

## Several Hundred Attend District Home Demonstration Meeting Here Monday

Over three hundred delegates and visitors, from 16 counties in this area, attended the meeting of the Texas Home Demonstration Association, District 2, held here last Tuesday in the First Baptist Church.

The president, Mrs. Leon Sullivan, of Red Oak, Texas, being absent, Mrs. C. W. Shaffer, vice president, of Lamesa, presided.

Following invocation by Mrs. H. E. Gillespie of Levelland, County Attorney Virgil Crawford, at request of the Mayor Frank Jordan, and County Judge Winston delivered addresses of welcome. Response was made by Mrs. Shaffer. An address, "Maintaining the Peace" was made by Judge Louis B. Reed. He was followed by a group from Floyd county, rendering two songs.

Miss Patsy Priest, winner of a 4-H scholarship, now attending Tech on same, spoke of her four years work.

Mr. William Galceran, with the National Cotton Council of Memphis, Tenn., addressed the gathering, stating the Cotton Council is on the offensive to maintain Cotton as King. Researching new uses of cotton are in process. That soon a textile will be had so cheaply that towels and sheets, after normal use, may be discarded like paper. He urged people to use more cotton goods.

Luncheon was served in the basement of the First Baptist church.

Counties represented by delegates, were: Bailey, Castro, Cochran, Crosby, Floyd, Gaines, Garza, Hale, Hockley, Lamb, Lubbock, Lynn, Scurry, Terry, Swisher, and Yoakum.

Sixteen Home Demonstration agents, including Miss Mozelle Reast, former HD agent here but now of Floyd county, attended.

Miss Kate Adele Hill, District Agent of College Station, was also present.

## Veterans of Foreign Wars Name Post For Twin Brothers, Killed

The Veterans of Foreign Wars was organized here Tuesday night at the Legion Hall, by Ollie Smith, District Organizer. The following officers were elected: Tommie Harrell, Commander; Owen D. Herron, Sr. Vice Commander; Cecil A. Hill, Jr. Vice Commander; Herman C. Gore, Quartermaster; Virgil Crawford, Post Advocate; Herbert Lee King, Chaplain; Joe Krecked, Adjutant. Trustee, 1 year term, Berince Blevins; 2 year term, Billy Furr; 3 year term, C. L. Lincoln. 43 members were enrolled.

Although many good names were suggested, they chose the name of "Hand Brothers" Post, in honor of Nathan and Virgil Hand, twins, sons of James J. Hand, a poor but honorable parent in the west part of town. These boys at the age of 18 enlisted in the U. S. Army at Ft. Bliss, early in the war. Virgil was killed in action in Italy in 1943, and Nathan in Germany in 1944, on the Normandy invasion. They were married, left a wife and child each, one born after his death. They also have two other brothers, Garnett, badly wounded, and John Edd, both now discharged.

All veterans who had overseas service are eligible for membership. New officials expressed thanks to the Legion for use of their hall.

## Gomez Baptists Announce Revival

The Gomez Baptist church is doing quite a bit of advertising of what they expect to be one of the best revivals their church has held in quite a number of years. The meeting is to begin Sunday the 21st, and continue over the 28th of April.

Rev. W. T. Sparkman of this city will do the preaching, and E. Otis Allen, of Morton, will lead the song services.

You are cordially invited to attend any and all services.

Lt. Com. B. C. Graves, former coach of Sul Ross College, Alpine, was the guest of Mr. and Mrs. Johnny Bost the past week.

## District Court Meets Out Three Pen Sentences

District Judge Reed in a one-day term of Court held here last Friday, accepted pleas of guilty, and assessed two year terms in the penitentiary to J. C. Williams, colored, for burglary of a store in the colored section; Russell C. Tyson for forgery, and Jaun Laurelez, a Mexican, for forgery. They also have cases pending at Levelland. They will likely be conveyed to Huntsville this week end.

The grand jury in session for the day, billed the above, and defendants accepted this speedy action.

Local officers also reported several cases among juveniles: McSpadden Grocery Store was broken into, and cigarettes, candy and gum taken, and though the cash register was tampered with, it failed to respond. An electric fan was removed from a T. N. M. & O. bus, while it was parked here early this week. Two boys have been arrested, one tried and paroled to his parents, the other case pending. Officers said one of the boys had a good job paying \$40.00 per week.

## Higginbotham-Bartlett Co. Extending Building

Though the lumber yards seem to have depleted stocks, the Higginbotham-Bartlett Lumber Co. here has faith in the future. They are extending their buildings and yards 150 feet west of the present structure.

Already completed a large concrete, loading platform, and will extend lumber sheds soon.

## Brownfield School May Lose State Aid

It was learned by school authorities early this week, that a recent ruling by the State Board of Education renders this district ineligible for State aid, because it contains a town of over 3600 population in the district, according to last census. It appears this is statutory limitation in the school laws. This will deprive this district of some \$19,000.00, mostly for transportation costs. The population of Brownfield according to the 1940 census, was slightly more than 4000. This sum will have to be raised from local taxation.

This is another one of those cases where our government is behind the times. Most laws, based on population, adopts the "last Federal census."

## Patton Opening New Station This Week

D. L. Patton opened the new "Pat" Service Station on Lubbock Road this week. This new station will be complete in every detail, and D. L. knows his gas, oils, cleaning and greasing business.

In addition to his line of Phillip 66 Products, Pat will handle a line of electrical and household appliances. He wants his old customers to see him at his new place.

## Early Day Barber Passes In California

Rich Bennett, 54, who spent some 13 years here after the railroad entered Brownfield, as a barber, died last Saturday. Also he was a member of the municipal band. His first wife died soon after he came to Terry county, and in 1923 he married his present wife who is the mother of Mrs. Gler Akers, of this city. He was afflicted with high blood pressure, and died suddenly.

