BROWNFIELD, TERRY COUNTY, TEXAS, FRIDAY, NOVEMBER 24, 1944

NO. 17

## S-Sgt Henry G. Story Return From Front

SANTA BARBARA, Calif. — S/Sgt. Henry G. Story, son of Mrs. Beulah Story of Plains, Tex., is temporarily residing at the Miramar hotel in Santa Barbara, Calif., while he is currently undergoing the army's orientation and classification program, at the Western Army Ground and Service Forces Redistribution Station.

The 31 year old soldier has just returned to the United States after 28 months of overseas duty in Africa and Italy where he served in a Medical Detachment. For gallantry in action he was awarded the Silver Star.

While the Texas soldier is located at the California Reassignment Center he will receive a minimum of army routine but will have more than ample opportunity for rest, relaxation, and entertainment.

Sgt. Story enlisted in the Army on February 10, 1941 at Fort Bliss and is an alumnus of Wellman High school.

Sgt. and Mrs. Leon Rhine are visiting in the home of his parents, Mr. and Mrs. L. A. Rhine and her brother, Grady Goodpasture. Sgt. Rhine has served 23 months with the Marines in the South and Southwest Pacific.

Mr. and Mrs. Dalton Lewis were surprised at 4 o'clock Wednesday morning of last week, when their son, R. L. Lewis, Phm. Mate 2/C, called them from San Francisco, Cal., and said he would be home in about 2 weeks. He has been in the South Pacific for 21 months.

Mrs. Minnie Hazel Bowman received mail from her husband, T/Sgt. J. T. Bowman, after a month's silence. He is on the Leyte Islands and reported that he was still o. k.

Second Class Officer Jack Oldham will report to his base in San Francisco, Calif., Nov. 30, after visiting his wife, Mrs. Martha Oldham of this city, and his parents, Mr. and Mrs. V. N. Oldham in Eagle Pass. Oldham has recently returned from the South Pacific after 23 months.

The Thompson Dairy was handing out calendars this week, the first 1945 numbers we have seen. They were very pretty. Thanks!

## SHACK FOR 'LADIES ONLY' PREPARED BY HOPEFUL CREW ON PACIFIC ISLAND

By Lt. Milburn McCarty, Jr. (Public Relations Officer, USMC)

Somewhere In The Southwest Pacific (Delayed)—One of the first sights noticed by the visitor when he hops off a SCAT (South Pacific Combat Air Transport) plane at this Marine aviation base is a small shack decorated with the following sign:

LADIES ONLY  
Including  
SCATERETTES  
WAVES  
WACS  
SPARS  
MARINES  
CHETNIKETTES  
GASKI  
WASPS  
WRENS

Names of Russian and Chinese auxiliary units also are listed, but these cannot be reproduced here for they appear in foreign type.

The man responsible for the shack, and the sign, is a Seabee officer, Navy Lt. John G. Clark, former head of a contracting firm in Rockville, Minn. No Partiality Shown

Lt. Clark says he had the shack built in anticipation of the hordes

## Brothers-In-Law Meet In Pacific

Two operators at a local beauty shoppe entertained their co-workers and customers with a near jitterbug performance last Saturday, when one of them—being sisters-in-law—received a letter announcing their husbands had met for the first time, on a South Pacific Island.

Estelle McNeill had married Oliver Miller, both well known South Terry county families, whose sister, Cleo, had later married Fred Long, not a resident here, and who soon after went into military service.

Each were in different corps, and locations, but had been advised by letters of their whereabouts. So one, in his island hopping, stopped by on the island of the other, and hunted him up, and their first but happy meeting followed.

It is thought the recently organized War Widows club, may bring about many such meetings of scattered husbands.

## Lieut. Greenfield Wounded In Action

Postmaster and Mrs. L. A. Greenfield were advised late last week by the war department, their son, Lt. Clifton O. Greenfield, had been slightly wounded in action, on the Belgium-German battlefield. No further details were given, though a promise of further advice as to his condition would come later.

Lt. Clifton, was reared in Brownfield, going through the schools here. He entered the service about 4 years ago.

Patricia Steen, SK2C, is spending a ten day leave with her mother, Mrs. W. E. Steen. Miss Steen is stationed at the Naval Air Station in Memphis, Tenn. Visiting in the home of their mother for the Thanksgiving holidays were Misses Forrest and Venice Steen of Amarillo.

Mrs. Ralph Ferguson received word Tuesday night from her mother who lives in Dallas, that her oldest brother had been killed in action in Rangoon about a month ago. Mr. and Mrs. Ferguson and children left Wednesday afternoon for Dallas to be with her mother, who will accompany them home to visit here in their home. She has one other brother who is in the service.

Pvt. Johnnie Fitzgerald, son of Mr. and Mrs. John Fitzgerald, of Plains, is now in training at Ft. Riley, Kans. He is taking radio communication.

## BROTHER OF LOCAL LADY KILLED IN ACTION

Mrs. Ralph Ferguson received word Tuesday night from her mother who lives in Dallas, that her oldest brother had been killed in action in Rangoon about a month ago. Mr. and Mrs. Ferguson and children left Wednesday afternoon for Dallas to be with her mother, who will accompany them home to visit here in their home. She has one other brother who is in the service.

of feminine service personnel expected soon in this advanced area. "We didn't want to be partial, so we listed all the women units we could think of," he said.

"We found a Chinese Seabee who gave us the word in Chinese, and a Marine officer who provided the Russian as well as the 'Gaski,' which is Polish," Lt. Clark explained.

The officer declared there already has been a great increase in the number of feminine visitors.

"A year ago," he said, "there wasn't anyone around except Japs. The closest servicemen, down on Guadalcanal, hadn't seen a white woman for months. Now so many gals are passing through that you can't even go swimming in the nude at the beach."

## Lt.-Col. Banks Helps Bomb Jap Refineries

The Herald recently had a letter and picture from the 13th AAF fighter command, showing a crew of 11 men, including Lt.-Col. Wilson H. Banks, of this city, of the "Boise Bronc," which the copy stated had just made a 2500 mile round trip, consuming some 15 hours to pound Jap oil refinery installations in east Borneo and the Dutch East Indies.

Like lots of copy received from the public relations section of the war department, they tried to make too many copies, and some of it could not be made out. Or at least we could not. If the Banks family will call, the Herald will give them the picture, which also is a bit too dim to get a suitable engraving therefrom.

## On Way To Tokio Japan—Not Texas

Somewhere In The South Pacific (Delayed)—When Marine Private First Class Aaron P. Hudson, 19, says that he's going to Tokio, he doesn't mean that he is going home—although his address is Route 1, Tokio, Texas.

The Tokio Marine was wounded in the right thigh by a sniper the first day of the Peleliu invasion shortly after he had scorched two enemy caves with his flame thrower.

"Ever since I've been in the Marine Corps, I've been explaining that I'm from Tokio, U. S. A.—the free Tokio," Hudson said. "I've still got a score to settle."

"When I get to the other Tokio, the Japs can do the explaining."

Hudson is the son of Mr. and Mrs. Paul G. Hudson, of Route 1, Tokio, and helped on his parents' West Texas farm before enlisting in the Marine Corps on November 10, 1943.

Now convalescing at a Naval hospital here, he landed on Peleliu with the initial assault waves of the First Marine Division. It was his first campaign.

He has been awarded the Purple Heart.

## Pfc. Samie Riley Says Going Rough

S. N. Riley of the Welch community was in this week with a letter from their son, Pfc. Samie N. Riley, which disclosed that they were having it out with the Nazis in Holland and now back in Germany, and he was actually anxious to see another old fashioned Terry county sandstorm. Mud, rain and muck seemed to be getting a bit bothersome.

By the way Samie has married himself an English girl, and stated he knew the folks would like her when they got to know her. She is still in England, and Samie advised that tea, chocolate, chewing gum and such from the home folks would be appreciated more than anything else by the Mrs.

And here is another surprise for the home folks. Mrs. Samie N. Jr., is soon going to present the Texas folks with a grandchild. So, Samie, as one of our Johnnies, or GI Joes, if you like, will come marching home with a family aside from a lot of experience, some not so delightful.

## Hildreth Reported Seriously Wounded

Mrs. E. Dickerson, of Amarillo, has been notified that her son, Elmer S. Hildreth, Seaman 2/C, was seriously wounded in the Southwest Pacific. Hildreth, who formerly lived here, has been in that area for the past 20 months.

Another son, Pvt. Clarence E. Hildreth spent 3 days with his sister, Armour Lee Hildreth while on government business in Washington, D. C., recently. He is now with the medical corps at Ft. Sill, Okla.

Miss Johnnie Campbell, of Meadow, is in Abilene this week, visiting her mother.

Cpl. Tommie Moorhead has been transferred from Detroit, Mich., to Shepherd Field, Texas.

## Legion Vets Seek Hospital In Area

A request to the Veterans Administration of Washington for establishment of a veterans hospital in the 19th Congressional district was voted by Legionnaires attending the 19th district convention of the American Legion and Auxiliary here Sunday.

Eight World War II veterans were initiated in an impressive ceremony.

Delegates registered at 9 o'clock at the Legion hall, attended church services in a body at the First Baptist church and returned to the hall at 12 o'clock for a barbecue.

Woodall Presides  
O. K. Woodall of Littlefield, district commander, presided over a business session of the Legion at 2:30 o'clock. The importance of a hospital in this district for returning World War II veterans was expressed by the delegation.

The convention endorsed the proposed universal military training for post-war days. Reports of rehabilitation work and co-operation with the Legion in bringing Christmas cheer to veterans of World War II were given by representatives from seven auxiliaries at a business session directed by Mrs. James O. Cade, 19th district president. Units represented were Amherst, Lubbock, Morton, Floydada, Levelland, Lamesa and Brownfield.

Program Presented  
In a school of instruction that followed, the following program was carried out: Report of national convention, Mrs. Jim Willson, Floydada; duties of a secretary, Mrs. E. C. Davis, Brownfield; problems of a new president, Mrs. Riley Duff, Lubbock; Members, Mrs. Ann Acuff, fifth division membership chairman, Stamford; rehabilitation, Mrs. A. C. Lamp, Lubbock; advantages of a secretary-treasurer combination, Miss Geraldine Williams.

Conference committees were Credentials, Mrs. Looe Miller, Brownfield; Mrs. E. H. Haseloff, Levelland; registration, Mrs. Bit Copeland, Brownfield; Mrs. J. M. Telford, Brownfield; resolutions, Mrs. J. F. Smith, Lamesa; Mrs. T. J. Williams, Levelland; Mrs. Ed Nicholson, Amherst; Mrs. Albert Morrow, Morton.

Mrs. Cade announced eight district units reaching membership quotas by Oct. 20 were Amherst, Big Spring, Brownfield, Hale Center, Lamesa, Levelland, Littlefield and Morton.

Phmc. 3/C J. C. Powell, Jr., and Mrs. Powell of San Bernardino, Calif., will be met in Clovis, Friday by Mrs. Powell's parents, Mr. and Mrs. J. O. Gillham. J. C. is stationed at Arrowhead Springs Hospital for Navy personnel. They will have a fifteen day leave.

## Sixteen Draftees Inducted Last Week

The following boys from Terry county, were inducted at Ft. Bliss, last week, into military service:

- Henry Earl Hobbs.
- Tom D. Warren, Jr.
- Roy A. Puryear.
- Jimmie N. Neal.
- Nabor Avilla Castro.
- Deryl P. Draper.
- Weldon B. Jarrott.
- Margeritto Grine.
- James D. Dumas.
- Leslie E. Reed.
- Charlie D. Webb.
- D. B. Simms.
- Rast C. Sansing.
- Lola A. Young.
- Wendel R. Smith.
- Octavino Baldrige.

Sgt. Roy Blair, who has been visiting his wife, of the Forbus Dairy, returned to his base at Camp Howze, Wednesday. He and wife celebrated their first wedding anniversary the 20th, at the home of Mrs. L. J. Hollers, at Meadow. Mrs. Hollers is the mother of Mrs. Blair.

Mrs. Bob Wright and Mrs. Roy Jordan went to Odessa Wednesday to get their sister, Mrs. Thelma Calhoun, to visit here a few days.

## Heroes Of Cherbourg And Guam To Attend Rally Here Nov. 30

Headed by a group of returned war heroes from every battlefield, a special unit of the "G I Jamboree" show will visit Brown-

field next Thursday, Nov. 30, at 1:30 at a huge bond rally as part of the Smashing Sixth War Loan campaign for this sector.

Accompanying the heroes will be a "G I" military show, complete with band, entertainers and novelty acts from Lubbock Army Air Base. The "G I Jamboree" unit which will visit Brownfield

is one of four such units touring 200 towns of the Lone Star State under the supervision of Phil Isley of the War Activities Committee for the motion picture industry.

Acting as master of ceremonies for the show here will be M. M. Murphee, manager of the Granada theatre in Brownwood, Tex., and Marvin Brown, retiring District Attorney of Tarrant county.

