

GRAHAM CRACKERS

—WHG

It's been months since we've heard any mention of the subject of attracting industry to Friona. Towns who don't forget the idea are doing all right, though.

There's our neighbor to the southeast, Littlefield, who just last week became the second city in the nation to pull an industrial survey sponsored by General Electric.

This survey, which will cost a quarter of a million dollars and will last for two years, will answer any question that may arise on whether Littlefield is ready for industry. The General Electric boys are through, through and through.

The other city, which is getting a two-year look is the GE "home town" of Schenectady, New York. Littlefield caught this nice plum because of its persistency. Others could do well to model the Lamb County city's efforts.

J. C. Claborn, chamber of commerce prexy, is pretty pepped up after the meeting of Maize Days workers last Tuesday night. Jay says there is a lot more work being done on the celebration than might be thought.

He says that while people do not seem to be generally feeling the spirit as much as they should, there is a lot of work going on quietly, and he thinks everything should come off on schedule.

We recall well that last year, this "spirit" everybody's used to get didn't materialize until just hours away from the celebration kick-off. Apparently, grownups can't get excited in advance over a celebration like the kids can about Christmas.

While we are sure that the president didn't mean to hint that anybody ought to slack up on their dues paying, he does believe that the Chamber will weather the financial demands of the fun better than they did last year.

In 1956, it took poor Wright Williams several months to get enough money scraped together to pay off Friona's 50th Anniversary.

We recall, though, that there were such things as a PA system and also some special decorations that added to the expenses last year. They won't likely show up in the expenses column this trip.

The Star is calling in some "professional" advice in getting up a float for the parade this year. Last year was our first whirl at a float of any kind, and we never dreamed how much work one involved.

We slaved feverishly right up until the last minute to get ours finished, and then were sorely disappointed with its looks. We must confess that we were very deflated when our entry rolled alongside several of the others that were in the parade.

This professional help we speak of is going to be the Girl Scouts, the FFA boys, or some group that has imagination and is looking for a project. We admit that as float designers we have our shortcomings.

Fortunately, most businesses in town have more ability than we do. Several have had quite a bit of experience; others just do a better job because they have more ability. At any rate, we thought that Friona's parade was striking last year, and the floats made it so. The competition should be keener this fall.

DRUNK FINED \$5

Only one arrest was made by the Parmer County Sheriff's department last week. Tito Aragon was picked up between Farwell and Bovina and charged with being drunk, says Tom Atkins, deputy. Aragon was fined \$5 and court costs by Justice of Peace J. R. Thornton Monday.

Local Hunters Return Thursday

Ralph Wilson, Herschel Johnson, D. C. Herring, and Louis Welch returned Thursday morning after spending a week hunting near Red Lodge, Mont. The local men went to a hunting lodge in the mountains on the north side of Yellowstone National Park.

The lodge was 15 miles up in the mountains from the nearest road and was reached by pack mule. Wilson reported that the weather was fine, there was some snow, but no coats were needed while hunting.

The results of the hunt were an elk and three deer. Other hunters at the lodge were from California and Iowa.

"B" Chiefs Rest Week

The Friona "B" team will have their open week this week, due to a cancellation by Farwell, since there is no Farwell "B" team this year.

Next Friona "B" game is with Olton October 17, there.

Road Moves Ahead

Easements for seven and two-tenths miles of new farm-to-market road right-of-way has been arranged with property owners bordering the proposed road, reports E. G. Phipps, county commissioner.

One place is left where there may be difficulty, Phipps says. This is an easement with a property owner who included a "rider" clause in the easement agreement concerning placement of utility company poles.

"I do not know whether the State Highway Department will accept the easement or not," Phipps says. "It is entirely up to the Department and it may refuse as a matter of policy no riders on right-of-way easements. I can not say just what they will do."

Excellent cooperation from the landowners was noted by Phipps. Fence lines and utility poles have been moved back on all except one place. There are four gas pipe lines that must be moved.

"As far as I am concerned, the road building project is ready for the contract," Phipps says.

The road is planned to start at the Clyde Goodwine corner, extend to the Elmer Euler corner a mile east, then a mile south and then about six miles east to the Claude Blackburn intersection. Total mileage on the project is about 7.2 miles.

George Sparkman Rites Held Tuesday

Funeral services for George W. Sparkman of Amarillo were conducted at 10 a.m. Tuesday at Blackburn-Shaw Memorial Chapel with Rev. Daisy Guthrie in charge.

Mr. Sparkman, who was 90 years of age, was the grandfather of Mrs. Glenn Reeve Sr. Glenn Evan and Don Reeve were two of the great-grandsons who served as pallbearers. Others from Friona who attended the funeral were Mr. and Mrs. Glenn Reeve Sr., and Mrs. Glenn Evan Reeve.

Man Jailed For Fraud By Check

James C. Eden was arrested Tuesday afternoon and held in city jail, charged with defrauding by worthless checks, according to Ben Moorman, Friona police chief.

A Friona firm filed complaint against Eden for passing a \$15 check, and when he was arrested, other checks began to turn up that he had written, Moorman says.

Eden is reportedly wanted in Plainview on the same charges.

Man Participates in Exercise Deepwater

Marine Sgt. William E. LaFavers, son of Mr. and Mrs. William J. LaFavers of Friona, took part in the North Atlantic Treaty Organization exercise, "Deepwater," with the Reinforced 6th Marine Regiment.

This exercise was held during September 24-28, and included an amphibious assault landing on the beaches of the Saros Bay area off the Tracian Peninsula of western Turkey.

One of a series of regular exercises, "Deepwater" was designed to test and train the military defensive capabilities of the land, sea, and air forces of the participating NATO nations.

On completion of the exercise the regiment was scheduled to return to its home base at Camp Lejeune, N. C. Sgt. LaFavers spent a 30-day leave at home in the late summer.

Maize Days Parade Moves Out With 40 Floats, Area Bands

Coordinators for the 1957 Maize Days in Friona estimate that 40 floats, bands, and parade units will be on hand when the Friona Maize Days is kicked off Friday, October 18, at 10:30 a. m.

Then a full schedule of events for young and old will be conducted throughout Friday and Saturday.

Barbecue and beans, pounds and pounds of it, will be on the fire before the parade, getting ready for as many Maize Days celebrants as want to partake. Arrangements have been made for the meat cooking to be done by Red Crow, and the beans and meat will be kept piping hot at the Friona School chow hall.

Throughout Friday and Saturday, there'll be contests for kids, grownups, a pet show sponsored by Troop 235 of the Girl Scouts, tractor and auto driving contests, exhibits of local grown products, and the events will be climaxed by the Harvest Queen contest Saturday night.

Mrs. Eva Miller, in charge of the Harvest Queen contest, reports that entrants are being sponsored by clubs in towns over the county, and from communities.

The contestants will be judged on stage poise, personality, and stage appearance.

Mrs. Miller says that the stage will be highly decorative with props carrying out the theme of harvest and Maize Days. Mrs. J. C. Claborn is helping with stage and direction.

Baker Duggins, in charge of the Auto Road-co, says that persons who want to enter the Auto Road-co should get in contact with him before Saturday. Trophies amounting to \$25 will go to the winners.

The Auto Road-co is open to those who are between the ages of 14 and 18, who have a driver's license. (See High

FRIONA MAIZE DAYS SCHEDULE

OCTOBER 18 and 19, 1957

| Friday | |
|-------------------------------------|------------|
| Parade of floats and bands | 10:30 a.m. |
| Contests for kids, grownups | 1:00 p.m. |
| Barbecue for everybody | 5:30 p.m. |
| Friona vs. Bovina football | 8:00 p.m. |
| Saturday | |
| Tractor road-co and driving contest | 8:30 a.m. |
| All day auto road-co | 9:45 a.m. |
| Pony express | 10:00 a.m. |
| Beard growing contest and judging | 1:00 p.m. |
| Old fiddlers' contest | 3:00 p.m. |
| Harvest Queen contest and judging | 8:00 p.m. |

Plains Farm and Home Supplement for entry blank.

The Girl Scout pet show will be included in the parade, and will be on exhibit in the park. Entry fee is 25 cents, and winners will be presented appropriate prize ribbons.

Other attractions include a pony express, perhaps the most thrill-packed event of all.

During the two days, decorations of maize, consisting of varieties grown in the area, will be displayed in the park and elsewhere.

A street width sign, welcoming you to Maize Days, will be displayed.

Weekend Rain Totals Half

Rain falling Sunday morning in Friona totaled .50 inches, reports Buddy Lloyd, official rainfall recorder.

Bringing cooler weather for the early part of this week, the weekend shower kept farmers out of fields, and delayed a harvest season rush in the town a few days.

Farmers in the Friona vicinity report moisture measuring at near the half-inch mark, varying between .4 and .6 inches.

Chiefs Go Against Whitewater Friday

After an open week and rest from a pigskin tilt, Friona Chiefs take to the road tomorrow for Whitewater, where they will seek their second win of the season, after breaking a lose-or-tie streak two weeks ago against Whiteface.

This week's game is in Whitewater with game time to be 8 p. m. The 160-mile trip will be the second game out of town in succession.

Funeral Held For Mrs. Van Sickle

Graveside services for Mrs. Rosa Bell Van Sickle, 72, a one-time resident of the Friona area, were held Saturday at 6 p. m. at Friona Cemetery.

Mrs. Van Sickle died in Oklahoma City, Okla., where she had lived since moving from Friona.

Services were conducted by Claborn Funeral Home.

Grade Whops S'lake

Friona grade school footballers, both A and B teams of the Braves, did a double scalping job Tuesday night at Springlake.

The "A" team came out ahead 20-6. Touchdowns went to Donny Smith, on a 30-yard run, and another to Smith on a pass from Bobby Daniel.

Tommy Sheek scored the third TD on a seven-yard run. Points after were scored by Smith and Daniel.

The "B" Braves sharpened their teeth by biting the Springlake "B" 13-0. Robert Houlette nabbed both touchdowns, one on a 10-yard dash, and the other on a 60-yard sprint.

Larry Taylor scored the single point after.

Next Brave tilt is against Sudan in Friona, Tuesday at 7 p. m. Coach Tom Jarboe takes pride in the good record the Braves are making, and encourages fans to attend the Braves' games for a football treat.

Key Rate Down

The key rate for fire insurance covering buildings in Friona will be 39 cents during 1958, a report from the Fire Insurance Division of the Board of Insurance Commissioners says.

The rate was 41 cents, and credit has been given for extension of water mains, and for a low count of combustible roofs exposed in Friona.

This puts Friona in the first key rate in the top bracket of cities that have the less than a 40-cent key rate.

Also, a letter from the Board of Insurance Commissioners says, "We wish to point out that in 1957, your fire record has changed from a 15 percent debit to a five percent good fire record credit. This means that during 1957, the fire insurance premiums will be reduced approximately \$5,000 by reason of the difference in the fire record debit and credit."

Report From Frio Draw

Dear Editor,

That farmers and farmers' wives should all use what they produce has been called to the attention of most folks, and I certainly agree with this. I won't even let Katie buy these here fancy nylon lingerie, 'cause cotton is just as efficient.

But here's what I got to say about the men folks, cause about half of them what imbibes liquor is using corn whiskey, and that shore don't help the milo price none.

I wuz 'goin' to bring this up at the Farm Bureau convention the other night, but I never got to make it. I got wind of it beforehand that they wuz to take up \$10 membership fee.

Yours truly,

Don Karatal

Mr. and Mrs. Vialo Weis and family of Amarillo visited with Mr. and Mrs. Karl Bender of Friona Wednesday of last week.

Gas Company Asks Rate Hike

The following is a copy of a letter that has been submitted to the Friona city commission requesting a 25-cent higher minimum charge per month. All cities in the territory are reported to have been included in the rate hike request:

Mayor and City Commission Friona, Texas Gentlemen:

We respectfully submit for your consideration the attached proposed ordinance establishing rates to be charged for natural gas and natural gas service in your city.