After moving to California about 1931, Rich purchased a barber shop at El Centro, but later moved to central California. At the time of his death he was traveling for a fire extinguisher company.

In addition to his wife, Rich is survived by two brothers, Pete and Fox, in California, and H. M. of Meadow, and a sister, Mrs. Jordan.

## The First Band Concert Of Season Will Be Heard Saturday

On Saturday, April 13, on the Court House lawn, 3:00 P. M., will be given the first of a series of Band Concerts to be given through the summer months. Our new High School Band will give the concerts with our Band Master and instructor, Clifford Horn, conducting.

The scheduled concerts are sponsored by the Business and Professional men of Brownfield who are underwriting a band fund for the promotion and development of our school bands.

Mr. Horn has promised us outstanding concerts and we the business and professional men of Brownfield, extend to the citizens of Brownfield and surrounding territory, our many good customers, a cordial invitation to attend and enjoy these concerts. They are your concerts, planned for you, for your enjoyment and entertainment. Your attendance, your moral support and your enthusiasm will add to the enthusiasm and determination of the band members to work hard and become one of the best high school bands in the State.

Remember: First concert, Saturday, April 13, Court House lawn at 3:00 P. M.

## Calf And Pig Shows To Be Combined

Frank Szydloski was in this week and stated that next year the Junior Chamber of Commerce would sponsor both the Calf and Pig Shows, and that there would be two days devoted to the show instead of one. He remarked that while the Jaycees were well pleased with results this year, it is their intention to make it better and bigger next year.

More than \$500 was paid in premiums this year, and the fact that finished beef buyers were here to buy the cream of the crop shows that our Boys Calf Show is attracting outside attention, and that it is their ambition to make it better each year, Sid stated.

In fact, plans are already being laid for the 1947 show.

## Seaman Donothan Discharged From Navy

On March 31, Thomas Davis Donothan, Momm3/c received his discharge at Terminal Island, California. Donothan makes his home with his father, D. B. Donothan, who lives on route five. Before entering the service in Sept., 1943, he farmed some and was in construction business with Bell & Braden. He attended high school at Union.

He was overseas 17 months, stationed at Guam. He holds the Asiatic-Pacific, American and Victory ribbons. He expects to attend school, after a vacation at home.

The terrace is an age old device to combat erosion.

## Arnett Bynum For County Judge

Without any solicitation whatsoever from any group, organization or individual I make my announcement for the office of County Judge of Terry County.

However, to not mention the fact that I have had encouragement enough to more than justify this decision would be ungrateful to the many good people with whom I have discussed the matter.

I have lived in Terry County since 1907 and think that is long enough to live anywhere without ever having been County Judge. I have been called Judge (unofficial) for 38 years and I now think it is time to make it official.

If elected, I shall make all judicial decisions with common sense and understanding, also a goodly application of the "Golden Rule." The administrative affairs of your county is, as you know, primarily in the hands of your Commissioners, with whom I shall co-operate for the good and progress of Terry County.

My stock farming may make it impossible to see all the voters before election but it is my intention to see each of you, not just once but twice, because I am going to try to win clean and fair.

W. A. (JUDGE) BYNUM

## BAPTIST REVIVAL AT TOKIO ANNOUNCED

W. R. Benton was in this week to announce a revival at the Tokio Baptist church, to start Friday night the 12th and go over Sunday the 21st of April.

Rev. C. R. Mathis will do the preaching, Mr. Benton stated.

## Neely Reviews Progress of Boys' Calf Feeding Program

Last Friday noon at the Wines Hotel, Tom Neely, high school vocational agriculture instructor, told an interested group of Rotarians, their guests and visiting Rotarians of the progress that had been made by Terry county boys in the calf feeding program over the past several years.

Neely stressed the fact that the boys under his instruction were not being taught how to fatten calves purely for show purposes, but rather how to raise calves for commercial purposes and how to make the undertaking a profitable one. In this connection, he stated that the Jaycee-sponsored local Calf Show also worked along these lines by featuring dry lot-fed calves rather than milk-fed calves and calves fed by other methods which are virtually impossible to show a profit on.

Neely also revealed that more and more out-of-town buyers are attending the show each year. Guests were Douglas Meador, well-known editor and columnist of Amarillo and Matador and Lt. Col. Lance Turner, son of Rotarian A. W. Turner.

Visiting Rotarian was F. H. Van Cleve, secretary of the Waikiki, Hawaii Rotary Club.

## Farmers Co-Op Elects Directors

At their regular meeting held in the Courthouse, Tuesday afternoon, the Farmers Co-Operative Association of Terry County, elected Earl Brown and L. L. Blackstock to the board of directors for the ensuing term. J. J. Gaston, who because of failing health, could not attend, was elected honorary director for life.

Roy B. Davis, manager of the Co-op Cotton oil mill at Lubbock addressed the meeting. Jesse Smith, president, presided, and Wood E. Johnson is secretary of the association.

They have under construction another tile building on their grounds.

## New Dentist Opens This Week

Installation of two dental chairs, with X-Ray machine and other modern equipment, has been completed early this week, and Dr. W. A. Roberson began work Wednesday in his offices on the first floor of the Neill Building, just north of the hospital.

He will be assisted by Miss Mary Jo Jones as receptionist. The rapid increase in population of this city amply requires the services of another dentist here.

## H. D. Egg Display Here Saturday

A picture will be taken of a pre-Easter display of eggs assembled on the court house lawn next Saturday afternoon by the home demonstration club women of Terry County. Each member is asked to send or bring one dozen fresh eggs for the display. The meeting of the home demonstration council will be held in the district court room following the taking of the picture.