Three servicemen who have just returned from the European and Pacific theatres of war and who will speak at the rally are Sergeant Clyde Mayo, Pvt. Richard J. McCarthy and Sgt. Guy B. Cohea. Sgt. Mayo from Nevada, Tex., is one of the oldest paratroopers in the U. S. Army. The 47 year old Sergeant landed on the Cherbourg Peninsula on D-Day within 500 yards of a German infantry regiment but was not seen. Mayo was injured in this landing but established contact with the French underground who helped him return to his own lines. Pvt. McCarty of Albion, New York, is a veteran of the campaign to recapture Guam. He was with the first units to hit the island and went through the full 17 days of fighting before he was injured. Sgt. Cohea of El Paso, Texas, served with the First Cavalry Division in New Guinea and the Admiralty campaigns. He wears two bronze stars for action in these campaigns and was wounded in action in the Admiralty Islands.

It is expected all business houses, and the schools, will close for the pour and attend the rally. Many local features will be on the program including parade by the war widows.

The rally is to be held on the court house lawn, beginning at 1:30 P. M.

## Meadow Football Boys Going Places

Meadow people are particularly proud and all Terry county is more or less proud of the fine fighting bunch of football players in class B football, but with the regulation 11 players.

They have scrapped their way to the top rung in the district, and are going to Anson this week, where they meet the fast Leuders team, winner of that district.

Here's hoping the Meadow boys take Leuders to a cleaning.

## TERRY COUNTY JOINS IN NATION-WIDE SIXTH WAR BOND DRIVE THIS WEEK

Quota By District Is Brownfield, \$111,600; Meadow, \$34,650; Wellman, \$17,100; And Union, \$16,650; Prizes Are Offered

Terry county joins in the Nation-wide effort to raise fourteen billions dollars through the sale of war bonds, in its sixth drive. At a breakfast early Monday morning, Chairman J. Virgil Burnett presided, at which Hamilton Still, of Meadow, J. T. Jones of Wellman, and B. D. Armstrong of Union, all school superintendents, and a large number of others attended.

Drive Left To Volunteers  
While it seems here as elsewhere, the "drive" is left largely to voluntary response to Uncle Sam's request for funds and material to make what now looks like the final kill of the Nazis war monsters.

The PTA of Brownfield, and the various schools, and many voluntary assistants will be working in the drive.

The total quota for Terry county is \$440,000, of this \$180,000 is in Series "E" individual bonds, and the school children, because of their energy and patriotism, are given the opportunity to raise the latter sum.

Prizes Are Offered To Schools  
Competitive prizes are offered: \$75.00 will be given as the first prize; \$50.00 for second, and \$25.00 for the third school district who first sells their quota. The Jaycees will also give a prize to the fourth in line.

The quota of each district, has been arrived at, through several angles, with view of equity between them, is:

Brownfield	\$111,600
Meadow	34,650
Wellman	17,100
Union	16,650

Bond selling agents, are both

## Teachers And Pupils Thanks The Public

We are requested to publish the following:

"The teachers and pupils of the Brownfield Junior high school take this means to thank all who helped us in the recent drive for library funds. The children raised \$255.45 after paying all expenses.

First copies of publications should reach subscribers about January 1. Though some may be later due to war time conditions, but service will begin as soon as possible. But if you fail to receive your copy around February 1, notify us.—C. A. Wilhite, Principal.

## Business To Close For Bond Rally Nov. 30

As part of the bond rally program to be staged by the army on court lawn, next Thursday, Nov. 30. The business men of Brownfield will close from 1 o'clock P. M., until the program is over, and are furnishing various articles of merchandise to be auctioned off.

All schools will turn out for the entertainment. A committee has been appointed to handle this feature: Leo Holmes, Herbert Chesshir, W. M. Vernon and L. Nichelson.

Thursday night Mrs. Howze, owner of the Rialto Theatre, at her own expense, gives a free show, admitting those that show a bond.

## Ray Christopher Buys Cosden Plants Here

It was announced last week that Ray Christopher had purchased both the Cosden wholesale and retail gasoline stations in Brownfield, and now has charge.

Ray is an old hand at the oil and gas business, having been the owner of the Phillips wholesale and retail businesses here for several years.

M. C. Green was employed to manage the service station.

banks, the Rialto Theatre, and the Post Office at Brownfield, and Meadow.

Workers and voluntary buyers, are urged to be sure and notify the agency from whom you buy, what school district you wish to get credit for same, in the contest.

It is believed with the excellent crops now on hand, and prevailing prosperity, Terry county will promptly, as usual, respond to its share.

It is pointed out that, as all know, this is a duplex war. A huge undertaking. The biggest in our history, and of the world. Our first billions were spent in preparation, in making equipment, and next billions in transportation and corralling the enemy on all fronts, and now we have the Nazi rounded up, and on the run, by expending enormous quantities of material. The military forces are urging us to pass the ammunition. That is their dire need now, and they mean now. We are urged to act quickly and abundantly.

Northwest Terry Has New Oil Well

The Sunday dailies reported a new oil well, the Fikes & Murchison No. 1, Alexander, in northwest Terry, was standing 800 feet in oil at a depth of some 5100 feet. This well is six miles southwest of the big Slaughter pool in northwest Terry, southwest Hockley and southeast Cochran.

Last report on the well was to the effect that it swabbed 12 barrels of oil, and the drillers are preparing to acidize the hole at 5,157 feet. Some oil men believe that it will be a producer of some calibre or other, and that it might possibly be a new pool opener.

What we don't know about oil wells would fill volumes, so will just have to report what we hear for the time being.

## Church Of Christ To Build After War

While no plans or specifications have been announced, we understand the Main Street church of Christ contemplates a new building on their three lots, 150 feet fronting on Main, when the war is over and building material can be had.

It is our understanding that the leaders have in mind a building to cost around \$35,000, \$10,000 of which is already sowed down, either in war bonds or cash in banks.

## McCracken To Sell His Dairy Herd

One by one the fine dairy herds of Terry county that were built up with hard work and a lot of expense, are being broken up, and sold piece meal. Many of these fine milk cows will, to be sure, be located on farms of Terry county, and cream will be sold to the local buyers. In the meantime it becomes more difficult for householders to obtain sufficient nourishing milk for their children.

But the OPA cannot see its way clear to allow dairymen any advance in prices, despite the fact that feed cost is soaring, and labor almost unobtainable, and if so, unreliable and untrained. So the only way out to keep from actually losing money, is sell the herd.

This is just what is happening to the W. F. McCracken Dairy. And this is what is going to happen to others all over the land unless our government plays square with farmers and dairymen just like it does with organized labor. People have the money and will buy the milk at a price that will pay above actual expense to those who labor with their herds of cattle. Will they do it?

Of course it is none of our doggone business, but it seems to us if the cigarette manufacturers would spend more time and money making them, and less hallyhoosing us over the air waves, the public would get more cigarettes. At least people would get enough of them to tell whether or not they taste different, lately.

Fortune Magazine tells us candidly that they are not badly "scart" of the after-the-war effects in a country that can produce in one year, 80 billion dollars worth of war stuff, and go a long way toward meeting the greatest civilian demand in the nation's history. Come to think about it, we generally get ourselves into a jactop by carrying lamphoolishness too far when the going it easy, instead of putting in some breaks, slowing up and saving for a rainy day.

A bunch of our people howled to high heaven because some of our leaders have talked a hard peace for the Nazis. They say that it makes the Germans fight all the harder for their sacred (?) soil. If we are any judge, soft or hard talk of peace has not slowed up rape and rapine on helpless old men, women and children where the Nazis are in control. It did nothing to lessen the rocket bombing of non-military areas in England. Germany recognizes nothing short of force.

Of all the congressmen and senators in the US congress that we would have wished to have seen defeated—and did—above all others, that gent was no other than the famous Ham Fish, whose name was of frequent occurrence four years ago. If there ever was an isolationist in congress Ham was him, and we just couldn't understand why the New York people didn't eliminate him years ago. And we are still wondering why California still endures. Hi Johnson. Let it be said to the credit of both Tom Dewey and Frank Roosevelt, that each repudiated or condemned Fish.

Now that the result of the Sadie Hawkins day is about all in, we can again go back to our regular fare of war news and other matters next to the heart of Americans—the war, bond selling and various and sundry drives. Some of the bachelors of Dogpatch yielded only after exhausting chases by huge Amazons, who know no defeat. However, some of the races are still in doubt. Just how the fight Mrs. John L. Sullivan vs. Mammy Yoakum will end, is also in doubt, as both seem to be on the ropes in the last round over Pappy Yoakum. The thing is almost as exciting as the Ropes: Plainsman's Tom Cat stories.

This writer, being somewhat of a neutral, has watched with interest as well as a bit of amusement, the way the big magazines and some of the big city daily press try to explain just how it all happened on November 7. They are all good figure users, and they show us that IF, Tom Dewey had received some half million votes, well placed, Mr. Dewey would have been the next president. Fine. But the IF still stands. Not to be outdone with the use of the questionable word, IF, the Texas Democratic committee has also come out with a few ifs of its own. For instance, they say, IF, Mr. Roosevelt had received 155,000 more well placed votes, he would have received all the electoral votes of the entire 48 states, leaving Tom with a goose-egg to hold. However, the votes are most all in now, and all of us as well shut up about the ifs, ANDs and BUTS.

An exchange came to our table recently with more than 400 inches of what newspapermen

term "foreign" advertising, which it not only carried free, but paid its good money to do so. More than 300 inches of this was in what is termed a magazine section, and more than 100 inches in a ready print. Computed at even 30c per inch, this was around \$140, not including about 45c per 100 for the magazine, plus freight, and a good long price for the ready print, and then postage on the extra weight to their subscribers. In other words that paper handed over some \$200 to the other guy in just one issue of his paper. And just so long as any number of country newspapers do this, just so long will the big cigarette and other advertisers ignore our legitimate advertising columns.

Of late we have been getting many cards from APO and FPO so intelligible that it is hard for us to make out their new address, and the best we can do is just drop them until we can check with their folks. Two of these are Pvt. R. O. Burns and Clarence Fought. If their folks read this, or neighbors, won't you please drop in and give us the correct address. Better still if service men would do this job themselves instead of APO and FPO clerks, who possibly don't care a great deal about the matter, one way or the other, service men would miss fewer of their Herald's, while still in the USA at least. Many of the Terry county boys have already learned this, and they religiously write us as soon as they know their new address. Cards for this purpose may be had free at their APO and FPO's. We know the boys want their papers next to letters from home. Please assist us in getting their papers to them with the least delay. By the way, we might state right here, what with the usual holiday rush of getting letters, cards and packages to the men in service, their home newspapers are likely to be held up for quite some time, but will likely appear on the scene after the holiday rush. We'll promise to do our best, anyway.

Need Not Happen  
The foregoing simple arithmetic would seem pretty gloomy if it absolutely had to happen, but it does not. It offers an idea of how much tax money will be wasted if pre-war methods are used in financing post-war houses. The danger is real. All the controls affecting the quality of building today existed during the boom that followed World War One. Sorry houses may still be built and sold on payments.

Instalment home-buying is practical economy. Discounting notes is sound banking. Government insurance of loans has been a blessing; saved many a family from calamity and many a lender from ruin. But shoddy construction blights all this. It makes neither good homes nor good security for a bank loan. Lending is the cue. Mortgage money is the key to better building.

**Plains News**

Mr. and Mrs. Clyde Hartwick were in Wichita Falls, Texas on business last week.

Warner Hayhurst made a business trip to Rotan Sunday.

Rev. and Mrs. Allen Forbus and Mrs. Lennie Johnston were in Lubbock Monday.

Ed Turner, a student in Texas Tech, was home over the weekend.

Plains Chapter No. 862, Order of the Eastern Star, met in regular session Monday night, Nov. 20, with 17 members present. Refreshments were served by Mrs. Dovie Heath and Mrs. Dovie Mae Moreland.

Mr. and Mrs. Roy Elliott and Mr. and Mrs. Stanley Bowers, were in Amarillo the first part of the week.

Pfc. Aaron A. Morris of Fort Crook, Neb., is here for a few days visiting his parents, Mr. and Mrs. J. H. Morris. He is on his way to a camp in California.

Mr. and Mrs. B. L. McPherson and Mrs. Eulee McPherson heard last week from 2-C Petty Officer Eulee McPherson after a long silence. The letters were written on Nov. 3 and 4, and he stated that things had been really popping where he was, but he was fine and O. K. Eulee is with the 7th Amphibian, which was one of the first to land on Leyte Island.

Mrs. Ruth Huckabee and Miss Margene Bell attended the Passion play in Lubbock Saturday.

**DOUBLE CHECK**

The freight agent at a Western town received a shipment of which was a donkey, described on the freight bill as "one burro." After checking his goods carefully, the agent made this report: "Short, one bureau; over, one jackass."

Etty Jackson is spending the Thanksgiving holidays with her uncle and aunt, Mr. and Mrs. A. C. Jackson in Lubbock.