In 1951 your city and all the other cities served by the West Texas Division of Pioneer Natural Gas Company granted an increase in the rate we were permitted to charge for natural gas and natural gas service. This was the first increase ever received by the company and amounted to approximately 14 per cent on our domestic and commercial customers.

Since 1951 the cost of materials, supplies and labor has continued to increase. This has resulted in not only an increase in our operating costs but also in the cost of expanding our distribution systems and main transmission lines to keep pace with the growth in the cities and towns we serve. It is likewise necessary for us to pay more for natural gas in the field in order to provide a dependable long-term supply for our service area. It is necessary under these circumstances that we secure an adjustment in our rates.

The rate presently in effect for domestic and commercial consumers establishes the minimum bill at \$1.25 and includes 2,000 cubic feet. The proposed rate for domestic and commercial consumers establishes the minimum bill at \$1.50 and includes 2,000 cubic feet. The balance of the rate remains unchanged. This amounts to 25 cents a month for each domestic and commercial consumer.

The requested ordinance also gives the company the right to

make charges to industrial consumers at rates not to exceed those charged domestic and commercial consumers and to make special contracts with large users based on volumes, interruptibility, periods of use, etc. It has been and is the policy of the company to offer to large volume users as low a rate as we can and to offer the same rate in all the cities and towns served by the West Texas Division.

We respectfully request that the proposed rates be made effective for consumption indicated by meter readings on and after December 1, 1957. Representatives of our company will be glad to meet with you at any time to discuss this request.

Very truly yours,
C. I. Wall
President

Friona B Freezes Springlake, 46-0

Friona "B" team footballers fumbled the way to an early first quarter touchdown against Springlake Thursday night of last week but stayed glued to the ball for the remainder of the game to chill visiting Springlake 46-0.

A Friona kickoff opened the game. Springlake tried three plays and fumbled on their own 18. Friona's Bill Decker covered, and Friona fumbled the next play. Springlake made a yard on the next play and fumbled.

Friona took the ball, and gained yardage to Springlake's eleven yard line, and fumbled. After Springlake fumbled again, Friona's Gene Sheek turned the scoring key for six points off tackle for two yards. Jerry Rankin converted.

Friona kicked to the Springlake 27, and took over three plays later from a fumble, and a punt for Jerry Rankin

THIS IS THE LAW—In the new uniform which Friona police donned last week is Patrolman Howard Mayfield. The tan and black trimmed winter suit identifies local officers, and there is no mistaking them now.

School Board Declares Holiday For October 18th

Members of the Friona school board Monday night in their regular meeting designated October 18 as an official school holiday—the opening day of the Friona Maize Days.

A parade with floats is scheduled that morning, and it would be a difficult job for students to participate unless a holiday was declared. Maize Day's committee had requested that October 18 be set aside as a holiday for the school.

Also taken up and approved at the meeting were reports from auditors who handled the school financial report this year. The report was accepted, as was the annual report of school funds from the bank.

Dillie Kelley, superintendent, reported to the board that there are now 1,024 students enrolled at the school.

Contract for Mrs. Jane Bengel, who joined the faculty at the school as second grade teacher, was authorized.

A resignation from Ed Dukes, bus foreman, was accepted. Dukes submitted his resignation to join Maurer Machinery Co. The salary of the bus foreman has been \$4,000 annually, and the school is casting about for a person to fill this position.

Buses are carrying capacity loads this year, Kelley told the board. Most of the buses have a 48-passenger capacity, and two of the buses are transporting about 70 students each to school each day. Securing other buses and re-routing the bus runs will be essential next year, Kelley says.

Re-routing of one bus was authorized by the board in order to better serve a location east of town.

Payment of \$10,710 to the school building contractor was approved on materials and work completed. A progress report on the building was given by Kelley, who says the building is on schedule.

The board approved purchase of classroom furniture to supply equipment to grade school classes that are presently using all available furniture.

A program of in-service training for teachers, submitted by Kelley, was approved, and the board authorized use of one hour of school time each month for teachers to work on a

curricula guide for teachers. The guide will be used for teachers to learn of different teaching methods, and for beginning teachers to have concrete plans for what to teach in their classes, Kelley said.

Monthly bills were disposed of.

Ignored was a tax bill received from the city on teacher-ages which the school maintains.

Taxes Due Now

County and state taxes are now due in Parmer County and by paying them during the month of October, taxpayers may receive a three percent discount, says Lee Thompson, county assessor-collector.

The taxes are payable anytime between now and January 31. Those who make the advanced payments, between now and the first of the year, will receive a discount. In addition to the three percent for October payments, a two percent discount will be allowed in November and one percent in December.

The deadline for payment is January 31 and after that a penalty will be charged.

Car Smacks Horse on Highway

Occupants of a car driven by Calvin Floyd of Friona Wednesday night of last week escaped serious injury as the vehicle in which they were riding collided with a horse on Highway 60 west of Friona, reports the Department of Public Safety.

Floyd said his wife received slight ankle injuries, was given first aid treatment at Parmer County Community Hospital, and then released.

Floyd said about four horses were crossing the road when his car struck one of the animals.

Damage to the car was heavy, Floyd said.

SITE OF NEW STATION—L. M. Crow is owner of the service station being erected south of Friona in front of Crow's Slaughter Plant.

THE STAR'S EDITORIAL COMMENT

Where's That Fine Line?

A problem situation has again arisen between the city and the school which is at once serious and humorous. City commissioners and the school board members no doubt can see only the serious side; taxpayers for both groups see some comical aspects to the problem.

The city has sent the school another tax bill. Those who are managing the city's affairs believe that rental property owned by the school system is subject to taxation by the city. The school believes that its tax-exempt status extends to include the houses assessed by the city.

This may be funny to some, but it isn't to others, especially if the disagreement gives rise to a suit between the two tax-collecting agencies, which it may well do.

City employees say that suits are filed after the second year of delinquency on a tax bill. This will be Feb. 1, 1958, and the tax assessor for the city says the city fathers will maintain this policy, unless other developments arise.

Further adding to complications is the existence of state attorney general's opinions, which the school claims vindicate its position, and the city claims it has a decision upholding its stand. The legal advisor for the city claims the property is taxable under the facts of the case, and school officials say the state board of education legal advisors are of the opinion the property should be tax free.

It occurs to us that the school should be allowed its tax-exempt status on this rental property so long as the houses in question are used for no purpose other than housing for school personnel. To our way of thinking, it makes no difference whether the teachers who live there pay the school a stipulated amount per month as rent, or whether the agreement under which they come to the school stipulates that housing will be included in their pay.

The Friona Star

In Parmer County \$3 Per Yr.
Elsewhere \$4 Per Yr.

Member Texas Press Association

Entered as second class mail matter July 31, 1925, at the post office in Friona, Texas, under the Act of March 31, 1897. Published each Thursday.

Housing conditions in a growing town such as Friona are limited, and we recognize the school board's authority to protect the interest of the school in obtaining personnel by investing in property that it needs for this purpose. The school has enough hazards in finding competent teachers without the added headache of no housing available.

However, we believe we can distinguish a fine line between the school's use of this property for its teachers, and its making available the houses for rent to the general public.

If, for example, the school should rent out such property during the summer months when most teachers are gone and the houses would otherwise be vacant, then the school is engaging in a profit-making enterprise and is in competition with individuals who own, maintain and rent similar property for their livelihood. For the school to be able to collect rent from such tax-exempt property under such conditions would place the school in an unfair competitive position.

That is the fine-line distinction we make between the tax-exempt and taxpaying status.

SIXTY YEARS TOGETHER — Mr. and Mrs. Charlie Jones of Friona Thursday of last week celebrated their 60th wedding anniversary. "A long time together, but it has been happy," they say.

After 60 Years— "It's Been Great"

Mr. and Mrs. Charlie Jones of Friona Thursday of last week celebrated their 60th wedding anniversary, and have this to say after the three score years together:

"It has been wonderful." "We will still recommend to a person that he get married, because life isn't complete without it," they say.

Most of their life has been spent in Friona and on a farm near town. They retired from the farm in 1930.

Besides many years of happy married life, the Jones have seven children, three of whom live in Friona, 17 grandchildren and 16 great-grandchildren.

For an informal celebration, the Joneses' descendants who live in town congregated at the home Thursday night for cake, ice cream and domino playing.

The three children who live in Friona are Mrs. Raymond Jones, Opal Jones, and W. H. "Shorty" Jones. Other children are Mrs. Bill Guyer of Sunny-side, Wash.; Mrs. Everett Harry of Eugene, Ore.; Mrs. Everett Wilmon of Dallas; and Mrs. Oba Roberson of Farmey.

The couple was married Oct. 3, 1897 at Rockwall. He was 23; she was 17. About a year of courtship preceded their marriage.

It didn't cost as much in dollars to get married back then, the two point out.

"If I remember correctly, the license was \$1.50, and I paid the preacher \$5. Then, a wedding band, solid gold, was about \$5, and that was what I paid for the one for Mrs. Jones," says Mr. Jones.

Mrs. Jones still wears the ring, which they later discovered was stolen in England and brought to the States. "At least, the jeweler who sold them the ring was later arrested and taken back to England, where he said he had taken enough to start his jewelry store at Rockwall," the Joneses say.

Furnishings for setting up housekeeping were much lower, too. But they think it was almost as hard to get started then as it is now.

The couple admit that they did escape one problem which most people face now: Keeping up with the Joneses.

"One thing we can say and be proud of is that we never went hungry," says Jones.

The couple moved to Parmer County in 1925, and farmed until moving to Friona in 1930. The next year Jones went to work for Friona as nightwatchman, and was deputized, and held this assignment for the next 15 years.

COURTS

JP COURT

The following cases were disposed of in justice of the peace court of Judge Walter Lovelless during the weekend ending October 8:

Howard William Gault, charged with speeding 70 m.p.h. in a 60 m.p.h. zone, pled guilty and was fined \$25.50.

Art Washburn, charged with failure to grant right of way, pled guilty and was fined \$16.50.

Sam Jones, charged with drinking in public, pled guilty and was fined \$40.50.

Neal Fulks, charged with drinking in public, pled guilty and was fined \$40.50.

CITY COURT

The following cases were disposed of in city corporation court of Judge Walter Lovelless during the week ending October 8:

Eugenia Malena Bryant, charged with no driver's license, pled guilty and was fined \$16.50.

Samuel Perez, charged with no driver's license, pled guilty and was fined \$16.50.

Graduates From Recruit Training

Billy R. Hargrove, son of Mr. and Mrs. J. D. Hargrove of Route 1, Friona, graduated recently from recruit training at the Naval Training Center at San Diego, Calif.

The graduation exercises, marking the end of nine weeks of "boot camp," included a full dress parade and review before military officials and civilian dignitaries. In nine weeks of instruction, the "raw recruit" is developed into a Navy bluejacket, ready for duty with the fleet.

Mr. and Mrs. Bob Kimbrough and family, accompanied by Mr. and Mrs. Don Sanders, visited Sunday in Olton with Mr. and Mrs. Light.

Mr. and Mrs. L. E. Lackey of Brownwood were recent visitors in the home of Mr. and Mrs. W. A. Tinney Sr. Mrs. Lackey and Mrs. Tinney are sisters.

"Serving A Great Irrigated Area"

NEWS FROM BLACK

MRS. DICK ROCKEY

The Starlight band would like to thank all those who took part in helping them Saturday by furnishing cakes, cookies and pies to go with their hamburgers, coffee and tea. They cleared \$34. They will serve again this Saturday in the Black store.

Mrs. Howard Elmore and Mrs. Tom Presley spent Friday in Hereford visiting in the home of Mr. and Mrs. Willie Price. Price is feeling much better.

Mrs. Ellis Tatum returned home Friday from Corpus Christi where she had taken her daughter and granddaughter, Mrs. Jerry Houlette and Debbie, to their home. They had spent some time here in the Tatum home.

