Vets Bring '50 Legion Meet Here

After election W. T. Bridges of Levelland as Commander of the 19th District, American Legion, the boys of 1917-18 and those of 1941-45 decided to hold their 1950 convention in Brownfield. This was by unanimous vote. Samuel R. Hurd, of Petersburg, was elected Vice-Commander. Results of election in the Auxiliary, was the elevation of Mrs. L. B. Elliott of Colorado City as president, and Mrs. Riley Duff of Lubbock is vice-president. Bridges succeeds T. A. Thigpen of Big Spring. It was estimated that some 600 Legionnaires from the district attended the sessions. The main speaker of the event was Col. Bill McGraw of Dallas, former Attorney General of Texas and a noted speaker. The visitors were highly entertained in the Hub City. We are glad these boys and girls who polished off all enemies in two wars, are coming to Brownfield next year. They will get the glad hand of everyone, and the Legionnaires and Ladies here will see that none go hungry or without a place to sleep.

Residents Urged To Attend Local Calf Show Tomorrow

The young men who are to make farm history in Terry county in the future, will be on hand tomorrow at the Show Barns north of town. These Terry county youths have been feeding and manuring their prize calves and pigs now for weeks and months, getting them in first class shape to be shown. So, take the trouble to run out there, even for just a short time. Will you? These shows are put on annually to encourage the young farmers and stockmen to produce better stock more quickly, by selection and breeding. Even if you have contributed toward a prize for these boys, your duty to them and the community does not stop there. Your presence, a lot of times is more encouraging than the few dollars you contributed. The young fellows know you. You may not know them, but they know each business and professional man in the city. They know who is the Mayor of the town or its Councilmen. They know the men who are running our schools, churches and community in general. So, let's all go out and see the calves and pigs. A sight like that will give you a good appetite for dinner or supper.

Mrs. W. E. Lowrance Dies In Local Hospital

Mrs. W. E. Lowrance, 82, died about 11:45 a. m. Friday in the Brownfield hospital. She had been a patient since Monday and was receiving treatment for a fractured hip which she suffered in a fall Sunday night. Mrs. Lowrance, who for a number of years had resided in Floydada, had been living with a daughter, Mrs. Sam Murphy, of Brownfield, for the past three years. Brownfield Funeral home carried the body overland to Floydada Saturday morning. Funeral services were conducted at 2 p. m. Monday in the First Baptist church of Floydada with Rev. J. Lewis, pastor of First Presbyterian church of Lubbock officiating. Burial will be in Floydada cemetery under direction of Hammons Funeral home of Floydada. Survivors include two daughters, Mrs. Sam Murphy of Brownfield and Mrs. L. H. Smith of Floydada; four sons, J. F. Lowrance of Munday, S. E. Lowrance of California, W. E. Lowrance, jr., of Lubbock, and O. L. Lowrance of Floydada; and a number of grandchildren.

Communities Aid in Great Show

Stock Show, Recessed By War, Continues To Grow; Entry List Reflects Great Interest

Terry County FFA Boys Make Good At State Meet

Texas' young farmers had their ties on Saturday, proudly showing off their agriculture skills and knowledge they had learned in Future Farmers of America chapters. The occasion was the FFA state invitational leadership contests held on the campus of Sam Houston State. Approximately 700 youths competed in one of three events—the FFA quiz, chapter conducting, and farm skill demonstration. Jasper in East Texas was the only school which took home two first place banners. But several other schools received at least two of the thirty banners awarded in each event. Sam Houston agriculture faculty and graduate students acted as judges, and the collegiate FFA chapter was host. Between events, contestants were taken on tours of historic places in Huntsville. The Brownfield Chapter placed second in FFA Quiz, and third in Farm Skill Demonstration. Meadow placed third in Chapter Conducting.

LESTER BUFORD PRESIDENT TERRY COUNTY ASSOCIATION

Lester F. Buford, high school vocational agriculture teacher has been elected president of the Terry county association, succeeding County Supt. Lee Fulton. Other officers are Truett Babb of Meadow, vice president, and Willie Mae Hines secretary-treasurer.

PROCLAMATION

City Hall
City of Brownfield, Texas
Whereas the President of the United States and the Governor of the State of Texas have proclaimed the month of April, Cancer Control Month;
Whereas the problem of cancer is becoming increasingly acute with an ageing population steadily mounting until more and more people are reaching the "cancer age";
Whereas modern medical skill can save at least one-third of those who now die in this city annually if the disease is detected early and treated promptly; and
Whereas to do this it becomes incumbent upon all of us to redouble our efforts in supporting the work of cancer control, therefore, I, C. C. Primm, Mayor of the city of Brownfield, Texas hereby proclaim April as Cancer Control Month and request that citizens of this city observe it as such.
I further request that all individuals, institutes, businesses and organizations within this city cooperate with and assist the American Cancer Society Texas Division, in its membership campaign during April.
Given under my hand and the Seal of the City of Brownfield, State of Texas, this 7 day of April in the year of our Lord, one thousand, nine hundred and forty-nine.
J. H. ASCHENBECK

O. L. DAVIS GETS SCHOOL POST HERE NEXT YEAR

O. L. Davis of Andrews, who is a graduate of the Sul Ross State Teachers College at Alpine, has been employed by the school board as Distributive Education co-ordinator at Brownfield High School. Mr. Davis will take the place of H. H. Covert, who has occupied this teaching position during the past two years.

ELDER J. R. CHISHOLM TO SPEAK ON ITALIAN WORK

Next Sunday evening, April 10 at 7:30 p. m. Elder J. R. Chisholm of the Crescent Hill Church of Christ will give a report on his work in Italy for the past three months. Elder Chisholm has just returned from a three months stay in Frascati, Italy, where he had a part in the beginning of the work of the Church of Christ in the country of Italy. He has many interesting things to tell about the work of this church in the country of Italy. All are invited to attend this service, and to hear this report—Minister Jimmy Wood.

Terry Boys Show Aim To Create Top Texas Feature

R. N. McClain, former Terry county agent informs us that the first calf show was held here in the year of 1939. Funds for handling this project were solicited from the various business firms. Cotton Neely, high school agriculture teacher, A. H. Hartzog of Meadow and McClain were the original organizers. The present location of Knight Implement Co. was the site of the first show. From this beginning the present Jaycee Calf Show grew. In 1941 the Jaycees began taking the lead in handling arrangements and soliciting funds for the project. The '41 show was held on Thursday, April 24. There were 47 entries. The Terry County Board of Development and the Jaycees were in charge of arrangements. In 1942 the Jaycees took the project over completely. A parade through town starting at 10:30 Saturday morning, April 9, will herald this year's show. The Brownfield High School Band will take part in the parade and several cars will be decorated for advertisement. The judging will start at the calf barns at 1:00 p. m. and the auction sale will follow at 3:00. Some 35 calves have been entered and 10 to 15 entries are expected in the hog show. Everyone is urged to attend this fine show that has grown from its small beginnings to a program of some magnitude. From the lot on the corner of (Page 8 This Section)

DRILLING FOR OIL IN 100 FEET WATER

A University of Texas professor is serving as consultant to Phillips Petroleum Company in the construction of an off-shore oil drilling structure to be erected in the Gulf of Mexico at the record water depth of 100 feet. Dr. Raymond F. Dawson, acting director of the University's Bureau of Engineering Research, will act as consultant in designing pilings which are expected to be sunk 200 feet below the Gulf floor, their total length to be more than 300 feet.

Local C. of C. Manager Elected WTCO Officer

David Nicholson, manager of the local Chamber of Commerce, was elected vice-president of the Chamber of Commerce Managers Association of West Texas at their annual meeting in San Angelo last weekend. Joe Oggen manager of the Brady Chamber of Commerce will serve as president during the coming year. The next meeting has been slated for the 6, 7, and 8 of April 1950 and will be held in Big Spring.

District's Elections Mark End Moot Bond Problem

Herald's Good Will Campaign Over; Winners Listed

The big Good Will Subscription Campaign came to a close officially at noon last Friday, but it was near 3 P. M. when the judges gave in their final decision as to the winners. The Herald got just what it started out to get, the biggest circulation in this area, the Lubbock dailies excepted. Many people wonder about the financial part of the deal. To be perfectly frank, folks, no paper that we ever heard of made money out of one of these campaigns. If they break even, they do well. With the exception that there was always a crowd present, and some of them doing some loud talking, so that one could hardly think, the campaign went off nicely, and we are mighty well pleased with results. There are some people hereabouts that will be getting the Herald many, many years to come, but there are a lot more that subscribed or renewed for only one year. As one man expressed it, they'll be delivering the Herald to my grave for many years after I pass on. And there was some papers ordered for international characters, dead and alive. We believe we stated that one was ordered for President Truman. Another took out a subscription for Winston Churchill, and not to be gotten done, a third wanted to pay for one to go to Adolph Hitler, address, Hell. The campaign manager contacted Postmaster Dallas about the zone of the latter. After some hesitation, the PM stated he guessed it would be the torrid zone.

CONTEST WINNER

Mrs. Sawyer Graham

Local Jaycees To Sponsor Oil Belt League Team

Them there boys are at it again. That Junior Chamber of Commerce just don't seem to know when they have enough work. When one job is finished, they get into another, and they usually put things over according to Hoyle, before they quit. Last year, and the first year, Brownfield had a berth in the Oil Belt League, one firm had to sponsor it. That being the case, there was very poor co-operation from others in a financial way, at least. We are told that many, plenty able to pay, "crashed the gate," and all in all, that made the intake low, and was not only discouraging to the local team, but visiting teams as well. Now that a strong organization has taken over, all of us expect great improvement. The lineup for next year's team, expected to be in the play this year are, Denver Kelley, catcher; Blue Graham, Prentice Walker and Boots White, infielders; J. O. Burnett Jr., Harold Crites, Bill Anderson and Dunc Warren, outfielders. Play Ball!

Last Bond Issue Erased; Factions See New Angles

The writer has seen some 40 trustee elections since coming to Brownfield, but none to equal that one Saturday. True, the bond issue last year perhaps drew a few more voters, but we are talking about a trustee election. Yes sir, they turned out. The big and little, the aged and the young folks, the town folks and the rural folks; those who were kinder on the sick side, and those who were well and hearty. And so far as we know some of the colored folks voted, making it a white and black affair. But it was all in a good humor. If there were any nasty words, we never heard of it. But both sides were determined. Those for the big bond issue, and those against. Those against the 750 thousand bond issue won almost two to one, and so that is settled. We have always found our folks good losers as well as magnificent victors. We believe the losers will get behind the victors and cooperate in the building of some much needed school room. Both sides acknowledge that more room is needed, and soon. The only question was, the size of the bond issue, and the purpose for which it was to be used. And both sides say that the worst crowded conditions are not in the high school, but the grades. Let's all get together and pull for good schools for our children. The vote follows, unofficial: OLD TRUSTEES Gene Gunn 427 Al Muldrow 475 Orb Stice 474 NEW TRUSTEES Ike Bailey 636 Bill Carter 771 Cecil O'Neal 807

Traffic Accident Near Wellman Hospitalizes Three Adults

In a 2 cars and a truck accident Thursday afternoon about 4:30, three people were injured, one of them seriously. B. A. Price of Hobbs, N. M., Margaret Freeman of Ft. Worth and a Mr. Lott, address unknown were the occupants of one car and were the one who were hurt. Sheriff Murry and Deputy Bual Powell happened to be in the area when the accident occurred and investigated. Deputy Powell reported the accident as follows upon questioning the girl and Price. The girls story is that she and Lott were standing at the state line between Texas and New Mexico when Price drove up and offered them a ride. They were en route to Odessa and to save fare they got in the car with him. Miss Freeman admitted to officers that some drinking had taken place, officer here stated. She prevailed on Price to let her drive. He did, and she was driving when the accident occurred about 1 mile south of Wellman. Her story of how it happened was the car she was driving came up behind another car and the brakes on Price's vehicle failed. She hit the left side of the car in front of her and the impact threw the car into a truck loaded with pipe. Price told Deputy Powell and Sheriff Murry that he paid the couple \$45 to drive him to Pueblo, Colo., and then later changed it to Denver, Colo. Price and Miss Freeman were in the front seat and not so seriously hurt as Lott who was in the rear seat and sustained the loss of one eye and several deep lacerations and broken bones. A Brownfield Funeral Home ambulance brought the trio to the local hospital.

Long Time West Texas Resident Dies Tuesday

Funeral services for Mrs. Barbara Elizabeth Durham, 75, longtime West Texas resident who died in the local hospital about noon April 5th, were held at 2 p. m. Wednesday in the Claremont Baptist church. Rev. W. T. North, pastor of the Aspermont Baptist church officiated. Burial in Claremont cemetery was under the direction of the Brownfield Funeral home. Mrs. Durham is survived by one daughter, Mrs. W. E. Capps of Claremont, a son, J. B. Durham of Brownfield. Two brothers John S. Boren of Justiceburg and Dee Boren of Post; and three sisters, Mrs. Martha Lynde of Hermleigh, Mrs. J. S. Green of Lubbock and Mrs. R. O. Kelly of Rosewood, Calif. Jerry Kirschner spent Tuesday and Wednesday in Plainview on business.

CASH ON THE BARREL HEAD

This is to give due notice that from this time on, we are taking no classified or want ads over the phone, unless their family have a charge account with the Herald. Very Sorry. Terry County Herald

Big Snow Sunday Fine Crop Aid

If anyone can think of a finer way for snow to fall than that Sunday, we are awaiting instructions. Snow started falling here about 11 A. M., and continued without intermission till long after dark. However, most of the fall after 6 P. M., was mostly rain as the atmosphere seemed to be moderating. Being on the puny list Friday and Saturday, and the rest of the crew busy, no gauging of the showers of those two days were measured. We are taking for a dish rag, and the biggest flakes we ever saw. So, we are figuring that if the snow had not melted as it fell, and all remained until it quit, there would have been at least calculation a ten inch snow possibly twelve. Let us state right here that there is certainly a happy bunch of farmers in this trade area, particularly those with wheat crops. Most of them feel that they will have plenty moisture come planting time, as there was already a good bottom season. Men who have made a study of moist content of snows say that there is one-tenth of an inch of water in an inch of wet snow. Anyone will acknowledge that the snow Sunday was as wet as

CHIEF BENEFIT SEEN IN WHEAT LAND

granted that one-tenth of an inch fell the two days. The big snow Sunday therefore put out a moisture content of one inch.

LEGISLATION MAY BRING RELIEF FROM 'WIND, SAND'

At long last Terry County and West Texas farmers are able to see some glimmer of hope in legislation that may relieve a bit of the "wind and sand" damage to their farms. The Directors of the State Association of Soil Conservation Supervisors of Texas met in Austin, March 8th and 9th in support of their Bill asking for \$10,000,000.00 for assistance to the Soil Conservation Districts of Texas.

Jay Barrett, the Director from this Zone, attended the meeting. There are 10 Directors for the State and Mr. Barrett was elected for a five year term last December.

This money, if the bill is passed, will be used by the District Supervisors to further help our farmers in getting their land under control and to stop erosion as much as possible.

The funds will be apportioned to the different District according to their needs by the State Supervisors with the cooperation of the Directors of the State Association.

The Directors met with the Senate Sub-Committee on the 9th and presented their bill and made their plea for it. On March 16th, Representatives of the Association went before the House Sub-Committee and received favorable comments but the Chairman of the Committee insisted that the bill be referred to the Attorney General for an opinion on its constitutionality. This will delay further action for about ten days.

This zone, which covers all of the Panhandle through Terry County and as far south as the southern county line of Dawson county, should receive at least their appropriate share as our needs are mostly for heavy machinery for terrace work and deep plowing. Exact amount for this county, of course, could not be presently estimated. Some may be used in assisting farmers and ranchers in getting grass seed when they need them and for other uses of like nature.

Senator Corbin and Representative Smith are both working for the bill which was presented to the Senate by Senator Shofner and to the House by Dr. Leuderman.

The most opposition to the bill was that it did not state specifically what the money was to be used for. This could not be done as there is now 150 Districts in Texas and no two of them have

MEADOW NEWS

(Delayed)
The Meadow F. F. A. Chapter Conducting Team entered the state meet at Huntsville, Texas last weekend. The team won third place in the finals. Mr. Truett Babb is sponsor of the team.

The Junior class of Meadow High School is presenting the play "No Bride for the Groom" at the school auditorium on Friday night April 1st at 8 o'clock. The characters of the play are: Bess Selby—Betty Yeatts, Herbert Prindel—James Williams, Jolly—Joyce Hinson, Sophia Selby—Alma Belle, Digby Prindel—Robert White, Libby Little—Connie Finley, Boots—Bobby Jones, Salamady—Mildred Young, Dot Claiborne—Frances Brown, Tom Swanton—Dan Roberts, Prissy Paluna—Dixie Burson, Belinda Grout—Jamie Tilger. The class sponsor is Miss Maud Zorns.

Mrs. W. T. Arnett returned this week from a visit with her two daughters, Mrs. Boyd Rhea of Austin, Texas and Mrs. J. E. McStaddan of Coleman, Texas. She reported that she saw many of the points of interest in Austin and enjoyed her trip very much.

Mrs. Allen Winningham, who is in Temple, Texas where she underwent a major operation is improving and in good condition.

Mrs. Ruby Hill spent the week end in Granger, Texas where she attended the funeral of her father-in-law on Sunday.

Mrs. Earl Mauldin went to the doctor last week for a checkup after being in bed for four months because of illness. Her condition is said to be improving.

Mrs. Earl Colter is in the West Texas hospital at Lubbock doing fine after the birth of her baby. The baby is not expected to live.

Rev. Alfred Richards of Portales, New Mexico, Rev. and Mrs. B. B. Huckabay and Connie and Deffie Holder were Sunday dinner guests of Mr. and Mrs. C. E. Hicks.

Miss Jo Freda Berry was a Sunday guest of Jamie Tilger. Miss Berry lives in Lubbock.

The Meadow Study Club met in the home of Mrs. Loyd Hunt on Thursday, March 24th with Mrs. Hunt and Miss Maud Zorns acting as hostesses. A program on Texas Day was presented. Refreshments

the same propositions to meet.

In South and East Texas, their main problems are getting rid of water and they need ditching machines and drag lines while here we have to save all the water we can and need different machinery. Some parts of the State need more light machinery that does not cost so much money but they need more units of it, a general report shows.

Mr. Barret suggested that if landowners residing within the CYT District, after considering the facts concerning this proposed legislation, feel that every farm would be greatly benefited then some sort of expression to our representatives should be forthcoming soon. Your comments to Senator Corbin and Representative Smith should be helpful because after all the Soil Conservation District's most urgent need now is heavy machinery to do more work on each farm. The type of machinery that the average farmer does not ordinarily buy. This is what the proposed law in Austin would provide if it is placed upon the statute book.

were served to a group of twelve. The Club had been extended an invitation to visit with the Sunday Study Club on Tuesday night the 29th for a book review and tea.