Mrs. Harry Cornelius, Mrs. Sam Teague, Mrs. J. T. Bowman and Miss Sue Jones attended the ball game in Lubbock today between Lubbock and Amarillo.

Mrs. J. L. Randal, Mrs. R. L. Wright and Mrs. E. C. Davis carried 56 gifts from here, for service boys in the McCloski Hospital, to Lubbock last Thursday and attended the camp and hospital division of the Red Cross meeting at the Lubbock Army Air Field.

**Looking Ahead**

BY GEORGE S. BENSON  
President, Harding College  
Searcy, Arkansas

**Mortgage Money**  
National Resources Planning Board, in a booklet by Miles Colean, predicted last January that residential buildings in the United States would approximate a million new dwellings each year for ten years after the war. There was an "if" in the forecast: If the price could be held down to an average of about \$4,000. Well, ten million \$4,000 units represent 40 million dollars, which is a lot of money.

The vision of a million people planking down \$4,000 each for a house in a single year is a pipe-dream. People able to make such cash outlays have houses already. These new houses will be sold on credit. Buyers will sign instalment notes. Debts will be protected by mortgages in the hands of life insurance companies, loan associations and certain kinds of banks. Uncle Sam may insure the mortgages.

**Unit to Repeat**  
There is an old bromide about history repeating itself but some history is not good enough to repeat. We told last week why 94% of government-insured mortgages defaulted and cost the national treasury more than \$800 apiece. If that should be repeated on ten million homes to start building soon after the war, government's loss alone would shoot well above half a billion, and that's the small part.

Suppose only 9% of ten million new, post-war homes are lost by foreclosure; that would be 900,000 homes. Hopeful owners usually pay 20% down, which is \$800 on a \$4,000 house. Few buyers, living in such a house a year, could escape a loss of \$1,000 at least. This profitless payment for vain hopes would total 900 million dollars. Worst of all, it would come from frugal, industrious, home-making people.

**Need Not Happen**  
The foregoing simple arithmetic would seem pretty gloomy if it absolutely had to happen, but it does not. It offers an idea of how much tax money will be wasted if pre-war methods are used in financing post-war houses. The danger is real. All the controls affecting the quality of building today existed during the boom that followed World War One. Sorry houses may still be built and sold on payments.

Instalment home-buying is practical economy. Discounting notes is sound banking. Government insurance of loans has been a blessing; saved many a family from calamity and many a lender from ruin. But shoddy construction blights all this. It makes neither good homes nor good security for a bank loan. Lending is the cue. Mortgage money is the key to better building.

**Houses Warrantable**  
Buildings under construction need competent and impartial supervision and rating, somewhat as steamships are rated, or as a business firm's credit is rated. This is to protect lender and borrower both against mortgages far out of line with a building's actual worth. Such an agency exists, Certified Building Registry, relatively little used, but known to leading associations of architects, engineers and general contractors.

Few money lenders are qualified to judge structural fitness. Many a home buyer never sees his house until its inner defects are hidden by decorative enticements. Yet buyer and banker both deserve the protection of a rating that means (1) a home worth its price in a working man's money, and (2) security for the bank that holds the paper.

**Protects the Buyer**  
In the interest of public safety local governments require periodic inspection of passenger elevators and pressure boilers. Stock selling schemes must stand rigid inspection by state authority. It would seem even more important that ready-made residences carry a seal of merit. In the welter of a buying boom it would distinguish a speculative builder to sell impartially rated houses.

**SANTA FE CARLOADINGS**

The Santa Fe System carloadings for week ending November 18, 1944, were 25,879 compared with 24,091 for same week in 1943. Cars received from connections totaled 15,890 compared with 12,492 for same week in 1943. Total cars moved were 41,769 compared with 36,583 for same week in 1943. Santa Fe handled total of 41,024 cars in the preceding week of this year.

**Relief At Last For Your Cough**

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

**CREOMULSION**

for Coughs, Chest Colds, Bronchitis

**Notice**

The Brownie Troop Meeting will be postponed until Saturday afternoon at 4 o'clock at the Presbyterian church. All members and all little girls between the ages of 7 and 10 years old, who want to become Brownies, are invited to come.

**No Printer, Canadian Record Suspended**

The Canadian Record failed to appear last week due to the lack of a printer-operator. The editor, Joe Noble, sent out cards to their subscribers last week, notifying them that publication had been suspended until a craftsman could be hired for the mechanical end of the business.

Subscribers of The Higgins News should be thankful that their publishers are able to work in all harness in a country newspaper office.—Higgins News.

Earl Adress received word last week that his sister in Liberal, Kans., had burned to death. Her body was brought to Hamlin, Texas for burial. Attending the funeral in Hamlin Friday from here were Mr. and Mrs. Earl Adress and family and Mr. and Mrs. Buck Adress, uncle and aunt of the deceased.

**AESTHETICAL**

The absent-minded professor drove up to his carless garage, opened the door, peeped inside and blinked a few times. Then he rushed back to his car, jumped in and hurried to the sheriff to report his car stolen.—Clarendon Leader.

Rudolph Moorhead is now employed at Wilgus Drug Store.

Mr. and Mrs. C. E. Ross and son Mack left last Friday to attend business in Memphis, Tenn.

Miss Gertrude Jones is visiting in the home of her uncle, Mr. and Mrs. Douglas Jones in Amarillo this week.

Attending the Shriners convention in Amarillo last weekend from here were Mr. and Mrs. Jack Griggs, Mr. and Mrs. Thad Resinger, Mr. and Mrs. P. R. Cates, Mr. and Mrs. Rufus Walker, Mr. and Mrs. Wilgus and children, Robby and Shirley, and Mr. Glen Akers.

Mrs. Jim Slaven of Austin will accompany her mother, Mrs. Flem McSpadden, home tomorrow from Dallas, and will visit here a few days.

Mrs. Laura Elmore and her grand-daughter, Norma Jo Boyd, of Perryton and Mrs. R. Ellmore of Sudan are spending the Thanksgiving holidays with Mrs. Elmore's daughters, Mrs. Ray Christopher and Mrs. Tommy Zorns. Norma Jo is the daughter of Mrs. Zorns.

Christene Chandler visited in Lubbock Thursday.

Lt.-Col. and Mrs. C. T. Edwards of Austin are visiting friends here this week.

**LET US GIVE YOU SERVICE . . . WITH A SMILE**

When you drive your car in here for cold weather check-up, we'll do a thorough job at moderate cost, to really help you run your car with wartime economy until you can replace it.

**MAC'S OIL WELL**

Phillip's 66—D. L. Patton

**Wickard Urges REA Extension To Farms**

AUSTIN — A thorough electrification program for the entire state, as soon as war restrictions permit, was advocated here Wednesday by Claude R. Wickard, Secretary of Agriculture. Wickard, now on a survey tour of Texas, said in an interview "we can not have efficiency or a decent standard of rural living without electricity."

The best method of getting power to people at a minimum rate, said Wickard, is through the Rural Electrification Administration co-operatives. "Not until we compete with private companies did the outlying skinned areas have electric service at a rate they could afford."

"This is true because REA co-operatives are organized for service and not for profit." Wickard said that prior to 1936 only 2 per cent of the rural homes in Texas had electricity, and these were only rich ranchers and farmers who could pay high private rates.

Mrs. J. T. Bowman and Mrs. Sam Teague will attend the Tech home coming Saturday in Lubbock.

Dr. and Mrs. E. C. Davis attended business in Throckmorton the first of the week.

**THE FORT WORTH STAR-TELEGRAM**  
Prints More War News

Yes, every day you will find more war news and pictures in the FORT WORTH STAR-TELEGRAM than in any other Texas State Daily. This is a bold statement but a true one.

## Time To Plan For Fruit Tree Planting

The County Agent pointed out this week that now was a good time for farmers to begin to consider what types of fruit trees could aid to their orchards this winter to a good advantage. A great many Texas farmers are starting new orchards while others are enlarging their old ones or perhaps making some replacements. Recent requests by War Food Administrator, Marvin Jones, indicate that while farm families have done well in the production of Victory Garden vegetables, there is need for additional production on the part of farm families to meet their family needs for various types of fruits.

Certain types of peaches, plums and apples do exceptionally well in West Texas, also every family should have its strawberry patch. Strawberries, and ever bearing variety, make a delicious addition to the farm menu and costs very little where a good location and sufficient water is available. Put your strawberry plants in a sunny exposure which is protected to some extent from the wind and the family will enjoy large, luscious strawberries during seasons of the year when other fruits are scarce.

## Baptist Church News

We are humbly grateful at this Thanksgiving season that we enjoy freedom of worship and assembly remembering that we have not always enjoyed such privilege and that our brethren of like faith do not now enjoy them in many countries of the world.

We maintain that religious freedom is a God given right and not an act of toleration of the state and we are greatly concerned that these truths shall be embodied in the forthcoming Peace Treaty when this war shall be ended that all men shall have the rights enjoyed in these United States.

There are some groups in this country who are loud in their proclamation of favoring religious freedom but in countries where they predominate they deny this right to minority groups.

We have always favored full religious liberty for all men everywhere of every religious faith or no religious faith as a God given right, and have never sought in any manner to secure from the government funds for our schools or other institutions, until doctrine has become popular in this country for which we are truly thankful.

We invite all men to worship with us.  
—D. P. Carter, Reporter.

University of Texas women students are doing their war work along with their studies, records show. A course in aides for Red Cross Canteens is being conducted by Miss Selma Streit, of Scottish Rite Dormitory. Students taking the course are eligible to work in Red Cross Canteens in Austin, at the Municipal Airport, and at Bergstrom Field, near Austin.

## LOOKING AHEAD

BY GEORGE S. BENSON  
President, Harding College  
Searcy, Arkansas

### Head and Hands

When I was nine years old, my father sent me horseback on an errand to a nearby farm. Our neighbor, an elderly man, was hoeing in his vegetable garden when I dismounted, but he came to the barn gate to talk with me. While we stood there, a cattle buyer passed in a single-seated vehicle pulled by a spirited horse. The salutation between my two elders was cool and stilted.

Childlike, I inquired with frankness: "Don't you like Mr. Moore?" Then my neighbor began "educating" me. He informed me in a low tone, implying a great deal, that Moore was a rich man. Without saying it in so many words, he hinted that the trader was not to be trusted and that his wealth proved the point. My next question was from the heart: "How much money can a man have and be honest?"

### All Figured Out.

"In these parts," he said thoughtfully, "a man can't get together more than \$10,000 in a lifetime unless he carries on some right shady business." He did not say how he arrived at the figure; probably he was speaking from a long life's wealth of observations. I knew he was sincere, but many years had passed before I knew how wrong he was. His words were a figment of class prejudice.

In the United States, class prejudice is nearly harmless by contrast to the misery it deals people in other lands. Just the same, we have some of it, and it's a curse. Moreover, it is not limited to coolness between grangers and stock buyers. Recently a high executive of the U. S. Treasury Department let himself say this: "No man who works with his hands can be worth \$5,000 a year."

### Class Prejudice

He may be sincere as my venerable neighbor of years ago, but he does not know everything about men who work with their hands. They think too. In fact the most effective thinking to achieve military victory in the present war has been done at the workbench and between the plow handles. Judgment, skill, and technical knowledge used elsewhere would be bottlenecked indeed if workers used only their hands.

An equipment manufacturer in Cleveland, Ohio, has used wage incentives for 20 years. In his plant, workers get more pay when they do faster and better work. They like the idea and so does the employer. When the men turned their minds to increasing volume so they could draw better wages, the price of a welding machine that used to exceed \$600 slid down below \$200. Even the buyer was benefited.

### Thoroughly American

Under pressure of war demands and hurry-up orders, this pay-for-thinking plan really shined. Output increased. Users bought new equipment 60% cheaper. The firm lowered its percentage of profit and still upheld earnings. Average wage of workers climbed above \$100 a week. The government didn't like it, however, and assessed the company an extra 1.6 million dollars a year.

This firm is using our only safe pattern for post-war prosperity—wages up and prices down. Both depend on production efficiency. This plan means purchasing power at home and ability to compete in foreign markets. Labor and industry both favor this principle. Inefficiency, hatched by class prejudice, will bar us from foreign markets after the war, make goods costly at home, jobs scarce, and pay low.

Mrs. Roy Jordon of Hobbs, N. M., visited several days this week with her sister, Mrs. Bob Wright.

Mr. and Mrs. Bill Wortham returned Monday night from Waco and San Angelo where they have been attending business.

## Hot Biscuits Good Around the Clock

THE Continental custom of serving tea in mid-afternoon has something to be said for it. Who wouldn't like hot golden biscuits and honey with a steaming cup of tea? One interesting English, or Canadian tea-time custom is to serve the foods on plates of different patterns—including cups and saucers!

Fluffy tender biscuits can be whipped up in short order whenever unexpected guests arrive. Make them with thrifty blended shortening for good results. Serve with homemade jelly, jam or marmalade. Biscuit dough can also be used as a shortcake base—with creamed meat for a main dish, or with a fruit topping for dessert. If you're in a hurry, make crunchy drop biscuits instead of uniform rolled ones; use a little extra milk in the recipe for drop biscuits.