## First Aid Instruction Course Begins Monday

Lewis Simmonds announced this week a course in first aid instruction would begin at the Legion hall next Monday at 7:30 p. m., and continue through the week.

A representative of the Red Cross, from St. Louis, will lead the teaching. 15 from Terry, 5 from Hockley and 2 from Yoakum are already entered. Any one with an advanced course may attend. The course is free.

### Dan Davis Buys Out Christopher And Hart

It was announced this week that Dan Davis had purchased the jobber interest of Ray Christopher in the Cosden Petroleum Co., and the retail station of Christopher and Hart, retailers of Cosden Products. Dan is not a new man here by any means, having been in business prior to entering the service.

So, we expect Dan to put over these businesses in a big way. Messrs. Christopher and W. O. Hart made no announcement of their intentions for the immediate future.

### Ches Gore's Name Not In Announcement Column

Ches Gore was in Friday and wanted to know why we had never put his name in the announcement column? We would have sworn it was there, but it was not. So, the explanation is pure carelessness, laziness and cussedness all combined.

Of course Ches had the usual grin on his face. He wasn't mad. But he had paid his announcement fee just like the rest of you, and he was just as entitled as you to have his name run until election time in these columns.

Thanks, Ches, for calling our attention to this boner.

### Arnold Burnett Discharged From Navy

After spending 2½ years in the army, Arnold S. Burnett got his discharge Tuesday, and came home from Ft. Bliss the same day. His wife and baby have been making their home here with his parents, Mr. and Mrs. F. M. Burnett.

Pfc. Burnett spent most of his time in the USA, guarding German prisoners, but made one trip over the Liverpool, England, with a boat load of prisoners. The boat then landed at a French port, where returning American soldiers were picked up and brought home.

### Rentz D. Romans Joins The Army

Rentz D. Romans has this day decided to take a good job with the U. S. Government, by enlisting in the Regular Army for 18 months. Mr. Romans is the son of Mrs. Maudie Romans of Tokio, Texas. He went to school in Plains and lettered in football and basketball. He joined up for experience and training.

Pvt. Romans enlisted in the US Army Sub Station at 605 west Main, this city.

### SPRING TRAINING STARTS ON LOCAL GRID

Coaches Crites and Bishop lined up about 60 boys this week, and began spring training for the football team next season.

While its too early to predict, they expressed belief they would develop an excellent team for the opening season next fall.

While building got off to a slow start in January and February, it has been accelerated in the past two months, and at the present rate, building and repair permits should easily pass a million dollars by December 31st, this year. The only thing that could possibly hold us short of that figure is lack of building material.

In conversation with Tommy Zorns, city secretary, at the city hall, Wednesday, he gave us the figures quoted below. Will state that Tommy has figured out a much better system of keeping permits separate. That is, business, residences and improvements, and from this on, such information will be at his finger tips.

Below, we give the approximate number of permits, each in its division, as well as the total cost for the first three months of 1946, and up to April 10th:

January	Kind	Cost
6	residences	\$20,000.00
5	businesses	25,500.00
1	improvement	1,000.00
12		46,500.00
February	Kind	Cost
8	residences	38,000.00
4	businesses	13,500.00
4	improvements	4,000.00
16		55,500.00
March	Kind	Cost
21	residences	74,900.00
8	businesses	46,500.00
8	improvements	7,700.00
34		129,100.00

Total 1946 permits 79.  
Cost \$265,400.00.  
Of course the above figures represent only the estimated cost. So far as we know, no one has ever built anything that came within the estimated figures. Ask GWN.

## Announces Vets Home Loan 'Plank'

Jerry Sadler of Longview, candidate for governor, has announced the first plank in his platform. It is the G. I. Memorial Act. The act would "create a State Insurance Corporation to insure the down payment and loan on homes, farms and ranches for veterans of World War One, World War Two and all Texans who are financially unable to own a home, or the soil on which they toil for a living."

## Many Promotions Earned By Boy Scouts

Brownfield Troop No. 74 of the Boy Scouts, led by Ralph Bailey, awarded many promotions at their Court of Honor held here Monday, as follows:

Unionism took a pretty severe licking at Lubbock in the city elections last week. Not perhaps because of anything out of the way that union workers at Lubbock have done, but it shows the trend of public thinking. In other words, the long suffering public has taken it on the chin at the hands of striking unions and stiff backed management, so that either side of those long drawn out controversies are an ache and pain in the body politic. So, anyone that pops up out here in this strictly agricultural section, that has a union or management leaning, gets the ax where the chicken got it. You have to pour it on hot and fast to wake the public, but when Mr. Public does get his ire up, he slings in ballots in opposition like nobody's business.

The men sent here by the war department to run the local auxiliary army recruiting station, are not laying down on the job. They do not just put their feet on the desk and wait for 'em to come in. They go after them in all the latest methods, including paid advertising by sponsors among the business men, and they are getting results. We now have a new man on the job, but he is hitting the ball while the sun shines. The army realizes that if the draft is stopped,

we are going to find ourselves with a very small army to help police the world until real peace is restored.

We are not going to have a lot of editorials this week in view of the fact that both the senior and junior editors have an intention of attending the Panhandle Press Association at Amarillo, Friday and Saturday. So, we have let Col. E. E. Hill, of the Tahoka News and Clyde Warwick of the Canyon News, write most of our stuff. They are such accommodating guys. But right at this time, it looks like it is going to be business before pleasure. In other words, work stacked in until it may forbid our getting off to the press convention. Dadgumit.