Mrs. Helen Fangman and Charles spent Tuesday in Hereford on business and visiting relatives.

Mrs. Neva Hilderbrand from Levern, Okla., and Mrs. Mildred Woods of Darrrouzett visited Wednesday in the John Benger home. The two ladies were long-time friends of the Bengers. They had been to Truth or Consequences, N. M., and were on their way home.

Mr. and Mrs. Jimmie Buckley and family spent Sunday evening in Dimmitt visiting in the home of Mr. and Mrs. R. E. Battles and family.

Mr. and Mrs. O. J. Beene of Friona visited with Mr. and Mrs. Johnnie Benger Wednesday evening.

Mrs. R. E. Barnett is ill at her home. Mrs. Barnett, we wish you a speedy recovery.

Mrs. Helen Fangman, Charles and Teddy, were in Muleshoe and Littlefield Monday on business.

Mrs. Jimmie Buckley, Janet and Darrell, with a group of 15 from Friona, spent the weekend in New Mexico. They said the mountains and trees were beautiful.

Mr. and Mrs. Dick Rockey and Mr. and Mrs. Bill Stewart were in Lubbock Saturday evening to see the football game between LSU and Tech.

Sunday dinner guests of Mr. and Mrs. John Benger were Mr. and Mrs. Doyle Green of Portales and Mr. and Mrs. Guy Latta of Friona.

James Dixon and Mrs. Kate Dixon of Hereford spent Monday in the home of Mrs. T. J. Presley and Mrs. Woodroo Whitaker. James is from Germany. He flew across and was here only a short time. He has been overseas a year and has one yet to go. His wife and family are with him.

Mrs. Willie Price was admitted to the Hereford hospital Monday night. She is quite ill.

Mr. and Mrs. Fern Barnett were called Tuesday from Lubbock by their son, Wesley, who is in college there, that he was in the hospital. The Barnetts left for Lubbock.

Mr. and Mrs. Calvin Ivie of Lubbock were weekend guests in the home of Mr. and Mrs. Rosco Ivie.

Notes From The Hospital

Study Clubs Have Joint Meeting

Mrs. Robert Lindsey of Borger, who is the president of the Seventh District Federated Clubs, was guest speaker at a joint meeting of the Friona Woman's Club, Modern Study Club, and Progressive Study Club at the Friona Club House Tuesday evening. She was accompanied to Friona by Mrs. J. J. Bealer, who is secretary of the Seventh District.

Fall flowers, pumpkins, and corn carried out the harvest theme in the decorations. White cake squares and punch were served to the guests and 49 members of the clubs.

Mrs. Roy V. Miller Sr. led the group in singing "Love and Grow." Mrs. Floyd Reeve accompanied at the piano. This thought was left by the speaker at the close of the meeting: "For Company Fare in three courses, take three clubs, one guest speaker and mix together slightly. Follow by warm handshakes."

Hostesses were Kathryn Blackburn, Elizabeth Carmichael, Ethel Bengler, Irma Stark, Lynn Roberts, and Winifred Hurst. The guests were introduced by Mrs. C. W. Dixon, president of the Friona Women's Club.

Before the meeting the guests were honored with a salad supper in the Dixon home. Assisting Mrs. Dixon were Mesdames Leo McLellan, Mary Officer, Carl Maurer, John Davis, L. R. Dilger, Fay Reeve, Guy Latta, Tom Jarboe, and Lynn Don Hughes.

Mrs. Lindsey and Mrs. Bealer were presented with corsages of gardenias by the Friona Woman's Club members.

David McFarland Has Sixth Birthday

Mrs. J. G. McFarland honored her son, David, with a birthday party at the Beene kindergarten Monday morning. After a game session, cupcakes, in which the favors had been baked, and fruit juice were served. The cupcakes had frosting and candy favors.

Those present were Randy Barrett, Curtis Paul Smith, Vicky Crump, Myra Sue Day, Richard Dickson, Jenisu Fallwell, Joe Bill Jones, David McFarland, Danny Kendrick, Carla Sue Mann, Billy Ross Procter, Melody Roberts, and Mesdames McFarland, Beene, and Charles Holmgren.

Mrs. Holmgren served cookies to the group.

Women's Fellowship Has Work Day

The Congregational Women's Fellowship met at the church Wednesday afternoon for their regular monthly work day. After the devotional, which was given by Wilma Wise, the time was spent doing hand work for the annual bazaar, which will be held next month.

Plans were also made for a rummage sale to be held in the City Park Saturday, October 12, beginning at 10 a.m. Refreshments of cake and ice cream were served to those present by the hostesses, Malinda Schlenker and Sarah Dean.

Those attending were Ann Shackelford, Wilma Wise, Malinda Schlenker, Pearl Kinsley, Rose Lange, Edith Lillard, Kitty Lovelless, Luella Maurer, Nona Pavalus, and Ethel Reeve.

Birthday Dinner Honors Frionan

Mr. and Mrs. W. A. Tinney Sr., Mrs. Carrie Bridges, and W. A. Tinney Jr., all of Friona, and Rosemary Pool of Muleshoe went to Amarillo Saturday to visit Mr. and Mrs. R. A. Bridges and family.

The group had been invited to attend a birthday party in observance of Donnie Bridges' fifth birthday. The dinner had been planned as a surprise in honor of Mrs. Tinney.

To Lubbock

Nelson Welch and S. A. Freeman attended a meeting of the directors of Lubbock Christian College at Lubbock Thursday evening. Welch is a member of the board of directors of the college.

LINDA MILLER

Wedding Plans Announced

Mr. and Mrs. Roy V. Miller Sr. have announced the engagement and approaching marriage of their daughter, Linda, to Clyde Tims, son of Mr. and Mrs. L. C. Tims.

The vows will be read by Rev. L. A. Sartain at the First Baptist Church in Friona, Sunday, October 27, at 4 p.m. Friends of the couple are invited to attend.

Miss Miller is a 1956 graduate of Friona High School, attended Texas Tech last year, and is currently employed as Farm Bureau secretary in the local office.

Tims attended school at Lelia Lake and farms in the Lakeview community where the couple plan to make their home.

Virginia Wingos Have Regular Meet

The Virginia Wingo GA's of the First Baptist Church met in the home of Judy Smith Saturday morning. Officers elected were Judy Smith, president; Margie Carlton, vice-president; Joan Wheeler, secretary-treasurer; Judy Fesser, song leader; Nelda Douglas, pianist; and Karen Bales, program chairman.

Their counselor, Mrs. W. S. Crow, was also present. A nominating committee was elected to secure other chairmen. This committee is made up of Margie Carlton, Monte Baker, and Joan Wheeler. The group will meet next Saturday morning at 10 o'clock in the home of Monty Baker.

Party Honors Six Year Old

Mrs. Don Sanders honored her daughter, Susan, with a party in observance of her sixth birthday Friday afternoon at four. Following a game session, refreshments of hot chocolate, angel food cake, peppermint sticks, and bubble gum were served.

Favors were hair clips and whistles. Those attending were Janet Stevick, Lorene Jackson, Lenora Jackson, Billy Skinner, Lee Ann Johnson, Bennie Lynn Hamnold, Linda Davis, Cindy Sanders, and the honoree.

Those sending gifts were Ruby Barnett, Lola Roberson, and Mary Raney.

WSCS Slates Dinner

Plans have been made for the annual chicken dinner at the Fellowship Hall of the Friona Methodist Church to be held Friday, October 18. Chicken, cream gravy, hot rolls, and all the trimmings will be served beginning at noon.

Messengers have New Baby Boy

Mr. and Mrs. Steve Messenger became parents of a baby boy at the Parmer County Community Hospital Friday, September 20. He weighed 9 pounds and was named Troy Wayne. The Messengers have two older sons; Michael, 2½; Jay, 1½.

Grandparents are Mr. and Mrs. J. Q. Finney of Plainview and Mrs. Beulah Messenger of Hereford. Mrs. Maggie Copelin of Plainview is a great-grandmother.

Hi-Point HD Club Has Two Meetings

The Hi-Point Home Demonstration club had two meetings last week. The first one was a kidnap breakfast in the home of Mrs. Lee Renner on Friday morning. Each member attended the party dressed as she was when "kidnaped."

Those present were Mesdames Joe Brummett, Rudolph Renner Jr., G. L. Mingus, Glen Mingus, Lloyd Mingus, Elmer Oldham, Billy Dean Baxter, and Dan Tims.

The regular meeting was held Friday afternoon in the home of Mrs. Dan Tims. Mesdames Floyd Rector and Elmer Oldham presented a program on "Fruit for Breakfast." Erma Lee's Specials and coffee were served by the hostess, Mrs. Homer Lindeman received the hostess gift.

Visitors present were Mesdames Bill Baxter and Eugene Bandy. Members attending were Mesdames G. L. Mingus, Glen Mingus, Lloyd Mingus, Lee Renner, Homer Lindeman, Billy Dean Baxter, Elmer Oldham, Rudolph Renner Jr., and the hostess.

The next meeting will be with Mrs. Lloyd Rector, October 11.

Training Meeting Set Monday Night

All persons interested in Cub Scouting are encouraged by Truett Johnson, Cubmaster, to attend the training meeting at the Leo Reed home Monday evening, October 14, at 8 p.m. Plans will be made for all training meetings of the year.

"New den mothers and others who would like to be den mothers or assistants are invited to be present," says Johnson.

Hub Club Has Guest Speaker

Mesdames A. S. Grubbs and D. G. Hand of the Lakeview Home Demonstration Club were guest speakers at the Thursday afternoon meeting of the Hub Home Demonstration Club at the community center.

They gave a report on the THDA convention which they attended at Houston recently. After the program, the hostess, Connie Bingham, served coffee and cake to the two guests and the following members: Genny Bingham, Lavon Renner, Lydia Tomlin, Billie Joe Hand, Jinx Snead, Ila Daniel, Alma Lou Cannon, Fadine Wooley, and Clydia Black.

Whitefields Attend Columbia Show

Mr. and Mrs. Otho Whitefield returned Sunday night from Seligman, Mo., where they had attended the national Columbia sheep show and sale. Whitefield, who is one of the southwest's leading Columbia breeders, bought one ram and two ewes.

While at Seligman, the Whitefields also visited Mr. and Mrs. J. M. W. Alexander, who are former residents of the Lakeview community. The Alexanders requested that the Whitefields extend their greetings to their acquaintances here.

Friona HD Club Has Guest Speaker

Mrs. Ralph Price of the Black community was guest speaker at the Wednesday afternoon meeting of the Friona Home Demonstration Club in the home of Joyce Wilkins. She gave a report on her recent trip to Houston, where she attended the Texas Home Demonstration Council convention.

The opening exercise was given by Mrs. Wilkins. She also served cookies, coffee, and cakes to the guest and the following members: Mary Bandy, Blanch Woody, Velma Jones, Christine Williams, Stella Varnier, and Jo Nell Sims.

Mr. and Mrs. Bert Shackelford were Sunday visitors in the home of Mr. and Mrs. G. D. Anderson at Farwell.

Mr. and Mrs. Vern Nazworth and children, Charlotte and Curtis, of Amarillo, were weekend guests in the homes of their parents, Mr. and Mrs. W. J. Nazworth and Mr. and Mrs. Tom Gibson.

From Massachusetts

Mr. and Mrs. T. E. Armstrong of Seekonk, Mass., are guests in the homes of Mr. and Mrs. E. R. Day and Mrs. T. B. Armstrong this week. They plan to return to their home later this week. Armstrong is Mrs. T. B. Armstrong's son and Mrs. Day's brother.

Girl Scout Leaders Attend Workshop

Mesdames Russel O'Brian, James McLean and Meryle Massie attended a workshop at the Girl Scout Little House in Lubbock Thursday. The morning session was a course in the fundamentals of leathercraft.