Cinnamon biscuits or orange biscuits are good breakfast hot breads, while bacon biscuits are a treat for lunch. So biscuits are around-the-clock favorites.

### Tea Biscuits

Yield: 12 medium biscuits  
 1/4 cup blended shortening  
 2 cups sifted flour  
 1/2 teaspoon salt  
 3 teaspoons baking powder  
 1/4 cup milk

Sift together flour, salt, and baking powder. Blend in shortening until mixture is the consistency of coarse cornmeal. Stir in milk to form a stiff dough. Turn onto a lightly floured board or pastry cloth and knead gently 3 or 4 times. Pat out to 1/4 inch thickness. Cut with floured biscuit cutter. Place on an ungreased baking sheet. Bake in a hot oven (425° F.) 10 to 12 minutes.

For variations of the above recipe try: **Orange Biscuits**—Sift 1/4 cup sugar in with other dry ingredients. Add 2 tablespoons grated orange rind to dough.

**Cinnamon Biscuits**—Roll biscuit dough out into a rectangle 1/4 inch thick. Spread with butter or margarine. Sprinkle with a mixture of 1/4 cup sugar and 1 teaspoon cinnamon. Add 1/2 cup raisins if desired. Roll up as for jelly roll and cut in 1-inch slices. Place in greased pan and bake.

**Bacon Biscuits**—Roll biscuit dough out and cut into squares. Dice 6 slices of bacon. Sprinkle bacon pieces on top of dough. Place squares on baking pan. Bacon will brown as biscuits bake.

## Chicken Pox Among Poultry Exhibited

An outbreak of chicken pox among the poultry flocks of Terry county is eminent according to A. L. Hartzog, County Agent. Several flocks in the county now having the disease have been thrown into a severe moult and egg production has dropped to almost nothing. Where flocks are already infected the handler should vaccinate each bird with on c. c. of mixed avian bacterin injected deeply in the breast muscles with the hypodermic needle. This treatment aids in preventing the colds and sore head roup which usually develops from irritation in throat and nostrils caused by the pox.

Where flocks are infected, clean up premises including house and dropping pits and sprinkle buildings and yards liberally with hydrated lime to prevent spread of

the infection. Use enough potassium permanganate in the drinking water to make it a light red color. You can get potassium permanganate crystals at any drug store and they are used by dissolving one tablespoon of crystals in one quart of boiling water. Enough of this solution, approximately one tablespoon per gallon of water is used to make the drinking water a bright red color.

If you have an outbreak of fowl pox in your flock this year, by all means prevent it next year by vaccinating with the feather follicle method at the age of six to eight weeks. See your county agent while chicks are young and get him to explain this commonly used method of fowl pox prevention.

Birds that are infected with fowl pox will produce very little for a period of four to six weeks following the outbreak. Prevention is much less expensive than the cure which takes a great deal of time and causes loss of eggs at a time when prices are highest.

### The Low Down From Hickory Grove

My essay today is "Government"—how it gets its money, and who from. And if your town or county or state is building a paved highway, or water-works, or something, and the Govt. kicks in with half the cost, everybody should savvy as to how much of the gift is really free—if any.

And to make a long story short, the Free Govt. donation is your own money—the Govt. took it from your own jeans in the first place via income taxes, cigarette taxes, talcum powder taxes, etc., etc. And if the Govt. had made no donation to your community—or to any of the 1,000 other places throughout the nation—your taxes would have been just that much smaller. Uncle Samuel has no other income—he produces nothing—he grows no crops—he just spends. And it is our own dinero that he hands back to us via our congressman or mayor or whoever it is we been keeping on re-electing because he got us a new bridge or something, from the Govt.—free.

Now, and hereafter, when the mayor taps his chest and says, Citizens, see what I got for you—a free donation from the Govt.—you can lean over and say to the gent, "Come now brother, where do you get that FREE palaver?"

Yours with the low down,  
JO SERRA

### Wise Americans Now Fight COUGHS

or Bronchial Irritations Due To Colds—With Buckley's "Canadiol" Almost instantly you get the surprise of your life—coughing ceases—right away it loosens up thick choking phlegm—opens up clogged bronchial tubes—makes breathing easier. There's real economy in Buckley's—all medication—no syrup. Half to one teaspoonful will convince the most skeptical. Get Buckley's "Canadiol" made in U. S. A., the Cough Mixture that outsells all others in Australia, New Zealand, Canada and many other countries on merit alone. At all good druggists.

PALACE DRUG STORE

### Notice

The Jessie G. Randal P. T. A. is sponsoring the 6th War Loan Drive, and are urging all to buy their extra war bonds as soon as possible, because each school is competing for a prize. So let's all buy what we can to help our country and school.

The Rummage sale was postponed until this Saturday, as if you have any more rummage, take it to the court house lawn Saturday or to Mrs. J. C. Crisswell, 406 N. 6th.

### PLAINS NEWS

(Delayed)

Mr. and Mrs. Sanford Webber of Plainview, spent the weekend here with relatives.

Mrs. Minta Turner and Mrs. S. McDonnell were in Brownfield Wednesday.

Mr. and Mrs. A. C. Copeland were in Big Spring last week to consult a doctor.

Mrs. Louise Oden is on the sick list this week.

Mr. and Mrs. Ray Lackey, Mr. and Mrs. Elmer Cross, Mrs. Kathryn Morris, Mrs. J. H. Morris, Mrs. Roberta Elliott, Mrs. Mabel Camp, and Mrs. Gracie Rushing, attended O. E. S. in Denver City Monday night.

Mrs. Ovella Owens and baby of Roswell, N. M., spent last weekend here with her parents, Mr. and Mrs. H. D. Heath, Jr.

Mrs. Bettie Criswell of Brownfield visited in Plains over Armistice.

Jackie Moore, operator of the Western Union, left last Saturday for Springfield, Missouri, to take a managers course in Western Union.

Mrs. Eldora White, Mrs. Oscar Jones, Miss Glynna Ross, Mr. and Mrs. J. H. Griffin and Judy arrived home Wednesday morning after visiting their boys, who are in the navy, in San Diego, Calif. They reported the boys were in high spirits when they left them. The boys are Ted White, Kenneth Jones and Andy Griffin.

### Would Like To Know About Fighting Cubs

Marine Monroe J. Akers was written in to his mother, stating that he was not getting his Herald any too well, and gave a better address. He also craves info about the Fighting Cubs, and how they are going this year. Monroe was himself once a star among the ex-Cubs.

To be plenty plain, Monroe, since Jack Jr. went into the navy, this paper has been left with a bunch to report on games that know just about as much about them as an Eskimo knows about chili pepper. In fact, this writer can't tell an air from a ground attack. He just knows they are mixing it with each other. And, Reporter Geo. W. Neill, admits he knows little more than we.

But, we can tell after the score is hung up how the game went. One doesn't have to be very smart to do that. So, will say that during the first of the season in non-con games, we waded into 'em like nobody's business, but tied our old rival, Lamesa, in our first and their second game.

But the going has been hard since we entered conference competition with the tough nuts of district one. We have lost to Lubbock, Pampa and Plainview, and won from Borger. We still have a go at the Sandies of Amarillo, and while they are really tough this year, we are conceding nothing. This game will be December 2, we understand.

Pvt. Howard Parks of Hobb's Army Air Field in Hobbs, N. M. visited Cheezy McSpadden and Etta Lou Miller la tsweekend.

### Tribute To West Texas Youth

In our more peaceful years that have gone by, when our boys and girls enjoyed all the privileges of care-free life, it has been said that we were raising a race of "softies" or drug store cowboys and that the breed was running out. They took their fun where they found it and responsibility slipped easily from their shoulders. Then came Dec. 7, 1941 "Pearl Harbor" and war with Japan and their Axis partners in crime. How magnificently have our boys and girls responded. When the crisis came they showed the courage and real backbone of pioneer ancestors, long dormant in the gaily singing heart of West Texas youth.

That jubilant boy, who mortgaged his soul and month of his allowance to buy a jalopy, is now driving a Sherman tank, or half tract, against the Germans around Metz and in Northern Italy today. The small town "drug store cowboy" who ran his parents and his teachers, his club leaders wild with his antics, is now a foreman in an airplane factory. Boys who made cheerful idiots of themselves at football games a few years ago, marched into the teeth of death in the jungles of Leyte singing "The Eyes of Texas are Upon You." The lovely laughing girl who thought only of high school dances and wouldn't learn to cook, now manages a household, rear babies and carries on as her husband goes

# 100 OCTANE GASOLINE won't grow wings on a car

**EXPECT NO MIRACLES** from your present car if the tank were filled with 100-octane gasoline.

Its motor was engineered specifically for the gasolines which were available at the time you bought your car. To secure the benefits of very high octane fuels, post-war motors will have much higher compression ratios, will be smaller and lighter, and will deliver greatly increased power and extraordinary mileage.

All this will be possible because of the super gasolines to be made available for motorists in the post-war period. And you have every reason to expect that Phillips will be among the first to offer these vastly improved motor fuels soon after victory.

Why? Because Phillips is today one of the nation's five largest producers of 100-octane aviation gasoline. Phillips is also one of the leaders in the war production of butadiene for synthetic rubber.

These achievements are a direct result of Phillips long years of peacetime research to extend the frontiers of knowledge concerning hydrocarbon chemistry. Other accomplishments, which cannot now be told for security reasons, flow from Phillips wartime exploration of the limitless possibilities of chemical production of new and better things from petroleum gases as well as from petroleum.

This is why we say: Every time you see the Phillips 66 Shield, let it remind you that Phillips refineries, in addition to producing gasolines, lubricants, and fuel oils . . . are also gigantic chemical plants pouring out weapons for victory.

Miss Stockton Bride Of S-Sgt. Connell

HARVARD, Neb. — Miss Celestia Stockton, sister of Miss Tressie Stockton, Box 405, Brownfield, Texas, became the bride of Staff Sergeant Brooks A. Connell in a ceremony at the base chapel Monday morning, November 13, at 10 o'clock. Chaplain Walter Batty of the sergeant's Bomb Group officiated.

The bride wore a street length dress of aqua crepe with a corsage of pink roses, a black hat with veil and black accessories. She was attended by Miss Lois Kelberlau of the Harvard Army Air Field. Miss Kelberlau carried white chrysanthemums.

Corporal Charles P. Foster of the Grand Island Army Air Field was best man. Corporal Ernest Fairweather also of the Bomb Group gave the bride in marriage. Lieut. Kenneth Klaus, pipe organist, played the wedding march and bridal airs during the ceremony.

Staff Sergeant Connell is the son of Mr. and Mrs. Brooks Connell of Clanton, Ala.

Teachers Entertained By Federated Society

The women of the Federated Society of the churches, entertained the teachers of the Brownfield schools in the Fellowship Hall of the Methodist church, Tuesday at 8:30 o'clock.

A typical day in teaching in the school room was carried out in games and contests.

Mr. T. E. McCollum introduced the principals of the schools, and they introduced their teachers.

Refreshments of punch and cookies were served to about 50 guests.

The entertaining room was decorated with red and white chrysanthemums. Mrs. W. B. Downing was chairman of the decorations. Mrs. Mitchell Flache was chairman of the entertainment committee.

Alma Faye Ballard Weds Lt. Taylor

Miss Alma Faye Ballard, daughter of Mr. and Mrs. E. D. Ballard, became the bride of Lt. Crawford Taylor, son of Mrs. Taylor of Alamogordo, N. M., Saturday evening at 7 o'clock in the chapel of the Alamogordo Army Air Base, with the Church of Christ Chaplain reading the single ring ceremony.

The bride, who was given away in marriage by her brother, Frank Ballard, wore a white flannel dress trimmed in sequene, with black accessories and carried a white Bible, topped with a corsage of talisman rose buds.

The church was decorated with pastel gladiolus and ferns.

Mary Ballard was her sister's maid of honor and she wore a moss suit and a corsage.

Mrs. Taylor finished the Brownfield schools and attended Texas Tech College. Before she accepted a position at the Army Air Field in Alamogordo, she was employed as bookkeeper for B. W. Hahn.

Lt Taylor is a graduate of Ohio University, and is now an inspector at the Army Air Field in Alamogordo.

The couple left immediately after the ceremony to spend a week in Ruidoso, N. M.

Attending the wedding from here were Mrs. E. D. Ballard, Mr. and Mrs. Frank Ballard and Patsy Ballard.

Baptist W. M. U. Have Royal Service Monday

The ladies of the First Baptist Church met Monday afternoon for a Royal Service lesson with Mrs. H. B. Grant as leader.

Mrs. R. L. Bandy gave the Devotional. The title of the lesson was "Mission Work In South America." Mrs. Grant was assisted by Mrs. Claud Henderson and Mrs. E. D. Yates.

Many an argument is sound—just sound.