Press reports Sunday stated that American and British forces in Germany had discovered an underground plot by Nazi fanatics to regain power and re-establish Nazism in Germany. A thousand of the alleged plotters had been rounded up and taken into custody. Most of the plotters were young fellows. We can understand how ambitious scoundrels might seek to impose a form of democ-

racy on the masses for their own aggrandizement but we cannot understand how the masses themselves would fanatically favor any system of government that would practically make servile slaves of them — and that is what Nazism does. It seems to us that any sensible, intelligent people would prefer a democracy to any form of autocracy at any time. Even Nazi fanatics who think that through Nazism they may regain power and again lord it over the other nations around them must be light in the upper story. But we guess that we are going to have to keep a tight rein over those Hitlerites for some time yet before we can trust them to settle down and behave themselves. — Lynn County News.

### WHITE DEER REVIEW OFFERED FOR SALE

W. W. Simmons, editor and publisher of the White Deer Review, announced in last week's issue that his newspaper was for sale, and unless a deal was made after this week, he would be forced to suspend publication on account of bad health. Mr. Simmons has been unable to obtain help, he stated,

and could not work himself any length of time without having to stop and rest. It is hoped that some arrangement can be made whereby The Review can continue publication.—Miami Chief.

E. I. Hill in the Lynn County News: Dr. Homer P. Rainey, candidate for governor for the past year or two, made a speech to the "Young Democrat" down at Corsicana last Saturday and urged that the voting age be reduced from 21 to 18 and thus remove the "disfranchising shackles" from a lot of youngsters. Why not reduce it to 15 or maybe 12, Professor, and thus remove a lot of "shackles?" Why do you want to keep the 15, 16, and 17-year-olds shackled?

A few weeks ago The News was elated to receive word that we would receive about the first of November the new linotype which we ordered almost a year ago. Now we have word that the linotype plant is tied up in a strike, because some small part of the organization which belong to some branch of some union that has something to do with the manufacturing plant had walked out. As a result a pickett line is thrown up around the plant—and no good union man could dare desecrate the sacred soil trod by the picketts. Therefore, the entire plant is sewed up; our new machine may be gathering dust; and if either of our present machines breaks down it will be out of commission so long as the strike continues. You understand that when a pickett line is run around a plant not even the owners can enter the plant to do the ordinary run of business. And our noble government stands back of all such damnfoolishness while the public suffers.—Canyon News.

### Behind the Scenes in American Business

By John Craddock

New York, April 8—In another two months the world will have a much better idea whether it will have very little bread or nearly enough. By that time fairly accurate estimates should be available on wheat production. Wheat is harvested throughout most of the year in some sections of the world, but July and August are the critical harvesting months when the fate of about 75 per cent of the world's production is determined. Southern hemisphere

crops were harvested in December and heavy-producing Argentina reports only about 25 million bushels for export to Europe against a normal 200 to 250 million. The reason: Acreage was reduced during war years to match lower export demand. North Africa will begin harvesting in another couple of weeks and Spain in May. Crop reports from that section are better. Early in June southern and central Europe will begin harvesting. Texas wheat begins to come in during June and reapers gradually work their way north, reaching Canada in August. But June should give a fairly accurate idea of how the world's bread basket will look next win-

### Old Age Assistance Not Social Security

John Palmer, Social Security Board Representative will be in Brownfield at the U. S. Post Office at 9:00 a. m., Thursday, April 18, 1946. He is in Brownfield one day each month for the purpose of answering any questions people may have on Social Security; discussing possible benefits and taking claims from persons who may be entitled to benefits, and of taking applications for Social Security account number cards.

If you reach 65 and aren't eligible for old-age and survivors insurance benefits, the nearest office of the Social Security Board will tell you how much longer you will have to work to be insured. However, you don't have to keep on working sick or well. There is another program for old folks under the Social Security Act. It is called old-age assistance. Under that program folks 65 or over, who haven't been able to acquire insured status under old-age and survivors insurance, either because they didn't work in covered jobs long enough, or because they couldn't work at all — can get monthly payments if they are in

need.

Well, what's the difference between old-age and survivors insurance benefits and old-age assistance payments? The difference is this:

Old-age and survivors insurance benefits are insurance. You get them because you have worked long enough under the program to become insured. It doesn't matter whether you need the benefits or not; you get them anyway, regardless of need. And the amount of your benefit depends on your "average monthly wage" in covered jobs and on how long you have worked under the system.

Old-age assistance, on the other hand, is all tied up with the question of need. You can't get monthly old-age assistance payments unless you are in need. So get the

## SIDELIGHTS From Washington

By George Mahon

On April 12th I plan to appear before the House Committee on Education in behalf of legislation to expand the vocational training programs in the high schools of the Nation.

Aside from the over-all national requirements, there is a need for the re-opening of the 24 Vocational Agriculture Departments that were closed in our own Congressional District by reason of the war. Additional units are also being sought for other high schools in our area.

A number of additional Homemaking Departments are also needed. In fact, in the State of Texas it is estimated that more than 400 additional Homemaking and Vocational Agriculture Departments are required to complete the vocational training set-up in the high schools.

Texas schools have shown tremendous interest in vocational training. In the high schools of our 25-county Congressional District there are 51 Homemaking Departments and 36 Vocational Agriculture Departments now in operation.

Our Congressional District occupies a high place among the 21 Congressional Districts of Texas in the field of vocational training and in the number of vocational training departments. In the number of Homemaking Departments, we share top honors with Congressional District No. 7, represented by Tom Pickett of Palestine, which also has 51 Departments. In the number of Vocational Agriculture Departments, we rank No. 3 among the Congressional Districts. District No. 21, represented by Fisher of San Angelo, occupies first place, and Pickett's District occupies second place.

Vocational training departments in the schools are financed under a system of State and Federal co-operation, the system having been in operation since 1917. Benefits that have accrued to the Nation are immeasurable.

The chances are excellent that Congress will approve the bill for additional cooperation with the States in vocational training and that many new departments will be placed in operation in West Texas schools when the new terms open next August and September.

