# DON'T TAKE RURAL TEXANS FOR A RIDE...

...AND DON'T TAKE US FOR GRANTED.

HERE'S WHAT NIXON IS DOING TO RURAL AMERICA

**WHEAT SCANDAL** - Giant wheat exporters made huge profits at the expense of individual wheat farmers, many in Texas, on Soviet trade.

**TAXES** - Wall Street Journal says federal laws favor the corporation or investor who farms on the side for a tax write-off.

**FARM ISSUES** - Under Nixon, parity dropped the lowest since 1933. Nixon held up payments of nearly \$400 million for feed grains in 1970, forcing farmers to borrow at highest interest rates in history.

**CONGLOMERATE SCANDALS** - Big Business first, the public second - that's the Republican philosophy. Anti-trust suit against ITT dropped at the same time ITT pledged \$400,000 to finance Republican Convention.

Harry S. Truman said, 'The Republicans admire our government so much they want to buy it.'

Let's face it. The Republicans just haven't changed much since the days of our grandfathers. They still favor Big Business over the average working man and woman. And while they're taking us for a ride, they keep telling us what a 'dangerous radical' Senator McGovern is.

That's what they said about Harry S. Truman.

HERE'S WHAT McGOVERN IS DOING FOR RURAL AMERICA

**HIS STANDING** - George McGovern has been elected time and again as a Democrat from a Republican farm state . . . because they know where he stands.

**TAXES** - His tax proposal would end the loopholes for tax-loss farming by giant corporations and the wealthy individuals who compete unfairly with family farmers. McGovern's proposal calls for the same tax on capital gains as on earnings.

**FARM ISSUES** - He sponsored and co-sponsored: Meat Import Limitation Law; Dairy Import Act; Wheat, Feed Grain, and Soybean Emergency Reserve Bill; Rural Development, Rural Job Development, and Rural Telephone Acts; Farm Credit Act; and other pieces of important legislation.

**HIS BELIEFS** - George McGovern knows that the answers to many of our most pressing problems in America today can be found by developing genuine opportunities for everyone in our small towns and rural areas throughout the country.

Let's not be taken for granted by the Nixon Republicans. Rural America has always fared best under a Democratic administration. If you want to stand up and do something good for rural America, the answer is to help put a Democrat in the White House. We need George McGovern . . . and George McGovern needs us.

RURAL TEXANS NEED A DEMOCRAT.

# OLD NOAH WOULDN'T MAKE IT TODAY!

(EDITOR'S NOTE — The following article was published recently in the Texas Concho Register).

Imagine that Noah had lived during a flood disaster in '72. Future historians might have found the following account of the Great Flood of '72.

The Lord said, "Noah, go to the Borough of Avalon and get a building permit. It will rain for 40 days and 40 nights, so work fast." Noah was told it would take ten days to approve the permit. He shouted, "This flood will destroy us. The Ark will save the people and animals. It must be built now."

Since it included everyone it became a City-County project. Mayor and the Commissioners argued for seven days. The Mayor said it wasn't in the budget. The Commissioners asked for Federal aid. President Nixon said, "I want one thing perfectly clear. You can build your Ark if you use union carpenters. And we must arm the Ark in case of attack by a foreign power." Seven more days wait in the Pentagon.

The carpenters arrived and immediately called a strike. They learned that Noah was taking non-union animals on the Ark. Noah asked the Lord for a union label and stamped

the animals. Behold, it began to rain harder. "Noah," said the Lord, "your time grows short." "Lord," said Noah, "the U. N. wouldn't give me permission to take two people of each nation." The U. N. finally gave the O.K., provided Red China sat in front.

The great "Launch the Ark" day finally arrived. Noah began to pray. A messenger dashed up shouting, "The Supreme Court rules it is unconstitutional to pray in the Ark." "Oh Lord," sighed Noah, "Oh, phooey," said the Lord. And the Ark sank.

## Federation Luncheon Begins Club Year

CLYDE — The late Mr. Robert Nail, founder of the famous Albany Fandangle, once said, "No other land is home." So marks the beginning of a wonderful year for members of the Clyde Study Club. Presidents and pioneers of the Clyde area were honored recently at a noon luncheon at the Ramada Inn in Abilene.

A nostalgic atmosphere of "Old West" truly was authentically "down home" for the occasion. Clyde, Callahan County, was portrayed with kerosene lamps aglow and large red kerchiefs draped luncheon tables. Also numerous books authored by the late John Berry, along with editorials and pictorial excerpts, were reminiscent of the historical beginning of Clyde, Callahan County. Early day ranching relics were carefully displayed.

The President's message by Mrs. Frank Bailey was a reading entitled, "Our Town." Mrs. Douglas Ford gave the invocation after which Mrs. John Berry presented the new yearbooks.

Attending the luncheon were Mrs. Charles Walsh Sr., Frank Bailey, Hal Broadfoot, Hay Ray Broadfoot, John Berry, Harry Steen, Oscar Brown, Alvin Pierce, Sybil Dickey, Don Patton, Earl Dusek, Bill Patton, R. W. Evans, L. G. McCarley, Douglas Ford, Homer Kennard and Miss Velma Walker.