The instructor was Mr. Hargett of Lubbock.

In the afternoon a demonstration was given on the art of basketry. Fifty-six Girl Scout leaders from the Caprock Council attended the workshop.

Home On Leave From Navy

W. A. Tinney Jr., who is in the Navy, is home for a 21-day leave. He was met at San Diego by his mother, Mrs. W. A. Tinney Sr., when his ship, the Mullany, docked after a six-month tour of duty in the Pacific.

Tinney, who is a graduate of Friona High School, will report back to his base October 17. While here, he will also visit relatives at Brownwood and Amarillo.

W. A. Tinney Jr. was a Sunday guest in the home of Mr. and Mrs. Lee R. Pool and Rosemary at Muleshoe.

Come On In—
THE EXTRA
MONEY'S FINE

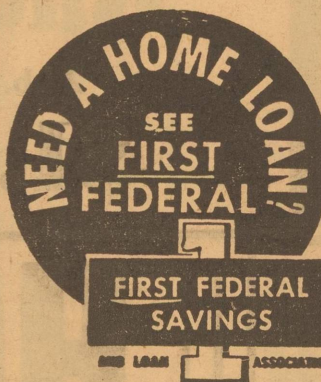

SAVE MORE CORN with a JOHN DEERE No.227 Two-Row Mounted CORN PICKER

Do you throw away dollar bills? With an inefficient corn picker you do just that by leaving many bushels in the field. The John Deere No. 227 Two-Row Mounted Picker guards your purse strings by saving extra bushels from every acre. You'll find these extra savings add up to a big bonus each season.

In badly down-and-tangled crops... in heavy or light yields... in dry, brittle corn,

the big-capacity No. 227 does a better job of gathering, snapping, husking, and cleaning. Long, low, efficient gatherers gently and positively guide stalks into the snapping rolls... aggressive snapping rolls, easily controlled from the seat while "on the go," reduce shelling... and four long rubber husking rolls per row assure cleaner corn in the wagon. See us for more details.

in & around
FRIONA
WITH JUNE

The open house at the Pioneer Gas Company office Friday was well attended. The office is so nice and is equipped with modern furniture. Everyone in Friona should be proud of this addition to the business section of our city.

Thanks to Charles Allen, some of the weeds growing between the sidewalk and street have been cut. It seems that cutting weeds that belong to no one in particular is another task that most of us take the attitude, "Just let John do that."

Maybe if each one of us would follow the example set by Charles and cut off a patch of weeds that belonged to none of the visitors who are here for Maize Days would take home a picture of a cleaner town. If we ran out of weeds, then we could clear a plot of ground of the accumulated trash.

There is always so much turmoil in the world and most of us give a great deal of thought to "What I would do for the entire world if it were possible." The following article has been printed in several publications but the author is not known.

If each of us would just follow the principle set forth in it, more results would follow than if we were able to do a lot of big things we feel should be done.

JUST FOR TODAY

JUST FOR TODAY I will try to live through this day only, and not tackle my whole life problem at once. I can do something for twelve hours that would appall me if I felt that I had to keep it up for a lifetime.

JUST FOR TODAY I will exercise my soul in three ways: I will do somebody a good turn, and not get found out; if anybody knows of it, it will not count. I will do at least two things I don't want to do—just for exercise. I will not show anyone that my feelings are hurt; they may be hurt, but today I will not show it.

JUST FOR TODAY I will be happy. This assumes to be true what Abraham Lincoln said, that "Most folks are as happy as they make up their minds to be."

JUST FOR TODAY I will be agreeable. I will criticize not one bit, not find fault with anything.

JUST FOR TODAY I will have a program. I may not follow it exactly, but I will have it.

JUST FOR TODAY I will have a quiet half hour all by myself and relax.

JUST FOR TODAY I will be unafraid. Especially I will not be afraid to enjoy what is beautiful, and to believe that as I give to the world, so the world will give to me.

Several persons have inquired lately about whether the Maize Days celebration is going to be an annual affair. Does anyone know the answer yet? We'd like to know the answer and if it were put to a vote, we would want ours counted in the "yea" column.

Maybe some of the readers would like to make a suggestion or express an opinion on the subject. If so, just write your letters, sign them, then mail to the Friona Star. Maybe what YOU think would determine the outcome of the future of the celebration.

Pretty soon the gins will be humming and the elevators will be buzzing with activity as our bountiful harvest gets underway. This is a wonderful time of year and we have much to be thankful for. Let's all take time off for a little thankfulness even though Thanksgiving is still several weeks away.

At least one Frionan knows how many days it will be until Christmas. He is attending school some distance from home and the Christmas holidays will be his first visit home since the first of September.

Thinking of Christmas reminds us of a quip we read somewhere. It read, "Today's genius is the man who has caught up with his Christmas bills before vacation time arrives."

Several big time advertisers have been using the idea of money talking. One writer expressed it this way. "Money may talk, but today's dollar doesn't have enough cents to say very much."

Mrs. Jesse Sparkman of Amarillo was a weekend visitor in the home of Mr. and Mrs. Glenn Reeve Sr. and family. Mrs. Sparkman is Mrs. Reeve's mother.

Mr. and Mrs. S. A. Freeman attended the first annual lectureship of the Lubbock Christian College at Lubbock Tuesday.

KEEP THIS AD!

Over 20,000 Arthritic and Rheumatic Sufferers have taken this Medicine since it has been on the market. It is inexpensive, can be taken in the home. For Free information, give name and address to P. O. Box 522, Hot Springs, Arkansas.

Group Returns From Mountains

A group of Frionans returned late Sunday after a long weekend in the New Mexico mountains. Mesdames R. E. Snead, Cleola Kirk and Lucy Welch accompanied Jan Edelman, Judy Barnett, Paula Negl, Elaine Holcomb, Margaret Mabry, Geneva Floyd, Janet Snead, and Dolores Elmore to Cowles Friday morning.

Friday evening Tacy Smith, Mikie Welch, Kay Struve, Janet Buckley, Peggy Holcomb, Mrs. Saturday.

Jimmie Buckley and Darrell joined the group at the Welch cabin in the mountains near Cowles.

Much time was spent sight-seeing, horseback riding, and hiking. The group reported wonderful scenery and deer in plentiful numbers.

Mrs. Mabelle Hartwell and Mrs. Ralph Wilson are visiting relatives at La Canada, Calif., this week. Mrs. Hartwell went by train last week and Mrs. Wilson went by plane Saturday.

STATEMENT REQUIRED BY THE ACT OF AUGUST 24, 1912, AS AMENDED BY THE ACTS OF MARCH 3, 1933, AND JULY 2, 1946 (Title 39, United States Code, Section 233) SHOWING THE OWNERSHIP, MANAGEMENT, AND CIRCULATION OF

The Friona Star published Thursdays at Friona, Texas for October 3, 1957.

1. The names and addresses of the publisher, editor, managing editor, and business managers are:

Publisher, W. H. Graham Jr., Farwell, Texas; Editor, Leland Boyd, Friona, Texas;

Managing editor, W. H. Graham Jr., Farwell, Texas; Business manager, W. H. Graham Jr., Farwell, Texas.

2. The owner is: (If owned by a corporation, its name and address must be stated and also immediately thereunder the names and addresses of stockholders owning or holding 1 percent or more of total amount of stock. If not owned by a corporation, the names and addresses of the individual owners must be given. If owned by a partnership or other unincorporated firm, its name and address, as well as that of each individual member, must be given.)

W. H. Graham Jr., Farwell, Texas; Joe Osborn, Austin, Texas.

3. The known bondholders, mortgagees, and other security holders owning or holding 1 percent or more of total amount of bonds, mortgages, or other securities are: (If there are none, so state.) None.

4. Paragraphs 2 and 3 include, in cases where the stockholder

or security holder appears upon the books of the company as trustee or in any other fiduciary relation, the name of the person or corporation for whom such trustee is acting; also the statements in the two paragraphs show the affiant's full knowledge and belief as to the circumstances and conditions under which stockholders and security holders who do not appear upon the books of the company as trustees, hold stock and securities in a capacity other than that of a bona fide owner.

5. The average number of copies of each issue of this publication sold or distributed, through the mails or otherwise, to paid subscribers during the 12 months preceding the date shown above was: (This information is required from daily, weekly, semi-weekly, and tri-weekly newspapers only.) 1,250.

W. H. Graham Jr. Sworn to and subscribed before me this 1st day of October, 1957.

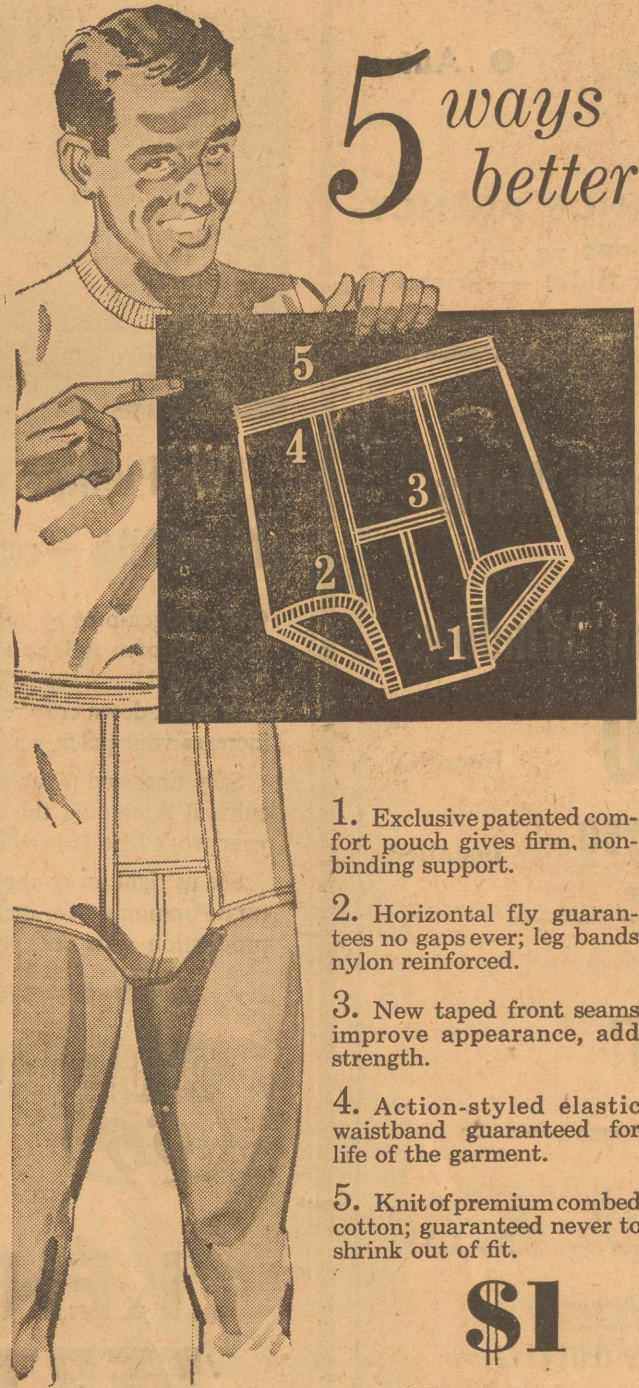

(SEAL) June Magness (My commission expires June 1, 1959.)

Mr. and Mrs. J. T. Gee and Tom spent the weekend at Taos and Red River, New Mexico.

Mr. and Mrs. D. W. Smith of Plainview are spending the week in the home of Mr. and Mrs. Joe Beaty and children. The Smiths are Mrs. Beaty's parents.

Mr. and Mrs. Floyd Bracken of Amarillo were Sunday evening visitors in the home of Mr. and Mrs. C. L. Bracken. The two men are brothers.

Udenominational Christianity

Every seed produces after its kind. Wheat will produce wheat. Corn will produce corn. Watermelon seed will produce watermelons. This is not only true in the natural realm but is true in the spiritual as well.