Meadow was the host of an invitation track meet on Tuesday, March 29th in which Brownfield, Wellman, Tahoka, and Meadow participated.

In the high jump Carter of Tahoka was first, Smith of Wellman, second, Bingham of Meadow third, and Cason of Wellman fourth. In the 100 yards, Roach of Brownfield was first with Carter of Tahoka, White of Meadow and Stokes of Wellman following. In the mile, Winson of Brownfield took first with Howard of Meadow second. Meadow won the 440 relay with 51.2 seconds. In the 880, Joplin of Meadow came in first with 2.21. In the 220 Carter of Tahoka ran it in 26.7 seconds and Upton of Meadow in 28.3. Carter of Tahoka won the shot put with Brownfield second and Wellman tying with Meadow for third.

LIST OF COMMUNICABLE DISEASES

The following is a record of communicable diseases on record at the County Health Office up to Saturday, March 26.

- 1—Chicken Pox
- 12—Influenza
- 2—Pneumonia
- 9—Measles
- 6—Strep Throat
- 1—Tuberculosis
- 2—Trench Mouth
- 2—Whooping Cough
- Scabies

your griddle is hot enough, in making pancakes, drop a few drops of water on it; if the water dances in small beads it is hot enough.

Texas leads the nation in petroleum production; California is second and Oklahoma third.

The Pleasant Valley residents report that the oil well in that section is pumping away, but none stayed long enough to count the barrels per day.

Arizona's production of copper tops the other 47 states.

Lets Sleeping Dog Lie

"Lucky dog," snorts Woodfair Farms' Sport Page as he passes a habitue of Hialeah Park race track snoozing in the sun. The dog was altogether unimpressed with hard-working Sport Page, who had just finished an early-morning workout. Those in the know say the horse may prove an upset victor if he goes to the post in the Kentucky Derby.

MANUFACTURE OF DAIRY PRODUCTS

AUSTIN, March—Texas manufacture of dairy products rose 7 per cent in February over February a year ago, with creamery butter climbing 10 per cent for this period, the University of Texas Bureau of Business Research reported.

American cheese production in

Texas dropped 8 per cent over the February-to-February period, and ice cream, including sherberts and ice slid 3 per cent below February 1948.

February 1949 topped January overall production by a fraction of one per cent, with American cheese output gaining 14 per cent, and ice cream, 5 per cent. Creamery butter lagged six per cent from January.

There is a new product on the market. It's a frozen citrus puree from which orange or lemon sherbert can be made. It is satiny-smooth and rich in ripe, full, natural fruit flavor.

STRICTLY FRESH

THE secret of a successful filibuster is to exhaust your audience before you do your subject and yourself.

Who can say how very many winged angels started out as mere jaywalkers?

It's not altogether surprising that feminine fashion's plunging neckline finds some of its most

enthusiastic advocates among gentlemen with plunging waistslines.

Move yourself; save half, a van-renting company advertises. . . . But most movers hope to salvage a little more than half.

We are not yet geared for peace, a farm leader says. If that's true, let's hope we may soon get that way without stripping too many gears.

The Philippines contain more than 7,000 islands and islets, of which only 466 cover a square mile or more.

Culture....

and Agriculture

Modern facilities have made it possible for the farmer to join more and more with the city folks in enjoying the culture of the 20th century. Culture and Agriculture today are tied together much more closely than they were during the 1800's. Financial security of the individual has had much to do with raising the standard of living and it has been the privilege of the State Bank and Trust Company to be of service.

During the 43 years of service we have given aid to thousands of farmers in the Brownfield territory. We have watched the old 4-H and FFA members rise to prominence in this community. It is a pleasure to welcome the present Future Farmers and Stockmen to the 6th annual Calf Show and to wish each member the best of luck in their undertaking.

Striving to insure the future of West Texas and the nation is the goal of the Club Members. It is our aim to give them the kind of service that will make their future a great success

EXTENDS THANKS

I wish to thank everyone who supported me in the subscription drive during the recent "Good Will Campaign." Also I would like to express my appreciation and gratitude to the many people whom I did not know that gave me their whole hearted support and encouragement.

It was hard work, but also a lot of fun. To all the other contestants, I enjoyed working with you, you were all good sports and keen competition.

Would also like to thank all members of the staff of the Terry County Herald for their cooperation and patience.

Mrs. Sawyer Graham.

Terry County Rifle and Pistol Club Organized

The Terry County Rifle and Pistol club has been chosen as the name of a group of shooting enthusiasts organized here and affiliated with the National Rifle Association. Fred Adams is president of the club, which has 31 members.

The club's shooting range will be set up within the next few days at the Junior Chamber of Commerce show barn northwest of town.

FEDERAL SPENDING INCREASING

In 1929 federal spending amounted to less than two thirds of the personal income of the inhabitants of California. By 1947 approximately equal to the total personal income of all the inhabitants of California, Washington, Oregon, Nevada, Idaho, Utah, Arizona, Montana, Wyoming, Colorado, New Mexico, North and South Dakota, Nebraska, Kansas, Oklahoma and about four fifths of Texas.

Federal expenditures amounted to \$121 per family in 1929, \$250 in 1938, and about \$984 in 1948.

Remember that these figures represent the spending of the federal government only. When state and local government spending is added, the total amounts to some 30 per cent of our national income. In other words, the American people devote nearly one third of their working time and effort to supporting their various governments.

Former Terry Man Dies In Burkburnett

W. C. Nolen died at his home in Burkburnett March 28. Funeral services were held at the Burkburnett Baptist church on March 30.

Mr. Nolen was a resident of Terry County until 1936. He farmed north of Brownfield, near Meadow. He was 77 years of age.

He is survived by a sister, Mrs. Eva Hix, a niece Mrs. Ethel Stockton, and two nephews, Hugh and J. B. Hix all of Brownfield.

TO GET LOW DOWN ON AVIATION SICKNESS

Texas doctors will get off to a flying start on newest developments in medical treatment of aviation afflictions Sunday, May 1, when they are guests of the Texas Air-Medics Association at Randolph Field.

A luncheon, an air show of jet-propelled and other aircraft as well as a scientific program on atomic medicine have been scheduled by Gen. Harry Armstrong, commandant of the Randolph School of Research Aviation Medicine, as a pre-convention activity with all physicians attending the 82nd annual session of the State Medical Association of Texas as May 3-5 in San Antonio as guests.

This will be the first annual meeting of the Texas Air-Medics Association, composed of doctors interested in combating the results of the unnatural forces of extreme altitudes, speeds, sounds and temperatures. Moving pictures and an inspection tour of the premises will also be a feature of the program.

First-hand observers of recent government experiments with the atomic bomb will take part in the lecture on atomic medicine, which will follow the luncheon at the Officer's Club of the Air University School of Aviation at Randolph Field. The air show is scheduled for later in the afternoon.

Dr. T. J. Cross of Fort Worth, president of the Texas Air-Medics Association, announced that the AirMedics would also have a scientific and business session Monday, May 2, before the opening exercises of the State Medical Association convention Tuesday, May 3, at 9 a. m. at the Municipal Auditorium.

Thomas Edison was granted 1,09 patents in his lifetime. The devilfish or giant octopus is the largest mollusk.

TECH STUDENTS VISIT LOCAL EXPERIMENTAL FARM

Professor Earl Burnett of Texas Tech brought his senior soil conservation class to Brownfield Thursday, March 31, to visit and study the Terry Co. experimental farm.

Mr. Jack Cleveland, county agent, and Mr. Looie Miller, who is with the AAA here, took the group to several farms where scientific soil conservation methods are being used and they also visited the county experimental station where the work in progress was explained and discussed.

SANTA FE CARLOADINGS

Santa Fe System carloadings for week ending April 2, 1949 were 21,437 compared with 25,650 for same week in 1948. Cars received from connections totaled 11,196 compared with 10,463 for same week in 1948. Total cars moved were 32,633 compared with 36,113 for same week in 1948. Santa Fe handled a total of 32,058 cars in preceding week of this year.

A POTENT BUG KILLER FOR COTTON STATES

In Texas and twelve other cotton-producing states, a potent insect pest killer called toxaphene has been recommended this year for killing bugs which otherwise could do millions of dollars damage.

Texas, now undertaking an intensive early dusting program, recommended for this as well as regular season dusting.

The 1949 Guide for Controlling Cotton Insects in Texas advises a mixture containing 20 per cent toxaphene and 40 per cent sulphur for killing boll weevils, aphids, thrips, and fleahoppers in the early dusting drive. According to the Guide, two or three applications, seven to ten pounds to the acre, should be made at approximately seven-day intervals between first cultivation and first bloom.

For regular season dusting, the state's extension entomologists suggest the 20 per cent toxaphene, 40 per cent sulphur mixture for controlling aphids, bollworms, leafworms, and boll weevils; and a 10 per cent toxaphene dust for killing thrips, tarnished plant bugs, and similar insects.

Washington is the No. 1 state in the production of aluminum.

Congratulations:

SHOWMEN OF 1949

The fine work you are doing toward improving the farming industry in Terry County is deserving of many compliments. We extend our congratulations and wish you continued success in your show ventures.

MOTHER OF LOCAL WOMAN DIES

Funeral services were held at 2:00 o'clock Saturday afternoon, March 26 at the East Side Baptist Church in Haskell, for Mrs. H. T. Brannan, who died in her home at 9 a. m. Friday March 25. Rev. Pretty, Baptist pastor officiated and burial followed in the Willow Cemetery at Haskell.

Mrs. Brannan had been a resident of Haskell for several years. She was 73 years of age and had been in ill health for several years.

PRETTY HEAVY VOTE IN CITY ELECTION

It is a good sign that things are going OK, when a lot of voters turn out for a school trustee or municipal election. It shows the voters are watching "their corner" and are determined to have what they consider the best men for their school and city governing bodies. While there was no whoop and hurrah about the municipal election, Tuesday, 503 took time off to vote.

While the old councilmen were returned to places, some of the

Tech Reports On West Texas Winter Grazing Results

The third and final phase of a grazing experiment at Texas Technological college for comparative results on feeding Hereford cattle on irrigated pastures of alfalfa, mixed brome and rye grasses and alfalfa and mixed grasses will begin May 1.

Then Hereford yearlings, picked at random from last spring's calf crop on Texas Tech property at Pantex ordnance plant, are to be used for the last test. These same Herefords have been used in a calf feeding experiment and were shown at the Junior Livestock show in Lubbock recently, W. L. Stangel, dean of agriculture, explains. Results of the second test will be completed and published in May. Each phase of the grazing experiment is for one year.

The 10 calves weighed 418 pounds average in November. March 12 their weight was 605 pounds average. The pasture feeding of the calves has been started to demonstrate that calves can be satisfactorily fattened without nurse cows and gain cheaply and profitably. This practice can be followed by Four-H and Future Farmers of America members provided their calf entries receive dry lot classification in shows, Dean Stangel explained.

Continuation of the feeding test will be followed to prove practical with adults for commercial production of beef.

Texas, Louisiana, California and Oklahoma rank in that order in the production of natural gas.

Homeless European Children Find Haven in U. S.

The first of a group of 250 refugee orphans to be resettled in the United States arrives at Idlewild Airport in New York from Hamburg, Germany. Homes will be found for the children in this country by the U. S. Committee for the Care of European Children.

WE AMBLE OFF DOWN TO THE TIMBER

The wife and the Old He both like to ramble, and miss no opportunity to do so with little excuse. So, it was either take the daughter, Mrs. H. Trigg and two pups to Abilene, where Herman plays Saturday nights, so she could go on home with him in the wee small hours of Sunday A. M., or on home. So, we were easily persuaded to carry her right on to Brownwood with little ado.

And there is our grandson, Jack T. that comes by wanting "to go" honestly, so about 10 A. M., we lit a shuck, as the old saying goes. Found it wet as usual below the cap, but wheat and oats looking nice, and practically all the ground put up for the row crops. The section around Anson has always had an attraction for us.

I tilled the soil more or less as the spirit moved us, three miles northwest of Anson for three long years. That was before we learned there was a little four page live column paper out here for sale, with a little down and a right smart to go.

Anyway, Abilene was reached about 1 P. M., where we had lunch, and on to Cross Plains. Part of the storm that wrecked Desdemonia and Springtown, had earlier hit Cross Plains with some force, wrecked a few out-building and blew out two plate glass windows. Also, all the hillside tanks they build down there for stock water, had broken dams, and therefore most of their water gone to waste. Reported that one and one-third inch of rain fell in ten minutes.

Brownwood just had a moderate rain with little wind. But Lake Brownwood was full of water, the upper reaches being muddy, and fishing no good. However many were trying where the highway bridge spans the lake north of Brownwood. Had a nice time, plenty to eat and a lot of sleep.

Had to return Sunday afternoon, so as to be on the job Monday. Herman is building a hot rod, and promised us a ride some time this summer when he gets out of school an has more time to devote to its building.

THE LOW DOWN FROM HICKORY GROVE

So many Govt. predictions and statistics and guesses on what calamity or upset is likely to happen next, has me in a quandary on where to sound off on this essay. And the things threatening us now are the same ones they promised us a dozen years ago could never happen again. Our path was to be smooth—everything would be jake—no more dips in business—granaries just so full if wheat and corn, not too much, not too little—just enough potatoes—balanced diets ease and happiness 100 per cent. Remember?

Now look. The Govt. is demanding more money for more figures and figures. Congress is listening. But I am curious to find somebody who ever heard of anybody woman or man—who does anything about it when the BLS reports on what is "a typical family budget"—or on "the buying habits of an average housewife" or that "an average house in New Orleans sells for 50 bucks more than one in Omaha." Maybe if you live in New Orleans you should up and move to Omaha and save 50 bucks. I don't quite catch on. So folks, if any of you know. And later on if prices should drop in New Orleans, is it the idea to move back there again from Omaha?

If Congress would cull out 500,000 or 600,000 of these amateurs, we might get back some of our old tranquility.

Yours with the low down,
JO SERRA

BLACKY BOWNS ON THE JOB AGAIN

Blacky Bowns, who is farming this year at Lorenzo, dropped down this week to give us a lift, and will be on the job pretty well all next week or until a new man arrives. Blacky is one guy that no matter how hard the going, he never gets "unhappy." In the meantime, our Gene Walker is doing mighty fine for the time he has spent at the linotype, and even when a new man is obtained, Gene will go on as substitute operator, as he is abitious to master the machine.

QUESTIONS AND ANSWERS

Q. Which is the latest date on which a World War II veteran may file claim for readjustment allowance for unemployment?

A. Allowances may be claimed for any week ending on or before July 25, 1949, or two years after date of discharge, whichever is later, but not after July 25, 1952, except for persons enlisting under the Armed Forces Recruitment Act of 1945. Such persons have two years after the end of their first period of enlistment or re-enlistment in which to claim the benefit and five years after the date of such discharges to use their rights.

Q. What is the function of the Board of Veterans' Appeals in the VA?

A. The Board of Veterans' Appeals renders final decisions on cases appealed to the Administrator of Veterans Affairs. The Board has no original jurisdiction; its work is similar to that of a court of appeals.

Q. Must I live on the farm I intend to buy with my GI loan?

A. No, but you will have to supervise the farming operations on your farm to qualify for the loan.

Q. I am the widow of a World War II veteran and would like to know if I may obtain guaranty of a loan.

A. No. The loan guaranty privilege is limited to World War II veterans.

OLD TIMER RETURNS ; FOR LOOK AROUND

E. H. Tandy, who for many years made his home in Terry county, is a visitor here this week with his daughter, Mrs. Lofton Warren and Mr. Warren of the Union Community. Mr. Tandy informed us that Mrs. Tandy passed on last August.

Messrs. Tandy and Warren

dropped in Tuesday for a short call. E. H. stated that he just thought he would drop in and see how things were going in Terry, and that the sandstorm looked natural.

Mr. Tandy has been making his home at Weatherford since he left here.

BUSINESS MANAGER— J. H. Felton

STRICKLINLY SPEAKING

(Delayed)

The old saying is that we live to learn and learn to live. This week we found out the difference between a fire and conflagration. The letter belongs in the million dollar class, while a fire may just ruin a pannel or two of your back fence.

We still like a country where a man, be he auto manufacturer or the neighborhood grocer, can change his prices up or down as the case may demand. If the auto man wants to reduce his prices \$300, or the grocer charge 2c less for a loaf of bread, they can do it. Or for that matter raise the price. Over in Stalinstate, price changes are made by fiat, whether it suits you or not.

The community that runs to Washington to beg funds to meet their obligations, are like a family that lives beyond their means and expects the neighbors to pay their bills.

Talk about a car price cut, but Kaiser-Frazer really got the job done to the tune of \$199 to \$333.

One good thing about big business is that they can take a very small net profit and keep going. The margin would be so small that it would wreck a lot of us little guys.

Anson as well as Snyder, is getting some oil play, just west of town. But old Anson is taking it in stride, as Jones county has had

oil development for years.

What's the use to worry. Some one has said to live a little every day. Otherwise, when you get everything fixed, like you want it, it's a bit too late.

In fact there are no demand for your worries. The other fellow doesn't even like to listen to your troubles. They have plenty of their own.

Down at Clarendon, the Old Apostle in the Leader has discovered that the Hog Jaw school teacher is telling the youngsters that the Kremlin is a brand of Russian hair tonic.

Saw a diesel engine on the Tay and Pay last Sunday pulling a string of box cars a mile long. And it was doing the job without puffing and huffing, bellowing and blowing.

Down at Snyder they have uprooted the trees, dismantled the bandstand and plowed up the grass, clear up to the walls of the courthouse. Reason: Oil boom made a big demand for more parking room.

This arrangement will take care of some 350 extra cars around the square they allow. They are not ready—yet, for one armed bandits parking meters, if you please.

The State legislature has appropriated \$100,000 to fight the Federal grab of Texas Tidelands. We fear you're too late brethren.

Last fall was the time to do that with ballots, not money. Now the cards are stacked against Texas. And there is to be no further

GIRLS ALL-STATE BASKETBALL TEAM

These six girls are shown after they were selected as members of the All-State High School Girls' Basketball Team of Texas at the recent state championship tournament held in Hillsboro, Texas. Left to right: Ozell Collins, forward, East Chambers; Bertha Jones, forward, Roosevelt, Lubbock; Wanda Jones, forward, Dalhart; Wanda Gene McAdams, guard, East Chambers; Lillian Upchurch, guard, Forrester; and Patsy Pharr, guard, Seagoville.

deals, not even a "Fairdeal."