Betty Jackson, Ten, Honored With Party

Mrs. Dora Lee Jackson honored her daughter, Betty, Monday evening at 6 o'clock in their home on W. Broadway, on the occasion of her tenth birthday.

Birthday cake and pink lemonade were served to Barbara Jean Crosby, Charlsie Lou Gaston, Nelda Miller, Chloe Marion Schmidt, Etta Lou Miller, Mr. and Mrs. Flem McSpadden and Cheezy, Mr. and Mrs. H. W. McSpadden, Mr. W. F. McCracken, Mr. and Mrs. Joe P. Murphy and Betty and her mother.

Mrs. Lee Brownfield Hostess To Club

Mrs. Lee Brownfield was hostess to members and guests of the Pleasure Club with games of bridge Wednesday evening at 8 o'clock.

Prizes were given for high and second high score in bridge and in a bingo game.

Those present were Mmes. J. T. Bowman, E. L. Sturgess, Joe Shelton, Jack Hamilton, C. C. Primm, Mike Barrett, Jack McLaughlin, Ruth Huckabee, Gene Freeman, Tommy Hicks, Lal Copeland, and Harry Cornelius.

NOTICE TO CLUB LADIES—LOTTERIES ARE BANNED

This week an article was submitted to us which was in the form of advertising. Furthermore it suggested a "chance" or as the postoffice department calls it, a "lottery." This was submitted to the local postmaster, whose opinion was such that the article was left out.

We would have passed the matter as advertising in order to help the good ladies in their undertaking, but as we have had one or two run-ins by postal authorities on "chance" projects, we are off them. They can exclude us from the second class mailing privileges for running them.

Brownie Birthday Party At Legion Hall

Thursday evening at 8 o'clock the Brownies observed their first birthday in the American Legion Hall with about 250 guests to help celebrate the occasion.

The Brownies March started the program, with the two outstanding Brownies, Rena Faye Chesshir and Ganelle Lewis as flag bearers. The Pledge of Allegiance was made. History of the Brownies was given by Barbara Jean Crosby. Mrs. R. A. Crosby presented pennants to the girls who have been Brownies for a year and to the two outstanding Brownies, she presented rings. She introduced the new Brownies. The first portion of the program was dismissed by Fredia Ann Anthony.

The second portion of the program was in the form of a Broadcasting program, with Patsy Stice as announcer. First on program was a song "Is You Is, Or Is You Ain't My Baby," by black-faced Betty Jackson; Second, an accordion solo by Lorraine Hargrove; Third, "Paper Doll" by Nelda Miller dressed as a paper doll and she was assisted by Jane Griggs, Joan Shelton, Peggy Lilly, and Norma Jean Aker; Fourth, a tap dance by Freddie Ruth Lowe and Freida Ann Anthony; "Put On Your Old Gray Bonnet" by Rena Faye Chesshir and Ginger Gunn; a Dr. I. Q. was held by Kay Francis Szydloski as Dr. I. Q. and the audience was Shirley Jean Holder, Betty June Hankins, Charlotte Smith, and Kalela Brown; "Hot Time In The Town Of Berlin," by Patsy Teague, Toni Akers, and Carol Dallas; a piano number by Bennie Ruth Wartes; "What Do You Do In Brownie Scouts?" by Jean Cloud, Jean Short, Patsy Hagan, Janelle Lewis, Perry Lee Nelson, Jo Ann Zant, Bennie Wartes and Ruth Huckabee played the accompaniments throughout the evening.

Birthday cake and punch were served. The Girl Scout Troop presented the Brownies the birthday cake. The Brownies take this method in thanking them and the guests for the \$98 they made on their birthday.

Brownie Troop 5 presented the out-going leader, Mrs. Crosby with a friendship quilt they had made. Mrs. Gene Gunn will be the new leader for the next year.

Treble Clef Junior Music Club Program

The Treble Clef Junior Music Club will have Jean Craig and Judy Griffin, hostesses Thursday evening, 7:30, at home of Mr. and Mrs. J. H. Griffin.

1. Edgar Stillman Kelly—His Life and Scholarship—reviewed by Mrs. Dallas.
  2. Our National Anthem and Russian Anthem—Club.
  3. "Wandering In Dreams"—piano solo—Norma Cary.
  4. War Service in Music Clubs—Cheezy McSpadden.
  5. Story of the "Marsaillaise"—Etta Lou Miller.
  6. The Marseillaise of Fighting France—Club.
  7. Piano Solo—selected—Charlotte Bennett.
  8. "Irish Eyes" and "Blue Hours"—Club.
  9. Report from Junior chairman of 7th District—"Folk Music and Folk Dances."
- Fun period in charge of DeLoreas Gillham.  
Director—(Program)— Norma Newman.

Thanksgiving Dinner In Mon Telford Home

Mrs. Mon Telford was hostess to the Maid's and Matron's Study Club with a covered dish turkey luncheon Tuesday afternoon at 1 o'clock in her country home.

Mrs. W. A. Bell gave thanks for the dinner. After the dinner, Mrs. Jot Akers gave a report of the state convention of the Federated Club in Fort Worth last week. Roll call was answered by favorite scriptures from the Bible. The hymn "Faith Of Our Fathers" was sung by the club. Mrs. J. M. Teague gave a talk on "Bible as Literature." Mrs. M. G. Tarpley talked on "The Landing Of Our Pilgrim Fathers."

Those attending were Mesdames W. M. Adams, J. A. Akers, Bell, Tom Cobb, Lal Copeland, E. C. Davis, Ralph Ferguson, Leo Holmes, Looie Miller, Lawton Nicholson, Money Price, O. L. Peterman, J. L. Randal, A. A. Sawyer, A. R. Smith, Tarpley, Teague, L. M. Wingerd, and a new member, Mrs. Lee O Allen, and Miss Olga Fitzgerald.

Now is the time for all good men and women to buy War Bonds.

Fifty Women Of 19th District Auxiliary Met

Fifty women of the 19th District of the American Legion Auxiliary met here Sunday from Lubbock, Lamesa, Amherst, Morton, Levelland and Brownfield. They began registering at 9 o'clock at the American Legion Hall, then went to the church of their choice. After church services, the group met at the Hall with the Legionnaires and had a dinner and met in a joint meeting until 2:30 o'clock.

The Auxiliary assembled in their room and had several talks. There were three guests from the 17th District.

"Christmas Gifts to Veterans," "Rehabilitation," Duties of the Presidents and Secretaries" and "Sponsoring Service Men's Wives Clubs" were the topics. Reports from all the town auxiliaries were made. The meeting adjourned at 5:30 o'clock.

Mrs. Marchbanks Hostess To Club

Mrs. Polly Marchbanks was hostess to the members and guests of the La Fiesta Club Tuesday evening.

Sandwiches, cake and coffee were served to Mr. and Mrs. Ralph Ferguson, Mr. and Mrs. Terry Redford, Mr. and Mrs. Bill Wortham, Mrs. Gene Gunn and Mrs. Francis Haley.

Mr. and Mrs. Wayne Brown visited Mr. and Mrs. Martin Line and family in Lorenzo last week end.

Mrs. Walter Bond and small son returned home this week after visiting her mother near Muskogee, Okla., who recently broke her foot.

Miss Elonor Gillham has pledged Chi Omega sorority, at S. M. U., Dallas.

The J. O. Gillham family and Mrs. Upton, mother of Mrs. Gillham, will spend Sunday in Lubbock, in the F. B. Upton home.

Mrs. John L. Cruce left Wednesday for Baltimore, Maryland, to be with her husband until the first of the year.

Texas Colleges And Universities Discuss Returning Soldiers

Austin, Texas, Nov. 22.—Educational, psychological, and emotional consideration for servicemen returning to Texas colleges and universities were discussed recently when the Texas Commission on Coordination in Education met for a week-long session at the University of Texas.

Deans, registrars, personnel workers, and counselors affiliated with the Association of Texas Colleges met to hold a workshop on methods and plans for the serviceman who seeks to begin or resume his college training.

The work of the Veterans Administration was explained by training officers associated with it, and the vocational rehabilitation was stressed over all other training.

Tests which will determine paths of study, and possible vocations for men and women were suggested as the logical approach toward genuine counseling of the veteran.

The individual and his needs were included in talks about adjustment of courses and study programs.

Problems of personal adjustment—a comparison of the serviceman or woman with the typical college student, and their aims and outlook on life, were chartered and explained by a consulting psychiatrist with the U. S. Army. He gave his talk and his suggestions from his experience in handling hundreds of veterans in a Texas camp.

Community agencies such as the Selective Service, American Red Cross, and American Legion, and how they can serve through advising, financial matters, and in personal adjustment, were cited during the course of the workshop.

Consideration of the individual serviceman according to his curriculum, his special courses, his personal problems, and his job placement were emphasized as one of the chief duties for the advisers of returning servicemen.

Do unto others as though you were the others.—Elbert Hubbard.

Gift Shoppers' GUIDE

COLLINS, THIS YEAR AS ALWAYS, IS THE PLACE TO BUY THAT SPECIAL GIFT FOR THAT SPECIAL WOMAN IN YOUR LIFE. SHE KNOWS AND APPRECIATES QUALITY AND GOOD STYLE. SHE KNOWS THEY ARE FOUND HERE. SHOP EARLY AND SHOP HERE.

**Costume JEWELRY**

COLLINS

TO PEACE AND THE WARS

Refugees come down from the border mountains into safe territory, the women to make a new home and the men to join up in the armies for freedom. Assistance to families such as these is one of the objectives of Refugees Relief Trustees, Inc., a member agency of the National War Fund.

The first work was brought to this country in 1633 by Gov. John Winthrop. It was in a leather case with a bodkin and knife.

Seaman wear trousers with unusually wide bottoms in order that they can easily be rolled above the knees when cleaning decks or landing in shallow water.

The five-cent candy bar was introduced during World War I.

New York's Broadway avenue is 15 1/2 miles in length.

Hair grows faster during warm weather than cold and faster by day than by night.

Cleveland's auditorium, seating 12,500 persons, is believed to be the largest concert auditorium in the world.

To J. B. Wilson, news editor of a London newspaper, goes credit for the idea of burying an unknown soldier.

Herald St. Per Yr., Terry County

Cases Continued Over To February Term

Because of the urgent demand of the farmers in their harvest, Judge Lincoln Monday, continued all cases over to the February term of his county court.

Seven per cent of the applications for insurance policies are rejected.

The first bathtub in the United States was installed in 1842 by Adam Thompson, a wealthy grain and cotton dealer of Cincinnati.

Seventh and Broadway in Los Angeles is the most congested intersection in the world.

It requires approximately nine pounds of wool to make an average man's medium weight pure wool suit.

Planting Fall Gardens, Who Is The Sailor?

COLLEGE STATION — Folks who dwell in central or south Texas and have delayed planting a fall garden because of dry weather still may do so says C. R. Heaton, horticulturist for the A. and M. College Extension Service. Beets, carrots, cabbage, spinach, onions and head lettuce are the vegetables most likely to come through.

Beets planted now will make the table this winter, but soak the seed over night to hasten germination. Detroit Dark Red and Crosby Egyptian are good varieties. Heaton says that carrots which become established before cold weather will go through the winter because they are the most cold resistant of vegetables. If the soil is inclined to be compact spade to a depth of 10 inches to provide a deep, loose growing area.

This is a good time to set out cabbage plants. Place a teaspoonful of commercial fertilizer, and a No. 2 can of rotted manure around each plant at the time of setting, and apply about a pint of water daily until the leaves stop wilting during the day. Golry of Enkhuzen is the heaviest yielder, but Charleston Wakefield and Copenhagen Market head quicker.

It's spinach planting time now, but Heaton reminds that this green likes a firm seed bed and will not stand wet feet. Accordingly, in areas having considerable winter rainfall it should be planted on beds to insure drainage. Giant Noble is best for humid areas, but Bloomsdale Savoy is the choice for drier sections.

Heaton recommends setting out a row of onions to mature next spring as soon as plants come on the market. Sets still can be planted to produce green onions for winter eating. If first planting of head lettuce refused to grow he suggests trying another one now, using New York, Imperial or Hanson. This plant won't grow until the weather is cool.

Keep the garden soil busy, Heaton urges. Follows tomatoes or squash with a second planting of spinach, and after the fall potatoes are dug replant these rows with onions from plants.

Mr. and Mrs. Casey Cabool of Levelland, were luncheon guest of Mr. and Mrs. Bernard Lay, Thursday.

THIS JOKES US

A boy who had left the farm for the city wrote home, saying: "Thursday I autoed to the Country Club where I golfed till dark. Then I motored to the beach, and Fridayed there." His brother wrote back: "Yesterday we bugied to town and basballed all afternoon. Today we muled to the cornfield and gee-hawed till sundown. Then we suppered. After that we staircased and bedsteaded till the clocked 'fived.'"

Q. E. D.

Police Officer: "So you saw the accident, lad. Can you tell me the number of the car that hit the man?"

Quiz Kid: "I don't remember, officer, but I saw that if it were multiplied by ten, the square root of 26,897, subtracted from the product would be equal to the sum of the digits reversed."