The Word Of God Will Produce What?

Jesus said, "The seed is the word of God" (Luke 8:11). The word of God, unmixed with human doctrines and commandments of men, will produce New Testament Christianity and not denominationalism. The pure word in the days of the apostles produced no denomination. That same word, unmixed with creeds and theories of men, will produce no denomination today.

Our Plea

The plea of the church of Christ today is for all to flee the doctrines of creeds and church manuals formulated by men and take the pure word of God. This will make people members of the church Christ built and not members of any denomination. It will make Christians only and only Christians. THIS IS THE WAY TO HAVE UDENOMINATIONAL CHRISTIANITY.

WELCOME to the

SIXTH STREET CHURCH OF CHRIST

"Where the word of God in its purity is taught"

FHA NOTES

By GENEVA FLOYD

The FHA had a meeting Tuesday morning. Mrs. Ralph Miller, who was a guest, spoke on "Personality." Plans were made for a rummage sale in the city park Saturday, October 12.

Judy Barnett, president, called the meeting to order and called the roll. The chapter voted to enter a float in the parade during Maize Days.

Our advisor, Mrs. Eunice Ratliff, attended a vocational homemaking teacher's conference at Floydada Saturday, October 5. Modern home appliances were demonstrated.

The principal address, "Our Challenge in the Home Economics Field Today" was delivered by Esther Sorensen, supervisor of home and family life education in Area 1.

CALLED TO HUGO

Mrs. John Davis was called to Hugo, Okla., due to the serious illness of her mother, Mrs. C. F. Payne, of that city. Word was received in Friona Tuesday morning of the death of Mrs. Payne. Funeral arrangements were incomplete.

First U. S. cotton mill was built in Massachusetts in 1803.

Bucky Dixon, who has recently moved from Fort Worth to a ranch in Colorado, was a guest in the home of his parents, Mr. and Mrs. C. W. Dixon, the first of this week.

Mr. and Mrs. A. R. McCown of Erick, Okla., were weekend guests in the home of the Glenn Floyds. The McCowns are Mrs. Floyd's parents.

NEWS FROM LAZBUDDIE

By MRS. CLYDE MONK

Second School Fair Termed Big Success

Second annual school fair which was held Friday, October 4, at the agriculture building at the school was termed very successful. The fair is becoming a leading attraction of the community as all school students look forward to the displaying of their many and varied projects.

Lazbuddie PTA Session Busy

Lazbuddie PTA met Monday evening in the high school auditorium with the president, Mrs. John Agee, in charge. Those present voted to use the money allocated for the high school for the following projects: a time clock for ball games, the library, and repair work on the machine for the audio-visual program.

Mr. Hinkson brought up the subject of a state sales tax as a future means of carrying on schools in the state. The PTA voted to go on record as favoring this type tax. Mr. Hinkson was appointed to select a committee to work with him in studying the "pros and cons" on this subject.

Members also voted not to sponsor a Halloween carnival this year.

Following the meeting, the first grade rhythm band, under the direction of Mrs. Freisen, presented a musical program.

Rosemary Agee and Freda White then directed supervised play for the children in the lunchroom.

A panel discussion consisting of two teachers, Mr. Freisen and Mrs. Cooper, and two parents, Mrs. Dee Brown and E. T. Ford, was held with audience participation. Topic of the panel was "Relations Between the Parents and the Teachers." Many ideas were brought out that will be of benefit to teachers and parents alike.

LUNCH ROOM MENU For Week Beginning Oct. 14

Monday
Sliced pressed ham, black-eyed peas, mashed potatoes, cabbage slaw, enriched bread, milk, chocolate cake.

Tuesday
Chicken and noodles, green beans, sliced beets, lettuce, cornbread, butter, milk, cherry pie.

Wednesday
Lima beans and ham, buttered spinach, browned potatoes, sliced tomatoes, hot rolls, butter, milk, peach halves.

Thursday
Beef stew, crackers, peanut butter, sliced cheese, milk, cookies, apples (fresh).

Friday
Salmon salad, buttered corn, English peas, hot rolls, butter, grape jelly, milk, ice cream.

Shower Given For Couple

A post nuptial shower was given last Saturday evening in the Smith-Floyd home honoring Mr. and Mrs. Virgil Merriott of Lubbock. Virgil is a former resident of this community and they have been married about two weeks.

A lovely array of gifts were presented the young couple and the evening was spent in playing Canasta and "42".

The serving table held a miniature bride and groom in an archway of greenery and candles.

Refreshments of white cake squares, coffee and hot chocolate were served. Hostesses for the occasion were Mesdames Barney Floyd, Glen Scott, Gene Smith, Chuck Smith, Joe Briggs, John Gannon, D. B. Ivy, Donald Littlefield, Luther Hall, Hubert Elliott and Miss Marie Cox.

Mr. and Mrs. Grady King spent the weekend in Lawton, Okla., with their sister and brother, Mr. and Mrs. Clyde King. They returned Mike King to his home there after he had spent several weeks here. Mike had been here with the Grady Kings while his father was stationed in Louisiana.

Party Given Tuesday Afternoon

Mrs. Don Littlefield and Mrs. Gene Briggs were co-hostesses for a toy party given last Monday afternoon in the home of Mrs. Littlefield. Refreshments were served to Mesdames Harold Wilson, Andy Brown, Max Steinbock, Gene Smith, Barney Floyd, Chuck Smith, John Littlefield, Dalton Mimms, Jack Smith, N. M. McCurdy, Jimmie Black, Raymond McGehee, Frank Hunt, and Bill Hollers from Lubbock.

Girl Scout News

Brownie Troop 227 met at the Methodist Church Monday afternoon. Two leaders, Edith Johnson and Mary Roberts, and 15 Brownies were present. After a game session, candy was served by Rita Collier.

This troop is working on plaster of Paris figurines.

Girl Scout Troop No. 235 had an outdoor meeting at the Reeve farm Monday afternoon. They cooked super dogs and jelly wells, then went on a nature scavenger hunt.

Those present were the two leaders, Helen Potts and Nadine O'Brien, and the following Scouts: Sharon Reeve, Kay Johnson, Martha Knight, Wanda Ready, Mary Knight, Willene Baxter, LaVoyce Burrow and Nawasa Parsons. David Reeve was a guest.

The senior Scouts met with Ada Beth Akens Monday afternoon. Jolynda Stokes, president, called the meeting to order. Several items of business were taken care of. Refreshments were served by Ada Beth Akens and Jimette McLean. Mesdames Dorothy Hough, Eula Akens, Georgia Fields, and Mae Magness were selected troop mothers.

This troop will have a float in the Maize Days parade October 18. After playing a game and singing taps, the troop was dismissed.

Two new families in Friona this week moved here from Burk Burnett. They are the Richard Dickeyes, who have moved into Joe Collier's rent house at 906 Jackson, and Mr. and Mrs. G. W. Fleming, who have moved into Mrs. A. E. Stanley's house on Prospect.

Mr. and Mrs. Sam Williams have moved into their new house on Summit Street.

When sea trout fail to pay any attention to your live shrimp, place a small pearl spinner ahead of the hook and retrieve your bait with an erratic action of the rod tip.—Sports Afield

INJURED SATURDAY

Jack Finley, young son of Mr. and Mrs. Jack Smith, fell last Saturday while playing in the yard and hit his mouth on the edge of the porch. Three stitches were required to close the main cut.

Lazbuddie Longhorns will do their utmost to dehorn the Farwell Steers this Friday evening on the Farwell field. (Continued on Page 8)

Entomology is the science which deals with insects; etymology is the science of words.

IN THE NAME OF JUSTICE

San Antonio—A tamale salesman who can't speak English had a driver's license finally after justice went out of its way to help him get one.

The salesman, Fabian Hernandez, 29, was hauled into court for the fourth time for driving without a license. Asked, "Why in the world don't you get a license?" Hernandez replied that he had been to the state highway license department several times, but no one there could understand what he wanted.

Arresting Patrolman Raymond Church offered to go with Her-

nandez to get the license—but Church can't speak Spanish. A Spanish-speaking secretary solved that problem, and Hernandez passed the test with flying colors. Judge Harold Hall was so pleased he dismissed the last two tickets against the tamale salesman.

Emancipation of slaves Latin America began in 1794.

About 20 miles wide, the Strait of Dover is the narrowest part of the English Channel.

Europe is the smallest of the world's continents.

ALL PROPERTY INSURANCE IS THE SAME....

...until you have to use it!

One property insurance policy is pretty much like another — at the time you buy it. When you have to use it, however, the differences become apparent. That's when you find out how comforting it is to have the counsel and services of an independent local agent and the peace-of-mind protection of reputable Capital Stock insurance companies. So be sure when you insure. Select an established, independent local agent to whom you're a neighbor, not a number. And make sure that he represents only Capital Stock "Standard Protection" companies. There's a big difference!

Apply NITROGEN This Fall

Use Phillips 66 AGRICULTURAL AMMONIA — contains 82% nitrogen!

Get nitrogen-plus by applying Phillips 66 Agricultural Ammonia to corn stalks and other crop residues this fall. That way, you'll store the 82% nitrogen in the soil, which will in turn break down crop residues—for extra plant food to help increase your profit per acre next year.

Save time and trouble, too, by applying Phillips 66 Agricultural Ammonia this fall—instead of next Spring when your work load is heaviest.

See us right away about fall-applying Phillips 66 Agricultural Ammonia—for increased profit per acre and lower unit production costs next year.

Lazbuddie—

(Continued from Page 6)

Mr. and Mrs. L. B. Hambricht spent the weekend in Midland with their daughter and family, Mr. and Mrs. B. J. Trimble and helped Mrs. Trimble to celebrate her birthday. Mr. and Mrs. Hambricht were accompanied to Midland by her parents, Mr. and Mrs. E. E. Mason.

Mrs. Marie Hunt and children, Randy and Donna, from Lubbock spent the weekend here with Mrs. Mae Mahon.

Mrs. Perry Barnes had as weekend guests her brother and family, Mr. and Mrs. Ray McKinney, and a nephew and family, Mr. and Mrs. Sam Crockett, all from Dallas. Sunday afternoon the group visited in Bovina with a sister and family, Mr. and Mrs. Lawson Edwards.

Those attending the drag races in Abernathy Sunday were Mr. and Mrs. Gene Smith, Mr. and Mrs. Richard Barnett, Mr. and Mrs. Bobby

Broyles, Mrs. Chunk Smith, Kaye Ann Smith and Lee Kimbrough. Richard Barnett won a trophy.

Mr. and Mrs. Ansel Ashford and children, Ronald, Linda and Lynia Ray, were dinner guests Sunday in the home of his parents, Mr. and Mrs. A. F. Ashford, in Muleshoe.

Mr. and Mrs. C. D. Gustin visited Sunday in Plainview with his niece and family, Mr. and Mrs. Ed Thompson and family, and with other nieces who were visiting there from Oklahoma.

Honored Sunday

Mrs. Rhiney Steinbock was honored on her birthday with a supper in her home, Sunday evening. Enjoying the occasion were Mr. and Mrs. Ed Steinbock, L. L. Bewley, Mr. and Mrs. Demp Foster, Timmy and Steve, Mrs. Trixie Kyle and children, Shelia and Jimmy, and Mr. and Mrs. Steinbock. Movies were made of the gathering to be enjoyed later.

Mr. and Mrs. J. B. Wright spent the weekend in Lovington, N. M., with their daughter and family, Mr. and Mrs. Ray Lovejoy and son.

Mrs. J. W. Stout from Lubbock was a guest Friday in the Earnest Nowell home.

Sunday guests in the Glen Stevens home were her sister and family, Mr. and Mrs. Milard Moore and children from Amarillo. In the afternoon they visited their mother, Mrs. H. A. Douglas Sr., in Muleshoe.