The Jews of Israel seem to be too much for either the Arabs or the Egyptians. Many of the Jewish officers and men have been trained in the US or England. They are just too fast on maneuvers for the desert people.

Chemists claim that they have a substitute for meat. We think we'll still take our barrow and steer, thank you.

And while talking glibly about what the South has or has not done for the Negro? let us suggest that you figure out what Uncle Samuel has done for the poor Indians? Except to rob him of the lands of the United States and backed him up against some barren mountains in the west to wrest a living from impoverished soil.

Over the country, and we mean the USA, there are said to be some 30 bureaucrats to each Indian in the USA. Who is being looked after? Most of us hate to be reminded of recent mistakes.

Bogs in southeastern Massachusetts normally yield about two thirds of the nation's annual cranberry crop.

4-H Safety Workers Striving To Reduce Farm Accident Toll

More than 1 1/2 million farm residents took enforced vacations last year due to accidents. In fact one out of every 17 farm people suffered a disabling accident.

Motor vehicle accidents now head the list of causes of fatalities to rural people, 7,300 of whom were killed due to collisions, blowouts, and other highway mishaps in 1948.

The annual economic toll due to all types of farm accidents is now nearly one billion dollars!

In an all-out attempt to reduce these staggering figures, 4-H Club members throughout the nation are already engaged in the 1949 National 4-H Farm Safety program, reports Guy L. Noble, director, National Committee on Boys and Girls Club work.

Daily safety practice is stressed in farm buildings and yards, in use of farm machinery, handling livestock and in driving or walking on highways. Through county extension agents and local 4-H Club leaders, rural boys and girls are encouraged to check and remove conditions likely to cause accidents and fires, and promote safety practices in farm life. They are also taught to cooperate in community safety activities. The entire program is under the direction of the Cooperative Extension Service.

As added incentives to produce good safety records, General Motors is again donating awards. Five sterling silver medals of honor are presented members in each county for best safety achievements. The state winner is given an all expense trip to the National 4-H Club Congress, and also an opportunity to be selected for national honors and one of the eight \$300 scholarships. The county reporting the most outstanding safety program in each state receives an engraved plaque of merit.

MANY TERRYITES ATTEND LPCA MEET AT LEVELLAND

Some 75 Terry county people who were interested attended the Lubbock Production Credit Association meeting at Levelland, Saturday, which included Mr. and Mrs. Dennis Lilly, Mr. Lilly is manager here of FSA. About 1000 people from the south Plains area attended the meeting.

The president of the organization, in his address, started that since the organization of LPCA back during the pinchy times of the early 1930ties, the association had loaned around 18 million dollars, and had lost just above 1000 dollars.

That is a mighty good record if you ask us.

Don't Let "Gums" Become 'Repulsive'

Are your "GUMS" unsightly? Do they itch? Do they burn?—Druggists return money if first bottle of "LETO'S" fails to satisfy.

Veterans' News

Immediate positions for graduate nurses are available in the new and modern VA hospital at Houston, Texas, Dr. Lee D. Cady, acting manager, has announced. VA will acquire the hospital from the U. S. Navy April 15 and is now organizing its staff. Nurses are being put on duty as rapidly as they are employed to replace Navy nurses who are being ordered to other stations. Minimum salary for VA nurses

is \$2984.80 per year, ranging upward according to education and professional experience. Periodic pay increases and promotion based on merit are provided nurses. Working conditions for VA nurses are excellent, including 40-hour work week, 30 days annual vacation and 15 days annual sick leave. Retirement benefits are also provided for nurses who wish to remain with VA for career. Splendid housing accommodations are available on the hospital

CONGRATULATIONS, BOYS and GIRLS

YOU ARE BUILDING A GREAT SHOW

It is surprising—to many small-farm producers as well as to us—what a great part this building store can play in bringing greater profits from poultry and livestock.

Frankly, farmers are proving and showing us, that small sheds and even larger barns, furnish protection sufficiently to increase production—enough to pay for improvements.

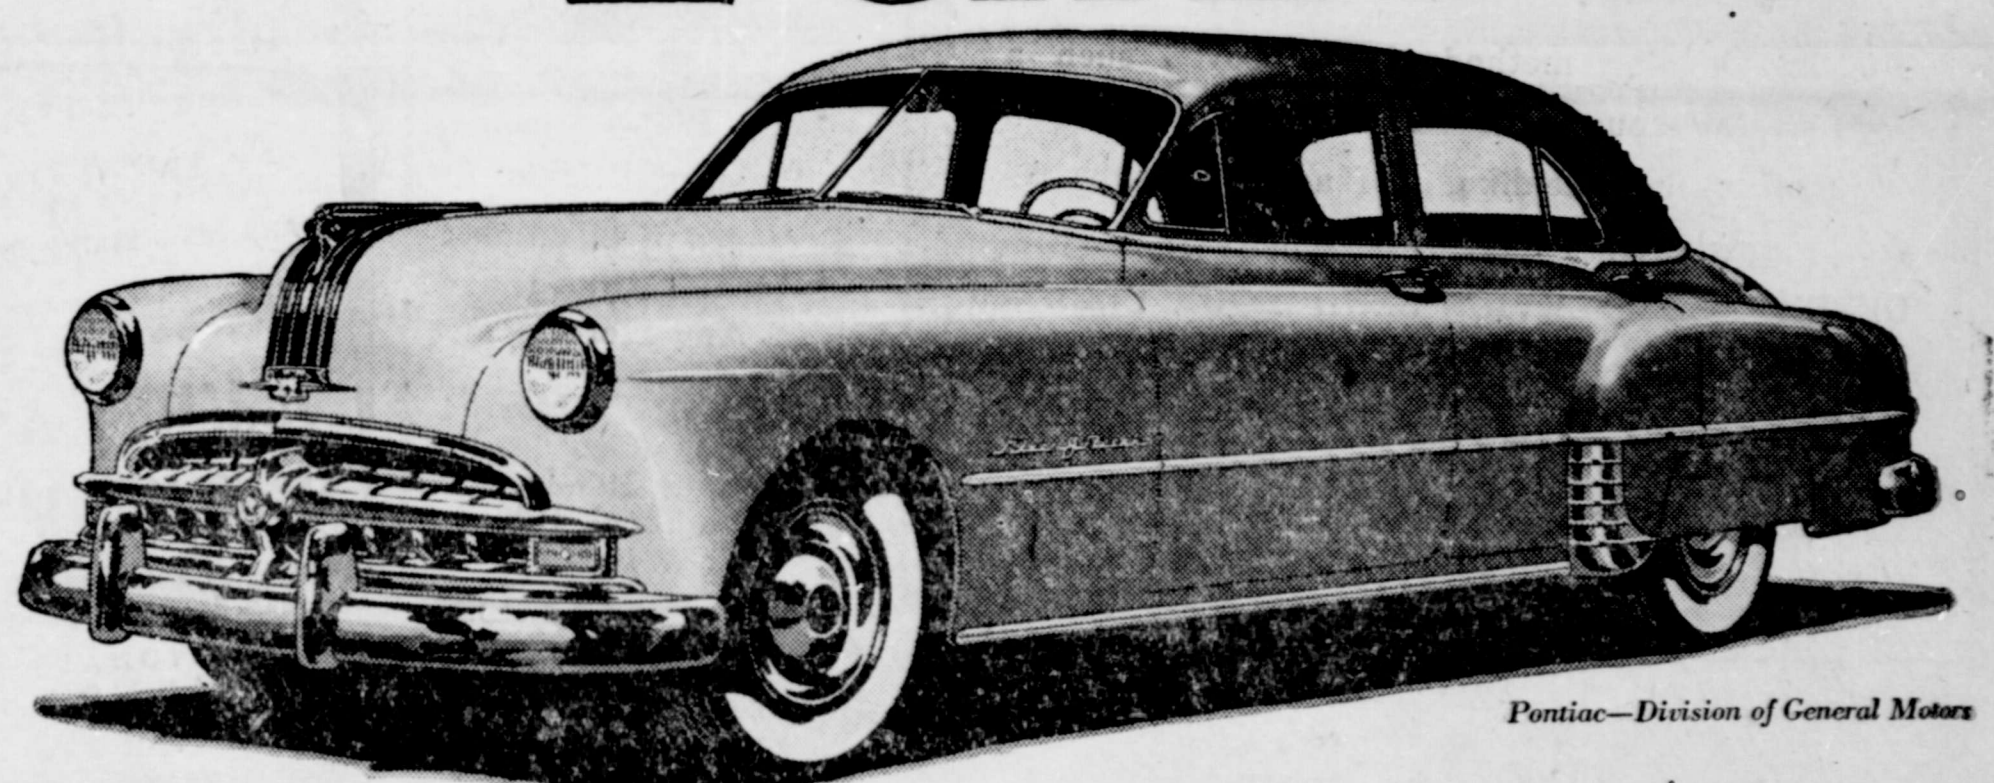

Thanks, Boys and Girls, for Teaching Us About This Extra Care that Brings Extra Profits.

We'll Help Make Your Annual Show Better Each Year

Brownfield, Texas

February Thunder, Groundhog Conflict

We old tikes that like to observe all the signs of the Zodiac, as well as those that came to us either through our white ancestors or trusted old Negroes that we have long known, have run up against a proposition. In fact, seemingly we have had a conflict in the "thunder in February and frost in April," and the groundhog that failed to see his shadow on Feb. 2. According to the 'hawg' we should ought to have started into spring in all its glory about the middle of March.

But when we called Manager

Hafer of the West Texas Gas Co., weather, he reminded us that it late last week to check on the thundered in February. Well maybe a big snow that almost melts as it falls is not exactly frost, but its as cold as blazes, for the Madam brought in some Sunday afternoon and we had snow ice cream, plenty of it.

Anyway, Mr. Hafer said that Thursday night was the coldest with 33 degrees, while Friday night (early Saturday morning) the thermometer registered 36 degrees. We had figured the reverse, but a few degrees make little difference in a man's feeling at least.

Fact of the matter is that even the Weathermen themselves are

Welch Resident Dies Last Sunday Eve

W. H. Ray, 62, and a resident of Welch died of a heart attack at approximately 12:30 Sunday, shortly after he had returned home from church.

Funeral services were held at 2 p. m. Tuesday, April 5 in the Welch High School Auditorium with O'Dell Purdy, minister of the Seagraves Church of Christ officiating. Interment followed in Terry County Memorial cemetery under the direction of the Brownfield Funeral home.

Mr. Ray was well known in this area having resided in Welch community for 26 years. He had been in ill health for the last two years.

He is survived by his widow; two daughter, Mrs. M. C. Sweatt of Denver City, and Mrs. W. S. Coor of Brownfield; three sisters, Mrs. John Shoaf of Gatesville, Mrs. Zelma Box of Fort Worth, and Mrs. Minnie Harlan of Corpus Christi; one brother, Frank Ray of Gatesville and eight grandchildren.

Special Services Are Scheduled At First Christian Church

Rev. Wm. J. Spreen, pastor of the First Christian Church has announced that special services will be held for Holy Week and Easter Sunday.

On Monday, April 11, a special pre-Easter day of prayer service will be sponsored by the women of the church starting at 2 p. m.

A candle-light communion service is planned for Thursday, April 14 of Holy Week. This service which will be held at 7:30 p. m. is a most sacred, beautiful, and impressive service. All friends of the church are invited.

Friday, April 15 the community Good Friday service will be held at the Baptist Church, at 2 p. m.

A beautiful Sunday service will be held at 11 a. m. with special music planned and a solo "The Holy City" by Dr. W. A. Robertson.

Palm Sunday services will be held Sunday morning, April 10 at 11 a. m. Special music will be provided at this service by Lyle Shelton, and a special message for the day.

Stock Show—

(From Page 1)

Broadway it has moved to the modern Jaycee show barns and from the original small number of entries the number has increased to over fifty.

The businessmen of Brownfield should avail themselves of the opportunity Saturday to purchase prize winning baby beef, that 4-H and FFA boys will offer for sale. Retail meat buyers will no doubt find this high quality meat on sale at the different meat counters after the sale.

CLINIC EXAMINES 46 PALSIED CASES HERE

Forty-six cases were examined at a Cerebral Palsy clinic which was held here Monday, according to Miss Esther Snell, director of the clinic.

Dr. Charles D. Sadler of Amarillo and Dr. Edward T. Driscoll of Plainview saw the patients. There were both new cases and also some that had been examined here before.

There were cases examined whose homes were in Holly, Colo., Hobbs, N. M., Pampa, Sweetwater, Big Spring, Wink, Floydada, Levelland, Post and several from Lubbock. The next clinic will be held June 13.—Lubbock Avianche.

Postoffice Needs More Money—Mahon

The Herald had a personal letter this week from Hon. George Mahon, Congressman from this district, in reply to some personal matter we had put up to him, that would be of no personal interest to others here or hereabouts. But, in our letter to George we mentioned the big hike in postal rates being asked by the Post Office Department.

Mr. Mahon stated that more money was really needed by the PO Dept., and some increase was in order, but that Congress will have to carefully consider every phase of the proposed rates so as not to injure anyone.

He added that he would like to see the Post Office Dept. pay its own way, and felt sure that most people would share the same views. He felt the bill would fail to pass in its present form.

LUTHERAN SERVICES AT COURTHOUSE

We have been requested to announce that there will be Lutheran Services every Sunday afternoon at 3 o'clock in the district court room, with preaching the first, third and fifth Sundays, by Rev. Karl W. Keller of the Redeemer Lutheran Church at Lubbock.

The minister for the second and fourth Sunday will be Rev. Paul Heckman of the St. Paul church at Wilson. You are cordially invited.

FREEDOM OF THE PRESS

Freedom of the Press doesn't belong to the newspapers — it belongs to the American people.

But when we have no freedom of the press, neither will the people be free.

We wish to take this means of thanking all our friends for their kindness and sympathy during our time of sadness. We extend special thanks to the many who sent beautiful floral offerings. May God bless you one and all. The family of Mrs. W. E. Lowrance.

Southern Baptists Called To Day of Prayer May 4

Dr. Robert G. Lee, president of the Southern Baptist Convention, has asked the denomination's churches and homes to observe Wednesday, May 4, as a day for repentance and prayer preliminary to the May 18-22 meeting of the Convention at Oklahoma City.

The Convention president, who is pastor of the Bellevue Baptist Church of Memphis, Tennessee, urged pastors to emphasize the day as necessary "in view of the needs and miseries of the world—so varied and complex."

Dr. Lee also suggested that "in journeying to the Convention there be prayer meetings held on the trains and planes en route to Oklahoma City."

"And, for all those who come in cars, why not pause occasionally for a prayer in the car on the side of the road or as stops are made at gas stations? And as it only takes one to drive a car, let those who are not driving hold occasional prayer sessions in the car as they journey."

almost afraid to venture far on predictions this year 1949. It has set them back on their hind pastures too many times. As for the thunder and groundhog, they don't give a hoot.

'April Fool Day' Antics Catch Rotarians

Cen-Tex Harmony Hosted By Miss Creola Moore Monday

South of the Border, was the topic theme of the Cen-Tex Harmony Club program at their meeting Monday night, April 4, in the home of Misses Delia Wall, and Edith Creighton, with Miss Creola Moore acting as hostess.

Mrs. Billy Moore was special program director. She introduced for the first offering Mrs. Jim Harrison who gave a piano solo, "Heromcello." Three club choruses sang "La Paloma" as the second selection. Mrs. Billy Moore sang "La Cucuracha" accompanied by Mrs. N. L. Mason. Two more piano solos were included, "Mexican Hat Dance" by Mrs. Grace Wood, and "El Rancho Grande" by Mrs. N. L. Mason.

Decorations and sandwiches were done in Easter Motif. Sandwich plates were served to the following: Mmes. R. A. Brown, Wm. Glick, Jim Harrison, N. L. Mason, Billy Moore, Grace Wood, and Herschell Thurston, and Misses Edith Creighton, Delia Wall, and Creola Moore.

GOMEZ PTA SPONSORS CONCERT TONIGHT

A concert by the Brownfield High School Band will be presented in the Gomez school tonight at 8 p. m.

The affair will be sponsored by the Gomez PTA and admission prices will be adults 55c and children 27c.

Everyone is cordially invited to attend.

PUPIL OF LOCAL TEACHER YOUTH CONTEST FINALIST

Oatus Roberts of Lamesa, who is a pupil of Mrs. John F. Luckie of Brownfield is now in first place in the Youth Talent Contest sponsored by the Lamesa Jaycees. Roberts, a baritone, will be given an audition on the Horace Heidt program later in the year at San Antonio.

The final contest was given at the Lamesa High School Auditorium Friday, April 1, Finalists from Lubbock, Abernathy, Levelland, Tahoka and Lamesa took part.

Mrs. Luckie has opened a vocal studio at Levelland. The first session was held Tuesday, April 5th.

Mrs. Larry Green Honored With Bridal

Mrs. S. E. McCutcheon was hostess at a miscellaneous bridal shower at her home on Thursday, March 31, honoring Mrs. Larry Green, nee Ozella Proctor.

Cookies and punch were served to the following guests who called between the hours from 2 p. m. to 5 p. m. Mmes. L. P. Price, L. A. DuBose, Ira Johnson, W. W. Price, T. J. Price, R. W. Whitney, Emerson Owen, and Gay Price, and Misses Mary Whitney, Della Brown, Billie McCutcheon, Flossie Braden, Idabelle McCutcheon.

WINS SCHOLARSHIP

Barbara Dell Dean, 16, of Alvarado, Texas, is the winner of the Texas Home Demonstration Association's Maggie W. Barry award. The award is the highest honor that can be won by a 4-H Club girl and carries with it a year's scholarship to any state college. (AP Photo)

Mrs. E. S. Groves of Ft. Worth and her son Nelson Groves of McDonald, Pa., are both here visiting in the home of Mrs. Nelson's daughter, Mrs. Ruth Cox.

Mrs. P. A. Nowlin and Miss Virginia Cooper spent the weekend in Tahoka, visiting in the home of Mr. and Mrs. E. J. Cooper.

Ann's Selected Aroma of Foods To Lead Males into Escapades

First Presbyterian Church To Hold Special Easter Services

Special Holy Week services have been planned at the Presbyterian Church beginning Sunday, April 10, Palm Sunday. Mid-week services will be held at the church on Tuesday, Wednesday and Thursday nights.

Thursday night a joint communion service will be held with the Methodist congregation. Rev. Herschell Thurston will preach at this service. Other services at the church will be under the direction of Rev. Murphy, pastor. The public is invited to attend these various planned services. All night meetings will start at 8 p. m.