Ne'er The Twain Shall Meet

East: "You've got a homely face."

West: "Where I come from that meant fight."

East: "Yeh?"

West: "Yeh, that's why I moved."

ON USING YOUR HEAD

A woodpecker pecked, A good many specks, of sawdust

While building his hut. He worked like a nigger, To make the hole bigger,

He's sore if his cutter won't cut He doesn't bother with plans

Of cheap artisans, But one thing may rightly

Be said, The whole excavation

Has this explanation, He makes it by using his head.

The longest geographical name in the United States is that of a lake near Webster, Mass. Lake Chargoggagoggmanchauggagogg - chaubunagungamaugg.

In a list of persons reported as centenarians, 1561 were men and 2706 were women.

Benjamin Franklin's abilities ran in many directions. He was a philosopher, a statesman and an inventor.

OUR HERO

While you serve the greatest country That the world will ever see, Loved ones here at home are praying For an early victory. Friends you love will not forget you For one minute of the day; Cords of love will not be broken, Though you're many miles away. We are proud of what you're doing, And we know you'll soon return

To the ones who love you dearly, And who proudly wait, but yearn! While you're proudly showing courage, May God hasten that glad day, When we'll greet you as Our Hero, When you come back home to stay!

—Raymond Orner.

The Terry County Herald

87 times straight - I've been lucky!

87 times I've gone out—and come back.

When your score gets that high, they usually let you quit for a while.

But sometimes that isn't possible. You just have to keep on going—perhaps till your number is up.

Out here, you get to understand those things. There's no question of quitting—no matter how much you've done.

Back home, it's the same way about buying War Bonds. You feel

good when you count up and realize what a high score you've got. You feel you deserve a rest, too.

But the war isn't over yet. And until it is, I'll make a bargain with you: You keep on buying, and I'll keep on fighting till the last Jap drops!

\* \* \*

The 6th War Loan is on. And it's every American's duty to invest in at least one extra \$100 War Bond. If you haven't bought yours yet, do it today!

Buy at least one extra \$100 War Bond Today!

Brownfield State Bank

**The Christmas Seals Are Needed Now**

Christmas Seal time is here again. This heartwarming practice of buying cheery little seals to help combat tuberculosis, began just forty years ago and has since become a world-wide tradition. The Christmas Seals are sold in 46 countries. This year, as usual, they make their appearance. In a war-torn world they are reassuring reminders that we live in a civilized world after all and humanity has a streak of goodness in it that will not be put down.

This year, as never before, the Christmas Seals are needed. Tuberculosis is on the increase. The steady progress of medical science in the treatment of the disease has not been sufficient to stem the debilitating inroads of war. Our crowded war production centers, overwork and nervous exhaustion have been an open invitation to tuberculosis. The great tragedy is that too many persons don't realize it when the unwelcome guest has found its way into their homes.

Yes, the Christmas Seal has new significance this year. It is one means by which all of us can take part in the fight against the renewed threat of man's ancient enemy—the white plague.

**Nazarene Church Gets New Pastor**

The Herald welcomes to Brownfield Rev. Joe Norton and family, who are from Ryan, Okla. The Nazarene church has a new church building as well as a new parsonage.

We did not learn where Rev. and Mrs. Hamm, former pastor, will be located.

Mrs. Virgil Hill and daughter, Geneta Gail of Slaton, visited several days this week in the home of her brother, G. r. a. y Goodpasture.

**Robot Experiment Plans Announced**

DAYTON, Ohio — Plans for the manufacture of a launching propellant for American models of the robot bomb were announced simultaneously here by the Army Air force technical service command, Wright Field, and officials of the Monsanto Chemical Co., which will turn out the launching racks.

The statement followed earlier announcements that the Monsanto Co., was building an \$8,000,000 plant at Karnack, Tex., for production of robot type bombs.

**Mechanical Cotton Picker Demonstrated**

LUBBOCK — Mechanical cotton picking is practical and will eventually be the chief means of harvesting the South's greatest crop, in the opinion of cotton men who witnessed a demonstration of a mechanical picker on Texas Tech farms the past week.

The machine used in this experiment was the McCormick-Deering Cotton Picker, known as the spindle type, though there are several other machines being manufactured. This machine is manufactured by the International Harvester Company of Chicago after experimental work covering the past 20 years.

There are two types, the single row and double row, and both are made in two sizes, one for cotton of medium height and one for the taller cotton. The small picker with tractor sells for \$1850 and the large one with large tractor sells for \$3850.

This single row picker will cover an acre in one and one-half hours. The double row picker covers two acres in the same time. Ten of the single row pickers were manufactured this year and two have been purchased and are in use on the South Plains.

With cotton yielding, three-fourths of a bale per acre, it is estimated that the cost of picking is \$5 per bale. According to careful checks 95 per cent of the open cotton was picked. Green, unopened bolls are left on the stalks. The sample of cotton gathered by the picker is much better than when the cotton is "pulled." Cotton left on the stalks may be gathered later by "stripping."

De foliation, a chemical process which removes the leaves from the cotton stalks, is necessary if the mechanical picker ob-

**Looks Like Putty; Bounces Like Rubber**

NEW YORK — A new synthetic rubber, which looks like and is as pliable as soft putty but which, contrary to characteristics of ordinary rubber, loses none of its elastic qualities at temperatures as low as 60 degrees below zero and as high as 575 degrees above, was announced here today by the General Electric Company. It is known as silicone rubber, and can be stretched like taffy or chewing gum, yet when rolled into a round mass, will bounce as well, if not better than, any ball made of the best rubber.

This new rubber has many wartime uses. The War department permitted announcement of two, its use as a gasket for B-29 superchargers, which operate at extremely high temperatures, and for a like use in supporting the lenses in large Navy searchlights, which must stand severe vibrations everytime a battleship's big guns are fired as well as extreme heat from the electric carbon arc supplying the illumination.

Mrs. A. J. Stricklin, Sr., returned Monday from a 15 day visit to her mother and family at Redlands, a sister at Compton, and a brother at Los Angeles.

**Tokio 4-H Club**

The 4-H Club met again at Tokio, November 9. We learned how to whip and baiste.

We had three new members: Bobby McCraw, Annie Beth Brian, Lilly Muriel Donathan.

Our sponsor was Mrs. Conlee. The secretary and vice-president were absent.—Reporter.

**Names Of Towns Will Be Painted On Roofs**

DALLAS — Names of towns will be painted on roofs of prominent buildings in 500 Texas towns, the Civil Air Patrol announced Tuesday.

Letters will be large enough to be visible from heights of 3,000 feet or more.

The project has War Department approval and will receive technical aid from the Civil Aeronautics Administration.

Pvt. Paul L. A. Auburg of Garden City, Kansas, recently visited his parents, Mr. and Mrs. J. T. Auburg, while on a 3 day pass.

Mr. and Mrs. Albert Address of Hamlin and son, Pvt. Loyd Address of Camp Robinson, Ark., have been visiting in the Buck Address and the Earl Address homes this week.

tains maximum results in the opinion of cotton authorities.

**Wisecracks May Be Costly Later**

PHILADELPHIA Nov. 24—Elmer Wheeler, author of eight books on salesmanship, says that tradesmen who specialize in snappy comebacks when asked for war-scarce items are slitting their own throats.

"When a customer comes in and says he would like a pack of cigarettes, don't snap 'so would I,'" he advised 2,000 retail grocers Monday night.

"And, he added, 'when a customer wants a pound of butter, don't yell: 'Hey, Joe—C'mere and take a look at this guy who wants a pound of butter. He doesn't know there's a war on!'"

Wheeler warned that many customers keep a "black book" of such insults and resolve to take their trade elsewhere after the war.

Ray Christopher attended business in Fort Worth the first of the week.

Jay and Tom Denton of Sundown spent the weekend with Wayne Brown, Jr.

**A Statistical Myth**

A favorite statistical myth promoted by government spokesmen, is that since Pearl Harbor, only one-tenth of one per cent of man-hours have been lost by strikes in war plants.

In two instances of late the lie has been given to these mythical figures. A one-day strike of 4,000 to 6,000 maintenance workers in Detroit area has just forced immediate idleness upon some 50,000 to 60,000 workers. Because the men who keep the assembly lines and equipment in running condition refused to work, the production workers had to be sent home. In another case, the strike of a few thousand transportation employees tied up two million people, 900,000 of whom were war workers.

As the New York Times declares of this statistical myth: "It cannot be too often pointed out that such statistics are essentially meaningless, not only because they fail to take into consideration the amount of indirect idleness that a strike involves, but because they ignore how vital the particular production may be that is brought to a halt."

"The value of the product of the entire soft coal industry of the United States, to cite but one example, amounts to only one per cent of the national income. If a strike stopped it for an entire year, the statistics might show that there were no strikes in 99 per cent of industry. But everyone knows that such a strike would bring practically our entire war production to a halt in a few months."

**C. D. Gore Grain Co.**  
RAY WOODS — CHES GORE

**HOW BIG ARE YOUR ACRES?**

Measured in YIELDS, some acres are bigger than others—in COTTON YIELDS PER ACRE, for example, the average acre in Texas is 28 per cent "smaller" than the average acre in the entire Cotton Belt. This is because the 10-year average yield per acre of cotton in Texas is 162 pounds of lint per acre, compared with 237 pounds for the whole Cotton Belt.

Cotton yields per acre CAN be increased in Texas—research and farm experience have proved that terracing and other soil building practices—better planting seed—insect control—and other sound, practical steps will result in higher yields and greater returns to the grower.

HIGHER YIELDS PER ACRE FROM YOUR OWN COTTON CROP WILL PAY YOU BIG DIVIDENDS IN 1945. ASK YOUR COUNTY AGENT FOR PRACTICAL SUGGESTIONS TO MAKE YOUR BEST CASH CROP BRING YOU MORE CASH—AND GET FROM HIM A COPY OF CIRCULAR 136—"STEPS IN GROWING COTTON."

**ADLER-I-KA**

to relieve the pressure of large intestines on nerves and organs of the digestive tract. Adlerika assists old food wastes and gas through a comfortable bowel movement so that bowels return to normal size and the discomforts of pressure stop. Before you know it, you are asleep. Morning finds you feeling clean—refreshed and ready for a good day's work or fun.

Caution, use only as directed. Get Adlerika from your druggist today.

Nelson-Frimm Drug Co. and Palace Drug Store

**Jap Fighting On Leyte Is Rough—Krueger**

Lt. Gen. Walter Krueger, commander of the U. S. Sixth army, told war correspondents yesterday that the folks back home are wrong if they think the Japanese fighting the battle of Leyte island are a pushover.

The general declared the Japanese are not running away but are fighting furiously and demonstrating determination to hold the island at any cost. The Yanks are advancing slowly, he said, and their progress is satisfactorily, but the going is tough and there is no room for complacency as one considers the fight ahead.

**Laugh**

Build for yourself a strong box, Fasten each part with care, Fit it with hasp and padlock, Put all your troubles there. Hide therein all your failures, And each bitter cup you quaff, Lock all your heartaches with-in it,

Then sit on the lid and laugh. Tell no one of its contents, Never its secret share, Drop in your cares and worries, Keep them forever there. Hide them from sight so completely,

The world will never dream half Fasten the top down securely, Then sit on the lid and laugh.

"Life is just an eternal struggle to keep one's earning capacity up to one's yearning capacity."

**HELP US SAVE PAPER (?) BY USING PAMPHLETS**

We are all limited on the amount of paper we use and confine its use to essential needs, and in keeping with the conservation of paper program we will be glad to give anyone in this community who has a good crop of garlic a pamphlet on "Harvesting and Curing Garlic," sent us from Texas Agricultural Experiment Station. Our garlic crop did not do a bit of good, and as we don't want to see paper wasted, we would like to pass this and many other similar pamphlets on to anyone to whom they will be any use.

We often get literature on other matters from governmental bureaus and agencies that we will be glad to pass on where they will do the most good. These pamphlets deal with such matters as the proper way to plant rice, care of pine trees, feeding of polar bears, food for reindeer, etc. In order that no paper be wasted, we will be glad to give them to our neighbors.—Rotan Advance.

**Reverse Lend Lease Starts In France**

PARIS — Reverse lend lease already has started in France and within three months this country should be giving American armed forces as much as is Great Britain under the program, Brig. Gen. Wayne R. Allen said today.

The Eiffel tower is one lend lease item, requisitioned as a U. S. radio station.

The Chinaman hit the bull's eye when he said: "Funny people you Americans. You take a glass—you put in sugar to make it sweet and lemon to make it sour; you put in gin to warm you up and ice to keep you cool—you say 'Here's to you,' and then you drink it yourself."

J. M. Lemley of Pittsburg, Pa., was down recently, for the first time in several years, looking after his farm property, which L. L. Blackstock has under lease, and called on the Herald. The election results seemed to suit Mr. Lemley just fine.

