years this September. Martha is employed at Gib's Cleaners in Friona.

-----Hospital Report-----

Frionans Are Members Of "Texas" Crew

The name of the show is "Texas," and it is staged each summer in Palo Duro Canyon State Park near Amarillo. With a name that assumes an entire state, and with a 600 foot backdrop, the performers who dare to sing, dance, or act in the show had better be something special.

And they are. Eighty performers, supported by sixty technicians and hospitality crew members were selected at auditions and personal interviews held in January and February throughout Texas and New Mexico.

In late May they arrived in Canyon to begin rehearsals and preparations for the opening of "Texas" June 13. And they trekked from all over. Not just from Canyon and Amarillo, not even just from Texas, but from nine states. They call 45 cities "home."

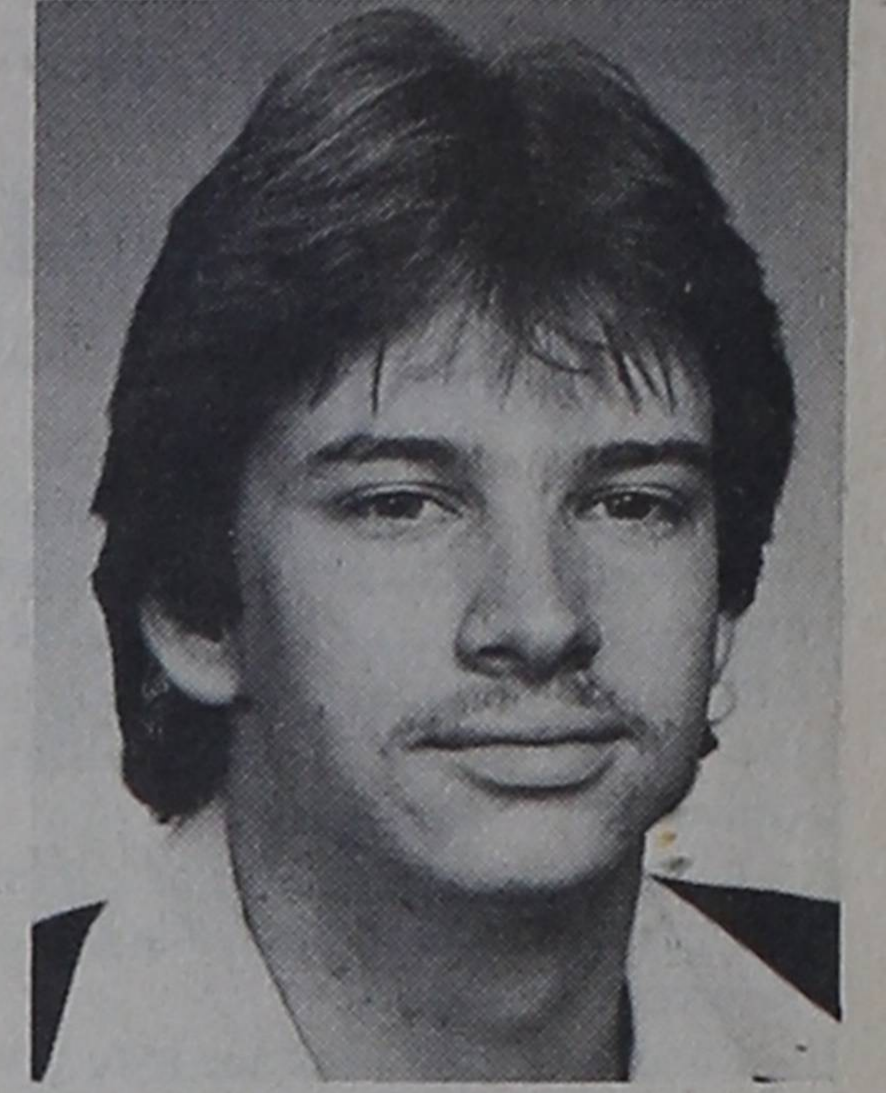

Somehow, the directors will mold these eighty distinct individuals into a whole that is greater than the sum of its parts. Solo voices will be blended into a chorus that raises goose bumps as it sings familiar western songs. Individual dancers will be formed into a body that creates pictures of drama and fun. Actors will lose themselves and be transformed into pioneers of the 1880's struggling with drought, storms, Indians and their own weakness.

"Texas" has played in its Pioneer Amphitheatre for eighteen seasons to almost 1,500,000 people. Its visitors are vacationers, conventioners, honeymooners, scouts and senior citizens. They camp, stay in ritzy hotels, "board" with friends or relatives, or settle right in on the parking lot with their motor homes.

"Texas" plays nightly, except Sunday from June 13 through August 25 in 1984. Ticket prices range from \$5-\$7 for adults with children's tickets half-price in the lower priced sections. For information or reservations, call or write "Texas," Box 268, Canyon, Texas 79015 or call 806-655-2181.

Three company members have ties in your area. They are Andy Alexander, Jo Ann Flores Chavez and Brendan Wyly.

Andy Alexander is a stage technician. He is a sophomore in his first year at West Texas State University where he is a theatre

ANDY ALEXANDER

JO ANN FLORES CHAVEZ

major. He has appeared in two main stage productions, "Ten Little Indians" and "The Good Doctor." In addition to working technical crew for these two shows, he worked on the crew for "Grease," "Cosi Fan Tutti" and "Coppelia." Andy has also appeared in several student productions at WT.

Andy is a 1983 graduate of Bovina High School. His parents are Dr. Bob and Chris Alexander of Friona and Bob and Sarah Owen of Bovina.

Jo Ann Flores Chavez, a member of the hospitality crew, is returning to "Texas" for her second season. She is majoring in sociology at West Texas State University.