Congressman Adam Powell, the colored member from the Harlem District in New York, created quite a flurry in the House of Representatives a few days ago. He offered an amendment to an appropriation bill for the District of Columbia which would have put an end to the time-honored practice in Washington of maintaining separate schools for the white and colored children. After a half hour of heated debate, the vote was taken. Congressman Joe Martin, the leader of the Republicans in the House, and 48 other members, about evenly divided between the Democrats and Republicans, voted for the Powell amendment. The rest of us who were on the floor at the time, 122 in number, voted against the Powell Amendment. We voted to continue separate schools for white and colored children.

There is no likelihood that Congress would tolerate the consolidation of schools for the white and colored children in Washington, and Congressman Powell did a disservice to the cause of racial understanding and good will by offering his amendment. It should be pointed out that the same high standards of service apply in both the white and colored schools.

Of the 88,000 school children in Washington, 39,000 are colored.

Mrs. Rudolph Gracy left Thursday by plane to join her husband, Lt. Gracy in Miami, Fla.

Rev. and Mrs. Joe Murphy were in Abilene, Wednesday and Thursday to attend a meeting of the Presbytery and Presbyterial. Mrs. P. J. Ferguson attended Wednesday.

## Candidate For Governor Speaks Here

Caso March, of Fort Worth, candidate for Governor of Texas, spoke to a large audience on the street here last Saturday evening.

His main plea was to repeal the ad valorem tax and place same on minerals, especially gas, and repeal maximum limit on old age pensions, and more rigid controls of public utilities.

He is a combat veteran from the Pacific, and is 35 years of age.

### A Policy Is Needed

When we can stop talking about labor's gains—business' gains—and social gains—and are able on the record to talk about the public's gains, the ghost of special privileges will cease to be a menace to a free economy and a free people.

The only answer to the problem is legislation. A few years ago the public was not much concerned—the feeling being that labor strife and malpractices presented issues to be solved by management alone.

Now, however, it is becoming apparent to all that many union practices restrict efficiency and production, and thus result in higher prices to consumers and fewer jobs for workers—to the detriment of organized labor as well as all workers and consumers.

There should come from Congress a national labor policy based on equality and responsibility. Labor would become a more constructive force if the recommendations of the management delegates to the President's Labor-Management Conference were enacted into legislation.

In the long run, labor's leaders themselves would recognize this gain. And Congress would gain, too—nothing it could do would be better calculated to restore the prestige and eminence it has lost before the onrush of bureaucracy in recent years. —Nacogdoches Dailey Sentinel.

## Garden And Conserve To Save What We've Won

Latest reports from all parts of the world show that the food shortage in Europe and Asia has developed into an international crisis, far worse than was indicated three months ago. The situation calls for immediate, decisive action. Drastic measures are being taken by our Government and by the United Nations, but every citizen in this community, county, state, and nation must help if we are to prevent mass starvation in the rest of the world.

Our pledge to those countries in need comes from the Secretary of Agriculture, Clinton P. Anderson, as follows: "We shall do all that is humanly possible to keep faith with the starving people of other nations by making available as much of our food as we can possibly spare. How much we can spare is up to the people of America. Up to you and me as individuals. Every family must bear a part of the burden by conserving food in every practical way and by raising a Victory Garden if it is possible."

During the war years, the American people have done a most magnificent job of producing food in their own backyards. There were 18,000,000 last year. There is no way of determining the true value of this program, but we do know that it was of tremendous benefit. To no less extent is such a food production program needed in 1946.

In almost every county in Texas there are county agricultural agents and home demonstration agents. They are trained and have the information on how to grow a garden in 1946. Go to them for information on gardening. Offer the assistance of your club or organization. "United effort" still is

he answer.

Is there still a Victory Garden program? Secretary Anderson says, "Why change the name? The war is over but the Victory is not complete and will not be complete until the wounds have been healed, the good earth is in full production again, and the starving victims of the war are eating regularly."

Last year Texas gardens numbered in excess of 1,000,000. In the face of higher food prices and reduced supplies of many food items, should we not continue growing this healthful type of food?

The American diet is made up of approximately 300,300 calories. One pound of lima beans from your garden will produce 595 calories, green snap beans 190 per pound, sweet corn 510, and Irish potatoes 385. In other words your garden can and will produce your per day quota of calories if you will give it a chance.

Mr. G. B. Hard, of Shallowater, father of Miss Graham Hard, who is home management supervisor of Brownfield, died in a Lubbock hospital Tuesday morning after a two weeks illness. Funeral services were held Wednesday afternoon at three o'clock at the First Methodist church in Lubbock.

Mr. and Mrs. R. L. Bowers and Mr. and Mrs. Tommy Hicks met Ensign M. C. Bowers in Lubbock Sunday. He will be here for a fifteen day visit as he is being transferred to San Francisco and has a delay enroute.

### Frank Baker Cox To Receive Discharge

Sgt. Frank Baker Cox, son of Mrs. Mary Cox, is expected to receive his discharge from the Army within the next few days.

Entering the service in September, 1943, Cox was transferred to William Beaumont General Hospital in November, 1943, an Army hospital at El Paso, and has been stationed there ever since.

Cox was recently honored by his station newspaper by being named "Man of the Week," a feature regularly appearing in that publication.

Graduating from Brownfield High School with the class of 1943, the Sergeant plans to resume his education by entering college and studying business administration.

He was in Brownfield over the week-end, visiting his mother.

Mr. and Mrs. Walter Bond and son, Wally returned Monday from San Antonio, where they have been the past two weeks, while Mr. Bond was getting his discharge papers from the army. They plan to make their home in Houston soon.

Mr. and Mrs. Ray Hailey left Wednesday to visit relatives in Seymour.