LYNN STURGES HOST TO PHI BETA CRAESUS

On Tuesday, April 5, Miss Lynn Sturges entertained the Phi Beta Craesus club at her home, 620 E. Broadway. A short business meeting was held.

Refreshments were served to the following members: Barbara Stice, Patsy Black, Wanda Stafford, Harlene Glen, Sandra Bailey, Annie Nicholson, Phyllis Basher, Onagene Walker, Patsy Hill, Nan White, Janelle Thompson, Glenda and Joan Blevins, Peggy Black and the hostess.

Mrs. Bill Dugger spent the weekend in Old Glory visiting her parents, Mr. and Mrs. W. W. Trice.

The members of the local Rotary Club arrived at the Esquire Cafe for their weekly luncheon meeting on Friday, April 1 to find that entrance through the front door was prohibited due to wet paint. A similar sign greeted them at the back door. Having returned to the front and finally gained admittance they were even more astonished to discover their wives already present, and in charge of all arrangements.

Mmes. Clovis Kendrick, Evert Latham, C. E. Ross, and J. O. Gillham greeted them at the door and pinned tiny pair of diapers lettered, "not a dry moment," on their lapels. From then on havoc reigned. Mrs. A. W. Turner acting as program chairman introduced the intended speaker for the day, Homer Grant of Lubbock, who was to speak on water conservation, and then quickly dismissed him as a nobody from Lubbock who was present to try and tell Brownfield Rotarians how much water they could use.

Mrs. E. C. Davis gave the welcoming address. The newly elected officers of the club were installed by the women, and then quickly removed from office because of their ignorance, and inability. Mmes. O. L. Peterman, Robt. Bowers, Kyle Graves, Virgil Miles, and Lal Copeland proceeded to further disrupt things by telling jokes about the various members of the organization.

(Page 8 This Section)

Hard to say if Marcellyn Gulbrausen will catch any fish with that outfit, but she'll certainly capture the eye. She's all decked out as "Miss Sportsman" in the Third Annual Northern California Sportsmen's and Vacation Show in San Francisco.

Club Auxiliary Plans Birthday Fete April 13th

The Women's Auxiliary of the Brownfield Country Club have planned a special luncheon for their monthly meeting April 13. The luncheon will be planned around a Birthday theme. A chairman has been appointed to represent each month in the year, and these chairman will act as hostesses. They will each be responsible for decorating a table for their particular month, and members and guests with birthdays in these months will sit at

Hostesses will provide the meat course, rolls and drinks and members will bring covered dishes. Members are all urged to come and guests will be allowed. Don't forget the date, Wednesday, April 13th.

Mrs. Tom May and Mr. and Mrs. A. A. Sawyer returned from an extended visit in California on Friday of last week.

Pretty Boots Berry of Sinton, Texas, sits among the first bluebonnets of 1949 to bloom in South Texas. (AP Photo)

Maids and Matrons Entertain Collective Group of City Clubs

The Maids and Matrons club entertained the other study clubs of Brownfield with a Friendship Tea on Tuesday night, April 5 in the assembly room of the Jessie G. Randal School. Mmes. L. M. Wingerd, Money Price, and Annie Nelson were co-hostesses at the affair.

Members of the Alpha Omega, Delphian and Cen-Tex Harmony clubs were invited. They were served from a refreshment table decorated in spring motif.

A white net, full skirted cloth, centered with an arrangement of varied colored snapdragons, covered the table. Nosegays of green, maline and violets were scattered over the table. Punch, tiny flower decorated cakes, ribbon sandwiches and mints were served.

The program theme was based

on friendship. A novel bingo game using cards marked with the guests names was played. Mrs. E. C. Davis gave a discussion on the subject of friendship. Mrs. Mon Telford sang "Friendship," accompanied by Mrs. Ruth Huckabee, who played throughout the program. Another new game was played in which famous friends were paired.

Some thirty-eight guests were present.

Mrs. Bob Purtell and Cydne and Mrs. Al O'Brian of Lubbock spent Wednesday here visiting Mrs. J. E. Smith.

Mrs. E. D. Ballard is home from the hospital and rapidly recovering from her recent operation.

Crippled Children Get State Assistance

Almost four thousand Texas children from more than 225 counties have received beneficial services and aid to happy, normal living under the Crippled Children's Division administered by the State Health Department, during the calendar year 1948. This information is shown by the annual report issued by Dr. Geo. W. Cox, State Health Officer.

According to Dr. Cox, the most commonly treated conditions are late effects of acute poliomyelitis, cerebral palsy, osteomyelitis, tuberculosis of joints, cleft palate, harelip, and clubfeet. Although the services provided for children from birth to 21 years, the largest group treated were from the age bracket of 5 to 14 years.

The help given these crippled children represents 3,747 clinic visits, 43,433 days of hospital care, 2,897 days of convalescent home care, and 4,986 doctor's visits.

"As long as sufficient State funds are available, any crippled Texas child of normal mentality, under 21 years of age, whose parents or guardians are unable to pay for proper care, is entitled to the help of the Crippled Children's Division," Dr. Cox said, "if his doctor believes that it is reasonable to expect that the child can be improved through

20 CAGERS AWARDED LETTERS HERE

The names of 20 first string, reserve and "B" team basketball lettermen have been announced by Coaches Farris Nowell and Tracy Kellow of Brownfield High School.

Cub lettermen are Glenn Corby, Jim Billings, John Thompson, Jody Line, Calvin Farris, Dale Cary, John Franks, Tommy Crosslin, Jim Ritchey and Sam Ritchey. Reserve letters went to Charles Scudday and Clyde Chambliss. Corby, Billings, Line and Jim Ritchey will be lost through graduation.

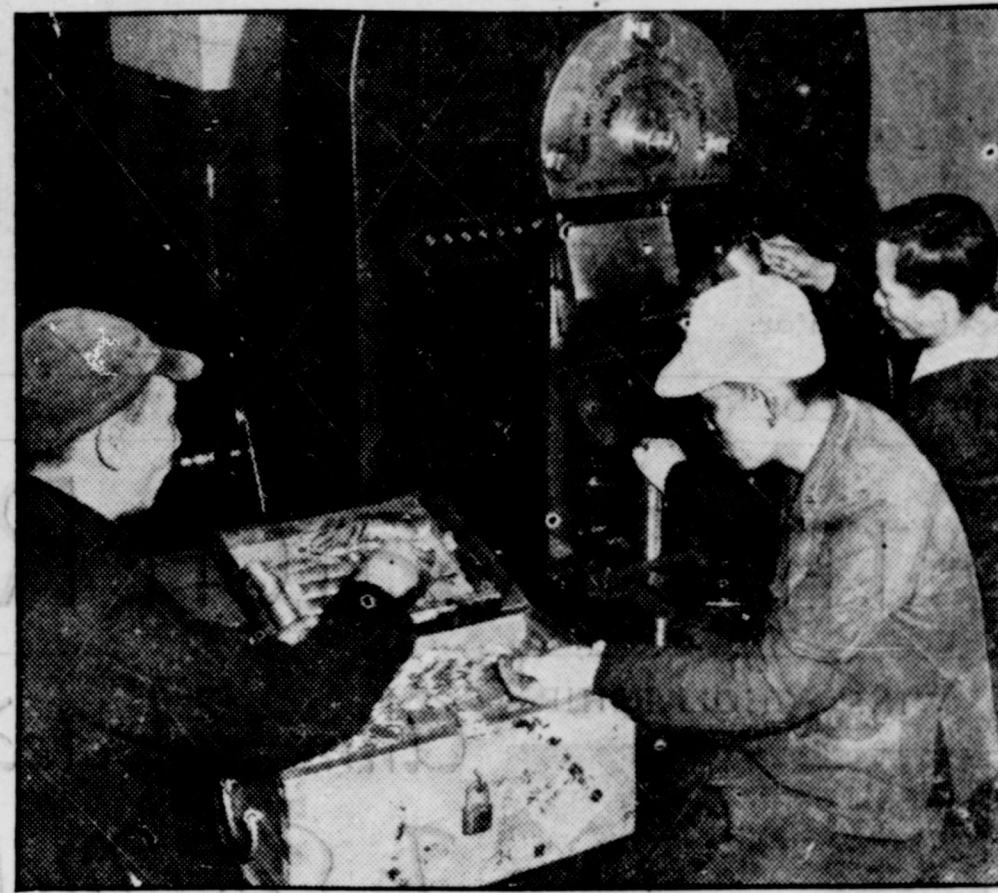

The "B" lettermen are Eugene Little, Marvin McNeil, Jimmy Miller, Rex Black, Johnny Bailey, Freddie Mitchell and Howard Swan.

Garner, water and 'keel-scaled' snakes do not lay eggs.

hospitalization, medical or surgical care, artificial appliances, or services."

Parents of crippled children through a combination of these should make application for this assistance by completing application forms, which should be signed by the physician and approved by the County Judge. The application is then mailed to the Crippled Children's Division, Texas State Department of Health, Austin, Texas.

Mint Silver Coins in China

In support of the new economic reform program, China's Central Mint in Shanghai has begun making silver coins. The coins, bearing an impression of Dr. Sun Yat-Sen on one side and a Chinese junk on the other, will soon be rolling off this and four other minting machines at the rate of 300,000 daily

New Departments To Be Added To Tech Journalism Course

Sports writing and radio news and continuity writing will be added to the journalism curriculum at Texas Technological college next school year, 1949-50 terms.

The sports writing course, to be offered in the spring for three hours credit, is designed to give persons interested in athletics a basis for preparing printable stories on sports events and practice in writing. This objective will make the course commendable to physical education majors who expect to become coaches as well as journalism students who desire to write sports.

Prerequisite for the six-hour radio course is junior standing a completion of a sophomore journalism course. The first term emphasizes training in radio news writing and practice in preparation of copy for both wire and local news reports, interviews and commentaries. The second term is devoted to advertising and continuity writing with practice in writing commercials and sustaining continuity.

O'Donnell Boy In U. S. Army In Japan

Recruit Steril Holleman, son of Mr. Frank I. Holleman, of O'Donnell, Texas, is now serving with "G" Troop, 2nd Squadron, 7th Cavalry Regiment, 1st Cavalry Division in the occupation of Japan.

Prior to entering the army, he attended the Dawson High school in Welch. He plans to finish high school in the army.

California's production of gold and mercury leads the 48 states.

Traffic Deaths Drop One Per Cent In '48

Traffic deaths dropped one per cent in 1948, reaching a total of 32,200 as compared with 32,500 in 1947, but injuries increased eight per cent, according to figures released today by The Travelers Insurance Companies.

The personal injury total 1,471,000, was an all-time high. The 1947 figure was 1,365,000.

These data are contained in a booklet entitled "The Human Race," fifteenth in an annual series of traffic safety publications issued by the companies.

In commenting on the title Jesse W. Randall, president of The Travelers, says:

"America's miserable traffic accident record is, in a sense, the sum of all our trifling human frailties. Most of us know how to drive and walk with safety, but it is so human to let our absurd little personal foibles botch our better judgment."

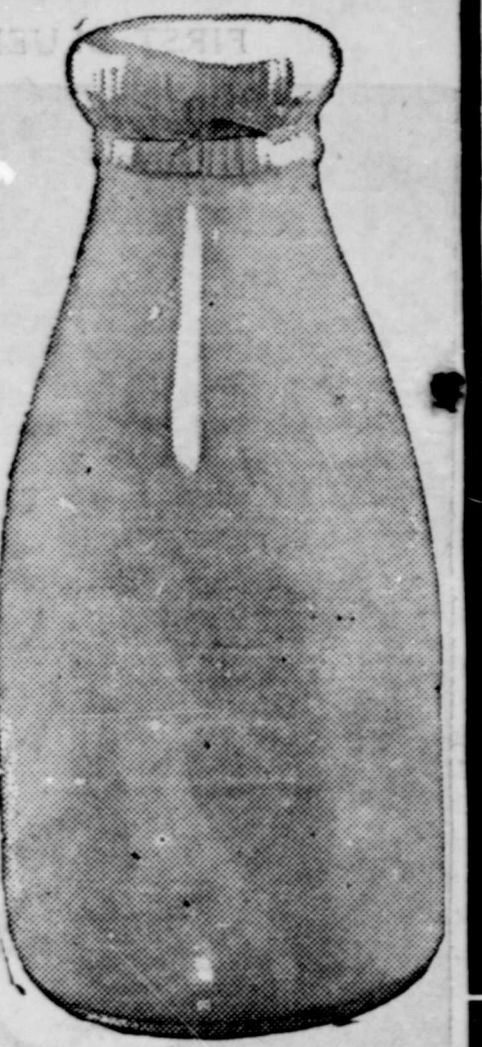

Excessive speed headed the list of accident causes in 1948, as it has in most recent years. More than 10,000 deaths and more than 338,000 injuries were attributed to this single cause.

Youthful drivers, especially those in the 18 to 24 age group caused more than their statistical share of both deaths and injuries, according to the figures.

The report, based on official records from every state, compares figures for 1948 and 1947 on the basis of age, sex, road and weather conditions, type of vehicle, mechanical condition of cars, type of accident, and many other factors.

Mrs. N. T. Dalton, of Littlefield, and Mrs. John Gilbreath and son Rufus Gilbreath of Muleshoe were visitors in the E. D. Ballard home, Sunday.

"Over 43 Years of Continuous Service"

'Granny Be-Bop of 1949'

Mrs. Margaret "Nana" Haugan, 75-year-old grandmother from Joliet, Ill., poses in front of some of the prizes awarded her with the title of "Granny Be-Bop of 1949" on a Chicago radio program designed to prove that there's life in the old girls yet. Master of ceremonies Tom Moore congratulates the young-in-spirit Mrs. Haugan, who won over four other grandmothers with a dance-step similar to the above, accompanied by her version of "Dinah."

G. I. QUESTIONS AND ANSWERS

Q. I interrupted my training under the GI Bill and now would like to resume training at once. May I go back to my classes any-time?

A. Before you resume your interrupted training, you should get a supplemental certificate of eligibility from VA.

Q. Are patients in Veterans Administration hospitals permitted unlimited participation in competitive sports?

A. Patients may participate only with the permission of the doctor in each case. An average of 43,000 veterans per month have been participating in various sports at hospitals and homes.

Q. I wish to take on-the-job training. Where should I apply?

A. Apply at your nearest VA office. Take along a certified or photostatic copy of your discharge papers. If you are married or have one or more dependents and want subsistence allowances, take along your marriage certificate and other documents that will establish your dependency claim.

Q. I have completed my on-the-job training course and have some entitlement left. I would like to take another course. May I enroll at another school?

A. You may use any remaining entitlement either for on-the-job training or for educational training with VA's prior approval.

JUNIOR STOCKMEN.

OR

Drug Stores

Congratulations

We not only want to congratulate our Boys and Girls, our Junior Stockmen, on the great show they are producing, on the fine improvements they are making in livestock . . . but we want to join them in the actual work. It is profit and pleasure for them, and it also aids our future ranching and farming—our food production.

Our chief value to you is our knowledge of drugs. Friendship comes of that service to you.

You know, like we all know, that a Stock Show, a business institution, a manufactory, a professional following, is not built in a day, or a few months. It takes business principles fitted to a standard of quality—and the results bring about a firm, a show, or a business in time.

We have fitted honest principles to the needs of a fine territory and its people. We must be accurate and dependable, never failing, in our business that influences the health and happiness of people every day.

"Babies Anonymous" Cared For By Salvation Army

"Babies Anonymous" well might be the name of one of the most sympathetic social services performed by The Salvation Army in Texas.

Through its Home and Hospital in San Antonio for unwed mothers, The Salvation Army in the past four decades has cared for thousands of anonymous babies, and has provided their mothers with the opportunity to fit themselves and their children for a normal role in life, Lt. Col. John A. Morrison, Texas Divisional Commander, said today.

The unwed mothers who seek the help of The Salvation Army are young girls from all parts of the state, but mostly from the smaller towns and rural areas, Colonel Morrison said.

To better meet the pressing problem which their plight creates, The Salvation Army will build a new \$275,000 home and hospital in San Antonio to serve the whole state. A capital fund campaign in San Antonio raised \$175,000 and the remaining \$100,000 has been made available out of State Salvation Army funds.

The new structure will provide shelter and hospitalization for 50 mothers and their babies through the weeks essential to their care,

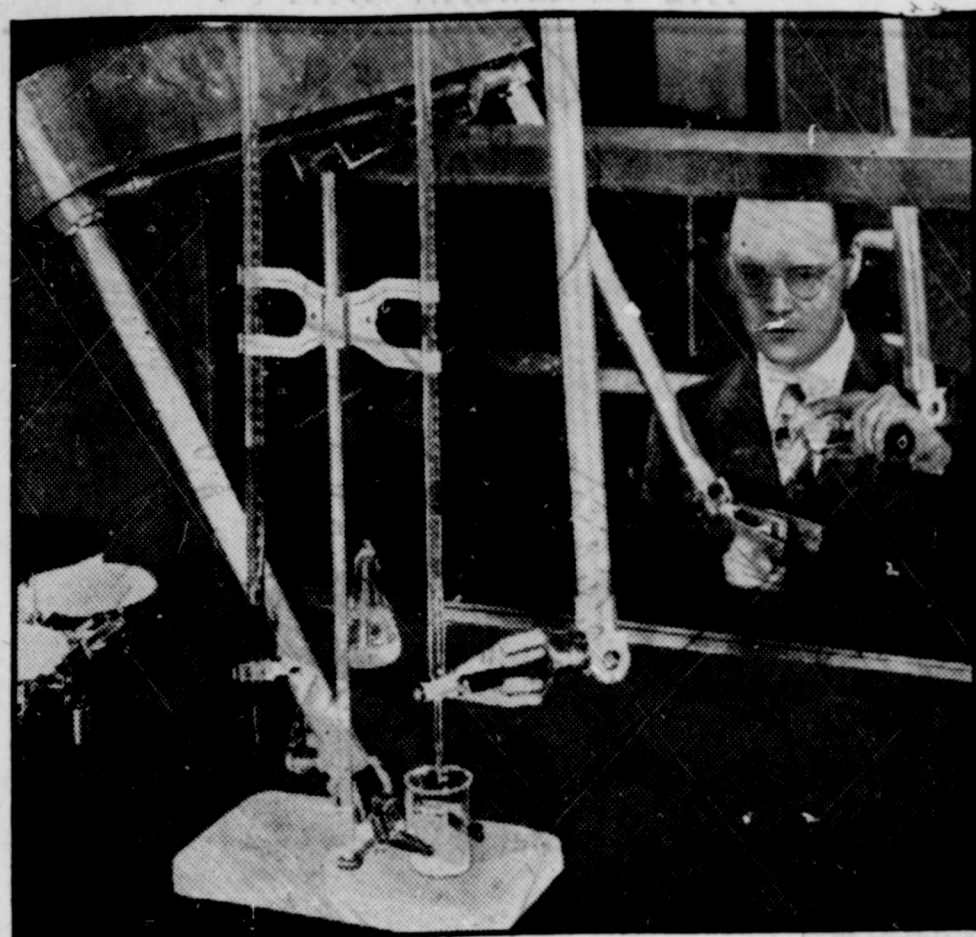

Colonel Morrison said. He pointed out that the identity of all the girls who come to the home is closely guarded in order to provide them with sanctuary and an opportunity to rehabilitate themselves.