Jo Ann graduated from Friona High School in 1982. Her parents are Mr. and Mrs. Joe Flores of Amarillo. Jo Ann and Noe Chavez were married June 16. Both are juniors at WTSU.

Brendan Wyly, sound and light technician, is the grandson of Alta Wyly of Friona and the nephew of Mr. and Mrs. Bob Wyly and Mr. and Mrs. Elton Wyly.

Town Talk

By June Floyd

Call 247-3681 With Your News Item

Lloyd and Mildred Mercer returned home early last week after spending some time in Missouri. They visited relatives in the area of Calhoun and attended the sixtieth reunion of Lloyd's high school graduating class at Leeton.

Of the twelve members of the class who graduated in 1924 only five are still living and all of them were able to attend the reunion.

The Mercers reported seeing beautiful crops and a lot of green grass growing between here and their destination in the Show Me State.

Visiting with Bennah Burton Pratt of Eliasville, Texas, is always a distinct pleasure and even though she and I didn't live here at the same time, I've learned to love and appreciate her very much since we first met about fifteen or so years ago.

The occasion of her most recent visit to Friona was the fiftieth reunion of her graduating class. This time she was accompanied by her husband and one daughter, son-in-law and granddaughter.

The reunion of Friona High School's class of 1934 was held at Fifth Seasons Inn in Amarillo the weekend of June 16-17 and was coordinated by Seva Welch Struve of Friona and Melzia Chronister Mac Ivers of Dallas.

These two were highly commended by others who attended. At the Saturday evening banquet Seva and Melzia, along with their husbands, and Dr. and Mrs. Paul Spring were seated at the head table. Dr. Spring was the president of the class.

Others who attended with their spouses were Dorothy Loflin Tate, Clovis; Madge Settles Crow and

Herschel Johnson, Friona; Irene Boggess Shirley, Hot Springs, Arkansas; Harold Lillard, Waco; and Wilma York Gilbreath, Amarillo.

Larry Frank and Shirley White Truitt are visiting their parents, Frank and Carmaleet and Ray and Wanda in Friona. They live in Houston, where Larry teaches government and Shirley is a counsellor and usually spend their summer vacation in Ouray, Colorado.

They will be going to Ouray and other spots of interest in the Colorado mountains in a few days, but will return to Friona for some more visiting before going home.

Lavelle Lillard, like most of the rest of us, doesn't really relish the idea of adding another year to her age, but her recent birthday was a very pleasant one.

On Friday, Scott, Susan, Shane and Jeremy flew up from Midland and surprised Lavelle by staying until Sunday. Then on Monday her only sister, Euradean Brown of Springtown, Texas arrived for a visit.

The following Thursday Scott and family returned and were joined by C.L. and Lavelle at Canyon before going to an evening performance of Texas. Then, to further add to her enjoyment, Shane spent a few days here.

Heidi Williams of Fort Worth, who has been visiting her maternal grandparents, Johnny W. and Elthie Hand, returned to her home Tuesday. She was accompanied to Amarillo for her flight home by her grandmother.

James Smith of Hereford, a brother-in-law of Laura Nell Coffey and Luann Hough, has been a patient at Deaf Smith General Hospital several days and was transferred to Bivins Rehabilitation Center Wednesday.

There was a four generation get together in Abilene recently. Mrs. Dan Laceywell and Mrs. Herbert Day of Friona were accompanied to Abilene by Dian Day of Canyon for a visit with Mrs. W.E. Frost.

Mrs. Frost, who will soon be 99, is Mrs. Laceywell's mother, Mrs. Day's grandmother and Dian's great-grandmother.

When Bud and Elizabeth have their Golden Wedding Anniversary reception at Friendship House Saturday, July 14, three other couples, who will be observing anniversaries the same day plan to be present.

The day will mark 96 years of married life for the Ferguson family, since two of their sons were married July 14, too. Kenneth and Geraldine Phipps Ferguson were married in 1957 and Fred and Shirley Hutson Ferguson were married in 1965.

Another couple, who plans to attend the reception, Dale and Evelyn Randolph, will also be marking a wedding anniversary.

Funeral services for Tila Rue Day Hester, a former Frionan, were held Monday at Claremore, Oklahoma, where she and her husband, David C. Hester, had been living several years.

Tila Rue, the daughter of the late Emmett and I.V. Day and sister of Emmett Jr., was a 1950 graduate of Friona High School and a registered nurse. She was an employee of the local hospital several years.

The following tribute was paid to her during her final rites: "Tila's life was dedicated to others—her patients, her home, her friends. She was a

Happy Birthday...

WEEK OF JUNE 30-JULY 6
Friona residents having birthdays next week are:

June 30--Sharon D. Christian.
July 1--Geneva Williams, Karen Wied.

July 2--Steven Mann, Nathan Sirmic, Leslie Drake, Cristie Blackburn, Rhonda Wilkins.

July 3--Shirley Treider.

July 5--Kay Sanders, Joy Osborn, Sami Rector, Curtis Barton, Mary Gonzales.

July 6--Krista Potts, Max Jones, Terry Copley.

If you or someone in your family has a birthday coming up soon, call the Friona Star at 247-2211 by Thursday noon and report it.

Meeting Set To Discuss Mixed League

There will be a meeting Monday, July 2, at 8 p.m. in Friona to organize a mixed softball league.

The meeting will be held in the home of Henry Clark, 1508 Columbia, Friona.

Anyone in the Bovina and Friona area that is interested in forming a mixed softball league is urged to attend this meeting.

STEEL WORK BEGINS....Erection of the steel at the Millard Warehouse Complex was well underway this week. Meanwhile, a fenced strip with posted signs emerged during the past week adjacent to the western edge of the complex.