Mr. and Mrs. Virgil Burnett and Mr. and Mrs. J. L. Newsom were in Lubbock Thursday on business and shopping.

Mr. J. T. Auburg and Charles Auburg spent the weekend in Amarillo and Turkey visiting Mr. Auburg's sisters.

Little John Ervin Griggs, of Monahans is here visiting his grandparents, Mr. and Mrs. J. H. Jenkins.

Mrs. E. A. Graham and daughter, Twilla left Wednesday morning to spend several days in Ft. Worth.

### Wilson Copeland Takes Position With Brother

Wilson Copeland, a recently discharged First Lieutenant in the US Army, has taken a position with his brother, Lal Copeland, of the Copeland Hardware. He was in the army three and one half years, two of which was spent in Italy.

Mr. Copeland married a Seagraves girl, Miss Wilma Cunningham. We welcome these new folks to Brownfield.

### WELLMAN JUNIORS TO PRESENT PLAY

The Junior Class of Wellman High School will present their annual play on Thursday night, April 18, 1946. The public is invited to come out and enjoy an hour and a half of one of the outstanding comedies of the year in the play "It's Tough To Be Rich." The class promises to keep its audience laughing from the opening at 8:15 until the close at 10:00.

Clarence Livesay  
Class President.

### One Short Too Many

Last week the Old He, while re-checking through a list of names, pertinent to our business, ran across two named "Short" with such similar initials, we sensed perhaps an error, which seldom happens in a newspaper office, and asked of the force if there were two Shorts in town.

They assured me there was, Les and Lee. GWN, who had just paid off a labor bill, standing nearby, looking down his nose but listening in, drolled sadly, "Yes there are two here now, and there will be three when I get through paying for this darn building next door."

Mrs. J. L. Denton, of Andrews, and Weldon Melody, of Texas Tech were weekend guests of Mr. and Mrs. John A. Bost.

Mr. and Mrs. Johnny Barrera has just recently moved to Brownfield. Mr. Barrera who has just recently gotten out of the army, is employed in Thompson's Cafe.

## Trying To Get Away From The Coast

There were no storm warnings out at Corpus. It was clear and bright and hardly a ruffle in the waves of the bay, but time was running out on Herman, who had to be back in Brownwood Friday night, as we have stated before. And as stated before, we were all, Terryites and ex-Terryites domiciled for the night with another ex-Terryite, Mrs. Donald (Brown) Hill. That woman can always find another bed somehow. And so we started in on you folks back here at home. It was a little cool that night, as the Panhandle had sent a fresh norther in on the south Texas area.

But it was just right to sit by a fire and hound our old friends. As we could think of nothing very mean to say, we just discussed their good points—if any. After a good night's rest, and a whaling good breakfast with a steaming pot of coffee to wash it down, we were all ready to see the sights of the city, after the kids were off to school. And we did that place upside and downside, sideways and middle. Herman spent most of his time at the docks looking at the boats—his hobby.

The rest of us just "driiv" and looked, until the noon hour, when we all got together for lunch at the Seaside Cafe, where they specialize in sea food. Let us say those cooks know their okra when it comes to preparing food from the briney deep. We might state right here that Corpus is going to show one of the biggest if not the largest percent population gain from 1940 to 1950 in Texas. Watch our prediction.

After a rest, we hit the road for San Antonio, going a new route to us, via Sinton, Beeville, Kennedy, Karnes City and Floresville. And like at Corpus, we did not care whether Mr. N. O. Vacancy had a favorable sign out or not. The Old He had a niece, Mrs. Don French, and Mrs. S. had a brother, Roy Holden, and both had nice homes with plenty beds. After a night's rest, Herman got passage on to Brownwood to toot his sax that night. The rest of us remained over till Sunday.

Will see what we saw in SA next week.

P. S. Also the folks had plenty to eat as well as beds.

## WELLMAN HD MEETS AT CAFETERIA

At a meeting of the Wellman home demonstration club, April 5 at the Wellman cafeteria, Mrs. Leo Hawkins was program leader. She gave a book review on a book that she had read and also what books were good to read. Mrs. Leo Hawkins was appointed clothing demonstrator. The next meeting will be April 19. Miss Dunlap will meet with the club on that day.

## Seniors Entertained With Party At Baptist Church

Among the memories the senior class will carry with them is the wonderful time they had at the party given for them Tuesday evening at the Baptist church by the Women's Missionary Union.

Greeting the guests at the door were Rev. and Mrs. A. A. Brian, Mrs. H. B. Grant and Mrs. C. P. Henderson. Mrs. J. R. Watson registered them in a guest book.

Mrs. Grant began the program with a welcoming address, which was answered by Alfred Bond, president of the senior class, Mr. Lattimore Ewing, of Lubbock was engaged as an entertainer and kept the guests enjoying themselves throughout the evening with his many games and stunts. He also gave a short talk on Christian Education. Rev. Brian closed the program with a prayer.

The senior colors of green and white were carried out on the refreshment table which was laid with a white linen cloth and centered with an arrangement of white carnations flanked with white candles. Wide streamers of green satin ribbon ran from the candle holders to the corners of the table. White napkins with "Seniors of 46" monogrammed in green further carried out the color scheme. Green punch and white cake squares were served by Messdames C. E. Ross, R. M. Moorhead and K. W. Howell.

70 guests including the seniors, senior sponsors and members of the high school faculty, were present.

BEATRICE PHARR AND JACK NELSON EXCHANGE VOWS

The marriage of Miss Beatrice Pharr, daughter of Mr. and Mrs. J. D. Pharr and Jack Nelson, son of Mr. and Mrs. Joe Nelson, of Lubbock was solemnized Friday, April 5th at 7:30 o'clock at the home of the bride's parents.