"No girl in trouble has ever been turned away from the Home and Hospital because of a lack of funds," Colonel Morrison said, "and in the years that the institution has been operating, thousands of young women have passed through its portals."

"After the arrival of each child, The Salvation Army helps the young mother to solve that most heart-breaking of questions of what to do with the baby," Colonel Morrison explained. "The problem is worked out in an atmosphere of kindness and live and spiritual guidance. Where adoption is desired, the legal procedure established by state law is followed, but where the mother wishes to keep the child, she is given every possible assistance in working out her problem herself."

Tourists crossing the U. S.-Mexico border at Zapata, Texas, are subject to a little more inspection than at other points. A customs inspector there has a cat called Solomon, who has a ravenous appetite for fresh meat. Solomon sniffs out the meat in cars attempting to bring it back to the United States illegally. Another version of the "cat-and-mouse" game.

'Hands' for Research

Inventor Raymond C. Goertz of the Argonne National Laboratory in Chicago demonstrates his "master slave," a device to be used in research involving radioactive materials. The inventor controls the mechanical "hands" in the foreground from outside a glass panel, which is replaced by concrete and lead insulation in actual operation. Special optical lenses will enable scientists to watch the work of the ingenious contrivance, which can perform virtually any operation possible with human hands.

Give The Range Plants A Chance

In many areas of Texas, range lands were overstocked last year, and the bad effects from this practice will last for several years, says A. H. Walker, extension range specialist of Texas A. & M. College.

Overgrazing not only makes it harder for the valuable range grasses and plants to grow and make seed, but it also causes the soil to pack. This means less pore space in the soil and a lighter covering of litter on top of the ground. Ranges in this condition receive little benefit from the hard, dashing showers that are common to Texas during most of the year. On the other hand, reminds Walker, ranges that have been only moderately grazed have a turf that will slow down the run-off and will give the water a chance to soak into the soil. Such range land will soak up water from two to four times as fast as overgrazed ranges.

Less run-off means less erosion and more water in the soil. The increase in the stored water supply in the soil and the saving of valuable topsoil makes range plants grow larger and better. And any ranchman will tell you that more grass means a larger calf crop, heavier calves at weaning time, lower feed costs and better conditioned breeding cows in the herd.

It is always well, says Walker, to think in terms of future effects on the range when you're stocking a pasture. It is better still to make a close check on the amount and kinds of forage plants growing on the range and then stock in proportion to the amount of vegetation available. Light to moderate stocking will give the more desirable plants and grasses a chance to reproduce.

It is a slow and often trying process to bring back into produc-

tion a badly overgrazed pasture, but it can be done. Walker says it's more profitable and better management to base the stocking rate on the ability of the range to produce desirable forage over a long period than to put too many livestock on the range when it looks good.

WELCOME JUNIOR STOCKMEN

The wonderful records being established by members of the 4-H and the Future Farmers of America are great assets to the advancement of the nation. The results of the annual Calf Shows prove that the younger generation is prepared to take over the Agriculture Industry. It is with pride that we welcome the members of both organizations to the 6th Annual Calf Show.

M-M means... Maximum Mechanical Efficiency

The M-M trade mark of Minneapolis-Moline Farm Equipment Manufacturers is rapidly spreading over the world.

Minneapolis-Moline Farm Machinery has become a leader in the Agricultural Industry. Its reputation is steadily growing, just as the reputation of the Club Members is also growing. Next time you shop for farm equipment be sure to stop in and see the M-M line.

Bones in canned fish are so softened by the canning process that they can be crushed or mashed and mixed with the fish, thus adding calcium and phosphorus to the diet. The liquid in the fish can may also be used in flavoring sauce for creamed fish, or in soups, chowders, or dressing for fish salad.

Steel Bottle Necks...

Cleaning pipe in West Texas Gas Company's pipe yard.

Are Hard to Break

West Texas Gas Company is spending approximately \$2,250,000.00 this year to meet your demands for natural gas service.

Although most materials are available for the 1949 improvement and expansion program... there is still one big "bottle neck." The "bottle neck" is the scarcity of steel pipe in the quantity and quality required.

To meet the demands for natural gas service, large sums of money are being spent replacing various sizes of lines in our transmission system and in our distribution plants with larger pipe.

When a line is replaced it is necessary to recondition the pipe we take out before it can be used elsewhere.

Pipe that we remove from the ground is cleaned, inspected and tested with all the meticulous care of new pipe. It is subjected to high pressure tests and pipe that will not stand "above normal usage" is discarded.

Costs of reconditioning pipe, new steel pipe, wages, and other items have risen sharply during the past few years... yet despite the increased costs... natural gas service for your home and business is still furnished you at pre-war prices.

West Texas Gas Company

HELPING BUILD WEST TEXAS SINCE 1927

Congratulations

JUNIOR STOCKMEN AND CLUB MEMBERS

You're doing a great job of staging the annual STOCK SHOW, and improving it year after year. Keep up the good work (and remember that when you produce Blue Ribbon stock, ESQUIRE will be right in line serving Blue Ribbon Meats.)

The Sixth Annual Junior Stock Show shows up as a great improvement from your beginning, so count on us to help, and to keep boosting.

Mr. and Mrs. Stockmen, Boys and Girls, come out and dine with us during the Big Stock Show. You'll meet lots of friends here. Sit down to a well-cooked meal, attractively served to your liking, with friendly, courteous service.

One of the reasons given that our courts operate so slowly is that our criminal lawyers don't want a change, for the more time consumed in trial the more appeals, and the better their pay. And as the State Legislature is mostly made up of lawyers and of course they are in no hurry to change the law. It is becoming a noted fact that you often hear the expression, "if you have a good lawyer, you will escape punishment." Another thing is that lawyers are allowed to trigger with most any fool thing to try to save their sorry clients. Such for instance as a bit of carelessness in the indictment. Remember the one that failed to state, "drowned in water," and "drowned in water?" Lawyers will take advantage of such things to save a "dirty criminal." In many of the "peoples" columns, the writers are asking the press of Texas to take a leading role in getting some court reforms in Texas if every lawyer has to be blackballed to do it.

Most of us have heard the old chestnut expressed, "I ain't mad at anybody." This doesn't seem to be the condition of Premier Marshall Tito of Yugoslavia. He seems to be mad at everybody—maybe himself. In an address to his people the other day he blasted both the east and west, and we feel sure he does not like Italy any too well to his south, not so far as we know, his neighbors to the north.

We read that the South Plains Press Association, or rather C. W. Ratliff of the Avalanche-Journal of Lubbock, is going to offer prizes for the best paper and the best editorial, at the meeting in May. We are hereby giving you other guys fair warning that we intend to take both, and if you don't wish to swallow your Adam's apple in embarrassment, better lay off contesting with such a notorious individual as yours truly. Yes, we want both prizes; the latter is already in 'de bag.'

Just a hint to Senator Corbin and Representative Smith of this district, and a hint to the wise

Getting Hot, Eh Comrade?

is sufficient. Texas needs a real secret ballot. What we have now is just about as secret as back-fence gossip. They take your name and the number of your vote, and anyone that can get his hands on the ballot box can tell you how you voted. It has been done right here in Brownfield an hour or two after the polls closed. Give Texas a real secret ballot, and you'll gain the respect of all good citizens. We know people who do not vote for fear someone will find out how they voted.

The Herald has always been against the proposition to further tax natural gas that is being used within the state. At the same time whole heartedly in favor of taxing gas that is being piped to other states to help boost their manufacturing. Yes we are in favor of a meter everywhere this Texas natural resource crosses a state line. Then the tax could not be reflected right back on natural gas users in Texas. Let Texas lay a reasonable tax on exploiters or transporters. This tax could be used nicely for our public schools, and especially to remedy the disgraceful condition now present in many of our elementary institutions. It is a safe bet if conditions were reversed that other states would not permit us to get any of their natural resources scott free. Again, it might save us the hateful sales tax that plague other states. We have it on good authority that Louisiana collects ten times as much tax on her natural gas as Texas.

We heard a lot last week about a mysterious circular that made its appearance just before the school trustee election. In fact, it was related to us that it personated, and was almost slanderous in its expressions. We did not see one until the election was over, then we read it carefully. So far as we could fathom, there was nothing slanderous about it. It was just an argument about the school bond issue. While some perhaps did not agree with it altogether, they offered some very convincing arguments for their side of the question. This is a free country, and if we keep it that way, we shall have to allow free speech and free press, and freedom of thought and action. While no one signed the circular, most anyone knew who was behind it. As it turns out, the circularizers do not want to spend \$750,000 for a high school, when it is the grades that are crowded.

And the other side admitted as much. Every man has a right to his opinion. If all had the same idea, all men would have tried to marry Sallie Jones.

We received our first copy of Texas Farm and Ranch last week, the first we had seen in many years. In our early boyhood days this paper was a weekly, but is now a monthly magazine. But many of the old features still obtain, among them the "Cousin's League." This department was then conducted by "Aunt Sallie," who we imagine has gone to her reward years ago. At that time we thought this department just an interesting fad that would soon pass. But after 50 years that we have known it, the League still goes on. The F & R has added many other interesting features, and the farm machinery ads are quite different to 50 years and more ago. It would indeed be interesting to have a complete list of those who have contributed to the columns of F & R, either living or dead. There would be a host of them, granddads and great granddads and grandmothers of the present writers.

Many that either voted for or against President Truman believed that he would take his victory last November philosophically and give the glad hand to the vanquished and ask the hearty cooperation of all for the nation's good. But it seems that our president cannot raise above the ward politician. He gives no quarter, nor is he asking any. He has almost alienated some of the men who worked for his election by his stand pat methods. As a consequence, he as a coalition on his hands of Southern Democrats and GOPers, and his pet laws have been balked for the present at least. Of course the gimme crowd is still his, but most of them have no voice in making laws.

The big Democratic dinner and rally down at Austin netted a round 40 grand according to press reports, as it was a \$25 a plate affair, managed by Austin's "right smart to the left" mayor. Now the tribe at Lubbock and this section are to put on a \$10 plate affair. We sometimes wonder if these banqueters have any idea of how the money they are raising will be used? We can tell them a few. In 1950, it will be used in the north to load on some more south hating congressmen and senators if possible. And, surprisingly such men as Samuel Rayborn is falling for it. He ought to be old enough to know better.

Many have reached the conclusion that the Herald has overdone its allegiance and love for the south. We do love every rock and rill and coastal hill not only in the south, but throughout the nation. We have nothing whatever against northern people. They have done us no harm. All we wish is that each state may be allowed to govern itself without federal coercion. Our old dad had nothing against the men in blue he fought; why should we? Of course southern people will always harbor all such men as old Gen. Sherman, who ravished and burned better than he fought. So far as our family was concerned, it was not a question of slavery. None of our folks owned them. They fought for state rights, just as we do at present. Many of the best legal talent both north and south have held that the south had a legal right to secede in 1861, but not now, with amendments to the constitution. They were not rebels in any sense, but had every right to form a Confederacy.

The agreement among the western nation on collective protection, evidently shows that the leaders of them at least, believe there is some danger. Otherwise they would not be willing to go on arming their countries against

possible invasion. Most of the leaders at present, of the western nations of Europe, are not sword rattlers. In fact most of them are civilians by profession. While feeling insecure at this time, they evidently aim to put themselves with the help of the United States in position to repel an aggressor. The only trouble we see with all this re-arming, is that a lot of the European nations are naturally inclined to follow some loud squawking self invited dictator that might show up on the scene, among their own people, after they become well equipped in a military way. Eternal vigilance is the price of liberty. Not only will American and other democratic nations have to watch foreign aggressors, but the home grown dictator as well.

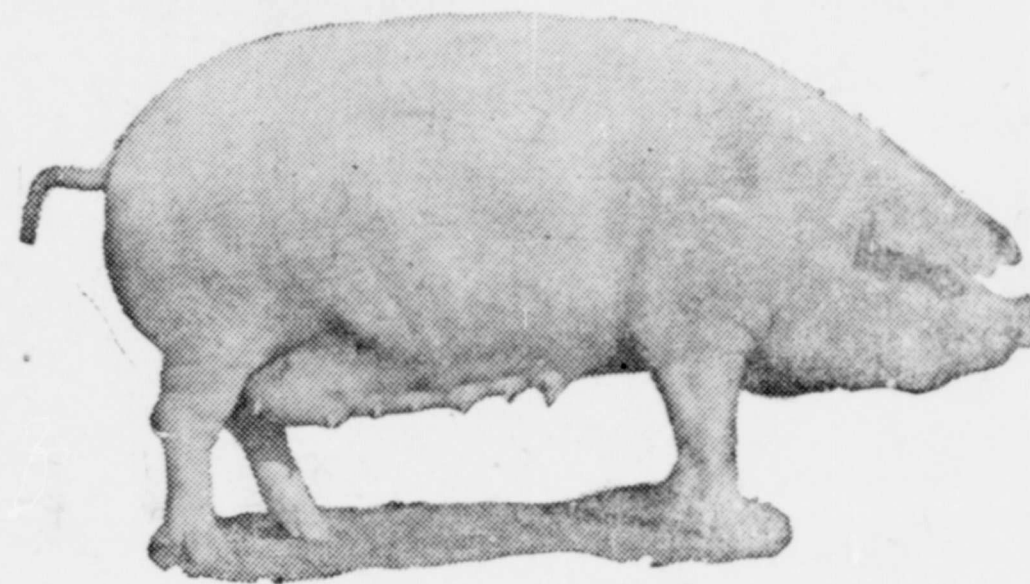

No man in the world should be so happy as the man of God. It is one continual source of gladness. He can look up and say: "God is my Father, Christ is my Savior, and the Church is my mother." —Moody.

THE AMERICAN WAY

A Headache No Doctor Can Cure

A Money-back GUARANTEE

Guarantee of a good return from your land and your labor lies in having good equipment and favorable aid from mother nature. Securing good equipment for farming as well as protection against loss of crops can be assured by a visit to the First National Bank.

We're For You, Club Boys and Girls!

Showing a champion is the dream of every farm youth bringing a blue ribbon from a fair or show is the thing a youngster strives for from his earliest boyhood age, and he spends most of his leisure hours and some of his working hours to make this dream come true.

He worries himself into frenzy whenever his favorite calf isn't feeding right and will not rest until he is sure that it is in perfect health once more.

Dreaming these dreams and having the opportunity to make them come through is what makes this nation great. It is this opportunity for the youth to further themselves which has made West Texas the fastest growing territory in the U. S.

The directors and employees of the First National Bank extend a cordial invitation to all 4-H and FFA members to the 8th Annual Brownfield Calf Show.

1949 Award Winners

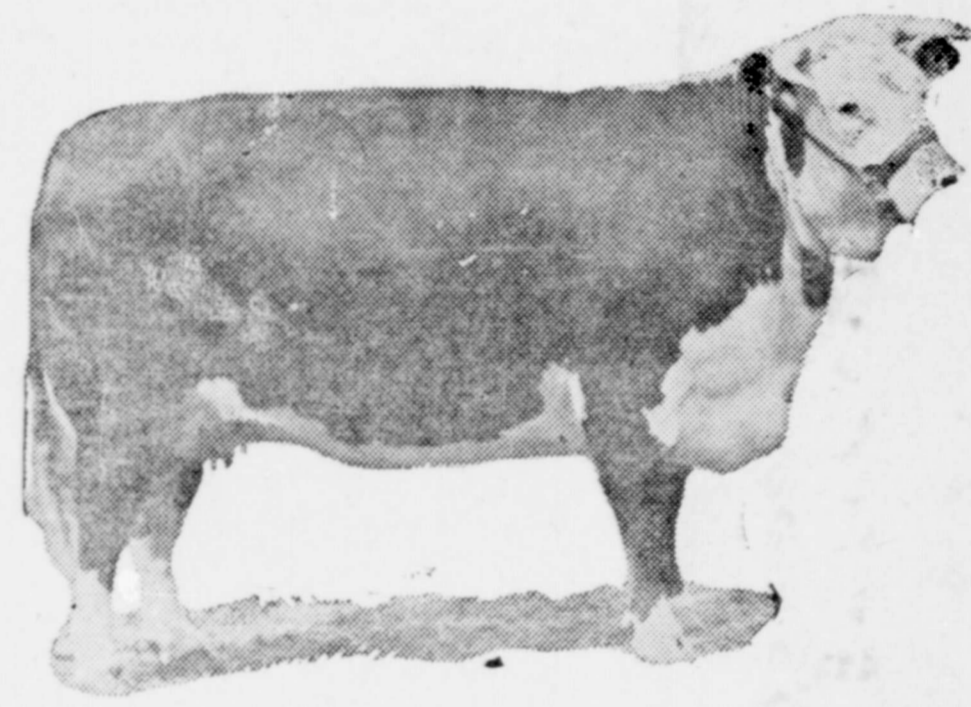

AWARD WINNERS

Winning an award is not an easy task. 4-H and FFA blue ribbon winners know that it takes patience and ambition to reach the goal. Ford research men and engineers have labored years to bring to the American people the Gold Medal winner. Stop in at our show room and acquaint yourself with the "Car of the Year," the '49 Ford.