Mrs. J. P. Wilson from Friona and her brother and family, Mr. and Mrs. C. H. Irwin from Duncan, Okla., were guests Sunday in the home of her daughter, the Ralph Cox family. Mr. and Mrs. Irwin plan to make their home with Mrs. Wilson in Friona this winter.

Mr. and Mrs. Barney Floyd are visiting this week in East Texas with a sister of Floyd.

CARD OF THANKS

Mr. and Mrs. Judd Clark would like for their friends and neighbors to know how much they appreciated the flowers, cards and visits during the recent hospitalization of Clark following his accident.

Move In New Home

Mr. and Mrs. Ben Foster Sr. moved into their new home east of Lazbuddie last Thursday. The house has been completed for several months except for a few finishing touches that were recently completed, giving the Fosters a chance to move in. Dinner guests in their new home on Sunday were their children, Mr. and Mrs. Demp Foster, Timmy and Steve, and Mr. and Mrs. Dean Hurd and children, Ronnie, Donna and David, from Muleshoe.

Guests last Tuesday in the Dick Scott home were Mr. and Mrs. Robert Kellison and Cindy Hunt from Lockney, Mrs. G. O. Royal of Weatherford, Okla., and Gay and Glee Bradley from Plainview.

In Plainview

Mrs. John Gammon and daughters, Marianna and Mrs. Joe Briggs, were in Plainview Sunday afternoon to attend the dedication of the church library at the First Christian Church. Mrs. Bryant Edwards from Lubbock gave a review on the "Book of Genesis" with the dedication of the church library, honoring the late Walter Perry Jennings, following. Mr. Jennings served as minister of the church from 1934 to 1942. He was Mrs. Gammon's father.

Junior Class Has Party Friday

Miss Rosemary Agee entertained the junior class with a party last Friday evening at the home of her parents. Games were played and refreshments were served to the following: Kirby Carrell, Sherry Butler, Butch Butler, Wanda Steinbock, Clifford Hugg, Carolyn Hinkson, Carolyn Scott, Buzzy Allen, Dennis Nelson, James Carpenter, Lawrence King, Janis Clark, JeDon Gallman, Bobby Hall, Mary Butler, Tommy Laney, Ronnie Briggs, Smythie Lawrence and Mr. and Mrs. John Agee and Rosemary.

Mr. and Mrs. Nowell Burke and son from Lubbock visited in the Lowell Savage home Thursday evening.

Mrs. Herbert Clay has her parents, Mr. and Mrs. W. B. Laurence from Claude, visiting with her this week while Clay has gone deer hunting in Colorado. Clay was accompanied on his hunting trip by Mr. Robbins from Lubbock.

Mr. and Mrs. Jack Bruton from Muleshoe have moved into the community. The Brutons have three children, Charlie, 11; Linda, 7; and Glen, 3. Bruton is employed as ginmer by Nichols Gin and he and his family live on the gin property. Alfred Allen from Firebaugh, Calif., is visiting in the home of his uncle and family, the

Hubert Elliotts. Mr. and Mrs. Thomas Carrell and daughter Peggy Ann visited in Olton, Sunday, with Mr. and Mrs. Barton Prestridge. Sunday dinner guests in the home of Mr. and Mrs. Glen Scott were Mr. and Mrs. Alfred Scott, Mr. and Mrs. Hubert Elliott and family, Mr. and Mrs. Leonard Elliott and family, Al-

fred Allen of Firebaugh, Calif., and Mr. and Mrs. I. W. Clark of Des Moines, Iowa.

Mr. and Mrs. David Johnson and boys, Ronnie and Don, spent the weekend in Plainview visiting with the J. P. Stine family.

Mrs. Adrian Weir has returned home from a two weeks visit in Lake Charles, La., with her sister and family, Mr. and Mrs. David Wiley. Mrs. Weir accompanied her parents, Mr. and Mrs. Paul Rogers from Acuff, and her sister and son from Lubbock.

Recent visitors in the Euel Hall home were Mr. and Mrs. Floyd McCain from Sudan and Mr. and Mrs. Sherley Kisor from Lubbock.

With Greens

Visitors in the F. W. Greene home this past week were her sisters, Mrs. Bertie Posey from Houston, Mrs. J. H. Griffin from Galveston, and Mrs. J. A. Parish from New London. Mrs.

Greene recently returned home from a visit with her sisters and other relatives in Galveston, Austin, Houston, Navasota, New London and Ft. Worth.

Mrs. John Littlefield and Mrs. Charlie Glover are in Temple this week where Mrs. Littlefield is receiving treatment at a clinic.

Attend Fair

Mr. and Mrs. Eugene Redwine and children, Donna and Bobby; Geraldine Broadhurst and Mrs. Raymond Houston report a wonderful trip to the New Mexico state fair in Albuquerque over the weekend. They attended the rodeo on Saturday and are now the envy of all the youngsters in the community, as the rodeo starred Roy Rogers and his wife, Dale Evans. Mrs. Houston says the huge coliseum where the rodeo was held, holds approximately 12,000 people and when the local people arrived there was "standing room" only.

Rediscover America

COLUMBUS DAY • 1957

Yes, it's time to rediscover America — the land of freedom, opportunity and progress. Time, too, to discover that freedom, opportunity and progress have many enemies — right here in our own country. Enemies who say the government should be in business, should provide our medical care, should control the education of our children. Rediscover America — and the American Way of Life — before socialism traps you and your children.

«The High Plains Farm and Home»

Lively Discussion Sparks Convention Of Farm Bureau

Although the turn-out was on the slim side, a lively discussion of topics affecting farmers sparked the ninth annual convention of the Parmer County Farm Bureau Monday night. The meeting was at the Hub community building.

Re-elected president was Gilbert Kaltwasser of Oklahoma Lane, who has twice previously been named head of the group in the annual elections. Five of the ten county FB directors were up for election this year, also, and to serve with Kaltwasser are John Range, Farwell; L. F. Bruns, Lazbuddie; Dennis Williams, Bovina; Harry Hamilton, south of Friona; and Jack Patterson, Rhea.

Kaltwasser, who presided at the meeting, opened by saying that he feels farmers know their problems better than others and that farmers are in the best position to try to solve them. The president encouraged discussion from everyone present.

Patterson, who is vice-president, reported on membership, setting the total as of Monday night at 620. There were 625 members last year. Wilma Norton, county FB queen, reported on the organization's activities during the year, with emphasis on legislation.

Duane Rea of Bovina reported to the convention on the state FFA convention which he attended. Farm Bureau helps meet expenses of delegates. Raymond Euler, service representative, reported on insurance written through his office, and told of gains in that field.

ture that a few sales wouldn't help."

Smith reminded his listeners that mechanical and technological developments in the field of agriculture have at least temporarily solved the problem of production, and now the problem is what to do with the commodities produced.

He dwelled on farm surpluses, and proposed that farmers consider advertising their products as a stimulus for sales. Smith noted downturns in year-per capita consumption of many farm commodities. "Nutritionists have told our ladies they'll get fat if they eat too much bread," he said, "and I guess that's right. But I've noticed that there are just as many fat ladies today as there ever were!"

Smith said farmers have tried everything but advertising to solve their problems. He said that few people realize the markets that are created and broadened under the subtle influence of advertising. He credited advertising as making possible America's giant industries of mass production.

He also criticized what he called "No loyalty to Golden Spread agriculture," on the part of consumers of the area. He said people are buying synthetics in preference to cotton, and many products not produced here at home, although they are available.

He deplored attempts to legislate consumption of wheat, and, turning to grain sorghums, gave it as his opinion that if the recently formed Grain Sorghum Producers Association will give as much attention to research and market development as it does legislative matters, "We'll be getting somewhere."

Agriculture is doing some advertising, Smith says. But he compared the budgets of the National Cotton Council and

DuPont. "We're not a drop in the bucket compared to them," he reminded the farmers.

Roy Miller reported on Farm Bureau financial affairs, and Patterson presided over the election.

Hamilton, who has served as chairman of the resolutions committee, guided the long discussion on farm problems. There were 14 resolutions submitted by the committee for consideration of the delegates, eight of which dealt with state matters; the remainder national affairs.

A thumbnail sketch of state resolutions:

1. Favoring retention of present truck load limits unless they would be governed by some means limiting stress per square inch on highways.
2. Upholding freedom of operation of state REA units.
3. Opposing Texas Research League and others, who seek to halt the farm-to-market road building program.
4. Favoring continuation of electing (instead of appointing) a state commissioner of agriculture.
5. Favoring a general retail sales tax for school purposes.
6. Favoring leaving the state permanent school fund intact—not drawing on the capital for present needs.
7. Upholding the Texas "right to work" law.
8. Supporting passage of amendment number three to the state constitution, which would authorize sale of bonds for a state water development program.

Everything went smoothly on all the resolutions, and general participation from the audience was obtained. Resolution No. 5 occupied the attention of the group for almost an hour as the problem of financing schools was tossed about.

Most members favored a sales tax, but few could decide where sales taxes should begin and property taxes leave off. Also, they could not get together on possible exemptions. The original proposed resolution was turned down:

... favors adoption of a

consumers retail sales tax with exemptions on production items, such as fertilizers, farm machinery, etc., for the farmers, and lights, heat, and other expenses necessary to the operation of industry or other business. Funds from such sales tax to be used for financing of schools only, and as soon as practicable to replace present taxes collected for this purpose."

They finally agreed on a general "yes" or "no" answer to the question, "Do we want a sales tax to help our schools?" The answer was affirmative.

Five resolutions on national affairs adopted with little trouble:

1. Urging extension of the anti-trust laws to include operations of labor unions, in the same way they now apply to management.
2. Opposing extension of the minimum wage law to include agricultural workers.
3. Opposing increase in the minimum wage requirement.
4. Opposing federal aid and control of public schools.
5. Urging increased allocations of funds and research facilities for promoting new industrial uses of farm products.

A resolution offered from the floor was adopted which reaffirmed the Bureau's previous stand against compulsory health insurance.

Occupying the most time was a final proposed resolution on the national farm program. As submitted, the resolution read: "Parmer County Farm Bureau recommends continuation of the present program, but with mandatory compliance, with a minimum of 75 percent of parity for all commodities presently supported on a parity basis; adding a provision for a layout of 15 percent of all cultivated acreage on an annual rotation basis. Layout percentage to be adjusted from year to year in relation to ratio of supply and demand for a total of all commodities."

This touched off a general discussion on farm problems that lasted until after midnight. President Kaltwasser said it had been difficult for the resolutions committee to come up with its proposal because of differences of opinion, but he felt "We can't just drop everything. . . we've got to keep at least a part of our farm program."

Eventually, the resolution was adopted, although voting was divided. An important amendment written in made the resolution apply the layout provision to all agricultural enterprises, even though there were loud arguments that such a program would be unworkable and even unlawful in the case of producers who sell unsupported commodities.

Fall is here for sure, as evidenced by the piles of golden corn glistening in the sun on area farms. Corn picking is just getting started, and when the weather dries, will be underway again on a big scale. High Plains farmers usually pick their corn, rick it (as here), then shell it later when it dries. Others use combination picker-shellers that work just as maize combines do. Fear of winds, and fear of the corn borer prompt most farmers to get their grain as quickly as possible, though, and for that reason the system shown here is in widest use.

Cooler weather means more social activity for all family members. Entertaining friends with ease is an art that can be easily learned, according to extension foods and nutrition specialists.

"Food And Fun With Friends," a new extension bulletin by food and nutrition specialists, is designed to help you. Ideas for invitations, refreshments and other details are given for both large and small parties. Get a copy of the new bulletin from your county home demonstration agent.

Delicious, hot quick breads will be more tempting than ever with cooler weather ahead. Make your own homemade master-mix for biscuits, muffins and cornbread now. It will save time and energy later.

Directions for the master-mix are given in extension bulletin, "Quick Breads." Also included are delicious recipes for new and different quick breads. Get a copy of the bulletin from your local extension office.