President Anson Jones, last president of the Republic of Texas, was married in Travis county May 16, 1840, and the marriage certificate has now been placed in the Texas Memorial Museum on the University of Texas campus. It was certificate number 2 in the Travis county courthouse records, and was given to the Museum by the county.

Herald \$1 Per Yr., Terry County

**J. F. SLOATE**

The Waco plant of the General Tire & Rubber company will be under the management of Joseph F. Sloate, a veteran of 22 years with the company.

Sloate, one of the Big Ten's best known athletes 20 years ago, has had a varied executive experience since he took his first job in Akron upon graduation from the University of Indiana in 1925.

Assigned to the stock control department, he was switched in 1926 to sales and accounting work and until 1930 concentrated on reorganizing some General Tire dealers and in setting up new sales methods.

In 1930 Sloate was transferred to company controlled accounts and, after a brief tenure in the west, was sent to many large cities to reorganize the dealerships.

Sloate next served as assistant to Sam S. Poor, vice president in charge of retail merchandising. When in 1941 the army asked General to build a bag loading plant at Jackson, Miss., Sloate headed the operation. He later served as plant administrator when General assumed management of the government-owned synthetic plant at Baytown, Tex., and more recently has had the title of director of personnel at the Akron plant.

When William O'Neil, General president, decided to build a tire plant in Waco, he named Sloate as general manager, a job he assumes November 1.

At Indiana university, Sloate starred in football, basketball and baseball. He was on the trip to Japan with Indiana university on which Ernie Pyle went along as a stowaway. He received all-American rating in football.

**DAFFYNITIONS**

Tire Stealing—Highway rubbery.

Promptness—The art of waiting for other people.

Salted peanuts—A delicacy we all thirst after.

Civil Service—The kind you get when you tip is big enough.

Gossip—A person who always gives you the benefit of the dirt.

Visitors to the Texas Memorial Museum on the University of Texas campus totaled 59,500 for the fiscal year ending August 31, Museum officials report. The majority of the visitors were servicemen.

**Citizenship**

A farmer of my acquaintance has a knife he wouldn't sell for a ransom, although he is not wealthy. The knife is of a kind that could be manufactured in quantity to retail for less than two dollars. The farmer's son took it from a Jap in a hand-to-hand fight. Wounds the boy received however left him maimed for life. The father prizes the trophy for its cost, not its worth. One of the strangest quirks of human nature is the hook-up between cost and value. People so often appreciate things according to what they cost instead of according to what they are worth. A man who falls heir to a fortune without effort is much more liable to squander than his neighbor who may have acquired a similar amount the hard way; his wealth cost him too little.

**A Thing of Value**

It's like American citizenship, a thing of great value that costs too little. The fee exacted from an immigrant when he "takes out his papers" is not a drop in the sea compared to what he gets. Moreover, the vast majority of Americans acquired citizenship rights with their first conscious breath. We grew up with citizenship. We have always had it and consequently don't appreciate it as we should.

You may have read stories of how British citizenship, about the time America was being colonized, was keenly coveted by noble Huguenots who fled France as refugees. Almost everybody in Christendom is familiar with New Testament accounts of how Saul of Tarsus' life was spared more than once because he, although an Israelite, was born a privileged citizen of Rome.

**An Expensive Item**

Roman citizenship in Bible times could be bought, and it cost a great price. It had a great value, too, but it wasn't worth nearly as much as our American citizenship, that costs so little. I think everybody in the United States ought to be educated for citizenship. Not many are, either natives or naturalized citizens. Not everybody needs a college degree but everybody needs to appreciate his freedom.

Americans were conscious of their citizenship for a long time back of a century ago. Government held the spotlight of youth's attention. In the last hundred years, however, invention has intrigued the interest of more and more American boys. Unfortunately a keen interest in something spells relative indifference to something else, and engineering has hid government in almost total eclipse.

**History's Very Heart**

John Tyler was President a century ago. In 1844 Louisa M. Alcott was ten, enjoying the placid childhood she so beautifully preserved in print. But wait . . . the people were agog that year at the world's first telegraph line, one ticker in Washington and another in Baltimore. Little boys were eagerly fattening their noses against window panes to see that new invention, a bicycle, pass by.

These five generations of high, scientific achievement are not to be despised. In them, our wage levels and national income have made America the envy of a mercenary world. But the foundation for all this was laid between George Washington's day and John Tyler's. The science of self government must regain its rightful place in the field of learning if we Americans are to hold up our living standards. Our youth must better appreciate the rights and privileges of citizenship, its cost and its value.

Mrs. Eulee McPherson left last Friday to visit in Plainview with her uncle, Jake Finney, Mr. and Finney returned home with her yesterday to have Thanksgiving dinner in the Dave Finney home.

**Texan's Share In War**

Texas fighting men of the famed 36th division grow furious when they hear predictions that "the war is just about over." They know better, and tell an authentic story that graphically proves their point.

When the "Texas Division" went in at Salerno, the men were told that little opposition was expected and that they would be able to conquer all Italy in less than three months.

But at Salerno beach they were met by a withering fire of rifles, machine guns, mortars and artillery, and many Texas boys made the supreme sacrifice. The predictions of a quick victory just made the whole thing more pitiful.

Incidentally, that prediction that Italy could be conquered in three months was made exactly 14 months ago, and Americans still are dying there. So the men of the 36th get fighting mad when they hear predictions that "the war is just about over."

When Capt. Faraon J. Moss, public relations officer of McCloskey General Hospital, spoke before the Austin Lions club recently as guest of State War Chest Manager Wayland D. Town-er, he took with him two Texas heroes of the 36th, Corp. Richard Reno and M/Sgt. Bill Wasko.

Reno and Wasko were more than frank in letting the Lions know what wounded service men think of those who encourage "let down" rumors on the home front. They don't like civilians who sell their war bonds, either!

"Home was never like this!" That is probably what Willie Muzny of Galveston is thinking these days, as he lives in a sandbagged for-hole in France. The army recently released a photograph showing Willie's battlefield home, with the Texas in the "doorway."

Kenneth Bennett of Pampa, Texas, who has seen much fighting in France, took time out to write a new military march, "Here Comes the Nineteenth!" Wick Fowler, Dallas News war correspondent, like it, sent it back, and soon it will be published and played on radio programs.

When Lt. Dan Gilmore's Flying Fortress exploded during a mission over Europe, the Luling bombardier experienced one of the war's most unusual escapes from death. He had just picked up his parachute when the blast came, and was hurled from the plane with the "chute in his hands. He fell 10,000 feet before he was able to slip into the harness and pull the rip-cord, but he finally landed safely only three miles from the German lines.

Another Texan who marked up a new sort of record was Pvt. Dan Castro of New Braunfels. Dan was advancing near Chateau Salins, France, when his rifle jammed at a crucial moment, with Nazis dead ahead. He grabbed a grenade and hurled it. Just as the grenade left his hand, a German 88 shell exploded, the blast hurling Castro into the air and wounding three of his comrades.

When Castro came down, he landed on a German "S" mine, which bounced him up into the air again.

Despite all this, and despite many wounds, he refused aid of litter-bearers and insisted upon helping other wounded men.

All of which proves that Texans really are tough. (Berlin papers please copy.)

Mr. and Mrs. Homer Craig and small son of Donaldsonville, La., have been transferred back to Brownfield. Mrs. Craig is the former Frances McPherson. Mr. Craig is with the Klaus and Ex-periment Company.

E. H. Boulter, Deputy State Superintendent of Education, was here this week inspecting all schools of the county.

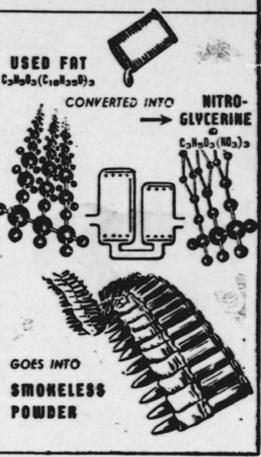

Mrs. M. B. Sawyer and Mr. and Mrs. Cye Tankersley and children attended the Passion Play in Lubbock Saturday evening.

Attending the Shriner's Convention the first of the week in Amarillo were Tom May, P. R. Cates, Everett Latham, Troy Noel, Fletcher Lewis and Sgt. Daniel Davis of Brian Army Air Field.

**LITTELL'S LIQUID**

An aid in relieving the itching that occasionally accompanies Minor Skin Irritations, Prickly Heat, Eczema, and the bites of Non-Poisonous In-secta. Price 50¢.

**USED FAT MAGIC**

**SPOT CASH**

Daughter: "What is alimony, mother?"

Mother: "It's a married man's cash-surrender value, dear."

Irate Customer: "When I put the coat on for the first time and buttoned it up, I burst the seam down the back!"

Tailor: "Yes, that shows how well our buttons are sewed on."

Pvt. Tress Key is now attending a gunnery school in Las Vegas, Nev. Pvt. Key is in the Army Air Corp.

Mr. and Mrs. R. S. Swindle and son, Raymond Earl, visited Mrs. Swindle's sister, Mrs. M. F. Ray and family in Big Spring for Thanksgiving.

## OF MY FINE DAIRY HERD

### MONDAY, DEC. 4, ONE P. M.

Owing to small fraction between production and sale of milk, I find I will have to close out my Dairy Herd, consisting of 26 Dairy Cattle, a few fresh and others to be fresh soon.

This Herd consists mostly Jerseys and a few Holsteins; also herd bull. Ask anyone who has seen my herd concerning its high quality.

Anyone having livestock or farm implements for Sale, bring them along.

**W. F. McCracken, Owner**  
 1 Mile East Brownfield On Old Lamesa Road  
**COL. KENNETH BOZEMAN, Auctioneer**

### Win 4-H State Honors

**SUPERIOR** records of achievement in 4-H activities have won 1944 State championship honors for three Texas club members. The winners, and brief outlines of their records, follow:

**John Kopczynski** (at right), 15 of Anderson, Grimes county, is named State entrant to be considered for sectional-national honors in the Sears-Roebuck Foundation 4-H Victory Garden Activity, which include a trip to the National 4-H Congress in Chicago, Dec. 3-6, and a \$100 War Bond. Seven State co-winners who also each receive a \$25 War Bond are: Eugene Ashley, Post; Billy Bacon, Jr., Cisco; Payne Royce, Bunker; Carlton Wilke, Wilson; Joe Millorn, Clyde; Billy Smith, Floydada, and Dennis Aacker, of Nazareth. The State winner has raised a Victory garden each year since 1942. The yield of his 1944 plot of 100x125 feet thus far is 45½ bushels and 1,415 pounds of vegetables. Practically all his family's food since 1942 has come from his garden.

**Alfred Neumann** (at right), 17 of Bigfoot, has been chosen to represent the State in the Firestone 4-H Soil Conservation Activity for consideration in the selection of sectional and national winners. His soil conservation achievements include mapping 170-acre farm he and his brother manage (father is dead). He drew 3 maps, one showing soil types, top soil depth, slope and erosion, and second showing crops planted for last 3 years, and fields in which he put fertilizer. A third map shows where fields should be terraced and pasture land cleared of timber and protected until good soil is established. Alfred has run contour lines himself, terracing one field. Will terrace whole farm and enlarge present dam near windmill. Five State co-winners who also each receive a \$50 War Bond are: Jeral Miller, Abilene; Clarence Lamensky, Rosenberg; Billy Moseley, Ranger; Durward Fuchs, Carmine, and Curtis Pardue, Dallas.

**Jackie G. Brock** (at right), 15 of Floydada, Floyd county, is the State's entrant for sectional-national honors in the William G. Mennen 4-H Farm Safety Activity. The boy's achievements in safety work include painting top and bottom cellar steps white and gasoline barrel red; picking up loose nails and broken glass, nailing down loose boards, removing poison drugs and matches out of children's reach, taping exposed wires, mending ladder rungs, pointing out accident and fire hazards to others, and effecting numerous other safety measures. Three State co-winners who also each receive a \$25 War Bond are: Laddie Sloan,\* of Estelline; Clarence Hausler, of Needville, and Allon Fonville, of Weatherford.

### Presbyterian Guild Met Last Monday

About 14 ladies met at the Presbyterian church Monday afternoon to hear the 3rd lecture of a series on "The Doctrine of the Presbyterian," given by Mr. Joe P. Murphy.

A short business meeting was presided by the president, Mrs. James King.

Mrs. K. Martin Kirschner is visiting in San Antonio with her brother this week.

### Farm Labor Situation In Terry Discussed

In discussing the farm labor situation, A. L. Hartzog, County Agent indicated that to date Terry county has more migratory workers than at any time in recent years. While the recent bad weather has caused some crews to return south, most of the smaller crews and some of the larger crews indicate that they will stay for several days longer. Most crews anticipate that recent frost will cause leaves to fall and that the cotton will open rapidly enough to speed up the harvest operation and that pulling will be better even than it has been in many fields.

While not everyone has had all the labor they needed it seems that most people with sufficient housing have been able to harvest the bulk of their cotton as it opened. The agent complimented a great number of farmers who have pooled their housing as well as their acreage in order to accommodate the large crews. This was a smart move on the part of growers and has enabled us to keep several large crews that were about to move to other areas to complete the season.