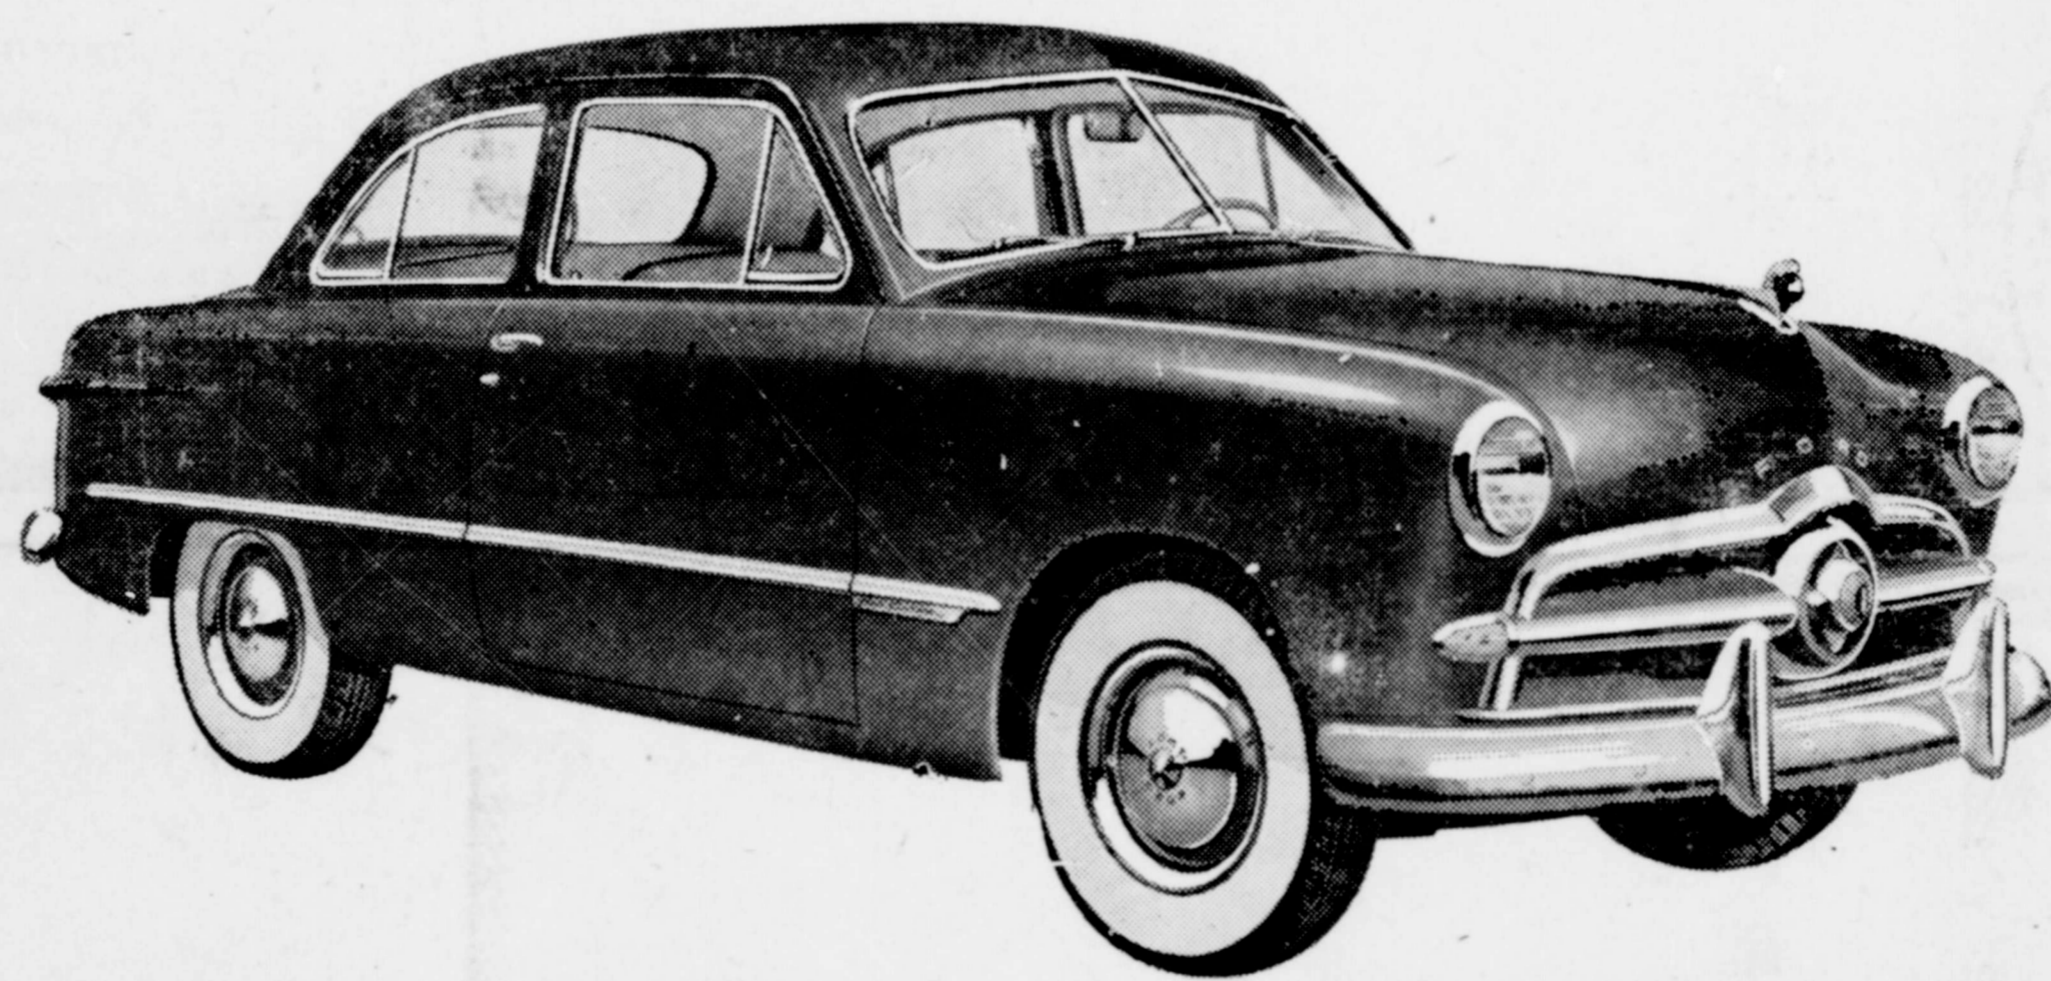

4-H AND FFA

All club members are blue ribbon winners, whether they win first prize or not. The work the FFA and 4-H carry on during the year in the agricultural industry merits them many awards. Their achievements and progress are outstanding among the youth of the nation. Blue ribbon award winners in their youth later become leaders in their field. Carrying home a blue ribbon, therefore, is one of the aims each youth strives for from the minute he joins a farm youth organization.

'49 Ford

YES SIR: the '49 Ford is also a ribbon winner. Just a month ago the Ford Motor Company was awarded the "Gold Medal Award" for producing the outstanding car of the year. Keeping up with other industry in the forward progress movement Ford engineers in 1949 came out with the latest designs and quickly took the lead in modern driving comfort and economy. Since Ford first started manufacturing cars many years ago he has received many awards. The '49 award clearly indicates that years of research have kept Ford "Out Front."

JOHNSON NEWS

(Delayed)

Mr. and Mrs. W. E. Parker and children visited in the E. C. Pace home of O'Donnell Sunday.

Sgt. and Mrs. S. Parlin of Shepard Field spent the week end with Mrs. Parlin parents Mr. and Mrs. J. L. Smith, who recently moved here from Post.

Frank Tuttle left Thursday on a business trip to Oklahoma.

Miss Joan Lay of Lovington spent the week end with her parents Mr. and Mrs. B. R. Lay.

Mrs. Alton Loe was in the hospital for several days last week for a sinus infection.

Mrs. Herman Whitley of Hobbs is here visiting her sister Mrs. A. G. Camper who is recovering from an operation.

Mrs. Jewel Bryant and daughter of Artisia spent Sunday with her parents, Mr. and Mrs. Smith.

Mr. and Mrs. Bert Tuttle and children visited in the M. Smotherman home of Seagraves Sunday.

Milam Tuttle left Monday for Temple to go through the clinic there.

Jinny Lou, small daughter of M. H. Goza has pneumonia.

Mr. and Mrs. B. F. Foshu and family spent the week end in the Lee Dubose home of Ralls.

Mr. and Mrs. Alton Loe and girls attended the house warming of the Wilton Thompsons of Brownfield Sunday.

Derrill Harris who is stationed at Almgordo, N. M. spent the week end with his parents, Mr. and Mrs. A. L. Harris.

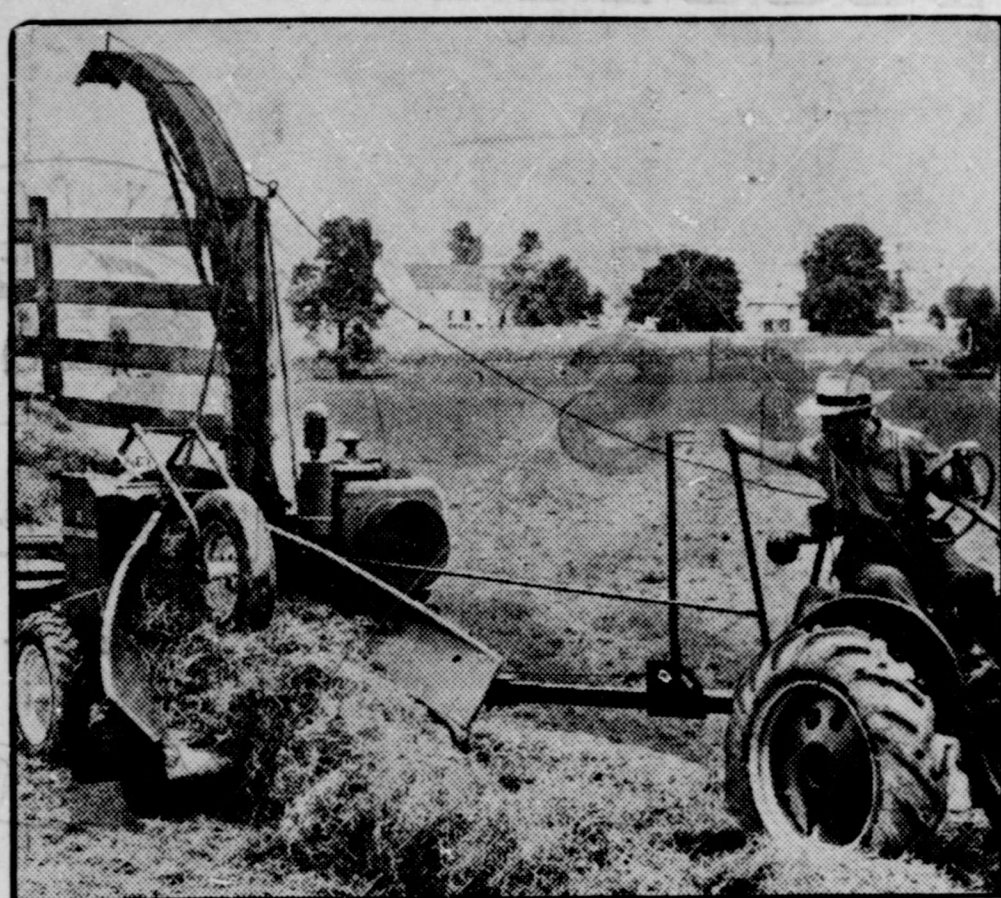

Jerry Parker is recovering from the mumps.

Mrs. Grady Patton left last week for Colorado. City to be at the bedside of her mother who has been ill for time.

Mr. and Mrs. E. V. Gillentine returned last Wednesday from a tour of south Texas.

If you must dry-clean clothes at home, use only a non-flammable fluid—one that will never explode or burn. And do the work outside, where the vapors will be quickly carried away by the wind.

Aid to Farm Mechanization

Bringing the farm a step closer to complete mechanization, this new field forage harvester automatically picks up hay from the windrow, chops and blows it into a trailing wagon. A quick change can be made to convert the device to a harvester for cutting and chopping corn.

GOMEZ GOSSIP

(Delayed)

Mr. and Mrs. L. L. Key and daughter of Denver City were week end visitors in the T. A. Key home.

Among those who are missing school because of mumps this week are Jerry Parker, Kelly Mack Sears, Charlie and Clyde Bolen, and Billie Hanson.

Miss Patricia Kelly spent the week end at Brownfield with Mr. and Mrs. Otis Kelly.

Mr. and Mrs. Tress Key and daughter visited at Levelland Sunday.

Miss Annie Ruth Paschal, a Tech student spent the week end with home folks.

Mrs. Paschal will leave Wednesday for Corpus Christi for a few weeks' visit with her daughter Mrs. R. A. Springer and family.

Mr. and Mrs. J. Price of Wellman visited Sunday in the J. H. Riggs home.

Mrs. Virgil Carter and son of Tahoka spent the weekend with her sister Mrs. Fred Arnold and husband.

Denver Kelly, J. R. Blake, and Colton Forbes left last week for a fishing trip at Regan Canyon.

Weekend visitors of Mrs. M. Chesher and Mrs. S. Banks were Mrs. Chesher's daughter and family Mr. and Mrs. H. C. Whiteley and children Joylyn and Sandy of Odessa. Sandy and Joylyn remained for a weeks visit.

Gordon Newson owner of the gin at Gomez complimented a large group of his customers with

a fishing trip to old Mexico. They left Monday morning.

Among those from Gomez besides Mr. Newson were: M. O. Simpson, J. A. Fox, Val Garner, B. A. Floyd, Lee Howell, Bonnard Stice, Johnny Wood, W. H. Key, and J. A. Crocker.

Mr. and Mrs. Joe E. Young of Woodrow were visitors Sunday in the W. G. Carter home.

Mr. and Mrs. Joe Wooley and family and Mr. and Mrs. A. L. Glaye of Lubbock were visitors Sunday in the W. M. Wooley home.

Winston returned from winter quarters

J. F. Winston returned this week from the lower Rio Grande Valley, where for the last several years he has spent the winters,

as he has not been in very vigorous health for the past several years, and the semi-tropical climate down there is more congenial. He usually goes down in October, returning in April.

Mr. Winston is one of the real old timers, coming here in 1909.

the same year the Old He arrived on the scene. He and wife, who died a few years ago, reared a fine family, three of which still live in Brownfield, being Judge H. R. Winston, Johnny and Mrs. Eunice Jones. The second son, Everett, lives at Littlefield.

and building materials of all kinds.

"WORSE AND MORE OF THEM," APPEARS TO BE GRASSHOPPER SITUATION IN '49

Grasshopper infestations tend to run in 10-year cycles—and 1949 is the tenth year of the present. There may be as many or more hoppers this year than last—and 1948 was pretty bad.

This prediction is made by H. G. Johnston, state grasshopper control leader and head of the Texas A. and M. College department of entomology, on the basis of egg counts made by USDA grasshopper control division workers.

Hoppers will begin to hatch in South Texas within the next two weeks, he said.

The worst centers of infestation of the differential grasshopper—the big yellow one with chevrons on his legs—will be along the Brazos between Waco and Richmond and along the Trinity as far south as Polk and San Jacinto counties. Scattered infestations are expected along creek bottoms in North Texas as

far east as Titus county and west to the West Cross Timbers.

A lesser—but still above normal—outbreak of the migratory grasshopper is expected in West Texas, the South Plains and the Panhandle.

The differential grasshopper can be controlled by dusting along fence rows and ditches, when the hoppers first hatch, with either 15 pounds of 10 per cent toxaphene or 15 pounds of 10 per cent chlordane per acre. After the insects move into the fields, control is much more difficult.

Toxaphene or chlordane can be used against the migratory grasshopper where there is enough foliage to hold the insecticide. In areas of little foliage where the hoppers work on the ground poison bait is necessary. County agents west of the Cross Timbers will again set up poison bran mash mixing plants if the outbreak warrants, Dr. Johnston said.

AWAY GOES OUR GAS

(San Angelo Standard)

Texas officialdom is mighty worked up over the federal threat to the state's tideland oil. Federal interference is denounced. If the tideland oil seizure goes through, Texas undoubtedly will be deprived of a great deal of revenue.

Yet Texas officialdom, and especially the Texas legislature, is strangely quiet and inactive regarding another threat to Texas resources—the siphoning off of the state's tremendous natural gas reserves to heat the boilers and warm the homes of people in other states.

The Federal Power Commission has the say-so in this for it has the power of life and death over new interstate pipelines under the public convenience and necessity clause. The commission has been extremely generous in granting these new lines, and in allowing increase in the amount of Texas gas the lines may carry.

This week an attorney for the Pacific Gas and Electric Company of San Francisco appeared before the power commission in Washington and made a plea for a pipeline permit to carry Texas gas to the San Francisco area. The growth of California's population, he pointed out, has increased sharply the need for natural gas that must be brought from Texas and New Mexico.

There is a graphic illustration of the part Texas gas is playing in the growth and development of other states. Many states on the Eastern seaboard now use Texas gas, in some cases buying it cheaper than Texas domestic and industrial consumers can buy it. Now the Pacific coast wants to increase its take of Texas gas.

Gas is irreplaceable. Once gone it is gone for good. The faster it is siphoned off to enrich pipeline companies and the industries of other states, the quicker Texas will be deprived of this magnificent natural resource.

How much longer will the Texas legislature ignore this situation? Until all the gas is gone, and Texans have to start using lignite and mesquite knots to heat their homes and power their industries?

MEADOW 4-H CLUB (Delayed)

The Meadow 4-H girls met March 24 in the grade school building.

The demonstration was given on how to feed chickens by Wanda Terry and Billie Dunn.

Naomi Jones led the girls in some songs. Some of the girls said some poems.

We had one new member, Joyce Qualls. Reporter, Runez Patton.

THIS GASOLINE'S GOT IT!

Phillips 66 is "CONTROLLED"

To Give You Year 'Round Power, Pick-Up, and Pep!

Do you move away from the stop light or curb with a smooth even surge of power? If you're the kind they have to honk at—you'd better switch to Phillips 66 now!

You see, Phillips 66 is controlled to give you smooth, even performance every season of the year. Try a tankful. Stop at the next station displaying the orange and black Phillips 66 sign and see for yourself!

*PHILLIPS 66 GASOLINE IS DESIGNED FOR UNIFORMLY HIGH-LEVEL PERFORMANCE ALL YEAR 'ROUND.

PHILLIPS 66 GASOLINE

ECONOMIC HIGHLIGHTS

The Wall Street Journal has published what it terms "American industry's report card." It is a comparison of 1948 earnings of 376 leading industrial concerns, in two dozen industries, with the earnings made in 1947. It makes very interesting reading for those who are concerned with the economic state of the nation.

The most obvious fact is that 1948 produced record dollar profits, running well over \$5 billion for the 376 companies. But, as any economist will tell you, dollar totals alone don't tell the whole story by a long shot. Other factors, tangible and intangible, enter the picture.

First of all, there were tremendous differences in the profit experience of various big industries last year. The oil companies did the best—about a 66 per cent gain for 18 companies listed in the report card. On the other hand, 5 principal moving picture producers had a stunning 64 per cent drop in earnings. The public utilities, whose rates are fixed by regulatory commissions, showed almost no change.

Furthermore, some industries with very high dollar earnings

still had difficult financial problems to deal with. Oil was one. An extraordinarily high demand forced the most rapid expansion possible. Emergency measures, often costly, were employed to get products to consumers. New construction carried a price tag two to three times as great as before the war. Consequently, the larger part of the earnings had to go back into the plant and labor rather than to stockholders.