Two out of three Americans eat too little breakfast. How about you? Extension foods and nutrition specialists say breakfast should supply about one-third of the total daily food needs. Studies show that a protein rich breakfast can stave off fatigue hours longer than a breakfast with little protein. Eggs are a good source of protein and can be prepared in many different ways. Give your body the proper fuel to start the day right.

More Texas families are making the most of their income by keeping better household and farm accounts. Mrs. Eula Newman, extension home management specialist, says interest in the family economics demonstration is increasing in counties throughout the state. Records help families to see where income actually goes, and where it comes from.

NEWS FROM THE FARM BUREAU

By RAYMOND EULER

Raymond Schueler and members of the PCFB weed committee, of which he is chairman, met with Farm Bureau directors last week to complete plans for placing county ownership maps in classrooms of FFA boys in the schools in the county. The maps will be used by the boys in locating and marking the location of bindweed plots in each area. Most of the FFA instructors are already actively cooperating in this program, and it is expected they all will soon.

Jack Black of Lazbuddie schools presented the proposal, and members of the committee accepted it gladly. They even agreed that if Farm Bureau could not pay for the maps, the committeemen would pay for them from their own pockets. Farm Bureau directors agreed to pay any difference in the cost and what the schools would contribute. It strikes us that this group of unpaid men are sincere in their intentions to serve agricultural interests of their area when they agree to pay for supplies they deem necessary, besides giving constantly of their time for necessary plans.

Milo Support Price Rises Three Cents

An increase in the parity figure for corn has been reflected in the area support price for grain sorghums. Tuesday, the Parmer County ASC increased the loan from \$1.73 to \$1.76 per hundredweight. That is gross.

Net to the farmer under the new scale is \$1.61 per hundred, effective this week. The price changes about every 20 days, a reflection of storage time until maturity date of the loans.

Big Increase Noted In Acreage Reserve

Parmer County farmers' participation in the 1958 acreage reserve program for wheat will be 9,127 acres, reports Prentice Mills of the Parmer County ASC office.

The office has signed 118 agreements with farmers, and maximum payments will be \$164,074.85.

Next year's sign-up reflects an increase of about 50 percent over participation in the program last year, Mills says.

Bald eagles are so named because of the effect of the white feathers on their heads.

Hard To Believe!

The 1957 Fords have been such outstanding cars in every respect that it's hard to believe the auto designers could create anything more beautiful, anything more powerful, anything a better buy.

But, SHHHH! The 1958's are coming, and you'll say Ford has done it again! Meanwhile, you can STILL get a '57 at the lowest price of the year!

SOIL CONSERVATION DISTRICT NEWS

OUR SOIL ★ OUR STRENGTH

In response to the many inquiries we have been having about the Great Plains Conservation Program and what it will mean to the farmers in the Parmer County SCD, we will outline basically what the program will consist of:

Administrative responsibility for the Great Plains program is placed on the Soil Conservation Service by Secretary of Agriculture Benson.

The Great Plains program provides for the combining of the resources of the Department of Agriculture's various agencies in a step-by-step process for making long-time adjustments in land use, cropping systems, and in the treatment of cultivated lands and range, under the climatic hazards of the Great Plains.

The Great Plains program, brought into being by Public Law 1021, is designed to give farmers and ranchers in the Great Plains area of the 10 involved states, of which Texas is one and Parmer County is a designated county in Texas, both immediate and long-range help in the use of their land within its capabilities.

Public Law 1021 provides "that the total cost of the program (excluding administrative costs) shall not exceed \$150,000,000, and for any program year payments shall not exceed \$25,000,000."

The program will apply in counties designated by the secretary of agriculture in portions of Colorado, Kansas, Montana, Nebraska, New Mexico, North Dakota, Oklahoma, South Dakota, Texas and Wyoming. The continued drought in these states has emphasized the need for such a program to help develop a more stable farm and ranch economy in this region.

The Great Plains program is not an annual or disaster type program nor does it replace any other existing agricultural program. This is a way to an enduring agriculture based on the capabilities of land and geared to the climatic hazards that we all know are ever-present in this area. It is not a production adjustment or an income supplement program.

It is a voluntary program with long-term assurance of needed financial help for a complete soil and water conservation plan applied to individual farms and ranches.

The program will point up the responsibility of local people in

Friona Auto Road-eo Seeks Contestants

Contestants are being sought to compete for trophy awards equivalent to \$25 in the Friona Maize Days of 1957 auto road-eo. Baker Duggins, of Friona, invites all boys between 14 and 18 to enter the contest, but says that entries must be placed by Friday. An entry blank accompanies this story.

The second part of the test will be held in the afternoon. Skill in maneuvering between guide lines and other driving skills will determine the winner of the actual driving test.

To qualify for the event, a participant must be a licensed driver and between the ages of 14 and 18. An entry blank is included for those who wish to participate, and must be sent to Baker Duggins in Friona before Saturday, October 12. Persons who wish to contact Duggins by phone may do so at Friona, number 2722, or 3571.

FRIONA MAIZE DAYS
Auto Rodeo Entry Blank (please print)

Weather Slows Up Harvest of Milo

Combines and trucks sit idle this week and elevator operators have had time to watch the world series, when wet weather returned after a long absence over the weekend, and interrupted a harvest just picking up speed.

Clouds moved in Sunday and blocked off the brilliant sunshine and unusually warm weather that had characterized early fall on the High Plains.

Rain came too, though very gently and in rather light amounts. Most farms picked up from a quarter to a half an inch, although some measured more. It was a "you can't lose" rain which gave wheat producers a boost and didn't cause immediate damage to cotton. Generally, the rain was considered beneficial.

Most farmers in this area have mixed emotions about the weather this time of year. All are anxious to get on with their grain sorghum harvest, though few regard this as a critical time. Interruption is more of an inconvenience and delay in work than anything else. Virtually every farmer produces milo.

And, most have young wheat, with about half of them trying to get a dryland planting off to a decent start. Even the irrigationists who grow wheat don't object to a rain at this time. For the wheat, farmers would not care if it rained for three weeks.

However, most farmers have their cotton to worry about. And since cotton is the No. 1 money-maker in the field, needless to say they have some concern about it.

The fact that cotton got off to such a poor start this year, and has matured so slowly, has been painfully apparent to producers. Consequently, the more warm, dry sunny weather they have, the better. Cloudy, drizz-

ly skies not only retard final development of the crop, but herald the approach of first frosts, which are the things cotton growers fear most.

All these things have their effect, but because the moisture has come gently, with no wind, there are few farmers that begrudge its appearance. Probably those who have the biggest worry are the managers of bracero labor groups, who temporarily have nothing for their hands to occupy themselves with.

STUBBORNNESS PAID

Dallas—Clyde Tom Rugel, who owns a drive-in, saved himself from being robbed one night by stubbornness.

A man asked Rugel for a paper bag to put a pair of shoes in. When Rugel got the bag, the man pulled a pistol and told Rugel to put his money in the bag.

"No," said Rugel. "I mean business," the man warned, shooting behind the bar and above Rugel's head. Rugel still refused. The would-be bandit laid his gun down and told Rugel, "Call the police, I want to go to jail." At this point Rugel stopped being stubborn.

PROBLEM SOLVED

Houston—When Mrs. Nellie Harris, operator for Southwestern Bell Telephone Co., decided to take her lunch to work, her six-year-old son, Charles, was worried. How, he wondered, would she be able to tell her lunch from all the others?

Charles announced he would write her name on the sack.

Sure enough, at noon Mrs. Harris had no trouble finding her lunch. Scrawled all across the front was: "M-O-T-H-E-R."

WANTED — MOUSE TRAPS

One-fifth of the world's food production never reaches our tables, according to the United Nations Food and Agriculture Organization, because of insects and rodents that consume supplies while stored in the fields. Technicians of the FAO are helping to reduce this waste by teaching native populations simple methods of constructing traps and barriers against such enemies.

HARVESTER TANDEM DISC HARROW

PATENT PENDING

Disc Gangs Adjustable for Cutting Angle

15-25% LIGHTER PULL NO GREASING

Harvest 18-foot, wheel-mounted tandem disc harrow, constructed of seamless tubular steel, with all-welded frame, practically eliminating assembly time. Because of super-sealed Timken bearings, requires no greasing, saves 15 to 25% lighter. New outside bearing adjustment, mounted on rubber tires for fast moves between jobs. Convertible manual or hydraulic lift.

The Disc Harrow can handle tough stalks, hard-baked stubble, bean straw, or cover crops, leaving a level, thoroughly mixed seed bed. Engineered for trouble-free operation, the Harvester has positive depth control, gives longer disc life. Sizes 7', 9', 12', 14', and 16' (24, 32, 40, 48, and 56 discs). See the Harvester Tandem Disc Harrow now.

This Is Farm Bureau In Action For You!

Parmer County Farm Bureau held its annual convention Monday night. It was an open, public meeting, where everyone was invited to attend, and where everyone who attended was urged to participate in forming policies which the group will work for.

Parmer County Farm Bureau is Democratic. It is the only way that farmers can work together for the benefit of agriculture as a whole, because it is the only way that ALL VOICES of agriculture can be heard. Farm Bureau is not a splinter group. It is the biggest, most effective voice of agriculture in the world.

Parmer County Farm Bureau, though only a small part of the nationwide network of Farm Bureau organizations, has a voice that is heard. We have formulated policies here that have gone on to be woven into the framework of important farm legislation. If you don't think one voice is important, then you haven't seen how Farm Bureau really works for you!

We want your membership, we want your support. Most important of all, perhaps, we want your ideas and your opinions. Only through group action can farmers survive these perilous times. Join now—make Farm Bureau stronger than ever!

Parmer County Farm Bureau
A "GRASSROOTS" FARM ORGANIZATION WORKING FOR THE FARMER'S INTERESTS

He'll Double Up On Toms Next Year

E. H. "Toots" Hall, who lives just north of Clay's corner in the western part of the Lazbuddie community, is about to wind up his tomato growing efforts for the year, and he reports satisfaction with results so far.

In fact, the Parmer County farmer is making plans to next year, and also to bring into production several other vegetables to replace grain sorghum, which he says, "We can't make any money on that stuff anymore."

This year has been an ideal one for the production of tomatoes, Hall is convinced. His 20 acres have produced prodigiously, and he has no complaints although he feels the market should have been some higher.

Hall got into the vegetable producing business this year with his eyes closed, so to speak. He had never grown tomatoes before, and even after he got into production, he had no idea where he would sell his crop before it was time for the tomatoes to begin to roll from the field.

Nearly all of Hall's production has ended up in vegetable canneries in the Southeast. He was fortunate enough to get a selling agreement with an Arkansas vegetable brokerage firm, Schmieding Bros., of Springdale, Ark., and they moved most of his crop in that direction.

Hall's tomatoes, which have averaged about 20 tons to the acre, have been selling for from \$25 to \$27 a ton. Jack Cousins, a representative of Schmieding Bros., who was at the farm Monday, says average tomato production is around 12 tons, and he considers this area as having remarkable vegetable production potential. The Arkan-

sas dealer sells to 28 canneries and also to fresh produce houses.

Hall planted his tomatoes on May 15th with a vegetable planter. He did not have any particular trouble getting the crop up. He fertilized with 10-20-10.

Watering was continued at once-a-week intervals until the crop was ready for harvest, and picking got started August 20. Hall expects to wind up the harvest "in about 10 days."

Labor was Hall's biggest worry, he says. He contracted for 16 braceros from Muleshoe to do the work when harvest time came.

Asked about costs of production and profits, Hall says he hasn't had time to figure them out closely yet, but he is confident, "I'll come out pretty good."

Hall also produced 12 acres of onions this year, and the story

isn't so good on that part of his efforts. He still is trying to sell the crop. However, a one hit, one miss year hasn't discouraged the farmer from getting deeper into vegetable growing.