Bales ginned in the county to date show very little difference than this time a week ago due to the stoppage of harvest by the rain.

### Judge Says:

They won't have that dreaded winter on the Western Front, since Eisenhower has turned on so much heat.

Jaycees take notice: General Electric has devised a formula to make synthetic rubber out of sand. Call their attention to Terry county, for a location.

The Texas University, ain't going to let Washington get away with all the slimelight. They have even added another freedom to our famous four: "Academic Freedom."

The Germans can't eat much longer. They are down to Rhine now.

### PUZZLER

SEMINOLE, Okla. — An 80-year-old man, applying for a marriage license, was stumped when asked the given name of the 77-year-old bride-to-be.

He said he reckoned he'd better go and check up, adding thoughtfully: "Most of my wives have been named Mary."

Smith (answering Jones): "I can't, I'm washing my B. V. D.'s." Just here the operator accommodatingly remarked: "I'm ring-night?"

### Society

#### By Mrs. Walter Hord Local Girl Studying For Mission Work

Juanita Jo Brown, sophomore student in Abilene Christian College, Abilene, Texas, is a member of the Mission Study Class, meeting each Wednesday evening, before church services, on the campus of Abilene Christian College.

The Mission Study Class is organized for the purpose of establishing the young men and women in ACC to become better acquainted with the problems of preaching and gospel in the far places.

Juanita Jo is a 1943 graduate of Brownfield High School, and is the daughter of Mrs. Estelle Brown of Brownfield, Texas. In ACC she is a member of the Mel-pomenean Players, Girls Training Class, Ellen H. Richards Club, and 'Young Peoples' Meeting. She is a sophomore student in ACC, majoring in business administration.

#### Mrs. Hicks Entertains With Bridge Friday

Friday afternoon at 3 o'clock, Mrs. Tommy Hicks entertained with games of bridge in the home of her parents, Mr. and Mrs. Bob Bowers, on E. Tate Street.

Mrs. Earl Anthony, Jr., won a luncheon set for high and Mrs. Roy Wingerd won a Senton bowl as second high winner.

Refreshments were served to Mmes. Lawton Nicholson, Wingerd, Money Price, Joe McGowan, Truett Flache, A. A. Sawyer, O. L. Peterman, Glen Akers, Anthony, Dick Myers, V. L. Patterson, N. L. Mason, Clovis Kendrick, Tom Neely Bowers and Mrs. Grady Terry of Midland.

#### P. T. A. To Sponsor 6th War Loan Drive

The Jessie G. Randall P. T. A. met last Thursday afternoon for a short business meeting. The organization will sponsor the 6th War Loan Drive.

Mrs. Wilhite's room sang 3 songs. Mrs. Roy Wingerd talked on "Discipline Of Child For Future Responsibility." Miss Edith Creighton's room won the prize for having the most mothers present.

#### Herby Kendrick Is Honored On Birthday

Mrs. Spencer Kendrick honored her son, Herby, last Thursday afternoon from 5 until 6:30 o'clock with a birthday party.

Indoor games were played, and prizes were awarded in several contests.

Sandwiches, birthday bake and hot chocolate were served to Bobby Peterman, Barbara Ann and Patsy Stice, Bobby Latham, Gene Aven, Donnie Boyd, Earl Davis, Sandra Bailey, Rex and Max Black, Tom and Mac Hord, Billy Mack Herod, Lynn and Richard Sturgess, Lanny Webb, Deanna Tiernan, John Holmes, Ray Latham, Kenneth Lee Kendrick, and Sammy Kendrick and Herby.

#### Delta Hand Meets With Mrs. Mangum

Mrs. A. S. Mangum was hostess to the Delta Hand Club with games of bridge last Thursday evening in her home on East Tate.

Mrs. Burl Hahn won high score in bridge and Mrs. Mike Blair won second high. Mrs. Hahn and Mrs. Ed Mayfield were bingo winners, and Mrs. Crawford Burrows was given a guest gift.

A salad plate and hot drink were served to Mmes. Mayfield, Blair, Wayne Brown, Jack Benton, Hahn, Burrows, C. L. Aven and the hostess.

#### Mr. and Mrs. Aven Hosts With Dinner

Mr. and Mrs. C. L. Aven were hosts with a dinner last Friday evening honoring the employees and their families of the Terry County Lumber Company, in their home, 701 E. Broadway.

Mr. and Mrs. Lee Short, Mr. and Mrs. John Loyd and daughter, Margaret, Mr. Martin Line, Gene Aven and Mr. and Mrs. Aven were present.

#### Billie F. Finney Has Tripolee Party

Miss Billie Faye Finney entertained friends with a Tripolee party Friday night in the home of her parents, Mr. and Mrs. Dave Finney.

Light refreshments were served to Marion Wingerd, Alfred Mangub, Morgan Copeland, Lyn Crosby, Elizabeth Jo Anthony, Odell Quante, and Diana Ruth McIlroy.

Mr. and Mrs. Roy Herod attended to business in Seagraves and Seminole Friday.

Herald \$1. Per Yr. Terry County

#### Methodist W. S. C. S. To Have Luncheon

The Methodist Women's Society of Christian Service will meet at the Fellowship Hall next Monday at 1 o'clock at the church for a covered dish luncheon, with Mrs. Glen Harris and Mrs. Roy Harris as joint hostesses.

#### Breakfast At Sardies

Have you written your "Good Neighbor" letter to Mrs. N. L. Mason? Be ready to attend the breakfast at Sardies, here in Brownfield soon.

**Now! World's Finest Cup of Coffee guaranteed by the new Kent Automatic Timer-Filter**

Pat. Pend.

A sensational new development that enables even a child to make automatically, a perfect cup of coffee every time—delicious, clear, free from grounds, sediment or bitterness. It is a new exclusive type of filter that automatically times the brewing period and in that way assures the maximum extraction of the full, rich coffee flavor and aroma.

The Kent Automatic Timer-Filter, made 100% of fine glazed porcelain china, eliminates cloth filters, wires, cleans instantly—and will delight the palate of every lover of good coffee.

As water approaches boiling point, a powerful vacuum automatically opens Kent Timer-Filter and draws water into upper bowl where brewing begins.

With best vacuum reverse and Timer-Filter closes automatically. Coffee seeps into lower bowl through filter—slow delayed action—flow enough to assure maximum, rich coffee flavor and aroma—patented discs trap all coffee grounds and sediment!

**Exclusive with the NEW 1945**

## Kent COFFEE MAKER

Presentation Set

Copyright 1944 Kent Products Co. Chicago

**MODEL G-67-B**

**\$8.95**

OTHER SETS FROM \$4.80

Back 'em Up!  
KEEP BUYING WAR BONDS

**PIGGLY WIGGLY**

Back 'em Up!  
KEEP BUYING WAR BONDS

### Mon Says Call 30 If In Need Of Sheriff

Sheriff Joe Price, who resigned around a year ago to enter the army, has received a discharge at Ft. Sill, Okla., and is at home after about a year as a GI Joe, mostly as an MP at Lawton. He is also the sheriff elect. Having returned home, Mon Telford, a Vet. of War I, has stepped down, and says call 30 (that's Joe's number) if in need of the law, Mon is still deputy.

In printing parlance, "30" means finished, quite, tookout, and in some instances dead, signed off, etc. But in law parlance that just means a phone number. And evidently Mon has had his share of coming out of a good warm bed at all hours to answer a phone call for assistance.

So, Mon is just sicking you onto Joe now, for a change.

### Senator Elect Visits Here Last Monday

Sterling J. Parrish, newly elected state Senator for this district was a visitor in Brownfield Monday, transacting some legal business and conferring with constituents.

### More Waste Paper Shipped Friday

Judge Neill the "Paper Packing Papa" shipped out via army trucks about 5000 pounds of paper last Friday, which he had assembled at his home. This paper is brought in small quantities by the public, at their convenience, and the Judge spends several hours a week assorting and re-tying much of it, storing in a shack built at his own expense, until a truck load is thus obtained. This makes about 25,000 pounds shipped from here this year.

One of the two trucks from an Army Air base at Lubbock was driven by a WAAC. They also picked up a large load at Meadow. This compared favorably, with other and larger towns of the state and nation, and is an astounding index to the waste material in America.

Paper is still needed badly for government use, and Mr. Neill will continue to receive and ship all the paper the generous public will bring in.

We note that Lee Pool has resigned as county agent of Dawson county, to take effect Jan. 1. He has purchased a farm near Mulshoe, and is moving on it.

### Farm Census Coming Up Soon In Texas

It won't be long now before a census-taker will be knocking on the doors of farms and ranch homes of Texas. These census takers will be seeking information the government needs as it plans for agriculture after the war. . . Maybe you've forgotten, but the Census Bureau makes an agricultural census every five years. It's required by law.

Now that actual census-taking won't begin until January 1. But already the people who'll be calling on you are being trained for their big job. Texas will have two district census offices—one for Northern Texas at Tyler and one for Southern Texas at San Antonio.

Those who've looked over the farm and ranch schedule which will be used say it covers just about all agricultural operations. There are places for you to report all livestock production ranging from rabbits to bees to burros. Crop production will be reported, too.

By the way . . . if you have any doubts how the information you give will be used, we have this word from the Census Bureau: The census figures about your farm or ranch are strictly confidential. Only Census employees can see them. And the records for individual farms cannot be used for purposes of taxation or investigation.

E. C. Martin, assistant state agent for the A. and M. College Extension Service, says county agricultural and home demonstration agents will aid the census people in every way possible. He believes farm people, as busy as they are, will cheerfully cooperate to help provide a complete picture of the nation's agricultural at war. And here's one final tip. . . It's a good time now to begin assembling your farm records. You may need them soon in preparing your income tax return. And you'll also find them helpful when the census taker comes to your house.

### Sgt. Clyde Mayo To Be Here November 30

Sergeant Mayo, of Nevada, Texas, who will appear in Brownfield on November 30, 1 P. M. at the Court House square as a member of the 6th War Loan "GI Jamboree" Unit, is one of the oldest paratroopers in the United States Army. He left his Texas farm in April of 1942 to join the Army. He was sent to baker's school at Fort Sam Houston, Tex., and upon completion of his course was assigned to duty as a cook at the paratrooper's school, Fort Benning, Ga. Sergeant Mayo is a veteran of the last war and saw eight months service in France with the Rainbow Division.

Upon his arrival at Fort Benning, his first job was to convince his commanding officer that he should be with combat troops, and after ten days of arguing, he was assigned as a paratrooper. The 47 year old Sergeant went through the vigorous training of the paratroopers and on D-Day at 2:45 A. M. landed on the

### Weatherman Hits Terry With All 4 Feet

While the weatherman did not do his stuff so far as real old pinching cold is concerned, he let us know that Old Man Winter was already peeping around the corner, last week. And the people turned Herman Heath's gas a bit higher, put on a little heavier apparel, and a bit more "kivver" on the beds.

And it was just about the first time in the fall that we ever saw snow fall like rips for two days and nights, and green leaves on the trees, and some farmers have told us this week that despite the heavy frosts Monday and Tuesday nights, cotton leaves are still green except in low places. Some of the snow flakes were so large they looked like snowballs coming down.

And if the snow had stuck; if the weather had been ten degrees colder, we would have had 15 inches. Wet snow such as fell last Thursday and Friday is usually computed ten to one. In other words, a ten inch snow equals an inch rain. We had 1.46 inches to be exact, hence 15 inches of snow, which mostly melted as it fell.

That amount with the 21.71 inches reported this year up to last week, amounted to 23.17 inches this year, or about five inches over normal.

### MEMORIAL SERVICES FOR AIMEE SEMPLE McPHERSON

Special service in memory of the founder of the International Church of the Foursquare Gospel, Aimee Semple McPherson, will be held at the Foursquare Gospel Church, Lubbock Road and Ripley St. Brownfield, Sunday evening, November 26, at 8 P. M.

Our musical program will feature songs composed by Sister McPherson, which will include some of the outstanding sacred hymns of the present day. The musical program will be followed by the playing of Sister McPherson's last recording on the Doctrine of the Foursquare Gospel.

We extend a special invitation to the people of Brownfield and surrounding community to be with us for this special service in memory of the world's outstanding Christian leader. Rev. and Mrs. R. J. Kelly, Pastors.

Cherbourg Peninsula. The carrier plane in which Sgt. Mayo was riding was hit by anti-aircraft fire and landed 15 miles further inland than the rest of the group. The plane landed within 500 yards of a full German infantry regiment, but was not seen.

Mayo and several of the men were injured in this landing, but shortly thereafter established contact with the French underground who assisted them in returning to the American lines. It took them seven days to reach the American lines. Sgt. Mayo returned to his unit and served 15 days before he had to give up as a result of a back injury received in the initial landing.

He is now a patient in the Ashburn General Hospital at McKinney, Texas.

## JONES THEATRES

### RIALTO - RIO - RITZ

Brownfield, Texas