The depreciation problem also takes some of the brightness away from the profits total. Under our laws and policies, a concern is allowed to depreciate physical equipment by so much a year, and lay the money away for future replacement. However, replacement costs are now so high that the funds thus accumulated aren't adequate for the job. So more profits must be applied to that.

The question everyone is asking now is whether the rate of earnings will continue. The Journal says that "most corporate officials expect a good year, but you have to search long to find one who thinks profits will measure up to the 1948 reports." In the view of The Texas Company, a major oil concern, "A greater volume of sales will not be sufficient to offset price declines and continued high operating costs." In indus-

"Clara, why don't you bring the young man home sometime? . . . Me and yer maw would like to know what kind of folks he comes from."

Jester Signs Cancer Control Month Declaration

Urging all Texans to support "the mighty effort now being made by the American Cancer Society" to defeat cancer, Governor Beauford Jester has declared April as Cancer Control Month in Texas. "A beachhead has been established against this formidable enemy of all humans," Jester said. "However, the tide of cancer continues to mount relentlessly throughout this state and nation. All Texans must become aware of the cancer menace, and all Texans must be reached by the cancer control methods being sponsored by the American Cancer Society." With the Governor are, left to right, Dr. William Gambrell, Col. Ike Ashburn, Mr. Fagen Dickson, Dr. W. S. Bohls, all leaders of the Texas division, American Cancer Society.

Sends Us Woodland Scenes In California

The editor had a letter under date of March 29th, from Bert Tankersley, who lives with his family out in northern California at Klamath. He stated that he noted in a recent editorial that we liked timber (trees) and he sent us four cards with timber scenes from his place. He stated that his dad, Red Tankersley was sending him the Herald, and that the family was getting much pleasure out of it.

Among the scenes he sent was a "Redwood Highway Play-ground," that showed a distant

Mr. and Mrs. Bud Patterson, Jr. and Linda Kay of McCamey and children, Carol Ann, Buddy were weekend visitors in the homes of Mr. and Mrs. Dick Falis and Mrs. O. L. Jones.

Nineteen thousand accidental deaths occur annually on American farms.

bathing scene as well as trees and mountains. Another showed trees and Elk. The third was a scene of the tallest tree known, a 364 feet Redwood. The other was the scene along the Redwood highway, with giant redwoods at every turn. Thanks, Bert.

Early Garden Method Suggested By Tech

Want to have cantaloupes and cucumbers three to four weeks earlier this year? A method which might be practical for the home gardener is being tried by Texas Tech students this spring.

The plan consists of growing young plants in cold frame, then transferring them to the field at the time seed are usually planted, says G. A. Lynch, plant industry instructor.

Planting of seed starts early in April. Seeds are planted in small cardboard containers, the common pint-sized ice-cream containers are adequate. Plants should not be started too soon, three or four weeks before the regular planting date gives the correct amount of growth for transplanting. If more time is allowed, the plants begin to vine and are hard to handle. Throughout the early growth period, the plants should be watered to produce a slow and steady growth.

Vine plants should not be transplanted bare-rooted, and should be watered thoroughly 24 hours prior to transplanting so the soil will be moist enough to hold together during the move. The late afternoon is the best time for transplanting.

If your coffee percolator will not operate efficiently, check it over. The percolator valve or pump may be clogged. Clean the valve or stem by forcing water through it or use a small round brush to unclog it.

Thomas A. Edison made his first patent application in 1859 for an electrical vote recorder.

try after industry tougher competition, plus, in some cases, a decline in consumer eagerness to buy, points to a slackening of the boom. This is indicated in dividends to stockholders. More and more firms, following a cautious policy, have recently been cutting them.

PLAINS NEWS

(Delayed)

Mrs. Sam Taylor underwent a major operation Friday in the Treadaway-Daniell hospital in Brownfield. She is reported doing nicely.

Mr. and Mrs. W. D. McKee and children, Joe McLaren and John McKee visited relatives in Stamford over the weekend.

Mr. and Mrs. Buck Morris and family of Odessa were Sunday guests of his parents, Mr. and Mrs. J. H. Morris.

Mr. and Mrs. Edwards left Sunday for their home in Illinois after a five months visit here with their daughter Mrs. Sherm Tingle.

Mrs. W. H. Hague was a business visitor in Brownfield Monday.

Mr. and Mrs. Robert Henard are the proud parents of a baby girl, born March 18.

Mrs. J. H. Morris visited in Lubbock a few days last week.

Rev. Ted Brian held a revival Stansell Clement of Lamesa filling the pulpit for Bro. Brian at the Baptist church Sunday.

Dr. Richardson Attends Optometric Meet

The South Plains Optometric held a meeting Thursday night at the Hilton Hotel in Plainview. Before the meeting a steak dinner was enjoyed by all.

Dr. B. W. Armistead, Littlefield, newly elected president presided at the meeting. Dr. C. M. Neil, Lubbock, program chairman introduced the speakers of the evening. Dr. Joe Webb of Plainview who spoke of past and present events in Optometry and Dr. Wm. M. McCauley, Lubbock, who spoke of future expectations.

After the program a short business meeting was held at which time Dr. J. Davis Armistead, Dr. J. W. Kinard and Dr. M. F. Swart were elected to serve on the board of directors of the society.

Dr. Gordon Richardson of Brownfield is a member of the society.

Grasshoppers are expected to hit this year's crops heavily unless something is done. Kill them out. Check on poison supplies now, so you'll have enough on hand when you need it.

TEST YOUR I. Q.

1. What is the name of the party in control of the British government?
2. When and in what war was the White House burned?
3. All mankind, according to a famous ethnologist, can be divided into three kinds—woolly

hair, wavy hair, straight hair. In-to what classification do most Americans fit?

4. What and when was the first passenger railroad operating in America?
5. What is the second largest state in land area?

Answers to TEST YOUR I. Q.

On our weekend trip, we stopped off at Snyder to gas a few minutes with Mr. and Mrs. Herrod parents of Roy Herrod of this city. They have a filling station, a nice stock of groceries and meat market.

We like to break a long drive like to Brownwood with a stop to chat with old friends. Mr. and Mrs. Herrod lived here a few years back in the 20ties.

Concerning the weather there Friday night, Mr. Herrod stated that they had just about every brand the weatherman had up his sleeve. Rain, wind, sleet, snow and hail.

PLAINVIEW, March 26—Dr. J. W. Marshall, president of Wayland College will lead a group from Wayland College to Honolulu April 5 where they will conduct a city wide revival in the Nuuanu Baptist Church from April 10 through the 17.

Dr. Marshall and Dr. J. Ralph Grant, pastor of the First Baptist Church in Lubbock, will lead in the preaching services there.

Mice are being used in laboratory tests to check the effectiveness of new fly sprays. The mice are rolled around several times on an old style phonograph rigged up under a shower spray. Then they're dried with a stream of air, and used in the tests the following day.

The Philippines contain 12 volcanoes which have been more or less active in modern times.

STRICKLINLY SPEAKING

Have you noticed the ads by Thorn Smith, new floorman of the Herald? Did you ever see, grettier, better balanced, and displayed ads? He takes great pride in making all ads, large or small, attractive.

The State Senate suddenly discovered this week that they had run out of spending money for the next two fiscal years, and went on a sitdown strike. I wouldn't have taken us that long to find we are broke.

The matter sure did gripe Sane and Big D., as both were expecting appropriations for medical colleges. Even states and nations go broke.

Maybe our "wimmen" really ain't doing their duty by the nation, speaking averagely. One woman up in Michigan became the mother for the 17th time recently. Now it's up to the old man to make the gang a living.

As far as we know, none expected the Reds and Pinks to favor the North Atlantic Pact. They were never known to endorse any-

thing they did not themselves mother and dad. Everything from the other side to them are bastards.

The Federal Reserve Board has reduced the margin requirements on listed stocks from \$75 to \$50. Yep, give the gamblers a break.

Penicillin has been reduced 22 times since it was first put on the market in 1945. But it is still high.

The newest drug, streptomycin is now in mass production by a large distillery company, and is said to be more valuable than gold. It is used in the treatment of tuberculosis, certain urinary infections, and a lot of other diseases.

We note that some exchanges are conducting "polls" on certain matters concerning their communities. After the fiasco of the pollsters last Nov. we didn't suppose they attracted a lot of attention. This is especially true of the for and against percentages as well as "no opinion."

However, Opal Dixon of the Lubbock dailies is conducting one with a bit of different angle. She gets the lowdown from the persons selected over their signatures and along side their pictures, in black and white.

Chosen Rodeo Queen

Ample decoration for any corral is provided by Dorothy Hughes, 25, of Phoenix, Ariz., who has been selected to reign as Queen over the World's Championship Rodeo in Phoenix on April 10. Her Palomino horse, Talisman, seems to like the idea, too.

An automatic machine is now out that will take care of either the short or long playing record. Some of these days it will be possible to just name it and get it.

Price cuts are said to have taken the entire back page of a recent issue of Wall Street Journal. Items included were steel, autos, ice cream, radios, and television sets, etc.

Merchants over the nation are said not to be stocked heavily on items that are rapidly falling in price. However, one large Boston store is offering \$50 men's suits for \$11.

As for newspaper offices, we got a slight reduction on our last bill of newsprint. Everything else is standing pat.

Here's an item that will please local commies, if any. You can buy a new car any old time in Czechoslovakia by planking down

April Fool--

(From Page 1) Mrs. Grady Goodpasture, posing as a Latin American "amour" of Hiram Parks from Mexico City, arrived on the scene and confronted Mr. Parks with his unfaithfulness. Mrs. Bruce Zorns modeled Mrs. A. W. Turner's Easter outfit, a 1941 model with 18 inch skirt length, explaining that A. W. was unable to provide his wife with better, due to his poor credit rating.

Mrs. Sam Privity and Mrs. A. M. Muldrow sang that beautiful ballad, "My Plaguey Rheumatiz." The men accepted the proceedings with good humor in April Fools Day spirit, and agreed to treat their Rotary Anns with more consideration during the coming year.

MRS. AND MRS. PRICE ENTERTAIN WITH DINNER - BRIDGE

Mr. and Mrs. Money Price were hosts at a dinner bridge on Sunday night, April 3. Mrs. L. M. Wingerd, and Mr. Kyle Graves won women's and men's high prizes.

A chicken dinner was served to the following guests: Messrs. and Mmes. Buell Price, Tobe Howze, L. M. Wingerd, T. H. Mollroy, Kyle Graves, Dr. and Mrs. E. C. Davis and the hosts.

Gloomy Outlook For Peanut Growers

In a nutshell, there isn't much good news ahead for the Texas peanut grower, as far as the supply is concerned. That's the way Texas A. & M. College extension specialists in agronomy, and agricultural economics see it. It just isn't favorable at all from the producer's standpoint. And here's why. The 1948 bumper crop gave the peanut people more goobers than they can market, other than for eating.

Large supplies of oil crops are on hand, and the world exports of fats and oils are increasing, say these specialists.

On the demand side, there are some favorable points, however. The level of employment in the nation and the consumer income is high. Right along with that the nation's population is increasing two million persons a year. This year's support price of peanuts is 90 per cent of parity, and world needs for fats and oils is more than the supply can keep up with.

The rest of the picture doesn't look as good. Funds of savings are declining and the competition for the consumer dollar is more than in past years. Peanuts for food uses have dropped from the high war-time level.

That's the peanut picture for 1949, these specialists agree.

the cash. But here is the catch: This two door car about the size of the 1933 Chevrolet costs \$8,300.00.

Reports are that meat will be fairly plentiful this year despite heavy losses of cattle and sheep in the northwest. The supply will be augmented by more hogs.

GOMEZ GOSSIP

Visitors last week in the Willie Winn home were Mr. and Mrs. W. R. Bridges of Brownfield, and Teddy Joe Black of Lubbock, a nephew of Mrs. Winns.

Mrs. Kate Caldwell of Hereford who has been visiting the past two months in the home of her nephew Willie Winn left Thursday for a visit in Waco.

Mrs. O. L. Chapman and little daughter Cindra Jill of Richmond, Calif., are here visiting her mother Mrs. C. Sears at Brownfield and her brother K. Sears and family.

Mr. and Mrs. Fayne Clark and daughter Bretza of Lubbock were weekend visitors in the home of her parents, Mr. and Mrs. W. G. Swain.

Miss Eura Lee Burns attended the Baptist Training Union Convention held in Abilene last week.

Alton Webb left Sunday to attend the funeral of his aunt in Duncan, Okla.

T. S. Doss and girls spent the weekend visiting with Mr. and Mrs. O. D. Line at O'Donnell.

Douglas King son of Mr. and Mrs. L. King preached his first sermon at the Gomez Baptist church Sunday morning.

Friday night April 8th at 8 p. m. the Brownfield High School Band will give a concert at the Gomez School House.

The Herald takes this means of congratulating Douglas Tankersley for winning first prize as a "Ready Writer," during the contest at Lubbock, last week. Keep it up Doug, maybe your services will be needed on some newspaper when you finish school.

JOHNSON NEWS

Mr. and Mrs. C. A. Winn and Patty, and T. F. Winn spent the weekend in Spur visiting, Mr. and Mrs. Morgan.

Miss Allie Belle Alexander attended a three day Training Union Convention at Abilene last week.

Mr. and Mrs. W. H. Stalling visited in Denver City last Sunday.

Troy Harold Currington and Elbert Floyd of Brownfield went through the Carlsbad Cavern last Saturday.

Glenda Jones is back in school this week after having the mumps.

The Sunday School zone meeting of the Brownfield Association will meet with the Johnson Baptist Church Sunday afternoon at 3 o'clock.

Botanists list more than 300 wild plants growing in the Canary Islands.

250 CORPORATION CHARTERS IN FEBRUARY
Corporation charters with a capitalization of \$5,496,000 were issued to 250 business firms in Texas during February 1949, the University of Texas Bureau of Business Research reported. This compares with 386 in January 1949 and 336 in February 1948.

Merchandising businesses received 55 charters in February; real estate, 40; oil, 18, and construction, 17. Corporations with a capitalization of \$5,000 to \$100,000 were most numerous in February, receiving 147 charters.

Mrs. Lee Short Selected Clerk Of Month By 'Secret Shoppers'

The secret shopping committee of the Chamber of Commerce has selected Mrs. Lee Short of the Brownfield Bargain Center as the Clerk of the Month for the month of March.

This committee advised Mrs. Short in a letter of their selection and informed that this award is given on a basis of helpfulness, friendliness and courtesy. Along with the letter of award she was presented with a \$10.00 cash prize.

Mrs. Short has been employed at the Brownfield Bargain Center for the past three years as alterations lady and general sales lady. She has been living in Brownfield since 1941. Her home is located at 106 North B. Street.

Your reporter interviewed Mrs. Short and she told us that she certainly appreciated this honor, and was grateful to whoever was responsible for it. She says that she hopes she can always prove worthy of the award.

This award will be given every month by the Chamber of Com-

merce to a clerk chosen for the above mentioned qualities. The purpose of this program is to encourage courteous and co-operative service for all retail buyers.

"BOOT AND SLIPPER" SQUARE DANCE CLUB ORGANIZED

A new square dance group to be called "The Boot and Slipper Club" has been organized here. Bill Beford has been elected president and Sue Pechacek, secretary. David Nicholson will act as instructor and caller. About 25 couples make up the membership. The club will meet every Thursday night in the banquet room of the Esquire Cafe.

Last week we neglected to mention that the Luther Harrel family of Cross Plains, were visiting here. Mrs. Harrell is a daughter of Mr. and Mrs. G. W. Chisholm.

FAITH AND HESTER D. WEST CIRCLES HOLD JOINT MEET

Two Circles of the WSCS of the First Methodist church met in joint session at the church auditorium on Monday, April 4. They were the Hester D. West Circle and the Faith Circle.

Mrs. Leonard Chesshir opened the meeting with a prayer. Mrs. Johnny Criswell gave the devotional. Mrs. Bernard Smith, who represented the group at the conference in Pampa, reported on that meeting. She announced that the next meeting of the conference will be held in Abilene in October, 1950.

Following the joint meeting the members of the Faith Circle ad-

joined to Fellowship Hall and had group study under the direction of Mrs. Glen Webber, on the 6th chapter of the "Newness of Life." Mrs. Carpenter closed this meeting with a prayer.

Those attending the joint meeting were: Mmes. Leonard Chesshir, Johnny Criswell, Bernard Smith, Bill Anderson, Wm. Glick, Ernest Latham, Roy Herod, C. L. Williams, Glen Webber, J. H. Carpenter, Louie Shropshire, A. E. Proctor, D. S. Sampson, Glen Harris, Idabelle Walker, Anna Hare, J. W. Hogue, O. L. Wheat, Herschel Thurston, and W. B. Downing.

Mr. and Mrs. C. E. Williams spent the weekend in San Angelo, with her sister and family.

Mrs. Wilbur Wenzel Honored At Tea Shower Thursday

Mrs. H. F. Brigrance and Mrs. T. G. Sexton were co-hostesses at a tea shower held at Mrs. Brigrance's home at 407 E. Cardwell, on Thursday, March 31, honoring Mrs. Wilbur Wenzel, the former Miss Mildred Bartley.

Mrs. Wendal Turney registered the guests in a white leather brides book. Miss Bernice Bartley displayed the gifts and Mrs. Leo Wenzel served punch from a crystal bowl.

The decoration theme was in yellow and green. The refreshment table was laid with a hand-made lace cloth. As center piece was a crystal bowl of golden bell and tall yellow tapers lighted the table. Yellow cakes with green icing and mints were served.

WELLMAN HD CLUB MEETS APR. 1

Study of State Institution was the topic discussed in the Wellman Home Demonstration Club that met Friday April 1.

Mrs. Harmon Seales was recreation leader for the group.

Plans were completed for the style show that will be held Friday night April 22.

The men will model the latest fashions in suits, dresses, hats and bathing suits.

It is hurtful to crack a smile it will be dangerous to come out that night.

Beginning the third Friday in April, the club will use one room in the red brick school house for their meetings.

Five members and one visitor, Miss Mary Belle Warren attended the club meeting.

Reported by Mrs. Clyde Heafner

IDEAL CLUB MEETS WITH MRS. SHELTON

Mrs. Joe Shelton entertained the Pleasure Club at her home on Wednesday night, March 30. Mrs. George Germany won high prize and Mrs. J. L. Cruce second high. Mrs. Harry Cornelius won bingo.

A salad plate and iced tea were served to the following: Mmes. George Germany, Clyde Truly, J. L. Cruce, J. T. Bowman, Lee Brownfield, Jack Hamilton, A. M. Muldrow, Harry Cornelius and the hostess.