"I am well satisfied with my tomatoes," he says, "and I plan to plant about 50 acres to them next year." Also, he indicated plans for producing other vegetables on the 80 acres he farms. In fact, he is considering devoting all his land to vegetables except his cotton allotment, which is 28 acres.

"I need to get several different crops coming off at different times so I can make better use of my labor," he says. Hall also indicated that diversifying the varieties would help reduce risks on losses because often some vegetable crops are priced quite high at one time; others have no market.

Tomatoes a'plenty are what "Toots" Hall has had from his 20-acre patch this year. These toms are ready for shipment and await being loaded into trucks under a shelter on the Hall farm.

THE HAPPY HOMEMAKER

BY JUNE FLOYD

We have a leaflet from Pioneer Natural Gas Company entitled "Tips from the Flame Room." The recipes printed in it reminds us that Halloween and "trick or treat" is just around the corner.

Three recipes were printed that would make very nice treats for Halloween night or any time. If you've never made a popcorn cake, just try this recipe:

Halloween Popcorn Cake

Combine in sauce pan 1 cup sugar, 1 cup white corn syrup, 1/2 cup water, and 2 tablespoons butter or margarine. Cook to soft ball stage or 240 degrees on candy thermometer. Set aside a few minutes to allow bubbles to simmer down.

Pour syrup over enough popped corn to fill a ten inch tube pan and 1 cup orange and black gumdrops. Mix well until each grain of corn is coated. Press into well greased ten inch tube pan. Unmold immediately on greased platter. When firm, cut into slices for serving.

Peanut Brittle

Combine 2 cups white sugar, 1 cup white syrup, 2 cups raw peanuts, and 1/2 cup water. Cook until candy thermometer registers 290 degrees or hard crack stage. Remove from flame and add 2 teaspoons soda and 1 teaspoon vanilla. Beat quickly and pour into two buttered jelly roll pans or two cookie sheets. Cool. Break into serving pieces.

This one is very good and isn't difficult to make.

Cinnamon Candy Apples

Place sticks in 8 tart apples. Mix together in saucepan 2 cups sugar, 1/2 cup light corn syrup, and 3/4 cup water. Stir over flame until sugar is completely dissolved. Bring mixture to a boil and cook until candy thermometer registers 290 degrees or a little dropped in cold

water forms a hard crack. Stir in two drops oil of cinnamon and red food coloring to desired color.

Remove from flame. Twirl apples quickly in syrup and let excess drain back into pan until a thin coating of syrup covers apples. Place apples on well greased pan to cool. (You must work fast as the syrup hardens quickly.) The thin brittle candy coating is very tasty and attractive.

Worn nylon hose make ideal protectors for plastic bags, which are filled with meat, vegetables, or fruit and put in the freezer. Cut the feet out and pull the leg of the stocking over the bag after it is filled and ready to store.

This idea works especially good with chicken, rabbit or other meat in which there are bones. The extra covering keeps the bones from making holes in the freezer bags and prevents freezer burn.

Do you have difficulty when pressing your husband's or son's tie? If so, try cutting a cardboard the exact size and shape of the tie. This may be inserted inside the tie and prevents

ironing prints of the underside into the right side.

Homemakers who have washable rugs should remember that it is important to wash each side of the rug. If the dirt is left on the under side, it will gradually work into the fibers and through to the top side. It is also important to clean the floor thoroughly after washing each side of the rug.

The fall flowers will not be blooming much longer, so if you have planned to take one

or more bouquets to friends, you should do it within the next few days.

Some of the experts say that the looks of our lawns next spring, summer and fall will be measured by what planning and preparation we do now. Maybe if we make proper plans and then work them out properly we will be rewarded by a prettier lawn next year.

The Great American Desert covers an area of 1,050,000 square miles.

Distemper vaccines currently available do not confer lifelong immunity. The American Veterinary Medical Association recommends booster shots at a frequency determined by your veterinarian when the disease is prevalent in the area.

For the first time in seven years cattle numbers are down in the United States. The reduction is only two percent and the widespread drought, now breaking, is given by Extension Economist John McHaney as the major cause. No reduction was noted in either the South or Midwest, but Texas showed a decline of seven percent.

AN INVITATION TO YOU

With the opening of the 1957 cotton harvest season, we'd like to express the policy under which we operate:

You, the customer, want the best of service. We keep you in mind, and do everything possible to offer this service.

This means constant attention to keeping our equipment in top running condition. And as new machinery is developed, we try to be the first to install it in our plant.

WE APPRECIATE YOUR BUSINESS

On each bale, we give our attention to getting the best turnout, and cleaning the lint for top grade.

We will offer the same quality service this year as we have for the past five years. You are invited to try this quality ginning, if we haven't done business with you in the past. Of course, returning customers are more than welcome.

We are again cooperating with the Parmer County Cotton Producers Association, the Plains Cotton Growers Inc., and the National Cotton Council, in trying to promote a better deal for the cotton industry through market and product use research.

4-H News

By JAMES BROWN,
Senior Boys Reporter

Twenty-two boys of the Lazbuddie junior and senior 4-H Clubs and J. B. Young and Dee Chitwood, adult leaders, Joe W. Jones, county agent, and five fathers made the tour of 10 farms to inspect boys projects that are entered in the county crop contest. The group met at the Lazbuddie store at 8:30 a.m. on Saturday, September 28, and first went to see Terry Darling's Martin's maize.

From there, they went to the home of Buddy Embry to see his Caprock maize. Cooper and Steven Young's home was the next stop where the group saw their Plainsman maize and cotton. Mrs. Young and Mrs. Chitwood served the group refreshments of Cokes and cinnamon rolls at this stop.

After leaving the Youngs',

the group stopped at Richard Chitwood's home to see his Caprock maize. They then went to see James and Gary Mac Brown's cotton. From there the group went to see Glendal King's 600 kafir. Gary and Gerald Foster's home was the next stop where the group saw their milo maize. The group stopped next to see Odie and Lloyd Bradshaw's milo maize. Harrol and Carrol Redwine's home was visited next and there the group saw their Plainsman maize and cotton. As each boy's crop was visited, he gave a short talk about his project. Dee Chitwood took colored slides of each boy and his project which are to be shown before the Lazbuddie P.T.A. when the 4-H Clubs give their program and will also be shown at the County 4-H awards and achievement event. Richard Chitwood took pictures of the boys and their projects for their record books.

Every boy having a crop in the crop contest sponsored by the Cotton Improvement Association and the Grain Sorghum Producers Association was visited.

Signs of infection in an individual bird are not always typical of a flock's disease. Several birds from an ailing flock should be examined by a veterinarian before an accurate diagnosis is possible, the American Veterinary Medical Association says.

Cannibalism and pick-outs can be suppressed in poultry flocks by supplementing feed with an amino acid at levels prescribed by a veterinarian.

**THE
PARMER
FARMER**

By W. H. GRAHAM JR.

Several years ago, when large scale development of our vast underground water resources got underway, it was commonly believed that the water beneath our soil was "inexhaustible." Landowners scoffed at theories that they were pumping from storage only, and that in time their most valuable resource could be exhausted.

Now, after several consecutive years of water table declines, and after several years of careful record keeping and intense research on the subject, the farmer who still believes his supply is "inexhaustible" is either very poorly informed or simply refuses to face the truth.

And although this "inexhaustible" theory is pretty well shot full of holes by the facts accumulating, there is another story popping up to take its place. That story is that we need have no concern about pumping our Ogallala formation dry, because all we have to do is drill another few hundred feet and tap additional formations that lie waiting to be used. This story is making the rounds, and with variations. Most often when we hear it, the deep water is either artesian, or rises to within one or two hundred feet of the surface to where it can be pumped economically.

While in Lubbock last week, we took the time to stop by the office of the High Plains Water District to quiz the boys there on this new story. Because our time was limited, we spent most of our time visiting with Tom McFarland, office manager, simply because he is a friend of ours. Although Bill Broadhurst, the hydrologist, was in his office, we only said "hello" to him. Tom assures us that the office can give no substantiation whatever of reports of vast new reservoirs beneath the Ogallala. He says that they have logs on about 15 wells that have been drilled on the Plains over the years, that sought to develop water in the Triassic or Permian formations far below—

Whammo! Cotton that gets a dose of defoliant looks like this, and the uninformed observer might suppose that a hard freeze had occurred a few days before. This picture shows graphically how the chemical knocks the leaves off the plant, exposing bolls to the sun for faster maturity.

all without success. Tom has agreed to have Broadhurst forward us any material in the office that might be relevant to the subject, but warns us in advance not to be optimistic about prospects. Just recently the district cooperated in a test in Floyd County, he says, where the well was drilled 800 feet and cased and carefully cemented all the way to insure that whatever water was developed would be seeking to test.

Cutting checks were run every 10 feet, Tom says, and when they finally bottomed out at 800 feet, no water-bearing formations of any significance had been encountered. The well did pump about 20 gallons a minute from that great depth, but the water was of poor quality, having an excessive amount of salt in it.

In the meantime, we still occasionally hear a report from farmers who declare that they have obtained access to oil test logs or perhaps have personally talked with some of the drillers, and that there is reason to believe that there is big water down there somewhere.

While we hope that these reports are true, on the basis of present information we would discourage placing any faith in them until deep wells are actually developed, and the quality and strength of the water determined.

In other words, it's nice to

dream, but in the meantime we have to deal with the reality that our present supply not only deserves every conservation measure we can devise, but that it also is deserving of our efforts toward replenishment and ultimate stabilization of the demand-and-supply factor.

After a long spell of almost perfect fall weather, the pattern has been broken, and farmers wonder if they're in for a normal or late frost. Needless to say, everyone is holding out for a late one, especially the cotton growers.

Frost is very unusual, in that it can occur above freezing temperatures. At least, that is what we have been told by many farmers. The highest degree that frost can occur is generally believed to be around 35. We don't understand how moisture can freeze above 32 degrees, but farmers declare it can.

Also, because cold air is heavy, it settles in low places and "nips" crops there first. That, say our informants, is how come fields show spotted damage with the first light frosts. Also, here on the Plains our atmosphere is usually in a constant state of agitation, moving the cold air masses around.

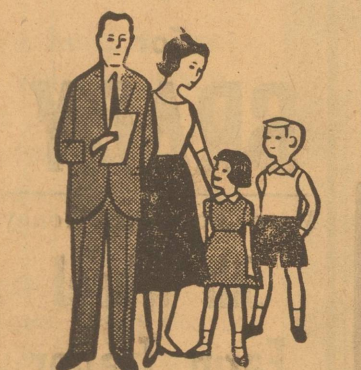

The fact that we are 4,000 feet high has more to do with frosts than our latitude, which, compared to most of the country, should give us moderate wintertime temperatures.

Also, the Plains are directly in the path of large air masses from the polar regions that periodically sweep down from the north, and we are subjected to lots of "unusual" conditions. In fact, the Panhandle-Eastern New Mexico region is right in the middle of what is referred to as the bowing alley of the northers.

Calorie deficiency, rather than a lack of vitamin or trace mineral factors, is the commonest nutritional cause of low production rates in animals, veterinary nutrition experts say.

The mortality rate for acute virus diarrhea in young cattle varies from 0 to 50 per cent of infected animals, according to the American Veterinary Medical Association.

Leptosira infection may be the cause of periodic ophthalmia in horses, according to a report by veterinary research scientists.

The housewife who works part-time, as well as the full time professional, does not get the same recognition as a man in the same job. A report of the International Labor Organization of the U. N. on the status of wages, safety practices and work aides all over the world established this fact. Since 1940, women workers have increased their numbers by over seven million — and still their salaries lag behind those of men.

Fowl leukosis may show up in chickens in any one or all of five ways, according to the American Veterinary Medical Association. They are sudden death, blindness, tumorous livers, paralyzed limbs, and swollen bones in wings and legs.

The Federal Bureau of Investigation was created in 1908.