The double ring ceremony, performed by Rev. Joe Murphy, was read before an improvised arch of pink and white snapdragons and fern. Baskets of pink gladiolus and white lillies and white tapers in candelabras flanked the arch. Mrs. Val Perry of Spur, sister of the bride, lighted the candles.

Mrs. Walter Breedlove played the traditional wedding marches and "I Love You Truly" softly throughout the ceremony.

The bride, given in marriage by her father, wore a powder blue suit with white accessories and a purple orchid corsage. She carried out the tradition of something old, something new, something borrowed and something blue by wearing a pair of gold earscrews borrowed from her sister, Mrs. Randolph Hyman, an old necklace belonging to her mother, and a new white linen handkerchief. To bring her luck, the matron of honor placed a penny in her shoe.

Her attendant was her sister, Mrs. Randolph Hyman, who also wore a blue suit with white accessories and a corsage of white gardenias. Mrs. Hyman carried the groom's ring on a small white satin pillow trimmed with pink lace.

Mr. Tom Purtle, of Lubbock, was best man.

Following the wedding a reception was held in the home of Mr. and Mrs. Pharr. The lace covered table was centered with an arrangement of white and pink carnations flanked with white candles. White napkins with "Bea and Jack" monogrammed in gold were

used. Mrs. Fred Lowe, sister of the bride, presided at the punch bowl and Mrs. Beshar, sister of the groom served the three tiered wedding cake, which was topped with a miniature bride and groom under an arch.

The couple left immediately after the reception on a wedding trip to Red River, New Mexico. For traveling the bride wore a marine blue suit with black accessories.

Mrs. Nelson is a graduate of the 1943 class of Brownfield High and prior to her marriage was employed as bookkeeper for the Nelson Lumber Co., in Morton. Mr.

Nelson is a graduate of the Lubbock High School and of Texas Tech.

The couple will make their home in Morton for the present.

Guests at the reception were: Mr. and Mrs. J. D. Pharr, Mr. and Mrs. Joe Nelson, of Lubbock, Mr. and Mrs. Tom Purtle of Lubbock, Mr. and Mrs. Fred Lowe and daughters, Mr. and Mrs. Val Perry and children of Spur, Mr. and Mrs. Randolph Hyman and daughters, Mr. and Mrs. Beshar and daughter, of Levelland and Miss Geraldine Pyeatt.

### Wayland College To Build New Dormitory

A special called meeting of the board of Trustees for Wayland Baptist College in Plainview, Texas, on April 2, 1946 authorized its Building Committee to award a contract for a dormitory for men. The building will house eighty-eight men and is to be constructed by Neill Singleton of Amarillo from plans drawn by architects Emmett F. and James F. Rittenberry of Amarillo.

The building will embody unique features in that each eight men will have complete living quarters including rooms for each two with adequate storage closets, and a living room for the group. The building will have eleven such units besides the reception rooms and living quarters for the matron.

This is the first of a group of buildings planned in the current enlargement campaign for the college, and when the campaign is complete there will be adequate facilities for hundreds more students.

Mr. and Mrs. Sonny Walls spent Sunday in Odessa visiting Mr. and Mrs. A. E. McCarver.

### Dr. Cox Advises Taking Typhoid Shots

Austin—If you have not been vaccinated against typhoid fever within the last two or three years, Dr. Geo. W. Cox, State Health Officer, advises you to go to your doctor or to the nearest health officer and have him give you the three "shots" that will protect you against the disease.

"The three shots that will protect against typhoid are given at intervals of one week apart," Dr. Cox stated. "As it takes some time for the protective treatment to be established throughout the system, it is wise not to delay in having it done. My advise is, have it done now so that immunization may be complete before summer arrives and vacation trips are taken."

This advise was addressed particularly to Boy Scouts, Girl Scouts, and other youngsters who are looking forward to spring and summer hikes and trips. It is, however, meant also for others, young or old, whose business or pleasure during the summer will take them to places where there may be doubt as to the purity or safety of the water supply, or as to the care with which food is handled.

The old adage that "an ounce of prevention is worth a pound of cure" is particularly applicable to this disease, which is so dangerous and debilitating when it does occur, and which can be prevented so easily through immunization.

### Santa Fe Reports On Texas Crops

While little moisture has fallen in northwest Texas during the past month, wheat is looking good, and with favorable spring weather could produce a normal crop. Summer fallow wheat, comprising a third of the total acreage, is quite promising, but more moisture is badly needed and the sooner it comes the better.

Very little wind damage or winter killing has taken place anywhere in the northwest, and acreage abandonment is small, probably less than 5 per cent. Wheat and other small grain elsewhere in the state are in good condition, marred only by reports of considerable green bug activity in the northern section.

Farmers in the northwest have prepared most of their land for spring crops but moisture is necessary before planting time. They plan an increase of 5 to 10 per cent in grain sorghums, and some increase in sudan grass and other feed crops.

Potato planting is underway in this section, with an expected acreage increase of 10 per cent, and sugar beet planting will start early in April.

Potato planting is underway in this section, with an expected acreage increase of 10 per cent, and sugar beet planting will start early in April.

### FATS FROM COTTON NEEDED

Appeals by the President's famine relief committee for fats and oils conservation indicate the critical need for increased cotton production to supply cottonseed oil and feed products. Larger fat and feed production can be achieved certainly and quickly by quickly producing more cotton in 1946.—Texas Cotton Production Committee.

### DUSTING PAYS \$59.78 ACRE

In 1945 Jess Radle, Texas cotton farmer, made \$59.78 an acre by dusting his cotton crop. By making five to seven applications of calcium arsenate to control the boll weevil and two applications of DDT-sulphur dust to kill the boll worm, he increased his yield 391.6 pounds of lint cotton per acre.—Progressive Farmer.