Nurses Take to the Air

Upon the completion of their training as a special airborne rescue team, these nurses and girl medical orderlies of the Women's Royal Air Force made an 800-foot parachute jump. Standing before the plane from which they later parachuted are, left to right, Senior Sister V. M. Ashworth; Sister I. N. Thomson; Nursing Orderly Cpl. D. I. Purvis; and Nursing Orderly ACW C. H. Sheldon.

Community Good Friday Services Scheduled

A community Good Friday service will be conducted at the First Baptist Church Friday, April 15 from 2 p. m. to 3 p. m. in the afternoon. The program will be as follows:

Prelude, Mrs. Richard Young, organist.
Call to Worship, J. Preston Murphy.

Congregation Hymn, "The Old Rugged Cross," No. 71.
Prayer of Invocation, Rev. Herschel Thurston.

Scripture Reading, J. Renold Russell.

High School Mixed Chorus, "The Holy City" by Stephen Adams.

Prayer, Rev. Wm. Spreen.
Soprano Solo, Miss Ann Sneider ("Near the Cross").

Sermon, Rev. A. A. Brian.
Congregation Hymn, "When I Survey The Wondrous Cross" No. 191.

Benediction, W. T. Sparkman.

MR. AND MRS. BALLARD ATTEND CONVENTION

Mr. and Mrs. Frank Ballard left Wednesday morning for Raymondville, Tex., where they will visit Mrs. Turner's brother, Robert Harris and family. They will be accompanied by Mrs. Turner's father, and her sister, Mrs. Lilly Cason who they will pick up in Pittsburg, Texas.

The group attending from the South Plains will include Oscar B. Ray, president of the South Plains Association, Mrs. Ray president of the Women's Auxiliary, Mr. and Mrs. James Samson and Mr. and Mrs. Jack McQuary all of Lubbock, Mr. and Mrs. Roy Gibson of Plainview, and the Ballards.

Mr. and Mrs. A. W. Turner left Wednesday morning for Raymondville, Tex., where they will visit Mrs. Turner's brother, Robert Harris and family. They will be accompanied by Mrs. Turner's father, and her sister, Mrs. Lilly Cason who they will pick up in Pittsburg, Texas.

Fire Marshal Jim Cousineaux, attended the district Firemen's Convention at Lamesa last week. Jim didn't report a glorious time, as such conventions are held for instructions and mutual help in fighting fires.

EASTER REVIVAL PLANNED AT PLEASANT VALLEY

A revival will be held at the Pleasant Valley School House starting on Palm Sunday, April 10 and continuing through Easter, April 17. Services will be held each night at 7:30.

Brother Billy Auburg will do the preaching and Brother John Winter, and Brother Cecil Reonfelt, both of Wayland College will lead the singing. Everyone is invited.

BARBECUE IS PLANNED

The peace officers from some 22 counties are expected here to attend a barbecue slated for April 20. Terry county Sheriff Ocie H. Murry informs us that the purpose of this meeting will be to organize a South Plains Peace Officers Association.

Plans for the barbecue were made recently when a number of county sheriffs and deputies met here with Murry.

Mrs. Hiram Parks left Wednesday for a visit in New York City.

Low Down From Hickory Grove

Today I am coming to the aid of the under-dog—Congress. So many yappers are jumping Congress—calling the boys there “do-nothings” and “un-social minded” and “non-liberal” that I have been delving into the fracas.

Congress deserves a pat on the back—not too big, but just enough to encourage em a speck—they been doing pretty good here lately—keeping their shirt on. And now if they will keep their trolley on—and their eye on the track, we can harbor a bit of hope that the Govt. will yet be pared back a bit. And maybe we won't need to ante 6 million bucks for repairs and expansion of the White House—6 million,

brother, that would build 1000 houses at 6000 each.

Citizens in this fair land again need a free hand. If a young feller chooses to use his noggin and his muscle—on his own hook and a little over-time—let him profit. If he can make a better or bigger doughnut for less, let him. If he can turn out a hotter gallon of gas, give him free rein—and 3 cheers.

If Congress will resist fiddlin' around with social medicine—inflation yammer—deflation prevention—spirals—security—cow creek dams—uplift—discrimination, etc., etc., and even maybe decide to come on home, right soon, it could be doing all of us a good turn.

Yours with the low-down,
JO SERRA

Martin Kirschner of Lamesa was a business visitor in Brownfield Tuesday.

GOVERNOR AND HIGHWAY COMMISSIONERS

Gov. Beauford ester of Texas, is shown here with the three members of the State Highway Commission whom he appointed. This is one of the rare times in Texas history that a Governor has appointed all members of the Com-

mission. They serve six-year staggered terms. Left to right: Robert S. Pitts of Harlingen; Allin F. Mitchell of Corsicana and Fred A. Wemple of Midland, chairman. (AP Photo)

PLAINS NEWS

M. E. Dumas is in the Brownfield hospital recovering from a case of pneumonia, he is reported doing nicely.

Plains Chapter No. 862, Order of the Eastern Star met in regular session Monday night, April 3 with 17 members and one visitor present. Refreshments were served by Mrs. Norelle Sloan and Mrs. Geraldine Ryan.

The Baptist Revival started Sunday with Bro. Shivers of Paint Rock, Texas doing the preaching and Rev. Brian, pastor, leading the song service.

Mrs. Everett Gibson was called to Abilene Friday on the illness of her brother.

Mr. and Mrs. Tommy McDonnell and children and Mrs. S. McDonnell spent the week end in Hobbs visiting their sister and daughter.

Mrs. T. E. Coke returned home Sunday from Abilene where she has been visiting the last two weeks.

Your Ahead With TEXACO

On the road or in the field you'll be ahead using Texaco gas and oils. Years of refinery research have produced the products that will give you greater economy in your tractor and automobile.

CONGRATULATIONS FUTURE FARMERS

Terry County club members are extended a warm welcome from the producers of Texaco products. From the soil of West Texas have come the products that provide us a livelihood. Keeping alive the growth of this great territory is the aim of the Future Farmers and we are proud to present our compliments to the fine youths who yearly put on such a great show.

Wherever it is used Texaco gasoline is rated as a money saver. Greater mileage per gallon and added power are two of the outstanding features of this Texas product.

The Business Situation In Texas

Continuing the downward trend in February, the index of business activity in Texas dropped 2 per cent from January, after adjustment for seasonal variation, the University of Texas Bureau of Business Research reported.

With the exception of small increases in November and December, the Bureau's index has been declining since August when it reached a postwar high of 233 per cent of the 1935-39 base period.

Dr. John R. Stockton, statistician for the Bureau, said the widespread nature of the decline throughout the various phases of the economic activity of the State combined with the fact that business all over the country is showing the same kind of weakness, gives rise to the belief that a major turning point in business activity is at hand.

Whether or not this is the turning point in a major cycle of business, or is a minor cyclical decline such as the last quarter of 1937, cannot be determined this early in the decline, Dr. Stockton stated. The composite index has dropped only two times since 1935 for enough consecutive months to represent more than an erratic fluctuation in business. Since one of these declines, in the last half of 1945, represented the period of reconversion from the expanded war production, there has been only cyclical recession in business activity since 1935. It is generally considered that the upswing in business after the long decline of the early thirties began in March 1933, which means that for 16 years the level of business activity has been expanding almost all of the time.

FARM CASH INCOME FELL 15 PER CENT

Texas farm cash income for February 1949 fell 15 per cent from a year earlier, the University of Texas Bureau of Business Research reported. February marks the sixth consecutive month that farm income has fallen below its year-earlier level.

Totaling \$43,594,000, farm income was at the lowest point in February 1949 since March 1942. Marketing of rice, wool, cattle, hogs, poultry, and milk products rose during the 12-month period, but income from other types of farm products was substantially below February a year ago.

Coastal Prairies and Trans-Pecos districts showed increases of 14 and 2 per cent over February 1948, while decreases ranged from 1 per cent in Southern Texas Prairies to 67 per cent in the Lower Rio Grande Valley.

BUILDING PERMITS ROSE IN FEBRUARY

Building permits in Texas rose 13 per cent from January to February, a level of 22 per cent under the like month in 1948, the University of Texas Bureau of Business Research reported.

Following the seasonal trend, a number of cities tallied sizable increases over the previous month. February permits were more than three times as high as the January level in Cleburne, Kenedy, Sweetwater, Kerrville, Amarillo, Lamesa, Midland, Borger, Denison, Temple, Lubbock, and Wichita Falls.

On the other hand, permits in February declined from 3 per cent in Corpus Christi to 80 per cent in Bryan below January.

of the composite index of Texas business declined in February. Miscellaneous freight carloadings dropped 12 per cent; department and apparel store sales and pay rolls, 4 per cent; crude oil runs to stills, 2 per cent; and employment, a fractional dip. The only component to rise was electric power consumption, which was up 5 per cent.

Dr. Stockton said the decline that has been under way since last August has carried three of the components to levels below that of February 1948. Miscellaneous freight carloadings were down 17 per cent from a year ago, and crude runs to still and department and apparel store sales were down fractionally from February 1948. Electric power consumption and pay rolls were up 11 per cent from a year earlier; and employment, 5 per cent.

Retail trade in February showed a substantial rise from the January level, with the Bureau's index rising 4 per cent after adjustment for seasonal variation. It is significant that all of the increase in the index of retail sales was in the sales of durable goods stores. The sales of non-durable goods stores declined less than 1 per cent from January while sales of durable goods stores increased 12 per cent.

Building activity as measured by permits issued in February registered a substantial rise to carry the Bureau's seasonally adjusted index up 12 per cent from January. However, this level is still considerably below the rate of building during 1948, and it was down 21 per cent from February 1948. Except for erratic month-to-month fluctuations that characterize all building permit series, the course of the Bureau's index has been consistently downward since the beginning of 1948. However, the level of building is still extremely high in comparison with prewar standards, and at no time during the past year has the value of permits issued during a month been less than four times the value of permits issued in the prewar years.

BIBLE COMMENT

FOR APRIL 17

Life Eternal— An Enduring Easter Lesson

"If a man die, shall he live again?" was the age-old question asked by Job (Job 14:14). Successive generations of men have asked it, and it has been answered in various ways, and with varying convictions.

Prophecy and poets have answered it. The beautiful Twenty-third Psalm answered it by implication, for there could be little fearlessness and comfort in the valley of death unless there were hope of the life beyond. And a modern poet, Wordsworth, wrote of it in his famous "Ode on the Intimations of Immortality."

Spiritualists think they have found the answer in the demonstrable proof of communications from the spiritual world, the evidence that some who have lived and died are still living and speaking.

The strongest ground of hope and faith in immortality is found in the New Testament, with its message of, and concerning Christ. The message concerning Christ is as much the ground of that faith as the message of Christ Himself for the one is intensively associated with the other. The Resurrection was the evidence of the deathless life of Jesus Himself and it became to the disciples the clearest evidence of the immortality that He promised, "Because I live, ye shall live also."

A group of disciples in the depth of gloom and despair because of the death of a Master upon whom they had set their faith, their hope, and their ambition, were suddenly aroused to new life, and hope, and vision, by the conviction that their Lord was living, and that they had seen Him, and received His message.

In that vision, faith, and conviction they not only went forth to the spiritual conquest of the world, but they went forth with their characters and outlook transformed. There was no more bickering about who should be greatest. They had found the eternal life of which Jesus spoke. For eternal life is a present possession. We should think of immortality, not in terms of mere continuance, but in terms of the quality of the life.

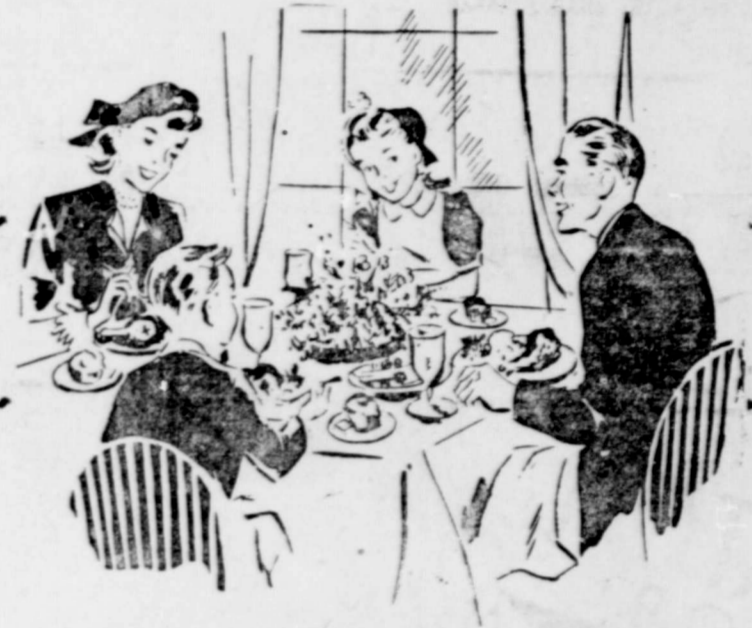

P. E. Askew, who lives out on Rt. 3, O'Donnell, but in Terry county, and who does the major part of his trading here, was in this week to renew his Herald. He stated they did not seem to have gotten as much precipitation as here.

Mechanized Farming Increases Steadily

We are definitely in the midst of the greatest farm mechanization era of all times, says W. L. Ulich, extension agricultural engineer of Texas A. & M. College. Here is some proof so far as Texas is concerned.

At the beginning of this year, some 211,799 tractors are in use on Texas farms. Today approximately 82 per cent of the cultivated land in the state is plowed with tractor power. In the case of wheat, oats, and other small grains, 86 per cent of the harvesting is done with power equipment.

The use of highly specialized machinery requires the farmer to make large investments, adds Ulich. The depreciation of this costly machinery eats deeply into the profits of the farm operator, but he can do something about it. The life of tractors or other expensive farm machinery can be increased by proper care and maintenance.

The 4-H boys are learning through their "Live Power Program" just what proper tractor maintenance can mean to their home farm. Boys enrolled in this program keep an accurate record of the operating costs of their farm tractor. They have found that regular servicing, using the correct oils and lubricants, keeping the cooling and ignition systems in good shape and cleaning the air filters daily will keep the tractor on the job longer and at a lower operating cost. Ulich says repair bills can be cut to a minimum if the boys put into practice the things they are taught in the "Live Power" program. This fact is proved by the records submitted by former winners in this program.

Five area tractor maintenance clinics have been scheduled for the latter part of March and the first half of April. Local 4-H leaders and county agents will be given special training and they in turn will hold similar schools in their counties for the 4-H boys who enroll in the "Live Power Program," says Ulich. The training for the boys is important because they operate many of the farm tractors, he concludes.

A wonderful spring to plant nursery stock. We have a good supply of landscape material, with some items almost exhausted. BABSON DISCUSSES WASHINGTON

By Roger W. Babson

WASHINGTON D. C. Apr. 8—A friend in Cleveland, Mr. E. J. Kulas calls my attention to the following, written by Thomas Jefferson, the founder of the Democratic Party, about 150 years ago! Read it carefully—then cut it out and send it to your Congressman. It should be printed on the fly-leaf of every school book:—"I place economy among the first and most important virtues, and public debt as the greatest of dangers. To preserve our independence, we must not let our rulers load us with perpetual debt. We must make our choice between economy and liberty, or profusion and servitude. If we can prevent the government from wasting the labors of the people under the pretense of caring for them, they will be happy. The same prudence which in private life would forbid our paying our money for unexplained projects, forbids it in the disposition of public money."

Is Our Congress To Blame? The above statement by Jefferson is just as true today as when he made it, yet President Truman won his election by preaching the very opposite and Governor Dewey did not have the courage to defy Mr. Truman. Both candidates and their fellow travelers ignored the truth and gave the people what, in their ignorance, they wanted. This same thing has happened at various times in history and was the primary cause for the fall of the Grecian, Roman, Teutonic, and other Republics. Can the few honest Congressmen accomplish much now? Yes, without opposing further New Deal measures, they can force legislation to encourage producers. They can work for legislation which will help manufacturers that they can pay increased taxes. Unfortunately, the New Dealers started a dangerous prairie fire; whether it can be controlled or must burn itself out, only the future can tell.

Is Truman Wholly To Blame? Very few, except those who are close to the White House, realize the tremendous amount of mail which the President gets. Naturally, he can read only one letter out of every thousand; but all are read by someone and tabulated as to whether they condemn or approve the President's policy. They are a kind of daily "Gallup Poll" for the White House. The simple truth is that when President Truman makes an address appealing for more social security, more sick benefits, more unemployment insurance, more farm supports, and even for more taxes, which must go with these increased Government benefits, 90 per cent of these millions of letters approve.

The Republicans think that Mr. Truman was elected because the country was prosperous; but that when unemployment comes in 1950 or 1952, the Democrats will be thrown out. It is true that such a rule has usually worked in the past. But, will it work next time? In the past, the existing Administration had no way of helping the unemployed lacking bread, and the farmers threatened by foreclosures. Now, this has all changed. The present Administration, even in an election during a depression, could promise so much more help than the Republicans would promise the old

be taken away from the rich only for a few years. Soon there will be no profits to tax. What then? The answer is very simple. If the unfortunate non-producers are to be supported by the fortunate producers, which is the basis of the New Deal philosophy and has some justification, then production and economy should be encouraged in every possible way by Congress, by Labor Union, and especially by our schools in order to have funds to tax.

The same basic truths which Jefferson preached apply today and we should teach these to our children. Some of us parents may hang on to enough money to keep us going through our few remaining years, whatever happens to the country. With our children this will be very different. Only character, hard work and economy, on their part, will save them. All cannot ride in the Government's cart or it will stop. Some must pull the cart. My appeal is that accompanying all New Deal legislation should be special benefits to all corporations and individuals engaged in useful production. Otherwise, we all "go bust."

Mr. Clarence McWilliams of McWilliams Furniture will leave Saturday to attend the Southwestern Furniture Market during the period from April 10 to 13.

Mr. and Mrs. A. M. Muldrow will leave this weekend for Muldrow, Okla., where they will attend the Muldrow family reunion.

Mrs. Jack Shirley spent several days this week visiting her sister, Mrs. Joe Bailey, in Lubbock.

DON'T BUY QUANTITY

Buy In food buying it's the quality that counts. Delicious, appetizing foods are much more satisfying than the quantity of food consumed. On our shelves you'll find the choice foods you are looking for.

WHAT'S THIS ABOUT HIGH V.I.?

NEW Mobiloil

Well, High V.I. stands for high "viscosity index." That sounds plenty technical, but it's one of three important qualities that make New Mobiloil new. To you these mean: EASY STARTING FULL PROTECTION MAXIMUM ECONOMY