### MORE COTTON INCENTIVE

Because of less acreage and smaller yield, stocks of cotton and its by-products have dwindled greatly—so much that people in every community are suffering today for need of cotton and cottonseed products. There is even more incentive this year for farmers to plant more cotton than in the past—Magnolia, Mississippi, Gazette.

### COTTON BEFORE CORN

Alabama farmers who plant cotton ahead of corn are making better yields of both crops. Most farmers plant corn first, but this causes corn to be too early and cotton to be too late to take advantage of most favorable conditions.—Alabama Extension Service.

Mrs. Cotton Neely and daughter, Jan, left Sunday to visit Mr. and Mrs. Tom Neely in Sayre, Oklahoma, until after Easter.

### Tech To Build 3 New Dormitories

Lubbock—Contracts for construction of four new dormitory units to cost \$4,001,145 and to house 1,320 students have been approved by directors of Texas Technological College. Directors also have approved construction of a new \$300,000 stadium, leaving details to be worked out by a joint committee of Lubbock citizens and Tech faculty members, subjects to board approval.

T. C. Bateson Construction company, Dallas, has been awarded the general construction contract for the dormitories on a \$2,400,000 bid. Plumbing, heating and ventilating will be done by Farwell and company, Dallas, on a \$557,467 bid, and electrical work by Embry Electric company, Austin, bidding \$113,678.

Dormitory completion, to double present capacity, is tentatively set for Sept. 1, 1947, all contracts contingent on release of critical materials.

Directors at their recent meeting also:

Approved three-year contracts for Morley Jennings, athletic director, and J. O. Morgan, head football coach.

Approved erection of a quonset hut type building on the campus for use of cotton research.

Voted to confer an honorary degree of doctor of laws on Tom Clark, Dallas, United States attorney-general, in June.

Approved repair and installation of new clocks in campus buildings.

### FEED DEPENDS ON COTTON

There can be no appreciable increase in domestic supply of protein meals until the 1946 cotton crop is harvested. If the cotton production goal of 20 million acres produces a good yield, the feed situation will be vastly improved.—J. A. Shanklin, North Carolina Extension Cotton Specialist.

### 500 PER CENT INCREASE

Terracing, proper fertilization and the use of soil building crops in growing cotton may increase yields as much as 500 per cent.—Louisiana Extension Service.

### I GIVE YOU TEXAS

By Boyce House

Byron once remarked about an acquaintance that he had "just enough of learning to misquote." The Bible does not say that "Money" is "the root of all evil." The Scriptures say that "the love of money is the root of all evil"—and that is quite a different thing.

As Lincoln said in one of his debates with Stephen A. Douglas, "Judge Douglas would have you believe that a horse-chestnut and a chestnut horse are the same thing."

The Psalmist is quoted as saying, "All men are liars." But what he actually wrote was, "I said in my haste, All men are liars."

And one of the most garbled of all utterances is Jefferson's "That government is best which governs least." If that is true, then a government with only one law would be the very best of governments. What Jefferson said, (I don't have the book at hand, so must give the substance from memory) was that after the lives, property and happiness of the people are made secure, that government is best which governs least.

A saying of Jefferson's which many have challenged is, "All men are created equal." Of course, that is not literally true because one man is stronger or swifter of foot or handsomer or taller or more adept at making music or money or a speech than another. I think that what Jefferson meant was that all men are created equal insofar as having equal rights because, after the first statement, he adds that men are endowed by their Creator with certain inalienable rights—among them being "the right to life, liberty and the pursuit of happiness."

So if a fellow is going to quote, he ought to quote it right—and not rip lift a sentence out by its roots from its context. "A little learning is a dangerous thing."

But even if the quotation is correctly given, it still may not be true, though a great man may have said it. Alexander Pope wrote, "Be not the first by whom the new is tried." If anyone adopted that principle, all of us would wait for somebody else to try out the new idea—flying in a plane or swallowing a raw oyster whole—and so all progress would cease.

Mr. and Mrs. J. T. Bowman were in Lubbock Sunday enjoying a round of golf at the Meadowbrook golf course.

Mrs. James Parker and daughter, Elaine, of Stratford spent last week here visiting her parents, Mr. and Mrs. John Burnet.

### Stonewall Balloting Rejects Beer Sales

Aspermont, April 8—Stonewall county refused to legalize the sale of beer or not more than 4 per cent alcoholic volume by a margin of more than 200 votes in elections Saturday.

With tabulation of the four major voting boxes complete, the ballot counting tonight read 402 for and 618 against the legal sale of beer. Stonewall has been "dry" since voting out beer in 1936.

### To Organize Marine Detachment Here

A meeting to which all men who ever served in the United States Marine Corps, including veterans of the present conflict are invited, will be held April 18 at the American Legion Hall for the purpose of organizing a local detachment of the Marine Corps League. J. D. Miller will conduct the meeting.

The Marine Corps League, only All-Marine veteran organization, was founded in 1928 and its first national commandant was the late Lt. Gen. John A. Lejonne, World War I commander of the Marine Brigade and later of the Second Division.

The Marine Corps League was incorporated by Act of Congress in August, 1907.

The League's main object today is the rehabilitation of men who have been disabled in the present war. Machinery has been set up through National Headquarters whereby local detachments set up their own rehabilitation program and assist local returned Marines to fit themselves to the duties of civilian life. They also assist them in getting positions.

The League also aids the local recruiters to get desirable young men and women for the Marine Corps.

Continued work for veteran legislation and a further cementing of the ties which bind Marines both in and out of the service are further objects of the League.

Rapid strides in organization work have been made during the past several years. More than 900 new detachments and upwards of 15,000 new members have been secured in that time.

National Headquarters of the Marine Corps League is located in the Albany Garage Bldg., Albany, N. Y.
